### COULD BREAK OCEAN COMBINE BY STATE-OWNED STEAMERS BUSINESS MEN URGED ACTION

Startling Revelations of Exactions, Particularly in Rates on Flour Shipments, Made by Big Deputation at Ottawa—Premier Borden Gave No Definite Reply.

(Special to The Toronto World)  
OTTAWA, Feb. 27.—The ocean combine and the extortionate freight rates upon all traffic passing between Canada and Britain and especially the discriminatory rates against Canadian flour were brought to the attention of the government today by a huge deputation of business men representing the associated boards of trade, the Dominion Millers' Association, the millers of Canada generally, and the farmers and lumbering interests of Ontario. They asked the government to expend at once \$5,000,000 in the construction of a government owned and government operated steamship line on the North Atlantic. The deputation was received by the prime minister, Hon. W. T. White, minister of finance and Hon. Martin Burrell, minister of agriculture.

Upon the whole it cannot be said that the deputation went away entirely satisfied, although the prime minister and his colleagues appeared interested in the subject, and promised careful consideration.

**Issue Raised in House.**  
In the house this afternoon W. P. Mackenzie, M. P. for South York, gave notice that he would discuss the question of ocean freight rates at the first opportunity next week and a prolonged debate is anticipated.

**Startling Arrangement.**  
The deputation presented a startling arrangement of the north Atlantic shipping combine. They showed that since 1900 and more especially since 1911, the ocean rates upon nearly all commodities had increased 49, 50, and 75 per cent. The rate upon wheat had increased by five cents per bushel.

### Keep the Old Map New One is Held Up

Delay in the final settlement, among the powers of the question of the division of the territory in the Balkan States has had the effect of holding up the issuing of this season's Canadian Pacific transatlantic steamship literature. This is owing to the fact that the steamship booklets this year were to contain a map of the world, correct for 1914, as the Balkan territory question has not been settled the map has not appeared.

### BRITISH CONSUL READY TO ACT

Plunged Into Inquiry on Arrival at El Paso Without Consulting U. S. Consuls.

EL PASO, Tex., Feb. 27.—Charles Arthur Perceval of the British consular service, sent here to investigate the death of William S. Benton, plunged into the enquiry independently today. He broke silence only to state that he had telephoned to Gen. Hugh L. Scott, commander at Fort Bliss, that he was in the city. This afternoon Gen. Scott called formally on the British visitor.

**Mr. Perceval was busy all day.** Among his visitors who were recognized were George Curry, former governor of New Mexico, and chairman of the mass meeting which was held here a week ago to protest against the treatment of foreigners in Mexico; James Hamilton, a prominent British subject, long resident in Mexico, but now a refugee; Mrs. William S. Benton, widow of the man who was slain, and William Benton, cousin of the dead man.

### CAUGHT BETWEEN A FREIGHT CAR AND ENGINE

Wm. Berry, an Old Employee of the C. P. R., Was Killed While Acting as Brakeman at Lambton Yards, and an Inquest Will Be Opened Today.

While riding on the rear of the C. P. R. switch engine No. 2230, at Lambton Station, about 9 o'clock last night, William Berry, who resided on Western avenue, was almost instantly killed by being crushed between the locomotive and a freight car.

Berry was a switchman and last night was acting as brakeman on the yard engine, which was shunting in that vicinity. In the course of the work of placing the cars on the various sidings, the engine was obliged to back up. Berry was clinging to the rear of the tender and falling to notice a car standing on the crossover, which was not in the "clear," he was squeezed to death when the engine and car collided. So great was the force with which they met that the end of the car was smashed to splinters. Death was instantaneous.

**Inquest Today.**  
Dr. Clendenan was called, but could do nothing. The body was removed to Speers' undertaking parlors, Dundas street, where Coroner Hopkins will open an inquest this afternoon. It will probably be adjourned to the morgue, where the evidence will be taken.

**First Spring Hats Today.**  
The first shipment of advance styles in men's spring hats arrived yesterday at Dineen's. These hats are principally in English and American blocks by the best makers in Europe. If you require some thing absolutely novel in spring headwear, you should visit Dineen's today. The Dunlap New York hat is here also. Henry Heath of London hatters to King George the Fifth. Store open this evening. The W. & D. Dineen Co., 140 Yonge street, corner Temperance street.

### STABBED TWICE BY FOREIGNERS

William Riordan, a Contractor, Attempted to Eject Crowd Who Came to Ask Work.

While ejecting half a dozen Italians who had called to see him about work, William Riordan, contractor, 173 Grange avenue, was set upon and stabbed twice, in the back of the neck and across the forehead. He was removed to the Western Hospital in police ambulance, where it is reported that, owing to the fact that he has lost much blood, his condition is serious.

It was about 9 o'clock when the Italians called at Riordan's home. They had been laid off and came to find out when they could return to work. Hot words followed and finally Riordan ordered them out of the house. One refused, and it is thought that he did the stabbing.

### DEPORTED MEN GIVEN SUPPORT

Big Labor Gathering at London Rallies to Aid of South African Strike Leaders.

LONDON, Feb. 27.—A demonstration by the labor party to welcome the labor leaders deported from South Africa a month ago because of their connection with the general strike was held in the opera house here tonight. The house was packed although an admission fee of \$125 was charged.

Arthur Henderson, labor member of parliament for Durham, who presided, announced that the labor party had decided on obtaining the best legal advice to test the legality of the deportation of the men in both the English and South African courts. Resolutions pledging support to the deported men were carried with enthusiasm.

### ELECTORS LIKELY TO REPUDIATE EVANTUREL

President of Prescott Liberal Association Believes Executive Should Call on Member to Resign—Evanturel's Negotiations With Liquor Interests Surprise to Supporters.

OTTAWA, Feb. 27.—I never heard of the \$10,000 request, and so far as I am aware, the Prescott County Reform Association never either heard of it or discussed it.

This is the reply that J. N. LaPoint, president of the Prescott County Liberal Association, made when questioned over the long-distance telephone this afternoon, regarding the Evanturel developments of the Ontario Legislature.

### NEW LOAN FOR G.T.P. FINANCING

Dominion Government Called on to Meet Obligations—Operation Really Re-funding One.

(Special to The Toronto World)  
OTTAWA, Feb. 27.—Finance Minister White, asked tonight about the new Dominion loan of £2,900,000 now being offered on the London market, said that the proceeds would be devoted to the redemption of outstanding treasury bills amounting to \$1,000,000, and to the purchase of Grand Trunk Pacific three per cent. bonds guaranteed by the government. These the government is buying in under the policy announced two years ago as the result of the famous decision of the privy council respecting the implementing clause in the contract with the Grand Trunk Pacific.

Five millions of the proceeds of the loan will be paid to the Grand Trunk Pacific Company, in accordance with the act of parliament in last session, authorizing a loan of \$10,000,000 to that company. It will, therefore, be seen that the new loan is really in the nature of a re-funding operation, as outstanding liabilities are canceled and the debt consolidated.

### FIRE CAUSED BY EXPLOSION OF CHEMICALS

Blaze in Paint Shop on Parliament Street Spread Rapidly and Soon Six Buildings Were in Flames—Damage Thirty-Five Thousand Dollars.

Fire, caused by the explosion of chemicals in the basement of Robinson Bros. paint store, at 523 Parliament street, swept six houses from 519 to 529 Parliament street yesterday afternoon, causing damage of about \$35,000.

The places affected are: William Banks, 519 Parliament; J. W. Graham, 521 Parliament; Robinson Bros., 523 Parliament; A. Miller, barber, 525 Parliament; William Howard, 527 Parliament; and Jung Sing, laundry, 529 Parliament.

**Lad Turned the Key.**  
When fireman J. F. Walden of Yonge street station was sitting at dinner in his home yesterday he noticed flames coming from the cellar of Richard Robinson's paint store, 523 Parliament street, next door to his own house. Rushing out to give the alarm, he found himself opposed by a race for the fire alarm by little Harold Newman, who was coming from Winchester School and had noticed smoke coming from Mr. Robinson's store.

The eleven-year-old sprinter soon outdistanced his rival, and smashing the glass the boy rang up the fire station. Great volumes of smoke were belching out from Mr. Robinson's house, and with a southerly wind blowing these resident north of the paint store became anxious for their property. Seeing that the fire was spreading to the north, W. A. Drinkwater of 25 Hanford street rushed into the burning buildings, and at considerable risk was the means of saving much valuable property. Before the fire could get settled down to work the fire had spread from 523 to 529, the flames having caught hold of the upper part of the buildings.

Ten lines of hose from five reels played on the flames, and the fire looked as if it was being almost completely extinguished.

### UNITED STATES OR DERS HUERTA TO PUNISH VERGARA'S SLAYERS FULL EXPLANATION DEMANDED

Wilson Cabinet Unanimous in Decision to Await Word From Mexico's Dictator Before Changing Policy—Villa Consents to Examination of Benton's Body.

WASHINGTON, Feb. 27.—Two hours of discussion of the Mexican situation in all its phases by President Wilson and his cabinet today developed a unanimity of opinion that the time had not yet arrived for any change in the policy of the Washington government.

The still reserving judgment on the facts surrounding the execution of Wm. S. Benton the president and his cabinet, it was learned authoritatively, were inclined to regard as of serious moment the hanging by Mexican federalists of Clemente Vergara, an American citizen. Immediately after the cabinet meeting, Secretary Bryan called Charge O'Shaughnessy to demand of the Huerta government the punishment of those responsible for Vergara's death. An explanation will be sought by the American government of why any harm befell Vergara when assurances had been given to the American consular representatives that he was safe.

### SALVATION ARMY PIONEER KILLED

While helping a neighbor, Richard Morris of St. George, Ont., was unfortunately killed by the falling of a tree. He was a pioneer of the Salvation Army in this country and for many years held important positions in that organization. He was born in Key-

ingham, Yorkshire, England, and for a number of years was a resident of St. George, where he was prominently connected with the Methodist Church. The late R. Morris was married twice. From the first marriage he is survived by Henry Morris of Chicago, two sons who are officers in the Salvation Army, Major Frank Morris, in charge of Western Ontario, and Staff-Capt. Arthur Morris, connected with the field department at the Territorial Headquarters; and from the second, the widow, Misses Mercula, Lillian and Mr. Fraser survive. The funeral will take place on Saturday in the Meth-

odist Church at St. George, where interment will also take place.

### WAS DANIEL YOUNG.

The man who, after being found unconscious at the corner of King and Sherbourne streets early yesterday morning, died at St. Michael's Hospital, was Daniel Young, bartender. He has no home. The body was removed to the morgue yesterday and an inquest may be held.

### MISSION WORK IN CHINA PROGRESSING FAVORABLY

Rev. J. Ferguson, Hospital Worker at Formosa, spoke at Bonar Church, Toronto Presbyterian W.F.M.S. Mr. Ferguson, who for the past eight years has been an active worker in the missionary hospital at Formosa, spoke on the wonderful progress in the missionary field of that district. The Christian-

workers in China have given to its people the two—fatherhood and brotherhood—stated Mr. Ferguson, and it rests with the English-speaking world to teach the relationship in order to convert that great empire.

### MUST PAY BACK \$70.

In Osgoode Hall yesterday Mr. Justice Britton ruled that Mrs. Mary Limeroux, aged 85, a widow, who makes a living by nursing and washing, is to be given back her property of the north side of Alberta avenue, on the repayment to her daughter, Mrs. Mary Vaughan, of \$70 advanced on the purchase price, as well as money advanced for taxes and insurance premiums, with interest at five per cent.

### SOCIAL STUDY CLUB.

The Toronto Social Study Club will meet on Wednesday evening at 8 o'clock in the Church Street School when Mrs. L. A. Hamilton will address the meeting and speak on the National Council of Women and its work. The public are cordially invited.

### LEFT MANY PAINTINGS TO CANADIAN GALLERIES

The late Edmund Morris, the distinguished Canadian artist, bequeathed a number of valuable Canadian antiquities, historic manuscripts and splendid paintings to the Canadian public.

Regarding his pictures, the will stated that a selection is to be made and sold by auction or by private sale, the proceeds to go as a scholarship in the Ontario College of Art.

Is Your Baby's Birth Registered?

An extract from The Health Bulletin issued in January by the department of public health, and so on. Of every three persons who died in Toronto in 1913, one was a baby.

The point is this—to save the babies we must educate parents. To teach our children the duties that will fall to them as the parents of the next generation is essential for the future good.

In order for the nurses to advise them they must visit, and in order for them to visit they must be informed of the birth—the birth must be reported.

Moral—Register births early.

Grape Juice.

THIS is the season you had in mind when you bottled quarts and quarts of grape juice last autumn, for this is a beverage that meets every occasion, every demand of the entire family.

Grape juice is just as beneficial as hot lemonade for cold, and combined with lemon or orange, is pleasanter and less expensive.

Make the lemonade as usual, if for a cold, heat the lemon and make the simple syrup of sugar and boiling water before you squeeze in the hot juice.

Physicians claim that lemonade made so is much more penetrating than when made of the raw or cold lemon. It may be chilled afterward, if desired, but of course hot lemonade is most soothing.

FIELD SECRETARY FOR BOY SCOUTS

Duke of Connaught Announced Generous Response to Appeal for Funds.

OTTAWA, Feb. 27.—The annual meeting of the Dominion Council of the Canadian Boy Scouts was held in the senate railway committee room in the parliament buildings this afternoon.

The meeting was honored by the presence of the Duke of Connaught, chief scout; Sir Mackenzie Bowell, former premier, and other parliamentarians, and was attended also by representative workers in the organization from different parts of Canada.

The Duke of Connaught announced that his personal appeal for the raising of a fund to permit of the appointment of a Dominion secretary had already brought in subscriptions to the amount of \$25,000, exclusive of a sum of \$15,000 which was promised by the late Lord Strathcona.

The speaker expressed his best thanks to all those who had responded to his appeal, making special mention of Sir Henry Pellatt, Sir Edmund Osler, Toronto, and William Pries, Quebec, who have each subscribed \$3000.

Partly Broken Down. The report of the honorary secretary of the Dominion Council showed that whilst the movement is holding its own in some parts of the country, in other parts the machinery of management and control has not proven equal to the strain which was put upon it by the establishment of troops here, there and everywhere, and has partially broken down.

The report also showed that the Dominion secretary, who should be free to travel extensively throughout Canada, a resolution endorsing the recommendation was subsequently adopted.

MURDERED HIS WIFE BUT CRIME FORGOTTEN

CHICAGO, Feb. 27.—Jealousy caused him to kill his wife, but he has no recollection of committing the crime, was the testimony today of William Cheney, Ellis, former Cincinnati leather merchant, on trial for the murder. Ellis on the witness stand today, in the effort to avoid the death penalty, told a story of his wife being infatuated with a young Canadian merchant.

"Something snapped in my head," said Ellis. "I don't know what happened. I only know that I felt I had more misery than I could bear."

Ellis had finished his direct testimony and cross-examination had already begun when court adjourned until tomorrow.

IS YOUR BABY A GOOD BABY?

Mothers, ask yourself the question: Is your baby a good baby? If not, he is not well, for it is the nature of all babies to be good—only the sickly baby is cross and hard to mind.

My baby is cross and crank continually. Give him Baby's Own Tablets, and he will soon be happy again. The Tablets act as a gentle laxative, regulate the bowels, sweeten the stomach and cure all the minor ills of little ones.

Concerning Mrs. J. P. Richard, St. Norbert, N. S., writes: "I have found Baby's Own Tablets all that I claimed for them. My baby suffered from his stomach and bowels, and the Tablets cured him." They are sold by all medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Secrets of Health and Happiness

Your Capacity for Work Shows in Your Handshake

By Dr. LEONARD KEENE HIRSHBERG

A. B., M. A., M. D. (Johns Hopkins)

Copyright 1914, by L. K. Hirschberg.

YOU are a housewife! Or perchance you are a merchant or a forerady? You must choose a good servant. Your workers must be efficient. Better, perhaps, you are one of those happy individuals who wish to examine into their own shortcomings. You know that, although the Creator made you perfect, the accidents of life and inheritance have taken much away from this immutability.

Providence has left it to your human power to persevere to a better physical state. Your own felicity and efficiency is consigned to your own choosing and determination. Yet you are wofully wanting in criteria, measures and standards by which to uncover your own shortcomings.

Much more simple, you think, do the deficiencies of your helpers, your employes or your assistants come into the mercurial light. Actually, when a woman becomes wise enough or a man punished enough to search for his own defects, physical, economic, social and mental, it is discovered that you were accidentally living upon the fossilized principle that "when better cherries are not to be had, we must take the seeming best of what is left."

Nabbing Taken for Granted. But this is not so. Experimental psychology, the new rigid science of mathematics applied to human and animal activities, takes nothing for granted, considers no living condition final and despises mere inside thoughts which lack outside manifestations open to every next thousand healthful persons.

Answers to Health Questions. A. C. A.—I shampoo my hair once every two weeks, but it becomes oily soon after. Kindly publish a remedy for this.

Five grains of resorcin in an ounce of equal parts of alcohol, glycerine and camellia, or other scented water, is a good anti-ooil lotion. Stop shampooing your hair and merely wash it twice a month with an alcohol-transparent soap.

MRS. S. O.—How can hollows in the neck be filled out? Is cocoa butter helpful? What will color my cheeks naturally? How can I gain weight?

1—Drink coconaut oil, eat butter and margarine, meat fats, goose oils and all fatty things. Massage the hollow spaces every four hours for five minutes with goose grease.

2—Cocoa butter is only an expensive fat.

3—Rosy cheeks result from plenty of fresh air at night while you sleep under plenty of covers. Sunbath, a brisk two hours outdoors daily, exposure to dry air and plenty of meats, gravies and good vitals. Massage your cheeks every two hours for one or two minutes.

4—You will gain flesh by sleeping for nine or ten hours after midnight, eating oils, fats, sugars, rich meats, spices, sauces, pastries, starches, fruits and good vitals. Massage your face with a dozen eggs daily.

Spend all the money you used to spend on medicines on eggs, cream, big steaks and good oils. Eat your supper late and another meal at midnight.

Daddy's Good Night Story

By GEORGE HENRY SMITH

WHAT are you waiting for?" asked Mrs. Raccoon of Mrs. Squirrel, one afternoon when she was getting ready for her afternoon tea. "Mrs. Rabbit hasn't come yet," said Mrs. Squirrel. "All the children are up stairs. I invited Jack Rabbit and Billy Bunny to keep my little one company. They are up stairs telling stories now. I do wish my good husband could tell stories like Erber Rabbit."

"My husband is very good at keeping our children quiet," said Mrs. Raccoon. "I wonder why those children are so still?" asked Mrs. Squirrel. "The reason the children were so quiet was they heard what Mrs. Raccoon said and they were quietly putting on their things. They hopped down the back stairs and were soon knocking on Mister Raccoon's door. 'Come in!' shouted a voice within. Mister Raccoon was seated before the fire smoking a pipe. 'My goodness!' he exclaimed, as he bounded from the chair and took all the children in his arms. 'Tell us a story! Tell us a story!' they all shouted at once. Reggie Raccoon climbed down from the window sill and said to his father: 'Tell us about Mrs. Grizzly Bear.' 'Mister Raccoon put the children on sofa pillows by the window and began to tell Mrs. Grizzly Bear lived near the north pole, about two miles from the retnider milk on it for breakfast and for dinner they had a hunk of ginger bread with frosting on top. 'The children ate the frosting off first, because it made them warmer than the ginger bread. 'At night Mrs. Grizzly Bear gave her children a snow ball each with star dust sprinkled over it for sugar. After supper she put them all to bed in a blanket of snow, their dear little heads on cakes of ice and—what's the matter, children?' 'One by one the children had crept over by the fire and were warming themselves. 'It's a story almost froze me,' said Sammy Squirrel, with a shiver. 'Didn't you freeze?' asked Mister Raccoon. 'Yes,' said Sammy Squirrel. 'But next time put in something hot once in a while. 'At this they all laughed.

Peter's Adventures In Matrimony

By LEONA DALRYMPLE

Author of the new novel, "Diene of the Green Van," awarded a price of \$10,000 by Ida M. Tarbell and S. S. McChure as judges.

The truth, plain and unwornished, about "the girl in the case" distinguishes this new series by Miss Dalrymple. Her character studies will not appear unfamiliar to the majority of readers, who will follow the fortunes of "Peter" with growing interest.

What is Husband's Day?

"What is Husband's Day?" "Husbands' Day," I began, somewhat hesitantly. "I don't think I'm going to church this morning," "Why?" I asked. "I don't think I'm going to church this morning," "Why?" I asked. "I don't think I'm going to church this morning," "Why?" I asked. "I don't think I'm going to church this morning," "Why?" I asked. "I don't think I'm going to church this morning," "Why?" WELL SUITED FOR TOBACCO CULTURE

Soil and Climate of Mexico Are Both Very Favorable to Its Growth.

An excellent quality of tobacco is raised in the territory of Tepic, Mexico, being marketed thru the ports of San Blas and Mazatlan and thence to Mexico City. The tobacco of Tepic is of the best quality and is much in demand. The production in the territory of Tepic is estimated at 200,000 pounds. It is packed in bales of 125 pounds, two of which make a load for a mule from the plantation to the port.

CANADIAN COAL THE BEST.

REGINA, Feb. 22.—Carbonized lignite coal from the Estevan district may soon American anthracite coal for power generating purposes, according to Edward Sturley, a Regina engineer. Mr. Sturley has made a thorough test of the coal, and claims for it a superiority over the American coal that amounts to 50 per cent. in actual cost. The engine used for the test was the Ruston-Proctor, of Lincoln, England.

SASKATCHEWAN FAIR.

REGINA, Feb. 22.—The Saskatchewan Provincial Fair in July and August next year, will not only have some fine exhibits of cattle and horses, but an excellent display of manufactured goods. To induce manufacturers to make exhibits, special low prices for space have been arranged. To encourage home industry \$15,000 worth of space has been set aside to be given gratis to Regina manufacturers for their exhibits.

"She says she is always happy when she sings." "It also makes the hearers forget their other troubles."

Very Latest Fancies of Fashion New Modes Accentuate Lines of Natural Figure

By MADGE MARVEL

MANY changes will doubtless mark the spring tailor-made. The models which are shown for the southern resorts may invariably be seen on the streets here when the southland climate has moved north. The first thing one notices about these latest fancies is the short-waisted front effect, or perhaps it is more expressive to call it the high-waist effect. At any rate, the result is the same and seeks not only to follow the lines of the natural figure, but to accentuate them. Thin coats are much shorter. Also they are much fuller. Many of them slope from mere boleros in front to short and full ruffled pleat positions at the back. The Eton will be with us again. In fact, it is already being worn. I saw a charming development of this ever-welcome style worn by a tall blonde girl lunching in the Plaza. It was the coat of a suit of dull bronze green checked with a button and loop of twisted taffeta. There was the same twisted silk trimming used across the backs. Wears the first position because of its deep founces, each one curving upward in front and gaining in fullness toward the back. The deep article was of the taffeta. It will surely be a season of many ruffles and founces. And there will be a decided increase of fullness about the hips. So far there does not seem to be

A Place for Everything

By Tom Jackson

THERE is a place for everything, a right and proper spot. The place to eat lunching is in an open hall. The proper place to have a ball is in some other guy, and, if you've seen it. When man-law comes to your home a month or so to stay, you feel the proper place for her is well—we shall not say. And married men, who from the lodge so early morning glider, can find a safer place to sit than by their wife's side. The coal bin, or the parlor floor, or on the hallway tile, if they seek quiet, is the place—least for a little while.

To cut a lemon or extract the juice from it by hand should not be done when one stands near a little German band-it breaketh up the trombo man, likewise the piccolo, and causes them to use strange words because they cannot blow. So if you have a lemon, or a German band, better find a "Tannerhaus" with a splutter and a swear.

Three Minute Journeys

San Marino—the Skyscraper Republic

By Jonathan MacFarland

Italy, and in fact, most other countries, it has no public debt. As far as area goes, it has the distinction of being the smallest republic in the world. Beside its 36 square miles, the 175 square miles of Andorra, its nearest competitor for diminutive size, seem like a large tract of land. Take the smallest state in the Union, Rhode Island; why, its land area alone is 23 times as great as that of San Marino. And I know of an office building in New York—a skyscraper, if you please—that has a daily population of 10,000 people, which is within 2000 of that of this tiny republic. I found life picturesque in San Marino. The people were much as they are all over Italy—charming in their gaudy and their quaint apparel. The medieval buildings—the prison, the palace, the military quarters—all speak of a day that is past, but somehow or other I felt that I was living in yesterday. In San Marino the middle ages seem very close at hand.

Throughout their three-minute journeys which even its strange turns do not avert! And among other things that are interesting in connection with its history it had the distinction of providing Napoleon, the conqueror of opportunity being magnanimous. Everything had fallen before him until San Marino was the only remaining independent state in Italy, and the people were without hope. But they put their best foot forward, and viewed the general, and succeeded in convincing him that he neither needed nor wanted San Marino. So there it is today, intact and independent, and some day when the tourist business warrants it they are going to install express elevators to the top.

INCONVENIENCES OF SUBURBAN LIFE.

Editor World: I am a constant reader of your paper. I read with great interest your advice and question section. I read some time ago an article on legal advice. I wish to have you answer a little question. I live at present in the city, around Bathurst street. My work is downtown in one of the large factories. My mother has taken a house out near Lambton. Well, it's a good thirty or forty minutes from the city cars. She has not considered the inconvenience coming from my work, and if I go out there it means that I will not be able to go anywhere in the evenings, as by the time I get home and get ready it is too late. I told her that I would not go out there to live—that I would get a place with some private family. Mother says that I have to. The question I want to ask you is: Do I have any board, which is near all I make \$7.00. I am 17 years old. I am very anxious to have your decision, as it means a great deal to me. I will look for it in your advice section. Anxious.

(No wonder you are "anxious." Your mother surely does not wish her daughter to give up all amusements and stay at home ALL the time. Talk it over with her and arrange to spend the week-ends at home, and get a good boarding house in Toronto, say the Frances Willard Hall, or some place as good.—Editor.)

WHAT IS UNITARIANISM? It is Christianity  
without a God. It is the belief of the  
Golden Rule, and the two great Commandments of Love and  
Justice. It is the belief that the soul is immortal, and  
that we are responsible for our own actions. It is the belief  
that we are all brothers and sisters, and that we should  
love one another as we love ourselves. It is the belief  
that there is a power greater than ourselves, and that  
we should strive to do good and to be true.

FIRE CAUSED  
BY EXPLOSION

(Continued From Page 1).  
As if the fire had too tight a grip to  
be shaken, the house was completely  
ruined, the excellent work of the fire  
department being soon made manifest.  
The fire once under control, the ef-  
forts of the men were centred on re-  
moving the debris from the structure,  
the conflagration from spreading to  
adjacent houses. The upper portion of  
the house was completely destroyed, and  
notwithstanding the work of the fire  
department, great damage was done  
to furniture and fittings.  
Fire Spread South.  
Soon it was found necessary to direct  
attention to No. 521, south of the  
burnt house, as the flames had burst  
out in that direction, and with aston-  
ishing rapidity continued in a south-  
west direction, reaching the house of Wil-  
liam Banks, sr., theatrical censor, No.  
519. The back portion of the house  
was very soon in a mass of flame, and  
presented difficulty to the fire fighters,  
necessitating the removal of some  
wooden structures to allow the men  
to approach. In the meantime some  
assistance had been given Mr. Banks'  
family and much furniture and other  
articles removed from the house be-  
fore fire or water could damage them  
to any extent.  
Fire Out at 2:45.  
After much hard work on the part of  
the fire brigade the fire was brought  
under complete control, and by 2:15 the flames  
were returning to their stations, leav-  
ing the exterior of the houses without  
apparent damage, but the interior  
completely destroyed by fire and water.  
All the houses were insured to an  
extent that will cover the damage  
which is estimated at about \$20,000.  
Mr. Robinson's paint store, where  
the fire started, is insured for \$3000.  
The house is insured for \$2000, and  
the furniture for \$3000. Fireman Walcott  
was injured, and is insured for \$500 and Mr.  
Cowan, \$1000.

SOCIETY  
CONDUCTED BY MRS. EDMUND PHILLIPS

His Royal Highness the Duke of  
Connaught gives the "Barbours" din-  
ner tonight at Rideau Hall, Ottawa.  
His Honor the Lieutenant-Governor  
of Ontario, Lord Dufferin, has been  
asked a few people  
to luncheon yesterday to meet Mr. and  
Mrs. Martin Harvey and Mr. and Mrs.  
O'Neill.  
Lord and Lady Churston, Churston-  
on-Ferrers, Lupton House, Brixham, Devon-  
shire, are the guests of Their Royal  
Highnesses the Duke and Duchess of  
Connaught at Government House,  
Ottawa. Lord Churston before suc-  
ceeding to the barony was Capt. Yar-  
dley, M.V.O., formerly A.D.C. to His  
Royal Highness, and married the  
beautiful actress, Denise Orme.  
Mr. Lawrence Solman will give a  
prize for the best lady's costume at the  
Toronto Skating Club's fancy dress  
evening on March 6, and the Arena  
Gardens are giving one for the best  
man's costume.  
Mrs. Carveth received yesterday for  
her daughter, Mrs. Austin Campbell,  
who looked very pretty in her beau-  
tiful wedding gown of silver brocade  
with real lace and train of white satin,  
and a corsage bouquet of crimson  
roses. The hostess wore a black satin  
gown with tunic of embroidered black  
tulle; Mrs. Macdonald, who assisted in  
the drawing-room, was in black lace  
over white satin. The polished tea  
table was centred with real lace and a  
silver basket of pink tulips and white  
carnations, surrounded with silver can-  
dlesticks with pink and silver shades.  
Mrs. Campbell and Mrs. Fetherston-  
ghall presided, assisted by Miss Fran-  
ces Carveth, Miss Mary Campbell, Miss  
Hildreth Boehme, Miss Edna Knox, Miss  
Fortier, Mr. and Mrs. Austin Camp-  
bell have taken a house in St. Cathar-  
ines, where they are going to live, and  
have moved into it, having been at the  
wedding trip.

The exhibition of little pictures by  
Canadian artists closes tonight. It has  
been singularly successful, and visitors  
have come from Ottawa, London, Ham-  
ilton, and other cities to see these pic-  
tures. The committee has endeavored  
to allow some of them to be exhibited  
in other cities of the Dominion, so great  
has been the interest in them.  
The gallery has been thronged all night  
at the public library, College street.

The marriage takes place today of  
Mrs. Ernest Berger to Mr. Herbert  
Houston in the Church of St. George,  
the Martyr at 3 o'clock.

Mr. and Mrs. Douglas Ridout have  
left town, en route to Palm Beach,  
Florida.

Mr. and Mrs. R. H. Cosbie, North St.  
Andrew's Gardens, have left for New  
York, Panama, and the British West  
Indies.

Major Clyde Caldwell is in Ottawa  
for some of the militia meetings, and  
will be present at the Parbours dinner  
at Government House tonight.

Mr. and Mrs. Charles Cambie of Ot-  
tawa and their children have sailed for  
England.

Lady Allan is giving a dinner in  
Montreal tonight in honor of Mrs. Her-  
bert Mackenzie and Miss Martha Allan,  
who are shortly leaving for France.

Mr. and Mrs. Gerhard Heintzman and  
Miss Cornelia Heintzman are in  
Santa Barbara.

The new chapter of the L.O.D.E., the  
Sir Henry Pellatt, is to be congregat-  
ed on the 6th, beginning the year  
yesterday in getting Mr. Martin  
Harvey to address them, and on their  
clever regent, Mrs. Ambrose Small.

There was a capacity house at the  
Royal Alexandra, the boxes being occu-  
pied by his honor the Lieutenant-  
Governor, Lady Gibson, the Misses  
Benson, Mr. Marvin Reibahn, in at-  
tendance, and the others by Lady  
Whitney and the wives of the cabinet  
ministers, Mrs. Gooderham, Mrs.  
Fletcher, the officers of the Ladies'  
Conservative Club, the officers of the  
Ladies' Liberal Club, the officers of  
the Ladies' University Club, the offi-  
cers of the Women's Canadian Club.

Mr. Arthur Holmstead is leaving  
town for Florida on a fortnight's  
tarpon fishing.

The skating club meets this after-  
noon in the arena.

Miss Ella Scott has returned from a  
month's visit to Mrs. Montzambert,  
Port Hope.

Mrs. Harold Ritchie, Deer Park  
crescent, was out in a tea yester-  
day when she was wearing buttercup  
brocade and lace, and was assisted by  
her sister, Mrs. Brydon, Mrs. David  
Bodington presided at the tea table  
and wore black with a violet hat.  
The table was decorated with pink  
roses and pink shaded light, and the  
pretty girls assisting were all in pink  
frocks.

Mr. and Mrs. Fred Frouser have re-  
turned from Bermuda.

Miss Hope Sewell is the guest of  
Miss Fjlsken, Madison avenue.

Miss Gladys McClurich is spending  
the week-end with Miss Winona Car-  
gill, Cargill, Ont.

Mrs. Orlando Heron, Binscarth road,  
is giving a bridge party this even-  
ing.

Madame Le Mar will give a song re-  
cital on Thursday evening, the 12th  
of March, in the Conservatory Music  
Hall.

The president and members of the  
Ladies' Auxiliary Board of the Toron-  
to Western Hospital have issued in-  
vitations to a military cotillion party in  
the assembly hall of the Western  
Hospital on Tuesday evening, March  
10, at 8 o'clock.

Nearly \$200 has been already re-  
ceived towards the Lady Gay memoral  
fund.  
The officers' indoor baseball matches  
tonight in the Armories will be G.O.R.  
v. G.G.B. and A.M.C. v. Highlanders,  
and the hostesses in the messroom  
will be the wives of the A.M.C.  
The Trinity lecture this afternoon  
will be by Mrs. Bruce, Mrs. Fothering-  
ham, M.A., "Othello and King Lear  
Compared."

As You Like It  
"As You Like It" was presented at  
Convocation Hall last night by the  
Women's Dramatic Club of the Uni-  
versity of Toronto. All the characters  
were taken by girls, and the dainty  
Shakespearean comedy was well in-  
terpreted, the bluster and bravado of  
the "men" in the earlier scenes show-  
ing up in strong contrast against the  
girl's winsomeness of Rosalind and  
Celia. Eugene Defoe, as Rosalind,  
did excellently the tradition upon  
which the university women of Toron-  
to are inclined to pride themselves.  
Her acting was pleasing, sincere, and  
free from amateurish artificiality. The

JOCKEY CLUBS TO GIVE  
RACES FOR HUNTERS

O. J. C.'s Lead to Be Followed  
Elsewhere According to An-  
nouncement at Green Bush.

A number of enthusiastic supporters  
of amateur racing met at Green Bush  
Lodge for dinner on Thursday evening.  
Dr. D. King Smith occupied the chair,  
while A. Loyal Scott acted as secretary.  
Those present were: Dr. D. King Smith,  
Francis Proctor, Dr. D. Hawthorne, Lyman  
Goodman, E. R. Scheffer, R. K. Hodg-  
son, Geo. Elliott, Leonard Munro, Col. G.  
T. J. McCabe, W. Rawlinson, Wilfred  
Devine, Norman Devine, E. Deane, Jas.  
Doane, A. Loyal Scott, Victor Sifton,  
Levi Gilmmins, R. J. Montgomery and  
A. McCabe.

After justice had been done to the ex-  
cellent dinner prepared by the steward  
the possibilities for amateur racing were  
discussed. Dr. Smith announced that  
Ontario Jockey Club had decided to re-  
sume amateur events at their spring  
meeting. Judging from the way this news  
was received their will be no lack of en-  
thusiasm and riders for races, both on the  
flat and thru the field.

Dr. Smith also stated that several of  
the other Jockey clubs had under con-  
sideration the putting on of races for  
amateurs.

BAPTIST BASKETBALL.

A real good time is promised the fans  
on Royal Temple's floor this evening,  
when Dovercourt B's play Tr-  
eight o'clock, and Jarvis tackle Beverley  
at nine. B team need this game to stay  
in the first division, but the Tr-ans will  
fight hard to make their record show  
more than three wins. Beverley will, no-  
doubt, have their hands full when they  
hit up against Jarvis, who are going  
great guns just at present. Mr. Malcolm  
will do the refereeing and shoot the  
contests right up to the standard.

Falkenberg is With  
The Federals to Stay

TOLEDO, Feb. 27.—Sprung the offer  
of the Cleveland club, and having de-  
termined to sink or swim with the Fed-  
eral League, Fred Falkenberg left for  
Wichita Falls, Tex., yesterday to start  
training with the battery men of the  
Indianapolis Federal League club.

Thus Falkenberg has stilled his future.  
The contract offered him by the Federal  
League, combined with the fact that the  
Indianapolis club guaranteed to pay  
the expense of his wife and children to  
Wichita Falls, while there, convinced  
him, evidently, that the Federal League  
was a firm basis.

He declared: "I am a Federal League  
man and with the Federal League I in-  
tend to remain. I have no intention of  
jumping to Cleveland."

Doubtless Falkenberg's final decision  
was made at least one of the  
schemes mapped out by Joe Birmingham  
when the Nap manager came from New  
Orleans last week.

Naturally the Cleveland club officials  
have refused to affirm the report that  
they were discussing for Falkenberg's  
services, and naturally Falkenberg took  
the same attitude, but nevertheless, it  
is known that a proposition has placed be-  
fore long Cy and turned down.

JOHNSON AND MORAN.  
PARIS, Feb. 27.—June 27 was chosen  
tonight as the date for the fight for the  
world's heavyweight championship be-  
tween Jack Johnson and Frank Moran of  
Pittsburg. This date was set after a  
meeting between Johnson and the pro-  
moters of the fight. All the details of  
the fight have now been arranged, ex-  
cept as to who will be the referee. He  
will be chosen later.

Clubb's Stock-Reducing  
Clearance of Cigars, Cigarettes,  
Pipes and Smokers Supplies.

We must reduce stocks to make room for  
incoming shipments--that is the reason why any man  
can come here during this sale and buy the best cigars,  
cigarettes, pipes, etc., that are made for far less than he is usually asked  
to pay for inferior grades.

While our reductions in themselves may not seem unusual, they become little  
short of extraordinary when it is remembered we deal only in the finest qualities.  
These specials will be on sale Saturday as long as they last.

## The Statement of the Fact \$20,000 Challenge

The best, and easily the most efficient and enduring, automobile engine is made in Canada—not in Europe or in the United States—but right here, in Canada. This fact ought to be a source of national pride and recognition.

This statement is a broad one, but it is the unchallenged truth.

If your motor is not a Russell-Knight, no matter who made it, nor where it came from, nor how much you paid for it (with duty added, perhaps), nor who may have told you otherwise—it is not the best, nor the most efficient, nor the most enduring, nor the best value for your money. The best value today is made in Canada.

This has been proved—and to the hilt.

The engine test recently conducted by Professor H. W. Price of the Faculty of Applied Science of the University of Toronto has abundantly shown it. The results have been made known. They are authentic and certified. They have established many world records for engine efficiency, economy, endurance and power production, unapproachable by other type motors. There is no poppet valve engine manufactured which has ever equaled, or can equal, the performance of the Russell-Knight Motor. The convincing proof is backed by a

## BRITAIN SHOULD NOT INTERVENE

"Criminal Folly" to Upset  
Friendly Relations With  
United States.

LONDON, Feb. 27.—The Nation, a Liberal London weekly, in discussing the Benton case today approves the decision reached by the foreign office that British intervention in Mexico is out of the question, and declares that it would be "criminal folly" to "order a wholesale killing" and upset the good relations between the United States and this country because a British subject had been killed. The Nation maintains that a Brit-

ish subject who jeopardizes his life and property in search of riches in a country like Mexico does so at his own risk, and the newspaper concludes with expressing the hope that nothing be done in this country to stimulate American intervention in Mexico by the force of arms. The Saturday Review, a Unionist weekly, takes a very different view. It declares that British prestige requires that a thorough investigation be made into the death of Benton, and that the fullest compensation be given for the outrage. The periodical condemns what it terms Secretary Bryan's "tone of irresponsibility" as being inconsistent with the encouragement given to Gen. Villa by allowing him to get arms from the United States. "The death of Benton," the Saturday Review concludes, "has brought affairs to a climax, and the time has come when the United States should declare just what sets it proposes to do for the maintenance of the decencies of civilized life in a country in which it has predominant interests."

Tamblyn, Limited. At all ten stores.

Loew's Winter Garden. "Happiness," a symbolic play in four scenes, is announced as the principal feature at Loew's Garden Theatre next week. This is presented by Joseph Maxwell. Another big feature will be the greatest rife experts, George Palmer Moore and Florence Elliott will offer their farce comedy playlet, "A Baby Take for the Mince Pie." The Three Crested Girls will offer their song and dance revue. Bonbe and Dale, presenting "A Night in Paris," have a clever comedy and singing skit, with a feminine assistant. The Buch Brothers, acrobatic German comedians Louise Mayo, a clever singing comedienne, Holden and Henry, in "The Messenger and the Lady" and Fred Hamill and Company, entertainers, will complete the bill.

bushel but the increase in the freight on flour was proportionately greater. It was evidently the policy of the ocean combine to "curb" wheat instead of flour. It was pointed out that a few years ago the difference in the rates between wheat and flour was only 2-1/2c per barrel but now it amounts to 8-1/2c per hundred pounds. In short a discriminatory toll over and above the high rate charged for wheat was imposed upon flour amounting to 17c per barrel.

### A Reasonable Profit

Mr. Borden asked what would be considered a fair profit for the miller upon a barrel of flour. Mr. Black of the Ogilvie Milling Co. said that a mill running full capacity could pay all fixed charges and a good dividend by clearing ten cents a barrel. The trouble was that Canadian mills could not run at their full capacity because their export trade was largely made impossible by the extortionate and discriminatory ocean freight rates.

Mr. Borden asked if it was true that flour made in Canada sold at a cheaper price in the English market than at home.

Mr. Black said that it was not the same quality of flour which was sold in England but a coarse, dark, low grade flour which could not be marketed in Canada. The English baker took it, mixed it with a whiter, softer flour and got a good blend.

### Exactions of Combine

J. D. Allan of Toronto presented some startling evidence to the government upon the operations of the ocean combine. He proceeded with a list of goods purchased in Liverpool, four hundred miles inland from Hamburg, from points in Italy and even in China and by comparison with bills of lading from Liverpool and London demonstrated that the same merchandise could be bought more cheaply from the interior of Europe or the interior of Asia to Halifax, Montreal or Toronto than it could be brought from London, Liverpool or any British port. The scheme was to absorb the British preference.

Speaking for his own firm, Mr. Allan said that of late years he had been compelled largely to purchase in Italy, Germany and other foreign countries goods which he had formerly purchased in England. This was entirely due to the rapid and extortionate increase in ocean rates eastbound and westbound between England and Canada.

Mr. Allan went on to show that the

## TAKE SALTS TO FLUSH KIDNEYS

Eat Less Meat if You Feel  
Backache or Have Bladder  
Trouble.

Meat forms uric acid which excites and overworks the kidneys and the efforts to filter it from the system. Regular eaters of meat must flush the kidneys occasionally. You must relieve them like you relieve your bowels, removing all the acids, waste and poison, else you feel a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment; the channels often get irritated, obliging you to get up two or three times during the night.

To neutralize these irritating acids and flush out the body's urinous waste get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine and bladder disorders disappear. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys and stop bladder irritation. Jad Salts is inexpensive, harmless and makes a delicious beverage. Holden and Henry, in "The Messenger and the Lady" and Fred Hamill and Company, entertainers, will complete the bill.

For those people who appreciate quality and purity, for those who demand and get the best of everything ---

SUMMERS, Box 65, Windsor, Ont.

## BOON TO WESTERN FARMERS

Mr. Watts said that a government line of vessels between Canadian and British ports would prove a much greater boon to the western farmers than the free access of their wheat to the American markets for which they were clamoring. He was proceeding to demonstrate that the price of wheat could not be higher in the United States than in Canada, because both countries being exporting countries the price was fixed at Liverpool, when Finance Minister White interposed with the remark that there was often a marked difference in the price of wheat between Winnipeg and Minneapolis, and he was inclined to believe that the price was, generally speaking, higher in the United States.

## BOUND HUSBAND OVER TO KEEP THE PEACE

G. H. Meredith and His Wife Are Willing to be Divorced. G. H. Meredith, 57 1/2 Sword street, appeared before Magistrate Kingsford today in connection with charges of assaulting his wife, Lillian Meredith. Plaintiff testified that a year ago she and her husband agreed to separate, but for the past two weeks she had been molesting her. On Friday night last her husband had seized her by the throat as she was stepping from a Balkan car, and threatened to choke her. The husband pleaded not guilty, and said that he did not want anything more to do with his wife. As both were willing to secure a divorce, the magistrate dismissed the case, after he had bound the husband over in the sum of \$100 to keep the peace.

WOULD REDUCE DUTIES ON FOOD

Bonar Law Says Principle of Imperial Preference Also Favored.

LONDON, Feb. 27.—Bonar Law in a pamphlet today gives an outline of Unionist policy touching on the tariff. The following are the main points:— "It is as a result of the most strenuous efforts of the Unionist party that we shall impose no new duties on the food of the people, but on the contrary we shall give them immediately a preference on all duties imposed in the United Kingdom."

GENERAL ELECTIONS ON ONE DAY IN BRITAIN

LONDON, Feb. 27.—The House of Commons today passed by 215 votes against 152, the second reading of a bill providing that all parliamentary elections be held on the same day. The bill was introduced by Sir Harry Verney, a Liberal member, and the Liberal party argues that it will largely mitigate plural voting, and the disturbance of business by prolonged general elections.

TRIAL OF PAY FOR PRISONERS.

CALGARY, Feb. 27.—Prisoners in the provincial jail at Lethbridge are allowed 10 cents per day wages, and employed at road-making in summer and broom-making in winter. The wages are sent to the prisoner's family if he has one, otherwise are given to him at his discharge.

Theatres and Concerts

Mr. Anson Comins. Of the many English actors who will visit Toronto this season, none is more worthy of consideration than Mr. E. A. Anson, who is well known here for his splendid work with the New Theatre Company some four years ago. Mr. Anson returns to Canada this time with his own distinguished company and is presenting a comedy-play "Nobody's Daughter," which has to its credit a run of eight months at Sir Charles Wyndham's theatre, London. The unusually large advance sale for Mr. Anson's engagement was the statement that the Alexandra Theatre will house splendid and fashionable audiences next week. "The Big Jubilee." Beginning with the usual Monday matinee, the Gayety Theatre will have for its following attraction, one that is new to the patrons of this house. It is "The Big Jubilee" and from the newspaper criticisms of the cities that it has been seen in, its fine entertainment may be looked for.

tasks that can be given him. The great Polish virtuoso comes to Massey Hall on March 8 to play the engagement postponed thru illness from October. Advance sale begins on Monday morning.

Mante Carlo Girls. The Star Theatre will offer as its next attraction "The Monte Carlo Girls," the newest and according to report, the best show on the progressive circuit. The company has the advantage of new and complete equipment, some stunning and startling costumes, pretty scenery, new entertainers and new material.

Valeska Suratt Coming to Shea's. The name Valeska Suratt is one to conjure with. There is no more dazzling personality on the American stage today than Miss Suratt, who appears at Shea's next week. Aided from her side by the drama of her life before her merely by reason of the force of her personality. She is of that type referred to as stunning, rather than as beautiful, while her array is so ultra-modern that it is not exaggerating to mention it is extreme. Miss Suratt for many years has been conspicuous in the public eye both as a versatile headliner and as a star in musical comedy. Her most recent effort in the latter present vaudeville offering is a comedy play by George Baldwin, called "Black Crabs and Diamonds." It is a most interesting and decidedly attractive introduction in a decidedly attractive manner the cream of artistic excellence. The special extra attraction on the bill for the week is Charles Grapevine and Company. The "Awful Chance" presenting "The Awful Ending of Mr. Pipp." Mr. Grapevine and Miss Chaney are favorites in Toronto. A feature of the week's bill is Harry Kelly and Leo Harrison in an original burlesque called "Small Two Years with a Million and a Coin," a farce and a comedy.

Eugene Blair in "Madame X." One of the most notable of this season's attractions is the engagement of that well-known emotional actress, Eugene Blair, who will be seen next week at the Grand in the title role of Alexandre Bisson's famous play of mother-love "Madame X."

Kubelick's Return. Jan Kubelick, who is coming back to Massey Hall on March 12 to give his Toronto admirers the opportunity of hearing him in a complete recital program is just now concluding the wonderful Melba-Kubelick joint tour which has brought out some of the largest audiences ever assembled in America. The advance sale for the local appearance will open on Thursday, March 5.

Paderewski Soon. An unusual mental grip on things is not the only grip that Paderewski possesses. STRENUOUS WORK SOON TELLS YOU

Business Men and Bread Winners the Victims of Nervous Exhaustion.

When worry is added to overwork men soon become the victims of nervous exhaustion - neurasthenia, the doctor calls it. Some have no reserve strength in their systems to bear the strain, others have it, but strength they have. If you find that you are nervous and not sure of yourself, that you sleep badly, and wake up tired and aching, your nerves are out of order. Other signs are inability to take proper interest in your work, your appetite is feeble, your back feels weak, and you are greatly depressed in spirits. One or more of these signs mean that you should take prompt steps to stop the mischief by nourishing the nerves with the food they thrive on, namely, the rich, red blood made by Dr. Williams' Pink Pills. These pills have cured thousands of cases of nervous disorders, including nervous prostration, neuralgia, St. Vitus' dance, and partial paralysis. Here is an example: Mr. Jas. A. McDonald, Springfield, N. S., says: "In the summer of 1912, as the result of my hard work, I was completely run down and found it necessary to quit work. I slept poorly, and what sleep I did get did not seem to rest me. My nerves were tired, my appetite was poor and hickie, and my nerves unstrung. I had treatment from a doctor for some time, but it did not seem to help me. Finally, I heard a great deal about Dr. Williams' Pink Pills. I decided to try them. In the course of a few weeks, after beginning the pills, I picked up wonderfully, and was able to return to work, feeling like a new man. I have not had a day's sickness since, and naturally am now a firm believer in Dr. Williams' Pink Pills."

Dr. Williams' Pink Pills will work for you. If you are suffering from any of the above-mentioned signs, or if you are a tired, worn-out worker, if given a fair trial, if you cannot obtain relief from your dealer, they will be sent you, post paid, for 50 cents a box, or six boxes for \$2.50, by writing The Dr. Williams' Medicine Co., Brockville, Ont.

considerable reputation. His father was a poor Jewish schoolmaster in the government of Kiev, Russia. As a mere child Mischa showed a remarkable aptitude for music and of the age of four played on a quarter size violin to imitate his father. At five Mischa played at a concert in his native town of Stanole. A princess who was a landed proprietress of the neighborhood was so impressed with his talent that she offered to adopt him and pay for his musical education if his father would permit him to renounce the Jewish faith when he grew up. The boy's father declined the flattering but unwelcome offer. He moved to Odessa, where he got the lag under free tuition to Prof. Fedelman in the Imperial School of Music. Afterwards the head of the St. Petersburg Conservatory, Prof. Auer, heard the boy play at a concert and wanted him for a pupil. But the permission of his father had to be obtained, because no Jewish boy born outside of St. Petersburg is regularly allowed to live in that city. Auer succeeded in getting the father to start him on a career that has few parallels in musical history.

DOHERTY PIANO CO. OPEN RETAIL STORE Selling Pianos Direct From Manufacturer to Consumer.

Among the well-known business men who have recently been looking over the business possibilities of Toronto, is Mr. Fred J. Hill, secretary and treasurer of the Doherty Piano Co., Limited, of Clinton. It will doubtless interest the musical public to learn that this old and well-known concern has invaded the retail field in Toronto and has opened beautiful warehouses at St. King street west. These warehouses are being planned under the supervision of Mr. L. M. Chaney, factory sales manager of the Doherty company, who looks after all the publicity of the company, throughout Canada, the United States and foreign countries.

The Doherty company is making rapid strides in the establishment of its retail branches. They have been engaged in the manufacture of musical instruments for over 40 years, and their business now stands pre-eminent. The factory is the largest of musical instruments in the world, and is well equipped with their enviable buying power, places them in a position to successfully compete with factories in all parts of the world, offering, as they do, an instrument that cannot be excelled in point of tone and superior quality.

BALLOTS SHOWED SIGNS OF ERASING

Disclosures of Bridgeburg Poll in Welland C. T. A. Investigation.

HOW COUNT WAS DONE

D. R. O. and Clerk Found Difference After Others Left Booth.

(Special to The Toronto World) WELLAND, Feb. 27.—In the Canadian Temperance Act investigation continued today before Judge Livingstone polling subdivision No. 2, Bridgeburg, was taken up. This is the poll in which E. Coulthurst, the accused deputy returning officer, was in charge.

According to the original count as given by the deputy returning officer to the two scrutineers at the close of the poll, the figures stood 20 for and 54 against. In the official count before Judge Livingstone the result is 13 for and 62 against, and one spoiled ballot.

An Important Feature. The most important feature of this difference is that two ballots are found which were originally marked against, but were erased and marked for. Six other ballots which were originally marked dry have been erased and marked against.

Wm. Christian, who swore out the warrant against Coulthurst and was an outside scrutineer at this polling booth, gave evidence as to the procedure of counting the ballots at the close of the booth. A point brought out in his evidence was that the deputy returning officer and the poll clerk were left alone in the booth with the ballots lying loose on the table. Witnesses did not see any of these procedures.

Use of Rubber Tipped Pencil. George Storry, poll clerk, brought out the fact that on two occasions a voter had borrowed his pencil, which had a rubber tip, and after using it behind the booth he returned the pencil. Another voter had borrowed the deputy returning officer's pencil, which had a rubber tip, and returned it. This procedure on the part of the voter had drawn Coulthurst's attention, and he remarked that it was against the rules for a rubber to be used in a polling place.

"It is Funny." Storry further stated that the ballots had been counted in the presence of the two scrutineers and others in the poll and were found to be 20 for and 54 against, for which figures he had issued certificates to the two scrutineers. After the others had gone, leaving Coulthurst and himself there, Coulthurst had remarked that the ballots ought to be counted again to make sure of the count. Coulthurst then proceeded to count the ballots, and was surprised to find only 13 for and 62 against. Having a doubt, he again counted the ballots, with the same result, and remarked to Storry, "It is funny," Coulthurst and Storry had then counted the ballots together, keeping their own tally, and again verified the count. The ballots were placed in two envelopes and put into the box by Coulthurst, who afterwards locked the box.

The investigation will continue tomorrow, when it is expected that Deputy Returning Officer Coulthurst will be called to give evidence.

OPPOSES GEORGIAN ROUTE.

ST. CATHARINES, Feb. 27.—St. Catharines Board of Trade last night, in passing a resolution asking the Dominion Government to deepen the whole St. Lawrence route so that ocean-going vessels can come right to Central Ontario, put itself on record as being opposed to the Georgian Bay Canal project. It was urged that nothing be done on the Georgian Bay Canal project until a government commission reports favorably on its possibility.

WANT GOVERNMENT AID TO DREDGE GRAND RIVER

(Special to The Toronto World) GALT, Feb. 27.—Brentford's move to secure aid from the government to dredge the river and restore the boating season local residents are very anxious to see followed by Galt. Where the Grand River, at one time navigable, now is a mere stream, with mud and silt in its stretches could be reclaimed for aquatic sports and at the same time the means of freshets considerably lessened. The board of trade and the council will operate in a memorial.

The World is a newspaper for the home as well as for the business man.

Advertisement for NOSTRILS AND HEAD STOPPED UP FROM COLD? TRY MY CATARRH BALM. Text includes: 'Instantly Clears Air Passages; You Breathe Freely; Dull Headache Goes; Nasty Catarrhal Discharge Stops.' 'Try "Ely's Cream Balm." Get a small bottle, anyway, just to try it. Apply a little in the nostrils and instantly your clogged nose and stopped-up air passages of the head will open; you will breathe freely; dullness and headache disappear. By morning, the catarrh, cold in the head or catarrhal sore throat will be gone! End such misery now! Get the small bottle of "Ely's Cream Balm" at any drug store. This sweet, fragrant balm dissolves by the heat of the nostrils; penetrates and heals inflamed, swollen membrane, cleanses the nose, head and throat; opens the air passages; stops nasty discharges, and a feeling of cleansing, soothing relief comes immediately. Don't lie awake tonight, struggling for breath, with head stuffed, nostrils closed, hawking and blowing Catarrh or a cold, with its running nose, foul mucus dripping into the throat, the raw dryness, is distressing, but truly needless. Put your faith—just once—in "Ely's Cream Balm," and your head or catarrh will surely disappear.'

FIND IT COSTLY TO LEAVE SCHOOL

Mother and Sister of Stubborn Boy Assessed Five Dollars. MUST SUPPORT FAMILY Thru Parents Transgressions Baby Must Accompany Mother to Mercer.

Heinrich determined to give up school, walked the streets from 6 in the morning till 11.30 at night. The youngster did not even consider the law seriously enough to obey a summons to the juvenile court...

It is being charged that men earning good steady wages are not going to be allowed to continue paying their earnings into hotels while their families are without the necessities of life.

It was agreed that it is an inconceivable pity that a four months old baby should be an inmate of the Mercer. This mother who lives in immoral lives, court officials say, are sure to bring punishment upon their innocent children.

### News From The Parliament

## EVANTUREL WILL MAKE STATEMENT

### Did Not Take Advantage of His Opportunity Yesterday, BUT WILL NEXT WEEK

### Decides to Consult His Constituency Before Resigning His Seat.

In the few brief moments of the house yesterday afternoon, the opportunity was extended by the government to Gustave Evanturel to make a statement explaining the position which he is placed. The member, however, stated that he was prepared to do so early in the coming week, rather than at present.

On the day Mr. Rowell acknowledged that he had written a personal note to him, and made the attitude of the government quite plain. The inference was that they felt he had only one course to adopt. Mr. Evanturel, however, stated that he would consider resigning his seat during the day he also held a brief conference with the attorney-general and with G. H. Ferguson.

The rest of the afternoon was reserved for the answering of opposition questions and the submission of private bills, to the number of a score.

### NEW DIRECTOR FOR VINELAND

## F. M. Clement Succeeds A. D. Harkness, Who Recently Resigned.

F. M. Clement, B.S.A., has been appointed director of the Provincial Government Department of the Vineland, in succession to A. D. Harkness, who recently resigned. Mr. Clement is a graduate of the Ontario Agricultural College, where he specialized in horticulture. He afterwards acted as district representative for some years in Elgin County, distinguishing himself in the horticultural branch. Over a year ago he was appointed assistant director of the Vineland, and in that position he has been successful in the department of Macdonald College, at Ste. Anne de Bellevue, which position he now holds. He will assume his new duties about the first of April.

### PARTYISM POLICY CALLED A BLUNDER

## Controller Simpson Has Shot for Delegates to Alliance.

FLURRY IN BRAZILS AND BARCELONA

Does Not Disturb the General Apathy Surrounding Exchange.

WALL ST. AIDS BULLS

Optimists Score an Advantage in the Later Market Trading.

A flurry in Brazil and Barcelona gave a little more snap to the Toronto market yesterday, but this was scarcely sufficient to disturb the general apathy which now surrounds the exchange.

London is up in the air regarding the French, Brazilian and Mexican financial position, and this is necessarily the controlling factor in the markets for all securities.

In the majority of local issues there was a plentiful supply of offerings, and an eighth to a quarter spread was all that traders demanded to make trades.

There are no complaints of money scarcity for financing loans; there are, however, the absence of a public investment and speculative demand.

Among trading bookers the opinion exists that a much better public demand will develop later and these are largely the present speculative buyers.

The sellers are of the pessimistic class, and between the two the usual warfare is now on.

Taking Wall street as a guide local bulls endeavored to push their advantage further in the afternoon, and the market closed with a sentiment favoring higher prices.

CANADA'S NEW LOAN.

LONDON, Feb. 27.—A Dominion of Canada loan of five millions sterling was announced today. It will bear four per cent. interest, and is offered at 99. It is stated that the new issue is required for maturing treasury bills and partly to complete the purchase of the Grand Trunk Pacific Railway debenture stock, which has the guarantee of the Dominion Government.

The news of the announcement of a further issue. Provincial municipal issues were well supported.

FAILURES IN CANADA

MONTHLY BANK STATEMENT

SHOWED REMARKABLE CHANGES

Enormous Reduction of Dem and Deposits in Canadian Banks Since Last Year—Current Loans Inside Country Have Declined.

OTTAWA, Feb. 27.—The shrinkage in liabilities and assets shown in the December bank statement is further accentuated in the January statement issued today.

The statement shows that the total liabilities are down by more than \$55,000,000 and assets by nearly \$32,000,000. On the side of liabilities the decrease is an increase of about \$9,000,000 in notice deposits.

There is a falling off of over \$40,000,000 in demand deposits since December and an increase of about \$9,000,000 in notice deposits. Quietening down of trade is reflected in the \$11,000,000 decrease in current loans since December.

It is curious that the increased stock market activity is not reflected in any increase in Canadian call loans.

NEW YORK STOCKS AT HIGHER LEVEL

Buying Was Active in Final Hour and Numerous Advances Made.

NEWS ENCOURAGING

Contradiction of Report Concerning Mexican Affairs Caused Setback.

NEW YORK, Feb. 27.—After an indifferent start, with little appearance of speculative interest on either side of the market, stocks gradually gathered strength today.

Speculative conditions were better. The cables reported that financial difficulties in Paris had been adjusted, and the foreign markets were more cheerful.

Liquidation of American stocks by Amsterdam apparently is over. Eronous reports that the Mexican Government had appealed to this country for assistance in restoring order stimulated the market temporarily, causing a quick upturn among the principal stocks.

Denial of the report, later caused a temporary reaction, but later the advance was resumed and in the last hour buying was fairly active.

Run Up Prices. The demand came in large part from the shorts; and there were indications that the market was oversold in spots. Traders who sold stocks earlier in the week on the expectation of a serious turn in Mexican affairs found it difficult to cover except by raising bids constantly.

Bullish operators turned the situation to their own advantage and ran up prices against the shorts. New Haven was weakened by Washington reports of a hitch in negotiations for dissolution of the system, and at one time sold within a fraction of its low record.

Northern Pacific, influenced by reports of new financing and of an unfavorable January statement, was heavy in the early morning, but later firmed up considerably.

CANADIAN LOAN DEPRESSED LONDON, Feb. 27.—Money and discount rates were easier today.

The stock market, after a firm opening, reacted on the announcement of a Canadian Government loan of \$25,000,000 at 4 per cent. as Consois fell a quarter of a point, and other gilt-edged securities declined in sympathy.

The cheerful Paris accounts, however, by buying orders and local covering, helped to bring about a moderate recovery and a steady closing.

American securities opened a fraction higher, but most of the list fell below parity under realizing during the forenoon. The market improved sharply on Wall street buying in the late trading, and finished firm.

PETERSON LAKE MUCH STRONGER

Upward Tendency in Active Cobalts—Liquidation in Dome Extension.

In the face of heavy trading, Peterson Lake started on an upward movement yesterday, and after a steady advance closed at 41 1/2. This is the first decided movement that Peterson Lake has made in some days, and, in the opinion of the street, the stock is preparing for an appreciation.

Random Notes on the Mining Stocks.

Peterston Lake was the most active stock in the Cobalts yesterday. People close to the inside were said to be big buyers, and another advance in the stock is not unlikely.

Dome Extension was very active but weaker, selling down to 10 3/4. It was reported that a large block of stock that was hanging over the market was liquidated yesterday and caused the decline.

Big Dome sold down to 16.50. The trouble that Big Dome and Hollinger are having with their power plants is the cause of the selling.

Porcupine Gold (Vipond) was strong, selling up to 13 1/2. The selling in this stock seems to be over, and with the prospect of the deal being actually closed before long this stock should rally again.

Cochrane was traded in at 40 for the first time in several months. A report was in circulation that active work was to be started again on this property. The capital of this company is so small that any demand for the stock would cause a big advance, as there is very little stock in the public's hands.

Nipissing was active and strong, selling up to 2 1/2. Beta were made on the prospect of the deal being actually closed before long this stock should rally again.

West Dome sold up to 10 1/2. It was reported on the exchanges that some local financial men have agreed to underwrite an issue of new stock to be used in pushing active development work on the property.

BUFFALO LIVE STOCK.

## Opening Display of Millinery

THE SECOND WEEK

Monday will see the first display of late Parisian and New York hats of such recent date that they could not be presented with our first opening. These hats are the creations of such artists as Germaine, Suzanne Talbot, Lewis, Caroline Reboux, Kurzman (New York), Joseph and Moorehead Jardine.

You will find the Millinery Salons transformed into a spacious fairland of bird songs and flower scents, with green vistas set with daffodils and hyacinths, and luxurious easy chairs in inviting nooks half hidden by palms.

The new flowers for spring are a great attraction because of the novel form they take, from tiniest "piquees" to great white gardenias and wonderfully natural sprays of sweet peas.

Feathers merit considerable study, for they, too, are new in form, the tied-back effects and the high mounts being the feature. Ribbons and trimmings at present show fallie and more in the lead, with Roman stripes very notable, and jet in the form of bandeaux, crowns, butterflyes, etc., a prime favorite.

Souvenir Special for the Second Week—Black French Plume of extra superior quality, 180 only. Monday ..... **2.45**

## French and American Silk Foulards

A big display of this season's newest designs, showing a complete change from last year's effects, the tendency being towards small, dainty patterns, of which there is enormous variety, on grounds of fashionable tones. Foremost are the

**NEW CREPE FOULARDS.**  
In distinct hand-blocked patterns, on grounds of cream, American rose, reseda, tango, cerise, and linen shades.

**FRENCH PRINTED FOULARD CREPES.**  
The creped effect in this material resembles a chain-pattern in weaves, and is most effective. The designs are in neat bud effects.

**PAISLEY FOULARDS.**  
In ranges of good color combinations with the smaller designs in pine and cone effects.

**STRIPED FLORAL FOULARDS.**  
In 23-inch widths, with beautiful rose patterns on double striped grounds of mahogany, saze, myrtle, new navy, white, ecru and black.

**POLKA DOT FOULARDS.**  
In single and double widths, are displayed in wide variety.

**BROCADE FOULARDS.**  
In self colors, are strongly represented. Summer Jap Foulards in many different stripes, on light and dark grounds, are in daily demand.

We advise early selection from this section of our Silk Department, as patterns in many lines are exclusive, and will not be repeated.

## Display of Black Dress and Suiting Fabrics

Spring shipments are now practically complete. Monday we invite your inspection of this beautiful and varied showing of dress and suiting fabrics. The weaves and finishes are legion, therefore we cannot adequately find space for a full description.

**A FEW OF THE MANY NEW CREATIONS:**  
Crepe-de-Crepon, Santalaine, Cord-de-Chine, Poplin-de-Chine, Crepe-Meteor, Craquelé-de-Chene, Broche, Damasse, Eolienne, Brocadi, Poplins, etc., etc.

We have just put into stock a beautiful range of Imported Broadcloths, and include the much wanted weights, and finished in lovely, rich, soft effect that lend themselves for the present charming drapes. Prices range from \$1.00 to \$5.00 per yard.

Gaberdrinos in a delightful range which bid fair for a popular suiting for early spring and summer suits, dresses, etc. Included in our special display for Monday in our Dress Goods Department, Second Floor.
