# Mabee is Now Chairman of the Railway Board Begins Duties at Once

### Hon. Justice Leaves Ontario High Court Bench For the Greater Responsibilities of the Commission.

### ONLY MAN WHO WAS ASKED IS MR. GABRIEL'S TRIBUTE

Bearing out The World's exclusive- if premature-announcement of two weeks ago, the appointment of Justice J. P. Mabee as chief commissioner of the Dominion Railway Board is now officially announced. His duties will commence almost at once.

Hon. G. P. Graham confirmed the news of the appointment over the long distance phone from his residence at Brockville, where he was spending Sunday.

"He was the only man to whom the position was offered," Graham told The World. "He took considerable time to think it over before he accepted, and he did not seek the office."

"There was a general idea that if he would accept it he would be a first-class man for the position. I think we have got a good man," Mr. Graham concluded.

### Removing Objections.

Hon. Mr. Graham was in Toronto during last week and was probably overcoming some of the objections which it was known Mr. Mabee had to leave the Ontario high court bench for the higher, but more onerous duties.

When spoken to by The World a fortnight ago, Mr. Mabee seemed genuinely surprised that his name was connected with the vacancy occasioned by the death of the late Justice Kilham, and which Mr. Mabee attributed primarily to the strain of the work the late chairman had been performing. By the proposed change in the railway board, however, this strain should be materially removed from the new incumbent of the office.

A few days ago Ottawa despatches, apparently inspired, said that Mr. Mabee had declined the appointment, owing to the fact that he would lose the retiring allowance which his position on the bench entitles him to. This, however, has been satisfactorily arranged.

### Garriss Retiring Allowance.

When Justice Kilham accepted the chairmanship the act was changed so as to allow him to carry his retiring allowance after fifteen years of combined service on the bench and on the commission. The conditions will be the same for Justice Mabee as regards salary and retirement.

Justice Mabee will assume his duties at once. He could not be seen at his residence last night, but he retired at an early hour, after the fatigue of two nights on the railway train, in succession. He had been holding court at Ottawa in ordinary course.

### Hon. Dr. Mills Compliments.

Hon. Dr. Mills and Chief Engineer Mountain of the railway commission returned to Ottawa last night in the official car.

Shortly before the train left, The World, in conversation with Dr. Mills, who has just arrived from Guelph, where he had been over Saturday and Sunday, informed him of the appointment of Justice Mabee and his acceptance as chief of the railway commission.

The doctor was somewhat surprised and wanted to know when the appointment was made and if it was beyond doubt. When assured such was the case, he said: "I know of no one, from the enquiries I have made, whose appointment would cause more general satisfaction than that of Justice Mabee. I have been repeatedly questioned by the legal profession whether the rumor was appointed to the head of the board. While unable to answer them in the affirmative, they universally said he was the man and the only man for the position."

The qualifications, continued the doctor, "requires a man who is a worker, and who at the same time possesses the highest executive ability, with a knowledge of railroad business."

# INVITE COLONIES TO QUEBEC FEES

### Lord Elgin and Representatives of Families of Historical Fame Also to Be Asked.

QUEBEC, March 22.—(Special.)—On behalf of the royal national commission on the Quebec tercentenary, the governor-general has cabled to Lord Elgin, colonial secretary, asking him to invite to the coming fetes a representative of the Town of Brouages, Champlain's natal town, as well as representatives of the families of Wolfe, Montcalm, Levis, of Murray, of Guy Carleton and of Simon Fraser, the former chief of Fraser's Highlanders, who performed such gallant deeds of valor at the taking of Quebec.

Lord Elgin has been asked to attend personally, or to send a representative, and also to invite Australia to send one representative, South Africa four, New Zealand one, Newfoundland one, France one, and the United States one.

France and the United States are also expected to send fetes to participate.

When the commissioners met here on Saturday, the commission naming them and that appointing Mayor Garneau as president were read. The commissioners approved a number of appropriations applied for in connection with the celebration, and also authorized an appeal for subscriptions to the fund of the park of the Plains of Abraham, of which Mr. Courtenay, deputy minister of finance, is to be receiver-general. All subscriptions are to go solely to the park project, and may be handed into any branch of any Canadian bank.

### Outlines Program.

The commissioners present at the inaugural meeting, Saturday, were Mayor Garneau, Hon. A. Turgeon, Senator Drummond, Col. Denison and Byron E. Walker. With a very few exceptions, which have to be submitted to the prince by cable, the official program for the reception of the Prince of Wales and for the tercentenary fetes was finally approved.

The prince will land on the morning of Wednesday, and he will be met by the board of health, which he will be the officially received by his excellency the governor-general, and in all probability will be presented with an address by the Parliament of Canada. The Royal Society of Canada will hold a special session the same day, in parliament hall, at which the governor-general and his work will be pronounced in French and English.

On Thursday, the 23rd, Champlain is to arrive in the harbor, and he will be met by a little ship now being built for the purpose, his arrival being saluted by the firing of a salute. The big ceremony of the day will occur at the Champlain monument on Dufferin Terrace, when a loyal cablegram will be addressed to Champlain and his work will be pronounced in French and English.

### The Prince's Part.

It is probable that the prince will himself attend the opening of the fetes, and a brief speech will be made by Sir Wilfrid Laurier. The grand historical parade which will take place on the 24th, will be a big display of fireworks from Levis Heights, which will be visible from the entire city front.

Friday, the 24th, will mark the dedication of the Battledis Park, which will be made the occasion of a grand military and naval review. That night there is to be a grand concert by the Mendelssohn Choir of Toronto and the Quebec Symphony Society. There will be a garden party at Spencerwood in the afternoon.

The review will be held on the 25th, which is expected to be a most imposing function.

### Thanksgiving Day.

Monday, July 25, will be Thanksgiving Day. The Roman Catholic service will be a grand open air mass on the Plains of Abraham, with gorgeous music and fireworks. Service in the English cathedral at 11.30, so that those official personages who so desire will be able to attend both.

Monday, the 27th, has been selected for the naval display ashore, when probably ten thousand sailors will perform.

In the afternoon there will be regatta on the river for men of the fleet and Indian canoe races.

The evening will witness one of the most spectacular events of the fetes, namely, a representation of the bombardment of Quebec by the joint fleet and army under Saunders and Wolfe in children's day with daylight, fireworks on the Plains of Abraham.

### NEWSPAPER STRIKE.

Mechanical Staffs of Two St. John Papers Are Out.

ST. JOHN, N.B., March 22.—(Special.)—As a result of the refusal of the management to discharge three printers who had been expelled from the union owing to non-payment of special dues, the entire mechanical staff of The Morning Telegraph and The Evening Times went out on strike to-night.

The matter has been under discussion for several weeks and notice had been given by the union that if its demands were not granted it would call all the men out to-night. The small paper is being issued to-night.

# GRAVE SMALLPOX EPIDEMIC IN AND AROUND MONCTON, N.B.

### Hundred Cases in the City and Many Others in the Adjoining Counties.

MONCTON, N. B., March 22.—(Special.)—With something like a hundred cases of smallpox in this city, and a large number of cases in adjoining Counties of Albert and Kent, the situation is serious and the authorities are somewhat puzzled what steps to take to prevent the further spread of the disease, and eventually stamp it out.

The epidemic in Moncton is confined almost entirely to the French district, but as the French are great people to visit, in spite of the warning of a board of health, cases have broken out all over town.

All churches, schools and places of entertainment have been ordered to take general vaccination ordered. Outgoing trains are also being watched.

The city council has called upon the provincial board of health to take charge of the epidemic and that body will at once issue most stringent orders and endeavor by every way possible to prevent its spread.

In Albert County, it is believed, the epidemic is well in hand, but its rapid spread in Moncton has caused a great alarm. The disease was brought here from the lumber camps.

### MAY YET LOSE ARM

Amputation May Be Necessary for King Manuel.

MADRID, March 22.—El Mundo says that it learned on good authority that the wound Prince Manuel—now King of Portugal—received in the arm on February 1, when King Carlos and the crown prince were assassinated, has not healed, and recently has become very much worse.

The attending physician, says the paper, declares that amputation is imperative.

### TO SPLIT THE PROVINCE?

A staff correspondent of The Buffalo Express, writing from Sturgeon Falls, Ont., says that the demand for a separate province in New Ontario is "spreading like wildfire."

# One of Life's Tragedies.

### Lillian Angus, Driven From Home With Her Babe, Given Shelter by Neighbors, But Child Dies.

Turned out by her stepfather, who lives at 22 Tait-street, Lillian Angus, aged 18, woke up yesterday morning at the house of George Davis, 44 Tait-street, to find her three weeks old infant dead. Coroner Wilson investigated, but concluded that an inquest was unnecessary.

Three weeks ago the girl gave birth to a child at the General Hospital. When she was ready to come home her stepfather refused to let her stay at his house, and she was turned out

# AERIAL NAVIGATION NOW WITHIN THE BOUNDS OF SOLUTION

### Remarkable Flights of Henry Farnum at Issy, France—Machine Carries Two Men.

PARIS, March 22.—Following a record-breaking performance of Friday in flying a mile and a half in his aeroplane, Henry Farnum Saturday made another spectacular flight at Issy, covering two and a half kilometres, a little less than two miles, in 3 minutes and 20 seconds.

Later, in company with Leon Delagrang, he entered the latter's aeroplane, which moved over the ground at the rate of about 30 miles an hour, and then went into the air making a short, but highly successful flight.

This is the first time that an aeroplane carrying two persons has made a successful flight, and the aeronauts were enthusiastically cheered by thousands of people who had gathered.

These accomplishments are hailed with delight, as they are considered as having demonstrated that the problem of aerial navigation can be definitely solved, especially the question of equilibrium.

### NOT COMING BACK.

Rev. Dr. Patterson Discounts a Saturday Ramour.

Rev. William Patterson, who drew large crowds at Cooke's Church yesterday, deprecates the idea that he has thoughts of returning to Toronto, as was reported on Saturday.

"A mere rumor. Nothing more, I assure you," he told The World.

"Naturally I like Toronto, where I graduated and spent 20 years of my life, but one must consider one's call, and my work lies elsewhere now. I was up for the Christian Endeavor convention and just stayed here over for Sunday duty."

### THE BUDGET DEBATE.

OTTAWA, March 22.—(Special.)—The budget debate will be resumed on Tuesday and will continue a couple of days.

About a dozen members of each side of the house intend to speak.

# FRANCE SOON NOW TO HAVE OLD AGE PENSIONS FOR WORKMEN

### After Long Opposition From Senate, Compromise Has Been Adopted.

PARIS, March 22.—Pining that the continued opposition of the senate to the workmen's old age pension bill, passed by the chamber in 1906, promise to postpone indefinitely the realization of this social reform which the radical wing of the French Republicans have been promising for years, the chambers have finally consented to the principle of a compromise and have voted a resolution serving notice on the government and the senate that this compromise must become law before the expiration of the present year.

By the terms of the bill workmen contribute two per cent of their wages, and the employers a like percentage during a period of thirty years, thus creating a fund from which the workmen thereafter receive an annual minimum pension of 52.

The state is to contribute only when the forced savings of the workmen do not exceed 200 francs. The chamber has agreed to the principle of absolutely limiting the government liability for the present to 200,000,000 annually and it is believed that the results will justify the complete scheme.

### RECTOR WILL STAY.

Withdraws His Application for Leave of Absence.

ST. CATHARINES, March 22.—(Special.)—Rev. R. Barrington Nevitt, rector of St. Barnabas' Church, to-day made public his determination to withdraw his request for leave of absence made a week ago. He promises to make a full explanation to the next meeting of the vestry, if necessary.

### COLONISTS FROM U.S.

Have Taken Up 100,000 Acres From the C. N. R.

WINNIPEG, March 22.—(Special.)—A. R. Davidson of Davidson and McRae, who handle Canadian Northern land grants, states that 280,000 acres have been sold this spring. Of this about 100,000 acres in Tramping Lake district will be colonized this summer by settlers from the States of Illinois, Iowa and Nebraska.

### MONEY FLOWING WESTWARD.

MONTREAL, March 22.—(Special.)—There are farmers going into the western provinces from the Northwestern States with cash in their pockets amounting to sums ranging from ten to seventy-five thousand dollars each, constituted the information given to friends in this city by the Hon. C. A. Cross, attorney-general of the Province of Alberta, who has just returned to the west.

# BYLAW QUASHED APPEAL IN DOUBT

### Looks as Tho License Reduction Will Be Left to the Will of the People After All.

While perhaps not altogether a bolt from the blue, the decision of Chief Justice Meredith on Saturday, quashing the city council's license reduction bylaw, created more than a mere flutter of interest throughout the city Saturday afternoon.

Controller Spence and prominent reductionists inside and outside the city council express surprise and disappointment, but not discouragement, while in some quarters feeling akin to confidence is expressed that the ruling of the chief justice will be over-riden by a higher court. On the other hand, citizens who opposed council's methods declare keen satisfaction and a feeling of certainty that the reduction issue is dead for another year.

From the statements of Controller Spence, Ald. Hales, Keeler and other prominent reductionists it is made clear that present hopes are altogether pinned to the prospect that a higher court may reverse judgment. It is too late to submit another bylaw, and no disposition is shown to consider referring the question to the people.

There is balm for Controllers Spence, Hooke and Harrison in the judge's decision, confirming them in their view, but as the chief justice's remarks had pretty plainly foreshadowed such a finding, the relief is not so pronounced.

The bylaw being now dead, Ald. Whytock's motion to rescind it will be struck off the order paper, and the question of license reduction remains quashed, so that the question may go before the voters next January free from the taint of trickery and unpopularity.

It seems likely, however, that under all the circumstances council will not be averse to trying the matter again, the whole question of reduction has ceased to be before council, and bylaw will be for the board of control to decide, on the advice of the city solicitor, whether appeal should be made.

Still a motion of appeal against the quashing of the license reduction bylaw by Chief Justice Meredith may be submitted at this afternoon's meeting of the city council.

"I wouldn't be surprised if such a motion is brought up," said Controller Fickler last night. "I don't think it is necessary for council to put itself on record, but it is more desirable than that the board of control alone should take action."

As the form of the bylaw is identical with that of the Fleming bylaw, the question has been raised whether the earlier measure is not also invalid, but as such bylaws are only open to attack within a year of their enactment it would not be affected by the decision.

The question has arisen whether the license commission will feel a sur bound to receive official notification from the city of the quashing of the bylaw. Chairman Emmerson of Oswego, who asked whether such formal notice would be needed, said he didn't think so.

"I can't speak for my colleagues, but I take it for granted that as the bylaw is quashed we are not under instructions to cut off the licenses," he said.

The license commissioners meet on Thursday next.

### The Judgment.

The judgment in full reads: This is a motion by a ratepayer of the City of Toronto to quash by-law No. 549 passed by the council of the City of Toronto on the 27th day of January, 1908, intituled,

# TRIED TO BURN BARRACKS.

### Stratford Man's Resentment Against Salvation Army Runs Too Far.

STRATFORD, March 22.—(Special.)—Charged with attempting to set fire to the Salvation Army barracks, Fred Bryant, aged 25, married, was locked up to-day. He caused consternation on the street by gathering a crowd around him and publicly denouncing the army, saying that he had been brought out to this country by the Salvationists and then cast aside. He openly confessed that he had entered the barracks, turned on the gas, flooded the rooms and setting fire to the building in two or three places. The building narrowly escaped destruction on Friday night. Bryant has caused the authorities much trouble during his two years' sojourn here.

# DONLANDS MAPLE SYRUP TO-DAY

Saturday saw the first run of sap in the Donlands sugar bush, and over 120 buckets were out, only about 20 gallons of syrup came from the evaporator. The quality, however, is of the highest, and those who enjoy a taste of absolutely pure maple syrup should order a bottle from Mabee this morning, where only 90 bottles will be on sale at 75 cents each.

There was a big run of sap on Sunday, and at night the buckets were all filled and a good boiling should be the result to-day.

ANGELUS THE WINNER CHAPULTEPEC SECOND

Meelick, Favorite, is Third in City Park Derby Saturday at New Orleans.

NEW ORLEANS, March 21.—The same horses which were defeated with ease by Meelick in last Saturday's \$10,000 Derby at the Fair Grounds, to-day ran Meelick off his feet and beat him by several lengths in the City Park \$10,000 guaranteed, handicap race, with Chapultepec second and Angelus third.

Meelick was the only other horse in the race. The distance was one mile and a quarter, and the time, 2:04 3/4, a new track record. Chapultepec made the pace till the stretch, with Meelick hanging on, two lengths back, and failing to respond to Jockey Dugan, who vainly tried to work Meelick forward.

Angelus stayed just behind Meelick until the stretch. Then he moved up with a rush, passing Chapultepec and taking the lead at the eighth post, and winning by four lengths. Chapultepec was two lengths in front of Meelick.

Meelick was 1-to-2 favorite, and was backed generously by one of the largest crowds which have witnessed a race here since antebellum days. Last Saturday the crowd, almost as large as to-day, paid no attention to Meelick, then the winner, and the longest-priced horse in the race, while to-day Angelus and Chapultepec, the good things of a few days before, found few friends among the bettors.

Weather cloudy, but bright. Summary: FIRST RACE—Purse \$500, 2-year-olds, 4 1/2 furlongs: Intervene, 108 (Minder), 11 to 5, 4 to 5 and 1 to 3, by a neck.

ESTABLISHED 1854. JOHN CATTO & SON IT IS Worth While

To come early in the week and inspect the special items listed below. It is usual to have such special values to offer in seasonal goods at this time of the year, but manufacturers must have the money, so the public gets the benefit.

Ladies' and Misses' Coats and Suits

Only for a manufacturer's money need, this chance could not have been offered. As we have secured something special in both jackets and suits for cash, we pass it on.

Coats

A fine lot of Ladies' and Misses' Coats, in plain box cloths, fitting, semi and box backs, hip length. All good spring shades, as fawns, greys, leather browns, etc.

Suits

A splendid range of semi-fitting Spring Suits, in Panama, Wool Re-Jas and Spring Tweeds, including the popular skirt, as well as fawns, greys, leather browns, etc.

2 Silk Specials

The first for "RAJAS" silks in the land, and signs of scarcity begin to appear. We have been fortunate to lay hold of a large supply, so can offer all the shades, leather, tan, russet, shell pink, French grey, old rose, champagne, some ivory, wedgewood, cardinal, white, etc.

Initialled Towels

Some time ago we introduced a fine linen Huck Towel with handsome large initial nicely worked on the end. We forecast at once that these would be popular and placed a large repeat order before the rise in prices. This has just arrived, and we can supply Towels as above, initialled (about 1/2 inch letters), all pure linen, 22 x 40 inches, hemstitched, handsome damask ends. \$6.00 per dozen.

Blouse Special

47 only Ladies' White Lawn and Muslin Shirt Waists, plain and fancy, assorted odd numbers and sizes, some short sleeves, some long, a few slight wrinkles. Were \$1.00 to \$1.50. Now 50c PER YARD.

Mail Order Facilities Unexcelled

ST. PATRICK'S CHAPTER.

Masonic Function at Temple Building a success.

St. Patrick's Chapter, R.A.M., No. 145, worthily maintained its reputation for general hospitality on Saturday night, when over four hundred members and visiting companions assembled at the Temple Building to do honor to Ireland's patron saint.

Whatever differences may exist between English, Irish and Scotch under ordinary conditions in the outer world were forgotten, and everyone present was enthusiastic in paying homage to the great man who presides over the destinies of the Emerald Isle.

The ceremonial work was efficiently rendered by the ruling officers of the chapter, followed by a splendid program of vocal and instrumental music, in which all the best-known singers in the city and several artists appearing at the local theatres took part.

Messrs. Small, Solomon and Henry theatres contributed greatly to the evening's enjoyment by loaning the various properties used.

Comp. Harry Collins and Comp. G. Sharkey were the directors of ceremonies, and the able way they kept things moving was a treat. Pungent wit, rollicking song and merry jest kept all in good humor, and the whole proceeding strikingly evidenced the characteristic warmth of the Irish heart.

ST. PETERSBURG, March 22.—M. Kokovoff, the minister of finance, addressing the budget committee of the duma Saturday, announced that new loans were inevitable, despite Russia's already heavy indebtedness.

He mentioned the double tracking of the Siberian Railway, the building of the Amur line and the requirements for national defence and family relief as alone involving an extraordinary expenditure of \$75,000,000 annually for several years to come.

APPEALS TO OLD Foe.

Boer General Wants British Protection Now.

NEW YORK, March 22.—General Francois Joubert-Plenar, who fought in the Boer army against Great Britain, and who is now in the United States, making his efforts to be made to bring about the suppression of slavery in Portuguese West Africa, has appealed to Sir Edward Grey, the British secretary for foreign affairs, to save his family from alleged unjust treatment at the hands of officials of the Portuguese government in Angola.

Gen. Joubert-Plenar, in his communication to Sir Edward Grey, stated that his second son has written from Angola declaring that the Portuguese authorities induced him to leave British territory in the interior to come to Angola, where he was ordered to embark at once.

The general in another communication to Sir Edward Grey states that he has received word that his son was taken away from Angola and he fears he has been killed.

PAY-AS-YOU-ENTER CARS.

150 of Them Are Set in Operation in New York.

NEW YORK, March 22.—New York, a city where transit conditions and facilities have been a constant vexing municipal problem, was introducing a novelty in surface car transportation to-day, when pay-as-you-enter cars were placed in operation on Madison-avenue line from Harlem to Grand Central Station. The public service commission has ordered that no more than 15 passengers may be carried in a car at one time, so that there will be no crowding. Seats are provided for 38 passengers, and 37 passengers can be accommodated standing.

The cars are so arranged that the passenger makes his entrance by the door and his exit by one of the two doors at either end of the car. Passengers are supposed to give the conductor the exact fare on entering the car. Those not having the actual fare step inside on the large platform until change is made, when they are permitted to pass into the car. One hundred and fifty of the new cars were in operation to-day and railway officials pronounced them a success.

Plans to Rent.

Plans rented on very reasonable terms. Six months' rent allowed in case of purchase. Heintzman & Co., 115-117 West King-st., Toronto.

Bold Threat.

ST. PETERSBURG, March 22.—The Znamya, the organ of the Union of True Russian people, to-day prints threats of assassination, headed by a black cross, and the words: "Death to Milukoff."

Fire Delays Train.

Passengers on the G. T. train from Buffalo, due here at 5.40 last night, had the novel experience this side of Niagara Falls of watching engine 404 on fire. Sparks from the fire got into the coal in the tender. The blaze had such a start that it took the train crew over an hour to put it out.

ROOSEVELT PROMISES A REVISION OF TARIFF

Makes an Important Announcement of Legislation That He Has in View.

WASHINGTON, March 22.—President Roosevelt has determined on a legislative program, the enactment of which will be urged upon congress in a special message, which he said Saturday will go in this week.

Each of the measures to be proposed involves perplexing difficulties and each will have far-reaching effect on the business and economic conditions of the country.

The program is the product of important conferences through which the president has been put in possession of the views of all interests concerned. Likewise the attitude of the leaders in both branches of congress has been made known. Its success depends upon the combined effort which he believes can be brought to bear for the benefit of the whole plan by these affected, especially by some of its features.

The program includes: A declaration in favor of a revision of the tariff in a special session to be held after March 4, 1905.

An amendment to the Sherman anti-trust law, so as to make important concessions to combinations of labor and capital, limiting the powers of certain courts on the use of the injunction in labor disputes.

Passage of an employers' liability bill.

Passage of the Aldrich financial bill.

The support of business and financial interests of the house and senate is pledged to the president on this program following an extended conference held at the White House Friday. A most satisfactory conference has been held at the president's office Saturday with leaders of the two houses of congress.

An agreement was reached between the president and the leaders of the house and senate in favor of a declaration of a revision of the tariff at a special session to be held after March 4, 1905. It was decided that in a manner in which to prepare for the legislation is to have investigations conducted by the ways and means committee of the house and the finance committee of the senate.

In a statement issued from the White House late Saturday afternoon referring to the conference, it was stated that the president and the leaders of the present suffering and depression the president will probably indicate to congress by an explicit recommendation next week the corrective measures which should be applied.

MABEE IS NOW CHAIRMAN

Continued From Page 1.

ness. These qualifications I understand Justice Mabee is in an eminent degree. Without them, for the chief justice of the supreme court, the members would in no time become all tangled up.

He was asked for recommendations for the position of chief, and an glad to say that after patient enquiry I gave in the name of Justice Mabee.

"My associates in the law, and I, as well as the public, are pleased as pleased as I am at the appointment of Judge Mabee," concluded Dr. Mills.

Chief Engineer Mountain was highly elated over the appointment. He remarked that they had all been hoping that Judge Mabee would get the position. Every one connected with the commission believed he was the one man qualified, and the man for the position.

The commission expect that the matters that have been pending before the commission will be closed up this week. The commission will report to the commission until the new board meets.

Highly Regarded.

Justice Mabee is one of the youngest members of the supreme court. He is a native of Stratford, where he practiced law previous to his elevation to a couple of years ago. He had been a member of the supreme court of Perth at the general election of 1904, when he was defeated by A. F. MacLaren.

He stands high in his profession and is noted for his capacity for hard work. His attainments as a judicial exponent of equity as well as lawyer, fit him for the position of chief justice of the railway commission.

His gifts as a cross-examiner may be of service also when it comes to probing matters about which in the public interest it is occasionally difficult to throw sufficient light.

The vacancy may yet be filled, as was intimated in a World two weeks ago, by the appointment of Hon. B. S. H. Smith, who has an appointment carries with it a salary of \$7000 a year. The chief commissioner has a salary of \$10,000 a year attached.

Memory to Irish Immigrants at Grose Isle.

QUEBEC, March 22.—Mr. Cummings, the National President of the Ancient Order of Hibernians, addressed a joint meeting of division No. 1 and ladies' auxiliary this afternoon.

During his stay he will interest himself in connection with the projected erection of a memorial to the unfortunate Irish emigrants to Canada, of whom 12,000 died along the shores of the St. Lawrence in 1848.

The project is as yet but in its initial stages, but Mr. Cummings will find conditions favorable, recommend at the next national convention that a large Celtic cross be placed upon Grose Isle.

Aphasiates Self and Children.

FALL RIVER, Mass., March 22.—With a crucifix draped in her hand, Mrs. Florida Terrien, aged 25 years, and her four-year-old daughter, Mary, and two-month-old boy, Joseph, were found dead in the kitchen of their home to-day by her husband, from illuminating gas.

Dined by the King.

Monster Mass Meeting at Canton Protests Against Tatsu Maru Release.

CANTON, March 22.—The greatest indignation prevails here against the government for yielding to the Japanese demands in the Tatsu Maru case, it being considered that the government's acquiescence in the release of the vessel will have far-reaching effect upon this province.

The Self-Government Society of Canton has organized several monster indignation meetings at which resolutions were adopted that the anniversary of the release of the Tatsu Maru be observed as a day of public mourning. The resolutions also declared a boycott against Japanese goods.

More than fifty thousand persons attended the mass meetings held yesterday; buildings were draped in mourning, and twenty or more orators delivered denunciatory speeches.

Among the speakers was a 12-year-old boy, whose declaration against the Japanese caused the greatest enthusiasm. He was a member of the school who had assembled thereupon divested themselves of Japanese-made garments, including caps and handkerchiefs, and made a huge bonfire of the same.

Passage of the Tatsu Maru led to the impeachment of Yuan Shi Kai, of the board of foreign affairs, for weakness in yielding to the Japanese.

SUICIDE FIGHTS POLICE.

With Cut Throat and Bullet Wounds, Shoots at Rescuers.

BUFFALO, March 22.—Crazed because he had been out of work for six weeks, Burton W. Grannis yesterday afternoon barricaded himself in his apartment in the Harvey Block, at the corner of Main and Swan-streets, and fought a desperate battle with a razor. Then he unbolted the door as the wife rapped for admittance. He shot himself in the right side of the head, and a huge bonfire of the same.

When the first panel gave way a shot rang out. The bullet just grazed the hair of Acting Captain Ryan.

After a brief contest he made a rush against the door with such force that another panel was torn out. Another shot was fired, and the door was blown away.

The police again withdrew after the second shot. They stood in the hallway until there was a third shot and then they were quite unable to enter.

"I will the first man who comes in," Grannis yelled to the police.

Time and time again the police tried to enter, but were repulsed.

After a brief contest he made a rush against the door with such force that another panel was torn out. Another shot was fired, and the door was blown away.

The police again withdrew after the second shot. They stood in the hallway until there was a third shot and then they were quite unable to enter.

"I will the first man who comes in," Grannis yelled to the police.

Time and time again the police tried to enter, but were repulsed.

**Wall Street Methods Point To Some Further Advance**  
**Conditions Favoring Buoyancy Predominate at New York - Investors Only in the Local Market.**

World Office.  
 Saturday Evening, March 21.  
 After two weeks of almost continuous buoyancy, Wall-street experienced a gradual rise in prices to close to the level from which the break started. Left largely in the hands of professional speculators and insiders the market has been exceedingly difficult for the average investor to put out a profit in addition to putting prices to a more satisfactory level to themselves. The bearish sentiment abroad was further evidenced by a sharp slump in the price of gold which fell to a level not seen since the war.

The prices of securities on Wednesday were thoro'ly in accord with the announcement of a decrease of one per cent in the New York Central dividend. A lowering in the dividend rate had been fully anticipated, but when it was announced rumors of a similar action were immediately linked up with Pennsylvania, B. & O., Atlantic and some other lines. The line of sentiment was immediately followed by a fall in the prices of all these stocks. With the heavy traffic in the market, it is possible that numerous other dividend changes will go into effect. This, however, hardly admits of the presumption that prices of the shares in the near future will decline. The highly speculative character of the Wall-street market, taken together with the present price of securities, leaves ample latitude for advances even under decreased dividend payments.

New York financiers usually endeavor to discount events before they become matters of public knowledge. That this was not the case in the reduction of the Bank of England rate was possibly because the change was not anticipated. The English bank rate is now down to about a normal basis, and the lowest since September, 1926. The statement of the institution is unusually strong in reserves and must be taken to indicate that funds are now accumulating at London faster than a responsible outlet can be found for them. The situation at New York is somewhat similar, and it is expected that Europe would draw gold ere this, the sterling exchange continues favorable to this side of the Atlantic. Wall-street is a good investment market, and the present movement there is quite in keeping with a plentiful supply of call money.

The annual statement of the Steel Trust was not above the expectations framed from the quarterly announcements. It is not the statement, however, which is of immediate interest to the market. At the annual meeting it was stated that a good recovery in business had taken place since December. This and the fact that various steel concerns had decided during the week to make no changes for the present in the prices of their manufactures were taken to indicate that business showed signs of revival. It is useless to form opinions on surmises. Many appear to have done this in regard to the future of commercial conditions. The rude shock administered to all enterprises by the money stringency has been a temporary influence on production and consumption. It will be at least conservative to make no definite deductions until sufficient data are at hand to allow of no false premises.

Considered as a purely speculative proposition Wall-street is about in this shape: Outside margined accounts are drawn to an unusually small number, very few having survived the October panic. Stocks thus discarded must be largely in the hands of promoters, who are again anxious to get them listed. The money markets are beginning to permit of more elasticity in quotations, and this sentiment of investors is evident in rising prices. Except for decreases in railroad earnings and some depression, conditions are favorable to a manipulated rise in the market. Will the two latter deter the leading interests from effecting the only purposes they employ the market for? Wall-street methods seem to point to further advances in the market, but it will require the most astute outside operations to follow the line of action taken to accomplish this result.

Eliminating a rather sharp break in Nova Scotia Steel stock, the week in local securities has been extremely placid. The day-to-day trading has shown no revival of speculative sentiment and transactions consequently are about as small as could well be to keep the exchange in existence. The sudden drop in Nova Scotia Steel was attributed to the rumor that the company would require to put out new securities. This has not been verified and on the face of the company's last statement it would be difficult to understand why it was necessary. The dividend paid by this concern with outstanding bank accommodations is certainly much too high. If instead of paying 6 per cent. dividend the company would re-

**New York Bank Statement.**  
 NEW YORK, March 21.—The statement of clearing house banks for the week shows that the banks hold \$7,424,450 more than the requirements of the 25 per cent. reserve rule. This is an increase of \$5,753.75 in the proportionate cash reserve as compared with last week. The statement follows: Loans, increased \$584,100; deposits, increased \$10,200,000; circulation, decreased \$2,500,000; legal tenders, increased \$1,235,500; specie, increased \$7,483,600; reserve, increased \$9,322,100; reserve required, increased \$2,500,000; surplus, increased \$6,769,575; ex-U.S. deposits in C.P., \$800,000.

The percentage of actual reserve of the clearing house banks at the close of business yesterday was 28.52.  
 The statement of banks and trust companies of Greater New York, not members of the clearing house, shows aggregate deposits of \$76,183,700; total cash on hand, \$53,500,000, and loans amounting to \$75,340,100.

NO POWER ON EARTH CAN OUTLAW UNIONS

Important Pronouncement by President Gompers Concerning Anti-Trust Movement

WASHINGTON, March 22.—"While the supreme court or other institutions may be able to temporarily retard and seriously embarrass the growth and action of our movement, we boldly assert that no power on earth can destroy, successfully outlaw or disrupt the trade union movement."

These words from the key to an address issued Saturday to organized labor and farmers' associations by the labor workers who have been in session in this city for the past four days, the meeting having been called by President Gompers of the American Federation of Labor.

The address states that a large part of the discussions of the conference was devoted to convincing persons engaged in the court's action in applying the Sherman anti-trust law to labor.

The proceedings, the address says, "were marked by the united harmony. There was, indeed, the intensity of feeling which so grave a situation must evoke. There was an unbounded determination that the same shall be done by this congress should not cease till the wrongs from which the workers suffer shall be righted and their liberties, which have been imperilled, shall be restored and forever safeguarded."

IN SIGHT OF FREEDOM. Crown Attorney Will Ask for Mrs. Turner's Discharge

Mrs. Minnie Turner, who was on Saturday acquitted by a sessions jury, on the charge of performing a criminal operation on Rose Winters, from the effects of which the girl died, will be a free woman this week.

HE HOWLED ALL NIGHT. Seemed as if he would go crazy, neuralgia was torturing him—pity he didn't have a better hand.

OIL STRUCK ON A FARM WEST OF THE HUMBER

Were Drilling For Water and Tapped a Pocket at Depth of Two Hundred Feet—Practical Oil Men Express Opinion of Discovery.

While boring an artesian well upon the premises of I. N. Devins, on the north side of Lakeshore road, immediately west of the Humber, Saturday afternoon, C. Huffman struck a deposit of oil at a depth of 200 feet.

It is not known what the extent of the deposit may be, but Mr. Devins is consulting experts as to the advisability of working the find.

Mr. Devins holds a third of an acre at the spot where the oil is found. Mrs. Meyers owns the property on the south side of the road, immediately opposite, while Michael Woods owns 80 acres adjoining to the west.

The well was being drilled by Mr. Devins to provide water for a summer pavilion for the refreshment of Humber holiday makers. Mr. Devins was optimistic in speaking to The World last night.

Oil wells are now being worked at Cookstown, Ont., and at a number of other points throughout the western parts of the province, notably Manitowish Island; Hepworth, in Bruce County; at the Barfoot farm, Sarawak Township, Grey County, and other points in the Georgian Bay district.

Political Straws. NEW YORK, March 22.—Gov. A. B. Cummings of Iowa says that Secretary Taft will be nominated on the first ballot and elected. He also predicts that Bryan will be the Democratic candidate.

SILVER CITY, N. M., March 22.—The Republican territorial convention adopted resolutions endorsing Taft for president.

SPECTACULAR FIRE

Volumes of Black Smoke Rolls From Canada Cycle and Motor Co's Garage

Fire broke out Saturday night, about 7.40 o'clock, on the second floor of the new garage of the Canada Cycle & Motor Co., 20 and 22 West Adelaide-street, occupied by William Bartlett & Son, tents and awnings.

It was just the right time to attract the Saturday night strollers, and the immense volumes of smoke caused by the burning mattresses brought them to the scene in thousands.

The firemen, then suffering from the stifling smoke, soon had the blaze smothered. Fortunately the garage was about empty, the swell automobiles carried in stock having been removed during the afternoon to the Ontario Automobile and Motor-Boat Show in St. Lawrence Arena.

The top flat is occupied by the Consolidated Optical Co. The flames only touched this.

Chief Thompson conducted the fight, which was difficult by reason of the protected position of the frames.

QUEBEC'S NEXT GOVERNOR. Sir A. P. Pelletier Said to Have the Refusal of It.

MONTREAL, March 22.—(Special.)—It appears that there is a chance of Hon. Arthur Boyer losing the governorship of Quebec, altho that gentleman was promised the position not long since thru a delegation which went up to interview Sir Wilfrid Laurier on the subject, as some of them on their return declared that Mr. Boyer had "spencerwood" in his pocket.

SENSIBLE REMINDER.

Oliver Asselin Gives Quebec Readers Something to Think About.

MONTREAL, March 22.—(Special.)—Oliver Asselin, for a long time editor of The Nationalist, writes to the effect on the Talbot-Sproule incident that "we have shed enough of crocodile tears on the fanaticism of the Conservatives."

"The moment is certainly at hand for the citizens of Quebec to speak to the longshoremen in a manner that cannot be misunderstood. The few leaders who are offering these men such bad advice will, we hope, have sufficient good sense to see that the day has come when the people of Quebec will rise in their indignation and declare in no uncertain sounds that all this must and shall cease."

"The best kind of patriotism would be for each race which inhabits this country to study the others in a spirit of fraternal benevolence, claiming for each their rights."

# Unique Millinery

Truly this season has introduced some startling effects in Spring Hats for Ladies. There are a variety of titles for them, too, among which the "Merry Widow" and "Lustinia" and other styles are distinctly popular. There are some individual creations, however, which have no particular name, yet are very fetching — just like the one shown above.

All our Millinery was specially imported and cannot be duplicated beyond our doors

### CAPT. TOM WALLACE IS CHOSEN IN CENTRE YORK

Big Meeting Re-Affirms Confidence — Death of John Burke — Suburban Items.

Centre York Conservatives on Saturday afternoon, by a vote of 192 to 40, re-affirmed their confidence in Capt. Tom Wallace's ability to redeem the riding at the next federal election by selecting him as their candidate.

The convention, which was held in the Labor Temple, on Church-street, was in all respects the most enthusiastic ever held in connection with the riding and the spirit of aggressiveness and harmony shown augured great things for the next election.

Dr. Robinson of Kleinburg, president, was in the chair and seated with him on the platform were Rev. H. A. Fish, Rev. Peter Campbell, A. W. Wright and John Bryant.

**Some Who Were There.**  
Among others in the gathering, many of whom had rendered yeoman service in hard-fought contests in the riding, were noticed:

Ellas Woods, Adam Hood, Alex Baird, David Beldam, W. Pittas, T. B. Willis, Dr. Teft, John Thomas, Col. Selby, George Scott, Frank Law, C. N. Hagerman, L. H. Armstrong, R. Ash, A. Weighill, A. G. Gormley, W. H. Pugsley, J. Sanderson, John Savage, H. A. Nichols, Sam McClure, Dr. Forbes Godfrey.

Three cheers for Bill Pugsley! sang out Dr. Godfrey, and the thunderous applause which followed showed that the Reeve of Richmond Hill has lost none of his old-time popularity.

R. O. Harvey made a rousing speech and retired in favor of Capt. Wallace.

Ward Milne was well received, and made a splendid impression, and declared his willingness to abide by the will of the delegates.

Frank Roche, W. H. Hall and Thomas Griffith were appointed scrutineers, and the balloting was proceeded with. Short addresses by Rev. Peter Campbell, Rev. H. A. Fish and A. W. Wright filled in the interval.

When the result of the voting, 192 to 40 in favor of Capt. Wallace, was announced by Secretary Keefer there was no more enthusiasm.

The candidate briefly returned thanks, and the greatest convention in the history of Centre York was over.

**TORONTO JUNCTION.**  
Town Continues to Furnish Local Hold Up.

**TORONTO JUNCTION, March 22.**—Attempted burglaries and rumors of hold-ups were the chief topics of discussion on the streets to-day.

There was due to an occurrence which took place on Saturday night. About 9:30 a man entered the home of John A. Irish, engineer, 38 Victoria-street.

Irish was at home, and she was quite amazed when she saw a stranger enter by the back door and present a revolver to her head.

The proceeding was accompanied by a demand for money, and Mrs. Irish promptly handed out her purse and its entire contents—20 cents. Seemingly satisfied, the man then left the house.

### A Three Day Sale of Men's Shirts

Tuesday—Values Up to \$2.00 for 79c

Several reasons continue to bring about a reduction in the price of shirts in the Men's Furnishing Department just now. The new spring stock is pouring in while the balances of the winter stock have still to be cleared out. That accounts for some.

A firm made a mistake with a detail in the finishing of another lot. They had either to be sent back and altered or an allowance made. **The allowance has been made.**

The mistake matters not a jot to the wearer of the shirt. The Simpson label is side-tracked a little, that's all.

All this has made for a big sale. Tuesday we start. You can buy them by the half-dozen if you like.

Men's Fine Colored Neglige and Soft Bosom Shirts, cuffs attached and detached, plain or pleated bosoms, some coat style, made from English figured Oxfords, Scotch Madras, Zephyrs, Prints and Percales, all perfect fitting shirts and guaranteed fast colors, sizes 14 to 19, values up to \$2.00.

No need for you to have a sluggish and tired feeling, simply use our unexcelled spring tonics, which we have in varieties at Twiddy's Drug Store.

Editor World: I see by one of the morning papers that during the discussion re annexation of a certain portion of territory of York Township, one of the controllers of the City of Toronto made the statement that Earls Court was not a desirable district to annex on account of its being an unhealthy place, because so many shacks had been built on 45 foot lots, and the outhouses being in such close proximity to each other, thereby creating an unsanitary condition in that locality.

### DEER PARK.

Well-Known Patient of York Township Dies Suddenly.

DEER PARK, March 22.—The death of John Burke, which took place at the general hospital on Saturday from pneumonia, came as a great shock to the residents of Deer Park, and throughout York Township, where deceased was widely known.

Less than a week ago Mr. Burke was removed to the General Hospital, suffering from the effects of a fall which, however, was not regarded as serious, until later when pneumonia developed. On Wednesday night he lost consciousness, remaining in that condition to the end.

Mr. Burke was in his 55th year, a native of York Township, having been born on the second concession, and had for the most part resided in this neighborhood all his life. Deceased was unmarried, and his nearest relatives are James and Andrew Severs.

The funeral services, which take place to-morrow (Monday) afternoon at 2:30 from the residence of James Severs, Yonge-street, and Glen-avenue, to St. John's cemetery, York Mills, will be conducted by Rev. T. W. Paterson, rector of Christ Church, Deer Park, of which deceased was a member.

At the graveside the services will be conducted with Masonic honors.

**AURORA.**  
Local Items of Interest Picked Up Around Town.

AURORA, March 22.—Business is booming at the agricultural works of the J. Fleury's Sons, and a large number of men are actively employed. Large orders from the west, together with the local trade, is responsible for this satisfactory condition of affairs.

All the other main leading firms in town are said to be fairly busy.

T. H. Lennox, M.L.A., and other speakers will address a public meeting of the townspeople on Monday evening, March 20, in Mechanics' Hall here, on the public questions of the day. The meeting will be interspersed with music and song.

The estate of the late George Bice, which the surrogate court has been asked to administer, amounts to \$1000, and a wife and married daughter are the legatees.

Rev. J. J. Redditt of Toronto conducted the services in the Methodist Church here to-day.

Chris Kennedy is now installed as assistant engineer at the waterworks station, and the appointment gives general satisfaction.

**BRACONDALE.**  
Ladies' Aid Evolve Novel Expedient for Financing Church.

BRACONDALE, March 21.—The Ladies' Aid of Zion Methodist Church are certainly original in collecting church funds. They have prepared for the holding of a "sock social" for next Friday and for that purpose have given a little sock to each of the members, accompanied with a circular containing three verses, stating the object of the sock. Each one is required to deposit two cents for each number of the size of stocking worn, so that if one wears a number ten stocking the little sock is supposed to contain 20 pennies.

The program for the evening will be provided by Miss Mamie Archibald, Miss Heslop, Miss Hudson, Miss E. Smith, Messrs. G. Archibald, F. Manning and others.

Mrs. J. Crang entertained a number of ladies at a "thimble" party at her home on St. Clair and Lakeview-avenues on Thursday afternoon.

Mrs. E. Boggs and daughter gave a successful social to their friends' Friday evening at their residence, St. Clair-avenue and Christie-street.

**MARKHAM.**  
John Eby of 8th Concession Killed by Falling Limb.

MARKHAM, March 22.—John Eby of the eighth concession of Markham was killed in Tilman Reesor's bush Saturday. He and Albert Wideman went for a load of wood. In felling a tree it struck. They hitched the horse to it to pull it down when a limb broke, striking Eby on the head, crushing the skull. He lived a couple of hours after the accident, but never regained consciousness. He leaves a wife and two step children.
