A SENSATION IS HINTED AT

Ottawa Opposition to Raise a Serious Question

CABINET MAN INVOLVED

His Conduct in Recent Bye-Election to Be Under Criticism—Likely Prolonged Debate Over it, Starting Monday

(Special to Times)

Ottawa, Ont., March 6.—It is stated in the corridors of parliament today that when the house meets on Monday next the opposition will raise a serious question involving a member of the cabinet whose alleged conduct in connection with a recent bye-election is to be challenged and criticized.

It is further said that the bye-election which will be under discussion will be that which occurred in Hochelaga when Hon. Louis Coderre was named secretary of state.

Just how serious the allegations of the opposition will be is not known, but the Liberals say that the debate on the subject is likely to be prolonged.

Hon. Robert Rogers, minister of inland works, is likely to take part in the contest. While hints are thrown out, there is no definite statement forthcoming that he is the minister against whom the forthcoming allegations are likely to be made.

DEATH LIST 69

Many German Navy Men Were Frozen to Death in Water

Berlin, March 6.—The total number of German bluejackets and naval officers killed as the result of the ramming of torpedo boat destroyer "S-178" by the "Novik" was greater than at first supposed. The official death list issued by the admiralty today shows that two officers and sixty-nine men perished, not however by drowning, but because most of them were frozen to death while clinging to loose spars, after their vessel had sunk.

FORMER MONTREAL BANK CLERK IS SENTENCED

Montreal, March 6.—Henri Legave, a ledger keeper, formerly employed by the bank of Hochelaga, was this morning sentenced by Judge Beaudry to three years in the penitentiary for the theft of some \$30,000 of the bank's money.

LABOR COUNCIL PLANS IN WEST

Edmonton, March 6.—Edmonton Trades and Labor Council is planning to establish an employment bureau this spring, under the direction of players who will serve as secretary and business agent. The executive committee will submit its proposal to the city council, a view of securing a grant from the municipality. The labor council will also ask for representation on the board of trade and allied organizations, as well as on the governing board of the library and hospital.

BROUSARD SCORES KNOCK-OUT

St. Louis, Mo., March 6.—Ray Broussard of Indianapolis, welterweight champion, claimed last night knocked out Leo Kelly of St. Louis, in the second round of a scheduled eight round fight. The first round was hard fought and Kelly knocked down the Indianapolis fighter twice. Broussard and his third punch brought down the local fighter for the count of ten. This was Kelly's first fight as a welterweight.

The Battered Vics

Munton, N. B., March 6.—Three Montreal Victoria hockey players who left here on Sunday, Scott, Walker and Carpenter, are playing in Brown's Burg, Quebec, this week. They are slowly recovering from injuries received in Sydney, McKeown, another Vic player, is in Toronto being treated by his brother, a dentist.

Vienna, March 6.—The Lower Austrian Bank Company has granted China a loan of \$1,200,000. In return China will give orders to the Poldihostel Steel Works of Vienna for war material to an equal amount.

London, March 6.—The rate of discount of the Bank of England remained unchanged at 5 per cent today.

WEATHER BULLETIN Issued by authority of the Department of Marine and Fisheries, R. F. Stupart, director of meteorological service.

Synopsis.—The disturbance which was over Lake Superior yesterday is now centered in the Ottawa valley and the western cold wave is spreading rapidly eastward across the Great Lakes. The weather continues extremely cold in Manitoba and quiet in Alberta.

St. John or Ban, then colder. Maritime—Moderate east and south wind, cloudy, with sleet or rain; Friday, westerly and northwesterly gales and turning colder.

FORTRESS OF JANINA FALLS

Greeks Have Captured 32,000 Turks Prisoners There — Turks Sink Three Greek Transports Laden With Serbian Troops

(Canadian Press)

Athens, Greek, March 6.—The Turkish fortress of Janina was entered at nine o'clock this morning, by three squadrons of Greek cavalry under the command of General Sounis.

The Greek army took 32,000 Turkish prisoners at the fall of Janina today. These comprised the whole of the ordinary garrison and refugees from Monastir and other places.

The Greek advance on Janina began late in October, the Turks retired rapidly before them. Operations around the fortress opened about the beginning of December and continued with varying success ever during the period of the armistice, to which the Greeks never formally agreed.

Several of the outlying forts fell before the Greeks' assaults and the attack on the principal fortifications was gradually pressed home.

The Turkish garrison possessed 120 guns, eighty-eight of which were large fortress guns and the remainder field guns. These were distributed among the forts at Bizani to the east, Duraki to the southwest, Sedovizza to the west and Gardniki to the northwest. It was not known until this morning how many Turkish troops were in the city, the estimate heretofore varying from 18,000 to 22,000 men. The population numbered 22,000, most of them Greeks.

The Greek artillery employed a number of powerful siege guns which eventually succeeded in silencing the Turkish batteries. The fortifications which had at one time been strong, were quite antiquated and could not resist modern cannon. Provisions throughout the siege had been fairly plentiful as Janina is a centre of the grain trade in the eastern provinces of European Turkey.

London, March 6.—There is great rejoicing in Greek diplomatic circles and among the Greek residents in London, over what they regard as the fall of the important Turkish stronghold of Janina, which had hitherto offered such strong resistance to the Greek attacks. Their joy is not only on account of the success of their army in the field, but because they claim that the capture of Janina places Greece in a strategically important position in the Balkans when the time comes for the division of the spoils of war.

COURT DECIDED THE WILL WAS NOT GOOD

Matter of Several Estates Before Judge of Probates Today

In the probate court today the will of Mrs. Jane Robertson, widow of John Robertson, shop-keeper, was proved, she being survived by her daughter-in-law, Margaret Ann, widow of her son, James Harvey Robertson, formerly of Upham, Kings county, farmer, her house and land on the south side of Brook street in front of the middle flat and to receive free of deductions the rents and profits of such middle flat, and as to the residue to apply the rents to the repair and maintenance of the house and taxes and the surplus to her granddaughter, Emma May, wife of Arthur Herbert Cocher of Bloomfield, Kings county. After the decease of Margaret Ann Robertson the property was to go to Emma May Cocher for life, and on her decease to her children. The personal estate was to go to Margaret Ann Robertson, whom she nominates as executrix, and who was sworn in as such. Real estate is valued at \$1200, personally \$200. E. T. C. Knowles, K. C., is proctor.

The matter of the estate of Robert Priddy, carpenter, came up. He made what purported to be a will, appointing Edwin Noble Stockford executor, but in consequence of the improper execution of the will, on evidence being taken, it was declared invalid. The deceased left his widow, Florence; two daughters, Fannie of St. John and Minnie of Calgary, and one son, Joseph of Philadelphia, street railway conductor. On the petition of the widow and daughter residing here Edwin Noble Stockford was appointed administrator. There is no real estate. Personal estate consists mostly of leasehold in Bennett street valued at \$1000. J. MacMillan Treueman is proctor.

In the matter of the estate of Robert Evans, of Lancaster, fisherman, came up. He died intestate leaving his wife, Elizabeth M. Evans, and nine children—Lillie, wife of James Reid of Lorneville; Stanley of Seattle, Marion, wife of Hubert Cunningham of Vancouver, and Theodore, Harold, Gordon, Walter, Fannie B. and Margaret E. Evans all of Lorneville. On the petition of the widow she was appointed administratrix. Real estate valued at \$100; personal \$200. E. T. C. Knowles, K. C., is proctor.

GRAFT IN NEW YORK PLACED AT TWELVE MILLIONS A YEAR

New York, March 6.—From figures secured by District Attorney Whitman the estimate is that the police graft collected in this city totals about \$12,000,000 every year. It is made up of the following items, all of them, necessarily, estimates: Excise graft, \$2,800,000; gambling graft, \$3,500,000; social evil graft, \$3,000,000; detective bureau graft, \$2,000,000; sidewalk graft, \$200,000; total, \$11,800,000.

DEADLOCK IS BILL THAT MEANS MUCH TO ST. JOHN

Third Day of Continued Session In Ottawa Ends

SPEECHES ARE SERIOUS

(Special to Times)

Fredericton, N. B., March 6.—The hearing in connection with the St. John Suburban Railway Company bill before the corporations committee this morning occupied a greater interest than any legislation asked for since the opening of the session.

Not only were all the members of the committee present, but many others interested, and all listened to the arguments in support and opposition for nearly three hours after which consideration will be given to the measure in private before any report is made to the house.

For the Bill

The arguments in support of the bill were presented by Dr. King Hazen, of St. John, and H. B. Hanson, of Fredericton. Mr. Hazen represented the objects of the bill to be the construction of a street railway in the parishes of Lancaster and Simonds in St. John and Westfield and Hotham in Kings county. The project has been carefully inquired into by the committee, and they were so satisfied with the prospects they were willing to invest their money. It was no paper company.

Mr. Graham, Mr. Cushman, of Bangor, Seligman, of New York and Clarke, of Fredericton, with the most men interested, were most responsible parties, and meant what they said. He argued there was need for such a railway to relieve congestion, to alleviate conditions almost unbearable to many people in the city of St. John.

Mr. Hanson followed Mr. Hazen and Messrs. Taylor, Harrison and Guthrie opposed the project. The question of exclusive rights was argued at length, and Mr. Taylor promised extensions on the Malaguay road to Pleasant avenue in Crouseville and the rear gate of the cemetery by next summer.

In reply to Mr. Wilson, Mr. Hazen said their company would, if permitted, build and operate a road to Millville, and Mr. Hanson added that such a line in the city would be under the control of the city council.

During the discussion it was said that an offer of \$200 a share had been made for a block of stock held in the city of St. John and afterwards an offer of \$100 a share for all the stock, that seventy-five per cent of the stock was held in Fredericton and the bond issue of the present street railway amounts to \$1,140,000.

In a brief reply to the objections, Mr. Hazen said that the company was willing to start the road within a certain time. (Continued on page 2, second column.)

FRENCH GOVERNMENT INVOKES PATRIOTISM

Says Army Bill is Necessary to Maintain Equilibrium of Great Nations in Europe

Paris, March 6.—An appeal to the people of France to submit cheerfully to the patriotic sacrifice called for by the new military bill, increasing the term of service in the active army to three years instead of two, and made today by the cabinet submitted the measure to parliament.

When the bill was laid on the table of the chamber of deputies, it was accompanied by a declaration from the ministry expressing the profound conviction that the proposal must be adopted not only for the security of France, but the peace of the world depended entirely on the equilibrium of the great nations of Europe being maintained.

The government did not endeavor in any way to conceal the fact that a heavy task was about to be laid upon the French people.

EXPECT MUCH FROM NEW EXPEDITION TO ANTARCTIC REGIONS

Paris, March 6.—Important results are expected from an Antarctic expedition which will set out from Havre in June for the exploration and scientific examination of Franz Joseph land, under command of Jules De Payer, an Austrian, whose father was the discoverer of this continent.

De Payer will take along a navy lieutenant, an ensign, two captains, two medical men, naturalists, geologists, and an army aviator, who will have two aeroplanes, an exploration by air will, practically, be an important feature of the expedition. During the next winter, the mission will make astronomical, physical, meteorological observations and important data bearing on the earth's minor movements are expected to be obtained.

A wireless station will be erected and will be in communication with the Eiffel Tower. When the polar winter breaks, the expedition will divide into two parties, one of which headed by De Payer and provided with several sledges, dogs, small boats and kites, will make a dash for the northeast to ascertain the starting point of the unexplored abyss which bounds the north European subarctic continent according to the researches of Nansen and the Prince of Monaco.

The other party will thoroughly examine the canals and hitherto unexplored lands of the archipelago from the standpoint of geology, biology, oceanography, etc.

The De Payer expedition expects to be gone at least a year and a half.

FREDERICTON NEWS

Fredericton, N. B., March 6.—Divisional Freight Superintendent Ridout, of the Transcontinental Railway, held a conference yesterday with members of the board of trade. He assured them that the Transcontinental would make close connection with Fredericton at McGinley Junction. He also said that the freight traffic on road was steadily increasing.

Rev. Dr. McDonald lectured to a large audience in Brunswick street Baptist church last night on Prayers of the Post.

Police Report

Thomas Parks has been reported for allowing refuse to fall from his wagon in Prince William street.

PLAN TO DEFEAT HUNGER STRIKE

New Law to Be Introduced in Parliament

PRISON TO HOSPITAL AND BACK

Trouble Feared at Election For County Council Today as the Women Have Right to Vote at it—Special Precautions

(Canadian Press)

London, March 6.—It is understood that the government has decided to introduce two bills as early as possible, dealing with the suffragette difficulty. The first will empower the home secretary to exercise the same licensing control over persons committed to prison as he now does over convicts.

This suffragette prisoners adopting the hunger strike will be sent to a hospital or a home until her health had been restored, and then be committed to prison. This method would be repeated until the prisoner had served the full term in which the time out in hospital would not be counted.

The second bill will provide a better procedure for recovering fines and damages from suffragettes convicted of attacks on property and will otherwise modify the criminal law in the desired direction. The keenest interest is being taken in the ninth triennial election of the members of the London County Council today, not only because of the sharply divided opinion on municipal issues but because of the threats of militant suffragettes to destroy the ballot papers.

Special precautions were taken by the police to prevent any interference with the voting papers as dropped into the boxes, which were made narrower, while policemen were posted to keep a sharp lookout on every woman entering the polling booths.

The pre-election campaign had been a very spirited one. Some of the members of the cabinet have taken prominent part on behalf of the progressive candidates. While the suffragettes did not take a very active part in the fight they advised all women voters to vote against the progressive, owing to their having signed support of a government petition refused to enfranchise women for parliamentary elections.

SENT GIRLS TO PRISON FOR SHARING IN RIOT

Serious Disturbances at Rochester Where Garment Workers Are on Strike—Police Use Clubs

Rochester, Mar. 6.—The striking garment workers opened the day today with disturbances which approximated riot. The clothing district was thronged with strikers and they pebbled the workers in the factories with ice and snow. Many windows were broken and the police were again ineffective against the crowds at first.

The police used their sticks freely, and finally broke the rioters into submission. It is estimated that 1,200 garment workers took part in the demonstration. The police succeeded in arresting a number of strikers, among them several young girls. Police justice Chadsey has announced that he will mete out penitentiary sentences to all strikers who create disturbances, and yesterday sentenced two girls to imprisonment.

JEROME AND THAW MEET ONCE MORE IN COURT

New York, Mar. 6.—Harry K. Thaw, lawyer of Stanford White, was brought today to New York from Mattawan, Ont., and appeared in the supreme court, prepared to fight for his release on a writ of habeas corpus, a proceeding in which he had been defeated on several previous occasions. He was represented by Dr. Charles Kennedy, a lawyer-physician.

William Travers Jerome appeared for the state. Thaw reached the city shortly before 10 o'clock and was taken immediately to the criminal courts building.

BRYAN RECEIVES THE FOREIGN DIPLOMATS

Washington, Mar. 6.—This was secretary Bryan's first "diplomatic day." Customary of a new secretary of state takes office the diplomatic corps on the first Thursday of his administration calls upon him formally.

Many appeared in full court regalia and the diplomatic reception room at the state department on such an occasion presents all the appearance of a levee. One of the prime objects of the function is to permit the secretary to meet the representatives of the other nations with whom he is to deal.

YOUNG WIDOW MURDERED; POLICE SAY GANGSTERS' WORK

New York, March 6.—Mrs. Katherine Godfrey, a young widow, was found murdered early yesterday in her flat. Her head and face had been horribly battered, presumably with a club. The police attribute the crime to members of several gangs which infest the neighborhood.

U. S. BATTLESHIP HULL RIPPED BY CORAL REEF

New York, March 6.—Workmen examining the hull of the battleship Arkansas in drydock in the Brooklyn navy yard yesterday, found an opening about fifteen feet long and twelve wide, which had been struck from an opened seam on the port side forward. The Arkansas several weeks ago struck a coral reef off Guantanamo.

Repairs will cost about \$100,000, and will take several months.

MC 2035 POOR DOCUMENT

THE EVENING TIMES AND STAR, ST. JOHN N. B., THURSDAY, MARCH 6, 1913

Little Beauty Chats

By BLANCHE BEACON

When One's Hands Are Habitually Moist

A GREAT many girls and women—and men, too, for the matter of that—are constantly annoyed by the abnormal condition of their hands, which remain so cold and moist that contact with them is unpleasant.

Moist hands are really quite an affliction to the woman who likes to sew and embroider as perspiration so dissolves threads and materials that her work, when finished, is anything but pretty. Even if one cares naught for neediness, it is somewhat mortifying to have hands so clammy and moist that one's friends dread to touch them.

As you doubtless agree with me that damp palms are something you could live without, I will tell you what other people have done to remedy this condition of the skin. Listen!

One way of combating this condition of the palms is to moisten them frequently throughout the day with some effective setting lotion, rubbing it into the skin with considerable friction. Such a liquid can be made by combining six ounces of rose-water, one-half ounce of simple tincture of benzoin, two ounces of elder-flower water and ten grains of tannic acid.

Just before retiring and after making one's toilette in the morning, it is expedient to coat the hands thickly with the powder given below, as, being both drying and stimulating, it proves a friend to the hand with perspiring palms.

Powder for Damp Hands.
Boric acid, 3 drachms
Lycopodium powder, 4 drachms
Starch, 1 ounce
Olive-oil (powdered), 1/2 ounce
Oxide of zinc, 1/2 drachms

Do not think it will suffice to powder the hands and then go down to breakfast or off to bed, as it is necessary that the powder be given ten minutes to work its will, the hands in the meantime being held quietly in one's lap. "Ten minutes" seems

How's This?

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure.

F. J. CHENEY & CO., Toledo, O.

Take Hall's Family Pills for constipation.

SIX HUNDRED AT MOOSE MEETING; 350 JOIN

At a meeting of the Royal Order of Moose, St. John Lodge, No. 1188, last evening in the Queen's rink 350 new members were initiated. There were more than 600 members present at the meeting and it was said last night that this was the largest meeting of any one lodge of a fraternal organization that ever took place in this city. After the meeting many of those in attendance went to Wamamaker's restaurant, where dinner was served.

The degree team of the lodge entertained the organizers of the lodge, J. W. Jowett and A. G. King, and a very pleasant hour was spent. The menu card was pretty and gave the names of the degree team. The organizers will go from here to Moncton, where a lodge will be formed.

The degree team was made up as follows: E. A. Trainor, C. L. Barton, A. W. Rivoult, W. McE. Robb, R. J. Finigan, W. V. McKinney, W. Y. Beatty, J. L. Quinn, C. M. Johnston, J. H. Garrick, R. Bond and H. Neelam.

Exhausted Nerves Sleepless Nights

Continually Grow Worse Until Dr. Chase's Nerve Food Restored Vigor and Strength.

Mrs. Campbell.

What misery to lie awake nights and think of all sorts of things without being able to get the rest and sleep which is necessary to restore the nervous energy wanted in the tasks of the day.

This symptom of sleeplessness is one of the surest indications of an exhausted nervous system. You must have sleep or a breakdown is certain. Dr. Chase's Nerve Food feeds the feeble, wasted nerves back to health and strength. In a few days you obtain the natural, restful sleep which helps so materially in restoring vitality to the nerves and strength to the whole body.

Mrs. Sarah Campbell, 108 Alma Street, St. Thomas, Ont., writes: "For months I was so bothered with nervousness that I could not sleep nights. There were other symptoms of exhausted nerves, but none caused so much misery, and I found myself continually getting worse.

"I began using Dr. Chase's Nerve Food, and it was not long before I noticed great improvement in my health. It built up the nervous system wonderfully, strengthened the nerves and enabled me to rest and sleep well."

Dr. Chase's Nerve Food, 50c a box, for \$2.50, all dealers, or Edmondson, Bates & Co., Limited, Toronto.

USE THE WANT AD. WAY

WHEN A LAXATIVE IS NEEDED—"CASCAETS"

Salts, Calomel and Cathartic Pills Are Violent — They Act on Bowels as Pepper Acts in Nostrils

Take a Cascaet tonight and thoroughly cleanse your Liver, Stomach and Bowels, and you will surely feel great by morning. You men and women who have headache, coated tongue, can't sleep, are bilious, nervous and upset, bothered with a sick, gassy, disordered stomach, or have backache and feel all worn out.

Are you keeping your bowels clean with Cascaets—or merely forcing a passage every few days with salts, cathartic pills or castor oil? This is important.

Cascaets immediately cleanse and regulate the stomach, remove the sour, undigested and fermenting food and foul gases; take the excess bile from the liver and carry off the constipated waste matter and poison from the intestines and bowels.

Remember, a Cascaet tonight will straighten you out tomorrow. A 10-cent box from your druggist means healthy bowel action; a clear head and cheerful mood for months. Don't forget the child.

GIRLS HAVE TO STAND TOO LONG IN STORES

Factory Inspector's Suggestion in Annual Report—St. John Matters in It

Fredericton, March 4.—The report of the factory inspector for the past year was presented to the legislature this afternoon by the provincial secretary. It is quite full and complete and deals with the industrial life of the province and the condition of the people, employed in the various industries.

The Canada Trust Company, The White Candy Company, Scovil Bros. & Co., and the Automobile Factory at Coldbrook, are mentioned as having contributed greatly to industrial progress, in or near the city of St. John, where, it is estimated, that the cost of new buildings, erected for manufacturing purposes, and the work upon enlargement, was \$500,000.

During the past twelve months, there have been fifty-two accidents, two of which were fatal. Machinery, however, is being more carefully guarded, and particular attention is paid to this by industrial managers, but regret is expressed that the employees themselves, in too many cases, are indifferent to the efforts put forth to protect them. In this connection, the inspector states that, in several cases, he has found the danger guards removed by the employees, because they stated they were in their way.

Situation also is referred to and great difficulty is met with in dealing with health conditions. Strange to say, the report says, the chief difficulty is that many employees are not doing their part in this matter, by the exercise of proper care and reasonable cleanliness.

The inspector says he finds it almost impossible to properly enforce the regulations regard to child labor, because of great difficulty in obtaining correct statements.

In a part of the report, the inspector's recommendations were notified regarding the recent amendment to the law, some of them still awaiting its execution and are content to go on in the same old way and violate any law, in order to obtain cheap porters. A law which compels the employer to see that the act is strictly enforced.

Speaking of mercantile establishments, he says:

"I have had my attention called to a state of affairs which I think should receive attention at the hands of the legislature, namely the condition which exists in many mercantile establishments employing female clerks. These establishments are open from 8 a.m. till 8 p.m. every day and on Saturday frequently till 11 p.m. The female clerks are compelled to stand during all this time and this overtaxing of their physical powers frequently results in a partial or complete breakdown. Many have been compelled to give up work because of this fact. In Ontario and Quebec there is, I believe, a law which compels the employers to furnish seats for the employees to use when not actually engaged in the performance of their duties.

"Such a law would be productive of good results in this province, and would be hailed with pleasure by those in whose interest it would operate. May I respectfully suggest that this matter be considered and if thought advisable that action along this line be taken."

COLONEL McAVITY IS HOST AT SMOKER FOR OFFICERS

The officers of the 2nd regiment were entertained last night in their quarters in Germain street by a smoker given by Colonel J. L. McAvity. The evening was pleasantly spent and those present were treated to a fine programme of songs and music. D. Arnold Fox played the accompaniment for the soloists besides contributing several selections. There was also some speaking.

Among those who took part in the programme were: D. B. Pidgeon, solo; Mr. Allan, of Nottingham, England, a guest solo; Lieut. Dawson, solo; Mr. Brzrell, solo; Major Hart, solo. The host, Colonel McAvity, spoke briefly to the officers along military lines. Others also spoke. During the evening refreshments were served. An orchestra was in attendance.

DETAILS OF LATEST ANTARCTIC DISASTER COME BY WIRELESS

Sydney, N. S. W., March 5.—Details of the tragic ending of Lieut. B. E. S. Nimmo of the Royal Fusiliers Regiment, and Dr. Xavier Mertz, champion ski jumper of the world, who met with death in the frozen south polar regions while members of the Australian Antarctic expedition were told in a wireless telegraph message received here today from Dr. Douglas Mawson, the leader of the expedition, who also suffered great hardships.

The wireless message received from Dr. Mawson, who is now in Adelaide, says: "On December 4, 1911, while we were exploring a new coast line three hundred miles to the southeast of our winter quarters, Lieut. Nimmo, with a dog team and with almost all our food, disappeared in an unaccountable crevasse.

"Dr. Mertz and myself with an inadequate supply of provisions and with six starving dogs, then started over the plateau for our hunt. Bad weather retarded our passage and we subsisted chiefly on dogs.

"On January 17, 1912, Dr. Mertz died, the cause of his death arising from malnutrition.

"On February 7 I arrived at the hut alone having travelled through snow and fog and having miraculously been guided by Providence, through the heavily crevassed area.

"The steamer Aurora waited at the base, until the weather conditions made it no longer safe. She left a few hours before my arrival at the hut. Six men were left there by the Aurora to prosecute a search for the members of our party."

Police Court Yesterday

Joseph Stewart, charged with bigamy, was again in the police court yesterday afternoon and further remanded. Kate Berrigan, found guilty of being an inmate of a disorderly house was again remanded. William Forsythe, arrested with stealing a pair of skates and boots from the Victoria rink, was remanded until a clergyman of the church could be consulted. May Johnson was found guilty of keeping a disorderly house in Brunswick street and was remanded to give her a chance to dispose of her household effects, and the court will then consider giving her an opportunity of getting out of the city.

CAN LAUGH AT LIFE'S MINOR ILLS

Since Dodd's Kidney Pills Cured Her Kidney Diseases

New Brunswick Woman Tells How She Was Rescued From Ill Health By The Twin Remedies, Dodd's Kidney Pills and Dodd's Dyspepsia Tablets

Negus, Allan P. O., N. B. March 5.—(Special)—Mrs. Joseph G. Savoy, a well-known resident of this place, whose ill-health has been a matter of much concern to her friends, is telling of the cure which she found for all her troubles in Dodd's Kidney Pills and Dodd's Dyspepsia Tablets.

"My health is fine now," Mrs. Savoy says, in an interview. "The pains are gone from my side and back and when I go to bed I can sleep. Before I started using Dodd's Kidney Pills and Dodd's Dyspepsia Tablets I could not eat anything heavy such as meat, but now I can eat practically what I please with no ill effects."

Mrs. Savoy was in a generally run-down condition, and her cure came about by using the natural remedies, Dodd's Kidney Pills cured and invigorated her kidneys, thus purifying her blood and improving the circulation.

Dodd's Dyspepsia Tablets insured proper digestion of her food, thus furnishing the body with the nutrition it required. Women with healthy kidneys and good digestion can afford to laugh at the minor ills of life.

Acquitted in Strange Calgary Case

Calgary, March 6.—Alfred Henry Irvine, disciple of the Apostolic faith, was acquitted of manslaughter with which he was charged for allowing his wife to starve herself to death in a vain attempt to raise her baby from the dead.

GOVERNOR BULYEA HEADS Y. W. C. A. CAMPAIGN

Edmonton, Alta., March 6.—Two hundred thousand dollars will be raised by business men of Edmonton to provide three buildings for the Young Women's Christian Association. The committee is headed by Lieutenant-Governor Bulyea. Many young women are turned away for lack of accommodation. The rule established by the association is to take in only girls who earn \$30 or less a month, and who are under twenty-five years of age. The present home has accommodations for forty-three women.

MR. MANCHESTER GIVES MORE

The Y. M. C. A., the Sisters of the Good Shepherd and the King's Daughters have received checks for \$300 from James Manchester. Both institutions have expressed their appreciation for the donation.

THE MILLIDGEVILLE LINE

Additional signatures to the number of \$25 were forwarded to Fredericton last night in connection with the petition for a street railway to Millidgeville.

Daily Hints For the Cook

PANCAKES.

Two teaspoonfuls sugar, two eggs, one cup sour milk, 1/2 teaspoon soda. Add a little salt and sufficient flour to make a batter that can be dropped by teaspoonfuls into boiling fat.

DELMONICO PUDDING

Three tablespoons cornstarch, yolks of 5 eggs, 8 tablespoons sugar. Beat the eggs light, then add the sugar and beat again till very light. Mix the cornstarch with a little cold milk; mix all together and stir into one quart of milk just as it is about to boil, having added a little salt. Stir it until it has thickened well. Pour it into a dish for the table and place it in the oven until it will bear icing.

Place on the top a layer of canned peaches or other fruit (and it improves it to mix the sirup of the fruit with the custard part). Beat the whites to a stiff

froth with 2 tablepoons of white sugar to an egg; then put it into the oven until it is a light brown.

In the last year losses by fire in the United States averaged \$570,000 a day, and aggregated \$207,843,000. The loss was nearly \$10,000,000 less than that of 1912, and about \$7,000,000 less than that of 1910.

THE BIBLE SOCIETY ANNUAL MEETING

Chatham, N. B., March 6-The annual meeting of the New Brunswick Auxiliary of the Bible Society was held in St. John's church yesterday afternoon and a public meeting was held in the evening.

Last year held and this year's meeting was larger still. Every indication of a most encouraging growth was given.

The report of the treasurer R. T. Hayes, showed a most gratifying increase, \$1500, which meant the largest regular income of any year.

The report of the secretary, G. A. Henderson, brought to attention the fidelity with which the work of the year had been carried forward.

District Secretary Rev. A. F. Newcomb has care of Bible Society interest in the Canadian society in the maritime provinces and Newfoundland traveled during 1912, 16,000 miles, gave 255 addresses and attended sixteen conferences. At port of St. John, Dr. Heine and Miss Wesley and construction and lumber camps and addressing public meetings, traveled on foot 187 miles, by train 1691 miles and by carriage 201 miles. The Bible women, Miss Wesley and Miss Henderson, visited more than 3000 families in St. John.

There are very few provinces if any in which more efficient Bible society effort is being prosecuted than in New Brunswick. The total receipts for 1912 were \$8,473.50 including sales of Bibles and contributions. The contributions outside of St. John were \$5,141.38. The contributions from St. John were \$3,332.12.

At the public meeting in the evening an address was given. Judge Forbes presided and after an organ voluntary by Miss MacLean and scripture reading and psalm by Rev. J. M. MacLean, an address of welcome was given by Rev. R. G. Fulton, and responded to by Rev. R. H. Staver.

Judge Forbes then gave his address dealing with the work of the Bible Society in general. Dr. Campbell spoke eloquently on the Bible and nation building in Canada. Rev. Dr. Heine gave an address on the immigrant at our doors, and the last address was an excellent one by Rev. G. A. Lawson on the home of

RUSSIA CELEBRATES THE ROMANOFF TERCENTENARY

St. Petersburg, March 6-Today Russia celebrates the tercentenary of the accession of the Romanoffs to the imperial throne.

The trip to Kostrom, where the imperial crown was tendered to Michael, the first Romanoff emperor of Moscow, where he ascended the throne of Vladimir, and also the voyage to Suzdal, Nizhni-Novgorod, Yaroslavl, Rostov and Perekop, towns associated with the early history of Russia, were postponed until the end of May, when the weather will be more favorable.

These towns, although capitals of Muscovite principalities, have now mostly passed out of the march of progress, and the tour of the emperor and his family will involve some actual discovery. It will give to the Tsar an opportunity of coming into close contact with his subjects.

The Car granted pardon to minor political offenders and commuted death sentence in some cases.

Up to 1882 the average person spent only seven cents a year for postage. In 1891 the average man expended ninety seven cents. Today the habit of letter-writing has grown to such an extent that the average expenditure is \$2.60 a year.

John Benson, a German veteran, died at Brighton, Eng., following a fall in which he fractured his collarbone.

MARR'S SPRING MILLINERY

OPENING A BIG SUCCESS

From every viewpoint Marr's opening of every spring millinery was the most successful in the history of the firm. Through the eager buyers crowded the large store and showroom all day and from every side came the most favorable comment on the beauty and wide variety of the display, imported, trimmed hats, particularly those of exclusive design, were especially favored and soon found ready purchasers, while English and American models sold rapidly. Many more modish creations were opened last night and are placed on display for today's shoppers.

Tucson, Ariz., March 6—The Sonoran state congress has repudiated Huerta's government, and issued a general call to arms addressed to all people of the border states.

The Best Quality at a Reasonable Price

Ex-Navy Grips Literary England With His Verse

FROM DONEGAL AND ONLY 22

Gift of the Muse is His and He is Mounting Him From Work as Railroad Laborer—Likely To Become Windsor Librarian

(Times' Special Correspondence)

London, Feb. 22—It is well within the probabilities that, a few years hence, the books that are read by the Queen of England and the royal children may be chosen for them by an "ex-navy" (as the day laborers who build railways, docks and roads in this country are called).

At present the job of picking out mental material suitable for the Queen, Mary and the youngsters of the royal household is in the hands of the erudite librarian of Windsor Castle, Hon. John Fortescue, and it now appears likely that before much time has passed Fortescue may have an assistant in the person of Patrick MacGill, a young Irishman of twenty-two, who at present is known to fame as the "Navy Poet." In fact, it was said in the London newspapers the other day that young MacGill, who in the course of his short career, has been a farm hand, a plater, and a drover as well as a "navy" hand, for a bit, a plain tramp, already had been appointed assistant librarian at Windsor Castle, but that proves to have been a case of intelligent anticipation.

As a matter of fact, the poet to which the "Navy Poet" who, prominent critics assert, is going to be a big man in the English writing world some day, has just been appointed, in that of assistant librarian, not at the royal residence itself but at what is known as the Chapter Library at Windsor, and in this capacity he is now compiling the chapter records of the "Navy Poet" who, prominent critics assert, is going to be a big man in the English writing world some day, has just been appointed, in that of assistant librarian, not at the royal residence itself but at what is known as the Chapter Library at Windsor, and in this capacity he is now compiling the chapter records of the "Navy Poet" who, prominent critics assert, is going to be a big man in the English writing world some day, has just been appointed, in that of assistant librarian, not at the royal residence itself but at what is known as the Chapter Library at Windsor, and in this capacity he is now compiling the chapter records of the "Navy Poet" who, prominent critics assert, is going to be a big man in the English writing world some day, has just been appointed, in that of assistant librarian, not at the royal residence itself but at what is known as the Chapter Library at Windsor, and in this capacity he is now compiling the chapter records of the "Navy Poet" who, prominent critics assert, is going to be a big man in the English writing world some day, has just been appointed, in that of assistant librarian, not at the royal residence itself but at what is known as the Chapter Library at Windsor, and in this capacity he is now compiling the chapter records of the "Navy Poet" who, prominent critics assert, is going to be a big man in the English writing world some day, has just been appointed, in that of assistant librarian, not at the royal residence itself but at what is known as the Chapter Library at Windsor, and in this capacity he is now compiling the chapter records of the "Navy Poet" who, prominent critics assert, is going to be a big man in the English writing world some day, has just been appointed, in that of assistant librarian, not at the royal residence itself but at what is known as the Chapter Library at Windsor, and in this capacity he is now compiling the chapter records of the "Navy Poet" who, prominent critics assert, is going to be a big man in the English writing world some day, has just been appointed, in that of assistant librarian, not at the royal residence itself but at what is known as the Chapter Library at Windsor, and in this capacity The Evening Times and Star

ST. JOHN, N. B., MARCH 6, 1913.

The St. John Evening Times is published at 27 and 29 Canterbury Street every evening (Sunday excepted) by the St. John Times Printing and Publishing Co., Ltd., a company incorporated under the Joint Stock Companies Act.

A WESTERN EXAMPLE The provincial secretary of British Columbia in his budget speech stated that an immense amount of literature advertising the province had been distributed last year, through the bureau of provincial information, to attract settlers to that province.

It is not surprising that Mrs. Pankhama, the suffragette leader, is broken down in health. These militant ladies are constantly on the verge of hysteria.

It is evident that an attempt is to be made again to get Sir Richard McBride into federal politics. In that connection there are again rumors that he would be very acceptable to many Conservatives as leader, in place of Mr. Borden.

It is worth while for the people of New Brunswick to take note of what is being done in British Columbia, for a great many of the new settlers going to that province came from New Brunswick in the course of their journey.

Similar to St. John The city of Ottawa is confronted with a condition of affairs with regard to housing which is somewhat similar to that in St. John.

Principal Peterson of McGill is reported to have said that a great and growing country like Canada can afford to make a gift to the British people.

At a meeting of the Reform Club in Montreal last Saturday evening, E. M. McDonald, M. P., delivered an able address on the naval issue, dealing not only with the question whether Canada can build ships or not, but with the Borden government's policy of tribute.

At a meeting of the Reform Club in Montreal last Saturday evening, E. M. McDonald, M. P., delivered an able address on the naval issue, dealing not only with the question whether Canada can build ships or not, but with the Borden government's policy of tribute.

BIRTHDAYS OF NOTABILITIES

THURSDAY, MARCH SIXTH. George J. Bury, vice-president of the C. P. R. and general manager of its western lines, observes his forty-seventh birthday today.

The Hon. James Teetzel, justice of the High Court of Justice of Ontario, is sixty years of age today. He is a native of Egin County, Ontario.

The Hon. Horace Archambault, justice of the King's Bench Division, Quebec, is another judge who was born on March 6. He is fifty-six years of age today.

First Lawyer—Yes. We object to everybody who owns a car, and the other side rules out all who don't—Puck.

UNCLE JOSEPH SAYS: "I dunno, Mebbly th' world 's gittin' better all th' while. Some folks say so. But say, ain't they a tarantion lot 'o' fightin' an' snarin' agoin' on still, hey?"

LITTLE CATECHISMS. Q.—Why does the girl at the telephone frown so angrily? A.—Because she is impatient and vexed at Central.

Q.—And who is Central? A.—Central is a voice and a pair of hands, supposedly attached to a brain. Sometimes the brain is there, and then again sometimes it isn't.

Q.—Why is the woman angry at Central? A.—She is angry because she says Central is "wasting her time."

Q.—And what does she mean by that? A.—She means that Central has told her either that "the line is busy" or that "they don't answer."

Q.—But is she not very rude to the Central? A.—Yes, but never mind that. Central is used to it. Hush now, she has her party.

Q.—And what is she saying? Doubtless it is very important. A.—She is telling her friend that Jim danced with her twice last night, and that Tom said she looked swell with her hair done that new way. You see, it is no wonder she was impatient and rude to Central. People with matters of such weight on their mind have no time to think of a detail like politeness.

Q.—But is she not very rude to the Central? A.—Yes, but never mind that. Central is used to it. Hush now, she has her party.

Q.—And what is she saying? Doubtless it is very important. A.—She is telling her friend that Jim danced with her twice last night, and that Tom said she looked swell with her hair done that new way. EDUCATION IN NOVA SCOTIA

The Nova Scotia educational report says that the Technical College in Halifax has had its equipment rounded out by the completion of the metallurgical laboratory building at a capital cost of \$20,000.

With regard to medical inspection of schools is being gradually introduced. The city of Halifax, and Truro appear at present to be leading the movement. It is hoped by the superintendent that before long a simple scheme for rural sections will be published.

The report also advocates the education and care of the feeble-minded, stating that such is at present an urgent duty of the state.

"In every city and large town," advises the report, "there should be an ungraded department under a specially competent teacher, for the instruction of retarded pupils, whether the retardation is due to the lack of opportunity, physical illness, mental peculiarity, moral perversion or acquired habits."

REMOVES TO SUNBURY COUNTY.
Dr. George W. Bailey, son of Dr. L. W. Bailey, who has been in Saint Martin for some years, has removed to Fredericton Junction.

GARDEN SAGE DARKENS GRAY HAIR
SO NATURALLY NOBODY CAN TELL

Restores Its Lustre, Prevents
Scalp Itching, Dandruff
and Falling Hair

That beautiful, even shade of dark, glossy hair can only be had by brewing a mixture of Sage Tea and Sulphur. While it is a messy tedious task, it will repay those whose hair is turning gray, faded and streaked.

Your hair is your charm. It makes or mars the face. When it fades, turns gray and looks dry, wispy and straggly, just an application or two of Sage and Sulphur enhances its appearance a hundred fold.

Don't bother to prepare the tonic; you can get from any drug store a 50 cent bottle of "Weyth's Sage and Sulphur Hair

Remedy," ready to use. This can always be depended upon to bring back the natural color and lustre of your hair and is the best thing known to remove dandruff, stop scalp itching and falling hair.

Everybody chooses "Weyth's" Sage and Sulphur because it darkens so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush and draw this through the hair, taking one small strand at a time which requires but a few moments. Do this at night and by morning the gray hair has disappeared, and after another application it becomes beautiful dark and appears glossy, lustrous and abundant. It certainly helps folks look years younger and twice as attractive, says a well-known downtown druggist. Agents—Wasson's 3 Beall's stores—King street, Main street and Haymarket Square.

Cyphers Incubators

Now is the time people are giving attention to the purchase of incubators. We cannot too highly recommend the Cyphers. It has been on the market for years and is no experiment or freak. Hundreds of satisfied users will testify to its excellence. We have in stock:—

BILLY ALLEN'S MUSICAL COMEDY COMPANY COMING

Under The Personal Direction of Wm. H. Harder—A Remarkable Organization Presenting The Season's Latest Song Plays at Popular Prices

The musical attraction that is so remarkably different from the scores of others touring the country is naturally more or less of a novelty to the lovers of this type of amusement. It is true that each of the various musical comedy organizations have some point of excellence or a star, more or less popular, yet it remains for Mr. Billy Allen to offer a line of the season's popular songs shows appearing beyond the reach and imagination of those seeking popular priced amusement.

For the last five years the Billy Allen Musical Comedy Co., which will be at the Opera House all next week, commencing Monday, with matinee on Wednesday and Saturday, has been giving perfect productions of soiled musical comedies, in such a masterly way that the organization has won a reputation and holds a position that has never been attained by any similar combination. Aside from the list of attractive musical plays, the singing and dancing members of the company are of great strength. It is an ideal gathering of artists who have won distinction individually with the leading musical comedy attractions.

First of all comes "Billy" Allen, America's foremost Irish comedian, followed by the Musical Rouser Family, the Dancing Wheeler Sisters, the sweet singer, Harvey J. Maxwell, the Garden City Four—Harry Feldman, W. H. Gracey, Ellen Rosar, Vic Bayard—and an attractive singing and dancing chorus of pretty girls.

It is, however, the attractive list of musical comedies which the Billy Allen Co. exclusively controls in which the management takes especial pride, including "The King of Kolomo," "The Man Behind," "Mr. Plaster of Paris," "The Girl from Chili," "A Night at the Wintergarden," "Tatters in Fairyland," "The Giddy Widows," and others. The gorgeous stage settings, electrical effects, beautiful wardrobe, and singing and dancing numbers which will characterize each rendition during the week's engagement from another important factor. A treat and surprise is in store for those who like the best. The sale of reserved seats opens tomorrow.

GIRLS' RETURN ENGAGEMENT

Marcus Minstrel Maids at Opera House

After an absence of two weeks the Marcus Minstrel Maids will play a return engagement at the Opera House beginning this afternoon and continuing for the balance of the week. This company of many girls and few men certainly provides good amusement at the small price of admission.

An all new programme of songs, dances and specialties will be introduced at today's performance. The afternoon session begins at 3 o'clock, and the evening at 8 o'clock. A two hour programme of comedy and music of the lighter variety is promised, and a continuance of large audiences seems certain. Prices 10c, 15c, 20c, 25c, 30c, and 35c.

A RESTAURANT GOWN

Fredericton, March 5.—The house met at 3 o'clock.

Mr. Munro introduced a bill to amend act incorporating the town of Woodstock.

Mr. Wilson presented a petition in favor of a bill to amend chapter 170 of Consolidated Statutes 1903 relating to city of St. John.

Mr. Baxter presented a petition in favor of a bill to incorporate Cedar Hill Cemetery, Lunenburg.

Mr. Woods presented a petition in favor of a bill incorporating New Brunswick Coal, Iron & Clay Co., Ltd.

Hon. Mr. Morrissey introduced a bill relating to assessment and collection of taxes in New Brunswick.

Hon. Dr. Landry introduced a bill to amend the public health act. He explained that the object of the bill was to give local boards of health authority to regulate milk supply going into the municipalities.

Mr. McLeod introduced a bill to authorize the appointment of a police magistrate and the creation of a lock-up in the parish of Madam, York county.

Hon. Mr. McLeod presented petitions for and against the incorporation of the parish of Madam for police purposes.

Hon. Mr. McLeod presented a bill to further aid the University of New Brunswick.

The house went into committee with Mr. Young in the chair and took up further consideration of the bill respecting oyster fisheries.

Hon. Mr. Fleming moved an amendment to give the lieutenant-governor-in-council power to lease to Canadian Oyster Co., Ltd., other barren beds elsewhere in the province except in the county of Kent.

Mr. Sheridan moved an amendment to have the county of Kent exempt from the provisions of the bill.

The bill was agreed to with amendments.

The house went into committee with Mr. Grattan in the chair, and agreed to a bill to amend act 55 Victoria, Cap. VI, so far as it related to St. Andrew's Presbyterian church, Chatham, with amendments.

Mr. Stewart (Northumberland) said that he believed that corporations should have power to make such general changes without coming to the legislature.

Bills to incorporate Riverside Golf & Country Club was agreed to with amendments; to enable the trustees of school district No. 2, parish of Westfield, to sell certain lands, and to authorize the town of Grand Falls to grant exemptions from taxation with amendments.

The house went into committee with Mr. Stewart (Northumberland) in the chair and took up consideration of the St. Stephen Electric Street Railway Company.

Hon. Mr. Murray thought that the company was being given extensive power in being allowed to generate and sell power throughout the province. The bill was agreed to, as was also bill respecting Albertine Ollie and Cannel Coal Co., Ltd., and to incorporate St. Leonard's Water Co., Ltd., with amendments.

The house went into committee with Mr. Dugal in the chair and agreed to a bill to further amend the St. John city assessment act 1910 providing for assessment of insurance companies, mercantile agencies, associations and undertakings with amendments.

Mr. Stewart (Northumberland) asked in regard to the item for \$50,000 for fish, forest and game protection, what better provision be made for the enforcement of the act. He also said that the government might well consider the matter of protecting the farmers in the rural districts from the damage done their crops by big game.

Premier Fleming, in connection with the item for \$12,000 for the Jordan memorial sanatorium, said that he desired later to present a statement of what expenditures had been made in connection with the institution, and said that it was most satisfactory to know that it was now open for the reception of patients.

Hon. Mr. Lockhart asked how much of the appropriation was given to the Millville sanatorium, and what had been expended, and the gentleman under whose direction the money was spent had done a good deal of talking about road conditions in the house this morning.

Mr. Tennant, who was highway secretary for Simonds at that time, was warmly defended by Mr. Lockhart, of St. John, who claimed he had done good work, and also said Hon. Mr. Morrisey that if his eyesight was as poor in other parts of the province he did not wonder at the complaints about the roads.

Nearly all of the items of supply were passed at the afternoon sitting, and a few minutes session this evening. Monday will see it completed. That is also the last day for the introduction of private bills.

Spring Showing and Sale of Ladies' "Hermsdorf Dye" Hosiery

For more than twenty years the name "Hermsdorf" has stood for purity and permanence—for absolute dependability in black hosiery dyeing. For more than twenty years Manchester Robertson Allison, Limited has supplied the public with "Hermsdorf Dye" Hosiery and their experience has been that "Hermsdorf" is "the name that sells the stocking" every time.

Look for the name "Hermsdorf" on each pair you buy, and if you cannot find it, you may be sure that the hose are not the genuine "Hermsdorf Dye."

120 million pairs of "Hermsdorf Dye" stockings are dyed annually.

Hon. Mr. McLeod presented petitions for and against the incorporation of the parish of Madam for police purposes.

Hon. Mr. McLeod presented a bill to further aid the University of New Brunswick.

The house went into committee with Mr. Young in the chair and took up further consideration of the bill respecting oyster fisheries.

Hon. Mr. Fleming moved an amendment to give the lieutenant-governor-in-council power to lease to Canadian Oyster Co., Ltd., other barren beds elsewhere in the province except in the county of Kent.

Mr. Sheridan moved an amendment to have the county of Kent exempt from the provisions of the bill.

The bill was agreed to with amendments.

The house went into committee with Mr. Grattan in the chair, and agreed to a bill to amend act 55 Victoria, Cap. VI, so far as it related to St. Andrew's Presbyterian church, Chatham, with amendments.

Mr. Stewart (Northumberland) said that he believed that corporations should have power to make such general changes without coming to the legislature.

Bills to incorporate Riverside Golf & Country Club was agreed to with amendments; to enable the trustees of school district No. 2, parish of Westfield, to sell certain lands, and to authorize the town of Grand Falls to grant exemptions from taxation with amendments.

The house went into committee with Mr. Stewart (Northumberland) in the chair and took up consideration of the St. Stephen Electric Street Railway Company.

Hon. Mr. Murray thought that the company was being given extensive power in being allowed to generate and sell power throughout the province. The bill was agreed to, as was also bill respecting Albertine Ollie and Cannel Coal Co., Ltd., and to incorporate St. Leonard's Water Co., Ltd., with amendments.

The house went into committee with Mr. Dugal in the chair and agreed to a bill to further amend the St. John city assessment act 1910 providing for assessment of insurance companies, mercantile agencies, associations and undertakings with amendments.

Mr. Stewart (Northumberland) asked in regard to the item for \$50,000 for fish, forest and game protection, what better provision be made for the enforcement of the act. He also said that the government might well consider the matter of protecting the farmers in the rural districts from the damage done their crops by big game.

Premier Fleming, in connection with the item for \$12,000 for the Jordan memorial sanatorium, said that he desired later to present a statement of what expenditures had been made in connection with the institution, and said that it was most satisfactory to know that it was now open for the reception of patients.

Hon. Mr. Lockhart asked how much of the appropriation was given to the Millville sanatorium, and what had been expended, and the gentleman under whose direction the money was spent had done a good deal of talking about road conditions in the house this morning.

Mr. Tennant, who was highway secretary for Simonds at that time, was warmly defended by Mr. Lockhart, of St. John, who claimed he had done good work, and also said Hon. Mr. Morrisey that if his eyesight was as poor in other parts of the province he did not wonder at the complaints about the roads.

Nearly all of the items of supply were passed at the afternoon sitting, and a few minutes session this evening. Monday will see it completed. That is also the last day for the introduction of private bills.

MORNING LOCALS

Silas Perry, formerly a member of the St. John police force, has been offered a position on the Campbellton force by Chief Hughes. He has not decided as to accepting.

There was a large audience in the Seaman's Institute last night at a concert given by the officers and sailors of ships in port. It was greatly enjoyed. Those taking part included H. Kennedy, J. Haslam, Mr. West, chief steward of the Saturday, Miss Stanhope, J. Kilburn, Mr. Moss, T. Jackson, Mr. Metcalfe and Messrs. Laycock and Jones. Miss Farnwell acted as pianist, and also contributed piano solos which were capably rendered.

ST. JOHN AFFAIRS IN OTTAWA. Mayor Frink and Commissioner Schofield of St. John arrived yesterday in Ottawa to consult with the government regarding harbor improvements. They endeavored to get an interview with Hon. Robert Eggar, minister of public works, but were unsuccessful. They will be in Ottawa for several days.

According to an announcement made yesterday by Mr. Jencks, engineer for E. G. Todd, landscape architect of Montreal, who is preparing plans for a model village at Goldbrook, St. John will have the first garden suburb in Canada. The situation is well adapted. It is understood that work on the suburb will be commenced at an early date.

When starting a fowl in a gas stove put three tablespoonfuls of water into the meat tin at the bottom of the stove. You will find the steam will make the bird tender, and obviate the necessity for continually basting it.

CANTEEN CURSE TO THE ARMY SAYS COLONEL HUGHES, MINISTER

Comes Out Flat-footed And Bids That The Subject be Dropped

(Chatham Free Press)

"So long as I am minister of militia we are not going to have a soft or light beer canteen in the camps. I am no spring chicken and know as much about canteens of any kind as any man in this room, and have found in my experience that they are an infernal curse to an army." Such was the reply that Colonel the Hon. Sam Hughes hurled at the opponents of the reintroduction of the canteen to the military camps.

It remained for Armand Laverge, captain of the Montmagny foot, the little Nationalist fire-eater, to precipitate the storm that was brewing for the major part of the discussion. For the greater part of the afternoon the minister had avoided the canteen question, and after Armand's speech he took the bull by the horns and precluded any further discussion by his answer.

"Furthermore I would request that those of you who entertain views on this subject, would not express them, as I know perfectly well who you are and would advise you to accept this intimation," he said. The attitude of the minister came as a bolt from the blue.

Though it was known that he had pronounced views on the subject, yet he declared himself open to conviction, and on this most of the members based high hopes. Many of them had come primed with arguments, and when they saw their guns spiked, expressed themselves rather freely.

FALLS FROM THREE STORY WINDOW.

William Tucker, who has been employed at the Chamcook sardine plant, fell out of a three story window in his boarding house on Saturday night, and sustained such severe injuries that he was sent to the Chignoma hospital. He thought he must have walked out in his sleep. The window all open outward. He fell 26 feet striking rough, frozen ground. Tucker belongs to Campbellton.

HOW TO DESTROY THE DANDRUFF GERM

By a Specialist

That the dandruff germ is responsible for nearly all the diseases to which the scalp is heir, as well as for baldness and premature gray hair, is a well known fact, but when we realize that it is also indirectly responsible for many of the worst cases of catarrh and consumption, we appreciate the importance of any agent that will destroy its power. We are, therefore, particularly pleased to give herewith the prescription which an eminent scientist states he has found, after repeated tests, to completely destroy the dandruff germ in from one to three applications. It will also almost immediately stop falling hair and it has in numerous cases produced a new hair growth after years of baldness. This prescription can be made up at home, or any druggist will put it up for you. Get 2 oz. of ordinary Lavona de Compose (a well-known and inexpensive herb extract), and mix half of it with 6 oz. of common Bay Rum and 1-2 drachm (about 10 cts. worth) of Menthol Crystals in an 8 oz. bottle. After three days use, the other half of the Lavona should be added to properly increase the strength of the compound when hair growth begins. Apply night and morning, rubbing into the scalp with the fingers-tips. If you wish it perfumed, add half a teaspoonful of To-Kal-on Perfume, which unites perfectly with the other ingredients. While this preparation is not a dye, it is unequalled for restoring gray hair to its original color.

Caution—Do not apply where hair is not desired, and be sure to avoid touch of remaining poisonous wood alcohol.

New Process Coffee

Easy To Make

Don't bother again with any coffee that must be "settled." The new process by which **RED ROSE COFFEE** is prepared crushes the fragrant, fresh-roasted bean into even little grains, removes all dust and the yellow chaff that makes other coffees bitter so that in a few minutes the boiling water extracts this coffee's full, rich flavor, and it pours out bright, clear—without being "settled"—nice to see and fine to drink.

Get a tin of Red Rose and do as the simple directions say.

FINE GIFT FOR GOOD WILL FARM

Donation of \$50,000 if Balance of Quarter Million is Raised by End of 1914

A friend of Good Will Farm has offered to give the institution \$50,000, as a legacy toward a total fund for erecting new and much needed buildings for this home, established and conducted by Rev. George W. Hinkley, formerly of this city.

Monday was the most important in the history of the Woman Suffrage movement in North America. It was interesting to Canada because there were a score of representative Canadian suffragettes in the big parade on Pennsylvania avenue to the Capitol.

At the fortnightly meeting of the St. John Medical Society last evening a resolution of the best design was presented to the society by Mrs. Sheffield, wife of the late Doctor Sheffield.

The year 1914 will be the 25th anniversary of the founding of Good Will. Let us raise this fund in commemoration of that event. I propose that pledges be made to the common fund, or for specific buildings or uses as may be indicated by the subscribers.

The challenge thus thrown down is to be accepted by the friends of the institution who are already making their plans to engage on a great campaign and they will succeed. The undertaking is a considerable one but will receive a great impetus from the wide-spread knowledge of the work that has been and is being accomplished at Good Will where scores of boys and girls, whose circumstances have been unfortunate or very straitened have been given the opportunity that they needed.

The graduates of Good will have proven themselves in many spheres of activity. There is no more worthy philanthropic enterprise in the state and with a fund that will permit the construction of more dormitories and the equipment for special branches the benefits of Good Will will be far more widely spread.

LOCAL LABOR MATTERS

W. F. Hatheway last night addressed a meeting at the Carpenters' and Joiners' Union in the Opera House, at which Trades and Labor Council representatives were present. The matter of providing a Labor Temple was considered.

PRACTICALLY GIVEN UP TO DIE

"Fruit-a-tives" Cured Kidneys and Bladder

Wolhamstown, Ont., July 27th, 1910. "I have much pleasure in testifying to the almost marvellous benefit I have derived from taking 'Fruit-a-tives'. I was a lifelong sufferer from Chronic Constipation and the only medicine I ever secured to do me any real good was 'Fruit-a-tives'. This medicine cured me when everything else failed. Also, last spring I had a severe attack of Bladder Trouble, coupled with Kidney Trouble, and 'Fruit-a-tives' cured these complaints for me.

JAMES DINGWALL. "Fruit-a-tives" is the only medicine in the world made of fruit juices and is the greatest kidney, bladder and liver medicine ever put on the market.

TOO EASY, SAYS MINISTER, TO GET MARRIAGE LICENSE

Edmonton, Alta., March 6.—Rev. J. E. Hunsley, pastor of Methodist church here, urges change in the laws of Alberta, so as to prevent the union of undesirable and ineligible persons. At present, he says, marriage licenses are too easily obtained.

The remedy he suggests is that all persons who desire to marry should be compelled to produce to the minister, in addition to the license, one or two affidavits from responsible persons living in the vicinity of their last abode, affirming they are legally entitled to wed. This would prevent a large number of runaway marriages, he said, and would also be of benefit to the aged, who are often deceived by persons who offer to marry them.

Famous "Pint of Cough Syrup" Recipe

No Better Remedy at Any Price. Fully Guaranteed.

Make a plain syrup by mixing two cups of granulated sugar and one cup of warm water and stir for two minutes. Put 25 ounces of pure Pinex (fifty cents worth) in a 48-ounce bottle and fill it up with the Sugar Syrup. This gives you a family supply of the best cough syrup at a saving of \$2. It never spoils. Take a teaspoonful every one, two or three hours.

The effectiveness of this simple remedy is surprising. It seems to take hold instantly and will usually stop the most obstinate cough in 24 hours. It tones up the system, soothes the throat, and is strong enough to be helpful in a cough, and has a pleasing taste. Also excellent for children, throat trouble, sore lungs and asthma, and an unequalled remedy for whooping cough and croup.

SUFFERED EVERYTHING

For Years, Restored To Health by Lydia E. Pinkham's Vegetable Compound.

Canadian women are continually writing us such letters as the two following, which are heartfelt expressions of gratitude for restored health.

Glanford Station, Ont.—"I have taken Lydia E. Pinkham's Vegetable Compound and a never found any medicine to compare with it. I had ulcers and falling of womb and doctors did me no good. I suffered dreadfully for years until I began taking your medicine. I also recommend it for nervousness and indigestion."

Chesterville, Ont.—"I heard your medicines highly praised, and a year ago I began taking them for falling of womb and ovarian trouble. My left side pained me all the time and just before my periods which were irregular and painful it would be worse. To sit down caused me pain and suffering and I would be so nervous sometimes that I could not bear to see any one or hear any one speak. Little speaks in addition to my direct contribution to the fund."

Dr. de Van's Female Pills. A reliable French regulator, never fails. These pills are exceedingly powerful in restoring the generative portion of the female system. Retain full cheap invitations. Dr. de Van's are sold in a box or three for \$10. Mailed to any address. The Seabell Drug Co., St. Catharines, Ont.

South Shore Service; The Amelia Laid Off

The steamer Amelia which has been performing the service between St. John, Halifax and South Shore ports was laid up in Halifax ten days ago, and her crew paid off. The reason is said to be that the steamer has not been paying. There is a subsidy of \$10,000 a year based on fifty-two trips, and the steamer has seldom left St. John without a full cargo, but owing to the difficulties of the coast and the number of accidents, the expenses of the service have been large. St. John merchants and Nova Scotia customers are very anxious that a way should be found to continue the service, and the Board of Trade, to which the matter was referred on Tuesday, will probably take some further steps in the matter.

There is nothing that makes up the sum of human life in which the woman's side should not be put as well as the man's.

New Seminary in Ontario

London, Ont., March 6.—Bishop Fallon makes definite announcement in connection with the new seminary which will be located here. His Lordship says that the object of the institution is to try to relieve the great shortage of Catholic priests. Bishop Fallon emphasized the fact that the training quarters were not to be any more than ordinary, in order that the students must not get accustomed to luxury and suffer when they go to some of the charges to which they will be assigned.

In St. Ives, Cornwall, is a cockatoo believed to be eighty years old.

DR. A. W. CHASE'S CATARRH POWDER 25c. is sent direct to the diseased parts by the Improved Blower. Heads the chronic, clears the air passages, stops discharge in the throat, permanently cures Catarrh of the Nose, Throat, Larynx, etc. Money refunded if not cured. Write for circulars to Dr. Chase, 224 Broadway, New York City.

Thousands of Folks Merely Play With Corns

They dab them with liquids. They pare off the top. They apply just a felt protection. The corn remains, and twice a week the treatment is repeated. That's playing with a corn. A Blue-jay plaster takes the whole corn out—root, callous, everything.

Blue-jay Corn Plasters

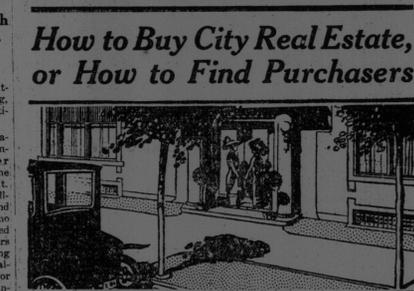

Sold by Druggists—15c and 25c per package. Sample Mailed Free. Also Blue-jay Burned Plasters, etc.

LOOK NOT upon the wine when it is red, when it giveth his color in the cup, when it moveth itself aright. At the last it biteth like a serpent and stingeth like an adder.

"I saved that girl's life once." "You don't say so how?" "Why she said she'd rather see me marry her, and I let it go at that."

NEAL INSTITUTE, ST. JOHN, 46 Crown Street

How to Buy City Real Estate, or How to Find Purchasers

Somebody Wants to Locate in Every Part of This City

City realty is the bed-rock of financial worth. It is an investment that presents liberal returns and steady appreciation in value. Owing to business demands, removals, deaths, settlements of estates and many other causes, there are always rare bargains to be picked up for cash or on terms. Many owners who are considering offers now would listen to your proposition if you were on hand.

Use "The Want Ad Way"

WHAT THE PLAYHOUSES OFFER

A high-class motion picture scenario, dealing with that phase of the complex social problem, which pertains to stage folk marrying just plain home folk, was forcibly set forth on the Nickel Theatre curtain yesterday in Biograph's two-part drama, Oil and Water. The striking stagecraft of this most elaborate production was The Dances of the Fleeting Hours—a Grecian fantasy carried out by a ballet of one of the notable companies in New York. A rich young idealist thinks he sees in the goddess of the dance a real goddess and marries her. Then follows the "oil and water" part of the story, the incompatibility of the union. Finally the wife drifts back to the stage, but this time to lead the turkey trot. It is a powerful drama in which Henry Watshall and Milla Geneva play leading roles. It was pleasing also to see Maurice Costello and Lillian Walker in a delicious comedy offering again—Cinderella's Slipper. Pathé's Weekly with ice boating on the Shrewsbury, trotting on ice tracks, the Mardi Gras at New Orleans, Motz and Jeff and lots of other good things wound up the pictures. Helen Lorrains continued to charm her hearers with her solo and violin numbers and Miss Harney was most pleasing in her high-class song. On Friday of this week the Nickel will show another sterling two-part photo play in Labin's When We Three Meet Again—all star cast.

TWO FINE TANHOUSER DRAMAS AT UNIQUE

The Tanhouser Co., acknowledged to be one of the best firms engaged in the art of producing motion pictures, is the headline feature at the Unique Theatre in the mid-week programme. Two excellent dramas are shown by this company, the first, Her Fireman, being a strong story

PROVINCIAL APPOINTMENTS

The following appointments are gazetted: H. Lester Smith, barrister-at-law, St. John, to be a notary public. Carlton—Albert Ormer, to be a commissioner for taking affidavits to be read in the supreme court; Tony Marshall, Woodstock, provincial constable. Gloucester—John A. Moorman and Edmond Arsenault, to be justices of the peace. Northumberland—John McE. O'Brien to be a justice of the peace, and a commissioner for taking affidavits to be read in the supreme court. Queen's—E. S. Brodie, of Gagetown, to be an issuer of marriage licenses in the place of John Law, deceased. Restigouche—Hugh Archibald, of Shanonnville, to be liquor license inspector in place of John Craig, removed from office for cause; James F. LaPointe to be a justice of the peace; C. D. Dunfield to be a commissioner for taking affidavits to be read in the supreme court; Seymour W. Seaman, Moncton, to be an auctioneer.

Jeff is Strong on Patriotism, But Weak on Judgment By "Bud" Fisher

Johnny Coulon Has Neglected His Title Owing to Illness

By TOM ANDREWS

THERE have been many queries of late as to "what has become of Johnny Coulon, the bantam champion." The truth is, Johnny has been a sick boy for the last four months, and losing his father did not help matters any, for Johnny and his dad were like two pals. The little fellow of late has been accused of side stepping matches with some of the classy boys in his class, but the fact is, the little champion has been unable to accept any of the many challenges hurled at him from the east and west, as his doctor has advised against it. A champion is supposed to defend his title in a real championship match at least once in every six months, but in a case of this kind, where the title holder is really ill, he must be given some leeway. Two of his most persistent challengers have been Frankie Burns, a Jersey boy, and Kid Williams, Baltimore whirlwind, who recently beat Eddie Campi, a Pacific coast star, in a hard battle in Los Angeles. There is no denying the ability of Williams as a fighter. He is a little whirlwind and no mistake, and it will take just such a clever ring general like Johnny Coulon to defeat him, but not until he has been through a tough battle. As for Burns, it can be said that Coulon already has beaten him in New Orleans, so that Williams is the one to fear most. Johnny writes me that he hopes soon to be able to take on some light matches, that is, over the six or 10-round distance, after which he will be prepared to accept Williams' challenge for a championship battle over any distance and for a side bet in addition. The little champion tells me that his health is improving right along and that he will begin light practice at once. If the boys get together it will open the way for a world's title match between the winner and the champion of Europe, at present held by Charlie Leclaux of France. There have been few international matches for the bantam title since the days of Jimmy Barry, Chicago wonder, back in the early 90s.

SPORT NEWS OF A DAY; HOME AND ABROAD

BOWLING

On Black's Alley. In the City League on Black's Alley last night the Ramblers took four points from the Market men, 1322 to 1298. Flower was high man for the winners, with 85 1/2, and Downey for the losers, with 87. Macaulay Bros. & Co. team forfeited four points to the Waterbury & Rising team in the Commercial League. The Tigers will meet the Insurance quintette in the City League, and T. S. Simms & Co., Ltd., will play W. H. Thorne & Co., Ltd., in the Commercial League tonight.

Another Record Broken.

Toledo, O., March 4.—Another American Bowling Congress record was broken last night when Eddie Herrmann, of the Lincoln five-man team from Cleveland, Ohio, totalled 1272 pins, which makes a new mark for all events. The former record was held by Thomas Haley, of Detroit, who made 1261 in that city in 1910. Herrmann totalled 733 pins in his event. In the two-man work he rolled 615. In the individual event he rolled 418 pins.

CURLING

Newcastle Defeated. The Amherst curlers won from Newcastle in Amherst yesterday with a lead of sixteen points.

HOCKEY

Fredericton Wins.

The St. Stephen Thistles were shut out by the Fredericton team in Fredericton last night. Fredericton scored four goals. In Upper Canada. The Tecumsehs and Wanderers played their last game in Toronto last night. It resulted in an easy victory for the Wanderers, 10 to 3. It was a poor exhibition, and the attendance was poor. The Toronto defeated the Canadians last night in Montreal; 6 to 2. The Toronto had the better of their opponents all the way through.

Malone Premier Goal-Getter.

Montreal, March 6.—Joe Malone and Tommy Smith, who have led the goal getters of the National Hockey Association for the greater part of the winter, finished far in advance of the others. The following were the leading scorers for the season ended last night—Malone, Quebec, 43; T. Smith, Quebec, 38; Pite, Canada, 25; Hyland, Wanderers, 28; Neighbour, Toronto, 25; Lalonde, Canadian, 25. Fred Taylor Pleased. Fred Taylor, the Listowell "Cyclone" in a letter to a friend in Ottawa, says that if he plays hockey again next winter it will be in the Pacific Coast league. Taylor says he has had the best season of his stormy career, and that the Pacific Coast is the only place where he is determined to return. He has no matter how high the Eastern clubs bid for his services.

THE TURF

The Fredericton Race.

The Glenora says—The feature of yesterday's matinee races under the auspices of the Colonial City Driving Club was the "come back" of Major Wilkes, the pacer who a few years ago was the star of the Providence, R. I., speedway before he

self, and says he feels better than he has in five years. He certainly looks the part and will surprise everybody when he reaches New York.

Talks Baseball to K. C's.

Arthur Cooper, of Boston, was the chief attraction at the "Old-Timers Baseball Night" of Seville Council, K. of C., Brockton, on Monday. He substituted for T. H. Murnane, who was originally booked to appear, but who had to cancel the engagement to go south with the Red Sox. About 250 dyed-in-the-wool fans were present. Rev. F. E. J. Dolan, himself an old-time

stock of point protectors, with instruction to offer them at cost price to each woman whose projecting hatpin endangers the safety of other passengers.

It seems that the authorities have been driven to this step by distressing accidents that have happened lately through unprotected hatpins. A mother accidentally pierced her little daughter's eye, a conductor helping a woman into the car lost an eye in a similar manner, and so on.

The idea of selling point protectors on the spot has been a great success. A total of 4,000 were sold the first day and the street car authorities now boast that they

have already supplied, judging by numbers sold, the entire female population of Stockholm.

The German papers think it is an idea that ought to be copied, for from Hannover comes the complaint that the ladies there do not pay the slightest attention to the cry "Injunction that is found in every street car! 'Kindly protect your hatpin!'"

In Hamburg things have come to such a pass that conductors have been specially empowered to prevent women with dangerously protruding hatpins from entering public conveyances.—New York Sun.

MORE GOOD NEWS FOR BASEBALL FANS

Mr. Leonard, in Bangor, Gives Further Particulars of League Outlook—A Baseball Boom

(Bangor Commercial) Plans are now being perfected which will give this city a bona fide team under the protection of the national association of the Class D division for the coming season. Back of the plans is the veteran baseball manager, Frank L. Leonard, of Lynn, Mass., who was in town Wednesday in connection with the arrangements for a four team association to be called the "Maine-New Brunswick League," and he says that there is no question that the league will become active operations when the baseball season opens and that Bangor will be one of the four teams in the organization. Teams are secured both in Fredericton and St. John in the Province of New Brunswick. Committees have been appointed to make the necessary preliminary arrangements for a team representing St. Stephen and Calais jointly, and St. John and Calais jointly, and St. John and Calais jointly, and St. John and Calais jointly.

BOUGHT ST. ANDREWS' COTTAGE.

Mrs. Robinson of Fredericton has disposed of her cottage on the water front in St. Andrews to Mrs. Norman Guthrie of Ottawa. The price was \$1,750.

IS CANNING SARDINES.

The Chamcook canning plant is now putting up small quantities of sardines and clams.

A truly lost two winters ago by Thomas Tyndall, while skating on Silver Lake, Staten Island, was found in Henry Pezre's icehouse at Tompkinsville. Mr. Pezre found the ring himself in a cake of ice left over from the Silver Lake crop of two winters ago.

Fredericton is right on the main line between the two, and is always a good ball town. They are all interested down there even to the women.

"Down in Calais and St. Stephen they had local teams in 1910. They started with local players and got so interested that before the end of the season they each had professional teams. In 1911 they had a team, and laid off in 1912. When I went to Calais I selected some men there to take charge of the matter and they appointed a committee there and one in St. Stephen to make the necessary arrangements. They are going to have a meeting there Friday, March 14, to organize. Should anything happen to the plans there, Woodstock, N. B., stands ready to come into the league at once with ample financial backing.

"The league is to be backed by men of stability, men that we know are good. Down in St. John the three principal owners of the franchise are John Russell, Jr., head of the Canadian Drug Co., in that city, Mr. Fleming, of the Phoenix Foundry Co., and D. B. Donald, a broker. At Fredericton there is an association of which Mr. McCaffrey of the Queen's hotel, is the head. Mayor Hooper, of Fredericton, is the president of the league, and Mr. Donald, of St. John, is the secretary.

"Under the national association protection if we develop a man we can sell him to one of the other leagues, Class A. A.

ARROW SHIRTS. The care and experience and all they cost do not show, but when you find that the colors are fast, the stitches hold, the buttons stay on, and the garment does not lose its original comfortable fitting proportions, then you'll appreciate the qualities that were given to you when you bought ARROW SHIRTS. \$1.50 and up. CLUETT, PEABODY & CO. Makers. FACTORY, ST. JOHN, N. B. BALDWIN DEPT. HEADS BLDG., MONTREAL.

ATHLETIC

Kiviat Sets Himself Task.

New York, March 5.—Abel Kiviat, holder of the 600 and 1000 yard A. C. U. indoor championships, has decided that he will attempt to defend both his titles in the meet in Madison Square Garden on Thursday night. When Kiviat won these races a year ago the meeting occupied two nights, and the 1000 and 600 events were held on different nights.

BASEBALL

Left Hander at Second.

Since the proposition to move Hal Chase from first to second base for the Highlanders was made, fans and players all over the country have been arguing as to whether, being left-handed, he could be a success at the middle sack. So they will be interested in a letter received by owner Farrell from Business Manager Arthur Irwin. It would appear that Chase is a certainty at first base, and that Hal Chase will prove the man to plug the gap at the keystone of the infield. Irwin writes: "Chase is working out at second base, and is making the most wonderful plays there you ever saw. Whoever plays shortstop or third base will have to keep his eyes open. In making plays to short and Chase will beat any right-handed second baseman who ever covered the position.

USE THE WANT AD. WAY

Had a Dry, Tickling Sensation In Her Throat.

COUGHED ALMOST ALL NIGHT.

A bad cough, accompanied by that tickling, tickling sensation in the throat, is most aggravating.

Dr. Wood's Norway Pine Syrup is rich in the healing virtues of the Norway Pine tree, and for this reason it will quickly stop that tickling in the throat which causes the dry hard cough that keeps you awake at night.

Miss Margaret MacDonald, Port Hood, N.S., writes—"Just a few lines to let you know what Dr. Wood's Norway Pine Syrup did for me. I took a severe cold, coughed almost all night, with that dry, tickling sensation in my throat. The first bottle did me so much good, I thought I would try a second one, which I am pleased to say resulted in a complete cure. I can strongly recommend it to any one suffering from a cough or any throat irritation."

Dr. Wood's Norway Pine Syrup is put up in a yellow wrapper, 3 pine trees the trade mark; price, 25 and 50 cents. Manufactured only by The T. Millburn Co., Limited, Toronto, Ont.

OTHER GIFTS OF \$500.
The secretary of the Victorian Order of Nurses acknowledges a handsome donation of \$500 to the funds of the order from James Manchester. The Manchester also has donated \$500 to the Associated Charities.

CHANGE OF NAME; MORE CAPITAL.
The White Candy Company, Limited, is applying for an order of supplementary letters patent to change its name to The Corona Company, Limited, and also to increase its capital stock from \$75,000 to \$150,000.

THEIR LITTLE ONE DEAD.
Friends of Mr. and Mrs. Joseph Doherty, of 233 Sydney street will sympathize with them in the loss of their infant daughter, Margaret H. Doherty, aged seven weeks and four days. She passed away last evening. The funeral will take place at 10.30 o'clock tomorrow morning.

NEW COMPANY.
Letters patent have been granted to H. Hamilton, F. E. Hamilton, C. S. Hamilton, Miss Margaret S. Hamilton, and Mrs. Besse J. Hamilton as the City Land & Investment Co., Ltd., capital stock \$2,000, with head office in St. John, to carry on a general real estate business.

POLICE COURT.
In the police court this morning George Bloomfield, arrested yesterday in the Union Depot on charge of being drunk and fighting on the Hampton train, was remanded. One person was remanded on drunkenness charge and one was fined \$5 or 10 days.

PRIZE-WINNERS AT FAIR.
The Practico Boys' bazaar, being held in the Guilford street hall, West End, drew another large gathering last evening. The prize winners were—Door prize, Percy J. Whalen; air gun, S. Ferguson; bagatelle, George Stafford; ladies' bean board, Mrs. Chas. Smith; excelsior, Wm. Langley; men's bean board, Chas. Campbell; nine-pins, How Melville. The wheel of fortune, jail game, foot-ball game, single board, guessing contest, grab table, fancy table, candy booth, ice cream booth and bees booth also were well patronized.

WILL WED ST. JOHN MAN.
Bridgetown Monitor—The young associates of Miss Annie Russell tendered her a "shower party" at the home of her aunt, Mrs. I. B. Freeman, on Monday afternoon. Miss Russell will leave today for her home in Newcastle, N. B., where an important event is to take place in the latter part of April when she will be united in marriage to F. Uncles of St. John. In leaving Bridgetown Miss Russell is leaving many warm friends and will be held in general esteem by the people of Bridgetown, whose cordial wishes for her happiness and prosperity are extended.

MARRIED YESTERDAY.
In the presence of a happy gathering of their immediate friends, Miss Adelaide M. Campbell of Uplam and David Floyd, also of Uplam, were married at five o'clock yesterday at the home of the bride's sister, Mrs. Almer Campbell, of Sydney street. The bride was prettily attired in a grey whipcord traveling suit. The ceremony was performed by Rev. Gordon Dickie of St. Stephen's Presbyterian church and the wedding march was nicely played by Mabelle Godfrey. After a dainty collation and a round of congratulations, Mr. and Mrs. Floyd left for Uplam, where they will make their home. They received many pretty and useful presents. That of the groom to his bride was a pearl crescent.

MARITIME PROVINCE PEOPLE IN CALGARY FORM ASSOCIATION

Pilgrimage Back to The Atlantic One of The Projects in Mind

Calgary, March 6—Former members of the maritime provinces now living in Calgary have organized the "Maritime Blue Waves," an organization to promote closer relationship and greater social activity among themselves. At a recent meeting plans for a permanent organization were perfected and arrangements were completed for a banquet to be held in the near future. All former residents of the coast provinces will be invited.

At another meeting of the organization to be held soon a series of entertainments and possibly a pilgrimage back to the Atlantic coast will be arranged.

LONDON COMPANY TO GET POWER FROM SUN

Professor Says He Also Has Succeeded in Utilizing Moon's Rays

London, March 6—A prediction that the sun's rays will one day supersede coal as a source of mechanical power, was made by an American inventor, Frank Shuman, at a London meeting of the Sun Power Company, which was formed some time ago with an authorized capital of £300,000 to work his sun power pumping plant.

Shuman said that after the initial cost, the maintenance of a sun power plant was practically negligible. He added that the power can be so stored as to be available throughout the year.

Professor C. V. Boys, the company's consulting advisory expert, mentioned incidentally that he had been able to obtain power from the moon's rays.

NEW YORK RULING ON FRIEDMANN CURE

New York, March 6—Qualified permission for Doctor Friedmann of Berlin to test his tuberculosis treatment, was granted him by the city health authorities yesterday. The test, however, will not be in city institutions, and the physician must abide by the legal regulations in giving his treatment.

"The health department will not object to his use of the treatment in the city, provided he lives up to the legal regulations of the county medical society," said Dr. Ernest J. Lederer, the health commissioner in a statement in an action of the authorities regarding Dr. Friedmann's treatment. "His treatment will not be demonstrated in city institutions however."

McGOVERN WRITES THAT HE WILL GO SOUTH WITH MONTREAL TEAM

Back Stop of Last Year's Marathons Has News of Other Friends of Ours.

McGovern, the spiffy back-stop of the Marathons last season, and one of the dependable mainstays of the team, writes to Fred T. Cooke of North End that he had signed with the Montreal team in the Eastern League, and would go south with them, working with the pitchers, and leaving on March 12.

McGovern said that he was feeling in good shape, having been at work up to a fortnight ago, and expected that his "wing" would be in trim on the southern trip. He said that he had heard nothing of the formation of a league down this way as yet, and wondered what was doing in baseball circles here. Speaking of former N. B. and Maine leaguers, he said that Jack Fryer, "Chick" Fraser, and Cannon, formerly of the Marathons, and Black and Perley, formerly of the Woodstock team, had signed with Pittsfield, Conn., for the coming season.

G. P. R. AND MIDDLETON

F. R. Butcher, Here Today, Speaks of The Town's Hopes

F. R. Butcher, of Middleton, N. S., formerly one of the prominent citizens of St. John, is in the city and is renewing many former friendships. Mr. Butcher is an enthusiast regarding the future prospects of Middleton. He said this morning that it is reported on the best of authority that the C. P. R. has purchased an extensive tract of land along the railway line near the station and has already spent more than \$100,000 in cash. It was believed that it is the intention of the company to remove all the railway shops and offices from Kentville and make Middleton the divisional point.

When Kentville was chosen for the railway headquarters the line extended only to Annapolis and the divisional point was about the centre of the line. Since the extension to Yarmouth, Middleton had become the logical point for a divisional station and it was believed that this was one of the changes the C. P. R. was to make in taking over the Dominion Atlantic Railway. Residents of the town expected that the result would be at least the doubling of their population.

ADJUSTING FIRE LOSS

Last Night's Blaze in City Road Meal Mill

Damage done last night in the fire in the cornmeal mill owned by Maynes & Riley in City Road is being adjusted today, and is expected to be quite extensive, though within the \$50,000 insurance carried on stock, machinery and building. The latter was insured for \$25,000, the machinery \$17,500, engine and boiler \$500, and stock \$1,500. The insurance is divided between the Commercial Union and the Liverpool and Globe. The adjusting is being done by F. E. Whitaker, J. Messenger, and Wm. White, and it is thought it will be finished today.

The fire broke out about 9.40 and in response to an alarm from box 241 the department were soon busily at work, although on their arrival it was seen that the blaze had a strong grip on the building. Mr. Maynes is at a loss to understand how the fire originated, as the nearest set fire was fully fifty feet from where the factory blaze broke out. It looked as though an incendiary had been at work. The mill was badly damaged in the upper story, and the stock and machinery contents were a carload of oats valued at \$600, and a carload of corn valued at \$700, which had been placed in bins only yesterday, and these are a total loss.

COURT HETHERINGTON I. O. F.

The home of Miss Daisy K. Gayton, 28 Harrison street, was the scene of a pleasant gathering on Monday evening, when the members of Companion Court Hetherington enjoyed an hour or two of games, music and social intercourse, including a guessing contest which the hostess had prepared as a surprise for her guests. Miss Horamann, of New York, carried off first prize which took the form a dainty china bon-bone dish, and Mrs. Watson, who was second honor, received a pretty novelty pitcher.

An interesting feature of the evening was a talk on Forestry by Miss Gayton, who is court deputy and pianist of Court Hetherington, and who enumerated the benefits of I. O. F. membership. At the close Miss Gayton was tendered a hearty vote of thanks, which she acknowledged gratefully, urging her sister members to make the present year the most successful in the history of Court Hetherington. As a result of Miss Gayton's address, the court will have two new members this month. After refreshments had been enjoyed, the singing of Auld Lang Sang brought a delightful evening to a close.

NO MEETING AT CITY HALL TODAY

As only two of the city commissioners are in the city today, and this number does not constitute a quorum, no meeting was held at City Hall this morning. Commissioner McLellan left last evening for Fredericton to be present when the bill relating to the appointment of the chief of police comes up. He will be followed this evening by Commissioners Wigmore and Ager, who will appear in support of other city legislation. Mayor Frink and Commissioner Schofield, who are now in Ottawa, planned to return in time to reach Fredericton tomorrow forenoon for the hearing. There has been no word of their success at the federal capital, but owing to the difficulty in securing a conference with the ministers while the deadlock continues, their return may be delayed.

WINTERPORT NOTES

Head liner Ramore Head sailed about one o'clock for Dublin with a large cargo of grain, seals and Row.
The Manchester Shipper of the Manchester line sailed last night for Halifax where she will load apples for Manchester.
The Empress of Ireland will sail tomorrow. She has a full cargo and will take away about ninety first-class, eighty second-class and 400 third-class passengers.

AN UNUSUAL ARRAY OF MEN'S SPRING ATTIRE IS SHOWN TODAY!

Getting near the day when you must think about your new Spring Suit. We have ready a finer assortment of Men's Spring Suits than we have ever presented at this early date.

Specialized clothing for young men is in a separate section. The selection of fabrics has been particularly happy. While the conservative man will find the most dignified and refined effects, young men who desire something new and striking will be delighted with the many distinctly new and effective patterns that are here.

The tailoring is above adverse criticism. Each grade shows the utmost skill that its price can afford. All suits are practically hand-made where handwork gives better wear, fit and finish. Oak Hall coats are beautifully shaped over the shoulders, the lines are graceful and the coats hang perfectly front and back.
