Annual Meeting.

5th October, 1899.

Present: The following gentlemen, representing both the Life and the Elective branches of the Board of Management.

Mr. A. Pratt, president,	C. A. Douglas.
J. R. Armstrong,	W. G. Bronson.
J. M. Garland,	John Keane.
J. K. Reid,	George Low.
Dr. Robinson,	Wentworth Greene.

The President having taken his seat called upon the Secretary to read the minutes of the last annual meeting, which being done the annual report—which had just been presented at the monthly meeting, and by unanimous consent referred to the annual meeting for final approval and adoption—was also presented.

The Report having been read, as also the Report of the Treasurer, it was moved by Mr. J. R. Armstrong, seconded by Mr. T. M. Clark, that the reports of both Secretary and Treasurer, just read, be adopted and printed in pamphlet form for distribution among the subscribers.—Carried.

The election of a board of directors for the current year was then taken up, the following motion being passed:

Moved by Mr. C. MacNab, seconded by Mr. J. M. Garland, that last year's Board of directors be re-elected en bloc for the current year.—Carried unanimously.

There being nothing further, (the routine business having been transacted at the monthly meeting held previously) the meeting adjourned.

The documents above referred to, together with the full list of Life and Elected Directors, and the Report of the Ladies' Auxiliary, will be found printed herewith.

Protestant Home for the Aged.

TWELFTH ANNUAL REPORT.

Your Directors in presenting the twelfth annual report of the Home, take pleasure in recording continued prosperity, while having no special feature of management to speak of.

Briefly mentioning the transactions of the year, and expressing the hope that our successors in office may, in continuing the good work, improve upon past methods, and increase the usefulness of the Institution, will constitute the chief feature of remarks.

As will be seen by the following statement the number of inmates admitted during the year was 62, being one less than the previous year.

Number remaining in the Home 1st Oct., 1898.....	36
Admitted during the year.....	26
	—
Total.....	62
	—
Discharged during the year.....	20
Deaths during the year.....	5

Average stay in days per inmate.....	222. 58
Stay of all inmates in days.....	13,822
Residents of Ottawa.....	45
Residents of Carleton.....	17
	—
Total.....	62

Several of the inmates have been out on leave, during summer, but with the approach of cold weather they are expected to

return. The number will then doubtless be quite equal to the accommodation in the building, and for the present this cannot be increased.

In regard to general management it again becomes a pleasure to acknowledge the great assistance the Ladies' Auxiliary has given the board of directors. The report of the ladies published herewith will show what has been accomplished financially; and for regular visitation and watchful care over the interests of the Home, in addition to help in sustentation, your directors express warmest appreciation.

The Steward and Matron must also be complimented, their management being careful and thorough.

As to the finances in general the statement of the Honorary Treasurer, Mr. J. H. Dewar, will be found clear and explicit. The Home has been well sustained by subscriptions and otherwise, and it will doubtless be gratifying to all contributors and to the public alike to learn that no debt exists to embarrass the working of the Institution.

While thus speaking cheerfully of the progress of the Home it is with regret that mention must be made of the passing from among us of fellow-workers. Those thus mourned are Mr. John A. Cameron, one of the organizers of the Institution, and a regular attendant at the meetings and Mrs. E. L. Perkins, the honorary president of the Ladies' Auxiliary, a most devoted worker for the Home.

Doctors R. P. Robinson and A. T. Shillington continue, as for three years past, to visit the Home when called upon, their

services being entirely gratuitous. Their prescriptions have been filled, also gratuitously, by Messrs. McCormick, Gordon, Kennedy and Watters, druggists, each for three months of the year ; and to all these professional gentlemen thanks are due for their liberality and prompt attention to orders.

The spiritual welfare of the inmates has not been forgotten. The Rev. Messrs. Timberlake and Lawson of the Methodist Church, Rev'd Mr. Milne of the Presbyterian Church and, until his removal from the locality, the Rev. Mr. Bousfield, of the Anglican Church, have been weekly visitors. The choirs of Knox, McLeod and Bell street churches, and representatives of the Y. M. C. A., and the Christian Endeavor Union of the Methodist Church have also visited the Home, conducting song-service and prayer once a week, making the evenings very pleasant for the old men, who are always pleased at the interest shown in their comfort and spiritual welfare.

Lastly, our legal friend must not be overlooked. Mr. Wentworth Greene, barrister, continues to devote much valuable time to the interests of the Home.

All of which is respectfully submitted.

A. S. WOODBURN,
Secretary.

A. PRATT,
President.

Report of the Ladies' Auxiliary.

The Directors of the Protestant Home for the Aged.

GENTLEMEN,—

Your Auxiliary beg to submit the following report ;

The work of this our twelfth year has been of a character similar to that of previous years, and the present condition of the Home is a pleasing evidence of the interest taken in the Institution by our citizens.

Our hearty thanks are tendered to all who have assisted us by donations of various kinds, especially those who helped to make our garden party so successful. This has become an annual and important source of revenue to us.

During the year the members of our Auxiliary have faithfully visited the Home each meet and have rendered every assistance in their power to the Steward and Matron.

It is with the deepest sorrow we record the great loss we have sustained in the death of our Honorary President, Mrs. Ed. L. Perkins, who will be missed not only by the Auxiliary, but also by the aged inmates of the Home whose interests she had always at heart, and for whom she was an untiring worker.

The marked progress of our work is an evidence of its usefulness and deserves the kind consideration of all who are in a position to further its interests.
