## ALLIED FORCES BEGAN THEIR MARCH TO PEKIN SATURDAY

### This News Comes From the British Consul at Tien Tsin, and it is Accepted in London as Correct.

#### Special to Daily Mail Says the Relief Column is Reported to Have Succeeded a Check, as the Chinese Had Adopted "Tugela" Tactics—U. S. Reports Say That There Was Fighting at Pitsang on Sunday and That the Allies' Casualties Were 1200—Ministers Still Held as Hostages.

London, Aug. 7.—(3.40 a.m.)—"The advance of the allied forces commenced today," cables the British Consul at Tien Tsin, under date of Aug. 4. This is the first official information received here that the attempt to relieve Peking was begun. It is accepted as correct.

**Chinese Follow Boer Tactics.**  
The British Consul does not mention any fighting, but the Shanghai correspondent of the Daily Mail, telegraphing Sunday, says: "The Peking relief column is reported to have suffered a check. The Chinese are said to have adopted Tugela tactics, and after several hours of fighting, to have retreated."

**The Only Message.**  
This is the only message received in London this morning bearing out the reports of Admiral Remy and Commander Tausig regarding an engagement at Pitsang. The fact that the advance did not begin until Saturday is taken to strengthen the accounts of a battle Sunday, especially when it is said to have occurred so near Peking as Pitsang.

**News From Peking, Aug. 1.**  
In the same cablegram, which was read in the House of Commons, the Consul at Tien Tsin says: "News from the Japanese Legation has been received up to Aug. 1." Thereafter the reports are of the safety of the Ministers on that date are confirmed.

**To Use Ministers as Hostages.**  
Yesterday the Chinese Minister, Sir Chi Chen Li Heng, communicated to Lord Salisbury a message from the Tzuang Li Yamen, dated July 30, reiterating the statement that the Ministers were safe on that day, and recounting the friendly relations existing between them and the Yamen, as well as reporting the sending of supplies to the legations by the Yamen. The message contains this important statement: "A successful termination of the conference with the Ministers for their conveyance under escort to Tien Tsin is expected, but on account of the reconnaissance of supplies to the legations by the Yamen. The message contains this important statement: "A successful termination of the conference with the Ministers for their conveyance under escort to Tien Tsin is expected, but on account of the reconnaissance of supplies to the legations by the Yamen. The message contains this important statement: "A successful termination of the conference with the Ministers for their conveyance under escort to Tien Tsin is expected, but on account of the reconnaissance of supplies to the legations by the Yamen."

Peking to be disrupted. All the Chinese troops have recently been paid in full, and troops, money and supplies are going to Peking from the southern provinces.

**A Pierce Fight at Peking Expected.**  
It is deemed quite probable by military men in London that the Chinese will make a fierce fight at Peking on a much greater scale than during the defence at Tien Tsin.

**200 Chinese Killed.**  
A despatch received at the War Office in St. Petersburg from Gen. Grodekoff, dated Khabarovsk, Aug. 4, says two squadrons, reconnoitering near Tscheng, engaged 100 Chinese with two guns and 200 cavalry. After a stubborn fight the Russians were reinforced by another squadron, with two guns, and defeated the Chinese, killing 200. The Russian loss was eight men killed and eight wounded.

**This despatch adds that the battle around Almu was continued Aug. 3, the Chinese losing six men killed and 25 wounded, and driving back the Chinese and killing 200 and capturing two guns and two flags.**

**An inscription on one of the flags read: "The people of the large city."**

When the despatch was sent Almu was burning.

Other despatches report Russian successes near Fort Arthur.

## HOTTEST DAY IN TORONTO FOR THE PAST FORTY-SIX YEARS

### Thermometer Jumped Up To 110 Degrees in the Sun, While it Stood At 98 in the Shade—It Will Be Just As Hot To-Day.

The shirt-waist man was in evidence yesterday. He was wise, as well as shirt-waisted. The heat in the city was simply terrific. Nothing but sparse garments, cold water baths and copious libations of cooling drinks could counteract the torrid feeling. The steady glare of the sun, unmitigated by even the slightest breeze, made the atmosphere a general Sherman's famous remark about war.

In the sun the thermometer jumped away up to 110 degrees, and stayed. No wonder there was a stampede for water excursions, while the man who stayed at home created a draft with a fan, and drank cold drinks.

Weatherman Stupart of the Observatory was found in his shirt sleeves last night, and was asked "How hot is it?" His reply was a starter, and showed that Toronto led the continent in heat, as it does in many other things.

"We have had the highest temperature here since the Observatory was established in 1840. The mercury went up to 98 degrees in the shade, and stayed there for the most of the day. The only time Toronto was hotter than to-day was on Aug. 24, 1854, when the thermometer marked 99.2 degrees."

"How did Toronto compare with other cities?"

"Toronto was the hottest city on the continent. Albany, New York, had the same heat, and the next hottest was Detroit, with 94 degrees. The heat wave was pretty general. Parry Sound sweltered under 90 degrees, but Algoma was treated all day to a cooling rain."

"When do we get out from under the furnace?"

"Well, the heat will last longer than we expected. It will be as hot to-morrow as it has been to-day, and there is no sign of rain."

"Is there any sign of a break-up?"

"There seems to be a break in the telegraphic communication from the east to-night. That may be caused by a tornado. You can see on Aug. 8 degrees in the shade for the greater part of to-morrow."

## THE LONDON OLD BOYS WERE WELCOMED HOME ONCE MORE.

### Counter Demonstration Shows that the Forest City is Rid of the Labor Trouble—How the Day Was Spent.

London, Aug. 6.—(Special)—London Old Boys from everywhere had a perfectly successful celebration here to-day. The local association had arranged a splendid program for Springbank, and the party returned to the city on the morning of the 6th. The day was spent in a large crowd.

**The Counter Demonstration.**  
The counter demonstration at Queen's Park consisted of addresses by well-known labor union leaders and selections by the Woodmen's Band of Toronto, and the band of the 1875 Regiment. The day was spent in a large crowd.

**The Tug-of-War.**  
The tug-of-war was won by the outsiders. The team of Victorians, consisting of J. McArthur, A. B. Garrett, H. Southam, H. K. O'Leary, F. Cooper, H. C. McCann, T. Weston, Chicago.

**Military Celebration at Night.**  
To-night at Springbank a most successful military celebration, before a crowd of 20,000 people, was given by the 1875 Regiment. The day was spent in a large crowd.

## HOLIDAY IN TORONTO KEPT CITY DEPLOPED

### The City Was Practically Depopulated During the Day, and Thousands Went to Their Former Homes to Celebrate.

The City Was Practically Depopulated During the Day, and Thousands Went to Their Former Homes to Celebrate.

All the Amusement Resorts Were Crowded—Sons of Scotland Games at Exhibition Park Attended by 6000 People—But It Was Hot.

Civic Holiday of 1900 is entitled to trust itself away in history as the most widely celebrated and the hottest in the annals of the municipality. The citizens made it a record day of excursions, and the weather would not otherwise have got up to catch an early boat or a train did so, and went in search of cooler climes.

**Great Early Morning Traffic.**  
There was an almost unprecedented early morning street traffic, which was accounted for by the numerous steamboat and railroad excursions. A distinct feature of the day was the rush of patrons of the "Old Boys" excursions. Every train was crowded with pleasure-seekers returning to take a look at their old homes. The use of "Old Boys" excursions is not very old, but it is evidently decidedly popular, and promises to become an annual craze.

**The City Was Deserted.**  
Before the afternoon was very far advanced the main streets of the city were almost deserted. Yonge-street, as far as pedestrians were concerned, would require one of a wet Sunday.

**All Stores Were Closed.**  
All the stores were closed, and the people were out enjoying themselves elsewhere. The usual holiday crowd cooled off at the Island, and at all the parks the fresh air was partaken of by thousands of people. The lacrosse game at Rosedale was the star attraction, and it is said the gate receipts there showed that nearly 6000 persons were present. At the two baseball games there were healthy crowds, and there seem to be no complaints of lack of patronage coming from any of the promoters of amusements during the holiday.

**Whew! But It Was Hot.**  
The one topic in town and in a good many other places, too, was the hot weather.

## SONS OF SCOTLAND.

Six Thousand People at the Annual Games in Exhibition Park—The Winners.

The annual games of the Toronto camp of the Sons of Scotland, at Exhibition Park, on the holiday afternoon, were witnessed by fully 6000 people. The daughters were out in full force as well as the sons, and they all spent an enjoyable time. The popular flagpole were on hand, and stirring Highland music was rendered during the running off of the events. The program included races, Irish jigs, sword dancing, Highland dancing and putting heavy weights.

**The Winners.**  
Following are the results of the various events:

Dress competition, best-dressed Highlander (ornaments)—John Small, 1, Pecos Wilson, 2.  
Best dressed Highlander (plain)—Donald Fraser, 1, G. Thomson, 2.  
Best dressed boy, Highland costume—Wilson, 1, William Lee, 2, F. Black, 3.  
Best dressed girl, Highland costume—Campbell, 1, H. Haywood, 2, J. Jeffrey, 3.  
Pipe music, marches (open)—McLeod, 1, Murray, 2, James Thomson, 3.  
Strathspey and reels (open)—G. Murray, 1, McLeod, 2.

Marches (limited to those who did not win a money prize for piping)—James Murray, 1, G. Thomson, 2, J. Jeffrey, 3.  
Dancing, Highland flag, men (open)—Renzie, 1, D. Munroe, 2, D. Smith, 3.

## SAD NEWS FOR HIS FATHER

### William Sadler, Who Was Drowned on Saturday, Was Being Sought by His Parent.

After making the preliminary investigation into the death of William Sadler, who was found drowned in the slip at the foot of Jarvis-street on Saturday afternoon, Officer J. M. Cotton yesterday withdrew his warrant for an inquest.

The facts surrounding the death showed that the unfortunate man had been drinking heavily on Friday night, and while in the scupper hope, where he went with two friends to remain till the morning.

A strange coincidence in connection with the death of Sadler was the receipt yesterday by James Freely of 90 Allen-avenue of a letter written by deceased's father, in which the parent asked for information concerning the whereabouts of his son. The letter stated that the writer wanted to forward \$20 to deceased, but was unable to do so owing to the fact that he did not have his son's address.

Mr. Freely was just about to commence a search for Sadler when he read in the papers of the man's body being found. He then made application to Officer Cotton for the body, and the remains will be handed over to him to-day for burial.

Freely will also communicate with deceased's father to notify him of the death of his son.

## A GLOOMY CROP REPORT.

Manitoba Government Bulletin for August Estimates a Wheat Yield of 10,939,818 Bushels.

Winnipeg, Aug. 6.—(Special)—The Government's August crop bulletin is now in the hands of the printers, and shows that 348,810 acres of wheat, 418,942 acres of oats and 23,414 acres of barley have been completely destroyed by drought, which, according to the report, has reduced the crop of wheat to 1,431,000 bushels, and that of oats to 1,038,813 bushels for the province. The report in detail will be published to-morrow.

## TO DISPUTE EVERY FOOT.

Tuan's Order is That the Advance of the Allies Must Be Opposed.

London, Aug. 6.—Correspondents at Tien Tsin are unable to get anything fresh, but a despatch from Shanghai, dated Aug. 6, avers that the allies are making slow progress towards Peking, on account of differences of opinion among the generals. The American, the British and the Japanese commanders favor one plan, this despatch affirms, and the Russians, the French and the Germans favor another plan.

**Every Foot to be Disputed.**  
Prince Tuan, it is added, seeks to split his army by proclamations, ordering every foot of the road from Tien Tsin to Peking to be disputed.

## ALLIES HEAVILY ENGAGED SEVEN HOURS ON SUNDAY

### Allied Losses Killed and Wounded 1200, Chiefly Russians and Japanese, and the Chinese Were Retreating at Pitsang, Eight Miles North of Tien Tsin.

Washington, Aug. 6.—Interest in the Chinese situation was intensified this morning by the receipt of two despatches from naval officers at the Foo, repeating official reports of opinion among the French, British and Japanese commanders favor one plan, this despatch affirms, and the Russians, the French and the Germans favor another plan.

**Every Foot to be Disputed.**  
Prince Tuan, it is added, seeks to split his army by proclamations, ordering every foot of the road from Tien Tsin to Peking to be disputed.

## LI HUNG CHANG IN TROUBLE

Because the Anti-Foreign Party Again Has the Upper Hand in Peking.

London, Aug. 6.—The anti-foreign party again has the upper hand at Peking. According to reports emerging from Li Hung Chang's lodgings at Shanghai, his baggage is packed preparatory to his departure for Peking. But, it is added, he has applied to the throne for 20 days' sick leave. Li Hung Chang claims that his representations to the Yangtze Viceroy, and Tsoai Sheng will be welcomed by Li Ping Heng because they are friendly to the foreigners.

**Has Xinhai and Keel News Staffer.**  
A news agency despatch from Shanghai, dated today, says it is rumored that the powerful Viceroy, Yuan Shi Kai, Governor of Shaantung, who disappeared of Prince Tuan, has been killed.

## COMMERCE IS IGNORED

By the Allies at Tien Tsin—Russians Seize the Railway Operated by the British.

New York, Aug. 6.—The allies are to make a reconnaissance to-day, starting with 4000 men, against general Ma's army according to a Tien Tsin cable to the Herald, dated yesterday, which also says the 14th United States Infantry has arrived.

Preparations for the advance on Peking are being pushed forward. A large number of native boats have been commandeered. All lighters have been seized, which will stop business with Tien Tsin. The combined forces are ignoring the railway interests. This could not be considered without detriment to the military operations.

Land transport will be difficult, as heavy rains are reported to the north.

**Boxers Kill 1000.**  
The Boxers are raiding villages south of Tien Tsin. One thousand Mohammedans were massacred. The Chinese are said to be operating from Shan Hai Kwang to Tung Chow.

**To Hansom the Diplomats.**  
It is reported that the Chinese have made overtures to ransom the Peking diplomats and close the war.

**The Emperor and Empress-Dowager.**  
The Emperor and Empress-Dowager are believed to be still in Peking. Their flight or death would produce a great change. The Chinese note about or nominally loyal would become progressive when they have nothing more to fear. The fate of those who have heretofore dared to utter pro-foreign sentiments terrifies even the semi-official officials. China's Tzuang, is still extolled. Yung Wing is in hiding. The Manchus party once exterminated, the people will welcome reform.

**Li Not At Tien Tsin.**  
Li Hung Chang has not put in an appearance at Tien Tsin. His former residence, where he received General Grant and other notables, is now occupied by Cosacks.

Quite large quantities of bar silver were taken from the native city. The Americans and the Japanese are said to have about a million and a half ounces each of the Government treasure. The Russians have placed their flag upon the silk pile.

**English Being Fired.**  
Most of the British engineers on the railway have received notice to quit.

## BRITAIN HAS NO NEWS

As to the Reported Advance of the Allies from Tien Tsin for Peking.

London, Aug. 6.—In the House of Commons to-day Parliamentary Secretary Broad continued on Page 4.

**Duck Dances.**  
This dance has become a prime favorite, and has entirely superseded the former popularity of the summer resorts. It is not the endearing qualities of the participants from which the young people are attracted in their duck outfit suits, with a simply a duck suit, now reduced to a pleasing contrast to the white duck suits.

**Headache Cured in a Few Minutes.**  
Bishop's Stimulating Headache Powders are so depressing. Money refunded if they fail. 50 cents for box. Dr. J. C. Bishop's Pharmacy, 100 Yonge-street.

CANADA'S SHOW AT PARIS. The Fruit Exhibit Knocks Uncle Sam and California into the Sea.

Montreal, Aug. 6.—(Special.)—A Montreal gentleman has received from a friend, Mr. Herbert P. Coates of the Central Uruguay Railway, Montevideo, the following expression of opinion on Canada's show at the Paris Exposition: "Canada beats the Empire in her exhibit, and in fruit has a show that knocks Uncle Sam and California into a cocked hat. The methods have an excellent turn-out also."

A Well-Done Hero. I had a practical joke a mile, but there is one that I remember with gratitude. It was a man in a country house, and there was a man there who had a most excellent sense of humor.

LADY RANDOLPH'S ROMANCE. Her Father and the Old Jerome Family in New York State.

It was a curious romance in contemporary history that a wealthy wife should have seemed undecided whether to bestow the historic dukedom of Marlborough upon the descendant of one New York State farmer or New York State farmer.

Life in the Karoo. The upper portion of Cape Colony is known as the "Karoo." From the coast, the Karoo rises to the interior, and is far inland at the altitude of nearly 4000 feet.

At the Union Station. It was the busiest day of the year at the Union Station, there being more special trains than ever before on any day.

FIVE CENT SHINE MUST COME. "Don't you think 10 cents for a shoe shine is a hold-up?" "I think it is a barefaced robbery," said the man on the bench.

SOME CAN WE WILL. Time and material—mostly time—make the money market in the cost of producing dental work.

THE REEF OF COMMASSIE ABSOLUTE SECURITY.

Graphic Description of the Fighting Which Had to Be Done by Col. Willcocks' Force.

MAJOR BEDDOES HAD A BIG PART. Enemy Was Found Strongly Entrenched and the Relieving Force Showed Great Bravery.

The London Daily Mail, just to hand, gives the following telegram from Colonel Willcocks, the reliever of Commaissie: "The London Daily Mail, just to hand, gives the following telegram from Colonel Willcocks, the reliever of Commaissie: Bekwai, Friday, July 20.—Just returned from Commaissie, which was relieved on July 15, after a two days' running fight, and several thousand of the enemy came in a successful attack against the relieving force."

No Quarrel. The Markets Committee was called this evening to open the tender for the light of the City Hall, but there was no quarrel and Chairman Hill called the meeting to order.

Given "Knock-Out" Drops. James Doherty of the Salvation Army was found on the morning of August 2, charged with highway robbery, and was committed to the City Jail.

Andrew Williams, a colored man from Toronto, stopped a runaway team very cleverly, and was rewarded with a \$1000 reward.

Sensational Prices for Ladies' Vests.

Prices that actually border on the sensational. They're only made possible because we took the entire surplus stock the manufacturer had. It was almost like giving them away to sell to us at the money we offered. But for the sake of clearing his factory of all the Summer Vests he was willing to make the sacrifice, and now we turn everything over to you in the same way as we bought. Did you ever hear of anything to equal these for values? It almost reads like a fairy tale. Just read these prices for Wednesday:

LOT NO. 1-384 dozen Ladies' Ribbed Cotton Vests, colors white, ecru and cream, short sleeves and no sleeves, 6 different styles, all sizes, neatly finished, regular price 10c and 12c each. Wednesday two of these vests for... 9c

LOT NO. 2-408 dozen Ladies' Ribbed Vests, fine yarn, 8 different styles to select from, straight and shaped, colors white and ecru, neck trimmed and finished with ribbons, short sleeves and no sleeves, regular prices 18c to 25c each. Wednesday two of these vests for... 17c

LOT NO. 3-158 dozen Ladies' Vests, fine Egyptian yarn, straight and shaped, 6 different styles to select from, neatly finished with silk lace and ribbons, colors white and ecru, regular price 25c to 40c each. Wednesday two of these vests for... 25c

Of course you'll want to have some of them. Who wouldn't buy freely when such a chance is offered? Come and get what you want so long as they last and you do not take more than a half-dozen garments.

FRED CARAY'S BODY FOUND. How Mr. Stratton Catches On. See Express: While Hon. Mr. Stratton and the editor of The Express were chatting at the International on Wednesday morning, Mr. Williams, of St. John's, landed and was introduced to the Provincial Secretary. The editor explained that Mr. Irwin was a representative of the Farmers' Institute on the island, and that they proposed holding a big picnic at St. John's Landing on the 14th inst. Without further ado, Mr. Stratton drew out a five-dollar bill and handed it to Mr. Irwin. "Here is your money," he said, "and your picnic to the lady having the largest family at the beach." Mr. Irwin bowed his head and thanked him on behalf of the institute.

IMPERIAL FEDERATION THE ISSUE IN BRITISH POLITICS.

The despatches announce that it is likely the British Parliament will be dissolved this fall and that the Government will go to the country on a broad Imperial policy. We republish in full the correspondence's remarks thereon. He says:

"The idea that the canvass will be a sharp one with all the issues except South Africa excluded from it, is grotesque. The real issue of the canvass will be the colonies in the great battle for the unity of the Empire, by the contest of Australia and New Zealand on the one hand, and the South African Union on the other. It is the world-wide union for common defence and for the development of the British Empire, the Mother Country and her dependencies. Mr. Chamberlain will represent the other side, and he will not talk about old age pensions and Tory Imperialism, and when the elections have ended he will have to go to the country on the 'Imperial' issue."

Canada awaits with interest the declaration of an Imperial policy by either of the great political parties of the Empire. The British mind is in a state of extreme uncertainty over the question. Imperial federation has been before the people of Great Britain for some years now. It is the spectacle of the age. The British mind is in a state of extreme uncertainty over the question. Imperial federation has been before the people of Great Britain for some years now. It is the spectacle of the age.

THE SCOURGE OF CONSUMPTION.

The other day we printed an extract from the article of Dr. Cassidy on the prevention of consumption; to-day we publish it in full, to be read, we trust, by all our readers. Consumption is not so much hereditary as it is the result of lack of nutrition and of exposure to the tubercular microbe in other words, it is the result of a bad diet and of a bad environment. It is the result of a bad diet and of a bad environment. It is the result of a bad diet and of a bad environment.

POLITICAL INTELLIGENCE.

The chief topic for politicians at this time is will the elections be held in October? While there is no absolute certainty about the program of an election in October or November, yet there is nothing to stand in its way.

There is a rooted conviction among politicians that Ontario is to be the main battlefield, when the fight does begin. Much will depend upon the crop in this Province in the fall. From all accounts, the crops in Ontario will be good, and the farmers, as a result, in a happy frame of mind. "Breaking will be finished by October and a breathing spell given to the workers. On every hand October is looked upon as a good month in which to hold an election.

Members of Parliament, both Liberal and Conservative, have set their minds upon October, and are organizing their constituencies in the light of their impressions. There are those who are of the opinion that a general election of a Cabinet meeting, to discuss the feasibility of an early appeal, should be held in the latter part of the month. It is not yet four years and two months old, while its life is a long five years. But it has had five sessions, and has naturally reached the period when it could gracefully yield up the ghost.

Readers, there is thought to be grave objections to holding another session. Should a chance to get another session, it is not yet four years and two months old, while its life is a long five years. But it has had five sessions, and has naturally reached the period when it could gracefully yield up the ghost.

WILD WEST A GREAT SHOW

Better Rough-Riding Has Never Been Seen in This City Than the Exhibitions at Hanlan's.

PROGRAM OF INTERESTING EVENTS

kept the immense concourse in their seats until the end of the Delightful Program.

Anyone of the gang of cowboys who took part in the exhibition of Wild West life at Hanlan's Point last night might have been photographed for a type of Frederick Remington's art, better rough riding has never been seen in this city, not a more legitimate program of first-class events, which gained in interest and excellence from first to last, and kept the immense concourse of people on the grand stand in their seats to the end.

The feats of horsemanship were cheered as enthusiastically as the several picturesque and exciting representations of frontier experience.

There was room for only one verdict, that of unqualified and unstinted praise, which was expressed repeatedly from every corner of the grand stand.

The stars of the performance were Helle Marie, the champion lady rider of the world, and Freddie Hill and Alexander George, two magnificent specimens of the Western cowboy, Helle Marie could hang on to the saddle by her hair and pick scraps of paper off the ground as easily as an ordinary woman would pick her hat off her head when going at full speed.

The rough riding of the two cowboys mentioned was astonishingly clever. They showed the frolics and pastimes, the fancy riding, fighting and every-day work of their trade with a grace and ease which were strictly historical and admirably executed. Some of the items were an Indian war dance, a chase for a horse by Indians and cowboys, capture and hanging of a horse thief, robbery of a settler's cabin, robbing a stage coach and rescue.

Not one of these features bore the remotest shadow of fake in any way. Everything was realistic in the highest degree, and the participants were fearless types both of Indians and cowboys. All who saw the exhibition were struck by the realism of the performance, and the skill of the riders. For a summer show their performance is not to be surpassed.

A duel with bowie knives was an exciting feature. The two contestants, an Indian and a cowboy, captured and hanging of a horse thief, robbery of a settler's cabin, robbing a stage coach and rescue.

COURAGE AND OUTRAGEOUS.

Whitby Wheelmen Attacked From

Behind a Fence With a Fusil-

ade. (Special.)—A most

unwarranted and cowardly attack

was made last evening on the outskirts

of Pickering village upon two young men

from Whitby, as they were wheeling

their bicycles on their way to

Whitby. From the shelter of the College

gate a shower of bricks and rocks fell

upon the wheelmen, knocking one from

his bicycle. The attacking party, on being

challenged to come out in the road, only

replied with curses and abuse, but on

receiving an addition to their strength in

the occupant of a passing carriage, who

turned round and drove down

upon the bicyclists, so as to separate them,

the cowardly rascals retreated. The

wheelmen made their way to

WHEAT AND STOCK MARKETS

Many Boards and Exchanges Were Closed Yesterday.

London, Montreal and Toronto Stock Exchanges and London and Liverpool Grain Exchanges Closed—Movements in Issues Upon Wall-Street and of Grain at Chicago—Notes and Gossip.

World Office, Monday Evening, Aug. 6. There were no Liverpool markets to-day. Grain wheat and four futures advanced. Chicago wheat futures advanced half a cent per bushel to-day and Chicago corn rose 1/2 cent.

The Stock Market. There were no sessions to-day of the Toronto, Montreal or London Stock Exchanges.

On Wall Street. The early dealings in the stock market showed a survival of the week's strength. It gave way in face of the day's developments, and the market yielded whatever gains had been effected. Not less are the general run, and they are of little importance. Sugar weakness on the report of the shading of several grades of soft sugar, which was not indicated in the report of the market.
