St. John Officers Home From War

Major Percy McAvity, Capt. D. B. Pidgeon and Capt. C. F. Sanford Arrive in City Today

No warmer welcome could be given than that extended on all sides to Major Percy D. McAvity of "The Fighting 20th," who arrived home this morning after landing at Halifax...

When the 28th left St. John he held the rank of lieutenant but his ability and soldierly qualities soon won him promotion until he had reached the rank of company commander of his unit...

After thirteen months of service in France Captain David B. Pidgeon arrived home this morning from Halifax where he disembarked yesterday from an ocean liner...

To a Times reporter Captain Pidgeon said he had been in poor health for some time and felt that the trip would do him good. He said Lieut.-Col. Massie was getting along nicely and, although he was working hard, was looking well...

On October 8 Captain Pidgeon said he left the Somme district, having taken ill. He was sent to Abbeville where he entered a French hospital and later was transferred to The Daughters of the Empire Hospital in Hyde Park, London...

U. Boats in Gulf of Mexico

Government Warned By Britain To Take Care—MUST NOT AID GERMANS—Drastic Measures if Any Assistance Given—Deutschland's Cargo Value Chiefly in Securities—Captain of the U. 53 Talks of Experiences

Mexico City, Nov. 6.—The Mexican government has been notified by the British ambassador at Washington of the presence of German submarines in the Gulf of Mexico and has been warned that the allies will take "drastic measures" if the undersea craft receive aid from Mexican ports or shores.

This information was made public last night by Foreign Minister Aguilar, who issued the text of a note received from the British Ambassador through the United States Secretary of State Lansing and Charge D'Affaires Charles B. Parker.

The British note demands a strict censorship of the Mexican wireless and says that any failure to maintain Mexican neutrality will be attended by disastrous results. In his reply, addressed to Mr. Parker, Senor Aguilar says that it seems strange to the Mexican government that Great Britain should use the United States state department as an intermediary on a point concerning Mexico alone, especially when Great Britain has an accredited representative in Mexico.

Foreign Minister Aguilar says that the Mexican government feels it unjust for the allies to hold Mexico responsible for submarine activities in the Gulf of Mexico, when the same submarines arrived in American ports and sank ships in American territorial waters. The cause of the trouble, he says, is the strengthening of German credit in the United States. About \$1,000,000 of the value of the cargo consisted of dry stuffs, medicines and chemicals. A very small proportion represented by diamonds and other precious stones.

The U-53. Berlin, Nov. 6.—Captain Hans Rose, of the U-53 today gave an interesting account of the voyage of the submarine to American waters. Speaking of his reception in the United States, he said: "The American naval authorities received the U-53 with the greatest cordiality, but the commandant at the Newport Station was so evidently relieved when he learned that I did not desire to replenish my fuel or provisions that I received the impression that I would have encountered difficulties if I had desired supplies. The American officials visited the submarine in large numbers and were most deeply interested in her."

Describing the submarine's attack on the vessels sunk, Captain Rose said: "Sixteen American torpedo boat destroyers were assembled in the vicinity, but did not interfere in any way with the submarine military measures."

Amsterdam, via London, Nov. 5.—A telegram here from Berlin says the Reichstag has adjourned until Feb. 18.

GOOD THINGS COMING TO THEATRES OF ST. JOHN

FILM THAT SHOWS WAR IN REALITY

"Battle of Somme" Creates Wonderful Sensation in Britain - Show Here Next Week

Authoritatively recognized as the greatest war film yet produced, the official motion picture of "The Battle of the Somme" in which the British initiated their offensive July 1 and depicting the most stirring scenes of that drive have attained such a widespread prominence and discussion that they are now the object of international attention.

The pictures took England by storm, bringing to millions of people who flocked to the moving picture theatres a keener realization of the significance of the Somme offensive than all the newspapers had been able to do through lengthy despatches and official statements from the front.

King George and Queen Mary saw the pictures and the king advised everybody to see them. Lloyd George declared the pictures should reach everyone. Sir Douglas Haig, the British commander in the field, changed some of the subtitles, but found no other changes necessary.

No battle in which the British have been engaged has entailed the use of so many guns, so many guns, such vast quantities of such powerful ammunition as the Somme. The Battle of Waterloo was a skirmish compared to the first drive of the British in this conflict.

The English newspaper has universally acclaimed the film to be the best yet produced. Some of the scenes, the taking of which was extremely dangerous to the operators of the machine, rank in vividness and dramatic quality with battle pictures by famous artists.

Because the pictures show actual battle scenes, in which men are killed, protests were written condemning the pictures, but the overwhelming voice of the pulpit, press and public was in favor of the film was the right way to show the nation that its soldiers were upholding its honor.

The picture involves five thousand feet of film, divided into five reels, requiring an hour and fifteen minutes for its presentation.

One is permitted to see what war really is. There are neither evasions nor poetic reservations. Occasionally the scenes are grim in their realism and seem almost intolerable to be witnessed from an easy chair.

Scrofula And All Humors Give Way

There are many things learned from experience and observation that the older generation should impress upon the younger. Among them is the fact that scrofula and other humors, which produce eczema, boils, pimples and other eruptions, can be most successfully treated with Hood's Sarsaparilla.

This great medicine is a peculiar combination of remarkably effective blood-purifying and health-giving roots, herbs and berries, which are gathered especially for it.

Hood's Sarsaparilla has stood the test of forty years. Get a bottle today—now—from your nearest drug store. Always keep it on hand.

PRIZE WINNERS AT 46MONT'S TEA AND SALE. The tea and sale held in the Knights of Columbus hall on Saturday afternoon under the auspices of the 168th Battalion, L.O.D.E., was a success from a social as well as a financial standpoint. The drawing for various pieces of china resulted in these numbers winning: 27, 42, 108, 110, 111, 186, 200, 206, 226, 404, 463, 464, 525, 548, 570, 576, 696, 700, 710. The holders of these numbers are asked to call for prizes at A. O. Skinner's, King street.

Mr. Giltstock had made money. Therefore he must have a bigger house and it must be built for him by the best architect in the town.

In due course the architect arrived with elaborate plans, which he explained to the puzzled merchant prince.

"But Mr. Giltstock laid a firm hand on the desk. "Look here, my boy, I draw the line somewhere. You've made plans for a music room, when I can't even play a mouth organ; a nursery, when I ain't got a nurse. But I'm blasted if I'm going to let you put up a drawing room, when I can't even draw a straight line!"

LETTER FROM VINCENT SHEA. Hugh McGuire of Main street received a letter this morning from Private Vincent Shea, who is somewhere in France with an artillery unit. He said he was well and wrote of having met "Happy" Carson, "Happy" Evans, Fred Wilson, Bill Ryan and George Gamblin.

THE LONGSHOREMEN'S REQUEST. Steamship officials, when questioned today as to their attitude regarding the request of the members of the longshoremen to have the wage increase arranged to become effective on April 1, 1917, go into effect at the beginning of the winter season, said they considered the longshoremen had made an agreement and should carry it through. They contended that there will be any amount of work and good opportunities of making exceptionally large wages this winter.

The agreement was for thirty-five cents an hour during the winter months and forty in the summer, after which it was to become forty cents for the year round.

Orders for Reinforcement Diffs Cancelled—News of the Soldiers

According to reports received in the city, the orders breaking the 140th Battalion, under Lt. Col. Bruce, up in drafts have been cancelled, and the battalion will cross to France as a unit.

The names of ten New Brunswick men appear in the midnight casualty list—Diel of wounds, William B. McKinnon, Moncton; missing, Thomas Coslin, Ponds Mills; wounded, Gunner Frank Baldwin, Moncton; A. Whitehead, Big River; F. Dickinson; Amos Barton, Cumberland Bay; previously reported missing, now admitted to hospital, Gordon McDonald, Moncton; wounded, G. E. McFarlane, Newcastle; Walter Moekler, Grand Falls; F. S. Flaherty, Chatham-ten recruits.

On Saturday ten recruits were secured in the city for overseas service, nine of whom were mentioned in Saturday's Times, the other being Hazelwood Ellsworth, of St. John, for the 9th Siege Battery.

Dr. Addy's Treat. Dr. G. A. B. Addy very generously treated 200 soldiers to tea at the Soldiers' Club on Saturday evening. The boys went there with the expectation of paying, but were pleasantly surprised when it was announced that the treat was on the doctor.

Has Many Records. The 222nd battalion is not without its records. Its machine gun section which is under Lieut. L. A. Wheatley, won the camp championship last season and holds the silver trophy for this work. The battalion also held the championship of Camp Hughes in musketry, both for company and individual work on the ranges.

Moncton Man in Unit. Captain J. W. Bingham, second in command of C company, is also a former member of the 10th battalion as is Captain Grant, battalion transport officer. Major R. H. Gunning, in command of D company, is a former Moncton man, and is well known throughout the province of New Brunswick, and who some years ago spent west and made good there. When the call came he answered and is as splendid an officer as he was a business man.

Following a custom which even war-time does not stop, two girls of Christ's Hospital who visited the Mansion House, London, Eng., on St. Matthew's Day, received a newly minted golden guinea apiece. Sixteen girls who were the recipients this year are here shown lined up waiting their turn. The custom dates from the days of Edward VI.

Lieut. Colonel Lightfoot is a self-made man, not an oddity in the new land west of the Great Lakes to be sure, but he is one of the most prominent self-made men that the great metropolis of Winnipeg had produced. He was the man who organized the first taxi-cab service in Winnipeg and known later as the "Big Four" transfer company.

Captain Kennedy, a member of the headquarters staff, is one of the best known newspaper men in western Canada, being manager of the Winnipeg Times and Press. He is a Toronto man and has served on many of the largest papers in Canada, especially those of the Queen city. He told The Telegraph last night that during the period the 222nd was recruited it held the record for military district No. 10, and when Manitoba is proud and all of the men in his unit speak in the highest terms of his ability as a leader, for his past record in Flanders was one of the greatest magnets the unit had in its recruiting campaign.

From the colonel right down the lines, officers and men they are all good fellows. "I hear you have a great city here," said one officer. "They tell me that St. John treats the soldiers better than any other place in the dominion and I got the information on good authority. We did not know we were coming here until we secured a copy of The Telegraph at Newcastle, and there we read that we were expected to be here a

Major John A. MacKenzie, of the 26th Battalion, has been awarded the Distinguished Service Order for gallantry on the field of battle. Major MacKenzie is a well known citizen of the Loyalist city and in civilian life was a civil engineer, but was a graduate of the R. M. C. at Kingston. Soon after he enlisted with the "Fighting 26th" he was marked for rapid promo-

tion and proved a very brilliant officer. He went to France with the 26th and shortly after his arrival on the firing line was given command of "C" company.

COL. BRUCE'S REPORT CRITICIZES SOME OFFICERS OF MEDICAL SERVICE

(Halifax Chronicle). While we do not propose to enter into the merits of the controversy which has arisen over the administration of Canada's Medical Service, there are one or two points in the remarkable report of Colonel Herbert A. Bruce of Toronto, recently made public, in which the public are entitled to take an interest, apart altogether from the professional matters involved.

The officers are—Lieut.-Colonel James Lightfoot, O.C.; Major C. M. Ackland, senior major and second in command; Capt. J. A. Acheson, adjutant; Hon. Capt. W. R. Gardiner, quartermaster; Hon. Capt. W. Ramage, paymaster; Capt. L. T. Ainley, medical officer; Capt. G. S. Miller, chaplain, and Lieut. L. A. Wheatley, machine gun officer. A company—Major Charles Moss, Capt. H. Green, Lieuts. Jones, Farr, Newman and Johnson. B company—Major W. W. Kennedy, Capt. W. S. Kennedy, Lieuts. Harrison, Crabtree, Ham and Grant. C company—Capt. J. W. Bingham, Capt. A. E. M. Pridham, Lieuts. McGilivray, Molloy, Fraser and Dingwall. D company—Major R. H. Gunning, Capt. A. C. Glendenning, Lieuts. Ross, Marshall, A. D. Redford and C. H. Gunn.

D. S. O. FOR MAJOR J. A. MACKENZIE OF GALLANT 26TH

Major John A. MacKenzie, of the 26th Battalion, has been awarded the Distinguished Service Order for gallantry on the field of battle. "It has been found on investigation that many of the officers who have been given commissions have had no medical training at all, or, at best, a few months' instruction at home, or are over age, or are drug fiends, or addicted to alcoholism, and these officers are not only of no use as medical officers, but their presence on an overseas unit is a detriment to the efficiency of the unit as a whole. This is a terrible arraignment of the government's patronage system, and mark you, it is contained in the report of officers appointed by the minister of militia to investigate the Medical Service. It was well known that patronage entered very largely into the appointment of medical officers, and that the appointments, in the main, were bestowed upon friends of the government.

About a year ago The Morning Chronicle called attention to the supreme importance of providing for our brave boys who give up everything to enlist for overseas service, the best medical attention and the most competent professional skill available, and it protested against jeopardizing the health and lives of our soldiers by appointing medical officers, men for purely partisan claims, who had neither the professional skill nor the experience to properly discharge these duties. Our efforts to ensure the health, safety and comfort of the men who go overseas, were met with the usual torrent of abuse and vituperation from the organs of the government. But time has wrought its own vindication and we now have, on the authority of a highly placed professional gentleman, a far more damning indictment of the government and its methods than we or any other patriotic journal concerned only with the welfare of our soldiers and the promotion of the efficiency of the service, ever dreamed of making or dared to make. Whatever allowance the public may be disposed to make with reference to other branches of the military administration, it is absolutely certain that they will condone nothing so outrageous as patronage abuses in the medical care and treatment of the soldiers. It cannot be excused. It will not be condoned. It is absolutely indefensible.

ST. JOHN 'LONGSHOREMEN

St. John's longshoremen have appointed a committee to confer with steamship line heads to ask that the wage increase, arranged to become effective May 1, 1917, go into effect at the beginning of the winter season. This step, the men are asking, they say, because of the increase in the cost of living. Earlier in the year the steamship companies agreed to give the men a raise in the spring of 1917.

Officers elected yesterday to serve during the ensuing year are as follows: Fred Daley, president; S. Bradshaw, senior vice-president; Thomas Sullivan, junior vice-president; C. Augustus Langbein, secretary-treasurer; E. J. Tigue, business agent; Thomas McCarthy, marshal. Members of the executive committee are: Lawrence Donovan, Robert Earle, J. J. Walsh, Michael Rouke, A. F. McKinnon, John P. Arsenault, Jerry Fritz, Percy Taylor and David Fraser.

### WILSON OR HUGHES?

Of the presidential campaign, which ends with tomorrow's election, Current Opinion says:  
"Usually a campaign comes toward the close to revolve around some dominant issue. The present campaign has spread to many issues. The distinguishing characteristic of the campaign may be said to be the emphasis that has been laid upon our foreign relations. Our treatment of Mexico, the case of the Lusitania, naval and military preparedness, our diplomatic appointments, the attitude of the German-Americans, have all been stressed in the assaults upon the administration or in the counter-attacks. The Adamson eight-hour law and the tariff are the only two domestic issues that have held their place in the same rank with the foreign issues, and even the tariff has been discussed almost entirely in its relations to the European war and the industrial results likely to follow it. The Democratic campaign, on its offensive side at least, has been less scattering than that of the Republicans. It has largely centered around the claim that Wilson has kept us out of war, and that the election of Hughes is to plunge us into war. The Republicans have countered with the claim that it is not a question between peace and war, but between peace with honor and peace without honor. If there can be said to be a dominant issue this is it."

The Republicans are very confident, because they believe the great mass of the Progressive have followed Roosevelt back into the fold, and they therefore look for the normal Republican vote, which kept the Democrats out of power until the split in the party caused the election of Wilson. The betting is in favor of Hughes, but a very close election is generally expected.

### CRITICIZING THE GOVERNMENT

There has been no disposition on the part of the Liberals of Canada to embarrass the government in its war measures. With the exception of Bourassa, Laverge and their like, who are bitterly opposed to Sir Robert Borden, all the people of Canada are behind the government in prosecuting the war. It is, however, perfectly proper to criticize the government for any failure to do its full duty in this great crisis, and such criticism is not an evidence of disloyalty but of real devotion to the cause of Canada and the Empire. The government chose to conduct affairs without taking the Liberal leaders into its counsel, or its confidence, and the latter have a perfect right to express their views on the success or failure of the government to perform its tasks as they should be performed. The Toronto Star in the course of a very moderate criticism, puts the case very fairly. It says:

"Everybody appears to be agreed that something ought to be done in Canada about the excess war profits which some men are making, while other men are away fighting and falling in defence of the country and the future welfare of the race. Everybody feels that it is wrong that a few persons should be permitted to pile up large fortunes in a hurry out of the life and death needs of the armies that fight. Elsewhere, much is done in the way of taking over for public uses the excessive gains of profiteers."

"Everybody appears to be agreed that something ought to be done in Canada to increase enlistments, to call out the men who ought to be bearing arms in the war, but are not, and to more equally divide among the who are fit and able for service the duty of carrying the conflict to victory, and doing it with that speed which is only possible if largely increased armies join in the task. In other countries much has been done in this way—in the way of bringing up to every available man the personal question as to why he is not in arms by the side of his neighbors, sharing their labors, dangers and glories."

"Everybody knows that all kinds of things ought to have been done in Canada, during the war by a war ministry, but that very few of these things have been done. Sir Sam Hughes has done things. But he trusted so much to what he calls his genius—that which others do not—that he missed many things, and the present disclosures as to overseas hospitals show what his slap-stick methods come in the end. Sir Thomas White, as minister of finance, has not hesitated to follow a courageous financial policy, framed in recognition of the abnormality of the times. He is aware of the war. Sir George Foster, too, has made many excellent speeches, and we may be permitted to suspect that he has given a great deal of good advice in cabinet council that was highly approved of but never acted upon. Altogether, however, Canada has lagged through the war a government that has deemed it advisable to wait to see what would turn up."

The Toronto Star adds a paragraph about charges of disloyalty which have been made by a portion of the strike press, and its remarks must strike

a sympathetic chord in every heart. It says:  
"In ordinary circumstances the talk about one political party being more loyal and patriotic than the other is merely idiotic. Today it is criminal. There is sorrow, there is anxiety, there is solemn pride in tens of thousands of Canadian families whose members belong to both political parties and hold all kinds of political views. What in ordinary times is only a silly jibe is now an insult to the dead, and to those to whom the dead are near and dear. Matter that is much less mischievous is silenced by the censorship. This treason ought to be silenced by decent public opinion."

### MILITARY TRAINING.

If the Toronto board of education adopts the plan of the management committee, endorsed by the board of school trustees, and if the minister of education agrees, all of which is said to be probable, nearly ten thousand school boys will take compulsory military drill. There are now over three thousand, soon to be increased to almost four thousand, and the board of school trustees has voted in favor of the following extension of the plan:

- 1.—That for Forms III and IV, the regulations under the heading physical culture, and now reading "Organize play and games," be changed to read organized play, games, and for boys elementary military drill.
- 2.—That for Form V, the regulations relating to physical culture be amended by adding the words "Military drill for boys."
- 3.—That military training be required of all boys and young men who attend a high school, Collegiate Institute, or any other secondary school under government supervision.
- 4.—That further provision be made through summer schools by the Department of Education for the proper training of female teachers in physical culture and drill, and all male teachers in military drill, so that all present certified teachers shall become duly qualified to teach this work, and that in the future no certificates of any grade be issued to teachers who do not pass a satisfactory examination in physical culture or military drill.

The Toronto Star quotes Col. Thompson as saying that the drill to be given the boys would be practically the same as prescribed in the Strathcona regulations. This means that it does not include the more difficult movements. "The present regulations," says the Star, "give boards of education in cities and towns power to aid cadet corps to the extent of \$200 a year for 8,000 pupils, and \$50 for every additional thousand pupils. This means that Toronto may only spend \$8,000 a year in this way, but the city has in the past few years been spending much more than that. The present practice is to give the boys half an hour a week of drill, but this applies only to the cadet corps."

Some people object to military training on the ground that it is fitting boys to become soldiers and encourages the war spirit. The other and saner view is that it makes for physical development and proper discipline, and in the event of war there would be less training to be undergone.  
The number of very young girls permitted to go about the streets late at night without proper escort is a disgrace to the city.

Local vigilance committees should aid the police in rousting up the liquor peddlers, who are responsible for a great deal of trouble in many so-called homes, as well as about the streets.

One of the American survivors of the torpedoed Marina wants to know what President Wilson proposes to do about Germany's violation of her solemn promise to him. This question will not be answered until the day after tomorrow—or later.

Further substantial gains have been made by the French on the Somme and also at Verdun. The Germans have evidently withdrawn their line east of Fort Vaux for some distance, as the French advanced a mile beyond the fort without getting in touch with the enemy. The British also made some gains on the Somme front. The Italians have made a further advance in the Carso region, and in four days captured over 9,000 prisoners. The Russians announce an advance in the Carpathians. There has been no change in the situation in Roumania, where the enemy is still being held in check. In short, all the news of the day is favorable to the Allies.

### NOTICE TO SUBSCRIBERS

Subscribers to The Telegraph and The Evening Times frequently send in letters containing news, WITHOUT SIGNING THEIR NAMES. Such letters are never printed, and sometimes subscribers who have thus sent in personal or social news are offended when it is not published. All such letters should be signed with the name and address of the writer, AND IN CASES OF MARRIAGES OR ENGAGEMENTS THE NEWS SHOULD BE TRANSMITTED THROUGH THE LOCAL CORRESPONDENT OF THE PAPER IN THE TOWN OR VILLAGE IN WHICH THE SUBSCRIBER LIVES, OR THROUGH THE OFFICIATING CLERGYMAN IN CASES OF MARRIAGE OR DEATH NOTICES. It is absolutely essential that a newspaper should know from whom any news has come. In some cases signatures have been found to be false or unauthorized. If subscribers will be guided by this notice a great deal of time and trouble will be saved. These precautions are quite as much in the interest of the subscribers as of the newspaper. The co-operation of Telegraph and Times readers in these matters is earnestly solicited.

Mrs. Aytoun wanted some new shoes, so she went into a shop, when an obliging assistant brought out a selection for her to try on. "That's strange, madam," said he, after many vain attempts to fit her. "One of your feet is larger than the other." Bristling with rage, the lady left that shop and sought another. Here, again, the assistant failed to find a pair which would do. "How curious, madam!" he said. "One of your feet is smaller than the other." And, with a beaming smile, Mrs. Aytoun bought two pairs.  
"I hardly know how to receive your proposal," said the heiress, coldly. "You know, of course, that I am worth a million." "A million?" exclaimed the ardent suitor. "I know that you are worth 10,000,000 other girls."  
"O, Jack, forgive me for suspecting you of mercenary motives."

### HOME FROM THE WAR

Halifax, N. S., Nov. 5—Nearly three hundred officers, non-commissioned officers and men arrived today bound for their homes all over the Dominion. They were returning from all sorts of wounds, many of them presenting a very sad sight. Though they hoped to secure a special train that did not materialize and save for the few who lived in New Brunswick most of the party will not get away until tomorrow.

**DR. A. J. McKNIGHT - Proprietor**  
I am the dentist who originated the low, one price, system of fees in the maritime provinces and the New England States, and put high-class guaranteed dentistry within reach of everyone, owing to the enormous business I do in my chain of offices extending, as they do, from Sydney and Halifax, Nova Scotia, to Boston, Providence, Lowell, and other large New England cities. I have no hesitation in saying that you can have good, honest, reliable, dentistry done at my offices at prices ranging from thirty-five to fifty per cent, less than you obtain it elsewhere.

**ONLY TEN IN DEATH HOUSE.**  
Smallest Number of Convicted Murderers in Sing Sing Since 1893.  
Ossining, Nov. 6—The population of the death house at Sing Sing Prison has dwindled to ten men, the lowest in nearly twenty-five years. The snowing is considered remarkable by officials in view of the fact that under a law enacted two years ago all persons destined for execution must be sent to this prison. Previous to that time murderers were kept also in Clinton and Auburn prisons. A year ago twenty-one condemned men were occupants of the death house.  
There will be eleven men in the reservation for murderers on the return of Gaetano Montimagno from New York city, where he has been testifying at the trial of Michael A. Rofano, but even with this addition the prison will continue to show an extraordinary decrease in the number of capital offenders. The next execution will take place on Nov. 18 and that of Charles Frederick Sibley on Dec. 11 next.  
The last time that the number of convicted murderers at Sing Sing was reduced to eleven was in 1898, when Thomas Falliser and Charles Rohl held for execution must be sent to this prison up two keepers and gained their freedom.

Mrs. Wynn Tells How Lydia E. Pinkham's Vegetable Compound Helped Her During Change of Life.

Richmond, Va.—"After taking seven bottles of Lydia E. Pinkham's Vegetable Compound I feel like a new woman. I always had a headache during the change of life and was also troubled with other bad feelings common at that time—dizzy spells, nervous feelings and heat flashes. Now I am in better health than I ever was and recommend your remedies to all my friends."—Mrs. LENA WYNN, 2212 E. O Street, Richmond, Va.

While Change of Life is a most critical period of a woman's existence, the annoying symptoms which accompany it may be controlled, and normal health restored by the timely use of Lydia E. Pinkham's Vegetable Compound.  
Such warning symptoms are a sense of suffocation, hot flashes, headaches, backaches, dread of impending evil, timidity, sounds in the ears, palpitation of the heart, sparks before the eyes, irregularities, constipation, variable appetite, weakness and inquietude, and dizziness.  
For these abnormal conditions do not fail to take Lydia E. Pinkham's Vegetable Compound.

Instead of a gem, or even a flower cast the gift of a lovely thought into the heart of a friend.—G. Macdonald.

## O. HENRY'S TALENT FOUND IN PRISON

Career as Short-Story Writer Began There

CONVICTED ON BANK CHARGE

Discovered Original of "Jimmie Valentine" in Penitentiary, and Many Types for Other Tales

(Montreal Gazette)

The late William Sidney Porter, known by the pen-name of O. Henry as the greatest short story writer of his generation, served three years and three months in the state penitentiary at Columbus, Ohio, for embezzlement. This fact has just come to light, six years after his death. He was charged with having embezzled \$54,480 on October 10, 1894, \$200.00 on November 12, 1894, and \$200.00 on November 12, 1895. He was found guilty on Feb. 17, 1898, and sentenced on March 28 of that year to five years' imprisonment. He entered the penitentiary on April 25, 1898, and came out on July 24, 1901, his term of confinement having been reduced from five years to three years and three months on account of good behavior.

Ever since O. Henry's death there have been rumors that at some time in his career he suffered for some violation of the law of the land, but nothing definite about it has appeared in print and his friends have endeavored to kill the rumors.

But, believing the facts of the case reflect nothing to the great author's discredit, Professor C. Alphonso Smith of the University of Virginia has decided to publish the complete story of O. Henry's trial and imprisonment. It will be given in the "O. Henry Biography," to be published by Doubleday, Page & Co.

On January 21, 1891, O. Henry, or as he was then called, William Sydney Porter, became paying and receiving teller of the First National Bank of Austin, Texas. He has written anecdotes and jokes for the papers, but was not at that time known as an author. It appears that the bank was carelessly managed. The patrons used to enter, go behind the

counter, take out one hundred or two hundred dollars and say a week later, "Porter, I took out \$200 last week. See if I left a memorandum of it. I meant to." The affairs of the bank were managed so loosely that Porter's predecessor was driven to retirement and his successor to attempted suicide.

Did Not Go to Austin.

According to Professor Smith's record, O. Henry resigned from the bank in December, 1894—which is nearly a year before the date of the third of the misappropriations with which he was charged. Leaving Austin, he went first to San Antonio, where he edited a humorous weekly which was called "The Rolling Stone," and later to Houston, Texas, where he joined the staff of "The Daily Post," conducting a column of verses and paragraphs.

When he left Houston, never to return, he left because he had been summoned to go immediately to Austin and stand trial for alleged embezzlement of funds in the First National Bank of that city. Professor Smith believes that had he gone to Austin, he would have been acquitted. He protested his innocence to the end, and many of his fellow-townsmen believed him. But he did not go to Austin. When his train reached Hampton, about a third of the way to Austin, O. Henry left it and took the last train to New Orleans.

After a brief stay in New Orleans, he took a fruit steamer for the Honduras coast, arriving at Puerto Cortes or Criva or Touyillo. On the wharf at Trujillo he met another fugitive from the law, Al Jennings, now a citizen prominent in public affairs, but at that time a fugitive of law, whose gang of train robbers terrorized the southwest.

O. Henry joined Al Jennings and his brother, and with them circled the entire coast of South America. When the money gave out the Jennings brothers decided to go back to Texas and rob a German trading store and a bank, and asked O. Henry to join them, but he refused.

In 1897 O. Henry had married Miss Athol Estes, and she was now living with their daughter in Austin. He corresponded with her through Louis Kneifel, and in February of 1897 he learned that she was dangerously ill. At once he started for Austin, determined to give himself up and take whatever punishment the courts had in store for him. According to the trial record, he arrived in Austin on Feb. 5, 1897. His bondsmen were not assessed, but the amount of the bond was doubled, and O. Henry went free until the next meeting of the Federal Court.

His wife died on July 25, 1897. In February of the following year his case came to trial. Apparently the error in the indictment by which he was charged with having embezzled \$200.00 on Nov. 12, 1895, whereas at that time he was living in Houston, having resigned his position in the Austin bank in December, 1894, went unnoticed. The foreman of the grand jury and the foreman of the trial jury are reported to have said afterward that they regretted they had voted to convict him.

When O. Henry entered the penitentiary on April 25, 1898, he was set to work as a drug clerk—a position that he had filled in Texas before his bank clerk days. He proved very useful in this capacity and made many friendships with the prison officials and with his fellow convicts. He collected much literary material while he was in prison, listening especially to the convicts from Arizona, Texas, and the Indian Territory. This was the material which he used in "The Gentle Grafter."

Found "Jimmie Valentine."  
It was in the penitentiary that he found the original of Jimmie Valentine, the hero of the famous story "A Retrieved Reformation," and later of the play "Alias Jimmy Valentine." He was Jimmie Conors, day drug clerk in the prison hospital where O. Henry worked as night drug clerk. He was a notorious safe blower, and spent hours telling O. Henry of his experiences.

O. Henry did his first serious literary work in the penitentiary. From there he sent out many short stories to the magazines, or rather to a friend in New Orleans, who forwarded them to the editors. He had only two stories rejected while he was in prison, and out of the first eight stories that he sent to Atlantic's Magazine, seven were immediately accepted.

### AT THE HOSPITAL.

A delightful sacred concert was given on last Sunday afternoon at the General Public Hospital. It was under the auspices of the Church of England Institute, of which Miss Alicia Heales is musical convenor. She has also recently been appointed hospital convenor for the King's Daughters' Guild. The musical programme was rendered by the following singers: Mrs. A. Pierce Crockett, Mrs. Hugh Cannel, C. Brooke Skilton, George Currie, and Miss Heales acted as accompanist. The doctors, nurses and patients were unanimous in their praise of the concert.

APPOINTMENTS HERE FOR RETURNED OFFICERS

It is understood that recommendations have gone forward for the following staff appointments, Lieut. Guy L. Pierce, late of the 20th and 149th battalions, to be trench warfare instructor for M. D. No. 6; Lieut. C. D. Knowlton, physical training and bayonet fighting instructor for New Brunswick; Lieut. B. H. T. McKemie, of Moncton, musketry instructor for New Brunswick.

Speaks at Montreal. Brigadier-General Hugh H. McLean left Ottawa last night en route to Montreal. There he will deliver an address today at the Ritz-Carlton hotel. He will then proceed to this city and take up again his duties as G. O. C. New Brunswick troops.

Artillery School to Open. The heavy artillery school to be opened at Quebec will give its first class on November 15. The only application from the province of New Brunswick thus far for permission to take a course at this school is that of Lieut. George Lutes, of Moncton, of the 19th C.F.A. St. John Man in 1734.

A St. John man with the 178th Highland Battalion at Sussex is Sgt. John S. Burpee, brother of F. F. Burpee, of this city, who enlisted as a private with the unit in Hamilton (Ont.), and is steadily working his way up the military ladder. He is an N.C.O., well spoken of by his commanding officer and has many friends in St. John who will be pleased to know that he is in his native province

again. His brother, F. F. Burpee, left Saturday night for Sussex and spent the week-end with him. Several officers of the 178th were in St. John over the week-end.

(Moncton Transcript.) Rev. C. W. Corey, who in the year 1810 was temporarily engaged as pastor of the First Baptist Church, Moncton, and who enlisted in British Columbia as a private, also his son, Ralph, were in Moncton today. Rev. Mr. Corey is a native of Havdock, N. B. There are fifteen preachers, doctors and lawyers in the same battalion, and there has never been a desertion from this unit.

Among the visitors in Moncton at an early hour this morning was Capt. Geo. Kierstead, brother of I. W. Kierstead, of Moncton. He enlisted in Regina and has made fine progress in his military career, being now a captain and adjutant of his battalion. Capt. Kierstead is well known in Moncton, having preached here often in the First Baptist church.

RICHARD CROKER AND WIFE TO RETURN THIS MONTH

New York, Nov. 6.—Within the month Mr. and Mrs. Richard Croker will leave their home in Ireland to come to the United States. Their stay here may be a protracted one. This information was obtained at the Democratic Club, where Mr. Croker's prospective movements are known to several of his close personal friends. With the exception of the Derby winner, Orby, and a few others of his favorite horses, it is said, the one-time Tammany Hall chief has disposed of his splendid racing stable.

According to information obtained by his friends here, Mr. Croker is in excellent health, as also is Mrs. Croker. The reason for their determination to change their residence at this time is attributed to his desire to be away for a time from the neighborhood of the world war.

Tribute to Late Lieut. Gordon Keer ORANGEMEN AT SERVICE

Carlton Methodist Church Anniversary Celebrated—Capt. Morrow of 180th Addresses Men in Opera House

The memorial service for the late Lieut. Gordon Keer in St. Stephen's church last evening was impressive and solemn. The St. Stephen's and St. Andrew's choirs were present and there was also a detachment from the artillery stationed at Partridge Island under Lieut. Bridges, being the arm of the service in which the late officer was engaged. Rev. Gordon Dickie, who preached the memorial sermon, was assisted at the service by Corporal the Rev. Alex. Grant, of the Princess Patricia's Battalion. At the close of the service the Dead March in Saul was played by the organist.

All the Orange lodges of the city turned out in force yesterday afternoon and, headed by the Temple of Honor Band, marched to the Carlton Methodist church, where they attended a commemorative and memorial service, commemorative of the landing of King William III. at Torquay and Guy Fawkes' day, and a memorial to the late Private Samuel Ferguson, of the 29th Battalion, who sacrificed his life on the field of action.

The church was crowded and the service on the whole was most impressive, the feature being an address by the pastor, Rev. E. A. Westmorland, on the Living and Dying for Principle.

Yesterday was one of outstanding importance and significance at the Carlton Methodist church, being the seventy-fifth anniversary of its opening. Three services were held in honor of the day, two in the church, and one in the Sunday school. An important feature was that two members of the church were present who attended the opening of the church originally. They also attended the memorial service in the afternoon.

These services are the beginning of a series. This evening there will be an Epworth League rally. Tuesday, the Women's Missionary Society. Wednesday, a sermon by Rev. W. G. Lane; Thursday, a congregational reunion at which it is expected to have present the mayor, Rev. Thos. Hicks, president of the conference, and Rev. Gilbert Earle. Yesterday was the most successful financially in the recollection of any of the church people.

Hon. Captain Rev. J. D. Morrow, chaplain of the 180th Sportsmen's battalion, addressed a mass meeting for men in the Opera House yesterday afternoon. The meeting, which was held under the auspices of the Y. M. C. A., drew a crowded house to hear the popular chaplain.

It was an inspiring sight to see the theatre filled to overflowing with the manhood of the city. He told of his work and his early struggles in the ministry, when he turned his whole attention to saving the down and outs of the great city of Toronto. Men with red blood love to hear the story of the man who fought against overwhelming odds, but who, by pure sheer endurance, won out in the end, making the victory all the more glorious and satisfying.

Mayor Hayes, who acted as chairman, introduced the speaker and referred to the hearty appreciation of the men of the 180th for the kindness shown them since their arrival in the city, and said that he was in receipt of a letter from the mayor of Toronto who, on behalf of the people of that city, desired to thank St. John and its citizens for the reception tendered the 180th battalion.

Italians Win on the Carso—More Trouble in Greece—German Bid to Poland

With the French Army at Verdun, Nov. 4. (From a staff correspondent of the Associated Press)—French patrols have penetrated far beyond Fort Vaux into the lines hitherto held by the Germans, but were not able to get in touch with the former defenders. It appears probable that the Germans have retired their lines considerably to the rear, their artillery positions being untenable since the French drove them from Douaumont after silencing ninety of their batteries. Military observers point out that the Germans were forced to withdraw from Fort Vaux within eight days after Douaumont fell, whereas the French held Fort Vaux four months after the Germans had captured Douaumont. The same observers regard the German claim that they were preparing to withdraw to stronger lines before the battle of Douaumont as untenable unless the Germans are ready to admit that their withdrawal was one of the most unsuccessful operations of the campaign, as it cost them more than six thousand prisoners and the annihilation of twenty-two battalions.

Signs that the Germans are preparing for a counter-attack are entirely lacking. Paris, Nov. 5, via London.—The following official communication was issued this evening: "North of the Somme we made several successful attacks during the course of the day, accomplishing a series of appreciable advances between the region south of Le Transloy and the district south of the St. Pierre Vaast Wood.

"Between Lesbois and Sailly-Saillies we pushed our lines several hundred metres in the direction of Le Transloy. East of Sailly-Saillies we captured a trench and conquered the greater part of the village of Sailly. South of this village we attacked, from three sides at once, the St. Pierre Vaast Wood, which is powerfully organized by the enemy, and made an important advance, capturing successively three trenches which defended the northern horn of the wood, and also taking the whole line of the enemy's positions on the southwestern outskirts.

Paris, Nov. 5.—French forces, advancing in the region of Verdun last night, occupied the village of Dauloup, which is situated nearly a mile to the east of the recently captured Fort, according to the official statement issued this afternoon by the French war office. A number of Germans were taken prisoner. Rome, Nov. 5, via London.—Italian troops, fighting on the Austro-Italian front, in the last four days have taken 2,392 Austro-Hungarian officers and 8,392 men, says the statement issued today by the Italian war office.

Rome, Nov. 5, via London.—Italian troops, fighting on the Austro-Italian front, in the last four days have taken 2,392 Austro-Hungarian officers and 8,392 men, says the statement issued today by the Italian war office.

The total number of prisoners made in the last four days' fighting amounts to 8,992, including 270 officers.

Since the offensive on the Italian front began on Aug. 6, we have taken in all 49,853 prisoners, including 1,008 officers.

DICKESON'S TEA advertisement featuring an image of a tea tin and text: "comes preserved in pure aluminum. It's worth while protecting Dickeson's Tea so carefully—the flavor's too good to lose."

Continuing their new offensive against the Austro-Hungarian forces in the Carso region, the Italians yesterday advanced in the direction of the Wippac river for a distance of more than one kilometre. During the day the Italians took 553 prisoners.

London, Nov. 5.—The Greek army arrived outside Katerina and an engagement with the Venizelists began tonight, says a despatch to the Sunday Observer from Athens, dated Friday.

Katerina, Greece, Nov. 5, via London.—A French battalion arrived here today to occupy the town. It is believed that the Greek and Venizelist troops will depart immediately, and thus solve the embarrassing situation which has arisen as a result of the conflict between the Royalists and Venizelists.

Berlin, Nov. 5, via Sayville.—Polish provinces occupied by troops of the Central Powers, says the Overseas News Agency, "were the scene today of a great and momentous historic event. Germany and Austro-Hungary, by joint action, proclaimed Warsaw and Lublin the kingdom of Poland, and re-established the right of the Polish nation to control its own destinies, to live an independent national life and to govern itself by chosen representatives of the nation.

Amsterdam, via London, Nov. 5.—Emperor Francis Joseph has addressed an autograph letter to Premier Ernest Von Koerber, stating that it is his will, when the new state of Poland comes into existence, to grant Galicia the right to independently manage its own internal affairs. The emperor charges Premier Von Koerber to prepare measures for the legal realization of this command.

RECENT WEDDINGS. Barrington-Rosborough. North Sydney, N. S., Oct. 25.—The marriage of Sir York Cottrell Barrington, eldest son of Lady Barrington, of Barrington Park, Sydney Mines, and Miss Edna Livingstone Rosborough, daughter of Mrs. Rosborough and the late Rev. S. Rosborough, M.A., was solemnized at St. Matthew's church, North Sydney, at 6 o'clock last evening. The ceremony was performed by Rev. T. C. Jack, D.D., uncle of the bride, assisted by Rev. W. B. Rosborough, B.A., of Loggville (N. B.), brother of the bride. Prof. E. Stewart, of St. Andrew's church, Sydney, presided at the organ in a most pleasing manner and played softly throughout the service. The church which was beautifully decorated for the occasion, was crowded with interested spectators. The bride was dressed in white silk crepe de chene with bridal veil and orange

blossoms, and carried a beautiful bouquet of roses and lilies of the valley. She was attended by her sister, Miss Nua Rosborough, who wore a becoming gown of pink crepe de chene and carried pink and white chrysanthemums. Little Miss Mary Chirgwin, niece of the groom, was flower girl. Mr. M. Dwyer, of Sydney Mines, supported the groom, and Messrs. J. E. Barrington and Fred. Holden were ushers.

The bride is a granddaughter of the late Rev. Lewis Jack, and a niece of the late Rev. Jas. Rosborough, both of whom held long pastorates in New Brunswick.

Whittier-Munroe. Miss Helen Myrtle Munroe, daughter of Mr. and Mrs. George Munroe, Lower Millstream, was married recently to John O. Whittier, son of John Whittier, Sr., in the Union Square Baptist church at Somerville, Mass.

Anderson-Malin. Robert Anderson, of the 182nd was married to Miss Edith Malin at the home of William Friars, Sussex, on Oct. 25. The groom is a native of Denmark, but for some time has been a resident of Campbellton. The bride's home is in Birmingham, England.

Campbell-Dewitt. In Shelburne, at the home of Mr. and Mrs. James Dewitt, on last Tuesday, their eldest daughter, Maude, became the bride of Cedric J. Campbell, son of R. W. Campbell of Amherst.

At St. Barnabas church, Woodlawn, New York, on Oct. 29, William Francis Swart and Miss Helen Theresa Crowley were united in marriage by Rev. Fr. Barry. The bride is a daughter of Mrs. James Crowley of this city.

Elks Entertained. A very pleasant evening was spent on Saturday in the Elks rooms in Wellington row, when a number of the boys of the 180th Battalion were present as guests. The time was voted a delightful one. Those taking part were: Corp. Morgan, B. S. M. Wilken, C. S. M. Nash, Bugler Peake and Bugler Galburn; Sergeants Nash and Harris; Pte. Goolah, M. S. Breen, W. S. Brown, Ptes. Picout and Christie, Ptes. Johnston and Shea, Lance-Corporal McLean and Corp. S. Russell. J. M. Roche was the chairman.

Because the garbage company of Champagne, Ill., insisted it should be allowed to put advertisements on the receptacles in the streets the city council turned down its offer to furnish sixty-five iron cans free.

They are former tea or coffee drinkers who, for health's sake, changed their table drink. If you suspect that tea and coffee contribute to your discomfort or illness, ask the grocer for the names of several POSTUM users in your neighborhood; get in touch with them and hear their story. Or, secure a tin of INSTANT POSTUM and try it on the family table for ten days instead of tea or coffee. 'There's a Reason' for POSTUM"

New York Mayor's Recommended Increases Approved

235 Are Added to Force—Mr. Mitchell Says More Money for Faithful Service is "Urgently Needed and Greatly Deserved"

The New York Budget Committee of the Board of Estimate at a session the other night approved an increase in the pay of first grade policemen from \$1,400 to \$1,450 a year. It also approved increases for captains from \$2,750 to \$3,120, and for inspectors from \$3,500 to \$3,900, these being one-half of the increases recommended by Commissioner Woods. Likewise it approved an increase for the Chief Inspector of the force from \$5,000 to \$6,000, and for the Borough Inspector of Brooklyn and Queens from \$8,500 to \$4,200 a year.

Upon the mayor's recommendation the committee made provision for 235 policemen to be added to the force during the coming year and for the promotion of forty-three patrolmen to the grade of sergeant. This action in the police department amounts to an added expenditure of \$397,100.

At the same time the committee adopted the mayor's recommendation that first-grade firemen be advanced from \$1,400 to \$1,800 a year and that engineers of steamers be advanced from \$1,600 to \$1,700 a year. These increases involve an added expenditure of \$208,000. In announcing the increases the mayor said:

"This seems to be the smallest measure of recognition that the citizens of New York can accord the policemen and the firemen. They have given service of a conspicuously high order, and especially during the last year. It is everywhere conceded that the police department is better than it has ever been before. There is a finer esprit de corps, a marked freedom from graft, and a noticeably increased good record of devotion to duty, self-sacrifice, and bravery. I do not believe that any thoughtful citizen will deny that these raises in salary are urgently needed and greatly deserved."

"What has made it possible for the Board of Estimate to take this step in recognition of the services of the police and firemen is the painstaking economy of the administrative departments under the jurisdiction of the mayor during the last three years, which permitted a reduction of the aggregate of the budgets

of these two departments by \$2,500,000 since this administration took office. "In the face of unprecedented increases in the price of materials, food and all other supplies, the aggregate of the budgets of the departments under the jurisdiction of the mayor, exclusive of these increases in the salary and personnel of the uniformed forces, is less by a few hundred dollars than the aggregate of the same departments in the 1915 budget."

**A WISE MOTHER'S STORY**

Mothers and Daughters Read Carefully and Profit by It

"I am convinced," writes Mrs. A. B. Hopford from St. John, "that a majority of young girls who die of consumption do so because their mothers neglected their health at the critical time when carefulness insures vigor and sound health. If a girl's health is neglected from her eleventh to sixteenth year her body will be weak and she becomes a ready victim of typhoid, measles, and in many cases consumption itself. In her sixteenth year my youngest daughter showed signs of falling strength. Some dyspeptic troubles developed, her heart became weak and palpitation frightened her dreadfully. She was irregular in the important bodily functions and rapid loss in weight and a ruddy complexion pointed to a rapid decline."

"She disliked making her troubles known to our doctor, a feeling I felt I should respect, and so by good fortune I was led to use Ferronone with most gratifying results. My neighbor next door, Mrs. Woods, had found Ferronone so good in nervousness that she persuaded me that it would restore Flossie's health, and from the time the second box was commenced her improvement was constant. She is now a big, strong girl, ruddy and plump, able to study hard and to take her share of household duties. I am an earnest advocate of Ferronone. We all use it now as a tonic, as it is certainly a woman's best friend."

All dealers sell Ferronone, 50 cents per box or six boxes for \$2.50; procure a supply today.

Reconstruction, of course! When the great war is over, shattered Europe must be rebuilt. Mediaeval architecture, crumbled by cannon, will be replaced by well-lighted, well-ventilated, convenient and sanitary buildings of the present day. In this tremendous rebuilding,

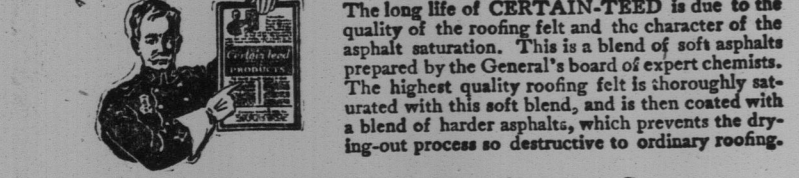

**Certain-teed Roofing**

will play a leading role; for CERTAIN-TEED is the twentieth century answer to the demand for roofing that is economical to buy, easy to lay and inexpensive to maintain.

CERTAIN-TEED Roofing is made in rolls; also in slate-surfaced shingles. There is a type of CERTAIN-TEED for every kind of building, with flat or pitched roof, from the largest sky-scraper down to the smallest residence or out-building.

It makes a clean, sanitary, attractive roof, with a very low cost per year of life. It is guaranteed for 5, 10 or 15 years, according to ply (1, 2 or 3). Experience proves that it outlasts the period of guarantee.

If you are interested in roofs, investigate CERTAIN-TEED before you decide upon the type to buy. You will find CERTAIN-TEED for sale by responsible dealers all over the world.

The long life of CERTAIN-TEED is due to the quality of the roofing felt and the character of the asphalt saturation. This is a blend of soft asphalt prepared by the General's board of expert chemists. The highest quality roofing felt is thoroughly saturated with this soft blend, and is then coated with a blend of harder asphalt, which prevents the drying-out process so destructive to ordinary roofing.

SPORT NEWS OF THE DAY HOME AND ABROAD

CHECKERS
Canada vs. United States.
A match at checkers by correspondence has just commenced between a Canadian team, captained by J. W. Jacobson, of Toronto, and a United States team, captained by Henry Hudson, of Cincinnati. The match is for the championship of North America and the respective teams include the finest exponents of this type on the continent.
Additional interest is lent by the fact that in the last contest of this description the Canucks sprang a surprise on their formidable opponents and defeated them by a substantial margin. The Americans have scoured the country to obtain every available expert for their team. The conditions call for ten men a side, each player contesting four games simultaneously with each man on the opposing side, or a total of 400 games. This is probably the biggest and most important match of its kind that has ever taken place.

THE WHEEL
New York Six Day Bike Race.
New York, Nov. 4 - J. Lewis M. Uppercu, president of the Cycle Racing Association, has announced that the New York six-day bicycle race will start at midnight on Sunday, December 17 and will end on Saturday night, December 23. As usual, the race will be held at Madison Square Garden, and it will mark the twenty-fourth annual running. On the Saturday night previous to the long races there will be a set of sprint races, with many crack amateur and professional riders competing. Frank Kramer, who for sixteen years has held the professional championship of America, will compete, as will John Stachie, the national amateur champion. It is expected that there will be eighteen teams in the race.

St. John High school climbed another rung nearer the New Brunswick interscholastic football championship, Saturday afternoon, by defeating Fredericton High school at Fredericton, in an open game by the score of 12 to 4. Fredericton did not score. The St. John goal line. Her only score came in the first half when Lounsbury dropped a field goal from the 25-yard line. Donnelly, of St. John, was the individual star of the game, scoring three touchdowns. Wilson made the fourth. His long run of ninety-five yards was one of the features of the game. The local team failed to convert any of its goals.

St. John will play its last game of the season, this afternoon, on the Shamrock grounds, with the Rothesay Collegiate school. This will be the deciding game of the series. St. John and Rothesay have already played to a tie. Rothesay has once defeated Fredericton. The game is scheduled to start at 4 o'clock. A small admission fee will be charged, and the proceeds given to the Belgian relief fund.

Trim Murnane Expects New Owners Will Have Trouble Getting Signatures of Other Members of The Team
There is little doubt that the American League will rally to the sale of the Red Sox to the new owners, Messrs. Pease and Ward, writes Tim Murnane in the Boston Globe. For years both have been ardent followers of the American League and admirers of President Johnson.

Sports Well Attended; Cold Weather

Longboat Wins Exhibition Race - Lt. Atwood Bridges Captured Honors in the Sprints - 180th Win Both Football and Baseball Matches
Although a cold northwesterly wind swept over the Barrack Square Saturday afternoon it failed to stem the enthusiasm of a large number of sports who assembled to witness the various athletic events held under the auspices of the 180th Battalion. As a result 2800 was realized for the returned soldiers' welfare committee.

MANY CHANGES TO BE SUGGESTED IN NATIONAL LEAGUE

New York, Nov. 4 - The elimination of the spitball - in fact, the elimination of the use of any foreign substance as an aid to the pitcher; the question of raising the pitcher limit, the complaints regarding short fences and bleacher walls; John McGraw's fall from grace; umpire strikes; the world's series changes - all these and many other questions will be thrashed out when the National League magnates get together December 12 for their annual get-together in New York.
Gov. Tener, president of the National League, is one of those who believe in the elimination of the spitball and its variations. A pitcher, Gov. Tener believes, should have no need for outside agencies, and the cleanliness of the game has something to do with his opinion. He believes, along with a great many others, that the spit-ball is just a wee bit indecent and repulsive.

**SON OF REV. DR. J. A. GORDON IS KILLED IN WAR**  
Lieut. Walter, Formerly a Montreal Newspaper Man — Was Born in St. John

News has been received in Montreal that Lieut. Walter H. Gordon, youngest son of Rev. Dr. J. A. Gordon, has been killed in action. Lieut. Gordon was born in St. John twenty-nine years ago and previous to enlisting was engaged in journalistic work here on the Maritime Gazette and Journal of Commerce.  
Lieut. Gordon is survived by his parents and by four brothers, John P., of Charlotte town, P.E.I.; Dr. A. H., of Montreal; P. W., of Calgary and H. S. of Winnipeg.  
Lieut. Gordon was a popular McGill graduate and newspaper man, who rose from the ranks and obtained his commission in the field only two months ago. The news of his death reached Montreal yesterday in the form of an official message from Ottawa via his brother, Dr. A. H. Gordon.  
A slender ground for hope is offered by the fact that Lieut. Gordon is reported attached to the infantry service, whereas he enlisted with the artillery and was still with that branch within the last month, according to letters received by his family and friends, but the use of the unusual middle name and the receipt of the tidings by Dr. Gordon, who was recorded as next of kin in the official list, leaves only the barest room for doubt and it seems only too likely that one of the most lovable, genial and promising of Montreal's young soldiers has laid down his life for Canada and the cause of humanity.

**NEW BRUNSWICK MAN IS DROWNED**  
One of Five Who Lost Lives in Abitibi River  
Halleybury, Ont., Nov. 6.—Five men were drowned in the Abitibi River, near Twin Falls, on Thursday. A scow loaded with timber and carrying twelve men was being towed by a launch, when it crashed into a hidden rock, capsizing the launch. One man, an employee of the Canadian Stewart Company, met death in a heroic effort to save the other men. The others were employees of A. W. Henessey, of Malleybury—John Duke of West Meath, near Pembroke, Dan Couvrette of New Brunswick were two of the victims.

**NO PAY FOR TEACHERS FOR TIME LOST WAITING FOR NEW MONCTON SCHOOL**  
Moncton, Nov. 6.—The N. B. Board of Education has declined to grant the request of the Moncton School Board to give the Aberdeen school teachers the government allowance for nine days which they lost at the beginning of the present school term because the new building was not ready for occupation. The Moncton board has adopted a resolution regretting this action, and asking reconsideration.

**HE BUILT PART OF THE I. C. R.**  
Moncton, N. B., Nov. 6.—Jacob W. Steeves, who died in Elgin, Albert county, on Friday night, was a well known railway contractor. He had a contract for building a part of the I. C. R., also branch lines in the province, including the Upham and St. Martins Railway. He was eighty-two years old, and is survived by two sons, Hamilton G., of Elgin; Jacob, of Vanceboro, B. C., and three daughters, Mrs. W. M. Stiles, of Elgin; Mrs. O. C. Graves, of Petticoatic, and S. M. Starratt, Honolulu.

**CADET CORPS TO CHURCH**  
The St. Stephen's and St. Andrew's Corps, under the command of Major Magee and Color-Sergeant W. H. Vail, paraded to St. Stephen's church last evening, and Rev. Gordon Dickie, chaplain of the St. Stephen's corps, preached to the boys. He referred very feelingly to the death of Lieutenant W. Gordon Kerr, a former member of the St. Stephen's Cadets, when they were known as the Boys' Brigade. The cadets made a fine showing as they marched along, headed by their band. Many of the St. John boys, who are now fighting the empire's battles, were former members of these corps.

**STRIKES ARE ENDED**  
Portland, Ore., Nov. 6.—T. V. O'Connor, president of the International Longshoremen's Association, left last night for San Francisco en route home with the announcement that his work on the Pacific coast was completed with the signing of an agreement for the settlement of the longshoremen's strike in Portland.  
**TOMORROW'S ELECTION.**  
The people of the United States do not vote directly for president, but for presidential electors, who cast their ballots according to the party which they represent. There are 531 of these electors, comprising what is known as the electoral college; 298 votes are required for election. In 1912, although securing less than half the popular vote, Wilson had 485 electoral votes, Roosevelt had 88 and Taft eight.

**COUNCIL POSTPONED**  
As all the members were unable to be present, the committee meeting of the common council, which was to have been held this morning, was postponed until tomorrow morning.

**WELCOME TO OFFICERS AND MEN OF 222ND**  
Lt. Col. Lightfoot's Winnipeg Battalion Distributed Among Four Places

The 222nd Southern Manitoba Battalion, which arrived in the city last evening, but did not detrain until this morning, made a fine showing on their march from the station to their quarters, which include practically all the barracks in the city. There are 425 of the men quartered in the Immigration building on the west side, 123, including the staff, at the Martello Hotel, west side, 240 on Partridge Island, and about 200 in the armory, in all the unit has a total strength of about 1,000.  
At the station the men were met by the mayor and the citizens' reception committee, Lieut.-Col. Powell of the headquarters staff, including A. O. Skinning, E. L. Rising, A. S. Clavson, F. L. Potts, Lieut.-Col. Sturdee, Commissioner Russell and Commissioner McLellan.  
The mayor, in addressing the men, said that he wished to extend to them the heartiest of welcomes on behalf of the citizens of St. John, and that he felt sure that everything possible would be done by the citizens to add to the men's comfort. This was followed by three cheers from the men, immediately followed by selections by the battalion band, which is considered by those who had the pleasure of hearing it, one of the best musical organizations that was ever heard in the city. The battalion has also a bugle band which also ranks with the best.

The colonel of battalion, Lieut.-Colonel James Lightfoot, is a returned soldier, having gone overseas with the first contingent as a member of the 10th battalion, and while fighting with the unit in the battle of Langemarck was wounded in the left knee. While he was convalescing at his home in Winnipeg he was authorized to raise the battalion that he now heads. In speaking of happenings at the front, he said that he took Lieut.-Colonel P. A. Guthrie, who was at that time attached to the 10th battalion, into the trenches for his first time.

The 22nd battalion was authorized on Feb. 25, and in just ten weeks from that date he had his battalion recruited to full strength. Captain J. W. Bingham, commanding officer of "C" company, is also a former member of the 10th battalion. He was overseas with the 22nd battalion, and was later transferred to the 10th.  
Lieut. Grant is another returned soldier. He was a member of the 10th also, but was a sergeant-major at that time.  
The battalion's machine gunners were the best at camp Hughes, and were the winners of a number of prizes for the best machine gunners' camp. The shooting of the battalion is also of high class, and won second place in target shooting while in camp.

The ladies of the city, patriotic societies purpose serving the boys of the unit this evening with refreshments, which undoubtedly will be appreciated by them.  
It is the purpose of Lieut.-Colonel Lightfoot to have a route march around the city in the course of a few days, so that the citizens might get a chance to see his battalion, as the unit was broken up this morning owing to the fact that the men were marched to various quarters direct from the station.

**PARKS HOME SOLDIERS TO MAKE EXHIBIT OF WORK**  
Now that a new work shop has been added to the Parks Convalescent Home and several new work benches have been placed in the square of the home, especially those who have experience in wood-working, feel that they would like to make an extra dollar, by taking in outside work. The work will all be done under the supervision of Mr. Elton, a man of more than twenty years' experience and who knows the business from A to Z.  
In the course of a few days several pieces of work made by the boys will be placed on exhibition in the store window of John deAngelis, on the corner of King and Charlotte streets.

**INCREASED PAY FOR FREIGHT HANDLERS**  
A committee representing the New Brunswick Freight Handlers' Union waited on H. C. Grout, general superintendent of the C. P. R. New Brunswick division, this morning, and after a conference reached an agreement with him regarding new rates for a year commencing November 20, when a former agreement will expire.  
The new scale of wages is as follows: Thirty cents an hour day and night, with double time for Sundays, holidays and during regular meal hours. For the last three years the men were getting twenty-five cents an hour and in addition were not receiving double time for meal hours, so when Mr. Grout quoted these figures they were accepted.

**WELL DONE**  
It has been said that one of the most striking results of the world war is the self-sacrifice and spirit of unselfishness among many of the people at home, who apparently have forgotten self, at least for the time being, in their endeavor to aid the patriotic cause either by financial gifts or in personal work relating to war.  
Of late even the children have made notable contributions of this sort, manifesting an earnestness, quite comparable with perhaps greater efforts of the adults.  
On Saturday Louise Campbell, a Fairville young girl celebrated one of her early teen birthdays by a party to which she invited her friends in the usual manner with this exception that the invitation cards requested the guests not to bring a present, but if they cared to bring a donation to the fund for Belgian children were accepted.  
Most of the children followed out the idea and brought a cash contribution so as a consequence of the party the unselfish and patriotic young hostess will be able to present \$9.25 to this very worthy fund.
