GOLD DISCOVERY AT CENTREVILLE

Valuable Marl Bed of High Plant Food Value and The Gold Mine on Same Ground

Two discoveries of minerals on the outskirts of the village of Centreville have attracted considerable attention recently and present some rather curious features. The two minerals are lime marl and gold; and these minerals are about as unlike as it is possible for minerals to be. Marl is one of the cheapest of mineral products, its value being from three to four dollars per ton while gold is now figured around \$20 per ounce. The marl is found as a mass, saturated with water, composing the bulk of the material in what is locally known as "Harold's bog", the first low land after leaving Centreville on the Florenceville road. The gold discovery, as shown by the claims taken up, is back from this highway to the west and north but both are within a mile of the Centreville post office. The marl bed was investigated over a year ago and found to be of an exceptional purity—analysis showing it to be carbonate of lime over ninety per cent. It contains organic matter in varying amount, the upper two feet being black. Below that the marl is a very fine white powder, which contains no grit whatever, and does not require any pulverizing to make it immediately available as a plant food. Agricultural experts are agreed that this is the equal of the best ground limestone for treating acidity in the soil and that it can be absorbed more quickly than the ground stone. Careful tests of the available quantity have been made and there is enough marl in sight to supply the demand of the farmers in the upper river counties for some years. Other lakes and bogs are known to contain this material but in many cases the deposit is mixed with sand or mud and does not attain the purity of the Centreville product.

Near Charlottetown on the North Shore of the province marl beds of large size and the same high purity have been worked for some years and are so valuable that the farmers have a section of the bog, dig their supply and haul it for a distance of fifteen to twenty miles. As the Centreville deposit is only about a mile from the station of the St. John Valley Railway it is probable that advantage will be taken of this to make extensive shipments by rail. Results from the ground lime supplied by the Provincial Government plant near St. John have been so beneficial—especially in the growing of clover, grass and grain—that there is little doubt that our farmers will greatly appreciate having a nearby supply and saving at least part of the freight charge. A working right had just been surveyed to allow the opening up of the marl bed and the surveyor had hardly finished this work before separate claims were taken out for gold and silver partly on the same ground.

The land owners had evidently failed to notice the mineral value of their lands and the holder of the first right had evidently failed to notice the quartz leads that carry the gold—so that now there are three classes of ownership to the same portion of Mother Earth.

Whatever can be said for or against the present Mining Act, it allows an operator to go in and work a deposit of great value to the country which might otherwise remain of no use whatever and, as illustrated in this case, it allows for the separate ownership of the precious metals. We are informed that the holders of the gold claims have received a high assay value from the sample submitted and are very optimistic as to the future. We feel that the development of all valuable mining claims should be encouraged in every way—provided no misrepresentations are made to investors—and the public will watch with interest further developments at Centreville and The Observer hopes at a later date to give further details as to the mineral resources of the county.

LEVERETT CATELLE

The town of Florenceville was shocked Thursday morning, Nov. 2, when it was learned that Leverett Catelle, the oldest son of Mr. and Mrs. George Catelle, passed away at the age of 10 years and six months after an illness of five days caused by a kick from a horse. His death came as a great shock to the many relatives as they did not think that he was seriously hurt. He leaves to mourn, his father and mother, two brothers, Gardner and Malcolm, and two sisters, Yvonne and Madeline. The largely attended funeral was held at Summerfield in the Methodist church on Nov. 3. After a short service Rev. D. R.

Chowen spoke comforting words to the bereaved ones. He was assisted by Rev. I. W. Williamson. The flowers were very nice, especially from the High School. A. D. McCain conducted the funeral at the home, church and grave. Attending the funeral were his school mates: Hugh Gordon, Murray Nicholson, Ernie Wheeler, Ralph Estey, Aubrey McCormick, Arthur Chowen. "Asleep in Jesus, blessed sleep."

A STILL FOUND IN CARLETON COUNTY

Two Women at Greenfield Moonshine Plant, But No Arrests Are Made

Woodstock, Nov. 19.—A full-fledged still has been discovered at Greenfield, near Florenceville, by Excise Officer J. S. Leighton and Prohibition Officer A. A. Nevers. The attention of the officers was attracted to the place by the number of drunks seen issuing from it. At the time of the raid two women were the only persons in the house. As soon as the door was opened the peculiar odor betrayed the presence of the still. On the stove five gallons of mash were stewing, while a sort of tin roller with an inverted cover and an arrangement for holding the mash were found. The capacity of the still was a quart an hour. About a gallon and a large quantity of mash ready for brewing was found. The whole outfit, together with several jugs and bottles containing the product in different stages of manufacture, was brought to Woodstock. No arrests were made as yet but there are likely to be.

THE CROW-BIRMINGHAM CASE

In the supreme court of Appeal, Fredericton, the case of Crow vs Birmingham, was taken up Thursday afternoon and finished on Friday morning. This is a Carleton county case and the defendant is appealing from the decision of Chief Justice McKeown, who entered a verdict for plaintiffs for \$1,800 upon answer of the jury. The action was brought to recover damages for fraudulent misrepresentation as to acreage of a farm purchased by the plaintiff from the defendant.

It appeared that the defendant during the negotiations leading up to the sale stated that his deed called for 325 acres, whereas, as a matter of fact, it called for 125 acres. The description in the deed itself showed that 100 acres had been sold off in 1865. The plaintiffs did not search the records but relied on the representation. The jury found fraud.

R. P. Hartley moved to set aside the verdict for the plaintiffs and to enter a verdict for the defendant or for a new trial, or failing that, for a reduction of damages. Mr. Hartley contended that there was misdirection to the jury as to what constituted fraud; that the jury had not found sufficient elements to establish fraud; that the plaintiffs were grossly negligent in relying on the representation and in not searching the record; that the plaintiffs were bound by constructive notice of what the deed contained and that the verdict was against evidence and he raised several other points of objection.

C. J. Jones appeared for the plaintiffs and opposed the application, quoting authorities to establish that there was no misdirection, and that the plaintiffs were entitled to rely upon the representations and were under no obligation to search the records. He also argued that constructive notice did not apply as a defence to an action for fraud.

The case involves new and interesting points as to the duty of a purchaser to search the records, and also as to the effect of constructive notice under the provisions of the Registry Act. Judgment was reserved by the court.

HORSES CHEAP IN AROOSTOOK

Horses have not been as low in price in Aroostook before for years as they are now. In fact it is pretty hard to sell horses at all. With feed at a fair figure, it is also expensive to keep them. One man who owns a number of horses says he is leaving his stable door unlocked nights— he hopes some one will come along and steal the animals. One man also says that he was foolish enough to buy a god lock for his stable door the other night, and tried to pay for it by giving a bill of sale of one of his horses, but nothing but the real cash would go—Fort Fairfield Review.

"It Pays to Advertise"

A hard season like the present, a period of "hard times," is not the time to curtail advertising, but, exactly the opposite, it is the opportunity to demonstrate the power of the printed word when used commercially. When England was in the throes of almost complete despair the aid of newspaper advertising was invoked, and the promoters put on the greatest campaign that was ever inaugurated and the need for men of action was ADVERTISED in broadsides in every newspaper, and the world marvelled at the result. Again England needed money to finance her tremendous share in the war; and again a great advertising campaign astounded the world with its amazing success. When Canada attempted the almost impossible feat of raising hundreds of millions by an internal loan half-a-million dollars was spent in the greatest newspaper advertising campaign the young nation ever witnessed within its borders, and the gigantic bond issue was speedily oversubscribed.

Advertising—mercantile news told through the medium of the right newspaper—is the sovereign remedy for sick business. It may not directly bring money into the country, but it can KEEP IT IN and KEEP IT IN CIRCULATION. The buying public today needs encouragement and its failing hope revived. The psychological effect of a cheerful flood of hopefully optimistic advertisements of merchants who are still on top and eager to sell can not be over estimated.

MERCHANTS GO TO IT! Quit worrying about the low price of potatoes and think about the high price of laths and lumber and eggs. Prices are still high as compared with those of ten years ago. Shave your prices as low for spot cash as will leave a thin margin of profit and tell the prospective buyers what you can do for them. Fill up the columns of The Observer with chery store news. The Observer is a mirror that reflects the business life of Carleton County. You cannot afford to stay out of the picture—STAND RIGHT OUT—defy business depression! SELL! Turn-over your goods on small profits and make big profits by turning them over quickly. CLAMOR for trade in the columns of The Observer, which visits practically every home in Carleton County, and KEEP THE CLAMOR UP with attractive offerings that you can back up. Customers WILL come to you that you have not seen in a long time, and when they come GREET THEM with a SMILE, and see that your selling staff smile too. Remember SMALL profits on a lot of QUICK sales will yield BIG profits eventually. ADVERTISE and keep at it everlastingly—using liberal space and a lot of good selling sense.

What makes you feel so solemn-sad?
And why so blasted blue?
Cheer up, and print a great, big ad
And see the trade come back to you.

DIED FROM BURNS

Perth, Nov. 16.—The death occurred under very sad circumstances in the C. F. R. station at one o'clock yesterday of Niel Leighton, the three year old son of Mr. and Mrs. Bert Leighton, who was being rushed to the Fisher Memorial Hospital at Woodstock to undergo treatment for burns received early in the day at his home in Plaster Rock.

Mrs. Leighton was engaged in doing some washing and had a tub of scalding water when the little child who was playing about, fell into the tub and was so badly scalded that it was decided to take him to the hospital in an effort to save his life. The parents started for Woodstock, but while waiting for the train the little child succumbed to his injuries and died in his mother's arms. The parents, grief stricken, returned to Plaster Rock with the remains of their little son.

HARTLAND TO HAVE STREET LIGHTS

An arrangement is being completed between the Town Council and G. F. Seely for 15 street lights and lights for the town hall, hose house and pumping station. The contract is not yet signed but there is little doubt but that the scheme will go through and after the lapse of so many years of darkness Hartland streets may be partially lighted at least. The cost of lighting may cause a slight increase in taxes, but it will be worth it.

The bridge is just as dark as it ever was and it is hopeless to look to the government for real aid. Fredericton is lighting the river bridge at its own expense and recently a Woman's Institute raised money to supply the electrical fixtures for the Nashwaak bridge which it is understood the town of Devon will light. It is understood the government is willing to equip Hartland bridge with fixtures but they will not establish the precedent of lighting highway bridges. They claim they have no more right to light bridges than they have to light highways.

NEW LATH MILL FOR HARTLAND

Hatfield & Co. are putting machinery for the manufacture of laths in their woodworking factory at Hartland which has been in disuse the past three years. Besides the sale of laths the company hopes to secure fuel to operate the factory another season.

Farmers having lathwood or stumps may secure the very best prices by bringing it to Hatfield & Co.

PRODUCE PRICES

While prices of today are not comparable with those at the close of the war it is interesting to note in the following table present prices and those of twenty years ago.

	1902	1922
Potatoes	\$1.00	\$1.00
Oats	23c	36-38c
Beans	2.50	5.00
Eggs	.18	.40
Butter	.17	.36
Dressed Chickens	.08	15-20c
Dressed Geese	.07	.30
Dressed Ducks	.07	.25
Dressed Turkeys	.15	.40
Dressed Pork	.04 1/2	10-13c
Dressed Beef	.04	6-7c
Buckwheat Meal	1.20	2.50

It will be seen that the prices average more than 100 per cent greater today than 20 years ago. If the farmers of that time were told that they would live to see the prices of produce exactly double none could have been made to believe the story and yet today, in realization, the farmers never have complained more bitterly. The times are not hard. The soft times have passed away, that is all. War time urgency and necessity no longer exists.

Next Sunday Services

At the Baptist church on Sunday evening there will be the usual service and it is expected that Rev. H. M. Wallace, Home Mission Evangelist who has been laboring on the Rockland field, will be the preacher.

There will be no services in Holy Trinity on Sunday but Mr. Haigh will conduct service at Glassville at 2.30 and Beaufort at 7.30.

The ladies of the Church of England have changed the date of their annual sale from December 15th to December 13th.

Rev. H. V. Bragdon will on Sunday preach at Carleton at 10.30 a.m. and at Armond at 2.30 and 7 p.m.

Lieut. Col. A. B. Snow has received word that the Hartland Cadet Corps have won the B. S. A. outdoor rifle match, in the Canadian Rifle League, which was held during the summer. All cadet corps in the province of Ontario and east were eligible to enter the match. Great credit is due to G. W. Montgomery, instructor as the Hartland Corps has only been organized a little over a year. Another match in the league took place in the province of Manitoba and west.

BACON PRODUCTION FULL OF PROMISE

Possibilities of Industry in This Province Highly Regarded—Dressing Demonstration at Experimental Station

Fredericton, Nov. 20.—The demonstration of the dressing of bacon and hogs, which began Saturday at the Dominion experimental station here was completed this morning. J. Stafford, superintendent of a Montreal packing plant, demonstrated the dressing of the hogs for the large attendance of farmers and others interested. He gave particular attention to the production of Wiltshire sides, the form in which Canadian bacon is wanted in Great Britain. His skill was greatly admired by those present.

Mr. Stafford spoke in the highest terms of the quality of the animals which had been produced at the experimental station and expressed the opinion possibilities in bacon production, if the proper methods were followed in the matter of breed, feeding and other essential matters.

Thirteen animals were killed and dressed. All graded as first-class although varying in size and in other ways. They were of Yorkshire breed and had been fattened upon corn and barley grown on the farm of the experimental station. The experimental station. The experiment showed that barley was the superior food.

SIX DURANT PLANTS NOW IN OPERATION

New York, N. Y., Nov. 22.—Bulletin issued to the 80,000 stockholders of Durant Motors Inc., and associated companies today, stated that capacity production for that next 15 months is assured for all Durant plants; production schedules calling for the manufacture of more than 300,000 automobiles.

The bulletin contains an announcement by President Carrell Downes of Star Motors Inc. stating that orders for approximately half a million Star cars have been received, and that orders with deposits for 231,000 Star cars have been accepted for delivery within 15 months. These Star cars together with all Durant models will be manufactured in Durant plants. Approximately 40,000 Durant cars with a wholesale value of \$35,500,000 were built and marketed during the first year of operation ending October 1.

Six Durant plants are now in operation and the seventh at Elizabeth, N. J., will be in production this month. The stockholders are advised that "Of the 88 manufacturers of automobiles only five produced more cars than Durant in July 1922." The corporations financial position is summarized as follows: "Due to the character of its contracts both for the manufacture of its materials and the sale of products Durant Motors Inc. enters in its second year of production with a substantial cash surplus. An exceptional small plant investment for the volume of business contracted, and an unusually good prospect for continued profit making."

The Star car is being shown at Thornton's store.

PUT ON A NEW RECORD

A church sixty years old within the walls of which a wedding never occurred until this week is undoubtedly in a class by itself. The edifice without containing the slightest breath from a hymeneal atmosphere is the Methodist Church at Young's Cove in the circuit of Rev. T. Spencer Crisp. On Wednesday however Rev. Mr. Crisp put a crimp in the record and established another performing a marriage he of course holding the distinction of being first to officiate at such a ceremony in that church. The bridal pair were Isaac Fowler and Miss Lena McNamee both of the Young's Cove Road district who also established a record by heading the matrimonial roll of that place of worship.

Orcutt, Mrs. Orcutt, Mr. Tyrre Stevens, Mr. N. A. Hubert, Mrs. Hubert, Mrs. Buckley, Governor Newton W. Gilbert. Left to right (kneeling): Mr. Robert F. Hand, Mrs. Gilbert, Mrs. Stevens, Mrs. Smith.

The New York visitors to the Chateau Frontenac, Quebec, the other day included a large party from the Circumnavigators Club, under the leadership of Newton W. Gilbert, ex-governor of the Philippine Islands, and W. Tyrre Stevens. All members of this club have circled the globe, and this year decided on a Quebec celebration in view of the important part played by French-Canadian explorers in opening up routes around the world. At a dinner given in their honor by Hon. Frank Carrel, a Canadian member of the club, and member of the Quebec Legislative Council, old French chansons of the days of Jacques Cartier were sung by a quartette from the Montreal Sarsaparilla Club, in co-operation with the Chateau Frontenac, which presented each member with a book reproducing the words and melodies. During the visit the Circumnavigators alighted out to the historic shrine of Ste. Anne de Beaupre and on their return were initiated into the mysteries of curling at the Garrison Club. Governor Gilbert stated: "It would be difficult adequately to express my appreciation of the quaintness and grandeur which characterize this delightful old city. I have visited many quaint quarters of the world in my travels, but none which combine quaintness with beauty as Quebec city does."

The party comprised Mr. and Mrs. N. A. Hubert, New York; Dr. and Mrs. T. A. Buckley, New York; Mr. and Mrs. W. F. Smith, New York; Mr. Robert F. Hand, Plainfield, N.J.; Mr. and Mrs. L. H. Potter, New York; Mr. and Mrs. R. W. Orcutt, New York; Mr. and Mrs. Tyrre Stevens, New York; Mr. and Mrs. N. W. Gilbert, New York; Mr. J. M. Gibbon, General Publicity Agent, C.P.E. After enjoying the thrills of the famous Dufferin Terrace toboggan slide and sleighing down by a team of Hudson Bay Huskies, the party posed for the above picture.

FALL OUT

Did you notice how they have been falling out all along the line the last few years? And of late the Premier of England, the Mayor of St. John, and the last one to fall out was the Sultan of Turkey. Not to speak of the business men noted in the papers every week! And I have already been told that I cannot stay in it I change my ways or ask others to change, and as "No man liveth to himself" I cannot without your help. When we remember how hard it was to break the Hindenburg line, I know that you and I can break away from that old custom that has bound so many down for generations. I have also been told that one should give credit to those that can and will pay promptly, and I think this would be a very good policy, but who will tell me where to draw the line?

I have recently put in a line of the famous JOHN PALMER SHOEPACKS and ACADIA PRIDE HOMESPUN PANTS and many other lines all of which are guaranteed to wear long enough for any man to earn the cash to buy again.

Why Not Give to Your Child The Treatment Your Mother Gave You

It is just as effective as ever in relieving coughs and colds, and still holds first place as the most popular of cough medicines.

Colds and Bronchitis

Mrs. Chris Dresser, Bayfield, Ont., writes: "We have used Dr. Chase's Linseed and Turpentine in our household for some time, and have always received good results. I have used it for my children as well as for myself for colds and bronchitis, and we find it gives immediate relief. Three bottles of this medicine once relieved me of an obstinate cold when doctor's medicine had failed. I cannot speak too highly of Dr. Chase's Linseed and Turpentine, and would not be without it in the house. If you can make any use of this letter you are at liberty to do so."

Asthma

Mr. Thomas Bond, Shelburne, North Shore, Que., writes: "I suffered for years with asthma, sometimes being unable to lie in bed, but after a treatment of Dr. Chase's Linseed and Turpentine, I am now quite well and thank this medicine for restoring me."

A. B. LOVELY - East Florenceville

East Florenceville

Work is proceeding in the erection of a new lath mill, which is being built by S. W. Smith and Bert Bell. It is expected that the mill will be ready for business in a very short time.

Jay Dow and Willie Simonson returned from a week's hunting trip last Saturday afternoon. The hunters reported poor sport and bad weather, failing to get a shot at anything larger than a squirrel.

J. H. Wasson of St. John paid a visit to this community last Friday and was entertained at the Baptist parsonage. Mr. Wasson left on Saturday to visit his daughter, Mrs. Percy Ellis of Perth, for a few days.

Rev. Malcolm Orchard was the preacher in the United Baptist church last Sunday morning. Mr. Orchard gave a very interesting account of the foreign mission work being carried on in India and Bolivia by Canadian Baptist and greatly delighted his large audience.

Mrs. Wm. Hopkins and daughter Freda, went to Woodstock on Saturday afternoon to attend a convention. It has been decided to hold the District Sunday School convention of Peel and Simonds in the Methodist church at East Florenceville on Thursday, Dec. 14. A splendid program is being arranged and Rev. Waldo C. Machum, B. A., one of the Maritime leaders, will be present. Delegates are invited from all the schools of the district. In Lanadowne, Gordonsville and Mt. Pleasant. Names of delegates should be sent to Mrs. W. W. Weiville at East Florenceville.

Mrs. Wm. Davis entertained a group of friends at her home on Friday evening.

Rev. Mr. Stead held service in the Anglican church on Sunday morning, administering the Holy Communion. James McIsaac, F. L. Tompkins and James Banks have left for the woods to cut lath wood. They have built a comfortable camp and expect to work there all winter.

Good progress is being made on the house being built by James McIsaac and it will be ready for occupancy in the near future.

Rev. I. W. Williamson is now engaged in conducting a series of special services in the Bristol section of the circuit.

Mr. Milbury of Stickney had the misfortune to lose four fingers from his hand in an accident in the mill last week.

Florenceville Facts

Rev. I. W. Williamson preached a wonderful sermon in the Baptist church on Sunday. His subject was "Sanctification," his text being John 17: 17, "Sanctify them through thy truth." He explained the true meaning of sanctification and urged his hearers for a more consecrated and deeper Christian life. At the beginning of the service Mrs. John Smith was received into the fellowship of the church by Mr. Williamson.

Mr. and Mrs. Beecher McCain have returned home after being away since early summer. Their many friends are glad to see them again.

Geo. Clark, Mr. and Mrs. Arthur Clark, Alva Cogswell and Miss Tompkins motored from Easton, Me., and were the guests of Mrs. Eva Nicholson on Sunday.

Mrs. Nicholson has taken another boarder for the winter—Miss Vera Clark, daughter of Geo. Clark. Mrs. Stickney was visiting Mrs. John Perry of Connell last week.

John Boone took his little daughter Doris to the Fisher Memorial Hospital on Wednesday of last week where she was operated on for mastoid. She is doing as well as could be expected considering the operation.

Mrs. Doris Peters is able to be around again after being confined to the house with a severe attack of la grippe.

Mr. and Mrs. William Peterson were guests of Mr. and Mrs. Beecher McCain on Sunday.

Mr. and Mrs. Chas. N. Boyer of Centreville were calling on Mr. and Mrs. Thomas Boyer on Sunday.

Charles N. Boyer received a letter from his niece, Mrs. Winslow Burrill of Haverhill, Mass., telling of the passing away of her husband, Mr. Burrill, on Nov. 8. Mr. Burrill will be remembered by the older residents of the village. At one time he conducted a prosperous business as carriage maker in the shop later owned by Mr. S. D. Ross.

Geo. Wheeler was in Fredericton on Friday in the interest of the new gold mine.

Mr. Lorne Hume and son John went to Belleisle, Kings Co., last Tuesday to see Mrs. Hume's father, Mr. Northrup, who is seriously ill.

William Jewett is on the sick list, also W. L. McCain.

The young people of the village met at the home of H. M. Estey on Sunday evening and enjoyed a song service.

Mr. N. A. Hanson and son Perley spent a few days in St. John during the past week.

Alonzo V. Wilson of Caribou and Miss Grace Agnes Todd, daughter of Mr. and Mrs. Harry Todd of Carlingford were married November 7, by Rev. Charles Flemmington at the Methodist parsonage.

Mrs. Ida Spike and Miss Carrie LaPage, who have been visiting friends in Fredericton, have returned home.

Mrs. D. E. Bedell was a visitor in Woodstock Saturday.

Mrs. H. B. Murphy spent the week-end with Mr. and Mrs. Ray Murphy of Aroostook Junction.

Mr. and Mrs. C. B. Inman and family took dinner on Sunday with Mr. and Mrs. C. R. Inman of Linville.

Emma Palmer of Perth was the guest, last week of her grandparents, Mr. and Mrs. Edd Cox.

Mr. and Mrs. Edd Drost and little son, also Sharp Inman, were guests of Mr. and Mrs. Wm. Carr of Munciac on Sunday.

The Ladies Aid of the Baptist church met with Mrs. Edd Drost on Wednesday afternoon. This was a very interesting meeting, owing to the fact that Miss Augusta Slipp, Provincial Secretary of the Women's Missionary Societies, was present and gave a very instructive and helpful address along the line of missionary work.

Mrs. C. B. Inman and son Harold drove to Port Fairfield on Friday.

Sanford Smith of Kincardine is threatening here.

CARLETON OBSERVER

HARTLAND, N. B., NOV. 23, 1922.

DO YOU GET YOUR PAPER

Occasionally subscribers to The Observer receive complaints of the non-receipt of their papers. In practically every case the trouble arises after the papers leave the office. Our system of mailing is so nearly complete that it is rare that a copy is missed.

The management will consider it a favor if subscribers will immediately notify the office if the paper does not reach them regularly. Always be careful to give the correct name as it appears on the margin of the paper, as well as the correct address. Sometimes bundles break open in the mails and copies are lost; sometimes papers go astray; but the greatest number of complaints come from people living on rural delivery routes, where careless or incompetent carriers handle the mail. One case is reported where a carrier was unable to read, and another where the mail was entrusted to a boy of 14.

Subscribers at Florenceville report that all did not receive their papers last week. This would indicate that the bundle was broken open in transit and part of the papers were lost.

All complaints will be speedily looked into if promptly reported. It is poor satisfaction to carefully edit a paper and not have it reach those who are interested enough to pay for it.

ITEMS OF NEWS

(Woodstock Sentinel-Review)

Two murder mysteries are prominently featured in the American papers. In each case the central figures are a minister of the gospel and another man's wife. In both cases the man and the woman were found dead. One is regarded as a case of double murder, the other as a case of murder and suicide.

This is news. Two ministers of the gospel apparently strayed from the path of propriety and paid the penalty. That thousands and thousands of ministers of the gospel have not strayed from the path of propriety, but continue from day to day in the faithful discharge of their duties, living lives of piety and usefulness, is not news.

So in our own country a priest who was charged with murder and is now in an institution for the insane, has figured prominently in newspapers. For a priest to be accused of murder is news. That thousands and thousands of priests lead exemplary lives is not news.

It is easy, perhaps, to misunderstand the importance that is given to news. It is easy to make too much of the fact that a priest or a minister goes wrong, and to overlook the fact that there are so many others who don't go wrong.

DESTROYED BY FIRE AT HOULTON, ME.

Total Loss Placed at \$100,000—Fifty Men Thrown Out of Work

Houlton, Me., Nov. 16—The machine shops, paint shops, carpenter shop and other departments contained in a large plant owned by the Bangor and Aroostook railroad near here were burned last night together with all equipment. The fire started from a cause unknown and spread with great rapidity, the dry and oil-soaked structure giving out a terrific heat. As the shops were a mile out of town and beyond the reach of the fire department nothing could be done to save the property.

The total loss is estimated at \$100,000. About fifty men are thrown out of work.

Middle Simonds

Glenn and Von Underhill and Roy Shaw have gone to St. John where they are working in the cement works. Frank Hatfield is also working there in the potato business.

Our teacher, Miss G. E. Markey, spent the week-end at her home in Peel.

Edd Underhill has gone in the woods for Millard Shaw.

The Ladies' Aid Society met at the home of Guy Christian where a pleasant afternoon was spent in sewing, etc.

Miss H. Hale is successfully conducting the Lower Simonds school.

Miss Alice Underhill has been spending the last few weeks in Centreville.

Mr. and Mrs. Arnold Orser and little Elta spent the week-end with Mrs. Orser's parents, Mr. and Mrs. Tyson Nicholson.

John Raymond, who is attending the Vocational School at Woodstock, spent the week-end with his parents, Mr. and Mrs. Willie Raymond.

Tyson Nicholson and son Harry have spent the past two weeks threshing in the neighborhood.

Mr. and Mrs. J. W. Atwater spent Thursday in Peel visiting relatives.

The many friends of Mrs. Odber Shaw are sorry to hear of his illness and hope for a speedy recovery.

CHICKEN THIEVES START A \$10,000 FIRE

Joseph Cormier Loses Large Barn and Valuable Contents—Dwelling Damaged

St. Leonards, Nov. 20—Chicken thieves on the premises of Joseph Cormier of Lille, set fire to the hen-house, and soon his large barn was burned together with three horses, four cows, several sheep and hogs, and a large amount of grain and potatoes. The loss is about \$10,000. The house caught on fire and was slightly damaged.

DEDICATION DEC. 17

It is expected that the services of rededication of the United Baptist church will be held on Dec. 17 and that the retiring pastor, Rev. E. A. Triton, who has accepted charge of the church at Carleton Place, will return for the purpose of assisting in this special service. There have been extensive alterations made on the church, practically doubling its capacity. Full notice of the dedicatory services as well as the complete story of the church and its development will appear in a later issue.

Miss Edna Martin, who for three years has been a most efficient clerk in the J. L. White department store, has accepted a position on the N. B. Telephone staff here.

DOES IT PAY TO WORRY ABOUT APPENDICITIS

Can appendicitis be guarded against? Yes, by preventing intestinal infection. The intestinal antiseptic, Adler-ika, acts on BOTH upper and lower bowel removing ALL foul, decaying matter which might start infection. EXCELLENT for gas on stomach or chronic constipation. It removes matter which you never thought was in your system and which nothing else can dislodge. One man reports it is unbelievable the awful impurities Adler-ika brought out. Mrs. L.J. Lovelace Says It Changed Her Whole Life

People who have suffered until they have become discouraged and out of heart should profit by the experience of Mrs. Lydia J. Lovelace, Market street, Liverpool, Nova Scotia.

"I have had rheumatism all my life," she said, "and have spent hundreds of dollars with very little results until I began taking Tanlac. When I began taking the medicine every joint in my body ached and my fingers were so swollen and painful I could not even wring out a dish cloth. My arms were so swollen I could not get my shoes on. Even my shoulders and the back of my head pained me and I could not get any case or rest in bed. I simply had to give up trying to do my housework."

"My whole system was run down and I felt discouraged and depressed, because I saw little chance of ever being any better. I felt such good results from my first bottle of Tanlac that I kept buying bottle after bottle until I have now taken twelve. My rheumatism is gone and my whole life is changed. I eat good food plenty of good sound sleep and enjoy living. I have told lots of people what Tanlac has done for me and will always praise it."

Tanlac is sold by all good druggists.

DANGER!
Public Notice

On and after Dec. 1 the law bids you to drive to the right. Any one violating the Act must suffer the penalty or damages of so doing!

Are you abusing the Radiator of your motor car? Are you draining these frosty nights? All this is quite unnecessary if you use our ANTI-FREEZE MIXTURE. This is purely an Alcohol mixture consisting of pure spirits, or 95 per cent Alcohol with Benzol and Oil of Pine. The schedule below gives the required quantity for the various degrees of weather:

Freezing Temperature	Anti-Freeze Mixture	Water
Above 10 degrees	1 part	4 parts
Zero Weather	1 part	3 parts
Below 5 degrees	1 part	2 1/2 parts
Below 10 degrees	1 part	2 parts
Below 15 degrees	1 part	1 1/2 parts
Below 20 degrees	1 part	1 1/4 parts
Below 25 degrees	1 part	1 part

Why not save your time and give care to your car by using this denatured Spirit? The cost is a minimum compared with the damages which arise from a frozen radiator. We invite you to come in and have us give you full particulars. We also have a few 1lb cans of Engine Ether at 60c per pound.

The evangelistic campaign that was conducted for three weeks at Riley Brook by T. P. Fletcher and H. A. Sipprell was fairly successful and besides a few accepting Christ as Saviour and Lord, good seed must have been sown that should yield a good harvest in coming days. Mr. Sipprell will move his family to Riley Brook in a short time to take up the work of the Master on that past-neglected field.

At the annual meeting of the Canadian Bible Society reported last week new officers were elected as follows: President, A. E. Plumer; secretary, Arthur Baird; treasurer, L. E. MacFarland. DAUGHTER HAD TO HELP MOTHER

Now Can Do All Her Housework Alone because Lydia E. Pinkham's Vegetable Compound Helped Her

Jasper, Minn. — "I saw in the paper about Lydia E. Pinkham's Vegetable Compound and took it because I was having such pains in my stomach and through my back that I could not do my work. I had tried other medicines, but none did me the good that your Vegetable Compound did. Now I am able to do all my work alone while before I had my daughter staying at home to do it. I have told a number of friends what it has done for me and give you permission to use my letter as a testimonial." — Mrs. J. M. Farnham, Route 1, Jasper, Minn.

There is no better reason for your trying Lydia E. Pinkham's Vegetable Compound than this—it has helped other women. So if you suffer from displacements, irregularities, headaches, nervousness or are passing through the change of life remember this splendid medicine. What it did for Mrs. Farnham it may do for you.

The Vegetable Compound stands upon a foundation of nearly fifty years of service.

CANADIAN ENTERPRISE IN ENGLAND

CLOSE to the Dock Gates, and nearly opposite the South-Western Hotel, the new Canadian Pacific Building at Southampton, England, opened on Monday, Sept. 4th, will soon become a well-known landmark for travellers.

The building stands out in striking relief to the rather drab appearance of Canine Road, on which it faces. A stone front, colour washed brickwork, and pleasant green shutters to the first floor windows, have assisted in achieving this desirable effect. Window decoration has been treated in an original

style, with sliding shutters having reced-line divisions screening the interior, on the lines of the Oriental Shoji.

The interior decorations and arrangements have been carried out from a strictly practical point of view. A colour scheme of decided character has been obtained by a strong contrast of black and red, enlivened by woodwork supplying the black, while an unusual type of old fashioned marbling has been used for the cornice and dado.

Rubber floors, which deaden the sound of footsteps and are also consid-

ered more sanitary where there is much traffic, are an important feature of an office that will undoubtedly prove a very busy one for its occupants, Mr. David Drummond, Southampton Agent, and his Staff, in dealing with the ever-increasing flow of Canadian Pacific traffic through the Port of Southampton.

All the work has been carried out by a well-known local firm, Messrs. Jenkins & Sons, of Southampton, from designs prepared by A. H. Jones, M.S.A., architect, and P. A. Staynes, R.O.I., artist, of 10, Conduit Street, London, W.

leaving to mourn, his wife, formerly Miss Beattie Knox of East Blaine, Me., and one son, Earl, age 6 years, his mother, Mrs. Matilda Bartley of Fairfield, Me., two brothers, Austin of Knoxport and Lewis of Clinton, Me. and one sister, Mrs. William Knox of Fairfield, Me., besides a large circle of friends and acquaintances.

An obscure trouble which for several years had given occasional alarm suddenly developed into a serious matter that demanded instant relief. Dr. Brown of Centreville was consulted and advised immediate surgical aid. Dr. Kincaid of Mars Hill agreed in the diagnosis and operated on Mr. Bartley Dec. 10, 1921 removing a tumor. It was then that the doctor discovered tuberculous conditions. He did not trust wholly to his own opinion but submitted the tumor to the scrutiny of experts in Augusta who confirmed his decision. Dr. Kincaid advised a year's rest and the patient gained rapidly in flesh and strength for some months.

Then, a chain of tumors formed and his further quest for health began. His physician advised a trip to Portland where very other means for weeks were used by specialists to remove the trouble, but in vain. Several other doctors in New Brunswick were consulted and alternating hope and fear filled the hearts of himself and his devoted wife and while relief came, for short seasons the cruel disease gained headway until his last weeks were full of intense suffering. Kind friends and neighbors did their utmost and constant attention of a capable loving wife strove to make the way easier.

Many prayers were offered for temporary relief and were as often answered, but the All Wise Father saw fit to deny the latter and after rare courage and patience through all the weary time Eddie passed on to the Better Life.

Previous to the operation in December and knowing the it might result fatally he desired that Lee C. Good of Monticello should preach his funeral sermon and T. A. Jones act as his conductor.

According Bro. Good spoke comforting tender words of hope and sympathy from 2nd. Cor. 5-1 to a congregation that filled the church to pay the last tribute of respect to one whom they had known and respected all his life.

Favourite hymns of deceased were sung—"We are going down the valley, one by one" by the choir "There's no disappointment in Heaven" by Mr. and Mrs. Havelock Knox of Caribou and "Death is only a dream" by Mrs. Edner Reid and her daughter, Miss Glen.

Rev. I. W. Keirstead of Royalton and Rev. Clark of Mars Hill assisted in the services. A goodly delegation of members of Mars Hill L. O. L., which Mr. Bartley had been a member, were present and joined by a number from Centreville Lodge had their proper place in the service.

His remains were buried in the Upper Knoxport cemetery beside those of their first-born son, and those left cherish the memory of a loving husband and father, a good friend and neighbor, and an upright citizen.

Eases Kitchen Work

To Women Who Do Their Own Work: Suppose you could save six minutes every day in washing pots and pans—two minutes after every meal. In a month, this would amount to a saving of three hours of this disagreeable but necessary work. This saving can be made by using SMP enameled kitchen utensils, as their smooth sanitary surface will not absorb dirt or grease. No scrubbing, scouring or polishing is needed when you use Diamond or Pearl Ware. Soap, water and a dish towel is all you need. Ask for

SMP or Pearl WARE

Diamond Ware is a three-coated enameled steel, sky blue and white outside with a snowy white lining. Pearl Ware is enameled steel with two coats of pearl grey enamel, inside and out.

LOCAL AND PERSONAL ITEMS

Rev. M. L. Orchard, returned missionary from India, will preach in the Centreville United Baptist church on Nov. 26 at 7 p.m. Mr. Orchard is among the best and most fluent speakers in the Baptist denomination, therefore all should endeavor to hear him.

On Wednesday evening the management of the picture house put on a special film "A Connecticut Yankee in King Arthur's Court," with Harry Myers as the Yankee and Charles Clary as King Arthur. The piece was adapted for the screen from Mark Twain's novel. It proved a tale of satire and burlesque, and his Knights of the Round Table into the mysteries, conditions and improvements that make up our happy twentieth century. The sub-titles of the piece were a scream, and furnished much merriment for those who read. Saturday evening brought a real picture "Fifty Candles", a screen version of Earl Derr Biggers' story of the same name in the Saturday Evening Post. This picture was built about a plot of absorbing interest, and kept one on the quiver of expectancy throughout all the five reels. A murder in the first of the third reel left several people open for suspicion, but all theories were given a terrible bump when the guilt was fastened upon the one whom no one suspected. This night's program began with a beautiful scenic film and ended with an educational reel, both of which were most interesting and instructive. For the bills this week scan the advertisement at the bottom of this page. The management have furnished traps to assist in the musical end and Hugh John Peppers is under contract to make it snappy.

Rev. H. R. Bell will preach on November 26 as follows: Centreville 11 a.m.; Carvell 3 p.m. Rev. M. L. Orchard, returned missionary, will preach in the United Baptist church on Sunday evening. Miss Broom of St. John is visiting her sister Mrs. J. Joe Estabrook. The young folk are getting much enthused over basket ball and with the completion of the gym, in the second storey of the school building, they will find a place to spend many a pleasant hour and incidentally work and fashion up a wealth of knotted muscles that will stand them in good stead all through life. "Brains and brawn" is a much more necessary combination in our present day than when the adage was coined.

The box social held on Friday evening in the Opera House under the auspices of the Centreville High School was a most successful function. A pleasing musical program was given, the numbers being contributed by the Misses Daisy Burt, Hilda Page and Allee Page. Dr. H. W. Peppers proved a most eloquent auctioneer, and the sale of the boxes netted about \$51, which will go towards the gymnasium fund. After the ruminating period, wherein all the pure food products from Kellogg's corn flakes to Helms' fifty-seven kinds were consumed, a pleasant hour was spent in dancing. A few of the young bloods with all the vagaries of Love's young dream toddling about in their noddles, were just a bit disappointed when they were either to park in the corner with some alien dancier, or were frozen out altogether through fervid bidding. All spent a happy evening and went home with their bread-baskets full to sally abroad on a nightmare.

On Sunday, Nov. 26, David Irvine, our oldest citizen, will celebrate his 81st anniversary. Mr. Irvine bears his weight of years wonderfully well, and within the week was up town transacting business at the bank. A wealth of silvery hair surmounting a face of singular freshness, one could almost imagine the old gentleman had stepped out of a portrait. Mr. Irvine spent his early days in Knoxford where he had extensive agricultural interests. At different times he has served as member at Ottawa, Sheriff of the county and customs officer. His many friends join in wishing him many happy returns and a prolonged and happy old age.

Fred Cowan of Woodstock was in town on business on Friday.

Mr. and Mrs. Carl Hanson and Mr. and Mrs. C. F. West of Presque Isle were at the Kennedy House on Saturday.

G. M. McLeod of Hartland was here on business Friday and Saturday.

Mrs. G. Burt and children of Fort Fairfield spent last week with Mr. and Mrs. S. W. Hurst.

Harold Carr and Miss Helen Margison spent Sunday with Mr. and Mrs. Allan Margison, Knoxford.

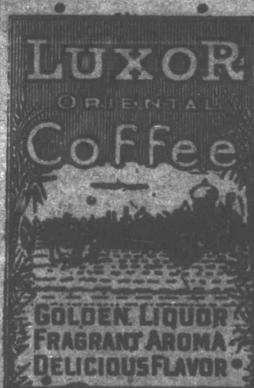

Mr. Fliewelling of Fredericton was the guest of Mr. and Mrs. J. I. Gallagher on Sunday. Mr. Fliewelling sang a solo in the United Baptist church at the morning service.

G. W. Bishop of Grand Falls was in town on Sunday.

McINTYRE-MacBRIDE

The home of Mr. and Mrs. John S. MacBride, Easton, Me., was the scene of an interesting event on Nov. 16 when their daughter Thelma, a recent graduate of the New England Conservatory of Music, was united in marriage to Hugh B. McIntyre of the Bureau of Economics, Dept. of Agriculture, Presque Isle. The parlors were beautifully decorated with festoons of gold and white crepe caught up with white bells. Miss Margaret Drake of Houlton played the wedding march and little Mary Esther MacBride was the sole attendant of the bridal party. She carried a basket of flowers and acted in the capacity of ring bearer. Rev. George Gorwood performed the ceremony, the double ring service being used. The happy couple left for a short honeymoon and will reside in Presque Isle. Among the out-of-town guests were Mr. and Mrs. Haddon Thomas, Mrs. Fred Drake, Houlton, Vernon MacBride, Littleton, Mrs. M. I.

F. Carvell, Fredericton, and Mrs. McIntyre and Mrs. Phil Phair, Presque Isle.
