explosion appeared to have centered near the alley from which the men appeared.

A full edition of the Times was printed at a branch office this morning. It was bought up by thousands that thronged the streets in the neighborhood of the wrecked building.

Detectives at Work.

Chief of Police Galloway this morning issued the following statement: "That the Times building was wrecked by dynamite seems certain from all my men can learn. There are about 100 patrolmen on duty at the fire now, and most of the detectives. We have found things that seem to us to point to the authors of this calamity. Whether they will end in any real result, is impossible to tell now, but I do know that whether they do or not, this police will keep at it without rest until this whole matter is laid bare."

Mayor Alexander this morning called a special meeting of the city council to discuss the explosion. He refused to state what action the council probably would take. Chief of Police Galloway and the councilmen were summoned by messengers and ordered to report at the council chambers in the city hall at once.

"All I can say regarding this awful thing, is that every department of the city government will be called upon to do its share to sift the matter to the bottom. If human agency was responsible for this, we will find it out," said Mayor Alexander.

The explosion occurred at 1:07 this morning. Clocks in adjacent buildings were stopped at that hour.

The detonation was heard for miles around the city. The concussion shattered windows for a radius of several blocks.

Within five minutes after the first explosion, which appeared to be followed by other convulsions, the entire building was a mass of flames.

Leap From Windows.

The windows of the upper floors were quickly crowded with terrified men and women. Two men, apparently running from the terrible flames within, plunged like hurdlers through a third floor window, both falling between the street and the sidewalk away. They crumpled and broken bodies were quickly surrounded by gaping crowds. The police were compelled to use night sticks to force back the mob.

Men rushed from twisted doorways, useless arms dangling at their sides, and in several cases their faces scarred and blistered almost beyond recognition.

Within 20 minutes wives and mothers of the men who were at work in the building were hysterically beseeching the police lines. Tears of joy when some loved ones joined an anxiety-stricken group on the outside of the building were mingled with the cries of anguish from other women's lips when they were led to where broken and unconscious bodies lay awaiting hospital ambulances.

When the firemen arrived nets were quickly stretched beneath the windows. At least a dozen lives were saved by these contrivances.

For many years the Times has waged relentless war on organized labor. Strained relations have existed between General Harrison Gray Otis and the labor leaders ever since organized labor began to be a factor in the development of the city.

Recently, according to Managing Editor Andrews, these relations have almost reached the breaking point since the precipitation of the brewers workers' strike here six months ago. Less than a month ago a stand of 50 Springfield rifles was purchased and installed in the tower room in the rear of the building. This fact had been kept secret. It was admitted by Andrews to-day.

Last week a case of saved-off shot-guns, which had stood in the editor's office was moved into the reporters' room.

Charge by Management.

That the Times management is sincere in its charges that human agency was responsible for the holocaust, is borne out by the following statements printed in the full edition of the paper issued this morning: "It recked little to the man who placed the bombs which wrecked a splendid newspaper plant that 100 men were at work on the various floors, busily engaged in getting out the great newspaper, that the instant the bombs were exploded their lives were in peril; that as a result of the hellish work lives were probably lost and other lives, precious to wives, children and relatives, were in deadly peril. They did the work for which they were intended, at least temporarily, to create a great newspaper."

"It would seem that there was no escape. The murderers had planned with hellish cunning."

At the request of Mayor Alexander the union labor parade intended as a welcome to the delegates to the state convention here next Monday night. This, they stated, was done expressly because of the explosion at the Times building and because of their determination to exhibit a spirit of festivity so near the time when the city had been visited by a terrible calamity. PRIZE WINNERS AT HORSE SHOW SUCCESS ATTENDS THE THIRD ANNUAL EVENT

Opening Night Made Memorable by Fashionable Attendance and Elite of Equine World

(From Friday's Daily.)
Under the patronage of Lieutenant-Governor Patterson and suite, Lieutenant-Wadmore, D. O. C., and with the assistance of the fashionable society at any Victoria horse show, the third annual event under the auspices of the B. C. Agricultural Society was opened last night by Hon. W. J. Bowser, minister of agriculture, in a few congratulatory words.

In point of attendance, lighting, and entries in the eleven classes judged last night the show was the best the society has had since the horse show became an established and popular part of the fair in 1908. The boxes last night were filled to their capacity. Handsomely-gowned women graced the proceedings and, the event being under military patronage, the officers of the Garrison and Fifth Regiment were present in uniform.

There was confusion in the boxes, however, some of which were allotted twice over, with a result that patrons were to some extent inconvenienced. The seating accommodation on the west side of the ring, facing the lieutenant-governor's box, was taxed to its full capacity, and above it was noticed an improvement in a raised band stand where Turner's orchestra, in a musical programme most happy in the selection of its numbers, played the whole evening.

No fault can be found with the lighting arrangements this year, as in the past, for the numbers on the contestants' arms could be plainly distinguished at all times, and the patrons were conveyed by an announcement board hung from the centre of the ring and visible on all sides, on which the different events were announced and results posted, so that the winners' names could be ascertained without difficulty from the official show catalogue.

Aside from the mix-up in the sales

Dr. Grenside's Statement

Dr. Grenside, of Guelph, Ont., who judged the exhibits at the horse show last night, said, "I can certainly congratulate Victoria on its excellent horse show and the quality of the horse-flesh exhibited. The average of quality shown is remarkably high, and the competition very keen indeed. The riding of the ladies is particularly fine. The dress and results posted, so that the winners' names could be ascertained without difficulty from the official show catalogue. (Special to the Times.)"

Winnipeg, Sept. 30.—Premier Scott, of Saskatchewan, was a guest at the Royal Alexandra Hotel last night, en route home from Ottawa. He stated the construction of legislative buildings had been slightly delayed by the strike of the Loyal Mitchell Company's bricklayers, but not materially retarded. The buildings will not be finished by the opening of the next session, but will be far enough advanced to house the legislature.

St. Catharines, Sept. 30.—In contrast with the abnormally high water level reached by Lake Ontario a couple of years ago the present time shows an abnormally low level. Those who have watched the lake closely declare that the waters have receded between two and three feet. Some people around think there have been disturbances of the earth under the lake.

Edmonton, Sept. 30.—A terrific wind storm, lasting only four minutes, blew down a portion of the solid brick wall of the Dominion bank building last evening.

San Francisco, Cal., Sept. 30.—Two indictments were returned by the grand jury to-day against Dr. Robert Thompson, alias Dr. Grant, one for alleged murder of Eva Swann, and the other the mutilation of her corpse.

BRING ACTION AGAINST PASTOR

Church Divided as Result of Charges of Misappropriation of Money and Jewels

(Times Leased Wire.)

San Jose, Cal., Sept. 30.—Members of the Emmanuel Baptist church are highly excited and the church is divided against itself as the result of charges that have been made against Rev. John L. Sprotes, pastor of the church. Rev. Mr. Sprotes has been named the defendant in a suit to recover \$1,500, and an amount of jewelry which he is alleged to have misappropriated from the church to his own use. The suit was filed by Mrs. M. J. Mason, a member of the church, who alleges she, her money and jewels were left to the church by C. S. Bregg, who died in 1905 after having entrusted the gift to the Rev. Mr. Sprotes. Rev. Mr. Sprotes denies the charges. He attributed them to spite work on the part of disgruntled members of his congregation. The church workers have taken sides in the affair and some interesting developments are expected.

FACE PRIVATIONS

St. John's, Nfld., Sept. 30.—Owing to the almost complete failure of the salmon fisheries for the season soon to close it is feared that the privations of Labrador fishermen will be particularly severe during the coming winter. The season's catch is believed to be the smallest in the annals of the fisheries.

APPEALS FOR PROTECTION SITUATION IN CHINA REPORTED CRITICAL

Missionaries Fear Authorities Will Not Be Able to Hold Chinese in Check

(Times Leased Wire.)
London, Sept. 30.—British missionary societies in China are flooding the foreign office with appeals that steps be taken at once to protect the British subjects in the colonial empire. The conditions about Kingchin and Shanghai are reported as critical, and it is believed that the Chinese authorities cannot hold the people in subjection. Should an uprising become general, the lives of foreigners in Hunan would be sacrificed.

Manila, Sept. 30.—A strong force of American troops in the Philippines is being held in readiness for war from United States Minister Calhoun at Field, to proceed to Hunan province, China, to protect American citizens and interests, endangered by a reported uprising of the Chinese.

The Asiatic fleet of the United States has been ordered to be in readiness to sail at once for Hongkong and Shanghai. Army circles are said here but the officers will not admit that Washington has issued any orders.

Reports received from Hongkong indicate the gravest danger to foreigners in Hunan. The situation there resembles closely that which preceded the Boxer uprising in 1900 which necessitated the interference of the world's powers. The patriotic societies organizing against the Manchu dynasty are reported to be in readiness to strike and to re-establish Mongol supremacy.

Washington, D. C., Sept. 30.—Secret dispatches received here to-day contain reports of disturbances in China, although the war department denies that troops have been ordered to be in readiness to proceed to Chinese territory. The American force in the Philippine islands number 15,000.

WORK DELAYED BY BRICKLAYERS' STRIKE

Saskatchewan's Parliament Buildings Will Not Be Finished by Next Session

(Special to the Times.)

Winnipeg, Sept. 30.—Premier Scott, of Saskatchewan, was a guest at the Royal Alexandra Hotel last night, en route home from Ottawa. He stated the construction of legislative buildings had been slightly delayed by the strike of the Loyal Mitchell Company's bricklayers, but not materially retarded. The buildings will not be finished by the opening of the next session, but will be far enough advanced to house the legislature.

WATERS RECEDE

FINAL REPORT
Victoria, B. C.
June 28, 1910.

The University Commission begs to recommend that Point Grey in the vicinity of Vancouver be the site for the Provincial University.

THE WORK OF THE CENSOR.

Extract from "explanation" in The Colonist—"Permit me to seal this envelope and return it to you for the present," he (Dr. Young) said in substance. "Now you take charge of it, and when the commission is ready with its final report you send it to me registered by post. Just at the present time local jealousies are excited and local interests run high, and there appears to me to be no advantage likely to accrue through presentation to the public of a report not final and conclusive, as such must only reopen the natural competition for the university site."

"With this suggestion President Murray agreed. He took back with him the proffered report, which was returned as an enclosure with the report-in-chief in the sealed envelope originally containing it."

HEARING CONTINUED IN RICHARDS VS. VERRINDER

Counsel for Defence Submits Dr. Jordan to Severe Cross Examination

(From Friday's Daily.)

The hearing of the action Richards vs. Verrinder and the E. C. Dental College was resumed in the Supreme court this morning. Mr. Justice Gregory presiding.

The cross-examination of Dr. Jordan, of Seattle, the expert witness on behalf of the plaintiff, was resumed by E. V. Bodwell, K. C., chief counsel for the defence.

A great deal of time was occupied in an attempt by Mr. Bodwell to show that the opinions of the most eminent authorities on operative dentistry, witness had wrongly credited Richards with having properly answered questions put to him by the examiners for the dental college.

Dr. Jordan proved a very hostile witness, and Mr. Bodwell found it necessary to handle him somewhat severely. 3 repeatedly counsel for the defence had to appeal to the court to declare that witness must give a "yes" or "no" answer to a specific question.

On one occasion W. J. Taylor, K. C., counsel for plaintiff, protested against what he termed Mr. Bodwell's "insulting" treatment of witness, and the court asked that the examination be continued without these passages between counsel.

Rioting Follows Attempts of Authorities to Isolate Cholera Patients

(Times Leased Wire.)

Naples, Sept. 30.—Serious rioting occurred to-day when several hundred carabines, assisting the authorities in isolating cholera patients, clashed with the populace. The members of the mob, other than counsel engaged, are also keenly interested in the case. E. P. Davis, K. C., of Vancouver, occupied a seat within the rail this morning.

Much interest is being taken in the case locally, this being evidenced by the considerable number of spectators attending. The members of the mob, other than counsel engaged, are also keenly interested in the case. E. P. Davis, K. C., of Vancouver, occupied a seat within the rail this morning.

PROBING ELECTION OF U. S. SENATOR

Witness Says He Confessed When Perjury Indictment Would Be Quashed

(Chicago, Sept. 30.—State Senator Holtzaw testified before the Lorimer investigating committee yesterday that his confession that he received \$2,500 to vote for Lorimer for United States senator, was induced by the fact that he was told the Springfield perjury indictment pending against him would be quashed if he confessed.

State Representative Beckemeyer testified that Lee O'Neil Browne had handed him \$1,000 in a St. Louis hotel, remarking, "Here is your Lorimer money." He testified that Browne told him it would be more, later and told of the St. Louis "jack pot" meeting.

Upon cross-examination Beckemeyer said he had twice told the Chicago grand jury that he had not received money from Lorimer or anyone else. Later, he declared, a detective, "sent by State's Attorney Layman" got him drunk and he laid the grand jury "all it wanted to know."

Beckemeyer said no money or other inducement had been offered him for his vote for Lorimer, either before or after Lorimer's election. He told the committee he would have voted for Lorimer even if there had been nothing in it for him and said that the only way he was able to connect Lorimer with the \$1,000 that Browne gave him was Browne's own statement, "here's your Lorimer money."

RECORD ATTENDANCE AT EXHIBITION THURSDAY

Over Thirteen Thousand People Were on the Grounds on Victoria Day—Everyone Delighted With the Fair

The attendance at the Fair Thursday constitutes a record in the history of the B. C. Agricultural Association, over 13,000 people passing the paid admission turnstiles.

(From Friday's Daily.)

Favored by the weather yesterday and with a public holiday, the B. C. Agricultural Association had the satisfaction of seeing the largest attendance rolled up that has ever patronized any preceding fair.

Beginning at mid-day the crowds commenced to pour out to the grounds, every car being packed to the platform. The resources of the B. C. electric railway were taxed to the utmost, and with the exceptionally heavy traffic there was necessarily some little delay in carrying off the grounds which were waiting along the route.

There were hundreds of children in the crowd. When the schools resumed yesterday afternoon it was with a mere handful of children in every case. By far the greater number had been kept away to go to the fair, and of those who did return a majority had "not" asking for the bearers to be let out early. So the principals had nothing to do but desire a half holiday each on his own account.

In all something over thirteen thousand people paid for admission to the fair yesterday. All day the crowds swarmed through the buildings and over the grounds. The fair attracted a closely-packed mass of humanity during the track events in the afternoon.

CHIEF OF SEATTLE POLICE REINSTATED

Mayor Gill Sends Message Withdrawing Notice of Dismissal

(Seattle, Wash., Sept. 30.—Mayor Hiram Gill arrived at his desk early to-day and immediately began an investigation of the graft charges made by Acting Mayor Wardak, which ended in the discharge of Chief of Police Wappenstein by the acting mayor yesterday afternoon, two hours before Mayor Gill returned from a fortnight's cruise.

Mayor Gill was in conference with friends till midnight. Wardak has filed his charges against Wappenstein with the civil service commission, charging gross neglect of duty.

Mayor Gill to-day sent a message to the civil service commission withdrawing notice of dismissal of Police Chief Wappenstein, that was made yesterday by Acting Mayor Wardak. Mayor Gill insists that if Wappenstein is discharged he becomes a private citizen and immune from the investigation of the city council.

CONFESSES MURDER

Melbourne, Sept. 30.—The murder of a Russian youth of large possessions in the back blocks, while on a hunting trip with a companion, had a dramatic outcome.

CHARGES ANNULLED

McAlester, Okla., Sept. 30.—Federal Judge Marshall has annulled the "town let" fraud charges against Gov. C. N. Haskell and other defendants recently discharged. The action followed a conference of the attorneys for the government, to determine whether they had sufficient evidence to convict. The virtual dismissal in all probability will end the town let fraud trials.

Colonel Robertson, 48th Highlanders, Says Regiment Will Not Be Excused From Drill

(Toronto, Sept. 30.—Col. Robertson, of the 48th Regiment, Highlanders, denies a statement credited to F. J. Roche, president of the T. P. O'Connor regiment committee, that members of the regiment were to be excused from tonight's weekly drill in order that they might attend the O'Connor meeting. He states that a Canadian regiment cannot take part in a political meeting.

MINISTER SURPRISED

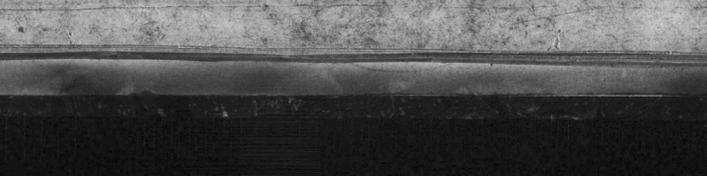

London, Sept. 30.—Hon. A. B. Aylesworth, Canadian Minister of Justice, in an interview here expressed great surprise at statements published in Canadian newspapers to the effect that he would be knighted in recognition of his work in preparing the British case for the recent Hague arbitration. He said he had not heard a word about it on this side of the water.

MEETING OF PARLIAMENT

Ottawa, Sept. 30.—Owing to Hon. W. S. Fielding's illness it is considered unlikely that parliament will not be summoned until after the Christmas holidays.

London, Sept. 30.—Many friends in London of Hon. W. S. Fielding, Canadian Minister of Finance, were greatly relieved to learn by a private cablegram received to-day that he was far from being as ill as stated to London newspapers would indicate.

PANORAMIC VIEW OF THE CROWDS AT VICTORIA'S JUBILEE FAIR THURSDAY AFTERNOON.

BARKLEY SOUND RAILWAY

The people of Victoria, in their innocence, simplicity, and credulity, were under the impression that the contract with the Canadian Northern Railway Company had been "signed, sealed and delivered" (not for the first time).

But we all seem to have been laboring under a misapprehension. The work is not yet begun on the Barkley Sound Railway. The Premier has said through his organs in several occasions that definite announcements in regard to the intentions of the company would be made upon certain dates.

Of course all this procrastination is quite satisfactory to the Premier's organs. They counsel patience, and tell us in soothing and enigmatical sentences that the extreme deliberation of the company and the government means greater things for the island than we can possibly have any conception of.

In the meantime Mr. McBride sits upon two seats in the legislature. How would it be for his constituents in Victoria to ask him to abandon this seat and give public opinion an opportunity to pronounce upon his course as a representative?

Julien Chatelet of Calgary says he intends to fly over the Rocky Mountains. If he does he will probably remain on this side like most of the people who coast west.

OUR FISHERIES

A dispatch from St. John's, New Brunswick, intimates that the fisheries of the East Coast, particularly of the Bay of Fundy, are being depleted, and that the fishermen themselves are largely responsible for the condition of affairs.

THE LOS ANGELES CRIME

It is unfortunate for the Labor Union that just at a time when the fight between them and the Los Angeles Times was at its height some fanatic should have hit upon the horrible expedient of using dynamite to wreck the building from which the paper was published.

The man whose awful act caused such horrible destruction must to-day, if he is not a complete lunatic, curse himself that ever he was born to wreak such horrible destruction to human life.

LAKE GARDEN CITY

Sir Henry Vivian is gone, and the people have had time to think over what he said. He is still preaching his gospel of better building of big cities. It is a great pity that more of the members of the Victoria City Council were not present to hear his address.

There is a tendency in this new country to ignore regulations in regard to the size of lots, with the result that houses are often unduly crowded.

Julien Chatelet of Calgary says he intends to fly over the Rocky Mountains. If he does he will probably remain on this side like most of the people who coast west.

building inspector is instructed to allow only one house on a lot, instead of two or three, as has been the custom. In Victoria there are not many sinners in this respect. Usually houses are given the full fifty or sixty feet, but there are a few exceptions.

Officers for Year Elected at Enthusiastic Meeting of the Association

Nanaimo, Sept. 30.—Liberalism in Nanaimo never held a more enthusiastic and representative meeting than the one last night, when the party was re-organized.

The meeting was opened by George Johnson, former president, who resigned that position owing to his being non-connected with the local customs staff.

The meeting passed a unanimous vote of confidence in the member, who recently was appointed organizer for the Liberal party in British Columbia.

Deliberate slashing was indulged in, and it was no uncommon sight to see men bowled over and struggling and hitting one another on the ground.

The free fight which ensued in the second quarter and the rough play which occurred thereafter cannot be condoned.

RECORD TRIP FROM BULKELEY

PARTY OF 23 TRAVEL FOR ONLY FOUR DAYS Transferred to G. T. P. Steamer at Skeena Mouth—Birth on the Prince Rupert

What constitutes a record in transportation from the interior of Bulkeley valley to Vancouver was accomplished by a party of 23 passengers who landed on the G. T. P. steamer Prince Rupert at the mainland port on Saturday morning, four days after leaving Telkwa.

The meeting was opened by George Johnson, former president, who resigned that position owing to his being non-connected with the local customs staff.

The meeting passed a unanimous vote of confidence in the member, who recently was appointed organizer for the Liberal party in British Columbia.

HAZELTON HAS FINE HOSPITAL

Beautifully Situated and Well Equipped—Dr. H. C. Winch is Superintendent

Prince Rupert, Sept. 30.—Dr. A. H. Wallace, of the Hazelton hospital, who paid a visit to Prince Rupert a few days ago, spoke very enthusiastically of the institution with which he is connected.

The meeting was opened by George Johnson, former president, who resigned that position owing to his being non-connected with the local customs staff.

The meeting passed a unanimous vote of confidence in the member, who recently was appointed organizer for the Liberal party in British Columbia.

MORE DYNAMITE IS DISCOVERED

FOUND IN VACANT HOUSE AT LOS ANGELES Plants of Several Industrial Concerns Are Now Guarded by Police

Los Angeles, Cal., Oct. 3.—A dozen detectives were assigned to-day by Chief of Police Galloway to investigate the discovery of four sticks of dynamite and a box of fuiminating caps in a vacant house on Aliso street, near the plant of the Los Angeles Gas Company.

The meeting was opened by George Johnson, former president, who resigned that position owing to his being non-connected with the local customs staff.

The meeting passed a unanimous vote of confidence in the member, who recently was appointed organizer for the Liberal party in British Columbia.

How Can a Cloth Be Rain-Proof, Yet Porous?

If you examine a single fibre of wool through a microscope, you will find a small passage or canal through the interior. When the cloth is rained upon this canal, in its normal state, immediately fills with water, and the woolen material is said to be in a soaked condition.

HALF MILLION FOR SEWERAGE EXTENSION

Vancouver Ratepayers Will Be Asked to Sanction Loan—Board of Control Loan

Vancouver, Sept. 30.—Money is still the subject of much interest to the city council, for at a special meeting it was decided that the by-law to raise \$750,000 for the opening of Park drive to the waterfront, should not be submitted to the people until the January elections and that the only subjects with which they should be approached should be that affecting the drainage of the city.

OBITUARY RECORD

Yesterday afternoon at 2:30 o'clock the funeral of the late Alec, the infant son of Mr. and Mrs. J. L. Grimison, took place from the family residence, 202 Russell street, interment was made in Ross Bay cemetery.

Mr. and Mrs. Peter Fredericks, 1041 Queen's avenue, mourn the loss of their infant daughter, whose death occurred yesterday at the family residence. The funeral has been arranged to take place to-morrow morning at 9:30 o'clock from the Hanna parlors.

Death has removed one of the famous pioneers of British Columbia, in the person of George Cowan, whose death occurred at the Barkerville hospital a few days ago.

A man named George Thompson, while walking along Esquimalt street with a friend yesterday, dropped dead. It is thought that death resulted from heart failure. An inquest will be held to-morrow afternoon at 2:30 o'clock.

The death occurred yesterday at her residence, 2021 Princess avenue, of Mrs. McDonald. An inquest is to be held at 11 o'clock to-morrow morning.

They passed away this morning at the Royal Jubilee hospital Edith White, the infant daughter of Mr. and Mrs. C. H. White, Alder street, after a short illness. The funeral will take place on Wednesday afternoon at 2:30 o'clock, from the Victoria Undertaking Parlors. Rev. A. Henderson will officiate and the remains interred in Ross Bay cemetery.

Robert Mellis passed peacefully at his son's residence, 113 Ledyard street, Sunday morning, after a lingering illness. The deceased, who was 62 years of age, was born in Perth, Perthshire, Scotland, and came to Vancouver and Victoria from Montreal, about eight years ago. He leaves to mourn his loss one daughter, residing in Vancouver; a son in Peterboro, Ont., and James M. Mellis, of this city, to all of whom much sympathy is extended. The deceased gentleman was a member of the Masonic Order. Interment will take place in Vancouver.

The remains of the late Maurice Evans Jones were laid to rest in Ross Bay cemetery yesterday afternoon in the presence of a large number of sympathizing friends. The funeral took place from the P. C. Funeral Company's parlors at 2:30 o'clock. Services were conducted by Rev. T. E. Helling. The employees of P. Burns & Co. attended in a body. The pallbearers were as follows: J. S. Gusty, A. W. Brookman, H. Knabe, W. Stones, B. Bestwick and W. Hicks.

Carliase, Kans., Oct. 3.—Melville Waters, 71 years old, a former resident of Hazelton, died at his home in Hazelton, Kan., after a long illness.

SEARCHING RUINS FOR VICTIMS OF EXPLOSION

The police have abandoned the theory advanced by the officials of the Los Angeles labor unions that the explosion might have been caused by gases in the basement of the building. Three men employed in the Times mechanical department declared after the explosion that the odor of gas had been noticeable all day. Their statements led to an investigation by the officers. The gas men declared that only recently their pipes in the Times building had been inspected and found in good condition. They further stated that no amount of illuminating gas could have caused such an upheaval. They admitted that the shattered mains in the building probably added to the rapid spread of the fire following the explosion.

Los Angeles is quiet to-day, and the police anticipate no further difficulty. Nevertheless, scores of extra police are on duty, and Chief Galloway has ordered all men back from vacations. A second order was issued postponing all vacations in the department scheduled for this week.

General O. J. Sweet, chairman of the city council investigating committee, said to-day: "We are not going off half cocked, and when we report we will have something definite to say. To my mind, nothing but a high explosive could have caused such utter destruction of the Times establishment."

"The only inflammable material in the building was a small quantity of gasoline, not enough to be considered a time plant, attempted to conceal their identity and the purpose for which the purchase was made became known here to-day."

"No one at Auburn knows 'A. J. Bryson' the name given the Giant Powder Company at the time of the purchase. The launch Peerless which

was said to have been used to transfer the explosive to Auburn is not known here. The actual purchaser of the explosive which may have found its way to Los Angeles was a man giving the name of Robert Leonard, who declared that he wanted the dynamite jelly to blast stumps at Auburn, on the ranch of A. J. Bryson. The tax collector's records here do not show any A. J. Bryson.

As soon as it was learned that the purchaser had given a fictitious name and a presumably bogus reason for its use, word was sent to the Los Angeles police.

Robert Leonard was accompanied by two men. One gave the name of William Morris. The third man's name was not given at Giant Company office. Descriptions have been sent through the United States and Mexico.

NANAIMO RESIDENT DEAD. Nanaimo, Sept. 30.—The death occurred in the local hospital yesterday morning of Mrs. Mary Campbell, daughter of Mr. and Mrs. Michael McNeill, of Departure Bay, former well-known residents of this city. The deceased has been ailing for some time.

The deceased was a native of Sydney, Cape Breton, aged 34 years, and is survived by three daughters and two sons. Her parents and one brother, James McNeill, Departure Bay.

FOOTBALL FATALITY. Carliase, Kans., Oct. 3.—Melville Waters, 71 years old, a former resident of Hazelton, died at his home in Hazelton, Kan., after a long illness.

WOMAN'S WORK IN MANY LINES VARIETIES ON VIEW ALMOST ENDLESS

Public School Exhibits—Old English Laces—Competitive Art Entries

The exhibits in the woman's building this year were so numerous and so diverse as to need a deal of space to adequately describe or notice all.

Filling a large space was a beautiful display of English lace in many varieties, shown by Mrs. Diespecker, and a chat with her was productive of much interesting information. The hand-made pillow laces were the work of the wives and daughters of farm laborers in Buckinghamshire. The art was first introduced into the Midland counties by Queen Catherine of Aragon, and developed by the Flemish refugees of the sixteenth century. It flourished for a time and then fell into decay, but of late years it has been revived.

The Honiton laces, which are especially admired, were taught the village women and girls by Queen Catherine herself at the time when she was awaiting her divorce from Henry VIII. This lace is made like the Buckingham, with bobbins and pins on a pillow, but at what time the pins were first introduced is unknown. There are in existence pins that are over 300 years old with hand beaten heads. Before their advent, thorns and fishbones were used.

Mary Queen of Scots was famous for her lace-making and designing, and she is credited with many designs of birds and four-footed animals which are greatly used in the Honiton lace to-day. Queen Adelaide suggested the first Honiton applique dress and started a fashion which has never died out. Queen Victoria's coronation dress was of Honiton lace over which there was great trouble for the time given to make it was too short and workers from many parts were engaged on it. The present Queen, Mother Alexandra, has always done all in her power to help and encourage the English lace industry.

Competitive Art Exhibit

While the exhibit of china painting at the fair was not very large the quality was beyond criticism. Miss Cowper's showing was very beautiful and varied. Miss Franch, who is the favorite exhibitor with Victorians, headed the list of amateurs with some very dainty work. Miss W. Gaunt was a close second. It seems a pity that more exhibitors do not compete in this class of art.

In the designs for borders or stencilling Mrs. R. B. McMicking was first with a very catchy colored design, while Miss Phyllis Wollaston was second.

In pierced brass Mrs. McMicking was again an easy winner, her effort taking the form of a very handsome lamp shade. Miss Muriel Nicholson was winner of first prize and Miss Edna McKittick second in designs for given spaces. Only a few samples were shown, but all were good.

In wood-carving in relief the competition was not at all keen, but the work submitted was exceedingly well-executed. A photo frame by Sidney Ashdown and a full length figure stood by Mrs. McMicking carried off the prizes.

Two interesting models, one of a horizontal and another of a marine steam engine, which were not in competition, were exhibited in the competitive art department and were viewed with much interest.

In still life Miss Bone won first prize with a very pretty design in water color of daffodils, and Miss Woodward's clever depicting of mountain, berries which came second, was very much admired. Commending a realistic sketch of a wheat-field won him first prize among seventeen entries. This same artist, who is a newcomer to the city, exhibited several very beautiful marine studies of Scottish harbors, in which the coloring and technique displayed in the painting of ships is most remarkable.

A cover design for a magazine, "The Golden Age, Port Rupert, 1910," was an excellent piece of work although it did not appear in a class where a prize could be awarded.

In water colors from nature Miss Dolly Smith won first prize by a pretty spray of autumn foliage, and a sunflower design by the same artist is very cleverly painted. Lewis Heald was awarded second in this class for some very naturally painted fruit. In still life Miss Dolly Smith was again a winner. She had chosen panicles as her subject.

In professional work the showing was small. Mr. Shrapnel won first in a pretty landscape and second in still life with a cleverly painted brace of pheasants. In the latter class W. Quick, Royal Oak, was first with a brace of grouse. Miss M. Beattie won first in portraits with a small but realistic sketch of an old man's head.

Native Flowers and Plants

In the collection of native flowers and plants, which includes grasses, ferns, shrubs and mosses from the interior (east of the Cascades) limited to the school children of the province, the showing was small but so beautifully mounted that it is to be regretted most interest was not taken by teachers in encouraging children to make such collections and become familiar with the beautiful flora of the west. The collections from Vancouver Island and the coast islands were likewise few in number, but the mounting was very carefully done. It is to be hoped that next year will show a great improvement in this line. It is a matter for teachers to take up during the spring and summer months, and if a love for nature is instilled into children it will be an unending source of interest and amusement in their more mature years.

A Toronto Exhibit

A large consignment of fancy work arrived on Thursday afternoon from Mrs. J. B. Carson, Toronto, which he unfortunately was delayed in transit. The exhibit was a most varied one and was entered in all classes. It was put

on exhibition by Mrs. Richards and was awarded a special prize. The samples of knitting were said by experts to be the best they had ever seen, one pair of socks in particular being as fine in texture as merino. A cross stitch design on canvas in yellow and green was very effective, and a beautiful sofa cushion top done in ribbon work was much admired. The fad for Paisley designs was seen in an elaborate embroidery design on satin. Another striking piece of work was a pretty embroidery design on cream flannel done in mauve silk. Hardanger, Mountmellick and Widdowson embroidery work was all excellent, and there were all sorts of fancy netting and knitting designs which showed the exhibitor to be an adept in fancy work in all its branches.

Women's Institutes

Throughout the fair great interest was taken in the exhibits of the Women's Institutes, which occupied large booths on the ground floor of the woman's building. The silver cup offered by the Agricultural Association for the best display was won by the Lake Hill Institute of which Mrs. Tomie is president. Without in any way disparaging the exhibits of the other Institutes, which are highly creditable from every standpoint the prize winning booth made a beautiful showing. A great variety of fancy work in all its branches was advantageously displayed, and the domestic science department was represented by all sorts of delicious cookery, jellies, bottled fruits, eggs, butter, etc. The decorations were carried out most effectively in green and gold, many grass and grain designs being used, the work of Mrs. Grant.

The prize collection of cookery by Mrs. Jameson has been the subject of much comment. From a delicious-looking lemon pie to a Scotch haggis, every article was so well prepared by those who fail to recognize its merits, Mrs. Jameson's display covered all varieties of cookery. The second prize in the same class was won by her mother, Mrs. Joseph McCoy.

Throughout the fair the Woman's Exchange has been doing a thriving trade. Many articles have been sold, and a great number of orders taken from samples.

DOUKHOBORS ARRIVE FROM SASKATOON

Over Seven Hundred Join the Colonies at Grand Forks and Brilliant

Nelson, Oct. 1.—Between 700 and 800 Doukhobors have arrived from the Yukon district, in Saskatchewan, destined for the Brilliant and Grand Forks colonies in this province. "About 300 of the party are going to Grand Forks," said Mr. Sherbini, agent of the Brilliant colony, "and the remainder to Brilliant. At the latter settlement we are putting up a large number of double tents for their immediate accommodation. Twenty frame houses have been completed there this summer, the lumber for which was sawed at our sawmills, and we have 40 carpenters at work now on other houses. Before snow flies, our whole community of 1,500 souls will be comfortably housed. Brilliant in our main colony, that at Grand Forks numbers 450 persons. There are about 6,000 members of the Doukhobor society in Canada, and the arrival of this last contingent leaves about 4,000 Doukhobors in Saskatchewan.

"Our total land holdings in British Columbia consists of 2,900 acres at Brilliant, 2,500 acres at Pass creek, 1,400 acres at Junction, and 3,500 acres at Grand Forks. The first three are operated for the present from Brilliant, but in a year or so, when we have much of the land cleared we will start a community at Junction. Our new settlers mill at the latter point will commence sawing next week.

"At Brilliant we have 600 acres cleared, 250 acres being planted to fruit, while 50,000 trees have been planted this fall and next spring. There are fifty colonies of bees, and they have been doing very well. In addition to the native flowers, we are sowing certain kinds of grass, including a variety of mustard, for the bees.

"We are completing an eight-room hospital, and next year we will build a school. Besides the concrete reservoir we opened in the spring, we are building another, also of concrete, 150 feet long, 70 feet wide, and 13 feet deep."

BODY FOUND IN LAKE

Revelstoke, Oct. 1.—The body of Dr. Slaw, who was drowned this summer in Kinbasket lake, in the Big Bend country, when his canoe capsized in a squall, has been found by a survey party half covered in sand and mud near the edge of the lake, being laid bare when the lake water subsided. The remains were badly decomposed. Dr. Slaw was well known in Revelstoke, having made frequent botanizing trips up the Big Bend from here. This year he had a large party of eastern people with him and it was while returning from taking some of them across Kinbasket lake in the Big Bend that he lost his life.

CONTRACT FOR CITADEL

Prince Rupert, Oct. 1.—The contract for the Salvation Army citadel has been awarded to E. H. Morrison, and work on the new building will commence right away. The new citadel in which the army meetings will soon be held will occupy a central site on Grandview Court at the head of Sixth street near the Baptist church. It is estimated to cost from \$10,000 to \$13,000. An officer's residence will be included in the plans.

MONOPOLY LEGISLATION

Melbourne, Sept. 30.—In the federal parliament Attorney-General Hughes introduced a bill amending the constitution, giving the Commonwealth complete legislative control over trade and commerce corporations and industrial matters, including employment, wages and settlement of disputes, and also giving power to deal with combinations and monopolies. The bill was read a first time. When passed it will go to referendum.

DESIRED TO POSE AS "HERO"

Chicago, Oct. 3.—The police are convinced that Fred Wahlemeyer, who was found at the home of Mrs. Potter Palmer, lying on an open knife and with a bomb lying nearby, is demented. He probably will be sent to a sanatorium.

Wahlemeyer confessed that he "faked" a bomb mystery in order to appear as a hero.

Austria is the only empire in the world which has never had colonies or even trans-oceanic possessions.

THOUSAND MILE AEROPLANE RACE

Nearly Dozen Aviators Will Take Part in Chicago to New York Flight

Chicago, Oct. 3.—A year's remarkable progress in aviation was indicated in Chicago Saturday when entrants in the \$30,000 New York-Chicago air race gave exhibitions at Hawthorne track. The race to New York will start next Saturday. Nine aviators are entered.

Under the direction of the Chicago Evening Post, which, with the New York Times, is promoting the Chicago-New York flight, all this week will be devoted by the entrants to practice flights.

The 1,000 mile flight to New York, which must be accomplished in 150 hours elapsed time, stops unlimited, will be the greatest endurance test of modern flyers.

The entrants, with the make and capacity of their machines are: Eugene Ely—Curtiss biplane, 35 horse power. Charles Willard—Curtiss biplane, 40 horse power. J. A. D. McCurdy—Curtiss biplane, 35 horse power. August Post—Curtiss biplane, 35 horse power. James Radley—Bleriot monoplane, 50 horse power. Charles K. Hamilton—Diets biplane, 115 horse power. J. C. Marr—Curtiss biplane, 35 horse power. Thomas S. Baldwin—Curtiss biplane, 35 horse power. Todd Schriever—Diets biplane, 50 horse power. There is a possibility of the entry of a Wright biplane to be guided by Walter Brookings, who won the Chicago Record-Herald prize of \$10,000 for a continuous flight to Springfield, Ill., from Chicago, Thursday, a distance of 181 miles.

James Radley, the English air pilot, expects to use a Bleriot monoplane with a fifty horse power engine, if it can reach here in time. Otherwise he will use a Curtiss biplane with a heavier engine.

REPUBLICAN PARTY PROGRESSIVE, SAYS TAFT

President Gives All Factions Credit for Share in Assisting to Pass Legislation

New York, Oct. 3.—President Taft delivered what will probably be his only speech of the present campaign at the banquet of the National Republican League at the Hotel Astor Saturday. The president's speech was marked by an unusually conciliatory tone towards the "insurgent wing" of the party. He gave "all factions of the party" due credit for their share in helping to put through congress the legislative programme which the president took occasion to outline in some detail.

The president declared that the record of the last eighteen months was an earnest of the desire of the party to fulfill its platform promises and obligations, and he promised that if the Republican majority in congress should be continued at the coming elections, the work thus far left undone would be brought to completion.

Upon the whole Republican party the president bestowed the title of "Progressive." Then he undertook to define just what is meant by "progressive."

"A party of true progressives, not a party of radicalism," he declared amid cheers. "It is not a party of ultra-conservatism," he added, and again was cheered.

"A progressive Republican," the president went on, "is one who recognizes existing and concrete evils and who is in favor of practical and definite steps to eradicate them."

Twice President Taft mentioned Colonel Roosevelt by name in connection with the campaign against corruption abuse and a third time by inference when he referred to the New York situation.

BURNED TO DEATH

Minot, N. D., Oct. 3.—Elwin, the three-year-old son of A. C. Johnson, Republican candidate for governor, was burned to death on Saturday afternoon at his father's home here. He was playing in a toy house, which was ignited from the fire place.

ACCUSED OF MURDER

Vancouver, Oct. 3.—Alphonse Richer has been brought down from the north by Special Constable Crippen of Prince Rupert. Richer is charged with the murder of Joseph Beaudoin in a shack in which they were living, near the northern city. It is alleged that the two men had a quarrel and that Richer shot Beaudoin with a 22-caliber rifle. Richer does not deny that they had a quarrel, but says that the shooting occurred some time afterwards, when he was handling the rifle and it accidentally discharged. The bullet struck Beaudoin in the abdomen and glancing upward touched the heart. Beaudoin died about fifteen minutes afterwards. After the shooting Richer ran at once for a doctor, but when he arrived Beaudoin was dead. Richer will be held in the provincial goal for trial at the assizes here.

CRUSHED TO DEATH

Toronto, Sept. 30.—Nelle Jordan, aged 27, a packer in William Nelson, Ltd., 307 Gladstone avenue, ice cream manufacturers, was so badly crushed by an elevator off which she sought to step yesterday that she died in the Western hospital three hours later.

EXPERT HEARD IN DENTAL CASE SCORED BY COUNSEL FOR THE DEFENSE

Continuation Yesterday of Case Richards vs. Verrinder at Dental College

The case of Richards vs. Verrinder and the Dental College of British Columbia was continued in the court yesterday afternoon, before Justice Gregory and a special jury. The features of the afternoon proceedings were the declaration of expert from Seattle for the plaintiff, testifying that in his opinion Dr. Richards ought to have been passed board of examiners, and the expert severe cross-examination witness by E. V. Bodwell, K. C.

On the court reassembling in the afternoon, the examination of Dr. Richards was resumed by W. J. Taylor, K. C., counsel for the plaintiff.

Much of witness' evidence had to do with the technical methods of dental practice. On a number of questions as answered by Dr. Richards Dr. Jordan found them faulty, though the answers of the plaintiff were in the main satisfactory.

One question in the examination papers which had been set before Richards was: "Wherein is a 'dry' tooth in any other than a best position when anaesthetic being administered?"

Mr. Taylor—What does that mean? Dr. Jordan—I don't know.

Mr. Bodwell protested against the question on the grounds that Dr. Richards had never been in a room who was prepared to give the answers.

Dr. Jordan to Mr. Taylor—You had marked Richards 8 for the question. If the question is clearer he would have given 20.

Dr. Verrinder, the examiner of the present action, appears from the record of his evidence to have said that Dr. Richards was incomplete as he had not mentioned the "danger" as "of the jaws."

Quoting further from his evidence on discovery, Mr. Taylor said that Dr. Verrinder had said he was surprised at the general opinion of Dr. Richards' papers as to the position of the jaw.

In regard to the question of the pressure per square inch, which was put to Dr. Richards, he testified that he had given on discovery, Mr. Taylor that Dr. Verrinder had said he was surprised at the general opinion of Dr. Richards' papers as to the position of the jaw.

Mr. Taylor asked Dr. Jordan, having examined Dr. Richards' papers, whether he had not passed him. Dr. Jordan answered that he had not passed him.

Mr. Bodwell objected and said that Dr. Richards had not been set out in the statement of claim, for conspiracy and fraud.

The court was of the opinion that Dr. Jordan knew the facts and was hardly in a position to answer the question.

Mr. Bodwell, quoting from the clause providing that the plaintiff should have full powers to reject the clause, asked that his motion be granted.

The court held it might be proved by circumstantial evidence. He allowed the question to stand.

Mr. Bodwell asked that his motion be granted.

Mr. Jordan then answered the question in the affirmative. Dr. Jordan, he said, passed a most excellent examination.

The court ruled against Mr. Bodwell's motion, and witness Richards well-acquainted with the law.

Mr. Taylor—Was there any other evidence to show that Richards was incompetent?

The court would not allow a motion nor several others of the nature.

Mr. Taylor desired to have the court to this ruling noted.

Mr. Bodwell then undertook cross-examination of Dr. Jordan. Witness said his fees were \$1 and \$100 each day he remained in the hospital.

He had practised dentistry for more than twenty years. He was a student on the board of dental examiners of the State of Washington, without examination. His business was to prepare pupils for examination in any state in the United States.

He had eighteen now on the list for Washington. He was not to get men to pass the examination. He wanted to pass on good men. He had frequently pupils whom he thought would make good dentists.

Mr. Bodwell—You coach a man to pass the examination? Witness—No, I instruct the man that he may be declared competent as a result of his ability.

He denied that the fact that he was friendly with the president of the board of examiners in Washington had anything to do with his business. He said that the president had helped him in his business. He admitted in fact that he had been in the Washington board to take matter of Dr. Richards' admission to the board of examiners in British Columbia with the

KEEN CONTESTS AT HORSE SHOW

DESPITE RAIN LARGE ATTENDANCE PRESENT

D. C. McGregor Beat Holland and Howe Entries in Pairs—Fox Catcher's High Jump

Large entries, the competitors being in many cases the horses which have appeared in the contests but under different conditions, were the order at the horse show last night, where, despite the very adverse weather conditions, there was almost as large an attendance of people as on Thursday, the opening night.

His Honor Lieutenant-Governor Patterson was present again in the central box, with a party of eight. J. A. Russell, Vancouver, and party occupied the next box. Other parties present were: Hon. C. E. Pooley and party, Mrs. F. Burns, J. A. Smart and party, George A. Fraser and party, Mrs. Robert Dunn, Jr. and party of ladies, Mrs. D. Spencer, junior, Mrs. E. R. Roberts, H. Ross, W. S. Holland, Vancouver, and party; L. C. McGregor and party, Vancouver, and many others.

Attached to three of the many prettily decorated boxes last night were the award cards for the competition in private box decorations. The first award was made to J. Richards of Flewlin's Gardens gaining second, and J. A. Robb, third.

Shortly after eight o'clock Dr. Grenside entered the ring and the first class was judged, the Inverholme Stock Farm securing the first blue ribbon of the evening with a magnificent four-horse team, in the four-horse team, 1,400 pounds and over, owned by J. Richards of Victoria, was given the second award.

The second event was for 1300 pound mares or geldings shown to heavy delivery van, F. H. Stewart & Company.

Seven contestants entered the ring in section 24, for mare or gelding shown to gig, and Brigham Pearl was selected eventually from Warwick Dora for first prize, which was won by some of the most stylish horse flesh of the show, and the same horses were seen later in the evening when paired in the dem-mall double harness event.

Among the entries in the class of perfect stappers, the Howe, McGregor, and Holland entries, all from Vancouver, offering a splendid exhibition for horse-lovers, while the drivers in each gave exhibitions of driving the double and double harness horses that drew forth loud applause from the audience.

The single horse event was won by Mr. Howe's entry, with a Grand Prix second, owned by Mr. McGregor, and W. S. Holland's "Sweet Briar" third.

In the saddle-horse class nine entered the ring and a handsome, upstanding five-year-old, "Waterford," obtained the blue ribbon, which was won by "Never Mind" getting second, and "Ideal Derby" third, "Belle Star," a nice-looking six-year-old, was exhibited but under the guidance of Sir E. Fry Mills did not appreciate the order to canter, consequently was not placed. The rider, however, was loudly applauded, there being much hand-clapping as well as cheering. "Belle Star" entered the ring first and one of the judges motioned to the orchestra for softer music.

Mare or geldings to demi-mall produced three splendid teams and Dr. Grenside was a long time coming to a decision as to the respective merits of D. C. McGregor's beautiful "Warwick Dora" and "Warwick Graceful" against W. S. Holland's "Curwen Queen" and "Sweet Briar," which had won the Victoria event the opening night.

The judge drove each team personally, and then round the ring a second time, where Mr. McGregor gave a grand exhibition of driving, coming round the corners on two wheels and keeping his horses in their stride at the turns as well as in the straight. He was given the blue and the verdict was immensely popular.

The third prize went to Mr. Howe's entry, which was placed second in the Victoria pairs Thursday night.

The high jump was unfortunately for many of the patrons who had to leave, brought on late. The event resulted into a contest between the well-known Fox Catcher, Muskrat and Flash. Each horse was given three trials at five feet, after which the bar was raised six inches, and from that time three inches after every jump.

There were six entries in all, but Earlene, Mrs. D. Spencer, re-joined to jump at all and was the first disqualified, although the Fox Catcher, a negreet competitor, jumping without fault except once, when he fell while rising and broke the barrier, at the same time almost throwing his rider. Fox Catcher's perfect performance was awarded first, with Muskrat second and Flash third.

During the novice class of carriage horses Minnie M. Winton, M. Fullerton, broke away and galloped for the exit. Accident and collision were avoided by the cool-headedness of the ring attendant, W. Lorimer, who dashed forward and captured the excited and uncontrollable animal as its head struck the gate. There were only two entries in the event, Nancy Medina getting first.

The results in full are as follows:—Four-horse team, each horse to weigh 1,400 pounds and over—1, Queen, Attractive Maid, Nellie and Tom, exhibited by Messrs. J. R. Stewart & Co., Victoria; 2, Fred, Carnis, Shorty and Nelly, exhibited by Mr. J. Richards, Victoria.

Pair of mares or geldings, 3 years and over, 1,300 pounds and over, to be shown to a heavy delivery wagon—1, team, exhibited by Pacific Transfer Company; 2, Nell and Nigger, exhibited by Messrs. J. R. Stewart & Co., Victoria; 3, Kate and Minnie, exhibited by M. Pinnerly & Sons, Victoria.

Mare or gelding, to be shown to a gig and to be driven by owner—1, Brigham Pearl, exhibited by Mr. S. L. Howe, Vancouver; 2, Warwick Dora, exhibited by Mr. D. C. McGregor, Vancouver; 3, Sweet Briar, exhibited by Mr. W. S. Holland, Vancouver.

Likely That Vote on the Measure Will Be Taken at Date of Municipal Elections

The Times building was a four-story brick structure located at the intersection of First street and Broadway. It was completely razed by the explosion and fire.

According to the statement of Managing Editor Andrews, the loss will exceed \$50,000.

Received Through: Managing Editor Harry S. Andrews this morning issued the following statement, containing the charge that "enemies of industrial freedom" were responsible for the Times' disaster.

"The Times building was destroyed by dynamite early this morning by the enemies of industrial freedom. The Times, itself, cannot be destroyed. It will be re-issued from its auxiliary plant, and will fight its battles to the end. The horrors of the loss of life and maiming of men prevent further statement at this trembling hour."

(Signed) "Harry S. Andrews, managing editor Los Angeles Times."

Managing Editor Andrews supplemented the statement by saying: "I have received numerous threats that this dastardly deed would be attempted. The elements that conspired to perpetrate the horror must be permitted to prosecute their unlawful campaign."

By the terms of the agreement, should the ratemakers decide to accept the property under arbitration proceedings, neither the city nor the company will dispute the finding of the arbitrators. The by-law to authorize the raising of funds for the purchase of the company's plant is to be submitted to the ratemakers on the date of the next municipal elections.

A. B. Todd, one of the owners interested in the proposed agreement, said the city, asking for an order to compel the corporation to proceed with the Fort street widening scheme. This fact was reported to the committee by the city solicitor, Mr. McAdams, and advised that while the present local improvement works, in the shape of sidewalks on portions of Fort street, between Douglas and Cook street, have been completed, the city is not prepared to permit its being widened.

The committee decided, in connection with the Fort street project, that thoroughfare between Yates street junction and Linden avenue shall be paved at once in such a manner as to permit its being widened.

PREPARE BY-LAW ON GOLDSTREAM

Mountain Lumbermen's Association Decides to Curtail Production

Nelson, Oct. 1.—At the convention of the Mountain Lumbermen's Association here yesterday it was decided to considerably curtail production, owing to the falling off in the demand from the prairies. Prisons will be kept on the present scale and will likely be raised to meet the increased cost of production.

The opinion was expressed by leading lumbermen that the greatest difficulty they have to contend with is the dumping of American lumber, made possible by the absence of a protective tariff. A special committee was appointed to deal with the matter and necessary drastic steps will be taken to meet the situation.

With the advent of October and long evenings the members of the Fifth Regiment are beginning to turn their thoughts once more to drill.

The usual school of instruction commences on Monday next at 8 p. m. sharp, and will be in charge of the adjutant, with the assistance of capable instructors from Work Point barracks.

All those who are desirous of improving themselves or of obtaining promotion are not to report at the drill hall at the time appointed, in uniform, and thereafter three evenings a week for the six weeks the school lasts.

It is useless for men to commence unless they are prepared to attend regularly in uniform and be sharp on time, as they not only obtain little advantage themselves but disorganize the school for the others, and will be struck off.

Last year the school was well attended all through and it is expected there will be at least as many this year, as several appointments to acting rank were approved on the understanding that the appointees would qualify at this school, failing which they revert to their lower rank, all acting rank being cancelled.

The full syllabus for the course will be in the drill hall on Monday evening, when any other information required can be obtained from the officer in charge.

LOCAL NEWS

The quarterly meeting of the board of trade will be held on Friday, October 14. In the interim a meeting of the council will be held, at which the exact date has not yet been fixed.

As a result of concessions made on both sides, the account between the city and J. P. Mann, for services rendered by the latter during the period he was serving the council as acting city solicitor, has been satisfactorily adjusted.

The last issue of the Canadian Gazette announces the declaring of a dividend at the rate of 11 per cent. per annum by the Imperial Bank for the three months ending October 31 next. The Union Bank has declared a final dividend of 2 per cent. for the quarter ending October 31 next.

Ald. Sargison, a member of the special committee of the council in connection with the proposal to build a theatre on city property at the rear of the Empress hotel, has in hand a petition, which is being numerously signed, praying that the council submit a by-law to the ratemakers at an early date.

Thomas Cromwell, a sailor, was struck by a street car on Friday on Government street near the postoffice. He was rendered unconscious and was removed to St. Joseph's hospital, where it was discovered that beyond a severe shaking up he was uninjured. By-standers state that it was due to his own carelessness that the accident happened.

The city has on hand some 500 empty drums in which creosote was delivered. These require a great amount of storage space. The drums are piled on an empty lot and the city is paying a rental of \$30 each month. The city engineer thinks it would be well to purchase a lot of empty drums for this purpose, and at his advice the drums will be sold at once to the highest bidder.

It is anticipated that the aggregate value of the building permits issued during the current year will reach the two million mark, and thus constitute a new record in the history of the city. For the first nine months of the year the permits issued totalled \$1,877,625, compared with \$1,442,225 for the corresponding period last year. The permits issued during September totalled \$190,688, compared with \$169,335 last year. For the nine months the total number of permits issued was 583, as compared with 456 a year ago.

The Children's Aid Society thankfully acknowledges the following gifts for the month of September: Pears, Mrs. Bromley, coats, Mrs. Fraser, books, pictures and apples, Mrs. Pemberton, canvas and wool, Miss West; gifts of books, fruit, flowers, etc., from various friends, never weary in their efforts to cheer the children. The society should not appear. Many kindly visits have been enjoyed, especially those of former day school teachers of the inmates, to whom the invitation to come again is gladly extended. The work of the Home is progressing steadily.

The people of Victoria West will be rejoiced to learn that as a result of a recommendation made by the city engineer at Friday's meeting of the streets committee of the city council an immediate move will be made in the direction of improving conditions in the neighborhood of the marshy area known as "Skinner's Bottom." During each wet season adjacent houses are being flooded with the overflow of the water. The engineer proposes to remedy the matter in a temporary fashion by making a large ditch at an estimated cost of \$300.

TERMS OF AGREEMENT ACCEPTED BY COMPANY

Through George Gunney, who has been in charge of the "Browne and Ironworkers' strike here, the Los Angeles unionists this morning issued a statement branding as utterly without foundation the charges published by the Times in a manner that union men were responsible for the explosion.

"We deeply deplore the terrible accident and resultant loss of life," the statement reads, "but brand as false the charges that union men were in any way responsible for the affair."

"We condemn violence, and unequivocally deny that any person or persons in the city of Los Angeles had anything to do with last night's outrage."

Demands Investigation. Ralph Criswell, president of the Los Angeles branch of the Typographical union, visited the office of District Attorney Fredericks this morning and demanded, in behalf of his organization, that the explosion be thoroughly investigated. By authority of the board of the local Typographical union, Criswell sent the following to Manager H. G. Chandler, of the Times:

"In view of the deplorable accident resulting in the demolition of the Times plant, the Los Angeles branch of the International Typographical union hereby offers you every assistance in our power in the investigation of the explosion, and in the publishing of the Times during this period of stress."

Differences between the Times and the Typographical union were responsible for the first breach between the Times and organized labor generally, which later developed into open warfare. In view of the fact that the Times, in its edition published after the explosion, charged that the unionists were responsible, Criswell declared that the members of the Typographical union would assist the district attorney in any way he asked in settling the affair.

The Times appears under a seven-column banner head: "Unionists' bombs wreck Times." Criswell stated that if any union men were employed in the Times' mechanical departments they were in the building when the explosion occurred. He refused to admit that union men were employed at the Times. An expert was summoned generally to make no exceptions in its open shop rules and no union men were supposed to be employed there.

A member of the local Stereotypers' union said to-day that four of the stereotypers employed by the Times were union men. Each of the four, he declared, is missing.

The city council this morning in executive session, appropriated \$25,000 to be used to investigate the explosion that wrecked the Times building. Resolutions were passed demanding a thorough sifting of the affair.

General Otis, owner of the Times, wired to-day as follows: Imperial Junction, Cal., October 1, 1910. "Harry Chandler, the Times, Los Angeles.

"Your wire, with its terrible news, about the explosion of the Times, is amased at the desperation of the criminal conspirators in destroying the Times building and slaying its loyal defenders, whose loss I deeply deplore. I believe you will live on, bravely defending the vital and essential principle of industrial freedom under the law, which must yet triumph in the entire nation, and will be home at 3:30. (Sgd.) ATTORNEY USED "THIRD DEGREE" FOR LORIMER

Illinois Representative Denies He Was Promised Money to Vote for Lorimer

Chicago, Oct. 1.—That he had received \$1,000 from E. O'Neill Brown, and \$300 from State Representative Robert E. Wilson at St. Louis, but that he took the money with no understanding of what it was for, was the story of William Lorimer for United States senator, was the testimony yesterday of State Representative Michael S. Link before the senatorial investigation committee.

Link declared he had no idea what the money was for but "supposed it was for campaign purposes." He denied that he was ever promised a cent for his vote for Lorimer and asserted that he had determined long before Lorimer was elected, to vote for him.

In the course of his testimony Link charged that the States attorney Wayne had used the "third degree" on him to extort a confession.

DESOPDENT MAN COMMITS SUICIDE

Body of Jacob Altin Found Near Ladysmith Cemetery by Search Party

(Special to the Times) Ladysmith, Oct. 1.—The body of Jacob Altin, a Finn, aged about fifty, was found yesterday by a search party, headed by Chief of Police Allen, behind a stump in the vicinity of the cemetery. Altin has been missing since Tuesday evening and search parties have scoured the woods looking for the man. He had been in failing health for some time and had become despondent. On Tuesday he bought a razor from a local barber and ended his life by cutting his throat. The razor was found in the dead man's hand. There will be no inquest. He leaves a wife and two children.

THREE INDICTED. Tacoma, Wash., Oct. 1.—Philip La Voe, Alden Davidson and Arthur Tetra, all of Seattle, were indicted by the federal grand jury in session here on charges of conducting "white slave" operations. All pleaded not guilty and will be tried in November.

MAROOONED ON ISLAND FOR FORTY-FIVE DAYS

Duluth Trapper Undergoes Many Hardships Before He is Rescued by Steamer

(Special to the Times) Sioux Lookout, Ont., Oct. 1.—George Ford has come back to civilization after being marooned on an island in the Seal for 45 days. He had a terrible experience and his nervous system is still in bad shape.

Ford came up from Duluth to prospect and trap along English river, but was deserted by a companion who took their boat, both guns, all valuables and a large share of provisions. Ford did his best to attract the attention of the natives, but was unsuccessful, which passed occasionally but was followed many times. Finally he changed the location of his camp and lighted a huge fire. A steamer then bore down on the island and rescued him. The police are looking for the false friend who deserted him.

ALGERINE TO LEAVE FOR SOUTH OCT. 11

Gunboat From Esquimalt Will Probably Meet H. M. C. S. Rainbow at Acapulco

H. M. S. Algerine, which was floated from the naval dock on Thursday after undergoing an extensive over-hauling, will sail on her regular cruise to South American waters on October 11.

While the naval officials have no instructions regarding the meeting of the Algerine and H. M. C. S. Rainbow, which left Port George yesterday on her way to Esquimalt, it is expected that the vessel of the Canadian navy on the Pacific coast will be welcomed by the well known patrol gunboat at Acapulco, Mexico. The Rainbow is due at that port on October 25, and the Algerine can arrive there ahead of that time.

TRIBUTES TO AVIATOR

Large Number of People Attend Funeral of George Chavez

Domodossola, Italy, Oct. 1.—The funeral of George Chavez, the South American aviator, who was fatally injured after having accomplished the unprecedented feat of flying from Switzerland over the Alps to Italy, was held here. The occasion was remarkable in the number of tributes to the courage of the youth.

General Spingardi, Italian minister of war, sent a special representative, and the presence of the town and the surrounding country followed the body to the church. Floral tributes came from all parts of Europe and thousands of peasants tramped down the mountain-sides with arms filled with mountain flowers. One little girl laid on the casket a bunch of edelweiss that blooms alone amid the eternal snows of the Alps, bound with a ribbon on which had been written, "Gathered among the mountain peaks over which you flew."

An autopsy revealed that the aviator was killed by the shock of the fall, when a wing of his aeroplane collapsed as he was attempting to alight.

FIFTH REGIMENT INSTRUCTION CLASS

School Commences on Monday Evening in Charge of Major Ridgway Wilson

With the advent of October and long evenings the members of the Fifth Regiment are beginning to turn their thoughts once more to drill.

The usual school of instruction commences on Monday next at 8 p. m. sharp, and will be in charge of the adjutant, with the assistance of capable instructors from Work Point barracks.

ADELAIDE ON STEAM TRIALS

MAKES 18.28 KNOTS FOR MEASURED MILE

New C.P.R. Steamer Easily Makes Two Knots Over Contract Speed

On her steam trials, which took place Thursday on the Clyde, the new steamer Princess Adelaide, built for the Victoria-Vancouver night service by the Fairfield Shipbuilding Company, exceeded her contract speed by over two knots on a measured mile, and maintained a speed of 18 knots with the greatest ease on a steady run of six miles.

Capt. Troup, manager of the B. C. coast service, received a message on Friday stating that the Adelaide had made a speed of 18.28 knots over a measured mile and had maintained 18 knots an hour without trouble for six consecutive hours. The contract speed of the steamer in service was 16 knots.

The officials of the B. C. coast service are greatly pleased with the performance of the new steamer, which is far ahead of expectations. Capt. Troup, in the Times, said this morning: "I am more than pleased with the results of the trials, which show that the Princess Adelaide has exceeded all the contract speed requirements. Her time over the measured mile was 18.28 knots an hour, not 18.25 as stated in the morning paper, and this performance is ahead of our expectations."

The trials were watched by Resident Engineer McGowan, of Vancouver, who is in charge of the Clyde for this purpose. It is expected that the Adelaide will sail for Victoria next week, and will arrive here early in December.

As stated in this paper the Adelaide is fitted with engines similar to those of the Princess Charlotte and Princess Victoria. The Yarrow Schlick and Tweedy balance system has been adopted in her equipment, and her four boilers are fitted with the closed stoke hold draught system, as in the Princess Victoria, this system having been found more satisfactory than the Howden forced draught.

PORTLAND CANAL MINE GIVING GOOD RETURNS

Concentrator Saves \$14.80 a Ton in Gold, Silver and Lead

Word has been received from Stewart that the concentrator at the Portland Canal mine commenced work on the 20th inst, and that the ore on Number 3 level which was treated averaged \$14.80 per ton in gold, silver and lead.

Of this \$4 is in gold. This result is quite as good as was expected, and is sufficient to indicate that the mine is going to be a paying one, much better than was prophesied by many.

Further advice says that the ore body in Number 3 level sits at a distance of 500 feet from the entrance, wide out to the full face of the tunnel, thus giving a body of ore which will be easily mined, and will return large profits.

REGIMENTAL ORDERS

The following regimental orders by Lieut.-Colonel A. W. Currie, commanding the Fifth Regiment, C. G. A., are promulgated by Major and Adjutant W. Ridgway Wilson: Suspended.—The following men are suspended in accordance with the terms of regimental order No. 11, 1909, paragraph 1: Grs. Wm. Watson and James Watson.

Parade.—The regiment will parade at the drill hall on Tuesday, October 11, at 8 p. m. Dress: Drill order. Cap covers.—The wearing of white cap covers will be discontinued from this date until further orders in this respect. School of instruction.—Those men who are desirous of attending the school of instruction will parade on Monday next, October 3, at 8 p. m. in country dress. The school will be in charge of the adjutant. A syllabus of the course may be seen on the notice board. Officers' meeting.—The regular monthly meeting of the officers' mess will be held in the drill hall on Thursday, October 13, at 8.30 p. m. Dress: Muffi.

Members of the executive of the Vancouver Island Development League on Saturday interviewed Hon. Thomas Taylor, minister of public works, on the question of roads and trails. This subject was much discussed at the annual meeting of the league held some time ago.

On Thursday evening, Oct. 6, the Ladies' Musical Club will give a grand concert, open to the general public, in the Institute hall. ADELAIDE ON STEAM TRIALS TAKES 18.28 KNOTS FOR MEASURED MILE

NEW C.P.R. Steamer Easily Makes Two Knots Over Contract Speed

On her steam trials, which took place Thursday on the Clyde, the new steamer Princess Adelaide built for the Victoria-Vancouver night service by the Fairchild Shipbuilding Company, exceeded her contract speed by over two knots on a measured mile, and maintained a speed of 18 knots with the greatest ease on a steady run of six miles.

Capt. Group, manager of the B. C. coast service, received a message on Friday stating that the Adelaide had made a speed of 18.28 knots over a measured mile and had maintained 18 knots an hour without trouble for six consecutive hours. The contract speed of the steamer in service was 16 knots.

The officials of the B. C. coast service were greatly pleased with the performance of the new steamer, which is far ahead of expectations. Capt. Group, in the Times, said this morning:

"I am more than pleased with the results of the trials, which show that the contract speed requirements. Her time over the measured mile was 18.28 knots an hour, not 18.28 as stated in the morning paper, and this performance is ahead of our expectations."

The trials were watched by Resident Engineer McEwan, of Vancouver, who went to the Clyde for that purpose. It is expected that the Adelaide will start for Victoria next week, and will arrive early in December.

As stated in the full description of the new vessel published some time ago in this paper the Adelaide is fitted with engines similar to those of the Princess Charlotte and Princess Victoria. The Yarrow, Schlick and Tweedy balance system has been adopted in her equipment, and her four cylinders are fitted with the closed stroke old draught system, as in the Princess Victoria, this system having been found more satisfactory than the Howden bore draught.

PORTLAND CANAL MINE GIVING GOOD RETURNS

Concentrator Saves \$14.80 a Ton in Gold, Silver and Lead

Word has been received from Stewart mine commenced work on the 6th inst. and that the ore on Number level which was averaging 14.80 per ton in gold, silver and lead, of this grade is in gold. This result is quite as good as was expected, and is held to indicate that the mine is going to be a paying one, much better than was prophesied by many.

Further advice says that the ore body in Number 3 level, at a distance of 500 feet from the entrance, widened out to the fall face of the tunnel, thus giving a body of ore which will be easily mined, and will return large profits.

REGIMENTAL ORDERS

The following regimental orders by Lieut.-Colonel A. W. Currie, commanding the Fifth Regiment, C. G. A., are promulgated by Major and Adjutant W. Ridgway Wilson:

ATTEMPT TO BLOW UP HOUSE

MAN WITH BOMB IN POSSESSION ARRESTED

Chicago, Sept. 30.—What is believed to have been an attempt to dynamite the home of Mrs. Potter Palmer was made public to-day. Fred Wahlenmeyer, 28, is under arrest on suspicion of being either a dangerous maniac or a plotter to kill members of the Palmer family. Wahlenmeyer was arrested last night on the porch of the Palmer home, and a bomb ready for ignition was in his possession.

Wahlenmeyer rang the bell at the Palmer home. The butler said Mrs. Potter Palmer was sick. Suspicion was aroused, and the police were notified. When they arrived they found Wahlenmeyer waiting outside the door with a butcher knife in his hand. He resisted, but was finally overpowered.

Wahlenmeyer said he had seen a man crawling toward the porch and had attacked him. The bomb with fuse attached was lying on the porch. He admitted having made it. The bomb was filled with smokeless powder and nitro glycerine. The fuse showed evidence of having been lighted. After being taken to the police station he declared he was engaged to marry a niece of Senator Cummins. Emily Wahlenmeyer, a sister of the man under arrest, told the police he was insane as a result of an injury to his head.

REWARD OFFERED FOR ARREST OF MURDERERS

Detectives Are Striving to Secure Members of the Black Hand

Revelstoke, Sept. 30.—The provincial authorities have posted bills offering a reward of \$4,000 for the capture of the murderers of Mr. Julian.

There are five or six trained men in the district, sent from elsewhere for this purpose, and as Mr. Julian was dead for twenty-four hours before his body was found, the perpetrators have secured a long start.

ALASKA'S GOVERNOR WILL RETAIN OFFICE

W. E. Clark Announces Intention to Serve Full Term of Three Years

Juneau, Alaska, Sept. 30.—Governor Walter E. Clark has reconsidered his determination to quit his official post as governor of the territory and will stay the full term, three years. He made this announcement last night after he had been initiated into the Juneau lodge of Elks.

Governor Clark said that when he came to the territory he promised the administration to stay a year at least. "I am satisfied now," he declared, "that it is best for me to stay on the job."

SCAFFOLD COLLAPSES

Seven Men Fall Twenty-Five Feet and One May Die

Winnipeg, Sept. 30.—The scaffolding erected by the Manitoba Clothing Company, Main and Rupert, street, collapsed yesterday morning, throwing seven men twenty-five feet to the ground. E. Senesone, a bricklayer, a young Englishman, received internal injuries from which he will probably die. Three others are in the hospital. This was the building which excavations were being made on an adjoining site for an hotel.

STUDYING SUN SPOTS

Santa Clara, Cal., Sept. 30.—The presence of a number of spots on the face of the sun is causing much speculation among the professors of Santa Clara College observatory to-day. The peculiar action of the spots classes them as extraordinary. Photographs taken early in the morning showed the spots scattered. At 3:30 o'clock the spots had collected into a solid mass and again at 4:30 o'clock were scattered.

TWO TRAPPERS DROWNED

Lose Their Lives By Capsizing of Canoe on Gull Lake

Winnipeg, Sept. 30.—After clinging to an upturned canoe for eight hours and then walking sixty-five miles, Nicholas Elwood brought word of the drowning of two trappers on Gull Lake, of Saskatchewan, and Albert Dixon, of Saskatchewan. The three were going into the bush for a winter's trapping.

LONDON'S LORD MAYOR

London, Sept. 30.—Sir Thomas V. Strong yesterday was elected lord mayor of London without opposition. Sir Thomas is a temperance advocate, and enjoys the distinction of being the first teetotaler chosen as chief magistrate of the metropolis. He was born in 1837, and in 1860 married the eldest daughter of the late James Hartnell. The lord mayor-elect will be sworn in on November 8th, and the following day, as usual, will be marked by a general holiday, and a great pageant. The lord mayor of London receives a salary of \$50,000 a year. By right of office, the lord mayor will become a chief butler and cupbearer to his Majesty, and the lord mayor elected to-day will play an important part in the exercises and ceremonies at London upon the coronation of King George next June.

TROTTING AND SHOW HORSES

BLACK BESS AND LADY BIRD WINNERS

A.E. Wade's Mare Finds No Contender in Willows Cup Event

(From Saturday's Daily.) Trotting enthusiasts, who are not over-numerous in Victoria, were given a two-event programme yesterday at the fair which developed into five heats altogether, so that the people really got a five-race card.

The most interesting race of the pair was for a silver cup, which carried an added \$50, for the same of the accident. Details of the disaster at Palan will not be obtainable until the relief train arrives.

This is the second explosion in the Las Esperanzas district. Two aeroplanes COLLIDED IN MID-AIR

(Times Leased Wire.) Milan, Oct. 1.—Aviators Dickinson of the British army, and Thomas, a Frenchman, were seriously hurt when their aeroplanes collided in mid-air, 50 feet from earth to-day. Aviator Thomas evidently misjudged the distance between the two machines when they crossed each other's paths.

Both machines were wrecked and tumbled to the ground like huge wounded birds. Spectators lifted the injured aviators from the wreckage and bore them to a hospital.

BOY SAVES FATHER'S LIFE. Spokane, Wash., Oct. 1.—To the quick wit of his 10-year-old son who threw a dog into the corral and thus diverted the attention of a bull who was going him, James Crawford, a prominent farmer of Colville, Wash., owes his life. Crawford is in a critical condition. His head and face were badly lacerated and a hole was torn in his side by the infuriated animal. He was unconscious when rescued.

When Crawford entered the corral he did not notice that a rope which held the bull had broken. He cut off all escape by closing the gate and latching it. As the animal charged, Crawford shouted for help. The next moment he was being rolled around the enclosure. His young son answered his cry for aid by throwing his pet terrier into the corral. The dog so worried the bull that it turned on the terrier. Finally the bull rushed out of the gate which had been opened, and Crawford was rescued.

WOMAN RELEASED FROM TINGLEY HOME Will Now Make Effort to Secure Freedom for Her Two Children

San Diego, Cal., Oct. 1.—"My, it is good to be free again."

At Mayne Island the death occurred at 10:30 a.m. Miss Maria Louise, daughter of the late Dr. and Mrs. J. R. Robertson. Deceased had been ailing for a long time. The remains were interred in the cemetery on the island.

OBITUARY RECORD. At Mayne Island the death occurred at 10:30 a.m. Miss Maria Louise, daughter of the late Dr. and Mrs. J. R. Robertson. Deceased had been ailing for a long time. The remains were interred in the cemetery on the island.

Thursday afternoon the remains of Frank, the infant son of Mr. and Mrs. Carlow, Cloverdale avenue, took place at 2 o'clock from the Victoria Undertaking parlors, where Mr. Deuner conducted services. Many sympathizing friends were in attendance and the floral tributes were numerous.

There passed away Thursday afternoon at the family residence, 2133 Spring road, Cyril Cecilia, the infant daughter of Mr. and Mrs. August Westendale, after a short illness. Her funeral took place on Friday at 2:45 o'clock from the house, and fifteen minutes later at the Roman Catholic cathedral. A number of friends attended and the little casket was covered with flowers. Interment was made in Ross Bay cemetery.

Friday evening at the family residence, 1031 Hillside avenue, the death occurred of Maurice Evans Jones, after a lingering illness. Deceased was born in Montgomeryshire, Wales, and was 38 years of age. He was a butcher by trade and had been employed by E. Burns & Co. for some time. A sorrowing widow and one son are left to mourn his loss.

The remains of the late Amos Smith Belyea, Lake District, were laid to rest in Ross Bay cemetery on Friday afternoon. The funeral services were held at the chapel of St. Stephen's and the hymn "God Moves in a Mysterious Way" was sung. The attendance of sympathizing friends was very large, many of the residents of Lake District being present, and floral tributes were numerous. The pallbearers were: J. Bull, W. R. Hoal, J. Coyette, G. Stout, R. Watson and L. H. Stout.

Interment of the remains of the late Clarence P. Aston was made in Ross Bay cemetery on Friday afternoon. The cortege left the Hanna parlors at 1:45 and proceeded to Christ Church cathedral, where Bishop Perrin conducted an appropriate service. There was a large attendance of friends, the members of the Carman's Union, with which the deceased was for many years associated, being present in a body. The funeral services were numerous and beautiful. The following representing the union, acted as pallbearers: W. Gibson, H. B. Duff, W. Dunlop, M. Brinkman and S. Law.

PORTLAND HORSE SHOW. Portland, Ore., Oct. 1.—With the entries for the fourth annual horse show of the Portland Hunt Club closed, Secretary Lamont to-day said that 400 high class horses will be shown. The show will be held in the Oriental building on the Lewis & Clarke fair grounds, October 12, 14 and 15. The entries this year are practically double last year's list.

Not only have the Portland horse lovers invested in high bred animals, but Seattle, Tacoma, Vancouver and other northwestern points will send the best horses available.

There are 25 pounds of blood in the body of an average grown-up person, and each pulsation the heart moves 10 pounds.

HUNDRED REPORTED KILLED IN MINE

(Times Leased Wire.) San Antonio, Texas, Oct. 1.—It is reported that a hundred miners were killed in an explosion of fire damp in a mine at Palan, Mexico, to-day. A special train bearing nurses and physicians left for the scene of the accident.

Details of the disaster at Palan will not be obtainable until the relief train arrives. This is the second explosion in the Las Esperanzas district.

Interment of the remains of the late Clarence P. Aston was made in Ross Bay cemetery on Friday afternoon. The cortege left the Hanna parlors at 1:45 and proceeded to Christ Church cathedral, where Bishop Perrin conducted an appropriate service. There was a large attendance of friends, the members of the Carman's Union, with which the deceased was for many years associated, being present in a body. The funeral services were numerous and beautiful. The following representing the union, acted as pallbearers: W. Gibson, H. B. Duff, W. Dunlop, M. Brinkman and S. Law.

PORTLAND HORSE SHOW

Portland, Ore., Oct. 1.—With the entries for the fourth annual horse show of the Portland Hunt Club closed, Secretary Lamont to-day said that 400 high class horses will be shown. The show will be held in the Oriental building on the Lewis & Clarke fair grounds, October 12, 14 and 15. The entries this year are practically double last year's list.

Not only have the Portland horse lovers invested in high bred animals, but Seattle, Tacoma, Vancouver and other northwestern points will send the best horses available.

There are 25 pounds of blood in the body of an average grown-up person, and each pulsation the heart moves 10 pounds.

WORK DONE BY DEFT FINGERS

(Times Leased Wire.) In the professional needlework exhibit, Signora Elia Claudio, who made the only entry, was awarded a silver medal. Her booth is simply a marvel of what beautiful results can be attained by the use of the needle. There is a vast lot of variety in the assortment of ladies' underwear, besides sheets, pillowcases, tea-cloths, dresser scarfs, etc., all most elaborately hand-sewn.

The domestic science department, judged by Miss Brown, is an exceptionally fine exhibit, covering every line of household sewing, bread, ice-cream, jellies, bottled fruits, pickles and what not. Miss Margaret Brown has won first prize with a very tempting fruit cake, which is very nicely exhibited in a glass case.

The competition by girls under fifteen was very keen and most creditable. Cookery in all its branches is to be found attractively displayed, and compared favorably with that of the older ladies. Some very light biscuits by Miss Muriel Grant and Miss Margaret Kinney carried off the first and second prizes. Mrs. Mabel Miller secured for a maple leaf design.

Only two tea-cosies were entered. Mrs. Charles McKinney won first prize with a dainty pink silk cosy with embroidered linen covers, and Mrs. M. E. Creed second with a very elaborate affair of silk embroidery and tinsel.

Mr. Robert Dunn was also a winner of first prize for a lovely lingerie set of white linen done in eyelet embroidery.

There were no less than nineteen prizes offered by different flour millers. The competition in bread was very keen. In the Lake of the Woods ("Five Roses") exhibit, there were thirty-five entries, all of which were of a high class. Mrs. J. J. Robt. won first and Mrs. L. Gustaf second.

In the general class of any flour there were thirty-four entries. Mrs. Van Arum and Mrs. Durand were first and second.

The "Robit Hood" flour exhibit showed twelve entries, with Mrs. E. M. Borgart and Mrs. A. McKinnon winners.

Owing perhaps to the fact that a sliver of cake instead of a cash prize was offered by the "Five Roses" flour, there were only a few entries. Mrs. A. Sharp and Mrs. L. Gustaf were winners.

In the "Royal Household" exhibit there were twenty entries. Mrs. M. H. Durand and Miss Irene Bannerman as successful competitors.

In Boston brown bread the showing was small. Mrs. J. Sherburne and Mrs. McKenney were first and second. In ordinary brown bread Mrs. W. E. Heale and Mrs. McKenney were winners.

SCHOONER ALLEN A. WAS AFIRE AT SEA Put Back to Land Injured Captain and Cook—Bound for Chemainus

Twenty days from San Francisco, the American schooner Allen A., Captain Shipsey, sailed up to an anchorage off the outer wharf this morning and will be towed up to Chemainus mills to load lumber for Dutch harbor.

The Allen A. experienced a heavy weather off the coast of Oregon, but got into the straits on Wednesday, with a S. E. wind helping her just in time to escape the storm which sprang up from that direction and delayed the Holt Line steamer. The schooner first left San Francisco, riding light, for Chemainus on September 3rd, and was on fire shortly after leaving the Golden Gate. Her forecastle being burned, Capt. Hendrickson and the ship's cook were both injured, and the Allen A. put back to San Francisco to land them. Capt. Shipsey took command and the schooner left again on the 8th.

TWO KILLED IN WRECK. Aberdeen, Sept. 30.—R. Fitzgerald, fireman, of 514 Bowdoin place, Seattle; Jesse Z. Barney, trainman, were killed, and Arthur J. Lamb, engineer, and W. A. Johnson and J. Kennedy, brakemen, were seriously injured when the engine and caboose of a freight train on the Oregon & Washington railroad overturned two miles east of Cosmopolis, Cal. The accident was caused by the sliding of the tracks under the cars. The track is new and has not yet fully settled.

FAST TRAVELLING. Windsor, Ont., Oct. 1.—The Michigan Central has added to its record-breaking runs with fast trains, covering the distance between St. Thomas and Windsor on the Canada Southern division 113 miles in 92 minutes. The average for the run figures as just 80 miles per hour; but part of the distance was negotiated at 88 miles per hour.

ROOSEVELT AND TARIFF. New York, Oct. 1.—Friends of Col. Roosevelt yesterday declared that he was greatly disappointed over the adoption of the tariff plank by the Republican state convention at Saratoga. It is understood that the use of the word "tariff" was his personal views, but struck the leaders opposed to any tariff structure.

TWO SERIOUS CASES FOR TRIAL IN VICTORIA

List of Counsel's Names as Crown Prosecutors at Various Assize Centres

On Wednesday next, October 5, the fall Assize court at Victoria will be convened. The docket is a small one, there being but two cases set for trial, but they are both serious—Rex vs. Allen, murder; Rex vs. Wood, manslaughter. J. A. Aikman will act as crown prosecutor at the Victoria Assizes. The docket is a heavy one at Vancouver, Kamloops and Clinton.

H. A. Maclean, K. C., will be crown prosecutor at Clinton; A. H. MacNeil, K. C., at Vancouver; F. J. Fulton, K. C., at Kamloops; H. S. Calley, at Nanaimo; C. E. Gillen, at Revelstoke; K. C. Hamilton, K. C., at Nelson, and G. H. Barnard, K. C., M. E., at Fernie.

Before closing let me mention an incident of my visit to the main hall, just for what you may consider it worth and without comment. A middle-aged lady—you can't get away from the ladies at the fair—greeted a matron of fifty summers.

"Having a good time, Mrs. So-and-So?"

"Certainly am. How are you enjoying yourself, Miss Nameless?"

"Splendidly. I've been around the demonstration booth so far I've had four pancakes made of Plinko flour, one of Dinko self-raising mixture, three cups of coffee, and I would have had a glass of beer if Mrs. White hadn't been standing near the booth. I've also got all kinds of literature, six almanacs, a tin cow that stands up by itself."

But the rest of the conversation doesn't matter. If you, my dear reader, do not go to the exhibition you will hear it also, and perhaps you will find that it is not the wonderful gathering of a thousand products, but the display of industry and commercial exhibits, that really draws the crowd. It is the inheritance of the race, the savage's love for excitement, show and society that civilization has not eradicated, which packs the street cars and turns the usually quiet grounds by the mill into a white man's potluck of the grotesque proportions. This is the psychological reason for the Victoria exhibition as found by an Observer.

APPOINTMENTS—Several New Companies Incorporated.

(From Friday's Daily.) This week's B. C. Gazette contains the following appointments: John Gilmour Hay, Vancouver; Ropid McMillan, North Vancouver, and Noble Bines, Trail, to be notaries public.

D. P. Roberts, Vancouver, to be inspector under the "Electrical Energy Inspection Act."

John Conway, Stewart, mining recorder, to be a deputy mining recorder for the Skeena River mining division.

Thomas W. Mount, Nanaimo, official scaler, to be an assistant supervisor of sealers.

Donald McLean and John Stewart, J. P., Ladysmith, to be members of the board of directors of the Ladysmith General Hospital.

The resignation of Richard H. Hale, Quathlanish, to be a member of the Justice of the Peace, has been accepted.

Notices have been issued inviting the shareholders of the Victoria Terminal Railway & Ferry Co. and the Victoria & Sidney Railway Co. to attend the annual meetings of these corporations, to be held at the companies' offices here on October 29th.
