# JARDINE TOLD DOCTOR HOW MURDER WAS DONE

**The Girl Slipped on Cellar Steps and Struck Her Head, When a Sudden Impulse Seized Him and He Whipped Out Knife and Did the Deed.**

**GODERICH, April 13.**—Dr. Bruce Smith, inspector of prisons, on trial to-day, told of the confession which he declared Edward Jardine on the stand for murder made to himself and Dr. A. J. Johnson, of Toronto. He declared that he went to Goderich to examine another prisoner, but to his surprise, his attention was called to Jardine, who seemed anxious to unbuckle his mind. "I warned him not to talk of the crime," said the doctor, "but in spite of this he declared that he 'did it.'"

"After much cross-firing between counsel, Dr. Smith gave the story of the confession as follows:  
At the conclusion of the questions referred to everything was quiet. His face suddenly became red, he quickly drew out his handkerchief and put it to his eyes and burst into tears, saying, 'I did it.' He went over to the fair grounds, he mentioned, and saw Lizzy Anderson and gave her money to get a lunch. I met her afterwards during the evening and talked to her. She told me that the Italian had been free with her, and I made proposals to her. She agreed, and I told her to wait around till I could get her. We went off down towards the other end of the fair grounds and made or got thru a hole in the fence and walked along the fair grounds fence. I passed a wet place, where she got mud on her shoes, out of the road and then down the road to a vacant house that I knew about. We went in and sat down by the side of a grape vine. I said to her, 'we will go down here' (into the cellar). She started down first. Just after she started down the steps she fell and struck her head and said, 'My God, Oh, I'm hurt.'"

A sudden impulse.  
"Then I could not help her, for I had a cane. I came right down after her. Instantly the devil got possession of me and I put my hand into my hip pocket and drew out a brown or black handled knife. I put it into her throat once, and then I put it in again and drew it all the way out. I do not know just what happened, but I want to work and cut all her clothes off." "I told him then as before," explained Dr. Smith, "that it was necessary for him to talk about this, but he persisted in going on. He said, 'I don't know what happened, but I know a great possession of me.' He repeated that three or four times. Enquiring of him about the blood that would be caused by such a large knife, he said, 'Did you move the body any?' 'Yes, I pulled it away over in.' 'And you left it?' 'Yes.' 'And did not see it after that night?' 'No.'"

**Washed Off the Blood.**  
Jardine said he got no blood on his clothes, but got some on his hands and knife, which he washed off at home. He did not know anything about the wound on the girl's head.  
"All this," said Dr. Smith, "was given with sobs and in a very pitiable scene. He said, 'I make a brave showing, but I go to my cell every night and cry.'"

He afterwards said it took a great weight off his mind and that he had prayed daily to God to forgive his enemies.  
"For what?" was asked, and he replied: "For this crime I committed."  
Dr. Smith believes Jardine to be a sexual pervert, but responsible. The defence opened tonight and introduced two doctors. Dr. Smith declared Jardine went mentally, but responsible. Dr. Herald Goderich contended in the theory that a person in the circumstances would not know right and wrong at the exact moment of committing the crime. He added that if interference had caused him to desert the act might have been attempted later.

**GAS MAIN ON FIRE.**  
A gas main broke at the corner of Gore Vale and Queen at midnight and gas caught fire, going up to the height of ten feet. The firemen, who were unable to extinguish the fire, water, heaped mud on it to good effect.

**CHRISTIAN WORKERS' CONVENTION.**  
This morning the Christian workers will open their tenth annual Sunday school convention, in the Missionary Tabernacle, 274 Bathurst-street.  
Misses Rodman of Emerson-avenue Mission, and Warner of Grace-Church will give a demonstration of model primary class teaching at the morning session, after which Rev. H. B. Mermer, Ph.D., B.D., will deliver an address.

A demonstration of intermediate class teaching will take place in the afternoon, led by B. Leuman of Bethel Church (Mennoite), and Miss Lillian McIntosh of Gospel Tabernacle, Hamilton. E. Halpin, secretary of the Ontario Sunday School Association will deliver an address at this session.  
Mr. Robertson of Emerson-avenue Mission will give a demonstration of adult Bible class work, illustrated by stereopticon views, after which Mr. Hamilton of Ontario Sunday School Association will speak.

**Delay to Civic Car Lines.**  
The delay in starting the civic car lines is due partly to the fact that the final stages in the widening of Danforth-ave. and taking place have not yet been reached, and partly to the fact that a definite policy as to how the lines are to be operated has not yet been decided upon. The civic car lines have been requested to report on two propositions. One is to operate running right along the Toronto Railway Company's lines, and the other is to give the company running rights over the civic lines.

## Bilingual Schools

**OTTAWA, April 13.**—That the Ontario Government will be forced to take drastic action in the matter of bilingual schools after the report of Dr. Merchant, chief inspector, has been made, was the statement made to-day by G. H. Howard Ferguson, M.L.A.  
"I have made private investigations," he said, "and believe that Dr. Merchant's report will contain revelations that will be startling. At any rate, I will be able to read the report intelligently and to know if it tells the whole truth or not."  
Speaking of the resolution which was moved in the legislature Mr. Ferguson called it a "stratagem," which was moved for the purpose of putting the policy of the government on record.  
Mr. Ferguson states that if the government does not act after receiving Dr. Merchant's report he will have something to say about it. Dr. Merchant has been working on the investigation for some time, and Mr. Ferguson states that he does not think that the report will be ready before the summer.

## EVIDENCE OF MEDICAL EXPERTS YET TO BE HEARD

**Coroner Latta Tells of Alcohol on Pillow of Murdered Girl's Bed.**

**COBOURG, April 13.**—(Special.)—After three days spent by the court over the Matthews murder trial, the crown has not yet exhausted its case. The physicians, Drs. Hutchison and Hendon, who conducted the post mortem, and other witnesses, including medical experts, are yet to be heard.  
Considerable evidence was brought out to-day, including that of Mrs. Bricco and Mrs. Warren, two women who were present at the scene of the murder. Constable Smith, the man who was called to the scene, testified that the girl's face was discolored and there was discharge from nose and mouth.  
Mrs. Bricco, the N. R. bridge man, occupied a room on the third floor on the night of the murder. He swore that he witnessed Sunday morning at 8 o'clock. He heard Mr. and Mrs. Teasdale's voices and Teasdale said something about finding blood. Witness did not know whether it was in the bed or on the floor. The voices came from the room usually occupied by Miss Briccombe, a room where body was found. Cross-examined, the defence failed to shake his giving evidence, denied that any such talk had occurred, denying a statement made by a witness at the inquest to that effect.  
The C. N. R. bridge gang figured largely in the evidence given at both the morning and afternoon sessions. A number of them were rooming in the hotel, and several testified as to having seen the body of the dead mud shortly after rising on Sunday morning. There was some discrepancy in their evidence and that given by previous witnesses as to the position of the body. A man named MacMillan identified a pillow slip as the one on the bed where the body lay. He thought that some marks he saw on the pillow resembled blood.  
Charles MacGillivray, another C. N. R. man, testified to having met Matthews and another man about 40 rods from the hotel about five minutes after eight on the evening of Dec. 17. They were going towards Lakeport.  
Dr. Latta, coroner, at this evening's session said he went to the hotel about 9:30 Sunday morning and found the body of the woman in bed. It was fully dressed, the eyeballs bulged, the face was livid and swollen, and there was a discharge from the nose, partially colored. The face was discolored and the body was slightly warm. The woman would have been dead at least six or eight hours, and might have been dead 24 hours. Her glasses were under her right arm. The bed clothes did not appear to have been disturbed. A true bill was taken against G. Teasdale, proprietor of the Hotel Bristol, on a charge of wounding a man named Kelly at Cobourg last autumn.

## GRAIN ELEVATOR BLOWN INTO RIVER

**Terrific Effects of Western Storm—Public School Collapsed in St. Louis—Several Deaths Reported—Telegraph Companies Suffer Severely in Canadian-West.**

**ST. LOUIS, Mo., April 13.**—An eight story grain elevator, valued at \$700,000, located in the extreme northern end of the city on the Burlington tracks, was blown into the Mississippi River by a severe wind storm to-night.  
The Bryan Hill public school also in the north end collapsed during the storm.

Two women are reported to have died from fright-making three deaths up to the present traceable to the storm. The damage was particularly heavy in the west end, north side, and in St. Louis County where many greenhouses were demolished by the storm, which measured more than two inches in diameter. The city parks were denuded of plants and flowers and the city's greenhouses were destroyed.  
The storm came as thousands were on the way down town. It put an abrupt end to the American League game between the local and the Cleveland teams, when the steel flag pole was snapped by the wind and the players driven from the diamond by the storm.  
Almost every manufacturing plant on the north side was left without windows after the storm.  
Four negroes, two negro women and two white men were killed, several persons injured and several buildings were blown down at Valley Mines, Mo., about 15 miles from Festus, Mo., by a tornado this afternoon about 7 o'clock. W. H. Hunt, postmaster at Valley Mines, was injured.

**DE SOTO, Mo., April 13.**—Five persons are reported dead and a score injured at Cadet, Mo., a town of 300 inhabitants, by a wind of force, as the result of a tornado, which practically demolished the town.  
Wires are down in every direction and the town is out of its banks, cutting off assistance from here.

**Canadian West Suffers.**  
**WINNIPEG, April 13.**—The worst electrical storm in years tied up the wires here, and the city was left in darkness. The storm was a severe one, and it was nothing doing on any line all day. Commercial business accumulated in the city, and the afternoon papers were cut off from their customary service. The Winnipeg evening papers did not suffer because a good service was maintained with Montreal and Minneapolis. Local wires to Port William and Port Arthur, however, were either tied up or working so slowly as to be of little value for many seasons. Whole rats of poles, giving away before sagging telegraph wires, have come by the four to six inches of snow which fell will be of inestimable benefit to farmers who will find their land again before next week-end.

**Retiring President, George B. Sweetman, Presented With Jewel—New Officers.**

The 40th annual meeting of the Tri-Local Protestant Benevolent Society was held last night in the Temple Building. A touching reference was made to the death of Thomas A. Lytle, a past president, and one of the oldest active members. The retiring president, George B. Sweetman read an exhaustive summary on the work of the year, with many valuable suggestions for future guidance.  
The annual report of the charitable committee showed that 222 persons had been assisted at an expenditure of \$1,822.25.  
Mr. Sweetman was made the recipient of a beautiful past president's jewel, and following the usual custom presented the society with his portrait. The election of officers and members for council resulted as follows: President, ex-Ald. David Spence (acclamation); 1st vice-president, Inspector Robert McCallan; 2nd vice-president, Mark Brodie; treasurer, Samuel Craney; secretary, Fred H. Lytle; assistant secretary, W. H. Sutton; Council: George Crane, R. W. Eaton, Inspector Robert Gregory, S. R. Hanna, Chief Inspector Joseph Johnston, Harry McGee, Alex. Purse, Thomas Rooney, Geo. J. St. Leger, Frank M. Egan, Frank Scrimshaw, John Stewart, John Tanner, T. R. Whiteside, M.L.A., John Woodhouse.

## YEAR OF GOOD PROGRESS IS SHOWN BY T. P. B. S.

Among Americans who came to Canada to get into the Van Horne class. Mr. F. B. Clergue is certainly one. The minister yesterday had a talk with him at the King Edward. Years ago he came with all his enterprise and energy into the Canadian Soo and established the great industries there which now have an annual output of over \$25,000,000 a year. Mr. Clergue is still interested in the Soo, and is also interested in various countries in Europe and in the United States. He has traveled a great deal in his time, and is now on his way back from Asia and Europe.  
He is convinced more than ever that Canada is the country of the world to-day, and that the Canadian is about the best type of the human race. He is the development of this country and of the Canadian people. Mr. Clergue believes, is only at the opening stage, and that still more wonderful progress is yet to be recorded.  
Mr. Clergue is also a firm believer in the specially valuable resources that lie in the direction of Hudson Bay, and especially in New Ontario.  
Mr. Clergue said a rather significant thing: "It is to become a Canadian like you are; I can only become a British subject."

## RYCE COMING TO OTTAWA.

**OTTAWA, April 12.**—Ambassador Bryce will visit Ottawa on May 2 in connection with the reciprocity agreement. He will be the guest of Earl Grey for a few days. His excellency and Ambassador Bryce will officially declare the Ottawa-Horse Show opened on the evening of May 2.

## ELECTRICAL WORKERS ASK MORE PAY.

It has been decided by the electrical workers to ask for an increase in wages. The present rate is about 30c and the men will ask to be increased to 40c an hour. The union hopes to get non-strikers now working in the city to join in this effort to secure better conditions.

# THE INVITATION DECLINED

**JACK CANUCK:** Thanks, Uncle, but I'm no returning prodigal, and I've no taste for "bob" wool.

## BOARD OF ARBITRATION FOR WESTERN MINERS

**Minister of Labor Acts on Request of Men—Operators Will Offer No Opposition.**  
**OTTAWA, April 13.**—At the request of the striking coal miners at Fernie and Frank, B. C., Hon. W. L. Mackenzie King, minister of labor, tonight decided to establish a board of arbitration to settle the differences between the strikers and the Western Coal Operators' Association. The minister of labor received a telegram from the men to-night asking him to establish the board and naming Secretary A. J. Carter, of District No. 18 of the U. M. W. Union, as their representative.  
Immediately upon receipt of their message Mr. King wired the Western Coal Operators' Association asking the minister will name one representative and the two members will meet and name a third. Should they not be able to agree on a chairman, the minister will name one.  
In view of the fact that the operators' association wired the minister on Monday that they had previously accepted arbitration to the men, it is not expected that they will oppose the board, but will appoint their representative at once, if the hitch occurs, the board should be at work by Tuesday next at the latest.

## MISSISSIPPI RIVER ACQUIRED BY T. AND N. O.

**Government Road to Pay Quarter Million for Line Which Extends Thru Cobalt, Halleybury and Liskeard to Quebec Border—Branches to Be Electrified.**  
Government ownership has again found a consistent champion in the Ontario Government. The World was authoritatively informed last night that an important extension of the present Timiskaming and Ontario Railway System had been authorized, by the purchase of the Mississippi Railway Company's line by the T. & N. O. Railway Commission for a quarter of a million dollars.  
David Mackin, Toronto, is chiefly interested in the Mississippi Railway. Two months ago the announcement was made in The Sunday World. The World last night reads as follows:  
The T. & N. O. Railway Commission has arranged to purchase for \$250,000 the Mississippi Railway Company.  
The charter of this railway covers the territory from Cobalt to Halleybury and Liskeard, and runs along the north end of Lake Nipissing to the Quebec border.  
The road at present runs from Cobalt to Halleybury, and has been quite a competitor to the line of the T. & N. O. Railway Commission.  
One of the advantages will be that the Kerr Lake branch, the Halleybury spur and the New Liskeard spur can all be electrified, which will be of great benefit.

## MISS DEMOND WIVES SHE IS ALSO WEDDED

**Her Trip Was Inspired by Cupid and She is Back in the City.**  
Miss Cora Demond, domiciled for the present at 707 Dufferin-st., whose covert disappearance last week, gave rise to sundry fears, turned up yesterday hale and hearty. The young colored lady, whose age might be given as 23, told The World last night that the object of her sudden departure was "merely matrimonial." She visited Buffalo and "other places" on her peregrinations and vouchsafed the information that she was married under the protecting aegis of Old Glory.  
"What is the gentleman's name?" asked The World.  
"Oh, that is another matter. I promised him I would not tell," came the coy reply.  
"But you are married, why not say who it is?"  
"I mustn't until he lets me," said the bride. "You see," she continued confidentially, "our affairs are not yet settled, and until everything is all right we won't say a word for fear of hurting somebody's feelings. I will let you know all in a day or two."  
Miss Demond was unable to say whose feelings were liable to be affected, but one might suppose that a strong man was on his way thither from New York to do battle in knightly fashion. It is said that a descendant of Ham in Gotham is mourning over the perfidy of women.

## WOMEN TOILERS ORGANIZE.

**The Women Day Toilers met last night in the Labor Temple for the purpose of organizing a union. All women who work by the day are asked to co-operate in the movement, and to turn out to the next meeting, to be held in two weeks' time. At this meeting all further organization will be completed.**

## Twenty Minute Ferry Service.

For the convenience of those wishing to visit Hamilton's Point and Island Park, steamers are now leaving Bay-street wharf every 20 minutes, starting at 7 o'clock in the morning. The last boat leaves the island at 8:30 p.m.

## NEW ONTARIO LOAN

Debentures for Purchase of Algonquin Timber Limits.  
The new provincial loan of \$200,000 is to be floated at once, the bonds to be sold during May at 102. This loan, which was authorized at the last session of the legislature, will be used for the purpose of buying back certain timber limits in Algonquin Park for conservation purposes. The bonds are free from succession duties, and all other provincial tax impositions, and bear interest at four per cent.

# DEMOCRATS PLAN MORE TARIFF REVISION

**Now Determined on Reduction of Agricultural Schedules—House of Representatives Passes Resolution for Direct Election of United States Senators.**

(Canadian Press Despatch.)  
**WASHINGTON, April 12.**—Encouraged by the smooth working of their new legislative machinery, which to-day began to grind, Democratic leaders of the house are planning to extend their tariff revision program. Until this time the only tariff tinkering determined upon included Canadian reciprocity, the free list to benefit the farmers opposed to the revision bill as it stands, and the wool and cotton schedules, but now it has been determined to revise the agricultural schedules.  
Chairman Underwood of the ways and means committee stated to-night that the house at the rate of progress set to-day would complete the business outlined at present much earlier than was generally anticipated, and that other tariff schedules would be taken up after the wool and cotton schedules have been revised.  
The agricultural schedule will be assailed by the Democrats because of the high cost of living, and an effort will be made to reduce the duties on these food products that are most necessary to the public.

The house of representatives by a vote of 128 to 16 passed early this evening the Rucker resolution providing a constitutional amendment for the direct election of United States senators. This is the first of the program measures passed by the house. Backed by a solid Democratic majority, it went through with modification and with a speed that brought protests from the republicans.  
The resolution as the house approved it in the form of the Moore amendment reported by a senate judiciary committee in the closing days of the last Congress. Republican opposition to the Rucker resolution in the house to-day was based on the fact that it did not contain the changes afterwards made in the Rucker bill, which assured to congress continued control over elections in the several states.

## COULD CUT CANADA IN TWO

**Taft Preparing for Eventualities by Naval Force on Lakes.**  
(C. A. P. Cable.)  
**LONDON, April 12.**—The Morning Post says: "Coronation year will be signalled by the grant of a preference to Canada by the United States as part of a bargain with the Dominion, and the third refusal of a preference to Canada by the United Kingdom."  
"In eastern Canada there are many who say that rather than the Dominion, the United States would prefer to see the last man and last dollar. Taft seems aware of this and is making preparations accordingly. He has a naval force on the great lakes amply sufficient for the work it would have to do. The C. P. R., the railway on Canadian territory connecting the old Dominion and the prairie, skirts the shores of Lake Superior, and traffic could be stopped by vessels on the lake. With passage of the lakes denied of the railway out, the prairie might be isolated for weeks, pending the arrival of troops by the Hudson Bay route, by Cape Horn or thru the Suez Canal to Vancouver. Instead of beginning by respecting the treaty of disarmament, the American government by massing troops on the Mexican frontier and creating on the lake a navy station is a menace to the independence of Canada."

## U. S. TROOPS CROSS BORDER.

**AGUA PRIETA, Mexico, via Douglas, April 12.**—During a battle which lasted all afternoon of yesterday, the capture of this city by the rebels, commanded by "Red" Lopez, American troops crossed the border and stopped the fighting. The action was taken after three men had been killed and several wounded in Douglas, and the continued firing was endangering the lives of Americans on United States soil.

## Given Up by Bondsmen.

Surrendered by her bondsmen, Barbara McCown, 30 years, 128 Seckville-street, was once more taken into custody to face the charge of uttering forged cheques, upon which she now stands committed for trial.

## THE EASTER SPIRIT

The Sunday World this week breathes the spirit of Easter. Our special color feature is entitled "Easter Bells," and depicts a street scene in front of the Metropolitan Church. Other leading churches of Toronto are also shown in the picture.  
The front page of the Illustrated Section is typical of the season, being a grouping of Easter flowers.

**Tomorrow Will Be Easter Saturday.**  
To-morrow will be the big day for men in the Dineen Company should be your Easter hatter, because it is the sole Canadian maker of hats. The Dineen Company is in London, England, and Dunlap of New York. These are two of the world's greatest hatters. The score is open until 10 o'clock Saturday night.

Those who have not already secured their seats, should do so during the day, and avoid crowding to-night.

**April Piano Sale.**  
Very surprising piano bargains are being offered by the old firm of Heintzman & Co., Limited, 195-197 Yonge-street, during the present month. Pianos out on rental and in use by music teachers and conservatories, are coming back to the firm in large numbers. Their aim is to clear these instruments quickly rather than stock up in their warehouses. Square pianos are being offered as low as \$30, in payments of \$1 a week, and upright pianos of well-known makers are being sold at \$75, \$90, \$125 and \$150—about half the manufacturers' regular price—on very easy terms of payment.

**LEG COMPLETELY TORN OFF.**  
**MOUNT BRIDGES, April 13.**—A fatal accident happened at Stover's chopping mill here this morning about 10 o'clock, the victim being George Stover, the proprietor. No one saw the accident, but it is thought Mr. Stover was trying to throw off a belt when in some way his clothing caught in the belt, which dragged him into the large flywheel. One leg was torn completely off and he was otherwise badly injured. Mr. Stover lived only about an hour after the accident.

**A Late Opening.**  
Kingston harbor opened for navigation to-night as far as the islands are concerned. The steamer "Wolf Islander" managed to get across from Garden Island to the city. It is 15 years since navigation opened here as late as April 13th.

### SUNDAY WORLD LIMERICK COMPETITION

You can get some easy money by winning a prize in the Limerick Contest in The Sunday World. Four lines of a limerick are given, the fifth to be written by our readers. Each contestant sends ten cents with his or her line, and all the entrance money is divided among the three winners in the proportion of 50, 30 and 20 per cent. Try your hand at it.

### HAMILTON HAPPENINGS

#### WANT BREAD DELIVERED IN SANITARY MANNER

Cleanliness Will Be Insisted On—Children's Aid Society Will Maintain Shelter.

HAMILTON, April 13.—(Special)—As a result of the earnest pleas of Chairman Quinn, of the board of health, and Medical Health Officer Robson, before the legislation committee of the city council, the committee to-night passed a resolution asking the council for a by-law to compel the bakers of the city to deliver their bread to the customers in a sanitary manner. While the by-law will probably not contain the wrapped bread clause, it will enforce cleanliness by all who handle bread before it reaches the consumer.

A sub-committee was appointed to meet the different societies of the city and arrange for a coronation celebration. The question of providing a large convention hall similar to Massey Hall was discussed, but no action was taken in the matter.

At an informal meeting of members of the Fourth Field Battery at the drill hall to-night Major Carscallen announced that after the battery's camp, which will begin at Petawawa on June 3, one man from the unit will be chosen as a member of the detachment of Canadians to compete against the English artilleryists in the old country next summer. Lieut. Geo. H. Taylor gave the men a short lecture on shell.

At a conference of the board of control and the Children's Aid Society this afternoon, the society definitely agreed to undertake the maintenance of the children's shelter when it is built by the city.

Rose Croix Chapter A. and A. Scott-Rite Masons celebrated Holy Thursday to-night. The "mystic banquet" was largely attended by members of the Scottish Rite.

Frank Launders was arrested this afternoon, charged with assault on his brother at the H. B. and A. Club on Tuesday.

Robert Hanna, whose skull was fractured yesterday, remains unconscious at the city hospital.

Hotel Hanrahan, corner Barton and Catharine-streets, Hamilton, conveniently situated and easily reached from all parts of the city. Erected in 1906. Modern and strictly first-class American plan. Rates \$1.00 to \$2.00 per day. Thos. Hanrahan, proprietor. Phone 1465.

While in Toronto call on Authors & Cox, 135 Church-street, makers of artificial Limbs, Trusses, Deformity Appliances, Supporters, etc. Oldest and most reliable manufacturers in Canada.

### WAR ON TUSSOCK MOTH

Organizations Urge Need of Action on Board of Control.  
A memorial asking that the board of control be authorized to take steps for a war to exterminate the tussock moth has been prepared by a number of organizations interested in the city's advancement.

It is declared that the pest threatens to destroy many chestnut, elm and ash trees. The city is asked to inaugurate a long addition to its Board of Control, which might easily have meant more "time" for him. Lester was given 30 months in Kingston as his record is less.

Both men pleaded guilty to several charges. In addition to the Ellis robbery La Bell owed to breaking into Harry Mack's premises at 88-1-2 Bay-street and stealing a typewriter, he and Lester admitted the Warren Ellis sporting goods store, 202 Yonge-street, and stealing razors and revolvers. La Bell pleaded guilty to breaking into the Canadian Typewriter Company's premises and stealing a machine. Both owned to the jewelry robbery.

T. C. Robinson, K.C., pleaded for the heretofore been sentenced than had no more than been sentenced at Cleveland contributed the interesting information that La Bell had been arrested in that city for truancy at the age of 12 years, in April, 1896. He was discharged. In July, 1898, he was fined \$25 and costs or 30 days for theft. He was fined \$50 and costs or a like term for being a suspicious person thought to be picking pockets in a street car in 1899. He was next arrested in Cleveland and turned over to the Toledo authorities in November, 1902, and sent to the Ohio State Reformatory for an indefinite term for theft of money and jewelry. He was again arrested in Cleveland in 1907 for burglary, but was not convicted. He is wanted in Cincinnati for theft of \$500 in December, 1910.

Aud acquaintance was revived in wondrous fashion at the annual meeting of the Toronto General Hospital Ex-house Staff Association in the Algonquin Club last night when over 80 of the old members, joined with the younger in speech-making and singing. Dr. C. D. Parfitt of Kingston delivered an excellent address on "Our present attitude toward tuberculosis." The Toronto General Hospital, which was responded to by Dr. C. D. Parfitt and J. N. E. Brown, Dr. C. D. Parfitt, and other speakers were: Dr. N. J. L. Yellowless, R. S. Robertson, R. B. Nevitt, R. O. Fisher, S. Cullen, F. W. Ross, William Mabee and R. B. Burwell.

The gold-headed cane, which is given to the writer of the best contribution among the "word" competitors, was presented to him by Dr. T. S. Cullen of Johns Hopkins Hospital, Baltimore, who was last year's recipient.

Dr. Brown is leaving the staff Saturday, and his place will be filled temporarily by Dr. R. J. McMillan. He was yesterday made the recipient of a rosewood cane from the house staff, and had received many presents from other well-wishers. He leaves for Europe to study further on Tuesday next.

**Had to Close Mill.**  
HALIFAX, April 13.—The manager of the mill of the Dominion Textile Co. at Windsor, received orders to-day to close down the mill at this place. The reason assigned is the shortage of help, it being impossible to obtain sufficient labor to operate the mill on a paying basis. The pay roll amounts to \$2500 fortnightly.

### THREE YEARS IN "PEN" FOR SHOP BREAKERS

After Sentence Was Pronounced It Was Found Norman Bell Has Long Criminal Record.

Even under the heavy sentence of three years in Kingston Penitentiary for four shopbreakings, to which he pleaded guilty, Norman La Bell, alias Norman P. Bell, alias Fred Barlow, was not altogether deterred by his yesterday morning in the police court, where they had pawned the bulk of a \$2,000 jewelry steal from Ellis Brothers, Yonge-street jewelry store, that the police recovered from the Cleveland authorities a long addition to La Bell's criminal record, which might easily have meant more "time" for him. Lester was given 30 months in Kingston as his record is less.

Both men pleaded guilty to several charges. In addition to the Ellis robbery La Bell owed to breaking into Harry Mack's premises at 88-1-2 Bay-street and stealing a typewriter, he and Lester admitted the Warren Ellis sporting goods store, 202 Yonge-street, and stealing razors and revolvers. La Bell pleaded guilty to breaking into the Canadian Typewriter Company's premises and stealing a machine. Both owned to the jewelry robbery.

T. C. Robinson, K.C., pleaded for the heretofore been sentenced than had no more than been sentenced at Cleveland contributed the interesting information that La Bell had been arrested in that city for truancy at the age of 12 years, in April, 1896. He was discharged. In July, 1898, he was fined \$25 and costs or 30 days for theft. He was fined \$50 and costs or a like term for being a suspicious person thought to be picking pockets in a street car in 1899. He was next arrested in Cleveland and turned over to the Toledo authorities in November, 1902, and sent to the Ohio State Reformatory for an indefinite term for theft of money and jewelry. He was again arrested in Cleveland in 1907 for burglary, but was not convicted. He is wanted in Cincinnati for theft of \$500 in December, 1910.

### CONSERVATIVE CLUB HOLDS ANNUAL MEETING

President Arthur VanKoughnet and Old Officers Re-elected—A Successful Year.

Enthusiasm was supreme at the second annual meeting of the Centre and South Toronto Conservative Association last night. Arthur VanKoughnet, the president, enlarged on the broad and democratic spirit of the Centre Toronto Club, which had largely assisted in the bringing together of the foreign and English population for the benefit of the Conservative party. The constitution of the club had been copied by many new organizations in the west.

The reports of T. W. Closs, secretary and Thomas Chapman, treasurer, were read amid applause. The latter report showed that \$511 had been cleared on the production of "The Fight" in Massey Hall with Dr. Shayne at the helm. The club started on the new year with a small balance, and all accounts paid to March 31.

An article authorizing the establishment of a ladies' branch as an amendment to the constitution, was entered by E. Wallace, and passed without dissent.

Mr. VanKoughnet was unanimously re-elected after eulogistic speeches by the same speaker.

All the officers were re-elected. They are: Vice-presidents, G. H. Briggs, ward one; J. Norris, ward two; Robert Edgar, C. D. Cornwell, four; Gordon Black, five; Dr. W. T. Burns, six. Honorary presidents, E. W. J. Closs, K.C.; Thomas Hook, J. W. Bain, K.C.; Fred Armstrong, H. Irish, R. G. Geary, K.C.; R. H. Greer and A. W. Wright, Secretary. T. W. Closs, and Treasurer, Thomas Chapman, House and grounds committee, Charles Hurst, Thomas Murphy, T. A. Owens, Sheldon Hornshaw, Aid. McBride, Charles Ross, J. E. H. Smith, Dr. J. Shayne, G. P. Gilbert, W. J. Furse, Charles Goodfankle, A. H. Birmingham, J. Goodman, C. A. Castrucci, Major Sprink, N. J. Harrison, E. Williams, T. Digby, F. L. Brown, J. Rowe, Alexander Purse S. Levinter. ### MUSICAL DIRECTOR

For the Ontario Ladies' College, Whitby.

On Tuesday afternoon the faculty committee of the Ontario Ladies' College met in the city for the purpose of enacting teachers for the coming year.

Very few changes have taken place in the staff of the college. This is perhaps, one of the reasons for the present great success of the college, as continuity of teaching and administrative organization are essential heads means conservation of energy and working power. The most important change in the staff is the appointment of Mr. J. W. F. Harrison, well known for his musical ability and general bearing, has been musical director for over twenty years, and has earned the respect and good will of all connected with the college. He sent in his resignation and asked that it should take effect at the end of the present year, in June. This resignation was accepted, and Mr. G. D. Atkinson, who is a well-known and able professional man as the most promising of the younger musicians. It will be remembered that his choir won last spring the Earl Grey musical trophy. He expects to leave shortly for Europe, where he will give special attention to modern improved methods of teaching piano and organ.

### APPLICATION FOR CAR LINES.

In the matter of the application by the City of Toronto for the approval of plans for civic car lines on Gerrard-street and C. well-avenue, from Green-dominion-avenue to Main-street, and on St. Clair-avenue, from Yonge-street to the Grand Trunk Railway tracks, the Ontario Railway and Municipal Board has appointed Tuesday, the 13th inst., at 2.30 p.m., at its chambers, to hear this application and to hear argument on the general question of the jurisdiction over the proposed Toronto Municipal Railway.

### VACCINATION NOT TO BE ENFORCED IN SCHOOLS

Management Committee Decides That Consent of Parents Must Be Had.

Vaccination will not be compulsory in Toronto schools. The report of the medical inspection sub-committee was brought in yesterday to the management committee, which endorsed the sub-committee's plan of asking the parent's permission before the child is vaccinated. The committee also recommends that new books be given to each scholar to be his or her property, except the geography, and the teachers will receive instructions not to allow the geographies to be taken home. The committee recommends that the assistant medical inspector and school nurses be allowed twenty days' leave of absence for illness, as is accorded the teachers.

FRIDAY MORNING, APRIL 14, 1911. PROFIT-EARNING PUBLIC OWNERSHIP.

In consequence of the large profit earned during the past year by the municipal electric light and power undertaking of Lettbridge, Ont., the city council has been enabled to reduce the rates by 25 per cent.

FOR THE COMMUNAL GOOD.

A most encouraging feature in civic life in Toronto is the public spirit being exhibited by various more or less private bodies in their endeavor to co-operate in matters of benefit to the community generally.

The latest recruit in civic service is the Arts and Letters Club. The appeal of the club to the city council for an organized effort to extinguish the tussack moth and the practical suggestions to this end are of real value.

In the united action of the various bodies we have mentioned, there is the fairest promise for the future development of the city. These associations are actuated for the most part by regard for the general interest alone, and their activities indicate such a growth of the community spirit that its appearance may well be considered as marking an era in the development of Toronto.

To get away from sectional and parochial aims, and to escape the influence of interests which are purely external to the city, means the choice of a middle path upon which city progress is secure.

CLUSTER LIGHT EXTENSION.

Controller Ward suggests the extension of the cluster lights on Yonge-street and West Queen and King-streets. At all events the Yonge-street extension should be undertaken to the C. P. R. tracks, Bloor and Yonge-streets is one of the most important centres in the city.

No doubt the city electrical department will give all these matters due consideration. It is a huge task, and as long as the engineers are as busy as

Ladies' Coats

This Spring's importations of Ladies' Coats and Cloaks are meeting with the approval of the most particular dressers.

Foulard Silks

Are a popular rage this season. We have an exceptionally good showing of double widths in all colors at remarkably close prices.

Scarce Greys

The demand for Grey Dress Fabrics bids fair to make certain lines very scarce before long, but, anticipating the squeeze, we have laid in a very large reserve of the most popular weaves.

Hand Embroidered Pillow Cases

All pure linen, fine Irish hand-work, latest designs, some hemstitched, scalloped, etc.

### PRINCIPAL GAVE CHILD BEATING ON SHOULDERS

John Spence and W. G. Frisbie in Court on Charge of Aggravated Assault.

Magistrate Denton will decide whether two full grown men, one a principal of a public school and the other his assistant, may legally hold and beat a 7-year-old child until his shoulders are black and blue, and the skin broken in places. Principal John Spence and W. G. Frisbie, his assistant at the Kent School at Dufferin and Bloor-streets, appeared before the magistrate in police court yesterday morning, charged with aggravated assault upon 7-year-old John Cameron, 530 Gladstone-avenue. They pleaded not guilty and some evidence was heard. The case will be continued Wednesday next.

They declared that the boy had refused to submit to discipline. He had stepped from line to get his hat, which had blown off, and he had then refused to be strapped in the ordinary way by holding out his hand, wherefore it had been necessary for two men to combine forces that school discipline be not humbled before the children.

Mr. Corley suggested, having seen the vivid bruises that there must be some other way in which children of tender years could be dealt with.

"No school of that size can be run without absolute discipline," was the dictum of the headmaster.

Magistrate Denton thought that it might be well to discipline older boys, but did not think that so severe methods should be invoked even there.

Principal Spence enlightened the court with a description of his method of securing or attempting to secure submission. He said that he had first locked the youngster in a cupboard and told him to remain there until he was willing to hold out his hand. This did not work.

Finally the boy was sent home to his father with a note. What was in the note did not appear.

### SUCCESSFUL FINANCING BY ROCHESTER MINE

New Issue of Stock Underwritten and Development Will Be Actively Pursued.

Arrangements have been completed for the underwriting of the treasury stock of the Rochester Mines by Toronto and Montreal financiers, and the development of the company's mine will now proceed with vigor.

The underwriters have satisfied themselves that, with depth, the Rochester will show up equal to its namesake, the Timiskaming and Beaver. The shaft on the Rochester is now down 150 feet, and it is the intention to continue this as rapidly as convenient to the 300 foot level.

On the Badger and Lumsden, which are in close proximity, good ore has now been met, but this was struck below the present level of the Rochester. It is now definitely expected that large and rich ore bodies will only occur below the 300 foot level.

The news that the Rochester will be taken in hand and thoroughly worked leaked out yesterday and considerable buying of the shares resulted. It is authoritatively stated that part of the new underwriting is at 10 cents a share, so that there must be a large appreciation in the shares before those who have now financed the company will see any results on their investment.

### BOIL WATER IN SCHOOLS

Culture Club Offers Suggestions—To Enlarge Malvern School Grounds.

The question of pure water came up again yesterday afternoon before the property committee of the board of education. A communication was read from E. K. Cunningham, secretary of the culture club, asking that something be done at once. "The safest plan to adopt is to supply the schools with spring water," he stated, "but in the meantime boil the water." The question was referred to the management committee.

The question of enlarging Malvern High school grounds was brought up and it was decided to acquire the property (a lot 140 x 150) held in trust by Fred, Murch, Dr. C. H. Britton, and James McElroy, for the East Toronto Tennis Club.

Superintendent of Buildings Bishop from the management of Earlscourt and Annette Schools, and asked that provision be made for manual training at Annette School. The committee approved.

Mr. Bishop was instructed to request power from the Hydro-Electric Company for lighting purposes as soon as approved.

### WILL APPOINT P. W. ELLIS

New T. E. L. Situation Has Cleared, Aldermen Are Opposed to Delay.

There is now little doubt in city hall circles that P. W. Ellis, whose name has been sent on to the council the second time by the board of control, will be elected at the sitting of the council next Tuesday.

Several members of the council who opposed his appointment at the last meeting, but only because they wanted to know whether the T. E. L. Company was going to sell. Now they see no need for delay. Others who opposed his appointment until after the hydro-electric commission had named their man have come to view things differently, and as no one was opposed to Mr. Ellis personally, it is expected that the appointment will be made unanimous.

### SAVED BY FIRE DRILL

Sixty Girls Get Safely Out of New York Factory.

NEW YORK, April 13.—Sixty factory girls marching in unbroken ranks to safety down fire escape and across roofs when fire broke out today in a six-story building occupied by the Manhattan Soap Company. Barbara Nolan, a young forewoman, who had designed and perfected the fire drill by daily practice since the Washington disaster, by receding the retreating girls and was the last to reach the ground. The fire swept thru the building rapidly, causing damage estimated at \$10,000, and fire boats were required to prevent the conflagration from spreading.

Escape by the stairs was blocked by smoke and flame and firemen ran up ladders to adjoining buildings and brought many of the girls down from the rooftops.

### SOUTH OXFORD CONSERVATIVES SELECT CANDIDATES.

TILLSONBURG, April 13.—The Liberal-Conservatives of South Oxford chose candidates today for both the house of commons and the legislature. Dr. J. B. Coleridge of Ingersoll for the federal arena and William McGhee, warden of Oxford County, for the provincial.

A resolution condemning reciprocity was moved by V. A. Sinclair, Tillsonburg, seconded by Thomas Drake of Norwich, and carried without a dissenting voice or vote. The chairman, E. M. Fleet of Ingersoll, gave opportunity for anyone to object to the resolution, but there was not a voice raised on behalf of the pact with the United States.

### CHINAMAN TO CONVERT HIS RACE

Thomas Yuen Shing, 69 Queen-street west, will leave for his native land on Tuesday next to teach and preach Christianity to his fellow countrymen. He is but 29 years of age, 20 of which he spent in Canada, mostly in Westminster, B.C., where his father is in business. He received the English language well he will be invaluable assistance to the missionaries laboring in China.

\$200,000  
OF  
TEN YEAR FIRST MORTGAGE SIX PER CENT.  
COUPON GOLD BONDS  
OF  
INTERNATIONAL QUARRIES CO., LIMITED**

CAPITAL STOCK \$1,000,000 TOTAL BOND ISSUE \$200,000  
These bonds are secured by first mortgage on the company's properties consisting of:

A tale property of 400 acres, with fully equipped plant, valued conservatively at \$800,000. The present capacity of the mill is 20 tons per day; the profit on this output is \$7.00 per ton.

Also, a feldspar quarry of 120 acres, valued at \$400,000, is being acquired. On this property is a mill in full operation, the capacity of which is 100 tons per day, which yields a minimum profit of \$2.00 per ton, or \$60,000 per annum.

The object of this bond issue is to complete the payments for the feldspar property, and to double its capacity, and also to equip the tale mill with machinery sufficient to increase the output to 100 tons per day.

The existing market for tale and feldspar fully warrants the above extensions, as the demand for either product is far in excess of the supply.

**LOCATION**

The properties are about 100 miles south of Montreal, in Northern Vermont, of easy access to the natural market for both products.

**OPINIONS OF EXPERTS**

Mr. Barlow of Montreal and James E. McEvoy of Toronto, two of the most competent mineralogists in America, have personally examined these properties. Both reports are very favorable and exhaustive, treating not only as to the quality and quantity of raw material, but also as to cost of production, the uses of the finished product, and present market conditions.

Copies of these reports may be seen at our office.

**ANNUAL RETURNS (ESTIMATED)**

Based on present conditions, the yearly statement should exceed the figures given herewith:

100 tons tale per day for 300 days at profit of \$7.00 per ton	\$210,000
200 tons feldspar per day for 300 days at profit of \$2.00 per ton	\$120,000

**RUSH AT UNION STATION**

Nearly One Hundred Thousand People Estimated to Have Left City.

Perhaps never before in the history of the Union Station has there been such a rush of holiday crowds as passed thru yesterday for outside points. Between eighty and a hundred thousand people went out. Including the ten extra trains, 132 trains containing in all 1320 coaches went out, and every car was crowded with the excursionists. The Grand Trunk was forced to borrow some 130 extra coaches from other roads. From 50 to 60 Pullman cars left with passengers for New York and the west last night.

It is becoming more evident every day that the local railroads have not sufficient cars to handle any rush service, and the officials themselves admit it.

Eight hundred of Toronto's teachers will leave for New York to-day, the first train at 7.30 a.m., and the second at 8.15 a.m.

**WHEN THE ODDS ARE AGAINST YOU**

You Can Depend on DR. CHASE'S SYRUP OF LINSEED AND TURPENTINE to Help You, If You Get the Genuine.

What a fight goes on during the winter season against coughs and colds. The children are careless about keeping dry and warm, and the parents are worried to hear them cough.

The best insurance against serious results is the use of Dr. Chase's Syrup of Linseed and Turpentine.

So well-known is this medicine and so universally used that we need scarcely tell you of its merits. But we do want to warn you against imitations and substitutes.

Once you know that there are at least four imitations of Dr. Chase's Syrup of Linseed and Turpentine on the market, you are not likely to let any dealer talk you into accepting anything but the genuine, on each bottle of which are the portrait and signature of A. W. Chase, M.D., the famous Receipt Book author.

Imitations are sold on the reputation of this great medicine, and not on their own merits, or why should they not have a name of their own? With the genuine Dr. Chase's Syrup of Linseed and Turpentine you can readily overcome croup, bronchitis, whooping cough, throat irritation, and the most serious coughs and colds. 25 cents a bottle; family size, 60 cents; all dealers or Edmondson, Bates & Co., Toronto.

**ENTRANCE TO BOSTON FOR CANADIAN LINES**

President of New York, New Haven and Hartford Speaks of "Intimate Relations."

BOSTON, April 13.—Boston's opportunity is at hand to become the leading seaport on the Atlantic and gateway to Europe, says the president of the New York, New Haven and Hartford Railroad, who addressed the members of the Boston Chamber of Commerce at a banquet at which he was the chief guest, this evening.

Mr. Meilen urged that Boston should rise to the occasion, deepen her harbor channels, furnish better docking facilities and build a drydock big enough to accommodate the present-day ocean liner.

"The arrangements of our company," said Mr. Meilen, "are such that I feel I am not at all drawing upon my imagination when I say we are practically in an alliance with the Pennsylvania Railroad, thru the New York Connecting Railroad, which we are jointly building, with the New York Central Railroad, thru the Grand Central station investment, and our recent arrangements regarding the Boston and Albany and Rutland roads—and I feel while we shall have most intimate arrangements with Canadian lines, in business such as we have never before been able to consider in the way of cargo for such steamships as shall seek this port."

**FLOUR MILLS BURNED.**

WALKERTON, April 13.—The flour and roller mills of Kent and Company were completely destroyed by fire this afternoon. Owing to the water supply being shut off during some repairs to the main, a water supply was not available for nearly twenty minutes, and in that time the fire got so far beyond control that it was impossible to save anything. The loss on the building and contents was estimated to-night at about \$14,000, with insurance of but six thousand dollars.

**THE CRUCIFIXION AT ST. JAMES.**

Dr. Stainer's fine cantata "The Crucifixion," was admirably sung last night in St. James' Cathedral, a large congregation taking part in the hymns which occur in the course of the work. The bass solos were given with power and a rich body of tone quality, and the tenor solos were reverently and carefully sung. No expression of sorrow can be more plaintive and poignant than a minor recitative and these pathetic outpourings were feelingly rendered. The cantata is described as a meditation. The organ interludes by Dr. Ham beautifully interpreted this conception as in the prelude to the pro-

cessional to Calvary, and in the recitative "There was darkness" in the splendidly decorated chorus of the procession, the clear call of the boys' voices was most inspiring. They sang with singular purity in the "Holy, holy, holy," and achieved an exquisite effect in the a capella close to "God so loved the world." The spirited chorus, "The appeal of the crucified," was rendered with dramatic but devotional emphasis. The Easter services in St. James' will, as usual, be of special interest.

Some of the pictures that will appear in this week's Sunday World, and which will interest many of the readers, are portraits of Mr. and Mrs. S. Conway of Oshawa, Mr. and Mrs. John Wighton, formerly of Perthshire, Scotland; Bradley of the Leafs running to first, with Winter holding down the bag, in a practice stunt, on the training trip, also Kocher with a couple of "picks"; officials of the Meteorological Service experimenting with balloons; Gordon Middleton, boy dancer, in Highland costume; Masters Alexander and George Richmond; Margaret and Joseph MacKenzie of Listowel; the Aurora High School hockey team, winners of the 1911 series.

**MRS. PETER GREEN, JR., DESERONTO, ONT.**

Says:—"Dr. Wood's Norway Pine Syrup is the Best Cough Syrup She Ever Used."

She writes: "Dr. Wood's Norway Pine Syrup is the best cough syrup I ever used. My baby had a very bad cold. I was using doctor's medicine, but that didn't seem to help the awful cough she had until I got a bottle of this great syrup. I have it in the house at the present time for the children, and I think I couldn't get along if I didn't have it. I wish to thank you for all the good it has been to my family."

Dr. Wood's Norway Pine Syrup contains all the lung healing virtues of the Norway pine tree, which, combined with Wild Cherry bark and other powerful remedies, makes it one of the greatest known preparations for coughs, colds and all throat and lung trouble.

It is put up in a yellow wrapper, three pine trees the trade mark; price 35 cents at all dealers.

Because Mrs. Falls Davidson of 82 Henderson-avenue stayed out too late at night, she made a hurried exit from East King-street, and claimed \$12.75 in wages before Judge Morson yesterday. His honor gave judgment for the defendant, with costs.

# PAISLEY GARDENS

## Our First Big Market Garden Offering For This Year

### PAISLEY POINTERS

The Paisley Market Garden Tract is a fertile belt just north-west of Melrose Park in North Toronto, and west of the North Yonge Street cars.

Productive plots here are extremely profitable, because they are situated at the very door of Toronto, with its 400,000 consumers of garden produce.

The soil is a rich clay loam, which is a long-lived soil, capable of producing a strong vegetable growth. The northward expansion of Toronto and the advance of the good roads movement will greatly increase the value of these produce plots each year.

The Price of a Half-Acre Paisley Garden Plot is only

# \$450

One or more half-acre plots may be secured to make your market garden as large as desired.

### PRODUCTIVE PLOTS

The low price of a produce plot allows a gardener a good start in this productive region on very small capital.

A good income can be secured by raising vegetables, fruit, poultry, and by bee-keeping.

This is a very healthful location. The land is high above lake-level. Pure air and pure water are vital advantages. Schools, churches, and stores are near. The city can be reached quickly on a North Yonge street car.

If you are interested in a market garden, for health or wealth—or for both—come and see us about Paisley Gardens. Write or call at our Head Office, 22 Adelaide street east, Phone Main 7171; or our North Toronto office, Glen Grove and Yonge street. Phone North 5432.

Why not visit this property at your leisure on Friday, Saturday, or Monday? Phone us and we will motor you over the property. From 10 a.m. to 5.30 p.m. daily our motor cars are waiting for visitors at our North Toronto office.

## ADVANCE SALE FOR FRIDAY AND SATURDAY

A Home in the Country Yet Convenient to the City

This beautiful suburb will soon be dotted with a number of nice homes, occupied by lovers of sunshine, pure air, and good health. Nature has done more in the way of beautifying this section than any other part of Toronto.

To fully appreciate it take a Kingston Rd. car to Stop 26, where our agents will gladly give you any information.

### Prices and Terms

For an advance sale we will sell a limited number of lots, having 80-foot frontage by depth of from 125 to 250 feet, at from \$5.00 to \$10.00 per foot on easy terms.

### SPECIAL

No interest or taxes will be charged for one year on any lot purchased at this sale.

## This is the Age of Opportunity

### Workingmen Can Own Their Own Homes

The time is past when the workingman is ground down in endless poverty. To-day he has the opportunity of saving money, investing and owning property.

Here's a Chance to Stop Paying Rent and Pay for a Home With the Same Money.

We have set aside a large number of very attractive lots in the

# PARSONS ESTATE

which we offer to workingmen on particularly easy terms. The lots are \$4 to \$12 per foot, and the terms are \$10 down and \$5 monthly.

**Our Proposition**—You buy a lot, and by paying \$10 down and \$5 monthly the lot is yours. You can start building the next day, and have it done by fall. The amount of money required is very small, and if you live in a tent while you are building you will have no rent to pay, and the whole amount can go toward building expenses. Others have built cozy homes this way, which they own themselves, and could sell for far more than they paid for them if they care to. It is the only EASY WAY to own a home.

### Go and See These Lots on Good Friday or Saturday Afternoon

Take cars going to Lansdowne Avenue and go to Davenport Road, then east to Dufferin, thence north to the property. An office and large signboard will identify the place. Motor cars will meet the street cars Friday from 10 to 4, Saturday, 2 to 5, and take visitors to the grounds.

We publish an illustrated book about Parsons Estate. Sent free if you send us your name and address.

Evening-up Over Holidays Gives Firm Tone to Wheat Market

Chicago Exchange Rules Quietly Firm, With Strength in May Option—No Material Change in Outside Markets.

CHICAGO, April 13.—Wheat prices advanced almost enough today in Chicago to admit of shipments coming here from the southwest at a fairly good profit. The chief reason was that sellers were scarce, most of the bear speculators not desiring to have their trades open during the holiday.

Closing figures showed a net gain of 10c to 15c. The final result in wheat was a lift of 10c to 15c over the close of the previous day.

Receipts at Primary Centers. Receipts of wheat in car lots at primary points, with comparisons, were as follows:

Table with columns for location (Chicago, Minneapolis, Duluth) and quantity (To-day, ag. ago, etc.)

European Grain Markets. The Liverpool market closed today 1/4 to 1/2 lower on wheat, and 1/2 lower on corn compared with yesterday.

Argentine Estimates. The Argentine cotton crop is estimated at 3,500,000 bushels, against 3,700,000 bushels last year.

Winnipeg Wheat Market. Wheat—To-day, ag. ago, etc. Receipts: 27,000, 27,000, 27,000.

ST. LAWRENCE MARKET. Receipts of farm produce were 400 bushels of grain and 15 loads of hay.

Montreal Grain Prices. MONTREAL, April 13.—Business in May spring wheat over the cable continued very quiet.

FARM PRODUCE WHOLESALE. Hay, car lots, No. 2, \$12.00 to \$13.00. Straw, car lots, No. 2, \$6.00 to \$7.00.

RICE & WHALEY LIVE STOCK COMMISSION DEALERS

UNION STOCK YARDS WE FILL OR DERS FOR STOCKERS AND FEEDERS FROM TORONTO AND WINNIPEG DIRECT.

BILL STOCK IN YOUR NAME TO OUR CARE. WE WILL DO THE REST. REFERENCE—DOMINION BANK, OFFICE PHONE JUNCTION 543.

Canada's Live Stock Market Union Stock Yards of Toronto Limited. Unexcelled facilities for handling CATTLE, CALVES, HOGS, SHEEP, HORSES.

WEEK-END TRADE IN CATTLE WAS DULL. Common and Medium Butcher Cattle Hit Hard—Sheep, Lambs, Calves Barely Steady.

The railways reported 48 car loads of live stock, consisting of 334 cattle, 300 hogs, 121 sheep, 205 calves and 1 horse.

There were no outside buyers on hand, and as many of the wholesale butchers and abattoirs had their orders filled.

Early in the week declines in butcher cattle were successfully resisted, but on Monday, being general market day, the market was hit hard.

There is no getting around the fact that all classes of stock are in surplus, and that the market is generally weak.

Prices ranged from \$4.00 to \$5.00, with some choice animals selling at \$6.00 to \$7.00.

Prices at which re-cleaned seeds are being sold to the trade: Aikie, No. 1, bush, \$11.00 to \$12.00.

Hay and Straw. Hay, per ton, \$15.00 to \$16.00. Straw, loose ton, \$8.00 to \$9.00.

# Mining Market Turns Buoyant--Gold Stocks Advance

## Turn in the Tide Comes at Last Sharp Advances in Gold Stock

### Hollinger Leads Market With Advance of 60 Points--Other Porcupines Strong--Cobalts Steady Firm.

World Office, Thursday Evening, April 13.

Traders in the local mining markets deduced that the turn in the tide had come at last, when the trend to buoyancy made itself definitely felt to-day. The list, in so far as the gold mining stocks were concerned, was on the up-grade almost from the opening of business, and there was no let-up to the buoyancy throughout the session.

Quotations moved up several points all round to-day, and in the higher priced issues, where the severest declines have occurred, values advanced to an extent that brooding back to smile to the faces of those who are long of these stocks.

There was undoubtedly considerable evening-up of contracts over the four days' holiday in the market, and it is altogether likely that a portion of the buying reported during the covering of shorts, who were not prepared to carry their commitments over into next week.

Hollinger was the star performer, this issue moving back to \$9.35, or 60 points in advance of yesterday's top figure. This appreciation in value was closely followed by other of the big Porcupines, however, and both Foley-O'Brien and West Dome recovered sharply, the former stock gaining 45 and the latter 27 points.

There was good buying of lesser-priced gold stocks, and advances were recorded throughout the list, ranging from one to three points. Pearl Lake was the only weak spot, these shares registering a decline of a point at 51.

The Cobalts were decidedly quiet and no movement of any material consequence was evolved in the dealings. Rochester was bought on the announcement that the new issue had been taken up at a good figure, but there seemed to be enough stock offering to take care of the demand, and the shares did not get more than a fraction above yesterday's levels.

The market closed firm, around the top levels, and sentiment at the close was generally optimistic.

## Porcupine Has Had a Remarkable Growth

Toronto Brokers Point Out the Rapid Progress Made by the New Ontario Gold Camp.

Playfair, Martens & Co. say in their fortnightly circular: Developments at the Porcupine gold fields in the present time being principally pushed forward, and all the principal mines have rushed in machinery and plant.

The growth of Porcupine has already been remarkable. At the close of 1909 it is estimated that there were 50 white men in the district. There are now 1,000 people there. In Porcupine the government has opened a post office, mine recording office, telephone and telegraph station. There are also a number of good hotels and boarding-houses and more are in course of construction. Branches of four banks have likewise been established.

Interest continues to centre in the Porcupine stocks, and the week witnessed a number of advances and declines that prove that the new stocks offer a good trading possibility.

There has been a shaking out process during the past few days. Following a decline in the market, advances have been recorded in West Dome and Preston East Dome. Under the leadership of Hollinger these stocks have recovered from their decline to a point that should make them especially attractive for immediate purchase. There is bound to be an occasional profit-taking on an upward movement, and healthy reactions, such as these, are to be expected from time to time. The high-class Porcupine stocks should be bought on every decline, as the declines are but temporary. Porcupine is going to be a long-lived camp, and it is generally conceded that the volume of trading in these issues will show a gradual increase throughout the year. A gradual investor who early appreciates the opportunities offered, and who takes advantage of them that will make the biggest profits in this new camp.

## Porcupine Tisdale

This Company has:

120 acres in Tisdale, adjoining the Timmins, and near the Hollinger. 80 acres in Tisdale, near the Armstrong. 80 acres in Deloro, cornering on the Timmins group.

These properties are owned outright and are deemed to be complete. Sufficient funds in the treasury to carry on development work for a year.

500,000 shares are still in the treasury.

Camp buildings erected on the Deloro property and the best vein struck for about 200 feet - sinking on this vein will be started this week.

Buy this stock at the market. We advise the purchase of Great Northern around ten cents. It has advanced above twenty. We expect Porcupine-Tisdale to double its present price.

## THE IMPORTANCE OF DELORO

We believe that the greatest opportunities in the Porcupine district exist in what may be called the Bewick-Morning-Powell-Deloro section, or Northern Deloro, which is in the same ore formation as the Dome section, less than two miles north.

1. "The strongest and most consistent vein yet uncovered in the entire Porcupine district is on the Powell property," according to R. W. Worthington. This is the centre of this particular section.

2. Although this part of Deloro was originally designated as carrying possible strong ore values, conditions at first did not permit of the extensive development work already expended a few miles further north.

3. At the approach of the winter weather some of the best mining men in the country were rushing work to determine values as far as possible, and although this work was interrupted the spring "opening up" is expected to reveal sensational values.

4. While the values throughout Tisdale are definitely known, Deloro is still in the initial stages as regards extended development work. EXCEPT THAT IT DOES POSSESS THE SAME ORE FORMATION AS THE DOME SECTION.

5. With the admitted fact that in the same formation as the Dome, the possible increase in valuations here will be immeasurable, whereas in Tisdale they will be limited.

6. The famous London mining syndicate, Bewick-Morning, has been sufficiently impressed with this section to make the purchase of the former Timmins holdings.

7. William Powell, in control of the Powell Syndicate, places a valuation of \$1,000,000 on the Powell properties alone. No stock is offered to the public.

The attention of those interested in Porcupine and who are anxious to grasp opportunities representing possible sensational increased valuations of this section should be directed towards the Powell and adjoining properties. The Porcupine Niagara adjoins the Powell on the southwest—at least, three claims—and it has carried on development work all through the winter.

With the Powell it is in the premier class in this particular section as regards development work. We have offered first subscription stock at 20 cents per share. This offer will be cancelled on Monday, April 17. Porcupine Niagara will always possess an active market position.

## UNUSUAL OPPORTUNITIES

The market for the Porcupine stocks will offer unusual opportunities for making profits. Porcupine is yet in its infancy, and during the constructive stage many stocks will be thrown over by those who do not know their intrinsic value. I have my own man on the ground. I have a knowledge of all the good properties, and my clients can rely on the facts I issue.

**PORCUPINE GOLD REEFS**, under development, will make one of the camp's big mines. I recommend these shares while they are to be had cheap. Get my Porcupine Map free, and write for any information on any of the stocks now on the market.

## SITUATION CLEARED

There was a much better feeling at the close of the market Thursday. Prices of the Porcupines were almost universally higher. The situation was materially cleared up in this way.

At current prices there can be no mistake made in purchasing Porcupine Gold Reef, Preston East Dome, Vignod, Dome Extension in old option. Eldorado, 10 cents, is the best gamble on the market.

## MARKET HOLDS WELL UNDER CONDITIONS.

World Office.  
Thursday Evening, April 13.  
Considering the nearness of a three-days' holiday, the local stock market showed considerable snap to-day. The buying in several issues was of the right kind to indicate improvement, and none more so than in Maple Leaf. Fear that reciprocity would injure the milling business has passed, and the prospects ahead of the Maple Leaf Company are regarded as exceedingly bright. Fixed real estate investments are keeping money well used up, but the market is standing up well under this opposition, and any relaxation in rates would help prices materially.

## ATMOSPHERE CLEARED

Unhealthy speculation in several of the Porcupine stocks brought a heavy price on the market, which has placed prices on a strong foundation. The decline has presented good opportunities for buying, and the attractive purchases at present market levels.
