Clare Dunlop, of Windsor, visited his parents here on Wednesday.

Miss Florence Cook, Detroit, spent the weekend at her home here.

A human puff up becomes a blow out.

Mr. H. F. Harper and little daughter, Noreen, spent last week at his home here.

Misses Margaret Cook and Margaret Protz, of Toronto, are vacation guests of Miss Ella McLeay.

Miss Sadie McCausland and Jean McCausland spent the weekend with Mr. and Mrs. Thos. McCausland.

Mr. and Mrs. Clarence Higby of Pontiac, Mich., Mr. and Mrs. Angus Gillispie, of Ridgetown, visited at Mrs. I. Newell's Sunday last.

Mr. R. L. Harper, Tuberoso, Sask., is spending a month's vacation with his parents, Mr. and Mrs. S. J. Harper.

All are heartily invited to hear Bible address by Mr. Roy Littleproud London, at Gospel Hall, Main st., Watford, on Sunday afternoon, 2.30 p.m., July 19th.

Mr. and Mrs. Andrew Gorton of Courtright and Mr. Albert Gorton and Mrs. Scott of Port Arthur, visited their cousins, Mr. and Mrs. Thos. McCausland last week.

Mrs. John MacRury and daughter, Miss Minnie, of Detroit, are spending a few days with friends in Watford and Warwick.

Any of our subscribers who have their copy of our edition June 12th, (containing the obituary of the late Dr. Newell) and do not desire to retain it for themselves, will confer a favor by leaving it at this office.

A sunburst of laughter and romance marks the screen presentation of George M. Cohan's triumphant stage production "The Neamest Man in the World", showing at the Lyceum next Thursday.

He was so mean he would not even smile. The pretty damsels passed him by with a sigh as he was good looking. But one day he lost his heart. "The Neamest Man in the World" at the Lyceum next Thursday.

Among the hundred or more, who attended the United Church Summer School, held at Alma College, from July 6 to 13th, are the following from Watford: Misses Cook, Florence Edwards, Winnabell Harper, Florence Lovell, Regina Stapleford, Marguerite Thompson.

The Erie st. church and the Pilgrim church will unite their services for the vacation of their pastors, for a period of six weeks, beginning next Sunday when the morning service will be held in the Erie st. church and in Pilgrim church in the evening. Rev. S. J. Thompson will have charge for the first three weeks.

At the morning service in St. Andrew's church on Sunday next Major, the Rev. A. Graham, B.A., lately minister of the United Church, Chesley, will preach. The evening service will be taken by the minister, Rev. H. V. Workman.

The picnic of St. Andrew's United church held on Wednesday of last week was a decided success, over two hundred members and adherents enjoyed the outing and declared this year's picnic to be one of the best held for some time.

Mr. and Mrs. Richard Williamson and Mr. and Mrs. Ross Luckham left on Tuesday for Hamilton where the gentlemen will represent Havelock Lodge at the annual meeting of the Masonic Grand Lodge being held in that city this week.

Lee Aylesworth, Brantford, spent the weekend with his parents here. He was accompanied by his youngest daughter Jessie, who will remain with her grandparents for the summer vacation.

The July meeting of the Women's Institute was held at the home of Mrs. W. L. Millar on Tuesday, July 7, with a good attendance. The report of the canvassers for the Delineator showed that over 100 subscriptions were received. A short program was given consisting of a piano solo by little Norah Hood, a guest of the hostess, a paper by Mrs. Delmage and community singing. At the close the hostess served dainty refreshments.

Mount Logan, the highest peak in Canadian Rockies, 19,800 feet above sea level, has been conquered by a party of amateur climbers.

A Roy Kent, pastmaster of Moore Lodge, Courtright, was on Wednesday elected D.D.G.M. of Sarnia district at Masonic Grand Lodge in Hamilton.

At the Y. P. L. of the Erie st. United church Miss W. Harper gave as the devotional topic a review of Dr. Crews' lecture on the passage from Matthew "Judge Not, and ye shall not be judged." and Miss Florence Lovell gave a very interesting account of the summer school at Alma College.

An emphatic declaration that the Ku Klux Klan had no connection in letter or in spirit with the Masonic order in Canada was one of the outstanding features of the address of W. J. Drope, Grand Master of Freemasonry in Ontario, at the 70th annual communication being held in Hamilton this week. He also suggested that members of the oldest and most honorable fraternity in the world should consider seriously before forming associating themselves with an organization which finds it necessary to conceal the identity of its members behind a hood or mask.

Cereus Grandiflorus—A night blooming cereus, a plant of the cactus variety at the Parsonage on Main st., opened out a magnificent flower on Sunday night. The outer petals are of a light shade of rose color, the inner petals are of glistening white, folding over one another like the feathers of a bird's wing, the pistil and stamens of a pure white and exceedingly delicate nature. The fragrance of this single flower filled the room. Mrs. Thompson had notified a few of her friends and about 75 flower lovers of Watford availed themselves of the privilege of viewing this rare flower.

Eleven young people from Watford and Zion were registered at the summer school at Alma College, St. Thomas, during last week, returned home on Monday. They report an exceedingly interesting and profitable time, and speak in high praise of the college staff, under Dr. Dobson, who did everything to make their stay comfortable. The lectures of Dr. H. E. Crews on the social teachings of Jesus; of Rev. J. E. Mortimer of China, and Rev. Harcourt of Indore, India, presented facts concerning Mission work in those countries. Miss Clark told of the needs of the women and children of Japan. The outdoor sports were led by Rev. A. E. Doan, who very courteously claimed to be from Watford. Rev. W. E. Millson of London, who led the song services, claimed to be the oldest scholar of the school, this being the 23rd session he has attended. About 150 were in attendance and it is hoped that next year the young people from the other branches of the United church will be present and so widen the influence of the school.

On Sunday, July 19, in connection with Sarnia's Old Home Week, there will be a reunion of Veterans and Ex-service men covering all service whether in the Imperial Army, C.E.F., or the American forces, and all branches of the service, Military and Naval; visitors to the City who were at any time in any of these services are invited to co-operate in this reunion. They will all assemble at the Armouries and Service Club on Front street at two o'clock and at three o'clock a drumhead service will be held in Victoria Park. Arrangements have been made for Veterans of the Fenian Raid, Northwest Rebellion, South African War and members of units that fought in the Great War will have an opportunity of meeting their old comrades in the various units that were recruited in this district. It is desired that as large a turn-out as possible should be secured in order to show the visitors of the city the numbers of men who responded to the Empire's call from the City of Sarnia and the County of Lambton during the last Great War. The Parade will be in full with decorations so that the fact that old uniforms have been misplaced or are not in fit condition to be worn need not deter anyone from taking part in this reunion.

MRS. JACOB MOORE

On Monday, July 6th, there passed away from her home and loved ones one of Warwick's lifelong residents, Elizabeth Loring, beloved wife of Jacob W. Moore, 15 sideroad, in her 86th year, after an illness of less than forty-eight hours. She leaves to mourn her loss a loving husband and a family of nine children, three sons and six daughters; Richard of High River, Alberta; Charles of Sarnia, and George on the homestead; Mrs. Ida Fortune, Watford; Mrs. Wm. Auld, (Mattie), 2nd line south, Warwick; Mrs. Livingston (Edna) California; Mrs. Annie Moore, Edmonton; Mrs. Frank Pluka (Grace), Detroit; Mrs. Hugh McKenzie (Alice) in the West.

Funeral services were conducted in Warwick United church by Rev. Mr. Anderson, assisted by Rev. Mr. Sweetman, pastor, and interment took place in Watford cemetery. The pallbearers were Wm. McKenzie, Peter Ferguson, David Falloon, Fred Wordsworth, Fred Cook and John Wilkinson.

All plans had been completed for the family reunion which was to have been held on Mr. Moore's 87th birthday on the Wednesday and would have been an unbroken circle had Mrs. Moore been spared two days longer. A son and daughter and two grandchildren from High River and Edmonton had motored through for the reunion, and arrived at the old home on Monday evening just twenty minutes before their mother passed away. Another daughter was on her way from California, the rest of her children being at her bedside (except one who was not strong enough to come).

"God's plans are not ours; His will must be done."

WARWICK

Mr. and Mrs. Andrew Small, Mr. and Mrs. Clark and little daughter, Norma, London, were weekend visitors at the home of Mr. and Mrs. W. H. Luckham.

Mr. J. T. Muxlow has sold his farm e½ lot 26, con 3, N.E.R., to his son, Arthur. Mr. Muxlow intends leaving for England shortly, on an extended trip to relatives there.

Miss Olive Leach, having completed her course at the local High School has gone to London to learn the drug business with her brother, Clarence, who is in business on the Hamilton road.

Parkhill Gazette—"A Forest woman attended the Hagle re-union in Michigan last week and was not allowed by the gathering of relatives present to place two small Union Jacks among the flag decorations in the hall where the reunion was held. It is different when the flag waving is done in Uncle Sam's domain."

Misses Alma McGillicuddy and Mary and Marguerite Smith are holidaying in the Niagara district this week.

Miss Amy Luckham gave a house party last week with five Normal friends as guests, Misses Millie McGee and Wilda Sutherland, Woodstock; Helen Jacques, Burgessville; Isla Bailey, Forest; and Helen Jardine, Camlachie. About forty young people of the neighborhood picnicked at Grand Bend on Saturday afternoon in honor of the visitors.

The 12th of July was duly ushered in with a glorious rising sun, the sound of fife and drum and the roar of Fords taking their departure for London. If the machines survived the million bumps on the highway between here and London, they could stand a second siege of Derry, anyway a good time is reported by those celebrating, and we are cheerful with the prospect of a paved highway to London in the near future. Warwick is becoming a centre of activity more and more—the painting of buildings makes Warwick look like a two-year-old instead of a century. Everybody is doing something, the result being that more cars stop to get acquainted with the place. Come and see Warwick yourself.

BROOKE

The July meeting of Christ church Women's Guild and W. A. was held at the home of Mrs. Arthur Swan on Thursday last with a good attendance. At this meeting plans were made for the holding of a Home-made Baking Sale in Watford on Saturday, Aug. 1st. It was decided to dispense with the August meeting, the September meeting to be held at the home of Mrs. Ed. Kidd, a dainty tea was served by the hostess.

The St. James' church Guild and W. A. met at the home of Mrs. Jas. Searson, Friday, July 3rd. After the business part of the meeting the hostess served a dainty lunch. Next meeting at the home of Mrs. Geo. Higgins, July 29th.

The W. M.S. of Chalmers' church held their July meeting at the home of Miss Belle Fisher. The meeting opened by singing a hymn, followed by scripture reading and roll call. The following papers were then given "Formosa", by Miss E. Lucas; "First Woman Convert of Mrs. Gofaith", by Mrs. D. MacDonald, and "What Will It Matter?" by Miss Alice MacDonald. The meeting was then brought to a close and a dainty lunch was served by the hostess.

Board of Education

A special meeting of the Watford Board of Education was held in the Library Board room on Tuesday evening, July 14th, to receive applications for science teacher in the High School. Present:—Dr. McGillicuddy, chairman; W. H. Harper, Dr. G. N. Howden, F. A. Pritchett, A. D. Elliott, J. McKecher, E. D. Swift, and G. O. Stephenson.

Secretary D. Watt reported that only two applications had been received so far, those of Messrs. C. Elliott of Ilderton, and Wm. B. Forbes, of Sarnia, which were read and considered.

Chairman McGillicuddy, Pritchett, Swift and Principal Erb were selected as a committee to interview Mr. Elliott at his home near Ilderton on Wednesday and were authorized by resolution to engage if they considered him satisfactory.

Alberta Coal

The Secretary reported arrangements having been made for the purchase through the Fuel Controller of two carloads of Drumheller furnace lump and the following letter verifying the order was read from Fuel Controller J. A. Ellis:—

D. Watt, Esq.,
Sec. Bd. of Education, Watford,
"I received your telegram of yesterday, and have placed an order with The Northwest Fuel and Supply Company for two cars of furnace lump coal. The price is to be \$4.00 per ton or whatever lesser price is finally arranged for the Alberta coal shipped to Ontario."

Watford Council

Watford, July 13, 1925
A special meeting of Council was held at the call of the Reeve with Messrs. Connolly, Hollingsworth, Doar, Saunders and Hawn present.

Doar—Hollingsworth, that the Board of Education having petitioned the Council to supply water to the Public School, be it resolved that we lay a two inch water main on the north side of Erie street between Main and John streets, under the Local Improvements Act, and that notice of same be published in the Guide-Advocate.—Carried.

Hawn—Saunders, that Dr. A. C. Johnston be appointed Medical Health Officer for the Village of Watford at a salary of twenty-five dollars per annum and that the Clerk be instructed to prepare the necessary bylaw.—Carried.

Hollingsworth—Hawn, that the Clerk be authorized to have the necessary bylaws prepared for the borrowing of money for the laying of water mains on Ontario and St. Clair streets, the same to run for twenty years at six per cent interest.—Carried.

Hollingsworth, that whereas certain streets have been made dangerous for traffic by private individuals digging trenches across same to lay water mains, be it resolved that henceforth anyone digging a trench across any street without permission of the

Too Much Competition

The present state of business generally is due in a large measure to the mania for automobiles, but the retail business is very much overdone in smaller places, competition being too keen, in the opinion of the Midland Argus which says:
"The fact that building permits were issued in Midland last month to the amount of nearly \$36,000, appears to indicate that the town is not in such a bad way after all, and that we are vastly better off than they are in most other places. True the retail business here has not been as good as it might be for some time back, but this is mainly due to the fact that competition is too keen. There are too many places of business here in every line for the amount of business to be done. Then we have the automobile mania, if you might call it such, the problem that every town is grappling with to provide people with sufficient means to keep their families and allow them to buy cars. The unfortunate part of the situation is that the business man is driven to his wit's end to keep things going, while those who should be making it easier for him by paying their bills are letting him worry while they pay monthly upon a car. This has got to be a common evil over the country and it will mean a

sudden and radical check of these days, or we may have a lot of trouble among the business interests. The deferred payment plan on automobiles has given legitimate business of every kind the greatest black eye it ever got and has sent business firms sprawling for the time being at least. However, we have been particularly fortunate in weathering the storm here thus far, and, with a little care, we may be able to pull through, but every business man is going to have to use a lot of energy and care in management before he recovers his feet again."

THE ORANGE PARADE IS DIVERTED

The mammoth parade of Orangemen in Toronto on Saturday was diverted so that a citizen who is seriously ill might not be disturbed by bands in the parade passing his residence.

The most interesting feature in this episode is that Peter Ryan, the man for whose comfort the parade course was altered, is a staunch Roman Catholic. But as far back as memory goes, the annual twelfth of July parade has passed by Mr. Ryan's home and in honor of his Orangemen friends he put up decorations on his residence, because he recognized that while the Orange Order had the reputation of being opposed to certain doctrines that might be dear to the heart of Mr. Ryan he realized that the whole subject was a problem in human nature and environment and if men were his personal friends in many relations of life they could not be wholly bad, therefore, he was the exponent in a great example of toleration and broad-minded sympathy. It was so effective that the biggest procession of Orangemen in the world was sent around several blocks from its wanted route in order that a bed-ridden Roman Catholic neighbor may have, in the shadow of affliction, as much quietness as it is possible to give.

If all Orangemen and all Roman Catholics will interpret the incident for what it represents, the world will make more rapid progress, it getting over a lot of the unfortunate misunderstandings that have been the fetters on true civilization.

J. J. Cox Expires in Hotel Lobby

Widely Known Hotelman Dies Suddenly From Heart Failure Saturday Evening

BORN IN WARWICK

Many life long friends learned with deep regret that John J. Cox, 69 years old, one of the most widely known hotel men in the province, died very suddenly on Saturday evening while sitting in a chair in the lobby of the Dominion House, London, which he owned. Mr. Cox, though in ill-health for the past two years, took an active share in the work of the hotel.

All week, he had been down to Port Stanley, returning Saturday night to relieve his son on the desk, Sunday. About ten o'clock, W. E. Smith, of Toronto, and P. J. Henry, King street, who were sitting in the lobby saw Mr. Cox fall forward in his chair. They thought nothing of it for a few moments, till his body sagged almost completely out of the chair. They investigated, and found Mr. Cox dead. Dr. W. J. Stevenson was called, and pronounced death due to heart failure.

The late Mr. Cox was born in Warwick township, a few miles from Watford. When a young man he became a grocery clerk in Watford. Some years later he moved to London and purchased the London View Hotel, situated two miles south of the city on the Wharcliffe road. His ability as a hotel keeper was marked, and the business prospered greatly. Twenty-seven years ago he bought the Dominion House from Martin O'Meara.

He quickly gained a reputation as an ideal host among travellers, and his hotel became one of the best known hosteleries for commercial men in the Dominion. Mr. Cox had the faculty of making many personal friends, and he could count friends in every part of Canada.

He was a devoted member of the Roman Catholic church, and a regular attendant at St. Peter's cathedral. He was a member of the Knights of Columbus.

Survivors are his widow; two daughters, Margery and Madeline; and one son, John, all of London. Two sisters, Misses Katharine and Mary Cox, formerly of Watford, who are now living in London, also survive.

Worms feed upon the vitality of children and endanger their lives. A simple and effective remedy is Mother Graves' Worm Exterminator.

Save the Children

Mothers who keep a box of Baby's Own Tablets in the house may feel that the lives of their little ones are reasonably safe during the hot weather. Stomach troubles, cholera infantum and diarrhoea carry off thousands of little ones every summer, in most cases because the mother does not have a safe medicine at hand to give promptly. Baby's Own Tablets relieve these troubles, or if given occasionally to the well child they will prevent their coming on. The Tablets are guaranteed by a government analyst to be absolutely harmless even to the newborn babe. They are especially good in summer because they regulate the bowels and keep the stomach sweet and pure. They are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Council Adopts New County Road System

NEW COUNTY ROAD SYSTEM EXPLAINED TO COUNCILLORS BY DEPUTY MINISTER SQUIRE

Changing Conditions in Automobile Traffic make the maintenance and Safety of Public Roads a Serious Problem for the Government. Highway Considered in the Light of Their Value to the Country as a Whole—Government and Municipalities to be partners on a Fifty-fifty basis—Hon. Findlay McDiarmid Outlines Duties of Advisory Board—Road Reduction in Lambton Only Eleven Per Cent as Compared With Average of 24 per cent in the Province.

The Lambton county road system as revised by the department of highways for the province, was adopted by the county council on Thursday, and the covering bylaw given the necessary three readings and adopted. This action ended the special session of the council which opened Wednesday afternoon at 2.30, continuing until 6.30, and was resumed at 10 o'clock Thursday morning. The revised system makes a reduction of about 11 per cent in the mileage of the county system and the reasons for the change were thoroughly outlined by S. L. Squire, deputy minister of highways for Ontario and the Hon. Findlay McDiarmid, chairman of the advisory committee, at Wednesday's sitting.

Petition Govt. for Inwood Sideroad Thursday morning there was more discussion with reference to some further changes in the new map but the only definite move made was the passage of a motion, after the system had been adopted, petitioning the de-

partment number of roads to remain on a fifty-fifty basis. A motion was proposed by Reeve Barret of Somers and seconded by Reeve Barret of Point Edward.

The Keynote Reeve Shaunessy of Petrolia struck the keynote of the views of the majority of the councillors Thursday when he remarked that from the act it appeared that if the county did not adopt the new system, the subsidy would revert to the 30 per cent basis and the county would still have the county road system on its hands. Someone had suggested that the county system be abandoned but from his study of the case he found that the county could not do that.

After A. Weir, K.C., county solicitor, had answered questions on some details, Reeve Shaunessy moved that the proposed revised system be adopted. Reeve Rilet of Alvington, seconded the motion and it was carried by a standing vote following brief remarks by Reeves Hillier of Sarnia township and Barrett of Pt. Edward, as to the status of their municipalities under the revision. When the bylaw had been passed, Reeve Shaunessy drew attention to the fact that the council had to settle what work was to be done in urban municipalities and he subsequently moved that the advisory board and county road superintendent be empowered to make arrangements with the various urban municipalities with regard to the work to be done on the roads therein during 1925. Reeve Barret of Point Edward was the seconder and the motion was carried without dissent.

Scheme Explained At the initial meeting of the special session Wednesday afternoon the council heard comprehensive explanations of the government's ideas in proposing revision of the county road systems from S. L. Squire, deputy

minister of highways for Ontario, and Hon. Findlay McDiarmid, chairman of the advisory committee. A fairly exhaustive discussion ensued and a motion was proposed by deputy reeve James Huey of Somers that the system, as outlined, be adopted. Deputy reeve Milton McVicar of Enniskillen seconded the motion. Reeve Fred Eastman counselled more consideration and moved in amendment that the matter be laid over. He was supported by Reeve E. A. Shaunessy of Petrolia.

Further debate followed and before the motion or amendment was submitted reeve Thomas Burnley of Plympton moved adjournment seconded by reeve W. G. Connolly of Watford and this motion was adopted.

The Highway Problem The deputy minister and party arrived about 5 o'clock and were immediately invited within the bar. Mr. Squire was first requested to address the council and, in his introductory remarks, he remarked that it seemed like coming home to again have the opportunity of visiting the members of the Lambton county council as he remembered quite clearly his former visits. Going into the subject matter of his talk, he referred to the changing conditions and new automobile transportation problems which had to be met due to the increase in traffic. In the two years from 1922 to 1924 the traffic had increased from 200 to 300 per cent, and from 1914 to 1924 the increase ran as high as 3,000 per cent.

To those who had the development of Canada, of Ontario, and of the municipalities at heart consideration of this increase by the new means of transportation was necessary and the problem was to know how to construct and maintain roads. Still another problem was making the highways safe. It was a matter of regret that such a large number of accidents should occur taking a toll of life and it was a matter of concern to every man who thought. Then again, the deputy pointed out, there was problem of financing. The government had taken an interest in this phase and paid a portion of the cost.

Forget Boundaries Referring back to the county road systems put forward in 1917, he termed them more or less of a compromise plan which did not represent in the best sense a county system that would be cared for by county councils that would take care of the greatest amount of traffic.

Under the new plan the basic idea was that the roads of the county of importance be considered in the light of their value to the county as a whole and that township boundaries be forgotten. In other words, the desire was to arrange a system that would take care of the traffic through the county and also to do away with dead end roads, and furthermore, to have the roads of one county, insofar as possible, connect up with the roads in the adjoining county and form a net work from one end of the province to the other and enable people to go through on county roads from one place to another.

Effective from January, 1925, the government paid a 30 per cent. subsidy for the construction and maintenance of township roads, an increase of 10 per cent, and an indication that the government felt that every one should have good roads to market points. It was not the government thought to have roads for

READ DIRECTIONS CAREFULLY AND FOLLOW THEM EXACTLY

This is it—Darken the room as much as possible, close the windows, raise one of the blinds where the sun shines in, about eight inches, place as many Wilson's Fly Pads as possible on plates (properly wetted with water but not flooded) on the window ledge where the light is strong, leave the room closed for two or three hours, then sweep up the flies and burn them. Lambton System Turning to a consideration of Lambton's system, Mr. Squire said, that the county had done well and the government appreciated the fact and made some contribution. The expenditures on roads in the county up to the end of 1924 was \$2,170,000, on which the province paid \$1,033,000. Last year the expenditure was \$450,000 for which the province contributed \$224,000 or practically 50 per cent.

The deputy minister admitted that there were inequalities in the counties now but the aim of the government was to do away with the dual system and to meet the counties dollar for dollar. In connection with the revised map which the county was asked to consider any expenditure which had already been arranged to be made on roads which were to be deleted, the government was prepared to pay 40 per cent, and on roads remaining on the county system they would pay 50 per cent, whether the expenditure was made prior to this date or later. The speaker said he believed that the new plan would be more equitable for the towns too.

Connecting Links Several questions were asked when Mr. Squire had concluded including one propounded by Reeve Rilet of Alvington regarding the status of connecting links. The deputy minister replied that they were taken care of in the legislation. As soon as the bylaw was passed the connecting links became part of the county system. In answering a question about a connecting link in a town or village for which an agreement had been drawn up between the municipality and the county, Mr. Squire said that the act did not interfere with any agreement.

Hon. Mr. McDiarmid Hon. Findlay McDiarmid, chairman of the advisory board, outlined the duties laid upon that body by the government and said that the proposals which the board were making involved a reduction of 2,000 or 3,000 miles throughout the province. Their proposals were not a finality but were submitted to the county councils for consideration.

The Toll Road To have a county road system that would survive it was necessary to take care of roads that were truly county roads.

Warden Hackett asked about the Sarnia-Florence or Plank toll road, and the deputy minister replied that he was surprised to learn that there was a toll road in the province. Lambton had the unique distinction of having the only toll road in Ontario. The government had introduced a new toll—the gas toll—believed to be an equitable way of collecting toll.

The province did not like the principle of a toll road and was willing to do more than its share toward sol-

ving a problem of this kind. He suggested that the council appoint a committee to meet with the toll road company and settle this matter for once and all.

Further discussion followed during which representations were made that the Inwood road and Bridgen sideroad should be retained on the county system. R. C. Muir, chief engineer of the department, pointed out that the county road mileage was only being reduced 15 1/2 per cent. Retention of the roads suggested would lessen the reduction 11 per cent. The average reduction for the province is 24 per cent.

Vote of Thanks Before the motion to adjourn was offered, reeve W. G. Connolly of Watford moved a vote of thanks to the visiting committee and it was seconded by Deputy Reeve Johnston of Brooke and adopted unanimously. Hon. Findlay replied for the deputa-

The visiting committee was composed of S. L. Squire, deputy minister of highways, Hon. Findlay McDiarmid, chairman of the advisory board, A. Rankin, M.P.P., for Frontenac, R. C. Muir, chief engineer, municipal roads, and J. A. P. Marshall, district engineer.

Bosanquet Council Council met on Monday, July 6th. All the members present.

Minutes of last meeting read and confirmed. The following orders were given: Thos. Waite \$7.50 for digging drain for an outlet on con C; Standard, Forest, \$1.80 for advt re assessment roll and \$6.00 advertisements for tenders for Mud Creek drain; Wm. Waller \$6.00 for digging a drain across the lake road; A. H. Lougheed \$13.50 to pay engineer's assistants on Brush drain; A. Donald \$2.00 for serving copies of bylaw for Moly-Romph drain; H. Russell \$2.00 serving copies of bylaw for Wells drain; H. Russell to pay engineer's assistants on Wells drain; Wm. Bryant \$15 printing Moly-Romph drain, \$18 printing Wells drain and \$3.75 for envelopes.

A. Donald and H. Fussell were appointed commissioners, on the Wells drain and A. Donald and A. Wright on the Moly-Romph drain.

C. Medcoff was appointed to impound stock running at large. Council adjourned to meet on Monday the 3rd day of August at ten a.m. Geo. Sutherland, Clerk.

Rome, July 8.—There was rejoicing at the Vatican and in ecclesiastical circles generally yesterday over the finding of the valuable sacred objects which were stolen from the treasury of St. Peter's last Friday night. It is even rumored that a solemn ceremony of thanksgiving will be celebrated in the near future, this having been recommended by Pope Pius, who is reported to be delighted over the speedy reparation for the violation of the sacred territory of the Vatican. The Vatican officials are taking steps to provide for closer vigilance over the irreplaceable church treasures.

MISERABLE AND ALWAYS IN PAIN

Lydia E. Pinkham's Vegetable Compound a Dependable Help for Mothers

Port Greville, Nova Scotia.—"I took your medicine for a terrible pain in my side and for weakness and headaches. I seemed to float all over, too, and my feet and hands were the worst. I am the mother of four children and I am nursing my baby—the first one of four I could nurse. I took Lydia E. Pinkham's Vegetable Compound before the baby's birth, so you can see how much it helped me. I cannot praise it too highly for what it has done for me. I took all kinds of medicine, but the Vegetable Compound is the only one that has helped me for any length of time. I recommend it to any one with troubles like mine and you may use my letter for a testimonial."—Mrs. ROBERT McCULLLEY, Port Greville, Nova Scotia.
Before and after child-birth the mother will find Lydia E. Pinkham's Vegetable Compound a blessing.
Many many letters are received giving the same sort of experience as is given in this letter. Not only is the mother benefited, but these good results pass on to the child.
No harmful drugs are used in the preparation of this medicine—just roots and herbs—and it can be taken in safety by the nursing mother.
98 out of every 100 women reported benefit from its use in a recent canvass among women users of this medicine. C

Annett Reunion

The first annual picnic of the Annett Clan, which is composed of descendants of Robert Annett, who came from Frome, Wiltshire, England, to Canada in 1829, drew over 200 members from far and wide, recently to James Annett's old farm, now owned by his son-in-law, Mr. Hair, 12th line, Broke. Registrations were made by all and picnic dinner and supper were enjoyed by both young and old. A pretty spot in the woods was chosen for this event and was beautifully decorated with flags and banners which acted as a means of welcome. In the afternoon after everyone had done justice to all the good things on the tables, all were seated and listened attentively to a splendid program. Wm. Annett, ex-warden of Lambton county, acted as chairman in a very capable manner and called James Annett of Watford to give the history of the Annett clan. Robert Annett with his wife whose family was eight sons, three daughters, came to Canada in 1829. Out of this family of eleven children, two sons, Robert and Charles never came to Canada. With the exception of Jeremiah Annett, who came and settled in the township of Southwold in 1830, all the other sons, namely Phillip, Noah, George, Joseph, Stephen and the three sisters settled in the township of Euphemias and the surrounding country. Out of the nine different families all were represented at the picnic but Joseph Annett's, who has only one son living. The rest of the program consisted of solos by Mrs. Cole and Leonard and Calvin Annett of Watford; violin selections by Frank Sutton; Dutton, and Leonard Annett, Watford; instrumentals by Miss Amy Hair and Miss Beatrice Annett; speeches by the following: George Annett, Sr., and his nephew George of Oil Springs; C. J. Annett, Southwold; Roy Annett, Pontiac; Isaac Annett, Detroit; and Harvey Annett of Bothwell. The following committees were appointed for the coming year, honorary president, Jas. Annett, Watford; president, Walter Annett, Watford; 1st vice-president, Harvey Annett, Bothwell; 2nd vice-president, George Annett, Oil Springs secretary, Margaret Annett, Southwold station; treas., Chas. Annett, Corunna; program committee, Calvin Annett, Watford; Mrs. Chas. Annett, Lawrence Sta.; Charles Annett, Glenoe; sports committee, E. Styles, St. Thomas; C. Annett, Glenoe; Clarence Dolbear, Alvinston; Amy Hair, Watford; refreshment committee, Mrs. Hair, Watford; Wm. Dolbear, Alvinston; Mrs. Walter Annett, Watford. Plans for the next year indicate that the annual meeting will be held on the same farm the second Saturday in June. Much credit is due to the organizers of the gathering, Charles Annett, Corunna, and his nephew, Harvey Annett of Bothwell.

THE LATE MRS. ROSE

(Petrolia Advertiser-Topic)
After six years of suffering from heart trouble, the last four months of which was spent in bed, death came to the relief of Mrs. Thomas Rose last Wednesday. Deceased, whose maiden name was Maggie Saunders, was born in Kemptonville, on December 24, 1858, and was in her 67th year. The family afterward moved to Lambton county, where Mrs. Rose resided in Watford and Forest before coming to Petrolia twenty-two years ago. She was married to Thos. Rose on November 8, 1881, and besides her sorrowing husband, is survived by one daughter, Mrs. J. C. Reid, of this town, one brother, John Saunders, of Enniskillen, and four sisters, Mrs. Logan, of Bridgen; Mrs. Lucas, Watford; Mrs. Mills, Sarnia, and Mrs. Alexander, Yale, Mich. Through her many years of illness, she displayed a Spartan fortitude and endeared herself to neighbors and friends throughout the town and country, who regularly called on her. The funeral was held on Friday to Hillsdale cemetery, the active pallbearers being six nephews: Jos. Mills and John Rose, Sarnia; Robert Logan, Bridgen, Robt. Saunders, Oil City; Sterling Saunders and Richard Williamson, Watford. The condolences of the Hon. Dr. Edwards, G. H. of B. A., and also of Brother Loftis H. Reid, Grand Master of the Black Knights of Ireland for Canada, were conveyed to Mr. Rose by Capt. W. C. Riddiford, Grand Organizer of Ontario West, who attended the funeral. Friends were present from Woodstock, Toronto, Sarnia, Windsor, Watford, Wyoming, Oil Springs, Dawn and other places.

Worries in the Home

It is These That Cause Many a Breakdown in Health

Almost every woman at the head of a home meets daily with little worries in her household affairs. They may be too small to notice an hour afterward, but it is the same little worries that break down the health of so many women. Their effect may be noticed in nervous headaches, fickle appetite, indigestion, pains in the side or back, and a sallow complexion. To those afflicted in this way Dr. Williams' Pink Pills, by improving and purifying the blood, bring speedy relief. Among thousands of weak women who have tested and proved the merits of this medicine is Mrs. Gustave Hutt, Bruxelles, Man., who says: "It is with profound thanks that I write to tell you what Dr. Williams' Pink Pills have done for me. Before I began taking these pills I was weak, and my blood thin and watery. I was so thin that I looked like a skeleton. I was troubled with headaches and indigestion, did not sleep well, and was terribly constipated. I decided to try Dr. Williams' Pink Pills and I soon found that they were just what I needed. Under their use my appetite returned, my food digested properly, and I slept better at night, and gained in flesh as well as strength. The result is that now I am a perfectly healthy woman, and there is no doubt that it is due to the use of Dr. Williams' Pink Pills, a supply of which I now always keep in the house, and I would advise other women to do the same."

You can get these pills through any dealer in medicine, or by mail at 50 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Ontario's gas tax of three cents per gallon yielded the provincial government \$250,000 for the month of June. The last three weeks in May in which it was first effective netted \$187,000.

TOURIST CAMPS ARE INSPECTED

Dr. McNally, District Health Official, Completes Wide Survey

Close attention to water supplies and sanitary conditions at summer resorts, tourist camps, roadside inns and refreshment stands is advocated by Dr. T. J. McNally, provincial health officer, who last week completed a Western Ontario survey. Dr. McNally and his assistants have investigated such places in the counties of Middlesex, Elgin, Kent, Essex, Lambton and Oxford. They are reporting now to the provincial department of health.

The survey has lasted several weeks and has carried the health authorities into practically every summering place in Western Ontario. Dr. McNally's territory includes six counties though they have only co-operating powers with the cities of Windsor and London.

"We went about our work quietly, but we were welcomed by people who operate these camps and resorts," Dr. McNally stated.

"We made recommendations to many of these people, and I think we will receive co-operation."
"There appears to have been little attention paid to sources of water supply in some cases, and sanitary conveniences were not of the best. There are no thorough regulations covering these things, but the object of the survey was to establish the nature of conditions and then report, with a view to having measures put through to govern the districts."

Dr. McNally is of the opinion that most of the summering places will attempt to improve conditions before government measures are put into force.

Here and There

Conditions in the fruit areas of British Columbia are reported as satisfactory. Weather conditions have been good and the trees are healthy.

According to recent reports general conditions in the Maritime Provinces are normal. Potato seeding is about complete. Treas in the Annapolis fruit districts are in good shape and estimates point to a normal crop.

A consignment of lumber from South Westminster, B.C., arrived recently at Dorval, Quebec, on the Canadian Pacific lines, consisting of twenty-nine logs of Douglas Fir some of which were so long that three flat-cars were required to carry them.

Field Marshal Earl Haig and Countess Haig travelled through western Canada to the Pacific coast over the Canadian Pacific Railway recently, after attending the conference of the British Empire Service League at Ottawa.

"Western Canada has never had better crop prospects than which exist now," stated Ernest G. Cook, of E. Cook, Ltd., Crop Insurance Co., of Moose Jaw, Sask., who recently spent two weeks at Banff, after touring the West and studying crop conditions.

According to "Agricultural and Industrial Progress in Canada" the Department of Trade and Commerce has issued the following comparative statement for 1924 and 1925 trade in the Dominion:—

	1924	1925
Trade	\$1,902,130,164	\$1,878,294,180
Impts.	893,366,867	796,932,537
Expts.	1,058,763,297	1,081,361,643
Fav. Bal.	165,396,430	284,429,106

According to the Dominion Bureau of Statistics the annual consumption of standing timber for use, amounts to about 2,600,000,000 cubic feet. The loss by fire, insects and fungi about doubles this depletion, and it is estimated that Canadian forests are depleted at the rate of upwards of five and a half billion cubic feet per annum.

For the first time in the history of Canada upwards of three thousand redskins from the four western provinces and Montana journeyed to McLeod, Alberta, early in July, and held an all-Indian celebration and formed a league of plains Indians. Five thousand white people attended the ceremony and watched the Indians stage their spectacular mounted war-dance.

Deep gratification is felt in Canadian Pacific Railway circles over the receipt of the following cablegram sent to President E. W. Beatty, by His Royal Highness the Prince of Wales:—"Upvuma, South Africa, July 2nd.—Have just heard of Mr. Howard's death. Please convey to relatives my deepest sympathy. (Signed) Edward P." The late Mr. W. B. Howard was twice in charge of the Prince of Wales' train when His Royal Highness travelled over Canadian Pacific lines.

For the second time in the history of the newspaper industry, Canadian output has run ahead of that of the United States. During the month of May Canada produced 130,013 tons of newspaper, as compared with 129,026 tons in the United States. The cumulative production of Canadian mills for the first five months of the current year totals 622,235, which favorably compares with a production of 632,034 in the United States during the same period.
