LORD'S DAY BILL IS UP

Vitriolic Attack on the Measure by Mr. Bourassa

AYLESWORTH EXPLAINS

Ottawa, June 21.—The first morning sitting of the House of Commons was held yesterday morning, with a fair attendance, notwithstanding the meeting of several committees at the same time.

Hon. Mr. Fisher introduced a bill to amend the Manitoba grain act. The Lord's Day Bill.

The Lord's Day bill was taken up. In response to Mr. Bourassa's request, Hon. Mr. Aylesworth made the explanation. He said the question had been thoroughly considered by the special committee, who had heard the interested parties and had reported the bill in its present form. The Minister of Justice said that Christianity was recognized as a constituent part of the law of Canada, as it had been for years in Canada and in British legislation making certain acts on the Lord's Day offences against the law. Mr. Aylesworth then glanced over some features of the bill and noted the conflict over transportation interests.

Col. Tisdale asked if the bill would interfere with street railways and tramways now operated on Sunday. Mr. Aylesworth replied that he proposed to amend the bill to provide that it would not interfere with them where they were not prohibited by Provincial legislation. He went on to say that throughout the Dominion, except perhaps in a portion of Quebec, there had been agitation of a very pronounced kind for legislation in regard to the Lord's Day. The subject was necessarily one of very great difficulty. Business interests were in conflict with the convictions of other and well-meaning citizens of Canada. It was a matter in respect to which there was unquestionably a general demand for legislation. It was a matter in respect to which the Parliament of Canada was the only tribunal which could effectively pronounce.

It was a matter from every standpoint, therefore, in regard to which, in the general interests of the country, it was a necessity that there should be a spirit of compromise and concession. It was impossible that anyone deeply interested in the measure should have to the full extent his wish carried into legislation.

A Government Measure. Mr. Aylesworth concluded: "We adopt this as a Government measure. It may not be perfect in all its details, but it is presented as the result of faithful, honest and laborious work on the part of the special committee of this House, as a bill for which in the main we accept responsibility before this House and as a measure calculated to serve the best interests of this country. We hope there will be no other view than that it is the duty of the members of this House to assist in making it as perfect as possible."

Dr. Daniel, Chairman of the special committee, responding to the request

MANUFACTURER'S EXHIBITION OF GOURLAY PIANOS

To be Held in Chatham For Two Weeks, Beginning Thursday, June 21st, in Seane's block—An Opportunity to See How Gourlay Pianos are constructed.

There are comparatively few people who know much about the construction of pianos. Yet there is not another article put in the home that should require the thought and careful selection as the piano. One cannot afford to buy a piano every few years, neither can they afford to be continually spending money to keep a poor piano in repair. It pays to buy the best in pianos, buy an instrument that is recognized as the most perfect in tone, construction and durability. Gourlay, Winter & Leeming, manufacturers of the Gourlay Piano, has spent years in the piano industry; they have profited by experience and have without a doubt produced a piano that is the best piano built in Canada today.

They spare no expense in securing the best materials, the best workmen; the entire work is supervised by the different members of the company. It costs to build a good piano, but the people are willing to pay for the best, then the method of selling the Gourlay is where the customer saves.

The customer can order direct from the factory, have terms arranged to suit him, and buy at the same price as the small dealer or agent. That means a saving and moreover, the instrument is guaranteed by the company who build them to the one who uses them.

Just look up the rating of Gourlay, Winter & Leeming, inquire at any bank, and you will find their guarantee, their standing is unquestioned.

If you are interested in good pianos stop at this exhibit, see and hear the Gourlay, investigate the construction, you will then order a Gourlay direct from the factory. Exhibit will be open evenings.

GRAND TRUNK RAILWAY WILL BE PETITIONED

Government Engineers Will Go Over the Ground and Will Be Interviewed by Deputation.—The Crossing Dispute

The Dominion Railway Commission have decided to again send engineers to look over the William street crossing. These gentlemen will visit the city Friday, and after looking over the ground will send in another report to the commissioners. At the C. W. & L. E. bondholders' meeting last night in the power-house auditorium, it was decided to take advantage of the engineers' visit to the city, and to appoint a strong deputation to wait upon them, and place before them the immense injury which is being done the City of Chatham and the surrounding country by the blocking of the C. W. & L. E. railway's plans for extension.

Those present at last night's meeting were, Messrs. J. Piggott, N. H. Stevens, Hugh Macdonald, W. T. Shannon, Chas. Hadley, J. T. O'Keefe, J. Park, J. G. Kerr, Dr. G. W. Cornell, W. W. Seane, Mamson Campbell, William Blight, Dr. Holmes, Jos. Hadley, Ward Stanworth, W. T. Piggott, Robert Gray, George Fielder, Ald. Stone, Manager Warburton and others.

Manager Warburton outlined the position of the C. W. & L. E. which has already been outlined in The Planet. He added that the company had secured the services of Mr. Matthew Wilson, and that that gentleman had communicated with the Railway Commissioners, and had been informed that they would send the government engineers to again look over the ground on Friday next.

Mr. John Piggott, who has just returned from Ottawa, where he has been for some days on railway business, said that the position of the Windsor, Essex & Lake Shore Railway, whom the railway commission had practically decided must build an overhead or a subway at the M. C. R. crossing at Essex, were practically in the same fix as the C. W. & L. E. The decision with all due deference to the commissioners, was practically an hold-up on the part of the railroads. It seemed very unfair that the steam roads which had been bonded and received so many privileges from the country in the past, should victimize the electric lines in this manner. The steam roads claimed that they were opposed to the level crossings on account of the number of accidents which occurred at such places, but it was a peculiar fact that where steam roads crossed each other the crossings were level almost every case. It was the blocking of these electric lines, was really a great drawback to the country at large, and the farmers and merchants as a result suffered most. These roads picked up scattered freight which the steam roads could not handle, and it was Mr. Piggott's belief that the wisest plan would be to get strongly worded resolutions from the city, township and county councils on the matter, and that these should be forwarded to the officials of the Grand Trunk and to the railway commission to show them the injustice of the pro-

ceeding. Mr. N. H. Stevens.—Can an appeal be made to the railway commission? Mr. Piggott.—Well, that would be decidedly difficult. The point just at present is to get a reconsideration from them.

Mr. J. Park.—As far as accidents are concerned, the Grand Trunk have already had accidents at this crossing through shunting there, which I think is more dangerous than a level crossing properly guarded, would be.

Mr. J. G. Kerr.—The G. T. R. by their action are practically holding back the development of this country. Dr. G. W. Cornell.—The trouble with the G. T. R. is, that if the level crossing were to be put down they could no longer continue their shunting inside the city limits.

Mr. Ward Stanworth.—If a subway were built at William street crossing, the building of it would result in great damage to property adjoining on both sides along the major portion of that street.

Mr. Warburton asked if there was anything any of the citizens present could suggest with regard to the engineers' visit to the city next Friday.

Mr. Kerr suggested that a strong citizens' committee, by appointed to meet with these gentlemen, and to present them with a petition signed by every business man in the city.

Mr. Piggott thought this would be a good idea, and thought it might be well to have our Dominion member and Mr. Archie Campbell, M. P., here on that date to confer with the engineers.

Mr. Robert Gray.—I think the G. T. R. can be brought to see the injustice of this affair, if the business men and manufacturers only take the trouble to impress upon them the great injury their action is doing this city.

Mr. W. D. Sheldon.—A petition to the G. T. R. in my opinion, would be the most effective way of bringing about a settlement.

Mr. John McCormick held the same views.

Mr. W. W. Seane, seconded by Dr. G. W. Cornell, moved that the following gentlemen be a committee to wait upon the government engineers and to consider what steps were advisable in the matter: Messrs. Shannon, Piggott, Stevens, Sheldon, Dr. Holmes, Gray, Campbell, Park, Macdonald, Hadley, Taylor, the Mayor and Railway Committee, with power to add to their number as they see fit.—Carried.

The following were appointed as a committee to draft up a petition, which will be left in places of business for signatures, and sent to the officials of the G. T. R.: Messrs. Ward Stanworth, J. G. Kerr, Edwin Bell and Manager Warburton.

It was also decided to telegraph Mr. Archie Campbell asking him to be present on the occasion of the engineers' visit to the city. Mr. H. S. Clements will also be requested to be present.

G. T. R. CROSSING EFFECT OF A FALL

Robert Milner Has Something to Say Of the Action of the Grand Trunk.

Speaking to a Planet representative this morning about the G. T. R. and C. W. & L. E. crossing matter, Mr. Robert Milner said: "I noticed in The Planet that many of our most influential citizens put themselves on record as being strongly opposed to the G. T. R.'s action over the crossing matter."

"I am glad to see the stand they are taking in this matter and I greatly appreciate The Planet's action in presenting the case so clearly to the public. There is one thing in regard to the Railway Commission's decision that the C. W. & L. E. should construct a subway under the G. T. R. instead of a crossing, and that is the utter impossibility of such an undertaking. The land about Chatham is only a few feet above the water mark of the river and if a subway was constructed it would fill with water. It could not be drained because the pipes would not incline to the river, and there would also be a continual backwater, preventing any draining at all of the subway. I think that the Railway Commission, had they have known and considered this fact, would have ruled in favor of a crossing."

CORNER STONE LAID

Rev. Dr. Battisby and Trustee William Somerville were in Buxton on Tuesday, where they attended the laying of the corner stone of the new Presbyterian manse of that place. The four corner stones were laid by Rev. Dr. Battisby, Mrs. Taylor, Rev. Mr. McQuarrie, of Valetta, and Mr. Peter Haggart, of Blenheim.

Speeches were delivered, and after the important event was over a very tasty supper was served on the lawn.

Mrs. Elizabeth Bachelder Passes Away at Her Home in Dover.

One of Dover's most highly esteemed and oldest residents passed away yesterday in the death of Mrs. Elizabeth Bachelder, wife of Mr. John E. Bachelder, of the Baldoon Road. The deceased had attained the ripe old age of 83 years, five months and twelve days. She had been ill for a short time.

Exactly a week previous to her demise, the late Mrs. Bachelder sustained a bad fall, the effects of which were largely the cause of her death. She was one of Dover's pioneer residents, having lived in the township for the past 40 years.

She leaves a family of six to mourn her loss. The children are as follows: Robert, Nebraska; Edward, British Columbia; Frederick, Norwich; John, Dover Township; Mrs. William Osgrove and Mrs. Charles Willmore, of this city. Her husband also survives her.

The brothers and sisters of the deceased lady are: George Mason, Nashville, Mich.; Mrs. Annie Malatt, Township of Norwich, and Mrs. Rachael Mudge, Brownsville, Ont.

The funeral will take place at 1.30 Sunday from the late residence of the deceased to Maple Leaf Cemetery.

LACROSSE GAME

A lacrosse game which promises to be an interesting and spirited one, will be played off on Tecumseh Park this evening at 6.30. The game will be between the Chatham Juniors and the senior team from Wallaceburg, and is of course, an exhibition game. The Chippewas are confident that they can make the Wallaceburg bunch hustle, and the game has every indication of being keenly contested.

THE WATER WAS FINE

Military Officer and Friend Take a Canoe Trip

A VERY SUDDEN BATH

A certain well-known officer of the 24th Regiment had a friend from out of town to visit him last night. After the drill last evening, he took his friends around to see the sights. He wanted his friend to see all the beautiful things there are in this vicinity. He succeeded even to showing him those things which are below the water level on this portion of the map.

They decided on a canoeing trip up the river. The night was fine. So was the water, as they were afterwards to discover. The discovery was made in a manner most unique, though it has been tried before.

Our friends had paddled up the river some distance, when they decided to land and take a short rest on Terra Firma, so to speak. Here the officer rolled his friend a cigarette, and entertained him with a few of his choicest anecdotes. The evening was sublime, and foxy old Father Thames rolled on to the lake without a splash of warning as to the awakening which was to come. The swim decided to make the return trip.

The officer got into the canoe first, his friend following. Then something happened. Canoes are notorious for their eccentric habits. Canoes are like mules—one can never bank on their reliability. They are liable to kick up at any incautious moment. Our friends will back up this statement. Directly as the officer's guest stepped in, the canoe got nasty at the other end, and launched the gallant military man in mid air.

Kerplash!

The officer with the true instincts of the diver, landed on his head. Next moment he was busily engaged in subterranean research.

There were two in the water now. The other end of the canoe had tipped, and the guest was now in the same boat—or rather in the same stream. Both regained the canoe, and the return trip was made in comparative silence. However, both were duly thankful that there were no witnesses to their disaster, with the exception of the fishes.

Later in the evening, a pair of gaunt and dripping figures might have been seen wending their way from the water-front.

Next time the officer takes a friend up the river, he is going to charter a scow and be on the safe side.

Women have a knack of saying things which mean a great deal.

THE BANNER'S FLOP.

A couple of days ago it was our pleasure to note that the Banner gave Mr. H. S. Clements, M. P., credit for the "public benefits" received by Kent through "his appeals for various municipalities and localities." Once more, however, our esteemed contemporary takes a complete flop and in their last evening's edition they say that it was all a mistake. Their attempted explanation was very appropriately headed "What a Change."

Their explanation to Archie Campbell was surely in order. As we pointed out to them, they had no reason to knife that prominent politician and in future they should be more careful in speaking of their Liberal friends.

The Banner, however, was partially fair and unbiased again last evening by once more admitting that West Kent has received a good share of patronage in the way of substantial public benefits since Mr. Clements was elected to represent this constituency. This is exactly what we have maintained and it is only fair to conclude that Mr. Clements, who is representing West Kent in Parliament, should receive recognition for his good work, especially when he was the man who brought the great need for these public benefits before the attention of the Government and urged that they be granted. In doing this Mr. Clements was but performing his duty, and fulfilling the promises he made to the electors of his riding.

The sum total of the whole matter is this: Even the Banner has admitted that Mr. Clements is doing good work and is getting "public benefits," but they have as yet been unable to point to a single thing that Mr. McCord has done since he has been elected. Surely there is nothing more, necessary to be said. To use Banner language, "the electors will convince both of them that they are not so forgetful."

MR. FIELDING'S ESTIMATE.

Two years ago, when the cost of the Grand Trunk Pacific was discussed, three of the ministers made confident statements on the matter. Mr. Fielding's figures were accepted by his party and used by the government speakers during the election campaign. The Minister of Finance said that he had it on the highest authority that the cost of the road between Winnipeg and Quebec would be \$28,000 a mile. Later in the discussion in figuring up the interest charge he added 25 per cent. to cover all possible contingencies for the highest possible type of railroad.

Compare this statement with the cost of the portions for which contracts have been made. These include 400 miles, of which 250 are from Winnipeg east, and 150 from Quebec west. As these are the sections nearest to cultivation, they are probably the cheapest of all the contracts were let at a price so low that the chief engineer and the chairman of the Construction commission were in favor of accepting a higher tender. Now the price of the 400 miles is \$18,300,000, or \$45,750 per mile. But this does not include laying the track and the cost of rails, which are placed at \$5,000 a mile, or of station buildings, tanks, freight sheds, sidings, and other incidents of this kind. Also it does not include surveys, for which \$900 a mile has been already voted. Making no allowances for building, sidings, etc., the ascertained cost of the portion under contract will be \$51,650 per mile, and there is little doubt that when the returns are in the actual outlay will be more than double Mr. Fielding's \$28,000. Very likely it will double his higher figure.

TREES ARE HEALTHY.

A recent article in Chambers' Journal, Edinburgh, tells us something of the value of shade trees in cities, aside from the protection which they afford against the hot sun. Judging from the statements contained in the following, which is clipped from the article, it is small wonder that Chatham is one of the healthiest cities in the Dominion:

"Every green leaf performs every

Typewriter

BRISCOS'

day a chemical process which the human chemist cannot attempt to imitate. The living cells of the green leaf are outlined with the remarkable green substance known as chlorophyll, which has the wonderful power of making use of the radiant energy of the sun and causing it to effect a dissolution of the small amount of carbonic acid gas present in the atmosphere. This very stable chemical compound is silently and easily separated by the sunlight into its constituents of carbon and oxygen, and the latter is returned to the air, while the former gas builds up the body of the plant, which ultimately becomes human food. For, when all is said and done, the meat and the eggs and the milk upon which we feed consist only of the materials originally produced by the plant, and so the human being is really a vegetarian after all, and without the green leaf he certainly could not exist. So the carbon which has been sucked for us from the atmosphere by the green leaf is recombined in our bodies with the oxygen we breathe, and liberated again into the air, where but for the green fields and forests it would ultimately accumulate to poison us. Man can never spread his cities over the entire earth, therefore, for his lungs no less than his stoves and fires are always throwing carbonic acid into the air, and the green leaves alone can entice it back again and transform it into food, while at the same time leaving the oxygen pure and fit for breathing."

"Spoils system," was the cry of the Liberal papers of Ontario when it was announced that Patrick Gaffney, an engineer at the Normal School, Toronto, had been dismissed. Dark suggestions were made as to the fine work of a patronage committee in getting Gaffney removed to make way for a Conservative. That the story as thus told was almost a pure fabrication is shown by the fact that no successor to Gaffney has been appointed. He left the employ of the department solely because there was no more work for him to do. Such was the statement made to the press yesterday by the Minister of Education, Hon. Dr. Pyne.—Woodstock Express.

THE UNIVERSITY BOARD

John Hoskin, K. C., Is Appointed As Its Chairman.

The Twenty Men Who Will Have the Government, Conduct, Management and Control of the University of Toronto and University College Announced by Premier Whitney—Dr. Goldwin Smith Appointed.

Toronto, June 20.—The names of the board of governors of Toronto University were announced yesterday afternoon by Premier Whitney after a lengthy meeting of the Cabinet. These are the men who have been selected to control the affairs of Toronto University.

Two years ago, when the cost of the Grand Trunk Pacific was discussed, three of the ministers made confident statements on the matter. Mr. Fielding's figures were accepted by his party and used by the government speakers during the election campaign. The Minister of Finance said that he had it on the highest authority that the cost of the road between Winnipeg and Quebec would be \$28,000 a mile. Later in the discussion in figuring up the interest charge he added 25 per cent. to cover all possible contingencies for the highest possible type of railroad.

Compare this statement with the cost of the portions for which contracts have been made. These include 400 miles, of which 250 are from Winnipeg east, and 150 from Quebec west. As these are the sections nearest to cultivation, they are probably the cheapest of all the contracts were let at a price so low that the chief engineer and the chairman of the Construction commission were in favor of accepting a higher tender. Now the price of the 400 miles is \$18,300,000, or \$45,750 per mile. But this does not include laying the track and the cost of rails, which are placed at \$5,000 a mile, or of station buildings, tanks, freight sheds, sidings, and other incidents of this kind. Also it does not include surveys, for which \$900 a mile has been already voted. Making no allowances for building, sidings, etc., the ascertained cost of the portion under contract will be \$51,650 per mile, and there is little doubt that when the returns are in the actual outlay will be more than double Mr. Fielding's \$28,000. Very likely it will double his higher figure.

On the board the Anglo-Americans have the largest representation, with six, while the Presbyterians have five and the Methodists three. Of the others, two are Catholics, and one, the chairman, is a member of the Plymouth Brethren community. Prof. Goldwin Smith occupies an independent position.

Rumor Denied.
Denver, Colo., June 20.—President James H. Baker of the University of Colorado, yesterday authorized a denial that the presidency of Toronto University has been offered him.

Minard's Liniment cures Distemper

FASHION HINTS

MISSIE'S COSTUME.

No. 4105.

A pretty figured dimity in combination with Valenciennes lace and insertion was used in making the dress pictured here, which is suitable for warm weather or as a party frock. For evening wear the low round neck and short puff sleeves are more desirable. Two styles of berthas are provided, and these may be used together or separately over the full blouse waist. The five-gored skirt is either gathered the entire upper edge or the front gore is left plain.

Two ruffles, insertion and lace trimmed, adorn the skirt, but may be dispensed with if desired. In a simpler construction the berthas would be omitted and a trimming band of embroidery outlining the yoke instead. Chiffon cloth, dotted Swiss, torgandies, Brussels net and India linen are suggested for making. The quantity of material required for 14 years is 8 1/4 yards of 32 inch goods. Pattern No. 4105 is cut in sizes 10 to 16 years. Mailed post paid on receipt of 10 cents, name, size and address to the Fashion Department of C. Austin & Co., Chatham, Ont.

DISTRICT

BLENHEIM

June 21.—Mrs. E. VanVelsor is in attendance as nurse at Mr. Mayne's, Cedar Springs.

On June 20th, the wife of Charles Brown, Erieau, of a son. Several loads of peonies went to the Government Park yesterday.

A large quantity of strawberries are being brought in and many of them are shipped to outside points. Duncan Sullivan, of Chatham, was a Blenheim guest yesterday.

Mr. and Mrs. Robinson and Mrs. Radd, of Guelph, who are on a driving tour to Detroit, called on Mr. and Mrs. E. T. Hill this week.

A. O. Pickering, of Detroit, is visiting relatives here this week.

At the regular meeting of Point Aux Pins Encampment, No. 73, I. O. O. F., the following officers were elected for the ensuing term:

C. P. W. D. Nicholson.
S. W. L. F. Johnson.
J. W. J. M. Donohoe.
H. P. A. D. Finlay.
Scribe—W. J. Baird.
Fin. Scribe—D. Muecke.
Treasurer—P. Burs.

Great interest is being shown among the bowling enthusiasts, their being a club tournament on this week.

Better Than Spanking

Spanking does not cure children of bed-wetting. There is a constitutional cause for this trouble. Mrs. M. Summers, Box 4, Windsor, Ont., will send free to any mother her successful home treatment, with full instructions. Send no money, but write her today if your children trouble you in this way. Don't blame the child; the chances are it can't help it. This treatment also cures adults and aged people troubled with urine difficulties by day or night.

SOUTH HAVILICK

Miss Myrtle Spencer is spending a few days in Chatham, after which she intends returning to her home in Hildesheim.

Mr. Lorenzo Maynard gave a lecture in the Fourth Line Hall Friday night.

The Fourth Line Methodist choir assisted in the Shrewsbury anniversary Sunday last.

Many of the farmers have had to plant their tobacco and beans again.

Mr. Alex. Maynard and Owen Burke have moved their drilling machine back to Wm. Thompson's.

Mr. Jos. Snodden and son Stanley and Mr. Nelson Burke and his mother, took advantage of the excursion on Thursday to Detroit.

Mr. and Mrs. Will McGregor, of Fourth Line, spent Sunday at Wm. Thompson's.

Miss Ethel Ramsden has returned from Detroit to spend a few weeks with her parents.

About fifty in this vicinity attended the annual union school picnic.

SMITH & SMITH

The Publisher's Claims Sustained

UNITED STATES COURT OF CLAIMS

The Publishers of Webster's International Dictionary allege that it is, in fact, the popular Unabridged thoroughly re-edited in every detail, and vastly enriched in every part, with the purpose of adapting it to meet the larger and severer requirements of another generation.

We are of the opinion that this allegation most clearly and accurately describes the work that has been accomplished and the result that has been reached. The Dictionary, as it now stands, has been thoroughly re-edited in every detail, has been corrected in every part, and is admirably adapted to meet the larger and severer requirements of a generation which demands more of popular philological knowledge than any generation that the world has ever contained.

It is perhaps needless to add that we refer to the dictionary in our judicial work as the highest authority in accuracy of definition; and that in the future in the past it will be the source of constant reference.

CHARLES G. ROTH, Chief Justice.

LAWRENCE WELDON, JOHN DAVIS, FREDERICK A. PELLE, CHARLES R. HOWE, Judges.

The above refers to WEBSTER'S INTERNATIONAL DICTIONARY

THE GRAND PRIZE

(the highest award) was given to the International at the World's Fair, St. Louis.

YOU CAN SAVE

From 300. per Week upward with The Canadian Savings Loan and Building Association

and receive interest at rate of 3 Per Cent. per annum compounded half yearly.

The entire investment together with interest is withdrawable after three years.

Begin Now. Continue Six Months and we will protect you from loss. The "Canadian" has a record of seventeen years successful business every obligation having been promptly met. If you have never had a bank account commence today by laying aside small amounts each week with this Company. In three years the results of your systematic saving will be astonishing. This may be your first step to independence. All in your favor—nothing to be lost. We positively do not speculate with your money. We furnish a contract with the investor authorized by the Ontario Legislature.

For further information call or write R. A. MURPHY, Dist. Superintendent.

Murray Block, King St., Chatham, Ont. Phone 346.

BOOKBINDING

Orders for Bookbinding should be left at this office. It is surprising how nice a volume can be made of those magazines, even though they are somewhat soiled from much handling. Books, Magazines or Periodicals bound or rebound in any style at very reasonable prices. Blank books, such as journals, ledgers, day books, with any kind of ruling, made to order. PLANET OFFICE, CHATHAM.

THE BROWNIE CAMERAS

For several years Brownie Cameras have helped thousands of boys and girls all over the world to enjoy themselves.

The exceedingly low price, \$1.00 and \$2.00, makes it possible for anybody who has the least inclination towards photography to take pictures. We have seen any quantity of really fine photographs taken with these Cameras.

SPECIAL!

A cablegram has been received saying the

REAL THING

will appear here to-morrow. Watch for it.

Thursday, June 21

A NEW INSPECTOR

Mr. Ayeart of Thamesville Will See That Local Option is Enforced.

For the first time the position, provided for under the Liquor License Act, of Provincial inspector for the special purpose of maintaining the enforcement of the law in local option districts, is filled.

This morning the Government announced the appointment of John A. Ayeart, of Thamesville, to the position.

Mr. Ayeart's territory covers all local option districts in the Province, but the local inspectors are not relieved in any way of the responsibility in their own districts.—Toronto News.

Mr. Ayeart was a former Methodist minister in Thamesville and is well known here. He has resigned from the ministry.

DISTINGUISHED VISITOR

Hon. J. W. Hanna, Provincial Secretary of the Ontario Parliament was a visitor to this city yesterday. While in Chatham he stopped at the Garner Hotel. Hon. Mr. Hanna did not remain long in town, but immediately left for the oil fields where it is presumed he has some important business with the oil men.

HEAD ST. SPUR

The Railway Committee of the City Council conferred last evening with Mr. J. S. Pyatt, Supt. of the Pere Marquette, Buffalo Division, on the matter of the head street spur. Mr. Pyatt assured the committee that the P. M. R. would proceed with the work on the spur as soon as possible, and that the paving of Head street, between Victoria avenue and Kent street, would be finished in a short time.

DEATH'S CALL

Mrs. Catharine Rolling, of Jeffrey St., an old and highly esteemed resident, passed away yesterday morning, after a lingering illness. The deceased was 79 years of age, and leaves a family to mourn her loss. The funeral will take place Friday morning from her late residence to St. Joseph's church, and thence to St. Anthony's cemetery.

A respected resident of Dover passed away yesterday in the death of Robert Pollard, at his home on the River Road. The late Mr. Pollard had attained the ripe old age of 83 years. Mrs. James Vaughn, of this city, is a daughter of the deceased. The funeral will take place Friday afternoon at 2.30 to Maple Leaf cemetery.

TENDERS WANTED

Tenders will be received, addressed to the Township Clerk, up to Saturday, July 14th, 1906, for the "Cleaning Out and Improvement of the West Flamboro Drain," in the County of Wentworth. Length of drain, about 24,000 lineal feet. Plans and specifications may be seen and forms of tender obtained at the office of the township engineers, Messrs. Tyrrell & Mackay, Hamilton, Ont.

The lowest or any tender not necessarily accepted.
IRA N. BINKLEY,
Township Clerk.
Box 42, Greenville, Ont.
June 18th, 1906.

Some Trade Winners For Thurs. and Friday

We want to make the two quietest days of the week change into the busiest, so here are some of the inducements, plenty more here at every counter. These are only a sample

A Big Snap in Ladies' Gold Belts

165 Gold Belts, ranging in price from 50c to 75c. each, made of very fine gold braid, both in hard and soft finish, all sizes from 2 to 4 inches wide, bought at a bargain, sell at a bargain, choice 39c. Each.

Snaps in Ladies' White Parasols

1. White sateen parasol, with full white enamel handle, nicely finished frame, \$1.50 value, a snap for \$1.00.
2. White wash silk parasol with silk frill, steel frame, white enamel handle, regular \$5.00 value, snap \$3.00.
3. White silk parasol covered with fancy chiffon frills, a very fancy dress parasol, \$6.00 value, snap at \$4.00.
4. A black silk parasol, trimmed with black silk applique, regular \$6.00 value, \$4.00.

Corset Cover Embroidery

80 yards corset cover embroidery, swiss and cambric, in eyelet, shadow, and heavy designs, 10 very handsome patterns to choose from, 18 inches wide, while they last, 25c yard.

White Shirt Waists

They're a subject that's always interesting, especially so when, in qualities and styles that are faultless, they can be bought at the following remarkably low prices.

48c.—Of sheer lawn trimmed with fine tucking and lace insertion or with pleats and embroidery insertion.

98c.—Of sheer lawn and muslin, tucked or pleated, and trimmed with wide or narrow insertion and embroidery. Many of this lot sold regularly at \$1.25 and \$1.50.

\$1.48.—Of India Linen, sheer lawn, organdy and dotted Swiss, long or short sleeves, trimmings of insertions and pleats in an unending variety of combinations, frequently forming yoke.

\$1.98.—Of fine India Linen with entire front of insertion and pleats, back and cuffs finished with insertion.

\$2.75.—Of organdy, with pointed yoke of lace insertion, trimmed below yoke with insertion and cluster tucking.

\$2.98.—Of sheer lawn, open back, short sleeves, front trimmed with French and eyelet embroidery and valenciennes insertion.

\$3.50.—Of sheer lawn, with round yoke of French Val. lace, sleeves are handsomely trimmed with insertion and lace.

\$3.98 and \$4.50.—Of sheer lawn elaborately trimmed with Baby Irish and valenciennes insertion, long or short sleeves, all new designs.

BARGAINS FOR Men and Boys at Austin & Co's. Great June Sacrificing Sale. Don't Stir a Step Until You Read This.

We've used the word "Bargains" a good old English word somewhat overworked, but it fits this sale perfectly. A short time ago we bought at our own price the surplus stock of one of Canada's foremost clothing manufacturers. They wanted the money and they knew it was better to sell at a loss than to pack away the stock, pay extra insurance, take chances of changing styles and lose the interest on their money.

The complete is now here and our patrons will reap the benefit. Any man who expects to continue wearing clothes cannot afford to turn his back on this great sale. Here are inducements in prices that will make pocket-books fly open quickly. No more to be had at these prices. Act at once, the goods will not be here long.

New Lot of Men's Suits Just In.

Men's Black Worsted Suits in Single Breasted Sack. Styles, Sale Price \$25.00.

Men's Fancy Worsted Suits in neat fancy patterns, handsome effects, regular \$15.00 to \$17.50 Suits, Sale Price \$12.00 and \$15.00.

MEN'S ODD PANTS.

100 PAIRS Men's Dark Tweed Pants, neat patterns, special Sale Price 98c.

150 PAIRS Men's all Wool Pants, light and dark effects, Sale Price 1.48

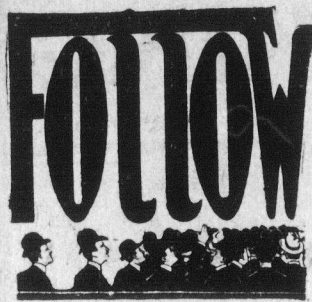

200 PAIRS Men's Worsted Pants, neat patterns, regular \$2.50 value, Sale Price \$1.98.

Another Lot of Handsome Negligees

50 dozen more of those Austin Special Negligee Shirts, handsome patterns, all sizes, 14 to 17, lines worth up to \$1.25, our special Sale Price 75c.

Wish it was possible to give such values always. Come while you can get them.

C. AUSTIN & CO.

It's hard to keep expenses down, especially just now. We help you a good deal, however, in giving you goods that are good. There is no waste when you buy here, and that helps. Then our prices are reasonable, too, as you will notice from our advertisements.

Lewis, counsel for the defense, who
is in Toronto. The case will come
up at the next sitting of the Division
Court.

A charming June wedding took
place on Saturday at the residence
of Mrs. Mary Tucker, London, when
her daughter, Miss Kattie Tucker,
was married to Mr. Emmerson A.
Thurlow, of Chatham. Rev. R. S.
Howard, of Christ Church, performed
the ceremony. Mr. and Mrs. Thur-
low left on Saturday evening for
points east and on their return will
reside in Chatham.

Strawberries

Are at their best, and
are very plentiful right
now. The berries from
the lake are beginning to
come in very freely.

For Canning

The last of this week
we believe would be a
good time for doing up
your strawberries.

We don't believe they
will be any cheaper, and
we know they won't be
any better than they are
right now.

GLOVER--LOYST

On Tuesday evening at five o'clock,
a very pretty June wedding took
place when Color-Sergeant William
Melvin Glover, of B. Company, 24th
Regiment, was united in marriage to
Miss Emma May Loyst, of Mitchell's
Bay.

The ceremony was performed at the
home of the bride's father, and the
Rev. Mr. Higley tied the knot. Ser-
geant-Major Clements, of B. Com-
pany, was best man and Miss Garri-
son, of Ounry, acted the bride.

The popularity of the young couple
was plainly shown in the large
number of beautiful presents they
received. After the ceremony the
guests, of whom there was a large
number, sat down to an enjoyable
supper.

The happy couple afterwards drove
into Chatham and took train for
Napawa, where they will spend a
week before taking up their residence
Hyslop street.

A TWICE TRICKED WOLF

Can a wolf be tricked twice? The
occasional trapping of a tallies wolf
lead to the conclusion that it
can. In human beings, however, reason
does what instinct cannot do, and
a man or woman who once pays
good money for something which
proves to be unsatisfactory, does not
repeat the transaction. Eileans for
Bileans are so widely used because
once tried their superiority is ap-
preciated. People who have once
used them prefer them to any other
household remedy.

Hence it comes about that now
Bileans are obtainable in Canada,
letters like the following are every
day being received at the Canadian
headquarters: "I am pleased to find
that I can procure your splendid re-
medy here. Having used Bileans,
both in England and in Canada I can
speak with perfect confidence of
them. Bileans are an excellent remedy
for all stomach troubles, and I
shall be pleased to recommend them
to friends who need a household
medicine. Yours, Mr. Stanley Rich-
ardson, Main St. Galt."

"I first tried your remedy four
years ago in England. My ailments
were indigestion and headache, and
I found Bileans really excellent.
Whenever I feel at all out of sorts
I take a few Bileans, and they soon
put me right. (Signed) J. Cox, To-
ronto."

Letters like the foregoing all tend
to support the claim made for this
great vegetable remedy. In Bileans
you have a purely natural remedy
free from alcohol, free from mineral
poisons, free from the danger of set-
ting up the pill-taking habit, and a
medicine which has now been tried
and proved superior by all classes of
people in practically every civilized
country in the world. For liver com-
plaint, headache, biliousness, indigestion,
constipation, piles, wind, female
disorders, debility, anæmia, fagged,
tired feeling, and for all ailments
arising out of defective bile flow as-
similation and digestion. Bileans are
unequalled. They are obtainable from
all druggists at 50 cents a box, or
direct from the Eilean Co., Colborne
Street, Toronto, upon receipt of
price. Sample and booklet will be
sent you if you make written appli-
cation and send your name and ad-
dress with a one-cent stamp to pay
return postage.

NOTICE

To the Officers and Members of
Chatham Tent No. 8, K. O. T. M.:
You are requested to meet at your
badge room at two o'clock sharp
Sunday, June 24, to attend memorial
services at the cemetery. The pro-
cession will march to the cemetery
headed by the Regimental Band. There
are fifteen graves to be decorated.
An invitation is extended
to all visiting brethren.

EXECUTORS' NOTICE TO CREDITORS

In the Surrogate Court of the County
of Kent.

In the matter of the estate of
Hubert Murphy, late of the city
of Chatham, County of Kent,
Engineer, deceased.

Notice is hereby given pursuant to
R. S. O., 1897, chapter 129, and
amending Acts, that all persons hav-
ing claims against the estate of the
said Hubert Murphy, who died on
the sixth day of May, A. D. 1906,
are requested to send post prepaid,
or deliver to Geo. A. Sayer, solicitor
for Francis Hallinan, the executor
of the last will of the said deceased,
on or before the fourth day of July,
A. D. 1906, their names and addresses
and descriptions, and a full state-
ment of the particulars of their
claims and the nature of their se-
curity, if any, held by them.

And further take notice that after
the date last aforesaid, the said
executor will proceed to distribute
the assets of the said deceased among
the parties entitled thereto, having
regard only to the claims of which
he shall then have received notice.
And the said executor will not be
liable for said assets, or any part
thereof, to any person or persons
whose claim or claims he has not
received notice at the time of such
distribution.

GEO. A. SAYER,
Solicitor for said Executor,
Chatham, Ont.
Dated this 7th day of June, A.
D. 1906.

Learn Dressmaking IN TWO WEEKS

Have you commenced your spring
and summer sewing? Are you in-
terested in Dressmaking, either pro-
fessionally or for your own family
sewing? Have you broken away
from the old way of depending on
Patterns?

Please pardon so many questions,
but each one means something to
you.

We have a wonderfully complete
systems in dressmaking—15 in all.
These lessons will be of lasting ben-
efit to you. They will throw new
light on the subject, and instead of
being tedious and tiresome you will
find dressmaking one of the most in-
teresting of all your diversions. It
will no longer be a "duty," but a
pleasure to make a dress, and your
dresses will have a fit such as few
women can accomplish.

We teach you how to cut, fit, and
put together everything in the fash-
ion books, from the plainest shirt-
waist to the most elaborate toi-
lette. We furnish everything to work
with except tape measure, scissors,
tracer and pencil.

Why spend months at a shop
where you will learn nothing but
how to sew on hooks and eyes, over-
cast, etc., and then, after you are
through, what did you learn about
cutting? Absolutely nothing, for
you will know no more about cutting
after being there a year than you
did the first day you went there.

Charge for full course is only \$10,
to be paid when through, if satis-
fied, including one of the most per-
fect fitting systems in use, which we
give free. We have taught over 2,
000 ladies in this way within the past
five years, and all recommend it very
highly. No pay in advance.

We will teach at Chatham from
June 28th to July 11th. Hours from
8.30 to 5. All wishing to learn, or
for full particulars, be sure to see
us at the Garner Hotel, on Wednes-
day, June 27th, between 10 and 5
o'clock.

THE MISSES ELLISON,
Instructors in Dress Cutting.
Box 771, Stratford.

A man's home is his castle, but he
needn't get up in the air about it.
Clothes do not make the man, but
Minard's Liniment does. Discomfort
the padding helps.

JEANNETTE'S CREEK.

Mrs. Forbes returned last week from Winnipeg.

Mr. Wiggs conducted the services on Sunday and was very much appreciated.

Mr. Edwin Bell, of Chatham, has a painter here painting his buildings on the plains farms.

The bridge contractor has one span of the new Jeannette's Creek bridge completed, and is waiting for Mr. Flook to get the centre pier ready to go on with the work.

Claude Reaume has the contract for grading the new road from the G. T. R. track to the new dock.

YOUR WORN OUT STOMACH.

What it means is the strengthening influence of Dr. Hamilton's Pills—they work marvels where the stomach and digestion are poor. In one day the appetite increases and the whole system is rapidly strengthened. No stomach specialist could write a better prescription than Dr. Hamilton's Pills of Mandrake and Bismuth. At all dealers in a yellow box, price 25c., or five boxes for one dollar.

DAWN VALLEY.

Mrs. Aaron Oliphant entertained her sister, Miss Mary McKay, and her sister-in-law, Mrs. E. McKay, of Dresden, on Thursday.

The Messrs. Stanley Walker and Harvey Pegg visited the former's sister, Mrs. J. Fleming, and family, on Sunday. Stanley was called home from Milwaukee by the serious illness of his mother, Mrs. J. W. Walker, of Tupperville. Mrs. Walker is now somewhat better.

Mr. Adam Stevens, of Niagara, Ont., accompanied by his brother,

Mr. Wm. Stevens, are visiting his son, Mr. W. Orpheus Stevens, 1st concession.

Jamie, the one-year-old son of Wm. King, who has been so low, has taken a turn for the better.

Mrs. J. Fleming and Mrs. Huntley Oliphant visited their mother, Mrs. J. W. Walker, of Tupperville, recently.

Mr. John Stevens, of Dawn Valley, and Miss Alison McMorin, of Thorncliffe, lately of Dawn Valley, were married on Wednesday, June 13th, at the home of the bride's parents, Mr. and Mrs. J. Pretty, Thorncliffe.

The happy couple left for Toronto on their wedding trip and on their return will take up their residence on the 1st concession, where the groom has a fine farm. Mr. James Currie and Miss Maggie Stevens, of Dawn Valley, attended the bride and groom.

Mrs. James Hazzard returned to her home in Dresden after spending a week with her daughter, Mrs. Will King.

Mr. Henry Childs has put a stone foundation under his house and is now about to brick veneer and otherwise improve it.

The children of M. Vansickle, who have all been ill with the whooping cough, are better again.

DOVER.

The sugar beets in this section are looking fine.

Albert Busfield has secured a position with Wm. Edmondson for the summer.

Miss Annie McDermott is visiting her Uncle David Faubert, 4th con.

Maggie Hart is spending a couple of weeks at her home here.

Miss Harriet Braithwaite is spending the summer at her home 3rd con. Quite a number from here attended a social and dance on the 16th concession last Friday last evening.

A very successful barn raising took place at Eli Belanger's last week, over one hundred men being present.

\$50 FOR THE FORENOON

J. H. Semple Was Well Paid by the Government.

Examined the Provisions For the Arctic Before Sailing, But Declines to Tell What He Was Paid to Examine Samples of Goods Returned After the Voyage—Committee Didn't Insist on an Answer.

Ottawa, June 20.—J. H. Semple of Montreal gave evidence before the special committee on the supplies to the SS. Arctic yesterday afternoon.

He said he had been instructed by the late Minister of Marine to examine the provisions of the vessel before she sailed and after she returned. He did so and said unhesitatingly that the goods were of a class that "could not be beaten." He also examined the invoices, and in his judgment the prices charged were fair. He saw some trumpery cases in which he thought the prices were rather high, but these were too small to make a fuss about. On the whole the charges were reasonable.

On the return of the Arctic a portion of the perishable goods which were left over were sold in Montreal at what they cost. Mr. Semple thought that the goods were of a class that "could not be beaten." He also examined the invoices, and in his judgment the prices charged were fair. He saw some trumpery cases in which he thought the prices were rather high, but these were too small to make a fuss about. On the whole the charges were reasonable.

In reply to Mr. Northup, witness said that though he examined the provisions, when the vessel returned the goods were brought to Ottawa and he examined them here. When he inspected there were present Col. White, Col. Gourdeau and Mr. Boudreau.

There was nothing to show that the goods came from the Arctic. The samples were simply laid before him. It took a forenoon to examine the samples, and for this he received \$50.

He also spent a month at Sorel in the work of examination. He worked every day except Saturday afternoons and Sundays. He found at Sorel on the Arctic some defective stores, owing to boxes and tins having been broken. About a quarter of the boxes were broken and most of the goods they contained were rendered unfit for use. Biscuits suffered most.

Questioned by Mr. Northup, Mr. Semple refused to say how much he charged for his services at Sorel.

Mr. Bergeron pressed the point, but Mr. Carvell and Mr. MacPherson objected to the question being put. It was private business.

"All right," said Mr. Bergeron, when the question was again objected to by Mr. MacPherson. "If we can't get an answer here we can get it in Parliament. This is just a sample of the way business has been going on."

To Mr. Bennett witness said that he did business as a wholesale grocer at 55 St. Francis Xavier street, Montreal, room 9.

Mr. Bennett: "Do you carry any stock?"

Mr. Semple: "I do not. I did for thirty years. Now I buy goods and sell them on commission and for profit as I desire."

This concluded Mr. Semple's evidence.

Quite Certain.

F. Moffet, Jr., a checking clerk, said he was in Quebec from the middle of July till the Arctic sailed on September 17. He checked all the goods placed on the Arctic, and felt certain that everything mentioned in the invoices went aboard. He was positive no goods had been taken away by a leak.

To Mr. Bergeron the witness said he could not swear positively that no goods had been taken away during the night, but he did not think it possible.

J. B. Boudreau, assistant accountant of the Marine department who was sent to Quebec to take charge of the loading of supplies on to the Arctic, was the next witness called. His duty was to check both as to quality and quantity. He did not open all the cases as this would have been impossible, but was reasonably certain that all the supplies mentioned in the invoices were received.

Mr. Boudreau was as positive as the previous witness that no supplies had been taken away from the Arctic in a leak. He corroborated Mr. Semple's evidence as to goods spoiled on the vessel. The examination of the witness was not concluded when the committee rose at 6 o'clock.

DOMINION PARLIAMENT.

Ottawa, June 20.—At the evening session of the House, on motion to go into supply, Mr. Fowler (King's and Albert) moved an amendment requiring the Department of the Interior to investigate and dismiss Philip Wagner at present an interpreter at Edmonton, who, he said, had repeatedly defrauded immigrants, and had served several terms in jail therefor.

Mr. Oliver replied that for his crime Wagner had been punished and was now leading a useful and respectable life.

On division Mr. Fowler's amendment was lost; yeas 41, nays 88, \$50,000 to \$100,000.

Mr. Fielding announced that upon the advice of His Majesty's confidential agent at San Francisco the Government had sent \$50,000 to James D. Phelan, president of the Red Cross Society, for general distribution.

In answer to an enquiry by R. L. Borden, Sir Wilfrid Laurier stated that a bill would be brought down at the present session, dealing with pensions for ex-Cabinet Ministers.

The House passed Sir Frederick Borden's bill to amend the Militia Act.

Several other Government bills were passed, including Mr. Fielding's bill to redeem worn silver coin and to change the fiscal year. The Minister stated that \$250,000 of American silver had been returned to the United States.

New Bridge Over Niagara. Ottawa, June 20.—The railway committee of the House of Commons met yesterday and passed a bill to incorporate the Trans-Niagara Bridge Co., which is for a new bridge across Niagara River for railway and general traffic. The capital is placed at \$1,000,000, and the head office, Toronto. The bridge is to be located near Niagara Falls, north of the upper steel arch

bridge and about within 1,000 feet of it. The tolls must be subject to the Railway Commission and the usual clause to begin work in two years and finish in five was inserted.

MORE DIVORCE TALK.

Senator McMullen Thinks Time Is Ripe to Consider Court.

Ottawa, June 20.—In the Senate yesterday, Senator Watson opposed the acceptance of a report from the divorce committee recommending divorce for Geo. K. Hadley of Brandon. Senator Watson declared that the evidence was insufficient to grant divorce upon. There was no evidence that she had ever been guilty of an immoral act.

Senator McMullen, as a member of the committee, was convinced that the evidence was ample to warrant divorce being granted. From the amount of criticism the recommendations of the divorce committee had been subjected to during the past few weeks he thought the time had come for the Government to seriously consider relieving the Senate of divorce and establishing a divorce court to do the business.

Senator Wilson, one of the divorce committee, recently agreed with the majority in this case. He made a review of the evidence to show that in this case divorce should not have been granted against Mrs. Hadley.

Senator Jones thought the evidence insufficient.

Senator Kirchhoff had a good deal of curiosity as to what the Senate would do in this case. He intimated that he would resign from the divorce committee, of which he had been president for many years. He thought the committee had found properly in this case.

Senator Landry opposed the bill.

IN FAVOR OF THE CITY.

Municipal and Railway Commission Gives Its First Decision.

Belleville, June 20.—The Municipal and Railway Commission, recently appointed by the Whitney Government met yesterday afternoon. The commission is composed of J. Leitch (Cornwall), chairman; H. M. Kittson (Hamilton) and A. B. Ingram (St. Thomas).

The business in this case was to pass upon the merits of a bylaw passed by the City Council Monday night, providing for the issuance of debentures to the extent of \$25,000 for the extension of the local gas system, which is a municipal utility.

W. J. Thompson, manager of the gas works, was sworn and questioned by the commission as to the revenue likely to accrue by the services which it was proposed to install.

The commission, after hearing Mr. Thompson's evidence, unanimously resolved to grant an order approving and sanctioning the bylaw.

W. B. Hamilton Dead.

Toronto, June 20.—The death occurred yesterday, from old age, of W. B. Hamilton of the law firm of that name, at the age of 82. He was born in Montreal in 1824, and came to Toronto when 9 years old. In 1860 he began the manufacture of shoes. He was the oldest director of the Bank of Commerce and had held office for many years. He was also a member of the Board of Trade from its earliest days, and at one time was its president. He was on the exhibition committee from its organization, and was a charter member and honorary director.

New High School Inspector.

Toronto, June 20.—H. B. Spotton, principal of the Harbor street Collegiate Institute, has been appointed inspector of high schools, to succeed John E. Hodgson, who has resigned.

Mr. Spotton has been principal of Harbor street Collegiate Institute since 1892, previous to which time he was for many years head master of the Barrie High School. He is a native of Ontario, and graduated from Toronto University in 1864, being a specialist in science.

Threatened to Burn Works.

Brookville, June 20.—A strapping young man named Daniel Henry, of Prescott, was arrested yesterday for threatening to burn the plant of the fulminate of mercury works outside of Prescott. The trouble arose over employment of non-union labor. Henry and other employees were laid off during a slack period, and when operations were resumed he was not taken on.

Motor Boat Blows Up.

Brookville, June 20.—John Duneau, F. Mallory and W. Chick, operating a motor boat on Jones' Creek, narrowly escaped drowning and serious injury by the explosion of gasoline, which was supplying the motive power. The fluid ignited through a leak, and a terrific report followed. Both ends were blown out of the boat. Mallory was badly burned on the arms and face.

Bedour Confesses?

Kingston, June 20.—Chief of Police White of Perth saw Bedour in jail here. He would say nothing of his connection with the alleged murder at Sharbot Lake, but said the lads were done away with, not drowned; that he knew who did the deed, and he could show where the bodies were placed.

Production of Portland Cement.

Washington, June 20.—The production of Portland cement in 1905 amounted to 35,246,812 barrels, valued at \$33,345,867, which represents a gain of 8,740,931 barrels in quantity, and \$3,890,748 in value over 1904.

Miners' Strike Settled.

Columbus, Ohio, June 20.—The strike of the miners in Ohio was settled yesterday, and the men have been ordered to go back to work. The settlement includes the return of union men to the mines in Eastern Ohio.

May Hold For the Province.

Toronto, June 20.—The Provincial Government may present a right of way for a provincial power transmission line over Burlington Beach. This was the announcement of a member of the Government yesterday.

Twelve Mines Flooded.

Mahoney City, Pa., June 20.—Twelve collieries in the Mahoney region, employing about 8,000 men and boys, are flooded, water having partly submerged the animals.

A Great Heat Radiator

"Sunshine" furnaces have a large, heavy sheet-steel dome and radiator, with a wide space between them for the circulation of air.

This gives an immense radiating surface, and means that every atom of heat from the fire is used for heating purposes, and forced through hot-air pipes into the house.

If you need a furnace, you should examine the "Sunshine"—it will save you untold expense, worry and work.

Sold by enterprising dealers everywhere—booklet free

McClary's Sunshine Furnace

MacINTYRE-MacCOIG

The home of Mr. Duncan MacCoig was the scene of a pretty wedding on Wednesday afternoon, June 20th, when his third daughter Margaret, was united in marriage to Robert MacIntyre, of Superior, Wis. The ceremony was conducted by Rev. H. Cowan, pastor of Bethel Presbyterian church.

The bride, who was given away by her father, stood before an altar of ferns and flowers. She looked very pretty in a gown of a delicate champagne silk tulle, over cream tulle, and carried a bouquet of white roses and maiden hair ferns.

Miss Anna MacCoig, sister of the bride, was dressed in cream brilliantine, trimmed in silk applique and lace, and carried a bouquet of cream carnations and ferns.

The groom was ably assisted by his cousin, Mr. D. Campbell, of Blenheim. The Bridal Chorus from "Lohengrin" was played by Miss Barbara MacCoig, sister of the bride.

The bride's going away costume was of blue ladies' cloth with silk waist to match, shaded blue hat, trimmed with blue ribbon, piped in cream.

After the ceremony, the guests, about forty in number, repaired to the dining hall and partook of the wedding repast. The rooms and tables were decorated with roses, ferns, and white and green ribbon.

GASOLINE ONLY THE BEST ENGINE OIL ONLY THE BEST ENGINE PACKING ONLY THE BEST BRISCO'S Phone 297

presenting a charming appearance.

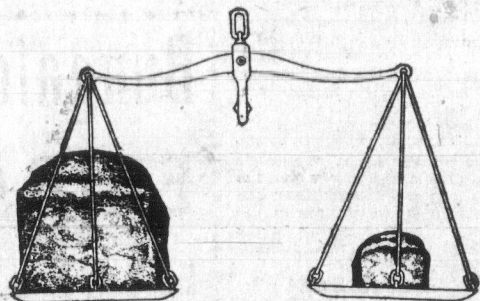

Mrs. MacIntyre will be greatly missed in social and church circles, being soprano soloist in Bethel Presbyterian church.

The presents were numerous and costly, among them being a handsome purse of gold from the church. Mr. and Mrs. MacIntyre have the best wishes of all for happiness and prosperity in their wedded life.

They left from Chatham at 9:19 p. m., for Detroit and, take the boat up the lakes on Thursday to their new home in Superior, Wis.

The best way to defy sin is to deny self.

Time has no odd days or holidays in his calendar.

The light bread or the leaden loaf is a matter of choice—not luck. Choice of method—choice of yeast—but, above all, in the choice of the flour. She who chooses

Royal Household Flour

will not have to bargain with fortune for successful baking.—It is made from the finest, selected Manitoba wheat, which contains more gluten (that quality which makes bread light) than any other wheat.

It is milled under the most sanitary conditions—absolute purity is one very important quality which the Ogilvie System of milling guarantees. There is no other flour in Canada upon which so much is spent to insure its perfect purity.

Ask your grocer for Ogilvie's Royal Household—the flour that makes light bread.

Ogilvie Flour Mills Co., Limited MONTREAL.

"Ogilvie's Book for a Cook," contains 130 pages of excellent recipes, some never published before. Your grocer can tell you how to get it, FREE.

Central School Kindergarten is Enjoying A Pleasant Outing in the Country.

The Kindergarten of the Central school have been spending the day in the Electric Railway Park, Dover, the occasion being their annual flower festival.

This festival has usually been held in the school, but this year it was decided that the advantages of the C. W. & L. E. for easy transportation to the country were so good that the outing was arranged. The children left on the 11:30 car in charge of the teachers, and a lunch, provided by themselves and the teachers, was served at the park.

The afternoon was whiled away in games and pastimes of all kinds, skip tag, drop the handkerchief, tournament, hide the ball, and similar amusements being the favorites.

Several of the children sang songs, the chief among which were, Come to the Woods, May Song, Pigeon House, and Weave a Little Basket, which had been taught to them in the school.

The flower scheme of this year's midsummer festival is a novel one and is under the charge of Miss Green and Miss Turner. Miss Shackleton's class are making butterfly baskets, Miss McLean's class are engaged in manufacturing cardboard baskets to be filled with violets, Miss Farquharson and Miss Hoig's classes are peas work baskets, and Miss Green and Miss Turner's classes are making colored raffia and reed baskets. The junior classes, taught by Miss Turner, are also making tulip baskets.

The children's outing to-day was very enjoyable and the little ones brought back flowers to all their baskets, after which the baskets will be taken home to their parents. The teachers deserve much credit for the excellent way in which they have trained the children at their work and also for the success of to-day's trip to the country.

LORD'S DAY BILL IS UP

Continued from Page 1.

of Mr. Roche (Halifax), rather commended the amendment suggested by Mr. Fitzpatrick, but not adopted by the committee, including that providing for grain traffic to be uninterrupted in the fall. He regretted that the committee had not had more time to continue their work.

Mr. Bourassa said he approved of the moral object of the bill, but so far as the legal principle was concerned he could not follow the Minister of Justice in his remarks. The bill, he said, was medieval in its spirit. If any legislation was desired, it should be in amendments to the criminal code. There was no country in the world in which Sunday was better observed than in Canada. Therefore, there was no need for legislation to make them Christian by law. It was taking away the personal liberty of the people to have their enjoyment interfered with. Mr. Bourassa characterized the bill as the most antiquated, immoral and absurd bit of legislation ever introduced. He also opposed the special privilege given to the Jews.

Sir Wilfrid Laurier's Reply. Sir Wilfrid Laurier criticized Mr. Bourassa's speech as illogical. "The basis of all Sunday legislation in all countries," said the Premier, "has been the recognition by the Christian people that there shall be a day rest on one day of the week, and that day shall be Sunday. What is the principle? The principle is that we abstain from work."

Certain exceptions had to be made. Sir Wilfrid desired there would be no interference with the liberty of the subject except that he must not work. "I do not know of any Christian country in which there is not such a law as this," said Sir Wilfrid, who went on to say that it had been thought better to leave Sunday legislation to the provinces, but that such legislation had been declared ultra-vires by the provinces.

Sunday Amusements. The Premier denied that the morality of girls employed as domestics was endangered by the bill. "Without labor," he said, did not mean "without supervision." But Sir Wilfrid agreed with Mr. Bourassa that a party should not be closed on Sunday because an entrance fee was charged, any more than a park where no entrance fee was charged should be closed.

As to amusements, the principle of the bill providing a day of rest applied to professional baseball players, cricketers, etc., as to any other class. There was no objection to men playing among themselves if they chose. The House rose at one o'clock.

May Need More Amending. The debate was continued at the afternoon and evening sessions of the House, and many amendments were offered without much avail.

In response to a motion by R. L. Borden, Mr. Aylesworth said that there had been great difficulty experienced in drafting the bill. It was a radical change, and further amendment might be found necessary. It was the intention of the government to bring in a clause postponing the taking effect of the bill until some future day to be named in the act.

Supplementary Estimates. Supplementary estimates to the amount of \$4,697,816 for the nine months ending March 31, 1907, were tabled last night, making a total of \$72,604,463 to be voted for the period named. Of this \$54,184,698 is chargeable to consolidated fund, and \$18,419,765 chargeable to capital.

The Caretaker of the Cemetery is Coming in For Unkindly Criticism.

The caretaker of the cemeteries is coming in for some rather sharp and unkindly criticism of late. It is understood that matters have already gone so far, that charges may shortly be laid with the property committee of the City Council against him. The trouble has arisen over the caretaker's rather brusque treatment of persons who had occasion to bring dead bodies to the burying ground. The charges, if made, will be laid by a city undertaker and perhaps by another gentleman.

It seems that yesterday, one of the undertakers' men was conveying a corpse to the cemetery for burial. On arriving at the cemetery, he asked the caretaker to help him lift the box containing the body out of the wagon. The caretaker refused, and when he was asked why, replied that it smelled too strong. The man was forced to lift the remains from the wagon unaided, a rather difficult feat. The undertaker in question claims that the caretaker is supposed to help in cases of this kind.

Another complaint of a similar nature, is to the effect that a man called at the rear gates of the cemetery some time ago, with a body which he wished to have interred. He was refused admittance at this gate by the caretaker, and had to go a long roundabout way as a result to reach the main gate. The rear gate is kept locked to prevent people from driving through the cemetery who have no business there, but it is claimed that the caretaker should not have refused admittance to a man who wished to enter with a corpse which was intended for interment in the cemetery.

IS AN INJUSTICE

Farmer Complains About the Manner G. T. R. Blocks William Street.

Tom Taylor, 1st concession, Chatham Township, had a complaint to register against the G. T. R. this morning. Speaking to a Planet representative Mr. Taylor said: "I think it is a great injustice that the G. T. R. are allowed to block William street by shutting operations for periods of 15 and 20 minutes. A few days ago I was held up with several cattle on Queen street for over 20 minutes, the gates being kept down while three trains were shunting. I told the gateman that the gates should not be down for more than five minutes at a time, but his answer was that they could be kept down as long as the engineers on the trains liked to block the line. If this is true I think it is distinctly unfair to citizens."

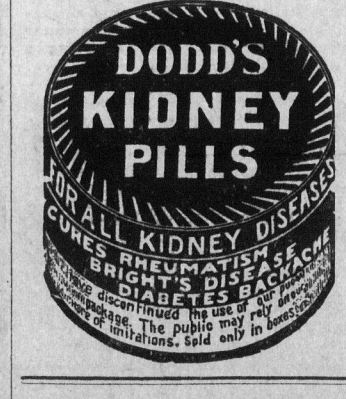

A PLEASANT SURPRISE

A very pleasant time was spent at the home of Mr. Duncan MacCoig, on Monday evening, when between 50 and 60 of Bethel congregation gathered on the lawn to bid farewell to Miss Margaret, prior to her departure for her new home in Superior, Wis. During the evening she was greatly surprised when Mr. Neil Watson, secretary of the G. T. R., and Miss Grace Saddington came forward, when the following address was read by Miss MacCoig and a presentation of a purse of gold was made by Miss Grace Saddington.

To Miss Margaret MacCoig—We have met together to-night, on the eve of your approaching marriage, and anticipated departure from our midst, for the purpose of expressing our kindly feelings towards you whom we have learned to most highly appreciate during the years of your living in our midst. You have endeared yourself to our memory through your most lady-like and Christian deportment, and your devoted services for our church and choir. In token of our deep sense of the loss which we are to sustain through your departure from us, we ask you to accept this purse, and trust that in the acceptance of the same you will cherish it, not so much for its value as a gift, but as it is unto us a token of our regard for you, and for the years of service which you have rendered us. Our prayer is that in the new church, to which in the providence of God, your lot in the future will be cast, it will receive such helpful services from you as we have, and that you in return shall receive the commendation of him in whose vineyard we are all mutual toilers. In behalf of the congregation of Bethel Presbyterian Church.

J. J. MacCOIG, WM. SADDINGTON, NEIL MEVIOAR, FRANCIS SADDINGTON, MARY L. MACCORVIE.

Mull, June 18, '06.

First Girl—I never see you with Jack. Have you quarrelled? Second Girl—Oh, no! We're married.

VERY GOOD GAME

Football Match Ends in Score of 3-0 For Kent Bridge Boys.

Last evening the Chatham Football team played a game with Kent Bridge, at the latter place. A very close and exciting contest resulting in a 3-0 win for the home team.

C. J. Cumming, of Chatham, was referee and handled the teams in a business-like manner, his decisions giving satisfaction to all concerned. The game, although of a fast nature, was even in the first half, nothing being scored at the call of half-time. On changing over, however, the Kent Bridge boys gradually asserted their superior staying powers and notched three goals before the final blow of the whistle. About four hundred spectators were present and the game was thoroughly enjoyed both by the participants and their supporters.

THE NEW PARK

The Electric Railway Co., is opening a summer park on the 7th concession of Dover, on Friday next, and the 24th Battalion Band has been engaged for the afternoon and evening of that day. The bush is admirably situated for recreation grounds and is adjoining the track. A dancing platform is being erected and there will be a number of swings put up for the amusement of the children. It is intended to make this resort a popular breathing place for ladies and children, and the fare fixed for the round trip is 25 cents.

THE TWO FLAGS

In proposing the toast of the American guests at the Davidson-Northwood wedding yesterday, Dr. Knox quoted a poem entitled "The Two Flags," by Dr. Sparks, St. Mary's, Ont. In response to a request it is published below:

THE TWO FLAGS.
Twine them together in peace and war,
Together on land and sea,
From the Southern Cross to the Northern Star,
From the Purple East to the West afar,
Wherever the hands that bear them are,
Twin flags of the kindred free.

For ye are the sons of the selfsame sire,
And your blood of one kindred strain,
And the same old Anglo-Saxon fire
Burns in each common brain;
And one is the path that your feet have trod,
And ye kneel at the shrine of one common God.

Then, up with your flags on the same top mast
To float to one common sky,
And, sinking forever the far off past,
Nail them together, firm and fast,
Together, as long as the years shall last,
Twin flags of liberty.

And never more may they wave apart
That have waved apart too long,
Keeping alive in each proud heart
This tale of an ancient wrong;
May its memory now to the winds be cast,
And the future bury in dust the past.

Twine them together in peace and war,
Together in war and peace;
Till jealous nations cease to jar,
And to dream of battlefields afar,
And the din of arms shall cease;
To welcome the light of that coming day,
Oh! Kindred Flags! lead on the way.
—Novalis.

Special Suit Sale

On Friday Morning we will place on sale about 80 Men's, Young Men's and Boys' Tweed and Worsted Suits at almost ridiculous reductions. We have our reasons for doing so, and we will tell them to you if you come in and see the suits. Here are some sample reductions, there are plenty of others.

THORNTON & DOUGLAS, LIMITED

Surprised People

Our Great Alteration Sale is surprising many people who drop in "just for a look." We're aware that there are many buyers who look upon a special sale as a "fake," a "scheme," or some sort of a trick of the trade. Perhaps they have reason for their opinion. Been trading at the

"WRONG STORE."

It's this class of Buyers that are surprised to find our bargains honest bargains, and our goods just as we represent them to be.

A MAN SAID THE OTHER DAY,—

"You Do BETTER Than You Advertise."

That is the way we surprise people! The discouraged purse receives comfort here.

BARGAINS! BARGAINS!

In Men's Suits, Men's Pants, Young Men's Suits and Pants, 3-piece Suits, 2-piece Suits, Overcoats, Children's Fancy Suits, Boys' Shirts. It is impossible to describe the many bargains. We cannot show qualities on paper. COME, SEE FOR YOURSELF.

THIS STORE NEVER DISAPPOINTS
