WRECK AND BURN IN TOWN NEAR SKIBBEREEN

Reprisals by Uniformed Men Last Night

Solution Suggested by Viscount Grey Attracts Attention in Dublin But Not Considered Likely to Be Adopted.

Dublin, Sept. 30.—Uniformed men wrecked several houses and burned others in Drimoleague, near Skibbereen, last night as a reprisal for the shooting of a sergeant when a police patrol was attacked Tuesday night. Some of the inhabitants had left their homes earlier in the day anticipating that reprisals would be carried out.

Dublin, Sept. 30.—Suggestions for the solution of the Irish problem, which are virtually an offer of a generous form of home rule made by Viscount Grey of Falindole, have attracted much attention in this city, but public opinion generally discounts the probability of its adoption.

Prince William Street Paving—Further Extension of Metcalfe Street Through Property Recently Acquired Talked Of.

Commissioner Jones, with matters pertaining principally to city property in the outskirts of the city, furnished most of the material for debate at a committee meeting of the council this morning.

London, Sept. 30.—Lord Mayor MacSwiney of Cork, who today, slept from half past nine o'clock last night until half past twelve this morning, said in a bulletin issued by the city council, "The determination of the council is to see that the city is kept as clean as a pin."

Countess Arrested. Dublin, Sept. 30.—Countess Georgina Markievicz, Sinn Fein member of parliament for St. Patrick's division of Dublin, was arrested this week last at her home in a suburb of Dublin.

Jury Accused Military. Belfast, Sept. 30.—A coroner's jury, inquiring into the death of James Connolly, 70 years of age, who was shot dead at his home in Kinloah, South Down, when the military went to arrest his son, yesterday returned the following verdict: "He died from shock and hemorrhage caused by a revolver bullet wound which was inflicted by an officer and a military sergeant accompanying him. We find the officer and the military sergeant guilty of wilful murder, which is accentuated by their not attending the inquiry."

Threat in Drogheda. Dublin, Sept. 29.—Notices have been posted in Drogheda bearing the following warning: "Drogheda Beware! If in this vicinity a policeman is shot, five of the leading Sinn Feiners will be shot. It is not a joke. It is an eye for an eye.

EXCHANGE TODAY. New York, Sept. 30.—Sterling exchange heavy. Demand 346 1/2. Cables 347. Canadian dollars were quoted at a discount of nine and thirteen-sixteenths.

PREPARED HIS OWN TOMB

Michels Basso, for forty years interpreter in Toronto police court, was laid to rest in the granite tomb which he had constructed for himself in Mount Pleasant cemetery four years ago. In 1916, when taken suddenly ill with influenza he feared he was going to die, and had the tomb prepared. Prior to settling in Toronto in 1867 he was a lion tamer with Barnum's circus.

SPRUCE LAKE AND MISPEC MATTERS BEFORE COUNCIL

C. P. R. IS HEARD

Upholds the Increase in Railway Rates

Says Company Entitled to Whatever Profit Is Gained Under Rates That Are Fair and Reasonable.

Ottawa, Sept. 30.—That a railway company is entitled to whatever profits are involved in working under rates that are fair and reasonable was the crux of the argument advanced by W. N. Tilley, K. C., chief counsel for the C. P. R., in opposing the request for a reversal of the decision of the railway board by the governor-in-council in the railway rates case being argued before the premier and his colleagues. It is expected that counsel for the railways will conclude today and the hearing will be brought to a close.

So far as Canada is concerned, Mr. Tilley maintained, this general principle has been established by the railway commission in the western rates case. In that case the matter of the C. P. R. surplus had been introduced and the board decided that:

"The question for us to decide is what rates are fair irrespective of what the surplus is."

He reviewed in connection with the western and eastern rates cases previous board had found to be just and reasonable and not involving any discrimination. But, owing to the increased cost of operating expenses, the new rates proved to be insufficient and application had to be made for an increase which was not granted until early 1918.

Dealing with the operations of the company during 1917 under "fair and reasonable rates," Mr. Tilley said that the surplus for the year was \$12,420,916. The return was only \$5,478 on the actual cash investment of \$828,221,711, which was \$200,000,000 less than all capital invested.

Replying to a question by Sir James Loughheed, Mr. Tilley expressed the view that it should represent half the current value of money. In other words if the surplus for the year was seven per cent, the surplus should be three and a half per cent on the investment.

Attempt in Philadelphia. Philadelphia, Sept. 30.—Horace Fogel, former president of the Philadelphia National League Baseball Club, is quoted by the Inquirer as declaring that two attempts were made to "fix" players here in recent years, and that the evidence is in the archives of the major league officials and club owners.

Commissioner on Holiday. Commissioner I. H. Bullock yesterday started on a short vacation, the first in two years. In his absence his office will be administered by Commissioner Thornton.

ABOUT FELT HATS.

We once heard a man say that \$10 was a rather steep price for a piece of cloth shaped over a block. Here's what we told him: Your felt hat is not cloth. It is made—all except the trimmings—of a double handful of specially selected fur. This is felted, formed, shrunk, blocked, finished and trimmed, passing through no less than fifteen distinct operations, each performed by a highly skilled worker. Your felt hat is unlike anything else you wear. If it could be made as good from some other material we would not wear felt hats anymore. We have felt hats here of Knox and Stetson make and hence guaranteed. Magges, King street.

STOCK REDUCTION.

Sale of Ladies Boots and Pumps at Bargain Prices. Ladies for the next week will be able to purchase seasonable boots and pumps at a price irresistible. Waterbury & Rising are placing on sale 1,000 pairs of their reliable footwear suitable for fall wear, a sale every lady should take advantage of, considering the high prices prevailing. The whole 1,000 pairs should be sold in a week. The first callers will secure the best selection, consisting of laced boots and patent leather pumps in the latest style. This sale is at Waterbury & Rising's, King St. Store only. See their ad. in Times of Sept. 29 and Oct. 1. 10-3

THE EVENING TIMES AND STAR, ST. JOHN, N. B., THURSDAY, SEPTEMBER 30, 1920

HON. W. E. FOSTER, Premier of New Brunswick

# To The Women of New Brunswick

For the first time in provincial affairs, the full and free right to the franchise is extended to women and all those registered have the privilege of voting on October 9. Many women will thus cast their ballots for the first time and it is fortunate that the issues in this election are so clean-cut and clearly defined. Women electors must choose between the two parties, the one led by Hon. W. E. Foster, the government party, and that led by J. B. M. Baxter, the Opposition party.

Governments are judged on their records. Oppositions must be judged on the records of the men composing that opposition coupled with their pledges for future performance. Consider the record of the Foster government:

1. They gave the provincial franchise to women.
2. They have greatly extended and enlarged the beneficial work of the Women's Institutes in New Brunswick.
3. They enforced the Prohibition Act of 1916 and granted a plebiscite which will result in the act being strengthened and made permanent.
4. They have protected the family of the workingman through the creation of a Workmen's Compensation Board which does away with the necessity for legal action before the injured workman is recompensed for time lost and for doctors' bills, hospital fees, etc.
5. They have cleared the province of small-pox, rendered practically the whole school population immune from the disease and introduced a system of medical inspection of schools unrivalled by any other province of Canada.
6. They have taken steps to prevent the spread of social disease and through progressive legislation put in force the proper keeping of vital statistics, thus assuring every child born in the province its own legal rights.
7. They have increased materially the government grant to teachers and made adequate provision for technical training in Vocational schools.
8. They have raised the whole standard of rural life through proper attention to Road building, both back and front roads, making possible as well as more ready sale of, and better prices for, Farm Produce.
9. They have guarded the finances, preserved the Crown Lands and have taken the first and most important steps for the development of our Water Powers which means eventually more work and better wages in industrial centres.
10. They have conducted the affairs of the province throughout three and one-half years in an honest, business-like manner without breath of scandal or suspicion of wrong-doing.

## NOW WHAT OF THE OPPOSITION?

Their record while in power was strikingly bare of Progressive Legislation while they must face responsibility for the timber limits scandal, the Valley Railway scandal, the Southampton Railway scandal, the Patriotic Potatoes mess, and other unsavory transactions which took altogether some \$500,000 from the people of the province.

And yet the Opposition party, so far, has produced no platform but this slogan:

## "WE STAND FOR THE SAME PRINCIPLES"

Women surely stand for purity in politics and all that is best in public life. Need they hesitate?

The leader of the government, Hon. W. E. Foster, is a man with private life above reproach who, at an early age, assumed the full duties of citizenship and who is known everywhere as a man of high ideals and rare qualities. He and members of his government are worthy of every woman's confidence.

Vote for the Foster Government Candidates

### A HANDY MAN TO HAVE AROUND

Street Watchman Opens House Doors in Madrid When Occupant Comes Home Late.

Madrid, Sept. 11.—(A. P. Correspondence)—The serenos—or night watchmen—of Madrid feel highly flattered by the announcement that London is about to follow the example of Spanish towns and organize a corps of guardians and key-holders in order to prevent burglaries. Since the year 1798, the corps of serenos has existed in Madrid. From 10 o'clock at night until 7 in the morning, in winter, and until 6.30 in summer, the sereno is on duty around every block at their house doors after 10 in nearly all cases find them closed and as it is unusual to carry a key—generally of iron—convenient sign—they are compelled to call the watchman. This is done by clapping the hands, a call which brings him to the scene with his lantern hanging on a kind of lance and the keys of all the houses hanging in a bunch. In most instances he knows the occupants of the houses and he precedes them to their flats if they have put the apartment key in their pocket, or gives them a small taper lighted from his lantern to light them up the stairs if they do not need his master-key.

### BEWARE OF TENDER GUMS

Unhealthy soil kills the best of wheat. Unhealthy gums kill the best of teeth. To keep the teeth sound keep the gums well. Watch for tender and bleeding gums. This is a symptom of Pyorrhoea, which afflicts four out of five people over forty. Pyorrhoea menaces the body as well as the teeth. Not only do the gums recede and cause the teeth to decay, loosen and fall out, but the infecting Pyorrhoea germs lower the body's vitality and cause many serious ills.

To avoid Pyorrhoea, visit your dentist frequently for tooth and gum inspection. And use Forhan's For the Gums. Forhan's For the Gums will prevent Pyorrhoea—or check its progress. Ordinary dentifrices cannot do this. Forhan's will keep the gums firm and healthy, the teeth white and clean. Start using it today. If gum-shrinkage has set in, use Forhan's according to directions, and consult a dentist immediately for special treatment.

35c and 60c tubes in Canada and U. S. If your druggist cannot supply you, send price to us direct and we will mail tube postpaid.

Sydney, Dukes and Queens Wards will meet in the Seaman's Institute, Prince Wm. street.

Kings, Prince and Wellington Wards in the Market Building, Charlotte street.

Dufferin Ward at 629 Main street.

Laundowne Ward at 82 Simonds street.

### TURKEY IS A PAINTLESS LAND

Unpainted Houses Taxed Less, Hence Present Conditions.

Constantinople, Sept. 8.—(A. B. Correspondence)—Turkey is a paintless land. Most of the houses are wooden and unpainted. This is not a condition growing out of the war. The short-sighted policy of the government in imposing taxes on buildings in proportion to the brightness of their exterior has encouraged shabbiness.

### WEST SIDE MEETING WOMEN VOTERS

A meeting of all women voters in favor of the Opposition candidates, will be held in the Prentice Boys' Hall, Guilford street, West Side, on Thursday evening Sept. 30 at 8 o'clock.

The meeting is for organization and will be addressed by the candidates.

### BIBLE CITY TO BE DUG UP

The Evening Times and Star

ST. JOHN, N. B., SEPTEMBER 30, 1920

The St. John Evening Times is printed at 27 and 29 Canterbury Street, every evening (Sunday excepted) by The St. John Times Printing and Publishing Co. Ltd., a company incorporated under the Joint Stock Companies Act.

TRYING TO GET BACK

The following gentlemen, who have been nominated in opposition to the Foster government, were either members or supporters in the legislature of the government defeated in 1917.

- Hon. J. B. M. Baxter. Hon. B. Frank Smith. Hon. James A. Murray. Hon. D. V. Landry. Dr. H. I. Taylor. Scott D. Guphill. J. Sheridan.

Along with these have been nominated in various constituencies men new to public life but heartily in accord with the gentlemen above named, and eager to restore the old regime.

If the Foster government were defeated the old regime would be restored. Do the people want it? If not, their duty is plain.

THE TWO PARTIES.

More the campaign develops the clearer it becomes that the choice to be made by the people is between the administration they rejected in 1917 because of its misdeeds, and the one which has made a clean record, and has put upon the statute books the most important measures of a generation in New Brunswick.

Not were there any scandals connected with these measures. The opposition has failed to produce a single instance of deliberate wrongdoing by any member of the government. Its charges of extravagance the opposition has utterly failed to make good. Its attempts to take credit for measures adopted by the government merely provoke derision. The people are not blind.

THE CAMPAIGN.

The farmers now have full tickets in the field in Kings, Sunbury, York, Carleton and Victoria. They have united with the regular opposition for a joint ticket in Charlotte, where one of their candidates was a Baxter-Murray supporter in the last house; with labor for a joint ticket in Northumberland and Westmorland; and with the Baxter-Murray opposition in Kent. There are twenty-three straight farmer candidates in the field, and three Baxter-Murray men posing as farmers.

The regular opposition has straight tickets in St. John city and county, Kings, Albert, Queens, Moncton, Restigouche and York. It is represented on joint tickets in Kent and Charlotte. It has no tickets as yet in Westmorland, Sunbury, Northumberland, Madawaska, Gloucester, Carleton or Victoria. It has twenty-two straight candidates, and three camouflaged as farmers.

The complete line-up of all parties will be known on Monday next. The Baxter-Murray opposition, within a week of the elections, has no candidates in seven of the constituencies. Whether it can make a pretence of a fight in all of them remains to be seen.

QUEBEC'S LOYALTY.

The Navy League of Canada printed its papers on Canada and Her Part in the War in French as well as English. To the French edition there is a foreword by Mr. Leon Mercier Gouin, grandson of the late Hon. Honore Mercier, and son of Sir Lomer Gouin.

"The British flag, strengthened by the new victory, still flies over this splendid half of the North American continent that belongs to us, and our victorious standard remains the symbol and the guarantee of our constitutional liberties. Had it been conquered we should have been compelled to bear the yoke of a foreign domination, or, left to our own weakness, we should have had to make the costly experiment of an independence as illusory as ephemeral.

Canada should watch jealously over the protection of her territory and of her commerce. It is important that she should retain all her markets from one end of the world to the other. Thus our national prosperity is indirectly bound up in that of the other parts of the British Empire."

This thoughtful expression of loyalty by a distinguished citizen of Quebec is an effective answer to occasional criticism of the attitude of the people of that province.

PLAY THE GAME.

When Joe Jackson left the grand jury room after his confession a crowd of small boys gathered around their heavy hitting idol, and asked: "It isn't true, is it, Joe?"

"Yes, boys, I'm afraid it is," Jackson replied. "This is the simple story of a tragedy in the lives of a group of small boys in Chicago. Their idol had fallen. Their faith in human nature had received a severe shock. The man who was to them a very hero in sport had sold out."

And Joe would have given words at that moment to have been able to throw back his head, meet those challenging eyes and assert his innocence. "Tales of dishonesty are not new. Each day brings its quota. But this was different. These ball-players had in their keeping the honor of their city. They were in the limelight. All classes of the people were interested in them, proud of them, and eager for their success. They had proved unworthy of the confidence reposed in them."

There was a note of heart-break in the pitiful query of those small boys. Surely there is here a lesson that should be pressed home in every sporting club, in every athletic association, and in every school and home. "Play the game!"

There is a farmer-labor ticket in Northumberland. Moncton labor men are asking that they be represented by Mr. P. D. Ayer on the farmers' ticket in Westmorland. In Charlotte, some of the farmers have joined up with the Baxter-Murray party and accepted two of its supporters on their ticket. In York, the Baxter-Murray party is fighting the farmers. In Westmorland the farmers rejected with scorn a proposal to join up with the Baxter-Murray party.

The Standard has been publishing imaginative tales from Victoria county concerning Hon. Mr. Tweeddale's alleged inability to get a ticket. Now that he has it, the Standard must content itself with asserting that the ticket cannot win. Since it says practically the same about all government tickets its readers will not be greatly impressed. Extravagant claims and assertions do not win little minds.

Wool production in Canada has about doubled since the period before the war. This year's product is estimated at 21,000,000 pounds. The average price last year was sixty cents, but it now ranges in the west at forty-five to fifty-five cents. Canadian mills are using more native wool than in former years.

FATHER NOAH. Father Noah built his ark, just behind the village pond; and he heard some fool remark from each guy who snoped around. All the ducks, all the wits, joked in at he hewed his planks; all the sports were throwing fits, laughter sounded from their ranks.

CANADA—EAST AND WEST

Domestic Happenings of Other Days

THE INDIAN DEVILS.

The Indian of Canada, like his brother in all parts of America, was a constant victim of female superstitions. He believed that thousands of spirits were seeking his ruin day and night, in camp and in the forest, and on the lakes and rivers. His problem was how to keep a fair degree of peace with the terrible spirits.

In the dark parts of the forest these lurked awaiting the unwary. Some braves declared they had met and conversed with these unseen beings. Caves were their dwellings, and so only extreme necessity would force a red man to enter the darkness of the openings in the earth. Frequently the early French adventures found a heavier load lying by the entrance to a cave; a silent witness of the fears of some brave who knew no terrors in the forest of battle with animal or enemy.

The Indian worship consisted largely of attempts to placate the spirits. Out of this idea grew up the great dances at which they feasted on meats of all kinds in huge quantities. At regular intervals they held their sun dance, the snake dance, the mask or false face dance and the great bear dance. Each of these was a semi-religious ceremony, though they often ended in the wildest revelries and sins.

THE LITTLE ROADS.

The great roads are all grown over. That seemed so firm and white. The deep, black forests have covered them. How should I walk aright? How should I thread those tangled mazes Or grope that that far-off light?

I stumble round the thickets, and they turn me back to the thickets and the night. Yet, sometimes, at a word, an elfin passer (O thin, deep, sweet with beaded rain) There shines, through a mist of ragged-robins, through a mist of ragged-robins, the old lost April-colored lane.

That leads me from myself; for, at a whisper Where the strong limbs thrust in vain, At a breath, if my heart help another heart, The path shines out for me again.

A thin thread, a rambling lane for lovers To the light of the world's own May, Where the white dropping flakes may wet our faces

As we lift them to the bloom-bowed spray, O Master, shall we ask Thee, then, for high-roads, Or down upon our knees and pray That Thou wilt ever lose us in Thy little lanes

And lead us by a wandering way. —Alfred Noyes, in The New Morning.

LIGHTER VEIN.

His Mistake. He—There have been times in my life when I was tempted to commit suicide. She—Why grieve over the past? We can all look back and see where we've made mistakes.—Edinburgh Scotsman.

UNIVERSITY CLASSES FOR LABORING MEN

Toronto Trades and Labor Council Will See the Minister. Toronto Trades and Labor Council has asked for an appointment with the minister of education to discuss the possibility of establishing university classes for working men.

Toronto Trades and Labor Council will see the minister of education to discuss the possibility of establishing university classes for working men. A. H. Leaks, provincial inspector of manual training and domestic science, who has just returned from a trip to Great Britain, reports favorably on a similar scheme.

SIDELIGHTS ON ELECTION IN PROVINCE

A Little Bit of History.

Col. Sheridan, who is a farmer candidate along with Hon. Dr. Landry in Kent, is the gentleman who retired somewhat precipitately from the legislature in 1915. The Frederickton Mail says: "Since his retirement from the House in 1915 the gallant colonel has been filling a position under the federal government, but he seems willing to give this up for a chance to get back into the legislature. While they are posing as farmer candidates, Dr. Landry and Col. Sheridan are really running as supporters of and with the approval of Leader Baxter who seems determined to get all of the old crowd back into office again."

Col. Sheridan's case was ably dealt with by the present Judge Chandler who performed the duties of a royal commissioner under the old government. The charge was made that the colonel appropriated to his own use certain sums of money which was supposed to have been paid out for road and bridge work. Commissioner Chandler found the charge true for whatever work had been done by the colonel, he had not been paid for it.

While Col. Sheridan is camouflaged as a farmer candidate he is running as a follower of Mr. Baxter and in the event of the latter being returned to power would be in a position again to engage in bridge building operations.

Water Power Development.

(Fredericton Mail.) The people of York county are vitally interested in the development of water power in the county which has been launched by the Foster government. One of the first streams to be harnessed will be the Shogomoc river in the parish of Canterbury, where there is a head of three hundred feet. This stream is capable of supplying cheap light and power to the people of the parishes of Canterbury, Sunbury, Dumfries, Prince William, McAdam, Manners-Sutton, Queensbury, Bright, Douglas, Kingsclear and this city.

The Lodge of Perfection, a fraternal order and turned over to the consumers at actual cost. It is expected that light and power will be supplied at about one-fifth of what it now costs consumers in cities and towns where the power is generated by means of coal. The Foster government was the first to make a move towards the development of our water powers. The old government talked about it but was too busy trying to cover up its various hoodluming transactions to get down to business. Electors of York bear this in mind when you go to the polls on October 9th.

A Friend of Labor.

(Moncton Transcript.) That the Foster government has been the most effective friend of labor that has ever been known in New Brunswick is generally admitted. The amendments made to the Workmen's Compensation Act, introducing the new principle of industrial accident, have been a landmark and enlarging its application, is proof of this. The Act now covers every line of industry in the province. It is worth noting that in other provinces in certain industries compensation is not obtainable unless there be five, ten, fifteen or twenty years' experience. In New Brunswick the highest exclusion number is three, and this applies only in lumbering and retail stores.

The original act provided payments of \$20 per month to widow and \$5 to each child, payments not to exceed \$3.00 in the aggregate. The amendments made at the last session of the legislature provide for payments of \$30 per month and \$7.50 for each child, payments to continue in the case of the widow till death or re-marriage, and in case of the child till the age of sixteen years. In addition a sum of \$100 is allowed for funeral expenses. These increases to the widow and child were made retroactive from Jan. 1, 1919. In addition to this the awards for permanent disability were increased from a maximum of \$1,500 to \$2,500 a year.

Last session the Act was also amended to allow the lines of hospital and medical work where the insured assumed full medical and hospital care.

STRONG TICKET FOR VICTORIA

Hon. J. F. Tweeddale and J. R. McCluskey Chosen as Government Candidates.

Grand Falls, Sept. 29.—At a representative gathering of the government supporters in Victoria, held here today, Hon. J. F. Tweeddale, minister of agriculture, and John R. McCluskey of this town were selected as government candidates for this county in the forthcoming election. The selection of this ticket assures a routing government victory in Victoria county and will be received with enthusiasm in every section of the county.

FURTHER HEARING IN THE RAILWAY RATE APPEAL. Argument in the appeal against the order of the railway board increasing freight and passenger rates continued in the office of the prime minister, Ottawa, yesterday afternoon. G. R. Geary, corporation counsel for Toronto, maintained that the C. P. R. had been collecting more in revenue than had been necessary to pay fixed charges and dividends and maintain a reasonable surplus. He said he recognized that a railway should have a surplus, but he felt that the order was unnecessary as the company possessed realizable assets of many millions.

INSPECTOR RESIGNS AND APOLOGIZES. Admits That He Was Wrong in Arresting and Beating Windsor Physician. Windsor, Sept. 30.—Facing a suit for \$25,000, as well as a charge of having assaulted Dr. I. Cherniak of Windsor, Special Chief Inspector Robert Ball, who was brought here by the Ontario Licensing Department to curb liquor runners has voluntarily resigned and offered a public apology to Dr. Cherniak. Ball was in Police Court when Magistrate Miers suggested that he make a public statement to the effect that his action in arresting and beating Dr. Cherniak was wrong and Ball immediately did so.

UNSURPASSED PROSPERITY FOR WESTERN FARMERS. (Canadian Press Despatch.) Winnipeg, Sept. 29.—Reports from rural societies throughout the province show that farmers, due to excellent crops this year, are entering a period of unsurpassed prosperity. As an indication of a good year, C. Gifford, supervisor of rural credit societies for the province, stated today that farmers in a large number of cases, are repaying loans before they are due.

### RECENT WEDDINGS

**Balmann-McMann.**  
At the German street Baptist church yesterday afternoon, with the pastor, Rev. S. S. Poole, officiating, Miss Lena McMann, daughter of Mr. and Mrs. Everett McMann, of Newcastle, became the bride of Bruce Balmann, of John. The bride, who entered the church on the arm of her father while being escorted by her bridesmaid, was wearing a gown of navy blue with white trimming and hat to match and carried a bouquet of pink and white roses. After the ceremony Mr. and Mrs. Balmann left on the Montreal express for a short honeymoon. The gift of the bridegroom to the bride was a solid gold necklace and among other gifts received were an electric reading lamp and several useful articles by the former employers of the bride.

The marriage of Miss Mabel Clara Ellis Leonard, Edwin Ogler took place at night at the home of the bride's mother, Edwin Ellis, 8 Alexandra street. The ceremony was performed by Rev. A. C. Cady. The bride was given in marriage by her brother Charles Ellis, and Miss Ogler, sister of the groom was bridesmaid. The bride was a member of the office staff of T. McAvity & Sons Ltd. for several years. The groom is a veteran of the 50th battalion. Mr. and Mrs. Ogler will make their home at 850 Duke street, West St. John.

Miss Marion L. Riley of Annapolis, N. B. and Fred A. Wallace of Halifax were married in Annapolis yesterday by Rev. Layton A. Munro. They left by train for a wedding trip which will include various towns and cities as well as Boston and New York.

Miss Hazel Audrey King of Sagua, and Frank A. Wallace of Annapolis, N. B. were married yesterday at the home of the bride's parents. The bride who was given away by her father was attended by her sister Miss Gretta King, and the groom was supported by Charles Wallace. The ceremony was performed by Rev. W. R. Robinson of St. John. Mr. and Mrs. Wallace left for a trip to American cities and their return will make their home in Westfield. Among those present at the wedding were: Mrs. Jas. Munde, Mrs. Bertha W. King, Miss Dorothy King, Mr. and Mrs. L. W. Simms, Miss Munde, Mrs. Stanley K. Smith, Mrs. H. Colby Smith, Mrs. Mortan McLean, Mr. and Mrs. Forge, Mrs. W. R. Robinson, Mrs. and Miss Gallbraith, Mr. and Mrs. Harry Munde, George Macaulay, Mr. and Mrs. Evans, Mr. and Mrs. Fuller.

At the home of the officiating clergyman, Charles Hiram Speight of Westford, Queens county, was united in marriage yesterday to Miss Florence Brockway Wall of Brockway, York county. The ceremony was performed by Rev. David Hutchinson in the presence of a few friends. The young people will make their home at Westford.

Yesterday afternoon at the Main street Baptist church, Rev. David Hutchinson, of Kars, Kings county, was united in marriage to Miss Sereta M. VanWart, also of Kars, Kings county. The young pair were unattended. The ceremony was performed by Rev. David Hutchinson. They will make their home at Kars.

Yesterday evening at the home of the officiating clergyman, Rev. David Hutchinson, George G. Humphries of this city, was united in marriage to Miss Edith Kierstead, daughter of William Kierstead, Chesley street. It was a very quiet wedding the bride being unattended. Mr. and Mrs. Humphries will make their home in Chesley street.

**RECENT DEATHS**  
Friends in St. John will regret to learn of the death of Charles F. Thorne, which occurred at his home in Charlottetown last Saturday. Mr. Thorne, while in St. John was an employe of the Reid photo studio but left here in the fall of 1918 owing to ill health. He was also prominent in horse racing circles, taking part in matinee races, etc. at the local track. The funeral took place in Charlottetown on Monday.

Mrs. Edward White died at her home in Annapolis on Monday after a lingering illness, at the age of fifty years. Her death was directly due to heart failure at she has been an invalid for some time. Besides her husband she leaves three sisters and one brother.

**ANNIVERSARY MASS.**  
A mass of requiem was celebrated in the Cathedral this morning at seven o'clock for the repose of the soul of Walter Francis Dillon, son of Mr. and Mrs. John Dillon, 219 Waterloo street, who was killed in action "somewhere in France" on Sept. 30, 1918.

**12-HOUR DAY IN RUSSIA.**  
Brussels, Belgium, Sept. 30.—A Belgian glass worker who has just returned from Soviet Russia says men are forced to work ten and twelve hours a day, with no rest and that those who complain are punished horribly.

**BONUSES FOR BABIES.**  
Paris, France, Sept. 30.—The French birth-rate continues low, and the authorities of one department have decided to pay a premium of \$200 to mothers for every child beyond three that they bring into the world.

# A Story of Interest to the Men of St. John

Reproduction of an advertisement that appeared in the Winnipeg Free Press during 1916. While the price of clothing has advanced in the last four years, ROBINSON'S UPSTAIRS CLOTHES SHOP still save you from \$10 to \$20 on every suit or overcoat.

"WALK UPSTAIRS AND SAVE TEN"

## A Court Decision That Means A Saving to Every Man in Canada

Have you heard about the suit which was instigated against Robinson's Upstairs Clothes Shop, in the Winnipeg Police Court, on October 10th by the Retail Merchants Association, in which they allege my false statements made in advertising?

This suit was filed against me in the interests of a large body of ground floor "Clothing Merchants" located in one of the cities in which I operated stores.

The case was dismissed by the magistrate, Sir Hugh John McDonald, entirely on the evidence introduced by the prosecution and without the defence having to put a witness on the stand.

This particular case with which I was charged stated that I sold the "very clothes" for \$15 for which the "Ground Floor" clothiers charge \$25, and that I sold them every day in the year.

The charge could not have been very much stronger, and it was incumbent upon me to prove the facts. There were 28 suits produced in court, some of which had been purchased from me for \$15, and some of which had been purchased from the Ground Floor Clothiers at from \$25 to \$27.50. After listening to the opinions put forward by five experts for the Crown (all tickets and identification marks having been removed from the garments) for a period covering three weeks

### The Court Declared That I Am Selling Genuine \$25 Clothes for \$15

This is the first time in any court that any merchant has ever PROVED ABSOLUTELY THAT HE IS UNDERSELLING HIS COMPETITORS 40 p.c.

Just think what this decision means to you men of St. John and all of Canada!

Just think what it means to you in future to know that you can save \$10 to \$20 every time you buy a Suit or Overcoat!

No advertised Bargain Sale—no so-called Special Purchase Sale—no promise of savings by any individual or firm through any advertising columns can mean to you a saving compared to what this court-proof absolute guarantee of mine means.

My love for my business was engendered by the love of the idea of finding a way to save the people money in an honest, straightforward way—I loved the idea ever since I opened my first small upstairs shop in Montreal seven and one-half years ago with \$400.00 capital.

I have despised the idea of limping through life on the crutches of borrowed brains and precedent! From the first day I started I have dealt fairly and squarely with the public.

I have made the public my confidants, and always will, as it is only through truth telling and mutual confidence that I have built this wonderful business, in this short space of time to be the Largest exclusive Clothing Business in the Dominion of Canada. There isn't a single plank of sham, extravagance, or hypocrisy anywhere in the Robinson institution. It is through this very honesty that I expect to make the word Robinson a big word in the mouths of the men throughout Canada; to make the word Robinson wherever it is heard or seen in connection with clothes buying—to mean and stand for an ABSOLUTE GUARANTEE OF SAVING \$10 TO \$20.

I have always courted the closest investigation of my principles and methods, and the result of this trial is but the CLIMAX OF MY AMBITIONS! It is only through honest methods, square dealing and honest values that I have sold over 200,000 garments and SAVED THE MEN OF CANADA OVER \$2,000,000.

From the first minute that I started this Square-Deal Institution, I have cut out all pomp and false display; have cut out the ground floor rents, elaborate window displays, decorated ceilings, velvet hangings, cut-glass chandeliers, losses on charge accounts, delivery service, and every cent of extravagant expense that makes it necessary for you to pay more for your clothes than the actual value of the clothes themselves.

Own your own mind and let us hope it isn't furnished on the instalment plan with ideas cooked up here and there from other men for whom the ideas of long ago were good enough.

This is the AGE OF TODAY.

This is the City of "I WILL."

This is the one spot in the world where we have the right to expect more independent thinking, more self deciding brain power than anywhere else on earth.

St. John men have the reputation of thinking for themselves.

Figure for yourselves the results of this law suit.

Figure for yourselves the results of what it has established.

I leave the public to draw their own conclusions, as to why this action was brought.

I leave the public to draw their own conclusions as to the honesty of my methods and intentions.

ROBINSON'S

CLOTHES

### HERE IS THE PROOF

Don't take my word! Read it for yourself.

(Extract from Manitoba Free Press, Nov. 2, 1916.)

#### TEXT OF STATEMENT.

In dismissing the charge, Sir Hugh John McDonald said, in part:

"Having gone carefully into the evidence given in this case, and tabulated that of the experts called by the crown I come to the conclusion that it is not necessary for me to call on the learned counsel further as I am satisfied that on the evidence given, the crown has not established a prima facie case.

"I might have not come to this conclusion were it not for the evidence of Mr. Lambert, the last witness, who identified a number of suits produced by the defense, and put in as lettered exhibits, and which enabled me to understand the evidence given by the crown experts respectively. With that evidence before me, and looking at the evidence given by the experts it seems to me that all it established is this: that some of these suits are better and some worse than the suits bought in downstairs stores and some of equal value, and on that I could not find a prima facie case has been established."

**THE ANGLO-SAXONS AS THE LAST TEN TRIBES**

World Federation Secretary Says Proofs Obtained — Statement Similar to that of Toronto Clergyman.

(Toronto Mail and Empire.)

Dr. Garrison, secretary general of the World Federation, announced that proofs have been obtained which would prove absolutely that the Anglo-Saxon race is descended from the ten lost tribes of Israel, and that they will be published soon.

Dr. Garrison said that he had used half a box of "Fruit-a-lives" and the pain was easier and the swelling started to go down.

He continued taking this fruit medicine, improving all the time, and now I can walk about two miles and do light chores about the place."

**ALEXANDER MUNRO.**  
50c a box, 6 for \$2.50, trial size 50c. At all dealers or sent postpaid by Fruit-a-lives Limited, Ottawa.

Dr. Wild found most of his evidence in the Bible. Beginning with the statement that David's seed and so on to the end of time, he found that the only throne which would likely fulfill this condition was the throne upon which Queen Victoria

**GIRLS! USE LEMONS FOR SUNBURN, TAN**

Try it! Make this lemon lotion to whiten your tanned or freckled skin.

Squeeze the juice of two lemons into a bottle containing three ounces of Orchard White, shake well, and you have a quartet pint of the best freckle, sunburn and tan lotion, and complexion whiter, at very very small cost.

Your grocer has the lemons and any drug store or toilet counter will supply three ounces of Orchard White for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands and see how quickly the freckles, sunburn, windburn and tan disappear. Now clear, soft and white the skin is. Yes! It is harmless.

**HELPLESS WITH RHEUMATISM**

Until He Took "Fruit-a-lives" The Fruit Medicine

R. R. No. 1, Lorne, Ont.

"For over three years, I was confined to bed with rheumatism. I treated with doctors, and tried nearly everything without benefit.

Finally, I tried "Fruit-a-lives." Before I had used half a box I saw improvement; the pain was easier and the swelling started to go down.

I continued taking this fruit medicine, improving all the time, and now I can walk about two miles and do light chores about the place."

**ALEXANDER MUNRO.**  
50c a box, 6 for \$2.50, trial size 50c. At all dealers or sent postpaid by Fruit-a-lives Limited, Ottawa.

then sat, and indeed in the light of the recent war, there is reason to believe that the last throne of all will be that of Great Britain. When Dr. Wild wrote it seemed to be most strongly challenged by the throne of Russia, and it is unlikely that ever again there will be a throne in Russia. "God," said Dr. Wild, "made the children of Israel, and the throne of David His executive for civilization, evangelization, order and conquest. Through them God will conquer the world to a universal peace."

David and Bathsheba.

It is well known that David had many

**"DANDERINE"**

Stops Hair Coming Out; Doubles Its Beauty.

A few cents buys "Danderine." After an application of "Danderine" you can not find a fallen hair or any dandruff, besides every hair shows new life, vigor, brightness, more color and thickness.

**MOTHER!**

"California Syrup of Figs" Child's Best Laxative

Accept "California Syrup of Figs" as your only-look for the name California on the package, then you are sure your child is having the best and most harmless physic for the little stomach, liver and bowels. Children love its fruity taste. Full directions on each bottle. You must say "California."

wives, but the wife through which the Saxons are supposed to have descended is Bathsheba, formerly the wife of a Uriah, the Hittite, whom David caused to be destroyed in battle with the complicity of Joab, the able if unscrupulous captain of the host. However, the little irregularity by which David secured Bathsheba is supposed to have been compensated by the fact that she became the mother of Solomon. So that on one side of the house, at least, we would appear to have had some very distinguished ancestors. If the theory of Dr. Wild and the statement of Mr. Garrison are to be relied upon. According to Dr. Wild, Adam lived from B. C. 4000 to B. C. 3070 though contemporary and subsequent scientists have dated the beginning of the world from a somewhat earlier period. However, Dr. Wild drew up a genealogical table beginning with Adam and continuing to David (B. C. 1035-1015) which was in conformity with the marginal calculations that appear in the New Testament.

**The Enemies' Gates.**

From David he branched off to include the ancient kings of Scotland and Ireland as well as Argyshire and Great Britain, and ran down the stretch to Queen Victoria. If he proved his case up to that point nobody need have the slightest doubt about carrying it on for the next two generations and acclaiming King George V. as a descendant of King David and Bathsheba. Said Dr. Wild: "If we once get a clear idea who the seed of David are then we can search among the people of the earth to find them. Of the special marks one was that they were to possess the gates of their enemies." Do the Anglo-Saxons possess the gates of their enemies? Yes, says Dr. Wild, and he names the Guernsey Islands, Gibraltar, Malta, Cyprus, the Suez Canal, Aden, Zanzibar, Bombay, Calcutta, Singapore, Malacca, Penang, Hong Kong, Sarawak and Labuan. It might be added that the war has added to these gates, and also has reduced the

number who might have been listed as enemies in David's time or Dr. Wild's. Dr. Wild said that the Anglo-Saxon race was destined to rule over the rest of the world, and bring about an era of universal peace. The rule would not be wholly good, due to human imperfections, but the bad would be greatly outweighed. He saw Russia as the chief power for evil, and who will say that his opinion of more than thirty years ago is not the opinion of millions today. Dr. Wild thought that the world would come to an end toward the close of this century, or as soon as all the prophecies in the Bible had been fulfilled, and especially when the other nations had been brought to understand that it was for their own good and to carry out the decrees of Providence that they should be ruled over by the Lost Tribes, their heirs and legates.

**CUBA WANTS OUR GYPSUM PLASTER**

Major H. A. Chisholm, Canadian government trade commissioner in Havana, Cuba, writes as follows:

"If Canada manufactured sufficient gypsum plaster the Cuban market could consume many times the quantity imported from Canada at the present time, which amounts to some 2,500 or 3,000 barrels a month. It appears that a good deal of the building plaster imported into Cuba from the United States is manufac-

tered from gypsum mined in Canada. I should think that Canada has a good opportunity to build up a new industry in the manufacture of gypsum building plaster for Latin-American countries.

There should be no difficulty in supplying any outside market with either crude or calcined gypsum from Canada, provided shipping facilities were convenient and reasonably priced. Of 304,532 tons of gypsum mined in Canada during 1919 there were calcined 121,699 tons. Three hundred and ninety-four tons of crude gypsum products were exported to the value of \$140,225. There was quite an important import of gypsum, crude and ground, and of plaster of Paris. Canada's ability to produce gypsum and gypsum products of high grade is much larger than any market that has as yet been obtained, and during the cessation of building during the war period many of the gypsum quarries and calcining plants in Canada have been idle, and many are yet.

Lack of capital for manufacturing pur-

poses has retarded the development of the New Brunswick gypsum deposits, and there has also been the lack of transportation facilities to foreign markets. With the government opening new steamship services to Cuba and the West Indies the opportunities of building up the gypsum industry are likely to receive greater attention than they have in the past.

**PRESBYTERIAN MINISTERS MEET**

The annual meeting of the St. John Presbyterian Ministers Association was held in St. Andrew's church vestry yesterday afternoon with Rev. F. S. Dowling of St. Andrew's church, presiding. Mr. Dowling was re-elected to the office of president and the other officers elected were: Vice-president, Rev. Wm. Townsend of St. Columba church, Fairville, and secretary, Rev. R. Moorhead Legate of Knox church. It was decided that a united Presbyterian service should be held on Thanksgiving Day in St. David's church and Rev. Mr. Legate consented to preach on that occasion. In planning for the winter activities it was suggested that a series of meetings should be held at which papers on church subjects should be given by the members. The suggestion was heartily approved of and preliminary arrangements for holding these meetings were made.

**AN AUTOMOBILE RACE FROM ST. JOHN TO HALIFAX**

(Canadian Press Despatch.)

Halifax, N. S., Sept. 29.—One thousand dollars was subscribed yesterday for a free-for-all motor car race from St. John to Halifax, it was announced at the Halifax Commercial Carnival Headquarters here tonight. The auto race will pass through Sussex, Moncton, Sackville, Amherst, Truro, and other towns. Automobile agents in the various towns will offer cash prizes for the car which reaches its respective town first.

**LIBERAL LEADER WELL RECEIVED IN VANCOUVER**

(Canadian Press Despatch.)

Vancouver, Sept. 29.—Before a great audience here tonight, which gave Hon. W. L. Mackenzie King and his colleagues a most enthusiastic reception and interested hearing, the leader of the Liberal party addressed the second meeting of his tour of the western provinces, laid special emphasis on the fundamental difference in attitude, methods and outlook between the party in office at Ottawa and that of the Liberal party.

**Old Age Deferred**

BY DR. LEE H. SMITH.

Business men who must speed up the works and make business boom during these days—after the war—must recognize the necessity of keeping fit. When mind is fogged, when you have dull headaches or feel lousy, when not "up to snuff," keep the bowels free with a mild laxative. In the morning take a tepid sponge bath (cold water may be used if it does not chill), follow with a brisk rub down; a sufficient "setting up" exercise in good air until you are in a warm glow. Have you tried it lately?

Don't let the poisons accumulate in the intestines either, but try a dose of castor oil the first thing on arising, or a pleasant laxative occasionally, such as one made up of May-apple, aloin and jalap, rolled into a tiny sugar-coated pill, and sold in every drug store as Dr. Pierce's Pleasant Pellets. Then a cup of hot water before breakfast, and you'll feel better than a king! If you continue in life thus, you can pass a Life Insurance examination at sixty.

If you wish to prevent old age coming on too soon, or if you want to increase your chances for a long life, you should drink plenty of soft (rain) or distilled water daily between meals. Then procure at the drug store Dr. Pierce's Anuric (anti-uric-acid). This "Anuric" drives the uric acid out and relieves backache and rheumatism, as well as kidney trouble. Anuric dissolves uric acid. Try it now!

During Reconstruction now in the hands of Contractors.

INFORMATION WANTED  
Postmaster Sears has an inquiry from J. A. Hall of 60 High St., Belfast, Me., as to his daughter, Miss Helen Gertrude Hall, or Halley. Her mother's name was Margaret Jessie McLean. The Postmaster would be pleased to hear from anyone who can supply information.  
A HARVEST GIFT.  
Another Thanksgiving message has been received by Postmaster Sears from his friend, George Harding of Welsford. It came in the shape of a fine Hubbard squash, upon which was Nature's hand-work engraved with the best, saying: "Praise God from whom all blessings flow, etc." Mr. Harding never forgets the harvest season nor the worthy Postmaster.

**POLICE COURT.**  
Two prisoners, the result of the police activities during the night, were disposed of in the police court this morning. William King was charged with lying and lurking in a box car on Long Wharf and not being able to give a satisfactory account of himself. He was arrested by Policeman Coughlan and is said to have come from Campbellton. He is remanded so that inquiry may be made.  
One man charged with drunkenness pleaded guilty and was fined \$8 or two months in jail.

**SENT UP FOR TRIAL.**  
In the Fairville court this morning a case against Gordon Cann, charged with stealing two suits of clothes and other articles, valued at about \$125, the property of James Rathburn and Benjamin Steele, Spruce Lake, was resumed before Magistrate W. H. Allingham and the accused sent up for trial. The accused was put on the stand and denied stealing the goods, but said he bought them from another person.

**DOUBLE WEDDING**  
Ceremony at New Maryland  
—Marriages in Fredericton

(Special to The Times).  
Fredericton, N. B., Nov. 29. A double wedding was celebrated on Wednesday at the home of Mr. and Mrs. James Lipssett, New Maryland, Rev. J. S. Sutherland of the St. Paul's church officiating. John B. Lipssett of New Maryland was married to Mrs. Margaret Elizabeth Lipssett, also of New Maryland, and Ernest Westey Clowater of Durham Bridge and Miss Margaret May Lipssett also were married. The groom of one wedding and the bride of the other are brother and sister, son and daughter of Mr. and Mrs. James Lipssett. The double ceremony was performed in the presence of a large number of friends and invited guests.  
After the ceremony both newly married pairs left for Fredericton by motor. Mr. and Mrs. Lipssett left for St. John on their honeymoon and Mr. and Mrs. Clowater for Montreal.  
Adolphus Fenwick Parent of Bear Island and Miss Carrie May Embleton, daughter of Mr. and Mrs. George Embleton of Dunfries, were married in the Brunswick street Baptist parsonage here on Wednesday by Rev. C. C. Warren. Mr. and Mrs. Eben Rosborough of Prince William were the witnesses. Mr. and Mrs. Parent will reside at Bear Island. Hartley Vincent Moore and Lillian Agnes Phillips, both of Ruslogorn, were married on Wednesday afternoon by Rev. C. Warren in the Brunswick street Baptist parsonage. They were attended by Allan Boyle and Florence Moore, sister of the groom. Mr. and Mrs. Moore will make their home at Ruslogorn.

**SPRUCE LAKE AND MISPEC MATTERS BEFORE COUNCIL**  
(Continued from page 1.)  
age to the lots in question the city will undertake to do this work at his expense, and that the city engineer be directed in the meantime to prepare plans and specifications in order that tenders may be called for any of the work the city may be called upon to find it necessary to do in connection with this proposal.  
The mayor suggested that before the notice was sent to the lot owners, a week's preliminary notice be sent so that they could prepare to do the work, if they so desired.  
Commissioner Frink said that in his opinion it would be necessary to have legislation enacted in order to fix the financial responsibility on the owners so that in case of non payment, the city could secure a lien on the property. On his motion it was decided to lay the matter over for further consideration, and in the meantime the city solicitor will be consulted.  
Referring to the purchase by the city of the Shamrock grounds and other property in that vicinity, Commissioner Frink said that it was a good time for the city to take up the matter of the extension of Metcalfe street through the property. He said it was to be regretted that the city did not acquire at the same time as the other purchases a small piece of land belonging to the deBury estate which lay between Newman brook and the Turnbull property. He said that in inspecting the area recently it had occurred to him that the extension of water mains from Livingstone's corner to the houses in the Old Adelaide road would solve the problem of supply to the people at Visart street. On this motion he was given authority to have the city engineer take levels and prepare plans for the extension of a street along the new city property.  
Commissioner Thornton said he understood that the new pavement in City was being torn up for work on a water main. Commissioner Jones said he had heard nothing of the matter, but Dr. Frink informed the council that near Delhi street, the water and sewerage workmen had excavated under the pavement to make repairs.  
Mr. Jones said that his men had located a leak near the Tabernacle church in Haymarket Square, for which they had been searching for some time and that it might have been in connection with this that the excavation was made in City road.  
Prince Wm. Street Pavement.  
Mr. Thornton asked Commissioner Frink if he was contemplating anything to join up the new pavement in Prince William street by treating the block between Princess and King street. The sides of the road were in fair shape and he thought that an asphalt surface in the track sections would improve matters until permanent work was undertaken.  
Commissioner Frink said he would have enough asphalt left to do the job and he would bring in an estimate. He said that this would last for four or five years, which would be about the life of the wood blocks now in the street.

**HON. MR. SMITH TO SPEAK FOR GOVERNMENT**  
Will Address Norton Meeting on Monday — Preside at Veniot Meeting in Shediac — Hon. Dr. Roberts Also to Speak in Kings.

Hon. Dr. Roberts and Hon. E. A. Smith, former minister of lands and mines, will take a hand in the campaign in Kings county.  
On Saturday night, at the Agricultural Hall, Hampton, Hon. Dr. Roberts will have as his associate speaker A. E. Pearson, barrister-at-law, of Sussex.  
On Monday evening, Hon. E. A. Smith will be one of the speakers at a meeting at Norton, which also will be addressed by the candidates and Mr. Carter.  
On Tuesday evening next, in the Opera House at Sussex, Hon. Dr. Roberts will address the electors and no doubt very many of the people of the outlying parishes will take this opportunity of listening to one of the most earnest and eloquent members of the Foster administration.  
Hon. E. A. Smith will preside on Tuesday evening at a government meeting in Shediac.

**BUILDING WORK IN SEPTEMBER HERE WAS MORE BRISK**  
Permits \$108,700 — Cotton Mill Power House in Clarence Street Is Included.

Building permits were issued here during September to the extent of \$108,700, compared with nothing during September, 1919. The permits issued up to date in 1920 amount to \$764,950, compared with \$185,500 for the same period in 1919.  
Included among the September permits are one for the Canadian Cottons, Limited, for the erection of a power house in Clarence street, at a cost of \$75,000. The contract for the erection of this building has been awarded to the Foundation Company of Montreal, and work has been started on the foundation. The building is to be a one story structure of concrete block and brick and will house three turbine engines to be used to generate power for the operation of the factory.  
The following are the permits for the month: G. H. Arnold, 157-159 Brussels street, remodeling, \$8,700; Mrs. Violet Atkins, 299 Chesley street, a three-story residence of wood, \$28,000; Canadian Cottons, Limited, Clarence street, a power house, \$75,000; and Dwyer Bros., Bentley street, a one and two-story building of wood, \$28,000. There were seventeen repair permits issued during the month.

**INQUEST INTO WOMAN'S DEATH**  
Patient in Provincial Hospital — Some Talk of Quarrel with Another.

The fact that she was seen alive at 5.30 o'clock in the morning and was found dead in bed at 7 o'clock was considered sufficient reason for calling in the coroner to investigate the death of Miss Nellie Fenton of St. Stephen, a patient in the Provincial Hospital at Lancaster. Another woman patient is said by the officials at the hospital to have admitted that she and the dead woman had a squabble shortly before her death.  
On making her rounds at 5.30 o'clock on Tuesday morning the night nurse at the institution saw Miss Fenton in her bed, and she was alive and appeared to be all right. When the day nurse took over at 7 o'clock she visited the room occupied by the patient and found her dead, although the body was still warm.  
Dr. J. Y. Anglin reported the matter to Coroner Kennebec and an inquest will be held this evening.  
Dr. H. L. Abramson, provincial pathologist, was also called in to make a post-mortem, the result of which will likely be given in evidence tonight. The other patient mentioned in connection with the case was said to have been admitted about the same age as the dead woman, and was a private patient at the institution.

**BANK CLEARINGS**  
St. John bank clearings this week were \$3,009,690; last year, \$2,789,100; in 1918, \$2,222,094. The clearings here for September totalled \$18,253,567; Montreal clearings were \$767,911; for the month, \$3,613,225; Halifax, \$1,708,581; for the month, \$22,421,625; Montreal, \$123,907,264; for the month, \$556,543,841; Ottawa, \$7,473,895; for the month, \$38,473,726; Quebec, \$4,134,106; for the month, \$30,645,085; St. John, \$1,826,415; for the month, \$5,521,031.95.

**BETTER TODAY.**  
John Lapierre who was injured by being struck on the head yesterday afternoon while working in a quarry mill was reported this afternoon to be resting fairly comfortably, and his general condition improved.

**ACCEPT CHALLENGE.**

**A Gift of Good Furniture**  
Best Expresses the True Sentiment of Gift Giving  
The furniture we live with—the cherished personal pieces we grow to love and prize—are very important influences in our lives.  
Then what an opportunity we have to contribute something worth while to the enjoyment of those we wish to compliment, by giving good furniture for gifts.  
A gift of some useful unusual piece of furniture need cost no more than the gift of passing fancy or limited utility. But what a sense of satisfaction and gratification there is in giving such a gift—in knowing that it will continue to be cherished on through the years to come.  
This store is well filled with practical gift things in the furniture line.

**OFFICERS ELECTED**

**Closing Session of Self-Determination League — More Resolutions.**

The closing session of the provincial convention of the Self-Determination for Ireland League of Canada was held yesterday afternoon and the night session was dispensed with.

Continuing the report of the resolutions committee in the afternoon, three resolutions were put to the meeting and carried. In one resolution the convention, as being composed of loyal Canadians, called upon the government to put a stop to reprisals being carried on in Ireland, according to reports which had appeared in the London Times, and it urged the recall of the troops from Ireland.

In another resolution the convention referred to the statements regarding the lack of accommodation in the prisons where political prisoners were incarcerated. The convention asked that the conditions be improved in these prisons and that they be regularly inspected by some competent and impartial authority.

The last resolution referred to a statement in the British Press regarding the sufferings of women and children occasioned by the reprisals in Ireland and requested the women's organizations of Canada to co-operate in urging the British government to take immediate steps to ameliorate the sufferings of these women and children.

The report of the committee on publicity was given by B. P. McCafferty.

The naming of delegates to the National convention in Ottawa in October was left with the separate branches, they being given authority to arrange for and finance their own representatives.

The election of officers resulted as follows: President, W. E. McMonagle of Grand Falls; 1st vice, M. E. Agar, St. John; 2nd vice, Rev. D. S. O'Keefe, St. Andrew's; 3rd vice, M. F. Haley, Chatham; 4th vice, Mrs. J. J. McDonald, Moncton; 5th vice, Mrs. Simon Gallagher, Bath; secretary, Miss Katherine Greaney, St. John; treasurer, D. J. Griffin, St. John.

**ASTOR'S PALACE FOR SALE**  
London, Eng., Sept. 30—Interest has been aroused by the announcement of the impending sale of the Astor estate office. The building is noteworthy for its architectural beauty. It was erected by the first Lord Astor at a cost of \$1,000,000.

**PROFITTEERS BEWARE!**  
Vienna, Austria, Sept. 30—The Hungarian National Assembly has passed a bill providing for corporal punishment for persons convicted of unlawfully raising prices.

**FAIRVILLE WOMEN RALLY IN SUPPORT OF GOVERNMENT**

**Organization of Ladies in Lancaster Well Under Way — Further Meetings Planned.**

A well attended and enthusiastic meeting of the women of Lancaster was held last evening in the Gaiety Theatre, Fairville, in the interest of the present government. Mrs. A. W. Anderson called the meeting to order and gave the reasons for calling the meeting. Mrs. Anderson was elected permanent chairman and Mrs. John McKinnon, secretary. For Beaconsfield, Mrs. Ernest Brown was elected chairman and Miss Lena O'Reilly, secretary. The best means towards a perfect organization were discussed. Hon. Dr. Roberts, A. W. Carton, and Major C. J. Morgan addressed the meeting. It was decided that the Beaconsfield section should meet at the home of Mrs. Murray Long on Thursday evening to complete organization. On Friday afternoon a mass meeting of all the ladies of Lancaster is to be held in the Gaiety Theatre, Fairville, at 8.30 o'clock, at which candidates, A. F. Bentley and Dr. L. M. Curren, will make addresses.

**CORNER STONE OF NURSES' HOME LAID**

With little ceremony the foundation stone of the new nurses' home was laid yesterday afternoon by His Worship Mayor Schofield. Hon. J. W. Daniel, chairman of the board of commissioners, gave the opening address, while Mayor Schofield made a few remarks, after which he declared the corner stone laid. There were several valuable documents placed in the copper box and embedded in the stone, including the list of accounts for the city and county for the year 1919; the list of officers of the municipality; the list of hospital officials; the board of commissioners and hospital staff and the list of members of the executive of the Women's Hospital Aid.

The following inscription is on the stone: "Nurses' Home, erected by the municipality of the City and County of St. John, 1920." Alexander McMillan also spoke. The following were present: Mayor Schofield, Senator Daniel, Commissioner Thornton, Dr. H. Heald, superintendent; Dr. C. H. Godin of the department of health, Ottawa; Hon. Dr. W. F. Roberts, minister of health; Rev. Dr. D. Hutchinson, Alexander McMillan, W. D. Emerson, members of the hospital board, nurses and members of the hospital staff, F. Nell Brodie, architect and John Mooney, contractor.

**AMBROSE JOHN FUND**

The following amounts have been received by Manager Brindle of the Seaman's Mission: W. Brindle, \$2; J. Richards, \$2; A. Walsh, \$1; Mrs. Hughes, \$5; A. Friend, \$2; A. Friend, \$2; A. Friend, \$2; Two Jurors, \$1; English woman, \$1; J. W. Flewellyn, \$1; Mrs. Allen, \$3; P. G. Thorne, \$1.

**KILLED 224 BIRD HAWKS.**

Cape May, N. J., Sept. 30—An association has been formed here for the extermination of bird hawks. Three members of the new club killed 224 hawks in one day in the woods near the Delaware Bay shore.

**MORNING NEWS OVER THE WIRES**

The death of Theodore Peck of Nyack, N. Y. makes the thirteenth death as the result of the Wall street explosion of Sept. 16.

A motion for a new trial for Jesse C. Scott who was convicted along with William Pomeroy at Dover, Me. of the murder of Robert C. Moore a former resident of this province, has been denied by chief Justice Cornish of the United States Supreme Court.

Newman Clark of Grand Falls whose trial for the murder of Miss Phoebe Bell on the night of March 25, was originally set for Sept. 28, is in jail awaiting trial. As the farmers are very busy harvesting at present it is next to impossible to get a jury, so that the trial has been set ahead to Nov. 30. The defense will plead insanity.

London, Sept. 29—A wireless despatch from Moscow today says that Poland has received large supplies from the Allies through Danzig. England, the message declares, sent seven steamers loaded with munitions and three tanks, and twelve small vessels with provisions, while the United States sent six ships with volunteers. From France two ships arrived with more than one thousand infantrymen and fifteen tanks, the message says.

**McClary's**  
Make good stoves and cooking utensils.

**Can You Do More Work by Neglecting Sleep**

WHEN a man finds himself up against more than he can do, his solution may be shorter hours instead of longer—more sleep instead of less.

There is no greater help to good work, and keen enjoyment in doing it, than plenty of that deep, sound sleep that wakes a man up feeling alive all over.

When a man finds that he is not sleeping properly, he should look to his bed. No one can sleep soundly unless his bed is noiseless and steady; his spring resilient, and his mattress and pillow invite perfect relaxation.

**THE** truly noiseless Bed is the Simmons Metal Bed—built for sleep.

Just as the sleep-inducing Spring is a Simmons "Waldorf," of specially tempered spring coils. Fine Springs that fit the contour of the body and support the spine in a straight line, insuring perfect circulation and restoring the energy used up in the fatigue of the day.

Simmons Felt Mattresses are the result of twenty-five years' study of equipment for sound, natural sleep. Made of pure, new cotton in clean, sun-lit factories. Used in thousands of fastidious Canadian homes.

And Simmons Pillows, which rest the head and neck exactly as they need to be rested.

Years ago Simmons Limited established the principle of Beds,

Springs, Mattresses and Pillows built for sleep.

It is today the largest maker of fine sleeping equipment in the Dominion.

It is a specialist in **Twin Beds**—a pioneer in that fine modern principle of a separate bed for each sleeper.

Simmons Metal Beds, Brass Beds, Springs, Mattresses, Pillows, Day Beds and Children's Cribs are the most sought after sleeping equipment in leading stores of this community.

The prices are little if any higher than for the ordinary.

And when you are selecting your Simmons Beds with an eye to their appearance in the room, you will see that Simmons has for the first time established beautiful and authoritative design in Metal Beds.

**The REVERE—Design 1962**  
It is made of Simmons Seamless Square and Rectangular Tubing throughout. Easy running casters. Your choice of Double Width and Twin Pairs—and especially pleasing in *Twin Pairs*. Has the Simmons Patented Pressed Steel Noiseless Corner Locks. Enamelled in Ivory, the Decorative Colors, and Mahogany, Oak and Circassian Walnut effects.

Sleep is a big subject! Write us for the booklet, "What Leading Medical Journals and Health Magazines Say about Separate Beds and Sound Sleep." Free of charge.

THE SITUATION NOW CRITICAL

Strike Called for Tomorrow Morning in Alberta—Labor Minister There.

Calgary, Sept. 30—With a strike of O. B. U. miners for Friday morning throughout Drumheller fields in an effort to throw over the compulsory U. M. W. check-off, and with negotiations pending with the U. M. W. miners to re-open the contract with the operators for an increase of \$1.20 a day for day wages, Senator Robertson, minister of labor, is here today, the centre of the most critical situation that has existed in the Alberta mines for some time.

The U. M. W. miners do not contemplate a strike but insist that the contract must be re-opened to place the day miners on an even footing with those of the mid-competitive field in the United States, who recently secured an additional increase. So far as the O. B. U. miners are concerned, little faith is placed in the ability of the organization to carry on a successful fight, but the situation, which is serious enough on the verge of winter.

ONE PRESCRIPTION EVERY MINUTE

Winnipeg Druggist Kept It Up Till 186 Were Filled.

Winnipeg, Sept. 30—According to evidence given at his trial on a charge of breach of the temperance act, filling one prescription a minute for 186 minutes, is the record established by William McCullough, druggist.

The prescriptions were, according to the evidence, furnished by two men, but each of them bore a different name and address. It was plain that the greater number were signed by one local doctor.

STILL APART ON WAGE QUESTION

London, Sept. 30—Representatives of the owners of coal mines and of miners have thus far failed to reach an agreement relative to wages, the principal question involved in the threat of a strike. A conference was held yesterday, and proposals were discussed, but nothing definite was done.

FORMER PATRIOTIC OFFICIAL IS FOUND GUILTY IN CALGARY

Calgary, Sept. 30—Malcolm E. Davies, former secretary of the Patriotic Fund here, was found guilty last night by a jury of charges of false pretences, misappropriation of funds and forgery. He was remanded till Thursday for sentence.

Mrs. Melville, Davies' secretary, who is also facing charges of forgery and conspiracy to defraud, will be tried Friday, not less than 7 1/2 per cent.

Unprecedented Incomes

Income is the only thing which money will purchase more of to-day than in 1914.

The price of the most solid and desirable securities is to-day the lowest, and the income yield is the greatest in our lifetime. On the contrary, commodities, the necessities of life, are about the highest. The weekly family food budget in 1914 amounted to over \$7. To-day the same supplies cost over \$16. The dollar will purchase less than half of what it would in 1914.

There are daily increasing indications on every side that the crest of high prices for the necessities of life has been reached. Commodities are gradually declining. To-day the investor has the supreme opportunity. If he procures to-day the high income now obtainable from long-term securities the income will, as commodities decline, give him greater purchasing power than has ever before been obtainable from such securities.

Income is to-day the cheapest thing which money will buy. Not only is the present income yield unprecedented, but the future purchasing power of the income will, in all probability, be as unprecedented.

Canada's First, Best and Premier Security, Victory Bonds, to-day give these high yields: From 5.68% to 6.37%.

They can be bought in any amount from \$50 upwards.

Your orders will receive our best attention.

HEAVY IMPORTS; TRADE BALANCE

(Bank of Commerce Circular.)

At the end of the last fiscal year, Canada's favorable trade balance was \$176,000,000, but since then, for the four months ending July, the excess of imports has amounted to \$124,000,000 and customs receipts in August indicate no diminution of imports as compared with July. Canada, therefore, approaches the season during which exports attain their greatest volume with an adverse balance. So far the harvest season has been a favorable one, and hopes are materializing of a yield of field produce considerably above the average. Of grain and its products there will be a substantial increase in the twelve months ending July, grain and wheat flour exports represented 22.7 per cent, in 1919, 20.7 per cent, and in 1918, 31.4 per cent of the total. The maintenance of the volume of such exports as these and meats may be looked for, with a material gain in dairy products, living animals, tobacco and flax. For our forest products, which is included paper, and for certain minerals, notably asbestos, the demand remains firm. Generally, the outlook as to the volume of exportable merchandise is satisfactory.

On the other hand, there does not appear to be any sign of our imports diminishing. From the United Kingdom imports for the twelve months ending July amounted to \$191,000,000 as compared with \$175,000,000 in the previous year. The low value of the pound sterling may furnish some explanation of this growth, but while in the value of commodities or others in the making of which they are an important factor. The low value of the pound sterling may furnish some explanation of this growth, but while in the value of commodities or others in the making of which they are an important factor. The low value of the pound sterling may furnish some explanation of this growth, but while in the value of commodities or others in the making of which they are an important factor.

PONZI MADE HIS START WITH \$1,000

Examination as to Status of Dondero and Berthelotti in His Financing.

Boston, Sept. 30—Commissions that have aggregated \$1,000 and possibly more were paid by Charles Ponzi to John S. Dondero for bringing customers to the Securities Exchange Company, so Ponzi testified yesterday at a hearing to determine whether Dondero and Guglielmo Berthelotti, of Parma, Italy, were partners with Ponzi.

Dondero was an agent only, according to Ponzi, and Berthelotti only a name, the men who bore it having been dead five years. Ponzi said he used their names on two notes which he gave the Fidelity Trust Co. "as a matter of safety," and that Dondero protested Council for creditors who contended that Dondero and Berthelotti were partners equally liable with Ponzi for the millions of indebtedness standing against the Securities Exchange Company, announced that they had information that Berthelotti was alive.

Ponzi testified that when he started his quick rich scheme, he had assets of only \$1,000, partly "furniture and fixtures." He said he had never sent a representative abroad but declined, on the ground that it might tend to incriminate him, to say whether he ever had a representative abroad.

REIGN OF TERROR, SAYS LETTER

Officials Receive Anonymous Warning of Plot to Blow Up Buildings.

Tacoma, Wash., Sept. 30—A plan of the Industrial Workers of the World to inaugurate a period of terrorism in the northwest within twenty days, is charged by Congressman Albert Johnston of the third Washington district, in a statement today commenting on anonymous letters authorities bearing the warning that radicals are planning to blow up financial institutions and buildings in Tacoma, Portland and Seattle.

Federal secret service operatives were attempting to trace this source of the letters which were signed "A Friend of Workers."

### WHAT OF THE MAN WHOSE VICTORIES HAVE GONE DOWN?

His Security Still the Same, Income Not Impaired

Should Buy More — Working Man Who Bought Bonds Complains of Decline—Thinks They Should Remain Stationary.

(Financial Post.)  
Below is printed a letter received from a reader of The Financial Post, and the reply sent to him:

Editor, The Financial Post:  
During the war the Dominion asked us to be patriotic and invest our savings in Victory bonds. I bought \$1,000 worth for which I paid par. Some time ago they went down to 80¢—net loss to me of 40¢—and now I see that they are down to 80¢—net loss of 70¢. What is the matter and where is the gilt-edged security they bragged so much about? It seems to cost money to be a patriot. It seems to me that a country with such a potential wealth as Canada could uphold and honor her obligations a little better. I did not buy these bonds as a gambling security, but as a safe and stationary investment. Who wouldn't be 80¢—and I am not the only one who was stung.

WORKER.

When you purchased your Victory bonds no guarantee was given to you that they would not decline in market value to below par. Unquestioned security was given you that you would receive your interest payments as they fall due and that your bonds would be redeemed at par upon maturity. In this respect there is still no change in your position. Your interest payments are being met regularly and will continue to be met, and if you hold your bonds until maturity the government will fulfill its promise in regard to redeeming them.

**Why Victory Bonds Declined.**  
Victory bonds have depreciated in market value owing to reasons over which the government of the Dominion of Canada has no control. In a sense, Victory bonds have declined for the same reasons that the prices of commodities have risen. View money as a commodity, and its value as governed by the laws of supply and demand. If, for the financing of industrial developments, commercial enterprises, agricultural production, government business, etc., more money is required than is easily available in the market, those who desire to borrow must pay a higher rate of interest than they would be called upon to pay were there plenty of money

### Canada Can

- Reduce Her Taxes
- Pay Her War Debts
- Keep Workers Busy
- Make Farmers Prosperous

By Selling Her Surplus

Grain, Fruits,  
Dairy Produce,  
Manufactures

To the Nations of  
The British Empire

The Key to the market is

Ships—  
Canadian  
Ships

The Navy League of Canada

to be loaned and little call for it. Since your Victory bonds were issued money rates have been gradually rising. With the rise in money rates it has been possible for investors to purchase bonds and other securities yielding them higher rates of interest than Victory bonds would yield if purchased at par. Naturally their impulse has been to sell Victory bonds and purchase the securities offering them a higher income. And following economic laws, Victory bonds have declined in price until the yield they offer is more nearly in line with the yields on other securities.

**Security Still Unquestioned.**  
Do not be afraid that Canada will not honor her securities as they are presented to her for payment. The fundamental safety of your Victory bonds is still unquestioned. You are merely feeling the effects of world economic conditions, but if you hold your bonds until world conditions are righted you need not suffer the loss of a single cent. And it may be some consolation to you to know that in the United States Liberty bonds issued at par during the war are selling

at around 85 for some of the issues; that in London, British war bonds, also issued at par, are selling at around 85; that in France, Germany, and practically every important country, government securities issued during the war have declined considerably in market value. And if you have any funds to invest at the present time, have you considered what an opportunity the decline in bond prices offers to you? If you buy another \$1,000 of 1934 Victory bonds and add them to your present holdings you will have a yield of 6.25 per cent. on your new investment, or an average of about 5.90 per cent. on your total holdings. The decline in Victory bond prices is an argument, not so much for the sale of your holdings as for the purchase of more bonds.

### ENGLAND CUTTING MILITARY EXPENSE

Army and Navy Cost One-Fifth of That in 1918 — No New Naval Construction.

Great Britain has cut her army and navy estimates for the present financial year to less than one-fifth of the outlay of the last year of the war.

In the financial year ending March 31, 1919, England spent 274,033,762 for her army, 235,440,084 for her air force—a grand total of 509,473,846. In the succeeding fiscal year which closed on March 31, last, her expenditures for military and naval forces were reduced by 267,287,898, or almost one-half of what they were the year before.

The effort of the government, upon entering the present financial year, as indicated by the budget estimates, has been to return as nearly as possible to the old peace military and naval standing.

The army and navy estimates, according to information obtained by the Bankers' Trust Company from its London information service, are for expenditures of only 239,170,000. This is about one-third of last year's estimates and less than one-fifth of the last war year's military expenditures.

The following table shows decreases in personnel of army, navy and staffs of departments whose duties are of a war character:

	1918	1920
(At Armistice) (June 1)		
Army	8,998,000	407,000
Navy	435,000	132,000
Air Force	293,000	26,000
War Office	18,324	6,764
Admiralty	20,467	12,827
Air Ministry	4,645	2,712
Munitions Mins.	65,142	9,873
Food Ministry	9,181	3,934

**No New Naval Construction.**  
The naval forces have been reduced to 18,000 less than the 1914 strength. No new naval construction is planned and, since the armistice, England has cancelled the building of 600 war craft, including four battle cruisers.

A standing army of some 220,000 men, slightly larger than the pre-war army, is provided for by the estimates. The additional number included in the table comprises forces considered necessary at present for the restoration of peace conditions in Europe and the Near East.

In 1919 the government was spending £2,106,000,000 annually. In the year which closed on March 31 last, there was a deficit of £326,280,000. The gov-

ernment this year plans not only to avoid a deficit but to provide a balance of £234,196,000 for debt repayment. The expenditures for the present fiscal year are limited to £1,282,374,000.

### FACING BOTH WAYS.

(New York Evening Post.)  
The genius for co-operation which Mr. Hughes discovered in Senator Harding some weeks ago continues to make itself more manifest with every day that passes. Hiram Johnson, who rejoices in the fact that Harding has scrapped the League, follows the same leader as William H. Taft, who has always been willing to take the League, even without reservations. The San Francisco Chronicle, which sees Europe as a nasty mess out of which we must keep, follows the same leader as the Los Angeles Times, which asserts that any League is better than none at all. George Sylvester Viereck, who needs no further definition, rallies to the same candidate as James M. Beck, who in the first days of the war arraigned Germany before the bar of world opinion. Republican progressives are in co-operation with Republican stand-patters. One thing only has brought them together—Wilson. Divided on essentials, they stand firm on the platform of hatred for the man in the White House.

If Harding is elected the country faces a struggle for the soul and body of Harding between the friends of the Peace and the League and the wreckers of the Peace and the League, with the majority of Americans not thinking of the Peace at all, but of prices and wages and income. And of the two belligerent camps it is the enemies of peace who have hitherto shown themselves to be the more determined, the more successful, and the unscrupulous fighters. At best we must expect the long postponement of a great hope. And the worst is not impossible; a total frustration of that hope.

# SHIRTS

\$1.98

Regular Price \$3.00

300 Men's Fine Negligee Shirts, all new, fresh, crisp stock just received.

These shirts should have been delivered to us away last March but were delayed simply because the maker did not receive his shirting materials until quite recently.

Our shirt stock being up to normal we accepted these only at radical price concessions, so that we can now offer you a real shirt bargain of \$3.00 shirts at \$1.98 each.

Only 300 so you'd better come at once, as undoubtedly many men will snap these up in fours and fives.

### Of Course, the Women Liked It

On special occasions, such as an afternoon tea, the new Red Rose Orange Pekoe Tea had its first introduction to many of the women of Canada.

And at such times its extra qualities could be discussed and enjoyed at leisure.

The women found that its aroma is delicate and delightful, that it has a bright sparkling amber color in the cup, that the flavor is of rare charm and distinction, while its strength is rich and satisfying.

The more cultivated your taste, the more you will appreciate Red Rose Orange Pekoe Tea.

Ask for it by the full name—Red Rose Orange Pekoe Tea.

Sold only in our new sealed airtight cartons.

### No Worry With "Diamond Dyes"

Don't Spoil or Streak Material in a Poor Dye

Each package of "Diamond Dyes" contains directions so simple that any woman can diamond-dye a new, rich, fadeless color into worn, shabby garments, draperies, coverings, everything, whether wool, silk, linen, cotton or mixed goods. Buy "Diamond Dyes"—no other kind—then perfect results are guaranteed even if you never dyed before. Druggist has "Diamond Dyes Color Card" showing 16 rich colors.

TONIGHT ONLY— DON'T MISS IT!

ONE OF THOSE BRILLIANT LITTLE MADE KENNEDY'S COMEDIES!

Madge Kennedy is having a new experience as a member of the chorus in her new Goldwyn picture, "Dollars and Sense," which comes to the theatre for tonight only. Unlike many successful actresses, Miss Kennedy did not get her start in the chorus or even a minor part. She started right in playing leads in "Baby Mine" and "Twin Beds," so the part of a chorus girl has all the harm of novelty for her. The story of "Dollars and Sense" concerns plucky little girl and her struggle to earn her own living on the stage.

RF. A Sporting Offer.  
Toronto Mail and Empire.)  
No man connected with Canada's tracks has been subjected to and another to more criticism M. Orpen. He has been represented a detriment to the sport, having at it except to make money, and is about to have his revenge, promoted what promises to be a notable sporting event in the of the American turf for at Ken track the two most talked-of in the continent have been matched for the largest purse ever put two thoroughbreds. Man of War by Samuel Riddle of Philadelphia, a three-year-old champion, owned by Count J. K. L. Ross of Montreal, the champion, will race for a \$75,000 and a gold cup valued 100, winner to take all. Horsemen of Canada and the United States expressed a keen desire that the season of 1920 should not pass a meeting between these two rivals, about whose relative merits discussion has raged. Other nations have made tentative for a meeting, and have of that might have proved at it was left for A. M. Orpen "juke" the owners and trainers match with an offer that not approached, and which Mr. himself might have increased had led to prove sufficiently tempting, is highly improbable that Ken will attract sufficient people at the or at the mutual machines to pay \$80,000 that is at stake, even though track is thronged for the occasion, ms certain. A two-horse race does nduce to the activity of the many more than it does to the ons of bookmakers. The great of the betting, and there can be no that huge sums will be wager- l between individuals and no tage or rake-off will fall to the association. If Mr. Orpen is to nup for his outlay it will be by t channels, and through the ad- ment of his track, which will be in every daily newspaper in the nited in the English language. "one hergrudge him whatever not exactly racing here tonight, Leonard has been training here for several days. Immediately upon his arrival Britton posted \$10,000 with matchmaker McGilroy to bet that he will win the contest. Leonard expected to weigh about 130 pounds, ringleid. The welterweight reported that he weighed 140½ pounds and that he would have no difficulty entering the ring at 143 as prescribed in the articles. Leonard was a ten to eight favorite, and betting was at odds of one to three that he would knock out Britton.

**FARM BOY LORD MAYOR.**  
London, Eng., Sept. 30.—London's next lord mayor will be a man who started life as a farm boy. He is Alderman James Rolf, a famous four-in-hand driver, who has been a prominent figure in the Pickwick Coaching Club for many years.

**GOVERNOR ACTS AS A SOLOMON**

Ordered Assassin Freed But Howling Mob Convinced Him of Safety in Arrest — Lesson in Taking Law Into His Own Hands.

Lisbon, Sept. 21.—The Governor of Lisbon, Lieutenant Portella, threatened to shoot Manuel Vieira, a youthful syndicalist who shot and wounded Judge Horta, a member of the Tribunal of Social Defence, when Vieira was taken before the governor for interrogation after the crime.

As Judge Horta was passing through one of the principal streets of Lisbon on August 21, four shots were fired at him, one of the bullets passing through his neck, just missing the carotid artery. He was not mortally wounded. The wounded man was conveyed to the hospital, the would-be assassin arrested and protected, with great difficulty against the populace, who wanted to lynch him and followed him and his escort to the police headquarters. There, Vieira was brought before the Governor who asked him what he had to say for himself.

"I've avenged my comrades, who were condemned by the tribunal to which that man belonged, I have the right to do so," said Vieira.

Governor Portella suddenly rose and pointing a pistol at the syndicalist's head, exclaimed: "Don't kill me."

"Why?" asked the governor. "According to your words, I have a right to do so."

"No," exclaimed Vieira, "because I have committed no crime against justice."

"Do you really believe, on your conscience, that you did nothing wrong?"

"Yes," was the answer.

"Very well," said Governor Portella, "in that case I ought to give you back your liberty." Calling a policeman, he gave the order. "Set this man free. He is to leave by the door he came in by."

Outside the infuriated crowd was shouting "Death to the assassin!" and Vieira, knowing the fate that awaited him, shook off the hands of the officer who was preparing to remand him to the prison, and begged to remain under arrest.

Then the governor said sternly: "You see, your conscience lied to you. If you had not committed a crime against justice, you would not fear the judgment of your fellow citizens. Take this man to his cell."

Later in the day, when the syndicalist was conveyed from the police station to the prison three shots were fired from a distance at him or his escort and the prisoner was wounded and taken to the hospital.

The police say they have knowledge of a widespread syndicalist plot to as-

**RECORD LOT OF GOLD ON WAY TO UNITED STATES**

New York, Sept. 30.—The largest shipment of gold \$16,750,000 ever transported across the Atlantic, is being brought to New York on the White Star liner Baltic, which left Liverpool on Sept. 22, so it was reported here yesterday. It is consigned to United States banks.

The largest previous shipment from abroad of which there is any known record was approximately \$8,000,000.

**HOOTS OF DERISION.**  
The following is an extract from the Montreal Transcript's report of the United Farmers' convention in Westmount:

"About this point the chairman announced there was a delegation of five Conservatives from the opposition convention who wanted to be heard. They had a proposal to make. What was the pleasure of the meeting?"

"There were hoots of derision."

C. N. R. PAYMASTER  
Moncton Transcript.—Henry K. Goodwin and family arrived in Moncton on Tuesday evening from Winnipeg. Mr. Goodwin who is an employee of the Canadian National Railways, and a former resident of Moncton, has been transferred from Winnipeg to Moncton and will occupy the position of paymaster here.

**BANDITS ROB BANK; TWO ARE CAPTURED.**  
Monroe, Mich., Sept. 30.—Two of four bandits said to have robbed a branch of the Dansard State Bank in Monroe, yesterday, were captured by a posse in which the other two escaped and are being pursued. A fifth man, said to be driver of an automobile in which the alleged bandits escaped from Monroe, had been captured previously.

Two thousand dollars of the \$5,000 stolen in the bank is said to have been recovered.

The Women Voters.  
(Halifax Chronicle).  
Women are showing a very much keener desire to exercise the privilege of the franchise than many expected. According to western papers the result of the recent registration in the prairie provinces go to indicate that women will be considerably in the majority in the next voters' list. In West Calgary, for instance, the Alberta of that city states that the women who registered outnumber the men by nearly two to one. As the lists now made up probably will be the lists on which the next general election will be run, the preponderance of women voters offers a fruitful field for speculation, although it may be taken for granted in the main, the women will vote right.

**FRIENDS HONOR LIPTON ON RETURN**

London, Sept. 30.—Some intimate friends last night gave a dinner in honor of Sir Thomas Lipton on his return after his unsuccessful attempt to win the America's Cup. The guests included Lord Dewar, Baron Leverhulme, Baron Isersforth and Sir John Ferguson.

Lord Dewar said the largest hall in London could have been filled with well wishers of Sir Thomas, but that at the wishes of Sir Thomas only intimate friends were invited. The burden of the speeches was that although Sir Thomas had failed to win the cup he had won the hearts of all Americans.

**ROD AND GUN.**  
Teeming with interest to all who have heard the Red Gulls, called in honor to everyone for October will especially appeal to followers of the trap-line. The leading story in this splendid issue of Canadian premiere sportsman's monthly is entitled, "Annickwash Lake." Illustrated with six pages of photographs taken right on the trap-line by F. V. Williams, it will appeal to everyone who ever had dreams of capturing the many furbarbers which go to make Canada the richest in wild life. In manner how he had been mistaken for several kinds of wild animals. His story will be read with interest. The usual contributors are—Bonnycastle Dale, Robert Page Lincoln, etc., need no introduction to the sportsmen of North America. In addition to the regular department this month, M. U. Bates takes charge of the Trap Line Department and will conduct it in the usual interesting manner. Rod and Gun in Canada is published monthly by W. J. Taylor, Limited, Woodstock, Ont.

**A MONTREAL MYSTERY**  
Montreal, Sept. 30.—Mystery surrounds the death of a man believed to monthly by found yesterday by an employee of the Canada Paint Company in a vacant lot near the corner of Wilham and Canning streets. No money papers or other articles were found on the body. There was a slight cut on the nose and blood in the ears. The body was taken to the morgue and an inquest will be held on Friday morning.

**MONTREAL STOCK MARGOT**  
Montreal, Sept. 30.—There was practically no trading on the local stock exchange this morning during the first half hour and the few stocks which did make an appearance on the tape were for the most part, unchanged.

Albitoli lost a quarter point over night to 77½, and Atlantic Sugar went down a half to 182½. Brompton closed last night at 77½, and opened this morning 76½. Brazilian was unchanged at 35 as was Laurensite at 114 and Breweries at 84. Other issues were quiet.

**THE BALLOON RACE**  
New York, Sept. 30.—Although winners of the national elimination balloon race have not been officially announced, Aero Club officials last night declared that no competitor's record was sufficiently close to dispute the victory with H. E. Houshewell, St. Louis.

**NEW MOVE IN THEATRICALS IN MONTREAL**

Montreal, Sept. 30.—Definite announcement of the initiation of "the community players of Montreal" an organization which is Montreal's expression of the little theatre movement, now gaining ground on both sides of the Atlantic, was made yesterday.

McGill University has granted the use of Red Path hall to the company for this season. Immediate funds have been met by individual subscription, twenty-five citizens having donated \$100 each for initial expenses. Five productions will be staged in the 1920-1921 season and they will commence with Galworthy's "Pigeon" on November 2.

The acting will be by amateurs who have already shown their ability here.

**LITTLE BROTHERS BURN TO DEATH ON FARM.**  
Mount Clemens, Mich., Sept. 30.—Arthur and Bert Leonard, aged seven and four, sons of Edward Leverenz, were burned to death last on Tuesday when fire destroyed a barn on the Leverenz farm.

**TO MILTOWN.**  
Rev. M. T. Murphy of Devon has been promoted to the parsonage of Milltown, N. B., and will enter on his new duties on October 24. He was ordained in St. John by Bishop Sweeney in 1908 and has been curate in Fredericton and pastor of Debec and Devon.

**WORKERS' CONTROL BROUGHT RESULTS TO THIS COMPANY**

**Cotton Mill Paid Half Million Economy Dividends**

**Under Leitch Plan.—Industrial Democracy Brought More Harmonious Relations Between Workers and Owners.**

(Financial Post.) Various modifications of the Leitch plan of industrial democracy for manufacturing plants have been described in these columns. But any such system, however idealistic it may be in theory, cannot last for long if it does not provide results—results that are noted not only in increased output, but in improved conditions for the worker and a breaking down of the artificial barrier between owner and worker in the enterprise. It is valuable then to note how the Leitch plan has worked out in various kinds of factories.

In the southern United States there is a large cotton mill that has tried the Leitch plan of industrial democracy, with its cabinet, senate and house of representatives. The plan has been so successful in making possible an increased distribution of profits to workers that in the past year \$460,000 has been paid to the workers in economy dividends while executives of the company state that there has been a decided gain in the harmonious operations of the plants.

R. G. LONG & Co., Limited  
Wholesale—TORONTO Montreal  
Bob Long Brands  
Known from Coast to Coast

When the president was asked: "What are the direct results of one year of industrial democracy, physical and moral?" his reply was: "More harmonious relations, better mutual understanding, more and better production, increased returns to the operatives and better men and women." The outstanding feature of the year, he said, was the fine spirit of co-operation which in these difficult times has shown such remarkable results. If industrial democracy has produced this single result, excluding even the large pecuniary reward, the experiment would have been considered more than worth while.

In order to promote a higher standard of technical efficiency a course of study was arranged and 150 overseers, second hands and members of the office force took the course which included diligent application to literature and bi-weekly lectures from an expert sent to Schoolfield by a New York business college. The president of the mill was one of the students. The terms of tuition were half of the expense paid by the student and the other half by the mill corporation. Those who showed a degree of proficiency at the end of the course winning a diploma were refunded by the corporation their half of the tuition expense. Another course is now in progress was 800 employees enrolled.

"Greater efficiency in production is apparent on every hand, since this winter greater financial reward to those employed at the mills. There is a constant

striving to do better and a greater disposition on the part of men and women, who have learned by experience to impart their knowledge to beginners or the less adept. Under the old system this was noticeably lacking and the feeling of automatic work for stated wages has given way completely to a new conception of individualism and the feeling that each employe is a factor in the mill.

**No Abuse of Power.**

The personnel of the two governing bodies has proved conservative and there has been no factionalism and an utter lack of political by-play which might largely destroy the fundamental purpose of the Leitch theory. There has been no abuse of the large powers invested in the cabinet and the laws on the mill statute books have carried strictly on their merits. Entire confidence has been reposed in the various committees, and there has been apparent a spirit of fair play and a rigid adherence to the five fundamentals. The president states he has noticed, time and again, no rancor on the part of proponents of a certain measure which has been defeated and a willingness to abide by the results of the vote. Questions of wages and others entailing the large expenditure of money have been handled with the utmost frankness. This has proven one of the many factors to bring about harmony and there has been an arbitrary application of the cabinet's power, neither has there been any forcing of legislation. The constitution provides that all legislation must originate with the house of the senate. Frequently suggestions have been made by the president of the cabinet in the form of a written message or by the appearance in person.

**MUCH MONEY SPENT FOR AUTOMOBILES**

(Bank of Commerce Circular.) When the war broke out, the number of automobiles in use in Canada was 67,415, but today the number is 400,000, and the value of those registered is \$600,000,000. Although the price of cars and of gasoline has increased during the current year, their use for pleasure, as well as for business purposes, has steadily increased. For the manufacture of automobiles the price of raw materials is \$54,000,000 is invested in Canadian plants, which employ 15,000 hands receiving annual wages of \$15,000,000. Sales of cars exceed \$100,000,000 annually.

A large portion of the material used in the production of a Canadian car is imported. For parts alone the annual bill is \$120,000,000, while the requirements

The cash return from the lavish investment of time and experience that has been necessary may to come be the most striking index of the complete success of the new policy. It was understood at the time of organization that the economies made under the new plan, the saving in waste and the increase in production should be the basis of additional compensation for the workers, and it was not long before material results began to be seen from the renewed zeal and application on the part of the personnel prompted by the thought that they were integral parts of a great corporation. From the beginning, there was a striving to obtain results and an esprit-de-corps which has resulted in the disbursement to the employes of a total of \$480,000 in economy dividends. These have been made over four week periods.

**More Harmony in Plant.**

The cash result of industrial democracy is perhaps of secondary importance to what the policy has achieved among the rank and file of the workers.

**SCOTCH SNACKS**  
A Fish Food  
EXCELLENT FOR SANDWICHES, CROQUETTES AND SALADS

of automobile manufacture entail an increased importation of glass, rubber, iron and steel. The growing use of automotive vehicles accounts in great measure also for the steady increase in imports of petroleum products. For the twelve months ending 30th June last, 11,897,000 gallons of oil were imported, as compared with 488,018,000 gallons for the preceding twelve months. The cost of this year's imports of oil in its finished and crude forms is estimated at \$82,000,000.

This, however, does not represent the whole cost of maintaining cars. During the current year a large amount of capital has been invested in garages, public and private. The former are now as numerous as were once village blacksmith shops, which they have in many cases absorbed, and serve to a very large extent the users of pleasure cars. They also give employment to a large number of highly paid workmen. While expenditures on these accounts may to some extent facilitate production and trade, the physical volume of the car has not materially changed. Continued expenditure of labor is on so large a scale without its results in exportable products will aid in bringing about more satisfactory conditions. Declines in prices of essential food, clothing and housing materials cannot be looked upon as a disproportionate amount of capital and labor is expended on taining activities that do not pro the necessities of life.
