SOLDIER JONES IS AFTER BECKETT

Empire Championship and a Side Bet of £500.

Hope to Save Schooner Built for the International Fishermen's Race—Devonshire August—Late Sport News.

(Canadian Press.)

London, April 13.—Soldier Horace Jones of Quebec, a Canadian heavyweight boxer, through his manager has challenged Joe Beckett, heavyweight champion of the British empire, to a fight for the empire championship and £500 a side.

Jones, on March 30, was defeated in a twenty-round bout with Albert Lloyd, an Australian, on a foul in the tenth round, just as Jones held the Australian practically out after a strenuous fight.

Gloucester, Mass., April 13.—The fishing schooner Henry Ford, built to challenge for the international fishermen's race, was still fast on Essex bay today, but not sailing easily.

Another attempt to load her was to be made at high water, but she was not seriously damaged.

If the schooner can be saved, an effort will be made to equip her for the fisheries immediately and to obtain a waiver of the conditions that she must be at sea on a fishing trip by May 1 to qualify for the race.

Lexington, Ky., April 13.—The Devonshire International, Canadian track classic for three-year-olds, will be raced again this year, according to Bradley Wilson, manager of Devonshire Park, Windsor.

He predicted that the purse would be larger than last year, which amounted to \$30,000.

The international, which is at a mile and an eighth, will be raced the last week in August.

Harness Racing Declining? New York, April 13.—The decline of harness racing is particularly on this continent is indicated by the withdrawal of Atlanta from Grand Circuit racing, so a local sporting writer declares.

It is generally felt that the track was due to the lack of patronage. Atlanta will keep its charter in the Grand Circuit but will substitute running races for trotting.

Allyes Reported as Regarding Angora Counter Proposals Unsatisfactory. London, April 13.—The London Times says it understands that the Allies regard as unacceptable the Angora government's counter proposals to the suggested armistice between the Turks and the Greeks that Asia Minor should be evacuated.

The Turkish Nationalist government Angora were reported to have accepted the allied withdrawal of troops from Anatolia, including Smyrna, must be evacuated within four months; that the Greeks should leave the Ekdishahr-Ahnu Karahissar which line within a fortnight and the remainder of Anatolia to be evacuated under the supervision of allied officers.

MILITARY SITE FOR NEW SCHOOL Matter to be Taken Up by Fredericton Board of Trade—Federal Lighting. (Special to The Times.) Fredericton, N. B., April 13.—The Fredericton Board of Trade has decided to take up with the city council the matter of the purchase of the military properties in this city at present not occupied. The park barracks property at the corner of George and Regent streets is suggested as the site for a new high school.

JAPS DRIVE OUT CHITA FORCES Toldo, April 13.—Japanese troops have driven the Chita government forces out of the neutral zone between them and the Vladivostok government troops says a despatch from Vladivostok. It says the Japanese have forced the Chita troops far north as Shimakovka, about 150 miles from Vladivostok, and are approaching the Ussuri station, a few miles farther north.

MISS AGNES CLARKIN. The death of Agnes, daughter of the late Philip and Margaret Clarkin, of this city, occurred this morning. She is survived by three brothers and two sisters. The brothers are Philip and James of this city, and William of McAdam. The sisters are Mrs. Mary Hogan and Miss Katherine of this city. They will have the sympathy of many in their bereavement. The funeral will take place on Saturday afternoon from 28 White street.

Round The World Aviators Killed In Trying Out Machine

Sir Ross Smith and His Engineer Die in Crash of 'Plane at Brookland, Eng.—Brother, Tardy in Arrival, Sees Tragedy.

(Canadian Press Cable)

London, April 13.—Sir Ross Smith, Australian aviator, who with his brother, Sir Keith, had planned to start from Crofton on April 25, for an attempted flight around the world, was killed when his plane crashed in a practice flight at Brookland today.

Lieut. Bennett, an engineer, who was planning to accompany Sir Ross and his brother on their around the world flight, also was killed. The machine which crashed was the one the Smiths intended to use in their flight. Captain Conkerly of the Vickers Co. has previously flown it for a half hour, then handing it over to Captain Smith. As the machine was approaching the airfield to land, it got into a spin, and the fatal crash followed.

The accident occurred fifteen minutes after Captain Smith and Lieutenant Bennett began their flight. Sir Keith Smith had intended to make the first flight with them, but he arrived at the airfield too late and was among the crowd that witnessed the tragedy.

The machine had been tested successfully to a height of more than 3,000 feet when suddenly her nose dipped and she went into a spin. The spectators thought at first that the airman were attempting a stunt for the purpose of testing the wings of the machine, but it soon became apparent that the plane was out of control.

Sir Ross was killed instantly and Lieutenant Bennett died a few minutes after the crash. Captain Smith yesterday entertained at the Vickers works in Weybridge a large party of friends who came to wish him luck on his attempted world flight. He had completed all his arrangements and he talked to his visitors with most modest confidence of his chances for success.

Sir Ross was a pilot of remarkable ability for his skill rather than for feats of the dare-devil type. He never took chances beyond the necessary ones. "Safety first" was his motto in the air.

Cross-Atlantic Flight. Lisbon, April 13.—Bad weather conditions prevented a start today by Captains Sacadura and Coutinho, Portuguese aviators, on the third stage of their flight to Brazil from the Cape Verde Islands in mid-Atlantic.

The airman, who started from Lisbon, successfully jumped to the Canary Islands and then to the Cape Verde and whose ultimate destination is Pernambuco, Brazil, had expected to start today from St. Vincent, Cape Verde Islands at one o'clock this morning.

This contemplated jump was over 900 miles of water and they expected to reach St. Paul de Loanda approximately ten hours and there refuel with gasoline from the Portuguese warship Republica, before essaying the next stage of their flight to Fernando Noronha off the Brazilian coast.

RECOMMENDATIONS RE THE PENSIONS Dominion Veterans' Alliance Committee Makes Several—In Session in Montreal. Ottawa, April 13.—After an all day session of the legislative committee on pensions the Dominion Veterans' Alliance yesterday it was unanimously agreed that the pension awarded a widow or dependent widow mother, mother without children or dependents be increased to \$75 a month without regard to income from other sources.

For widows with children the pension shall be plus \$25 a month for the first child, \$25 a month for the second child and \$12 a month for each additional child; and that no deductions in pensions be made because of the pensioner's non residence in Canada.

Another resolution that was unanimous was that hip amputation cases "Pensions to widows shall be a higher rate of disability than such able to wear artificial limbs." Other unanimous resolutions included: "Pensions to widows shall be paid irrespective of the time of disability and shall cease when the widow re-marries." "That pensions to orphans were altogether inadequate."

"Payment of funeral expenses to widows, widowed mothers or children, and where a member of a pensioner's family above 16 years of age takes the place of deceased wife in caring for children, the pension of the deceased wife shall go to this person."

WITNESS CARRIED INTO COURT ON A STRETCHER Ottawa, April 13.—The spectacle of a witness being carried into court on a stretcher to give evidence was witnessed in Hull police court yesterday, when Denis Fournier appeared to testify against Percy Webster, who is charged with running him down while driving an automobile. It is alleged that the car driven by Webster collided with a sleigh load of wood owned by Fournier. The latter's horse was killed and Fournier's both legs broke. The case was adjourned.

EXCHANGE TODAY. New York, April 13.—Sterling exchange steady. Demand, Great Britain, 4.4 1/2. Canadian dollar 27-16 per cent discount.

As Hiram Sees It

"Well," said Mr. Hiram Hornbeam to the Times reporter, "I see by the paper that the Women's Council has been helpin' to get milk fer babies that wouldn't her. If it sombody didn't help. An' every baby that got the milk is comin' along fine. I s'pose the most helpless thing on the face of the earth is a baby. If it's fed right an' took care of it grows—an' you s'everal tell what a lot of good it may do in the world in its lifetime. If it aint fed right an' it's right it may grow or it may grow up to be a poor critter that nobody wants around. Then women an' them nurses is beginnin' at the right time. I hope they'll git all the help they need. A man or woman that's hungry kin go out an' say so, but a baby can't. It just has to suffer if its folks can't afford to buy what it needs. I bet you'll enjoy your Easter dinner a lot more if you help the babies—yes, sir."

BRIDES FOR WALES AND BROTHER?

Lady Mary Cambridge and Lady Rachel Cavendish, is London Report. Toronto, April 13.—A London cable to the Mail and Empire says: Soon after the return of the Prince of Wales from India and Japan, his betrothal to Lady Mary Cambridge will be officially announced, according to reliable information today. About the same time announcement of the engagement of the Duke of York to Lady Rachel Cavendish will be made.

It is the fact that the royal family never publicly discusses reports referring to it, it is impossible to obtain confirmation of the news from them. Lady Mary Cambridge is a first cousin of the prince. She is the elder daughter of the Marquis of Cambridge, who is Queen Mary's brother. She was born in 1892. Lady Rachel Cavendish is the fourth daughter of the Duke of Devonshire, former governor general of Canada.

OUT OF WATER AND SAILS RIPPED Halifax, N. S., April 12.—Her crew without fresh water for week, and some of her sails lost in recent stormy weather on the Atlantic, the two-masted schooner Eva June has put into Glen Margate on a short distance from here, directed from the South Atlantic sealing waters. The Eva June sailed from Halifax on September 1 of last year, and made port once, at Montevideo, where she landed 8,000 pelts. She is the only Nova Scotia vessel engaged in the south seas sealing industry.

AT THE HOSPITALS. It was reported at the infirmary this morning that there was no change in the condition of James Gibb, who is seriously ill there. Michael Barrett is recovering from his injury, and was expected to be up this afternoon.

POLICE COURT. In the police court this morning, two men pleaded guilty to drunkenness charges and were remanded.

WEATHER REPORT. Issued by authority of the Department of Marine and Fisheries. F. J. S. P. A. P., director of meteorological service.

Synopsis—Pressure is low over the Gulf St. Lawrence and to the westward of the lower Mississippi Valley and high over Manitoba and Northern Ontario. The weather has been unsettled and showery from the Great Lakes eastward. Fair and Cool.

Forecasts—Moderate to fresh westerly winds; mostly cloudy with scattered showers. Friday, northwest winds; fair and cool. Gulf and North Shore—Local squalls. Friday, northwest winds; mostly cloudy and cool. New England—Cloudy tonight. Friday, unsettled, with probably showers; little change in temperature; moderate westerly winds.

Toronto, April 12.—Temperatures: Highest during night. Prince Rupert 9 a.m. yesterday, night. Sault Ste. Marie 38 46 34 Victoria 40 52 38 Kamloops 34 54 28 Calgary 40 52 10 Edmonton 40 56 28 Prince Albert 28 42 26 Winnipeg 30 42 22 White River 18 22 18

BONDS WORTH \$124,450 WERE ROBBERS' LOOT Vancouver, B. C., April 13.—After checking up with the victims in the recent robbery of the safety deposit boxes in the Royal Bank of Canada branch at Ladner, on March 29, the total value of the Victoria Bonds and other securities taken has been estimated at \$124,450, according to a statement made by C. W. Frazer, supervisor of branches here. Of this amount, only \$25,000 were bearer bonds, the balance being registered.

MAYOR TO FREDERICTON. Mayor Schofield, who came back to the city yesterday afternoon to attend a meeting of the common council, returned to the capital this morning to follow up the matter of the bill regarding the New Brunswick Power Co., which was due to come before the house today. On this account a committee meeting of the council, scheduled for this morning, was postponed. Commissioner J. B. Jones is acting mayor.

Bank of England Rate Down Again; Reduced to Four

London Market Gets Surprise—Welcomed as Another Step Towards Restoration of Normal Conditions.

London, April 13.—The Bank of England today reduced its discount rate to four per cent.

The last previous reduction was on February 16 last, when the rate was dropped from 5 to 4 1/2 per cent.

The reduction coming on the eve of the Easter holidays, was an entire surprise to the money market and financial interests. Business in Lombard street had commenced this morning without the usual subject to lower bank rate, which is usually posted when there is a possibility of a reduction during the day, and the belief is expressed that the action was prompted by the treasury, which has been ruling the money market for some time.

The reduction, however, was welcomed as another step in the restoration of more normal conditions and the loosening of money for trade purposes. Only Swiss Rate Lower. New York, April 13.—With the exception of Switzerland, Great Britain now has the lowest bank rate in the world as the result of the Bank of England reduction today. Switzerland cut its four per cent. rate to 3 1/2 on March 2, on account of the excessive gold supply in that country.

The present British rate compares with a high ten per cent. on August 1, 1914, and a low of three per cent. on January 29, 1914.

SHOOTING BY A CADET WONDERFUL

Major in High School Battalion in California Scores 644 Consecutive Bulls. Fresno, Cal., April 13.—M. C. Harris of five and six persons were produced in the junior rifle association for Wm. Locke, a major in the District High School, arrested by the Belgian military authorities, charged with the murder of Assed Bey, minister of interior of Lebanon. The conditions at Damascus are reported greatly disturbed and business is suspended. Mobs and rioters have been dispersed by the military with tanks.

Locke made 644 consecutive bulls on Tuesday afternoon. He used standard 22-calibre rifle and shot on a regulation fifty-foot range. He began shooting at 12:45 p. m. and fired until 8:20 p. m.

TROUBLE IN DAMASCUS Business Suspended—Minister of Interior at Lebanon Reported Killed. London, April 13.—According to a Cairo despatch to the London Times the press reports from Syria announced the murder of Assed Bey, minister of interior of Lebanon. The conditions at Damascus are reported greatly disturbed and business is suspended. Mobs and rioters have been dispersed by the military with tanks.

GERMANS WANT TO TRY HABISCH Arrested by Belgians on the Charge of Murder of a Lieutenant. Brussels, April 13.—The German charge d'affaires called at the Belgian foreign office yesterday and requested delivery to the German police of Otto Habisch, arrested by the Belgian military authorities, charged with the murder of Lieut. Graff, near Dusseldorf, two weeks ago.

The German government contented that the murder was committed on German soil and that Habisch must be tried before German courts. The Belgian government has refused to deliver him until the abilis invoked by him are proved.

MANIFESTO BY NEW PREMIER OF SASKATCHEWAN Regina, April 13.—Declaring his intention to carry out the mandates given ex-Premier Martin at the provincial election last year, Hon. C. A. Dunning, Saskatchewan's new premier, last night issued a manifesto to the people of the province. He makes an appeal for the support of the farmers in the following terms: "On the basis of record and policies, both myself and government have at least an equal right for the support of the farmers of Saskatchewan with those who are opposed to the government in the legislature, whether they be members of the Grain Growers' Association or not."

FOUR DAYS ADRIFT IN DORY; NO FOOD; GETS ASHORE Marthas Vineyard, April 13.—After four days in a dory without food, William Donahue of Gloucester, given up as lost at sea from the fishing schooner Saddle A. Nuna, was blown ashore yesterday at Squidnoctet. He is recovering.

McGill Degree for Pershing. Montreal, April 12.—General John Pershing, G. C. B., chief of staff of the American Army, will visit Montreal on May 12 to receive an honorary degree of doctor of law at McGill.

COTTON MILL MATTER. It was reported at the Cornwall and York Cotton Mills this morning that there was no change in the situation which arose yesterday when some forty weavers quit work in protest against a cut in wages.

MAY COMPROMISE ON IRISH ELECTIONS

August Voting on New Register Possible.

This is Hoped For as Outcome of Peace Meeting of Faction Leaders in Dublin Today—Those at the Conference.

(Canadian Press Cable) Dublin, April 13.—An agreement whereby the Irish people at a free election can decide the dispute between the Free Staters and Republicans was hoped for at the conference of leaders of opposing forces and others interested in peace, called for today.

It was recognized that the issue between the two parties was too sharply drawn to admit of a political accommodation, but efforts will be made to reach such an understanding as will discourage further disorders throughout the country.

Those invited to the conference are: Arthur Griffith and Michael Collins for the provisional government; Eamonn De Valera and Charles Burgess for the Republicans; Archbishop Byrne of Dublin and Stephen O'Mara, lord mayor of Limerick. Lord Mayor O'Neill of Dublin, who called the meeting, was expected to act as chairman.

Mr. De Valera has opposed an election on the existing register, which, he contends, would exclude many young men and women who have reached voting age since it was compiled, and Mr. Griffith has been against a new register on the ground that its preparation would delay the elections, which he had planned for June.

Those seeking to bring about an adjustment believe an agreement can be reached whereby the elections could be held in August under a new register, and thus avoid any interference at the polls by the dissident section of the Irish Republic in the Winnipeg strike about two years ago.

CIVIL SERVANTS FOR FULL BONUS Meeting in Quebec, Pass Resolution Against Rumored Cut at Ottawa. Quebec, April 13.—(Canadian Press.)—At a large meeting of the federal civil servants of the city and district held here last night a resolution was unanimously passed expressing the opinion that no reduction should be made in the bonus received by them for the fiscal year 1921-22, on the ground that no time was the bonus granted sufficient to compensate for the abnormal increase in the cost of living.

The reason of this meeting was an intimation from Ottawa that the bonus to civil servants would be suppressed altogether. The question of bonuses was discussed at length and budgets based on families of five and six persons were produced by men receiving the maximum salaries of their class to show that they would have a deficit if the bonus were reduced.

A committee appointed to interview local members of the House of Commons reported that two members had been seen yesterday and that they had promised the civil servants their support to prevent the reduction of the bonus.

TEST PUBLIC WITH ARBUCKLE FILM New York, April 13.—That one of Roscoe C. Arbuckle's comedy dramas will be released to the public within thirty days in a test of public opinion, was announced by Adolf Zukor, president of the Famous Players-Lasky Corporation when informed of the acquittal of Arbuckle yesterday.

San Francisco, April 13.—A statement issued by the jury and signed by all the jurors, follows: "Acquittal is not enough for Roscoe C. Arbuckle. We feel that a great injustice has been done him. We feel also that it was only plain duty to give him exoneration, under the evidence, for there was not the slightest proof adduced to connect him in any way with the commission of a crime.

"He was mainly throughout the case and told a straight forward and true witness stand, which we all believed. The happening at the hotel was an unfortunate affair for which Arbuckle, so the evidence shows, was in no way responsible.

"We wish him success and hope that the American people will take the judgment of fourteen men and women who sat listening for 81 days to the evidence, that Roscoe C. Arbuckle is entirely innocent and free from all blame."

REPAIRS COMMISSION'S DECISION—Some Payments She Must Make. Paris, April 13.—The reparations committee yesterday discussed the reply of Chancellor Wirth of Germany to the commission's recent reparations demands. It was decided to send a new note to Germany, the terms of which will be drafted today.

It appears certain that the commission will stand by its decision of March 21, granting Germany a moratorium until May 31, on which date the commission will decide whether or not to confirm or cancel the provisional moratorium. Consequently Germany is obligated to pay 15,000,000 gold marks on April 15, and 50,000,000 gold marks May 15.

The allied supreme council may hold a meeting at Genoa before the end of this month, it was reported here yesterday. Official circles, however, refused to confirm the report. The purpose of the council meeting is alleged to be the discussion of the present status of the reparations question, arising from the recent German note declining to accept some of the main allied stipulations for a partial moratorium. Premier Poincare yesterday sent a long cipher despatch to M. Barthou, the French vice-premier at Genoa, where he heads the French delegation at the economic conference. This message is said to have dealt with the position created by Germany's refusal to accept the reparations commission's ruling regarding the German payment.

McGill Degree for Pershing. Montreal, April 12.—General John Pershing, G. C. B., chief of staff of the American Army, will visit Montreal on May 12 to receive an honorary degree of doctor of law at McGill.

AVIATORS RESUME ATLANTIC FLIGHT

(Canadian Press Despatch)

Lisbon, April 13—Captains Sacadura and Coullino, the Portuguese aviators who are attempting to span the Atlantic in a light hydro airplane, started on the third stage of their flight to Brazil at 1 o'clock this morning, said a message received here from the Cape Verde Islands.

The message said the aviators would probably call at St. Peter's or St. Paul's Rocks, about twelve hours' flight from St. Vincent, to refill with gasoline and oil from the Portuguese warship Republica, which went ahead two days ago.

DYE FADED WRAP

SKIRT, DRESS IN

"DIAMOND DYES"

Each package of "Diamond Dyes" contains directions so simple any woman can dye or tint her old worn, faded things new. Even if she has never dyed before, she can put a new, rich color into shabby skirts, dresses, waists, coats, stockings, sweaters, coverings, draperies, hangings, everything. Buy Diamond Dyes—no other kind—then perfect home dyeing is guaranteed. Just tell your druggist whether the material you wish to dye is wool or silk, or whether it is linen, cotton, or mixed goods. Diamond Dyes never streak, spot, fade, or run.

LAST CAR CLUB.

The weekly meeting of the Last Car Club was held last evening at the home of Mr. and Mrs. T. C. Nielson British street. A full muster of members were present and a very enjoyable time was spent by all. A new member was introduced during the evening, and was given a hearty welcome. Progressive whist was played and as the players were fairly evenly matched in point of skill, some close games resulted. The ultimate winners of the handsome prizes were Mrs. Sibley and Mr. Nielson. Delightful refreshments were served during the evening by the hostess, and were much appreciated. After the game a programme of music and songs was enjoyed by all, after which a hearty vote of thanks was tendered the host and hostess. Auld Lang Syne was sung by all, and the members left to catch the last car.

OLD AGE PENSIONS

Ottawa, April 12.—The advisability of the federal government instituting a system of old age pensions will be debated in the house of commons. Dr. J. E. Lafontaine (Liberal, Hull) has filed a resolution on the order paper. "That in the opinion of the house the federal government should consider the advisability of devising ways and means for the establishment of a system of old age pensions in Canada."

ELECTION CARDS

SANDY CORBET'S REFORM PLATFORM

- 1.—Civil control of Hydro—for the people—of the people—by the people. First, last and all the time. 2.—Return to aldermanic ward system and town manager. 3.—Meetings of the people on all important questions. Justice to all parts of the city in improvements and expenditure. 4.—Reform the taxation system. Citizens have salaries reduced. Taxes have increased. A special consideration of the present assessment system. 5.—Two elections for civic office are unnecessary. A vote for "Sandy" is a vote for advancement. Do not miss this opportunity. Register your vote.

CARD OF THANKS.

To The Electors of Saint John:—I desire to thank all those who gave me their confidence in the election on Monday last by voting for me. I wish to express my appreciation to all of them and to ask them to assist in helping to get to the polls next time those who did not vote in the first election. I respectfully ask those who supported me on the first occasion to give me their vote in the second election. I wish to assure all the electors of the city that if I am re-elected I shall endeavor to administer the duties of my office honestly and conscientiously in the city's interests. Yours very truly, (Sgd) E. A. SCHOFIELD. 4-17

BETTER THAN HARD COAL

Soft coal so free from soot that it does not make whiffers on stove covers or pipe and does not mat or cake when burning, is far better than Hard Coal for general household use. Quicker to light, takes less to make a fire, cheaper in price and can also be used for open fires and small heating stoves. Such a coal is Broad Cove soft coal. The main thing is to insist on getting the genuine article. No other soft coal burns just like Broad Cove. You will know it by the above characteristics.

GILMOUR'S

68 King Street Clothing, Tailoring, Haberdashery

"KEYTAINERS"

Fits vest or hip pocket or lady's hand bag without bulging. SPREADS KEYS OUT FLAT INSTEAD OF BUNCHING THEM. When full this "KEYTAINER" is as thin as a pocketbook. Keys hang in a row on hooks. They are comfortable to carry—even when each hook contains two keys. Keys cannot bunch up and wear holes in your pockets as they are always bound to do when on a ring, and the flat, smooth, neat shape makes a great difference in the appearance and wear of your clothing. The hooks are so designed that one downward pull removes it—yet these hooks hold the keys so securely they cannot possibly be lost off. Price 30c. and 75c. each.

The Evening Times and Star

ST. JOHN, N. B., APRIL 13, 1922.

The St. John Evening Times is printed at 27 and 29 Canterbury Street, every evening (Sunday excepted) by The St. John Times Printing and Publishing Co., Ltd., a company incorporated under the Joint Stock Companies Act.

THE AMENDED BILL.

At time of writing it is not known in what form the bill relating to the city of St. John and the distribution of the hydro-electric current from Musquash will finally emerge from the legislature.

AT GENOA.

Of the Genoa conference the New York Evening Post says: "It has been predicted of the Genoa conference that it will end in fulfillment because two fundamentals of European reconstruction have been excluded from the agenda.

THE TREASURE HUNTERS

Still another attempt is about to be made to find the treasure believed to have been buried long ago in the sand of Cocos Island in the Pacific.

A WISE DECISION.

The Maritime Branch of the Amateur Athletic Union of Canada went on record yesterday by a large majority in favor of the affidavit which athletes are required to take.

Yesterday's action clears the atmosphere. If it should result in the formation of a professional league anywhere there can be no objection.

What the assembled delegates did yesterday will have a very marked influence upon amateur sport in these provinces for years to come.

The small grant provided in the supplementary estimates at Fredericton for the Natural History Society is money well spent.

The appeal to the citizens in behalf of the free milk fund will undoubtedly meet with a sympathetic response.

The board of health has decided that St. John should have pasteurized milk, and gives six months for preparation.

The title of earl will not add nothing to the fame of Mr. Balfour, but if he desires the leisure of the House of Lords he has earned the right to sit in that chamber.

MIGRATION OVER HIGHWAY FATAL TO COUNTLESS FROGS

Hamilton, April 13.—The Toronto-Hamilton Highway for 800 feet west of the Brant Hospital, is covered with blood and the bodies of countless frogs.

The St. Lawrence river is open to Montreal. The winter port season at St. John is drawing to a close.

MORE BILLS PASS HOUSE AT BUSY SESSION

Fredericton, April 12.—The usual last minute rush is taking place in the house and today ten bills were given their third reading.

An important resolution was moved by Mr. Estabrooks, of Westmorland, providing for trade agents with the West Indies.

Mr. Estabrooks, pursuant to notice, moved, second by Mr. Smith (Albert), the following resolution:

"Resolved, that whereas the market for agricultural, fishery and other products is available in the West India Islands and elsewhere there are now being operated some lines of steamers from maritime ports to those islands; and whereas in the interests of the people generally it is essential that our markets be enlarged; therefore,

"Resolved that this house express its approval of the appointment by the government of New Brunswick of one or more trade agents under the department of agriculture to represent this province in the above named territories."

Hon. Mr. Foster said that the resolution before the house touched on a matter of public interest, and had for its object the broadening of the markets for the products of New Brunswick.

The resolution was unanimously adopted without division.

Hon. Mr. Robinson said that the bill gave power to municipal councils to appoint four instead of three of the members of district boards of health.

STRUCK BY TRUCK BUT WAS UNINJURED

Gordon Loret, the five-year-old son of James Loret, of 49 North street, was run over in Pond street, near the freight sheds, yesterday afternoon by a Mack truck.

HON. DR. ROBERTS SPEAKS REGARDING PASTERIZATION

Fredericton, April 12.—When asked about the resolution passed by the St. John sub-district Board of Health regarding pasteurization of milk at its meeting on Tuesday, the minister of health said that such resolution was quite within the rights of the board.

The minister expressed himself as being in hearty sympathy with pasteurization but before subscribing to its becoming law, felt that it would be necessary to institute a propaganda of education along such lines, pointing out to the people the need of such service.

Already considerable has been done, and a very important contribution to the educational movement would be the address to be given by Dr. Charles J. Hastings, medical officer of health of Toronto, and Dr. North of New York at the forthcoming meeting of the Canadian Public Health Association in St. John in June.

Both of these authorities were notable exponents of pasteurization and well fitted to expound its advantages.

The minister said that when he felt that conditions were such as to make profitable and ready acceptance of this measure by the people of the city he would gladly give his assent to the action contemplated in the board's resolution.

THE GILLEN BOARD RESIGNS TO MAKE WAY FOR ANOTHER

(Canadian Press Despatch) Ottawa, April 12.—The Gillen board, reconvened by the minister of labor a few days ago to conduct a further inquiry into the Nova Scotia coal mining troubles, has ceased to exist and in its place a new board of conciliation and investigation has been provided for by Hon. James Murdock, minister of labor.

U. E. Gillen, of Toronto, chairman of the board, and James Ling, mayor of Westford (N. S.), resigned from the reconvened board and their resignations were accepted by Hon. Mr. Murdock.

Hon. Mr. Murdock said that he would at once "propose to request both the employers and employees concerned to recommend the name of a member competent to act as a member of a board of investigation."

BOMB INJURES SIX IN NEW YORK CITY

(Canadian Press Despatch) New York, April 12.—Six persons were injured tonight when a bomb exploded in a tenement house on the east side, demolishing the stairway between the ground and fourth floors and tearing a large hole in a wall of one of the apartments.

CHALEUR ARRIVES FROM WEST INDIES

The steamer Chaleur arrived in port yesterday from Bermuda and the West Indies and docked at McLod's wharf at six o'clock. She carried ninety-six passengers, of whom seventy were cabin, one second and twenty-five third class.

Had served in Fredericton. Montreal, April 12.—Captain E. R. Lamontagne, who died here today at his residence, 16 Third avenue, Maisonneuve, had been in military life for thirty-two years.

REV. WILLIAM JOHN MCKAY, L. L. D., DEAD

Toronto, April 12.—Rev. William John McKay, L.L.D., editor of the Canadian Baptist, died today at his home here. Dr. McKay fell unconscious while dressing to go to the office on Monday morning and did not regain consciousness before his death. Death was due to uremia.

COUSIN SUCCEEDS SIR JOHN EATON

Toronto, April 12.—At a meeting of the board of directors of the T. Eaton Company, Limited, today, R. Y. Eaton, cousin of the late Sir John Eaton, was elected president. He has been first vice-president for many years.

NEOLITHIC SKULL REACHES MCGILL

Ten Thousand-Year-Old Cranium Presented to Redpath Museum—Mrs. W. E. Wilson's Gift.

A skull ten thousand years old has been added to the archaeological collection of the Redpath Museum at McGill University through the courtesy of a former Montrealer, Mrs. W. E. Wilson, now living at Walton-on-the-Naze, Essex, England. It was in this locality that the skull was found, Mrs. Wilson bringing it to Canada for the express purpose of presenting it to McGill University. She is a native of Montreal.

Mrs. Wilson found the skull at a point just above the beach at Walton-on-the-Naze, from which the sea at one time receded. This spot is thought to have been a Neolithic burial ground, as several other specimens have been found here. This is, however, the most perfect of specimens yet collected. It is the complete skull of the upper part of the jawbone, nose and cheek bones alone being missing. It is longer, shallower, and very much narrower than the average modern head.

Shortly after its discovery, the skull was sent to the British Museum for identification. The archaeological and anthropological authorities of that institution identified it as the skull of a Neolithic woman about sixty, and not less than ten thousand years old. The British Museum and other English institutions were anxious to secure the relic, but Mrs. Wilson, being a Canadian, desired to place the skull in Canada. Her gift is a welcome accession to the Redpath Museum, and it is declared to be quite the most valuable specimen in McGill's archaeological collection.

Willey's Verdict.
Dr. Arthur Willey, M. A., D. Sc., F. R. S., Strathcona Professor of Zoology at the Faculties of Arts and Medicine, and honorary curator of the Redpath Museum, has examined the skull. "It is at least ten thousand years old," he said. "There is a deposit of recent calcareous shales of marine worms inside the skull, indicating changes of coastal level since the skull was buried and therefore pointing to its great age."

The Neolithic period was the latter Stone Age, the period between the Stone Age and the Bronze Age. It is the period of polished flint implements as opposed to the chipped flint implements of the preceding period and the bronze and copper implements of the following period. Agriculture, pottery, weaving, the domestication of animals, the burying of the dead in dolmens and mounds, and the raising of the megalithic monuments were the developments of man during this stage.

In Great Britain traces of Neolithic man are found in burial mounds. Evidence goes to show that inhumation often took place only after the corpse had been allowed to decay. This is attested to by the fact that cannibalism prevailed at that time. Most of the Neolithic bodies, however, were interred after cremation. No traces of metal are found in the burials with the exception of gold which was used for ornaments. All implements were made of polished stone or horn, and all weapons of polished stone or bone.

GIRL'S ADMIRER GUILTY OF THEFT

Stole Three Dollars While Calling on Youthful Sweetheart.

St. Thomas, April 12.—A fifteen-year-old youth from Yarmouth township appeared before Magistrate Maxwell and pleaded guilty to stealing \$3 from the residence of a local milk while calling on the owner's comely seventeen-year-old daughter. The young lady had left her admirer alone in the parlor for a few minutes and he had discovered the money secreted under the piano scarf. He told the court he was hard-up and could not resist the temptation. Magistrate Maxwell agreed to give the lad a chance to amend his ways and let him go on probation, with the understanding that he reimburse the girl's father his loss. Although the girl appeared as a witness against her lover, she expressed sympathy for him.

FAREWELL CONCERT.

The final concert by the party from the Melita, given in the Seaman's Institute last evening before a crowded house, was the best of the season. Every item on the programme received an encore and even then the audience were not satisfied. L. P. D. Tilley, K. C., was chairman and made a few graceful remarks at the beginning. The programme was composed of pianoforte solos, vocal solos, elocution, comic songs, monologues and banjo selections. Those taking part included George Beart, A. H. Gray, J. Davies, Mrs. K. L. Thomas, Billy Williams, M. G. McOllie, A. Wilson, J. Turner, Gil Davidson, E. Shingler and others. George Beart was accompanist.

SEVEN CITIES BUILT ONE ON THE OTHER

Amazing Discovery of Pennsylvania Archaeologists in Holy Land.

Philadelphia, April 12.—Presence of a civilization dating back to 1700 B. C. has been discovered at the site of Beisan, the Beth-Shan of the Bible, according to word received here from Dr. Clarence B. Fisher, head of the University of Pennsylvania archaeologists working in the Holy Land.

The reports stated that relics of this civilization were found in the seventh sub-cellar of the hill of Beisan, and that on top of it were piled in distinct strata six other cities or civilizations. However, extensive digging thus far has proceeded only to the third level, uncovering the remains first of an Arab city, below it a Byzantine community containing pretentious edifices, and below this the ruins of a Roman city.

The most important find was hieroglyphic stela of the fourteenth century as yet undeciphered. Dr. Fisher reported he hoped to find one or more of the iron chariots for which the place was famous in Biblical history.

The University of Pennsylvania has engaged in this sort of work since 1889, when the university museum was founded as the department of archaeology. This institution became the beneficiary of the results of four Babylonian expeditions which operated on the site of Nippur for extensive periods between 1888 and 1900.

The Temple of Bel, probably the oldest known edifice in the world, was brought to light in these investigations, and the collections of 20,000 clay tablets brought to this country made the university a shrine for delvers into ancient

Easter Draws Near

Never before has it been your opportunity to choose your spring outfit from such a quantity of lovely things to wear: Coats, Frocks, Wraps, Costumes, Blouses and Millinery all add to their share of interest and accessories of distinction give just the finishing touch you desire.

Fresh, New Undermuslins

You will find it a great satisfaction to choose from our large selection of new spring undergarments. Although the materials are of very fine texture and qualities, they are also real practical—they launder nicely and give excellent service.

Pale shades such as flesh, blue, Nile, honeydew, and orchid are in great demand for night gowns, pajamas, camisoles, chemise and the new two-piece suit of vest and knickers.

The Season's Bright Frocks

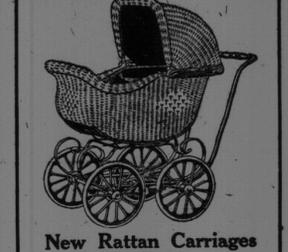

Perhaps no article of dress exemplifies spring as thoroughly as the new frocks. These do not depend entirely upon materials which you will see this season for the first time; materials which have proved their worth are here also.

There are Taffetas, Crepe Knits, Eponge, Canton Crepes, Crepe-de-chines and other handsome fabrics in the bright colors of popular demand or as subdued as you please. Preference still runs to straight line and long waisted effects. Periwinkle blue, orchid, canna, and pastel shades are much in favor, and frocks with capes to match are decidedly chic.

Women's Suits Have Greater Importance

One good reason why suits are more than usually important this season is because they are made in such a wide variety of styles. There are the new Tweed Suits which are ideal for sports wear or general uses; the plain tailored serges and tricotines that look well at any time; and the fancy box suits with trainings of embroidery and contrasting materials.

In our stocks you will find ample provision for women of stouter build.

New Rattan Carriages For Babies

Fresh air—plenty of fresh air every day in the year goes a long way toward keeping the baby healthy and happy; and baby will be comfortable indeed if allowed to sleep out doors in one of our comfortable rattan carriages.

Let us show you our assortment of carriages in various handsome styles. They are built with plenty of room for wrappings and are wide enough and high enough from the ground to protect a child from drafts and germ-laden dust. Springs are flexible and assure easy riding. Handles are of convenient height.

\$30.00 to \$55.00
(Furniture Store, Market Sq.)

Toilet Articles Are Among the Daintiest Of Gift Things

We can show you—
Fancy Vanity Cases with powder, rouge and mirror.
Toilet Waters of delicate fragrance.
Fancy Soaps and Brilliantine.
Talcums in sandalwood and other odors.
Cold Creams of various sorts.
Miniature Manicure Sets.

And there are other things, all of reliable, well known makes, any one of them very nice to own or to give as an Easter remembrance.

BOY DROWNED, FELL FROM WALL

Had Climbed on it in Order to Watch Some Other Lads Fishing.

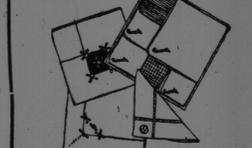

Galt, Ont., April 12.—Climbing over a fence to get onto a cement wall closing in the bulkhead feeding the waterwheels of the Yale Shoe Company, to watch some boys fishing, Cecil Dryden, the eight-year-old son of Mr. and Mrs. A. B. Dryden, 73 Wellington street, lost his balance, and falling into fifteen feet of water, was drowned.

The four-year-old sister of the boy ran across the street to where her father, a painter, was working, and told him of the accident. The lad had disappeared, and the firemen were called out, and within half an hour had recovered the body. The pulmonator was used in an effort to restore to life, but without results. This was the first drowning here this year, but news was obtained of a near drowning accident Saturday, when Eddie, four-year-old son of Mr. and Mrs. E. J. Petty, 4 River street, fell in the river near his home. Only the prompt action of Clifford Bricker, a seventeen-year-old youth, saved the lad from drowning. Bricker, without hesitation, jumped into the swollen stream and reached the drowning lad in the nick of time.

Gloves, Hosiery, Veils, Neckwear, Handbags, Handkerchiefs

These are the accessories that must be especially in keeping in order to make the Easter outfit a real success. You will find our stocks have been well chosen. Here you will see what is newest and most in demand in:

GLOVES, with plain or gauntlet wrists; fabric, suede, leather or kid.
SILK HOSE, plain, cloched or embroidered; also leather hosiery of various kinds.
VEILS and VEILINGS in most becoming meshes and colors.
NECKWEAR, including many smart broadcloth tuxedo collars.
HANDBAGS, in stunning shapes and colors to match spring wearables.
HANDKERCHIEFS, with the new wide hems or dainty colored borders.
(Ground Floor.)

Easter Clothes For Small Girls

All the clothing needs of girls up to 12 years are looked after in our children's shop.

Smart Spring Reefers with brass buttons and sleeve emblems; Gingham dresses including the new "Fidget Frocks" for tots; Sweaters in gay colors; Confirmation and Party Frocks; Dainty Hand-made Rompers in dimity and poplins. Many other garments, too, that you will like.

(Second Floor.)

Exclusively Attractive Easter Hats

Every woman will see to it that she has a spring hat ready for Easter. This won't be a hard thing to do if our stocks are depended upon for your needs. Styles of every type are included in our collection. Toques and sailors for wearing with tailored suits; flower trimmed affairs to wear for "dress up"; tweed hats for sports wear and other kinds you would really have to see to appreciate.

New models are being added all the time. We would like to have you come and try some of them on.

New Blouses to Complement Easter Suits

Most of all, blouses are needed this season to wear with suits or sports skirts. You will find the ideal blouse for this purpose among our stock of latest tailored models. These are fashioned from Crepe-de-chines, Jap Silks, or sheerest voiles and have convertible necks, tuxedo collars or youthful "Peter Pan" necks.

There are hand-made voiles among them. These are as dainty and attractive as you can imagine.

Lovely Big Bath Towels

We are ready to show you a nice assortment of these just now. They are bordered in pink, blue, and helio and make a very much appreciated Easter gift. There are Face Cloths to match if you wish them.

BATH MATS are showing in a very attractive range of patterns and colors.

Arbuckle Freed by the Jury

(Associated Press Despatch.)
San Francisco, Cal., April 12.—A verdict of acquittal was returned by a jury tonight in the third trial of Roscoe C. Fatty) Arbuckle on a manslaughter charge growing out of the death of Miss Virginia Rappe, motion picture actress. The jury was out six minutes.
The defendant was deeply affected. He received the verdict with a great sigh of relief. There was no demonstration, the court having warned against it. Mrs. Inna Durfee Arbuckle, the defendant's wife, cried quietly. Both she and Arbuckle shook hands with the jury. The verdict was by acclamation.
"Arbuckle has no immediate plans," Javina McNab, his chief counsel said. "It was a splendid victory."

"WILD MAN" GETS FREEDOM

Held in Pennsylvania is Identified By Brother From California.
Doyletown, Pa., April 12.—Roy Hecox, the Haycock Mountain "wild man," who is under arrest here on suspicion of having killed a constable twenty-two years ago, is on his way to Grass Valley, Cal., to work on his brother's fruit ranch. He was released from the Bucks county prison when his brother came here, made definite identification, and ferred his brother a job. They had not met since Roy wandered away from Tuen, Ariz., eleven years ago. Walter Hecox, the brother, before becoming a

Mrs. L. writes:

ST. JOHN A STATION IN WORLD-GIRDLING FLIGHT

Arrangements Completed for Attempted Air Trip Around the Earth By Two Australian Brothers, Sir Ross Smith and Sir Keith Smith, Starting From Croydon, Near London, on April 25.

(Canadian Press Despatch.)

London, April 12.—Arrangements have been completed for the attempted flight around the world to be undertaken by the two Australian brothers Sir Ross Smith and Sir Keith Smith. With an engineer they plan to start from Croydon near London on April 25.

The aviators expect to cover the 21,500 miles in 240 hours of actual flying. The time will be spread over a period of three months. They will use a flying boat fitted with wheels for alighting on land and propelled by an engine of 450-horse power. They intend to fly three consecutive days and rest every fourth day. The route will be by way of France, Cairo, Asia, China, Japan, across the Pacific Ocean via the Aleutian Islands, touching land southeast of Vancouver, thence to New York via Winnipeg, thence to St. John (N. B.), and then across the Atlantic.

BYNG WELCOMED

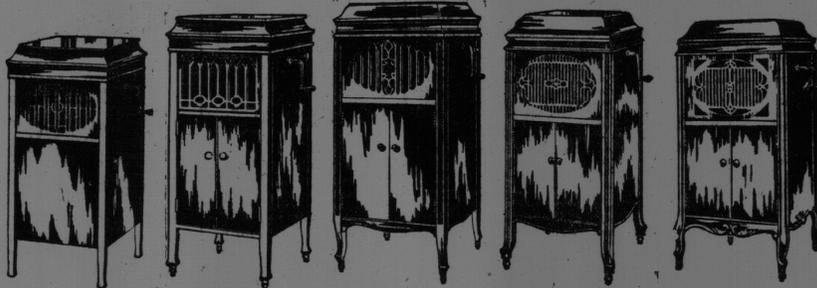

(Canadian Press Despatch.)
Niagara Falls, N. Y., April 12.—Mayor Maxwell M. Thompson, of this city, and Col. Fred D. Evans, commandant of Fort Niagara, welcomed Lord Byng, governor-general of Canada, and Lady Byng to United States soil today. The governor-general and his party crossed the suspension bridge at Lewiston in a special car and made the trolley trip through the United States gorge to this city, returning to Canada over the upper steel arch bridge. Because of inclement weather the ceremony of greeting the visitors in the middle of the bridge was abandoned.

TEN YEARS SINCE TITANIC WENT DOWN AND 1,500 DROWNED

Ten years ago tomorrow, the palatial Titanic, the largest ocean liner the world had ever seen, foundered between ten and eleven o'clock at night when the greater part of the Southampton to New York voyage had been completed. Of the 2,206 persons on board, more than 1,500 found a watery grave. The sinking of the Titanic stands supreme as the most terrible and sensational disaster in modern memory preceding the great war and even today, the name Titanic is synonymous with disaster.

Announcing

Reduced Prices On All New Models of the Brunswick Phonographs

SATURDAY morning at 9 a. m. a general price reduction on all new models of Brunswick Phonographs will go into effect. These new prices represent actual savings of \$10.00 to \$100.00 from the prices of TODAY. Although there has been an actual shortage of most models of the Brunswick for the past six months and the demand for some models still exceeds the supply, yet the Brunswick Company are making this big price reduction NOW for the sole purpose of maintaining the Brunswick as the—

Greatest Phonograph Value in Canada

We have just received, from the factory, our stock of the beautiful new Brunswick Models in order to acquaint the public with their unusual value, exclusive features, new designs, and call attention to the price reductions we have combined to feature this as "Brunswick Week" in our stores.

During this entire week we will present, in our stores, a—

Special Floor Exhibit

—at which will be revealed all the exclusive features of the Brunswick that have combined to make it "All Phonographs in One." Here will be explained to you, in detail the principles of Brunswick Reproducing methods, including the Ultona, All-Wood Oval Horn, Tone Control, Motor, Cabinet, Construction, etc. Don't fail to visit this exhibit and learn why the Brunswick is superior. Whether or not you wish to purchase, you are invited to attend and should find it very interesting.

\$10 CASH

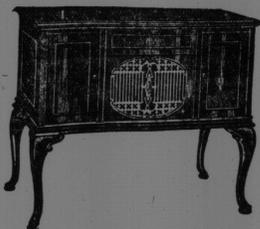

\$10 Will Place ANY Brunswick Phonograph in Your Home

To insure the success of Brunswick Week and make it the biggest in our history; to make the price reductions doubly effective and to spread the popularity of Brunswick ownership, we are going to make a remarkably liberal offer through which \$10.00 CASH will place any Brunswick Phonograph in your home.

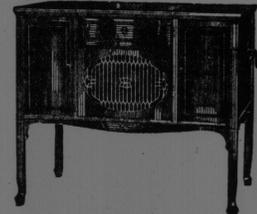

The balance of the usual first payment need not be paid for 30 days and we will extend one entire year to complete payment. This will make it possible for any family—every family who wants real music in the home to take advantage of these price reductions and secure a beautiful new model of Brunswick NOW. There are no strings or restrictions to this offer. It is genuine. But it is limited to this One Week Only.

C. H. TOWNSHEND PIANO COMPANY

Four Blocks are Added to First Fire District

Amendment to By-Law Passed By Council, on Vote of Three to Two, as an Emergency Measure—Includes Area Between Charlotte and Sydney Streets From King to Queen Squares—Action Due to Plans for Wooden Addition to Hotel.

As a result of a dispute between the provincial fire marshal and the city officials on one side and the owners of the Dufferin Hotel on the other, and as a means to cope with the situation which had arisen, a by-law was passed at a meeting of the common council, held yesterday afternoon, changing the boundaries of the first and second fire districts in the city proper.

Commissioner Thornton explained that on March 29 the building inspector, James Carleton, had issued a permit to the Dufferin Hotel owners to erect a sample room in Charlotte street, and on April 8 he had notified them not to proceed further with the construction of the building. As they had continued work on the new building, he had cancelled the permit.

The council arose and went into committee and heard B. L. Gerow, who was present on behalf of the owners of the building. He maintained that they had not violated any law, and that the city had no right to cancel any action taken under a by-law unless something had been done in violation of the by-law.

Commissioner Thornton said that Inspector Carleton undoubtedly had made a mistake in issuing the permit. He had consulted with the city solicitor concerning the city's liability for damages in this case.

The Council Divides. After a further discussion of the proposed by-law Commissioner Thornton moved that it be adopted. This was seconded by Commissioner Frink and Commissioner Jones.

The New By-Law. The by-law follows: "Whereas by an act of the general assembly, passed on the twentieth day of March A. D. 1913, entitled 'An act for the better prevention of conflagrations in the City of Saint John,' the common council of the city of Saint John was authorized from time to time, by by-law or ordinance, to alter the districts into which the city is divided by the Act 41 Vic. C. 6, as amended by the Act 1 Edward 7, C. 63, and make new districts in lieu thereof.

"Be it ordained, by the city of Saint John in common council convened, as follows: "The boundaries of the first district and the second district, as fixed by by-law entitled 'A law to alter certain building districts within the city of Saint John,' passed on the twenty-first day of April A. D. 1913, are hereby amended by transferring to the first district that portion of the second district described as follows: Beginning at a point at the middle of Sydney street opposite the middle of the street on the north side of King square, thence southwardly along the middle of Sydney street to a point opposite the middle of the street on the south side of Queen square, thence westwardly along the middle of the street on the south side of Queen square to the middle of Charlotte street, thence northwardly along the middle of Charlotte street to a point opposite the middle of the street on the north side of King square and thence eastwardly along the middle of the said street on the north side of King square to the place of beginning.

"From and after the passing of this by-law no building shall be erected within the area herein described contrary to the laws and regulations for construction of buildings in the first district, notwithstanding any permit heretofore made by the inspector of buildings.

"And be it further ordained that, in view of the preparations for construction of a wooden building within such area, contrary to the laws governing the construction of buildings in the first district, it is hereby declared that the passage of this by-law is urgent for the immediate preservation of the public safety and public peace and the same shall go into effect and operation forthwith."

DO YOU SMOKE TOO MUCH?

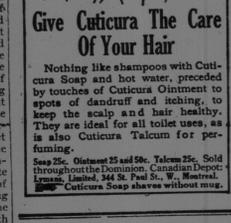

There are many men on whose heart and nervous system tobacco produces the most serious results. It causes palpitation, pain in the heart, irregularity of its beat, makes the hands tremble, sets the nerves on edge, causes shortness of breath, and loss of sleep.

To counteract this demoralizing influence on the heart and nerves there is no remedy so equal as

MILBURN'S HEART AND NERVE PILLS. They make the heart beat strong and steady, restore tone and vigor to the nerves, and remove all the evil results caused by the tobacco.

Mr. Frank Lutes, 71 Terrace Hill St., Brantford, Ont., writes: "I had been troubled with palpitation of the heart for a number of years, and by spells it would stop me a lot. The doctor told me it would stop me on some times if I did not cut out tobacco. When I would get a spell my heart would pound, and I would break out in a perspiration, and get so weak I would have to sit right down and quit my work; also in the night I would wake up, and my heart would be going, I should say, about 120 beats a minute. About three years ago I got a box of Milburn's Heart and Nerve Pills, took them, and found that they had gained me 20 pounds in weight."

Price, 50c a box at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

Give Cuticura The Care Of Your Hair

Nothing like shampoos with Cuticura Soap and hot water, preceded by touches of Cuticura Ointment to spots of dandruff and itching, to keep the scalp and hair healthy. They are ideal for all toilet uses, as is also Cuticura Talcum for perfuming.

Nothing like Musterole for a raw, sore throat rub on a little Musterole with your fingers. It goes right to the spot with a gentle tingle, loosens congestion, draws out excess mucus, soothes the inflamed membrane. Musterole is a clean, white ointment made with oil of mustard. It has all the strength of the old-fashioned mustard plaster without the blister.

ECZEMA ON FACE AND HEAD FOR FIVE YEARS

Eczeema or salt rheum, as it is so often called, manifests itself in little round pimples which contain an extremely irritating fluid. These break and subside, leaving a crust or scale is formed and the itching, burning, itching and smarting, especially at night or when the part is exposed to a strong heat, is almost unbearable and relief is gladly welcomed.

There is only one way to get relief and no remedy like

BURDOCK BLOOD BITTERS. Take it internally and it gets at the seat of the disease in the blood and drives it out of the system. Apply it externally and it takes out the itching, stinging and burning, and promotes healthy healing.

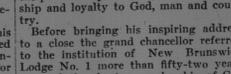

Mr. J. Sage, 215 Princess Ave., Vancouver, B. C., writes: "Having suffered with eczeema on the face and head for the last five years, I consulted several doctors, and tried various kinds of salves and lotions, but I derived no benefit from any of them. I did not know what to do until a friend advised me to try Burdock Blood Bitters, and after I had used two bottles I began to get better and now after taking eight bottles I have not even a blotch on me. I feel that I cannot praise B. B. B. too highly. I hope you will make full use of this recommendation for the benefit of those who are suffering from this terrible complaint, eczeema."

R. B. B. put up only by The T. Milburn Co., Limited, Toronto, Ont.

For Raw Sore Throat

At the first sign of a raw, sore throat rub on a little Musterole with your fingers. It goes right to the spot with a gentle tingle, loosens congestion, draws out excess mucus, soothes the inflamed membrane.

Nothing like Musterole for croupy children. Keep it handy for instant use. ALL DRUGGISTS BETTER THAN A MUSTARD PLASTER

BEAUTY OF THE SKIN

is the natural desire of every woman, and is obtainable by the use of Dr. Chase's Ointment. It removes all roughness and redness of the skin, restores the complexion to its natural beauty, and the skin is left soft, smooth and velvety.

Dr. Chase's Ointment

Gray hair, however handsome, denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray and looks streaked, just a few applications of Sage Tea and Sulphur enhances its appearance a hundred-fold.

GIN PILLS FOR THE KIDNEYS

THE WORLD'S BEST REMEDY FOR ALL KIDNEY AND BLADDER TROUBLES

SAGE TEA KEEPS YOUR HAIR DARK

It's Grandmother's recipe to bring back color, youthfulness and lustre—Everybody is using it again.

Gray hair, however handsome, denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray and looks streaked, just a few applications of Sage Tea and Sulphur enhances its appearance a hundred-fold.

Don't stay gray! Look young! Either prepare the recipe at home or get from any drug store a bottle of "Weyth's Sage and Sulphur Compound," which is merely the old-time recipe improved by the addition of other ingredients. Thousands of folks recommend this ready-to-use preparation, because it darkens the hair beautifully, besides, no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears, after another application or two, its natural color is restored and it becomes thick, glossy and lustrous, and you appear years younger.

MARKED DECREASE IN APPLICATIONS FROM DESTITUTE

A marked decrease in the number of cases applying for relief was noted in the reports submitted at the meeting of the Associated Charities held yesterday afternoon in the Bible Society rooms, Germain street. It was felt that the worst of the winter distress had passed and that, with the commencement of building operations and of other construction work, there would be less unemployment with which to cope.

Cases of sickness, however, were still fairly numerous. The meeting was presided over by Dr. David Hutchinson. A resolution of sympathy was extended to Mrs. F. E. Marvin in her recent bereavement. Delegates to the Local Council of Women appointed at the meeting were Miss Grace O. Robertson and Miss Stella Payson.

Miss Robertson's report, as secretary, gave the following statistics: applications received, 141; requests for employment, 84; employment found for, 261; relief provided for, 18; visits made, 10; clothing given, 8; cases investigated, 10; asking transportation, 8. The number of cases seeking relief was about one-third less than it had been the previous week.

The secretary reported on several cases that are being dealt with. In two cases the men had found work and in other cases, where the head of the family was sick, it was decided to continue to give relief.

W. M. S. "AT HOME"

The annual Easter "at home" of the W. M. S. of the Fairville Methodist church was held yesterday afternoon at the parsonage, with Mrs. O. D. Hanson presiding. The programme opened with devotions followed by a duet by Miss Selma Ryan and Miss Townsend. Mrs. F. A. Worrell gave a reading entitled "The Easter Thank-offering," announcing that the thank-offering of the L.S.M. auxiliaries in the dominion would be applied to regular missionary work; the thank-offering of the 518 circles to the creation of a suitable kindergarten in Japan, and the thank-offering of the 886 bands would go to the work for new Canadian girls and boys.

Hayes gave a reading, "The joy of giving." The Easter envelopes were opened and were found to contain \$38.75, a very satisfactory sum. The hostesses, Mrs. M. Rice, served refreshments and a pleasant social hour was enjoyed. There were twenty-six members and friends present at the meeting.

SERVICES CLOSE

The evangelistic campaign which has been held in the Waterloo street Baptist church, conducted by the pastor Rev. J. A. Sweetnam, closed with great success last night. A large congregation was present, and the pastor gave an address on the subject, "What is your life?" At the after-meeting 1000 took part and three offered themselves for baptism and church membership. The entire campaign has been one of great uplift to the church and the congregation is looking forward to the coming Sabbath when the converts will be baptized.

FRECKLE-FACI

Sun and Wind Bring Out Ugly Spot How to Remove Easily.

Here's a chance, Miss Freckle-face, to try a remedy for freckles with the guarantee of a reliable concern that it will not cost you a penny unless it removes the freckles; while if it does give you clear complexion the expense is trifling. Simply get an ounce of Othine—double strength—from any druggist and a few applications should show you how easy it is to rid yourself of freckles, freckles and get a beautiful complexion. Rarely is more than one ounce needed for the worst case.

Be sure to ask the druggist for double strength Othine as this strength is sold under guarantee of money if it fails to remove freckles.

"If I Could Only Sleep" SLEEP is the greatest of nerve restoratives. But unfortunately when the nerves are greatly excited or exhausted you cannot sleep, and nervous energy is wasted at a terrible rate by day and by night.

Dr. Chase's Nerve Food does not produce sleep in a narcotic way, but it does overcome sleeplessness by restoring the vigor and vitality of the nervous system.

For this reason it is Nature's greatest aid in restoring health and vigor to a worn-out, nervous system, no matter whether this condition is the result of overwork, worry or disease.

This well-known nerve restorative has made more

friends through its ability to overcome sleeplessness than perhaps for any one reason. There is no keener misery than inability to sleep and the added worry of knowing that you are fast becoming a bankrupt so far as physical and nervous energy is concerned.

Should you be so unfortunate as to suffer from sleeplessness and other symptoms of nervous exhaustion you will appreciate to the full the gentle and potent power of Dr. Chase's Nerve Food as a means of building up the nervous system to health and vigor.

Dr. Chase's Nerve Food, 50c a box, all dealers or Edmanson, Bates & Co., Ltd., Toronto.

ASPIRIN

WARNING! Say "Bayer" when you buy Aspirin. Unless you see the name "Bayer" on tablets, you are not getting Aspirin at all. Why take chances?

Accept only an "unbroken package" of "Bayer Tablets of Aspirin," which contains directions and dose worked out by physicians during 22 years and proved safe by millions for

Colds, Headache, Rheumatism, Toothache, Neuralgia, Neuritis, Earache, Lumbago, Pain, Pain

Handy "Bayer" boxes of 12 tablets—Also bottles of 24 and 100—Druggists. Aspirin is the trade mark (registered in Canada) of Bayer Manufacture of Monoclonalacetate of Salicylic Acid. While it is well known that Aspirin means Bayer manufacture, to assist the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross."

meeting were Miss Grace O. Robertson and Miss Stella Payson. Miss Robertson's report, as secretary, gave the following statistics: applications received, 141; requests for employment, 84; employment found for, 261; relief provided for, 18; visits made, 10; clothing given, 8; cases investigated, 10; asking transportation, 8. The number of cases seeking relief was about one-third less than it had been the previous week.

How Many Pounds Will You Gain

On Your First Package of IRONIZED YEAST?

Do you need more flesh? Are you pale, lacking in energy—or is your complexion blemished by humbling pimples, blackheads, or boils? If so, simply go to your druggist's and get a package of IRONIZED YEAST tablets. Take these remarkably effective tablets—two with each meal. Then watch the results! Very likely you will be actually astonished at the improvement shown in you even after the first 48 hours. For IRONIZED YEAST embodies a remarkable new scientific process—a process which enables yeast to bring its splendid results often in just half the usual time!

Movie Beauty Gains 10 1/2 Pounds in 22 Days. In an IRONIZED YEAST test, conducted under the supervision of a registered physician, Miss Dorothy Payne, pretty movie actress and artist's model, gains 10 1/2 pounds in 22 days.

Nov. 10 Dec. 2 Weight 105 115 1/2 Bust 38 31 1/2 Calf 19 13 Arm 9 1/2 10 Neck 12 1/2 12 3/4

How the Process of Ironization Makes Yeast Doubly Effective

While Science admits that yeast is of wonderful value in building flesh, clearing the skin, and increasing energy, it is found that yeast alone is not enough to bring 100 per cent results. For while yeast contains certain vital elements—lacking in diet, yet essential to health—experiments prove that some other agent is needed in order to quickly CONVERT these important yeast elements into new firm tissue, energy and health.

Everyone knows the great value of iron in changing our food into living cells. So working on this problem, our scientists finally discovered the amazing process of ironization—the scientific process which enables you to derive from yeast ALL of the wonderful benefits it holds for you.

The Only Yeast that is Genuinely Ironized

This remarkable process of ironization is embodied ONLY in IRONIZED YEAST, the one scientifically correct yeast treatment. IRONIZED YEAST is superior, therefore it is widely imitated. You are cautioned against accepting cheap inferior imitations, which in most cases are merely mixtures of ordinary yeast and iron. Always insist upon the genuine IRONIZED YEAST. It is the only way you can be sure of getting the best.

Money Back Guarantee

IRONIZED YEAST is sold at all dealers on our positive guarantee of satisfactory results from the first package—or your money instantly refunded. Get IRONIZED YEAST today. \$1.00 a package.

THE FIRST STEP TOWARDS A CIVIC CLEANING-UP DAY

Common Council Receives Communication From the Board of Health Asking For City's Co-operation - Weekly Meeting Held Yesterday.

At a meeting of the common council, held yesterday afternoon, considerable business was transacted. An application was received from Robert M. Miller asking...

It's good taste and good sense to insist on Dent's

The DENT'S dome on a glove is the badge of good service.

Dent's Gloves - Kid, Cape, Wool and Fabrics are sold everywhere.

ing to be appointed a lumber surveyor and, on motion of Commissioner Thornton, it was passed, providing that he enter into the proper bonds. An application from F. W. Kelly to restore a gasoline tank in his property in Leinster street was referred to the commissioner of public safety.

A communication was received from Walter Bailey of 212 Millidge avenue asking that he be reimbursed to the amount of \$150 for damages he alleges were sustained to his property by blasting operations carried on by the city. The matter was referred to the commissioner of public works to report back.

A notification was received from E. P. Howard, secretary of No. 1 Fire and Salvage Corps regarding the appointment of J. M. Fraser and James Stirling as members. On motion of Commissioner Thornton, it was decided to ratify their appointment and have them duly sworn in.

A communication was read from James Leary, district commissioner for Stanley ward, asking for \$100, a part of the amount due him for services rendered. On motion the request was granted.

A communication was received from T. M. Burns, secretary of the sub-district of the Board of Health regarding the city naming a day about the middle of May for a general cleanup throughout the city. Commissioner Frink said that he would have to get a special appropriation for this and, on motion, had the matter left over until he could consult the Board of Health.

An application was received from R. J. B. Patchell asking for permission to install a gasoline service station in his property off Douglas avenue, having two tanks with a capacity for 1,175 gallons of gasoline. The matter was left over until the commissioner of public works had an opportunity of looking over the plans and ascertaining if they would interfere with traffic.

Commissioner Frink reported that in last January he had received an appropriation for \$1,100 for the purpose of purchasing three horses for his department. He said they had purchased three horses for \$890 and asked to have the purchase confirmed.

The commissioner of public works also reported on tenders he received for 175 tons of asphalt. He had two under consideration, one from the Carritte-Patterson Mfg. Co. Ltd., and another from the Imperial Oil Company. He said that the samples received from both were acceptable, but moved that the tender of the Carritte firm be accepted at \$28 a ton, or two dollars less than the next lowest tender. Mayor Schofield announced that a tender from J. & A. McMillan had been accepted for printing the civic reports.

LARGE ARTIC OWL SHOT IN CITY STREET A large white owl was shot by William T. Donaldson in Toronto recently. The bird known as an Arctic owl, was

Children love Horrockses FLANNELETTE

Let the youngsters pick out the Flannelette for their winter Nighties and Pyjamas. They will take as much delight in fingering and patting the soft material as grown-ups do in handling rich fabrics and laces.

HORROCKSES' Flannelette comes in a great variety of colors and patterns. Sister will pounce joyfully on the snowy white or dainty pink, and little Brother will immediately spy a stripe which is "just like Daddy's Pyjamas."

Be sure and get HORROCKSES'. This sturdy Flannelette is built to stand the hard use and many washings that it invariably gets, and it retains its softness, colour and warmth as long as it lasts.

For name of the nearest store where procurable, write JOHN E. RITCHIE, Canadian Agent, 591 St. Catherine Street, W., Montreal. Branches: Toronto and Vancouver.

Made by HORROCKSES, CREWDSON & CO., LIMITED Cotton Spinners and Manufacturers - Manchester, England.

LOOK FOR THE NAME HORROCKSES ON THE SLIVERIDGE

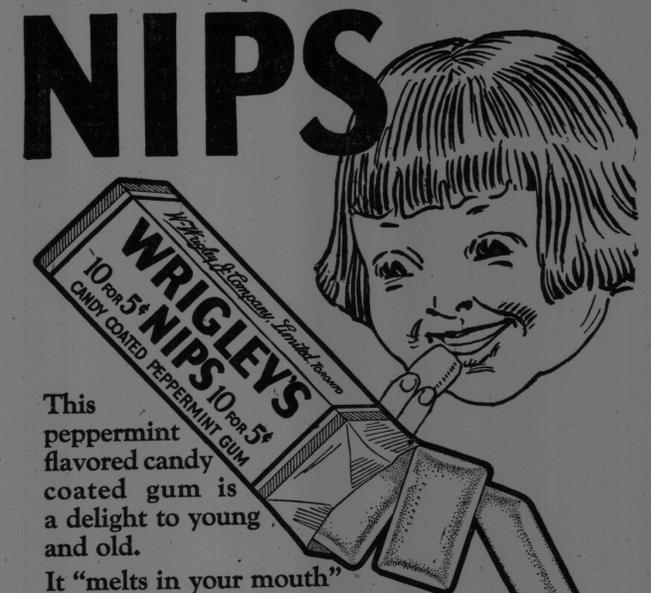

perched on the ridge of a pole on the side of the street opposite from the Donaldson home. While a number of people gathered around staring at the bird, Mr. Donaldson brought out a .22 rifle and fired. After the first shot the owl flew a distance of about 60 yards, when it collapsed and fell dead on the C. P. R. tracks.

A number of boys, who knew it had been shot by Mr. Donaldson, brought the owl to his home. Donaldson last night stated that the owl stood two feet

in height, and measured four feet from tip to tip of its wings when these were spread out. It is the intention of Mr. Donaldson to have the owl stuffed.

LOCAL NEWS

BIRTHDAY GATHERING.

About thirty friends gathered last evening at the home of Mrs. J. D. MacKenzie, 26 Thorne avenue, in honor of her birthday. The evening was spent in games and music.

BANK CLEARINGS.

St. John bank clearings for the week ended today were \$2,613,225; last year, \$2,784,001; in 1920, \$3,772,937. The Halifax clearings this week were \$3,881,142; the Moncton figures \$1,507,417.

L. O. G. T. BOWLERS.

In the I. O. G. T. League last night Dominion Lodge took all four points from the District. Also at Black's the two girls' teams rolled and No. Surrender girls took all four from the Thorne Lodge girls. Dominion and Thorne Lodge will roll on Monday night. After the game there will be a meeting of the executive of the league.

ONE OR OTHER.

Regarding a question whether there can be such a thing as independent amateurs in sport, President A. W. Corey, speaking for the A. A. U. of C., replies emphatically in the negative. The result of yesterday's discussion of the maritime branch settles the question, and Mr. Corey says that players must be classed either as amateur or as professionals. There is no middle ground.

POND OVERFLOWS.

The attention of Commissioner Frink was called today by the board of health to a pond in Chesley street which holds the drainage from the water shed in that locality. The outlet from this pool, which passes under the street, had become blocked with the result that the water was flowing across the roadway. The commissioner planned to give the matter attention today.

BURIED TODAY.

The body of Miss Elizabeth Graham Hayes was brought to the city today from Ottawa. The funeral was held from Trinity church to Fernhill. Rev. R. A. Armstrong conducted service.

WILL RUSH TO TRIAL THE 262 HELD AS BANDITS

New York District Attorney Will Present Calendars on Monday in Ten Courts.

District Attorney Banton of New York has announced that his first move to check crimes of violence in this city in compliance with his promise to Governor Miller would be made on April 17, when he would present calendars in ten parts of the criminal courts for the immediate arraignment of 262 prisoners accused as hold-up men, gunmen and burglars now awaiting trial on indictments.

Sixty of the men now awaiting trial, he added, were out on bail, and the balance were in the Tombs. Crimes of violence will have the right of way in the courts until the calendars are cleared, he added. On the day set for the presentation of the calendars, he explained, there will be seven parts of General Sessions and three parts of the Supreme Court available for the trial of such cases.

"As soon as these calendars are cleaned up," Mr. Banton continued, "we'll begin the presentation of the new cases of the kind on which indictments have been presented in the interim. As fast as persons are indicated for robbery, burglary and carrying pistols they go to trial. There won't be a day's delay when we have the calendars cleared."

"After we have cleaned up the indictments charging crimes of violence we'll get down to the less urgent cases, such as forgery, bucketing and ordinary larceny. It felt it was necessary to put aside the trial of all such cases as a matter of public safety. We've got to clean up the robber and the gunman and the burglar, I consider the armed burglar as great a menace to society as the hold-up man. When we have rid the calendars of all such cases I shall feel that we have done a good work."

"My move is not going to become popular among the criminal element of the city, but I feel that if I can increase the population of the state prisons within the next few months the hold-up man, the burglar and the gunman will understand that New York is not the place for them."

Mr. Banton said it was expected that eventually another part would be added to General Sessions. The delay in starting that part was due to the inability to find quarters for one of the new parts made possible when Governor Miller signed the bill several days ago creating two new judges and appointing former Judge Marris Koeling and former Assistant District Attorney Robert S. Johnson to the bench.

"I cannot tell how long it will take to clean up the present calendar of cases of crimes of violence," he added Mr. Banton.

"It does not take long to try the ordinary hold-up, burglary and gun-toting case, however. What we want above all things is convictions when the accused is palpably guilty."

LARGE ORDER FOR ROLLING STOCK

New York, April 13.—Announcement was made by the New York Central lines yesterday that the road had placed an order for 16,000 freight cars and seventy-five switching locomotives. Road officials declared this to be the largest equipment order placed by a United States railroad this year.

NO TIMES ON GOOD FRIDAY

The Evening Times will not be published tomorrow, Good Friday.

GOOD HOME FOUND FOR STOWAWAYS

Youths Attract Police Court Magistrate and Officials and They Will Go to Farm.

Magistrate Ritchie has had occasion to deal with a considerable number of stowaways this winter but he has probably never dealt with any in quite the same manner as he did with two young lads brought before him yesterday morning from the Canadian Navigator. The boys were charged with stowing away from Glasgow and under ordinary circumstances would have been taken back to Scotland by the vessel on her return but His Honor was struck by their honest appearance and clean, straightforward way of talking and made special efforts to see what could be done in the way of securing them a good home. With the aid of the detective department a place was found on a farm where the boys could be together in a good home and have a chance to learn something to make them valuable residents of the country. They will be sent to this farm as soon as transportation can be arranged and will have the good wishes of the members of the force who have come in contact with them and who speak nothing but good of the lads and their actions and manners.

The boys were both residents of Glasgow, one being older than the other. They were both a few years ago from Belfast, Ireland. They had chummed together some while in the Old Courser and decided to make the trip to Canada together. When they expressed a wish to stay with each other in this country it was felt that this would be the best plan and that they would probably respond to changed conditions better than if they were alone in homes which, no matter how good, would seem strange at first, so a special effort was made and they were found a place together. One of them had had some farming experience and the other had driven horses for a time so they feel ready to make good on the farm.

They were only twenty-four hours out when they were discovered and set to work on the ship, one of them in the saloon and the other on deck. On their arrival here they were turned over to the police for safe keeping. They were clean, manly looking young fellows and talk in a frank way that leaves no doubt in the minds of the listeners as to their honesty. It is felt that the farmer who is offering to take them in will be repaid in loyal service.

HOLY THURSDAY AT CATHEDRAL

Several visiting priests assisted at pontifical high mass celebrated in the Cathedral of the Immaculate Conception this morning, Holy Thursday. During the mass the holy oils were blessed. His Lordship Bishop LeBlanc was the celebrant, and he was assisted by the following priests: Rev. Dr. W. E. Guerin, president of St. Joseph's College, high priest; Rev. Wm. M. Duke, deacon; Rev. William Hannigan, Petererville, sub-deacon; Rev. Francis Walker, Riverside, and Rev. Simon Oram, singers; Rev. Raymond McCarthy, Rev. Harold Coughlan, St. Martins, and Rev. H. Ramsay, deacons of the oils. Rev. A. P. Allan was master of ceremonies.

The visiting clergymen will remain in the city for the rest of the Holy Week services, which include tenebrae this evening and Friday evening and the Mass of the Pre-Sanctified which will take place at 10 o'clock tomorrow morning.

After the mass this morning the Blessed Sacrament was carried in procession to the repository in the Virgin's Chapel, there to remain until tomorrow morning. All night public adoration will be carried out, and a guard of honor from the Holy Name Society will be present in relay.

WILL SAIL FROM ST. JOHN THIS WEEK

When it was decided to hold an International Science Conference at Rome in May of this year the national committee of Canada appointed five delegates, three of whom are being sent to the conference by their respective departments in the dominion government service. These are Dr. Otis Kidder, director of the dominion observatory, representing astronomy; Dr. E. Deville, surveyor-general; and Dr. W. Bell Dawson, superintendent of the tidal and current survey, department of the naval service, Ottawa.

Dr. Dawson, who, besides being a delegate to the conference, is also president of the Section of Physical Oceanography of the national committee of Canada, International Union of Geodesy and Geophysics, will sail for Rome, via Liverpool, on the Canadian Pacific Melita from St. John on April 15. He is accompanied by Mrs. Dawson.

WILLS IN PROBATE

In the probate court the last will of Edward C. Elkin was proved, personality \$6,340, and his widow and two sons, Stanley A. and Bayard C. Elkin, appointed executors. C. F. Sanford was proctor. The estate was left within the family.

J. Hunter White was sworn in as executor under the will of Mrs. Mary A. White, personality \$18,000. Public bequests in the will were: \$200 to trustees of Centenary Methodist church, \$100 to the Women's Missionary Society, \$200 to the Y. M. C. A., and \$100 to the Protestant Orphanage. W. G. Smith was proctor.

Chair Douglas was sworn as executor under the last will of James M. Denton, personality \$1,980. S. W. Palmer was proctor.

The estate of John H. Walker was probated at \$12,199.75 personality and \$170 realty. With the exception of \$200 to the Salvation Army, the bequests were private. W. C. Broadbent was proctor.

Edward A. Hoyt was sworn as executor under the will of James A. Hoyt, personality \$4,688. Dr. J. R. Campbell, K. C., was proctor.

LENINE TO BE AT GENOA CONFERENCE

Replace Chitcherin at Later Stage of Negotiations.

Poincare of France Also, is Report—Russian Position on Financial Guarantees—Delegates Rush Work and Ignore Society Functions.

(Canadian Press Cable.) Genoa, April 13.—N. Lenin, Soviet premier, will come to Genoa to replace George Chitcherin as the Russian delegation member at the economic conference...

The meeting of the commission on Russia has been postponed to tomorrow, Mr. Chitcherin awaiting instructions from Lenin, at Moscow, with whom he is in direct communication.

London, April 13.—The Russians at Genoa will give all the financial guarantees demanded in the programme prepared by the allied experts, but flatly refuse to accept the clause providing for tribunals to fix responsibility, says a Genoa message to the Exchange Telegraph.

The Bolshevik Courts. Genoa, April 13.—Belief was expressed by some of the economic conference delegates yesterday that the Bolshevik courts would be one of the greatest obstacles to settlement of the Russian question.

Genoa, April 13.—Even Good Friday will not be a holiday for the delegates to the conference, as at least three sub-commissions are to meet on that day.

People who were here to enjoy the lighter side of the conference have been keenly disappointed, as there is no lighter side to the proceedings.

Paris, April 13.—It became known today that Premier Poincare is opposed to the holding of a meeting of the allied supreme council in Genoa to consider Germany's reply to the reparations commission's rulings on the question of a partial moratorium.

London, April 13.—(Canadian Press.) Board of Trade returns just published show that in March the wholesale prices fell 1.2 per cent. compared with the February figures.

Frederick Markets. Gleaner, Wednesday—Butter, 85c.; eggs, 30c.; veal, 7c. to 12c.; beef, 6c. to 10c.; pork, 16c. to 20c.; green beans, 20c.; smoked hams, 20c.

To Wed in Jamaica. Frederick Gleaner—Miss Anna Gibson, daughter of Mr. and Mrs. Robert McDougall Gibson, of Outremont, Montreal, left on Saturday evening for New York, whence she is to sail on April 19 for Kingston, Jamaica, where her marriage to William Stanley Lockhart, of Montreal, is to take place on April 24.

Wholesale Prices in England Down in March. London, April 13.—(Canadian Press.) Board of Trade returns just published show that in March the wholesale prices fell 1.2 per cent. compared with the February figures.

Notices of Births, Marriages and Deaths, 50 cents.

BIRTHS. LINGARD—On April 13, 1922, to Mr. and Mrs. S. W. Lingard, 38 Charles St., a daughter, 12 lbs.

DEATHS. CLARKIN—In this city on the 12th inst. Agnes, daughter of the late Philip and Margaret Clarkin, leaving three brothers and two sisters to mourn.

ROBBER, FATALLY SHOT, CARRIED OFF IN SACK. "Mike, the Burglar," Wounded in Salford Raid, and His Companions are Captured.

New York, April 13.—Frequent hold-ups near his saloon at 231 West street caused Tony Renali several days ago to place a pistol near the cash register.

Renali was reporting the hold-up over the telephone to the Beach street station when Detective Sergeant Londrigan and Collins saw two men start to carry what appeared to be a well-filled pocket sack into the tenement house at 6 Renwick street, a short distance from Renali's saloon.

People who were here to enjoy the lighter side of the conference have been keenly disappointed, as there is no lighter side to the proceedings.

Paris, April 13.—It became known today that Premier Poincare is opposed to the holding of a meeting of the allied supreme council in Genoa to consider Germany's reply to the reparations commission's rulings on the question of a partial moratorium.

London, April 13.—(Canadian Press.) Board of Trade returns just published show that in March the wholesale prices fell 1.2 per cent. compared with the February figures.

Frederick Markets. Gleaner, Wednesday—Butter, 85c.; eggs, 30c.; veal, 7c. to 12c.; beef, 6c. to 10c.; pork, 16c. to 20c.; green beans, 20c.; smoked hams, 20c.

To Wed in Jamaica. Frederick Gleaner—Miss Anna Gibson, daughter of Mr. and Mrs. Robert McDougall Gibson, of Outremont, Montreal, left on Saturday evening for New York, whence she is to sail on April 19 for Kingston, Jamaica, where her marriage to William Stanley Lockhart, of Montreal, is to take place on April 24.

Wholesale Prices in England Down in March. London, April 13.—(Canadian Press.) Board of Trade returns just published show that in March the wholesale prices fell 1.2 per cent. compared with the February figures.

Notices of Births, Marriages and Deaths, 50 cents.

BIRTHS. LINGARD—On April 13, 1922, to Mr. and Mrs. S. W. Lingard, 38 Charles St., a daughter, 12 lbs.

DEATHS. CLARKIN—In this city on the 12th inst. Agnes, daughter of the late Philip and Margaret Clarkin, leaving three brothers and two sisters to mourn.

DIES INSPECTING HIS NEW HOME

Joseph Frazee Stricken While Viewing Apartments Into Which He was to Move.

The death of Joseph Frazee of 16 Middle street, West St. John, occurred suddenly this morning about ten o'clock while he was with his wife inspecting a house at 28 Charles street, into which they had expected to move on May 1. Mr. Frazee, who was seventy years of age, had apparently been in the best of health up to the time when he entered the house, and his sudden death came as a great shock to his wife and some friends who were with him.

James McGowan returned to the United States, where he has lately been undergoing treatment for ill-health. He is considerably improved and hopes to be able to resume active practice within a few weeks.

George J. Black, M. P. for Yukon, arrived here this afternoon to spend the Easter recess with his cousin, J. D. Black. Mr. Black was in attendance at the session of the Dominion House of Commons. He is a former Frederickton man, but resided in the Yukon and British Columbia for the last twenty-five years. He had overseas service and for a time was commissioner for the Yukon.

Dr. W. Ross returned home today from the United States, where he has lately been undergoing treatment for ill-health. He is considerably improved and hopes to be able to resume active practice within a few weeks.

George J. Black, M. P. for Yukon, arrived here this afternoon to spend the Easter recess with his cousin, J. D. Black. Mr. Black was in attendance at the session of the Dominion House of Commons. He is a former Frederickton man, but resided in the Yukon and British Columbia for the last twenty-five years. He had overseas service and for a time was commissioner for the Yukon.

HEINZ OVEN BAKED BEANS with Tomato Sauce

SHOWS DEFICIT OF \$264,783

Half for 1920, Half for 1921 in Western Presbyterian Church.

Toronto, April 13.—The budget statement issued yesterday by Robert Laird, treasurer, shows that the expenditure of the Presbyterian church, western section, for the year ended December 31, last, exceeded the receipts by \$182,978. When to this is added the net deficit for 1920 of \$81,813, the accumulated deficit on the whole budget at the end of 1921 is \$264,786.

Receipts totalled \$1,467,947 and expenditure \$1,650,925. Receipts were \$1,440 below those of 1920.

WATER LOVE-SICK, ALIENIST BELIEVES

Young Swiss Immigrant Suffers "Imagined Case" with Wealthy Girl, He Says.

August Probst, a Swiss waiter of the Rolling Rock Club, near Pittsburgh, now detained on Ellis Island, New York, has been examined by alienists for some time. He had previously been certified as insane by three doctors of the United States Public Health Service and it was on a plea by his lawyers, Bernard H. Sandler, the Washington lawyer, that the examination was ordered.

The result of the new examination will be presented today to the board of special inquiry that has the case in hand.

The examination of Probst was conducted by Drs. H. J. Wildman, J. R. Longhugh, R. E. Porter and Menes Gregory. The last is head of the psychological division of Bellevue Hospital, and he was present at the request of Mr. Sandler.

After an hour and a half examination Dr. Gregory left the room. He gave as his opinion that Probst was not suffering from paranoia, but from a type of pseudo-paranoia. The alienist said that Probst had an "imagined case of love-sickness."

"It is just like the case of a young man who goes to the theatre," said Dr. Gregory. "A charming actress appears, dances, sings, throws a rose and smiles. It is in the man's hands and he leaves the theatre believing the actress loves him. He returns to the theatre the next night and the actress does the same thing. His imagination supplies the rest."

Dr. A. A. Brill of Columbia went to Ellis Island with Dr. Gregory. Because of a rule at the immigration station, only one alienist was permitted to take part in the examination. The two alienists tossed a coin to see who would go into the examination room, and Dr. Gregory won.

Mr. Sandler said he would insist upon Dr. Brill examining his client. In a statement after the hearing Mr. Sandler said:

"As the examination made by Dr. Gregory with the physicians at Ellis Island shows, this boy had a mental upset at Pittsburgh. Although not suffering from paranoia, he is suffering from a mild type of pseudo-paranoia, not based on any delusion. But in plain English it would mean that this Swiss immigrant boy fell violently in love with a young woman above his social station, which naturally upset him."

The conclusion of the club officials was reprehensible. Instead of treating this sick boy kindly their acts were inhuman in pointing a gun at him, imprisoning him in a stable and kidnapping him to New York and then turning him over to private detectives to be imprisoned and then confined to the psychiatric ward for nearly five weeks under guard night and day.

"Council deems it a public duty and has at the same time hope of bringing justice to the perpetrators of these crimes."

WIRELESS NOW BETWEEN SWITZERLAND AND ENGLAND

Geneva, April 13.—Wireless service between Switzerland and England was inaugurated yesterday with a message from the president of the Swiss Confederation to King George. One hundred words a minute were transmitted.

PREMIER RESIGNS.

London, April 13.—(Canadian Press.)—Hon. James Dooley, premier of New South Wales, resigned the premiership today. Sir Geo. Fuller is his successor. Premier Dooley is a labor leader. The labor party met with defeat in the recent elections in New South Wales.

VISITS OLD HOME. Frederick Gleaner—Major George Black, M. P. for the Yukon, arrived here at noon from Ottawa to spend the Easter recess with relatives. It is his first visit to Frederickton since before the war, when he took the Yukon Field Company overseas and served in France for some months as commanding officer of a motor machine gun battery.

It is more than twenty-five years since Major Black left here at the head of a large party in the Klondike gold rush and since then he has been a prominent figure in the public affairs in the Yukon Territory, having served for some time as Commissioner of the territory, a position which is relatively the same as that of lieutenant-governor of a province of the dominion.

SHIPPING

ALMANAC FOR ST. JOHN, APR 13. A.M. P.M. High Tide... 12.23 Low Tide... 7.01

PORT OF ST. JOHN. Arrived Yesterday. Str Chaleur, 2980, Hill, from Bermuda and the West Indies.

Arrived Today. Coastwise—Schr Mayflower, 132, Desmond, from Parrsboro; gas schr Rolfe, 54, Rowe, from Parrsboro.

Cleared Today. Schr Mayflower, 132, Desmond, for Salem. Coastwise—Stmr Empress, 612, MacDonald, for Digby.

MARINE NOTES. The steamer Vanclan was due to sail from Philadelphia for St. John yesterday, to load for Havre.

The Empress of Britain sailed from port late last night for harbor. She is en route from Parrsboro to Salem with a cargo of lumber.

The Lord Antrim will likely sail the last of the week from Belfast. The Furness liner Digby sailed from Liverpool for Halifax yesterday.

The Empress of Britain sailed from Liverpool for St. John yesterday. The schooner Frederick H., from St. George for Norfolk, arrived at Vineyard yesterday.

The Vestland sailed from Manchester for Halifax yesterday. The Batsford docked last night at No. 1, Sand Point.

The Otomara will sail on Saturday or Monday for Australia and New Zealand. The Starboard will sail on Saturday night for Havana with a cargo of potatoes.

WARSHIP TO GREAT FLIERS. Brazil Sends Out a Destroyer to Welcome Portuguese Pair.

Rio Janeiro, April 13.—(Associated Press.)—The Brazilian government has sent a destroyer to the island of Fernando Noronha, off the Brazilian coast, to give an official welcome to the Portuguese aviators, Captain Scaudra and Goulthou, upon their arrival from the Cape Verde Islands.

Portuguese colonists throughout Brazil are holding meetings in preparation for celebrations when the aviators arrive, terminating their transatlantic flight in a light hydro-airplane from Lisbon.

A despatch to the Correo de Manha from St. Vincent, Cape Verde Islands, says the machine is in perfect condition. The Portuguese cruiser Republica left there for San Pedro Rock, where it will await the aviators, who expect to start the last leg of their flight upon receipt of word from the Republica that weather conditions are favorable.

WIFE "DANCING FOOL," HUSBAND GETS DIVORCE

Detroit, April 13.—Louis Begy was much too slow for his wife, Lottie, he told Judge Moylan when he was given a decree of divorce here on the ground of cruelty and desertion.

When he attempted cave-man tactics by locking her in the house she climbed over the kitchen window and went to her father's home, where she was welcomed. He said he tried to believe all her protestations of innocence, but he continually told him he was too old and too slow for her.

"She must have been what they call a dancing fool," commented the court. "That's just what she was," agreed the husband.

FOR THE WAR DEVASTATED REGIONS OF FRANCE

London, April 13.—(Canadian Press Cable.)—A law was promulgated in Paris yesterday, according to Reuter's Paris correspondent, abolishing custom duties and other taxes on gifts to departments and communes in the devastated area of France. The law is to be retroactive and duties already levied on such gifts will be cancelled.

IN WALL STREET. New York, April 13.—(10.30.)—Further selling for profits in anticipation of tomorrow's holiday caused some irregularity of prices at the opening of today's market, but gains exceeded losses. Pierce, Arrow, Common and Preferred; American Woolen, Royal Dutch, Shell Trading and Famous Players scored early gains of one to two points. Coppers, shippings, leathers and sugars also made moderate gains, but Canadian Pacific was the only active rail to display firmness. Mexican Petroleum, Bethlehem, People's Gas and Lehigh Valley forfeited large fractions. Cables announcing another reduction in the Bank of England's rate contributed little to the strength of foreign exchange.

RECONSIDER ONE DEMAND. New York, April 13.—Athratchid producers last night saw a tendency on the part of the union leaders to soften their nineteen demands when before the miners' and operators' sub-committee on wage contract negotiations they asked permission to reconsider their demand Number 1. This demand stipulates that the new contract agreed upon in settlement of the pending strike shall extend for two years, prohibits the making of individual agreements and provides for the establishment of uniform wage rates for operators of mechanical loaders. Only three of the nineteen provisions which the strikers have insisted their next contract must contain have been taken up by the operators. With none of these points settled and sixteen more to be considered, both sides predicted that several weeks will elapse before the foundation is laid for a new contract, upon which work may be resumed in the anthracite regions.

PROROGATION OF HOUSE TONIGHT

Power Co. Bill Not Dealt With This Morning.

Hundredth Measure Was Introduced This Morning—Bills Relative to the Great Marsh, Fire Prevention and Workmen's Compensation.

Frederickton, N. B., April 13.—The legislature reached the century mark in the bills introduced this morning, when the attorney-general brought down a measure in respect to great marshes and sewers.

Already 92 bills have been assented to and at noon today 45 were ready for the lieutenant-governor, nineteen had had third reading, 9 had been referred to the committee of the whole house, two had been killed and one had reached second reading. Prorogation is set for sometime tonight.

The power bill was not before committee of the whole this morning. Hon. Mr. Byrne said the intention was not to bring the amending provisions of the bill into effect save by proclamation of the lieutenant-governor in council. If those interested in the industries of the province considered that the provisions of the bill were onerous, they would have the opportunity of appearing before the government and making representations. That seemed to him a fair provision, which would meet the objection.

Frederickton, N. B., April 13.—The house met at eleven o'clock. Hon. Mr. Byrne introduced a bill to amend the act respecting sewers and marshlands. He said the purpose was for the drainage of the Great Marsh road. The commissioners should obtain the consent of at least half the owners of land before taking action. Another provision was to increase the pay of commissioners from \$2 a day to \$4. A more drastic penalty for the depositing of ashes or other rubbish in the stream also was provided.

The house went into committee, with Mr. Hayes in the chair, and took up consideration of a bill to amend the act establishing electoral districts and sub-districts in the province. It was agreed to.

The committee agreed to a bill to amend the Fire Prevention Act, and took up consideration of a bill to amend the Workmen's Compensation Act.

Mr. Richards said that this bill had been distributed only the day before, and this was the last day of the session. Except for sections referred to by the attorney-general in his introduction, the bill should be left for next session.

N. S. HUNTER IS SHOT DEAD KILLING A PORCUPINE

Shelburne, N. S., April 12.—Lorraine Nickerson, twenty-five years of age, of Brass Hill, Shelburne county, was killed while hunting yesterday when a rifle with which he was clubbing a porcupine discharged and the bullet pierced his breast.

LATE SPORT NEWS

Chicago, April 13.—Champion boxers who have rounded out ring careers without feeling a knock-out punch are almost as few as the fingers on a boxing glove, according to Mike Collins, boxing statistician.

Collins recalled that the count of ten has been called upon most of the present champions, including Jack Buff, Jack Dempsey, Jack Britton and Benny Leonard. In his list of middleweights who have never been knocked out Collins included Mike Gibbons, Mike O'Dowd, Jeff Smith, Bryan Downey, Dave Rosenberg, Augie Rattner, Pat Reed, Jim Delaney, Lou Bogach, Nate Siegel and Tommy Robson.

Those who were knocked out and the number of times are—Johnny Wilson, once; Bob Motha, once; Italian Joe Gans, twice; Young Fisher, three times; Al Summers, once; Jimmy Clabby, once; Geo. Chip, twice; Joe Chip, twice; Young Fisher, once; Joe Egan, three times; Jack Clark, once; Happy Littleton, once; Jack McCarron, twice; Jack Delaney, once; Walter Caldwell, twice, and Eddie McCreary, four times.

Paris, April 13.—Paris is to have league baseball this summer. The opening is set for May 20. The league is composed of the following teams: American Legion, Veterans of Foreign Wars, French Ranelagh Club, and the Independents. The games will be played on the Bagatelle grounds in the Bois de Boulogne.

RECONSIDER ONE DEMAND. New York, April 13.—Athratchid producers last night saw a tendency on the part of the union leaders to soften their nineteen demands when before the miners' and operators' sub-committee on wage contract negotiations they asked permission to reconsider their demand Number 1. With none of these points settled and sixteen more to be considered, both sides predicted that several weeks will elapse before the foundation is laid for a new contract, upon which work may be resumed in the anthracite regions.

N. S. APPLE CROP.

Halifax, N. S., April 13.—Nova Scotia apple crop for 1921 totalled 2,808,901 barrels, according to figures given out by G. H. Vroom of Middleton, district fruit inspector. More than half was shipped overseas.

Denver, Colo., April 13.—Marshal Joffre arrived here yesterday for a visit of three days.

Joffre in Denver.

Denver, Colo., April 13.—Marshal Joffre arrived here yesterday for a visit of three days.

NEED ONLY FARMER AND HOME HELPER

Hon. Charles Stewart Discusses the Immigration Question.

Optimistic of Future—Hopes to Inaugurate Policy to Bring Settlers from Great Britain and Scandinavian Countries for Farms.

(Montreal Gazette.) Before the Canadian Club yesterday, Hon. Charles Stewart, in his first address in Montreal since his elevation as minister of the interior, discussed the immigration problems facing this country, while at the same time expressing his gratitude to this province for finding him a parliamentary seat as representative of Argenteuil.

Hon. Mr. Stewart was careful in his address, as a new minister, but made it clear that in his opinion the only immigrants at present needed are agricultural and house workers, while he did not desire to see other classes coming in to swell the present volume of unemployment.

He also dealt clearly with the Oriental question on the Pacific coast, declaring that British Columbia must be kept an Anglo-Saxon country, while if the present ratio were kept up no one could tell what would happen during the next twenty years. Hon. Mr. Stewart also predicted that before long there would be a return to normal prosperity, especially with the increase in agricultural production, and hoped by that time to be able to lower the bars on immigration and let suitable people in freely.

Made Good Impression. The new minister made an excellent impression, and was cordially greeted.

There was an attendance of about three hundred and fifty, including many representatives of the railways and other transportation interests, all of whom are deeply interested in the immigration problem. The president, Lt.-Col. A. A. Magee, took the chair, and with him at the head table were Senator G. G. Foster, E. W. Beatty, K. C., president of the C. P. R.; Dr. George E. Armstrong, Col. W. I. Gear, General Sir Arthur Currie, Dr. Milton Hensley, Wm. M. Birks, president of the Board of Trade, T. B. Macaulay, Brig.-General A. E. Labelle, W. R. Miller, Lt.-Col. George R. Hooper, and others.

In introducing the speaker, Lt.-Col. Magee said that about a year ago the Canadian Club had welcomed Hon. Charles Stewart as premier of Alberta, and now they were glad to again welcome him in his double capacity as minister of the interior and member for Argenteuil, Que.

Hon. Mr. Stewart took a broad outlook in opening, remarking that as an old member of the Edmonton Canadian Club he was glad again to meet the Montreal Canadian Club, the more so as they were more interested in Canada than in party politics.

Immigration to Canada, said Hon. Mr. Stewart, is a vital problem that has to be squarely faced, and he is particularly interested in it. But before inviting people to settle in Canada we must take stock of conditions as they exist here.

"We find throughout Canada a great deal of discontent with conditions, and business men seem to be in the same condition as myself—a farmer. In fact, both west and east I have heard complaints that never in Canada's history has agriculture been stricken so hard as it is today."

Hon. Mr. Stewart said that some day he intended to take issue with that, because he had been farming in 1889, when the condition of the farmers was infinitely worse—"but we lived through it, and we shall live through this depression, and be prosperous again."

There had been a phenomenal drop in the prices for farm products, said Hon. Mr. Stewart, while, as a farmer, he had found no proportionate drop in the cost of things he had to buy, but he found

JO-BEL The Wonder Salve

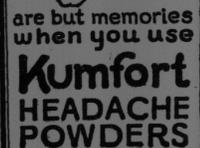

We invite all afflicted with piles, eczema, salt-rheum, itching, chafing, pimples, sores, boils, cuts, bleeding at the nose, cold in the head, to profit by the experience of those who were similarly afflicted and give JO-BEL SALVE a trial.

All our testimonials have been from well known people who, out of gratitude for what JO-BEL has done for them, and in the interests of suffering humanity, have kindly permitted their names to be used.

Sold by all leading wholesale and retail drug stores. Price 50c. and \$1.00 per box.

Zam-Buk for .39c.

THIS WEEK 19 SYDNEY ST. OLD STAND WASSONS

that his business friends were facing similar difficulties. "The same conditions prevail on the farms and in the shops, but we must meet them with a spirit of optimism. In fact, I think the present condition is largely one of mentality, because as compared with the early '30s, I am sure agriculture is not suffering nearly as much. Question of Unemployment. As to the unemployment, said Hon. Mr. Stewart, this is mainly a question for the municipalities and provinces, because it is certain that labor is suffering. Looking the whole field over it is evident that at present there is little room for immigration, except in two or three lines. He hoped for better conditions, and said that the people were looking toward the Dominion government for leadership in this direction. The question is what class of immigrants we need, and where we should get them. The transportation interests are vitally concerned in this problem, as is shown by their strong representation. "We have conferred with these interests," he proceeded, "and have come to the conclusion that agricultural conditions must be improved, not by bolstering the farmers up, but by efforts to enlarge the markets so to get them back to normal—not to the inflation of war times." That would be the government's first duty, and this accomplished, he thought commerce and finance would feel the effect. For immigration there are two great needs, agriculturists and house workers. While there is much unemployment, it is chiefly among city workers, who declined to engage in agricultural work. Another question is how to keep our population once it came here, as the census figures showed that during the last ten years of prosperity our population had not increased as it should, showing that many people have gone across to the United States. To relieve conditions, the government would first have to try to get people out of the cities to the land, and prevent the abandoning of farms, especially in the eastern provinces. The government had been criticised in the Old Land for hand-picking its immigrants. They would be glad to get as many of these settlers as the country could accommodate, but at present agricultural and household workers are the only ones needed as the Dominion does not want other workers to swell the volume of unemployment. He hoped to inaugurate a policy that would bring people from Great Britain and the Scandinavian countries primarily for agriculture with the hope that as opportunity arose they would be able to open the doors wide for settlers. In the west he understood during the coming season there would be a great influx of American farmers, who had suffered even more than Canada from war inflation and subsequent deflation. Hon. Mr. Stewart also dealt briefly with the Oriental question, and made it clear that his view was that British Columbia should be kept a white man's province. "I do not want to depreciate the Orientals," he said, "but we must keep these western provinces free for the Anglo-Saxon race. If the present ratio continues it is hard to predict the position of British Columbia fifty years hence." He considered the present difficulty is to keep out people the country does not need, while still planning for a wider immigration policy when the present depression is over. In this he hoped for the active co-operation of the transportation and other interests.

Conditions Revealed by Mental Survey of Province

Fredericton, April 12—(Special)—An abridged report of the survey of the Canadian National committee for mental hygiene was tabled today in the legislature. In part, it is as follows:

Foreword.

In the autumn of 1919 on behalf of the government, Hon. Dr. W. F. Roberts, minister of health, invited the Canadian National committee for mental hygiene to make a mental survey of New Brunswick. It was hoped that this study would result in the collection of facts relative to the nature and extent of the problems of feeble-mindedness and insanity in the province. With this information at hand, constructive recommendations could be made concerning the development of a prudent policy that would have as its aim the prevention, diagnosis and treatment of cases of mental abnormality.

No doubt the government was prompted to take this step because previous investigations in New Brunswick had revealed the fact that mental disability was at the root of many social problems. If, therefore, precautions were not taken with mentally handicapped individuals, social disaster could be expected to ensue.

The National Committee was delighted to undertake the work, and the medical director made a preliminary study in March, 1920. A few months later the

associate medical director and social worker completed the survey. It is desired to express thanks to many officials and others who co-operated in making the task a pleasant one. Hon. Dr. W. F. Roberts made arrangements with the heads of various organisations in connection with the work. Particular thanks also is due to Dr. William Warwick, St. John; Dr. George G. Melvin, Fredericton; Dr. H. S. Bridges, St. John; Amos O'Brien, Moncton, and many others. Dr. Warwick accompanied the survey party throughout the province and was of invaluable assistance.

The study included an investigation of the Provincial Hospital, Municipal and County Homes, maternity hospitals caring for unmarried mothers, industrial schools, jails, shelters for children's aid society, and more than 2,000 children attending primary schools, etc. It is believed that the following report contains sufficient data to give an intelligent idea of the extent of the problem of mental abnormality; the degree of excellence of present methods employed to deal with the situation, together with useful recommendations in connection with a progressive policy.

The Survey.

Report on a survey of institutions for the insane and feeble-minded in New Brunswick.

The survey, while giving credit to the

authorities for whatever work is being done and praising many institutions for their brilliant fight against great odds, at the same time makes it very plain that the great majority of these institutions in New Brunswick are out of date in their methods of treatment and handling of mental patients; that many institutions are not favorably located for the best treatment of these cases; that the buildings are, many of them, old and inadequate, though they praise many of those in charge for the work accomplished and the clean living conditions maintained; that there is practically no differentiation between the mentally diseased and the mentally defective, so far as housing is concerned.

The survey demonstrates very clearly that much money is being wasted on the institutional care of mildly defective cases, who, under modern methods, could be cared for much more cheaply and efficiently at home, under social supervision (this with special reference to children), thus leaving more beds for the mentally diseased.

It is suggested that cases of mental disease should be taken into hospitals early for treatment (that better results might be obtained), as at present cases being admitted are practically of the chronic, incurable type, a permanent loss to the individual and a permanent expense to the province.

The report criticises particularly the lack of medical staff at the Provincial Hospital for the Insane and deplores the absence of both hydro-therapy and occupational therapy, also the present site of the hospital and strongly advocates the removal of the hospital to a more propitious locality or at least the entire remodelling of the present organization.

A conservative estimate gives 1,583 feeble-minded children in the schools of New Brunswick. The training of these 1,583 children will largely determine the future problem of criminality, prostitution, etc.; therefore, it would seem prudent to safeguard these children. The report also deplores the lack of special industrial classes for the mentally defective in primary schools.

Jails were surveyed and many inmates found with some form of mental disorder. A strong plea is advanced that all prisoners should have a mental survey.

Seventy-eight per cent. of unmarried mothers in one hospital were found to be feeble-minded. The same conditions were found elsewhere in New Brunswick.

The survey demonstrates, it is declared, that the problem of illegitimacy cannot be controlled until adequate and sane provisions are made for the feeble-minded.

Recommendations.

Abridged recommendations—That immediate progress be made in establishing a training school for feeble-minded and in providing special classes for the mentally handicapped in public schools, and that, later on, the reorganization of hospitals and methods of treatment be carried on as circumstances permit along modern and more efficient lines as suggested.

FINAL FOR SCOUT LEADERS.

The final meeting of the scout leaders' training class was held last night in Trinity church with a record attendance of leaders present. The programme was a very interesting one. William McIntosh gave the address of the evening and his subject was "Campercraft, the selection of sites and essentials of camping." He held the eager attention of his audience while he told of what to do and what to take for camping expeditions of all kinds, canoeing trips, a two weeks' camp, an over-night camp and camps of all sizes. New games were learned and were played with much zest at the close of the address. The training course has proved most successful and has been greatly enjoyed.

Affidavit Policy Supported at Meeting of M.P.B.A.A.U. of C. Delegates, By Vote of 55 to 33, Endorsed Action Taken By President Covey and Declare for Enforcement of Demand for Affidavits From All Amateur Athletes—Vigorous Protests Registered By Several Clubs—Two Officers Elected—Championship Dates Fixed.

The policy of requiring every athlete in the maritime provinces to take an affidavit attesting to his status as an amateur was endorsed by a vote of 55 to 33 after a lengthy discussion at a special meeting of the M.P.B.A.A.U. of C. of Canada held here yesterday afternoon. The vote calling for an endorsement of the policy came after a lengthy discussion of the affidavit, during the course of which it was urged, on the one hand, that no real amateur had any good reason for refusing to take the affidavit, and, on the other hand, that the compulsory taking of the affidavit by all athletes was unfair and that only those upon whom suspicion of professional practices had alighted should be obliged to take the affidavit. Fault was found also with the wording of the document itself and it was urged that many who were in spirit amateurs would be prevented from doing so by the wording of the document. In answer to this objection, it was explained that if for any relatively unimportant reasons an athlete could not take the affidavit he might submit a statement of his particular case with the assurance that the registration committee of the association would deal generously with his case and recommend his admission to the amateur ranks providing his transgressions had been only of a minor nature.

Forty Clubs Represented.

Clubs affiliated with the M.P.B.A.A.U. in several parts of all three of the maritime provinces were represented either by delegates or by proxy at the meeting. Altogether there were more than forty in attendance. With but two exceptions the clubs objecting to the adoption of the affidavit policy were Nova Scotia clubs, and discussion of the result, after the meeting, indicated that there is a possibility of a secession movement arising in Nova Scotia as a consequence of today's meeting. Such a movement apparently would be concerned chiefly with baseball and hockey and would contemplate the formation of an independent organization that would seek affiliation with some athletic body of wider jurisdiction than the M.P.B.A.A.U. of Canada.

How They Voted.

The clubs whose delegates voted in favor of the adoption of the affidavit and the number of votes cast by them were as follows: South End Amateur Association, 2; St. John's, 2; Yarmouth A. A., 3; Middleton A. A. C., 1; St. Mary's A. A. C., Halifax, 3; King's College A. A. C., 2; St. John's, 1; St. George's A. C., St. John, 1; Young Men's Catholic Institute, St. John, 3; Y. M. C. A., St. John, 3; G. W. V. A., St. John, 1; Wanderers A. A. C., Halifax, 3; Sheela A. A. C., 1; East End Improvement League, 1; Moncton A. A. A., 1; Kentville A. A. A., 1; Clark's Harbor A. A., 1; G. W. V. A., Halifax, 1; Y. M. C. A., Halifax, 1; Wolfville A. A. C., 2; St. David's A. A. C., St. John, 1; Abegweit A. A. C., Charlottetown, 3; St. Dunstan's University A. A. A., Charlottetown, 2; Y. M. C. A., Moncton, 1; Sussex A. A. C., 3; Commercial Club, St. John, 1; Acadia University A. A., 1. In addition to these the following members of the executive voted in favor of the adoption of the affidavit: W. Covey, president, 1; S. Doyle, Charlottetown, vice-president, 1; L. T. Dow, secretary, 1; G. P. Bolton, Sussex, 1; S. F. Doyle, Charlottetown, 1; J. A. Holmes, Halifax, 1; total, 55.

Those clubs voting against the adoption were: Stellarton A. A., 3; Thorburn A. A., 2; Amherst A. A., 3; St. John Garrison Sports and Entertainment Association, 2; Bridgewater A. A. C., 2; Lockeport A. A. C., 1; Shelburne A. A. C., 1; Mersey A. A. C., Liverpool, 1; Lunenburg A. A. C., 1; Westville A. A. C., 1; Bridgetown A. A. C., 2; Dalhousie University A. A. C., Halifax, 3; Springhill A. A. C., 1; Dartmouth A. A., 1; New Glasgow, 3; Crescents A. A. C., Halifax, 3; C. N. R. A. A., Moncton, 2; Annapolis Royal A. A., 1; total, 33.

A. C. Collins, of the Amherst A. A., gave notice of motion to amend the definition of an amateur so as to permit an athlete to be reimbursed through his employer for a trip as a result of his participation in athletics. The meeting approved of this and the question will come up before the next annual meeting of the A. A. U. of Canada.

In a reply to a question from H. J. Sheehan, of the Young Men's Catholic Institute, Mr. Covey said that a committee of the national organization was considering the question of allowing paid instructors to compete as amateurs. Championship Dates.

It was announced that the maritime swimming championships would be held at Acadia University in Wolfville on May 5. The Wanderers were awarded the maritime track and field championships which will be held on August 23 on their grounds in Halifax, on which occasion the fortieth anniversary of the foundation of the club will be observed.

A. C. Millie, of the Halifax Wanderers, was elected first vice-president in succession to G. G. Thompson, of the Dartmouth A. A., who died last fall. Mr. Covey paid a tribute to the service for amateur athletics performed by the late Mr. Thompson who, he said, was one of the best men the association ever had. Dr. J. J. McDonald, of New Glasgow, was elected honorary vice-president and a member of the executive.

The matter of the Sussex protest of the Sussex-Abegweit hockey game was left with the executive to decide. Mr. Covey gave notice of motion to amend the rules so as to permit a professional referee, or umpire, not only in wrestling, boxing, hockey and baseball.

MADE IN CANADA

a meeting here and so did the representatives of the Halifax clubs at a meeting there. In order not to break in on the hockey season the affidavit was not put into force until March 1. Since that time rumors and reports had arisen to the effect that some would not sign the affidavit. What was the reason? Was it because they could not do so, or because they could not? A number of athletes had already signed the affidavit, some clubs said they would not sign it. He would leave the question, then, for discussion by the meeting.

Dartmouth's Attitude.

W. C. Bishop, of the Dartmouth A. A., said that, contrary to press reports his club had not ignored the affidavit; they had simply deferred action on it to await the ruling of the board of governors. His club wanted a definition of a Canadian amateur. He said that \$5 a day, as allowed by the rules for expenses was not enough. He thought \$10 would be all right. He pleaded for an amendment of the laws that would allow a man to be an amateur and not force him to be a professional. "Let us be amateurs," he said, "and don't let us try to professionalize men who don't want to be professionalized," he concluded. He also contended that the form in which the affidavit was phrased was unsuitable.

Mr. Covey said that, by invitation, he had gone to several clubs to explain the affidavit. Under amateur rules up to \$5 a day was allowed for board and lodging in addition to railway fares and parlor and single berth expenses. Only for money actually expended could one be reimbursed.

No Pay For Injured.

In reply to a question from J. D. Collins, of Amherst, Mr. Covey said that they would not consider any claim against an athlete could be paid while laid up on account of injuries.

Mr. Neville said the Crescents would throw out of their organization any one against whom charges of professionalism were proved but they first wanted the information. The Crescents took exception to having all men branded as guilty, as the affidavit presumed. The Crescents would act when proof was forthcoming, but they were opposed to the affidavit.

Mr. Covey said that the affidavit did not affect the amateur but the athlete who was holding the clubs up for money.

Mr. Levy, of Dartmouth, asked why did not go after such athletes and let the rest alone. He thought it was a black eye for all athletes to have to sign it. There was evidence against more than 200 already. Why not confine the affidavit to them. He thought that everybody should not be obliged to sign it.

With charges against 200 or more men, what other alternative to the affidavit for all was there, asked Frank White, of the Commercial Club, St. John.

W. E. Stirling, of the Young Men's Catholic Institute, St. John, said that a certain article in the constitution, according to which matters of investigation and suspension came within the province of the registration committee, should answer Mr. White's question.

Mr. White replied that the investigation would be of such a magnitude as to render it impossible for the association. G. L. Landry, of the St. John Garrison S. & E. A., asked why the athletes should be demanded of those under suspension and from them alone. C. Murray, of Springhill, found fault with the clause in the constitution that read "anything that could be converted into cash," maintaining that many prizes could be converted into cash. Mr. Covey replied that Mr. Murray had suggested the phrase from his text.

Suggests Six Months Residence Clause. George Hatt, of the Mersey Club, Liverpool, said all the members of his club could sign the affidavit but would not. He thought that the interest of amateur sport would not be promoted.

SOFT, WARM and DURABLE

Viyella and Clydella

Unshrinkable flannels are suitable for the whole family. These imported flannels come in various weights and are used for all kinds of children's wearables as well as for grown-ups. Insist on seeing the name "Viyella" or "Clydella" on the selvage. Obtainable at first-class stores throughout the world. Revised prices are now in force. Wm. Hollins & Co., Limited, (Of England), 62 Front St., W., Toronto, Canada, 45 East 17th St., New York City, U. S. A.

by the affidavit but suggested that a residence clause, making it compulsory for a man to live six or eight months in a town before he could become a member of a team there, would be much more effective. Teams could afford to pay a man one or two months in advance to keep within the regulations but they would not be likely to pay him for six or eight months.

A. C. Millie, of the Wanderers, Halifax, moved and W. R. Cann, of Yarmouth, seconded a motion that the affidavit be accepted by the meeting. In discussing the motion H. T. MacKenzie, of Lunenburg, said amateur rules were not well known before the affidavit was issued and perhaps some athletes who might have divided small sums amongst themselves could not take the affidavit with a clear conscience, and on the other hand there were some regular hold-overs who would not scruple to take it. The affidavit would, therefore, defeat its purpose. It would exclude some whom it was not meant to exclude and allow others in whom it was meant to keep out. In reply to a question from Mr. MacKenzie, Mr. Covey said that if any of the 200 or more against whom information was laid actually did take the affidavit the branch would grant him a card and it would be up to those who laid the information to substantiate their charges.

Mr. Covey said that no one whose name was on the list knew that it was there and so such men were not likely to take any chances of being charged with perjury by taking the affidavit.

The Poor Working Man.

J. D. Collins, of Amherst, at this stage, made a plea for reimbursement of athletes for loss of time from their employment. There were in Amherst both amateurs and professionals, he said. According to the constitution of the M.P.B.A.A.U. of Canada the poor working man, whether married or single, could not compete in athletics. So long as the amateur rule was as it was there would be trouble. For years past members of teams had been receiving money directly or indirectly. According to the present definition of an amateur the poor working man who took part in athletics had to lose his days pay. That was no joke; it was serious. He advocated the placing of sport on a basis such that any one could play, irrespective of whether he stood to lose his day's pay or not. The situation in Moncton, Amherst, New Glasgow and Stellarton bore out his argument. The independents did not want money; they would be glad to play if

they did not lose their wages by reason of losing time while playing. Mr. McKie suggested that rider be attached to the affidavit to meet any conscientious objections which some might have regarding it.

Dangers of Semi-Professionalism.

Mr. Belding declared that the thought of the meeting should be for the young fellows growing up. Honesty should be the cardinal principle. Desperate diseases demanded desperate remedies. The executive could not chase all over the maritime provinces investigating the 200 or more athletes' cases. What the meeting did would have an influence for a long time on sport. He should like to see it go on record for a clear line of demarcation between amateur and semi-professional and professional. He had seen semi-professionalism destroy sport in St. John on two occasions. He had no fault to find with professionals; as such.

Mr. Covey said that the registration committee would not hesitate to recommend the reinstatement of any one for good reason. The movement to clean up sport had the support of the A. A. officials and Mr. Finlay said the affidavit probably would go into effect in Quebec too. The clean-up was likely to start in the east and extend across the continent.

R. Cleary said that St. Peter's Y. M. A. had never gone on record against the affidavit. He said some real professionals would not hesitate to take the affidavit. It would defeat the purpose for which it was meant. He knew some who had already taken it and instances of legal crookedness as a way to get around it.

Mr. Doyle, of Charlottetown, suggested that only certain named athletes be permitted to administer the affidavits. R. W. Rogers representing New Glasgow, Stellarton, Thorburn and other towns said that the Thorburn club had divided receipts amongst themselves in lieu of accepting money for time lost from their work. They would probably take the affidavit regarding such money received as only expenses. Members of many teams in that section of the country had to get recompense for the time they lost from their work.

Mr. Neville, of the Crescents, maintained it was unjust and unfair to brand all as criminals by compelling them to take the affidavit. G. L. Landry said that the St. J. G. S. E. A. thought that the affidavit ought to be required only of those upon whom there was suspicion.

The Final Tilt.

The vote on the acceptance of the affidavit on the original motion of Mr. Millie was finally taken, but not before there was a heated discussion with motions, amendments, and amendments to amendments regarding whether there should be an open or secret ballot. The vote resulted in 55 for and 33 against the acceptance of the affidavit.

Mr. Hatt said that his club probably would not be in baseball this year and, if not, it was likely to devote its surplus cash towards prosecuting those who took false affidavits. The meeting began about 2 o'clock and it was well after 6 before it was concluded. There was not all the fireworks in it that some might have expected in view of the hornet's nest stirred up by the affidavit—but it was not exactly a quiet afternoon.

The Delegates.

Following is the list of delegates and

Semi-ready Tailored Clothes

Outdoor Men want the right sort of suit for freedom of action as well as for service — good hard-wearing material of pure wool—for only pure wool will hold its colour and appearance through sun and rain.

We make Suits with long trousers and knickers to match— A Donegal at \$30 or \$35; or a pure hand-woven Donegal at \$45—these are fine outing suits for the lover of amateur pastimes.

The Dixie

An outdoor model

— particularly designed for sporting and outing use. Will be as famous as the beautiful course after which it is named. Has the expanding pleat in back from yoke to waist each side, to facilitate use of action. A perfect follow-through every time with this coat. No linings to hamper, sleeves only are lined.

Look Forward to Larger Trade with West Indies

Members of Canadian Manufacturers' Association Home After Southern Trip

The delegation of members of the Canadian Manufacturers' Association who had been making a tour through the West Indies in the interests of Canadian trade extension with the southern island colonies, arrived in this city yesterday on the steamer Chaleur. The trip was described by members of the party as the best which it ever had been their

good fortune to enjoy, both from the standpoint of pleasure and business. The Chaleur docked about 6 o'clock and the party was rushed through the customs processes in record time in order to catch the train for Montreal. The C. N. R. officials had made arrangements for taxicabs and, as soon as the checking was completed, the members were rushed to the Union station, where the sleeping car "Lombard" was in waiting attached to the train, which was held until 7:15 o'clock. The members of the party were full of praises for the work of the railway officials who were here and who looked after their welfare in such a capable manner. Included in the railway party here were: F. W. Robertson, general passenger agent, with headquar-

to make out their drafts, whereas the only satisfactory mode of procedure is to have the documents completed by their agents or their bank at the shipping port and despatched on the same boat with the goods.

"Another complaint we heard of was of the opposite nature. It had to do with slight drafts arriving before the goods and being at once presented for payment. It would be better for Canadian firms to give instructions that drafts should not be presented before the arrival of the steamer carrying the goods.

Hospitably Received.
"I have left to the last any mention of the reception we met with. It was one of the features of our trip. We come back under a very real burden of debt to the people of the British West Indies, Bermuda and British Guiana for the exceptional kindness they showed us. At every point it was the same story. Our boat was met on arrival. We were guided to the places we should go. Motor cars were lent by their owners to take us for excursions and, as I have said before, we were given every opportunity of meeting the leading business men at meetings organized by the local Chamber of Commerce. British West Indian hospitality is proverbial but it was a revelation to us. There was scarcely a place where we did not have the honor of being entertained at government houses and the houses of the residents were thrown open to us. The local branches of Canadian banks took a prominent part in all that was done. I can speak for all the members of our party when I say that we return deeply impressed with the kindness of the citizens of the British West Indies, Bermuda and British Guiana, and with the beauty of the places in which they live.

"It is well worth any one's while to take such a trip as we have just completed. Those in the south hope that we in Canada will recognize the possibilities of their islands as winter resorts, and that Canadian capital will interest itself in building suitable hotels at certain points. More frequent travel between these two sections of the British Empire, more visits to the south by leading Canadian business men, and a more intimate knowledge on both sides of the characteristics and requirements of our respective countries would perhaps do as much as the preferential tariff to develop the trade which we are all so interested in.

"We found throughout the places we visited—even the foreign places—an evident desire to do business with Canada where possible, and I consider that in itself a most encouraging omen for the future of our export trade."

Mr. McAvity's Impressions.
G. Clifford McAvity, manager of the T. McAvity & Son brass works in this city, who was one of the party, said that he was very much pleased with the trip, and that it would do much to stimulate trade with the West Indies, bringing about, as it did, closer relationship between the manufacturers of Canada and the business men of the island.

VIVAUDOU
PARIS NEW YORK

ters at Moncton; G. D. LeBlanc, general baggage agent; F. O. Duggan, traveling passenger agent; A. H. Lindsay, advertising agent, and A. I. Gibb, city ticket agent.

As soon as the ship docked members of the council of the local board of trade boarded the vessel and were introduced by W. S. Fisher. Those present were: W. F. Burditt, president; R. E. Armstrong, secretary; G. E. Barbour, vice-president; Harold Rising, D. W. Ledingham and H. C. Schofield. Mr. Burditt welcomed the returned travelers and expressed the wish that their stay in the city might have been longer, so that they could have seen some of the points of interest.

The Party.
The members of the party were as follows: W. S. Fisher, G. Clifford McAvity and Mr. and Mrs. J. W. Davidson, of St. John; Mr. and Mrs. A. H. Stratton and Mr. and Mrs. R. H. Turner, of Peterboro; Mr. and Mrs. George J. Lippert, of Kitchener; Mr. and Mrs. H. Pocock, of London; W. H. Shapley, of Brantford; H. V. Greene, of Walkerville; J. D. Johnson, of Montreal; Colonel H. L. Edmonds, of Ingersoll; W. J. Atchison, of Hamilton; S. L. Gunn, of London; Alexander MacKinnon and E. A. Johnson, of Montreal, and James Mooran, Halifax; Mr. and Mrs. I. D. Bradshaw and W. J. Bradshaw, of Toronto, all representatives of prominent manufacturing concerns in Canada; Graham F. Towers, superintendent of the foreign trade department of the Royal Bank; Mr. and Mrs. C. H. Payne, the former being secretary of the commercial intelligence branch of the department of trade and commerce; James Anderson, of Windsor, representing the border cities chamber of commerce; C. K. Howard, general tourist agent of the C. N. R. and G. G. M., who was in full charge of transportation arrangements for the party.

W. S. Fisher Tells of Trip.
W. S. Fisher, of St. John, president of the Canadian Manufacturers' Association, who headed the party, described the trip as one of the most interesting and pleasant which it had been his good fortune to make.

"Our party," he said, "started from Halifax on the Canadian Fisher on Feb. 16. The first stop was at Nassau, in the Bahamas, the second at Kingston, Jamaica, and from there proceeded to Panama, Venezuela, Trinidad—where we stayed eleven days—British Guiana, Grenada, St. Vincent, Barbados, St. Lucia, Dominica, Montserrat, Antigua, St. Kitts, and finally Bermuda. The transportation arrangements throughout were of the best, and for the first time our thanks not only to the Canadian National Railways and the Canadian Government Merchant Marine who made the arrangements, and to the officers and crew of the Canadian Fisher which took the party from Halifax to Jamaica, but also to the personnel of the White Star liner Megantic, on which boat we traveled from Jamaica to Trinidad, and last but not least to the officials of the R. M. S. P. line and to Captain Hill, the officers and crew of the R. M. S. P. Chaleur. To their interest in the Canadian party and to their unflinching courtesy is due no small part of the success of the last four weeks of our tour.

Their Object.
"We went south with the idea of studying the conditions prevailing in British Guiana and the Islands of the British West Indies, with whom Canada is linked in a preferential tariff agreement. I think I may say that we have come back primed with information and very much impressed with what we saw.

"I would like to say a few words about the business aspect of the case. We found Canada firmly established as the supplier of foodstuffs. Our virtual monopoly of the flour and fish trade shows what can be done when we possess natural advantages and get better business. Our exports of manufactured goods also are on the increase, both from the point of view of quantity and number of lines. But we could see clearly that there was room for further expansion, and we were told that the best way of ensuring that expansion was by personal representation. United States firms have their travelers constantly going through the British West Indies, and I believe that this is by far the best method of procedure for any Canadian firm which is satisfied that a

good business may be developed in the lines they manufacture.

"The development of our trade with these British colonies will be assisted by various things—by the preferential tariff—by improved steamship services—by the activity of the department of trade and commerce, and by the facilities provided by Canadian banks which are located in the south. We were impressed by the volume of business done by these Canadian banks and by their evident high standing in the community. There were only two points we visited during our entire trip where we did not find a branch of the Royal Bank of Canada. The Bank of Nova Scotia was strong in Jamaica. We found the Canadian Bank of Commerce opening at various places, and through the islands we came in touch with the Colonial Bank, an English institution in which the Bank of Montreal has recently acquired an interest. These banks are able and willing to furnish Canadian firms with credit reports on the houses of the south, and they are sincerely anxious to assist Canadian trade by providing names or obtaining information of almost any description. The activities of Canadian trade commissioners in the south will be important, and they are also what I might call trade scouts, pointing the way to fresh business and advising our exporters of any complaints they hear. We all hope that this trade commission service will be maintained at a high pitch of practical efficiency.

No Special Risk.
"I would like to say to those Canadian business men who have never visited the West Indies that one trip would remove all their fear in regard to the special risk of doing business in these places. The same caution that we use in Canada is all that is required in the south. Our banks can tell us which are good firms and which are not, and let me say, that when they are good, they are very good indeed. In spite of prevailing business conditions, the majority of the importing business firms are of high financial standing and worthy of reasonable credit.

"The British West Indies and British Guiana as a whole, sugar is the most important article produced, consequently the 1920 slump in sugar and the later disorganization of the sugar market had an adverse effect on business. Coconuts, too, suffered from low prices. The markets for both these commodities have improved slightly during the last few months, while the cost of labor and supplies have declined. I believe that 1922 will be a better year for the British West Indies than 1921. Provided nothing unforeseen occurs, they should recover their normal purchasing power in the not far distant future.

Would Sell Us More.
"We heard it said in most of the places visited that Canada was not buying all the West Indian products she might. They are not entirely satisfied with the state of the sugar trade between us. Coconuts and coconuts, too, they think, we might buy direct in larger quantities. They ask Canada to buy direct from them instead of buying Canadian West Indian products through other sources. In Dominica they point out to us the superiority of lines over lemons and were anxious to develop a trade with Canada in that article, which apparently can be marketed at a very low price. There seems to be little doubt that our correct purchases from the British West Indies could be increased to our actual advantages. On our side we pointed out that the personal representation which was thought so necessary for the sale of Canadian goods in the south, was just as necessary if more British West Indian products were to be sold in Canada.

Met the Business Men.
"At every point we visited the local chamber of commerce or Agricultural Society arranged business meetings where we could hear the views of the leading business men of the community. At these meetings frequent reference was made to the fact that documents covering shipments of Canadian goods were often late in arriving, thus causing great annoyance and delay to the importers. Apparently some inland Canadian firms, when shipping from Halifax, have the documents sent back from that point to their offices in order

of the White Plains far grounds. He had made seventeen miles since morning, and had eaten so many apples and emptied so many watering troughs along the way that he could hardly look at a loaf of bread.

John had a hard night after the first day's tramp, for the old stable in which he was domiciled was weak in the floor and John fell through. It didn't hurt but it scared him, and after that he slept standing.

Master-Tailored Clothes for Spring
—MEN!
They Look Great!
Some men are puzzled because their "ready-mades" always seem to lack something—and they don't know what.
Those men should let us create for them "built-to-your-measurement" clothes this Spring. They have that snap and dash—that trim clean-cutness of line that men demand. It is master tailoring all the way through, combined with the very latest all wool fabrics.
If you are particular about your clothes yet do not want to pay a fancy price for them, place your tailoring order with
Creary's
The Specialty Shop for Men and Women Who Shop for Men.

MUTT AND JEFF—AND THIS SCALE WEIGHS TRUE, TOO

FOR THE LOVE OF MIKE, MUTT, DIDN'T I LEAVE YOU MONEY TO BUY MY DOG A POUND OF MEAT A DAY UNTIL I GOT BACK?
RIGHTO, AND IT JUST HAD A POUND!
YOU MEAN TO SAY THIS POOCH JUST NOW ATE A POUND OF MEAT!
YES!
ONE POUND, SEE? I GUESS THAT PROVES YOU'RE LYING!
IT PROVES WHAT I TOLD YOU—THAT IT ATE ONE POUND OF MEAT!
ALL RIGHT! THERE'S YOUR POUND OF MEAT THEN! BUT WHERE IN SAM HILL'S THE DOG?
ANSWER ME THAT!

USE THE WANT AD. WAY

THE BUSINESS COLUMN. Edited by Mansfield Home (Copyright).

Lawyer, Druggist and Clothier is He. Louis A. Elftman is a lawyer, a retail druggist and a clothing merchant, and he is active in all three lines.

Part of the day he entertains buyers from clothing manufacturers, other merchants are spent in court arguing the case of a client and late in the afternoon you are likely to find him occupying the cashier's chair in the dr's store. His interests are spent in court arguing the case of a client and very often it is while playing on his cash register that he conceives some of the constructive innovations for his three enterprises.

Now it so happens that the drug and clothing stores are located adjacent to the lobby of the Continental Hotel, in Philadelphia, and his law office just off the foyer of the hotel.

Elftman has kept a close check on the number of people going in and out the hotel and estimates that he gets about 30 per cent of the trade. This is his biggest bet, and when New York opens one of its gigantic hotels later in the year, he is going to open his second drug store in the lobby. Provided the hotel is

Use the Want Ad. Way

Bell Telephone Issue. A few of the reasons why you should buy - Forty-two years' successful operation. An unbroken record of 8% dividends for 36 years. Assets in excess of \$66,000,000. Earning power established to cover all requirements. Exemption from Normal Income Tax. A listed stock, with a broad and ready market. Prospects of appreciation in value. About 7 1/2% income at present market price.

FREE AT LAST OF KIDNEY TROUBLE

"Fruit-a-lives" Brought Her Health and Strength

624 Champlain St., Montreal. "For 8 years I suffered constantly from Kidney Disease and Liver Trouble. My health was miserable and nothing in the way of ordinary medicine did me any good."

"When I started to use 'Fruit-a-lives' and the effect was remarkable. All the Pains, Headaches, Indigestion and Constipation were relieved and once more I was well."

"Madam HORMIDAS POISY." 50c a box, 6 for \$2.50, total size 25c. At dealers or sent postpaid by Fruit-a-lives, Limited, Ottawa.

The manager of the hotel permits him to place on the wall of every room a medium-sized card bearing the following inscription:

"Need Any Drug Sundries or Toilet Articles? Call the Telephone Operator."

The display windows of the Continental Drug Company never fail to catch the eye of passing shoppers. And Mr. Elftman modestly admits that he tries them himself and without the aid of trade publications, or "outside interference," as he terms it. He watches the newspapers for national advertising campaigns, and when a certain drug store article is being pushed he immediately puts it on display and reaps the benefit of the free advertising. The proof that his windows really bring business is shown by the recent sale of 1,000 race-track games within a single week, the patent rights of which he controls.

At his soda fountain he serves only soft drinks and ice cream. He does not believe in selling sandwiches and lunches, because too many patrons use this as a pretext "to park" on the chairs and interfere with a continued and constant flow of newcomers. "I would rather sell twenty soft drinks," he said, "than that many lunches, because it takes only one-quarter of the time and enables the clerks to handle a greater volume of business."

The Phone's There, But Patrons Don't Use It.

The salesroom of the Earl V. Lewis kodak and fishing stores, Los Angeles, is on the main floor, while the office is on a balcony. There are many occasions to call the finishing department, which is in another building, but the salespeople do not leave to climb the stairs to the office telephone. At the angle where two of the showcases of the store join corners a little shelf has been built. A hinged covering lid drops down to level with the tops of the cases and locks.

Under this cover are tills for a telephone instrument, the telephone directory, salesbooks and other supplies. When wanted, it is easy to lift out the telephone and use it with extension. At other times the corner is handy for handling the clerical part of order-taking, and the absence from sight of the instrument prevents its abuse by people in front of the counter.

President Harding at Big Baseball Opening

(Canadian Press Despatch.) Philadelphia, April 12—Boston proved very acceptable as an opening feature today for Philadelphia won with ease, 7 to 1. Lee Meadows allowed the Braves but four scattered hits while the Phillies got to Oeschger for eight. A double by Williams scored the opening run in the first inning when his hit registered Walker. Lehoucq's single in the next inning tallied Perkins and in the seventh his two bagger with the bases filled sent Fletcher and Henline home. Perkins' home run scored Williams and Fletcher in the eighth. Meadows' only sign of weakness came in the fourth when he allowed two of the four hits the Braves obtained. Cruise's two base hit and Ford's single were responsible for the only Boston score. Score: R. H. E. Philadelphia...00010000—4 8 2 Boston...1000023—7 8 0 Batteries—Oeschger and Gowdy; Meadows and Henline.

Brooklyn, 4; Giants, 3. New York, April 12—The Brooklyn Nationals defeated the world's champions New York team in the opening game of the season today by a score of 4 to 3. Mayor Hylan threw out the first ball. The game soon developed into a sharp conflict between the rival left-handers, Reuther and Neft and New York's errors helped decide the game in favor of the former. Score: R. H. E. Brooklyn...00110011—4 8 2 New York...00001002—3 9 3 Batteries—Reuther and Deberry; Neft, Shea and Snyder.

St. Louis, 10; Pittsburgh, 1. St. Louis, April 12—The Cardinals opened the 1922 National League season today before a crowd estimated at 18,000 with a 10 to 1 victory over Pittsburgh. Gainer for the Cardinals, drove in five runs, while Hornsby got a homer. The Cardinals regular line up was somewhat changed due to the illness of Shortstop Lavan and injuries to outfielder Mueller and first baseman Fournier. The score: R. H. E. Pittsburgh...00001000—1 7 1 St. Louis...30040012—10 11 1 Batteries—Cooper and Gorch; Sheridan and Clemens.

Chicago, 7; Cincinnati, 3. Cincinnati, April 12—A capacity crowd witnessed the defeat of Cincinnati in the opener today by Chicago by a score of 7 to 3. Superb pitching by Alexander was mainly responsible for the visitor's victory. Brilliant fielding by Hollocher was a feature, two great stops by him ending a rally by the Reds in the eighth. Score: R. H. E. Cincinnati...01000020—3 7 0 Chicago...02000100—7 3 0 Batteries—Rixey, Coucher, Gillespie and Wingo; Alexander and Hartnett.

American League. Washington, 6; New York, 5. Washington, April 12—President Harding was in the record-breaking crowd of 25,000 that saw Washington win the opener today from the New York Yankees. The score was 6 to 5. President Harding threw out the first ball and kept his own score, jolting down the plays on a regulation score board. Score: R. H. E. New York...04100000—5 5 0 Washington...12010011—6 15 0 Batteries—Jones and Schang; Mogridge and Gharrity.

Athletics, 3; Red Sox, 2. Boston, April 12—Philadelphia defeated Boston 3 to 2 in the opening of the local season today. Boston obtained an early lead and then permitted Philadelphia to come from behind in the seventh inning and score two runs on two errors. Quinn's overthrow of third enabled Galloway to score the tying run and on Ruel's miff of O'Rourke's throw Heimac made the winning tally. The batting of Galloway, who made two doubles and a single featured. Score: R. H. E. Philadelphia...000010200—3 8 1 Boston...000110000—2 7 3 Batteries—Naylor, Eckert, Heimac and Perkins; Quinn and Ruel.

Chicago, April 12—St. Louis defeated Chicago, 3 to 2, in the opening game of the American League season here today. The two Urbans—Fabre and Shocker—were on the mound and the former held the visitors to three hits while the latter was touched for nine. Fabre, however, issued three walks and two of them developed into runs. Score: R. H. E. St. Louis...200000100—3 3 1 Chicago...000101000—2 9 1 Batteries—Shocker and Seeverd; Fabre and Schalk.

Cleveland, 7; Detroit, 4. Cleveland, April 12—Cleveland opened the season with a 7 to 4 victory over Detroit, Morton outpitching Oldham and Olsen. Cleveland bunched his hits, McInnes, playing his first game as an Indian, leading with a single, double and triple. Veach of Detroit hit a home run with none on. Cold weather held the attendance down. Score: R. H. E. Detroit...000110200—4 9 4 Cleveland...0200020—7 12 1 Batteries—Oldham, Olsen and Bassler; Morton and Nunamaker.

THE BYNGS DEFEAT Y. M. C. I. CHAMPIONS

The Byngs, winners of the Girls' City Basketball League, defeated the winning team of the Y. M. C. I. at a hard fought game in the Y. M. C. A. gymnasium last night. The score was eight to seven in favor of the Byngs and at half time the score stood four all. Three members of the Byngs were hurt in the game and it was necessary to play two spares. A preliminary game between the Y. M. C. A. Seniors and the Y. M. C. A. Intermediates was given as an exhibition and resulted in a victory for the seniors by a score of sixty-two to forty-seven. The seniors are having a thorough work out in preparation of meeting the Halifax "Y" team in competition for the maritime Y. M. C. A. championship.

Y. M. C. I. House League. The Swans took three points from the Hawks in the Y. M. C. I. House League game last night. The scores follow: Hawks—95 85 110 290 962-3 O'Connor...78 70 68 216 72 Power...66 81 85 242 802-3 Jarvis...76 78 79 233 772-3 Brown...71 79 74 224 742-3

Five Princeton Men Declared Ineligible—Gifts and Loans are Issues. Princeton, N. J., April 13—The most thorough housecleaning in college athletics in many years has been revealed by the announced resignation of Thomas H. McNamara, captain of the Princeton baseball team, who has resigned after being declared ineligible. It was learned that McNamara's action was forced not by the Princeton University authorities, although it was through them that the matter was investigated, but by the committee representing Princeton, Harvard and Yale, of which a representative of each university is a member.

MAY HAVE RADIO BROADCASTING STATION HERE

New Brunswick may have a radio broadcasting station if there is sufficient support for the venture forthcoming. The Commercial Club is sponsoring the movement to establish a radio club in this province, and its chief function would be to disseminate news of a mercantile and commercial nature over the entire part of Canada. In other places wireless is used for fishing out store wares, news of bargain sales and like purposes. All interested in the project New Brunswick or the adjacent territory are invited to communicate with the Commercial Club which, if sufficient support is found for the venture, will undertake the formation of a New Brunswick Radio Club. A location near St. John is said to be the best for a radio station.

8,500,000,000 MARKS PRINTED IN A WEEK

Berlin, April 13.—The Reichsbank printing presses broke all records during the last week by putting 8,500,000,000 marks of new paper money in circulation. This makes nearly 140,000,000,000 paper marks outstanding. It is believed here the only reason the mark has not gone down to 400 or 500 to the dollar is

the hope still placed in Genoa. With the prices of most of the essentials of life advancing daily by leaps and bounds, the government will have to act quickly if the mark is not to meet the fate of the Austrian krone and Berlin follow Vienna to ruin.

HOW THE CITY'S POWER BILL WAS AMENDED IN COMMITTEE

Emerges in New Form and Will Be Dealt With Today By House

City Has the Right to Buy and Distribute the Musquash Current—Suggestion is Made for a Commission to Fix Rates or for Purchase of the Company's Property By Arbitration—Action Provided for if the Company Suspends Any Service.

THE TEXT OF THE ORIGINAL BILL

The full text of the original draft of the city's Power bill was as follows:

1.—An act respecting the New Brunswick Power Company and the city of St. John.

2.—That the Lieutenant-governor and Legislative Assembly as follows:

1.—From the time of the making of a contract between the city of St. John and the New Brunswick Electric Power Commission under the provisions of the Act 10 George V., chapter 63, it shall engage in the business of supplying electric light, heat and power and any and all other forms of use of electrical energy to persons and corporations within the limits of the city of St. John, the parish of Rothesay in the county of Kings, and all contracts made by the said city for such purposes shall be immediately subject to the terms and provisions, so far as the same shall be applicable, of the contract made between the said city and the said commission.

2.—In case upon an appeal from the board of directors of the New Brunswick Power Company to the board of commissioners of Public Utilities under section 6 of the Act 10 George V., chapter 63, the said board of Commissioners of Public Utilities shall overrule, modify or vary any order of the board of directors determining the extent and character of the railway, electric and gas service which the public convenience and necessity may require or in case any order shall be made by the board of commissioners of Public Utilities under section 11 of the Act 10, Edward VII, chapter 6, requiring the New Brunswick Power Company to furnish reasonably adequate service and facilities, if the said company shall not forthwith obey the order of the said board of commissioners of Public Utilities the said last mentioned board may upon summary application authorize the said city by its commissioner of Public Safety to take control of the whole or such part of the operations of the said company as in the judgment of the board may be necessary

THE TEXT OF THE AMENDED BILL

Fredericton, April 12.—Following is the text of the bill relating to the city of St. John and the New Brunswick Power Company as amended in committee. It will come before the committee of the whole house tomorrow and what will happen there is still uncertain.

An act respecting the N. B. Power Company and the city of St. John. Strike out the whole bill and in lieu thereof substitute the following:

Whereas by Act 10, George V., chapter 63, it is provided that any municipalities may apply to the N. B. Electric Power Commission for the transmission and supply to the municipality of electric power and energy for the use of the municipality and inhabitants thereof for lighting, heating and power purposes, and any such municipality may, subject to the provisions therein contained, enter into a contract with the commission for the supply of electric power or energy for the purposes mentioned in the said act; and Whereas by section 2 of the said Act 10, George V., chapter 63, it is provided that the expression "municipality" includes a municipality, an incorporated town, or a city; and Whereas it is also provided by section 28 of the said act that a municipality having a contract thereunder with the commission may, among other things, acquire lands and real and personal property, and erect, contract and operate works for the transmission and distribution of electric power or energy in the municipality; and Whereas, without any good or valid reason, doubts have been raised as to whether under the above recited provisions of the said act the city of St. John has the right, upon entering upon such contract with the commission, to engage in the business of supplying electric light, heat and power and other forms of electrical energy, and it is desirable to remove such doubts; Be it therefore enacted by the Lieutenant-governor and legislative assembly as follows:

1. From the time of the making of a contract between the city of St. John and the New Brunswick Electric Power Commission, under the provisions of the Act 10, George V., chapter 63, it shall and may be lawful for the said city of St. John to engage in the business of supplying electric light, heat and power, and any and all other forms of use of electrical energy to persons and corporations within the limits of the city of St. John, and all contracts made by the said city for such purposes shall be subject to the terms and provisions, so far as the same shall be applicable, of the contract made between the said city and the said commission.

2. If in case of an appeal from an order of the board of directors of the New Brunswick Power Company to the board of commissioners of public utilities, under section 6 of the Act 10, George V., chapter 63, the said board of commissioners of public utilities shall overrule, modify or vary any order of the board of directors, determining the extent and character of the railway, electric and gas service which the public convenience may require, or in case any order shall be made by the board of commissioners of public utilities under section 11 of Act 10, Edward VII, chapter 6, requiring the New Brunswick Power Company to furnish reasonably adequate service and facilities, and the said company shall not forthwith obey any order of the said board of commissioners of public utilities, the said last mentioned board may appoint some public person or persons to take control of the whole or such part of the operations of the said company as in the judgment of the board may be necessary to provide reasonable, adequate and proper service for the public, and for such time or times as the board of commissioners

of public utilities may determine from time to time, but not exceeding in the whole the period of eighteen months. The said board of commissioners of public utilities may make such orders and give such directions as the board shall deem fit as to carrying on such operations, and if there should not be sufficient revenues from the operations carried on by order of the said board, or if such revenues be not available to pay for the cost of such operations, then the said board shall determine whether the same or any, and if so, what, proportion of the balance thereof remaining unpaid shall be paid out of the general revenues of the city of St. John, or by the said New Brunswick Power Company, and any amount of such deficiency which the board may determine should be borne by the New Brunswick Power Company, shall be a lien on the property of the said New Brunswick Power Company ranking immediately after the bonds issued by the said company, or otherwise as the board may determine. The same right of appeal shall exist with respect to any such order as is now provided by statute in respect to any order of the board of commissioners of public utilities.

3. And whereas it has been represented on behalf of the said New Brunswick Power Company, that if the city of St. John should, under the provisions of the said act 10 George V., chapter 63, and this act, enter into competition with the said New Brunswick Power Company in supplying electric light, heat and power within the said city of St.

Price 50c to \$15
The Mirror reflects the satisfaction of Men who tame their beards with
TRADE MARK
SILVER LATHER BRUSHES

John, such competition would be likely to materially lessen the earnings of the said New Brunswick Power Company, and would work hardship upon the shareholders of the said company, and it is desirable to give the said city of St. John and the New Brunswick Power Company authority to vest in the said city, the street railway, electric and gas plants, and the property of the said New Brunswick Power Company:

Be it, therefore, hereby further enacted that if the said New Brunswick Power Company do at any time within six months from the passage of this act, offer to the city of St. John to sell to the said city, all the street railway, electric and gas plants, and all other property, both real and personal, of the said New Brunswick Power Company, at a price to be determined by arbitration based upon the actual cash value of the said systems and property, it shall and may be lawful for the common council of the city of St. John, by-law, to accept such offer and to enter into such agreement with the said New Brunswick Power Company as to the actual cash value of the said systems and property, and in case such arbitration is agreed upon the provisions of the New Brunswick Railway Act shall apply thereto mutatis mutandis.

The provisions of section 28 of the act 2, George V., chapter 42, entitled "an act to provide for the government of the city of St. John by an electric commission" and subsequent sections providing for a referendum on by-laws passed by the council, shall apply to the by-laws provided for in this section.

The authority granted by section 28 of the act 10 George V., chapter 63, to a municipality having a contract under such act with the commission, to issue debentures for any of the purposes mentioned in sub-section (1) of said section 28, shall apply to, and authorize the issue by the city of St. John of such debentures as may be necessary for the purpose of paying for such plants and property of the New Brunswick Power Company, the amounts which may be awarded under said arbitration.

5. If the city of St. John and New Brunswick Power Company so agree a commission of three persons, composed of the chairman of the board of commissioners of public utilities, a member representing the Province of New Brunswick and a member representing the city of St. John, shall be appointed by the lieutenant-governor-in-council.

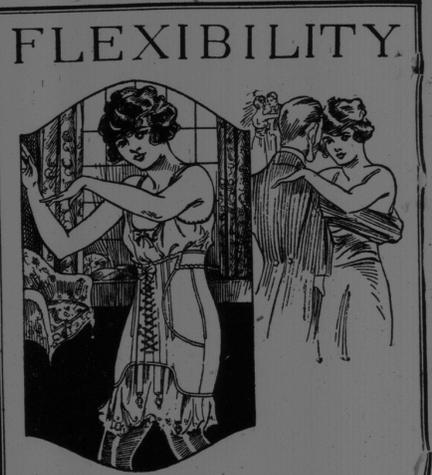

6. Such commissioners shall determine and fix the price at which the New Brunswick Power Company shall distribute the electric power energy for the use of the citizens of the city of St. John

for lighting, heating and power purposes under any contract which the city of St. John may enter into with the New Brunswick Electric Power Commission for the supply of electric power or energy for the purpose aforesaid.

7. The findings of such commissioners shall be made an order of the board of commissioners of public utilities and shall have all the authority and effect of such order.
