## TWELFTH HOUR CAMPAIGN WON FOR T. L. CHURCH

His Real Organization Started to Work Only Last Saturday.

### SIMPSON OFF THE BOARD

Controller Who Headed Poll Last Year Was Only Fifth.

Toronto was treated to the biggest surprise in many years yesterday when Controller Church was elected mayor by 6468 majority over Controller J. O. McCarthy. The result was achieved after a short, sharp struggle. On Saturday morning last the mayor-elect had not the semblance of an organization; on that afternoon a committee of 15 was formed and after a prolonged session, extending into the early hours of Sunday, a winning campaign was planned and as early as Monday evening the results began to be felt.

Every ward in turn was thoroughly organized and it soon became evident that the Church propaganda was making sensational headway, but even the most enthusiastic of his workers up to the dying moments of his campaign did not dream of such a complete victory.

A division of the returns will show that only in two wards did Mr. McCarthy have a majority over his opponent, ward four, a solid residential section, and ward seven, both giving him a slightly higher vote than they accorded Church, but the majorities here were so small that they made little appreciable difference in the immense total piled up for his opponent.

Even in his own ward, six, the defeated candidate was several hundred votes behind, while down in No. 3 he received approximately 2500 votes less than Church.

In the business section, ward three, the result was fairly close, but even here the weight of opinion favored Church.

## Church Led McCarthy In All Wards But Two

Majority Started To Pile Up Early in the Evening, and McCarthy's Vote in 4th and 7th Wards Could Not Overcome It.

Controller T. L. Church yesterday defeated J. O. McCarthy, his former colleague of the board of control by a majority of 6468 for the mayoralty of Toronto. Altho a Church majority was returned in every ward but four and seven, the story of McCarthy's defeat is that the electors in Controller Church's stronghold, ward one, stood handily by him, and gave him a majority of 2820, while the McCarthy citadel in wards six and seven proved much weaker than was expected, and in the first instance voted a Church majority of 200, and in the latter gave their candidate the small majority of 24.

Church's majority commenced to pile up from the time the first returns were received from ward three, about 6.15. On the street and in McCarthy's committee-rooms the hope was for some time entertained that McCarthy would more than offset the preliminary disadvantage, but the arrival of returns from ward one and those of a few subdivisions of the west, finally convinced the McCarthy element that Church was mayor-elect for the year 1915.

Table showing majority vote by wards: Ward 1 (Church 5987, McCarthy 3187), Ward 2 (Church 3379, McCarthy 2250), Ward 3 (Church 2413, McCarthy 2338), Ward 4 (Church 2681, McCarthy 2009), Ward 5 (Church 4628, McCarthy 3042), Ward 6 (Church 6730, McCarthy 4539), Ward 7 (Church 1213, McCarthy 1237), Totals (Church 26,041, McCarthy 18,573)

## O'Neill Got Biggest Vote Ever Polled in Toronto

Simpson, Who Headed Poll Last Year, Is Out, While Foster, Spence and Thompson Complete the Quartet of Controllers.

The surprises in the contest for the board of control are the election of ex-controller Foster, and the defeat of Controller James Simpson. The election of Controller John O'Neill at the head of the list was generally conceded during the day; his poll of 20,791 is the biggest vote ever given a controller in the City of Toronto, and a splendid tribute to the esteem in which he is held by the citizens of Toronto.

Foster was returned second on the list with 18,607 votes. The vote of 17,747 for Ald. F. S. Spence, to a large extent is considered to be a sympathy vote. It is a unique experience in Toronto municipal elections for a candidate to be elected without taking the public platform to speak for himself. The controller-elect has been ill in bed for the past ten days, but is reported to be recovering rapidly.

Joe Thompson's election was conceded, but it was generally supposed he would finish nearer to the head of the list. His vote was 16,505. To the attacks of Ald. Sam McBrien must be attributed the defeat of Controller James Simpson, who finished fifth, about 200 votes behind Thompson.

Ald. John Wanless polled a somewhat smaller vote than was expected, while ex-Ald. Fred McBrien, in spite of his big majorality vote last year, was never considered seriously in the race.

Table showing vote by wards for controllers: Ward 1 (O'Neill 20,791), Ward 2 (Foster 18,607), Ward 3 (Spence 17,747), Ward 4 (Thompson 16,505), Ward 5 (Simpson 16,505), Ward 6 (Wanless 16,505), Ward 7 (McBrien 16,505), Totals (O'Neill 20,791, Foster 18,607, Spence 17,747, Thompson 16,505, Simpson 16,505, Wanless 16,505, McBrien 16,505)

## MENINGITIS CUTS OFF TWO LIVES AT SALISBURY

Captain Lester Ingles, O.O.R. Comptroller of Bulford Hospital, a Victim

### PTE. JAMES BARRET TOO

Was Formerly a Hamilton Police Officer and Had Many Friends There.

Special Extract Copyrighted Cable to The Toronto World. SALISBURY, Eng., Jan. 1.—Captain Lester Ingles, comptroller of Bulford Hospital, and formerly of the Queen's Own Regiment, died today from spinal meningitis after one week's illness. Private James Barret, a former Hamilton policeman, attached to the first battalion, also died tonight from the same disease. J. A. MacLaren.

### WORD REACHES FATHER.

An official note from Salisbury Plain yesterday, telling of the death of Captain Lester Ingles, chaplain of the third division of the first brigade, at Bulford Camp Hospital, after a melancholy New Year's Day for Rev. Chas. L. Ingles of 408 Brunswick avenue, the father. This communication was to the effect that Captain Ingles had succumbed to spinal meningitis. The young man died at 8.30, and word was immediately flashed to his relatives. In answer, the request was sent back that he be buried with full military honors, as he became a soldier of his country.

The young man's relatives were not taken unware of his sudden demise. For several days friends at the camp and officials at Ottawa headquarters have telegraphed details concerning the progress of the disease. The first word came to Toronto on Saturday. On Wednesday a cable was received from a Canadian chaplain from Victoria, but Thursday brought no tidings whatever.

### SERVED AT WELAND.

By a Staff Reporter. HAMILTON, Jan. 2.—Word was received here last evening that James Barret, who left with the first Canadian contingent, died at Salisbury Plain last evening from spinal meningitis. Mr. Barret was well-known in Hamilton, having been connected with the local force for over twelve years. He joined the force in 1900 and retired.

## BRITISH WARSHIP SUNK BY ENEMY 600 MEN PERISH

Cruiser and Trawler Picked Up One Hundred and Fifty Survivors of Formidable After Old Battleship Sank in English Channel.

### TORPEDO PROBABLY CAUSED LOSS BUT ADMIRALTY ARE UNCERTAIN

Formidable Was of Pre-Dreadnought Type and Cost Six Millions—Disaster Has Caused Widespread Grief in Great Britain.

LONDON, Jan. 2, 9.42 a.m.—The Daily Chronicle states that survivors of the battleship Formidable report that the vessel was torpedoed both fore and aft early Friday morning, and sank almost immediately, giving the crew hardly time to escape.

This is due not so much to the loss of the ship, which was about fifteen years old, and cost \$5,000,000. It is believed about 600 men went down with her. Thus far only 150 men of the Formidable's crew of 750 are known to have been rescued. A light cruiser picked up 80 (correct), and a Torbay trawler 70. Among the rescued are eight officers and six midshipmen.

They were rescued by the trawler during a terrific storm this morning. ADMIRALTY'S STATEMENT. The British admiralty has not given the locality where the disaster occurred, and declares that it is unable to say whether the ship struck a mine or was torpedoed.

The official information bureau issued a statement as follows: "The battleship Formidable was sunk this morning in the channel, but whether by a mine or submarine is not yet certain. Eighty survivors have been picked up by a British light cruiser, and it is possible that others may have been rescued by other vessels."

### PROBABLY TORPEDO VICTIM.

The fact that the disaster occurred in the English Channel recalls the German positions on the Belgian coast and that German submarines on several occasions in the past have attempted to torpedo them. As in previous disasters to British ships, the casualty list in this case includes many midshipmen, no fewer than sixteen having been on board the Formidable.

### OF PRE-DREADNOUGHT TYPE.

The British battleship Formidable was a pre-Dreadnought of 15,000 tons, launched at Portsmouth in 1898, and completed in 1901. It was 430 feet long, and was heavily armored. It cost £1,022,745. The vessel carried four 12-inch guns, whereas the Dreadnought has ten. In addition the Formidable had twelve 6-inch guns, eighteen 12-pounders, eight 3-pounders, and smaller guns, and four submerged torpedo tubes. She was a sister ship to the Irresistible, the Implacable and Bulwark, blown up a few weeks ago off Sheerness.

The Formidable had assigned to her, according to the British navy list for December, various fleet officers, and consequently she undoubtedly was acting as a flagship at the time of her destruction. Her captain was Andrew S. Eveling, and her commander, Charles E. Ballard. Captain John C. Deed was in command of the marines on board, while the fleet surgeon was Godfrey Taylor, and the fleet paymaster, F. J. Ling. The chaplain is given as the Rev. George B. Robinson.

## POLE SAYS POLE MURDERED MAN IN CEMETERY

Mystery Crime Near Old Belt Line Probably Solved by Police.

### BLOOD STAINS TATTLE

Twenty Macedonians Arrested—Two Held—Discolored Weapon Under Bed.

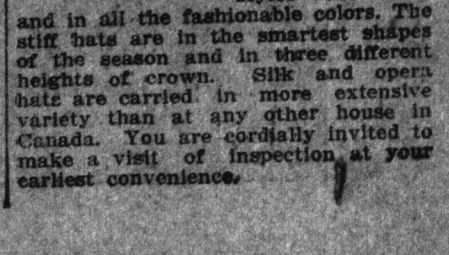

The murder mystery of Mount Pleasant Cemetery has apparently been cleared up. The dead Macedonian who was found with crushed skull half covered in snow, near the old Belt Line tracks, late Tuesday night, has been identified as Bogora Trendo, 24, laborer, married, 131 Niagara street. Under arrest are two Russian Poles: John Ziolk, 27, 493 West Richmond street, and Tomas Sechocki, 21, 111 Elizabeth street. They will face a charge of murder in the police court this morning. The former is rumored to have made a statement tantamount to a confession, in which he admits having induced the victim to go out with him and Sechocki, admits having seen Sechocki striking the blows that killed Trendo and having helped hide the body. The police say the clothes of both men are covered with stains that look like blood.

Waagen Recovered. A common claw-hammer, apparently blood-stained, was found by the police between the mattress and the springs of Sechocki's bed at the Elizabeth street place. Twenty arrests were made early yesterday morning by Detectives Armstrong and Levitt of the city police force, Constable Brown of the county force and Inspector Miller of the provincial detective staff. Eighteen men and women were released. The detectives, who had only four hours' sleep in the last forty-eight hours from breakfast time till 5 o'clock.

YORK COUNTY AND SUBURBS

GRAHAM AND M'KAY ELECTED IN YORK

Former Councillor Becomes Deputy Reeve by Huge Majority.

VOTE WAS VERY LIGHT Both Promise to Do Their Best to Keep Public Work Going.

William H. Graham was elected third deputy reeve of York Township yesterday by the substantial majority of 1819, and C. Mackay was elected councillor by a majority of 556 over I. C. Woolner, who polled the second highest number of votes of the four candidates for that position. The voting was as follows: For third deputy reeve—W. H. Graham, 1819; Nathan O. Ramsden, 255; For councillor—C. Mackay, 1116; I. C. Woolner, 556; W. H. Martin, 419; Cecil Roy, 119.

Little interest was taken in the election, as the total vote cast was only 2295, and the names on the voters' list number about 12,000. Returns came in promptly, and at 3 p.m. the result was announced by Town-

ship Clerk W. A. Clark, after which the candidates addressed a large gathering in the council chamber. To Plan Relief Work. In an interview with The World, Mr. Graham said: "I shall continue working in the interests of the workmen, and am going to devote my attention to the alleviation of the distress which is prevalent throughout the township, and will endeavor to have as much work started as possible, such as cutting down hills and the laying of sidewalks. In conclusion, Mr. Graham promised to give his best attention to the light and water questions. "Chas. Mackay, who is a well-known contractor, stated that he would do his utmost during his time in council to live up to the expectations of the electors. "The unemployment question is quite a serious matter," he said, "and if there are means by which I can aid the council in helping the needy, they will have my hearty support." Mr. Mackay thought that localities such as Swans and Todmorden should have the assistance of this project. "This is the first time I have run for the council, and I feel proud of the confidence which the electors have placed in me," he concluded.

Annual Meeting at Todmorden School The annual statutory meeting of the ratepayers in Public School Section No. 27, York Township, at Todmorden, was held on Wednesday night in the school house. The auditor, Robert Hazelton and Frank G. Water, presented their report for 1914, and as everything was shown by them to be a sound financial condition, the report was unanimously adopted. Robert Hazelton was elected people's auditor for the thirtieth time. School Term Having expired, and no person having applied him, he was re-elected for a further term of three years. The new school on Torrens avenue will be opened after Easter holidays. An appropriate opening ceremony in the form of a social reunion, with music and refreshments, will be provided at the expense of Mr. George T. Davies, who is an ex-scholar of the original school. The new building is the third one used in the school section.

BERLIN WANTS PROBE INTO POLICE AFFAIRS

Candidates for Council Who Demanded Inquiry Given Big Majorities.

Special to The Toronto World. BERLIN, Ont., Jan. 1.—Those members of city council who are demanding an investigation into police affairs were returned today by electors by sweeping majorities. Dr. J. E. Hettr rolled up a majority of 748 over his opponent, A. L. Breithaupt. The following is the alphabetical section according to number of votes received: W. E. Gallagher heads the poll with 1566. D. Gross, I. Master, C. O. Hahn, J. Schwartz, G. Bucher, Dr. Hucheneard, Dr. Walters, J. Hesseusner, Dr. Rudell, W. G. Cleghorn, C. B. Dunke, J. A. Holliman, J. W. McCutcheon, E. W. Trask.

WALTERS ELECTED HAMILTON'S MAYOR

Polled Majority of Over Seventeen Hundred Over Controller Gardner.

NO LICENSE REDUCTION PUT UP GOOD CAMPAIGN

Results for Board of Control About as Expected—Seven New Aldermen.

HAMILTON, Saturday, Jan. 2.—Ald. Chester E. Walters was elected as Hamilton's mayor for 1915 yesterday by a majority of 1748 over Controller Charles W. Gardner. The race was Walters' all the way and Gardner never had a chance. The election of Ald. Walters at the new mayor, it is said, was entirely due to the people's desire for a new system of management. Ald. Walters' efforts in the past year in connection with the several arrests after a civic judicial conference in him to resign as a victor by one of the largest majorities recorded in several years. Ald. Walters was in the contest one year and ran on an independent ticket, while Charles W. Gardner, his opponent, who has served in the office since its inauguration. Two years ago, ran on the Liberal ticket.

Gardner Disappointed. Controller Gardner was greatly disappointed at the way he was treated by the electors, he said, because of his long service in the office. When the final results of the voting were made known to him last night he expressed great disappointment, but assured his followers that he would again enter the municipal fight next year and try once more for the position of chief magistrate.

People Wanted Change. Speaking to The World last night Mayor Walters said: "I am glad that the result of the contest much and realize that it was not because of what I have done that the people wanted a change in the methods of running city affairs. I am very sure of my responsibility and will want the assistance of the aldermen and controllers in carrying out the program of the council. I hope to gain results which will better the condition of the city with civic affairs and which will better the conditions of all the taxpayers." There was no great surprise sprung concerning the contest for the board of control, and with Ald. Thomas Robson were returned, with Ald. Thomas Robson as chairman of the civic investigation committee, as the new members. Controller Cooper, who ran being 147 votes behind Cooper, Ald. Robson was fourth, with 335 votes less than Juttan.

Seven new faces appear on the aldermen's list, but only one of last year's was defeated. Ald. H. A. A. E. either retired or ran in the majority of controller contest. There were 147 votes for Ald. Roy and Ald. Gardner being returned by acclamation. The new men in the council are: Ward 1, Dore and Nichol (Ward 5), Sheppard (Ward 6) and Hodgson (Ward 7).

License Reduction Lost. All the bylaws were defeated by large majorities, which was largely due to the present hard times. The temperance people were given a bump when the liquor reduction bylaws were amended under the bylaw to cut out 16 tavern licenses and 3225 against, while the bylaw to reduce shop licenses by 10 was defeated by 2253, the vote being 6515 for and 5763 against.

SCORE FOR BOSSISM MCCARTHY'S VIEW

Not Downhearted at Result of Election, Nor Expressing Regret.

NOTHING TO BE ASHAMED OF LOAD OF RESPONSIBILITY REMOVED.

The same smile that had been with Controller McCarthy in the moments of all previous victories in the municipal arena, and which, indeed, he showed in his fighting mood, was with the defeated candidate for the majority when he was interviewed by The World last night after the complete returns had been received. He did not look like a defeated candidate, nor did he express any regrets. Controller McCarthy received the returns at his home on Leppard street, as has been his custom in all his fights for municipal honors. When a majority of the subdivisions showed a big majority for his opponent, he was prepared for the worst.

How do you feel about the result of the election? "The question which The World asked Mr. McCarthy. "Feel badly? No," replied he. "It's funny if there wasn't a serious situation back of it all. I put up the best campaign of which I was capable, and I have no regrets. I feel as tho' a load of responsibility were lifted from my shoulders. No one but myself, perhaps, can understand how much I will appreciate having a little more time with my family than I have had for the last five years. I knew for days past that the influence against me was likely to accomplish this result, and I had told my family so. It is not the first time in the life of a great city that 'bossism' has triumphed. I could have made peace, but I would rather be defeated having the confidence of 20,000 of the best citizens of Toronto than make peace with 'bossism.'"

DEAD DEAL AIDED HIM, SAYS FOSTER

Thinks People Want to Be Sure Street Railway Proposals Are Ended.

"WATCH-DOG" GOES BACK

Will Preach Economy and Study City Management Closely, He Says.

"The Watchdog" goes back once more to the city hall, and according to his own statement, will study city management closely. He says that he will receive the people for calling him up and considered his return "a victory for the people; they evidently held a suspicion that the street railway deal would be brought up again and had a feeling of danger about it."

MILITARY TRAINING IN GOTHAM SCHOOLS

NEW YORK, Jan. 1.—Mayor Mitchell favors military training at high schools and colleges, and it is barely possible that some sort of military instruction will be introduced in the public schools of this city. He says: "I would want more information on the subject before I made up my mind. I intend to talk to the master over with Gen. Leonard Wood."

TWELFTH HOUR CAMPAIGN WON

Church's Organization Did Good Work During Past Week.

THREE NEW CONTROLLERS

Spence, Foster and Thompson Are Placed With John O'Neill.

Spence, Foster and Thompson were returned at the head of the poll by a vote greater than John O'Neill's. The vote was larger than a year ago, but it cannot truly be said that it fully represents the views of the majority of Toronto electors. There are over 100,000 voters on the list; only about 45,000 went to the polls. The weather was favorable and conditions generally were conducive to a large turnout. But the stay-at-home club to the frigid little more were eleven candidates in the field, and the vote was greatly divided by party and other considerations. Ald. Spence headed the poll by an overwhelming majority, with Joe Gibbons and Rodin nearly 1600 votes behind. Birdwell was in fourth place, Donald Macgregor next, and the rest nowhere.

Another complete surprise was furnished in the board of control. Controller Simpson, one of the present members, was dropped, and two former controllers, Spence and Foster, were returned. Spence played a large part in the return of the late mayor, and he had been unable to appear on the platform during the campaign and in his absence the public had been misled by Ald. Bunting, who was remembered at the polls, and he again topped the poll.

The defeat of Simpson is attributed largely to the campaign conducted by Ald. McBride. His socialist tendencies were too heavy a handicap to carry in a race where wavering played such a large part. Last year he was head of the poll with 20,000 votes, the largest ever polled for a controller up to that time. This year he is put out of the greatest rivalry in the history of civic politics. True, he was close to Thompson at the finish, but he had just a few too many friends to overcome the fourth man.

John O'Neill was returned at the head of the poll by a vote greater than Simpson received a year ago. No doubt Simpson received a larger vote than the Catholic of the city combined to support him helped some in the count, but there are only about 8000 electors of that faith on the lists, it is evident that his splendid record and sterling character won him the favor of all sections and classes of the community.

Seven New Aldermen. Only one of the present aldermen seeking re-election was defeated. Ald. Spence was returned in ward seven. Owing to retirements, however, there will be seven new members of council, one each from wards two, three, four, five and two from six. In the latter ward the contest was one of the most interesting of the campaign. There were eleven candidates in the field, and the vote was greatly divided by party and other considerations. Ald. Spence headed the poll by an overwhelming majority, with Joe Gibbons and Rodin nearly 1600 votes behind. Birdwell was in fourth place, Donald Macgregor next, and the rest nowhere.

Skilton's Good Run. In Ward Three the new member is ex-Ald. Ramsden, who returns to council after several years' retirement. Skilton, for a new run, made a splendid run, but the question of municipal reform in general, and his campaign was largely conducted with the same vigor as that of Weir, who learned many things in his unsuccessful effort a year ago, and used his newly-acquired knowledge to such good effect that he topped his rival. The services rendered to the ward by Ald. Bunting were remembered at the polls, and he again topped the poll.

In Ward Two Ball takes the place of Ald. Wanless, who retired. The strong run made by Ald. Wickett was the only surprise here.

In Ward Four Cowan was the logical choice. The presence of Dworkin failed to affect the result so far as the Hebrew opponent, Ald. Stager, was concerned. In fact the latter's services during the year were recognized by the electors by an increased support, his total showing 500 more votes than a year ago.

Two Labor Members. Laborites, despite the downfall of Controller Simpson, are by no means depressed. They will have two members in council again next year, and the leadership will likely fall upon the shoulders of Ald-elect, Gibbons, of Ward Six. The Trades and Labor Council have less influence in Ward Six than they had in any other ward of the city, and they felt that the fight against McBride was hopeless, as they hardly expected that as a result of his attacks Controller Simpson would fall by the wayside. However, the latter will have a worthy successor as the champion of the workers in Ward Six, and the rest nowhere.

Two Labor Members. Laborites, despite the downfall of Controller Simpson, are by no means depressed. They will have two members in council again next year, and the leadership will likely fall upon the shoulders of Ald-elect, Gibbons, of Ward Six. The Trades and Labor Council have less influence in Ward Six than they had in any other ward of the city, and they felt that the fight against McBride was hopeless, as they hardly expected that as a result of his attacks Controller Simpson would fall by the wayside. However, the latter will have a worthy successor as the champion of the workers in Ward Six, and the rest nowhere.

Seven New Aldermen. Only one of the present aldermen seeking re-election was defeated. Ald. Spence was returned in ward seven. Owing to retirements, however, there will be seven new members of council, one each from wards two, three, four, five and two from six. In the latter ward the contest was one of the most interesting of the campaign. There were eleven candidates in the field, and the vote was greatly divided by party and other considerations. Ald. Spence headed the poll by an overwhelming majority, with Joe Gibbons and Rodin nearly 1600 votes behind. Birdwell was in fourth place, Donald Macgregor next, and the rest nowhere.

Another complete surprise was furnished in the board of control. Controller Simpson, one of the present members, was dropped, and two former controllers, Spence and Foster, were returned. Spence played a large part in the return of the late mayor, and he had been unable to appear on the platform during the campaign and in his absence the public had been misled by Ald. Bunting, who was remembered at the polls, and he again topped the poll.

The defeat of Simpson is attributed largely to the campaign conducted by Ald. McBride. His socialist tendencies were too heavy a handicap to carry in a race where wavering played such a large part. Last year he was head of the poll with 20,000 votes, the largest ever polled for a controller up to that time. This year he is put out of the greatest rivalry in the history of civic politics. True, he was close to Thompson at the finish, but he had just a few too many friends to overcome the fourth man.

John O'Neill was returned at the head of the poll by a vote greater than Simpson received a year ago. No doubt Simpson received a larger vote than the Catholic of the city combined to support him helped some in the count, but there are only about 8000 electors of that faith on the lists, it is evident that his splendid record and sterling character won him the favor of all sections and classes of the community.

To be running for re-election for alderman is usually considered equal to bait the battle, providing also that one has behind him a record for a year or more which will stand some of the limelight.

This is the fourth year that Ald. Robbins will be in council. He was elected in 1912 by election, when he contested the seat left vacant by the resignation of Ald. Dan Chisholm.

CROWDS SURPRISED AT WIN OF CHURCH

General Belief Had Been Contest Would Be Close for Mayoralty.

Even the snow and sleet that poured down upon the heads of the voters as they watched the bulletins last night was unable to make them down-hearted. Everybody was too much surprised to notice a little thing like snow, for Centre Church had sprung another of his perpetual surprises.

## SCOTLAND HONORED AT MASSEY HALL

### Patriotic Concert Largely Attended—Well Presented Numbers.

The Land of the Heather was honored last night in Massey Hall when a large audience enjoyed a fine program of Scotch vocal and instrumental music, national dances and readings.

Piper J. P. Robertson, with a skit of the pipes, introduced the musical numbers, followed by Harold Jarvis in the appropriate "Auld Lang Syne" to "Annie's" the audience rising in response to the toast of the song. Miss Murray-Murphy was Highland Captain, and the Scotch songs were well presented. The songs were very expertly recited, a recall, and Edward Stearns sang "O'er the Hills" very sympathetically, and as an encore gave the popular "Mary."

As a reading Miss Mary Lyon gave a scene from "Within the Law," and this, as in later numbers, proved herself a reader of marked and versatile ability. "Angus Macdonald" was sung with dramatic effect by Miss Mary Bruce-Brown, who was rewarded by a recall, and a handsome offering of flowers. A feature of the evening was the playing of Miss Nellie MacMillan of the Mohr, the young musician reciting five recitals of her first appearance and fairly moving to silence under the enthusiastic rendition of "My Dear Tammy" and evoking the real Scotch "ho" from the enthusiastic song.

The patriotic "Are We Downhearted, No!" and a later number were sung by Harold Jarvis with the full voice that the Toronto public are so glad to welcome, an "Ere Crawling Haystack" by Miss Bruce-Brown and Mr. Stearns, was one of the most popular numbers of the program. Miss Florence McKay was a most sympathetic accompanist.

The concert closed with the traditional "Auld Lang Syne" and the National Anthem.

## THEATRES

### ANNIE RUSSELL AT PRINCESS.

Annie Russell and her excellent company will be seen at the Princess Theatre at next week, with Wednesday and Saturday matinees, in a new romantic comedy of the future, "His Royal Happiness." The play is of Canadian authorship. It is by Evarard Coles, long the Dominion's most popular novelist, who has made the comedy from her own novel of the same title. This is Mrs. Coles' debut as playwright. The plot has to do with the love affair between Prince Alfred of England and Hilary Lancaster, an every-day American girl of refinement and charm. The prince weds the girl secretly and on his unexpected ascension of the throne succeeds, after four years of waiting, in overcoming all opposition to the American girl's sharing his throne. A traitor was made three seasons ago by Hilary with the refined distinction and subtle naturalness for which her acting is noted. Oswald York, Fredrick Ward, Ffoliot, Paquet, John Daly Murphy and others are in the supporting company.

### GILBERT AND SULLIVAN WEEK.

Wolf Hopper and the Gilbert and Sullivan Opera Company will be at the Royal Alexandra all next week. The first revival of the present season was made three seasons ago by William A. Brady, under whose auspices the present tour is being conducted. The operas selected was "The Mikado," "The Gondoliers," "The Pirates of Penzance," "Trial by Jury" and "The Sorcerer." These are all included in the repertoire. The production, which has been put together with studied care, supporting the operas are the following: Fredrick Ward, John Willard and Herbert Waterhouse. Of all these operas, "The Mikado" enjoyed most popularity in America than the others, but "The Pirates of Penzance" followed closely for first honors.

### FISKE O'HARA AT GRAND.

The romantic spirit of the 18th century fills the performance of Fiske O'Hara in the play, "Jack's Romance," which he will present at the Grand Opera House next week, with matinees Wednesday and Saturday. Fiske O'Hara has a new budget of songs, which he sings with his inimitable art and which are one of the delights of the performance. "Jack's Romance" is mounted as sumptuously as the other Pitco productions and is presented by one of the strongest casts ever seen in Irish drama.

### THEATRE.

The Irish girl with the Spanish name, Trisla Prizanza, the comedienne so well-known in Toronto, will headline the bill at Shea's next week. She will be seen at her best in a travesty of the famous "The Partners" and Fisher and Harry Green in a comedy sketch, entitled "The Partners," have an amusing playlet by James Horan. In "Speaking to Father," George Ade's sparkling comedy playlet, Milton Follock and company will provide an entertaining sketch full of bright lines and amusing situations. Hawthorne and Ingels offer "A Fool There Was"; Roxey La Rocca, a talented harpist; George Brown, champion walker, in a novel sketch; the Alpine Troupe and the Gardner Trio in feature dances, with film comedy, complete the bill.

### THE HIPPODROME.

Daniel Frohman offers that favorite film star, Mary Pickford, as the headline attraction at the Hippodrome next week in the fanciful fairy tale, "Cinderella." The Five Musketeers offered as the vaudeville feature, will provide some clever dancing, singing and instrumental offerings. Milton and Dolly Nobles will offer Mr. Nobles' latest comedy playlet, "The Auto-Suggestion Club." The Lelands have an oil painting novelty, while Gouling and Keating are a pair of clever comedians. The Cyclonians are whirlwind cyclists, who offer many daring feats, singing comedians. A current weekly film and two comedy photo plays complete the bill.

### "UNTANGLING TONY."

On Tuesday, January 12, a matinee will be given at the Royal Alexandra Theatre when the amateur production of "Untangling Tony" will be given for the benefit of deserving charities in the city. Several prominent Toronto

## Secrets of Health and Happiness

### Death Is an "Accident," Not a Real Part of Life

#### By DR. LEONARD KEENE HIRSHBERG

ESAYS and philosophies have been written about the beauties of old age, but I challenge and deny them all. To maintain that there is a charm in old age is much the same as to pretend that you hate war news. The one is as psychologically impossible as the other is Pockshiffman. Old age is still old age. It is the wings, not the growing moon. The dust of evening can never be the base of noon. It is not strength, but weakness.

Any extension of the allotted limit of human life beyond the time-honored one of three score and ten will inevitably help in extension of the span of life of the whole living world. Analogously, any experiments or discoveries which will lead to longer life and better health in lower creatures will inevitably aid man to the goal of mortal yet endless life.

When Prof. Herbert Spencer Jr. visited America's foremost biologist and student of living things, recently announced from his laboratories at Johns Hopkins, that a systematic change of their foodstuffs and environment would allow those frail animals called man and woman to live an undying life thru thousands of generations, it was realized that even human kind need not necessarily die.

From the researches of Prof. Jennings, Metchnikoff, Woodrow, those of Dr. Alexis Carrel, it is plain that the supposed inevitable end of human life is not what it has been cracked up to be. In fact, it is not within the realm of theology, philosophy, science and sanity to consider the possibilities of humanity living on forever.

Old Age Accidental.

There is no such thing as "natural" death, according to the lights of Dr. Alexis Carrel. All nature and all science clear away the forest of accidents, and as fast as they see a tree estimate, when knowledge and discovery shall bring into man's purview each detail of all the "accidents" which "accidents" are not laid low by lightning bolts indefinitely. That is to say, as long as he can forestall and anticipate those accidents.

Professor Kossel and Lister's discoveries of disease germs and methods of warding them off eliminated a battalion of these "accidents" at one fell swoop.

The discoveries of surgery, bacteriology, chemistry, antitoxins, vaccines, and other measures and many similar things have also eliminated legions of death-dealing and health-maiming "accidents" in the world.

In other words, nobody dies, but everybody is assassinated, killed by mis-steps, foods, bacteria, parasites and other enemies of life. A solid nursing bottle, a splinter, a scratch, the measles and "colic" are murderers, pure and simple. No other name fits them.

People who seem to die of "old age" or from "natural causes," true enough are not laid low by lightning bolts, but by the same causes that even at birth lurks in life an element of decay. It is not true.

Tissues Kept Alive.

There is no cycle of life from its origin up to a sure decay. The fact that living structures, the textiles of a living fowl or the vital anatomy of a man can be kept alive, sprouting, growing and multiplying in a flask, was discovered several years ago by Dr. Carrel.

The French-American savant has lately gone beyond this. He has found that living tissues may be kept alive and thriving outside the corporate limits of the body which once possessed them for ages and ages. In brief, bits of a live heart if placed properly in a proper medium, as its own blood and in an incubator, will continue indefinitely to beat and to grow. Before his mother can get her heart tissue can be counted, and can be seen to grow as if with the elixir of life and youth. When Dr. Carrel, a year or more ago, first began these experiments, he found not only that the various bits of heart, liver and other tissues decayed and died, but that those taken from an old animal were feeble and sluggish, whereas those which came from embryos and children were lively and vigorous.

He experimented until he found that the real difference between youth and age, multiplication and decay, was the

amateurs have been secured for the production and are given gratis. "Untangling Tony" is a large comedy full of bright lines and laughable situations. "Tony" has been blessed with an ambitious mother who does her best to marry him to a girl whom she considers suitable for him. Tony, however, has a mind of his own, and before his mother can get him rightly placed he has mixed himself up with an actress. The situations which arise when the mother and other relatives attempt to straighten out his tangled love affairs are said to be humorous in the extreme.

### GARDEN OF GIRLS.

### LADIES.

## An Appeal to Women

Regret having been expressed at the failure of the women of Toronto to support the exhibition of pictures contributed by Canadian artists in aid of the patriotic fund, the president of the National Union of Women Suffrage Associations, and the Provincial Association, have appealed to the members of these and affiliated bodies, and to the members of other societies, and urged them to make a point of visiting the galleries at the public library on College street during the afternoon and evening of Monday, Jan. 4. Women are no doubt doing much for our soldiers at the front, and the many details of the holiday season have probably been to some extent responsible for the small attendance. But the artists who have so generously contributed to the very fine and representative collection now on view, deserve due measure of public recognition apart altogether from the fact that the patriotic fund directly benefits.

The appeal is especially made to our members of the Toronto Suffrage Association, the Equal Franchise League, the Teachers' Association, the Beaches Progressive Club, and all other organizations of progressive women.

## CHILDREN REVELLED IN SKATING WEATHER

### Reception at the Moss Park Recreation Centre Highly Successful.

The New Year's Day reception to the boys and girls of the downtown district at Moss Park recreation centre was highly successful yesterday. The best of skating weather prevailed, and the boys and girls turned out in crowds. There were close to one thousand on the grounds. The visitors were received by Miss S. E. Armstrong, and the director of recreation for the city playgrounds, S. H. Armstrong, whose mother, Mrs. G. H. Armstrong, was the guest of honor.

After refreshments, the youngsters trooped downstairs to the ice. A band made music for them, while those who did not skate were entertained in the gymnasium, where an excellent concert program was rendered.

## RABBI DENIES JEWS CRUCIFIED CHRIST

### Saviour Victim of Romanized Population of Palestine for Sedition.

Rev. Dr. Price, rabbi of University avenue synagogue, aroused a great outburst of applause last night by his denial that the Jews crucified Christ. The main floor of the building was crowded with men and the gallery with women.

Dr. Price made a technical analysis of the New Testament history of the trial and crucifixion of Christ. He argued that these were many things apparent to Hebrew scholars.

He charged that the historical part of the New Testament, so far as it placed responsibility for the crucifixion upon the Jews was an absolute distortion. He claimed that the "distortion" was caused by race hatred, and had for its purpose the driving of the Jews off the face of the earth. He prophesied that scientific study of the New Testament would eventually convince the Christians that Jesus was executed by the Romans purely on the ground of sedition based upon the interpretation placed on His utterances by residents of Palestine, who were fanatical Roman partisans.

### Recommends 'Em for War.

WASHINGTON, D. C.—In his annual report, Secretary of War Garrison recommends the incorporation of privately-owned motor vehicles, including motorcycles and motor cars, into volunteer reserve units. He says: "The universal utilization of motor transportation in the present war has vastly increased the mobility of armies. It is necessary that we keep abreast of the times in utilizing motor vehicles for army transportation. It might be well worth while to devise ways and means of organizing into volunteer motor transportation reserve the motor vehicles adaptable to military use now in the hands of private citizens."

## Married Sixty Years

Dr. and Mrs. William Wedd, of Parkview Mansions, are today celebrating the sixtieth anniversary of their wedding day, at the home of their youngest son, E. K. M. Wedd, of Pulmerston Boulevard. Dr. Wedd, who is in his sixtieth year, was for forty-three years classmate-mate at Upper Canada College, and was married on Jan. 3, 1855, at Holy Trinity Church, Toronto, to Clementina Martin, eldest daughter of the late Rev. George Maynard, mathematical master of the same college.

At this date, when Lake Ontario is entirely closed to navigation during the winter months, it seems strange to learn that their wedding journey was made in midwinter to Niagara Falls and Buffalo by the steamer Zimmerman, which, sixty years ago, used regularly to cross the lake from the Queen's Wharf, summer and winter alike.

Dr. and Mrs. Wedd have six sons and two daughters, twenty-three grandchildren and five great-grandchildren. Two of their grandsons are with the Canadian contingent at Salisbury.

SATURDAY MORNING, JANUARY 2

A New Administration

Three-fifths of the people of Toronto did not take sufficient interest in the city government to poll their votes in the mayoralty election. Of the remainder who got out and voted, about three-fifths elected Controller Church over Controller McCarthy.

Mayer Hocken has given the city a good administration and he was well supported by Controller McCarthy. But Mayor Hocken's administration was associated with a policy which he found himself unable to carry out, and he lost prestige on that account. However good the policy may be, if it fails, it carries its own sentence.

The people have felt themselves bound to make a change, and they have chosen to make the change independently of other considerations. It is true that Controller McCarthy had the liquor interests arrayed against him, but his temperance supporters did not back him up as might have been expected.

At all events a new administration has been chosen, and it must be allowed to develop its policy. We are fated to face with much more alarming circumstances than most people appreciate, and the new men have a right to ask for an untrammelled opportunity to see what they can do. So far as we are concerned they will not be subjected to capricious criticism. They represent the people and the voice of the people must prevail. We reserve the right to criticize where they may obviously fail to conserve the people's rights, and to serve the city single-mindedly. It remains to be seen whether our speculations of the last week, or two, are true, or have been well-founded, and we shall be glad to be shown that there was no reason for anxiety.

Is the Truce Over?

Unless the public are greatly misled The Montreal Herald represents the personal views of Sir Wilfrid Laurier more intimately than any other English-speaking Liberal paper in Canada. We therefore attach more than ordinary significance to its editorial in a recent issue entitled "When Parliament meets in February."

The Herald says: Despatches from Ottawa in regard to the forthcoming assembly of parliament predict that the session will be a short one. This prediction is based, of course, upon the supposition that, as a political truce is in effect, the opposition will do nothing but sit in the benches and cry "Hear, hear," to everything that emanates from the government side of the house.

Our Montreal neighbor goes on to say that many questions will come before parliament upon which the Liberal members representing one-half of the people of Canada must be heard. First among these it places the question of army contracts, alleging that some unsuitable supplies have been furnished to our troops at Salisbury, and further that only contractors are patronized who are out and out supporters of the present government. No whitewashing, it says, will be tolerated, but the truth or falsity of the charges must be investigated by a committee of the house upon which the opposition is represented.

All these are as they may be; our impression in Toronto has been that the Liberals were getting more contracts than the Conservatives. The point is that the Liberals are apparently preparing to discuss dispassionately the conduct of the war, and if it ever existed, comes to an end. We would be glad to think that there was a truce for patriotic reasons between the two political parties, but every now and then we doubt whether the milk-white flag really floats over the two great camps. The Herald article, as we take it, says adroitly what a Toronto contemporary said so clumsily, namely, that this session will be neither short nor non-contentious unless the opposition is granted another session of parliament before there is an appeal to the people.

Both The Montreal Herald and The Toronto Globe assume that a truce does exist between the two political parties, and that to bring on an election without warning would be to violate the same. The Winnipeg Telegram, the leading Conservative paper of the west, and credited with reflecting the personal and political views of Hon. Robert Rogers, declares that no truce ever existed, because no agreement was ever made by the predominant party to that effect. The opposition voluntarily declared that it would not oppose the government, but that according to The Telegram was because it shrank from the bayonet charge of a general election. The Telegram further charges that some Liberals at least are actually antagonizing the war policy of the government, and that campaign literature is being distributed in the west designed to inflame the voter of German or Austrian descent, and we read:

There was never any arrangement reached between the two political parties in Canada for a cessation of hostilities. It is true that the minority in parliament announced that a truce existed and it was good politics on their part. The position they occupied was untenable, and an utter rout faced them if the battle of the ballot was precipitated. They wanted time to shift their position, and themselves of barnacles and scum. If possible, some reason for an attack was devised, and their position was hopeless. While declaring that a truce existed, how was their pledge observed and hostilities cease or was the attack continued?

From one end of Canada to the other the Liberal press and politicians never ceased in guerrilla attacks, and especially in trying to set against the powers that be those of our citizens of German or Austro-Hungarian descent. Not content with these violations of the truce, the Liberal press bureau is flooding the country with campaign literature—attacking the government unfairly and dishonestly. So open is the violation of the privilege of the "white flag" that the head of the Liberal press bureau has issued a statement appealing to the faithful to distribute the party ammunition. All this time Sir Wilfrid is serenely announcing his great patriotism by declaring a truce.

The truce is a farce. It was adopted by the Liberals in self-defence, and is now being used as a cover for offence. For many years the residents of Scarborough Village have complained of the absurd arrangements of the post-office officials. A complaint has now been made in connection with the delay in getting the mail to Woburn post-office, the rural delivery from which includes part of the Scarborough Village district. Instead of taking the mail direct on the radial cars at seven in the morning to Scarborough postoffice, it is despatched to Scarborough Junction, three miles or more distant, and does not reach Woburn till two o'clock. Five hours could be saved by a change in this routing. It is said that an evening mail could be given without any difficulty by using the radial cars, which run thru Scarborough Village, instead of taking the old-fashioned roundabout way of doing things.

Coming Changes

It seems now to be admitted that the United States transcontinental railroads cannot compete for freight with vessels using the Panama Canal. One authority goes so far as to say that for the transcontinental railroads to attempt to compete for freight with the water route would be as hopeless as it would be for horse-cars to compete with steam railways for business between New York and San Francisco.

Welshmen Had Concert

Yesterday afternoon and evening the Toronto Welsh Society held its annual musical and elocutionary competition in the Foresters' Hall. A large crowd of kinsfolk attended. The delivering of recitations in the Welsh dialect was a special item of interest and suitable prizes were donated to the successful contestants. The children's choir competition brought numerous entries and the efforts of the youthful vocal artists were very pleasing.

NO SURRENDER OF COMMAND OF SEA

Britain Must Prevent Contraband From Reaching Enemy, Declares Spectator.

KEEP RIGHT OF SEARCH

U.S. Should Also Protest Against Violations of Hague Conventions by Germany.

Canadian Press Despatch. LONDON, Jan. 1.—The Spectator discusses the American note at length. It recognizes that interests of neutrals differ from those of belligerents in all wars, and says it would be extremely unfair to object to frank statements by neutral countries of their views. The Spectator continues: "We have every desire to be just to Americans, we must also be just to ourselves. We are engaged now in the greatest war that the world has ever known. It is involving us in a terrific toll of life and money, and we are justified in using all recognized methods of warfare to abridge this toll and bring the war to an end."

The Spectator adds that the difficulties under which American trade is laboring are not due primarily to interference with shipping by British warships, but rather to the general disturbance to trade occasioned by the war throughout the world. United States Has Obligations. The Spectator asserts that in many important instances the Germans have violated the conventions adopted at The Hague to which America is party. Being the greatest neutral state, she is under peculiar obligations to insist upon the sanctity of The Hague convention. Without suggesting that America should go to war, The Spectator insists that the bystander is under obligation to interfere "to prevent crime."

He says that people on both sides of the Atlantic would attach greater importance to President Wilson's note if preceded or accompanied by equally strong representations against breaches of The Hague convention with which it charges Germany. It argues that American trade has suffered greatly from the disappearance of German shipping, and states that the difficulties in the cotton trade antedate the war. Searching Ships Necessary. "It is yet to be explained how, except by carefully searching ships on the way to neutral countries contiguous to Germany, we can prevent the Germans from being supplied with materials required by the German army," says The Spectator. "Do President Wilson and the American people expect this country to look on unmoved while our enemies are thus supplied with the means of killing our soldiers?"

The American copper interests, it is said, can sell to the allied nations or to neutrals not adjoining Germany at prices as high or higher than before the war. It states, however, that the demand of the American "copper kings" is that they be permitted to sell copper to England's enemies at inflated prices, which demand cannot be granted. Cannot Surrender Right. The position of a belligerent warship to the command of the sea, says The Saturday Review, is difficult even when neutral governments are friendly. But this position is determined absolutely by the fact that England has that command of the sea, and cannot surrender her right to use it for the defeat of the enemy by any means sanctioned under international law. Unfortunately, The Saturday Review continues, it is necessary to interfere with the custom of neutral countries of selling in the dearest markets, but there is evidence that Britain will "strain to meet every reasonable complaint and make the yoke of the truce as light as is compatible with the objects of the British navy."

AMERICANS DEGRADED BY AUSTRIAN EMPEROR

Christmas Ship Commander and Consul at Genoa Receive Honors. Canadian Press Despatch. LONDON, Jan. 1, 7.45 p.m.—The following wireless despatch was received here tonight from Berlin: "The American consul-general at Genoa, Commander C. E. Courtney, commander of the American naval collision ship, and John Edward Jones, American consul-general at Genoa, the Red Cross badge of honor, first-class."

The following message of greeting has been sent by the Austrian emperor to the Przemysl garrison: "His royal apostolic majesty notes with heartfelt gratitude the spirited allegiance of the garrison at Przemysl. In the splendid resistance of its defenders the emperor perceives the firm security with which the Przemysl fort will successfully resist the enemy."

A CLEAR NATIONAL AIM.

To have a clear national aim is one of the first requisites to building a nation. Haphazard and un-luck has ruined many a home and community. We in Canada are foolish enough to admit that we are mere juveniles in the business of self-development, then the rest of the world will take us at our own valuation. Suppose we take a leaf out of the book of Russia, that vast Slav empire which Germany cynically calls a barbarism. What is Russia's outlook? As clear and definite as the wall of the end of a man's nose. Russia aims to become the greatest farmer-empire in the world, to conquer the greatest areas of unfarmed land on the globe, to make the desert blossom as the rose, to keep eighty per cent. of her people on the land, to buy manufactured goods from other countries.

Very well. We believe Russia understands her own national business, manufactured goods, what chance have we with Russia after the war is over than selling her a few thousand self-binders every year. Russia expects to buy her manufactured goods from the countries that are of the most use to her in the present crisis, which has for its aim the putting of Germany in her place. Russia will be open to buy goods from Canada, over both the Atlantic and the Pacific. But she will never take the trouble to bother with us, if meanwhile we don't settle it among ourselves that we intend to do our own manufacturing for our own people. If we let foreigners supply us with more than half our manufactured goods, what chance have we of selling Canadian-made goods to Russia?

It is the great immediate business and privilege, it is the economic duty of the present moment, and for all time to come for Canadians to buy made-in-Canada goods. But this duty only applies when they find that made-in-Canada goods are at least equal value for the manufacturers' duty is to produce them as such. ST. ANNE'S MEN'S ANNUAL. The annual service of the Men's Association of St. Anne's Church, Gladstone, will take place on Sunday, Jan. 3 at 7 p.m. Dr. Griffith Thomas will preach. The members and members of the Rifle Club are requested to meet in the parish hall at 6.40 p.m. and march in to church in a body.

BAR ASSOCIATION MEETS NEXT WEEK

Lawyers of Ontario Will Gather in Toronto for Two Days. PROMINENT SPEAKERS Sir Chas. P. Davidson and Other Leaders to Give Addresses.

It is expected that a large attendance of the lawyers of Ontario will make the annual meeting of the Ontario Bar Association next week. The dates selected, January 6 and 7, are regarded as perhaps the most convenient for the members of the profession, there being no courts in session and the Christmas vacation extending to and inclusive of the 6th. An interesting function will be the printing of the reports of the standing committees for distribution among the members in attendance. The meeting will be held, as heretofore, in convocation hall at Osgoode Hall, beginning at 10 a.m. of Wednesday. A reception committee will welcome the members during the first half hour and at 10.30, F. M. Field, K.C., the retiring president, will deliver the annual address to be followed by addresses from Sir George Gibbons, K.C., honorary president, and Lt.-Col. Farwell, K.C., of Whitby.

An interesting function will be the luncheon tendered at 1 p.m. of 6th to the officers and guests of the Bar Association by the benchers of the Law Society. Further addresses and discussions upon the reports of the committees will be proceeded with during the afternoon. The annual banquet will be held at the King Edward Hotel at 7.30 Wednesday. Among the distinguished speakers will be Sir Chas. P. Davidson, Chief Justice of Montreal, Sir Glenholme Falconbridge, chief justice of the King's Bench; Hon. Mr. Justice Bisell of the supreme court of New York; Hon. Mr. Fenning of Washington, D.C.; Hon. Frank T. Lodge of Detroit, Mich.; his honor Judge Huycke of Peterboro, N. H.; Hon. Eugene Lafleur, K.C., of Montreal, will deliver an address on International Law, and Prof. Amram of the law faculty of Pennsylvania University will read a paper on Bankruptcy Law, and the election of officers for 1915 will take place.

OFFICIAL STATEMENTS

AUSTRIAN

In Bukovina and the Carpathians the Russians developed great activity. Our troops are holding their positions on the Suceava River, in the upper Carpathian territory, also further west on the ridges of the Carpathians, in the valley of the Nagaya, where yesterday, near Okosimovo, an attack of the enemy was repulsed with heavy losses to him in the upper Latorca district, west of the Uszok Pass.

GERMAN

In the western theatre of war nothing of importance has happened near Niueport. The idea of retaking the hamlet of St. Georges which had been completely demolished by the enemy's artillery fire, was abandoned in view of the high level of the water there.

HOMER MACK HANGS UP NEW RECORD FOR RACING ON THE ICE

Paces Three Fastest Heats at Hillcrest Park—Big Crowd Enjoys Sensational Racing—The Results.

The many thousand harness racing enthusiasts who attended the trotting and pacing races yesterday afternoon at Hillcrest Park witnessed three of the best races seen at a half-mile track ice meeting in many moons. Not only were the races well filled, but they were keenly contested. In some of the heats it was impossible to name the winners until almost from the starting stand. Jack McLean of Calgary cut loose a good thing in the third race, the free-for-all, when Homer Mack's 3 to 1 choice in the betting, well played by the "wise set," came home in front in the first three laps. Homer Mack ran the first two heats in 2:14, and the last in 2:14. The time of the world's record of 2:13, made by Gratian Royal at Dufferin Park a few weeks ago.

It is quite evident that he could have equaled Gratian Royal's record had Driver not let him go in the last heat, as the big brown son of Bettwiser dashed into the lead on the first turn and pulled by five lengths. The time of 2:14 does not only make a new record for the three fastest heats ever run at any half-mile track ice meeting, but it is also a record for the fastest ever run at any track in the world. There was lots of excitement in the 2:20 pace, Brown Hat and Maggie C. both having two winning heats. In the fifth heat, Brown Hat, a 5 to 1 favorite, broke badly on the first turn when Eason, who was driving Maiden Voyage, cut across from the outside and collided with Brown Hat.

YOUR DRINK GUARANTEED. I personally study every feature of my business, and am, therefore, able to guarantee you PROMPT DELIVERY EXACTLY what you order, and the VERY BEST of beverages. Goods shipped to all points in Ontario.

## POLE BLAMES POLE FOR AWFUL CRIME

### Two Men arrested for Mount Pleasant Cemetery Murder.

### BLOOD STAINS TELL TALE

#### Twenty Macedonians Arrested and Two Held—Ugly Weapon Found.

(Continued From Page 1)

Last night questioning Ziolk and Schchock, Ziolk's answers to the questions put to him thru an interpreter occupy several typewritten pages and constitute the most important evidence as yet in the hands of the police.

### MURDERED IN CEMETERY

Bogoras Trendo, Macedonian, found with skull crushed in rear of Mount Pleasant Cemetery late Tuesday night. The Russian Pole was arrested yesterday charged with the murder. John Ziolk admits complicity, but says Thomas Schchock struck the blow. The men may possibly be dealt with in the assizes opening this month.

Petty Beginnings of Quarrel. The alleged theft of a shovel, and Ziolk's dismissal from a construction gang, are rumors of the size of his savings—which he had accumulated in order to bring his wife from his home in Zeglova, Macedonia, are said to have been the beginning of the affair. How two drinks of whiskey and two drinks of beer worked the accused man up to the necessary pitch to do the deed, and how one of them, Ziolk, at the last moment lost his nerve and saw the crime committed only amidst a haze of death from his alleged confederate, Schchock, are the elements of the Ziolk story. Pieced together the facts reveal, according to the police, one of the most brutal crimes ever committed in this city.

Trendo had been here slightly longer. Schchock, whom Ziolk accuses, had lived in the United States previous to coming here last. The arrest was effected only after exhaustive work on the part of provincial, county and city police, in co-operation. The body found late Tuesday by H. Cook, 304 Davisville avenue, Jerry Nelson of 291 West St. Clair, and officer 499, was not identified until yesterday by P. Lazara, 521 King street, cousin of the murdered man, and John Cedar of 81 Niagara street, with whom the victim boarded. The latter told The World reporter who visited the place that the search was narrowed down to the vicinity of Richmond and York streets. With this information and a general description of the stranger, the detectives set to work searching the various Polack and Macedonian colonies through the city. Little by little the search was narrowed down to the Macedonian said he had seen Trendo with Schchock and Ziolk, walking east on Queen street, near Bathurst and Tuesday afternoon. Ziolk's description tallied with the description of the stranger sought by the police. Then another foreigner was found late Thursday night who said he had seen Ziolk talking with a woman on Richmond street. Finally it was learned that Ziolk would probably sleep that night at 693 Richmond west, his usual boarding place.

Watched All Night. A great many foreigners were passing in and out of this place during the late hours of New Year's Eve. The police watched the house all night, waiting until seven o'clock in the morning when the inmates seemed to have settled down. They then demanded admittance and placed the sleeping inmates under arrest. Ziolk was singled out almost at once. When told to get dressed he said he endeavored to put on another man's clothes rather than his own. His own were stained.

Two wagon loads of police carried the inmates of the rooming house to the detective office at the city hall. All but Ziolk were soon disposed of, including a number of women. Ziolk is supposed to have admitted very promptly that he had been with Trendo when he was killed, but said that another man had done the killing. This 111 Elizabeth street man, who is said to be a blood-stained claw hammer from under his mattress, and brought him to the detective office. There he admitted having been out walking with Ziolk and Trendo, but said he had left them before he reached the head of Yonge street. His ex-

### JAP SOLDIERS DELIVERED ARTILLERY TO RUSSIA

Tokio Says This Fact Led to the Belle of Jap Force in Europe.

TOKIO, Jan. 2.—(1915 a.m.)—The fact that Japanese soldiers went to the Russian frontier some time ago to deliver guns and ammunition purchased in Japan, and that an authorization by Emperor Nicholas for Japanese to serve in the Russian army was gazetted recently in the Berlin press, advanced here as a possible explanation of the report in circulation that a Japanese army was on the way to Europe.

## FORSAKE FREEDOM FOR WORLD POWER

### German People Bribed by Bernhardt to Take Empire for Liberty.

### WOE FOR VANQUISHED

#### Teutons Bluntly Told They Lack Qualifications for Directing Own Destiny.

By Anthony Hope, Author of the Dolly Dialogues, Etc., Etc.

LONDON, Dec. 25.—There are many things which General von Bernhardt, whose book is by now familiar to most of us by repute at least, is willing to promise the German people if only they will fall down and worship the ideal of national life and policy which he has laid down. It is true that the book belongs to the moment of other people, but that can soon be put right. The truth is that the German people are in a desperate straits. It needs only a strong and resolute hand to pick it.

But among all his promises there is one omission. I do not know whether it has been omitted on purpose, or whether it is simply an oversight. It is the omission in German eyes, to an Englishman it certainly appears so, and it should suppose, would as appear to a Frenchman or an American. Among all the rewards of victory which he dares to promise the German people, which he has so much to say about other people, he has not said a word about the fact that they are to have what an American, a Frenchman or an Englishman would consider an adequate control of their own. On the contrary, General von Bernhardt discourages any such idea—and that in your terms.

Not qualified for Freedom. The people, he remarks bluntly, are not little qualified as the German is to direct its own destinies, whether in a parliamentary or in a republican constitution. To no people is the customary liberal pattern so inappropriate as to us. A glance at the Reichstag will show how completely this conviction which he has laid down on the way to Europe, holds good today.

No people so little entitled to direct its own destinies! An extreme patriot will even show himself surprised by this. The Germans, who are so proud to appropriate a German phrase, suggest to an Englishman—and you know the German "entitled" has a connotation of a citizen of other countries, which is not the case in the German "entitled" as used here. It is a word which is used to mean a citizen of other countries, which is not the case in the German "entitled" as used here.

No doubt on this score after the general, it was one to find out quite definitely, that "the German people have

## WORLD'S GREATEST KIDNEY REMEDY

### "Fruit-a-lives" Have Proved Their Value in Thousands of Cases.

#### WONDERFUL RECORD OF A WONDERFUL CURE

Only Remedy That Acts on All Tissues of the Organs Responsible for the Formation of Uric Acid in the Blood.

Many people do not realize that their kidneys are one of the three great eliminators of waste matter from the body. As a matter of fact, the kidneys are the system of more urea (or waste matter) than the kidneys. When there is a kidney trouble, pain in the back and tired feeling it may not be due to faulty skin action, or constipation.

Always bear in mind that great acts are the common result of great men. The irresistible pressure of external conditions, as in the case of Napoleon, or under the leadership of a powerful personality, may lead us to believe that we are able to do things which we are not. We must take care, then, to be realistic. We must not be lulled into a false sense of security by the possibility of doing things which we are not able to do. We must be realistic. We must be realistic. We must be realistic.

British Aviator Lost Way in Fog and Had to Descend.

Canadian Press Despatch. LONDON, Jan. 1.—The experiences of Flight Commander Francis Hewlett during the recent aerial raid of the German navy base at Cuxhaven are described in an interview with the aviator transmitted to Reuters' Telegram Company from Amsterdam.

When the mist had cleared I saw that I had lost my direction. I descended at a certain point ascending again and flew over the great German fleet and the trawlers which were lying under steam behind Heligoland. A formidable fire was directed at me and I rolled with several bombs. It was my opinion that I hit one of the German vessels, because soon afterwards dense smoke arose from her.
