DISAPPOINTED  
OVER PROPOSALS  
OF THE GERMAN

Italy's Reply to the Berlin  
Note on Reparations

Links This and Inter-Allied  
Debts Together—German  
Terms Considered as Not  
Offering Enough—Lukewarm  
Reception by the  
Press of Paris.

(Canadian Press)  
Rome, May 14.—Italy's reply to the German note on reparations begins by expressing disappointment over the proposals. It defines the Italian attitude as a sequel to the plans submitted by Italy at the last two conferences in London and Paris.

Italy, it says, by reason of her economic and financial position, is obliged to consider the problems of reparations and inter-allied debts at all times closely bound up with each other, and cannot refrain from insisting that they be settled as soon as possible, taking into account the sacrifices as are being made by her invaded regions.

That necessity, continues the note, clearly explains attitude both as regards the deliberations of the reparations commission and as regards reports which followed the last Paris conference, it being understood that her interests and requirements in the solution of such questions are not inferior to those of any allied state whatsoever.

"As is proved in several official manifestations and explicit documents of the royal government, Italy is disposed to share the Italian attitude in order to insure a general economic settlement, but she cannot agree to the imposition of such sacrifices as are beyond her reasonable capacity.

"It must not be forgotten that Italy's relative position in the present, and the greater share reserved to her in the reparations due from all states, in conformity with generosity and moderation, and taking into account her difficult situation, agreed to concessions without so far invoking or claiming her right to have recourse to Germany's joint liability as sanctioned by the treaty.

"Besides, the German government knows that the Italian Government is intensely regretted to be obliged to reject the scheme for the settlement of reparations propounded by the Government at the Paris conference, because, although inspired by elevated aims, Bonar Law's memorandum did not seem sufficiently to take into account the irreducible requirements of Italy. Considering this immediate proposal, it is with the greatest regret that the Italian Government observes that the German memorandum of May 2, 1924, and the proposals contained in the British Government's scheme."

"As far as the fact that the sum fixed for reparations is manifestly much inferior to any figure, however small, that might be regarded as reasonable, an international loan whereby payment of that sum would be wholly covered, is contemplated, without necessary details and without it being specified what adequate dispositions would be made for the financing of its success. In addition, there are no concrete indications as to guarantees and pledges and no assurance that they would be properly furnished.

"The German proposal thus does not offer a methodical or complete plan, such as is indispensable to form the basis of even discussion of principle. It resolves itself into a series of vague and inaccurate indications which are all the more worthless when compared with the great importance of the questions which it refers."

Comment in Paris.  
Paris, May 13.—The British and Italian notes to Germany have been received lukewarmly by the press, which, however, had them too late for detailed analysis. There is regret that the Ruhr occupation is not mentioned, but satisfaction over the strong condemnation of the German terms to low.

The Temps, far from giving Lord Curzon the credit for inducing the Germans to make their proposals, says the offer would have come anyway, and contends that the British and Italian efforts to induce Germany to seek peace are partly responsible for the inadequate proposition.

All the comment makes reference to consideration of the inter-allied debts, the Temps saying: "The amount France and Italy demand from Germany will necessarily depend upon the sums claimed from them by England."

London Views.  
London, May 13.—The chief criticism here of the British reply to Germany is that it ignores the German offer of an international commission.

The Times is emphatic in condemning the omission and also regrets that the note is not more explicit in stating the British terms.

The Westminster Gazette likewise is strongly condemnatory on these points, and that it is more disappointing than Germany's.

Two Liberal papers, the Daily News and the Daily Chronicle, approve of the note, saying that it was well conceived for its purpose and that Germany's cue now is to play up to Lord Curzon's lead.

The Conservative Post says the note is satisfactory so far as it goes, but wants Curzon to talk Poincare's language, which alone, it says, Germany understands.

The Post declares that if Lord Curzon had hinted that British troops would soon go to the Ruhr, Chancellor Cuno would quickly begin to talk business.

GERMAN MUNITION BARON  
SENTENCED TO 15-YEAR  
PRISON TERM AND FINE

DR. KRUPP VON BOHLLEN, HEAD OF THE KRUPP WORKS, TO  
SERVE JAIL SENTENCE AND PAY 100,000,000 MARKS.  
DIRECTOR OSTERLEN OF KRUPP WORKS WHO RECEIVES  
SAME SENTENCE.

DR. KRUPP VON BOHLLEN, HEAD OF THE KRUPP WORKS, TO SERVE JAIL SENTENCE AND PAY 100,000,000 MARKS. DIRECTOR OSTERLEN OF KRUPP WORKS WHO RECEIVES SAME SENTENCE.

Werdn, May 14.—The German "men behind the guns" are "getting their," and a speedy retribution is overtaking one of the overlords who have still remained in power. Dr. Krupp von Bohlen, head of the famous Krupp munition works at Essen, Germany, has been sentenced to fifteen years in prison and to pay a fine of 100,000,000 marks, an equivalent of \$27,500,000.

Director Osterlen and Theodor were given the same sentences. Director Bruhn ten years, while Directors Bauer and Schaeffer were given twenty years each and the same fine as the others. These fines were imposed by the French court-martial at Leiden as a result of shooting which took place at the Krupp plant when French soldiers entered it on March 11.

The French counsel for the prosecution contended that not only had Krupp and Osterlen been guilty of conspiring with their workmen and arranging for demonstrations should the French troops enter the plants, but had watched the mob from the factory windows without making any effort to stop them and avert the catastrophe which they knew must be inevitable.

So had Germany's war lords, said Captain Duvert, the French prosecutor, stood by and watched the French soldiers in northern France without raising a hand, and later sent their men out to take the brunt of a danger which they would not share.

After two generations of manufacturing deadly weapons a member of the famous Krupp family is to have a taste of something different than has been experienced by German barons until the last two years. In the case of the Krupp directors the usual position of the man behind the gun is reversed, as they have sat safely in their offices and, figuratively speaking, have always watched the slaughter from a safe distance.

It is believed damage to crops and cattle is heavy and the loss of life and property is heavier in the country district than in the town of Colorado City, according to the unconfirmed reports. Relief parties have left here in autos.

Albino, Texas, May 14.—Joe Richardson and his two children were killed in a tornado eight miles from Colorado City, Texas, last night, according to reports reaching here.

SAYS ICE WORSE  
THAN FLOODS ON  
NORTH SHORE

Montreal, May 14.—That ice had caused more trouble in its part of New Brunswick than floods, was said on Saturday by Angus McLean, president and general manager of the Bathurst Lumber Company, who was in the city on a business trip.

"Floods did not bother our section of New Brunswick very much," he said, "so far as lumbering operations were concerned. Our greatest trouble was with the heavy ice coming down the rivers. The ice this winter was exceptionally thick, owing to the long and severe cold weather. It came down with the spring freshets in great fields several feet thick, which smashed a number of the log booms and caused a great deal of trouble."

"But while it sounded pretty serious to have a boom smashed by ice and several million feet of lumber sent charging down the river, we did not lose many of the logs, because they were generally caught by other booms that held, and our boats and tugs succeeded in picking most of them up after the flood waters had subsided."

Attitude.

(Canadian Press)  
London, May 14.—The note from Soviet Russia in reply to the British proposal against the seizure of the trawler James Johnson has been given out in textual form by the Reuters News Agency, London office. It maintains that Russia has a legal right to establish the twelve-mile zone of territorial waters, which the trawler was alleged to have violated.

Family Quarrel Leads to  
Pursuit in Street and a  
Fatal Shooting While the  
Crowd About Band is  
Thrown Into Panic.

(Canadian Press)  
Seattle, May 14.—A famous old clipper ship, Glory of the Seas, said to be the fastest vessel of her type in the world, was burned on the beach here yesterday, efforts to have her preserved as a historic relic having failed.

The passing of the Glory of the Seas will be an unenviable news to Nova Scotians in particular, since that staunch old vessel of which it has been said "there was never wind enough on the ocean fully to test her capabilities," stood as a monument to the genius of one of the most famous of Nova Scotia's sons, Donald McKay, designer of the Glory of the Seas, and of numerous other sailing ships, who has been immortalized in poetry, painting and sculpture, was born at Jordan River, Shelburne County, N. S., on Sept. 10, 1810. Dying at his home in Hamilton, Mass., Sept. 20, 1880, he had achieved international fame as a designer of clipper ships and his practice had been heard in the royal courts of Europe. His bust stands among those of the immortals in the Louvre, Paris.

The shooting was witnessed by a large crowd which had gathered about the crewed deck, screaming to cover, emerging a few minutes later to cluster, jostling and gesticulating, about the two victims, Detective Bohel, on duty nearby, rushed up and snatched the smoking revolver from Mongrove's hand and placed him under arrest.

Mongrove, the police said, told them that the trouble started last night when he was riding on the deck of the ship, which was being towed to the beach. He was refused to wait on him. The argument was resumed today, he said, and he went out to see the woman. On his way home he met his wife and daughter and opened fire.

Esther Gray, with some 800 cases, has been seized.

British Schooner Taken by Revenue Cutter on Trip from Bahamas.

Miami, Fla., May 14.—The Esther Gray, a British schooner of about eighteen tons, from Nassau, Bahamas, was seized yesterday by the revenue cutter Vidette off Triumph Reef, and held on a charge of violating the U. S. customs regulations. Captain R. S. Miller of the Vidette said the schooner was seized within the three-mile limit with a cargo of liquor aboard, estimated at about 800 cases. Two shots were fired across the schooner's bows, he said, before she hoisted her flag.

Does not agree with Mr. Fielding.

Saskatchewan Premier Says Western Liberals Will Not Accept Tariff Views.

Regina, May 14.—According to Premier C. A. Dunning of Saskatchewan, western Liberals will not accept the tariff views of Hon. W. S. Fielding, as stressed in his budget speech that "the country should be content to accept the tariff as it will now stand, as fair and reasonable as can be prepared under the circumstances," and that the proposed changes mean "a low tariff and probably as low as the country can afford under the present conditions."

Mr. Fielding's statement that tariff stability has been reached on the present basis will find no support among western Liberals," was the statement made yesterday by Premier Dunning.

Regina, May 14.—An editorial in the Morning Leader, Liberal, today challenges Hon. W. S. Fielding's intimation that the bottom has been reached in tariff revision. It says: "The Liberal party, especially in western Canada are convinced that the time is approaching when the tariff should be remodelled along the lines indicated in the Liberal platform, and then allowed to stay where it will have been put. They cannot view with equanimity the intimation of the finance minister that the point has been reached in tariff revision where a halt can be called."

Gets Big Sturgeon.  
Port Dover, Ont., May 14.—When A. B. Hoover and sons were lifting their pond net set off Nantuxoke, on Saturday, they found in it a sturgeon about seven feet long, weighing 135 pounds and yielding four gallons of oil. This contest the clection with C. F. Swartz, the present member, who is running as an Independent, and W. G. Wilton, Conservative.

MORE COMMERCE  
AND INDUSTRY IN  
PARLIAMENTS

Montreal Manufacturers' Chief Home from Italy

John R. Shaw Speaks Highly of Mussolini and What He is Doing for His Country—Imperial Trade Commissioner Arrives.

Quebec, May 14.—John R. Shaw, president of the Canadian Manufacturers' Association of Montreal, who attended the international convention of the World's Chamber of Commerce, in Italy, and R. W. Dalton, British imperial trade commissioner to Canada, were among prominent adepts of the progress of the world, and passengers who arrived at Quebec by the Canadian Pacific S. S. Empress of Scotland yesterday.

Among matters at the convention were uniform international bills of lading, and the creation of a board of arbitration to settle all international commercial disputes. The delegates were fully gone into and relegated to committees to study and draft reports on the progress of the world, at was the consciousness of the delegates that the commercial and industrial interests of the world should take more interest in active politics in their respective countries, to replace the lawyer and the professor, and in order to establish uniform and safe administration of the world's parliamentary legislation.

"I had the privilege of meeting the new political leader of Italy, Signor Mussolini, said Mr. Shaw, "he is in every truth a leader whom I may compare to the first tribune of Rome, Cola di Rienzi, a phenomenon who is bringing Italy out of chaos and has already made it a country sound in policy and with the prospects of becoming a glorious and sane nation."

"Mussolini is the idol of the Italian people, in consequence a power in the land, a man of great force of character, with a brain replete with knowledge and all things appertaining to the progress of the world."

Mr. Shaw visited the battlefields in France and Flanders and was deeply impressed with the extraordinary care given by the Imperial War Commission assisted by the commission from Canada to the Canadian soldier graves.

Mr. Dalton said he realized more keenly than he was that the development of the inter-imperial trade was a matter of vital importance to the Empire, and that the development of the Dominion's resources and market for their products, both in the United Kingdom and in other parts of the Empire, seemed clear to him that with intelligent and energetic effort, there was every possibility of approaching the ideal of a self-contained Empire, and England, in common with other parts of the Empire appreciated that they must first look to the needs of the Empire and the development of its resources before they could expect development of former relationships.

Professor R. Carr Harris is dead.

Prominent in Civil Engineering, Passes Away at Home in Bathurst in 80th Year.

Montreal, May 14.—The death of R. Carr Harris, who for nineteen years lectured on civil engineering and architecture at the Royal Military College and subsequently at Queen's, occurred yesterday at his home in Bathurst, N. B., in his eightieth year. He was one of the oldest and best known engineers in Canada.

Wilton Little more than a lad, fresh from King's College, London, he filled various appointments in charge of subdivisions of surveys and construction in 1876-7 he was in charge of construction work, C. P. R. division, Thurso to Lachute, and resigned to accept appointment on the staff of the Royal Military College.

Later he was consulting engineer at Wular Mines, and general inspector of building construction on the Transcontinental. Professor Harris was twice married, first to Miss Ellen Pitton of Bathurst, then to Miss Bertha Wright of Ottawa, by whom he had twelve children.

Munro gets four years in Dorchester.

Halifax, N. S., May 14.—Alister Munro, recently acquitted of the murder of Leslie A. Corliss last year, was this morning sentenced to four years in Dorchester penitentiary by Judge Wallace when he pleaded guilty to having burglarized the store of F. N. MacDonald, Argyle street, last January. Several other charges of burglary will not be pressed at the present time.

STAY UNTIL PAID,  
SAYS POINCARÉ

French Premier Reaffirms Intention in Ruhr Occupation—Germans Increase Passive Resistance.

Coneroy, France, May 14.—France will stay in the Ruhr until she is paid, the French Premier in an address here yesterday. He did not refer to the notes which are being sent the Berlin Government by Great Britain and Italy, but he emphasized his determination to stick firmly to his previously announced policy.

Essen, May 14.—The measures of passive resistance of the Germans are being strengthened under a decree issued by the Reich authorities which prohibits Germans in the Rhineland and the Ruhr from riding on military trains operated by the French and Belgians and otherwise tends to reduce the already limited communication between the Germans and the occupation authorities.

"Under the circumstances which have permitted to travel on French or Belgian trains," says the decree. "All persons traveling in an address here yesterday. He did not refer to the notes which are being sent the Berlin Government by Great Britain and Italy, but he emphasized his determination to stick firmly to his previously announced policy."

WAS WILD MAN  
AFTER DRINKING

James Crosser has Four Charges Against Him After Erin Street Fracas.

As a result of a fracas in a house in Erin street last night James Crosser appeared in the Police Court this morning to answer to charges of being drunk, assault, robbery and supplying liquor. He pleaded guilty to being drunk and said he did not know anything about the other charges. Later he pleaded not guilty to supplying liquor.

Mrs. Mary Clarke said she had seen the defendant yesterday for the first time when he entered her house about seven o'clock in the evening and had a bottle with him. He had given George Brown one drink, which had knocked him out. After he had given him the drink the accused had announced that he had killed him. She said she had then seized her and thrown her to the floor, where he had choked her and put his knees on her chest, and had extracted \$20 from her stocking. He had declared his intention of killing all hands, and produced a double-bitted axe. He had torn his shirt off and made a gag for her and had tied a piece of it around her neck. She had called the police. On being questioned she said the accused had taken \$31 in all from her.

George Brown said the accused had been knocked out. He remembered throwing a lamp at the accused to stop him from molesting Mrs. Clarke, but could remember nothing after that. He did not want to give evidence against the accused and if he had his way he would let him go. He had been drunk on Prince Edward street. He was a witness had given Mrs. Clarke, his housekeeper, \$45 on Saturday.

Policeman Ginter told of making the arrest. The house had been in wild disorder, and he had found Brown lying on a bed in a room bleeding from the nose and mouth.

Detective Biddiscombe told of the condition of the house. When the accused had been brought to the police station he had had \$10.00 on his person. Crosser was remanded.

MURDER TODAY  
IN LITTLE ITALY

Father of Mrs. Favetta Held by New York Police

Family Quarrel Leads to Pursuit in Street and a Fatal Shooting While the Crowd About Band is Thrown Into Panic.

(Canadian Press)  
New York, May 14.—Mrs. Camilla Favetta, 29, was shot and killed and her mother, Colagora Mongrove, was seriously wounded in Christie street, in "Little Italy" today, Pasquale Mongrove, father of the dead woman, was held on a charge of homicide.

The shooting followed a family quarrel in which Mongrove is alleged to have pursued the woman from the house, wildly brandishing a pistol. The neighborhood was thrown into such a panic that the police got two sets of names and addresses, making it appear for a time that there had been two murders of women living in adjoining houses.

The shooting was witnessed by a large crowd which had gathered about the crewed deck, screaming to cover, emerging a few minutes later to cluster, jostling and gesticulating, about the two victims, Detective Bohel, on duty nearby, rushed up and snatched the smoking revolver from Mongrove's hand and placed him under arrest.

Mongrove, the police said, told them that the trouble started last night when he was riding on the deck of the ship, which was being towed to the beach. He was refused to wait on him. The argument was resumed today, he said, and he went out to see the woman. On his way home he met his wife and daughter and opened fire.

# POOR DOCUMENT M C 2 0 3 5

THE EVENING TIMES AND STAR, ST. JOHN, N. B., MONDAY, MAY 14, 1923

## MOUNT VANISHED OF OWN ACCORD, SAYS DR. SCOTT

President of Northwestern  
Denies He Called Off the  
Search—Mother Feared  
Suicide.

Chicago, May 14.—Leighton Mount's vanishing from Northwestern University campus was "a voluntary disappearance," according to Walter Dill Scott, president of the university, who under- went a grilling before the grand jury. Mr. Scott, under oath, denied the charge made by Allen Mills that he had called off the student search for Mount. He made clear that at the time Mount disappeared on September 21, 1921, he did not believe the youth had committed suicide. He said he had sided Mrs. Mount, the boy's mother, in her search for the youth and declared she had asked him to suppress a report in circulation that Leighton had committed suicide or run away.

The educator admitted the Evanston police records of the hearing of Arthur Persinger had been altered at his request, but said it was done willingly by the Evanston authorities in order to have a correct report of the affair.

Told of Suicide Threats.  
Dr. Scott said that while he assumed the skeleton found under the Lake street pier was that of Leighton Mount, he is not yet certain of the identification. He had never heard of Leighton Mount until the morning following his disappearance, when his mother came to him and reported her son as missing. "She told me of suicide threats and the difficulties she and Leighton were having," said Dr. Scott. "The difficulties, he said, in response to a question, were over Leighton's sweetheart. 'I cannot repeat her exact words,' said Dr. Scott, 'but she stated that several occasions Leighton had threatened suicide. I told her it was not uncommon for boys to talk such things; that they seldom meant it. She seemed to fear it was suicide, but hoped it was not.'

Mrs. Mount probably will be recalled before the grand jury to reply to the testimony of President Scott.

"Honorable" Sullivan, alleged feminine leader of a band of thieves, appeared before the prosecuting attorney and entered a general denial that any member of her gang was concerned in the campus fight.

New Inquiry Proposed.  
Miss Grace Merrill, who is said to have heard Mrs. Mount's statement, returned to Ottawa today and was served with a subpoena to appear before the grand jury. Goebel Ball and Leighton Mount, Northwestern students and who are said to have taken part in the class battle, are free from the grand jury. In talks with the prosecutor both men denied any knowledge of why or how he disappeared.

Realizing that they were getting nowhere a committee of Assistant State Attorneys today suggested that the present line of inquiry be stopped, and that the grand jury was on a blind trail. They advise wiping the slate clean and starting over.

## THE FEAST OF THE FIRST FRUITS

Confirmation of Children of  
the Religious School Out-  
standing Feature of May  
21 Festival.

(The Tract Commission, Central Conference of American Rabbis, Union of American Hebrew Congregations.)

The Feast of the First Fruits, also known as the Feast of Weeks, or Pentecost in Hebrew, has been for the most part superseded by the observance of Confirmation Day in many synagogues of this country. In celebrating the holiday on Monday, May 21, the outstanding feature will be the confirmation of the children of the religious school.

The Feast of the First Fruits, like many other festivals inherited from ancient days, has undergone considerable modification. In remote antiquity, even in early Biblical days, this feast was one of the three pilgrimages which the Jews made to the Temple at Jerusalem. There, in numbers vast, they offered up on the altar their sacrifice of parched corn and wheat leaves at the end of the first seven weeks of the Spring planting.

On this foundation of an agricultural festival which the crude farmer of that age observed by offering the things grown by his planting, the rabbis of the Talmudic age built up a symbolic ceremonial of larger significance and idealism the revelation of the law on Sinai was associated with this Feast of Weeks. At that time the Ten Commandments were made known and Israel was pledged to be the bearer of this revelation.

To the rabbis the consciousness of this consecration to a moral duty and destiny to be fulfilled throughout all ages and among all human beings was the symbolical equivalent of a harvest, a harvest of the spirit. Israel offered men and religious inspiration at this historical consummation.

Shabbath then becomes a memorial of this consecration, when Israel was chosen from among all the nations to become the priest of God's law of love and justice, the herald of salvation unto all families of man. The teachers of Israel who invested Shabbath with an historical association commemorating the revelation of the law at the summit of creation. They said that man was endowed with the light of reason and was designed to lift up his eyes unto God and to seek and find Him in this marvelous world. This revelation made the Jew the witness of God and thus spread among men the knowledge of His name, there- by hastening the time when all human-

9 and 11 Market Square, St. John, N. B.

ity shall be united to do honor to God. To this end is the Jew to lift the banner of light and truth and virtue, that everywhere darkness, superstition and wickedness may be dispelled forever and the House of God become the house of prayer for all nations.

The Confirmation Day ceremony in many of our American synagogues is a recent adaptation of this consecration. It is on the one hand a graduation from the religious school. The confirmands are those who have attended religious school from their kindergarten days to the first and second year high school age. They have studied the Bible, Jewish ethics and literature, religious ceremonial, doctrines and duties, and also considerable post-Biblical history of the Jews. Some have also studied the Hebrew language.

At the same time the graduates from the religious school are held in moral responsibility to remember their consecration to Israel's mission of service as a priestly people who are called to be a blessing to all families of the earth. The renewal of fealty to Israel is as glorious and triumphant a moment as graduation. Both are voluntary and both call for ardent service.

Throughout all American Jewish communities where the confirmation ceremony is observed, receptions are held in the homes of the parents, the confirmands or in the synagogues where the exercises are held.

Try this on your palate

Other drinks may look like WHISTLE, but if their color can kid your eyes their taste can't! Your palate! WHISTLE—some drink!

### CHARGED WITH PLOT TO KILL WIFE FOR INSURANCE

London, April 15.—(By Mail).—The remarkable case of a man who is alleged to have planned the murder of his wife in order to obtain insurance money from a newspaper was further investigated at Liverpool, reports "The Westminster Gazette."

John Kerrie, fifty-one years old, was charged with inciting Frank Connolly to commit the crime.

Connolly, who was recently convicted of theft, was present in custody of warders.

Kerrie is alleged to have promised Connolly £100 of the £200 insurance money.

Frank Connolly, a laborer, stated that Kerrie complained that he had led a dog's life and he would be glad to rid of his wife. She had put a twenty-seven house servants booked for Saskatchewan and a small company of mechanics. These new arrivals were partly Scotch and partly Irish. A feature of the voyage was a Masonic meeting attended by sixty. It was a fraternal gathering without fully ritual.

### BIG FARMER-LABOR VOTE IN FORECAST BY CHRISTENSEN

Sydney, N.S.W., April 6.—(By The Associated Press, By Mail).—The Farmer-labor party, which came into being during the American presidential campaign of 1920, is expected to take an active part in the 1924 elections, according to Parley P. Christensen, the party presidential nominee in 1920, who is here on a world tour.

He said that elections in the United States since 1920 "showed how the wind is blowing and, when 1924 comes along you watch our smoke."

Judge Christensen left the United States in May, 1921, and since then has travelled in England, France, Germany, Ireland, Italy, Russia, Finland, Egypt, the Balkans, Japan, China, Siam and the Philippines. He intends to tour Australia, Tasmania, New Zealand, South America, Central America and Mexico before returning to the United States.

### INDIA TO FOLLOW WORLD IN BROADCASTING OF RADIO

Delhi, India, April 2.—(By Mail).—Radio broadcasting by private enterprise is now permitted in British India through a recent decision of the government. A national conference is in session here for the purpose of discussing preliminary details. The chairman is the director general of Posts and Telegraphs for India.

Plans are being made for undertaking the manufacture of receiving apparatus in India. This is considered to be entirely practicable, for even if certain parts have to be imported, it is said that the assembling of complete sets in this country are altogether feasible.

As widespread interest in broadcasting by radio has already been evidenced in several provinces, it is expected that this industry will attain to large dimensions.

### INCREASE COST OF FOOD ANGRERS CLERKS IN PARIS

Paris, April 19.—(By The Associated Press, By Mail).—The employees of the department stores of Paris are today making loud demands for more pay. They say the cost of living has advanced three-fold since 1919. Their main complaint is in the matter of food, and the Government has intervened by trying to regulate the price of bread.

The department stores had a lesson not long ago when they advanced the price of clothing. French women simply did not buy dresses when prices soared beyond their reach. The store proprietors began to lose money, and this was compelled to scale down their prices.

But it is easier for the people to dispense with new clothes than with food, so the violent protests of today against the cost of sustenance are not surprising.

### Marvale Reaches Quebec With 685

Quebec, May 14.—The Canadian Pacific steamer Marvale, 11,400 tons, five days late on account of ice conditions in the Straits of Cabot arrived from Glasgow and Belfast yesterday afternoon with 685 passengers, including 164 cabin and 521 third class. Capt. H. Lewis is in command.

The third class are all new settlers of the farming class with the exception of twenty-seven house servants booked for Saskatchewan and a small company of mechanics. These new arrivals were partly Scotch and partly Irish. A feature of the voyage was a Masonic meeting attended by sixty. It was a fraternal gathering without fully ritual.

### BREAKING VOLSTED LAW

Atlantic City, N. J., May 14.—At the recent convention of the state federation of women's clubs Governor Shubert took a poll of the women who had not violated the Volstead law since it came into effect, or who had not witnessed violations of this law in their own homes. Sixty per cent. admitted that they had either violated the law themselves, or other members of their families had violated the law.

LOCAL NEWS

For sale, 1918 6 cylinder, 7 passenger...  
W. W. Clark, Chiropractor, has removed to 44 King Square, next to Lansdowne House, M-4761.

Ask for Chesterfield Chocolates...  
Ten per cent. discount for the balance of the month of all roll paper, new designs, 10c, 12c, 15c, up to Tapatries, 15c, a roll and up to 15c variety store, corner Prince Edward-Exmouth, phone 4022. Open evenings.

THE CHURCH UNION...  
The Rev. Principal Fraser, Montreal, will address a meeting under the auspices of the Women's League, Presbyterian Church Association this evening at 8 p. m. in the lecture hall of Knox Church. The public are invited.

Heavyweights Trim Their Opponents in Milk Fud Bouts—Renault Wins on Four.

Announcement is made that, owing to the illness of J. Harvey Brown, the Union Blend Tea Company has been purchased by his daughter, Mrs. Nellie S. Macleod, who will carry on the business under the name of the Sunbeam Tea Company. Orders are solicited either by mail to Post Office Box 84, St. John, N. B., or by telephone, West 101, to which prompt and careful attention will be given.

2 GIRLS, REAL SAILORS, REVEL IN WORK AT SEA...  
London, April 2.—(By Mail)—Two girls have been discovered serving in the crew of the American bark Montez, which has arrived at Durban from San Francisco, says a "London Daily Mail" report.

They are Eili and Inga Benneche, the daughters of the skipper, Glad in blue dungarees, they share all the duties of the crew. The elder girl has been at sea nearly ten years.

"We have a splendid time," they told a representative of "The Daily Mail." "We have lessons in navigation and take spells at the wheel when the weather is fine. Then there are wonderful evenings, when the crew give themselves over to music, the charm of which is added to by the motion of the vessel and the moonlight on the sea."

The girls' mother accompanies them, but is not, as they are, signed on as a regular member of the crew.

Worth \$64,000 To Winner This Year...  
Louisville, May 12.—(Associated Press).—The forty-ninth renewal of the Kentucky Derby already has set several records, among them, the race's greatest race is still more than a week away. The nominees, numbered 148, far exceed all previous totals, the nearest approach being the 109 mark of 1920. With a possible 21 starters, the race will be worth \$64,000 in addition to the winner's gold plate valued at \$7,500.

For the first time in its history the Derby will be run on the second Saturday of the meet, instead of the opening day. This change was decided on to avoid conflict with the Preakness, another famous race, at Pimlico, Maryland.

As for the records which may be established by the horses themselves, the odds are that one of the most evenly balanced fields in many years will face the barrier on the afternoon of May 15.

The possible \$64,000 purse this year, is quite a contrast with that of the first year, in 1875, when \$2,500 was the record purse of the field to win \$2,850.

Scaling arrangements have been made to take care of 30,000 persons. Standing room where the Derby can be seen from terraced steps and promenades can easily take care of 50,000. The others will have to take pot-luck from the field or roofs of adjoining stables and buildings.

The Keene Brothers' Alice Blue Gowen has many followers on the strength of her two-year-old record for speed and gameness.

K. Bryson's Betting Sun has come into recent notice by winning the inaugural Handicap at Bowie.

The Montfort and B. B. Jones' Derby entry this year is Dan E. O'Sullivan, black in color and one of the most striking in appearance in the history of the Derby. E. R. Bradley's Blossom Time is another fully given high rating by the experts.

Benjamin Block, owner of Morvich, the 1922 Derby winner, will try to repeat this year with Aspiration and Better Luck. Mr. Block recently purchased Aspiration by George Smith, a Derby winner, out of inspiration.

Feeling themselves secure the three friends proceeded to debate upon a just and equitable division of the spoils. Each man voted himself one horse as his share. The debate became heated, and still more heated. Finally, seeing no other way out of it, they decided to fight it out. Each man drew his kris, and the battle was joined. They were young and sturdy Moros and in the pursuit of their calling they had become expert in the use of a blade. The result was dramatic and decisive. They were all killed.

Shortly afterwards a Constabulary patrol came along and recovered the two horses, which were returned to their rightful owners.

Charles Robinson, secretary of the New Brunswick Fire Prevention Board, returned on Saturday after investigating a fire at Zel River, Restigouche county. He was looking into the origin of the recent fire which destroyed a large cook house. He was accompanied on his return by E. L. Heine, adjuster for C. E. L. Jarvis & Son.

PERSHING'S 'SECOND GIVEN' OVATION AT BERLIN OPERA...  
National Anthem Played in J. L. Anderson's Honor; He Had to Accept.

London, April 2.—(By Mail)—It is not often that one person's remembrance to another leads to such pleasant events as those which have befallen John I. Anderson, an American, who has just returned from a visit to Germany, where his likeness to General Pershing led to an amusing display of professional feeling, says a Westminister Gazette correspondent.

Mr. Anderson said he went to the opera house at Berlin with a party of ten others.

"We occupied a box, and as we were arranging our seats the orchestra suddenly struck up with the American national hymn," he said. "I was astounded when I noticed that all eyes were turned in my direction, but it was only when the audience commenced to clap and shout 'Pershing' that I realized what had happened. I myself had to play the part, and bowed my acknowledgements."

This is not the only occasion, Mr. Anderson says, on which he has been mistaken for the famous general.

Mr. Anderson was a member of the American peace delegation at Paris after the armistice.

FRIEND PICKS HIM BRIDE, HE DECLINES, THEY FIGHT...  
Grave Dug in Garden Mourns Last His Marrying Another Moving After Straw.

London, April 2.—(By Mail)—Hugh McCarron, who was bound over at Letterkenney, County Donegal, for assaulting a man named Dennis Bradley, said that on leaving his home on the morning after his wedding day he found that a grave had been dug in his garden during the night, says the report to "The Westminister Gazette."

The incident followed a dispute in which McCarron had refused to marry the girl chosen for him by his bridegroom, on which he and his bridegroom had married a girl of his own choosing.

The parties later met in the town on the fair day, and there was a stand-up fight, in which revolvers were used.

AIPLANE POWER HELPED...  
London, April 15.—(By Mail)—An improvement of at least 10 per cent. in the lifting efficiency of airplane wings is expected to be made by a young ex-officer of the flying corps.

He claims to have discovered the method by which wings and other birds glide at fine angles, and experiments which have been made with gliding models suggest that the wing feathers are not merely for balancing purposes but contribute largely to the lifting capacity.

## LOSES MILLIONS BY HER MARRIAGE

Detroit, May 14.—Loss of millions, which she would have inherited, and banished forever from the home and lives of her parents, is the price Florence Avery Barrigand, daughter of John H. Avery, Detroit multi-millionaire, has paid for marrying Francis Barrigand, her father's gardener.

The mother made the announcement at the beautiful Avery country home near here.

"We never want to see that man again; we cut all this from our lives and to us our daughter is dead forever," Mrs. Avery said, tears filling her eyes. "Our daughter would not listen to us and she must pay the price of her folly."

Parental objection to the match, it was said, was based on the discrepancy in ages between Florence Avery and the gardener. Miss Avery was 42 years old, and Barrigand was 24, according to the marriage certificate.

## RECENT DEATHS

**Mrs. Archibald McDonald.**  
The death of Charlotte, wife of Archibald McDonald, occurred on Saturday in the General Public Hospital, where she had been a patient for several days. She leaves her husband, five sons and one daughter. The funeral is to take place tomorrow morning at 8:15 o'clock from her late residence, 74 Wall street, to Holy Trinity church for high mass of requiem.

**Miss Mary Connelly.**  
The death of Mary, daughter of the late Denis and Ann Connelly, occurred on May 13, 1923, at her home, Golden Grove. She is survived by one sister, Miss Margaret Connelly, Golden Grove. The funeral will take place tomorrow morning at 9 o'clock at St. Patrick's church, Golden Grove, for high mass of requiem.

**Dennis P. Kane.**  
The death of Dennis P. Kane occurred at the General Public Hospital yesterday. Mr. Kane has been a life-long resident of Prospect Point and has a wide circle of friends who will regret to learn of his death. He had been employed with Murray & Gregory, Limited, and was always regarded by them as a very satisfactory workman. He is survived by his wife, two sons, Joseph and Charles, both of this city; three daughters, Mrs. Walter Collier, of this city; Mrs. Robert Brown, of Wolfville, N.S.; and Miss Elizabeth, at home; also one sister, Mrs. C. A. Paddock. The funeral will take place on Tuesday morning at 8:30 o'clock from his late residence to St. Peter's church.

**Ellen Mary Pile.**  
The death of Ellen Mary Pile, eight months old daughter of Mr. and Mrs. Thomas W. Pile, occurred on Sunday. Besides her parents she leaves three brothers, Lawrence, Jack and Lloyd, and one sister, Joyce, all at home. The funeral took place this afternoon.

**Mary Connelly.**  
The death of Mary Connelly occurred at her home in Golden Grove yesterday. She was a daughter of the late Denis and Ann Connelly and survived by one sister, Miss Margaret Connelly. The funeral will be held on Tuesday morning at 9 o'clock at St. Patrick's church for high mass by Rev. C. P. Carleton.

**Rev. Dr. John McMillan.**  
The death of Rev. Dr. John McMillan, one of the leading Presbyterian clergymen of the Maritime Provinces, occurred at the Victoria General Hospital in Halifax yesterday morning at the age of eighty-one years. He was

## CORNS Safe relief in one minute

For that painful corn here's safe, speedy relief—Dr. Scholl's Zino-pads. They remove the cause—friction-pressure. You risk no infection from cutting, no danger from corrosive acids.

Zino-pads protect while they heal. They anti-septic waterproof. Sizes for corns, calluses, bunions. Get a box today at your druggist's or shoe dealer's.

**Dr. Scholl's Zino-pads**  
Put one on—the pain is gone!

formerly chairman of the board of directors of Pine Hill College and was a member of the board of governors of Dalhousie University and the board of trustees of the Halifax Ladies College.

The late F. S. Crawford.  
The body of Francis S. Crawford, killed in Moncton on Friday when he was run over by a street flusher, was brought to the city on Saturday night for funeral here. His death is the second tragedy in his family in three months, his brother, Harold, having died suddenly in Main street just about three months ago. At an inquest in Moncton a verdict of accidental death was brought in.

The late Mr. Crawford is survived by his wife, formerly Miss Gladys Frauley, of this city, and an infant son, his father, Joseph Crawford, of Fairville, and his step-mother. He also leaves one brother, Henry, of Chance Harbor; two sisters, Mrs. Leonard Ward, of West St. John, and Miss Lucy Crawford, of Montreal; three step-sisters, Mrs. Frank Quilly, of West St. John, and Miss Rose and Miss Olive McFadden, of Fairville.

## FUNERALS

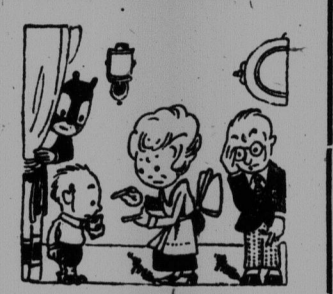

The funeral of Miss Mary Hanlon took place yesterday afternoon at 2:30 o'clock from her mother's residence, Ready street, Fairville, to St. Rose's church, where the burial service was conducted by Rev. S. C. Oram. The interment was in Holy Cross cemetery. Relatives acted as pall-bearers. There were many spiritual and floral offerings.

**BYRD TERCENTENARY.**  
Memory of Great English Musician is Honored.

London, April 25.—(By Mail).—To celebrate the Tercentenary of William Byrd, the Worshipful Company of Musicians gave a dinner last night at the Stationers' Hall, the Master, H. C. de Lafontaine, presiding. Dr. Fellows, in responding to the toast of "The Guests" proposed by Sir Frederick Bridge, said that, although Byrd had not entirely been forgotten, yet few musicians could have named six of his compositions thirty years ago. Five hundred of his compositions still exist. The speaker suggested that all denominations should, in honor of the greatest of all English musicians, arrange to have the compositions of Byrd sung in July to celebrate his tercentenary.

The boy scouts and wolf cubs of the Trinity Church Scout Troop and Wolf Pack paraded to Trinity yesterday morning and heard an excellent sermon appropriate to the occasion delivered by the rector, Rev. Canon H. A. Armstrong.

## THIS IS Children's Week

**OUR BOYS' SHOES**  
All have the threefold attraction—Good Looking, Good Wearing, Reasonably Priced.

Solid counters, toe boxes and soles—have our boys' shoes—and the upper leather is especially selected to stand the hard wear that schoolboys give them.

One line we have that will give extra good wear, that sells at—

\$2.65 in sizes 8 to 10 1/2  
\$3.15 in sizes 11 to 13  
\$3.95 in sizes 1 to 5 1/2

Many others differently priced.

## Divorces in France Double Since 1913

Paris, April 25.—(A. P. by mail).—Divorces have doubled in France since the war, according to figures made public recently.

A general divorce law was first passed in France in 1884, and in that year there were 1,857 divorces.

In 1913, the number of divorces was 15,372. In 1919, when the armies were being disbanded and people were free to put their houses in order, this number reached 19,465. In 1920 it reached 31,465, in 1921 the number was 30,465, and the past year 30,753.

The cause of this increase of divorces are not tabulated, due to the secrecy of court proceedings relating to family affairs.

However, the general causes are infidelity, desertion, and the slow breaking up of the family tie during the war, with the greater freedom that has come to women who began to earn their living during the war. Both sexes' sense of moral responsibility. Another cause given is nervousness growing out of the war, making both sexes less able to bear the restraints and trials of married life. Yet another cause is the tolerance of the courts and the ease with which divorces may be obtained, one factor of which is the cheapness of the decree, obtained through lawyers, who, in recent years, have begun to advertise "Divorce in three months, on credit, and no payment unless decree obtained."

## SUMMER FURS

(Associated Press.)  
New York, May 14.—War is declared against the fashion of summer furs, which is expected to reach the peak of popularity this summer, in a circular issued by the American Blue Cross Society, with headquarters in Springfield, Mass. The purpose of the campaign is to check the slaughter of fur-bearing animals, which threatens total extinction if the wild animals if the creature maintains its present pace, says the society.

According to information given out by this organization the 1923 styles will not be limited to neck pieces and trimmings for summer wear as in former seasons. There will be entire coats of fur, and other coats with fur trimmings to go along with millinery's parasol and straw saloon.

The society is seeking the concerted support of social leaders and publicists to put summer furs in disrepute. The same body will be remembered by its fight upon vivisection, calling for an "open door policy" in experimental laboratories.

One of the advanced coat styles consists of jet black monkey fur, collared with American ermine. "Fur jackets" will be in vogue, besides mole pelts having trimmings of chipmunk, monkey, fox and squirrel. The Paris stylists recommend fur-trimmed fans and sunshades.

The "call to arms" reads in part:—"Every right-minded person should protest against such monstrously of fashion violating the laws of health and comfort, causing wastage that involves needless sacrifice of fur-bearing animals, and perverting every true sense of beauty and propriety."

The contract for permanent repairs to the C. P. R. concrete elevator, damaged last winter by an explosion, has been awarded to the J. B. Metcalfe Co., Montreal, who designed and built the structure. Work will begin soon.

During June, July, August and September, our stores will be closed on Saturday afternoons and open Friday evenings until 10 o'clock.

**A Boy's Suit**  
That's Really Worth While

That's the kind of a suit you invest in when you buy an M.R.A. model for your boy.

"Kloth Klads" are a big feature of our boys' stocks. Every suit of them is made from specially selected cloths and is double at all points of greatest strain—elbows, seat—and knees. The pockets are strongly reinforced too.

Styles are the smartest and best of the new season's output, and there are models suitable for every day or best wear. Plain colors or mixtures, as you prefer.

It isn't a bit too early to be thinking about his graduation suit—or a new suit for school closing.

Prices for these extra fine suits are no higher than for ordinary ones. Come in and let us show them to you.

(Boys' Shop—2nd floor)

**Warmer Weather**  
Demands Attractive Headwear

In our newly opened Men's Hat Department you will find the season's latest and most approved styles in hats and caps for youths and men.

Hats, fawns and greys predominate for hat shades and such well known reliable makes as "Churchill," "Brook" and "Blue more" are showing in complete varieties.

You'll find it a pleasure to choose from such a fine collection. Your inspection of the latest models is invited.

HATS ..... \$3.75 to \$7.50  
CAPS ..... \$1.00 to \$3.00

(Second floor)

**Men's Socks Attractively Priced in a One Weeks Selling Event**

## TRIAL IN LONDON REVEALS WOMAN'S CAREER OF CRIME

War, Wines, Forgery and Other Frauds Result in Heavy Sentence.

London, April 15.—(By Mail).—Details of a woman's career of crime given at Cambridge Quarter Sessions when Margaret Robertson, forty-four, was found guilty of obtaining goods by representing that they were ordered by a woman to whom she was acting as companion, are given by The London Daily Mail.

She was sentenced to fifteen months' hard labor.

Police witnesses proved that at the outbreak of the war the woman posed as the Hon. Mrs. Robertson, obtained an appointment with the War Refugee Committee, and by forging and altering receipts defrauded the committee of more than £1,000.

Next, posing as a wealthy woman of title, she collected hundreds of pounds to present an X-ray motor ambulance to the Italian army—and kept the money. In January, 1916, she was sentenced to eighteen months' hard labor for forgery.

At Chichester early in 1921 she was sent to prison for six months for obtaining money by false pretence. When released she got a post as caretaker of Lady Lovat's London house, obtained large quantities of clothing in Lady Lovat's name, and in October, 1921, was sentenced to six months' hard labor.

## SERGEANT'S PREDICAMENT.

Broke Law Selling Liquor; Broke Orders if He Didn't.

Vancouver, May 14.—Argument that Staff Sergeant Wm. Kemp, of the 7th Battalion, represented the King when he sold whiskey in the sergeant's mess, and that no offense was committed because the King can do no wrong, has been rejected by Judge Vayley in

The Breaking Point

By Mary Roberts Rinehart

(Copyright 1922, by Mary Roberts Rinehart, Published by Arrangement With McClure's Magazine.)

(Continued from Saturday.) "My little girl, and—Judson Clark? But he fought that stoutly. They had ten years of knowledge and respect to build on. The past was past. All he prayed for was Dick's return, an end to this long waiting. There would be no reservation in his welcome, if only—

GOOD YEAR WINGFOOT CORD TIRE WITH THE CROSS-RIB TREAD

no difference. That he has his place in the world waiting for him, and that we are waiting too. When it was all over, her questions and his sometimes stumbling replies, he saw that out of it all the one thing that mattered vitally to her was that Dick was only a fugitive, and not dead. But she said, just before they went, arm in arm, up the stairs: "It is queer in one way, father. It isn't like him to run away."

"You take it from me," he said, "the story's dead, and so is Clark. The Dominion woman was crazy. That's all. David was brought home the next day, a shriveled and aged David, but with a fighting fire in his eyes and a careful smile at the station for the group of friends who met him."

C.C.M. Riders are proud of their Mounts

There is one thing very noticeable among riders of C. C. M. Bicycles. They are proud of their mounts. A C. C. M. owner looks upon his bicycle with a feeling akin to affection. It is not just the sparkling beauty of the glossy enameling, nor the brightness of the nickeling, nor the trim, racy lines that causes this friendly feeling.

Owners of light commercial cars prove low mileage cost

OWNERS who systematically record the mileage of their tires and figure their tire costs on a basis of mileage per dollar, —know that in Dominion Nobby Tread Tires they get the maximum tire service at minimum cost.

Dominion Tires Built for Canadian roads

"He had been in a stupor all day," Miller related, "and was being cared for by a man named Bassett. I dare say that the man Gregory had referred to. He may have become suspicious of Bassett. I don't know. But a chambermaid recognized him as he was making his escape, and raised an alarm. He got a horse out of the courtyard of the hotel, and not a sign of him has been found since."

"No, apparently not. The odd thing is that this Bassett disappeared too the same night. I called up his paper yesterday, but he hasn't shown up."

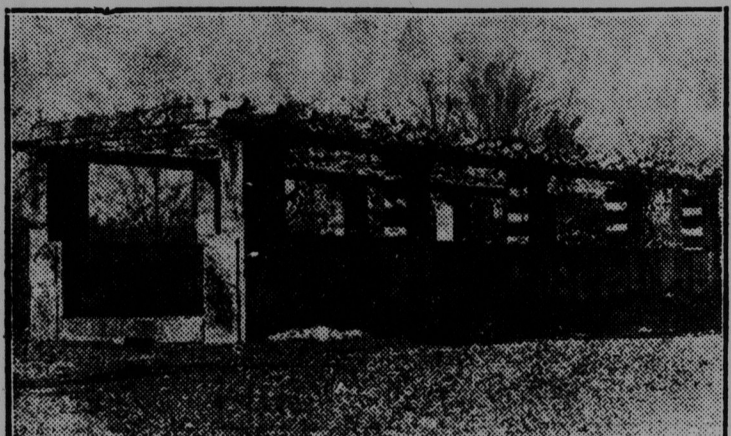

Before Harrison Miller and Doctor Reynolds left him to rest, David called Lucy in, and put his plea to all of them. "It is my hope," he said, "to carry on exactly as though Dick might walk in tomorrow and take his place again."

A UNIQUE MEMORIAL TO PIONEERS

Galt, Ontario, possesses a unique memorial in its pergoles erected by the local Daughters of the Empire to its pioneer dead. The old church, Kirkmichell, meaning The Church-in-the-Hill, was founded in 1822, but with its surrounding graveyard has gone into oblivion, the cemetery being converted into a park. Its old tombstones were disappearing when the D. O. E. stepped in and by careful search recovered them all and incorporated them into the fine pergoles seen in the picture. It is now the pride of Galt.

YESTERDAY IN CITY CHURCHES

Rev. C. L. Whitman of the United African Mission, was the speaker last night at the Ludlow street Baptist church. He urged the pressing forward of missionary endeavour. Mrs. Whitman read the scripture and led in prayer.

The Mothers' Day services in the Tabernacle Baptist church yesterday were well attended. In the morning, Rev. A. L. Telford preached on "The Mother and the Child." In the evening he gave the sixth of a series of sermons on "God's line of defence in humanity's preservation," dwelling on the power of the conscience for good.

In the Fairville Methodist church in the morning the place of the regular choir as well as the pulpit platform was filled with scholars from the Fairville school and the singing of this juvenile choir was an inspiration. After the regular opening exercises a special programme was carried out by the Sunday school pupils, among those taking part being Dorothy Rice, Margaret Stout, Marie and Gladys Lester, Norma Linton, Mildred Cronley, Vera Whalen, Bertha Linton, Helen McCumber, Miss Elsie McColligan, Burton Scott, Miss Elsie McColligan, Burton Scott, Miss Elsie McColligan, Burton Scott.

In the Portland Methodist Sunday school, Mothers' Day was fittingly observed in an open session held in the afternoon in the school room. The pulpit was beautifully adorned with red and white flowers in memory of the mothers living and dead. S. A. Kirk, superintendent, presided and the prepared programme was used. A. C. Powers led the singing. Mrs. Hilda Hayes, My P. P. The first scripture lesson was read by Frank W. Merrill and the second by Charles McConnell. The recitation, "Mothers," was given by Edmund Foster and the recitation "Old Mothers" by Miss Isoline McBeth. Prayer for mothers unable to be present was offered by F. S. Thomas, and the pastor, Rev. H. B. Clarke, gave an eloquent address on "Mothers."

Waterloo Street. Mother's Day was appropriately observed in Waterloo Street Baptist Church. The pastor, Rev. J. A. Swetnam, preached both morning and evening. In the morning sermon he spoke on the glory and opportunity of motherhood. After the sermon four young lady carriers carried a bouquet up the aisle to the tune of the funeral march and pinned it to an evergreen wreath surrounding the picture of a mother in front of the pulpit. Miss Hilda Williams, Miss Madeline Daly, and Samuel Holder sang solos. The church was specially decorated, under the co-operation of Mrs. George Brown, with evergreens and potted plants. The guests of honor were several mothers from the Old Ladies' Home and the Home for Incapacibles, who were brought to the church and returned to the in-

stitutions in motor cars. Lady users were in attendance and presented bouquets to the guests of honor.

Carleton Methodist. In the Carleton Methodist church, the pastor, Rev. F. Bertram, preached in the morning, and Rev. F. S. Porter in the evening. The music included special anthems by the choir, a duet, Mrs. E. F. Bisset and Mrs. D. Brunston, a duet by Mrs. W. B. Lord and Miss Rose Neill, and a quartette by Mr. and Mrs. George Barrett, Howard Blair and Mrs. D. Brunston.

Queen Square. A Mother's Day was observed by the Sunday School of Queen Square Methodist church yesterday afternoon in an open session, when there were choruses by the school. Among those who took part in the programme were Master Sargeant, Miss McCavour and Rev. Neil MacLaughlin.

Ludlow Street. A pleasing incident in the observance in the observance of Mother's Day in the Ludlow street Baptist Church yesterday morning was the presentation of a bouquet of flowers to Mrs. Hoyt Beattie, the oldest mother present. Mrs. Beattie is eighty-nine years old and the presentation was made by the pastor on behalf of the Brotherhood class. In Mrs. Beattie the Brotherhood sought to honor the motherhood of the church. The pastor's subject in his sermon was "The Responsibilities of Parents."

Halifax Preacher Heard. Rev. C. B. McDonald, pastor of the West End Baptist church, Halifax, was the preacher at the morning and evening services in the Victoria street Baptist church yesterday and his able addresses made a deep impression upon the congregation. Mr. McDonald is well known in Nova Scotia, having been the pastor of the Sussex church at one time and having relatives in the city. The services in the church were conducted by the pastor, Rev. G. D. Hudson who is to leave town for his new field in Nova Scotia. Next Sunday will be the last in which he will occupy the pulpit of the Victoria street church during his pastorate.

HALIFAX NIGHT TRAIN RESTORED

Beginning this evening at 10:25 an express will leave St. John every night for Halifax. The night train has only run three times a week during the winter. The first train on the increased service is due from Halifax this morning at 7:40. From now on there will be three trains to Halifax daily, at 7:10 a. m., 1 p. m., and 10:25 p. m. Trains from Halifax are due at 7:40 a. m., 5:50 p. m., and 9 p. m.

JACK HART FLEES PRISON; SERVING LIFE AS SLAYER

New Yorker, Convicted in Payroll Murder, Escapes as Wife Calls to See Him.

Baltimore, May 14.—Jack Hart, one of the four bandits serving life sentences for the murder of William B. Norris in a daylight payroll holdup here last August, escaped from the Maryland Penitentiary.

Warden Sweeney was unable to explain Hart's escape pending an investigation. He apparently slipped out unobserved by any of the officers of the institution.

Hart, whose real name is James Connelly, of New York City, was last seen at 11:10 o'clock in the morning. At 12:15 o'clock a check-up was made and he was found to be missing, and at the time Hart escaped, his wife, Kitty Hart, was seated in the reception room of the prison waiting to see him.

Hart had been sent for and the last seen of him was when he passed out of the shop in which he worked, supposedly on his way to the office to meet his wife.

**COMMISSIONERS TO INSPECT MUSQUASH**

Question of Liability of the City to Pay Commission

Heavy Expenditure for West Side Water Main Renewal Recommended, But Action Deferred—Again Talk of Changing Ferry Landing.

The members of the City Council in committee today, decided to go to Musquash to inspect the damage done by the recent floods. Proposals to renew a 12-inch cement pipe in West St. John and to renew one wing of the West Side ferry approach were considered.

All the members were present as well as G. G. Hare, city engineer, and Hon. Dr. J. B. M. Baxter, city solicitor.

**Water Main Renewal.**

Commissioner Wigmore submitted plans for the proposed renewal of a 12-inch concrete water main from Barnhill's corner to Ludlow street, the last piece of cement pipe in the city. He proposed renewing 24-inch parallel feet of cast iron pipe. He said the repairs required in the cement pipe was very expensive. It was laid sixty-five years ago. The proposed pipe would be of 24-inch diameter from Barnhill's corner to the reservoir; 20-inch to Champlain street, and 16-inch to Ludlow street. The estimated cost was \$87,200.

Commissioner Thornton asked if the rates in West St. John would be increased to pay the carrying charges on the new line.

"They are too high now," said Commissioner Bullock.

Commissioner Frink said he could not see the necessity of the new line as there was another 24-inch parallel to the present line, while the city was drawing 15,000,000 gallon a day through two 24-inch lines from Loch Lomond.

Commissioner Frink asked the cause of a big leak in the new 36-inch pipe from Spruce Lake.

Commissioner Wigmore said it was cracked pipe. He said an inspection was being made this week.

To a question from Commissioner Frink, G. G. Hare, city engineer, said that 8,000,000 gallons a day was being consumed on the West Side. He said if the wastage was a single 24-inch main would be sufficient to serve that section. The new main would not make a better supply to the heights unless a pumping station was installed.

It was decided to defer action to await a report from the city engineer on the matter.

The engineer said he considered the work the most necessary in the city at present, as all the West Side was depending on the 12-inch concrete line.

**Ferry Approach Repairs.**

Commissioner Bullock reported that the north wing of the West Side ferry approach was badly damaged, particularly after the recent freshet and would require rebuilding.

The engineer estimated that the cost of rebuilding would be between \$25,000 and \$30,000, but could not be accurately determined until the old work was torn away.

**New Ferry Landing.**

Commissioner Bullock said that to change the ferry landing on the West Side to King street, the red muds were in the long run as it would make a shorter haul to the street and was less tidal effect.

The estimated cost of the change to King street, the engineer said, would be about \$250,000 for dredging alone. The commissioners decided to inspect the work before coming to any decision in the matter.

Commissioner Thornton was authorized to call for tenders for the erection of a steel stairway in West St. John City Hall and the call for tenders for the reworking, already issued, was approved.

Commissioner Bullock recommended selling to Mrs. John T. Casey a lot in Brooks ward for \$800. The present rental was \$18.15. It was decided to defer the matter to the next meeting.

**Hydro Matter.**

Commissioner Thornton moved that the members of the council and the city engineer pay a visit to Musquash to ascertain what damage was done. He was of the opinion that the city should not be paying for current this month as in the agreement between the city and the N. B. Power Commission.

Commissioner Wigmore seconded the motion.

Commissioner Bullock thought the city should have a written report from the N. B. Hydro Commission as well as a conference with that body on the whole matter. He thought that the matter of the city's liability to pay during the present period should be decided definitely.

Hon. Dr. Baxter said that if the commission was able to supply the minimum of 10,000,000 k. w. h. to St. John in addition to the amounts to other places along the line, the city would have to pay for that amount. He recommended that the city take steps to ascertain this fact.

The motion was carried and the time of the trip was left to the Mayor.

**CIGARETTE PRICES.**

Only two lines of cigarettes show any reduction in price, following the reduction of excise rates on this article in last week's budget announcement. One brand which increased from 15 to 11 cents a package of ten has gone back to the old price, while in the case of another brand the three cents added last year have been removed from the package of ten, but the package of twenty remains at 40 cents. There has been no reduction in sugar.

**MILK SITUATION.**

A meeting of the city milk dealers will be held tonight to consider the demand of the Milk Producers' Association for a rate of 48 cents a can (10-lb. shipping point and any other matters that may come before the meeting.

**LOCAL NEWS**

**FIVE FOR DRUNKENNESS.**

Five men charged with drunkenness this morning pleaded guilty and fines ranging from \$8 to \$200 were imposed along with corresponding jail sentences in the event of failure to pay.

**AT INDIANTOWN.**

The water in the river about Indiantown is dropping steadily, and this morning it was below the street car loop at the foot of the hill. It is expected that from now on it will recede rapidly.

**SUPREME CHIEF COMING.**

Members of the Independent Order of Foresters in the city are looking forward with interest to a visit next week by W. H. Hunter, S. C. R. and Harvey S. Lord, S. C. R. of Toronto, who will be making a tour of this part of the country.

**LIQUOR CASE.**

Liquor Inspectors Crawford and Kilen paid a visit to a restaurant in Pond Street about eight o'clock on Saturday night and found what is alleged to have been hard liquor. The proprietor will be asked to explain its presence there in the police court some time this week.

**DIED IN NEWARK.**

Many friends will regret to hear of the death of William Kilpatrick, which occurred on Saturday at his home in Newark, N. J. Mr. Kilpatrick had been in failing health for the last year. He leaves to mourn his wife, five daughters and three sons. The funeral will be held on Tuesday morning from his late residence.

**PRESENTATION.**

Friends gathered at the home of Mr. and Mrs. Wm. Stanton, 151 Queen St., to present to James Conwell, of Oak Bay, Que., a fountain pen, accompanied by an address, it being the occasion of his birthday. The presentation was made and address read by Mr. Stanton. Mr. Conwell replied in a few well chosen words. About thirty friends and relatives were present.

**TRAFFIC CASES.**

J. R. Robertson, S. H. Hutton and R. P. Wright were this morning charged with allowing their automobiles to stand in Market Square a longer time than allowed by law. All pleaded guilty. In the case of Mr. Robertson a fine of \$10 was imposed and allowed to stand and in the other two cases the accused were told to sit down and later told they need not wait.

**FOR BRIDE TO BE.**

A very happy evening was spent at the home of Mrs. James Brown, 200 Paradise row, when friends of Miss Sarah, chosen bride, and tendered her china shower in honor of her approaching wedding. Games, music and dancing, chosen waltzes and the hostess served refreshments. Miss Ring was the recipient of many useful china articles and of the best wishes of her friends.

**HOME FROM COLLEGE SOON.**

Walter Melhenny and Arthur Ryan, who have completed their preparatory course in the Redemptorist College at Brockville, Ont., are expected to return to the city in the next few days to spend a six weeks vacation. They are students for the Redemptorist Convent in the latter part of the year at St. Peter's Rectory. Other St. John students at St. Mary's College are not expected home before the latter part of June.

**A RAPID CHANGE.**

Strawberry blossoms, white violets and dog-tooth violets were found at Kenforth yesterday, the red buds were out on a maple tree, the tassels on the alders and balm-of-gileads, and green leaves were beginning to show on the lilacs. A few days of sunny weather will change the whole aspect of the countryside. The great majority of the summer people have opened their cottages at Kenforth. The lovers of the chosen waltzes are planning repair work made necessary by the flood. As yet no gardening has been done.

**PRINCIPAL HAYES BEREAVED.**

Hedley V. Hayes, principal of Victoria school, left today for Norton, called there by the death of his mother, Mrs. Emmaline Hayes, widow of John K. Hayes, which occurred Wednesday afternoon at 2:30 o'clock to the Big Rock cemetery in Norton.

**DOCK STREET WORK.**

Work of replacing street car rails along Dock and Mill streets was started this morning when a crew of men began removing concrete blocks on the western side of the street. When the old rails have been removed new ones will be placed, with a six inch concrete base under them. The work is being carried on by Frank Wade, who will have day and night crews engaged. When this section has been completed a similar installation will be made in Main street from Portland street to Douglas Avenue. As a result of the work street cars were forced to use one track and this necessitated some readjustment.

**METHODIST MATTERS.**

The weekly meeting of the Methodist Ministerial Association, held this morning in Centenary church, was well attended and a good deal of business was taken up. Rev. J. M. Rice presided and others present were Rev. E. E. Styles, secretary; Rev. George Ormand, Rev. H. B. Clarke, Rev. H. P. Thomas, Rev. L. G. Fulton, Rev. K. King, Rev. William Lawson, Rev. J. J. Wason and Rev. F. T. Bertram. Part of the programme for the annual meeting of the district was decided on. The matter of the oversight of Protestants in public institutions was discussed at length and was laid on the table for reference to the Evangelical Alliance.

A communication was read from Rev. George Ross, chairman of the district, relative to the annual district meeting. The association decided to advise Mr. Ross that the meeting should open on June 7 in Exmouth street Methodist church, the ministerial session to commence at 9:30 a. m. and the general session at 2:30 p. m.

**UHLIN SENDS THE EVIDENCE BACK TO COVEY**

Tells Him He is in Wrong Court With Charges and No Special I. S. U. Meeting Will be Called.

A. W. Covey, president of the Maritime Branch of the A. A. U. of C. in receipt of a letter from Henry Uhlain, vice-president of the International Skating Union of America, a copy of which was forwarded to the press. Mr. Uhlain said that without his consent evidence collected by Mr. Covey had been mailed to him thus placing him in an embarrassing position as he said the action was a severe breach of etiquette committed against the Amateur Skating Association of Canada, who were the proper authorities to receive the charges and would have gone ahead and made the necessary investigation. He said he felt that Mr. Covey had "passed the buck to him" and he was returning the evidence submitted for the following reasons:

"The greater majority of your charges can never be proven—that I cannot find any substantiation whatsoever of the charges, practically worthless charges, which you have surrendered until almost a year later and then only evidently because something happened between you and the International race committee. Your action therefore appears to me to be one of jealousy and animosity and little the work of the men of St. John who so patriotically stood together and gave St. John and Canada one of the greatest race meets ever conducted."

Regarding a request that a special meeting of the I. S. U. be called, he said that the charges were of such a character that they did not warrant the calling of a special meeting.

**MORE THAN 300 ON LIST FOR WORK**

Unemployment Situation in City Despite Demand for Workers on Repairs After Freshet.

The employment situation in St. John at the present time is not very good, about 300 unemployed being listed at the local office of the Employment Service of Canada, many of these are married men who are prevented by family ties from leaving the city. These are still without work in spite of the fact that a great number of jobs have been secured in connection with repairs following the recent freshet.

More than eighty men were sent to Musquash last week to help repair the damage caused there by the recent flood and there was a call this morning for more. Besides this number the C. P. B. has been calling for men for maintenance work and several of those listed have secured employment there. The C. P. B. signed on some men for work in connection with the recent freshet damage to the line near the city.

The women's department of the employment service has been going through its usual spring period of calls for workers for house-cleaning and similar jobs. There has been a good supply of women willing to work by day but it has been reported practically impossible to secure good maids, the women apparently not being anxious to work in this capacity.

**MILL STARTS WORK.**

Murray & Gregory's saw mill at Marble Cove got away to a good start this morning when sawing operations were resumed for the season. It was said the ten per cent. increase offered the employees was evidently satisfactory for a full crew of men were on hand.

**ENGAGEMENT ANNOUNCED.**

Mrs. John Courtney, of Kane's Corner, has announced the engagement of her daughter, Mildred A. Craig, to Kenneth A. Olsen, son of Mr. and Mrs. C. Olsen of this city, the marriage to take place in June.

PERSONALS

Miss Alice Rising has gone to Fair Vale to spend the summer with Mr. and Mrs. H. Waterbury.

Miss Florence Mills, Brittain street, left on Saturday evening for Boston for a tour of the Connecticut, where she will visit.

Miss Bertie Campbell, Edgar Campbell and William McEachern returned to the city today from Moncton where they were yesterday singing at the religious services of the Highgate street Baptist church.

Many friends of Rev. Charles Collins of St. Rose's Church will be glad to learn that he is recovering from his recent illness. His place has been taken by Rev. Simon Oram during his absence.

Dr. J. MacQuigan of Charlotteville, P. E. I., returned home today after attending the meetings of the Maritime Section, American College of Surgeons. He made warm friendships during the days spent in St. John.

Montreal Gazette.—E. W. Beatty, K.C., is to sail for England by the Empress of Scotland on Monday.

Miss East and of Countess, who were in London, staying with Major the Hon. J. J. Astor and Lady Thorton, who is abroad, has gone to New York to spend ten days. She will then return to Montreal and leave with her mother, Mrs. Snowball, about May 25 for Atlantic City, where they will remain for two weeks, returning to Montreal again before proceeding home.

Rev. E. A. Barry, recently of St. Leonard's, has been transferred to Belledune, Restigouche Co., as curate. Miss Snowball, of Chatham, who has been staying at the residence of her sister, Mrs. H. E. Rawlings, Montreal, who is abroad, has gone to New York to spend ten days. She will then return to Montreal and leave with her mother, Mrs. Snowball, about May 25 for Atlantic City, where they will remain for two weeks, returning to Montreal again before proceeding home.

SURGEONS FINISH THEIR SESSIONS

Closing Meeting at Y. M. C. I. on Saturday Afternoon Deals With Scientific Matters.

At the afternoon session on Saturday of the Maritime section of the American College of Surgeons, matters scientific were dealt with. Dr. W. W. White presided and addresses were delivered by Dr. G. C. VanWart, Fredericton; Dr. W. W. Chipman, Montreal; Dr. G. A. B. Addy, St. John; and Dr. L. G. Pineault, Campbellton. This meeting, which was held in the Y. M. C. I. building concluded the sessions.

Dr. VanWart based his remarks on the diagnosis and surgical treatment of the gall-bladder from gall stones. He went into the matter of treatment following diagnosis and time of operating. He urged early operations before complications set in.

Dr. W. W. Chipman, of Montreal, professor of gynecology and obstetrics at McGill, gave an address on obstetrics. Motherhood, he said, was a hazardous undertaking, and the price was high. Obstetrics should be the first consideration of the medical profession, unfortunately it was among the last. Clinical instruction in the subject was not inaugurated until as late as 1850. Statistics in Great Britain showed that five women died out of every thousand maternally cases. In the registration area of the United States last year there were 11,500 deaths from a childbirth.

Five deaths per thousand might not seem too high a price to pay, but it must be remembered that the total deaths per thousand from all causes in the average community was fifteen. The mothers paid a full third of the price.

Ninety per cent of all the mothers in America had no prenatal care, forty per cent were attended by unqualified persons. The mortality among mothers was only second to that caused by tuberculosis. Half the number of deaths were caused by

sepsis, or infection. This fact could carry only one conclusion, that there was neglect or ignorance in handling the cases. Medical science and skill should be

concentrated at the gateway of life, the great life immigration. Treatment in most cases must be at home, and it was to the home that skilled assistants, the competent doctor, the well-trained nurse, must be sent. This was missionary service in its highest form. The training must be broad, practical and sufficient. Ante-natal care, advance it must be along preventive lines. Four principles should be observed and inculcated. Ante-natal care, hospital segregation, sufficient skilled treatment and post-natal care.

A general discussion followed, led by Dr. Connors of Digby, who spoke of the difficulties arising out of maternity cases in the country. Dr. F. H. Wetmore, of Hampton, and Dr. Miller also gave instances of country and slum cases where the equipment for working was hopelessly inadequate.

Dr. Chipman, in reply, said that he had worked in the slums of London and Edinburgh, in Whitechapel, the Cowgate and Green-side. Living conditions there were bad. In one room ten feet square he had found three families living, and everything went well until one family started taking in boarders. He urged care in the use of chloroform in maternity cases, and said that bleeding and morphia could be substituted in all cases he had met with.

Dr. G. A. B. Addy then gave an address on surgery of the thyroid. There were not so many cases of goitre in St. John as in most cities, he said. Almost all goitres could be removed, he said, unless the patient was so far advanced that secondary changes in the heart and other organs had taken place. The pulse was a fairly accurate index to the condition.

Dr. L. G. Pineault, of Campbellton, then gave an instructive talk on pelvic abscesses. These, he said, were frequently found in appendicitis, and represented one-third of the abscesses from the disease. Two-thirds of the number formed were primary, in some cases there was a residual abscess, following a lapse of time of a week or two after the first trouble. Such an abscess might appear through infection, and in a certain number of cases the abscess might be co-existent with another like condition, and connected with it through a sinus duct.

A general discussion followed, led by Dr. J. H. Allingham and Dr. A. E. Macaulay, who told of unusual cases which had come under their observation.

Co-operation Praised. This concluded the programme. Dr. Delmar A. Craig expressed his appreciation of the work which had been done by the local committees in making the meetings a success. He had never found a better spirit of co-operation in the profession than existed in St. John. The thanks of the college were due to Miss R. M. Kelly, and also to the press; the newspapers had given more prominence to the meetings than in any other city he had visited. He urged all who could to visit the congress which opens in Chicago on Oct. 27.

Dr. W. W. White spoke appreciatively of the spirit of co-operation shown by the other committee members and the assistance given by the press. The success achieved had been due to the united efforts of the members, hospital management, the profession, citizens and press.

NEWS IN WINNIPEG STOLEN BY A STUB TAILED DOG. Winnipeg, May 8.—(By Mail).—The culprit who for a month has been stealing morning papers in Armstrong Point, an exclusive residence section of Winnipeg, has been found.

A careful search was organized by delivery boys and district managers of newspapers, who resented the charge that they had been negligent in the performance of their duties.

The culprit is Colonel—possessor of a black fur coat, twinkling eye, stubby tail, a bark and a nose for new news. He was created, spanked and released after he had been seen snatching freshly delivered newspapers and burying them.

MANY PEOPLE VISIT HOSPITALS ON SATURDAY

The rain on Saturday did little to interfere with the large numbers who visited the General Public Hospital and the St. John Infirmary, the occasion being Hospital Day. At the Infirmary it was the first occasion on which the institution had been thrown open for public inspection and many took advantage of the opportunity afforded. Each guest was registered and at eight o'clock in the evening there was a drawing to see who held the lucky number and would be privileged to two weeks free treatment. Mrs. Todd, nurse in training at the General Public Hospital, was the holder. The privilege is transferable. Sister M. Gertrude, superintendent of the Infirmary, welcomed the visitors and Sister M. Camillus, R. N. superintendent of nurses, greeted them as they entered the nurses' lounge. Afternoon tea was served and music was provided by St. Peter's orchestra under Rev. James Cleary, C.S.B. Sister DeLourdes, R.N. was in charge of the operating room and in the laboratory Sister Mona, R.N., was in charge.

The Infirmary boasts a large modern and well arranged operating room, with anaesthetizing, sterilizing and recovery rooms, two rooms devoted to the X-ray department, a large laboratory where the latest equipment and electrical contrivances are installed, a well fitted dispensary and a spacious diet kitchen in the basement, with serving diet kitchens on each of the three upper floors. Each serving kitchen has an electric stove. Spotless white-tiled bathrooms, hot cupboards for warming blankets, an electrically driven lift and many more conveniences are features of the building.

The Infirmary has only private and semi-private patients and semi-private patients share a bedroom with one other patient only. Miss Mary Downing, R.N., president of the Infirmary Alumnae, was general convener for the Hospital Day arrangements and all of the Catholic women's societies in the city assisted. Aiding in ushering and registering the visitors were the following nurses: Miss Mary Doherty, R.N., Miss Agnes Duffy, R.N., Miss Alice McManus, Miss Frank, R.N., Miss Nellie McCarthy, R.N., Miss Flora Morrissey, Miss Marion Rogers and Miss Katherine Ryan, R.N.

After the tour of the hospital was completed, the visitors were regaled with afternoon tea in the nurses' home. The tea table was very attractively arranged and its decorations of lilies were in blue and white, the Infirmary colors. Those who presided over the opening of tea and coffee were Mrs. Edward Hanes, Mrs. Frederick Power, Mrs. J. H. Dooly and Mrs. Edward Finnigan. The replenishers were Miss O'Neill, Miss M. H. McCook, Miss M. Chaisson and Miss McGrath. The waitresses were members of each of the Catholic women's societies. Besides the excellent orchestral music, vocal solos were given by Harold Gillis and Miss Maude Dowling, whose accompanists were Mrs. M. Quinlan and Mrs. L. LeLachur. The Boy Scouts of St. John troops No. 10 and No. 18 served as door openers, dish washers and general handy men, proving their ability to live up to their ideals of service.

At General Public Hospital. The number of visitors far exceeded the expectation of those in charge and throughout the afternoon large parties were being taken through all the departments of the institution. The X-ray department, the kitchen, the laundry, the new out-patient department, the laboratory, the wards and various other departments were objects of special interest.

The commissioners, M. E. Agar, Mrs. J. Verrier McLeod, Colonel Alexander McMillan and J. King Kelly, the superintendent of nurses, Miss Margaret Murdoch, members of the nursing staff and the hospital superintendent, R. H. Gale, were all kept busy acting as guides through the institution.

Among the visitors to the two institutions yesterday were members of the American College of Surgeons and the distinguished speakers who had addressed the convention.

PORTY HOURS DEVOTION. The forty hours devotion was brought to a close in St. John the Baptist church last evening. Following recitation of the rosary led by Rev. J. J. McDermott, Rev. J. Roy McDonald

delivered an eloquent sermon appropriate to the occasion. The chanting of the litany then took place and was followed by a procession of the Blessed Sacrament, in which little girls of the parish, the altar boys, priests and His Lordship also officiated at solemn benediction and was assisted by Rev. J. J. Ryan, pastor of the Church of the Assumption, was in the sanctuary.

MORNING NEWS OVER THE WIRES. The Labor party was returned by a slightly increased majority in the Queensland, Australia, elections on Saturday, according to the earliest returns. The number of Labor seats was increased from a majority of ten to a majority of twelve.

According to a despatch yesterday from Fall River, Mass., the Tecumseh, Granite, Cornell, Flint, Barnard and other print cloth mills have reduced their working time to five days a week because of an indifferent market. About 4,000 men are affected.

James Robinson of the Manawagonish road, Fairville, has received word of the death of his cousin, David Allen Robinson, as a result of an accident in the lumber woods recently, when a chain struck him, causing a burst blood vessel. Mr. Robinson was a member of the Fourth Siege Battery and was 27 years of age.

Fire in Chatham on Saturday night badly gutted a building occupied some time ago as a Reformed Church and later as a Salvation Army canteen. The building was owned by Dr. G. J. Sproul and occupied by James Whitty and Matthew Breaux as a carriage paint and repair shop. The origin of the fire is unknown. There was some insurance.

The new Highfield street Baptist church in Moncton was dedicated yesterday. Rev. Dr. F. W. Patterson, president of Acadia University presided

HAPPY FACES  
MIDST SORROW

Visit of Legislators to "Saddest Spot on Earth."

The Leper Isle of Molokai—Ray of Light in Favorable Results from the Use of Chaulmoogra Oil Specific—The Stricken Ones.

Kalaupapa, Island of Molokai, T. H., April 19.—(A. P. By Mail)—A spirit of sympathy, almost inconceivable, and a peace that passed the bounds of human understanding, walk with tragedy throughout the isolated, cliff-guarded surf-fringed strip of shore that has given this portion of the Hawaiian archipelago, the name of "the lonely leper isle of Molokai," so The Associated Press correspondent found when he accompanied the territorial legislature on a trip to the settlement recently.

A visitor to the colony, forewarned of the horror it holds, finds all of that horror and more that cannot be discussed. But he finds also that the heavy fog of gloom which once enveloped the tragic, narrow stretch between the sea and the towering cliffs, has been dissipated by a ray of light arising from the favorable results that have attended the use of the Dean chaulmoogra oil specific during the last two years in checking the ravages of the oldest disease in the world. The hope that springs eternal in the human breast is ever present now at Molokai even in the most advanced cases.

The visitor finds faces smiling with a cheerfulness that has conquered affliction. He is greeted everywhere by a hearty, joyful "Aloha," the all-embracing Hawaiian term of salutation, welcome and well-wishing. The eagerness with which the inmates talk to a visitor, and look for long hours upon an unsmiling, strange face "from the outside," is pathetic, as is their native, almost child-like questioning as to whether the visitor may know friends of theirs on "the outside" in Hilo, Honolulu, Waialuku, Lahaina.

Many of the patients have organized a land and several singing clubs, which vie with each other at song-fests. The performance of one of these clubs—a patients' male octette—supplied a bit of pathos that crops up frequently through the aura of peace. The patients were singing gaily a cheerful Hawaiian song of welcome to the legislators when one of the beds weeping. The ywre succeeding admirably. Suddenly a mandolin player—youth and apparently a newcomer to the colony—who had been gazing with longing into the unscarred faces of the

visitors—began weeping. Despite the tears that streamed down his cheeks, he continued, with bravery as fine as ever seen on any battlefield, to sing the cheerful words of the song, did his best to stimulate joy and keep the tears off of his voice.

A man of wealth, of power and of influence throughout the territory accompanied the legislators to the island. He made directly for the hospital as soon as he landed from the vessel's small boat. When the main body of the visitors reached the hospital, he was sitting beside one of the beds weeping. The bandaged form upon the bed was his son.

But all is not sorrow at the saddest spot on earth. Some distance from the hospital is a nursery. On the day of the legislators' visit it contained ten unusually healthy looking babies ranging from two weeks to five months in age. They gurgled, smiled and laughed, and shook tiny, chubby fists at the visitors. Although one or both of their parents are afflicted with leprosy, the most searching examination possible has failed to show a trace of the disease in any one of the children, or to scores of others who have been born to patients at the settlement. The children are cared for by the territory. They are kept at the settlement until they reach the age of six months, when they are taken to Honolulu and placed in a home maintained by the Government.

To cheer the patients the legislators brought many gifts and toys, and many packages from friends and relatives "on the outside." A Hawaiian orchestra from Honolulu played and sang and danced the hula for the amusement of the inmates, who made their enjoyment patent by much applause. At an assembly the legislators delivered addresses to the afflicted, messages of hope and inspiration, and listened to complaints. The visit only request made was by the blind inmates, who asked that they be granted a monthly allowance of \$5 each for to work as do patients whose general health is such that they are allowed to work for Government wages.

The number of patients here now is 390, composed of 263 males and 128 females. Racially the groups contain: Belgian, 1; Chinese, 14; Filipinos, 12; Germans, 2; Hawaiian, 229; Japanese, 10; Portuguese, 27; Porto Rican, 3; Korean, 8. There are 35 non-leprosy employees at the colony; 14 are non-leprosy children of leprosy parents, and 35 other non-leprosy residents.

The colony occupies only a slight portion of the island of Molokai, on which also are situated the lands where the Hawaiian Homes Commission is attempting to establish farms in an effort to rehabilitate the Hawaiian race. Kalaupapa is on the windward or northern side of the island, on the peninsula of Makanaala, cut off from the remainder of the island by the steep cliffs on three sides, with a sea that is never smooth on the fourth side.

As the legislators' vessel, which had remained more than a mile from the shore, while the visitors landed through a precarious and treacherous surf from small boats, weighed anchor in preparation for departure, the inmates of the colony, gathered on the little dock, sang to the music of their hand, "Aloha o"—"Farewell to thee"—unity the ship, gathering speed, passed out of the range of their voices.

DOMINION LINOLEUM RUGS

A FLOOR that always pleases and that gives every satisfaction to the housewife. Smooth and seamless, the clean, bright surface of Dominion Linoleum Rugs cannot harbour dust or germs, making a safe playground for growing children; a protection to the health of grown ups as well. NORWAY HOLDS LOST HARPOON

Bergen, April 17.—(By Mail)—In the carcass of a whale caught in the Davis Strait, Greenland, and recently brought into a Norwegian port, the head of an old harpoon has been found, deeply imbedded in the blubber.

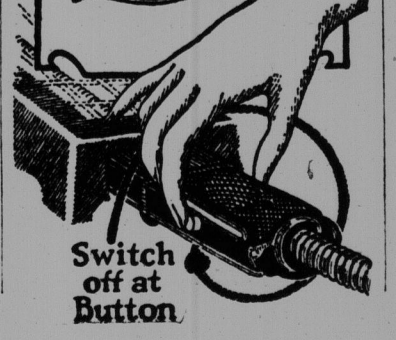

Experts declare that the whale must have carried the harpoon in its body for some fifty years, since it is of a pattern used by American whalers when they fished the Greenland coasts half a century ago.

RARE BOOK SOLD. London, April 25.—(A. P. by Mail)—A perfect copy of the rare second edition of Bacon's essays, published 325 years ago, was sold here recently for \$2,200. The volume at one time changed hands for two cents.

Uruguayan Rodeo Of 15,000 Cattle Is Pulse-Stirring Sight

English Writer Describes Scene as Great Herds are Gathered Together at Annual Southern Round-up.

London, April 2.—(By Mail)—"It is something to have seen 15,000 cattle in one day; something to have watched a Uruguayan rodeo (round-up) in this land of lavish pastures, where every beast gets from four to seven acres to himself, and the task of seventy peons working 30,000 acres is no easy one," writes Arthur Mills, from Uruguay, to The London Daily Mail.

"Though moon and stars are still above, the first flicker of the sun's lights shows over the horizon as the 'second' (assistant manager) and myself start.

"Passing through the peons' quarters, the 'second's' young Schestnut throws a buck or two. Pedro, the old gaucho horse-tamer, wearing his enormous spurs, and a few peons lingering round a camp over their early mate, watch critically. They judge a white man much by his seat on a horse in these parts.

"On, over three miles of rolling 'samps'. Now faint at first; but growing louder, a sound reaches out ears—like distant thunder or an artillery barrage heard from a great distance; it is the call of thousands of cattle; the rodeo has begun.

"From all parts of the great estate cattle are being driven to their allotted points. To the right, to the left, ahead, silhouetted against the crimson sky, the slow moving herds troop solemnly. "Now and again fifty or a hundred horses flash by, tails and manes flying in the breeze. A colt breaks back, but is immediately held by a watchful peon, galloping at breakneck speed over the broken plain.

It is a grand sight to watch the slow approach of these 2,000 beasts, controlled by ten men at most on their fast, wiry horses. Lank dogs of greyhound breed assist, now and again finding diversion by coursing a hare.

"The cry of the peons, impossible to reproduce in print, but not unlike the shrill treble call of a bird, echoes round the hills. By seven o'clock this particular round-up is completed, and we move on to the next assembly point. Here we find "Don Carlos," the tall English manager of the estate, and the veterinary officers, and the inspection begins.

"Over this I will pass, since much of it is purely technical. Suffice that we see great herds of breeding cows with calves at foot intermingled with a proportion of three per cent. of great

broad-backed Hereford bulls; 1,500 three-year-old heifers; as many yearling calves, an imposing herd of purebred and graded Hereford bulls, a splendid bunch of fine stock, pedigree Hereford cows with calves.

"The names of some of these bulls are famous in two continents, and on their broad backs devolves the very existence of Richardson. No wonder they are taken care of; no wonder Don Carlos politely asks us to disinfest our feet at the stable door.

"Each day they are washed and brushed like children, each day they go a mile walk, for breakfast, luncheon, dinner they have nothing, but the best and twice the quantity given to a hunter in full work."

SNAPPING TURTLE WINS FAME AS A SPEEDER By Proxy, However: It Nips Motorist's Leg and Down Goes the Accelerator Philip Rosen, of Fallsburg, N. Y., cabled a thirty-pound snapping turtle the other day, and decided to bring it into the city and present it to the

Aquarium. He captured it, boxed it, loaded it into the front of his automobile and started for the Battery. Just as Patrolman McCann put up his hand to signal Rosen to stop at the intersection of Southern Boulevard and Tiffany Avenue the Bronx, the turtle struggled out of the box. Rosen misunderstood the traffic officer and returned his wave with a smile. At that moment the turtle clamped down upon the fleshy part of Rosen's leg and down went Rosen's surprised foot upon the accelerator.

"The automobile was still picking up speed two blocks away when Patrolman McCann overtook it and placed Rosen, turtle and all, under arrest. In imposing a fine upon Rosen in the Morrisania court yesterday Magistrate Cobb said:

"It is with no little sorrow that this fine is imposed. You are to be commended for your patriotism and public-spiritedness in going to all this trouble in bringing to the Aquarium such a fine specimen of turtle. The law, however, must be upheld. Five dollars."

WHAT'S DOING IN THE MONEY AND STOCK MARKETS TODAY

UNSETTLED AS MARKET OPENS

Selling Pressure in Several Sections of the List—The Montreal Exchange.

New York, May 14.—(Wall street opening)—Speculative sentiment was still unsettled at the opening of today's stock market, with selling pressure evident in various sections of the list.

Chemical shares were particularly weak, American Agricultural and Virginia Carolina Chemicals and Matheson Alkali each dropping to new low records for the year.

Financial market opened unchanged to fractionally lower today and in light trading during the first hour was listless. Spanish River Preferred was the most active of the list, opening at 100, a point under Saturday's close, and recovering to 101 1/2.

Quebec Railway, which was very active last week, was quiet, selling at 92 in a few small transactions. Saturday's close was 1-4 better.

News Notes of Stock Interest. New York, May 14.—Hocking Valley, under Dec. 31, 1922: Net income \$685,992, after charges and taxes, equal to a share, against 18c a share in 1921.

CAISSON AS FIRE STOP. Large quantities of petroleum and oil have been imported into England via the Manchester Ship canal during the past years, writes R. Franklin Murrell in the May Popular Mechanics magazine.

TENDERS. For Installation of Electric Light in the West End of City Market. SEALED TENDERS addressed to H. E. Wadrop, Esq., Common Clerk, City Hall, and marked: "Tender for Installation of Electric Light in the West End of the City Market" will be received up to 12 o'clock NOON on THURSDAY, MAY 17, 1923.

OPINIONS ON THE STOCK MARKET

(McDougall & Cowans.)

New York, May 14.—Block Maloney: "We would buy nothing until pressure is again lifted and trading becomes dull on the decline."

MORNING STOCK LETTER

(McDougall & Cowans.)

New York, May 14.—The cancelling of building contracts and the let-up in demand for various products, which seems to us seasonal largely, has destroyed the public interest in the market. For some time, consequently, we expect to see a new demand for finished products, which, in our opinion, will again restore public confidence in the market and which will mean higher prices for stocks.

The Call of the West

1. Ready to start. 2. Along the road to the foot hills. 3. Man bungalow in Western Ontario, similar to those now being constructed by the Canadian Pacific in Western Ontario.

There is every facility for every kind of tourist traffic in the West. Camping sites everywhere, Bungalow Camps at Lake Wapiti, Lake O'Hara, Yoho, Emerald Lake and Lake Windermere, and Hotels with every convenience, and down in the foothills has recently sprung into being the Kananaskis "Duke ranch" where one may be entertained into and one may enjoy the "pleasures of toil" and the homely cooking of the ranch-house.

WHERE FINE ENGLISH CHINA COMES FROM

England produces many varieties of fine china which is unsurpassed anywhere in the world for its beauty and delicacy. The collecting of the clay which is used in its manufacture is an important industry.

HISTORIC FORT WILL BE PRESERVED

One department of the Dominion Government is quietly accomplishing an excellent work for the Dominion which may not be fully appreciated at present but for which future generations will thank its officials.

THREE INDICTED FOR DEATH OF MAN BRUTALLY BEATEN

Pensacola, Fla., May 14.—J. R. Jones, former sheriff of Leon County, Walter Higginbotham, whipping boss in the convict camp of the Putnam Lumber Company, at Clare, Fla., and Superintendent Fisher, of the camp, were indicted here on Saturday in connection with the death of Ned Thompson, an aged negro, who died as the result of alleged brutal treatment while in the Putnam camp.

REGULUS TO BANKS

Halifax, N. S., May 14.—The French cruiser Regulus, on the North Atlantic fisheries patrol service for the French Government, sailed today for the Banks after a week in port.

SIR MICHAEL SADLER LEAVES

Sums Up Impressions of Canada's Work Along Educational Lines. Quebec, Q., May 14.—(Canadian Press)—Sir Michael Sadler, vice-chancellor of the University of Leeds, who has been in Canada for the past few days, left for England today, with Lady Sadler and Miss Gilpin, head-mistress of the Hall School, Weybridge, after completing an educational tour from coast to coast.

ALL ABOUT THE BUDGET

Everything you want to know about the new 1923 Customs and Excise Tariff—how it affects your business and those with whom you do business—all the changes, additions and reductions—and the text of the new French Treaty—corrected right up to June 1st, 1923—will be in

McGOLDRICK'S Hand Book of CANADIAN CUSTOMS and EXCISE TARIFFS. It will give facts and figures in most convenient form for instant reference.

THE CANADA PERMANENT TRUST COMPANY ST. JOHN, N.B.

A Ticklish Point

There is a trifling disadvantage to daily newspaper advertising which those who sell other forms of publicity use for all it is worth, and trust that the prospect will not reason too far to refute it.

That is: the absence of color. They point to certain other forms of advertising and say: "Look, you can show your product big and in color so that he who runs may read."

Well, just what your newspaper means to you, other persons' newspapers mean to them.

If every paper in this country published a ten-line display advertising paragraph reflecting upon your integrity, do you think you could offset it by using all the billboards, street cars and circular advertising available?

Get the point? The world could get along without billboards, street car cards, booklets, circulars and a thousand and one other forms of publicity, but it could not get along without its daily newspapers.

This is the Time of Times for concentration upon Daily Newspaper Advertising. Daily Newspaper Advertising is the most powerful vehicle of publicity yet given to the use of man.

Advice as to the best ways and means of doing Newspaper Advertising will be given to those who inquire of us; or, consult any recognized advertising agency—a list supplied on request.

Head Office—Toronto. G.A. 10

URGES FRIENDS TO TRY IT, TOO

Fully Restored by Tanlac, Montreal Lady Wants Others to Enjoy Benefits.

"Tanlac has been so fine for me and my brother-in-law that I am going to have my little son take it also, for I understand it is just as good for children as it is for grown people."

"For the past year I suffered dreadfully from a nervous, run-down condition. My appetite was gone, my digestion poor, and my nights almost sleepless. In this condition I lost considerable weight and was simply miserable."

"I was telling a friend how badly I felt and she told me to take 'Tanlac'—that it was very, very good. Well, I took four bottles of the treatment and have been in splendid health ever since. My nerves are calm, my sleep is restful, and my digestion is perfect. I gained in weight from one hundred and two pounds to one hundred and twelve, and am glad to recommend Tanlac to all my friends."

SPRING MEETING AT BLUE BONNETS

Montreal, May 14.—Four stakes to be renewed at Blue Bonnets in the course of the spring race meeting of the Montreal Jockey Club, which will begin on June 7, to run through the 14th, will close today.

The stakes are the kindergarten, \$2,500 added, for two-year-olds, five furlongs; Windsor Hotel Cup, \$5,000 added, a handicap of one mile and a furlong, for three-year-olds and over; Connaught Cup, \$2,500 added, a handicap of one mile and a quarter, for three-year-olds and over; and Prince of Wales Steeplechase, \$2,500 added, a handicap of about two miles, for four-year-olds and over. Following the precedent of Maryland racing, the Montreal Jockey Club will charge no entrance fee in any stake. But there will be starting fees of \$25 each in the Kindergarten, Connaught Cup and Prince of Wales Steeplechase, and one of \$50 in the Windsor Hotel Cup. The operation of this scheme has in the course of the last few years greatly lengthened the entry lists of Maryland stake races and vastly improved the quality of the sport at Havre de Grace, Bowie and Timonium.

Racing associations in Canada are taxed more heavily by the Dominion and Provincial Governments than racing associations in the States are taxed, when they are taxed at all. Nevertheless the values of the Montreal Jockey Club's stakes to be renewed this year will not be lowered. They will be up to the standards of last season. There will be a steeplechase every day at Blue Bonnets, with \$1,200 to \$1,500 added. Handicaps for flat runners will have similar values. The M. J. C. races will be run over the only course in Canada that is one mile and a quarter around and equipped with a backstretch extension that permits the running of seven furlongs, seven furlongs and a half or one mile around one turn. The Blue Bonnets course was built on the model of the old Sheepshead Bay course, which was the last word in American race tracks. Only at Belmont Park, Aqueduct and Saratoga are there steeplechase fields as roomy as the Blue Bonnets field.

Three of the Blue Bonnets stakes to be revived in June will be open to horses from all parts of the world. They are the Prince of Wales Steeplechase, the Windsor Hotel handicap and the Kindergarten. The Connaught Cup will be restricted to horses owned prior to May 1, 1923, by Canadians residing in Canada. Five horses may start in different interests or the race may, at the discretion of the stewards, be declared off. That the coming Connaught Cup will be declared off, however, is extremely improbable. There are enough horses in Canada that can meet the conditions to insure a field of ten or a dozen starters. In addition to the purse there will be a challenge cup presented by Field Marshal His Royal Highness the Duke of Connaught and Her Royal Highness the Duchess of Connaught.

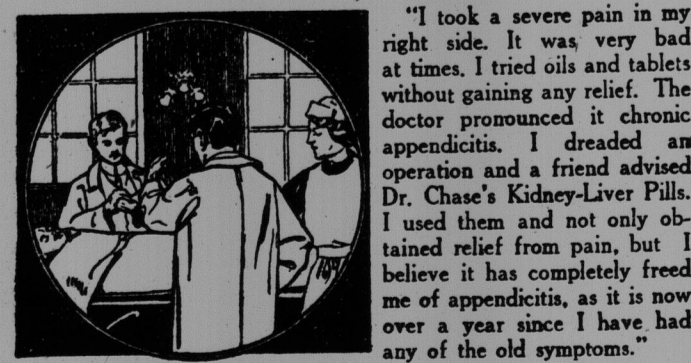

STAINLESS SILVER COMES TO RELIEVE HOUSEWIVES

Sheffield, England, April 24.—(A. P. by Mail).—A new tarnish-resisting alloy, "stainless silver," has been discovered as the result of research in the laboratory of a local firm.

In making this announcement at a meeting of the Institute of Metals, Harold Turner said experiments had been in progress for two years for the discovery of an alloy resistant to ordinary atmospheric corrosion. Articles made of the new silver alloy exposed to the atmosphere for many months had retained their lustre and showed no signs of tarnishing. The new metal technically is silver, and carries the hall-mark.

"I Avoided an Operation Appendicitis Disappeared"

Mrs. James Wells, Udora, Ont., writes—

Dr. Chase's Kidney-Liver Pills. One pill a dose, 25c a box. All dealers or Edmondson, Bates & Co., Ltd., Toronto.

MORE ABOUT THE EMPIRE STADIUM

Engineering Features of the World's Greatest Sports Arena—40 Miles of Terracing.

There is no sports arena in the world to equal the new Empire stadium in the grounds of the British Empire Exhibition at Wembley. It is one of the greatest engineering wonders of modern times—a triumph in art, science and labor. It marks a new epoch in sport. It is all-British. This is how it compares with the Colosseum in Rome:

Table comparing Colosseum and Stadium dimensions: Outside length, Outside breadth, Arena (full), Arena (grass measurement), Association football pitch, Spectators.

You could put the Royal Albert Hall inside the Colosseum, and the Colosseum inside the Stadium. The outer wall of the Wembley Stadium is half a mile round. Apart from the main exhibition front, it has thirty-seven arches, each forty-five feet high, with a fifty-foot span.

It is built of steel and concrete; very little timber is used. An outbreak of fire is unlikely; but there are ample precautions if a fire occurred.

It has the best-laid football pitch in the kingdom. No clay surface. In the preparation of this football arena, besides the 1/2 inches of turfing soil on the ten-inch foundation of ashes and clinker, the workmen laid on this a total of 76,230 turves, each measuring eighteen inches by twelve inches by 2 1/2 inches thick.

The circular running track is just a quarter of a mile round. A 220 yards straight is provided—the only one in Europe.

There is accommodation for a thousand athletes. It is an ideal training centre, with gymnasium, baths, billiards and reading rooms.

The banqueting hall, 215 feet by seventy feet, will seat a thousand people, and the tea room 600 people. There are buffets for thousands more.

Imposing features of the north front, overlooking the exhibition grounds, are the two concrete towers, rising to a height of 106 feet four inches above the terrace, and over 280 feet above ordnance datum.

Each of the towers is surmounted by a reinforced concrete flagstaff. In the construction of this great stadium the following materials have been used:

One thousand four hundred tons of structural steelwork. Half a million rivets for which one and a half million holes were drilled.

Six hundred tons of steel rods for reinforcing the concrete. Total length of these rods about 600 miles, and the total numbers of the rods one-quarter of a million.

Twenty-five thousand tons of concrete (using 3,600 tons of cement). Forty miles of terracing.

Fourteen miles of concrete beams to form the terracing in the stands. In addition, 150,000 tons of clay were dug up—chiefly by the two-ton drag-line excavator—and re-deposited for levelling up purposes to form part of the terracing.

The stadium architects are J. W. Simpson, F. R. I. B. A., and Maxwell Ayrton, F. R. I. B. A.; the engineer, E. O. Williams, B.Sc., A. M. I. C. E.; the contractor, Sir Robert McAlpine & Sons, and the Quantity Surveyors, Messrs. Baker & Mallett.

PEOPLE SHOWING DEEP INTEREST IN OUTDOOR SPORTS

Chicago, May 14.—(Associated Press).—The 1923 crop of fans in outdoor sports bids fair to exceed all records. Baseball has started off with unparalleled patronage; reservations for the leading horse and automobile racing events indicate enormous crowds, and the prospective summer program of outdoor boxing, especially among the heavyweights, doubtless will draw many thousands.

Arrangements for handling spectators have been largely expanded in every spectacle from baseball and football to horse racing, and still seems inadequate.

The New York Yankees' new park was opened to 74,200 baseball fans, with 25,000 turned away. The Chicago Cubs' enlarged park April 22 inclosed 38,000 persons, and thousands stood on the playing field. New baseball parks in other cities were similarly favored.

The management of Churchill Downs, Louisville, Ky., has expanded seating facilities to care for some 30,000 persons for the Kentucky Derby May 19, but confidently predict that

LIVEN UP THE LIVER REGULATE THE BOWELS TONE UP THE STOMACH WITH MILBURN'S Laxa-Liver Pills

They will regulate the flow of bile to act properly on the bowels, and will tone, renovate and purify the liver, removing every result of liver trouble from the temporary, but disagreeable bilious headache to the severest form of liver trouble.

Mrs. J. Schelon, Bethany, Ont., writes:—I have used Milburn's Laxa-Liver Pills for some time. I was troubled with a bad liver and headaches, but since taking your Pills I am perfectly well again.

Price 25c. a vial at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

My Debt of Gratitude. 'Ulcers the Size of Man's Hand.'

Our portrait is of Mr. G. M. THOMPSON, a well-known member of the Birmingham, Birmingham, England, who writes:

The circular running track is just a quarter of a mile round. A 220 yards straight is provided—the only one in Europe.

There is accommodation for a thousand athletes. It is an ideal training centre, with gymnasium, baths, billiards and reading rooms.

The banqueting hall, 215 feet by seventy feet, will seat a thousand people, and the tea room 600 people. There are buffets for thousands more.

STAINLESS SILVER COMES TO RELIEVE HOUSEWIVES

Sheffield, England, April 24.—(A. P. by Mail).—A new tarnish-resisting alloy, "stainless silver," has been discovered as the result of research in the laboratory of a local firm.

In making this announcement at a meeting of the Institute of Metals, Harold Turner said experiments had been in progress for two years for the discovery of an alloy resistant to ordinary atmospheric corrosion. Articles made of the new silver alloy exposed to the atmosphere for many months had retained their lustre and showed no signs of tarnishing. The new metal technically is silver, and carries the hall-mark.

"I Avoided an Operation Appendicitis Disappeared"

Mrs. James Wells, Udora, Ont., writes—

Dr. Chase's Kidney-Liver Pills. One pill a dose, 25c a box. All dealers or Edmondson, Bates & Co., Ltd., Toronto.

"The Torch of Verified Circulation"

Lights up the way for the Advertiser

The Telegraph and The Evening Times, with a combined daily net paid circulation exceeding 30,000 copies, are the only A. B. C. (Audit Bureau of Circulation) papers in the province of New Brunswick. These newspapers alone give the advertiser a verified circulation whose extent is absolutely known and established beyond question.

Mr. Advertiser, do you realize what this means?

All of the principal Canadian dailies are members of the A. B. C. That is, they give their advertisers, present and prospective, circulation figures which are audited, certified and approved by an independent court whose standing is recognized in business circles throughout Canada and the United States.

Mr. Advertiser, Look at this:

The Following Canadian Newspapers are members of the A. B. C.:

- St. John—The Telegraph and The Evening Times (the only A. B. C. papers in New Brunswick). Halifax—The Chronicle and Echo, The Herald and Mail. Charlottetown—The Guardian. Quebec City—Le Soleil, L'Evenement. Montreal—The Gazette, The Star, The Herald, La Presse, La Patrie, Le Canada, Le Devoir, The Standard. Ottawa—The Citizen, The Journal, Le Droit. Toronto—The Globe, The Star, The Mail and Empire and Sunday World, The Telegram. London—The Advertiser, The Free Press. Brantford—The Expositor.

- Brockville—The Recorder and Times. Fort William—The Times-Journal. Hamilton—The Spectator. Kingston—The British Whig, The Standard. Windsor—The Border Cities' Star. Winnipeg—The Manitoba Free Press, The Tribune. Saskatoon—The Star, The Phoenix. Regina—The Leader, The Post. Calgary—The Morning Albertan, The Herald. Edmonton—The Bulletin, The Journal. Vancouver—The Province, The Sun, The World. Victoria—The Colonist, The Times.

Mr. Advertiser, in that list you have the chief newspapers of Canada. They give you an independent audit of their circulation by a universally recognized authority.

"Net Paid" circulation does not mean old lists of doubtful value. "Net Paid" means that every subscriber included in the figures is either paid in advance or does not owe for more than six months. The Telegraph and Times, remember, have a combined "net paid" daily circulation of more than 30,000 copies.

Figuring by circulation The Telegraph and Times rates are the lowest in the Maritime Provinces.

By putting the same ad in both papers you cover the city of St. John and the province of New Brunswick as with a blanket, so far as prospective buyers of your goods are concerned, for these two papers reach to a really wonderful extent the people in this city and this province who are in a position to purchase the goods that local or national advertisers offer for sale, be these goods bonds or toothpicks, razors or mowing machines, diamonds or medicines, shoes or silks.

Think over the facts, Mr. Advertiser. Just ask yourself quietly and thoughtfully what that chain of leading Canadian newspapers means. Their verified circulation is their greatest advertising solicitor. Think about "the torch of verified circulation."

SCHOOLMATE OF ASQUITH

Rector-Schoolmaster Dead at Age of 69 Years.

London, April 25.—(By mail).—The death has occurred at the age of sixty-nine of the Rev. Charles George Duffield, rector of Stowting, Hertfordshire, who was at the City of London School with Mr. Asquith. He went up to Queen's College, Cambridge, as a foundation scholar and exhibitioner, and obtained a second-class in the classical tripos. From 1877 to 1886 he was a master at Cranleigh School, and then headmaster of Appleby School, Leicestershire, for seven years, and of Madingley School for fifteen years. In 1913 he was called to the small benefice of Stowting.

HER FATHER DIES; WOMAN ENDS LIFE

Port Arthur, May 14.—Victim of melancholia, Mrs. Fred Foster, wife of a returned man farming in the Dorion district, 85 miles east of this city, committed suicide by drinking a quantity of iodine and cutting her throat with a carving knife. The body was found in the kitchen by a relative. Mrs. Foster's father died in England with cancer and his daughter labored under the impression that she too had the disease. The Fosters were married overseas.

MONDAY and TUESDAY
Here's a Picture That You'll Love
RUPERT HUGHES
has written and directed the new Goldwyn Picture
Remembrance
It is even better than "The Old Nest."
Why You Should See This Great Picture:
It is Rupert Hughes' greatest work. It is better than that powerful heart drama "The Old Nest." It is crowded with laughter. It is rich with dramatic moments that touch the heart. It is clean, wholesome, entertaining. It is a picture that everyone will take to their hearts, Mother, Father and the children. And the stranger in town today, the person living away from family will want to see every thrilling moment of it. It has a wonderful, talented, lovable cast of players. It is a picture that will make you happy. WED. and THUR. "Quincy Adam Sawyer" A stupendous screening of a story which millions have loved.

next fight here is slated to be against Jack Thompson, negro, heavyweight, from the U.S. The date has not been announced. Wants \$5,000 From Johnson. New York, May 14.—A writ of attachment on any money Floyd Johnson may earn from his bout with Jess Willard on Saturday, was signed by Supreme Court Justice Mitchell on application of the Boston Arena Athletic Club, which claimed it suffered \$5,000 damages through Johnson's failure to appear for a bout with Fred Fulton in Boston recently. The writ was served on Johnson at the Yankee Stadium. SCHOONER RELEASED. The schooner Claretta, 35 tons register, which rammed the ferry steamer Governor Carleton recently during a storm, sailed yesterday at noon for New York after settling a claim of \$450 against her for damages caused by the collision. The schooner Ralph S. Parsons, 360 tons register, cleared for the United Kingdom one day last week and was lying in the stream preparing to sail. A local firm with a bill of \$800 against her for necessities secured a warrant to collect the bill and sent the papers out on a tug boat and served them on Captain William Fye. A line was attached to the schooner and she was towed back to port. A guard was placed on her that night and the next morning the account was settled and the schooner sailed. FIRST HIGH MASS. Rev. Joseph Ward celebrated his first solemn high mass yesterday morning at 11.30 in the Cathedral. He was assisted by Rev. R. McDonald as deacon and Rev. Robert Nugent as sub-deacon. His Lordship Rt. Rev. E. A. LeBlanc was in the sanctuary. Rev. William Duke preached an excellent sermon on the sacrament of the Holy Orders. He told of the steps leading to ordination and asked the prayers of the congregation for the young priest. Gregory Ward, brother of the celebrant, sang a solo at the offertory. The congregation attending the mass was large.

The City Union of the King's Daughters held their last gospel meeting of the season yesterday afternoon at the guild with Mrs. H. W. Robertson presiding. Mrs. R. A. Jamieson read a paper on "Prayer." Miss Dorothy Magee sang a solo. One new member, Mrs. Robert Magee, was installed. The meeting adjourned until October. The house committee is meeting this afternoon and the In His Name Circle will meet this evening.

MONDAY GAUITY TUESDAY
"THE FACE ON THE BARROOM FLOOR"
Melodrama, Vibrant, Dynamic, Powerful in Its Tense Emotional Appeal. A Fascinating Story of Thrills and Romance. Portrayed by a Notable Cast—
