DISMANTLED SEAPLANE PICKED UP IN OCEAN

New York, May 24.—A hydro-airplane marked "No. 323" was picked up at sea today off Scotland lighthouse by the steam pilot boat New York. The hydro-airplane was upside down when it was found, and there were no traces of any occupants. According to one of the pilots of the New York, the plane had evidently been abandoned and washed out to sea without wings or engines, and has evidently been in the water for some time. They expressed the opinion it may have been an amateur experimental plane which had floated away before more than the body had been completed. Officials here of the navy hydroplane stations said there was no record of a plane bearing the number 323 in any of the stations in the vicinity of New York.

Controllers' Instructions to Commissioner Harris is Expected to Provoke Debate.

HOLD SESSION TODAY

The recommendation of the board of control that the commissioner of works be authorized to purchase street cars of the Witt type for service on the civic lines without reporting to the board or to council will be one of the most important matters before the city council at its meeting today. REDS REPULSED IN HARD FIGHTING ON 90-MILE FRONT

Bolsheviki Suffer Heavy Losses in Fiercest Battle in Months.

SEEK TO BREAK LINE

Warsaw, May 23.—The Bolsheviki are attacking in waves on the northern fighting front in a thrust to break the Polish lines and open communication with East Prussia. The fiercest fighting in months is raging along the 90-mile battlefield. Villagers are changing hands daily and the lines are swaying to and fro. The fighting has mostly been infantry encounters through the open, swampy country. The latest official statement says that the Bolsheviki were thrown back at most places in a two-day battle, the Bolsheviki suffering heavy losses in men killed. The fighting spirit of the Poles was stimulated by the finding of bodies of Polish soldiers who, it is declared, had been wounded and then killed by the Bolsheviki with rifle bullets. The Bolsheviki were aided in the fighting by aviators, two of whom were brought down by the Polish fliers. The Bolsheviki also brought up armoured trains. All the trains on the front are reported to be officered by Germans, with many trained machine gunners. Since the Bolsheviki offensive began, 12 divisions have been identified among the reinforcements constantly appearing. A Bolsheviki division numbered about six thousand men. Dvinsk, one of the objectives of the Bolsheviki, is a railroad junction on the Dvina, whose capture would give the Bolsheviki direct rail line to East Prussia across Lithuania.

The president looked not much the worse for his experience. M. Deschanel, who was accompanied on the trip by automobile from Montargis by Mme. Deschanel and Premier Millerand, alighted from the vehicle in the Elysee yard without help. His face was not bandaged, but showed the marks of the accident. President Deschanel is feeling so good that he insists on presiding over the council of ministers, which is scheduled to be held tomorrow."

HUGE CROWD SEES WILDE KEEP HOLD ON WORLD HONORS

Wallace, However, Gives Briton Rough Passage in Seventh Round.

BIG LEAD ON POINTS

Jimmie Wilde of England came within an ace of losing his flyweight championship of the world before 15,000 men and women, last night, to Patsy Wallace of Philadelphia, at the Grand Army and United Veterans' carnival, in the ring in front of the Exhibition grandstand. But he did not, and, instead, earned the referee's decision at the limit of ten rounds, by a long margin. It was in the seventh that Wallace landed a right cross flush on Wilde's mouth, and the blood flowed. It looked like several teeth out of a cut tongue, but it was a deep gash in the lower lip, and the champion was somewhat woozy. Wallace tried for the finishing touches, but, instead, Wilde fought right back, bleeding, and covered with gore. In the corner they fixed him up liberally. He came back for the eighth, but still flowing, but he was game and fighting without giving an inch. In the ninth Jimmie was himself again and all cleaned up. He continued to chase Wallace, and late in the round Patsy opened up the lip again, and Wallace was now out of danger. He continued to bleed, he never stalled, and battled aggressively thru the final round. At the close there was another scene, when Marsh, by mistake, started to cover Wallace with the victorious flag. Seeing his mistake, the referee stepped over to Wilde, when Doc Cutch and other Wallace seconds grabbed him, and there was scrambling and confusion. The police had to clear the ring. Then Wilde was properly proclaimed the winner. The little Englishman surely won by a city block. At the first Wallace won the seventh and eighth more from looks than anything else, the on points scored these were even, while Wilde won the other eight easily, 10 to 1. The earliest scene was in the fourth, when Wilde tore his glove, and the referee (Continued on Page 8, Column 4).

CZAR AND FAMILY STILL LIVING?

Russian Nobles and Officers Say They Escaped and Are Living in Japan.

Geneva, May 24.—The Gazette de Lausanne this morning publishes three columns concerning statements of Russian nobles and officers, recently returned to Europe, who declare that the former Russian czar and his family are still living, having escaped disguised by way of Vladivostok to Japan, where they are now living peacefully. Their existence is on hidden for political reasons, the returned Russians say. One curious fact is recalled by the newspaper, which says it has been revealed that out of the ten thousand inhabitants of Ekaterinburg not one saw the murder or burial of the royal family, while even the Bolsheviki accounts of the incident lack confirmation. General Logoskowsky and Engineer Natidof, who were both at Ekaterinburg during the imprisonment of the former czar and his family, confirm other Russians' reports of their escape.

YORK COUNTY AND SUBURBS

CEMETERY ROADS WOULD BE COSTLY LAMBTON PARK HONORS ITS DEAD

Prospect Thorofares Estimated at Forty Thousand Dollars Each.

Roadways thru Prospect Cemetery for pedestrian and wheeled traffic was the subject of considerable discussion at a well attended meeting of the North York and East York ratepayers' association recently held in the club house, Harvie avenue.

Reeve Ericson pointed out that the cost of two roads thru from North Eastcourt to Silverthorn would cost \$80,000 or \$40,000 each, an excessive price, and would not allow the cemetery trust to allow the board walk at present used by the residents thru the cemetery, north of Morrison avenue to remain open, but a roadway at this point is as much a benefit to the City of Toronto as the township for pupils attending Hughes' school on Castledonian road. Mr. Miller cautioned that the city should take the matter up in the interest of the citizens of Eastcourt.

Interesting addresses illustrated by limelight views were given by Wynn Roberts and Frank Barber, town-sup engineers, explaining the trunk sewers and work of construction in the western section. It was pointed out that the sewer and water mains are the biggest of its kind in any municipality in Canada.

Regarding the inauguration of the Hydro-Electric power for the western section and the threat of the Toronto electric power already in operation to shut off their power, these matters will receive the attention of the reeve and council.

EAST END ALIVE WITH HAPPY THRONG

From an early hour yesterday, the residents of the eastern section of the city were on holiday bent, the main thorofares being alive with a ceaseless stream of men, women and children, wending their way to out-of-town points and amusement centres, the civic and Toronto Railway Company cars carrying capacity loads continuously during the morning hours, and an endless stream of motor cars and wheeled vehicles passed along Danforth avenue, the Bloor street viaduct, East Queen street, East Gerrard street, and other main arteries in both directions. The crowds at the corner of Broadview and Danforth were admirably handled by the traffic officers stationed at these points.

Riverdale Park was patronized with thousands of visitors, as also were Withrow, Monarch and other parks in the eastern district.

Long lines of waiting patrons stood patiently for admittance to the thronged theatres, and many dances and socials were held at various public halls and assembly rooms. The weather was ideal and displays of fireworks by groups of children throut the evening brought a happy day to a close.

Memorial to Ten Heroes of War Consists of Tree Planted for Each.

About a thousand men, women and school children gathered at Lambton Park School yesterday afternoon to honor the ten of their boys who had fallen in the battlefields of France during the war. Nine of the ten were married men. The memorial was under the management of the ratepayers' association, President C. Adams acting as chairman.

The Lambton branch of the G. W. V. A., 40 strong, co-operated with the ratepayers, and the ladies' auxiliary supplied refreshments.

The memorial was in the form of the planting of trees in front of the school grounds, a tree for each of the fallen men. Col. J. A. Currie, M.P., planted those on the west of the school entrance and Sergt.-Major McNamara those on the east.

The Salvation Army band of West Toronto, many of whom had served with the fallen comrades overseas, were present upon invitation, and played "The Dead March in Saul" while the trees were being set. Besides the devotional music, led by the S. A. band, and special selections by the band itself, the children, among whom were sons and daughters, brothers and sisters of the honored dead, sang sweetly in their turn. Led on by Principal C. E. Sprout, who was for 12 years a major with the 84th The Last Post was sounded. One minute's silence after a short dedication prayer by Rev. A. Simpson, of St. John's Church, marked the close of the memorial. The invocation was made by Captain Currie, of the Salvation Army.

"I feel lost for words to express the depth of feelings within me at the present time," said Sergt.-Major McNamara, rising to express gratitude for the opportunity given him to assist in the planting of the memorial. "Many of the men whose names you have just read belonged to my own individual detachment, and I myself have been thru some of the actions with those who will never return."

Do Not Understand. Speaking of those who had returned maimed and crippled, Sergt.-Major McNamara stated: "The general public sometimes sympathizes with us, and sometimes they do not understand us." He paid tribute to the sympathy of the women however, and the part they were playing. In tender words he charged the boys and girls to take care of the trees that were planted. They would learn to know that their fathers and brothers had made it possible for the world to be free from the curse of militarism.

Col. J. A. Currie had been glad to come from Ottawa. "In looking over the lists of men it was now known that Suburban Toronto had supplied 90 per cent of the city's men of military age. I had men belonging to my regiment from here and know how they fought for freedom."

Referring briefly to the beginning of the war, the Colonel said that the hand of God alone saved the day where 200,000 men found themselves in front of one division. "There is someone who moves in a mysterious way."

"Many people think things should go on as they used to do," he continued, referring to reconstruction. "It is a mistake to think that for everything is changed. But there is plenty for all of us to drive in cars and enjoy ourselves." He advised the Old Country born residents of Canada to tell their brothers and sisters that Canadians were the most quiet and self-possessed people in the world.

"I do not approve of those programs of taxation," he said, taking a turn at politics for the moment.

Deputy Reeve W. M. Graham, of York Township, presented two medals from the ratepayers' association, to Pte. W. A. Parker and Pte. John Brown, these men having been omitted when their comrades received their medals. Mr. Graham believed no new stores opening. Evidently a war record like the Lambton section.

During the whole ceremony the C. P. R. trains, not more than a hun-

RICHMOND HILL IN GALA ARRAY

Ideal Weather Makes Spring Fair One of Most Successful Held.

Under ideal weather conditions and before a crowd of close to four thousand, made-up of village folk, farmers, their wives and families, all attired in their best for the occasion, the annual fair of the Richmond Hill Agricultural Society was held yesterday on their own grounds. After one managed to secure entrance into the grounds which were packed with jolly-jostling good-natured holiday crowd, the first thing that met his eye was the midway, with its games of chance, ice cream booths, games, etc., around which numerous little crowds were eagerly awaiting their chance to try their luck or to purchase the dainties that were spread for their approval.

The more sedate members of the crowd were to be found in the live stock building, which housed the pride of many a farmer for miles around. Shetland ponies, Hackney stallions rubbed noses and were patted. Holsteins and Jerseys were all there in their glory, as were also sheep and pigs. In the centre of the large oval, the judging of the stock took place under the watchful eyes of hundreds of critical farmers.

HOLIDAY MAKERS HUNT FOR LOTS

Real Estate Action in North Eastcourt, Especially in Eglinton.

Real estate was active yesterday in the north Eastcourt district. The gloomy weather did not keep the people at home. Eglinton avenue and Vaughan Road Heights being crowded with pleasure-seekers, who were glad to take advantage of Victoria Day to get a good day's outing. The coming of St. Clair's as Eglinton avenue is now called, was well combed for lots, and quite a few sales were made by agents. The district was made still more lively by the field day held by the Toronto Heights Social Club, who had been preparing for this event for some time past. There were many items of interest for adults and children, and sports of all kinds. Refreshments were served in a big marquee, and in the evening, amid a blaze of electric lights, dancing and singing followed the day's sports.

The branch of the Dominion Bank here is nearly finished, and with the new stores opening up, Eglinton avenue will soon come into its own.

At the time of the affray two men escaped downtown, but were recaptured separately yesterday. Nook's wound was inflicted by the broken end of a bottle. The police rushed him to the office of Dr. Christian, of Adelaide street, in the auto when news came to the station. A woman is said to be the cause of the trouble.

BOOKKEEPERS IN DEMAND

Since the notification of the government, that all business men must keep a set of books, a large number of bookkeepers in this district are employing a returned man to open their books and keep them in shape. Hundreds of small shopkeepers in the northwest district never have kept books, and the result is they are unable to render a proper account of their incomes to the inspectors of taxation.

HAMILTON

Hamilton, May 24.—With the weather man threatening rain continually, but not once producing it, Hamiltonians worried thru the holiday. There were enough attractions to go around, and all in all, it was a satisfactory holiday. The opening of the Wabasso Park season attracted thousands; the circus and the baseball games were largely patronized, and a big Hamilton contingent took in the races at Woodbine.

Degrees were exemplified to more than 200 candidates at Knights of Columbus Hall this evening at dinner at the Royal Connaught Hotel. The guests of honor were His Lordship of Hamilton, and Sir James A. Flaherty of Philadelphia, who was recently knighted by His Holiness the Pope. Engineers at the Steel Company of Canada, who have been on strike since May 1, will return to their old jobs tomorrow, under the agreement arrived at with Robert Hobson, president, late last week.

William H. Freeman, a designer for the Proctor-Garble Company, who came to Hamilton from Cincinnati six months ago, died suddenly at his beach residence this morning. He is survived by his widow and one son.

MRS. A. L. WILDRICK TELLS OF RECOVERY

Says She Spent Half of Her Time in Bed From Sheer Weakness and Could Not Get Relief Until She Took Tanlac—Gains 15 lbs.

The following remarkable statement was made recently by Mrs. A. L. Wildrick, a well-known and highly respected resident of Los Angeles, Calif., living at No. 222 North Alvarado street. Mrs. Wildrick is 69 years of age and is the mother of seven children. Her photograph appears here.

"For the past year or more," said Mrs. Wildrick, "I have been in very poor health. I suffered principally from chronic indigestion and my condition was so bad I had to spend half of my time in bed from sheer weakness. In spite of all the medicine I took I could not possibly get any relief and I became so nervous and unsteady that at times I could hardly realize what I was doing. I just had no appetite at all and suffered terribly. I was actually losing weight and was really in a very bad way physically. If I did eat a little something I would always have a miserable, distressed feeling afterward and I tell you I was going down hill pretty fast."

"Well, I just can't find words to tell you how really bad off I was and how to tell you what Tanlac has done for me, for I feel as well now as I ever felt in my life. Why, after taking only three and a half bottles of this medicine I have actually gained 15 pounds in weight and everyone tells me I am looking better than in years!"

"Since I have been taking Tanlac I have found out that several of my intimate friends are also taking it and everyone of them are delighted with it. I am sure glad to recommend Tanlac and help spread the goodness of this medicine. Yes, I want you to use my photograph too, so that all my friends may see how well I am looking. Anyone who could see me now after seeing me only a few weeks ago would be convinced that Tanlac must be a really wonderful medicine. Tanlac is sold in Toronto by 'Ad-Blynn Drug Stores, and by an established agency in every town."

MRS. A. L. WILDRICK, Los Angeles, California.

STREET CAR STRIKE NOT YET IN EFFECT

Hamilton Motormen and Conductors Refuse to Take a Decision.

Hamilton, Ont., May 24.—The street railway strike situation remained unchanged tonight, it being definitely established that the men would not desert their cars at midnight, as they voted to do so on Friday evening. An international gathering is expected in the city on Monday morning, and before sanction is given for a strike a referendum of all members of the union will be taken.

Old members who have complained that the young men in the service have been having the pick of the runs, could not attend the meeting on Friday night because they were on duty. It is these men who have demanded the referendum.

BOOKKEEPERS IN DEMAND

Since the notification of the government, that all business men must keep a set of books, a large number of bookkeepers in this district are employing a returned man to open their books and keep them in shape. Hundreds of small shopkeepers in the northwest district never have kept books, and the result is they are unable to render a proper account of their incomes to the inspectors of taxation.

MAY DANCE POSTPONED

The Ladies' Auxiliary of Eastcourt Branch of the G.W.V.A. have postponed the May Day dance for the children that was to have been held on Embrise Day, until some time in June. The children have been trained in singing and dancing for several weeks. The dance will be held in the new Eastcourt Park.

CHRISTIAN ENDEAVOR CONVENTION CLOSES

The closing session in connection with the Christian Endeavor convention was held in St. John's Presbyterian Church, Broadview avenue, last night, when a capacity audience packed the large building. Rev. Dr. Patterson, pastor, presided, and Rev. Dr. F. E. Clark, founder of the movement, delivered an eloquent address. Other speeches were given by Rev. E. P. Dales, Boston, Mass., and officials from various branches thruout Ontario. The proceedings were animated and enthusiastic and the convention was voted the most successful in the history of the movement.

During the afternoon sports were held in Riverdale Park and a pleasant time was spent.

APPEAL TO ENGLAND TO WITHDRAW

New York, May 24.—Resolutions urging the withdrawal of England, Scotland and Wales to exert their political and economic power to the end that their government "withdraw the army of occupation from Ireland and permit its people to peacefully pursue their lives under the form of government which they have lawfully chosen" were adopted at a mass meeting held here tonight, under the auspices of the Central Federated Union of New York.

NEW PLAY AT THE ALEXANDRA. Robins Players Produce Successfully "In Wrong," a Farce Which Revolves Around the Friendly Kidnapping of a Baby.

"In Wrong" is straight farce, very well done by the Robins Players, and an appropriate variation between the complexities of "Peter Ibbotson," so admirably surmounted, and the difficulties promised for "Blind Man's Buff" next week's new play...

Mr. Robins picked "In Wrong," by Sidney Stone and Eleanor Maude Crane from many plays, to begin a list of six entirely new offerings, and it will be seen in New York in the fall. It only takes two hours to play, but plenty of fun is gotten from the misadventures that surround an ill-week-old baby, whose parents, particularly father, do not, and two of whose parents' friends kidnap it, on a whim...

"P. B. I." (Poor Bully Infantry) or Mademoiselle of Bully Grenay as presented by Waldo Downie at the Princess Theatre this week is easily the most advanced notice claimed to be, if not a great deal more. All the scenes are laid in France in the battle sector, and the plot is a war play in one which all of the amusing incidents of ordinary trench life are brought to the front and executed so true to life that from the time the curtain rises until the close of the final act, the whole house is convulsed with laughter...

HOME-MADE BREAD

Home bread-making reduces the high cost of living by lessening the amount of expensive meats required to supply the necessary nourishment to the body. The increased nutritious value of bread made in the home with ROYAL YEAST CAKES should be sufficient incentive to the thoughtful housewife to give this important food item the attention to which it is justly entitled. Bread made with Royal Yeast will keep fresh and moist longer than that made with any other. Made in Canada.

This shrinkage in the reported casualties is commented upon as conflicting sharply with the statements in telegrams sent by General Juan Barragan, signed by about thirty other companions of Carranza, in which the resistance offered by the president's escort was emphasized.

BREAK JAIL IN BLENHEIM

Blenheim, Ont., May 24.—Two prisoners, arrested here early today on a charge of breaking into freight cars, made a daring escape from their cells this afternoon. They are apparently old hands at the game, and appear to be foreigners. The escape was made when the magistrate and constable went to fetch the men for trial. An investigation pointed to one of his men having picked the lock of his cell, then liberating his companion. They then hid in the cellar and made a dash for liberty when the doors were opened. They were last seen making for open country as fast as they could run.

TUESDAY MORNING, MAY 25.

The June Bridegroom.

Little notice is customarily taken of the June bridegroom, but the budget is making him take particular notice of himself.

The prospective father-in-law in St. John has been mentioned. He also must have some slight regard to his pocket when Dorothy is going to be married.

The June bridegroom, looking over his requirements, with the two schedules of luxury taxes before him, makes out an inventory of his urgent needs at this critical juncture of his life.

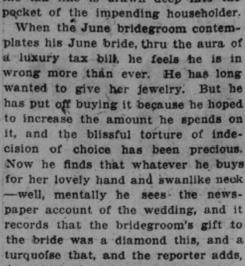

As things go, the June bridegroom must have two new shirts worth four dollars apiece, a couple of sets each of underwear at six, and pyjamas at six also.

Our former lieutenant of artillery, who put his life to the hazard during three years for his country's good, doesn't regard these requirements as luxuries, any more than his country should regard his marriage as a luxury.

For the goods here named, he will have to hand over to Sir Henry Drayton, in luxury taxes, twenty-seven dollars and thirty cents.

Mr. Wilson is the father of the League of Nations, and of the method of handing over ex-German colonies and backward territories to mandatories of the league.

Fraser Product, One-Twelfth of Normal—Total Destruction if Seine Fishing Permitted.

Montreal, May 24.—John McMillan, of the Cassiar Cannery, on the Skeena River, British Columbia, who is now in Montreal, states that the catch of salmon on the Fraser river has decreased from an annual product of about a million cases representing from four to eight million dollars.

With the regulations going into effect next June under which unlimited purse seine fishing is to be allowed, Mr. McMillan thinks that there is promise of the total destruction of the salmon fisheries of all the other rivers along the British Columbia coast.

To present this, a movement in which the influence of eastern Canada will be enlisted, is being organized by the British Columbia fishermen and it is pointed out that the matter will require international co-operation, and the suggestion is made that some sort of a congress should be convened, to which representative men from the United States and Canada should be called.

Tokio, May 24.—The situation in the far east is still too unsettled to permit the withdrawal of Japanese forces from Siberia, said the imperial address read at the annual meeting of the Japanese Red Cross last week.

Paterson, N.J., May 24.—Five persons are in hospitals with injuries received in jumping from upper floors of the Manhattan Hotel in Market street, when flames drove 300 guests into the streets in their night clothes early today.

Constantinople, May 24.—A seven-day armistice was declared between the Republic of Georgia and the mixed Russo-Tartar force concentrated at Baku to attack the Georgians.

"This is a curious situation," she said one day to Clara. "We did not even get a personal letter about the death of Lois. I should like to know one would have noticed us, since we were relatives. That is always done, isn't it?"

"Sometimes," Clara answered. "But if David had charge of sending the notifications, he might omit your name. He would know that you and Lois did not want to see each other in life. Why, then, should you want to see her in death?"

"Yes, of course, that's where common sense and conventions clash," Alice mused. She sat back in the little living room rocker, relaxed and tired from her day at the Settlement House. She was undressing herself as she talked, preparatory to putting on her nightgown.

"I wonder whether I should write him a letter of condolence," she went on after a time, "but I don't know of any other case where the conventions and common sense clash. What would I say? I could not tell him I was sorry to hear it, for he knows that I am not sorry for the death of a woman who took everything in my life away from me."

"Berenice is asleep. Better carry her up, supper is soon ready," Clara remarked. Alice stood up, the child a deliciously heavy bundle in her arms. She walked upstairs slowly with her.

Victory Bonds and Semi-ready suits are alike in the fact that they are always worth the par value marked in plain figures on them. But Semi-ready suits have the edge on Victory Bonds inasmuch as the suits would sell for a premium above the price label in the pocket if offered in the United States.

MARKET ON CATTLE HOLDS VERY STEADY

For a Holiday, the Run Was Fairly Heavy at Union Stock Yards.

With around 2500 cattle on sale at the Union Yards yesterday, the market, despite the handicap of a national holiday, was steady with the closing prices of last week. There were some extra choice loads of cattle on sale, as the prices quoted well above the market being higher in some cases almost a record for carload lots.

McDonald & Halligan topped the market with a butcher steer, consigned them to Fred Rowntree at \$16.50 per cwt., and a load of 16 at \$11.65.

Official board, was \$200, with the market in a very unsettled condition. Buyers for the big plants stated yesterday that the market locally was out of line with the conditions obtaining elsewhere, and that they were working under a handicap, the Canadian market being higher, and to the prices likely to prevail during the week.

WILL NO REVEAL HIS HIDING PLACE

Arnstein Also Declines to Disclose What Property He Owns and Where It Is.

New York, May 24.—Julius W. (Nicky) Arnstein today refused, at bankruptcy proceedings surety companies have instituted against him, to reveal his whereabouts during the time this was being sought in connection with the alleged \$5,000,000 bond theft plot. The refusal was made, despite a peremptory order to answer by United States Commissioner Gilchrist, who presided.

Efforts to find out what property he has owned and where it is now also were fruitless. Arnstein's counsel objected to the continuation of the examination, contending that it had contempt proceedings against Arnstein, who had declined to answer questions on the ground that they might incriminate him. The commissioner stated that it should go on.

Commissioner Gilchrist sustained Arnstein when he would give no answer to the question: "Were you on the premises of a satchel containing a large amount of money at the Pennsylvania Railroad station and a train between New York and Washington in October, 1917?" The hearing was adjourned until June 10.

Resolution on Beer. The call for beer with alcoholic content was approved by the passing of the following resolution: Believing that the manufacturers and capitalist class, who are profiting to the utmost, have no interest in the betterment of the working class, and that their sole object in view is to increase his efficiency by further believing that a good palatable and of sufficient alcoholic strength, as of the man who works for the health of the nation, he resolved that this commission on liquor should take such measures as will permit of the purchase of the same in a fair and open manner, thereby doing away with the extent with the existing order of bootleggers. Kitchen and other forms of subterfuge now practiced in order to obtain the most vile concoction of so-called liquor available to be obtainable at war profiteers' prices.

Dr. Hott of Toronto proposed nationalization of the medical profession. Tom Dr. Hott proposed an autocracy if this were brought about by the question was referred to the executive, they to Sir James MacBride, who was Sir James MacBride's recommendation thereon. Sir James MacBride's recommendation thereon. Sir James MacBride's recommendation thereon.

To Urge Public Ownership. James Simpson, Mayor MacBride and Dr. Hott were appointed to draft a resolution approving legislation for public ownership, this calling for public ownership of all great utilities, with labor on the commission.

Non-concurrence was given to a resolution from Stratford that the men at Winnipeg, Ontario, believed that they had done nothing but oppose oppression and the rights of strike. Delegate Tom Mallick, Ontario, believed that an economic strike had been used for political purposes, but he held that the laws under which the men were tried were just, and that addition had not been properly defined, and no one knew when he was in violation of the law.

Investigate Winnipeg. P. Draper reported in this connection that the Trades and Labor Congress of Canada was working along the lines of investigation at the present time in the right asked. The present expression of opinion be given on the matter this law.

On mothers' pensions the convention called for the extension of the pension to mothers, but one child, and that they be not required to appear before any local body to substantiate their application at the present time. The bill for that purpose is being drawn by the committee, assisted by the federal trade commission. The amount of the tax and other details remain to be worked out.

Amendment of postal regulations to permit small quantities of print paper to be shipped to any part of the country at a flat rate of one cent a pound, also will be recommended. The present maximum weight of 70 pounds would be retained.

United States Loss on Railways Over Nine Hundred Million. Washington, May 24.—The United States government's gross loss in operation of the railroads during federal control was \$900,478,000, according to a report of the Interstate Commerce Commission, which was released today.

Q. This total \$977,615,000 was operating directly to the excess of operating expenses over the amount of receipts for the "cleaner" roads. Mr. Hoover said that smaller lines operating under federal control and inland waterway roads had lost \$100,000,000.

Chicago, May 24.—United States Bureau of Receipts report: Cattle—Receipts, 18,000; beef steers steady to 15c higher; top yearlings, 13c to 14c; heavy steers, 13c; bulk, all weights, \$11 to \$12.75. Cows, 12c to 13c; steady to strong; bulk, butcher cows, \$8.50 to \$10.25; bulk, canners and cutters, \$8 to \$7.40; bullock, canners and cutters, \$8.50; stockers and feeders, steady to 15c lower; top 14c; mostly 12c to 14c; bulk, 250 lbs. and over, \$12.75 to \$14.25; pigs mostly steady; bulk, \$11.50 to \$12.50.
