The copy filmed here has been reproduced thanks to the generosity of:

The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shall contain the symbol \rightarrow (meaning "CONTINUED"), or the symbol ∇ (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

L'exemplaire filmé fut reproduit grâce à la générosité de:

La bibliothèque des Archives
publiques du Canada

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole \rightarrow signifie "A SUIVRE", le symbole ∇ signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. Les diagrammes suivants illustrent la méthode.

THE Annual Meeting of the Society for the Relief of Strangers in Distress, was held in the Grand Jury Room, in the District Court House, in York, on Friday the 30th day of November 1827, at which His EXCELLENCY the LIEUTENANT GOVERNOR, Patron of the Society, presided.

After His Excellency had taken the Chair it was moved, that the Report of the Secretary be read, when that Officer read the following Report:—

REPORT.

The transactions of the Society during the last year have been so similar to those of the one preceding, that few matters call for particular notice.

Mr. Wood has distributed the Society's funds throughout the whole of the period, and his Journal, (accompanying this Report) shews the extent of his benevolent services. The valuable assistance rendered for so many years by Deputy Assistant Commissary General Billings ceased in August last, upon the removal of that Officer to another post, and the issues of provisions have since been gratuitously made by the Clerk of the Market, and the Garrison Contractor, upon orders issued, as usual, by Mr. Wood.

The poverty and distress which was apprehended at the commencement of the last Winter, it is pleasing to remark, did not prevail so far as had been anticipated, and the exertions used to relieve the indigent and sick, left no known case of severe suffering without alleviation.

Lieut. Col. McGregor, commanding the 70th Regiment, having in his Regimental Store a number of cast off Great Coats, in the kindest manner sent them to the officers of the society for distribution, and they were disposed of to the most needy applicants.

On distributing the printed report of last year's proceedings the Secretary transmitted a copy to the Lord Bishop of Quebec, the receipt of which His Lordship was pleased to acknowledge, and he transmitted at the same time five pounds, to be added to the funds of the Society. On his Lordship's arrival

in York, last Summer, he made some inquiries into the affairs of the Institution and gave five pounds more, desiring that the ten pounds might be considered as his first annual subscription.

Sickness prevailed among the poor, more especially the Emigrants, to a greater extent during the last summer, than at any period since the existence of the Society; and the claims made upon the Medical Gentlemen of the Town for medicines and attendance were consequently great beyond all former years.

From the insufficiency of the current funds to defray the expenses of an Hospital upon the most moderate scale, the Officers of the Society were deterred from attempting to establish one, though vested with the discretion at the last meeting. As a temporary asylum for the sick, His Excellency the Lieutenant Governor has been pleased recently to place at the disposal of the Society the building lately used as a Gaol, and it is now respectfully submitted to the consideration of the Society, how far its funds might be so increased as to meet the expense necessary to fit it up for the reception of patients; and to maintain the establishment throughout the Winter. Such an arrangement would very materially relieve the Medical Practitioners, and greatly promote the comfort as well as the speedy restoration of those admitted to enjoy its benefits.

This report cannot be more appropriately closed than in the terms of the concluding paragraph of Mr. Wood's Journal, which is as follows:—

“Sickness having prevailed to a great extent among the poor and recent Emigrants, during the Summer and Autumn last, comforts in Wine, Tea, Sugar, Barley and Rice, were frequently necessary, and when ordered by the Medical Gentlemen were furnished. By their humanity many were restored to the blessing of health and strength, and enabled to provide for themselves. In every instance, when called upon, Drs. Widmer, McCague, Burnside, and Morrison, were ready and active in their attendance. Dr. Phillips lost no opportunity in giving his immediate attention to all in distress; personally relieving their wants, and bringing them under the view of the Society for assistance. Since Mr. Billing's departure the Clerk of the Market, Mr. Coulson, has acted as issuer of Flour, diligently procuring supplies of that article, on the most mode-

rate terms; these services he has faithfully rendered, declining any remuneration. The different Commanders of Steam Vessels have uniformly complied with the wishes of the Society in carrying from place to place such of the poor and destitute as wished to remove for the change of air, or to look out for relatives, from whom they expected assistance. Captain Richardson, of the Canada; Whitney, of the Queenston; and Mosier, of the Niagara, never hesitated when applied to."

All of which is most respectfully submitted, by,

JAMES FITZGIBBON.

Secretary,

The Accounts of the Treasurer, the Honorable William Allan, were than examined by a Committee composed of the Honorable John H. Dunn, Doctor Baldwin, and Robert Stanton, Esquire, and reported to be correct. The sum expended by the Society this year is £117 2s. 11d. leaving a balance in the hands of the Treasurer of £83 17s. 9½d. Number of Rations issued, 11,232½.—number of persons relieved, 290.

The following is a copy of the Treasurer's account for the year.

Mosier, of the Steam-Vessel Niagara, humanely took charge of him and said he would carry him gratis to Prescott—some provisions furnished to him.

10, A note from Captain Fitz Gibbon, delivered by widow Malony, recommending her again for rations, as she has returned from the country in want.

20, The family of widow Bradley—this woman was House-keeper at the Executive Council Office, has four children, the oldest a girl about 14 years ; the mother has gone and left them destitute, they live with Martin the Office servant—recommended by Archdeacon Strachan for rations.

Sickness having prevailed to a great extent among the poor and recent emigrants, during the by-past Summer and Autumn, comforts in Wine, Tea, Sugar, Barley, and Rice, were frequently necessary, and when ordered by Medical Gentlemen, were furnished ; by their humanity many have been restored to the blessings of health and strength to provide for themselves. In every instance, when called upon, Doctors Widmer, M'Cague, Burnside, and Morrison, were ready and active in their attendance. Dr. Phillips lost no opportunity in giving his immediate attention to all in distress, personally relieving their wants and bringing them into view of the Society for assistance. Since Mr Billings retired, the Clerk of the Market, Mr. Coulson, has acted as issuer of flour, diligently procuring supplies of that article on the most moderate terms ;

these services he has faithfully rendered, declining any remuneration. The different Commanders of Steam-Vessels have uniformly complied with the wishes of the Society, in carrying from place to place, such of the poor and destitute who wished to remove for the change of air, or to look out for their relatives, from whom they expect assistance. Captains Richardson, of the Canada, Whitney and Whiting, of the Queenston, and Mosier, of the Niagara, never hesitated when applied to.

It was then moved, by the Honorable the CHIEF JUSTICE, and carried, that Mr. Justice WILLIS be one of the Vice-Presidents.

On motion of the Solicitor General, that the Society cannot permit the Report of their Secretary to be received without acknowledging their high sense of the arduous services of Alexander Wood, Esquire, which appear in the detached Journal of the transactions of the Society, accompanying their Report: It was therefore resolved, that Alexander Wood, Esquire, be requested to accept the thanks of the Society for his unremitting and kind attention to the numerous applicants to the Society for its aid, and for the elaborate and satisfactory detail which he has been good enough to furnish of each case that has been presented to his notice,

On motion of the Solicitor General, it was resolved that the thanks of this Society be given to the Honorable William Allan, for his able services as Treasurer of the Society:

To the Secretary, for his services, and—

To the Honorable Joseph Wells, the Honorable J. B. Macaulay, D'Arcy Boulton, Esquire, Mr. William Bergen, and Mr. George Duggan, for their unremitting attention to the proper distribution of the Funds of the Society, as well in seeking out fit objects, as in examining into the circumstances of the various applicants for that relief which it is the intention of the Society to afford.

On motion of the Attorney General, it was resolved, that the thanks of this Society be given to the Rev'd. Dr. Phillips, for his very kind attention to the wants of the poor during the last year.

On motion of the Attorney General, it was resolved, that the thanks of this Society be given to Doctors Widmer, M'Cague, Burnside, and Morrison, for their professional attention benevolently bestowed upon the poor Emigrants in this Town and its vicinity.

On motion of Mr. Sheriff Jarvis, it was resolved, that the thanks of this Society be given to Captains Richardson, Whitney, and Mosier, Masters of the several Steam-boats which frequent this Port, for their services to the Society, as stated in the Report.

The thanks of the Society were voted to Mr. Coulson, the Clerk of the Market, for his very valuable services in purchasing Provisions and distributing them to the poor, under the directions of the Officers of the Society, and which services have been rendered gratuitously.

On motion of Mr. Stanton, the Rev. Mr. Macaulay, the Rev. Angus McDonell, the Honorable Colonel Wells, the Honorable J. B. Macaulay, D'Arcy Boulton Esq. and Mr. Wm. Bergin, were requested to form the Visiting Committee, for the present year.

His EXCELLENCY having retired, the Honorable the CHIEF JUSTICE took the Chair, when the Attorney General, seconded by Mr. Justice Willis, moved the two following Resolutions, which were carried unanimously, viz.—

Resolved.—That His EXCELLENCY the LIEUTENANT GOVERNOR having communicated to the Society that he has himself procured a supply of Medicines, which he desires should be placed at the disposal of this Society for the relief of the poor, the Visiting Committee, in concurrence with the Archdeacon of York and the Officers of the Society, be requested to receive the suggestions of Medical Gentlemen, and report to the Society the most convenient means of dispensing the same,

and such other Medicines as the funds of the Society may enable them to furnish.

Resolved.—That this Society respectfully express their gratitude to His EXCELLENCY for his intended contribution, and their sense of the honor done them by his high patronage, and his kind condescension in presiding at this Meeting.

On motion of D'Arcy Boulton Esq. it was resolved, that the Visiting Committee be requested to take such steps for increasing the Funds of the Society, by further subscriptions, as they may think eligible for that purpose.

Resolved.—That one hundred copies of the Report and Proceedings of this year be printed.

JAMES FITZGIBBON,

Secretary.
