JAPANESE WISHES NOT GRANTED BY CONFERENCE; ITALIAN REINFORCEMENTS POURING INTO FIUME; RAILWAY BILL CLOSURED TO THIRD READING

Japs' Cause Argued By Makino

Argues That Equality of Nations Should be Fundamental Principle of the League of Nations.

THE RACE QUESTION MIGHT BECOME ACUTE

Military Conditions Which Are Imposed Upon the League Make Equality Between Members Necessary.

Paris, April 28.—Baron Makino, of the Japanese delegation, following President Wilson at the plenary session today proposed the Japanese amendment for racial equality. He said there was a possibility of the race question becoming acute, and that equality of nations should be a fundamental principle of the League of Nations. He regretted, he said, that President Wilson's speech had not been translated. It was the first time, he declared, that any delegate had overlooked the formality of a translation.

Baron Makino said the original Japanese amendment asked for just and equal treatment of all subjects of states members of the league. He made it clear that the clause he was presenting enunciated a principle only and left its application to the governments concerned. The Japanese invited the governments merely to recognize the seriousness of the question. The military conditions imposed upon the league, he said, had made equality between the members of the league necessary. Continuing, Baron Makino reminded the conference that the amendments presented to the league committee April 11, asserting equality of nations, were rejected, although there was a strong majority in its favor. He said he now took the opportunity to declare plainly the Japanese position expressed in the amendment declaring that equality of nations should be a fundamental principle of the league, the high contracting parties agreeing to afford subjects of member nations equal and just treatment, without any discrimination against other race or nationality.

In an age of democracy, Baron Makino said, the people themselves must see that they are the guardians of these principles. If that idea were rejected, then their faith in the justice and righteousness which were the guiding principles of the league would be shaken. He said he felt it his duty to express regret over the failure of the committee to do justice to the Japanese demands which were based on a deep-rooted national conviction.

CARTERS CLAIM THEY WERE TRICKED

Montreal Strikers Are Desperate and Intimate Serious Things Today.

Montreal, April 28.—Claiming that they have been tricked by the masters and rendered desperate by hunger, a determined handful of carters, some six or seven hundred in number, waited until nearly midnight tonight to hear the result of a meeting of the master carters at the Windsor Hotel here. No report was forthcoming, and the men decided to picket the city tomorrow and make the strike as general as it was last week when business was nearly brought to a standstill.

The trouble arose when the men reported for work this morning, and were informed that there was no agreement covering a nine hour day, and that they were liberty to return to work under conditions prevalent before the strike.

The strikers were informed tonight that no riot would be escorted by policemen as was the case last week.

German Delegates To Peace Congress Arrived Sixty Strong

Verailles, April 28.—(Havas)—The German delegates to the Peace Congress arrived here this evening at nine o'clock. The party numbered sixty. Immediately upon their arrival the delegates were taken in automobiles to the Hotel des Reservoirs. There was no untoward incident.

JAPAN'S WISHES NOT GRANTED BY CONFERENCE

League of Nations to Settle Racial Equality Dispute and France's Plea for International Police Force.

TWO MOMENTOUS CLAUSES IN TREATY

Calling for Trial of Former Emperor by International Tribunal and German Officers by Military Courts.

New York, April 28.—The Associated Press tonight issued the following: The revised covenant of the League of Nations has finally been adopted at a plenary session of the peace conference. Sir Eric Drummond is to be the first secretary-general of the league, the headquarters of which will be at Geneva, Switzerland. Japan's ambitions for a clause in the covenant dealing with racial equality were not satisfied, and the desire of France for an international police force and limitation and verification of armaments were not fulfilled. Both Japan and France withdrew their proposed amendments, and it is reported that the League of Nations itself later will pass upon the merits of the respective claims.

Incorporated in the peace treaty which is shortly to be delivered into the hands of the German delegates at Versailles, are two momentous clauses. These call for the trial of the former German Emperor by an international tribunal, consisting of five judges, on a charge of a "supreme offence against international morality and the sanctity of treaties," and for the surrender of William II, Kaiser of Germany, who may be accused of having violated the laws and customs of war.

The German peace delegation is reported to have left Germany for Versailles to receive the peace treaty, which is virtually complete. The only big issue still remaining is the one relating to the former Emperor, who is now in Holland, and of other persons required by the courts to be demanded by the powers.

The German peace delegation is reported to have left Germany for Versailles to receive the peace treaty, which is virtually complete. The only big issue still remaining is the one relating to the former Emperor, who is now in Holland, and of other persons required by the courts to be demanded by the powers.

HINES ESTABLISHES NEW S. S. LINE

A Necessary Measure to Restore Pre-war Transportation Conditions.

Washington, April 28.—Establishment of a steamship line between Buffalo, Chicago and Milwaukee to operate in connection with railroad lines to and from Buffalo and western trunk lines beyond Chicago and Milwaukee, has been ordered by Director-General Hines, as a measure to restore pre-war transportation conditions.

COMMISSION TO VISIT EGYPT

London, April 28.—The Government is considering the sending of a special commission, headed by Viscount Milner, secretary for the colonies to Egypt, in order to ascertain what changes are necessary in the constitution of the protectorate.

STRASBURGH CENSUS

Strasbourg, April 28.—(French Wireless Service)—The census taken here under the direction of the French authorities, has been completed and shows that fifty-nine per cent. of the population is Alsatian, that ten per cent. were born of German-Alsatian parents, and that twenty-eight per cent. are Germans. The remaining three per cent. of the inhabitants belong to different nationalities.

Plenary Session of Peace Conference Adopts Covenant Of League Without Amendment

The League of Nations Work of Politicians Not of Jurists

Washington, April 28.—The constitution of the League of Nations is the work of politicians, not of jurists, and it creates an organ of power instead of an institution, of Leon Bourgeois, a former premier, and ambassador to Germany declared here today, in an address given under the auspices of George Washington University.

Paris, April 28.—The revised covenant of the League of Nations was adopted by the plenary session of the Peace Conference this afternoon without division and without amendment. The covenant had been moved by President Wilson, in his speech, explaining the revised covenant of the League of Nations said that Sir Eric Drummond, of Great Britain, had been named as the first secretary-general of the League.

Paris, April 28.—Regarding the composition of the executive council, the president said that Belgium, Brazil, Greece and Spain would be represented on the council, in addition to the five great powers, until a permanent choice had been made.

WIND RETARDS CAPT. RAYNHAM FROM "HOP OFF"

A Twenty-five Mile Wind from Southeast Prevented Start of Trans-Atlantic Flight.

St. John's, Nfld., April 28.—A cross wind, sweeping at 25 miles an hour from the southwest, was the only thing which prevented a "hop-off" in the trans-Atlantic flight of Captain Frederick P. Raynham in his Martinie seaplane from Mount Pearl Plateau today.

The British aviator and his navigator, Captain Charles W. F. Morgan, stood by their craft for three hours, ready to start at the first favorable shift in the wind but abandoned hope at dusk when it became certain that landing on the "other side," figuring on 24 hours crossing, would have to be made in darkness.

It is believed here that tomorrow will see Raynham off on his flight, as weather conditions are still holding good, and predictions are that the wind will sweep enough to allow the start.

Harry Hawker's big Sopwith plane was not in readiness as the Australian aviator and his navigator, Commander McKenzon, were at the airport waiting for their aircraft at Quidi-Vidi testing out a new propeller and warming up the engine.

The wind, which was unfavorable for Raynham at the Mount Pearl, would have made possible a start for Hawker had he been ready for flight.

BELGIANS INSIST UPON PLACING THE RESPONSIBILITY

Refuse to Attend Socialist Congress Unless Delegates Agree to Discuss the Question of Responsibility for the War.

Amsterdam, April 28.—The executive committee of the International Socialist Congress at a meeting here yesterday agreed that the question of responsibility for the war should be discussed again at the conference to be held in the next few months at Lucerne, Switzerland. It was only on this condition that the Belgian delegates would attend.

Washington, April 28.—The constitution of the League of Nations is the work of politicians, not of jurists, and it creates an organ of power instead of an institution, of Leon Bourgeois, a former premier, and ambassador to Germany declared here today, in an address given under the auspices of George Washington University.

Paris, April 28.—Regarding the composition of the executive council, the president said that Belgium, Brazil, Greece and Spain would be represented on the council, in addition to the five great powers, until a permanent choice had been made.

Italians Say Rumors Were False

Deny Reports That Posters Announcing the Annexation of Fiume by Italy Had Been Posted in Rome by Official Order.

Paris, April 28.—(French Wireless Service)—Denial that posters announcing the annexation of Fiume by Italy had appeared in Rome by official order before President Wilson issued his recent statement on the Adriatic question was made by the Italian delegation here in a note sent to the newspapers today.

"Persons near President Wilson have asserted that what decided him to publish his message was the news that, while the Italian delegation was discussing the Adriatic problem, placards proclaiming the annexation of Fiume had been posted up in the streets of Rome by the order of Premier Orlando. This is absolutely false."

"Patriotic associations in Italy have for months past been issuing placards demanding not only the annexation of Fiume but of the entire Adriatic coast. They were never ordered to do so by the government."

"When President Wilson visited Rome he could have verified the facts (presumably as to the long previous existence of such posters), as the decorations of the city included placards bearing the legend 'viva Fiume,' 'viva Spalato Italiani.'"

Believed Manager Lost His Life in Sydney Hotel Fire

John I. Robinson Has Not Been Seen Since the Start of the Fire Which Destroyed the Property.

Sydney, N.S., April 28.—It is believed that John I. Robinson, manager of the Sydney Hotel, lost his life in the fire which totally destroyed the hotel last night, as he has not been seen since the fire started. The absence of wind was the only thing that saved the business district of Sydney being fire swept, and a fire wall prevented the Royal Bank building from being destroyed. It was only about five minutes after smoke was first seen pouring from the basement that the whole building was beclouded. A bell boy telephoned the fire department, and he stated that Mr. Robinson went upstairs. Many of the guests escaped only in their night attire, and the majority lost all their effects. There was little opportunity to save anything other than from the front rooms. The hotel was built about 25 years ago, and was of frame construction. Dry and tinder-like, the

derstood that they have been left for decision by the League of Nations itself.

The text of the labor principles for insertion in the treaty was adopted by the Conference adjourned without considering responsibilities.

THE SLAYER OF LIEBKNECHT TO HAVE TRIAL

A Reward of 3,000 Marks Offered for the Arrest of Murderer of Herr Neuring, War Minister of Saxony.

Berlin, Sunday, April 27.—(By The Associated Press)—The trial of the alleged murderer of Dr. Karl Liebknecht and Rosa Luxemburg, has been set for Thursday, May 8, in the old Moabit criminal court. With few exceptions, the only visitors to be permitted in the court room during the trial will be relatives of the accused and newspapers. It is expected that a reward of 3,000 marks has been offered for the arrest of the murderer of Herr Neuring, the war minister of the government of Saxony, who was killed at Dresden on April 12, during a demonstration by disgruntled soldiers to whom the minister had refused a hearing.

NEGROES RUN AMUCK DURING 26TH PARADE

Boston, April 26.—One man was stabbed to death and seven others were cut or beaten Friday when a parade guard attempted to quiet two negroes who were interfering with spectators of the parade of the 26th Division as it passed down Columbus avenue in Boston. A boy was shot in the leg and a number of women faint.

The police charge that the negroes elbowed their way down Columbus avenue from Dartmouth street, pushing and shoving their way through the crowd on the sidewalk. When a guard knocked down one of the men, according to the police, he drew a revolver and his companion pulled out a knife, and then started to fight their way through the crowd.

Dominic Vasa, one of the negroes, alleged to have placed his revolver against the chest of Thomas Breen, of the Dorchester district, and pulled the trigger. The weapon missed fire and Breen pushed it aside. The negro pulled again and a bullet entered the leg of Breen's son Paul, 16 years old. A number of men closed on Vasa, while his companion Manuel Smith, the police claim, drew a knife and slashed his way to Vasa's side. The negroes were crowded into a doorway where they fought with an angry crowd of police, navy guards and men who had been watching the parade. flames easily poured throughout the whole three stories, and the firemen could only devote their efforts to keeping the flames within the building. The loss is estimated at \$150,000 and well covered by insurance.

159,144 TROOPS DEMOBILIZED UP TO APRIL 15

The Delay in Demobilization Has Been Caused by the Strikes at Liverpool Which Held up Shipping.

41,000 BROUGHT HOME DURING MARCH

Situation is Quite Uncertain Today as Regards Hustling Men Home Because of Scarcity of Sailings.

Ottawa, April 28.—Sir Thomas White stated in the House today in reply to Mr. James Robb, that the vouchers for \$115,000,000 of militia expenditures, unaccounted for in the general report, had just arrived in Canada, and that there were several carloads of them. For the most part they were pay allowances, and General Pielou explained in a letter that an audit had been made overseas.

Major General Mewburn made a statement regarding the delay in the demobilization of troops, which had taken place lately. He stated that this was due to strikes in Liverpool. From the date of the signing of the armistice until April 15 there had been demobilized in Canada 159,144 troops of all ranks. During March over 41,000 had been brought home to Canada and on April 16 there were still 148,000 overseas. The expectation had been that 48,000 men would have been demobilized during April, and that this would be increased with the opening of the St. Lawrence. However, owing to the serious strike at Liverpool there had been some delay in the sailing of ships, and the situation is quite uncertain. It was very trying to the soldiers overseas and it might create congestion at Halifax and at Quebec. Meanwhile, every possible effort is being made to meet the situation.

Hon. N. W. Howell made a statement regarding Canadian mails which had arrived on ships which landed at Halifax, and then proceeded to New York with these mails. He said that, from the date of the opening of the navigation, the greater part of the mails for Canada had been coming via New York. The mails which had been referred to were on steamers, the regular route of which was from Liverpool to New York, but special arrangements had been made for them to carry Canadian troops. The post office department was not aware that Canadians were on these ships, otherwise arrangements would have been made to land the mails at Halifax. The British post office department had been communicated with.

Sir Thomas White stated in reply to Mr. J. H. Sinclair that the following was collected from the business profit tax:

1916-17, \$12,506,516; 1917-18, \$21,271,083; 1918-19, \$32,970,001.

The police say that Smith plunged his knife into Marshall, who died shortly afterward. Joseph Linnach and Joseph Henobar were severely cut about the shoulders and chest and were taken to a hospital. Others less seriously cut were Thomas Breen, Archie Simmons of Brooklyn, N.Y., a shipping board sailor, and Christian Tucker.

Patrolman James M. King and other officers clubbed Smith and Vasa into submission. King wrenched the knife from Smith. The policemen had some difficulty in getting the negroes away from the crowd.

The negroes, who said they were brothers and came from Cape Verde Islands, were charged with the murder of Marshall and lesser crimes. The difference of surname they explained by saying Smith had taken his mother's name.

HOOVER TALKS ON EUROPEAN FAMINE

Situation That Was Inevitable After the War is Now in Its Worst Phase, He Declares—Will be Big Fight to Keep Body and Soul Together Until Next Harvest.

Paris, April 27.—In the harvest year from August, 1918, to August, 1919, Europe must import 20,000,000 tons of foodstuffs from overseas, and to meet this there is available a total of about 5,000,000 tons. Herbert Hoover, permanent chairman of the food section of the supreme economic council, said today in reviewing the present world food situation. The available supply is sufficient to meet the needs of Europe, but shipping conditions are not satisfactory on account of strikes in many countries, and, as a result, there is no question that the entire American surplus will be absorbed. In fact, Mr. Hoover

Liberals Opposing Ry. Bill

Bill Closed to Third Reading at Two O'clock This Morning, Opposition Obstructing to the Last.

MELODRAMATICS FAIL TO MATERIALIZE

Opposition Threatened a Protest Against Closure by Marching Out of Chamber, But Lost Courage.

Ottawa, Ont., April 29.—The Government's bill incorporating the Canadian National Railways Company, was closed to a third reading at 2 o'clock this morning. The Opposition obstructed the measure to the last, and although limited by the rules to twenty minute speeches, they put up a plan after man, and indulged in a seemingly endless procession of complaints and criticisms until at two o'clock closure automatically and mercifully dammed the stream of talk.

Early in the day rumors were in circulation that the Opposition would stage a melo-dramatic protest against closure by marching out of the chamber in a body, but, as the evening wore on into morning, the threatened demonstration failed to materialize, and the discussion, taken as a whole, was productive of nothing sensational.

The attack of the Opposition disclosed not a thing that was new. Although on Friday Hon. J. Burgoyne made many intimations about land transactions, and hinted at disloyal ownership, there was no attempt today to back up such innuendo, and for the most part, their speeches were in the nature of veiled attacks against public ownership. Man after man was challenged by government speakers to say whether he was in favor of or against the people of Canada owning Canadian railways, but, with the solitary exception of one speaker, Mr. Euler, of North Waterloo, none was prepared to accept the challenge.

This, in fact, was the outstanding feature in the debate. Professing devotion to Liberalism and to be the special friends of the West, the Opposition was seen in the remarkable position of fighting a clause in the authorizing of charters to give the West more railways and obstructing a bill embodying the most liberal policy brought before parliament in years.

The Western Unionists, particularly Liberal Unionists, were not slow to perceive this exhibition of sham liberalism, and several of them felt called upon to deal with it sternly.

PROVIDE EMPLOYMENT TO RETURNED ANZACS

Melbourne, Aus., April 28.—A bill involving an expenditure of struction involving an expenditure of nearly 12,000,000, and offering ample employment to returned Anzacs, has been approved by a joint commission for the states of Victoria and New South Wales, Australia.

DYES TO BE GERMAN WEAPON IN TRADE WAR, SAYS GARVAN

Alien Property Custodian Declares She Will Use Chemicals to Win Back World Peace.

Industrial Germany, depending on the alleged necessity of the world for dyes, is going to use the dye industry as a club to force her way back into commercial society.

Francis P. Garvan, Alien Property Custodian, told the delegates of the National Association of Cotton Manufacturers at their annual convention at the Baltimore Hotel, New York, Friday night.

"The hidden side of the war," he made a strong appeal to the cotton men to support the American dye industry.

"At this moment," he said, "the four men best fitted to conduct a ruthless economic war upon this country, the four men who planned, investigated and paid for all the black history of lawlessness under which we suffered for two and a half years—Albert Brubaker, Roy Ed and Bernstorff—are the helm-men of the present German government."

To fight the German dye industry's enslavement of American business, Mr. Garvan said, the Chemical Foundation had been formed as a quasi-trustee corporation to take over 4,500 of the German patents held in this country on dye processes.

He explained that the aims of this body would be to license to Americans such patents as may be utilized, to give pitiless publicity to future attempts at espionage or propaganda by the Germans and to encourage and foster chemical research by working for co-operation among the chemists of the various manufacturing.

He declared that the Chemical Foundation answered with a challenge the statement of Dr. Albert and Count von Bernstorff in their reports to their government, that America could never establish the dye and pharmaceutical industry in this country as Americans lacked the moral power for such creative industry.

Mr. Garvan warned the audience that industrial Germany, the first to see defeat, forced the military peace in order that, with her industrial equipment intact, she might continue to wage that same war by intensified and concentrated economic measures.

Her methods, he said, are the same in peace and in war, to destroy her business competitors.

He asserted Germany counts upon the dye industry to maintain her chemical supremacy, and has laid out for it a programme of state protection and aid which would startle America.

Today, according to Mr. Garvan, America's own young industry stands in direct competition with the great I. G. Cartel, the combination of all the German dye and chemical companies, subsidized by the entire strength and wealth of Germany.

Dye Factories Yielded Explosives.

In appealing for the support of America's own industries, he averred that eighty per cent of the explosives and all of the poisoned gas used by the Germans in their war was manufactured by their dye factories.

"Unless your armies and your navies," he declared, "are less your own and more the product of a means of a developed dye industry you keep abreast with modern chemical warfare."

"The dye industry has had, and now has, another great function in Germany's machine. It was, and is, the basis of her espionage and propaganda system."

We had in this country the Orensheim Arthur-Kopp Company, a German concern owning a large plant at Cooper, near Pittsburgh. The chief business of that company was the manufacture and installation of narrow gauge railways, dump-cars, tractors, cranes, and machinery of a similar sort used in large industrial plants.

"For twenty years it has put in bids based upon the plans and specifications of every big industrial plant built in this country, and for that same twenty years, blueprints of these specifications and floor plans and elevations have gone on file in the government office in Berlin."

Insurance Companies' Spies.

In this country we had eighteen branches of German insurance companies, largely engaged in the reinsurance business, and these companies collected for their own use detailed plans of all property insured.

STRANGE CASE OF MAJOR SETON AND COL. RUTHERFORD IN THE LONDON COURTS

On April 9 a British court declared insane Lieut. Col. Norman Cecil Rutherford, Major trial for the murder, Jan. 13, of Major Miles Charles Seton, who had had him a month before.

The social standing of the persons involved and the extraordinary circumstances of the crime itself had combined to create an extraordinary interest in the case.

The fact that Colonel Rutherford's mental condition is attributed to shell shock, instead of insanity, is a point of interest.

The testimony of an alienist that Colonel Rutherford had been a month before the tragedy that he had had a realistic dream in which he killed Major Seton, and that he woke from this dream trembling and terrified.

Cable dispatches about the middle of January reported that on the evening of Jan. 13, Major Miles Charles Seton, K. C. B., was shot and killed at the residence of his cousin, Sir Malcolm Cotter Seton, Secretary of the Judicial and Public Department of the India Office.

A coroner's jury on Jan. 24, brought in a verdict of willful murder against Colonel Rutherford, based on circumstantial evidence.

Mr. Garvan declared the head of that system in this country for years before the war was Dr. Hugo Schwelzer, president of the Bayer Company, whose secret service number given to him by the Imperial Minister of War, was 963,192,687.

Dr. Schwelzer, turned over to Schwelzer in January, 1917, \$1,175,882.08, and February 2, \$300,000 to be used in espionage and propaganda.

"But that is not the worst," he continued, "at Borota, N. J., in the New Jersey Agricultural Experiment Station, Dr. Schwelzer employed Dr. Walter Schele, who was the inventor of the little town of New Jersey, in 1913, of chemical warfare."

Dr. Schwelzer laid out the plans for the preparation of the bombs.

Another resolution passed demanded all government restrictions on private business not found necessary during the war be immediately removed.

A resolution was adopted declaring America can best solve the unemployment problem by increasing its cost of production, so that the work at high wages can be provided for the greatest number of citizens.

Hood's Sarsaparilla the great constructive medicine. It creates an appetite, aids digestion, and perfects assimilation of all food.

So that your blood and body receive the benefit of 100 per cent. of this nourishing food.

This rapidly restores your reserve strength, naturally bringing about normal conditions of health.

Hood's Pills are a fine family cathartic, gentle and effective.

FACE WAS FULL OF PIMPLES

For Three Years, Hard and Awfully Sore, Disfigured, Cuticura Heals.

"I had been suffering with a pimply face for three years. My face was full of pimples and they were hard and awfully sore. They feasted and dried up, and were itchy, and disfigured my face. They caused me to lose a lot of sleep, and were awfully itchy, making me scratch and irritate my face."

"I started to use Cuticura Soap and Ointment and I used two cakes of Cuticura Soap and two boxes of Cuticura Ointment when I was healed." (Signed) Clifford Weyman, East Chesham, N. S.

Use Cuticura for every-day toilet purposes. Baths with Soap, good with Ointment, dust with Talcum.

By the way, apply each of Cuticura Soap, Ointment, and Talcum, to the face, neck, chest, back, arms, legs, and everywhere.

"It's no use running to the painter's every time we wash a little thing," remarked young Bob Doot, in an off-hand style to his parents.

"There!" said young Doot, in a voice hoarse with disgust, as he waved his hand in the direction of the dull and sticky door, "that's the stuff I bought from you."

"You're markin' up the wrong tree," "You're barkin' up the wrong tree, examined the tin. "This is like the tin what you had last night, but it ain't like the stuff. This 'ere's treacle!"

And then it dawned on the amateur decorator that he had mixed the tins.

Explained.

Young Jones was very fond of reading about his mother and father and to his admiring younger brothers and sisters, and explaining difficult passages.

"But, Jack," interrupted his sister, "no clock could strike five minutes past twelve!"

"No clock could strike five minutes past twelve," snapped Jones; "of course it could. It was five minutes slow."

SPORTING GOSSIP

Willie Ritchie Saved By Referee

Benny Leonard, Lightweight Champion, Had Californian on the Ropes When Fight Was Stopped in Newark Last Night.

Newark, N. J., April 28.—Willie Ritchie, of San Francisco, was saved by the referee from a knockout at the hands of Benny Leonard, lightweight champion, 40 seconds before the end of the eighth and final round of a bout here tonight.

Leonard receives credit for a technical knockout. Ritchie fought gamely throughout the contest which was snafu all the way. Leonard floored him in the second round and punished him severely in the seventh. The men had agreed to weigh in at 3 o'clock at 135 pounds but Ritchie weighed 138 1/2 pounds and Leonard 136. Each was probably a pound heavier at ring time.

Leonard had the better of every round with the exception of the third in which Ritchie sent effective right hand blows to the body but went to his corner himself with his nose bleeding from a hard right. Ritchie started to carry the fighting to his opponent but when he let up Leonard kept right after him, giving him no rest. Leonard sent Ritchie down for a count of nine in the second with a right upper cut. Three seconds after he rose the bell rang ending the round.

In the fourth Leonard landed several hard lefts and Ritchie appeared all in, but came back in the fifth, trying to force the pace. Leonard took the aggressive in the sixth and staggered his opponent in the seventh when he landed a right to the stomach followed by a right cross to the jaw. Leonard sent a cross right and left but Ritchie again came back for more. In the eighth Leonard hooked his left to the head quickly. A left to the jaw sent Ritchie down for a count of nine for the second time in the contest. As he rose Leonard jumped at him with right and left anxious to send a decisive blow across before the final bell rang. The referee interposed as Ritchie was hanging on the ropes.

THE ATHLETIC AND MUSICAL PROGRAM

Large Audience at Y. M. C. I. Enjoyed Number of Events Under Auspices of Army Huts.

The athletic and musical entertainment in the Y. M. C. I. last evening, under the auspices of the Knights of Columbus Catholic Army Huts, in furtherance of their work among the soldiers, was a significant success in its every feature.

Those who contributed to the musical end of the entertainment were laudably received, and were forced to respond to encores. John P. O'Neill, Gregory Ward, and Gerald O'Neill added much to this feature of the entertainment.

Those figuring in the calisthenic and athletic exercises were: Messrs. Burns, Campbell, McManus, Phinney, Breen, Borden, Rodgers and Barrett. All the participants received much applause from a large and appreciative audience, who confirmed the opinion that the entertainment was a success.

Wm. McNulty, James L. McNulty and Secretary Mahoney of the Y. M. C. I. but officiated. It is hoped to stage a like performance in the near future as last evening's production was quite successful.

MOHR KNOCKED OUT

Akron, Ohio, April 28.—Johnny Griffiths, of Akron, knocked out Walter Mohr, New York welterweight, in the eighth round of a scheduled 12 round bout here tonight. Mohr substituted for Willie Loughlin, of Philadelphia, who is ill with pneumonia.

REGULATING BOXING

Washington, April 28.—The Senate tonight by a vote of 33 to 12, passed finally the bill regulating boxing and wrestling contests and creating a "State athletic commission to have supervision over such concerns." The bill now goes to the House.

SPORTING GOSSIP

Big League Baseball Games

NATIONAL LEAGUE. New York 5; Boston 4. Boston, April 28.—Burns made a single, a two-bagger and a three-bagger in five times at bat, and was largely responsible for New York's win from Boston, 5 to 4, today. His catch of Wilson's long drive in the eighth, with three on bases, shut off Boston runs. The Braves rallied in the ninth, but after they had scored three runs Benton relieved Causey in the box and forced King, a pinch-hitter, to ground out. The score: New York..... 002010020—5 1 Boston..... 000100009—4 11 4 Causey, Benton and McCarty; Randolph and Wilson.

Brooklyn 10; Philadelphia 1. Philadelphia, Pa., April 28.—Brooklyn continued its winning streak today by a 10 to 1 victory over Philadelphia in the opening game of the series. The visitors clinched the contest in the first inning by three runs on hand and consecutive hitting, continuing it in the second and driving Prendergast from the box. Woodward was but little improved and the visitors hit his delivery intermittently through the remainder of the game. Meanwhile Pfeffer held the Philadelphia safe except in the sixth when Baird drove the ball over the right field wall, saving a shut-out. The score: Brooklyn..... 320011020—10 1 0 Philadelphia..... 000001000—1 9 2 Pfeffer and Krueger; Prendergast, Woodward and Adams.

Postponed Games

Chicago, April 28.—Chicago-St. Louis game postponed, wet grounds. Cincinnati, April 28.—Cincinnati-Pittsburgh game postponed, rain.

AMERICAN LEAGUE

Boston 6; Washington 5. Washington, April 28.—Bunching hits off Johnson in two innings, Boston beat Washington 6 to 5 here today in the second game of the series. Mays received poor support, only one of Washington's runs being earned. The score: Boston..... 000000030—6 10 4 Washington..... 002001020—5 8 1 Mays and Schanz; Johnson and Agnew, Plinch.

New York 3; Philadelphia 2. New York, April 28.—New York won its first of the season here today, defeating Philadelphia in twelve innings by a score of 3 to 2. It was the third straight extra inning game played by Philadelphia since the opening of the season.

The hitting of Vick, a New York youngster, turned the tide for New York, after Philadelphia let up in the eighth inning. His triple in that inning started a rally which enabled the New Yorkers to tie the score. He tripled again in the twelfth and scored the winning run, when Peckinpaugh bunted safely on a squeeze play.

Pitcher Perry struck out five times, three times by Quinlan and twice by Shawkey. The score: Philadelphia..... 01000100000—3 9 3 New York..... 00000002001—3 10 9 Perry and Perkins; Quinlan, Shawkey and Ruel.

Postponed Games

Detroit, April 28.—Detroit-Chicago game postponed, wet grounds. St. Louis, Mo., April 28.—St. Louis-Cleveland game postponed, wet grounds.

ZBYSKO DEFEATS LEWIS

Chicago, April 28.—Wladek Zbysko, the Pole defeated Ed "Strangler" Lewis, of Kentucky, for the second time in two months in a finish wrestling match tonight. Zbysko pinned Lewis down after two hours, fourteen seconds and nine seconds with a side roll and a body scissor.

LEVINSKY OUTPOINTED

Canton, Ohio, April 28.—Harry Greb, of Pittsburg easily outpointed Battling Levinsky, of New York, in a twelve round boxing contest here tonight, according to the newspaper critics. Greb won all the rounds except the eighth, eleventh and twelfth. The men weighed under 175 pounds, with Levinsky having an advantage of about 30 pounds.

THE LIBERTY LOAN

Washington, April 28.—The nation as subscribed \$339,479,900 to the Victory Liberty Loan, according to the tabulations announced tonight by the Treasury. This figure representing the first week's business is 18.56 per cent. of the \$4,500,000,000 total sought.

BRIDGE PARTY AND TEA HELD

Given Yesterday by the De Monts Chapter I. O. D. E. in Studio Tea Rooms—Proceeds for Tuberculosis Dispensary Fund.

A Almost delightful bridge party and tea was held in the Studio tea rooms, German street, yesterday by the De Monts Chapter, I. O. D. E. The rooms were very tastefully decorated with yellow daisies and magnolias and about thirty tables were in use. Mrs. G. K. McLeod, regent, and Mrs. W. E. Foster, first vice-regent, received. Mrs. A. W. Adams attended the door. The tea committee was in charge of Mrs. W. E. Busby and Mrs. H. B. Robinson, with Mrs. C. W. de Forest, Mrs. J. M. Robinson, Jr., Mrs. F. Schofield and Mrs. G. E. Barbour also attending; the bridge tables were in charge of Mrs. J. M. Christie, convener, and a committee composed of Mrs. R. Crullbank, Miss Edith Skinner, Mrs. James U. Thomas and Mrs. J. L. Day. Mrs. W. E. Foster and Mrs. T. B. Cudlip poured. There was keen competition in the bridge tournament but the finals showed the winners to be Miss Kaye, Mrs. Doyle Travers, Miss A. Harrison, Mrs. Craighead, Miss T. Murray, Mrs. P. White and Miss M. Murray. The proceeds will be donated towards the tuberculosis dispensary fund.

BOWLING

There was a double header in the City League on Black's Alleys last evening as follows: First, Lions vs. Speeds, in which the former team took three points; secondly the Panthers vs. Speeds, in which the latter won three points. Melvieve of the Panthers' quintette, made 126 in his third string; and the individual bowling of others is well worthy of observation.

In the Commercial League the T. S. Simms Company lost four points from the George E. Barbour, through default in the non-appearance of the grocers' aggregation. Tonight the Panthers vs. Wessels, in the City League; Ames Holden McCready, and James Fleming aggregations in the Commercial League.

CITY LEAGUE

Lions..... 89 87—263 87 3 3 Flowers..... 76 89 102—267 89 White..... 90 80 106—276 92 Whealon..... 100 82 113—305 101 2 3 Wilson..... 103 85 104—292 97 1 3 466 425 515 1403

A MYSTERY

No Credence Given Report That He is Disgrunted Over Fiume Affair.

Paris, April 28. (By The A. P.)—No credence is given at American headquarters to the statement that Nelson Page, the American ambassador to Italy, is coming to Paris on account of differences with the president over the Fiume question. It is declared that nothing is known of any such differences.

MUNICIPAL CHAPTER I. O. D. E. MEETING

At Session Yesterday Resolution Passed in Favor of Restoration of Court House—Address by Mrs. Olive M. Aldridge—Other Business.

Eleven members were in attendance at the meeting in the Government rooms, yesterday afternoon, of the Municipal Chapter, I. O. D. E. Mrs. A. J. Mulcahy presided. A resolution was passed and ordered that a copy be sent to Mayor Hayes, to the effect that the Chapter was strongly in favor of the restoration of the Court House, and also suggested that the second story be remodelled for the use of the various women's patriotic associations in the city.

An address by Mrs. Olive M. Aldridge, on behalf of the Canadian War Hospitals Fund for Serbia and Montenegro, was most interesting. A resolution was passed and ordered that a copy be sent to Mayor Hayes, to the effect that the Chapter was strongly in favor of the restoration of the Court House, and also suggested that the second story be remodelled for the use of the various women's patriotic associations in the city.

The Council also is strongly in favor of welcoming home the gallant 25th Battalion and it, in connection with the various chapters of the I. O. D. E., will co-operate with the organizations in the civic reception. After passing on routine business, which was promptly disposed of, the meeting adjourned.

COMPERS' CONDITION REPORTED FAVORABLE

Physicians Say That Because of His Advanced Years Injuries May Prove Serious.

New York, April 28.—Samuel Gompers' condition, after a further examination yesterday by the American Federation of Labor, who was injured yesterday when a Broadway surface car collided with a taxi-cab in which he was riding, was reported well to night, according to a bulletin issued by his physicians, and his condition was said to be "favorable."

The physicians added, however, that because of his advanced years his two fractured ribs and other injuries "may prove serious." Mr Gompers is 69 years old.

The patient was removed to a nurses' room in his hotel today, and his physicians continued to refuse to permit visitors to see him. Expectations were made for Mr Gompers' son, Lieut. Alexander J. Gompers, and Frank Morrison, secretary of the American Federation of Labor. Many telegrams of solicitude were received today and a steady stream of messages came by telephone.

OPEN PLUNDERING THROUGHOUT BERLIN

Within a Stone's Throw of Police Headquarters Hawkers May Be Seen Selling Stolen Goods.

Berlin, April 28.—(By The Associated Press)—A casual walk through the streets in the neighborhood of Berlin police headquarters tends to show that there is no exaggeration in the reports concerning almost open plundering in Berlin. Within a stone's throw of police headquarters today a street hawker was found offering for sale a shirtwaist for 75 marks. It bore the trademark of a well-known department store. Shoes which are selling in the stores for 230 marks a pair were offered for 40 marks.

A man who was selling diamond rings had a ring on each finger. He indicated voluntarily where each ring had been stolen.

DEMONSTRATION FOR MAY DAY

All Workers of Toronto Urged to Take a Holiday as a Protest Against Exploitation.

Toronto, April 28.—Red printed circulars issued by a "May Day" conference committee, urging all workers to take a holiday on May 1, as "a universal protest against exploitation," were scattered about the city yesterday and today. The circular announces May Day demonstrations in Queen's Park in the afternoon, and in the arena at night.

CAN'T RESTRICT GERMAN POTASH

It is One of the Articles Which the Allies Have Seen Fit to Permit Germany to Export in Exchange for Food.

Washington, April 28.—Replying to a request that some steps be taken to restrict importation of German potash into this country, President Wilson, in a cablegram today, advised Senator Hitchcock that it was doubtful whether any restrictive measures could be made effective in this matter without further action by Congress. He pointed out that the potash was one of the articles which the Allies had seen fit to permit Germany to export in payment for food, and that France now was offering potash for export from Alsace-Lorraine.

THE SOUTH END LEAGUE MEETING

Good Attendance in King Edward School Last Evening—Excellent Addresses and Program Carried Through.

The South End Improvement League, which accomplished much in the southern section of the city last year in the way of a baseball diamond and skating rink for the young folk, held an entertainment in the assembly room of the King Edward school last evening. President Charles M. Linsley extended an invitation to all friends of the league for the purpose of a spring clean up, and put the grounds in shape for this season. Addresses were delivered by Rev. H. A. Cody, A. M. Bolding and George N. Hatfield, and all dwelt on the revival of athletics in the city, and what could be accomplished to make the South End grounds more attractive than ever.

During the evening solos were splendidly rendered by Messrs. Belding, Carly and Sadler, who recently returned from overseas, also a delightful solo by Miss Bernice Mooney, while a reading given by Miss Stella Pyna was greatly enjoyed. At the conclusion of the program a vote of thanks was tendered to the School Board for the use of the room. A nominating committee was chosen who will nominate the officers for the ensuing year and their nominations will be ratified in election at the next meeting of the league.

When the Old Uniform Comes off—put on Fit-Reform

You'll like the smart trimness—the snappy neatness—the novelty of the models and the snug fit of the new spring styles. All returned soldiers are cordially welcome here. Come in and see the latest models in Fit-Reform Suits and Overcoats.

HEAD OFFICE AND PLANT

That beautiful, even shade of dark, glossy hair can only be had by brewing a mixture of Sage Tea and Sulfur. Your hair is your charm. When it takes or mars the face. When it dries, turns gray or streaked, just an application of two of Sage and Sulfur enhances its appearance a hundredfold.

Don't bother to prepare the mixture; you can get this famous old recipe improved by the addition of her ingredients at a small cost, all ready for use. It is called "Wreth's Sage and Sulfur Compound." This is always depended upon to bring out the natural color and lustre of our hair.

Everybody uses "Wreth's Sage and Sulfur Compound" now because it makes so naturally and evenly that everybody can tell it has been applied simply dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair has disappeared and after another application it becomes beautifully dark and glossy and lustrous.

Wreth's Sage and Sulfur Compound

The St. John Standard

ST. JOHN, N. B., TUESDAY, APRIL 29, 1919.

MERCHANT SEAMEN.

Thanks to the enterprise of the St. John branch of the Navy League in arranging to have Peter Wright of the National Seamen's and Firemen's Union address a meeting here, the people of the Water Port are better able to appreciate the difficulties, dangers and hardships the merchant seamen had to face during the war, and to understand something of that stern anger which has led British, Allied and even neutral seamen to take measures to bar the piratical sailors of Germany from the fellowship of the sea for a period of years.

would lead to their early downfall. Italian despatches scarcely bear out these predictions. Orlando and Sonnino have been enthusiastically welcomed on their return and apparently have the support of the whole nation in the stand they have taken. This unfortunate incident will not necessarily lead to a complete rupture in negotiations. Germany must be dealt with, no matter what one of the Allied nations may say or do, and while the Adriatic squabble is serious enough in itself it does not directly concern the terms to which Germany and other enemy powers must consent. It is in reality a matter of domestic interest to the so-called league of nations, an internal disagreement which will eventually be solved among themselves.

PORT DEVELOPMENT.

Vancouver is greatly elated over the announcement that the Federal Government is likely to make a grant of five millions for harbor work at the Pacific port. Already members of the Vancouver Harbor Commission are on their way to Ottawa to consult with the Government as to definite plans for new construction. This proposition has not yet gone through, but there is apparently some ground for the belief that a grant as stated will be made and that the British Columbia capital will enjoy a period of activity resulting in very important extensions to harbor equipment. Meanwhile St. John, which has more business than it can easily handle, is standing still. We have been promised at regular intervals during the past ten years, the extension of the Negro Point breakwater and the construction of additional wharves on the West Side. Unfortunately, promises are the only things we have been permitted to enjoy, and they are becoming a trifle tiresome. St. John would like to see something in the way of actual work on these very important projects. It is of course the policy of the Government to spend money during the present year only on necessary work. So great are the demands from all quarters that large sums will have to be borrowed to meet unavoidable expenditures. Yet it is not in the interest of Canada that works of national importance should be neglected even though such construction involves the use of borrowed capital.

WHY THE FERRY?

So the city commissioners all want to be investigated. The suggestion that one department should be the subject of an inquiry—although nobody seems to have any definite idea what there is to inquire about—has provoked other members of the Board to declarations of innocence. None of them have any complaints to make against the Ferry Department, but two members of the council desire to have it investigated. Naturally Mr. Bullock wants to know why, and feels that he should not be selected to the exclusion of the other fellows. Of course the ferry is a losing proposition. The diversion of a large portion of the traffic to the bridge route, and the increasing cost of operation, have resulted in more or less serious annual deficits, which losses are of course a portion of St. John's ordinary expenditures. It is possible that there may be little leaks that might be stopped, but in view of the fact that the principal expenditures are wages, fuel and repairs, the probabilities are that such a saving as might be effected through an investigation would not be of material importance. Unless Mr. Jones is prepared to make some definite statement against the management of the ferry, which statement may be used as a basis of inquiry, it does not seem entirely necessary that an investigation such as he proposes need take place. Nor is there any particular advantage to be gained by the investigation of any other individual department. Perhaps it might be wise to conduct an inquiry into the general operation of the commission form of government in St. John.

ITALY'S ATTITUDE.

Newspaper comment in the United States, and cable news doctored for consumption in that country, all tend to convey an impression that the action of Premier Orlando and his associates in returning to Italy is merely a political move staged for its dramatic effect, and that these delegates will promptly return to Paris when they realize that the Allied Powers do not propose to be stampeded into any extra concessions. This, of course, is what the United States—apart from that section of the public which so strongly condemns Wilson's attitude—wishes to believe. And the argument is freely advanced that having led the Italian nation into a belief that Fiume would be ceded under the peace treaty, Orlando and Sonnino now fear political destruction should they fail to live up to their advance notices. Even as late as Saturday, American papers were proclaiming that the reception awaiting these delegates on their return to Rome would be of a rather chilly nature, and that their efforts to explain the failure of the Fiume proposition

WHAT THEY SAY

Education the Remedy.

London Free Press: The member for Red Deer is of the opinion that it is quite possible there are more liars than good reasoners in the world. Well, what of it? A lie is the instinct of self-preservation raised to the 'nth point; good reasoning can only come of good education. If we want our people to be co-operative and social, rather than predatory and individualistic, we must educate.

Here's Your Chance.

Minneapolis Journal: Position open at Dassel, Minnesota, for band and orchestra director, one who is able to teach beginners and take general lead in musical activities in the village. Position open in that of village marshal, who can attend to water-works, pumping station, streets, small park, village hall, etc. Position with village school pay \$70 per month, with \$25 additional from the band. Address Charles W. Henke, Dassel, Minn.

The High Cost of Cobbling.

Washington Star: Time was when it was good economy to take a pair of shoes to a cobbler and have them half-soled or heel or patched, but no longer is it possible to take a slightly decrepit pair of shoes into a leather-smelling little shop and have something needful done to it for a quarter or a half dollar. There are no quarter jobs any more. It is hard to find a shoe-fixer shop that will take a pair of shoes for half a dollar and a half for a pair of half-soled or patched shoes—must be paid singly.

Col. Rutherford Irresponsible.

London Chronicle: Experts on criminal law are coming more and more to agree that the great majority of criminals are either mentally or physically below par. If the commission of a crime, involving scientific definition, gives or does not give a verdict of insanity, that is really a judgement of character—a way out for the law. The plea of insanity in England is apt to take the form of a plea for mercy in the case of criminals. It is arguable that a common jury is as well able to judge, in such matters, as a body of experts.

The Crow.

Christian Science Monitor: It may take further time to persuade the great majority of farmers that they really ought to feed friendly towards crows, but a beginning is made by the publication of results of an extensive study of the crow by the Dominion Entomological Department in Canada. Like the farmer, says the report, the number of destroyers of farm produce that crows annually remove from newly ploughed land more than do to the growing plants.

Dr. Reid's Marathon.

Ottawa Correspondent, Toronto Globe: The story of the Creation was told in four hundred sayings. Lincoln's Gettysburg speech was a model of brevity. General Pershing of the American Expeditionary Force made a famous speech in four hundred sayings. George W. Perkins, who returned home Wednesday after having been abroad since December in the interest of the War Work Council of the Y. M. C. A. and other relief organizations, issued the following statement at his office, No. 31 Broadway, yesterday: "The situation in Paris, when I left there ten days ago, seemed to have three outstanding phases. "First, there is a marked change in the attitude of the people of Europe toward President Wilson. The acclimac with which he was received in France, England and Italy was without precedent. The people seemed to feel that a man with a magic wand had arrived and that he would immediately bring Peace on earth, good will to men. Every word he uttered was read with eagerness by all classes. As his words were all on the subject of a League of Nations it was very natural that the minds of the people got away from the question of making peace with Germany and on to the League of Nations question. I, for one, feel that this was a serious mistake, because it has unquestion-

A BIT OF VERSE

A romance is recorded in "Then and Now," the sentiment of which is admirable for the grace of its expression as for the nobility of its character. Another noteworthy point about these lines is that in their expansion we have a picture of a whole village street as well as the story of two lives.

Then and Now.

By Lieut.-Col. John McCrae. Beneath her window in the fragrant night I half forgot how truant years have flown Since I looked up to see her chamber light, Or caught, perchance, her slender shadow thrown Upon the casement; but the nodding Sweep lazily across the unit pane, And to and fro beneath the shadowy eaves, Like restless birds, the breath of Creeps, blue-laden, up the village street When all is still, as if the very trees Were listening for the coming of her feet. That come no more; yet, lest I weep, the breeze Comes from some forgotten song of those old years. Until my heart grows far too glad for tears.

Unloved.

By Lieut.-Col. John McCrae. Amid my books I lived the hurrying shrine, Dedicating kinship with my fellow man; Alike to me were human smiles and tears, I cared not whither Earth's great life-stream ran, Till as I knelt before my moldered shrine, God made me look into a woman's eyes; And I, who thought all earthly wisdom mine, Knew in a moment that the eternal skies Were measured but in inches, to the soliders should not be arranged, when I shall be able to show its appreciation by a reception from which history may be dated.

Little Benny's Note Book

BY LEE PAPE.

I was up in the setting room after supper last night and so was pop and so was ma, and all of a sudden I sed, O. G. pop, I forgot—some man called you up this afternoon. Well, you didn't wait till some time next week to tell me, you've got your hole life ahead of you, sed pop mad. Meaning I airt to of told him sooner, and I sed, I just remembered it, pop, I came near forgetting to remember it at all. How interesting, sed pop, a fine business man, you'll make, you'll forget were your office is and be arrosed for ragrancy—who was he, did he say wat he wanted? Yes, sir, I sed. Well, then, out with it for the lover Peet, who was he and wat did he want? sed pop. I'm trying to remember, I sed. O, pardon me for disterbing you, sed pop. Being sourcastn, and I keep on thinking, saying, I think his name was sumthing like Jones. Jonson, perhaps, or Speelberg, or Ching Ling Foo, sed pop. No, sir, O I remember, I sed, he sed his name was Bolling and jest to tell you he called up. Good nite, rest in pece, im thru, sed pop. Whoos Bolling, Willyam? sed ma, and pop sed, I owe him 50 dol-lars—sumthing like Jones, yee gods. Leave the house before a suddin calamity overtakes you. Meaning me, wich I did.

A BIT OF FUN

Times Have Changed.

Melodley was bewailing the lack of romance in the average girl of today. "It's sickening," he growled. "A fellow can pour out his soul all the blessed night on a violin and she won't trouble to look out of the window. But give three tools on a motor horn any afternoon and she's out side in a jiffy."—St. Paul's Dispatch.

Even They Are Dangerous.

"That so?" "Yes, but even those few words very often get him into trouble."

Clerical Error.

Morning service was in progress at the village church and the vicar had announced the banns and marriages. The last couple to be mentioned being John Thomas Hay and Susan Grass. The curate then announced the anthem by the choir. "What will the harvest be?" Needless to say, it was a clear winter greater than in choosing his anthem next time.

Slightly Mixed.

A prospective jurymen of foreign birth was being questioned. "What is perjury?" he was asked. "Having more than one wife," the man answered.

Irish Convalescence.

"How's your husband getting along, Mrs. Fogarty?" "Well, sometimes he's better an sometimes he's worse, but from the clear without he's greater when he's worse."

Tried to Help.

Jack Slowboy—I wish I could read your thoughts. Winnie Willing—So do I; but good news knows I've tried to help you all I could.—Edinburgh Scotsman.

EUROPEANS TURNING AGAINST MR. WILSON, SAYS G. W. PERKINS

(New York Herald.) George W. Perkins, who returned home Wednesday after having been abroad since December in the interest of the War Work Council of the Y. M. C. A. and other relief organizations, issued the following statement at his office, No. 31 Broadway, yesterday: "The situation in Paris, when I left there ten days ago, seemed to have three outstanding phases. "First, there is a marked change in the attitude of the people of Europe toward President Wilson. The acclimac with which he was received in France, England and Italy was without precedent. The people seemed to feel that a man with a magic wand had arrived and that he would immediately bring Peace on earth, good will to men. Every word he uttered was read with eagerness by all classes. As his words were all on the subject of a League of Nations it was very natural that the minds of the people got away from the question of making peace with Germany and on to the League of Nations question. IN THE COURTS.

In the County Court yesterday morning three boys were before Honor Judge Armstrong under Speedy Trials Act on the charge of breaking and entering the store of McAlary & Co., Douglas avenue, stealing sweets. Evidence was to the effect that a large bag of was found underneath a building Brook street, and that some of defendants were known to frequent the place where the goods were found. Mr. McAlary identified some of goods as similar to those taken. The evidence was of a circumstantial nature, and on application made by W. M. Ryan, who acted on behalf of the boys, His Honor dismissed the case against the boys and against another stating the evidence was not sufficient to warrant a conviction against them. In the case of the third who was undefended, His Honor mandated the defendant in order made inquiries as to his previous record, it appearing in evidence that

FLIERS DEPEND UPON THEIR ENGINES

Rivals for Across Ocean Honors Believe Their Motive Power is All to the Good.

St. John's, Nfld., April 28.—The hopes of Harry Hawker and Fred P. Raynam, the British fliers, for successful passage over the Atlantic, are centred on engines, which it was learned today in neither case, has been tested continuously for more than eight hours. With favorable conditions, for which the aviators are awaiting, the trip will require a minimum of twenty hours. A margin of five hours additional is allowed by each in their petrol, oil and motor supplies. Failure in the engines, their motors to stand up under this most unprecedented test is based on the fact that engines built from the same specifications have had bench trials exceeding thirty hours.

Hawker's 250 horse-power Eagle engine had an original bench test of between two and three hours, which was considered sufficient because engines of similar type had propelled planes from London to Constantinople and to India with stops, but with proof of reliability over long stretches. In flight the motor's maximum of sustained operation was 7.12 hours.

Raynam's Falcon model motor, similar to engines used in scout machines for long periods of reconnaissance and pursuit work over the lines in France, was accepted after a two hour bench demonstration. It is rated at 285 horse-power. The Martinsyde pilot tried it out in flight for seven hours, found that it worked smoothly and announced that he was ready to bring it here for the long flight overseas.

Except for short warm-ups it has had only thirty minutes run since Raynam's arrival.

MALE CHRISTIANS WERE MASSACRED

Seoul, Korea, April 27.—By The Associated Press.—Governor-General Hasagawa, Sunday received a delegation of missionaries who had visited the burned villages in Korea, including the hamlet of 45 miles southeast of Seoul, where it was stated recently that the male Christians of the village were summoned and shot or bayoneted.

Governor Hasagawa said he regretted that the facts of the massacre were as stated, but that those responsible for them would be punished. He added that foreigners might be assured there would be no repetition of such incidents.

PUBLIC OWNERSHIP HERE TO STAY

Sir Thos. White is Credited With Having Pledged His Gov't to That Course.

Montreal, April 28.—The Montreal Star says editorially today under the caption of "Why the Rush."

"Sir Thomas White, the acting premier of Canada, (by the way, when is Sir Robert coming home?) declares that the government is pledged unalterably to public ownership of railways, and that public ownership has come to stay."

"We shall not dispute Sir Thomas' first statement, just now, but it would seem that his second statement depends somewhat upon whether or not this government so pledged has come to stay."

"Sir Thomas White and Mr. Rowell (both from Toronto) broadly insinuate that the C. P. R.'s fear of public ownership is the mainspring behind all movements in opposition to their socialistic policy."

"Per contra, many men are beginning to wonder what is the pressure behind this anxious haste to involve the country in new railway obligations at this time of financial and industrial crisis. Once it was 'Cox can't wait.' Who is it in such a hurry now?"

"Some members of parliament point with questioning fingers at the C. N. R. trade mark on the operation of the present railway system in the construction of the new charter for the National Railway Corporation; on the proposed extension of yards branch lines through prairie lands not owned by the government."

YORK COUNTY COURT CONVENES TODAY

Civil Cases Are to be Heard and All Are Non-Jury Ones —Nurses Resign.

Special to The Standard.

Fredericton, April 28.—The York County court will meet tomorrow morning at 11 o'clock, when the cases on the civil docket, which were entered at the March term of the court, will be taken up for consideration. These cases were all postponed from the March sittings in order to try the criminal case of King vs. King. It is expected that a number of cases will be tried at the session that opens tomorrow. They are as follows:

Misses Vall and Hanson have resigned from the nursing staff of Victoria Hospital. Miss Hanson was in charge of the nursing staff. She received her training at the Victoria Hospital and remained on the staff after graduating. Miss Vall came here from the Dalhousie Hospital. She received her training at the Victoria Hospital and remained on the staff after graduating. Miss Vall came here from the Dalhousie Hospital. She received her training at the Victoria Hospital and remained on the staff after graduating.

Gunner Wilfrid Hand, of Woodstock, is in the city today, a guest at the Barker House. Gunner Hand went overseas with the 24th Battery of Artillery from this city in February, 1915. He was captured by the Germans. He spent over two years in the prison camps before being repatriated. He is here to appear before a medical board.

STRIKERS AND POLICE EXCHANGE SHOTS

Trouble Occurs Among Sympathizers With Textile Operatives.

Lawrence, Mass., April 28.—Shots were exchanged between the police and strike sympathizers during disturbances early today in connection with the strike of textile operatives. None of the shots took effect, but three policemen were stoned. The most seriously injured was Dan Lynch of Lowell, a mounted officer, who was struck in the head, and was unconscious when other policemen reached him. Two arrests were made.

Reports that many of the strikers planned to return to work today brought out unusually large numbers of policemen. There was a great deal of trouble in the immediate vicinity of the mills.

Watchers said there appeared to be no noticeable increase in the number of operatives who went to work. The strikers, who are seeking 54 hours pay for 48 hours' work, have been out since February 3.

WM. STILES OF C. G. R. KILLED; WM. COOK SERIOUSLY INJURED

Moncton, April 28.—William Stiles was killed and William Cook injured this morning while two trains were crossing at Evans' siding. The men were in the employ of the track department of the C. G. R. Cook was foreman. A way-freight east bound had taken the siding to let a west bound train pass. The men stepped over to the siding to get out of the way of the passing train and before they noticed what was happening they were freight backed up, running over Stiles and killing him instantly and seriously injuring Cook. The men were taken to the hospital. Cook is recovering in the hospital. Stiles was a married man, aged 35, and was in the service of the railway many years.

AMERICA'S GREATEST SUCCESS NOW COMES TO ST. JOHN

FACTS ABOUT TANLAC

Twelve million bottles sold in four years. At present rate of sales grand total will reach 15,000,000 bottles by end of present year.

Large and modern laboratories at Dayton, Ohio, occupy 60,000 square feet of floor space.

Capacity of plant recently doubled to take care of rapidly increasing business. Present capacity 30,000 bottles daily.

Branch plant recently established in Canada, with a capacity of 8,000 bottles daily.

Demand for preparation has broken all world's records for same length of time, and is constantly increasing.

Publicly endorsed through the daily press by men of prominence throughout the United States and Canada, including supreme court judges, mayors of leading cities, Tanlac, including supreme court government officials, prominent educators and well-known ministers of the Gospel.

New sold from coast to coast and from Gulf to Great Lakes, throughout the United States and Canada.

Tanlac is purely vegetable and is composed of the most beneficial roots and herbs known to science. Formula complies with all national and state pure food and health laws of United States and Canada. Absolute merit responsible for unprecedented success.

BIG TORONTO DRUG FIRM HAS SOLD 143,280 BOTTLES

Other Leading Retail and Wholesale Druggists All Over the United States and Canada Tell of the Unprecedented Success of Tanlac.

The following are extracts from letters and telegrams from prominent dealers all over the United States and Canada, telling in plain, cold figures of the remarkable growth and development of Tanlac throughout America:

143,280 BOTTLES SOLD BY TAMBLYN'S STORES

Further evidence of the growth and popularity of Tanlac in Canada is found in the following letter from G. Tamblin, Limited:

Toronto, Ont., Canada, Feb. 15, 1919.

Mr. G. F. Willis, International Distributor, Fourth National Bank Building, Atlanta, Ga.

Dear Mr. Willis:—In reply to your inquiry as to the results we have had from the sale of Tanlac, we have certainly been surprised at the volume of business we have done with your preparation.

Up to the present time we have sold 143,280 bottles of your preparation. We consider this a remarkable sale and assure our appreciation of the agency for Toronto.

Yours sincerely,
G. TAMBLYN, LTD.,
By G. Tamblin.

TANLAC HOLDS FRONT RANK IN CALIFORNIA

Los Angeles, Cal., Feb. 15, 1919.

Mr. G. F. Willis, International Distributor Tanlac, Fourth National Bank Building, Atlanta, Ga.

Dear Mr. Willis:—The sale of Tanlac has been greatly beyond our expectations. Since August 15, 1918, we have distributed to the agents in our territory 48,000 bottles and have a car consisting of 42,000 bottles now enroute to us.

We have been greatly surprised at the success with Tanlac and consider it today our most rapid selling proprietary preparation.

Our relations with you have been entirely satisfactory and you have our best wishes for continued success.

Sincerely yours,
WESTERN WHOLESALE
By L. Schiff, Vice-President.

Salt Lake City, Utah, April 19, 1919.

National Drug and Chemical Co., St. John, N. B., Canada:

We are now distributing our eighth car of Tanlac, consisting of 107,000 bottles. The first car was received December 20, 1917, and since that time we have distributed to the agents 100,764 bottles. The sale is certainly unusual and it is the best we have ever had on any proprietary medicine.

SMITH-FAUS DRUG CO.

RETAILS 700 BOTTLES OF TANLAC IN ONE DAY

Atlanta, Ga., Oct. 15, 1918.

G. F. Willis, International Distributor Tanlac, Fourth National Bank Building, City:

Dear Sir:—In reply to your inquiry, we are pleased to advise that we are now selling Tanlac at the rate of considerably more than 2,000 bottles per week.

On one Saturday alone we sold through our store approximately 700 bottles at retail, direct to customers.

We have had the exclusive agency since September, 1916, and have sold 152,000 bottles.

JACOBS PHARMACY CO.

45,000 BOTTLES AT RETAIL IN 7 MONTHS

Seattle, Wash., Oct. 15, 1918.

Mr. G. F. Willis, International Distributor Tanlac, Atlanta, Ga., Ap.

Dear Sir:—I have been closely identified with the drug trade in this city for the past twenty years, and in all my experience we have never handled anything in the way of a proprietary medicine that even approaches Tanlac as a seller.

In less than seven months' time we have sold and distributed, through our five stores, forty-five thousand (45,000) bottles, and I believe I will be entirely safe in saying that this amount of business in so short a time establishes a new sales record, not only for Seattle, but for the entire Pacific Coast States.

On Saturday last alone we sold through our five stores over four hundred bottles of Tanlac. The sales are now averaging over two hundred bottles each and every day and the demand is increasing rapidly.

G. H. BAILEY,
BAILEY DRUG CO.

Calgary, Alta., Feb. 13, 1919.

G. F. Willis, International Distributor Tanlac, Atlanta, Ga., Ap.

Dear Sir:—Less than two months ago we secured the Tanlac agency for Calgary and to date have sold 3,760 bottles. The sale of this remedy is increasing so rapidly we will be compelled to place our order for another gross before the weekend.

In view of the scores of voluntary testimonials from those who have used Tanlac we are convinced that it has genuine medicinal merit. The Tanlac agency is sure a live wire proposition.

Yours very truly,
LIGGETT-TRENKLE DRUG CO.
By H. S. Livingston.

ESTATE OF LATE ERNEST HUTCHINSON

Son, Richard, to Contest Will —Value of Estate \$750,000

Fredericton, April 28.—Richard Hutchinson, of Boston, is in the city today, en route home after spending some time taking the first step in what promises to be a sensational contest for the beheading of the last will and testament of his father, the late Ernest Hutchinson. He wants the will, which has been offered for probate at Newmarket, declared void and replaced by a will that was made by the deceased some years ago. The estate is valued at \$750,000.

APRIL LOSSES IN C. G. R. RELIEF ASSN.

Special to The Standard.

Moncton, April 27.—There were twelve deaths in the C. G. R. employees' Relief and Insurance Association during the month ended April 25th, on being reported killed in action August 22nd, 1918. Members of the association who died during the month were David Loudon, Lewis, killed in action August 22, 1918; Richard Lattrean, Lewis; Joseph E. D'Amico, Lewis; Fred H. Brown, Halifax; Angus Metherson, New Glasgow; Alex. McDonald, New Glasgow; Abraham L. Triton, New Glasgow; William McAllister, Moncton; Wilbert Doherty, Truro; H. Probert, St. John; Hugh H. Mann, Campbellton; John Hunter, Truro.

BOMB SENT TO MAYOR OLE HANSON

Seattle, Wash., April 28.—Police headquarters announced the office of Mayor Ole Hanson in the Seattle city and county building, today received a broken bomb in the mail. Mr. Hanson is at present in Colorado on a Victory loan speaking tour.

WHITE'S COVE.

White's Cove, April 26.—A reception was held at the residence of Wm. N. Durost on Friday evening, in honor of his son, Everett Durost, who came home on Thursday evening from overseas. Quite a number of his friends were present to welcome him home. He was presented with a substantial purse of money, also an address by W. A. Farris. Private Durost made a suitable reply. He is looking well after doing his bit in the trenches. He spent some time in Germany before sailing for home.

Mr. and Mrs. L. P. Farris, who spent this winter in the West, are home again.

The ice is all out of Grand Lake, and we are expecting the steamer "Premier" for here in the middle of the month, which is somewhat earlier than usual. Owing to so much rain and cold weather very little farming is done yet.

Sinclair Coghill, who has been farming for D. P. Ferris for the last five years, has moved his family to Little Lake area about finished.

A fiction writer speaks of the promenade at the opera house, where the audience "walk and chatter behind the seats."

The Jabber Walk, huh?

As Old as his Arteries

The doctor can't help it. He knows that the man has hard arteries, high blood pressure, and beginning kidney and heart disease, due to long neglected chronic constipation.

It isn't the other man's fault—directly. He's only 45—but he never realized that his constipation was a serious thing.

He never knew how to treat it. He has taken bushels of pills, gallons of castor oil, mineral waters and salts, which have battered and tortured his alimentary canal from one end to the other; and he wonders why his health keeps getting worse. He doesn't know that his food waste has poisoned him, and has bred disease that is going to "get him" before his time.

Nujol is for just such a man—for every person whose bowels do not move easily and thoroughly at regular intervals—especially for those in advancing years whose body machinery will not stand rough treatment.

Nujol softens the accumulated food waste in the large intestine, and moves it gently out of the system, carrying those poisons with it, which, if allowed to remain, cause over 90% of human illness. Nujol supplies the lubrication that Nature can't supply as age begins to make itself felt.

This man might have known in time—but Nujol is now the accepted modern treatment for constipation.

You can avoid such a misfortune as his. Get a bottle of Nujol from your druggist today and send for free booklet "Thirty Feet of Danger" expressing clearly the soundest medical authority on constipation and self-poisoning.

Warning: Nujol is sold only in sealed bottles bearing the Nujol Trade Mark. At all drug stores. Insist on Nujol. You may suffer from substitutes.

is returned from a visit to that diet following the outbreak of smallpox. He states that the situation is all in hand and every precaution is being taken to prevent the disease spreading.

Tanlac, the Celebrated Medicine Which Has Been Accomplishing Remarkable Results in the United States and Canada, Will Now Be Sold in St. John and Throughout the Province of New Brunswick—Remarkable Sales Record of Twelve Million Bottles Phenomenal and Unprecedented.

Tanlac, the celebrated medicine which has been accomplishing such remarkable results throughout the United States and Canada, and which has been having a phenomenal sale in leading cities of the East and South will now be sold in St. John and throughout the Province of New Brunswick. The amazing success achieved by this medicine in only three years' time is not only phenomenal, but unprecedented.

The discovery of Tanlac, the beginning of its manufacture, the establishment of the large and modern laboratories at Dayton, O., occupying more than 60,000 square feet of floor space, reads more like fiction than facts from yesterday's commercial history.

TWELVE MILLION BOTTLES SOLD IN FOUR YEARS.

Although placed on the market but little more than four years ago, over twelve million bottles have been sold, and its sales record probably has never been equaled in the history of the drug trade in America. From coast to coast and from the Gulf to the Great Lakes, Tanlac is known and honored. Millions have taken it and have pronounced it the greatest medicine of all time. No matter where you go throughout the United States, whether East, West, North or South, Tanlac is a household word and is now unquestionably the most widely talked of medicine in the world today.

Belief, this is the record of the truly marvelous medicine which will now be placed within the reach of everyone in only a few weeks' time it will be placed on sale in practically every large city, town, village and hamlet throughout the Maritime Provinces.

To use the words of L. T. Cooper, noted health expert and million-aire manufacturer of Tanlac, "The success of Tanlac is due to its wide popularity and record-breaking demand, and that is very simple. The inherent purity and wholesomeness of the medicine has confirmed it in the minds of the people and made it a household word. That, and that alone, is the secret of the marvelous expansion of the Tanlac business."

Mr. Cooper's unique theories on health and right living have attracted attention all over the country and have been the cause of considerable scientific discussion. It is conceded by all well-informed persons that he is a man of extraordinary ability and wonderful insight into the fundamental principles of hygiene. This preparation which promises to mark a new era in medical science, was perfected only after years of study and experimenting in the Cooper laboratories.

Prominent Men Out For Tanlac

Mayors, Judges, Lawyers, Doctors, Ministers and Educators Endorse It.

One of the most striking and noteworthy features in connection with the introduction of Tanlac through out the United States and Canada is the large number of prominent men who have unhesitatingly and voluntarily come forward and given it their unqualified endorsement.

These men have deemed it their duty to come forward and tell the people what this medicine has done for them, for they have recognized in Tanlac a new discovery and a scientific triumph in the medical world. It is a well-known fact that these splendid endorsements have been given Tanlac time and time again, and they will continue to be given just as often as new tests of its powers are made. It must be borne in mind, however, that the published testimonials represent only one in a thousand who have been benefited by its use.

Among the large number of prominent men whose endorsements have appeared in the public press within the last few months are the names of such well-known and distinguished men as the following:

Hon. Frank V. Evans, former mayor of Birmingham, Ala., and at one time editor of the Birmingham Age-Herald.

Dr. G. W. de la Potterie, of Windsor, Ga., one of the best-known physicians and capitalists in the State of Georgia.

Rev. W. C. Norton, pastor of the Wesley Memorial Church, 525 Estell street, Jacksonville, Fla.

Hon. G. W. Manning of Atlanta, sheriff of Fulton County, Georgia.

Mr. C. C. Cooper, president of the Georgia Home Cotton Oil Co., Lawrenceville, Ga.

Dr. W. H. Brown, founder and president of the Tennessee Protestant Home for Girls. And many others too numerous to mention.

DENVER JOBBER SELLS 75,648 BOTTLES IN EIGHT MONTHS

Denver, Colo., April 19, 1919.

National Drug and Chemical Co., St. John, N. B., Canada:

I find upon reference to our records that since we became distributors for Tanlac in this territory, we have sold to the agents 75,648 bottles of Tanlac, and this in a section long on territory and short on population.

I must confess that the story of the success of Tanlac in other fields when it first came to us, would have sounded something like a fairy tale, but for the fact that we had some advance information about what had been done in other territory, and we otherwise would have been exceedingly skeptical.

Mr. Willis has made good on all he promised to do in this territory and then some. At all times he has been reasonable and fair in his methods and can be depended on to carry out any verbal or written contract he may make.

I consider that no dealer will make a mistake in taking on the Tanlac agency in his territory.

Yours very sincerely,
W. A. HOVER & CO.
By W. A. Hover.

WORLD RECORD IS BROKEN BY TANLAC

Tanlac has brought a new romance to the commercial world. It is the story of an acceptance and appreciation of merit never before attained by a proprietary medicine. Such a business men, to whom the actual figures of the production of Tanlac have been presented, have scoffed them until the proof was shown. The production of Tanlac now stands at the rate of almost four million bottles per year. The exact figures are 3,982,800. The sale of a million bottles in the first nine months which far exceeded any record ever made by a proprietary medicine, now seems insignificant.

"One firm alone," said Mr. G. F. Willis, the international distributor of Tanlac, "has given orders for a total of 165,000 bottles within eighteen months' time. The first I refer to is the Sparlock-Neal Co., Nashville, Tenn. Mr. C. S. Martin, president of this great firm, who is also president of the Southern Drug Jobbers' Association, will verify this statement.

"Tanlac is the result of many years of arduous study by Mr. Cooper and his principal chemist. In fact the two of them have carefully watched its development from the beginning of the experimental stage to its present state of efficiency. So remarkable have been the results obtained from this medicine that I doubt seriously if any other man realizes the immensity of its success. Like many other great discoveries, it has required time to prove its far-reaching effects."

MONROE THE NEW ARROW COLLAR FOR SPRING

GUM TENDERNESS - A TOOTH-MENACE

It is true that four out of five people over forty suffer from gum-shrinkage, or Pyorrhoea (Riggs' Disease).

Pyorrhoea commences with tender gums, or with gum-bleeding, at tooth-brush time. Gradually the gums become spongy. They inflame and then shrink.

And Pyorrhoea cleans teeth scientifically as well. Brush your teeth with it. It keeps the teeth white and clean.

Forhan's FOR THE GUMS

Quit Laxatives, Purges; Try NR

It is a mistake to continually dose yourself with so-called laxative cathartics, oil, purges and cathartics.

Why don't you begin right today to overcome your constipation and get your system in such shape that you can do so if you get a box of Nature's Remedy (NR Tablets).

Nature's Remedy TABLETS

DRINK A GLASS OF REAL HOT WATER BEFORE BREAKFAST.

Sanitary science has of late made rapid strides with results that are of untold blessing to humanity.

Those of us who are accustomed to feel dull and heavy when we arise, splitting headache, stuffy from a cold, foul tongue, nasty breath, acid stomach, can, instead, feel as fresh as a daisy by opening the sluices of the system each morning and flushing out the whole of the internal poisonous stagnant matter.

Everyone, whether ailing, sick or well should, each morning before breakfast, drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver and bowels the previous day's indigestible waste, sour bile and poisonous toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach.

ASTHMA INSTANTLY RELIEVED WITH ASTHMADOR

IMPERIAL'S PICTURE MADE PEOPLE CRY

Strong Emotional Interest in "When a Girl Loves"—A Mildred Harris Picture.

With the orchestra playing "Throw Out the Life Line," while the pictorial play depicted a thrilling episode preaching a real sermon to a lot of hardened mining camp men and women in a bar-room, he (the minister) masquerading in stolen clerical raiment, the combination of circumstances was truly unique at Imperial Theatre last evening.

William Stowell was the robber express agent in the mining town who to carry out his nefarious plan intercepted his successor en route to the camp—a minister, by the way—and stealing the minister's clothing tried to bluff it out that he was the new express agent.

Mildred Harris played the not inconspicuous role of the sickly clergyman's daughter, the clergyman who was waylaid and made to rest up in the cabin while his "friend" worked the minister same at the camp.

Finland, April 28.—(Havas)—The court martial which is trying Senator Charles Humbert on charges of having had dealings with the enemy terminated the interrogation of witnesses on behalf of Humbert at today's session.

FINNISH TROOPS MAKE ADVANCE

Capture Strategic Point Between Petrograd and the Murman Coast.

Helsinki, Finland, Sunday, April 27.—The newspapers today report that Finnish volunteers on Saturday captured the town of Lottinpolto on the White Sea.

HEART PALPITATED Could Count Every Beat.

When the heart begins to palpitate, it will beat fast for several seconds, then slow, then start to flutter, and a feeling of utter depression will come over your whole system, accompanied by weak, fainting and dizzy spells.

Milburn's Heart and Nerve Pills will give prompt and permanent relief to all sufferers from any heart weakness or nerve derangements.

Mrs. Walter Greaves, Appleton, Ont., writes: "I had been run down, and doctors told me I was anemic, but did not help me with their medicines. I could not sleep nights, my heart palpitated so, and I could count every beat."

I used to have such dizzy spells I would have to go to bed. I was not able to do any work for eight months. A cousin of mine had taken Milburn's Heart and Nerve Pills and told me what they had done for her. I took eight boxes of them, and now I am able to help every day with the work.

Everyone, whether ailing, sick or well should, each morning before breakfast, drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver and bowels the previous day's indigestible waste, sour bile and poisonous toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach.

Paris, April 28.—At today's plenary session of the Peace Conference the Council of Four presented the text of a peace treaty provision for the prosecution of former Emperor William by a court of five judges.

NOT A PARTICLE OF DANDRUFF OR A FALLING HAIR

Save your hair! Double its beauty in just a few moments.

"Danderine" makes your hair thick, glossy, wavy and beautiful.

Within ten minutes after an application of Danderine you can not find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most will be after a few weeks, when you see new hair, fine and downy at first—yes—but really new hair—growing all over the scalp.

Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating, stimulating and life-producing properties cause the hair to grow long, strong and beautiful.

A little Danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time.

Get a small bottle of Knowlton's Danderine from any drug store or toilet counter for a few cents and prove that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment—that's all—you surely can have beautiful hair and lots of it if you will just try a little Danderine.

BOLSHEVIK BOMBS SET NARVA AFIRE

Hundreds of Houses Were Burned and Five Thousand Persons Are Homeless.

Copenhagen, April 28.—A despatch received from Royal Russia, says that there has been a big fire in the town of Narva, eighty-one miles south-west of Petrograd.

YOKOHAMA RAVAGED BY FIRE MONDAY

Yokohama, April 28.—(By The A.P.)—A large section of Yokohama was ravaged by fire today, two thousand buildings, including a part of the business section, being burned.

AROUND THE CITY

SHOWERS

HOME FOR BURIAL. The body of John Y. Anthony, a Nova Scotia resident of former years, was taken through the city yesterday via C. P. R. and the Digby boat.

LEFT FOR BUTTERNUT RIDGE. Dr. J. F. L. Brown left for Butternut Ridge, Kings county, yesterday in connection with his duties as medical health officer for the southern district.

ARRIVED YESTERDAY. His lordship Bishop Williams, of Quebec, who will preach the sermon in Trinity church this evening, arrived in the city yesterday and is the guest of Sir Douglas and Lady Hasen.

SLIGHTLY IMPROVED. Slightly improved but not yet out of danger is the report concerning the condition of Dr. W. E. Rowley, Wellington Row, who has been ill with pneumonia since last Monday.

HER FIRST TRIP. The river steamer D. J. Purdy left yesterday morning on her first trip up river this season. She had passengers on board and a big cargo of farm implements and provisions.

THE CANADIAN CLUB. The Canadian Club is scheduled to meet this evening at Bond's restaurant, it being their annual and election of the officers for the ensuing year.

ISLAND MAGISTRATE HERE. D. Edgar Shaw, stipendiary magistrate for the county of Queens, Prince Edward Island, returned from Fredericton and leaves this morning for his home in Charlottetown.

INSPECTOR MEASLES ILL. The numerous friends of Inspector McAlach will be sorry to learn of his illness at his home. It is believed by his medical attendants that he will be out again in a few days and at his duties. Dr. W. E. Rowley, inspectors Garnett, Nicholson and Merryfield are carrying on.

ACTRESS INJURED. An actress in a local theatre while performing at yesterday's bill injured her ankle quite badly by wrenching it. She was later assisted to her home where it was learned she was resting comfortably and would probably be out in a few days.

DOCTOR EMERGES RETURNS. Dr. Alban F. Emery, chairman of the School Board, has returned to the city following an extended visit to various American cities. Regarding the schools and the daylight saving time he has nothing to say until the next meeting of the Board of School Trustees is held.

ABLE TO BE OUT. Miss A. McGurr, St. Patrick street, who fell down a flight of stairs in a local theatre a few evenings ago, was able to be out yesterday afternoon. Miss McGurr is yet compelled to walk with the aid of a cane, but it is gratifying to know that she will be entirely recovered in a few days time.

A SUDDEN DEATH. Mrs. E. M. Carle died suddenly yesterday afternoon at the summer home of Rev. W. R. Robinson, at Grand Bay, where she had been housekeeper for about a week. She had a hemorrhage, and Dr. Kenney was called in but she passed away in a short time. Mrs. Carle was living at Waterloo street before she went to Grand Bay as housekeeper. She is married and her husband has been living at Grand Bay.

A BIRTHDAY CELEBRATION. There was a happy gathering of thirty people on Thursday evening, April 24th, at the home of Mrs. Edgar Christopher, 109 Ludlow street, West Side, to celebrate the birthday of her youngest brother, St. Clarence Mawhinney. After a very enjoyable evening of games and music, refreshments were served and Mr. Mawhinney was made the recipient of a handsome time by the members of his immediate family as a memento of the occasion.

ST. VINCENT'S ALUMNAE. A meeting of St. Vincent's Alumnae Association was held in St. Vincent's school room last evening. Mrs. James McInnery presided. Several routine matters were discussed and donations voted to the St. John Association for the Prevention of Tuberculosis, and to the Educational and Rescue League for the maintenance of the fountain on Union Square. Mrs. Murray was proposed as delegate to the convention of the International Federation of St. Vincent's Alumnae which will be held in St. Louis, Missouri, on May 20.

ARE RETURNING HOME. Military headquarters are in receipt of information to the effect that seven men former members of the 250th Canadian Rifles, the maritime force are reaching the city in the near future, having landed at Vancouver. Four of the men left the West on Sunday morning and should reach here the latter part of this week. All seven men reported in the information are invalided men returning to their respective homes for medical treatment.

SEAT SALE. ANNA CASE RECITAL. Sale of seats for above recital opens to public at Imperial Theatre Box Office at 10 o'clock, old time, Wednesday morning, April 30th. No amusement tax on these tickets. There are still some good locations left to hear this wonderful soprano of the Metropolitan Opera Co., Friday Even., May 2nd, at 8:30 o'clock. Proceeds for benefit of G. W. V. A.

SOLDIERS' PICTURES. Large panoramas groups of mostly all New Brunswick units, and thousands of individual soldiers' pictures. A postal card will bring complete list to you. The Reid Studio, St. John, N. B.

George E. Willett, Moncton, ex-high sheriff of Westmoreland County, is in the city, attending the meeting of the Provincial Synod.

Notice of Change in Rates.

Effective May 1st, the retail price of The St. John Standard will be three cents per copy instead of two cents as in the past. Yearly subscriptions will be advanced one dollar, making the rate for the future six dollars by carrier in the city of St. John and four dollars by mail. The Semi-weekly Standard will hereafter be one dollar and fifty cents per year by mail in Canada and two dollars and fifty cents per year to any other address.

Forceful Address By Peter Wright

Councillor of National Seamen and Firemen's Union of Great Britain Heard in Seamen's Institute Last Evening.

"It is a wonderful story we have listened to," said Mayor Hayes at the close of the lecture delivered by Councillor Peter Wright of the National Seamen and Firemen's Union of Great Britain in the Seamen's Institute last evening. Mr. Wright is a forceful speaker, and his story of the parts played by the navy and the merchant service in the war was followed with deep interest by an audience that comfortably filled the large assembly room. Graphic indeed were the stories he told of the diabolical exploits of the Hun U-boat commanders and crews, committed in a spirit of sinister perversity.

In opening Mr. Wright said that most Canadians did not realize the greatness of their country. After a journey across the continent he had come to the conclusion that Canada was the brightest jewel in the Empire's crown, and that it was destined to become one of the greatest nations of the earth. Turning to the subject of his lecture, he said British seamen had not been surprised by Germany's onslaught upon the free nations. Although they might only be A. B.'s they had better opportunities of studying the psychology of the Hun than most landsmen, and their judgments were frequently better founded than those of men who wrote B. A. after their names. They had lived with the Hun in fo'c'stles, and they knew that every Hun from the all highest to the lowest was obsessed with the idea that they were supermen, destined to dominate the world, and that the road to this goal lay through the overthrow of the British Empire. Lord Hereford and Lord Roberts when they pointed out the danger of keeping up the navy to the mark were called by many of their countrymen jingoes in their derision, who did not know what they were talking about. At the same time when war broke out the British sailor did not hate the Hun, because hate is born of fear. Even Havelock Wilson, the famous leader of the Sailors' Union, was inclined to the view that Hun sailors had some good points, and merited decent treatment. The executive of the Sailors' Union made arrangements with the war office to look after British seamen taken from British ships, and spent \$7500 to provide a home for them at Northampton. Even after they found out that British merchant seamen interned in Germany were only being given one day of water and barley, and were compelled to sleep in the open squares, where they were frequently bombed and tormented by the civilian population the British Seamen's Union continued its policy of providing German sailors in England with every reasonable comfort.

Mr. Wright said that when the British merchant seaman first asked for guns aboard ship so they would at least have a chance to hit back. Lord Kitchener said all the guns he could get hold of were needed in Flanders, and sent him and Havelock Wilson to Flanders to see the situation for themselves. While there wading through water waist high in the trenches he met the boys from Canada. "And I want to tell you," said Mr. Wright, "that you can never repay those boys for what they did for you and I. When you see one of them, take off your hat. No man who wants to can realize what they went through." While in France the French made a drive, and he was invited to visit the reconquered area. In a dug-out he saw with his own eyes forty French women who had been disembowelled and beheaded by the Hun.

Mr. Wright told of U-boats taking the boats of torpedoes ships in tow with steel wires and then diving suddenly and dragging their occupants under the sea, of U-boats coming up among men struggling in the water and cutting off their hands with a hatchet when they caught hold of the edge of the submarine's caspar; of halting men clinging to rafts, with sardonic pleasantry, and bidding them not to be downhearted, as there was plenty of room down under them and all the time there was to go there. Was that warfare? It was sardonic savagery. After being the victims of such outrages, British sailors were being asked to love the Hun? Mr. Wright declared that the British navy had saved the Empire and civilization; had even, as Ex-President Taft admitted, saved the United States and this continent from the savage domination of the Hun, and he urged his hearers to do all in their power to support the navy. He said Canada should follow the example of the United States and create a merchant marine, for its future would depend upon seapower.

The lecture was delivered under the auspices of the Navy League, and Col. E. T. Sturdee, who presided urged members of the league to send in their subscriptions. This province has about 7,000 members which is a big proportion of the membership in all Canada.

A vote of thanks moved by Mayor Hayes and seconded by H. C. Schofield, was tendered the lecturer, who in response told a story of an argument with a Hun, who occupied a room next to him in a hotel at Stockholm, which led him to substitute his morning coffee for that placed in the Hun's room, with the result that the Hun cashed in his checks.

Prospects For Local Athletics

Plenty of Material in St. John if Athletes Had Chance to Train—Feeling That City Should Put Gilbert Property in Shape.

In his sermon to the St. George's Society on Sunday evening, Rev. Archdeacon Crofton mentioned quite forcibly the great necessity of having sport revived in St. John, once the some of champions, that some interest should be taken whereby young men could develop, and that fine, clean, healthy sport should not be allowed to die.

The Reverend gentleman's remarks have awakened some gentlemen in the city who believe that something can be accomplished in St. John that will bring this city back to former days, when it could boast of fine athletes in all branches of sport.

Yesterday afternoon there was an informal gathering of a number of business men and the matter was thoroughly discussed from many points. It was generally thought that much could be done to interest the young men in the city in the movement in promoting good clean outdoor sports. It was mentioned that there was some excellent athletic material in St. John if there was only a chance to train. It was pointed out that while the Y. M. C. A. and the Y. M. C. I. 'Gymnas' have performed wonders during the winter months there was no place in the city for such recreation in the open air during the summer months. Football teams have no place to practice or play a match in the city, there are no running tracks, or a baseball diamond that is fit to play on. It was generally felt that the public playgrounds were fine for the children of the city, but there certainly should be some place for the older citizens. The property near Gilbert's Lane was talked over and those at the meeting were satisfied that if the city could be induced to put these grounds in good shape that this would be the starting point of bringing out large numbers of athletes. Here baseball, basketball, hand ball, cricket, and field sports of all kinds could be indulged in. The different athletic organizations in the North, East, West and Southern sections of the city would have representatives at the different meets, and then St. John could get on the map again like it was in the old days of the St. John Athletic Club and other such organizations.

What is first needed is a suitable athletic field, and the Gilbert property is about the best available. While public playgrounds were conducted in New Brunswick the city for the children, it is felt that different sections should be set aside for the older citizens, but until such time as the city will expend some money and place a suitable ground at the disposal of the young men, then there is little likelihood of pulling out of the present rut. It was shown that should the city place the Gilbert property in shape it could be used during the summer for all kinds of field sports, and in the winter would make a grand open air skating rink, after the usual something is done to induce the city fathers to get busy in this direction the better.

It is possible that another meeting will be held shortly at which representatives from the different associations in the city will be invited with a general discussion on the matter, the dream of future athletes in athletics will become a reality. Yesterday's small meeting was only a starter and should not stop, but the matter should be kept going, every citizen should become interested and in a very short space of time, with public opinion in favor of boosting athletics, there is no doubt but good results will follow.

FISHERMEN ARE GETTING READY

Charlotte County Sardiniers Putting Weirs in Shape and Expect a Good Summer's Fishing.

The sardine fishermen are getting their weirs ready in Charlotte county, but no fishing has been done yet of late in consequence, though the season for sardines has been open some days, said Mr. Connors, of Black's Harbor, who was in the city yesterday.

A letter that New Brunswick fishermen would not be able to dispose of their sardine catch this year owing to the large stocks getting rid of their surplus stock, and that he thought the fishermen ought to make a fair summer, as a good market for any kind of food was bound to continue for years, when prices are signed and more shipping is released for mercantile purposes it is thought the Maine packers will have no difficulty getting rid of their pack, and that in any case they will not be discouraged from putting up more sardines this year.

THE DASH AND GRACEFULNESS OF THESE NEW CAPES AND COAT WRAPS

Winning for them a foremost place in Spring and Summer fashions. Well made the vogue for the graceful new wraps so firmly entrenched as the foremost fashions of the season. So universally becoming are they, and so diversified in their development there is never a hint of monotony.

The round yoked cape that is long, the three-quarter cape that is suppleness or vested, or the narrowed at ankle Dollman with its baggy silhouette, and diminutive sleeves. Every one differs in detail from its neighbor, either in line, or in treatment. Some go the length of cross bar tuckings. Several flaunt smart vests of tricotette. Contrasting buttons, decorative braiding, button trimmings, each do their part in conferring distinction. Materials and colors as diversified as are the styles. \$15.00 to \$25.00.
