## DIGBY HAS A SERIOUS FIRE

### Garage and 16 Autos and Two Tractors Destroyed. Loss About \$80,000

Digby, N.S., July 14—The largest fire in Digby since the destruction of Gavel's Garage a little more than a year ago took place this morning between three and four-thirty o'clock when the Universal Garage, with its contents, and two other buildings were totally destroyed and several others damaged. The garage was a large wooden building originally a livery stable, but it had been rebuilt with concrete floors, etc. When the fire was first seen the whole building was in flames.

It was surrounded on all sides with other wooden buildings. Eldridge's garage being only ten feet away. Digby's amateur firemen handled the situation fully as well as the best equipped city department could. There was a great water pressure in spite of the fact that we have had only one shower of rain since April. The firemen devoted their attention to saving the McKinnon Hotel, the Winchester Hotel and surrounding residences, but in order to do so had to allow two barns in the rear of the McKinnon Hotel to go. The hotels caught fire but the flames were extinguished with comparative small damage. The McKinnon House suffered the worst as one end will have to be rebuilt.

The garage contained sixteen cars and two tractors. Ten of the cars were new, some in stock only a few hours. Among them were two Studebakers and eight Fords, including two coupes and one Sedan. The loss is variously estimated at from \$60,000 to \$80,000 on which the insurance will be less than \$10,000, there being only a little more than \$6,000 on the garage.

## POPULAR D. A. R. CONDUCTOR RETIRES

(Yarmouth Herald)

It is with a feeling of much regret that the travelling public using the D. A. Railway learns that Conductor Norris Margeson will retire from active railroading after Thursday next, after an oblique, capable and efficient service extending over many years. This popular conductor commenced his railroading in the early years of the Windsor and Annapolis railway and for a period served on that section. Later an opportunity opened for him on the trains, which he accepted. That was forty years or more ago, and it can be safely said that a train official more popular than Conductor Margeson cannot be found on any Eastern Canadian railroad.

The manager of the road recognized that fact too, and in a short time he had attained a conductor's position and for thirty years or more served in that capacity. When the Yarmouth and Annapolis railroads came under the head of the D.A.R., Conductor Margeson was retained as a conductor on the best trains of the

system. With Conductor W. W. Clarke he was one of the first conductors to be placed in charge of the Blue-nose trains, which, during the summer season, made the route between Yarmouth and Halifax so attractive. In consequence the name of Conductor Norris Margeson is widely known, not only throughout Eastern Canada, but also in the United States. During all those years Conductor Margeson, or the trains under his charge, have never met with an accident of serious nature, or, with the exception of the forward wheels of a mail car leaving the rails when pulling out from a siding, has he experienced a run-off, making a most remarkable record. In his retirement the D.A.R. will suffer a distinct loss and his hundreds of friends, although regretting his departure from railroad life, will extend best wishes for his continued health and prosperity.

## LOCAL TELEPHONE NEWS

(From the Monthly Bulletin)

Foreman Feener has spent the greater part of the month in Wolfville constructing aerial cable plant there. The work is now very near completion. His crew also carried out small rural circuit extension toward Grand Pre. The erection of the copper circuit between Bridgetown and Digby with the associated work has been just about completed by foreman D. Mallman. The work done during the month consists principally in retransposing the circuits, which involved a considerable amount of work. The wire is now ready to be cut into service as soon as the necessary equipment for the development of phantoms is available. This crew also carried out several small rural line extensions at Round Hill, Clementsport and Belle Isle.

## WEST EXPECTS CROP TO EQUAL 1915 ONE

(Winnipeg, July 13—Western Canada is within measurable distance of harvesting the best crop reaped since 1915 and this harvest will be early, very early in southern districts, according to the weekly crop review issued by the Grain Trade News today.

August 1, is the date mentioned by some correspondents for the commencement of wheat cutting in Manitoba. Indications during June that rank growth induced by the splendid growing weather at that time would prove a serious menace should the weather later turn hot and dry seem to have materialized in all provinces. This seems to be evident to a great extent in Manitoba than in the other provinces and reports of premature ripening and small poorly filled heads are becoming more numerous, states the report.

Halifax Herald: Karl W. Baker left by the D.A.R. Friday morning for Digby to meet Mr. and Mrs. T. B. Rowe and daughter, Miss Marjorie, of Exeter, Devonshire, England. They are completing a tour around the world and are the guests of Mr. Baker's parents, Mr. and Mrs. J. Wallace Baker, while in Yarmouth. During the war Mrs. Rowe was a prominent leader in war work and in recognition of her services she was recently decorated by His Majesty the King with the A.D.E.

## THE VALLEY CRICKET LEAGUE

### Bridgetown Halts Windsor in Their Victorious Career and Defeats Them 53 to 42

A very close and interesting game took place at Bridgetown Thursday between the Bridgetown and Windsor cricket elevens. Both clubs are strongly in the running for the championship of the league and the cricket played by both clubs was particularly keen. Windsor batted first but after losing 2 wickets for four runs had the great misfortune to lose F. Candler, who fell in attempting a short run and broke his knee cap. The game was called off for two hours, whilst the injured man was taken to the train and sent back to Windsor. After lunch, which was excellently served at the Riverside Inn, a restart was made. The Bridgetown captain allowing Windsor another man in place of Candler. With the exception of Forsythe, who scored 12, the Windsor team made a poor showing against the effective bowling of Charles Ollerhead, who had the excellent bowling analysis of 7 wickets for 16 runs. They were all out for 42. Bridgetown started badly, losing two wickets for two runs but on R. Whiteway and J. Ruggles coming together an effective stand was made and 26 runs added before another wicket fell. The Bridgetown score was 53, Owen Ollerhead making the winning hit by driving Mounce out of the field for six.

The league competition is now in a very interesting position as both Windsor and Bridgetown have only lost one game.

## BARE MODERN POLICE METHODS IN SOLVING MYSTERY IN PICTURE

"Someone in the House" Gives Thrilling View of New York Crook Life.

Just how far modern police methods have eclipsed the efforts of the detective of fiction will be shown on the screen for the first time in "Someone in the House", the Metro special all-star production which comes to the Primrose Theatre, commencing Friday, July 22nd.

John Ince, directing the production, has used all of the methods of crook trailing advocated by police officials in the unravelling of the crime mystery pictured in this production.

In the telling of the story every phase of New York life—from the mysterious haunts of the underworld to a luxurious summer home on Long Island—is faithfully reproduced. To accomplish this it was necessary to bring shrubbery, flowers and trees to the Metro studio grounds at Hollywood, California, from the east, in order to provide the necessary background of New York and Long Island verdure.

The great studio lots at Hollywood were converted into a country place with a spacious home that might

## GAVE HARDING EDITOR'S CHAIR

### Feature of Presentation is Reading of Telegram from the Halifax Herald

Washington, July 13—A committee representative of 600 newspaper editors and publishers from every state in the union gathered here at noon today to present to President Warren G. Harding an editorial chair, emblem of the high station to which the profession has attained in the United States, since the chief executive of the republic, himself, is an old newspaper man. This presentation was made possible by the enthusiasm of Ernest F. Birmingham, editor and publisher of "The Fourth Estate".

The chair is made from the timbers of the frigate "Revenge", one of the vessels of the American navy which, originally British, was captured during the Revolution, refitted on Lake Champlain and took part in the unsuccessful American battle of Valcour and in the siege of Ticonderoga. The frigate was burned and sunk by her commander and lay under the waters of Lake Champlain for 130 years. Eventually it was raised and now stands a lasting relic of the first navy of the United States.

A feature of the ceremony today was the reading to President Harding of a telegram received from the Halifax Herald, Canada, expressing congratulations upon the elevation to the highest position in the gift of his countrymen a man who was such a distinguished representative of Journalism.

The telegram wished the President a most successful administration and expressed the pride which Canadian Journalists feel in the choice of a member of their profession to fill an office so important in the affairs of the world today.

## BUILDING OPERATIONS IN ANNAPOLIS

(Spectator)

The new Bank of Nova Scotia brick building is steadily growing.

The new residence built for Mrs. Anderson on Academy Square South is nearly ready for occupation. The roof is green and the sides a deep brown. Work on the foundation of Sydney Payne's new house on the same street is steadily proceeding.

A snug new cottage 1½ stories is being erected on St. Anthony street by Roy Rice and will soon be completed.

A neat little garage has been erected in rear of his residence on Academy Square north by T. W. Hopkins and a commodious rear porch to the dwelling.

Substantial and commodious front and rear verandahs have been added to the house occupied by Fred Gregory on Victoria street near the railway station.

## MIDDLETON AND DISTRICT

(From the Monthly Bulletin)

Miss Varner, chief operator, is spending her vacation at her home, Niagara Falls.

Miss May DeVany, of Annapolis Royal, who has been relieving on the Middleton operating staff, has returned home.

Recently the stork visited the home of our wire chief, Andrew Mailman, and left a little son. Andy says he is going to be a first class telephone man. We congratulate Mr. and Mrs. Mailman.

Our operators realize that the baseball season is on again, so on June 1st they were kept exceptionally busy answering calls about the opening league game in which Middleton made a grand start for the Valley Championship, defeating Lawrence-town by a large score, 24-0.

## PRIMROSE THEATRE

The song of the wind and the rumble of the subway. Oilskins and dinner coats. Lighthouses and houses of light. Impetuous youth and diplomatic old age. These are but a few of the contrasts to be observed in Eugene O'Brien's latest Selznick picture, "Broadway and Home," which will be seen at the Primrose Theatre for two days, starting next Monday.

## ST. CROIX MAN DROWNED

### Commodore Freeman J. Hall Fell Overboard From a Motor Boat in Lynn Harbor

(Copied from Lynn paper)

The funeral of Freeman J. Hall, who was drowned in Lynn harbor, Sunday night, when he fell from a power boat, was held from his late home, 84 Commercial street, Thursday afternoon, at 2 o'clock. Rev. Arthur E. Harriman, D.D., pastor of the East Baptist Church, officiated at the service. The body will be taken to St. Croix, N.S., for burial.

While Dr. Breed, the medical examiner, reported that the body had every indication of drowning, he was not certain that this had caused his death. James M. Haisdel, the undertaker, said there was very little water in the body.

Relatives of the dead man think that death was due to heart trouble, as Mr. Hall, a week ago, was accidentally struck a blow under the heart and had complained of pains during the week. This fact is borne out by statements of his rescuers, who claim that Mr. Hall was alive when taken into the boat and talked with them.

Mr. Hall was born in St. Croix, Annapolis Co., Nova Scotia, and was a resident of Lynn for the past 40 years. He was employed by the Lynn Board of Health for 38 years. He was a member of the Knights of Pythias and of the Baptist Church in St. Croix for 46 years. At one time he was commodore of the West Lynn Yacht Club.

He is survived by one son Elvin T. Hall, of Lynn; two sisters, Mrs. John H. Phinney, of Lynn, and Mrs. James Anthony, of Wolfville, N. S., and three brothers, John, of Lynn, and William C. and Zachary F. Hall, of St. Croix.

Miss Edna Banks spent a few days home recently. Miss Ulrica Chute recently spent a few days at home. Mrs. Fritz, of Port George, is visiting her sister, Mrs. Joseph White. Mrs. Winnifred Young is spending a few weeks with her brother, Mr. Harley Farnsworth. Mr. and Mrs. Edmund Bent spent Sunday with Mr. and Mrs. Curtis Rafuse at Lake Brook. Mr. and Mrs. Spencer Merry, of Port Wade, spent a few days with Mrs. Maud Banks last week. Mr. and Mrs. George Bent, of Granville Centre, were recent guests at the home of Mr. and Mrs. Watson Bent. Mr. and Mrs. McClusky, of St. John, have been spending a few days with Mr. and Mrs. Otis White and other friends. Mrs. Wm. Israel and children, Parveta, Leona and Ralph, are visiting Mr. and Mrs. Alden Bent, Beausfield. Mrs. Sarah Snow, after spending two weeks with her nephew, Mr. Enos Munroe, has returned to her home at Parker's Cove. Miss Mullon, of Hillview (Yarmouth Co.), is spending part of her vacation with Miss Helen Farnsworth and other friends in this place. Mr. James R. Phinney, of New York, was calling on friends here recently. Mr. Phinney was a native of this place but has not been here for twenty-eight years. Friends here extend sympathy to Mr. Maxwell Munroe, of Bridgetown, one of our former teachers, in the recent death of his grandmother, who has filled a mother's place to him for several years. The ice cream sale held a few days ago at the home of Mr. Vernon Bent realized the sum of seventeen dollars and some cents towards the repair work that is being done on our church. It is hinted that another such event will come in the near future. Mrs. Edmund Bent gave a party on her birthday to the ladies of the place. A large number were present and all had a good time and wish Mrs. Bent many more pleasant birthdays. Several of the men with their teams made a frolic on the same day and assisted Mr. Bent in hauling his pulp wood to the wharf. Our school closed on June 30th, with "Public Examination" in the afternoon, and the exercises were enjoyed by about fifteen visitors, representing nearly all the homes of the school children. Mr. Crisp's work as a teacher is very much appreciated here. In addition to good work in the school room, he has, with the aid of the children, made some very noticeable improvements on the school grounds. Our annual school picnic was held on July 2nd. A bird's nest had been discovered on the picnic grounds, and it was pleasant to notice how old and young avoided the spot that mother bird should not be frightened away from her eggs. Our children are learning that the birds are the farmers' friends and should be protected. Mr. Crisp has engaged with us again for the coming term.

**MOUNT ROSE**

Lester Hines attended the Nelly-Hines wedding at Mt. Hanley on the 6th. Mr. and Mrs. Israel Banks, of Port Lorne, were visiting at Mr. Harry Hines on Thursday. Miss Gertrude Ward is visiting her grandparents, Mr. and Mrs. Albert Marshall, at Kentville. Mr. and Mrs. Howard Messinger, of Boston, (Mass.), have been calling on friends in this place this week. Guests at Mrs. Asahel Whitman's on Wednesday were Rev. and Mrs. A. Whitman and Mrs. Harry Sabean and family. School closed on Thursday and our teacher, Miss Curry, returned to her home in Wilmot, after a successful half term's teaching. At an ice-cream sale held by the Social Club at the home of Mrs. Sude Bent on Saturday evening, July 2nd, the sum of \$20.25 was realized after all expenses had been paid. Miss Lelia Banks, of Halifax, is spending her vacation at the home of her parents, Mr. and Mrs. Allister Banks. She is accompanied by her friends, Misses Gertrude and Blanch McLaughlin, of Halifax. After an illness of several years, Mrs. Edward Marshall passed away on Saturday, June 25th. The funeral, which was held in the church on Tuesday afternoon, was largely attended. Owing to the absence of our own pastor, the services were conducted by Rev. Asaph Whitman, a former pastor of this church. Mrs. Marshall, who was a kind and devoted wife and mother, was 35 years of age. She had many friends and Mr. Marshall and family have the deepest sympathy of the entire community. Interment took place in the family lot in Port Lorne cemetery.

**BELLISLE**

Miss Hattie Longley, from Worcester, (Mass.), is visiting her father, Mr. Israel Longley. Miss Edna Clark, of Bridgetown, is visiting Mrs. Alex. Campbell, at the home of her father, Mr. Israel Longley. An auto party, consisting of Mr. Rupert Milbury (owner of the car), Mr. Israel Longley, Miss Hattie Longley, Mrs. Alex. Campbell and daughter Dorothy, and Mr. and Mrs. George Foster, recently spent a most enjoyable day visiting the town and old Garrison grounds of Annapolis. A pleasant hour was well spent in looking over the historical souvenirs and quaint and valuable relics of a by-gone time as well as the most interesting trophies of the late world war. Some time was spent most pleasantly renewing old acquaintances and making calls on friends and relatives. Then they started for home after voting it "the best time ever".

**NORTH WILLIAMSTON**

Wedding bells in the near future. J. R. Hilsley, of Springfield, (N.S.), spent the week-end with his family here. We gladly welcome Mr. and Mrs. Harry Beals and family in our community. Rev. H. T. Jones, of Lawrenceton, was the guest of Mr. and Mrs. W. E. Hilsley on the 17th. Miss Eva Whitman and friend, Mrs. Cook, of Chebogue Yarmouth Co., are guests of Mr. and Mrs. W. M. Whitman. Mr. and Mrs. W. E. Hilsley gave a party on the 5th inst. in honor of their son Willie's birthday. A number of young people were present and enjoyed a very pleasant evening. Confectionery and a dainty lunch was served. At a late hour the guests departed, wishing their young friend many happy returns of the day. Our young friend received several birthday remembrances.

**NORTH RANGE**

Mr. Charles Andrews has his nice new barn up and ready for his hay. Quite a number of the children seem to be sick in this place at the present time. Mrs. Jane Robbins, one of our aged ladies, is very ill and little hope is felt for her recovery. Miss Ester Grant and Miss Nellie M. Bragg, from Digby, spent Friday evening at the latter's uncle's, Mr. E. Bragg. Mr. Herbert Wright, from Massachusetts, is visiting his aged father, Mr. James S. Wright and other relatives in this place. We are glad to welcome home our girls again who have been absent teaching during the past year, Miss Sarah and Miss Lennie MacNeill, from South Range. Mrs. Sarah Paine, from Marblehead, (Mass.), who has been visiting at the home of her cousins, Mr. J. W. Bragg and Mr. Edward Bragg, returned to her home on Saturday. Anybody wishing to contribute anything to the Church Steeple fund in this place can send their contribution to the North Range Post Office. All favors thankfully received. The ladies of the W.M.A.S. held a lawn party tea at the home of Mrs. John Franklin on July 7th, the sum of about \$60.00 being realized. Proceeds go towards steeple for church fund. Mr. Delbert Thomas, one of our enterprising young men, has his new store at the Railroad crossing opened and is doing business in the grocery line. The store is very neat and attractive. We wish him every success. Mr. and Mrs. C. Forsythe and children, from Bridgetown, were the week-end guests of the latter's parents, Mr. and Mrs. C. B. MacNeill. Miss Edna MacNeill returned to Bridgetown with them for a few days' visit. The Boy Scouts, from Plympton, by the bay, North Range and South Range, were in camp two days last week, accompanied by their Pastor, Mr. Balk, the Rev. D. Hatt and his Boy Scouts. A very pleasant time was enjoyed by all.

**HOW YOU CAN TELL GENUINE ASPIRIN**

Only Tablets with "Bayer Cross" are Aspirin—No others!

There is only one Aspirin, that marked with the "Bayer Cross"—all other tablets are only acid imitations. Genuine "Bayer Tablets of Aspirin" have been prescribed by physicians for nineteen years and proved safe by millions for Pain, Headache, Neuralgia, Colds, Rheumatism, Lumbago, Neuritis. Handy in boxes of 12 Tablets—also larger "Bayer" packages, can be had at any drug store. Made in Canada. Aspirin is the trade mark (registered in Canada) of Bayer Manufacture of Monaceticacidester of Salicylicacid. While it is well known that Aspirin means Bayer manufacture, to assist the public against imitations, the Tablets of Bayer Company, Ltd. will be stamped with their general trade mark, the "Bayer Cross."

**MT. HANLEY**

The farmers are very busy haying. They report a light crop. Quite a number from here spent July 12th at Margareville. Mrs. Carrie Berry, Boston, is spending the summer with her parents, Mr. and Mrs. Henry Bent. Miss Susie Banks, Port Lorne, spent a few days quite recently the guest of her friend, Miss Helen, Fritz. A number from here attended the wedding of G. Aubrey Nelly, Brooklyn, and Celia G. Hines, at Cottage Cove, July 6th. Mr. Frank Miller and little daughter Bernice, Kentville, motored to Mt. Hanley July 9th, and spent a few days with friends here. Miss Bessie Miller, Lynn, and Mrs. Almira Samson, Chelsea, are spending the summer with the former's mother, Mrs. Jessie Miller. Miss Lenora Durling, Springfield, after spending three weeks the guest of her aunt, Mrs. S. A. Bartheaux, went to Halifax on July 7th. Preaching service July 24th, at 11 o'clock, Sunday School at 10 o'clock, Prayer Meeting Wednesday evening at 7.45 o'clock, conducted by Dr. M. W. Brown. Mrs. R. B. Miller and little daughter Jean, also Mrs. L. W. Elliott, of this place, returned home July 11th, after spending a week at Port Lorne, guest of friends. Miss Veva Bartheaux and Miss Adelaide Fritz, who have taught the past terms at Centrelea and Port George, are spending their summer vacation with their parents. Miss Fritz has the school at Port George for the coming year.

**UPPER GRANVILLE**

Mrs. E. P. Fellows, of Newcastle, N.B., is visiting her sister and other relatives in Truro. Miss Spinney has returned to her home and has engaged a school in Kings Co. for ensuing year. Mrs. R. F. Parker's sister, with daughter Tru, teachers out West, are en route to spend their vacation in the Valley. From Gesner and Chesley Sections a number of candidates have written for Prov-exams whose names with success of each will appear later. Mr. Wm. Woodward, of Waltham, (Mass.), arrived on the 7th, and will spend several weeks with his son, Wm., and wife, at their pleasant home in Granville. Our Editor's interesting account of his well earned vacation should make us proud citizens of a wonderful Dominion with latent possibilities, yet in their infancy. Mr. Hebb and Refuse, with wives, motored from Bridgewater this week and while guests of Mr. and Mrs. Max D. Newcomb, took in Digby, Clementsport and Annapolis, after visiting Truro and Halifax they return via Chester to their homes. Rain apparently so much needed seems to pass us by, although we hear of no lack in other sections of the Province and some parts of our own county. Crops are slow in growth and not up to average in many places, but later rains may help out the usual bountiful harvest.

**LOWER GRANVILLE**

Guests are arriving at Riverview cottage. Continuation of dry weather is greatly retarding the crops. Miss Aletha Anderson spent the past week with friends in Hampton. Mrs. Vernon Clark and children are visiting her parents at Clementsport. Mr. W. W. Hudson and wife, with friends, motored to Hampton on Friday. Miss Minnie Whitman and brother, Scott, of Millville, Kings Co., visited friends in this vicinity recently. Mr. Earl McLeod and wife, of the U.S., arrived by auto last week, and are the guests of his uncle, Mr. Elias Beal. Mrs. Emily Chute, of Hampton, who has been visiting her brother, Mr. W. W. Hudson, returned home on Friday. Mrs. A. Chittick, of St. John, N.B., who has been visiting friends in Granville and Port Wade, has returned home. Mrs. A. FitzRandolph, Mr. Frank FitzRandolph and children, of South Williamston, visited Capt. and Mrs. J. V. Robblee recently. The Canadian Order of Foresters Court, Goat Island, held a picnic at Victoria Beach on Wednesday, which was much enjoyed by all who attended. Mr. George Williams, of Round Hill, was in Kentville recently, visiting with his sister, Mrs. L. B. Dodge.

BRIDGETOWN DE. FEATS YARMOUTH

One of the best and cleanest games of baseball ever played on the Bridgetown Athletic Association grounds took place Saturday afternoon when the Bridgetown Juniors defeated the Yarmouth Juniors with a score of 4 to 0.

CONCERT AT LAWRENCETOWN

The young ladies of Lawrencetown, assisted by outside talent, recently gave a very successful concert. This concert held under the auspices of the Women's Institute, proved a rare musical treat and a large audience, filling the seating capacity of the Gem Theatre, listened to the program with appreciation.

PROGRAM

- Piano Duett—Mrs. J. Hudgins. Miss Ethel Schaffner. Reading—Miss Hattie Anderson. Violin Solo—Sartarella. Miss Hilda Crombie. Duett—"I Love You Dearie"—Stuitz. Miss Marion Bishop. Miss Bessie Durling. Piano Solo—"Rhapsodie Hongroise"—Liszt. Miss Whitman. Song—"Shadow Time". Miss Ethel Schaffner. Reading—Miss Hattie Anderson. Violin Solo—"Souvenir de Sorrento". Miss Hilda Crombie. Song—"Stars Brightly Shining". Miss Marion Bishop. Reading—"The Bewitched Clock". Miss Whitman. Chorus.

ST. JAMES' CHURCH ANNUAL S. S. PICNIC

Tuesday, July 12th, 1921, will stand out as another red-letter day in the annals of St. James' Church Sunday School. It was the occasion of the annual picnic at "The Pines", West Paradise. The party numbering upwards of a hundred left town about 10 o'clock. Dinner was served at 12:30, and the afternoon was spent in sports, games, and amusements. Light refreshments were served about 5 o'clock, after which a start was made for home, all having had a delightful day.

A SOCIAL EVENT

A very enjoyable social event took place at the home of Mrs. Forest Connell Sr., Washington St., Thursday afternoon and evening, when a dainty tea was served by the hostess to some of her friends, which included Mr. Harry Muncy of the Library Bureau, Cambridge, (Mass.), and Mrs. Muncy, W. H. Weldon, of New Jersey, Mrs. S. C. Turner, Mrs. E. L. Fisher, of Bridgetown and Miss Mills, a niece of Mrs. Fisher. This was followed by a musical of a high order, consisting of Marches, Quicksteps, on the piano, accompanied by a violin obligato by Mr. Muncy, and with funny jokes, witty sayings and repartee which came all too soon to a close. We must not omit the nice playing on the piano by Miss Ruth Connell, daughter of the hostess.

BRIDGETOWN TUNIS TEAM WINS FROM DIGBY

On Thursday last, the Bridgetown Tunis Boys, in a body, accompanied their ball team to Digby, where the first game of their league was played. The score was 8-0 in favor of Bridgetown. Roberts was in the box for the winners and the rival team could do nothing against his curves, while the support that he received was of the best kind.

WILL SPEND SUMMER IN NOVA SCOTIA

Mr. and Mrs. C. J. Brabant (the latter being Theda Bara, the widely known film actress) who have been spending a part of their honeymoon in Digby, left by the Empress on Wednesday on their way home. They are enamored with Digby and Smith Cove, so much that they have purchased a large tract of land and will return later in the summer to start work on a bungalow which will be their regular summer home in the future.

Local Happenings

An interesting wedding is booked for Smith's Cove for August 10th.

Several Bridgetown families are occupying summer cottages at Hampton.

Add to your local telephone directory, R. J. Messenger, residence No. 30-11.

The newspaper that printed the report that the bride's dress was trimmed with "real lice" lost a subscriber.

Do subscribers think we can live without money? If you owe the MONITOR anything, pay it and save extra costs.

Annapolis Spectator: The Camp Fire girls at Deep Brook report life worth living just now and many daily delights.

On account of Mrs. C. B. Tupper's serious illness, Mr. Tupper's regular calls on his customers will be somewhat delayed.

The want of more rain in the Annapolis Valley is ruining the crops, and pastures are drying up. The outlook is most serious.

A family quarrel in Inglewood last week resulted in the lady of the house being injured sufficiently to warrant the attendance of a physician.

The ice cream social and food sale held on the Baptist Parsonage lawn Thursday evening was a real success, the sum of about \$50 being realized.

The Bridgetown seniors defeated Lawrencetown in Lawrencetown last Wednesday, score being 5-4. This was a regular ball game in the Valley League.

A number of members of Crescent Lodge of Oddfellows, Bridgetown, decorated the graves of their deceased brethren at Hampton last Sunday afternoon.

Why neglect paying your subscription to the MONITOR. If the editor owes a dollar he is called on at once. If anyone owes him they simply forget it.

The fire alarm on Tuesday afternoon of last week was for a small blaze on the roof of Mr. Charles Bacon's blacksmith shop, Water St., which was soon extinguished.

The officers and members of Autumn Leaf Rebekah Lodge will hold a picnic at "The Pines", Paradise, next Wednesday afternoon, July 27th, to which the Oddfellow and their wives have been invited.

We are pleased to state there was no truth in the report that Miss Ruth Bellard, who has many friends in Bridgetown, had been drowned at Chester. Instead of going in bathing she changed her mind and walked to Mahone, where she arrived at 8:30 the same evening.

The Lake Jolly Mills are at present engaged in cutting out a large order of hardwood timber for use in connection with the Granville Bridge. The cut of logs was unusually large at Lake Jolly last winter and this order can be attended to without interfering at all with the regular operations.

Those who recall the delightful time last year, will be pleased to know that the Upper Granville Women's Auxiliary purpose holding their annual ice cream social and lawn party at Mr. Joshua Campbell's to-morrow (Thursday) evening. With the moon at the full this is just a pleasant walk from town. The cause is worthy and we bespeak a liberal patronage for these enterprising ladies. If, by any chance, the weather is unfavorable for to-morrow, the gathering will be held Friday evening.

WEDDING BELLS

ROBBINS-CAMERON
The marriage was solemnized at eight o'clock Wednesday morning at the residence of the bride's parents, West Paradise, of Laura Gertrude, only daughter of Mr. and Mrs. A. H. Cameron, and Charles Gilbert Robbins of Rossway, Digby Co.

The ceremony was of a quiet nature, owing to the serious illness of the groom's mother. Rev. L. F. Wallace officiated. The bride was unattended, and wore a gown of blue duchess satin, which was embroidered in beads and trimmed with touches of navy blue.

Following the ceremony and congratulations, a wedding breakfast was served. Mr. and Mrs. Robbins motored to North Range to visit his mother before going to St. John on a short trip, the bride travelling in a costume of navy blue with hat to match.

Upon their return they will reside at North Range where for the past four years Mrs. Robbins has been a successful teacher.

CONDON-LONGMIRE

A quiet wedding was solemnized at the Baptist Parsonage, Annapolis Royal, on Wednesday, July 14th, when Miss Gertrude Longmire, daughter of Mr. and Mrs. Fred Longmire, was united in marriage to Percy Condon of Young's Cove, after which they drove to the bride's home at Hillsburn, where a beautiful supper was served to the handy relatives of the bride and groom. The bride was prettily gowned in a dress of orchid silk, while her travelling suit was of navy blue and black hat with pink ostrich band. A large collection of useful gifts were received, including silver, cut glass, linen and a nice sum of money. The bride and groom, who are well known in their native villages, have the best wishes of their many friends for a long and happily married life.

An exchange says that the only comfort the country editor can get this hot weather, is when he thinks of what is in store for the delinquent subscriber who runs up a big account and then returns his paper marked "Refused".

LOCAL DEATH ROLL

COL. SHIPPEY SPURS
The death occurred suddenly Sunday at his home, Melvern Square, of Colonel Shippey Spurr, one of the most prominent men of Annapolis County. The Colonel married to Deep Brook the same day with his family, and on returning went for a moment to the house of his son, but a few yards away. Coming back he was about to enter the door of his own house when he suddenly dropped dead.

The late Colonel Spurr was eighty-two years of age, and to all appearances was hale and hearty, just previous to his death. He was born in Aylesford Township, and moved to Melvern Square many years ago, where he was recognized as one of the foremost farmers and orchardists of the County. He was also prominent in military circles, being Colonel of the 72nd Regiment until that unit was disbanded when he took over the 69th, retaining the honorary title of Colonel until his death. He was a member and deacon of the Baptist Church for a number of years, an ardent Liberal and active in political life. A man of the old school of sterling qualities and admired by all, his passing will be a distinct loss to the community, the sympathy of which goes out to the family in their bereavement.

Colonel Spurr was predeceased by his wife, who was Miss Elizabeth Campbell, of Auburn, N.S. He leaves five children—Miss Harriet, at home; Mrs. George Armstrong, of Sydney; Mrs. Burgess, of Sheffield Mills; Mrs. Gilliat, of Granville, and William, of Melvern Square.

MRS. RACHAEL ANNE MCKAY
(Middleton Outlook)
Mrs. Rachael Anne McKay passed away at her home on Wednesday last at the age of 82. A large number of friends accompanied her remains to Annapolis Royal on Saturday, where the interment took place. She leaves one son, Robert S., and two daughters, Marie and Grace, to mourn a kind and loving mother.

MRS. GEORGE GRAHAM
One of Bear River's oldest residents passed to her eternal rest on Monday, July 11th, in the death of Mrs. George Graham. The funeral took place on Wednesday afternoon from her late residence, Rev. Harry Patterson, of Granville Ferry, officiating, assisted by Rev. R. S. Gregg.

J. HAVELOCK NEILY
J. Havelock Nelly, of Brooklyn, passed away on Sunday morning. Mr. Nelly had been ill of pneumonia, but was much better, so his death came as a great shock to his friends and the community at large, where he was well known and highly respected.

**ABLE TO DO HER WORK**

After Long Suffering Mrs. Peasey Restored to Health by Lydia E. Pinkham's Vegetable Compound

Toronto, Ont.—"I suffered with irregular menstruation, was weak and run down, could not eat and had headaches. The worst symptoms were dragging down pains, so bad I sometimes thought I would go crazy and I seemed to be smothering. I was in this condition for two or three years and could not seem to work. I tried all kinds of medicines and had been treated by physicians but received no benefit. I found one of your booklets and felt inclined to try Lydia E. Pinkham's Vegetable Compound. I received the best results from it and now I keep house and go out to work and am like a new woman. I have recommended your Vegetable Compound to my friends and if these facts will help some poor woman use them as you please."—Mrs. J. F. PEASEY, 387 King St., Toronto, Ontario.

If you are one of these women do not suffer for four or five years as Mrs. Peasey did, but profit by her experience and be restored to health.

**MIDDLETON WINS FROM LIVERPOOL**

Valley Champions Smothered Eastern South Shore Champions By Seventeen to Two

Middleton, July 13—The baseball game with Liverpool played here today was a disappointment to the large number of fans who expected to see the best game of the season, Middleton winning, 17 to 2. Liverpool was off color and the errors came fast from the first inning. Middleton batters were in good form and found the pitcher easy. MacLeod pitched one inning, struck out one man and allowed two hits and allowed seven hits. Winters went in and finished the game, holding down Middleton team to six hits. The team gave him poor support and so seven more tallies came in these innings, making a total of seventeen runs. Middleton players were in good form in the field as well as at the bat and gave Reagh good support. Reagh in the box struck out eleven men, allowed five scattered hits and did not give a pass, pitching one of his best games. The teams: Liverpool—C. Winters, r.f.; Winters, c.; Corby 2nd b.; Joudrey c.f.; MacLeod p.; Wigglesworth 3rd b.; Chandler s.s.

Middleton—Harlow s.s.; A. Fisher 2nd b.; Phinney 2nd b.; Dodge, r.f.; Foster c.; Reagh c.f.; V. Reagh p.; Andrews 1st b.; C. Fisher l.f.

**A BOOSTER FOR WOLFVILLE**

(Halifax Herald, July 13)

John F. Herbin was born in Windsor, in 1860. His father was born in France, his mother, in Digby (Meteghan) Acadia. Engaged in watchmaking from youth. Went to Colorado in 1882. Returned to Wolfville in 1884. Graduated from Acadia College in 1890. Carried on optical and jewellery establishment till 1920. Doing Optometrical work since. Published History of Grand Pre, which has run through four editions. Also The Marshlands, verse, three editions. Also The Heir to Grand Pre, fiction. Made a study of Acadian History and historical remains of the earlier Acadian region of Minas. Served on the Council and as Mayor of Wolfville. Married Minnie, daughter of the late James Simson of Meteghan, of Acadia. Frequent contributor in optometrical subjects to the Canadian Optical Journal also inventor of optical instrument. Appointed Secretary of the N. S. Optometrical Association Commissioned by the Government as a member of the Examining Board of Optometry for Nova Scotia. Also a farm and orchard property, where he resides.

**STEALS, CAUGHT AND SENTENCED WITHIN SIX HOURS AT YARMOUTH**

Yarmouth, July 12—What is probably a record in swift administration of justice, was established here today when Leo Dugas was arrested 20 miles from Yarmouth, brought to town, arraigned and sentenced to five years in Dorchester, within three hours. At 11.30 o'clock this morning, the store of a man by the name of McQueen, at Braal Lake, 20 miles from Yarmouth, was entered while closed for the noon hour.

At 2.15 this afternoon, Provincial Constable James McMillon was notified of the theft and started for the scene of the crime. McMillon soon located his man in the woods and placed him under arrest.

He found on his captive \$35, which had been lifted from the store till. Bringing his man to Yarmouth, McMillon had him arraigned before Stipendiary Magistrate Charles S. Pelton, shortly before 5 o'clock, when Dugas pleaded guilty and was sentenced to five years in Dorchester.

**COURTS ENFORCING FOREST PROTECTION**

Jail sentences and heavy fines for causing forest fires are now being applied more frequently by Canadian courts. For the first time on record, an Ontario settler was sent to prison recently for defying the law regarding the taking of precautions before clearing land with fire. His carelessness caused a loss of millions of feet of timber. Five New Brunswick sportsmen were fined fifty dollars each for leaving their camp-fire burning, causing thereby a serious timber conflagration. Heavy fines and jail sentences are also the rule with many Quebec magistrates who are determined to stamp out the prevalent carelessness of the public in regard to forest destruction.

Not many years ago, an Eastern Canada farmer set fire to his debris to clear a new patch for potato planting and as a direct result burned the largest Canadian lumber plant supplied for 56 years.

**THE HEALTHY MAN HAS THE BEST CHANCE**

Is Always Full of Life and Energy. Failures are Weak and Bloodless.

Some men seem to have all the luck. If there are any good things going these men seem to get them. If they are business men they are successful; if they are workmen they get the foreman's job. They have the power of influencing people.

The same is true of women. Some have the charm that makes men seek them out; others are neglected. But this is not luck. It is due to a personal gift—vitality. Men and women of this sort are never weak, puny invalids. They may not be big, but they are full of life and energy.

The whole thing is a matter of good blood, and nerves and good health. Everyone would wish to be like this and the qualities that make for vitality and energy are purely a matter of health. By building up the blood and nerves, sleeplessness, want of energy, weakness of the back, headaches and the ineffectual sort of weakness which really comes from weakness can be got rid of. Dr. Williams' Pink Pills have made many weak, tired men, vigorous, and many pale dejected girls and women, rosy and attractive, by improving their blood and toning up their nerves. If you are weak, low-spirited or unhealthily, try Dr. Williams' Pink Pills and note their beneficial effect.

You can get these pills through any medicine dealer, or by mail, at 50 cents a box, or six boxes for \$2.50, from The Dr. Williams' Medicine Co., Brockville, Ont.

**PICNIC PARTY AT HAMPTON**

A picnic party consisting of the following spent Monday at Hampton: Mrs. John Fritz and baby, Zelma Fritz, Port George; from Mt. Hanley, Willie Elliott, Longley Pierce, Aubrey Slocum, Lloyd Morgan and Melbourne Armstrong; Misses Vera Bartheaux and Clara Armstrong; and from Springfield, Miss Durling. The trip over was made in the boat of Jack and Percy Hayes under their guidance. A most pleasant time was spent at Hampton during the day, but when time came to make the return trip a gale was blowing too strong to make the venture. The male members of the party contented themselves sleeping on the beach, or rather staying there for the night, while the young ladies found billets with the good people of Hampton. Bright and early on Tuesday the party headed for home and landed safely none the worse for their experience.

**Breaking the News**

"Hallo, hallo!" shouted the fireman, answering the frantic telephone summons. "Are you there?" "Yes," was the reply. "Who are you?" "The fire station." "I wish to say that my front garden—" "but this is the fire station you've got," with the intention to ring off. "Oh, yes, I know that, but let me tell you that my garden runs right alongside the Smith's house, and only today I sowed some grass seed on my lawn—" Another interruption. "This ain't a gardener's," roared a fireman. "I know, I know—but I want you to know that my garden is my particular pride, and the Smiths wanted me to tell you that their house is on fire, and I don't want you to tramp—" But the fireman was gone.

**OLD HOME WEEK PLAN FOR EXHIBITION**

Efforts Being Made To Attract Former Residents To City First Week September.

One of the special features of this year's exhibition in St. John will be a "Back to the Old Home" movement. Efforts are being made to attract former St. John residents to the city the first week in September, just when the surrounding country is at its loveliest. In the advertising campaign, several national mediums are being used with the idea of bringing before the people advantages of planning their vacation for this time so as to include the Exhibition in Old St. John.

Special railway rates will be allowed, as in pre-war days, and this fact will probably influence many to take the trip.

**BUSY DAYS AT GROUNDS**

It has been found necessary to increase the number of men working at repairs on the grounds in view of the short time in which to complete improvements. Extensive repairs are being made to the cattle sheds and other alterations are being made with the object of better utilizing space.

The prize list is to be more generous than ever and several cash prizes have been put in the place of cups, which were presented formerly.

K. A. Porter, Secretary and Manager, recently returned from Ontario, where he visited Wazoo County, the home of the Brown Swiss cattle. Mr. Porter was informed by officials of the Brown Swiss Cattle Association that they had received most favorable reports of the accommodation at the St. John Exhibition and that it was stated to them the sheds are the equal of any in Eastern Canada. Mr. Porter assured the officials that if the herds were brought to St. John they would be included in the prize list for that breed.

**DEMAND FOR SPACE**

Space in the halls is pretty well taken up. The number of ice cream and soft drinks booths has been greatly reduced and their place will be filled with industrial exhibits from substantial business houses.

In the Women's Department, the tea room has been done away with there because of the increased interest taken in women's work. This will give space for larger and more varied exhibits.

The Exhibition Association will deal direct with the amusements this year, having been greatly disappointed last season in the amusements provided. Several "stunts" and good aerial acts are already contracted for and it is promised that this feature will be better than ever.

**BEAR RIVER**

The Baptist Church will hold their annual garden party on August 2nd. Mrs. F. A. Burrage and family are spending the summer months at Mattland.

Miss Winnifred Potter, of Clements-port, is visiting her friend, Miss Allie Banks.

The Ladies' Circle of the Baptist Church met at the home of Mrs. Byron Harris on Tuesday evening. A very pleasant evening was spent by all.

Mrs. Byron Davis, of Hartford, Conn., and her sister, Miss Hazel Harris, of Dorchester, (Mass.), arrived home Wednesday to visit their parents, Mr. and Mrs. Thaddeus Harris.

**CANADIAN FOREST INVESTIGATIONS**

While in all districts where there are technically trained foresters located there are observations being made and investigations of a more or less detailed character being carried on, the organized scientific work in these directions has been mainly centred at the forest experimental station at Petawawa, Ont., and at the forest nursery station at Indian Head, Sask. At Indian Head, a large number of plantations of small area, in some cases of single species and in other cases of various mixtures, have been in existence for some years. Careful records have been kept from year to year of the growth and development of the trees and there is being steadily accumulated a store of information that will be of the greatest value in future planting work on farms or in the forests.—Annual Report, Director of Forestry, Ottawa.

#### EXPERIMENTAL AND RESEARCH WORK IN GRAIN AND FIELD CROPS

Experimental and research work, promoted by, and under the guidance of the Dominion Department of Agriculture, has made great strides in Canada during recent years. It is estimated, for instance, that the discovery of Marquis wheat by the Cereal Division of the Experimental Farms branch has enriched the wheat growers of the three Prairie Provinces by \$20,000,000 annually, and that the introduction of Preston, Stanley and Huron wheats into the other Provinces has brought about a gain of at least half a million dollars yearly. But wheat is not the only grain that has profited immensely through the work carried on at the Experimental Farms. By the introduction of Danberry, Victory, and in particular Banner oats, a gain has been made of over \$9,000,000 annually, while other new grains, such as barley, flax and peas, have proven responsible for an increase in value of \$3,000,000 annually. All of these must and will develop in still greater profit to the country. Experiments in plant breeding work with garden and field crops have led to the discovery of many new varieties, such as the Melba apple, Early Malcolm corn, Alacritty tomato, etc. Hardy varieties of tree fruits have been proven of good growth in the Prairie Provinces, while some valuable discoveries have been made in storage crops, notably a perennial red clover. Immensely valuable research work has been done by the Division of Chemistry, and by the Division of Botany, and by the Health of Animals, Entomological and Seed Branches. Canada has been shown to be the healthiest of all countries in live stock, a fact which must be attributed in large measure to the excellent system of supervision and control adopted and followed by the Health of Animals Branch. By its precautionary measures and other activities it is conservatively calculated the Division of Botany has saved the country \$2,000,000 annually largely by its crusade against smut and its control of late blight and rot of potatoes and other diseases to which plant life is subject. Research work in its laboratories by the Seed Branch has resulted in approximately 100,000 tons of screenings being made of maximum value to the live stock feeder and this is but one of the profitable results that have been achieved. Turning to the Entomological branch, when it is stated that to field crops alone a justifiable estimate is that the deprivations of insects cause a loss each year of \$125,000,000 some idea of the colossal work involved can be formed. In field husbandry, by the greater use of crop rotations and the ascertaining of the most profitable rotations for each district, it is estimated that Ontario is benefited annually to the extent of \$2,000,000, while by summer fallowing, a system urgently encouraged by the Experimental Farms branch, the Prairie Provinces are thought to gain \$90,000,000 annually. These few facts will illustrate the advance that is being made in the development of Canadian agriculture.

#### THE RED CROSS FUND

Books containing enrollment cards were sent to the different school teachers in the outlying districts while the local organizations have looked after the towns. So far returns have been received from twenty-four districts, seventy-five still remain unheard from.

It is hoped that the other sections will at once get busy as we know the people in those districts are anxious to do their bit, and it is up to them to do so in order to continue the Red Cross work in the counties.

#### CHOLERA INFANTUM

Cholera infantum is one of the fatal ailments of childhood. It is a trouble that comes on suddenly, especially during the summer months, and unless prompt action is taken the little one may soon be beyond the aid. Baby's Own Tablets are an ideal medicine in warding off this trouble. They regulate the bowels and sweeten the stomach and thus prevent all the dreaded summer complaints. Concerning them Mrs. Fred Rose, of South Bay, Ont., says: "I feel Baby's Own Tablets saved the life of our baby when she had cholera infantum and I would not be without them." The Tablets are sold by medicine dealers, or by mail, at 25 cents a box, from The Dr. Williams' Medicine Co., Brockville, Ont.

#### BENEFICIAL EFFECTS OF SCHOOL FAIRS

School fairs are to the boys and girls of the land what the larger fairs are to adults. By this time they should be thoroughly organized; prize lists published and circulated; and programmes of proceedings prepared, the two indeed given in one publication. These fairs increase in number every year and are proving of inestimable value in the agricultural education of the young and even in beneficially influencing the more mature. Of course boys' and girls' clubs are the principal feeders of the fairs, but entries are usually accepted from children who are not members of any such organization. Agricultural Representatives all testify to the splendid effect the fairs are having upon farm life and agricultural pursuits generally. One, for instance, writes "I do not know of any one thing which is a greater factor in improving the farm production and the farm industry of the country than the school fairs. In addition to bringing direct practical results, school fairs have had a very effective influence in encouraging teachers to take up the teaching of agriculture in the public schools." Another says: "The importance of the school fair cannot be over-emphasized. It teaches our future farmers how they can take the most out of the soil. It makes our rural people better and happier." In recognition of the truth of the old adage "All work and no play, makes Jack a dull boy" a programme of sports is usually included in the day's list of proceedings.

#### EXPORTATION OF EGGS

A valuable trade has sprung up in recent years in the exportation of eggs. In order to encourage and conserve this trade under the provisions of the Live Stock and Live Stock Products Act, the Dominion is divided in two sections, east and west, for the carrying on of a thoroughgoing inspection service. Ontario, east of Port Arthur, Quebec and the Maritime Provinces, constitute the eastern section and all west of the great lakes the western. For the eleven months of last year extending from January 1 to November 20, 334,111 cases of eggs were inspected, of which 148,668 cases were consigned to Great Britain. It has been found that inspection is often requested by shippers not only for the export but also for the domestic trade. Inspection is by approval, the shipper being required to candle and grade the eggs according to the Canadian standards, marking the cases with the class and grade of the contents. Inspection is then made on requisition. If the shipment is found properly graded a certificate of approval is issued and the case officially marked. Inspectors at seaboard are advised of shipments going their way and they are required to report conditions on arrival, supervise methods of handling and stowing on shipboard and keep track of marketing conditions. Steps are also being taken for the better control of eggs imported into Canada.

#### WAYS IN WHICH PRODUCTIVITY OF SOILS MAY BE DECREASED

(Experimental Farms Note)

A soil is productive in proportion to its ability to supply to growing plants the elements required for the plants' development. If we look upon a soil as a bank or storehouse from which something may be drawn, we will realize that the producing power is largely in proportion to what is on deposit. Every atom of phosphorus or potash that we remove from a given area of soil leaves the soil just so much poorer. So if we keep on taking the essential or crop limiting elements from the soil by means of crop removal, the producing capacity of the soil will be reduced, just the same as a cash bank deposit will be reduced if something is drawn out and no corresponding return made. Neglect to return the required elements to any soil will lead to soil poverty. The crop-yielding capacity of a soil may be greatly reduced by poor plowing, poor tillage, and neglect to practise the best methods of soil management for the district. Autumn plowing of lands that wash badly during the winter and early spring frequently causes considerable soil, or soil fertility, loss. Permitting a soil to become matted with the living roots of undesirable plants, such as couch grass, will make any soil unproductive of desirable crops. Neglect to provide proper drainage to give relief from surplus irrigation, seepage or flood waters results in considerable decrease in the productive capacity of soils. The permitting of live stock to run over pastures and tillable fields during the wet periods of the year, when the soil is water soaked, is an all-too-frequent means of reducing grazing and giving an undesirable puddled condition to the soil. Return phosphorus and potash in quantity equal to that removed by the crop. Practise the best cultural methods at the proper time in order that the productive capacity of your soil may not be decreased.

L. STEVENSON,  
Supt., Experimental Station,  
Sidney, B. C.

#### SUNFLOWERS AS A SILAGE CROP

Much interest is being taken both in Canada and the United States in the value of sunflowers as a silage crop, particularly in districts where corn is not a reliable crop. The claim is made that sunflowers are a harder crop than corn, withstanding both drought and frost to a greater degree. Insofar as the claims put forth for sunflowers as a food for cattle are virtually of recent origin, experiments and investigation regarding them are practically in an introductory stage. It is interesting to note, however, that an analysis of sunflower silage fed at an Idaho agricultural experimental station indicated that it compared favorably with corn silage. In Canada also studies of the relative value of sunflowers and corn for silage purposes suggest that in nutrition there is not any great difference, although corn is to be preferred where it can be plentifully and easily grown. Where this is not the case, sunflowers are an excellent substitute.

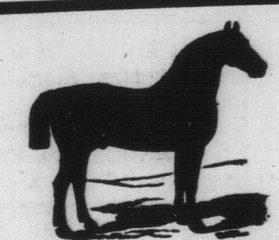

#### GROWING PINE TREES UNDER GLASS

In the last few weeks items have been going the rounds of the Canadian press doubtless clipped from United States papers advising farmers to stop erosion in the gullies of their farms and render these waste places productive by planting long-leaf and shortleaf pines. The advice in regard to the gullies is good but if the farmers want to grow long-leaf and shortleaf pines they will have to put a glass roof over the gullies and apply artificial heat. The native home of these pines is "way down in Tennessee" and they do not grow satisfactorily north of Virginia. But Canadians need not be downhearted because they can grow better trees than these southern pines. There is a large amount of information available in Canada as to what trees to grow. Provincial foresters are glad to give information and the Dominion Forestry Branch has published two bulletins which may be had free upon application to the Director of Forestry, Ottawa. They are No. 1 "Tree-Planting on the Prairies" for the Prairie Provinces and No. 69 "Care of the Woodlot" for the other provinces.

#### Children Cry for Fletcher's CASTORIA

Fletcher's Castoria is strictly a remedy for Infants and Children. Foods are specially prepared for babies. A baby's medicine is even more essential for Baby. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that its use for over 30 years has not proven.

### What is CASTORIA?

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. She was accompanied by her sister, Mrs. Maud Mosher. The drought was broken after a long prolonged spell, St. Swithen's day was ushered in by light showers, increasing by noon to heavy showers. Willard Swallow and little son Vernon spent the 10th at New Germany. His wife, who had been visiting relatives at New Germany, accompanied him on his return home.

AYLESFORD

Aylesford, July 13-A fire which started recently, being fanned by quite a high wind, made such headway that the town was in great danger of being swept out. The fire was in the rear of the Baptist Church, near the canning factory belonging to the United Fruit Company. Crowds came from Berwick, Kingston, Wilnot, Millville and other places near by. A great many people were out of the town, as Baptist and Methodist Sunday schools were holding their annual picnics at Morden, and a number of men came back from there when word was telephoned as to the danger the town was in. Mrs. Charles M. Cahill received yesterday afternoon and evening, for the first time since her marriage. Many friends were present. Dr. Blanche Elliott, who last year graduated from the Women's Medical College of Philadelphia, is visiting at the home of his uncle, Clarence S. Elliott. Miss Evelyn Fairn, accountant for Merrill Porter and Co., shoe manufacturers, of Lynn (Mass.), arrived here Monday and will spend a three weeks' vacation with her brother, L. R. Fairn, and with her mother, Mrs. Walleby Parker. Last evening the Aylesford Glee Club and Baptist congregation met at the parsonage, where a surprise was given to the Rev. McAvoy. The Glee Club rendered several musical selections. A purse of money was presented to Mr. McAvoy by the club, in appreciation of his efficient service as leader of this organization.

NOT OSTEOPATHY

NO DRUGS

CHIROPRACTIC

For The Working Man

If there is one thing that is imperative for the working man to possess it is HEALTH. It matters not how good a job you have you are forced to occasionally "lay off" because of sickness. You may not be sick enough to be confined to your house. You may even be able to do your work after a fashion, but you are by no means well. You take little interest in your work. You are sometimes hardly able to drag one foot after another. Already your co-workers are wondering how long you will last. Sooner or later you will be told your day of usefulness has ended and you will be forced to seek a new job.

You have lost your Health. It is therefore your duty to yourself and family to conserve your health so that you will not be relegated to the "scrap heap."

What will you do? Not poisoning your system with drugs. Not by mutilating your body with the surgeon's knife. CHIROPRACTIC VERTEBRAL ADJUSTMENTS WILL MAKE YOU HEALTHY AND WILL KEEP YOU HEALTHY!

The chiropractor locates the cause of your trouble and with his bare hands alone, adjusts same. The cause will invariably be found in nerve pressure, which in its turn is caused by subluxated (displaced) vertebrae (small bones of the spine). Directly this nerve pressure is relieved, the vital force will flow uninterruptedly from the brain to the various organs and you will possess that which you seek, HEALTH.

Chiropractic is indeed a boon to the working man.

KARSDALE

Mr. Kennedy Thorne has purchased an auto. Glad to report Capt. Harvey Hudson's health improving. Mrs. Geo. W. Chisholm returned on Saturday from a visit to New York.

Miss Addie Keans and Mr. Guy Keans, of Lynn, are visiting relatives here. Dr. and Mrs. Sturgis, of New York,

came on Friday and occupy Miss Sarah G. Oliver's house.

Miss Ella Shaffner came from Boston on Wednesday to visit her parents, Mr. and Mrs. W. C. Shaffner. Mr. and Mrs. Guy Elliott, from the Western States, are visiting his mother, Mrs. Mary A. Elliott.

A telegram from J. A. Elliott & Co., New York, on Saturday, brought the sad news that Avery B. Johnson was drowned the day before when the schooner, E. Marie Brown of which he

was mate was run into and sunk by the S.S. Harmonders 30 miles east of Fire Island. The schooner had sailed from New York that day for Eastport with a load of coal. The steamship was in ballast from Montreal for New York to load for South America. The steamer received no damage. The sad news has cast a gloom over the place and the bereaved have the deep sympathy of all.
