

CANADIAN APPLES WANTED IN BRITAIN

Crop of This Fruit a Total Failure in Most English Counties.

Ottawa, Aug. 31.—(By Canadian Press.)—Dealing with the apple crop situation in a report just made to the department of trade and commerce, Mr. J. Forsyth Smith, Canadian fruit trade commissioner, states that early forecasts of the English apple crop situation, which were not encouraging, are fully substantiated by present indications. The crop in Kent county, the principal apple producing county in England, will not be more than 10 per cent of an average crop, while in Cambridgeshire and Middlesex it is practically a failure.

The British ministry of food has suspended the apple price control until November 15, with the obvious intention of encouraging the home industry by permitting the high prices the market will pay during the periods in which early English apples are offered and also with the object of attracting large supplies of early trans-Atlantic apples, which never come forward in as heavy supply as late varieties. Owing to these conditions, trans-Atlantic apples selling in England before November 15 will have the advantage of a free market. U. S. Crop Below Normal. Touching on the general outlook, Mr. Smith states that the American box apple crop is estimated at 65 to 75 per cent of last season—a shortage of 4,000 cars. The British Columbia crop will be 60 to 65 per cent, the Nova Scotia crop 75 per cent, the Ontario crop will show an increase, and the American barrel apple crop will be substantially increased. American apples, however, will be handicapped abroad by an adverse rate of exchange, and with the English crop practically a failure, demand should be strong and prices satisfactory.

AN IRISH LEAGUE FORMING IN CANADA

De Valera Says He Was in Dominion No Later Than Last Sunday.

New York, Aug. 31.—Eamon de Valera, "president of the Irish republic," has made several trips to Canada recently in connection with the Self-Determination for Ireland League of Canada, which is now being organized. He admitted this to a representative of the Canadian Press tonight, but declined to give out any information regarding his little excursions into the Dominion.

"I was in Canada no longer ago than last Sunday," he said. He intimated that he had been in Montreal, but refused to state whether he visited other Canadian cities. On Sunday De Valera delivered a speech to an Irish gathering at Cliff Haven, N.Y., near the international border, and a deputation of about a hundred Canadians journeyed to the little New York town to hear him. Afterwards he had a conference with some of the leaders of the party who are interested in the formation of the new Self-Determination League. He declined to give the names of those who were at the conference, saying that he considered that any detailed announcement regarding the meeting should come from the Canadian headquarters rather than from him. He declared that the new league is being successfully organized and said that the convention held in Quebec City last week was the first of a series of provincial conventions. He said that the provincial organizations are completed and the league is to be organized on a national basis. The Irish "president" said that he had found many sympathizers with the Irish republican cause in Canada, a large number of them being in Toronto.

Was Not in Quebec. Quebec, Aug. 31.—When officers of the local branch of the Self-Determination for Ireland League of Canada were shown the New York despatch tonight concerning Eamon de Valera's visits to Canada, they said that while the "president of the Irish republic" may have been in Montreal last Sunday, he certainly had not visited Quebec, where the league held its convention.

URGED TO KEEP OFF MOTOR BOAT COURSE

Captain Beatty, chairman of the motor boat race committee, who is working in conjunction with the police to keep off the harbor, strongly urged all boatmen to keep off the course during the races. Anyone disregarding this warning may be severely dealt with. Arrangements have been made with the Imperial Oil Company to have a supply of gasoline and oil at Dean's dock, foot of York street, at 10 a.m. and 12.30 p.m. each day of the motor boat races for contestants. Also at the Exhibition sea wall from 2 p.m. to 5 p.m. each day.

DENIES THAT HE SLEPT IN A STRANGER'S BED

Windsor, Ont., Aug. 31.—Altho he was found sleeping in a bed in the home of George Reasoning, Victoria avenue, Sunday night, Charles Smith, in police court today, stoutly insisted that he knew nothing of the affair. Neither was he able to explain the presence of some \$500 worth of Reasoning's silverware, found in a bag beside the bed, in which he lay sleeping when the police arrived and took him into custody. Smith was found guilty of burglary and remanded for a week.

OLD ELECTION FORMS USELESS IN C.T.A. VOTE

Ottawa, Aug. 31.—(Canadian Press.)—With practically all the machinery ready for the taking of votes under the Canada temperance act and in the by-elections, it has been found that practically all the old forms used in former elections can be utilized in any way under the new election act. Of the huge batch of forms issued for the taking in past years, only about sixty can be used under the new act. These are forms which have no letters or numbers to identify them with any clause of the old act, and in which the new act does not in any way change the wording of the forms.

TELLS U.F.O. PARTY TO HEED LABOR MEN

Harold Currie, at Glencoe, Explains Why Drury Does Not Oppose Phone Rates.

Glencoe, Ont., Aug. 31.—Speaking today at a picnic of the U.F.O. of Moss and Enfield townships, Harold Currie, a member of the provincial U.F.O. executive, reminded his hearers that the government's majority in the legislature was very small and the demands of the labor faction must be considered, and in certain cases a give-and-take policy had to be adopted. The government had not opposed the Bell Telephone Company's application for increased rates because of labor's indirect interest in the application. Mr. Currie made an attack on Hon. F. C. Biggs, declaring that the minister had committed a gross error in judgment in the clauses relating to the proportionate cost to be borne by the counties and government after mutual persuasion. Mr. Biggs' failure to amend the load of vehicles act, the speaker said, was one of the things the minister of public works did not do that he should have done. He expressed the wish that Mr. Biggs was present, that he could tell him some things in his face.

UNCERTAIN ABOUT COMMERCE BOARD

Question of the Constitutionality of Body Not to Be Decided Until Spring.

Ottawa, Aug. 31.—The Citizen today states: "Uncertainty as to the constitutionality of the board of commerce may have to prevail till next spring. The outlook is not propitious for the appeal to the privy council," he argued at the fall sittings of the judicial committee, and it will probably go over till spring. The threatened delay is due to the fact that the parties to the case are not all likely to be ready by the fall. All of the provincial attorneys-general, as well as commercial bodies, are interested in the hearing. In the meantime the interim board will carry on. It is proposed of government officials who are being paid their salaries as such, rather than the higher salaries attaching to their positions, on the board of commerce."

Censure Woman's Companions In Drowning at Port Talbot

Finnish, Ont., Aug. 31.—The inquest into the death of Mrs. Isabella Horton, drowned at Port Talbot on August 20, was resumed here this evening, with Dr. Unwin of St. Thomas presiding as coroner. The jury brought in a finding that Mrs. Horton came to her death by accidental drowning. They censured her companions for not saving her, and also for not calling for help. The jury also found that the boat was overcrowded and that the captain was negligent.

GREAT ROLLING MILLS FOR BRITISH COLUMBIA

Victoria, B.C., Aug. 31.—Rolling mills and blast furnaces for the manufacture of steel, will, it is expected, be established in this province as soon as the necessary market for the product of such an undertaking has been assured, according to a statement made by Major Martin, industrial commissioner for the province, who, with James H. McVitty and Nichol Thompson of the advisory council of the British Columbia department of mines, has left for Chicago and San Francisco in connection with the matter.

TORNADO IN MASSACHUSETTS

Boston, Aug. 31.—Several dwellings were lifted from their foundations, and barns and smaller buildings demolished by a tornado that swept thru parts of the town of Weymouth, Hingham, Holbrook, Randolph and Braintree late today. No one was seriously injured. At the same time a severe thunderstorm swept over a large part of eastern Massachusetts and lightning and wind caused damage estimated at many thousands of dollars.

HAMILTON

Hamilton, Aug. 31.—Chief Coroner Dr. G. S. Remick has ordered an inquest which will be held by Coroner Dr. R. Y. Parry on Thursday evening into the circumstances attending the death of Fitzpatrick, six-year-old son of J. J. and Mrs. Fitzpatrick, 37 William street, who was fatally injured this forenoon. The boy was crossing from the north to the south side of Barton street, at the corner of Leaning street, when he was struck down by a street car.

HAMILTON PLANS CIVIC GAS SYSTEM

Council Instructs F. Burnette to Estimate Cost of Building a New Plant.

Hamilton, Aug. 31.—By a unanimous vote, the city council tonight, on the motion of Ald. T. B. McQuesten, decided to instruct F. C. Burnette to estimate the cost of the construction by the city of a gas distributing system in preparation to a submission of a by-law to be opened. McQuesten, chairman of the gas committee, counseled against the acceptance of the price of \$3,240,000, which, he declared, H. Byrnes quoted as the price and equipment of the United Gas and Fuel Company. Further, he contended that it would be wiser to purchase an alternative by-law for the purchase of the United Gas and Fuel Co., at Mr. Byrnes' figure, and to enter into a contract with the company, if the council in an awkward position if the company's offer was not accepted.

LAW LORDS MAY REVISE RAIL RATES IN CANADA

Ottawa, Sept. 1.—(Special.)—It is believed here that the railway commissioners will advance railway rates, and that in that case some kind of appeal of the judgment will be carried to the privy council, which may modify such increase, and perhaps ultimately exhaust the case of the Canadian Pacific. Legislation will be introduced at the coming session of parliament to compel that company to pay over to the government a portion of the increase that will arise out of the advance.

DECLARE SUGAR PRICES WILL SOON STABILIZE

Montreal, Aug. 31.—While sugar refiners announced last week that the price of sugar would be dropped two cents a pound all around, making the quotation for the best granulated \$22.50 a hundred, it is believed that a number of heavy stocks on hand have been offering this grade around 18 cents a pound, and there has been more or less fluctuation in the market between this figure and the twenty-two cent level. The refiners state today that the broker stocks are now practically exhausted, and the expectation is that the price will stabilize at \$22.50 a hundred pounds.

TENNESSEE BALKS AT WOMAN SUFFRAGE

House Votes Against Amendment on Reconsideration, But Too Late.

Nashville, Tenn., Aug. 31.—The Tennessee house of representatives, with a quorum present for the first time since August 20, expunged from its records today all record of ratification of the federal suffrage amendment and voted 47 to 24, with 20 not voting, to non-concur in the action of the senate in ratifying the amendment. Governor Roberts' action being notified of the house's action declined to issue a statement. He is reported to say that the situation could only be dealt with in a legal manner, and was in the hands of Attorney-General Thompson.

DROWNED IN HYDROAIRPLANE

Berne, Aug. 31.—A large hydro-airplane, belonging to the Swiss Astra Company, fell into Lake Zurich this afternoon. Pilot Beretta and the assistant pilot, both of the company, named Schultz, were drowned and a passenger was seriously injured.

AS VIEWED IN WASHINGTON

Washington, Aug. 31.—U. S. state department officials in absence of Secretary Colby, tonight hesitated to express an opinion as to the effect on suffrage ratification in the action of the Tennessee house in reconsidering its vote on the ratification resolution and then voting not to concur in the senate's ratification. The situation presented by the action of the Tennessee house, it was said, however, was one with which the state department was not at present concerned. The action of Secretary Colby in proclaiming the suffrage amendment a part of the federal constitution, was based on a certification by the governor of Tennessee, as required by law. Accordingly, it was said, unless the governor should rescind his certification or unless the certification should be declared invalid by the court, the state department had no interest in the matter.

MINISTER IN OTTAWA WELDING PAINT BRUSH

Ottawa, Aug. 31.—Rev. W. L. McKay, pastor of the New Parkdale Avenue Baptist Church, has donated overalls, and is busily engaged on the painting and decorating work of the church. This will save the congregation well over \$100. Rev. Mr. McKay was a painter and decorator before he enlisted for service in France. Since his return, he has attended McMaster University, and is now a fully-fledged pastor, but he states, that is no reason why he should not put his former trade to good account when the war is over. He has saved two or three years' worth of high and funds for church building so high to raise.

VOTE HOUSING FUND

Winnipeg, Aug. 31.—The Winnipeg city council last night authorized a bond issue of \$500,000 to be used for raising sufficient money to build a further 100 houses under the civic housing scheme. The bonds, which are for a period of twenty years, will bear interest at the rate of six per cent.

LUNCHEON ON BOARD CANADIAN VICTOR

Ship is Newest of Canada's Own Merchant Marine—Fleet Grows Rapidly.

Montreal, Aug. 31.—(By Canadian Press.)—The Canadian government merchant marine limited were the hosts today at a luncheon given on board the steamer Canadian Victor, the latest addition to the Canadian government merchant marine fleet and the first of these vessels to carry a refrigerating plant at her dock here in the harbor. The guests were the officials and newspapermen representing some of the leading journals of Ontario and Quebec and were conducted on a tour of inspection over the vessel and shown her facilities for handling cargo, her modern engine room and the completeness of her accommodation for officers and men. She was laid down in December, 1919, launched last June and taken over from her builders, Canadian Vickers, Limited, on August 20. Her displacement is 4,432 gross register tons.

R. B. Teakie, general manager of the company, presided at the lunch and gave some interesting facts about the government marine. He stated that 80 per cent of officers and men were recruited in support of this general body of apprentices coming on board were found in the merchant marine and other Canadian cities. Thirty-eight of the company's vessels, with a total of 205,000 tons, are now sailing the seven seas, and 25 ships have yet to be added to the fleet. The Canadian government marine has now established its own offices in Australia and New Zealand and considerable trade is developing. In addition it is hoped to have a branch office in China and India. The Canadian victor sails tomorrow morning for Liverpool with a general cargo.

AIM TO BIND ALL DIVISIONS IN CANADA

Meighen and Drury Endorse Objects of "Understanding" Conference, Held in Ottawa.

Ottawa, Aug. 31.—The premier of Canada and the premier of Ontario have both written to W. C. Mikel, K.C., of Belleville, heartily approving the objects of the "better understanding" meeting which was held here today. The meeting is under the auspices of the Canadian Fraternal Association, composed of about twenty fraternal societies throughout Canada, with a membership of about 400,000 English, French, Irish and Scotch, both Protestant and Catholic. It is an open meeting of all interested in bringing about a better understanding between the English and French-speaking Canadians, chiefly, and is held for the purpose of organizing a "better understanding" association.

"A better understanding between all divisions in Canada, whether of race, religion or political persuasion, is the need of the present hour," wrote Premier Meighen. "You may assure the delegates of my sincerest sympathy with any movement that looks to so desirable an end, so essential a goal as you have in mind." Premier Drury of Ontario wrote: "I am strongly in sympathy with the object of your meeting, and I am sure that those who have in the past stirred up animosities on the North American continent, either interprovincial or international, have been guilty of a very great mistake. It is a movement which has for its object a better understanding between these antagonistic sections of our people, and I am sure that all good men will support it with all their might. Like yourself, I am prepared to believe that all we have to do in order to foster a better feeling between French-Canadians and English-Canadians is to get them to know each other better. Both sections of the community have admirable qualities of citizenship, which must not be understood by the other to be any more than they are. I have every sympathy with your movement, and I am sure that you will be of service to you I can assure you of my warmest co-operation."

CONNECTICUT HARD HIT BY A CYCLONIC STORM

New Haven, Conn., Aug. 31.—Two persons dead, a corn injured, damage to the tobacco crop estimated at \$2,000,000, and heavy losses to farm buildings and general crops, was the toll of a series of electrical and hail storms that swept over many sections of Connecticut this afternoon. The storm assumed cyclonic proportions in North Haven, North Guilford, East Windsor, Suffield, Granby and other places. The districts of the Connecticut River valley were hard hit. The crop in most cases was about 15 per cent. Harvested, and the standing tobacco plants are reported as a total loss on many of the plantations. The wind also did heavy damage to fruit trees and to corn.

### CITIES SHOULD OWN STREET RAILWAYS

Service-at-Cost Plan Under Private Control Bound to Fail.

#### EXPERT'S TESTIMONY

Federal Commission's Position is Assailed by Delos F. Wilcox.

New York, Aug. 31.—Delos F. Wilcox, the expert of the federal electric railways commission, has issued a statement criticizing the report of the commission because it favors the adoption of the service-at-cost plan of operating the lines, and did not equally favor the municipal ownership plan. He says that the service-at-cost plan was originated by Judge Taylor in Cleveland, where it has been in operation for ten years, and in other cities for lesser periods. But municipal ownership and operation, he states, was inaugurated in Glasgow 26 years ago, and was so successful that it has become the firmly established policy of nearly all of the big cities of Great Britain. He says that the Glasgow tramways saved themselves out of their earnings, and that those in Liverpool are similarly prospering. The municipally-owned railway in San Francisco, he says, has been in operation since 1912, and "its success has been quite notable."

Mr. Wilcox says that the record taken by the federal commission, and also from its own report, signed by Mr. Gadsden, representing the American Electric Railway Association, discloses that the private management of electric railways in this country has been "a ruinous failure."

Public Antagonism. Then his statement reads: "True, the commission finds that public antagonism, unjust public burdens, and hostile regulation, in one form or another, are, in part, responsible for the evil plight in which the electric railways find themselves today, but the evidence shows that these things were all the inevitable result of the spirit in which private management originally tackled the job, and no matter how good the companies' intentions may now be, it will take them a long time to live down their past."

Mr. Wilcox states that the cost of service plan favored by the commission is more experimental and less

tried than public ownership and operation, and that it imposes upon the public agencies charged with responsibility for regulation a task that under the circumstances demands a wider knowledge, greater experience, higher courage and more freedom from political interference than municipal ownership itself. "No doubt," the statement reads, "a carefully-protected service-at-cost plan has merit as an intermediate step toward public ownership, but when it is devised and put forward as a means of perpetuating private operation, it is bound to fail. Under such circumstances, it becomes just one more side-stepping device to relieve the community of public responsibility, and to put the companies on 'easy street' while they continue to conduct public business for private profit."

Analysis Not Published. Then the statement says that the commission had about it a great deal of testimony pointing to municipal ownership as the solution of the problem facing the railways. Mr. Wilcox commends the state of Massachusetts as the pioneer in handling the electric railway problem intelligently. He says that after the public hearings closed the commission engaged him to analyze the testimony and submit recommendations for its report to the president. This analysis, he said, convinced him that public ownership and operation is "the necessary and only possible solution of the street railway problem consistent with the public welfare."

Mr. Wilcox says that, while the commission referred to his analysis as "a complete and masterful study of the whole electric railway problem," it expressed "regrets that it cannot publish this analysis with the proceedings." He says that the commission failed to explain why the analysis could not be published.

"One of the most significant parts of my work," he states, "was the analy-

sis of traffic figures secured from the leading railway companies of the country. The results were summarized in a table showing conclusively that as fares go up the usefulness of the street railways to the community goes down."

#### New Brunswick Counties Are Harvesting Good Crops

Fredericton, N.B., Aug. 31.—Hon. J. F. Tweedale, provincial minister of agriculture, stated this morning that the harvesting in Victoria and Carleton counties was getting along well, the grain harvest in some cases been cut toward public ownership, but when it is devised and put forward as a means of perpetuating private operation, it is bound to fail. Under such circumstances, it becomes just one more side-stepping device to relieve the community of public responsibility, and to put the companies on "easy street" while they continue to conduct public business for private profit.

#### EXPRESS RATE HEARING IN TORONTO TOMORROW

Ottawa, Aug. 31.—The board of railway commissioners for Canada will meet at the city hall, Toronto, on Thursday, September 2, to hear the application of the Express Traffic Association on behalf of express companies operating in Canada for a rate increase amounting to not less than 40 per cent. of the tolls at present in effect.

#### SENDING N. W. ROWELL TO NATION'S COUNCIL

Ottawa, Aug. 31.—(By Canadian Press).—The Dominion government will this week name Canada's representatives to attend the council of the league of nations, which is to be held at Geneva, commencing on November 15. It is understood that Hon. N. W. Rowell, former president of the privy council, has already been decided upon as one of them.

### POLISH DELEGATES MET BAD TREATMENT

Several Have Returned to Brest-Litovsk Tired, Dirty and Disgusted.

Brest-Litovsk, Poland, Aug. 31.—Tired, dirty and disgusted, M. Dombiski, M. Grabaki and several others, members of the Polish peace delegation, arrived here from Minsk last night, and were received by Prince Sapich, the Polish foreign minister, at army divisional headquarters. The Polish representatives reached Brest-Litovsk after being on a Bolshevik train from 8 o'clock Friday evening till 9 o'clock Sunday evening, although the distance covered was only 140 kilometres, approximately 87 miles. They were unable to leave their compartments, the shades of which were closed whenever the train was at a standstill. The train reached Zabinka, near Kobrin, 20 miles northeast of Brest-

Litovsk, where it was the intention to motor across the lines Sunday morning. It remained at Zabinka until 8 o'clock Sunday evening on one excuse or other, the Bolsheviks at first saying the bridges were down, and then declaring it was unsafe for the delegates to start. Later developments indicated that the cause of delay was the inability of the Bolsheviks to locate the Polish advance guard, but had it not been for the Bolsheviks delaying, the delegation would have been in the Polish lines Saturday morning.

#### THROWN DOWN STAIRS; MONTREAL WOMAN DIES

Montreal, Aug. 31.—Mrs. Xavier Demeré, 6 Voltigeurs street, who suffered internal injuries and a lesion of the spine, when it is alleged she was thrown down the stairs of the home of her neighbor, Ambrose Bourdage, on Aug. 23, died last night at the Notre Dame Hospital. She said, in an ante-mortem statement before Judge Cusson last Wednesday, that she had been pushed down the stairs by the last person she had spoken to—Bourdage, who was arrested Tuesday, was remanded for enquete on \$2000 bail.

#### AN ALLIANCE WITH UKRAINIA.

Paris, Aug. 31.—General Wrangel, head of the South Russian anti-Bolshevik forces, has proposed the formation of an alliance with General Petlura, the Ukrainian leader, according to Hromadska Dnaka, a leading Ukrainian organ. General Wrangel expressed his readiness to recognize the independence of the Ukraine, the newspaper says.

#### HAD THREE SAFETY PINS TWO YEARS IN THROAT

New York, Aug. 31.—Relieved of an open safety pin and two closed ones which lodged in her throat two years ago, four-year-old Clara Kucher began to take an interest in eating again today. The pins were removed yesterday by a surgeon to whom Clara's mother took her, suffering from malnutrition. The mother expressed surprise, saying an X-ray examination had failed to locate the pins in Clara's stomach, and physicians had concluded she had coughed them up.

#### REPORT BIG INCREASE IN CUSTOMS RECEIPTS

Ottawa, Aug. 31.—Customs receipts for the five months of the fiscal year ending today show an increase of \$23,108,359 over those for the same period in 1919. From the first of April to the end of August this year, total customs receipts were \$90,544,330, while during the same period in 1919 they were \$67,435,971. For the month of August alone the increase, as compared with August last year, was \$2,703,549; the figures standing: August, 1919, \$14,230,058; August, 1920, \$16,933,607.

#### CLAIM WRANGLER'S ARMY IS COMPLETELY BEATEN

London, Aug. 31.—Anti-Bolshevik forces landed in the province of Kupan, east of the Sea of Azov, by General Baron Wrangel, have been "completely annihilated," says a statement issued here late last night by M. Kameneff, head of the Russian Bolshevik trade delegation in this city. "This statement was based on a telegram which M. Kameneff received from Moscow earlier in the evening. "After defeating General Wrangel's forces," the statement continued, "soviet troops cut their communications, surrounded them and by a night raid destroyed their headquarters. In the northern part of the government 'Florida, General Wrangel's army is completely beaten. He now holds only Crimea."

#### EMPRESS OF BRITAIN SAILS AS OIL-BURNER

Montreal, Aug. 31.—The Canadian Pacific Ocean Services liner, Empress of Britain will make her first passenger trip as an oil burner when she sails from Liverpool next Wednesday for Quebec. It will also be her first trip as a passenger ship since 1914. The Empress of France, C.P.O.S., should reach Quebec tomorrow at noon with a new record for a run across the Atlantic at this season. The C.P.O.S. Sicilian is expected to reach Quebec at midnight tomorrow.

### WAGE SCHEDULE FOR MOVIE OPERATORS

New Scale is Arrived at by Amicable Arrangement—Labor Notes.

The securing of the wage scale, for which amicable negotiations have been conducted during the past several weeks, is announced by Business Agent W. P. Covert of the Moving Picture Operators' Union. The new schedule provides for a wage of \$45 per week and a working day from 12 a.m. to 11 p.m. for operators employed in theatres with a seating capacity of 1400 or under; \$45 per week for operators in theatres with a seating capacity of over 1000 and giving afternoon and evening performances only; \$43 per week for operators in theatres with a seating capacity of 1000 or under and giving afternoon and evening performances only; \$38.50 per week for operators in theatres with a seating capacity of 500 or under and giving afternoon and evening performances only; \$1 per hour for operators in theatres with a seating capacity of 500 or under and giving a continuous performance; \$23 per week for operators in theatres with a seating capacity of 1000 or under and giving evening and Saturday afternoon performances only; and \$30 per week for operators in theatres with a seating capacity of over 1000 and giving evening and Saturday afternoon performances only.

The Labor Day committee of the Electrical Workers' Union held a meeting for the purpose of planning their local's part in the parade and Exhibition celebration. The electricalians have designed a float for the parade, and are confident that it will secure them a share of the prize money awarded for the best display. Secretary Bert McCullum states that his organization is planning a 100 per cent turnout.

Business Agent W. P. Covert of the Moving Picture Operators' Union states that his organization has experienced signal success in handling the unemployment problems of its members. Not more than 15 members are declared to be out of work.

### "KANDY KIDS" AT STAR

Large Audiences Greet Lena Dale and Her New Show—Burlesque is Attractive.

Large crowds are greeting Lena Dale and her new show, "The Kandy Kids," at the Star Theatre this week. The burlesque is of the robust type characteristic of this popular amusement place, the atmosphere being essentially of a "Frenchie-girlie" order which never fails to appeal to the patrons. With the "Kandy Kids" as a galaxy of twenty girls who look almost fresh from Paris, and their performance is as novel as it is entertaining. High lights of drollery and sparkle of wit freely abound, and the whole show is replete with originality. The music of the band, too, is quite infectious and helps the performers to give a more swinging performance. Daily matinees are being given and crowds at all the performances will doubtless continue to be the order. The show merits it.

### CHILDREN'S AID SOCIETY.

During the month of August the Children's Aid Society of Toronto has received and investigated 114 complaints, made 224 visits concerning 176 children, 19 children were admitted to the shelter and 26 were discharged. Including those in residence on August 1, the total number cared for during the month was 65. Among those discharged eight were placed in foster homes.

### SEPTEMBER IN ALGONQUIN PARK

September is one of the most delightful months of the year in the "Highlands of Ontario," and Algonquin Park offers attractions that are not found in other districts. It is situated at an altitude of 2000 feet above the level of the sea, assuring visitors of pure, bracing air that rejuvenates body and mind. The territory is easy of access via the Grand Trunk, 200 miles north of Toronto, and 170 miles west of Ottawa. "The Highland Inn," a charming hotel, affords comfortable accommodation at reasonable rates. The inn is heated by steam. The cuisine is all that can be desired. "The Highland Inn" is operated by the Grand Trunk Railway. Make your reservations early. Illustrated descriptive literature telling you all about it from any Grand Trunk agent, or write Mr. N. T. Clarke, manager, Highland Inn, Algonquin Park, Ont.

### SAYS MOTOR CAR RAN ON SIDEWALK

Evidence of Grandson of Woman Killed Conflicts With Another Witness.

The evidence of eye witnesses of the accident and technical evidence regarding the mechanical condition of the motor concerned, were taken last night at the city morgue in the resumed inquest into the death of Mrs. Annie Gears, struck on August 14th last at the corner of Bartlett avenue and Shanly street by a motor car driven by Ernest Ruth, 16 Southview avenue. Following the recording of the evidence, Coroner C. H. Gilmore adjourned the inquest until September 7th, for the hearing of an additional witness.

James Newsome testified that at about 4.30 p.m. on the day of the accident he had been talking with Mrs. Gears, who was his grandmother, on the corner of Bartlett avenue and Shanly street and had noticed the motor car coming up the street. He had finished talking to Mrs. Gears, and was still on the sidewalk, he stated, when the motor car struck first himself and then Mrs. Gears. He did not know, he said, whether or not his grandmother had gained the road before being struck. He himself had suffered only slight bruises.

Mrs. W. J. DeLorey, who had witnessed the accident from her veranda, contradicted the boy's evidence in being positive that the car had not gone upon the sidewalk. She gave as her version of the accident that the motor had first struck a boy whom she did not know and whom she was unable to identify as Jimmie Newsome and that the boy, in falling, had struck Mrs. Gears, causing her to lose her balance and fall beneath the car.

Mark of Tire. Police evidence of Constable Silverthorne told of the finding of the brush mark of an automobile tire which had turned abruptly on Bartlett avenue and crossed the sidewalk onto Shanly street. The detective was unable to identify the mark positively as that of Ruth's car but stated that Ruth had admitted that it traced substantially the path which his car had taken. Ruth had been unable, according to Silverthorne, to explain the accident or state whether or not his car had mounted the sidewalk. He had admitted to the detective the possibility of his steering gear having buckled.

Barnard Kychman, automobile expert, stated that he had examined the steering gear of Ruth's car and had found it to be in faulty condition. He had then, he stated, experimented with the car, traveling as closely as possible to the sharp turn. On both his tests, the steering gear had locked and the car had mounted the sidewalk.

Detective Silverthorne and Mr. Byck, Crown Attorney Snider's question that Ruth had been turning the corner illegally by cutting in too sharply.

### WILL ENTERTAIN SOLDIER PATIENTS

Room for Public When Visiting V.C.'s Attend the Grand Opera House.

The 250 soldier patients in Toronto hospitals will be entertained at the Exhibition on Sept. 7, according to the arrangements completed by the Army and Navy Veterans yesterday. The men will be taken to the grounds in motor cars at 1 o'clock, where they will gather at the Exhibition headquarters of the Army and Navy.

Two of the directors will give addresses of welcome to the men. After the afternoon grand stand performance, which the men will attend, they will be given a banquet on the grounds. Manager Kent has arranged for free admission for the soldier patients to both the grounds and grand stand. The Y.M.C.A. will provide smokes and chocolate, and the Army and Navy Veterans' Association will furnish transportation and the baguette.

### WILLS AND BEQUESTS

Sixteen relatives share in the residue of the \$3,142 estate left by the deceased Mrs. Mary Higgins, a widow, subject to bequests to a nephew and sundry charitable organizations.

Under the will of the deceased Mrs. Mary A. McGoldrick, her daughter, Adren B. inherits the home at 83 Yorkville avenue and the balance of her estate, \$2,138, she directed to be divided between other three children. In all deceased left \$7,176.

After proving that his home on Somerset avenue and the cash in bank lying to his credit should be handed over to his sister, Maria L. Harrison, the deceased Ramon Harrison directed that the residue of his \$6,067 estate should be divided between two brothers, eleven nieces and nephews, resident in England.

The heirs to the \$4,842 estate left by the deceased Mrs. Loretta Besse Howard, are her husband, a daughter and three sons.

Rev. Robert Hall, of the Toronto City Mission, is sole beneficiary under the will of his late wife, Mrs. Catherine Hall, who left estate valued at \$1,375.

The hearing was originally set for Toronto on Sept. 2, and now the hearings will also be held after that in Toronto, and at the above-mentioned cities.

### IS HELD ON CHARGE OF SHOP-BREAKING

Joseph Shields, no home, was arrested last night on a charge of shopbreaking by Detective Sullivan and Plainclothesmen Greenlee and McArthur. Shields was caught in the act of breaking into the tailoring store of George Greenberg, 225 West Queen street, according to the police, he had broken the side window and was entering the premises when the officers were passing and arrested him. Shields is also wanted by the police for stealing suitcases from the Union Station. Four suitcases were reported stolen from the depot yesterday, and Sullivan, believing Shields to be the man responsible for the theft, set out in the police car for him last night. They had visited a number of poolrooms, and were driving east on Queen street, when they discovered Shields breaking into the store. Two suitcases were recovered by the police last night, and they have information of a place where two others were sold by the prisoner.

# ASSURANCE OF SUCCESS

SEPT. 1st, 1920

WITHOUT fear of disappointment we invite you to visit our warehouse.

We have important information to give you, without cost.

Goods to sell that have been gleaned, for cash, in the markets of the world by experienced buyers, five of whom have lately returned and given to us in detail, up to the minute, the present state and future outlook in the business world.

Theory has its place in the present state of affairs—stocks, stock markets and realty, controlled by the minority of mankind, have without doubt a considerable influence.

Business is buying and selling and should be wholly governed by supply and demand, to which every living creature, to some extent, is a contributor.

We are in business, doing business without any side issue.

We are still growing notwithstanding the fact that we commenced business in the city of Toronto

### TORONTO JUDGE IS CALLED BY DEATH

Edward Morgan Started Life as Printer and Finished on the Bench.

At the ripe old age of 82, there passed away to his long rest yesterday, His Honor Judge Edward Morgan, at his residence, 368 Huron street. He had been confined to his house for almost a year, altho he had suffered for a longer period from gastric trouble. Deceased's grandfather was a Welshman, owning large interests in the West Indies; his grandmother was English. His parents, as well as himself, were born at St. Vincent, West Indies, his father being rector of the Anglican Church there, and afterwards at Barrie, Ont. Like many other notables in the legal profession, the late judge served some time in a newspaper office, later studying law, and after qualifying, was selected as a county court judge as far back as 1886. Subsequently he was appointed deputy surrogate court judge. The deceased jurist will be kindly remembered for his leniency with the ering fraternity. His idea, and he held it proved true, was that it was unwise to make a criminal out of anyone not ordinarily inclined. His nature was to help, not to condemn. Those who mourn the loss of the deceased are his widow and three daughters, one of whom is married, and a host of friends who were intimate with him for many years.

### PHILADELPHIA ORCHESTRA

For sheer beauty and perfection, the present recording of the "Blue Danube Waltz" by the Philadelphia Orchestra is perhaps one of the most attractive records that has been issued during the month. No music-lover can forego this record of the waltz, which many a great composer envies. It is a 12-inch record listed at \$2, and will be sent to any address on receipt of amount by Ye Olde Firme of Heintzman & Co., Limited, 193-197 Yonge street, Toronto.

### LAW AGAINST FIRE RECORD

The fire loss for August is the lowest for the year. The department record shows: Estimated damage, \$7657; number of alarms, 138; no loss, 31; false alarms, 18; unknown causes, 14; rubbish and dumps, 18; autos, 10; dumps and grass, 9; children and matches, 8.

### RESTOCKING WATERS OF LAKE NIPIGON

The minister of public works, Hon. F. C. Biggs, has returned from Nipigon, where he went to make a tour of inspection. While he was up there ten million whitefish fingerlings, equal to five times as many fish as have been taken out of the lake, were placed in the waters of Nipigon. Mr. Biggs also looked into the requests of local fishermen that the government abandon its fishery business up north. He declined, however, to say what would be ultimately decided.

### REAL ESTATE NEWS

### ROTARY CLUB FOR TOUR OF CANADA

Business Men Make the Trip Possible for Workers and Boys.

A speaking tour thru Canada by experienced workers with boys, has been arranged, by which over fifty cities will be visited, covering every province in the Dominion during the months of September, October and November. A group of business men are making the trip financially possible, and meetings are being held under the auspices of men's organizations and women's clubs. The Rotary Club have invited the members of the board of education and the separate school board to their meeting at the King Edward Hotel on September 10, to hear addresses by Taylor Statten, of Toronto, and C. J. Atkinson, of New York city.

Taylor Statten has been the national boys' work secretary of the Canadian council of the Y.M.C.A. for several years, previous to which he was a prominent leader in work for boys in Toronto. He has had an experience of over twenty years in dealing with boys in planning for their welfare. Mr. Statten is making the present trip, not in the interest of his own organization, but to advance a united effort that will give every last boy a chance to make good.

C. J. Atkinson is a Canadian who has been in boys' work for forty-six years—forty years in Canada and six years as executive secretary of the Boys' Club Federation (International), with headquarters in New York city. In his early years Mr. Atkinson was a printer and publisher by vocation and a worker with boys by avocation. He published papers in Portage la Prairie and Virden, Man., and Regina, Sask. That was from '92 to '92, when he came east, located in Toronto and established the Broadway Boys' Institute, and later the Toronto Boys' Dominion, whose destinies he continued to guide for twenty-two years, when he entered upon his present international work for boys.

### CHIPPAWA POWER PLANT IS BEING RUSHED

The Chippawa Hydro-Electric plant is being rapidly pushed. All the skilled and unskilled labor required is on the job. Later some 300 more men will be needed when extra machinery arrives. Sir Adam Beck has just returned from a tour of inspection of the works and says he is satisfied with the progress being made. The prospect of the work being completed next summer is good, he thinks.

### DEAN MOYNA ILL

Rector of St. Mary's Church in Serious Condition in St. Michael's Hospital.

The condition of Very Rev. Dean Moyna, rector of St. Mary's Church, Bathurst street, who is suffering from pneumonia, is still unchanged and is considered somewhat serious. The distinguished patient, who has been ill since Saturday, is an inmate of St. Michael's Hospital.

### COMMUNICABLE DISEASES ARE ON THE INCREASE

According to the provincial board of health the reports of communicable diseases for the month of August show an increase in smallpox over the previous month. The increase is mostly due to an outbreak in Thurlow township (Point Amn), Hastings county, where some 75 cases have been reported. Diphtheria shows a decrease of 29 cases and 10 deaths compared with July returns. The case mortality being 13.1 as against 15.2 in July and 14.0 in August last year. The epidemic of measles the province has had since the beginning of the year has about disappeared. For the eight months there were 12,296 cases and 179 deaths reported.

During the month of August there has been a decided improvement in the reporting of venereal diseases and it is to be hoped that this improvement will continue, as it is felt that even yet the cases are not all being reported.

### OBJECT TO ELECTION FUND PARTICULARS

U. F. O. Money Only for Political Propaganda and Meetings, Morrison Says.

Particulars have been filed at Osgoode Hall in the protest against the election of Hon. G. Howard Ferguson as member of the legislature for the county of Grenville. The trial will take place at Prescott before Justice Mages and Sutherland on Oct. 13. Particulars have also been filed in a cross-petition by Mr. Ferguson against G. A. Payne, the U.F.O. candidate in Grenville at the last election, many charges being made by both sides. Gordon Waldron stated yesterday that it was contempt of court to make the particulars public. He objected to the statement which referred to the "election fund," which it was alleged, was in the hands of the farmers prior to the 1919 election.

Mr. Waldron admitted that the U. F. O. had a "fund." Also that it was in a Toronto bank. He gave out an interview from J. J. Morrison, the custodian of the U.F.O. finances. Mr. Morrison told Mr. Waldron over the telephone that for some five years or so the U.F.O. had been collecting a dollar per member from the various United Farmers' Associations of Ontario. This money was used for the spread of political propaganda, for the expense of speakers at political gatherings, etc.

Mr. Waldron asked Mr. Morrison if he knew of any large private subscriptions made to the "election fund," and Mr. Waldron passed on Mr. Morrison's reply, which was in the negative. Mr. Morrison further said that the election fund was now intact, with the exception of about \$400, because levies had been made against the clubs in the various constituencies where this money had been spent for election purposes, and the money had been returned to the Toronto bank account. The amounts spent in the various constituencies, as sent out from Toronto, would run all the way from less than \$200 to less than \$1000 per riding.

### THE CANADIAN NATIONAL RAILWAYS AT THE FAIR.

The largest panorama ever attempted in Canada is shown at the Canadian National Exhibition, in the railway building, forming part of the Canadian National Grand Trunk exhibit, and depicting the magnificent scenery in Jasper Park. With water falls and the cascade of the Maligne river emptying into the Athabasca, it occupies a length of 125 feet by a depth of 40 feet. It is attracting many visitors, and everyone who has seen this realistic reproduction of the Athabasca Valley and Yellowhead Pass considers it one of the finest features ever shown at the Canadian National Exhibition.

In the foreground is shown Mount Cavell, dedicated by Canada to the memory of the martyred nurse; in the distance is shown Mount Robson, and, sweeping to the east, various snow-capped peaks, with Roche Mitter at the entrance to the park, while nesting in the valley, with Pyramid mountain towering above it, is shown the village of Jasper. By method of indirect lighting the effect of moonlight, dawn and sunlight is given to this most realistic and striking display.

### BURGLARS WERE BUSY.

Returning home yesterday from a three weeks' visit on the Galtineau River, Rev. Prof. Kilpatrick, of 128 Spadina road, found his home had been ransacked, and the gas burning brightly in the dining room. Entrance had been effected without breaking in. Among the articles taken are heirlooms, medals won at college, rings, jewelry, watches, etc., and some English sovereigns.

### SCHOOLS REOPEN

Many of Usual Teachers Delayed on Tour Thru Battlefields of Europe.

The Toronto public schools reopen today. Every one of the old schools will resume as per schedule, but the two new ones, which had been hoped would be ready, will not now be completed before late this fall. According to Chief Inspector Cowley, there are few changes in the teaching staff, altho the schools will open minus forty-one of the usual instructors, delayed on their way from a tour thru the battlefields of Europe.

### ONLY TABLETS MARKED "BAYER" ARE ASPIRIN

Not Aspirin at All without the "Bayer Cross"

The name "Bayer" is the thumb-print of genuine Aspirin. It positively identifies the only genuine Aspirin—the Aspirin prescribed by physicians for over nineteen years and now made in Canada. Always buy an unbroken package a few cents. Larger "Bayer" packages. There is only one Aspirin—Bayer's—You must say "Bayer's". Aspirin is the trade mark (registered in Canada) of Bayer Manufacturers of Mono-acetyl-salicylic acid. While it is well known that Aspirin means Bayer manufacturer, to assist the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross".

### Checking Up!

"WE checked up yesterday, and found that we put through sixty telephone calls," says one business man. "We can get along on about three outgoing calls a day," says another. Should these two pay the same for telephone service? Surely it is apparent that some basis of payment in direct ratio to use of the service is necessary. The message rate plan fixes a charge in exact proportion to use of the service—so much for each effective outgoing message.

**NEW YORK DOCK WORKERS ARE RETURNING TO WORK**

New York, Aug. 31.—Conditions at British line piers, which 4,000 longshoremen deserted Friday in protest against confinement of the lord mayor of Cork in British prison, were improved this morning when several hundred strikers returned to work. Union leaders are urging the men to keep "on the job." No work is being done, however, on the White Star liner Baltic, whose arrival was the signal for inauguration of the walk-out. It was from the Baltic that British authorities removed Archbishop Mannix, who was bound for Ireland.

**COUNTY AND SUBURBS STEPS TO RELIEVE HOUSE SHORTAGE**

Fourteen Dwellings to Be Erected on South Side of Kingston Road.

The demand for houses in the Birch Cliff district is still strong, and dwellings for rent are unobtainable. Salmon & Company, real estate brokers, have practically completed negotiations for the purchase of 500 feet of land on the south side of Kingston road, and will erect 14 attractive four-roomed bungalows with 25 feet frontages and side drives, plastered and supplied with well water. The prices, it is expected, will range from \$2,600 upwards.

At present in course of erection on the Kennedy estate are modern houses at prices ranging from \$6,500 to \$12,000. Three are nearly completed, and one has already been sold for \$6,500, with additional land adjoining to the value of \$1,200.

An asphalt roadway is now being laid and the road widened an extra 28 feet on Kingston road, from stop 22 to the city limits, and the work is rapidly proceeding.

**EARLSCOURT ANNUAL FIELD DAY OF CHRISTIAN UNION**

Under the auspices of the Ontario Christian Union, the junior association held their annual field day to Queen-son Heights yesterday. The silver cup was carried off by Miss Shaw, of Owen Sound, a former superintendent. Other prizes awarded went to Miss Minty, of Queen East Society, and Miss Hicks, deaconess of St. David's Church, Earlscourt. Carson Mateer directed the sports. Reg. Hayward was the secretary of the Earlscourt branch.

The Earlscourt district was pretty well depleted of children yesterday owing to the fact that it was Children's Day at the Exhibition. Hundreds of youngsters of returned soldiers with their parents laid the district early on the civic cars. The ladies' auxiliary took charge of many children whose parents were unable to attend.

Roy Herron, the young son of W. A. Herron, 57 Mackay avenue, cut the main artery in his arm when he fell thru a glass window yesterday. He was taken to Dr. Newman's office, 1773 Dufferin street, and later removed to his home in an ambulance, and is doing nicely.

Machinery for paving has been moved to the extreme west end of Bloor street.

Residents of the west end have reported to The World that inspectors of the Bell Telephone Company have been calling at their homes to inspect their service. Some state that after weeks of poor service their phones are now being cleared so as to be workable at times, and they are getting a reasonable service from the operators.

Rebecca Ravina Lodge, No. 24, held a progressive euchre last night in Colvin Hall, West Toronto, about 50 being present. The proceeds were for lodge purposes.

**TO ARBITRATE SOON ON G. T. PURCHASE.**

All the Commissioners in Ottawa This Week—Will Fix Date for Inquiry.

Ottawa, Aug. 31.—(Canadian Press.)—It is probable that the date of the opening of the arbitration proceedings to fix the price the government will pay for the Grand Trunk Railway will be decided upon here this week. Sir Walter Cassels, chief justice of the exchequer court, who was named chairman of a committee of parliament; Sir Thomas White, former minister of finance and ex-President Taft of the United States, the other commissioners, will all be in the capital tomorrow, and it is expected that the three commissioners will get together and decide when it will be possible to open the formal inquiry for the taking of evidence.

Such good headway has been made with this part of the inquiry that it is thought possible that the formal hearing of evidence may be commenced about the middle of September.

Alexander McLean, formerly caretaker of Lambton Park School, who has been very ill for months, supposedly with cancer of the stomach, is reported to be making amazing steps toward recovery under the Glover treatment.

**LAMBTON FUNDS FOR CADETS AT LAMBTON PARK**

The recent field day of the Lambton Park Ratepayers' Association brought into their treasury \$110. It was decided to apply the amount to the cadet corps, which has now about 50 members. A government grant was recently received, and the boys are now in receipt of their uniforms. The ratepayers appointed the following committee to arrange for a fall fair to be held near the end of September: A. W. Arnett, A. Moyle, J. Vaughan, E. Moyle, A. Dicken and P. Ball. THE LEAFS AGAIN LEAD THE LEAGUE

Unmercifully Walloped the Bronchos and Now Chapin Would Sell Out.

Rochester, Aug. 31.—(Special.)—The Maple Leafs jumped into the league lead today by trouncing the hapless Bronchos while Baltimore was idle at Syracuse.

For five innings it was a fair battle, with honors even. Then to Bronchos blew larger than Gildy's kite. Hits by O'Rourke, Kauff and Anderson gave the Leafs two runs in the first. With two out in the second, Shea singled, O'Rourke walked and Kauff singled in another run.

In the sixth Riley wangled as a starter. Gonzales and Devine bunted safely. Eader singled, O'Rourke singled, scoring Gonzales and Devine. Kauff and Blackburn were in field out, but Onslow drove in Eader and O'Rourke with a smashing wallop to left. These five runs were plenty. The rest was addendum and plus to the batting average. Beck went in to pitch and was a mark—on one inning a hit batsman, a pass, an error and one strike infield hit netted three runs.

Local capitalists tonight are conferring with C. T. Chapin, president of the local club, in a proposition to buy him out. He has been 20 years in baseball and has had good and bad teams, but this year's is the worst. He is asking \$125,000 for the grounds, stands, franchise and players. Linus Appleby, a wealthy real estate broker, is at the head of the company seeking to buy. Eader Duffy may be induced to take some stock in it. Connie Mack's son and Fred Mitchell of the Cubs are also seeking to buy. So is Skelly of Akron.

CAPT. KEATING, BUFFALO TRIPLE PLAY UNASSISTED

Buffalo, Aug. 31.—(International.)—Today's game between Buffalo and Akron ended abruptly in the visiting team's favor when Keating, Buffalo's captain and shortstop, pulled a triple play unassisted, the first ever witnessed here. Buffalo won, 7 to 4. Score: R. H. E. Akron..... 1 0 0 1 0 0 2-13 3 Buffalo..... 7 10 2 2 0 0 0-7 15 0 Batteries—Pinnerman, Moseley and Smith; Heitman and Schwart.

CITY PLAYGROUNDS QUOT Tournaments. The finals in the City Playgrounds championship quito tournaments were played off last Saturday, with some splendid competitions. Quits have become one of the popular sports among the boys during the past summer, especially the boys in the junior, juvenile and midget sections.

In the midget tournament, S. Levinsky and F. Sharp (St. Andrew's) defeated G. Burnett, R. E. Smith and J. H. H. Jones, 21-12. The final game was won by J. Robb and C. Canfield (McMurrich), when they defeated Levinsky and Sharp (St. Andrew's) in three real good games, 21-17, 21-17, 21-16.

In the semi-finals, Frankel and Starr won from Eisner and Brooks (McCormick), 21-15, 21-15.

LACROSSE

The junior semi-final at the Beach tomorrow (Thursday) afternoon shapes up like a real thriller. The contending teams, Shelburne and Weston, are as evenly matched as possible; they have the same style of play, being exceptionally fast in the field and relying on the short, speedy pass close in on the goal. The game at Weston a week later the return match for Weston, while the sudden-death match at Oranville last Wednesday went in favor of Shelburne after the teams were nose-and-shoulder through three parts of the match. Weston are pinning their faith on their home-bred and can see nothing to it but a victory, while the fans from Shelburne are equally optimistic. The game will start sharp at 3:15. Officials will likely be agreed upon today.

St. Mary's and Orangeville are trying to get together on the date for the playing of the second semi-final match. Present appearances would indicate that the match will take place about the middle of next week.

Shelburne and Durham will play their return game in Durham on Labor Day. This is a juvenile match.

Sarnia and Durham intermediates battle on Friday at St. Mary's. The round was previously won by Sarnia by six goals. With both teams playing amid strange surroundings, it looks like anybody's game. St. Mary's will likely turn out in goodly numbers to compare these teams with those in their own district.

LONDON CINCHES THE MINT TITLE

Easily Beat Sox and Estelle and Now Can Afford to Lose Rest of Games.

London, Ont., Aug. 31.—(Mint.)—London clinched the Michigan-Ontario Baseball League pennant today, defeating Brantford in the second game of the series by 7 to 2, hitting Pitcher Estelle, who has been sold to Louisville, to the corner of the lot. The locals, with a lead of over fifteen games, have only fifteen more to play, and can afford to lose all of them and still finish ahead of Hamilton, which has only 14 games scheduled. Deletelle allowed only six runs in the first game, but six in the second and sixth for the Red Sox only runs. Orme and Kennedy featured in the field with brilliant catches. The score: Brantford—A. B. THE RUGBY SEASON WILL SOON BE HERE

Strathonas Again in Playgrounds League—Big Four Meeting Saturday.

Strathonas, who last year won the senior Playgrounds championship, and entered the O.R.F.U. junior semi-finals with a team crippled with vaccination and flu, and were beaten in a light scoring contest by Bellwoods, 4-2, will enter a team in the Playgrounds this year again. They are confident of winning out, and if they get a crack at Bellwoods hope to turn the tables. The team this year will have a consistent line of fast and heavy players, backed by a very capable quarter and a speedy, tricky half-line. All last year's players with any other ambitious men wishing to make a good team, are requested to be on hand at 7 o'clock on Thursday evening, Sept. 2, at Humberstone Collegiate grounds, to talk business.

President Bob Imlister of the Inter-provincial Rugby Union has called the semi-annual meeting of the union for Saturday next at the Hotel Connaught, Hamilton. The schedule will be drafted, the board of referees appointed, and the rules revised. There is a proposal on foot to play the game under the new rules adopted by the Intercollegiate Union. There promises to be plenty of discussion over this question.

Parkdale Canoe Club has rounded out a powerful team for the O.R.F.U. series, composed for the most part of former T.R. & A.A. players. Harry Batstone, the backfield player, is expected to play for Parkdale.

The Argonauts will ask the Inter-provincial to make strict penalties for holding on the line and will endeavor to have a less drastic penalty than the loss of the distance of the kick where one of the tackles fails to give yards on a punned ball.

Clubs desiring rugby football allotments in the city parks must make written application enclosing a list of their home grounds to the parks department, city hall, on or before Monday, Sept. 6.

ROBERTSON CUP TONIGHT. Davenport and Caledonians clash in the final of the Robertson Cup tonight at Varsity. Caledonians, it will be remembered, had to defeat the Willys-Beaton team to reach the final stage of this competition and their record in the third division of the league speaks for itself. While Davenport, who had reached the final of a number of competitions, are expected to have a very strong team. Fred Wainwright, when he arrives back from his vacation to the old land, Davenport are tied for first place in their division of the league, and this game will give the football patrons an idea of football as it is played by the first division and third division clubs.

follow this up with  
new demands.

The miners' comm  
representatives of  
Scranton tomorrow  
call issued by Secy  
B. Wilson, for the  
the terms of the  
year contract.

Whether the ope  
to sign the contract  
large suspension of  
test against the te  
was not known he  
operators. It is kno  
sign if the miners  
out the award.  
operators place th  
the terms of the co  
themselves to give  
\$18,000,000 back pa  
care to do this, it  
might if the men s  
mines.

The scale commi
