Two Ounces of Blood Daily

That is the amount of Blood added to your veins by taking one of Dr. Campbell's Red Blood Forming Capsuloids with each Meal Three Times Daily.

MR. WELLINGTON J. CONNOR, of Delroy, has derived such benefit from Capsuloids that he has written us as follows:—

THE CAPSULOID COMPANY, Brockville, Ont. Gentlemen,—About a month ago I began to suffer with a feeling of pressure over my heart, my breath was short and I grew rapidly weak. I consulted my doctor and they very skilfully drew two quarts of water off my left lung. They gave me the best treatment and I thought I would soon be well, but instead, my lung began to grow to my side, my breath grew short and tight, and I lost color and flesh as well as strength. To walk up stairs put me fearfully out of breath. I found that it was getting harder and harder to get my breath down into my lungs. Nothing seemed to check my case, and both I and my wife began to be very much alarmed, when a doctor, a friend of mine, recommended your Capsuloids. I started taking one with each meal and soon improved. I am now taking two with dinner, two with supper and but one with breakfast. The stiffness and soreness have nearly all left my side. I can stand up much straighter, I can go to stairs and can take long walks without getting out of breath. My lung is, I am sure, settled away from my side entirely, and I have gained so much in color, flesh and strength that I have not much to complain of, and feel that a few more boxes will cure me. My blood is very red, and I think I just got your Capsuloids in time, for my lung was getting so fast to my side that it could never have been separated. I recommend them to all my friends who are run down, or who have old complaints.

Capsuloids

are sold at 50c a box or 6 boxes for \$2.50 by J. P. Lamb & Son, Athens, or sent on receipt of price from The Capsuloid Co., Brockville, Canada.

This is not a patent or secret medicine. It is prescribed largely by doctors.

MONDAY, April 4.—Sugar-making is about over, and the run has been unusually good for such an early date. A large amount of syrup has been sold here in the village from \$1.00 down to 50c.

Several of the farmers surrounding the village have commenced plowing and a few have sowed some wheat, but as the weather is cold and dry the wheat will not do well.

We are glad to see the smiling face of our esteemed young lady, Miss Lizzie Clark, home again after a three months' absence at Mountain Station, Ont.

Miss Alice Newman of Newmarket was a recent visitor at her home here. Our cheese factory has of late changed hands, A. M. Singleton of Newboro having purchased it. Mr. Singleton is well known as a dairyman, and is, we are told, very satisfactory and successful in business. Our former proprietor, Mr. M. O'Mara, who has supervised the business for a number of years, has done it in a suitable manner and held a large patronage. He is now engaged in the business of a general store at Newboro.

Miss Laura Blanchard of Athens is visiting relatives here at present. Rev. Mr. Perry, the new pastor of the Holiness Movement, rendered a very instructive discourse on Sunday night to a large audience.

Miss Laura Blanchard of Athens is visiting relatives here at present. Rev. Mr. Perry, the new pastor of the Holiness Movement, rendered a very instructive discourse on Sunday night to a large audience.

MONDAY, April 4.—H. Putnam has secured a situation at Merrickville. Miss Vic. Gilbert of Kingston has been visiting friends here and in this vicinity for the past few days.

On Thursday last (31st) Mr. J. Randall, while hunting on Whitefish lake, shot and killed a large bald-headed eagle. It measured across the wings from tip to tip five feet six inches. Mr. G. R. Hawkins had it sent to Kingston to be stuffed and mounted.

The post office here was changed last Friday, last, by Mr. MacCarrow, P. O. Inspector, to the residence of Mr. C. O. Gilbert, the new postmaster. The daily mail from Lyndhurst was stopped on the last, and that mail will come here via Morton, thence by Newboro and Kingston stage. Much dissatisfaction is expressed at the change, as there will be now only tri-weekly mail to Sweeney's Corners, Long Point and Ellipticville, and the residents of that section feel much aggrieved over the change.

The Wesley's Day brass band have engaged Mr. B. Wood of Toledo to instruct them for the term of one year. Mr. Wood is highly recommended as a first-class instructor.

It was expected that President McKinley's message to congress on the relations between the U. S. and Spain would be delivered to-day. Action upon it will be taken at once, and it is generally felt that the inevitable result will be war. The Pope and several European powers are arranged to mediate in the matter, but it is thought that if Congress, in its present state of mind, gets the message, it will be too late to effect a peaceful settlement.

Mr. Bradley, general organizer for the A. O. U. W., has been in Athens for a few days presenting the merits of this well-known fraternal insurance organization. As a result of his efforts, which were warmly seconded by local Workmen, at a meeting held on Tuesday evening fifteen members were initiated, principally young men. The introduction of graded assessments has given a great impetus to the order and resulted everywhere in securing a large influx of young members. Mr. Bradley will revisit Athens in about two weeks.

The lecture delivered by Rev. Mr. Brown in the Baptist church on Friday evening on the subject of missionary work in India was well attended, and the address proved interesting, profitable and enjoyable. "Casto," the great and successful mission work, was fully explained, and the audience was put in possession of an accurate knowledge of many features of Britain's great possession in the East. During the evening the choir rendered choice music and Mrs. S. C. Lamb gave a vocal solo, which was very well received.

Mr. Wm. Gibson, only daughter of Mr. and Mrs. John Carr, departed this life on Saturday last, aged 33 years. She was afflicted with the consumption all during her long illness, which was borne very patiently, she had the unremitting care of her mother and constant medical attendance. She deceased leaves to mourn her loss her husband and a little daughter, Lily, only four years of age. The funeral, which was largely attended, took place at 2 p. m. on Monday to the Methodist church, where service was conducted by Rev. J. Scanlon, after which the remains were placed in the Longwood vault.

Halliday—Mail. One of those pleasing events that always causes a ripple of excitement in the social circle took place last Wednesday evening, March 30th, at the residence of Mr. David Hall, Union Valley, the occasion being the marriage of her daughter Edith to Mr. Omer Halliday of Elbe Mills. At seven o'clock the happy couple took their place under a floral arch, when Rev. Mr. Cameron in the presence of about sixty guests performed the ceremony which made them one. The bride appeared to good advantage in a gown of pale blue crepon satin trimmed with ribbon and lace, and was attended by L. Hall of Elbe Mills. Mr. W. Brown of the same place performed like services for the groom. Mr. and Mrs. Halliday were the recipients of many valuable and costly presents, which show how highly they are esteemed by their friends. The young couple will shortly leave for Utterton, Ont., where Mr. Halliday has a post-office as cheese maker.

RUSSIA TAKES POSSESSION.

Official Description of the Occupation of Port Arthur.

S. Petersburg, April 4.—The following official description of the occupation of Port Arthur and Ta-lien-Wan by the Russians has been made public:

By command of the Emperor and for the purpose of fulfilling the conditions set forth in the convention with the Chinese Government, Gen. Grodekoff, commanding the Amur district, dispatched on March 17, a detachment of troops with orders to join the landing parties of the Pacific Squadron at Port Arthur, commanded by Rear-Admiral Dubassoff.

The Chinese troops began their departure on March 27, the last column marching out at 1 a. m. on the following morning. Five hours later the Russians landed and began the occupation of the forts. By 3 o'clock the landing parties were in position. Russian flags were then run up on all the vessels of the fleet, and Russian and Chinese flags on the forts. A similar programme was carried out at Ta-lien-Wan.

LEASE OF WEI-HAI-WEI

Britain Demands It of China to Even Up Disturbed Balance.

A DEMAND FOR LI HUNG'S HEAD.

A High Chinese Official Says the Tientsin-Li-Tung Railway Should be Run by the Chinese.

Peking, April 4.—Great Britain has demanded a lease of Wei-Hai-Wei, a Japanese evacuation, as a compensation for the disturbance of the balance of power in the Gulf of Choo-Choo.

In diplomatic circles small doubt is entertained that China will concede the demand, which is believed to be favorably regarded by Japan.

LI HUNG CHANG BRIBED. So Says a Chinaman of High Rank, Who Demands Li's Head—Will Give His Own Head If It's Not.

Shanghai, April 4.—It is announced that a person of the highest rank has memorialized the Emperor in the most vigorous language, accusing the whole of the Li-Hung-Chang (Chinese Foreign Office) of being in the pay of Russia. He asserts that Russia expended 10,000,000 taels in bribery during the recent negotiations regarding the cession of Port Arthur and Ta-lien-Wan, etc., and claims that Li Hung-Chang's share was 1,500,000 taels. Thereupon the personage referred to demands a full investigation and asks that Li Hung-Chang be beheaded if the account is proved.

LI HUNG CHANG. He is proven, the memorialist charges are not sustained.

The Chinese complain bitterly of the fact that they do not possess a war port for the five warships which are being built for them abroad and which are due to arrive in Chinese waters this summer.

Unless Wei-Hai-Wei, occupied by the Japanese, is evacuated, which is doubtful, the Chinese have no place in which to receive their new warships.

The movements of warships capitol the greatest interest among foreigners here. It is supposed that the British fleet will be in the harbor in about a week.

London, April 4.—Journals here comment upon the heavy enlistment at Montreal during March of Canadians for the United States navy, and most complimentary language is being used as the expense of the British Admiralty for not using the Atlantic and Pacific sections of Canada as a recruiting ground for men and boys for the British navy.

RUSSIA TAKES POSSESSION. Official Description of the Occupation of Port Arthur.

S. Petersburg, April 4.—The following official description of the occupation of Port Arthur and Ta-lien-Wan by the Russians has been made public:

R. H. GAMBLE

Court House Ave., Brockville

All the old negatives of A. C. McIntyre, R. H. Gamble, R. J. Dukelow, A. E. McLean, and W. B. Findlay, have been carefully preserved, from which photographs in the latest styles of the art will be made on short notice. Our work is up to date and prices reasonable.

Increases were as follows: Customs, \$24,734,000; excise, \$200,250; estate duties, \$1,964,061; stamps, \$300,000; property and income tax, \$600,000; telegraph and post-office, \$240,000.

There were fewer applications than usual for a new capital during the month of March, but the Chinese loan being total amount offered to the public to nearly \$16,500,000—this makes the total for the first quarter of this year nearly \$40,000,000, the biggest in many years.

The ship building boom is unprecedented, as can be gauged from the figures of the Clyde Bank, where 40,000 tons were turned out in March. Orders were booked in March for 120,000 tons, and the work now on hand and ordered totals up 625,000 tons, almost double the whole output of 1897.

M. ZOLA'S CONVICTION QUASHED. A Technical Error in Legal Procedure Aids the Famous Author.

Paris, April 4.—The Court of Session has quashed the sentence of one year's imprisonment and 3,000 francs fine imposed upon M. Emile Zola on Feb. 23 as a result of the collapse of the charges made by him in the Aurora against the conduct of the Esterhazy court-martial, but the court has not ordered a trial before another assize.

The decision is based on the fact that the president of the court-martial, instead of the War Minister, should have lodged the complaint against M. Zola, and it was the court-martial that was assailed by the famous author and editor.

EIGHTEEN WERE LOST. Str. Magnet Was the Steamer Sunk by the British Princeps.

Lowestoft, April 4.—The suspicion is confirmed that it was the German steamer Magnet, from Pomaron, March 5, for Stettin, that was sunk on March 16 in collision off Gulland Lightship, with the British bark British Princeps, Captain Scott, from Leith to Liverpool.

The brother of the Magnet's captain has arrived here and identified wreckage wedged in the bows of the British Princeps when it was in Lowestoft harbor March 16 with her bows stove and her forepeak full of water.

The captain's brother reports also that the Magnet sank almost immediately and that 18 of her company were drowned.
