

HUSBAND AND WIFE WERE FOUND DEAD.

Accidental Turning On of Gas Burner Cause of Double Tragedy In New York.

Parties Said to Have Gone From Hamilton.

New York, Jan. 14.—The death of William P. Grenville and his pretty young wife, Annie, at No. 221 East Eighteenth street from asphyxiation is believed to-day to have been due to accident. They were found dead in bed last night, the woman's head resting on the breast of her husband. Gas was pouring from a jet that supplied a small stove. A window in the room was open from the top for ventilation. The coroner and police are satisfied that in turning off the gas, one of them accidentally opened a second cock in the stove. The Grenvilles attended an afternoon concert, returned home in good spirits and after dinner retired. At 10.40 the housekeeper detected the odor of gas and traced it to the Grenvilles' room. The police forced the door, opened the windows and carried the Grenvilles into the hall. Dr. Zehnder, of Bellevue, said the couple had been dead half an hour. The house in which they lived is one of the finest residences facing Stuyvesant Park, and is owned and occupied by Mrs. Barbara Walkman. Her only lodgers were the Grenvilles, who occupied two rooms on the third floor. Grenville, who was thirty years old, came to this city from Hamilton, Canada, with his young wife a year ago. He was a trusted employee in the publishing house of Doubleday, Page & Company at No. 135 Sixteenth street, got a large salary, and lived well. His wife was described by Mrs. Walkman as "a woman of beauty and culture, devoted to her husband and seemingly without a care in the world." The coroner's jury found that death had been due to accident. Up to press time the Times had been unable to learn anything that would confirm the report that Grenville and his wife were Hamilton people.

E. T. WRIGHT DEAD. Had Long Been a Sufferer With Bright's Disease.

After being a patient sufferer for many months, Mr. Edwin T. Wright, of the firm of E. T. Wright & Co., passed away this morning, at his late residence, 24 Victoria avenue north. Mr. Wright had not been able to get around for some time, and although he was feeling poorly, his death will be a shock to his many friends. Deceased was 55 years of age, and was born in Bethley, Pa., U. S. A. He came to this country when a little lad, and had resided in Hamilton for 50 years. He was connected with the firm of E. T. Wright & Co. up to five years ago, when he retired. Bright's Disease was the cause of death. He leaves a widow, four daughters, Mrs. Thomas Mason, of Grand Rapids, Mich., and Misses Minnie, Carrie and Ethel, at home, and one son, D. Wright. Ald. H. G. Wright is a brother. The funeral will take place on Thursday afternoon at 2 o'clock. Mrs. Jane Marshall, wife of Samuel Marshall, died this morning at her late residence, in her 60th year. Deceased was born in Caistor township, and had been ill for some years, but was able to be in the city last week. She is survived by a husband, two sons, Charles, of Saltfleet, and Whitmore, at home, and two daughters, Mrs. Wm. Hildreth, Tweedside, and Mrs. Avey Penfold, Tapleystown. The funeral will take place on Thursday afternoon at 1 o'clock, at the Tapleystown church, for service and burial.

DEATH TWICE ROBS WOMAN OF A LOVING SWEETHEART.

Pittsburg, Pa., Jan. 14.—For the second time within three years Miss Mary C. Trimble, daughter of John Trimble, a well known Justice of the Peace, followed a fiancée to the grave this afternoon when Frank D. Creese, of Aspinwall, was laid away. They were to have been married next week, and the wedding clothes which Miss Trimble has prepared on two different occasions have been again laid aside for deep mourning. Three years ago Miss Trimble was engaged to be married to Walter McKee. The day of the wedding had been set, when Miss Trimble's sister, Sybilla, was taken ill and died, and the wedding had to be postponed. Another date was set, but two weeks before the day arrived McKee was taken ill with pneumonia and died on the day they were to have been wed. Frank Creese was the most intimate friend of McKee, and after a year of mourning had passed he began to court Miss Trimble. Finally they became engaged and the wedding ceremony was to have been performed next week. Ten days ago Creese was taken ill with typhoid fever, which during the past few days developed into pneumonia, and he died last Friday night. Miss Trimble is prostrate.

THE GREAT HOLOCAUST IN THE BOYERTOWN OPERA HOUSE.

Hundred and Fifty Dead and Seventy-Five Hurt---List of Known Victims ---Terrible Scenes at the Tragedy.

Boyertown, Pa., Jan. 14.—When daylight dawned to-day the full extent of last night's horror, when Roades' Opera House was burned, was apparent. The list of dead is placed at 150, and the injured at 75. How many were killed may never be known, for among the victims of this awful disaster were a number of visitors and some strangers. The list of known dead follows: Mrs. John Becker and two children; Dr. Charles Mayer and daughter; Robert La Pish, child of Rev. A. M. Weber, Lulu Feigley, Miss Emma Engel, Mrs. Ira Shober, Mrs. Richard Turner, Mrs. Daniel Krause, Mrs. George Romig, Mr. and Mrs. Herbert Gottschall, Henry Binder, Blanche and Mabel Koebel, Ellen Gottschall, Mabel Graff, Mrs. J. J. Becker and three children; Lottie Graver and sister, John Graver, Charles Moyer and daughter; Daniel Krause, Maurice Anderson and two children; James Anderson, wife and two children; Charles Maurer, Stella Kulp, Carrie Weand, Edna Boyer, Keeley Boyer, Mamie Toms, Mrs. Maggie Leifer, Mrs. Mary Leinbach, Laura Grim, Mrs. Adam Moyer, David Gable, Jun, and wife; Franklin Leidy, Anna Leidy, Mrs. Esther Cullen, Lottie Bowman, Ella Johnson, Anna Ziegler, John Fritz, Cora Fritz, Mrs. John Glase, Mrs. Reuben Hoffman and daughter; Mrs. Johnson. It is estimated that there were 400 persons in the playhouse when the explosion of the gas tank which was being used in connection with moving pictures occurred. An amateur performance of the "Scottish Reformation" for the benefit of St. John's Lutheran Sunday school was being produced, when the explosion occurred. Some one yelled "Fire!" and in a remarkably short time the centre of the Opera House was a blazing furnace.

The rapidity with which the flames spread was caused by the upsetting of the coal oil used as the footlights, by some of the persons on the stage, who endeavored to allay the frightened women and children in the audience. Even the men seemed to lose all control of themselves, and fought with the women and children in their efforts to reach the street. In this manner many women and children who might otherwise have escaped the flames were forced back and trampled to death. Particularly was this the case with those who were caught on the stairway. Pandeemonium reigned and in the mad scramble for the exits the weaker ones were bruised aside and in many instances killed. Scores of persons on the second floor seeing the awful jam on the stairways risked their lives by jumping from the windows. Several of these were so badly injured that they died. Boyertown is a village of about 2,500 population and there is scarcely a home in the little town that has not been afflicted by last night's fire. Reuben W. Stover, one of those who escaped the flames, said to-day: "When the explosion occurred there were at least thirty boys and girls on the stage, while many more were behind the scenes. Without warning there was a terrific explosion which seemed to shake the entire building. Immediately there was a wild rush for the exits. The people on the stage jumped over the footlights into the audience. Everybody seemed to have lost control of themselves. The flames first consumed the flimsy scenery and then swept toward the crowd like a great wave, the suffocating smoke dropping men and women and children in its path. "Once the crowd began to fight its way toward the doors, no power on earth could have saved all the lives, but I believe that if the men had not lost control of themselves, the loss of life would have been very small." The fire was not brought under control until early this morning, after assistance had arrived from Reading and Pottstown. Physicians and nurses from Reading aided materially in alleviating the sufferings of the injured. Early to-day about 50 members of the State Constabulary arrived from Reading on a special train. The work of removing the bodies from the ruins will be unusually tedious and hazardous. When the crush was at its height the floor gave way precipitating many persons to the basement and the bodies of these are buried beneath the charred timbers and tons of bricks from the ruined walls. The monetary loss will amount to about \$75,000. For several months the Sunday school pupils of St. John's Lutheran Church has been rehearsing "The Scottish Reformation," which was being staged by Mrs. H. E. Monroe, of Washington, the authoress, and when the curtain rose at 8 o'clock the Opera House was thronged with representative citizens of the borough. The second part of the play, in which the students from Glasgow University and the Puritans marched to Leith to meet Queen Mary, had just been reached. The young people taking part had finished their songs, and incidental to the drama, a number of pictures were shown by the moving picture machine. This was operated by H. W. Fisher, of Carlisle, Pa., who used calcium lights. While he was operating the machine there was a flash and a loud report, and the people sitting in the rear of the Opera House, near the machine, arose in fright and rushed toward the stage. Frank Cullen, a blacksmith, seized his four-year-old son and made his way to a window. When he attempted to return to get his wife, she was in a straggling mass of humanity and it was impossible for him to reach her.

WALKER ACQUITTED. Was Accused of Stealing John Decawas' Money. A wave of goodness, big enough to drown the recent wave of crime, is sweeping over the city and there have been hardly any cases at the Police Court for several days now. This morning the only case was a remanded one, John Walker, charged with stealing sums of money from John Decawas. Both men boarded at 119 Jackson street east, and the complainant said he had missed \$5 on two different occasions before Christmas and that another \$5 had been taken a short time before New Year's. He was not sure who took them, but he was shown a had been accused and had offered to pay the money back two fold sooner than have a row in the court and the complainant took this for an admission of guilt. The magistrate allowed the defendant to go as he concluded no case had been made out. NOT THIS CONCERN. Picture Canvassers Who Invite Inspection of Methods. One day last week the Times had something to say about the plans of some picture enlarging canvassers who were working in this city. In the minds of some readers the article was associated with the operations of the Canadian Art Association, a Windsor concern which has a staff of three representatives here just now under the management of Mr. R. L. Fox. The Canadian Art Association is a regularly organized and legitimate business concern and all the representatives in the city are working under license issued from the office of the City Clerk. Mr. Fox says he would be delighted to have all who are interested look closely into the methods pursued, and to as closely examine the work done. He expects to open a permanent office in Hamilton. FATHER DONOVAN Remembered by His Friends of Separate School Board. Last evening, after the regular meeting of the Separate School Board, a committee composed of Messrs. T. J. Coughlin, James Reding and George Southwell, handed to the secretary a well filled envelope with instructions to forward the same to Rev. P. J. Donovan, now of Dunnville, as a New Year gift, and also a token of the members' appreciation of the valuable services rendered by Father Donovan to the Separate Schools and the Board, during the time he was superintendent. THE MAN IN OVERALLS

"Fooled by Farrar" is now the cry. New story begins on Thursday. Don't forget. That short cut out short a man's life. Beware of drinking out of the wrong bottle, and never drink in the dark. How do you think you would have felt if it had been about you instead of Ald. Farrar. Ald. Dickson was saying all those nice things? Charlie Peebles may now want that License Commission ship. "The Great Betrayal" is how some people talk about Ald. Farrar's great act last night. Did you read President McClellan's letter in last evening's Times? He wants you to join the Club. The Mayor's message covered quite a lot of ground. But he said nothing about the hall money. Yes, the Mayor is right. The Board of Education is blowing in altogether too much money for all the results we get. I can't blame Ald. Dickson for rubbing it into Farrar. I might have done it myself. Sure, Maude, there is politics in the City Council, but it's the wrong kind. Every chairman a Tory. Now hear what outside newspapers will say about this fresh outrage. "Paul Vaine's Wife" was not vain. But, then, that's another story. Well, the ward system will be the death of Ald. Farrar, anyway. If the street railway is not doing the right thing, Mr. Mayor, you know your duty. Perhaps this Board of Control that is talked about could carry out a few of those reforms Mayor Stewart broached in his inaugural address. We notice the Tories have appointed Ald. Farrar chairman of the Fuel Committee. Would it be uncharitable to suggest that he be appointed chairman of the committee in the "Happy Hunting Grounds"?

NO CHANGE.

Manager Driscoll Denies Story About Bennett's Theatre. Manager Driscoll, of Bennett's Theatre, went to New York last night on business. Before he left he gave denial to the following article, which appeared in Saturday's edition of Variety, a theatrical paper, published in New York: "Chas. Mussett, assistant manager of the Colonial, New York, will become the manager of Bennett's, Hamilton, it is said. James F. Driscoll, the present manager of the Bennett House here, being promoted to a more important post on the Niagara River from Fort Erie to Niagara-on-the-Lake, where connection would be made with the Turbine steamers for the fast run across Lake Ontario to Toronto, has been made by the steamship company. If the backers of the company can get control of the line it is understood they are prepared to convert it into a high speed modern electric railway, which will carry passengers between this city and Niagara in an hour. After the meeting of the Turbine Company here yesterday the directors announced that they had nothing whatever to say about the rumored deal. JAP CRISIS. Ministers Resign Because of Trouble Over Budget. Tokio, Jan. 14, 7:25 p. m.—Yoshiro Sakatani, Minister of Finance, and Isaburo Yamagata, Minister of Communications, have resigned from the Cabinet. Their resignations have been accepted. The resignation of Marquis Saionji, the Prime Minister, has been refused. A conference of the Cabinet Ministers was held this morning. Marquis Saionji, the Prime Minister, vis detithe Emperor at the palace this afternoon. He was quickly followed by Prince Ito. It is understood that differences exist over the budget that are irreconcilable.

DEATH OF CAPT. ROY

Passed Away Unexpectedly in His Home Yesterday. Captain Alexander William Roy, for many years a resident of this city, passed away suddenly at his home, corner of Duke and MacNab streets, yesterday. Mr. Roy lived alone, and was apparently in his usual health on Sunday. He was of a mechanical and inventive turn of mind and had a well-equipped shop in the house where he spent much of his time. He had evidently been working there and had felt sickness coming on. When he did not appear this morning friends went into the house and found him lying dead on a sofa. He was fully dressed and had on his working smock and overalls. Dr. Woolvort, who examined him, found death to be due to a stroke, probably apoplexy. Deceased was 62 years of age and was unmarried. STEEL CO. WINS. The Dominion Coal Co. Loses and Won't Pay All Costs. Halifax, Jan. 14.—(Special.)—Judgment was given this morning in the important suit of the Dominion Steel Co. against the Dominion Coal Co. The decision was unanimous in favor of the Steel Company's contentions and the costs are set against the Coal Company. Chief Justice Townshend and Judge Russell delivered lengthy opinions, upholding the Steel Company, and Judges Meagher and Lawrence concurred. New Arrivals. Bermuda onions, Brussels sprouts, cucumbers, Grimsby tomatoes, ripe pineapples, marmalade oranges, sweet potatoes, sweet green peppers, mushrooms, rhubarb, spinach, celery, parsley, green onions, Hubbard squash, pumpkins, smelts, Yarmouth loaves, Oka cheese, English Stilton, prime old Canadian cheese. FOR NEW STATION.

Chief Smith Wants Provision Made This Year. Chief of Police Smith said to-day that it would be absolutely necessary to have a new police station built in the west end next year, or the old patrol station entirely remodelled, before he can divide the police force into precincts as he intends doing. He will ask that provision be made in the estimates for this, and hopes to be prepared before the fall to divide the force in the way he proposes. The Green Seal Session. Spinners Strike

Manchester, N. H., Jan. 14.—All efforts at intervention to bring about a settlement of the dispute between the cotton mill owners and their employees, which threatens to result in the locking out of 150,000 men, has come to naught. The operatives at a meeting last night decided to break off all further negotiations with the master spinners, and a lock-out now appears to be inevitable.

DISMISSAL FINAL.

Company Will Not Re-engage President Theaker. The Grievance Committee of the Street Railwaymen's Union had a conference with Hon. J. M. Gibson, President of the Cataract Power Co., in regard to the dismissal of Conductor Theaker, the President of the Union. He stated that the matter was one for the head of the department of transportation, who is held responsible for the various electric lines, and that he could not intercede. There were other cases of a similar character, and if he interferred in one he would be appealed to in others, no doubt. Superintendent Miller ordered that Mr. Theaker be paid off to-day and that his cap and punch be collected. Organizer Reeves has not returned to the city, and it is not thought that he will be back. Mr. B. M. McConnell, of the Thiel Detective Agency, New York, has been in the city since Saturday, and has had at least one conference with General Manager Hawkins, of the Cataract Power Co. As Mr. McConnell is the man who managed the strike-breaking operations here a year ago last fall, his presence may be significant. At his hotel to-day he said he expected to be in the city for some days. He said he did not expect to see a strike here, and that it was other business that brought him to this city.

Independent voters who helped to elect Alderman Farrar, believing that he would stand by his pledge of a square deal for every man and steer shy of cliques and slates, are so disgusted with the action of the flopping alderman that they are talking of demanding his resignation. It is not improbable that before the end of the week a petition will be circulated by some of those who were instrumental in having him elected, calling on him to resign. A large number of those who were thus bamboozled have volunteered to sign this. Of course, Farrar and his friends will charge this up to the Liberals, but the argument will not hold, because the next man to step into the Council in case any one drops out is Ald. Baird, one of the stalwarts of the Tory machine, who was just noosed out by Ald. A. J. Wright. It is pointed out that when a member of Parliament is elected and goes contrary to wish of those electing him, and contrary to his pledges, his resignation is demanded, and the people who are moving to have Farrar ousted say there is no reason why this should not apply to him. The Tory alderman admitted this morning that the task of defending Farrar last night was a job they did not relish. "But we owed it to him," said one of them. "He came over to us, and out of sympathy, we could not let the matter pass without making an attempt to defend him." Ald. Sweeney, of the Board of Works, announced this morning that he would do his best to influence the Council to consent to the building of a brick pavement from the wharves on James street to Barton street, and east on Barton street to Sherman avenue. This would cost over \$125,000, and officials of the department say it is doubtful if the committee will have as large an appropriation as last year. In the face of this, Ald. Sweeney's stupendous task sounds like a joke. He believes, however, that as much permanent work as possible should be done, especially in asphaltizing Hughson, John, Merrick and other streets. The idea of a permanent repair gang, as suggested by him last year, he thinks is still worthy of consideration, and he will bring the matter before his committee. In the event of the Mayor's suggestion to have the sewer work, waterworks construction and the Board of Works department under one head, being adopted, such a gang, he is confident, would be necessary. It is not expected that the Mayor's idea about combining these committees will go into effect before next year. It would mean that the Board of Works would absorb the Sewers and Fire and Water Committees. The Fire Department would likely be placed under the control of the Markets, Police and Jail Committee then, as it was some years ago. Some of the City Hall officials said this morning there was no reason for the council to have given the \$225,000 by-law for a municipal lighting plant a third reading, as was done by the council last night. Chairman Sweeney explained to-day that it did not tie the aldermen down. The next move he thinks is to ask the Cataract Power Company for tenders and arrange to have an engineer make a report as to the time it will take to build the plant and other matters. It will also be necessary, he says, to find out at once from the Hydro-Electric people when they can deliver power. There is already hustle and bustle around the City Hall arranging for the meetings of the different committees. The special committee appointed last night by the council to take up the Radial matter will have a session at 4 o'clock this afternoon. There will likely be a meeting of the Sewers Committee on Friday. Chairman Jutten is anxious to have the work resumed on the new annex sewer, and City Engineer Barrow thinks that may be arranged if (Continued on page 10.)

TURBINE DEAL.

But the Company Has Nothing to Say About It. A Buffalo, N. Y., despatch says: If the negotiations now pending between the Turbine Steamship Company and the Michigan Central Railway are brought to a successful conclusion, a new fast line between Buffalo and Toronto will be in operation within the next few months. A proposition to buy a lease, for a term of years of the railroad's line, which extends down the west bank of the Niagara River from Fort Erie to Niagara-on-the-Lake, where connection would be made with the Turbine steamers for the fast run across Lake Ontario to Toronto, has been made by the steamship company. If the backers of the company can get control of the line it is understood they are prepared to convert it into a high speed modern electric railway, which will carry passengers between this city and Niagara in an hour. After the meeting of the Turbine Company here yesterday the directors announced that they had nothing whatever to say about the rumored deal.

TORONTO DOES NOT OBJECT TO HAMILTON RADIAL BILL.

Question of Provincial Jurisdiction to be Threshed Out---British Yukon Railway.

Ottawa, Ont., Jan. 14.—(Special.)—The Hamilton Radial bill will come before the Railway Committee on the 23rd inst. It is understood that a clause has been agreed upon which will remove the objections of the city of Toronto. The question of provincial jurisdiction still remains. The first business meeting of the Railway Committee was held to-day, Mr. Hugh Guthrie, chairman, presiding. The British Yukon Railway asked power to extend its line to the Tahkeena River, a distance of about thirty-five miles, to reach the mines. This is a branch line. Mr. Gallaher pointed out that part of the British Yukon Railway was in Alaska and part in Canada, and therefore it was impossible to control freight rates. Mr. Bristol said that the Yukon as a placer camp had disappeared. Attention was turned to the development of the Yukon by hydro-electric mining, but they were met with freight rates over this line which made this almost impossible. It cost more to take a dredge over this line, a distance of 112 miles, than the original cost. Dr. Thompson, who had charge of the bill, said that the Railway Commission had no power to interfere. Parliament could, of course, refuse this charter. Mr. Graham, Minister of Railways, said that he proposed to have a statement from the Railway Commission before the bill was proceeded with, and it was therefore decided to hold it over.

THE HAMILTON TIMES

TUESDAY, JAN. 14, 1908.

FOOLED BY FARRAR.

Ald. Farrar offers his services to the electors of Hamilton for 1908. A square deal to every citizen, regardless of politics or other distinction.

With a desire to be entirely fair to Ald. Farrar we refrained yesterday from editorial comment on his action in voting with the Tories on the question of committee chairmanships, preferring to give him another chance at the Council meeting to redeem the pledge he made to the electors, and which appears at the top of this article, to give "a square deal to every citizen, regardless of politics or other distinction." He, however, failed—failed ignominiously—to redeem the pledge thus publicly given, and the men and women who voted for him will now have leisure to regret their action. Instead of giving a square deal to every citizen, regardless of politics or other distinction, he forgot his pledge, went over to the Tories, and the personnel of the committees and their chairman is the result. With his help every chairman is a Tory; without his help no such iniquitous plot on the part of the Tory Executive could have succeeded. We frankly say that we are not disappointed. We expected Ald. Farrar to do exactly as he has done. We had no faith in his protestations of independence. We knew he had been kicked out of the Tory diggings, denied a place on their slate, and thrown to the dogs, and that he was elected in spite of them and against their will. We knew also that he made sundry pilgrimages to the Times office with the plaint that he was a "sheep without a shepherd," that no one would take him up, and that he was coming out as an independent. We knew also that he came to us with a story about the expenses of the aldermanic deputations, and how the Mayor carried around in his pocket some \$60 which belonged to the city, and remained in his pocket until he (Farrar) brought the matter up in committee. This was intended as bait to catch the Times, to get its support, but we were not catching that kind of fish. We had more respect for the Mayor. Disowned by his own friends and spurned by those upon whom he had no claim, Ald. Farrar had still another card to play—the Independent one—and he played it with the result we all know. Having, as we believe, thus fooled the citizens into electing him, he kisses the hand that smote him, and gives a fair deal to every citizen by voting to keep every alderman of Liberal tendencies out of the committee chairmanships.

The spectacle presented by Ald. Farrar at the Council meeting last night was one never before seen in that hall of civic legislation. To have his own words hurled in his teeth by men who were honored by every citizen, of no matter what political leaning; to be flayed and rebuked of deliberately prostituting his high ideals which he had set up in his election promises; to have the name of the betrayer of the Saviour of the World applied to him, and to sit like a whipped dog and take it all without a rap was something wholly new to Council meetings in Hamilton; more especially as the same Farrar was a gabster last year, and always ready to have his way. But to sit still and hear Ald. Clark and Ald. Sweeney apologize for him! That should have been enough to make Farrar fall on his knees and pray that the floor might open and swallow him. How Ald. Clark must have glowed in the indignity he was heaping on the head of the man who was a thorn in his flesh all last year. To be able to stand before that packed house and proclaim to the world that Farrar had promised to behave himself this year! Surely that was the greatest humiliation that the representative from Barton township could be subjected to. Some men rise to the occasion, Ald. Farrar had an opportunity such as is seldom presented to a man of the rank of alderman. His failure was ignominious.

Now we do not believe that Ald. Farrar, who grudging the sausicker's crew a basket of apples, could be elected a cow pounder in this city.

NOW TO THE REAL BUSINESS.

Well, the council of 1908 has made a start. It cannot be said that it was a good start, or creditable to the council for the city, but it has been made and the board is organized for the year. A better selection of chairman could have been made, at least for some of the committees, but there is probably enough brains in the council to prevent even some of the chairman who have been chosen from doing much harm. The opposition is strong enough to ensure fair play to government, and it can be depended upon to be on the alert. Admittedly the Liberal members have the brains of the council—we are prepared to accept the Spectator's opinion for that—and brains count, in the long run.

The year promises to be an important one, and brains will be needed. The council's course on the Hydro-Electric power and waterworks pumps matter is pretty well defined already, but other questions of perhaps as great importance are to be considered. On what lines will the council be elected by the ward system next year be chosen? That will have to be carefully thought out. For many years the city elected three aldermen for each of seven wards and 21 retired at the end of the year. That system can hardly be called an ideal one. The Mayor, in his inaugural address, threw out a hint in favor of a re-division into seven wards, each ward electing two aldermen for two years. That might not prove satisfactory, either. Another idea is to re-divide the city

into five wards; elect three aldermen for each ward and have one retire each year. That would mean that only five aldermen would have to be elected each year after the council had once been organized on the new system. The scheme is, at least, worthy of consideration.

Then there is the Board of Control idea. The council has already taken the first move in that direction. But there are two sides to the Board of Control question. The system has worked fairly well in Toronto, and it might work well in Hamilton—but again it might not. There are arguments on both sides.

Probably the most serious problem before the aldermen—serious because it cannot be set aside, and can be solved in only one way—is that of road work. When winter came on Hamilton's roads were in bad condition. This is especially true of the outlying sections. A very large amount will be required to put them in even fair condition. The city is already pledged to borrowing over \$300,000. Where is that much more for road work coming from? Certainly not out of the general taxes. Local improvement as applied to road work is all right if it can be made to work out equitably, but so many roads have been paved out of the general fund that it would be a hardship to ask those who have already contributed in that way to bear a large proportion of the expense of paving roads along which they happen to own property.

West end sewage disposal should be taken up in earnest this year, too. The flow from the asylum sewer is the greatest menace to the purity of the water in the bay, and should not be allowed to continue. It gets worse every year, too. Purification schemes have been discussed year by year, but the nuisance is allowed to continue. The question must be taken hold of sooner or later, and the sooner the better.

In these and all other matters the citizens will have the best thought of the Liberal members can place at their service. If the Tory members can forget party long enough to do likewise Hamilton will have no reason to regret the work of the council of 1908.

DID THE MAYOR BLUNDER?

On Friday last, the Trustee-Editor ("New Blood") of the Spectator appeared in the role of little Jack Horner, and delivered a half column or so of eulogy on the new blood—"ed-ucationists" of the School Board, and called loudly for public praise of their accomplishments and public gratitude for their services. It was at once a production touching for its intensity of feeling and astonishing for its audacity. The devoted taxpayers were summoned to pay homage to the new bloods because they had largely increased the expenditure of the board; because they had created unnecessary offices to order; because they had abandoned their loudly professed policy and pledges to abolish domestic science, manual training, and a lot of other so-called "fads," and yet had subsequently actually taken them up and greatly extended them; and increased expenditure upon them; and while they formerly damned the Board every time a teacher got a \$50 increase or there was cause for asking for money to furnish school accommodation, etc., they have, in a time of little school building, vastly enlarged their demands upon the taxpayers, and now their spokesman invites the public to throw bouquets at them because they have a small surplus remaining!

Perhaps this modern "Oh, what a good boy am I!" song of the Trustee-Editor was not intended to influence reappointments; probably these were already as good as made, having been settled at the Tory caucus; it was perhaps if anything more than incense to vanity, intended to salve the consciences of those with whom the appointments lay, and to give the public a little "guff." It might go with the ignorant, and the others didn't matter.

On Monday afternoon Mayor Stewart delivered his inaugural, a production which we observe has the unreserved approval of the editor of the Spectator. Evidently His Worship had allowed the Spectator's tribute of Friday to the new blood to slip his memory when preparing his speech. Hear him:

The cost of conducting the public schools and collegiate institute of the city is increasing in greater ratio than the increase in attendance of the scholars, and I think it would be well if the ratepayers were kept informed of the cost of maintaining our schools.

What a back-handed slap, Mr. Mayor, to give those self congratulating "edgercationists!" New bloods elected and appointed on strict partisan lines to remedy the extravagance and incompetent blundering of Grits and Tories of the boards of years past, who knew not that the people were to be well served only by the total ostracism of their fellow-citizens of different views in Dominion or Provincial politics, and who had, foolishly perhaps, applied common-sense and business principles to the conducting of school affairs, thus securing to Hamilton a system of schools which had long been the pride of her people! Cost of schools "increasing in greater ratio than the increase in attendance!" Surely, Mr. Mayor, you must have blundered. Think it over. Ask the Trustee-Editor to lend you a copy of that eulogy. Convince yourself that you have wronged the new bloods. Perhaps you will then be ready to admit that there are two or three more among them who ought to have been created for them School Board offices at fat salaries, and that the taxpayers' duty is only to pay and be thankful that these large men's services are available. Indeed, you may even be moved to ask the Council to grant them an additional \$25,000 that they may suffer no embarrassment.

THE TORY EXECUTIVE.

And now the question is, Has Johnny Milne, Alderman Bailey's boss, promised to let Bailey have that railway switch for being a good boy and staying where he is put?—Hamilton Herald.

We do not know and we are not judging Ald. Bailey. But chap. 29, section 136 of the Canadian Criminal Code provides severe penalties for persons guilty of bribing aldermen to vote or not to vote in council or committee. Those who thus interfere with aldermen in the discharge of their public duties are criminals in the eyes of the law and are liable to a fine not exceeding \$1,000 and not less than \$100, and to imprisonment for a term not exceeding two years and not less than one month, and in default of payment of such fine to imprisonment for a further term not exceeding six months. The Times is charging no man with being a criminal, but if any one has promised Ald. Bailey that switch or anything else in return for any vote he may cast at the council that man is a criminal, and the proper place for him is the penitentiary.

One would have thought that when the electors so overwhelmingly pronounced in favor of a return to the ward system, and shattered the Tory political slate, that the Conservative Executive would have heeded the warning that the people were tired of its continually "butting" into municipal affairs. But the action of the people seems to have had an opposite effect. It seems to have so annoyed it that it has become reckless, lost its head and given the citizens an opportunity to see just how mean it can be in dealing with the city's affairs. We are not displeased at that. The people now see that the interests of the city are as nothing to the Conservative Executive compared with the interests of the party. Nothing so selfish was ever before seen in the City Council. No Liberal majority was ever so hoggish as to gobble up everything in sight. Decent Tories must feel pained at this exhibition the machine has made of itself. It has stuck at nothing to get "control of the Council," and the pity is that the Tory aldermen should have been so pliant in its hands. One or two men who had the good of the city at heart could have checked the Executive in its iniquitous work, but such men apparently were not to be found among the Tory aldermen.

BANK OF NOVA SCOTIA.

The seventy-sixth annual report of the Bank of Nova Scotia is published in the Times to-day. The earnings of this institution in 1907 are \$681,709.50, which was paid dividends of twelve per cent; the usual general contribution of \$20,000 to the officers' pension fund, \$125,000 written off bank premises, and \$150,000 added to the reserve fund. The liquid assets of the Bank of Nova Scotia are always large, but this year, \$22,133,744 immediately available, of which \$10,448,708 is cash and bank balances, the showing is one of very remarkable strength, which should commend itself to the customers and depositors of this institution. But, besides this, in the profit and loss account is found a contribution of \$10,000 to the Jamaica relief fund, which was made at the time of the terrible earthquake which wrought so much havoc on the island. The capital paid up of the Bank of Nova Scotia is \$3,000,000, and the reserve fund is \$5,400,000. The bank during the past year has considerably increased the number of its branches, and everything points to continued success. The auditors' report, which follows the general statement of the general manager, Mr. H. C. McLeod, is also very reassuring. Over their signatures, they state that they have verified the securities held as investments, personally examining those held by the Canadian branches of the bank. To assure themselves of the existence of the remainder of these securities they procured certificates from responsible business men not in the employ of the bank.

The Hamilton branch of the bank is situated on the corner of John and King streets.

THE CANADIAN CLUB.

The Times willingly calls attention to the appeal of President McClelland, of the Canadian Club, which appeared in last evening's Times, for an increase in the membership. In common with the other Canadian Clubs throughout the country, the club here is doing a good work, in helping to crystallize public opinion upon the leading national topics of the day, and drawing the mind of the people away for a time from mere parish politics. If Canada is to become a nation—if it is not already one—Canadian Clubs can claim some credit for having helped to make the people think Canadianism as well as imperially. In giving luncheons and holding other functions and inviting prominent public men to address the members from time to time on the questions of the day, the club is doing something which no other organization attempts, yet we think it lacks something to give it—not exactly permanency—but what might be called continuity of effort. At present its work seems to be spasmodic in its nature. Now, had it a permanent home—and here is something to work for—it could branch out in a way that it is impossible to do now. It could do something to encourage Canadian literature, art, etc. Perhaps the delegates of the club will be able to bring back with them from Ottawa some ideas that will be of use to the club. In the meantime the Times trusts the President's appeal will not be in vain, that our young men

pecially will respond to it gladly and in large numbers. Has the club got a but-ton, Mr. President?

THE FARMERS BANK.

The general statement for the year just past of the Farmers Bank of Canada appears in this evening's Times. Like other Canadian banking institutions the Farmers has had a prosperous year despite any financial stringency that may have been felt elsewhere, and the shareholders are to be congratulated on the excellent showing made by the bank during the year. The deposits amount to \$647,696.88, with total available assets of \$642,973.45. A balance of \$22,089 has been carried forward to profit and loss account, of which \$14,350.59 is net profit, for the year after deducting cost of management, etc. W. R. Travers, formerly of the Merchants Bank, of this city, signs the report as general manager, and he has reason to be proud of the results shown.

EDITORIAL NOTES.

The drowning season is now fairly open. The ice is treacherous. Take no undue risks.

Neither will there be any opposition from Hamilton so long as this city's interests are properly safeguarded. At least we do not think there will be.

The trend of the "dickey" discussion at Ottawa gives an idea of what sort of a Canadian navy the Tory speakers would have if they had the power. It would be a scurvy navy—probably a scab affair.

The dreadful holocaust at Byertown, Pa., where so many persons lost their lives by fire in a theatre, is another of those tragedies which occur from time to time, and which seem to be beyond the power of man to prevent.

It looks as if the Tory Executive had applied the screw to Mayor Stewart. None but Tories for the independent boards, and the people expected that Ex-Ald. Thomas Allen would have been appointed on one of them, in recognition of his long services to the city.

Wonder how it happened that from its congratulatory review of the Mayor's inaugural address, the one paragraph that escaped the Trustee-Editor's attention was that calling upon the people to take action to check the alarming expenditure of the Board under the new bloods?

Neither under the at-large nor ward systems does the Hamilton elector ever hope to receive that sort of civic government to which he feels entitled.—Spectator.

So, when the Spectator presented this political partisan system of managing city affairs as ideal, it was deceiving the ratepayers. It was the avails it and its partisan friends were after.

The Spectator remarks that the people are the best judges as to the medial slant and staff notation in the public schools. And maybe they are, if they come closely enough in touch with them to judge. If the people could once see some of the specimens of medial slant writing that have come into the Times office from the city schools they would hold up both hands in favor of returning to the vertical, or adopting any other style of writing.

Speaking of the Radial Railway Company's demand that the road be placed under Dominion control, the St. Catharines Standard (Tory) says that there are indications that Toronto's opposition to the bill will be modified this year, and it adds:

So far as this district is concerned, there is a general desire to see another road built through the fruit belt and through this city, and it may be that the Hamilton Radial Railway will be first on the ground with its road from Hamilton through this city to the Niagara River. On general principles this will welcome the first company to give us the long-lost road for western railway connection, and there should be no partnership with Toronto in any obstructive opposition.

Let any one should imagine that there was any politics in the motion Ald. McLaren submitted to the Council yesterday morning, for the appointment of a committee to strike the standing committees, it may be well to again name the committee he proposed:

- Ald. Farrar, Tory.
Ald. Bailey, Tory.
Ald. Nicholson, Tory.
Ald. Anderson, Tory.
Ald. Peregrine, Liberal.
Ald. Gardner, Liberal.
Ald. McLaren, Liberal.

That committee, four Conservatives and three Liberals, would have given Ald. Farrar the opportunity to redeem his pledges. The very moving of the resolution by Ald. McLaren also shows that the Liberals were prepared to stand by their "no politics" platform.

During the recent panic in the United States banking of currency reached the enormous extent of \$276,000,000, according to a computation made by the National City Bank of New York. Now that the panic is over the tide has turned, and the savings banks of New York especially are doing an enormous business. In the eight business days since the beginning of the New Year the deposits had reached \$30,000,000. Almost all the savings banks are now paying 4 per cent. interest, and persons of moderate means having investments in industrial and stock corporations paying that amount of interest or less, or no dividend, have sold their holdings and put the proceeds in savings banks. We may now conclude that we have heard the last of the financial panic of 1907.

"Those same papers that are so righteously indignant at the thought of a Conservative City Council appointing Conservatives to chairmanships and civic offices would be shocked into open rebellion if the Laurier Government were to divide up house committee chairmanships with the opposition or pass out offices to Conservatives throughout the country. But an inconsistency so small as this from a Reform source may well be allowed to pass.—Spectator.

Could purity furnish a brighter specimen? Did its producer hope that any man of average intelligence could read it without contempt? What have the actions of the Laurier Government or Dominion politics or even Provincial politics to do with digging sewers, or building streets or sidewalks or the administration of the business affairs of this city? As well drag politics into the election and conduct of the business of church sessions or boards of management. And the writer of that rubbish knew it. The partisan scheme which he advocates and excuses looks to graft. No more, no less. The ratepayers are to be "done" in the interests of party.

HERE AND THERE.

Peterboro Review: It is gratifying to learn that in the recent elections in Peterboro no thought of partisanship entered into the fray. Ballots were cast with reference to the qualifications and individual merits of the candidates, irrespective of political church or lodge connections. The municipal elections in Toronto and Ottawa also resulted in a demonstration of the ability of the great mass of voters to see the difference between municipal issues and the issues of what is known as party politics. Toronto elected a Liberal as Mayor and three Liberals and one Conservative Controller. Toronto is overwhelmingly Conservative when a party fight is on in Provincial or Dominion matters. Ottawa elected a Liberal as Mayor and four Controllers, who in politics are to be classed as Conservatives.

Windsor Record: Hamilton voted last Monday on the proposal to return to the ward system in order to get away from the growing practice of openly running civic elections as party lines, both in aldermanic and school trustee contests. If, as is said, the general vote plan favours manipulation of civic elections by a political machine, Windsor also may have to take this apparently retrograde step. Political influence and aims were palpably present as factors in the recent election.

Kingston Whig: The bakers had a defence. It was that they made bread early in the morning, and then a couple of ounces overweight, worth, in twelve hours, dry out and become light. The by-law made no allowance for this. It only specified that the loaf being underweight exposed the baker to a penalty, and this penalty the magistrate imposed in several cases. There is a remedy. It was referred to by the magistrate, namely, that "the staff of life" in all cases be sold at a so much per pound. This would mean that a loaf would never be underweight, and never be subject to seizure.

HUCKLE'S VISIT.

To the Editor of the Times: "Sir.—But the visit is looked on as a joke." Such is the construction put upon my article, and the opinion of the hotels, by myself and two others. This is the opinion of the Times.

One of the Times' reporters called at my office yesterday asking for the facts regarding our visit to the hotels on Saturday evening last. I went to the trouble of giving him a detailed report, and I certainly did not expect such a garbled and entirely incorrect statement as the Times published last evening.

I have invariably found the Times fair in its reports, and am exceedingly understanding its falling from grace—possibly the report was too favorable to the hotel men and to Inspector Birrell.

The article stated, "By many who were present it (our visit) was viewed as a joke."

The joke is on the Times, as no one was present in any case except the proprietor, and, in some instances, the bartenders, so much for the accuracy and reliability of your information. Possibly some pious Citizens' League gave you the information; if so, no doubt he thought it a joke for a man to be honorable and fair, and possibly looked upon it as a screaming face that we did not tempt the hotel men to break the law, by stating we had a pain under our pinnafore, or were suffering from an attack of the wiffle-wiffles. I know it does seem strange for anyone to act honestly in obtaining evidence against hotel men. "Truth is stranger than fiction," and truth is still more strange to whiskey soaks imported to obtain evidence against hotel men by methods almost dishonorable and cowardly.

We did not go out on Saturday evening to manufacture evidence, neither did we endeavor to induce fellow citizens to violate the law. We went out to ascertain

tain the truth, and if the truth is unpalatable to a certain section of our temperance friends, we can only say, tastes differ. We reiterate the truth: some do not. The Times reported in full the doings of the Citizens' League, which was a grave indictment of the morals of the city, but the same paper fails to publish a report unprejudiced, which proves that as a body the hotel men were observing the law on Saturday evening last. I myself asked Mr. Thomas Morris, who is a prominent member of the Citizens' League, to accompany us on our tour, but he was otherwise engaged. I then asked him if he could get some other member of the League, who would go with us. But he could think of no one, and I am not surprised. We hear a deal of rant and talk from some temperance men about the big sacrifice they are willing to make, but when it comes to doing real, practical work, they are not in it. It is nice to engage whiskey soaks and ask the public for funds to pay for the good time the whiskey soaks have—but it is not quite so pleasant to do the work yourself; but it is far more reliable and far more honorable.

Mr. Editor, when we had finished our rounds we could conscientiously repeat the sentence of the Lord's prayer, "Lead us not into temptation," and, knowing we had tempted no one, we could also endorse the next sentence, not having a member of the League with us, and could thank God He had delivered us from evil.

Some joker in your office volunteers the information that it has been suggested that I be engaged to obtain evidence against the "blind pigs." But I can assure you I would not under any circumstances endeavor to obtain evidence against men who endorse the miserable, blind and dirty methods as witnessed in the persecution of hotel men. In conclusion, I think it only fair and manly that the report given to your reporter should be published, as the public, I am sure, fail to see the joke. Yours, Wm. Huckle

BEE CONVENTION. Brant district bee-keepers are arranging for their annual convention, to be held in the Court House, Brantford, Jan. 21 to 23, commencing at the evening session on Jan. 21. An excellent and instructive programme on bee culture is being provided. Mr. L. A. Spinwall, President of the National Beekeepers' Association, Jackson, Mich., will give an address on "Non-swarming Hives." Among the prominent Canadian bee-keepers expected to be present are the names of Mr. F. J. Miller, President, Ontario Beekeepers' Association, London, Ont.; Mr. R. H. Smith, St. Thomas, Ont.; Mr. W. A. Chrysler, Chatham; Mr. H. G. Sheppard, Toronto; Mr. Jas. Armstrong, Sibbald, and others.

THE GOOLDS. Monte Carlo, Jan. 14.—The appeal made by Vere St. Ledger Gould and his wife, Marie Violet, for revision of their sentence, has been rejected. Early in December Mr. Gould was sentenced to life imprisonment and Mrs. Gould was sentenced to death by the guillotine for the murder of Emma Levin at Monte Carlo last summer.

COPIES ONLY TO BE PRODUCED.

OPPOSITION DEMAND FOR ORIGINAL DOCUMENTS REFUSED.

Hot Debate in the House—If Members Show Reasons They Will Get Them—Introduction of New Members—Dr. McLean Casts His First Vote.

Ottawa, Jan. 13.—Practically the entire session of the House today was occupied with a discussion on the question of whether members of the Opposition are entitled to have original documents in possession of the Government placed on the table, instead of copies. The discussion arose on a motion by Mr. Ames to have the original applications and tenders relating to certain lumber licences produced. Mr. Ames obtained copies of the documents in question last week, and declared that he was not satisfied with the information furnished, and desired to have access to the papers themselves. The Government took the position that Mr. Ames' claim was contrary to Parliamentary rules and should not be without precedent, and after a pretty general debate the motion in a small house was defeated by 86 to 51.

Answers to Questions.

Dr. McLean, member for Centre York, was introduced by Sir Wilfrid Laurier and Hon. Geo. F. Graham, and took his seat, while the Liberals cheered loudly. Hon. L. P. Brodeur, answering Mr. Borden, said correspondence between the British Government and Canada relative to securing the maintenance of the naval station at Esquimaux was confidential, and could not be made known at the present time. The same reason applied in part to questions asked by Mr. Macdonell. To the latter gentleman Hon. William Pugsley stated the question of increasing docking facilities on the St. Lawrence and Atlantic coasts was under consideration.

Mr. Macdonell also asked: Do the Canadian Government intend to adhere to the policy laid down by Sir Wilfrid Laurier when he said at the recent Colonial Conference in London that the Government taken by Canada in Imperial naval matters, on page 342 of the report of proceedings: "We could not contribute or undertake to do more than we are doing in that way?"

Original Documents Asked For.

Mr. Ames moved that the original applications and tenders in respect of timber berths 1,197, 1,198 and 1,171 be laid on the table of the House. There were occasions, he said, when copies of documents did not give all the information the House was entitled to have. If the Government wished to refuse to allow the original documents to be seen they must allege that there were great public interests at stake which would suffer if the request was granted. The motion had been drafted by a number of the original papers, from which he had gained valuable information. But he understood that orders had been given that members of the House henceforth were not to see original documents. The motion had been drafted with a view to testing the right of members to see the original documents.

Mr. Oliver explained that he had referred the matter to the Deputy Minister to inquire as to the practice which had been followed in the past in such cases, and the Deputy Minister, after careful inquiry and consultation with other departments, reported that the original files had never been produced during the last session, when some of the original documents of the department were sent over to the House and had never been returned. In some cases the original documents that had been produced had been drafted by a number of the officers of the department, and the Deputy Minister recommended that any attempt to compel the department to produce original documents should be resisted. Mr. Oliver said the motion of Mr. Ames was intended to set up a precedent, which would, if followed, absolutely prevent the proper transaction of public business. Accordingly, in the public interest, he was of opinion that the request should not be granted. If Mr. Ames desired to obtain the documents he could do so, but they must remain in the custody of officers of the department.

FISH PREFER CANADA.

Lake Champlain Pike Go North to be Caught.

Washington, Jan. 13.—Senator Proctor of Vermont, called at the White House today regarding the negotiations which are being carried on with Canada looking to an arrangement whereby the Canadians will desist from taking fish by seine from that portion of Lake Champlain which extends into Canadian territory. Coupled with the negotiations regarding this lake are other disputes between the Canadian Government and the United States regarding fishing rights, but the Lake Champlain negotiations are those in which the Senator was most interested, and he explained that it was the fault of the fish in this instance that they were caught in Canada.

Canon Chance was summoned before the court because of the publication of an interview with him, in which he granted by justice's orders, restraining the Brooklyn police from interfering with the operation of the moving picture show on Sunday.

DEADLY LEVEL CROSSING.

Caused Kirkwood Schram's Death at Ingersoll.

Ingersoll, Jan. 13.—The treacherous G. T. R. level crossing on Thames street, east of another human sacrifice shortly after 6 o'clock to-night, when Kirkwood Schram, of Thamesford, aged about fifty years was ground to death under the wheels of a freight car that was being shunted. The unfortunate man was on his way home, and when the freight car attempted to stop him his horse turned to the left and started over the tracks in front of the car which was being "kicked" over the crossing. It crashed into the cutter, demolishing it, and Schram fell under the wheels.

PITTSBURG NEGRO UNDER ARREST IN LONDON.

End of Quarrel Over Dress—Victim Accompanied Constable to Point Out Stepson, When Latter Opened Fire.

London, Ont., Jan. 13.—Frank Scott, alias Frank Clark, a mulatto, of Pittsburg, was arrested today on a telegram from the superintendent of the police bureau of that city, charging him with the murder of another negro, his stepfather, the crime being committed last Tuesday. Scott offered no resistance, and admitted the charge. He was locked up pending the arrival of Pittsburg authorities.

Pittsburg, Pa., Jan. 13.—The crime for which John Scott, colored, former city employee of Pittsburg, was arrested at London, Ont., this afternoon, was one of the most sensational in the criminal history of Pittsburg. About noon on Tuesday, January 7, Scott killed his foster stepfather, husband of the woman who raised him decently. The name of the man murdered was Granville Davis, aged 48 years, who was known throughout the entire country among colored people as the personal confidant of Joe (Boss) Pugh. Davis was considered the most pugilist, and he and his foster stepson frequently quarrelled over dress. On January 6 the two had a bitter fight at a dance in Poplar alley. Both were arrested and locked up over night. Next morning the Police Court judge, who morning men, discharged them with a laugh, suggesting that they fight it out privately without disturbing the police. Davis went at once and had a warrant sworn out charging Scott with disturbing the peace. Davis accompanied the constable to his own home to point out his stepson, when Scott opened fire, shooting the detective seriously and killing Davis instantly. Scott escaped, but was trailed into Canada.

Cries of order were followed by a question from the speaker, which resulted in Mr. Oliver withdrawing. The Minister, however, added, "I wish to explain that I seem to be under a misapprehension as to what constitutes a gentleman."

A TORONTO FIRE.

RAWLINSON'S STORAGE WAREHOUSE WAS PARTLY BURNED.

Much Furniture Destroyed—One Hundred Thousand Goes Up in Smoke—One Fireman Overcome and Disabled.

Toronto, Jan. 14.—Over one hundred thousand dollars' worth of furniture, pianos, bedding and clothing was either totally destroyed or was so badly damaged by water as to be rendered absolutely useless in a fire which raged for two hours yesterday in M. Rawlinson's storage warehouse, on St. Joseph street. The large building, which was erected at a cost of \$60,000, was badly damaged, and it will take at least \$10,000 to repair it. The building was insured for \$25,000, in the following companies: Royal, \$3,500; Hartford, \$4,700; North British and Mercantile, \$2,500; Hand-in-Hand, \$3,750; Equity, \$1,900; Ontario, \$1,900; Queen City, \$3,750; German-American, \$2,000; Home, \$2,000.

The furniture, which is always stored at owners' risk, was insured in some cases, but many of the owners placed their furniture in storage without insurance, and will thus lose everything.

There were over 1,200 different lots of furniture stored, some of which had been in storage for ten years, and it will be several days before the list of those who owned the furniture can be prepared and their losses estimated, but the damage will reach at least half a million dollars.

MURDERER IS IDENTIFIED.

Cigniglio Definitely Connected With Double Tragedy.

Toronto, Jan. 14.—Alexander Cigniglio, alias Charles Bruno, was definitely identified yesterday afternoon by Police Officer F. Bulher, of Minneola, N. Y., as the man who murdered two of his companions after an Italian game of cards on Christmas eve, 1905, at Minneola. Nor did Cigniglio yesterday deny that he was the man wanted. In appearance he is the "good-natured German" described in the circulars, but in reality he has a violent temper which becomes unmanageable in any controversy. On Christmas eve, 1905, at an Italian dive in Minneola, Cigniglio was playing a game of cards when a dispute arose which ended in his drawing a revolver and shooting one of his companions in the room and following another out into the yard and disposing of him there. Both were shot fatally. Police Officer Bulher will take his prisoner back to Minneola at once. Yesterday morning Magistrate Denison imposed a fine of \$25 and costs on Cigniglio for carrying a loaded revolver.

Ottawa, Jan. 13.—Discharged on Saturday from St. Luke's Hospital, where he had lain since Dec. 23, when he shot himself with a revolver in the region of the heart, Ernest Simmonds was immediately taken into custody by the police on a charge of having attempted to commit suicide. Simmonds pleaded guilty to-day, and was sentenced to six months in jail by Deputy Magistrate Askwath.

CENT IN CHILD'S WINDPIPE. Extracted by Physician After Causing Serious Trouble. Kingston, Jan. 13.—Last week the little two and one-half-year-old son of Mr. and Mrs. Hanlan, Perth, swallowed a Canadian cent, and despite the fact that four doctors worked with the child three days it could not be dislodged. No food could pass the obstruction, and the little one was in a terribly weakened condition when brought to the city on Saturday morning and taken to Dr. O'Connor, specialist, who extracted the coin, which had become solidly embedded in the child's windpipe. The little chap was as brave as possible under the operation, and when shown the copper by the doctor exclaimed: "I'll be all right now," and he soon will be unless blood poisoning sets in.

SKATED INTO WATER

YOUNG MAN AND WOMAN DROWNED AT THESSALON.

Names of Victims Miss Lou Kennedy and Mr. Sissons—Picton Boy and Girl Have a Hard Struggle—A Brave Boy's Fight for Life.

Sault Ste. Marie, Ont., Jan. 13.—Two deaths from accident, one being that of a young man named Sissons, aged 21, and the other a young lady, Miss Lou Kennedy, aged 19, occurred at Thessalon on Saturday evening. Dr. J. F. Deadman was at Thessalon at the time of the accident, and states that the young couple were seen skating on the bay in front of Thessalon about 10:30 o'clock on Saturday night, about three miles from shore, near Small Islands. The water close to the island is not frozen over, being kept open by the ebb. Into the open water the victims skated in the darkness. The man, it appears, sunk immediately, and went under the ice. The girl, judging from the dryness of her upper clothing, did not sink entirely under the water. Her skirts kept her afloat for a short time until she was able to reach the edge of the ice, to which she clung, and where she perished in the icy water. The girl is said to have been of an athletic build, and it was due to this that she managed to remain afloat above water. The bodies were recovered about 10:30 o'clock on Sunday morning. The young lady was apparently dead but a short time, as her limbs were limp. Looting the body of the young man was a little more difficult. However, the water was but fifteen feet deep at the place of drowning, and the body was finally located by means of a pike pole. The bodies were brought to their respective homes on sledges.

A sad feature in connection with the death of the young lady is that several of her relatives have met death in the same way during the past few years. Her father was drowned last spring at an uncle but a short time before. It is understood Miss Kennedy was the chief means of her mother's support. She was quite well known in the Soo, having attended Reid's Business College here a few years ago. The funeral will be held on Tuesday afternoon. Sissons was employed at Debie's store at Thessalon and was the third oldest of a family of seven.

Boy and Girl's Narrow Escape. Picton, Jan. 13.—Reginald Wilson, the fourteen-year-old son of Mr. and Mrs. E. S. Wilson and Miss Dorothy Willocks, the youngest daughter of Mr. and Mrs. H. S. Willocks, had a remarkable escape from drowning late on Saturday afternoon. They were about five miles down the bay skating when the ice suddenly gave way. Young Wilson, with great presence of mind, got a firm hold of his companion, and he being a strong swimmer, they were able to keep up. Their efforts to get out of the water were disappointing. The ice all around being thin and breaking with each attempt. Darkness was drawing on and no help was near. They had been in the icy water some time when the boy reached firm ice, and they got safely out. The parents of the two are prominent town residents.

THREW UP JOB.

Speaker Sutherland No Longer Trustee of the Brewers.

Windsor, Ont., Jan. 13.—The rumor is current here that Hon. Speaker Sutherland, who represents North Essex, has resigned his position as trustee of the Brewers' Association of Canada, and that this was brought about largely through the interference of the Presbyterian Temperance and Moral Reform Committee, of which Mr. Sutherland was elected a member at the last Presbyterian conference. Soon after his election to the Moral Reform Committee, it became known that the Speaker was solicitor for the Walkers, as well as one of the trustees of the Brewers' Association. When questioned as to the consistency of such a position, he argued that his connection with the liquor people was purely a business relation, which should not affect his standing in the church committee a particle. It is alleged that Mr. Sutherland's resignation was handed in at a meeting of the Brewers' Association in Toronto about the first of this month.

POPULAR DEMONSTRATION AGAINST ALDERMAN FARRAR.

Crowd Packed the Council Chamber and Met Every Mention of His Name With Cat Calls.

Tory Slate Goes Through Without a Change--- Committee Appointed re Radial Bill.

any doubt lingered in the mind of William Farrar as to what the electorate think of his action in sacrificing principles he had subscribed to so that the Tory machine might dominate the City Council...

A Gruelling Criticism. As soon as the Council got down to business Ald. Sweeney, who is the real whip of the machine in the Council this year, asked to have the name of Ald. Evans struck off the House of Refuge Committee...

Ald. Dickson then opened his battery on Ald. Farrar. "At the opening meeting of the Council this morning," he said, "before any vote or declaration was made by any alderman as to his attitude in the Council this year the hope and opinion was expressed by certain members that the aldermen would endeavor to do business in a businesslike way, and that the chairmanships would go to the men who had the ability, the time and experience to best fulfill the duties in the city's interests."

This scathing denunciation of the flopping alderman met with the approval of the crowd, as attested to by a wild outburst of cheers and applause, followed by cries of "Right at him!" "Sold himself," continued Ald. Dickson, and there was another outburst of applause. "You must not holler," commanded the Mayor as he called for order.

Yellowness Ruining Health of Many Young Women

Yellowness is characterized by a state of melancholy and disposition to languor and inactivity; the patient becomes silent and gloomy, sheds tears without cause; the countenance becomes pale with a greenish tint; the eyes look languid and dull. The great cause of yellowness is a deficiency of iron and red globules in the blood. The treatment, therefore, must be directed to both these conditions. Building up the blood from weakness is best accomplished with Ferronze, which contains a concentrated form of iron that is at once taken up by the system. The blood undergoes a rapid change, becomes nutritious and rich in red globules. The effects of Ferronze is quickly seen in red cheeks, clear, healthy skin, better appetite and general improvement of health. For chlorosis Ferronze is the ideal remedy.

Council as an independent has never been questioned, expressed his opinion tersely. "I just want to say this," he said, "I would not take all that I might be worth to be elected in the way he was, and do what he did."

There was only one way to build up the city, and that was to interest the citizens. In the last election in East Hamilton it was shown that the number of Conservatives were less than half. "And you are going to tell most of the citizens," he said, "that they have no interest in the city's business; that they must not aspire to the chairmanship of the House of Refuge Committee. I think this is one of the things that is keeping Hamilton back."

"I want to call Ald. Sweeney's attention to the fact that it was not a Grit motion, but a strictly independent motion that I moved in the Council this morning, based on the formation of the Council."

And This Was Funny. Then another comical thing happened. Ald. Clark stepped up as an apologist for Ald. Farrar. It must have been a rather bitter pill for Ald. Clark to bolt. Ald. Clark thought there were few who would expect to see him get up and defend the man, "who has been so vilified here to-night."

There were no two at such bitter odds last year to do what I believe he thought was perfectly right. I believe he has since come to the conclusion that he has not done what was right. "Why is he not on the committee?" someone asked. "You would not have him," shouted someone else.

Mr. Farrar's name was greeted with jeers. "He has decided to do different this year," continued Ald. Clark, when things quieted down. This was greeted with hisses and jeers. Ald. Clark spoke of internal strife in the committee last year. "Who caused it?" asked Ald. Dickson. "Someone else began to josh Ald. Clark about the sandpaper."

"You will have to keep better order," said the mayor when the laughter subsided. "I just want to say this," said Ald. Clark, and he appeared to be real angry by this time. "I think Farrar has pushed the proper course this year, that he will do his best to have unanimity. I say further, that the man who has had this vilification hurled at him to-day is a man of great principle."

That was as far as Ald. Clark got. There was a perfect uproar with hisses and groans, and cries of "Right at him!" "The man who can take more abuse than any man in the council," he continued. "I commend him for it and hope that instead of strife we will have peace."

The thousands who know the Honorable Senator from New Brunswick, know that nothing short of a complete and wonderful cure could induce him to write such a testimonial as the above letter.

I am quite willing to put at the end of the ninth clause the words, "but not the Hamilton Street Railway Co." and I am willing to strike out the words "and city of Hamilton" in paragraph C section 4. Or, perhaps, you prefer, instead of that I should amend that paragraph so as to read "within the limits of the County of Wentworth, but outside the city of Hamilton."

OVER FIFTY CHILDREN KILLED IN FIRE AT THEATRE. Burned and Trampled to Death at Boyertown, Pa. ---Explosion During Progress of Show.

Boyertown, Pa., Jan. 13.—Between fifty and seventy-five persons were burned to death to-night in a fire which completely destroyed Rhodes' Opera House in this place. The Opera House was crowded with the members of St. John's Lutheran Sunday school, who were attending a benefit given for that church.

WHAT IS GOING ON NOW

TORONTO SENIORS WON THE GAME.

Hamilton Intermediates Made a Creditable Showing.

Tom Flanagan Waits on "Boss" Sullivan in Regard to Longboat's Suspension—Walcott to Meet Mike Donovan at Montreal—Burns-Moir Fight Pictures Here.

Toronto, Jan. 14.—The Toronto Amateur Athletic Club defeated Hamilton an intermediate O. H. A. game at the Mutual Street rink last night by 9 to 4, and though they won by the margin of five goals the score hardly indicates the extent of their superiority. The Mountaineers' team was speedy and aggressive, and in the initial half the prospects of the athletic club making a successful debut in the hockey arena looked far from bright. At the interval the score was only five to three in favor of Toronto, and they had but little the better of the game, but in the second half, playing six men a side, Gooderham having retired with Morden, the visitors' injured goalkeeper, the Crimston team displayed true senior form, and went through Gordon Southam's pits like water through a sieve. That they did not plant the rubber in the net 20 or 30 times was due to the phenomenal work between the posts of Morin, the visitors' point, who replaced Morden. Time and again the Toronto's forward line would combine for an end to end rush, and skate completely inside the Hamilton defence, usually only to bang the puck fruitlessly at the substitute goal-tender. When Morin did not take care of their shots, as a rule, they went wide, and dash after dash resulted in nothing more than an exhibition of inexcusably inaccurate shooting. The Athletic Club were weak at point and left wing, in which positions, they played prospective intermediates, and to add to this Kent's skates failed to turn up, and he was compelled to borrow a pair for the occasion, which didn't help any. "Dub" Sale was decidedly short of practice, but played a good game under the circumstances. Bill Wood performed up to his old-time form, and though forced to hold down left wing after Gooderham's retirement, did you know service, and proved the keystone of the forward line combination, which was much in evidence. Kent, though greatly handicapped, shone brilliantly at times, and combined sterling defensive work with spectacular rushes. Len Morwin was easily the niftiest stick hand on the ice, and had all kinds of speed, but spoiled his effectiveness by too much individual work. The Hamilton outfit played good, hard hockey, and frequently got right in on Cochrane, but they lacked team play, and in instances knowledge of the finer points of the game, due to the backwardness of hockey in the town under the mountain. Southern, the visitors' captain and rover, after Gooderham's retirement, and only he was short of condition, and only he had his game in places. But the rest of the seven were by no means "dead ones" and with practice together may put up a strong brand of intermediate puck-chasing. The game was clean throughout.

Of 24 penalties Fraser administered 10 and Bernhardt 14. At one stage of the game there were only three Stratford players on the ice, and for the last minute all but two of the Berlin men were on the fence. Of the total penalties ten were for offences by Stratford and fourteen by Berlin. The teams: Berlin—Goal, Kargos; point, Roselot; rover, V. Cochrane; rover, Brinkert; forwards, Roschman, Wideman and M. Cochrane. Stratford—Goal, McLaren; point, Forbes; cover, Rankin; rover, Hern; forwards, F. Simpson, Eason and Edmunds. Timekeepers—A. Watson, Berlin, and C. Welch, Stratford.

INDOOR LEAGUE.

Six Clubs Represented at the Meeting Last Night.

At the meeting held at the Mansion Hotel last night to consider the question of forming a City Indoor Baseball League there were six clubs represented, as follows: Ramblers, West End Pleasure Club, Blue Labels, St. Patricks, Nationals and Y. M. C. A. Mr. John Bain was appointed President and Mr. John Lawlor Secretary. There was considerable discussion as to whether there should be four or six clubs in the league, but no decision was arrived at. It was decided to adjourn the meeting till to-night, and to visit the Arroyo rink to see what accommodation the owners will provide.

BERLIN BEATEN. Berlin, Jan. 11.—Stratford seniors defeated Berlin by 10 to 4 here last night before a crowd of 1,600 people. The visitors had an easy time of it almost all the way. The half time score was 5 to 1. Owing to an injury sustained by Cochrane, the last half was played with six men a side. Jimmy Fraser, of Galt, refereed the first half of the game, but owing to illness could not continue, and after a delay of an hour Irving Bernhardt was agreed upon by the teams to referee the remainder of the game. Stratford having refused to play under H. E. Wettlaufer, who is second vice president of the O. H. A., but happens to live in Berlin. Berlin protested the game owing to the visitors playing Edmunds, on the ground that he is a professional, having played with Edmonton and Regina last year.

It was Stratford's strong defence and excellent two-man combination rushes that won the game. The Berliners "worked their heads off" all the time, and certainly did game, and they got in plenty of shots on McLaren, but he played his usual star game between the posts. Berlin's only goal in the first half was a beautiful shot by Marsh Cochrane from the right boards, and he got two of Berlin's counters in the second half. Wideman scoring the other. Bern did most of the acting for Stratford, with Edmunds a good second, while Ramsey Rankin helped some, too, in this respect. His work at point was almost perfect. Stratford's team was a much heavier lot of fellows than the Berliners, but they got considerably the worst of it in the case

the Military Indoor Baseball League games. The interest in the league is increasing every night, as shown by the manner in which the crowds are turning out and the enthusiasm shown by the players. The results of last night's games was another bundle of big scores by the winning teams. At the 8 o'clock game in the west end, E Company, of the 13th, was beaten by F Company, 13th, by a margin of eight runs, the score being 16 to 8. At the east end of the hall the Bugle Band of the 13th and D Co., 13th, struggled, but it was a struggle in vain for D, as the Bugle Band piled up 11 runs to D Co's 2. At 9:15 the crowd started to root and kept it up all the time. At the west end, B and H Companies, of the 13th, had a pretty fight for four innings, then B Company went under, and there was nothing to it but H Company all the way through, winning by a score of 22 to 7. At the east end of the hall C Company, B and B. B. and M. B. 13th, fought it out for the full nine innings, but it was C Company all the way through, they winning by a score of 28 to 5. The scores in detail are: 8 p. m., West End: E Co., 13th—Eustice, Evans, Squib, Housige, McIntosh, McGowan, Doyle. ELECTED OFFICERS. Mr. H. L. Frost President of Whist Club.

The annual meeting of the members of the Hamilton Whist and Chess Club was held in the club rooms in the Federal Building last evening. There was a good attendance of members. The reports of the directors and secretary-treasurer were read and showed the club to be in a very flourishing condition. The financial statement showed the handling of the club's affairs during the year. The following were elected directors for 1908: J. T. Crawford, J. J. Dean, Dr. A. E. Hibber, W. M. Logan, W. R. Ecclesstone, H. L. Frost, G. H. Levy, G. R. Judd and C. A. P. Powis. The officers elected were: President—H. L. Frost. Vice-President—J. J. Dean. Secretary-Treasurer—J. T. Crawford. Finance Committee—G. H. Levy, W. M. Logan, C. A. P. Powis. Chairman of House Committee—C. W. Moodie. Auditors—W. F. Montague and W. H. Robins.

SOME SNAP SHOTS AT SPORTS AND SPORTSMEN

Dr. Carr, President of the Hamilton Hockey Club, is highly pleased at the excellent showing made by the intermediates against the Toronto seniors last night, and he thinks they would have won had not Morden received the injury that forced him to retire. Hamilton was ahead up to his retirement. The action of the Toronto Club in putting their senior team against the intermediates is not considered sportsmanlike, but it was legal. They will not be able to play the seniors after two senior games, however, which means that in the next game the Hamiltons will meet the intermediates. An officer of the Hamilton Club is so confident that Hamilton's intermediate can defeat these seniors in a series of three games he has offered to donate a trophy for the series, to be played at once. It is proposed to play the first game on Friday night. The next championship game that the Hamiltons will figure in will be at Guelph next Tuesday night.

The sporting editor of the Times received a post card from Tommy Burns this morning. It was mailed in Paris, France, on January 3rd. Tommy says he is feeling fine and will retain the title without a doubt in his coming bouts, with Palmer and Roche.

John L. Sullivan and Bob Fitzsimmons are at rival burlesque theatres in Toronto this week and the old gladiators are talking freely to the newspapers. Ruby Robert declared that Jack Johnson can whip Tommy Burns. Sullivan likes the other side of the argument, and said: "This fellow Burns is a better man than the United States papers give him credit for, and he will put it all over the colored fighter. Burns seems to like big men. He can hit like a sledge hammer,

LOCAL GUN CLUB TOURNAMENT.

Many Crack Shots Here From Distant Points.

The eighteenth annual tournament of the Hamilton Gun Club opened at the club's grounds on the Beach road this morning under favorable conditions. There is a large attendance of shooters here from various parts of Canada and the United States and most of these will take part in the great Canadian Handicap, which will start to-morrow. The Club is guaranteeing \$1,500 in

cash prizes. There will be twenty target events of twenty singles and five live bird events. Four live bird events of ten birds each, and one event, the Grand Canadian Handicap of twenty live birds. This year the club is making a departure and giving, in addition to cash prizes, a most magnificent trophy to the winner of the handicap.

The most important change noticed in this year's programme is that there are the target and live shooting days. The first and third days will be all targets, and the second and fourth days all live birds. This has been done to avoid confusion of shooters, which was found in former years while running targets and live birds at the same time. The officers of the club are: President—Ralph C. Ripley. Vice-President—Thos. Upton. Secretary—W. R. Davison. Captain—William Wark. Official Referee—Capt. E. V. Spencer. Executive Committee—John Hunter, H. E. Hawkins, James Crooks. Secretary—John J. Lawlor. The Grand Canadian Handicap is the chief shooting event in Canada. It has already run 17 years. The winners in that time have been: 1891:—W. L. Cameron, Ottawa, Ontario. 1892:—H. Eaton, Ridgetown, Ontario; G. W. Price, St. Williams, Ontario; W. Edmond, Toronto, Ontario; B. Brown,

Monston, Ont., tied, but did not shoot. 1893:—J. Parker, Detroit, Michigan. 1894:—J. A. R. Elliott, Kansas, Missouri; R. O. Herkes, Chicago, Illinois; J. O. Marsh, Westfield, New York; H. McMurphy, Fulton, New York. Tied but did not shoot off. 1895:—J. A. R. Elliott, Kansas, Missouri; E. D. Fulford, Utica, New York; H. D. Secretary W. H. Goehner of the National Trotting Association, denies that Blackbird has been reinstated. A dispatch from Lindsay announced that the horse had been reinstated, but Mr. Goehner's statement shows that this is not the case. The Hamilton 22 Rifle Club will hold its weekly practice to-morrow night, at the Palace Rifle Ranges. All members and those wishing to become members are requested to be on hand. A professional ball team playing under the National agreement is anxious to sign a couple of Canadian players, a shortstop and second baseman. Names sent to the Sporting Editor of Toronto News will be forwarded.

DEADLOCK IN COUNCIL.

Politics Break Out Early in Brantford Board. Brantford, Jan. 13.—The inaugural meeting of the City Council to-day ended in a deadlock, no business transacted. The meeting opened with prayer by Rev. Rural Dean Wright and addresses by Chairmen of various local boards. Mayor Bowly then delivered his inaugural address. The rupture ensued when an attempt was made to name the committee to strike standing committees for the year. The council is composed of eight Conservatives and eight Liberals, including the Mayor. Ald. Wood moved a striking committee, presumed to have a Liberal slate. Ald. Andrews moved in amendment the committee supported by the Conservatives.

When the amendment was put the vote was eight to seven in favor of it, but the Mayor negated it by voting nay, thus tying the vote. Conservative members protested against this procedure of the Mayor, and left the chamber. Later they were persuaded to return in order to appoint local boards and auditors, which by statute are required to be made at the inaugural meeting. Another dispute ensued, and the appointments were not made, the Council adjourning for two weeks without electing the striking committee. The deadlock, which is entirely political, may be broken, as the Liberals will take steps to disqualify Ald. Wright, Conservative in Ward One. If they succeed a Liberal, being the next highest, will take the seat. The Conservatives, on the other hand, say they can upset the election in Ward Three, where two Liberals and one Conservative were returned, and in addition, in so doing they may be able to annul the Mayoralty election.

DISCHARGE STARTS AVALANCHE.

Austrian Hunter Meets Death in Strange Manner. Vienna, Jan. 13.—The Deutsches Volkblatt records that a sportsman, who was hunting chamois near Utendorf, loosened the snow on which he was standing by discharging his rifle. Once started, the movement became an avalanche. The hunter was thrown down the side of the mountain rolling rapidly towards the valley. As he went over and over snow collected around him until he became the centre of an immense snowball, which ever increased in size until it stopped in the valley. The man was then so tightly packed in it that it was impossible to extricate him alive. His body was with difficulty hewn out of the hardened mass.

Struck by Train While Walking on Track Near Windmill Point. Buffalo, Jan. 13.—William Neas, a farmer, 56 years old, living near Windmill Point, Ont., was struck by an engine while walking on the railroad tracks near his home yesterday and was injured. He was brought to the Emergency Hospital at Buffalo. The engine struck him, throwing him to one side of the track, causing a fracture of the arm and many bruises. The surgeons attending say he will recover.

LONGBOAT'S CASE.

Tom Flanagan Gets Cool Reception From "Boss" Sullivan. New York, Jan. 14.—Tom Flanagan, president of the Irish-Canadian Athletic Club, of Toronto, was in town yesterday to see President James E. Sullivan, of the A. A. U., for the purpose of finding out how that body intended to deal with Tom Longboat, the Indian distance runner. Longboat is under suspension by the A. A. U., and cannot appear at any amateur games here until the ban is lifted. Flanagan brought some documents from one of the Canadian A. A. U. officials, but Sullivan paid no attention to these, and did not even read them; and, in fact, Flanagan got an exceedingly chilly reception from the A. A. U. president. "I want to know about Tom Longboat, where he stands and why he cannot run in the United States," said Flanagan, and to the query Sullivan made the following reply: "Longboat is under suspension by the A. A. U. for a violation of its rules. He wants to run anywhere in the United

States as an amateur he will have to send an application for reinstatement to Captain John J. Dixon, chairman of the A. A. U. National Registration Committee, and it will have to be accompanied by an application for a permit to compete in the United States. After this step has been taken by the A. A. U. National Registration Committee will take up the case and investigate Longboat's amateur status. If it is found spotless he will be reinstated."

TRACK AND FIELD.

Central Y. M. C. A. indoor championship events for to-night are the 220 yards run and 12-pound shot put. Any one entering now can arrange to take last week's events, which were 100 yards and high jump. Fifteen prizes are being given for the contest. Claude Pearce's run from Hamilton to Toronto is postponed till the condition of the roads improves. He had a ten miles jaunt on the Lake Shore road yesterday and found the footing rough and uncertain, but a little spell of frost should put it in good condition.

New York Tribune: The Registration Committee of the Metropolitan Association of the Amateur Athletic Union did not place itself in a particularly good light in the handling of the Ray C. Ewry case last week, and in all probability it will have to answer to the National Registration Committee of the Amateur Athletic Union when the report of the proceedings reaches the parent body.
