NO BETTER FOR LOYD GEORGE

Crisis Continues at an Acute Stage.

Coalition Friends Battle to Keep Together, Diehards Refuse to Give Way an Inch—To Thresh It Out at Chequers Court.

(Canadian Press)
London, March 4.—As Chamberlain's declaration of the solidity of the cabinet behind Lloyd George has had little appreciable effect on the situation which threatens to bring the resignation of the premier, in the opinion of the majority of the political writers in the morning newspapers, it is generally conceded that the crisis continues at an acute stage and even the journals most anxious to preserve the coalition government candidly admit that the position is about as serious as it possibly could be.

No further important development is to be expected until after the week-end. George has gone to Chequers, his country estate, where he will receive his guests over Sunday. Mr. Chamberlain, Lord Chancellor Birkenhead, Sir Arthur Balfour, probably Sir Robert Horne, and possibly Andrew Bonar Law, and possibly Andrew Bonar Law, naturally will be anxiously discussed. Meanwhile the friends of the coalition are continuing their strenuous efforts to keep it together. Winston Spencer Churchill, secretary for colonies and a Liberal, will speak at Loughborough today and will doubtless emphasize Mr. Chamberlain's view of the necessity of retaining Lloyd George at the head of affairs.

Various Movements.

A movement is reported among the Conservative coalitionists in the House of Commons, who disagree with the "die hards," to get together at the earliest opportunity and send an address to the premier assuring him of their support and urging him to remain at the helm. Another movement is that by the "new coalition group," consisting of about 120 members belonging to both wings of the coalition who have recently been working for the formation of a new centre party. These members, whom the "die hard" Morning Post calls "an expedition of parliament," are expected to propose a resolution to the effect that the next election must be fought upon a constructive national programme which can best be carried out by the joint leadership of Lloyd George and Chamberlain.

In spite of all the efforts of the premier's champions, however, his Conservative opponents show no sign of weakening. Their attitude is that the Unionist leaders have betrayed their followers and their one desire is to see the death of the coalition.

German Opinion.

Berlin, March 4.—Hope that the present political crisis in England would not cause the disappearance of Premier Lloyd George was expressed by Herr Loeb, president of the Reichstag, at a public meeting yesterday. "I should regret such an event extremely," he declared. "I should regret it extremely," he declared. "I should regret it extremely," he declared. "I should regret it extremely," he declared.

FOR PROHIBITION IN CONSTANTINOPLE

Constantinople, March 4.—The Green recent, a Turkish committee organized to fight the use of alcohol as a beverage, making a drive for prohibition in the Turkish capital. An attempt will be made to limit the drinking places in nstantinople and newspaper owners will be asked to reject advertisements for intoxicants.

DEVONSHIRE WINS SEAT IN COUNTY COUNCIL

London, March 4.—(Canadian Press)—The contest between the Duke of Devonshire, former governor general of Canada, and a local builder W. Marsden, for a seat in the Devonshire county council resulted in the duke polling 1,366 votes against Marsden's 896.

L. S. Humes Dies in Sleep

Montreal, March 4.—Louis Samuel Humes, district superintendent of the Canadian National Telegraphs and a well-known figure in the commercial life of Montreal passed away in his sleep last night. He was in his 63rd year and was borne in Springfield, Ill.

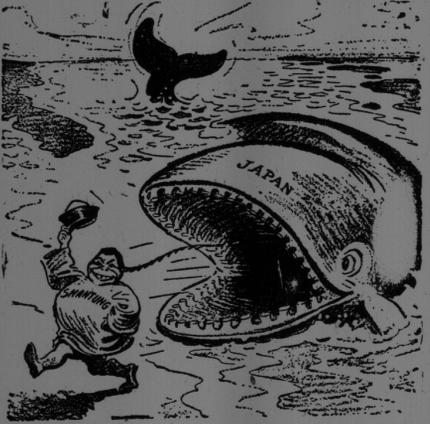

Mexico City Dark.

Mexico City, March 4.—The streets of the city were in darkness last night, the striking employees of the Mexican Light and Power Company having, it is reported, cut the line furnishing the city with power. The residences and stores, however, were lighted except in isolated districts, where switch boxes had been orn out.

TOBOGGAN PARTY.

The Loyal Lookout Class of the Co-nurg street Christian church held a toboggan party last evening at Lily Lake. After enjoying themselves until 10 o'clock they returned to the home of Mrs. L. M. Laskey, Celebration street, where refreshments were served. A very pleasant time was spent.

"WELL, THERE YOU ARE!" SAID THE WHALE.

—Knott in the Dallas News.

As Hiram Sees It

"Well," said Mr. Hiram Hornbeam to the Times reporter, "I see a real smart fellow last night. He had a drink or two and was proud of it—an' said he knowed where to get lots more. He said this here prohibition was no good an' he knowed lots o' fellers drinkin' now that never drunk afore. It never seemed to come into that feller's mind fer a minute that he was breakin' the laws of his country. I wouldn't envy no man that pretended to be a law abidin' citizen an' broke the law every time he got the chance. An' if fellers like that're barkin' up the wrong tree, 'The thing ain't goin' their way—no sir.'"

TRAIN HITS 'BUS; FOURTEEN DIE

Death List May Be Increased by Three.

Party Returning from Dance and Lodge Meeting Near Cleveland—Engineer Says He Gave Whistle for the Crossing.

(Canadian Press)

Cleveland, O., March 4.—The death of an injured man today brought the toll from a collision between a New York Central passenger train and an automobile bus at Painesville, late last night, up to 14. Five persons are seriously injured, three of whom are expected to die.

Most of those killed were residents of Fair Port. Many of them had left a dance hall in Painesville less than half an hour before the crash, while several others had attended a lodge meeting. Two had just boarded the bus and had just settled in their seats when the accident occurred. An explosion of the gasoline tank of the machine set fire to the debris and several of the bodies were badly burned.

The bus, which was operated between Painesville and Fair Port, was making its last trip to Fair Port for the night. A. W. Barnes, the crossing watchman, declared he flagged the driver, who had stopped on the south side of the tracks to pick up passengers. A declaration by Chester Parsh, manager of the bus line, that a large oil tank obstructed Driver Adams view of the watchman's lantern and the approaching train, was discounted by Carl Sullivan, one of the injured.

"I saw the train before we reached the tracks," Sullivan said. "We had stopped to take on two passengers just south of the rails or we would have been across. People nearby screamed as the engine came on. I saw the driver reach down and pull something. I don't know whether it speeded us up or slowed us down. It was dark in the machine. I thought we had cleared the tracks. Then, it hit us."

The train was composed of twenty express coaches. It was made up here to go to Buffalo and does not stop at Painesville. "I blew the whistle just as we reached the limits of the town," Engineer Fernandez declared. "An instant later I saw the automobile on the track immediately ahead of me. The time before we struck it was so brief I could not even know whether the automobile was standing or in motion. As I threw on the brakes I felt the collision and fragments of the wreckage flew past the engine cab. I am sure we stopped as quickly as possible."

FIX HOURS FOR OPERATORS ON U. S. RAILWAYS

Both Telegraph and Telephone Workers Come Under New Code.

(Canadian Press)

Chicago, March 4.—A code of twenty-two rules governing hours and working conditions of telegraph and telephone operators on railways all over the country was promulgated by the railway labor board last night. They became effective March 16.

Wiping out the practice of time and one-half pay for all work over eight hours, the board ordered only straight time for the first nine hours, with time and one-half thereafter, and permitted institution of split shifts, with eight hours' work over a period of twelve hours.

Eight hours is specified as a day's work in principle, with Sundays and holidays to be paid for at the usual pro rata rate except that a minimum of two hours' pay at time and one-half will be given for work on these days. When called for work not continuous with their regular shifts, the telegraphers will receive three hours' pay for two hours' work or less and one-half after two hours.

The rates cover both telegraph and telephone operators and agent-operators, tower men, train directors and block operators.

MATHIESON FOR NEXT YEAR'S RACES

Four Other Norwegian Speeders Also.

How Strangler Lewis Took the Wrestling Championship from Zbysko, Doughty Pole—A New Match for Lewis—Late Sport.

(Canadian Press)

Chicago, March 4.—Oscar Mathieson, renowned Norwegian professional skater, won a \$5,000 guarantee did not lure to the United States this year, but who asked \$10,000, will be seen in skating races on this continent next season, so Julian T. Fitzgerald, president of the International Skating Union, announced today.

A racine circuit is projected for next season with a series of championship races to be participated by the Norwegian and four of his countrymen, who are amongst the fastest Norwegian skaters.

Mr. Fitzgerald said he had offered Mathieson \$5,000 to skate in this country during the season now closing but that his counter offer to come for double that figure was not received until February 9, too late to be considered this year.

Wichita, Kas., March 4.—Ed. (Strangler) Lewis of San Jose, Cal., today again holds the world's heavyweight wrestling championship, having taken the second and third falls from Stanislaus Zbysko here last night.

The match was Zbysko's from the start until just before the second fall. He pinned Lewis for the first fall in 41 minutes, 30 seconds, with a bar arm and full body scissors. Lewis, using what was described by him as a counter with his open palm, sent the aged Pole spinning across the mat to fall flat on his back. Instantly he leaped on him and applied his deadly headlock, taking the second fall and retained it in a matter of minutes. The third fall went to Lewis easily in three minutes, Zbysko still suffering from effects of the headlock after the ten minutes rest period.

Zbysko and his manager at first said that Lewis had struck with his clenched fist instead of using the counter, but accepted the referee's decision that the counter was legitimate.

Zbysko took the title from Lewis about a year ago and retained it in a second meeting. Only recently he announced his intention to retire from wrestling and award defence of the championship to his younger brother, Wladek. Last night Jack Herman, Zbysko's manager, expressed the intention to challenge immediately for a return meeting and said he would post a \$5,000 forfeit.

BIG NEW YORK BROKER FIRM HAS FAILED

New York, March 4.—Failure of E. P. Clark's Company, one of the largest brokerage firms with membership in the New York curb market, was announced today. The house has offices in Chicago and several other mid western cities and dealt largely in oil and copper shares.

MAYOR AWAY TOMORROW.

The mayor said today that he planned getting away tomorrow on a business trip to Upper Canada.

NOT IN FAVOR OF ABANDONING PORTLAND, ME.

Toronto Globe Comment on Matter of U. S. Terminus for Grand Trunk.

(Canadian Press)

Toronto, Ont., March 4.—Commenting on the agitation in the maritime provinces for national protection for the ports of that section against Portland, Maine, in the operation of the Canadian National and Grand Trunk Railways, the Globe editorially this morning says: "Everything in reason should be done to bring business to Canadian ports, but it is by no means expected that Portland shall be abandoned as the Atlantic terminus of the Grand Trunk Railway."

To abandon Portland and to carry that freight over the national lines by the long haul to St. John and Halifax would be simply to throw away one of the most profitable parts of the Grand Trunk business and give up revenue that is much needed in view of the huge deficits. It would do our own ports no good. Neither American nor Canadian shippers could be forced to take the long haul if they preferred the short one, and if we, as owners of the Grand Trunk, refused to do business with the shippers on their own terms as to routing, they would quickly find some corporation that would do so."

STORM WARNING

Washington, March 4.—An advisory storm warning was issued today by the weather bureau for the portion of the Atlantic coast between Norfolk, Va., and Eastport, Me.

Forecast for the central early today in the vicinity of Cape Hatteras, the bureau said, will move rapidly northeastward, increasing in intensity to be attended by strong east and northwest winds and gales along the middle Atlantic and Southern New England coasts today and tonight reaching the Northern New England coast tonight.

KEMEL PASHA CHOSEN AGAIN

Athens, March 4.—Mustapha Kemal has been re-elected head of the Turkish nationalist government by the National Assembly, says an Ankara dispatch received here.

WEATHER REPORT

Issued by authority of the Department of Marine and Fisheries, R. F. Stewart, director of meteorological service.

Synopsis—Pressure is now low over the western and northwestern portion of the continent, while disturbances are situated over Labrador and just south of Cape Hatteras. Rain is falling in the coast regions of British Columbia, while elsewhere in Canada fine mild weather prevails.

Rain and Sleet, Then Fair.

Maritime—Fine and mild today. Sunday easterly, with rain or sleet first, fair later; not much change in temperature.

Gulf and North Shore—Fair and mild today and most of Sunday.

New England—Rain, sleet or snow this afternoon and tonight, probably clearing on Sunday morning; easterly winds and rain, shifting to northwest late tonight.

MILION LOSS IN MONTREAL FIRE

City Hall of Metropolis in Ruins.

Spectacular Blaze in Early Hours of This Morning—Fate of Bonds of Great Value as Yet Unknown.

(Canadian Press)

Montreal, March 4.—A spectacular blaze lit up the centre of the city around midnight until three o'clock this morning as the Montreal City Hall was practically destroyed by a fire which raged for two hours, the whole available fire fighting force in the city. A general alarm was sent out, something not done since November, 1920, on the University.

A property loss of \$1,000,000 is involved and in addition \$500,000 signed debentures recently raised on the city loan may be lost since it is not absolutely certain that they are in the fire-proof safety vaults. Jules Crepeau, director of services, says that the city documents in his charge were certainly in the vaults.

Thousands of people assembled on Champ de Mars to watch the flames. Injuries to firemen were comparatively few and not serious, with the exception of the case of Fire Captain Riley, who will probably lose an eye as the result of glass falling on his forehead.

Mayor Martin was early on the scene and with the assistance of his bodyguard, Sergeant Lafleur, made a gallant effort to rescue some of the city's papers. His Worship succeeded in reaching the third floor but was there beaten back by smoke. Lafleur succeeded in saving the mayoral chain and some private papers belonging to the mayor.

The City Hall clock continued to mark the passage of time until seventeen minutes after one when the flames reached it and the tower and roof collapsed. Houses in the narrow Gosford street opposite was menaced by the flying sparks and the firemen had to work hard and fast to prevent the spread of the conflagration.

At 2:25 a. m. the two upper floors of the City Hall were totally destroyed. The fire traveled downwards and flames reached every window. Furnaces in Gosford street houses were put out by the vast quantities of water entering cellars.

Loss of at least ten million dollars is Mayor Martin's estimate. This does not include, he says, the incalculable loss of historic documents, works of art and records of sentimental rather than financial value. His Worship includes not only the value of the building and its contents, on which he says, there was no insurance, but also the cost of replacing and re-compiling lists of assessments and taxation, the furnishing of temporary accommodations for the city hall and all other expenses inflicted on Montreal by the loss of the City Hall.

Mayor Martin said this morning he thought it possible that the government would facilitate recovery from the loss by authorizing a special loan of two and a half or three million to defray the cost of the reconstruction. Mayor Martin thought it probable that the fire had originated in boxes of paper and rubbish near the elevator shaft. He had given orders, he said, that these should be removed daily.

Edouard Rousseau, watchman, who first saw the fire and rang in the alarm from city fire boxes, said that none of the glass fire boxes on any of the floors of the city hall had responded when he attempted to raise the alarm by breaking them.

FIUME HAS SURRENDERED

Fiume, March 4.—The committee of national defence proclaimed the final overthrow of the provisional government under President Zanella and the constitution assembly yesterday. The government capitulated after fierce fighting. The committee, upon assuming power, asked the Italian government to send a representative to administer the government until quiet is restored.

Rome dispatches on Thursday declared that President Zanella and his followers had fled to Bucari, near Fiume, after issuing a declaration transferring the authority of the nation to the committee of defence. The capitulation followed an attack on the government palace by Fascists, who fired twenty cannon shots into the building.

Rome, March 4.—A council of ministers today discussed the crisis in Fiume, which has greatly complicated the already difficult situation confronting the new cabinet. Signor Castell, who has already represented the government at Fiume, was dispatched there immediately to investigate the situation and advise the best means to adopt.

The attitude of President Zanella, who has been forced to hand over power to the national committee of defence does not appear quite clear. Soon after the Italian government in October last he came to Rome and obtained a loan of two hundred million lire. He then expressed a great belief in the Italian Fascists, who fired upon his retreat to that place almost immediately.

He inspired the enemy of the Italian element. The details of yesterday's fighting in Fiume, which has been in the hands of Fascist, Legionaries and Republicans since he was in possession of the city. They captured the posts and telegraphs, and before their advance the body of police organized by Zanella retired to the government palace.

HYDRO CONFERENCE.

Mayor Schofield announced this morning that he had arranged a conference this afternoon with Herbert Phillips, M. E. L. C., and C. C. Kirby, district engineer of the C. P. R. in his office this afternoon. Matters in connection with the hydro question will be taken up. His Worship said he was unable to get a representative of the N. B. Power commission to attend.

CRIME RAMPANT IN PETROGRAD

Night Cafes Open and Wine Flows for Those Who Can Buy.

(Canadian Press)

Petrograd, March 4.—The police are taking energetic steps to combat a wave of street crime which developed simultaneously with the opening of night cafes and to stop the tide of feverish spending of millions of rubles by profiteers who are thriving on the new free trade.

The reduction of the Cheka forces has contributed to making things easier for the highwaymen, who for nearly three years have been kept down. In some districts, where the streets are dark, the night crimes recall the experiences of 1917 and 1918, when it was scarcely safe to venture out except in large numbers.

The robbers generally take the victims' clothing as well as their valuables, leaving them to run home in their underwear through the snow.

Last January, according to the police, during the worst month of the renewed criminal activities, many bandits have been shot and criminally has decreased 50 per cent as a result of the repressive measures.

Petrograd presents a strange spectacle. Most of the old world famous cafes have reopened and are selling wines and champagne at rapidly soaring prices to a well-dressed clientele, but the streets are mostly lightless and tram service has been curtailed on account of the fuel shortage.

THEY WANT HYDRO ALL ALONG LINE

(Canadian Press)

In its report of the address of C. C. Foss on the subject of hydro-electric development, the Moncton Transcript says: "Following Mr. Foss' address many questions were asked by engineers present regarding hydro-electric development, referring especially to the local phase of the situation. In an interesting informal discussion it was learned that a double transmission line would convey the power to Moncton, thus safeguarding the service against interruptions. The cost of constructing the line will be in the vicinity of \$7,000,000. It is estimated the maximum transmission loss will be 10 per cent. The distance is a little less than eighty-eight miles. Last summer was the driest for sixty-one years. They were assured of a minimum of 21,000,000 k. w. hours, and it would average between 23,000,000 and 24,000,000. Moncton has asked for 7,000,000 k. w. hours with a maximum of 7,000,000, cost not to exceed 24 cents. Mr. Foss did not anticipate decrease in consumption. It would go the other way he thought—probably 10,000,000 within the next ten years. It was expected that there would be another million used along the route. Sussex wants half a million, Hampton is figuring on the proposition. Every house in Apshequi, he stated, will want the power. It is not a definitely known yet what St. John will do. The latter over 12,000,000 electric current is used by St. John. Mr. Foss spoke optimistically regarding the amount of power available."

OTTAWA SPEECH ON COMMONWEALTH OF THE FUTURE

Ottawa, Ont., March 4.—The commonwealth of the future was the subject of an address delivered to the weekly luncheon of the Kiwanis Club yesterday by Hon. B. P. Wadia of India, labor delegate to the peace conference. He declared that the present world restlessness was entirely due to the aftermath of the war, and maintained that the war had been rather one of the fruits of such restlessness. Civilization was making its headway under very peculiar circumstances, in the east particularly, these days. He asked, however, who would be able to save the situation in the not very bright future if not the people under the common flag of Great Britain. He appealed that instead of each country in the British Empire regarding itself from a detached standpoint, they would put their heads together and might be able to shape a policy of the commonwealth that would impose a definitely lasting peace.

CONTINUE EXPERIMENTS IN BLACK FOX FEEDING

Ottawa, March 4.—The government has authorized the scientific research council to continue for another year its experimental station at Hull for the best methods of feeding black foxes in captivity. The foxes used were donated by breeders in Prince Edward Island.

ALL COAL MINERS MAY GO ON STRIKE

Ballots Sent to Workers in U. S. and Canada.

International Board Member Makes Statement in Calgary—Votes in by March 15 and Decision Made Before April 1.

(Canadian Press)

Calgary, Alta., March 4.—Canada and the United States face an international strike of coal miners to commence on April 1, according to a statement issued to the Canadian Press by Robert Livett, international board member for District No. 18 of the United Mine Workers of America.

Mr. Livett said that ballots have already been sent out to all locals of the U. M. W. A. in both Canada and the United States and that the members are being asked if they desire to give power to the policy committee, appointed at the Indianapolis convention, to call a general strike on April 1, if agreements are not consummated by that date. The ballots are to be returned to the various district headquarters by March 15.

Mr. Livett would not express an opinion in regard to the probable outcome of the vote further than remarking that the decision rests with the members collectively.

He will leave Calgary today for Indianapolis, the U. M. W. A. headquarters, where he will attend a special board meeting to be held next week.

RECOMMEND ACCEPTANCE.

Gloucester, N. S., March 4.—A circular letter is being sent out from headquarters of District No. 26, United Mine Workers of America, to the different locals, recommending the acceptance of the wage proposition given at Montreal by the British Empire Steel Corporation to the executive of that district this week. It is signed by five members of the committee. Secretary-Treasurer J. B. McLachlan did not sign.

THE CABINET OF POLAND HAS RESIGNED

Action Follows Failure of the Negotiations Over Annexation of Vilna.

(Canadian Press)

Warsaw, March 4.—The cabinet of Premier Poniakowski has resigned following failure of the negotiations with the Vilna delegation on the text of an act of annexation of the region of Vilna to Poland.

The Vilna delegates refused to sign the act because it did not provide for immediate union but only later adjustment of the question. The cabinet held out for the Polish terms, and in its stand it refused to have the secret support of the Entente Allies.

The delegates were closeted with the cabinet all of Thursday night, the session finally ending in a deadlock at five o'clock yesterday morning. A three-day celebration which had been planned in connection with the signing has been called off and the delegates are reported to be returning to Vilna.

The Vilna diet on February 21 voted 96 to 6 to complete incorporation with Poland and repudiating all Russian or Lithuanian claims for the district.

AGRICULTURAL ESTIMATES CUT

Boscawen Speaks of Reduction and of the Cattle Embargo.

(Canadian Press)

London, March 4.—(Canadian Press)—Sir A. Griffith-Boscawen, minister of agriculture, speaking at Wells last night said the Geddes economy committee proposed to reduce the estimates of the industry of agriculture by £285,171, which came on top of a cut of £1,161,000 effected by the ministry. It is possible, he said, to adopt all the Geddes recommendations agreed to cut £215,000. There would be no reduction in compensation for the slaughter of diseased animals. The number of animals destroyed had been greatly increased by the six outbreaks of foot and mouth disease which was being gradually mastered.

Referring to the Canadian embargo, he said the government was not disposed to sacrifice the great breeding industry of Great Britain in order to reach certain targets. If Canadian cattle merely replaced British-bred animals, as almost certainly would be the case, how would the butcher benefit? It seemed to be generally forgotten that any number of Canadian cattle could be sent to the British market for slaughter at the ports of entry.

BERRY AGAIN HEADS THE INTERNATIONAL PRESSMEN

Knoxville, Tenn., March 4.—Completion of the official canvass of the vote of the International Printing Pressmen and Assistants Union of North America, in the election of officers, showed the reelection of George L. Berry as president and Joseph C. Orr, as secretary, according to a statement issued today by Thomas E. Duncan, chairman of the election board.

STEFANSSON ARCTIC INVESTIGATION SOON

Ottawa, March 3.—Circumstances surrounding the Stefansson Arctic expedition of 1913-1918 are likely to form the subject of investigation. Recently scientific members of the southern party of the expedition made strong charges against Vilhjalmur Stefansson, leader of the expedition, saying that they had been misrepresented in Stefansson's last book, "The Friendly Arctic," the scientific men returned with counter-representations of extravagance and the view is current that the accusations may not be allowed to rest.

It is understood that the scientific men are urging investigation into the charges made against them in "The Friendly Arctic," but if undertaken, the inquiry would probably be more general and cover the conduct of the expedition as a whole.

GERMANY FEARS IDEAS OF MARCH

For Last Three Years Disturbances Have Racked the Country in Third Month of Year and Rumors Point to Another Eruption.

Berlin, March 4.—The "Ideas of March," which since the revolution seems to have had a disastrous effect, mentally, each year in certain circles in Germany, is again causing the government and industrial controls no little anxiety.

March is the month of revolutions, uprisings and revolts in Germany. Since 1919 Germany has been set by the ears every March.

In March, 1919, there was a real attempt to overthrow the government. In Munich at the same time the Bolsheviks overthrew the Bavarian government.

In March, 1920, the Kapp-Luettwitz

revolution chased the National government out of Berlin. In March 1921, there were radical uprisings in Middle Germany which took the government a fortnight to put down.

From confidential reports reaching the newspapers, industrial managements and the Commissioner of Public Security, it is declared that indications show that something is happening in extreme radical circles which foreshadows some outbreak for this March.

SUSSEX PERSONALS

(Sussex Record.)
Mayor McKenna and Mrs. McKenna are spending the week in Boston and New York.

William N. Robinson of Winnipeg and bride (see Miss Anne Elizabeth Graham of Montreal) arrived in Sussex on Saturday last, and are guests of Mr. Robinson's parents, at Hazel Hill.

The condition of J. M. Harris, exchange manager of the N. B. Telephone Co., Sussex, who has been confined to his home with an attack of pneumonia for some time, is still quite critical.

Misses Pearl M. and Clara J. Jamieson, R. N., have returned to Connecticut, to resume their professional duties, after spending a lengthy vacation with their parents, Mr. and Mrs. E. A. Jamieson, Sussex.

Mr. and Mrs. Howard Raymond left on Thursday last week for Portage La Prairie, where they will make their home. Mr. Raymond is a former resident of Millstream, who decided to try his fortune in the west, where he has a section of land, and returned home recently to claim his bride.

The regular meeting of the New Brunswick Automobile Association was held last evening in the Board of Trade rooms. Only routine business was transacted.

DOCTOR BY RADIO FOR SMALLER SHIPS

U. S. Planning to Install Medical Service to Supercede Present Methods.

Washington, March 4.—One of the big radio companies in conjunction with the public health service is planning to install a radio phone medical service from shore to ships which do not carry doctors. This has been made known following the radio telephone conference called and presided over by Secretary Hoover.

Most steamers under the heavy tonnage class and carrying relatively small crews, do not carry ships' doctors. When an accident occurs to any one on board the injured person usually is given crude first aid treatment by the captain or one of his mates.

Under the projected new system, when a man is injured, the ship, equipped with an inexpensive radio phone, will send out a distress signal to the nearest public health service station.

A connection will be established immediately. A competent medical man will get on the wireless phone, the na-

ture of the injury or disease will be described and the proper treatment or remedy prescribed to suit the nature of the case.

FINE PROGRAMME IN PORTLAND CHURCH

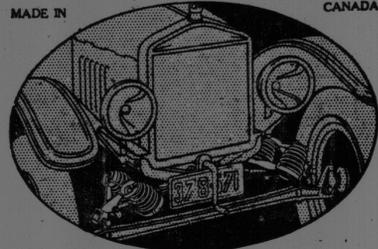

The Epworth League of the Portland Methodist church presented a successful and enjoyable concert programme in the schoolroom of the church last night and delighted a large audience. The programme was arranged by A. C. Powers who directed the performance. It was given to raise funds for a memorial tablet to be placed in the church to commemorate the members of the congregation who fell in the great war. Rev. H. B. Clarke, the pastor, presided. The first part of the programme was composed of concert numbers and the second part was a most impressive cantata, "The Beautiful City." After the opening chorus, "O Canada," solos were given by J. Stewart Smith, Miss Madeline R. Daley, Ronald W. Shaw Leslie W. Bewick, Mrs. Blake Ferris, F. J. Funder and Miss Ethel Parke, with Miss Beatrice Price and Mrs. Frank McCrae as accompanists. The last number in the first part of the programme was a recitation with musical accompaniment by Mrs. John Howe and Mrs. Walter

Millon. A chorus of forty voices from the Epworth League took part in the cantata, in which the following leading characters—Pilgrim, Miss Laura Fanjoy; teacher, Miss Harriet Wright; Templar, Mrs. B. L. Kirkpatrick; messengers, the Misses Nan McDougal, Lizzie Leck, K. Blizard, Rose Rowley, Marie Tower, Laura Folkins, Elsie Spense, Emma Chown, Mabel Rowley; soloists, the Misses Mammie Ferris, Elsie Spense, Madeline R. Daley, Mabel Rowley and Cora Carr. The pianist for the cantata was Mrs. Arthur C. Power.

COTTAGE PRAYER MEETING.

The first of the series of cottage prayer meetings, in connection with the coming evangelistic campaign to be held in the near future in the Waterloo street Baptist church, was held last evening at the home of Deacon John Nott in Wall street. The meeting was largely attended and great interest was manifested throughout the service. Rev. J. A. Swetnam, pastor of the church, delivered an address dealing with the coming campaign.

MADE IN CANADA

One of the best investments of your life

YOU'LL make one of the best investments of your life when you have your Ford equipped with Hassler Shock Absorbers. You'll get a new joy in riding. There will be no perceptible bumps, jolts or sideways—even on the roughest roads. There will be an absolute saving in tires, upkeep and depreciation costs which will pay for the Shock Absorbers times over—giving you comfort free.

We couldn't afford to make these statements if we didn't know that Hasslers would prove up to them. We couldn't afford to make the following wide-open offer.

Go to any Hassler dealer and have a set of Hasslers put on your Ford while you wait. Use 'em 10 days the hardest way you know, and if they don't meet your highest expectation, the dealer will take them off and refund your money without question.

You can get Hasslers for any model of Ford car or truck. Insist on being supplied with them. If, for any reason you cannot obtain them, write us at once.

"Only Hasslers Can Give Hassler Results."

Hasslers can be produced at all dealers.

CHURCH'S COLD WATER Alabastine

Beautiful color effects are produced by dabbing Alabastine on the wall with a sponge. The coloring of your furnishings are matched perfectly. Moreover, with correct coloring and careful sponging, walls can be made to resemble closely the very fabric of your draperies.

Church's Cold Water Alabastine only is used. There are no expensive tools to buy and very little time is required to put it on.

The Alabastine Opaline Effect needs no wall preparation and it covers any roughness or bad spots in the wall. It does not soil or mark easily.

Send for our booklet of sample designs and full information. You will be surprised and delighted with this wonderful new idea in decoration.

The Load?

- YOU intend buying a truck. You have a varying quantity and weight to move from one place to another in each working day. Can you transport the necessary quantity daily in one-ton loads? If so, you should buy a Ford One-Ton Truck rather than a heavier truck.
- Because:
- (1) The first cost of a heavier truck is at least three times that of a Ford One-Ton Truck.
 - (2) A heavier truck demands the employment of a more expert and consequently a higher paid driver.
 - (3) The operating cost of a Ford One-Ton Truck is only a fraction of that of the heavier truck.
 - (4) Service—which is so essential in the operation of commercial vehicles—is always available "round the corner" when you own a Ford Truck.

Call up the nearest Ford dealer, he can prove these statements by cold hard figures from the experience of others. Dealers are now able to make delivery of the Ford Truck Chassis equipped with standard Stake, Express or Canopy Top body.

Ford Motor Company of Canada, Limited, Ford, Ontario

LOCAL NEWS

LATE POPE'S WILL

Rome, March 3.—The late Pope Benedict when he died was possessed of no property "except those few belongings which before my assumption of the Roman pontificate were already publicly registered in my name and located in the communes of Pagli, near Genoa and Bologna."

These belongings were left by him to his nephew, the son of his brother Giovanni Antonio Della Chiesa. The pontiff disposed of all his personal estate after his elevation. "These facts became known today when the will of Benedict was opened. It was dated Feb. 20, 1916, and its contents indicated that it was drawn while the Pope reflected on the terrors of the war."

TO SELL THE ASSETS.

A meeting of the creditors of John E. Porter, of Wilson's Beach, who made an assignment recently, was held yesterday afternoon in the office of the Canadian Credit Men's Trust Association. Porter's assets are \$2,000 and his liabilities about \$2,900. The creditors present instructed the trustees to sell the assets to the best advantage possible. Two of the largest creditors were appointed to act with the trustees. Those present expressed their utmost sympathy with Mr. Porter, as his assignment was made necessary by the poor fishing season, in which business he was engaged.

THE UNITED SALES CO.

BLACK FOXES AT SUSSEX. (Sussex Record.) Near Sussex there are two large black fox ranches, The Kings County Silver Black Fox and Fur Co., Ltd., and the Silver Black Foxes, Ltd., both of which are forging ahead and with much success. A visit to the Sussex ranches is most interesting. Many of the silver foxes are very tame and will eat candy or biscuit from one's hand. They will come right up to the wire netting, showing little fear of visitors. Tame foxes can be much more easily managed than wild ones and the chances of their breeding and raising their young to maturity are infinitely greater than in the case of wild foxes, which go crazy at the sight of a stranger in the ranch. The whole fox enterprise, which was unduly inflated a few years ago, is now down to hard pan and has become an industry of noteworthy proportions. An increase of sixty-six per cent. in the price of silver black fox featured the fur auction sale held at Winnipeg on Monday.

GIRLS' BRANCH OFFICERS. Reports of a successful year were received at the annual meeting of the girls' branch of the W. A. of St. Paul's church held last night at the residence of Miss Alice Walker, 166 Princess street. The branch has about eighteen members, and during the year it completed an outfit for a pupil at an Indian mission school. The branch is at present engaged in making another outfit. Mrs. A. H. Crowfoot, first vice-president, Miss Ethel Melick, second vice-president, Mrs. F. G. Sancton, recording secretary, Miss Dorothy Hickson, doctress secretary, Miss Ruth Monks, treasurer, Miss Alice Walker; E. C. D. treasurer, Miss Elizabeth Hoyt; left secretary, Miss Winifred Upham; right secretary, Miss Kathleen James, and substitutes, Mrs. Sancton and Miss I. McArthur; diocesan board representative, Miss Irene Bayler. Minard's Liniment prevents Spanish Flu.

BRITAIN AND EGYPT.

The New York Herald pays a tribute to British policy in relation to South Africa, Ireland, Egypt and India. British subjects everywhere may well contemplate with the greatest satisfaction the fruits of British policy ever since the beginning of the nineteenth century. Its first fruits were observed in the British provinces now a part of the Dominion of Canada. More and more freedom of action was granted, and the people remained faithful to the throne and built up this great Dominion. South Africa received the boon of self-government when there were many who feared it would result in separation from the Empire. The peculiar difficulties in the way of a settlement of the Irish question here long a bar to home rule, but now here is an Irish Free State and it is relieved with confidence that the relations between Great Britain and Ireland will be more cordial than ever before, while the overseas states of the Empire rejoice in the change. Now has come the turn of Egypt. The British protectorate over that country is ended and Egypt becomes a sovereign state. The terms are:

(a) Security of the British Empire communication;
(b) Defence of Egypt against all foreign aggression and interference, direct or indirect;
(c) Protection of foreign interests in Egypt and protection of minorities;
(d) Guarantees for British interests in the Sudan.

A cable from Cairo says that Sarwat Taha, who had before declined to be premier of Egypt, is now in hearty sympathy with the government plans. We quote: "The letter of Sarwat to the Sultan says that the cabinet considers that Egyptian national aspirations will be satisfied by the immediate declaration of Egypt's independence and subsequent negotiations regarding guarantees. The cabinet will draft a new constitution and a new electoral law providing for the establishment of ministerial responsibility and create a foreign minister looking to diplomatic and consular representation abroad. The letter of Sarwat concludes by calling on the nation to support him and to maintain peace and concord."

The guarantees referred to were elaborated in a recent speech by Mr. Lloyd George, who said: "We are prepared to make agreements with the Egyptian government on those matters in a spirit of mutual accommodation. I must make another point clear. We regard the special relations between ourselves and Egypt defined in this clause as a matter concerning only ourselves and the government of Egypt. Foreign powers are not concerned. And we purpose to state this unmistakably when the termination of the protectorate is notified to them. The welfare and integrity of Egypt is necessary to the peace and safety of the British Empire, which will always, therefore, maintain as an essential British interest the special relations between itself and Egypt long recognized by other governments. The definition of these special relations is an essential part of the declaration recognizing Egypt as an independent sovereign state. His Majesty's government have laid them down as matters in which the rights and interests of the British Empire are vitally involved and they cannot permit them to be questioned by any other power. In pursuance of this principle, they would regard as an unfriendly act any attempt at interference in the affairs of Egypt by another power and they would consider any aggression against the territory of Egypt as an act to be repelled by all means at their command. On the other hand, we of course accept the protection of foreign interests and minorities in Egypt as a responsibility inseparable from the special position which we claim in the country."

Concerning the Sudan, the British prime minister said: "The combined efforts of Great Britain and Egypt were needed to rescue this vast country from devastation and ruin into which the Mahdi's movement had plunged it. His Majesty's government will never allow the progress which already has been made and the greater promise of the future years to be jeopardized, nor can His Majesty's government agree to any change in the status of that country which would in the slightest degree diminish security for the many millions of British capital which already have been invested in its development. Egypt, on the other hand, has an undeniable right to the most ample guarantees that the development of the Sudan shall never threaten or interfere with her existing water supply or with that which she may require in order to bring her own territory under full cultivation. Such guarantees His Majesty's government will be ready to afford and there is no reason why they should in any way hamper or retard the progress of the Sudan."

It was in November last that Viscount Allenby urged the withdrawal of the protectorate and the bringing into effect the chief proposals made by Lord Winer. He continued to press for this action, was finally summoned to London to confer with the government, and assented to his point. This appears to be a

very happy solution of the Egyptian problem, and as in the case of Ireland will end a situation that had become acute. The problem of India remains.

THE PROTESTANT ORPHANS

The name of St. John Protestant Orphans' Home is to be changed to the New Brunswick Protestant Orphans' Home, and a large provincial institution is to be established as soon as the money is available. This is greatly to be desired. In the two Homes of the organization there are now more than one hundred children, and deserving cases are continually being turned away because the Homes are taxed to capacity. Splendid work has been done in the last three or four years, but very much more must be done. The call comes to the whole Protestant community of the province, which has never made proper provision for the care of the orphans. The very efficient and energetic board of management deserves the fullest support in its efforts to secure a large and fully equipped provincial institution, where children who would otherwise suffer and perhaps die, or at least begin life under most unfavorable conditions might be given the care and the nourishment and training which are essential to healthy, happy and useful manhood and womanhood. When there is an institution meeting the requirements, and such an organization as will get the children as quickly as possible, after they have been made healthy and strong, into good foster-homes, the Protestant community may assume that it has done its duty fairly well, although if we had a proper system of mothers' allowances it would be possible to hold together a good many homes that under present conditions must be broken up and the children scattered. Along with the plea, therefore, for a larger orphanage, should go a campaign for mothers' allowances. The one supplements the other and both are necessary.

Mr. Lloyd George will retain the premiership. His Unionist colleagues have requested it, and Mr. Austin Chamberlain has made it clear that it was on request of their party that the prime minister accepted the office. Mr. Lloyd George desired to serve under Mr. Balfour, or Mr. Bonar Law, but it was represented to him that in the national interest he should accept it. He did so, and Mr. Chamberlain pays him the tribute of saying: "We have told him that we value his leadership in the government and the cabinet, that we value the co-operation of his Liberal colleagues, and that we think no government constituted as a purely party government could have brought the country through the dangers of war as his combination has done." It is said there are some Conservatives who still oppose the premier, but in view of the action taken by the Unionists in the cabinet, their influence will not seriously disturb him.

A new generation has arisen since Mr. William Shaw was most actively interested in public affairs, but the news of his death recalls to the older folk a delightful personality and a man whose popularity was unbounded. Of commanding figure, deliberate in his movements, and outwardly serious of aspect, Mr. Shaw possessed a rare vein of quiet humor, and his companionship was a constant pleasure to his associates. He was deeply interested in the welfare of the city, served it well as a member of the city council and was for quite a number of years one of its representatives in the legislature. Upright in business, faithful to his duties as a citizen, he leaves the record of an honorable and useful life.

Sir Donald MacMaster, whose death is announced, was a Canadian who pursued a brilliant career both in this country and in England. He served in parliament, both in Ottawa and London, but the greatest triumphs of his career were attained in the legal world. Sir Donald was one of the most eminent constitutional lawyers of his time. Though in recent years he lived in England, he never lost touch with Canada, whose interests he was ever ready to promote. Canada has sent many notable men to the mother country, and one of the most successful in his own profession was Sir Donald MacMaster.

The defeat by a vote of 254 to 65 of an amendment to the Irish Free State bill proposed by Unionist members proves that the British parliament is in no mood to put obstacles in the way of the Irish settlement. In Ireland De Valera still finds himself in a minority. De Valera is steering a steady course with excellent prospects.

ST. JOHN AUTHOR DEAD IN MEDFORD

Medford, Mass., March 3.—Funeral service for James Langdon Mack, eighty-one years old, for more than thirty years a writer for the Youth's Companion and a cripple since the age of twelve, will be conducted from his home here tomorrow. He was born in St. John, N. B.

THE LEAGUE RUSSIA WANTS

"If only the Genoa conference would establish a League of Nations." —La Democratie Nouvelle (Paris).

THE OLD NAVY.

The captain stood on the carronade: "First lieutenant," says he, "Send all my merry men aft here, for they must list to me: I haven't the gift of the gab, my sons—because I am bred to the sea. That ship there is a pirate, who means to fight with us. And odds bobs, hammer and tongs, long as I've been to sea, I've fought 'gainst every odds—but I've gained the victory!"

"That ship there is a pirate, and it we don't take she, he, 'Tis a thousand bullets to one, that she will capture we, I haven't the gift of the gab, my boys, so each man to his gun; if she's not mine in half an hour, I'll flop each mother's son. For odds bobs, hammer and tongs, long as I've been to sea, I've fought 'gainst every odds—and I've gained the victory!"

We fought for twenty minutes, when the pirate had enough, "I little thought," said he, "that your active only by the establishment of an entente between Britain and the United States such as Mr. Balfour has done so much to accomplish. Community of language, culture and ideals make for mutual respect and understanding. The new Anglo-American entente is not an alliance, nor yet is it a conspiracy; it is not a mutual admiration society, nor yet a club with which to coerce, but an understanding that will set up the best of British traditions and ideals as the standard to be followed when solving its problems. No praise is too great for Mr. Balfour, therefore, in this regard. Mr. Wickham Steed said, when he was in Montreal a few weeks ago, that a greater Mr. Balfour than ever the great Mr. Balfour was ever seen with and arisen at Washington, and it was the more and greater Mr. Balfour that made so much possible that was achieved. There was a natural mal attitude at Washington which secured for the policy of the Washington conference the wholehearted support of Great Britain and the United States, and the only thing that each of these nations regrets is that the measure of success achieved, invaluable though it is for the world, is less great than had been hoped for. Courage, boldness and a high spirit are among the most conspicuous traits of the great order. One who has been so delectably honored, though not half so much as he deserves. Mr. Balfour has rendered yeoman service to renew and strengthen the ties of friendly relationship between the two great English-speaking sections of mankind, and for this cause his name will pass down through history as the one who, above all others, cleared the murky political and other skies and who handled immense problems of exceeding complication in a manner devoid of haggle—always dignified and statesman-like. Mr. Balfour has by his conduct at Washington won the trust and affection of not only the multitude of his own fellow-countrymen, but also the admiration and the confidence of United States citizens as well. If the courage and the horrors of war, both by land and sea, have been relegated to permanent oblivion, then the name of Mr. Balfour will be written large in the pages of future history as one of those who made such a happy contingency possible. The happily conceived and well-merited compliment paid to Mr. Balfour is viewed with much pleasure everywhere by those who love peace and eschew war.

"My merry men," said he, "I haven't the gift of the gab, my lads, but yet I thankful be, You've done your dooty handsomely, each man stood to his gun. If you hadn't, you villains, as sure as a day, I'd have flogged each mother's son. For odds bobs, hammer and tongs, as long as I'm at sea, I'll fight 'gainst every odds—and I'll gain the victory." —Capt. Marryat (1792-1846).

LIGHTER VEIN.

What Cohen Had. Cohen was a local salesman for a New York woolen concern. The depression in business being serious, he was willing to go out the way for an order. One day, in spirit that reflected recklessness as well as hope, he reflected a prospective buyer out to dine. The guest picked up the menu, studied it, and ordered from soup to nuts. The waiter turned to Cohen. "What will you have, sir?" Cohen despairingly replied: "Gimme tea and a vertical, respresenting motion into a circular movement. The principal part of the machine is a huge disk that revolves in a vertical plane. The force is applied through the axis of the disk and the hardest substance, by mere impact may be reduced to any shape."

A Real Sport.

"I'm afraid my husband is thoroughly imbued with the gambling spirit," said a woman to her neighbor. "Why so?" "I said to him yesterday: 'Did you go and see Dr. Thompson?' 'No,' he answered. 'Dr. Thompson's sign read 11 to 2 while Dr. Smith's office adjoining said 10 to 1, so I chose the doc that gave the best odds.'" —Boston Transcript.

Septimus Wagge met his chum the other day. "I say, Bill, I wotched a wonderful machine at our shop this mornin'."

"And how does it work?" asked Bill. "Well, the reply, 'by means of a pedal attachment, a fulcrum lever, a vertical, respresenting motion into a circular movement. The principal part of the machine is a huge disk that revolves in a vertical plane. The force is applied through the axis of the disk and the hardest substance, by mere impact may be reduced to any shape.'" "What is this wonderful machine?" asked Bill. "A grindstone," was the reply.

The Surprise. (From the Kansas City Star.) "A parcel of his neighbors gave Jurd Lopp a birthday surprise party tuther night," related a resident of the Straddle Ridge, Ark., region. "Somehow the word sorter punctuated around to Jurd that they were comin, and on the morning of his birthday he woke up with the grip. He got worse during the day and by night he was feeling meaner than thunder and plumb hostile. He loaded up his old shot-gun and 'lowed 'bout, if anybody surprised him they'd run themselves ragged getting away from there."

"Well, did they sure enough surprise him?" "You bet! They found out how he felt about it, and didn't come."

BIRTHDAY PARTY

About twenty friends of Mrs. Josh Cheeseman, Prospect street, Fairville, invaded her home on last Tuesday evening to celebrate her birthday. Mrs. Cheeseman was made the recipient of several useful presents, for which she expressed her thanks. Refreshments were served. Use Minard's Liniment for the Flu.

BALFOUR'S BRILLIANCE

(Montreal Gazette)

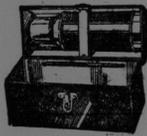

Mr. Lloyd George eulogized Britain's great philosopher-statesman at a banquet given in his honor the other night in exceptionally felicitous terms, and which Mr. Balfour was entirely worthy of. What the Right Hon. Arthur Balfour accomplished at the Washington conference table was characterized by the British Premier as "one of the most notable contributions statesmanship has ever made for the sum of human peace and human happiness." He added the well-merited addendum "the distinction and dexterity with which he handled the affairs of this country at Washington filled our hearts with real pride." With which sentiments there will be universal acquiescence throughout the length and breadth of the British Empire, where it has been generally conceded that all through the deliberations Mr. Balfour has outdone even his own well-known and proverbial brilliance for diplomacy. But Mr. Balfour did even more than this by the effective manner in which he brought the two great English-speaking races much nearer together to each other than ever they have been before. The peace of the world can be rendered effective only by the establishment of an entente between Britain and the United States such as Mr. Balfour has done so much to accomplish. Community of language, culture and ideals make for mutual respect and understanding. The new Anglo-American entente is not an alliance, nor yet is it a conspiracy; it is not a mutual admiration society, nor yet a club with which to coerce, but an understanding that will set up the best of British traditions and ideals as the standard to be followed when solving its problems. No praise is too great for Mr. Balfour, therefore, in this regard. Mr. Wickham Steed said, when he was in Montreal a few weeks ago, that a greater Mr. Balfour than ever the great Mr. Balfour was ever seen with and arisen at Washington, and it was the more and greater Mr. Balfour that made so much possible that was achieved. There was a natural mal attitude at Washington which secured for the policy of the Washington conference the wholehearted support of Great Britain and the United States, and the only thing that each of these nations regrets is that the measure of success achieved, invaluable though it is for the world, is less great than had been hoped for. Courage, boldness and a high spirit are among the most conspicuous traits of the great order. One who has been so delectably honored, though not half so much as he deserves. Mr. Balfour has rendered yeoman service to renew and strengthen the ties of friendly relationship between the two great English-speaking sections of mankind, and for this cause his name will pass down through history as the one who, above all others, cleared the murky political and other skies and who handled immense problems of exceeding complication in a manner devoid of haggle—always dignified and statesman-like. Mr. Balfour has by his conduct at Washington won the trust and affection of not only the multitude of his own fellow-countrymen, but also the admiration and the confidence of United States citizens as well. If the courage and the horrors of war, both by land and sea, have been relegated to permanent oblivion, then the name of Mr. Balfour will be written large in the pages of future history as one of those who made such a happy contingency possible. The happily conceived and well-merited compliment paid to Mr. Balfour is viewed with much pleasure everywhere by those who love peace and eschew war.

COUNTRY DOCTORS, NEW STYLE.

(New York Evening Post)

The old practitioner who jogged over country roads in a creaking sulky, his tools and vials in a rusty valise, ready for everything from boils to angina pectoris, and known to everybody as "Doc," was more likely to be a "character" than an expert physician. Sometimes he was as able and self-sacrificing as in Sarah Orne Jewett's story, "A Country Doctor." Sometimes he was a blundering Homai. Of late better-prepared men have been going into country practices, but it is difficult to get them. Last summer a Berkshire township had to vote a money guarantee. To the means of overcoming the universal prejudice of young graduates for the city field resident Pritchett devotes some suggestive pages in the latest report of the Carnegie Foundation. To it is not, as the Berkshire township thought, merely the poor pay that is a deterrent; nor does the fear of intellectual isolation bulk large. Modern practitioners find their conditions of work unsatisfactory unless they have the use of a laboratory and opportunities to consult other physicians. Modern practitioners are growing discontented with their old facilities. Twenty years ago few country women in the middle west thought of going to a hospital for child

Thermos Lunch Kits

The workman used to carry his sandwiches, pie and coffee in a two-story tin pail. By lunch time the sandwiches were dry as chips, the pie was mashed flat, and the cold coffee was unfit for human consumption.

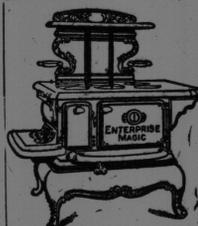

THE THERMOS LUNCH KIT affords a new measure of convenience in packing and carrying food—the most sanitary way to keep it fresh and wholesome. For those who take their lunch to the shop, office or school, the Thermos Kit is the ideal food carrier, protector and preserver.

birth—many had no medical care at all. Now they go in thousands. When men- sionable ailments occur, patients once left to the local malpractitioner are hurried to city specialists. County hospitals for the tubercular—in this state they are mandatory—are multiplying. This development of hospitals and health cen- tres is an inevitable part of the reorgan- ization and centralization of country life.

HOW HE LEARNED
OF ENGAGEMENT

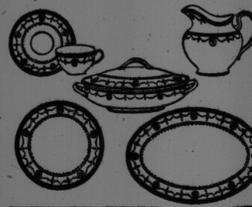

North Country Story of Princess Mary

Earl was Worried and Spoke to King About it—A Notable Case in English Court—News Topics of Empire Metropolis.

(From Our Own Correspondent.)
London, Feb. 9.—There is a sparkling little episode of high comedy connected with Princess Mary's engagement to Viscount Lascelles. It happened that the princess was with her father and mother, as guests at a very distinguished house party given at his fine North Country residence by one of the best known and most popular peers in Great Britain. It was just about the time of the crucial decision which settled Princess Mary's engagement. It was regarded by the royal circle as almost a fait accompli, but was still a profound secret. Viscount Lascelles was also one of the house party, and his assiduous attentions to the princess, and the absolutely undisguised way in which the two young people monopolized each other's company, rather scandalized the illustrious host. It seemed to him in his old-fashioned innocence that advantage was being taken of his roof to pursue a course of conduct that might give great offence to Their Majesties, and the fact that the princess appeared to be a willing accomplice only made things a great deal more embarrassing.

So, after taking thought over the af-

fair, the noble lord in question, who is one of the oldest and closest friends of the present king, approached His Majesty, discreetly commented on the situation and its unfortunate embarrassments, and frankly offered to make some suitable excuse for breaking up the house party forthwith, if that course seemed an expedient one to his royal guest. It was only when King George gave a genial smile, and, while expressing appreciation of his host's foresight and consideration, declared that there was not the least occasion for any uneasiness. Then the actual position of things and the carefully guarded court secret, soon to be officially made public, dawned on the burly earl.

More Work For Thor.
Clubland is cynically amused at the announcement that Mr. Lloyd George has joined the ranks of the landed gentry. He has purchased from Lord Ashcombe an estate of some seventy acres at Churt, a delightful little Surrey village in the beautiful country between Haslemere and Farnham. Here he intends to build a house and settle down when administrative cares cease from troubling, and a new prime minister is installed at 10 Downing Street and the Welsh Wizard is called upon to surrender his official tenancy at Chequer. He has entrusted the planning of his future home to Phillip Tilden, architect. It is said that the cost of the house itself, apart from the value of the land on which it is built, is to be somewhere in the neighborhood of five thousand pounds.

The prime minister could hardly have chosen a more pleasant spot for his private residence. Churt is buried in the southwest corner of Surrey, away from railways and somewhat off-the-main road. Quite near the estate are the famous Devil's Jumps, where, so the legend goes, the Devil was in the habit of jumping from mound to mound until he was stopped by Thor, who threw a huge block of sandstone rock at him. The natives will show you one rock—the summit of one of the mounds. The prime minister's political opponents are asking what measures Thor will adopt when Lloyd George settles down in his new home and engages in his favorite occupation of leaping nimbly from one mound to another?

A Coming Cause Celebre.
The big city lawyers whose very lucrative occupation is to use, or it may be to abuse, commercial law, are very much interested in a cause celebre which, unless a settlement is reached, should come next term before the imposing gen-

A Hoover Removes the Drudgery From Housecleaning

Old fashioned housecleaning with its upset rooms, its tiresome beating rugs and sweeping is a task all women shun.
Modern housecleaning—with the Hoover is simple, easy and pleasant.
Before you tear things up we are anxious to show you, in your own home, how efficiently the Hoover will clean Rugs and Carpets, revive their dimmed colorings and straighten up their crushed nap without any of the tiresome work and upset that has always accompanied the carpet-cleaning task.

We want to demonstrate without any obligation on your part, that it is no longer necessary to remove rugs from the floors in order to clean them thoroughly. With this condition successfully met, a great part of the drudgery connected with the housecleaning season is done away with.

After you have seen how completely the Hoover removes every particle of dirt from your floor coverings—even deep, embedded grit that is so very destructive, you will not want to attempt your housecleaning without one.

Remember! Only the Hoover combines the three essentials of thorough cleaning—**BEATING, SWEEPING and AIR SUCTION**
It is manufactured by the largest makers of electric cleaners in the world and has our unqualified recommendation. Easy terms of payment will be arranged if desired.

HOOVER SPECIAL \$69.50 **BABY HOOVER \$57.50**
Call or phone for demonstration.

Each day your skin is changing

PERHAPS you have always felt that your skin was something you could not change.
You are mistaken; your skin is what you make it.
Every day it is changing in spite of you; old skin dies, and new takes its place. By the right care you can make this new skin what you will.

FIND the right treatment for your special type of skin in the famous booklet "A Skin You Love to Touch" which is wrapped around every cake of Woodbury's Facial Soap.

Skins differ widely in their needs—and the treatment that is best for one skin may fail to benefit another. That is why the famous Woodbury treatments for each different type of skin have been formulated.

By using the right treatment for your skin you can bring about a noticeable improvement in its color, smoothness, texture.

USE Woodbury's regularly in your daily toilet to keep your skin in a fresh, soft, smooth condition. If used persistently, Woodbury's has a markedly beneficial effect on the skin as an organism. It stimulates the pores and blood vessels and gives the skin tissue firmness and tone.

A 25 cent cake of Woodbury's Facial Soap lasts a month or six weeks. The Andrew Jergens Co., Cincinnati, New York, and Perth, Ontario.

Made in Canada

pleasant task, but he had been devoting a night a week to it for months.

The Harem Vogue.
In place of the trailing draperies that once characterized the robe intime (writes a lady correspondent), Parisian designers are exploiting the harem vogue, the hem of the new negligee being so fashioned as to suggest Turkish trousers. Wonderful color schemes—in which flame and gold shares priority of popularity with sapphire and silver—characterize these Oriental creations, which are sleeveless. With the harem boudoir gown are worn Turkish sandals of gold or silver brocade, with turned up pointed toes and elaborate ankle bands. Pyjamas are increasingly ephemera—quilted confections of crepe and lace, with an elaborate jumper effect by way of "coat," and lace-trimmed, be-ribboned trousers. They, too, might be paragonably mistaken for another style of elaborate rest-robe, rather than a mere sleeping suit.

Mannequins Unveil La Mode.
To the discreetly distant strains of a hidden gramophone, Lary Duff-Gordon's famous mannequins took the stage one afternoon this week, in the Hanover Square salons, to display the new season's creations to a privileged gathering. Some wonderful new shades of golden bronze, like ripe corn with the sun on it, and delicate powder blues, with a hint of silver in their lustrous folds, aroused little murmurs of rapture. These shades, writes a lady correspondent, with black, white and grey, are apparently to dominate. Skirts and costumes indubitably of ankle length reveal Louis heeled shoes of antique or delicate kid. Glowing capes to match the frocks beneath them, little sac costume coats, with the very low waistline, point to a continuation of the classic contour for the very slim woman.

Mrs. Smith-Wilkinson.
The harem vogue is daintily expressed in a creation of Oriental flamboyance, with a jewelled headdress—flaming barbarically splendid ear-pendants that shimmer like the Hanover Square salons from the most imperious Sultana in the Arabian Nights. Gossamer black lace and chiffon gowns revealed startling flesh-colored under-dresses. I noticed that each mannequin paused, in semi-obedience before the seat of honor in the centre of the front row. Anticipating the presence of royalty, or at least a peeress of the realm, I turned my eyes to the magic chair. Its occupant was Mrs. Smith-Wilkinson, horn spectacles and birds of paradise complete; the celebrated Nottingham lady whose sartorial exploits, to the tune of hundreds of thousands of pounds,

DYE OLD DRESS COAT, SKIRT WITH "DIAMOND DYES"

Each package of "Diamond Dyes" contains directions so simple any woman can dye or tint her worn, shabby dresses, skirts, waists, coats, stockings, sweaters, coverings, draperies, hangings, everything even if she has never dyed before. Buy "Diamond Dyes"—no other kind—your perfect home dyeing is sure because Diamond Dyes are guaranteed not to spot, fade, streak, or run. Tell your druggist whether the material you wish to dye is wool or silk, or whether it is linen, cotton or mixed goods.

caused so much comment recently in the London papers.

BOWES-McNAUGHT.
(Sussex Record.)
St. Francis Xavier church, Sussex, was the scene of a happy event on Tuesday, Feb. 28, at 8.30 o'clock, when Miss Anna Loreita, eldest daughter of Mrs. Ellen McNaught, and Arthur T. Bowes of St. John were married by Rev. W. J. Mallette, with nuptial mass. The wedding march was played by Miss Vina McNaught, cousin of the bride. The bride looked charming in navy blue suit with white tie and hat to match, and carried a little prayer book. The bridesmaid,

UNIONISTS IN THE GOVERNMENT ASK PREMIER TO STAY

Oxford, England, March 3—Austen Chamberlain, government leader in the house of commons, in an address here this evening announced that after consulting his colleagues in the cabinet he had given Prime Minister Lloyd George an unanimous reply that they considered it necessary in the national interest that the premier should continue to carry on the government.

"We have told him that we value his leadership in the government and the cabinet, that we value the co-operation of his Liberal colleagues, and that we think no government could have brought the country through the dangers of war as his combination has done."

"The slightest repugnance has yet been shown by the 'Die-hard' Conservatives, whose opposition to the leadership of the prime minister is primarily responsible for the present crisis. They are co-operating with the Ulsterites in the house of commons in putting up a stiff fight against the Free State bill by presenting amendment after amendment."

THE NURSE IN PUBLIC HEALTH

(Department of Health Bulletin.)

Until fairly recently communities have been well satisfied with their efforts along welfare lines, if they could maintain a fairly good hospital and be sure of a reasonable supply of doctors and graduate nurses within easy call.

They felt that if an accident should occur, if anyone should fall over that high cliff that follows along the side of the walk, their very fine ambulance, provided for just such contingencies, would quickly arrive, pick up the unfortunate at the foot of the cliff and rush him to their first class hospital, where the surgeon would do his best to save life and repair the damage done.

Prevention has stepped in however, to show us a broader, safer, more economic policy. Today public opinion, everywhere, is demanding that we erect a road stout fence along the top of the cliff; our citizens, especially our children, must be prevented from falling over that cliff.

The public health nurse is privileged today to be a very essential factor in all public health work, especially preventive work. She is first of all a public servant and equally at the service of every member of the community. She must be a woman of education, familiar with all types of nursing, of a broad experience, having a knowledge of people and having, in addition to her three years hospital training, a training along public health lines; the knowledge of how to prevent disease, and how to instruct the public to live in order that they may avoid disease.

The P. H. N. becomes, in her town or area, a sort of "medical watch dog"—or instance it is her duty to detect communicable diseases early among the school children; to report all suspected cases promptly to the physician or health authorities; to teach the value of isolation of contagious and infectious cases; to parents; to watch over the general nutrition and health habits, in fact to assist the parent and the teacher to turn out a healthier and wiser citizen. She watches over the health of the mother through the Prenatal Clinics and her own self; she sees to it that pregnant women seek the advice of their physician early and through the Well Baby Conferences, she watches the condition of the infants and small children and, where necessary, assists and instructs the mother in a difficult art of infant feeding.

In her trips from school and clinic to the homes she quickly becomes the confidant of the community and, soon the "Nurse" advice becomes as the "Law of the Medes and Persians."

Visit a town blessed with a competent public health nurse who has been a year or two at the work and who has had good community co-operation. Then visit a town which has never known the services of such a woman and compare the two towns for yourself.

Look into the matter of school attendance, pointing to the improved health record of the children; examine the infant mortality rate, the maternal accidents of the two towns, ask the doctors what they think and call on the hospital superintendent.

You will find both the latter report that they have never been so busy before, but they are doing a large amount of preventive work, work which will prevent future disease and disability. The trained nurse has been forced, as it were, into this work chiefly because she seems to be so far the only person suited to the post. Her knowledge of disease and nursing training, aided by co-operation from physicians, makes it possible for her to accomplish this work in a cheaper and more comprehensive way than it could be done by any other known agency.

A Profitable Profession for Women

McLean Hospital Training School for Nurses offers a three years' course in the care and treatment of nervous and mental diseases, with affiliations that also offer training in medical, surgical and obstetrical work. Instruction consists of lectures and practical work on the wards. Board, room and laundry are furnished and an allowance of \$30 per month for the first and second years, and \$45 per month for the third year. This course is open to young women who have had one year or equivalent in high school. Entrance at any time during the year. For information apply at once to

STRIKE MAY KILL SEALING SEASON

St. John's, Nfld., March 3—The demand of twenty-seven ship's engineers for higher wages may prevent the annual hunt of the Newfoundland sealing fleet, due to start next week. Owners of the nine steamers of the fleet, each of which carries three engineers, said today that the venture had been a losing one for the last three seasons, and that they would abandon it this year rather than grant the engineers' demands. They expressed the opinion that it would be impossible to find men to take the engineers' places.

Twelve hundred seal hunters are now on their way to this city from various parts of the colony for the hunt, which often proves hazardous and which, in many seasons, has involved the loss of lives and vessels among the ice floes. The seals hunted in these waters are not fur-bearing, but are sought for oil and leather products made from their fat and skins.

DOKEY'S DANCE

ANOTHER EFFORT TO END MILL STRIKE

Providence, R. I., March 3—Renewed attempts to settle the Rhode Island textile strike which has closed many mills for six weeks and thrown 17,000 operatives out of work, are to be made by the state board of mediation and conciliation. A meeting of the board has been called for tomorrow morning.

Strike leaders in both the Pawtucket and Blackstone valleys held meetings today and decided upon "intensified picketing" to commence Monday, at all mills where strikes are in progress.

A crowd of 1,500 strikers led by Thomas F. McMahon, president of the United Textile Workers of America, visited the state house here this afternoon to demand legislation for a forty-eight hour week.

A BOOST FOR ST. JOHN.

(Montreal Gazette)

The port of St. John, N. B. and the splendid facilities existing there for handling passenger traffic, were a considerable revelation to Sir Thomas Fisher, K.B.E., general manager of the Canadian Pacific Steamships, Limited, in Europe, according to his own admission upon arrival in Canada a day or so ago. What is true of St. John as an up-to-date Canadian port is in like degree applicable to our own port of Montreal, during the St. Lawrence season, where it is unanimously agreed that the arrangements made for the handling of business are superior to a great many of the biggest European ports, and certainly stand second to none to the very best equipped anywhere.

LITTLE FRIEND OF ALL THE WORLD

In an effort to give the present scout leaders as much help as possible and to give prospective scout leaders an insight into scouting our leadership training committee, of which Lt. Col. W. H. Harrison is chairman, and R. Hugh Bruce, member, has drawn up the following programme. We trust that every scoutmaster, cubmaster, assistant scout and cubmaster will make it his business to attend every session. We also hope that they will bring along a friend who, they believe, is interested and willing to enter the movement.

The secretary will be glad to hear from anyone desirous of taking up this work and will arrange for a place in the course for him. Please address any communications of this nature to the District Secretary, P. O. Box 334.

The programme is as follows:—
Scout Leaders' Training Course, St. John District Council.

A short term session of six weeks on the leadership of boys. Sessions held Wednesday evening at seven-thirty o'clock, March 8-April 12, Trinity Sunday school hall, Charlotte street.

Wednesday, March 8.
7.30 p. m.—Registration.
7.45 p. m.—Course opened by the president.

8.00 p. m.—Address, "The Need of the Scoutmaster and His Place in Scouting." Discussion.
8.30 p. m.—Instruction period "Tender-foot Tests."

9.15 p. m.—Social hour and refreshments.
Wednesday, March 15.
7.30 p. m.—Roll call.
7.35 p. m.—"The Patrol System." Discussion.

8.15 p. m.—"Demonstration of troop meeting on the patrol system."
Wednesday, March 22.
7.30 p. m.—Roll call.
7.35 p. m.—"The Badge System and Vocational Guidance." Discussion.

8.15 p. m.—Scouting sign-making.
9.00 p. m.—Games. Assignment: Introductory chapter of handbook reference to promise, law and daily good turn.
Wednesday, March 29.
7.30 p. m.—Roll call.
7.35 p. m.—"The value of Games in Scouting." Discussion.

8.15 p. m.—"Kim's Game and Compass."
9.00 p. m.—Games. Assignment: Handbook, chapter on scouting games.
Wednesday, April 5.
7.30 p. m.—Roll call.
7.35 p. m.—"The Importance of a Weekly Programme." Discussion.

8.15 p. m.—Second Class First Aid and Bandaging.
9.00 p. m.—Games. Assignment: Handbook, pages 442 to 457 on First Aid.
Wednesday, April 12.
7.30 p. m.—Roll call.
7.35 p. m.—Campcraft: selection of sites, essentials of camping, etc.

8.15 p. m.—Scout yell and choruses and patrol calls.
9.00 p. m.—Social hour and refreshments.
A short course such as this can be a help only if every session is attended.

HE CRITICIZES SOME CLERGYMEN

Letter from Dean Wace of Canterbury on "Violation of Law and Neglect of Moral Obligations."

London, Feb. 8.—(By Mail.)—The shaking of confidence in church teaching has become a subject of newspaper discussion. Dean Wace of Canterbury, in a letter to the press, has created interest by the publication of the following protest to which are attached signatures:—

"We beg to raise a solemn public protest against the violation of law, and neglect of moral obligations, which are now allowed to prevail among many of the clergy of the Church of England.

"Solemn pledges given at ordination are to a large extent disregarded. Clergy who have declared, before God and man, that they unfeignedly believe all the Canonical Scriptures of the Old and New Testaments, are proclaiming that the four Gospels contain elements of legend respecting the birth, life, and resurrection of our Lord; and, ignoring all that negative criticism, they treat the narratives of the Pentateuch as unhistorical and the testimony to them in the Psalms and the New Testament as unreliable. Professors in Holy Orders and other dignitaries openly give opinions respecting our Lord's nature which are admittedly inconsistent with the received Creeds of the church. The strict promises required at ordination as regards the observance of the Book of Common Prayer are treated by many as having little or no binding force. In the order of the Holy Communion this abuse is flagrant. Vestments, ornaments, ceremonies, and even prayers, are introduced which were rejected by our church in the sixteenth and seventeenth centuries, and which avowedly reinstate the doctrine and ceremonial of the Roman church. A systematic discipline of private confession, as a condition precedent to absolution and communion, is openly and insistently imposed; and, in the words of the royal commission, many practices which lie on the Romanward side of a line of deep cleavage between the Church of England and that of Rome are widely prevalent. The result is that, in any parish in our country, parishioners may find themselves under a ministry of a rationalising or Romanising character, and are without a remedy, because the bishops will neither allow them to appeal to the law nor take action themselves.

"Thus the whole basis of the Church of England, as established by law, is being undermined, and, in this unjust and injurious state of things we have no resource but to make this protest. We desire to see the observance of the doctrine and worship prescribed by the Book of Common Prayer and the Articles of the Church of England, which are formally acknowledged by all clergy to be agreeable to the Word of God; and we appeal to the authorities of the church to maintain the rights of members of the Reformed Church of England in their sacred interests."

The circular letter is as follows: "We take the liberty of submitting to your consideration the enclosed protest against the disorders now prevalent within the Church of England and of inviting your signature to it. It is proposed to present it to the archbishops and bishops, and then to publish it in the press. We hope that its contents sufficiently express its motive and purpose." The letter bears the following signatures: Lindsey, Gisborough, Hollenden, E. Graham Ingham, Bp., H. Wace, Edward Clarke, W. Johnson-Hicks, Ellis Cunliffe, T. W. H. Inskip, F. C. Davies, J. F. W. Deacon, H. E. Fox, S. H. Gladstone, J. Russell Howden, Arthur W. Sutton.

Sciatica for Years But is Well Again

WHY CL. LACHANCE RECOMMENDS DODD'S KIDNEY PILLS.
Quebec Man Relieved of Long Suffering Spasms Fraises of Dodd's Kidney Pills.

Petite Vallee, Gaspé Co., Que., March 3.—(Special)—Mrs. Charles Lachance, a well-known resident here is shouting the praises of Dodd's Kidney Pills. "I had sciatica and rheumatism," Mr. Lachance states. "My trouble started from a cold. I perspired freely with the least exertion. My limbs swelled. "Then came the sciatica and rheumatism, and for six years I was a sufferer. "I took six boxes of Dodd's Kidney Pills. Now my health has come back and I tell everyone who suffers from sciatica, rheumatism or kidney trouble to use Dodd's Kidney Pills."

Dodd's Kidney Pills act directly on the kidneys. They put the kidneys in condition to strain the uric acid out of the blood. Without uric acid in the blood there can be no rheumatism or sciatica. Ask your neighbors if Dodd's Kidney Pills do not make healthy kidneys.

PRESBYTERIAN CHURCHES

FIRST PRESBYTERIAN CHURCH WEST ST. JOHN.
Take West St. John car to Champlain street.
At eleven Rev. Dr. Morrison preaches on "REVERENCE AND THE AGE SPIRIT."

LOCAL NEWS

GIRLS ONE AHEAD

There were thirty-three births in the city during the week, sixteen boys and seventeen girls. Five marriages were performed during the week.

MRS. MARY J. WILSON

The death of Mrs. Mary J. Wilson occurred yesterday at her home, 175 Paradise Row, after a short illness. She was the widow of J. Archibald Wilson and is survived by three sons and three brothers. The funeral will be held on Monday afternoon at two o'clock from St. Paul's church.

VISITING OFFICIAL

George Spencer of Montreal, chief operating official of the Board of Railway Commissioners, arrived in the city this morning and had a conference with J. W. Woodman, general superintendent of the C. P. R. New Brunswick division, who returned today after an inspection trip over the northern section of the district.

RELATIVES LIVE HERE

The death of Mrs. Annie Elizabeth Wright, wife of Lyander Wright, occurred at her home at Debec Junction, on February 28, after a short illness. She was a daughter of the late Dr. J. Vaughan, and is survived by her husband, one sister, Mrs. J. S. Flewelling, of this city, one brother, C. J. Vaughan, of Montreal, and her step-mother, Mrs. Fannie L. Vaughan, of St. John.

NINETEEN DEATHS

There were nineteen deaths in the city during the week, from the following causes:—Senility, four; pneumonia three; intestinal obstruction, two; convulsions, cerebral tumor, chronic myocarditis, mitral regurgitation, cardiac degeneration, broncho-pneumonia, interstitial nephritis, pyaemia (puerperal infection); pulmonary tuberculosis, one each.

THE FIREMEN'S FUND

George Blake, chief of the fire department, is in receipt of a check for \$50 from Jos. A. Likely in appreciation of the way the men handled a fire in his building at the corner of Coburg and Union streets on Wednesday morning. The check is for the firemen's fund and was accompanied by best wishes for Chief Blake and the St. John Fire Department. Mr. Likely referred to the extreme climatic conditions with which the firemen were faced and commended their work highly.

TO SAIL ON MONTCALM

Sir Thomas Fisher, European general manager of the Canadian Pacific Steamships Ltd., and Lady Fisher, who were expected to sail today on the Tunisian will remain in Montreal for a few days and will sail on the S. S. Montcalm next Friday. Other prominent officials going to England on this liner will be W. R. MacInnis, vice-president of the Canadian Pacific Railway, and J. M. Bosworth, chairman of the Canadian Pacific Steamships Ltd. The Montcalm is due her Sunday afternoon or evening from Liverpool with 201 cabin and 82 third class, in addition to 1,800 tons of general cargo and 2,108 bags of mail.

HYDRO MATTERS

Question of Municipal Ownership Under a Commission.

(Contributed by Hardware Clerks Association.)

In the opinion of those who have given careful and thoughtful study of the matter of municipal ownership and distribution of hydro-developed electricity, the best result will be obtained by a commission of three responsible citizens acting in an advisory capacity, without remuneration, and a competent engineer carrying on the operation, responsible to them for results. This commission appointed for a definite period, free from any influences which might be detrimental would be able to produce and operate a system of distribution both efficient and economical.

Under the administration of a commission, Toronto has achieved most wonderful results. When the distribution system was being built in that city, it was first as a branch of a civic department, but upon completion a commission of three prominent citizens was appointed to carry out its operation, and they were given power to ask for municipal debentures for extensions and improvements. The city council did not interfere with the commission in its staff appointments, and left the responsibility of the conduct of the distribution entirely to the commission. The results have fully justified the expectations of those who were in favor of municipal ownership and distribution.

The policy of the Toronto commission is very similar to that of the Hydro Electric Power Commission of Ontario, and is set forth as follows:

- 1 To set aside from earnings a sum sufficient to meet the interest on debentures used to build the system.
- 2 To establish a sinking fund to provide for the elimination of the debentures when they mature.
- 3 To set aside a fund that will maintain the plant, and replace it when worn out.

Under this commission rates in Toronto were reduced from 8 cents per k. w. h. to 4.4 cents per k. w. h. the first year, and at the present time the cost to the domestic consumer is 2.2 cents per k. w. h.

This has been accomplished in competition with a company firmly established and efficiently managed. The results have proved that a municipality can successfully compete with a private corporation, and obtain lighting and power rates otherwise impossible.

Very similar results can be brought about in St. John under municipal ownership and distribution of the Musquash power, if operated by a commission.

The majority of citizens realize that an opportunity has now been offered them to obtain greatly reduced lighting and power rates, and also at the same time to free themselves from control by a monopoly, and a decision by the city council is anxiously awaited. Every day's delay adds considerably to a loss that might have been avoided, but will not deter the citizens from taking steps, regardless of any action by the city council, to obtain for themselves the full benefits made possible by the Musquash developments.

BRIDGEWATER MAN HAS A FOOT AMPUTATED

Bridgewater, N. S., March 4.—A. L. Harrison, station master here, had his foot amputated following an accident in which he slipped and went under a railway car.

DISMANTLING THE PUMPING STATION AT SILVER FALLS

Not Now Necessary for City Water Supply—Consumption Trebled in Seventeen Years.

A crew of men from the water department is now at work dismantling the machinery in the old water pumping station at Silver Falls, so Commissioner Jones of the water department announced today.

Prior to the extension of the water mains to Loch Lomond, he said, the higher levels of the city were poorly supplied, and as a result complaints of want of water were frequent. This state of things continued for a long period and finally the sufferers became impatient for an improved service that the engineer at the time, the late William Murdoch, recommended the installation of a double section duplex pump, capable of raising 2,000 gallons a minute as a means of relief to the then existing situation.

In 1898 the pump was installed, and soon afterwards the water, which formerly reached only the basements of the dwellings in the higher levels, was raised to the cisterns in the upper flats. It was not, however, until the completion of the Loch Lomond extension that the water supply to all parts of the city became entirely satisfactory.

When the conduit was extended to Lake Latimer an additional head of 135 feet was obtained and the pump at Silver Falls abandoned in 1907. The Little River reservoir is held in reserve. By damming the valley in this vicinity the water of Little River was expended to an extent of about 55% acres, and upon this source of supply we must depend hereafter in the event of any serious disturbance occurring in the line west of Lake Latimer.

Increased Consumption.

"I would seem to me," he said, "that there is either an enormous consumption of water or a very great waste in our system, if we may judge by comparison of the records. In 1908 the consumption was given as 5,217,000 imperial gallons; it is now nearly 16,000,000 gallons daily."

"I find in the 1911 report of the late William Murdoch this reference to the pump, which I believe was the last time it was put in action: 'The pump was operated during the afternoon of November 30, to assist the pressure while Lake Latimer water was shut off to repair No. 2 conduit; but it made no improvement in the service and was stopped at five p. m.'

"Recently the engineer, the superintendent and myself visited Silver Falls for the purpose of making an inspection of the pumping plant and the building in which it is installed. We found that the building housing the turbines had been broken into, the door of the pump house (a brick building) had been forced, the frame and rear window smashed, and one of the driving belts stolen. The structure enclosing the rope transmission is in such a bad state that it would be money wasted to attempt repairs to it.

"The engineer recommended, and I endorsed his recommendation, that the plant be dismantled, all portable property, rope, driving belt, pulleys, etc., be brought into the city, and, if not found useful in the department, be sold. When the machinery is all removed it is my intention to have the building boarded up to prevent depredations of a like character in future."

POLICE COURT

Four witnesses gave evidence this morning on a charge against Robert Stafford of acting together with Leo Hayes in stealing two cases of Black and White whiskey from Raymond Tobias, 18 Brunswick street, on January 13. The evidence was similar to that given in the case against Hayes.

Mr. Tobias told of going out for the evening and returning to find the whiskey gone. He recovered it later from Alexander McDermid, he said. Mr. McDermid told of buying the two cases of liquor for \$60. The two defendants were there, he said.

Miss Patchell said she worked for Mr. Tobias. She went out on the evening of the thirteenth, and when she returned found the front door open, with the key hanging in the lock. The door could have been opened from the outside while the key was in it, she said, because she had tried to do this and had succeeded.

Thomas M. Stephens testified that he saw the two defendants coming out of the front door of the house as he was turning home on the night in question. The case was postponed for further evidence. E. J. Henneberry appeared for the defence.

Three men pleaded guilty to charges of being drunk. One of them said he got it from a man and drank it on Smythe street. They were remanded to jail.

The magistrates told the sergeants to have the protectionists brought before him on Monday so that he would have an opportunity to see whether there were any common vagrants among them.

Albert Dougherty failed to appear this morning at eleven o'clock when the case against him, charged with selling liquor in his beer and cigar store on Union street, was to be resumed. A deposit of \$200, which he had put up for his appearance, was forfeited. W. M. Ryan appeared for the prosecution.

MAKES HER DELICIOUS PROFESSION IN FRANCE

(New Freeman)

Belatians in this city have recently received word of the transfer of Sister St. Augustine, religious of the Good Shepherd, from Angers, France, to the convent at No. 6 Rue Camille, Paris. Sister St. Augustine, who was Miss Katherine McLaughlin of this city, was the only English-speaking sister among thirty young religious who recently pledged their vows in religion before the Bishop of Angers. Sister Augustine was the only English-speaking sister in the number and was privileged to make her vows in English. One of the sisters has been transferred to Cairo, Egypt, and another to Mt. Lebanon, Syria.

Sister St. Augustine is a daughter of the Rev. Joseph McLaughlin, C. S. S. R., of London, Ontario. Entering the novitiate of the Good Shepherd at the Mother House in New York, Sister St. Augustine was later sent to France where she completed her novitiate. The prayers and the good wishes of her many friends in St. John will follow her in her chosen sphere of endeavor.

A. Ernest Everett THE HOUSE FURNISHER

91 Charlotte Street

Every home maker desires furniture that is beautiful as well as durable. Beauty's attractive power is as strong and immutable as the Law of Gravity, and the need of it is felt by all who build new homes or refurbish old ones. Such Suites as the one illustrated carry with them the air of grace and quality, and are so strongly built that they are in line to become family heirlooms. Call and see our stock.

HONOR DONE A. J. BALFOUR GIVES PEOPLE PLEASURE

Now Sir Arthur, as He is Made Knight of the Garter by King George.

London, March 4.—The king's honor to Mr. Balfour, who now becomes Sir Arthur Balfour, has been received with general appreciation...

It is said that he has four times resisted royal pressure to accept a peerage, the latest occasion reported to have been when he returned home recently from Washington.

The Garter is rarely bestowed upon a commoner, the most notable recent occasion being 1918 being Sir Edward Grey.

Strictly speaking, however, the latest honor to receive the decoration was Count Lascelles, who married Princess Mary on last Tuesday.

JAMAICA CONSIDERS OBSTACLES TO CHINESE Immigration. Kingston, 4th March.—A proposal has been submitted to the legislative council which would prohibit Chinese and any aliens who might be considered undesirable from landing except they pass a test proving they are not illiterate and pay \$1,000.

NOTICES OF BIRTHS, MARRIAGES AND DEATHS, 50 CENTS.

BIRTHS. MACKENZIE.—To the wife of Roy H. Mackenzie, 186 Sydney street, on March 3, 1922, a daughter.

MARRIAGES. ROSS-BURROWS.—In Truro, N. S., by Rev. E. A. Kirby, on Feb. 26, Frank V. Ross to Ella M. Burrows.

DEATHS. WATERS.—At her late home, 45 Metcalf street, North End, on a lingering illness, Mary Lois, wife of M. Jarvis Waters and daughter of the late Henry Harper.

IN MEMORIAM. EARLE.—In loving memory of Mary Earle, died March 3, 1922. Gone, but not forgotten.

Funeral on Monday afternoon at 2:30 o'clock from 45 Metcalf street. Friends and acquaintances respectfully invited to attend.

LOCAL NEWS

MISSIONARIES HERE.

Rev. Father Mark, C. P., of Boston, and Rev. Father Joachim, C. P., of West Hoboken, N. J., who will, with Rev. Father Beale, C. P., open a mission in the Cathedral parish tomorrow, arrived in the city this afternoon.

DEBATE POSTPONED.

The latest debate in the Inter-Society Debating League, scheduled for tomorrow afternoon in the Y. M. C. I. auditorium has been postponed for one week, so officials of the league announced this morning.

THAT AFFIDAVIT

Charles Gorman has made the necessary affidavit establishing his amateur standing. Frank Garnett made the affidavit some days ago. Copies of the affidavit are being sent throughout the province.

THE BOYS AND THEIR CITY.

Forty-five boys in the public library this morning listened with keen interest to a talk by A. M. Belding on Ourselves and Our City, in which the speaker sought to impress upon their minds a sense of civic duty and responsibility, even for the youngest among them.

NOVELTY DANCE

Reserve Friday evening, March 10th, for the grand novelty dance to be held in the Pythian Castle by the St. John Power Boat Club.

AWAY AGAIN TONIGHT

The steamship Canadian Navigator, which was disabled in the Bay of Fundy on Tuesday night and which was towed back to this port, will sail for Halifax this evening.

IN THE MARKET.

Business was fairly good in the city market this morning, although the demand did not nearly equal the supply on hand.

BLANEY-GIFFORD.

A pretty but quiet wedding was performed this afternoon at the home of the bride, when Rev. S. P. Poole united in marriage Miss Mildred E. Gifford, daughter of Mrs. M. T. Gifford, 15 Cranston avenue, and Frank W. Blaney of Swamscott, Mass.

LOOKING FOR RELATIVES.

Catherine V. Lynch, social service worker at the Medford State Hospital, Medford, Mass., has written the common clerk of the city, asking for an information obtainable regarding the present location of relatives of William J. Wilson.

THE DOLLAR TODAY.

New York, March 4.—Sterling exchange irregular. Demand 499-8. Canadian dollars 211-16 per cent.

HARBOR REVENUE IS LOOKING UP

Up to the Present Earnings Have Been More Than in 1921—An Increase of \$7,100 in January.

The slump in winter cargo movements, which was anticipated to some extent earlier in the season, is not expected to materialize so far as St. John at least is concerned, judging by the traffic which has passed through the port so far this year.

RURIED TODAY.

The funeral of Mrs. Katherine C. Corbary took place this morning from her late residence, 98 Elm street, to St. Peter's church for high mass of requiem by Rev. D. Coll, C.S.S.R. Interment was in the new Catholic cemetery.

IN WALL STREET.

New York, March 4.—Automobile shares and their specialties were the centre of an active selling movement during today's short stock market session.

LOOKING FOR RELATIVES.

Catherine V. Lynch, social service worker at the Medford State Hospital, Medford, Mass., has written the common clerk of the city, asking for an information obtainable regarding the present location of relatives of William J. Wilson.

STOMACH ULCER AND GALL STONES

After Suffering 25 Years, Completely Relieved by "FRUIT-A-TIVES"

MR. EDWARDS
Maplehurst Farm, Hillhurst, P. Q.
"I am in my 78th year. About 25 years ago I began to have trouble with my stomach. One doctor said I had Cancer; another said Ulcer of the Stomach; another said Gall Stones; others Ulcer of the Liver and Inflammation of the Gall Bladder.
Three years ago I consulted one of the best specialists in Montreal. He said I must go to the hospital, have an Ulcer cut out of my stomach and gall stones removed. I was then 74 years old. I said "NO."
Then I began to take "Fruit-a-tives." I found they helped me a lot, and I still take them occasionally, and I am so much better that my old friends often ask me what I have done to myself to look so well. I am gaining in weight and enjoying life very much."
H. W. EDWARDS.
60c. a box, 6 for \$2.50, trial size 25c. At dealers or sent postpaid by Fruit-a-tives Limited, Ottawa.

CARDS AN ISSUE IN THE BOYS' CLUB

Whether the boys should be allowed to play cards with proper supervision or whether cards should remain as they always have been, forbidden to the boys in the East End Club, was one of the chief matters considered at the meeting of the Playgrounds' Association yesterday afternoon in the Y. M. C. A. when W. K. Haley presided. It was decided to write to Mr. Atkinson, of the Federation of Boys' Clubs, to find out what was done elsewhere as it was felt the problem must be similar in all boys' clubs. In the meantime it was arranged to provide other games for the boys.
Mr. Haley reported that repairs were to be made to the entrance of the East End Boys' Club.
Miss Heffer, in her report as supervisor of the club, said there had been an average attendance of sixty boys each night in spite of the fact that skating was a great counter-attraction. One night had been spent at the Y. M. C. A. On another night films were shown at the club and on another a treat was provided by the Bonnie Doone club of Knox church. The Junior Bombs had had a coasting party and a second exhibition of physical work had been given. The boys had now on hand \$15 towards the new building fund. Thirty of the boys were preparing to give a minstrel show entertainment and men's and boys' worn out clothing would be most acceptable to aid in costuming the performers. The leaders' corps had made two chests and a door for their dressing room. A friend of the club had offered to use old lumber about the building and make a movable extension to the platform and this would be very useful for entertainments. The older boys were asking if they could not play cards and Miss Heffer said that she felt some games must be provided or the interest of these older boys would be lost and they would leave the club while it was still of great benefit to them.
The Indianapolis Boys' Club Association sent an invitation to its sixteenth annual conference and this was ordered acknowledged.
For the ladies' committee, Mrs. J. H. Doody reported that Mrs. A. M. Belding had been chosen by the ladies as second vice-president and this appointment was confirmed.
Mr. Belding reported on the scheme of the athletic association of the Commercial Club to organize the schools for athletics this season and the Playgrounds Association declined to offer full co-operation in this regard.
Mr. Haley, in speaking of the plans for utilizing the Rockwood Park playground, said that it would be best to secure the co-operation of the president of the athletic association of the Commercial Club.
The application of Miss Alice Hayes for the position of teacher for the summer playgrounds was received and accepted. Miss Hayes is at present training in physical work in Toronto.
PHILATHRAS AND Y. M. A.
The Philathras class and Y. M. A. of the German street Baptist church were very pleasantly entertained last evening by Mr. and Mrs. L. W. Simms, at their home, Manawagonish Road. Besides the members of the society, there were also present Rev. and Mrs. S. S. Poole, Mr. and Mrs. H. S. Davis and Mr. and Mrs. H. Canteliver. About 100 persons in all were congregated. A programme of music was given by the Y. M. A. orchestra, under the leadership of Dr. P.

Transferred to New York.
Gilbert, who has been the accountant at the Bank of Montreal, Chatham, has been transferred to New York. Bert Murdoch, a former Chatham boy, at present with the Shediac branch, will replace Mr. Gilbert.

sore muscles

Whether they come from bruises or overwork, sore muscles will quickly yield to the soothing effect of Absorbine, Jr.
Rub briskly into the muscles a few drops of Absorbine, Jr., and the inflammation which caused the pain will quickly disappear—and with it the pain. Keep a bottle on hand and be prepared for emergencies.
\$1.25 a bottle at W. F. YOUNG, Inc., 344 St. Paul St., Montreal.

Doctor Tells How to Strengthen Eyesight 50 Per Cent in One Week's Time in Many Instances

A Free Prescription You Can Have Filled and Use at Home
Philadelphia, Pa.—Do you wear glasses? Are you a victim of eyestrain or other eye weaknesses? If so, you will be glad to know that according to Dr. Lewis there is real hope for you. Many whose eyes were failing say they have had their eyes restored through the principle of this wonderful free prescription. One man says, after trying it: "I was almost blind; could not see to read at all. Now I can read everything without any glasses and my eyes do not water any more. At night they would pain dreadfully; now they feel fine all the time. It was like a miracle to me." A lady who used it says: "The atmosphere seemed hazy with or without glasses, but after using this prescription for fifteen days everything seems clear. I can even read fine print without glasses." It is believed that thousands who wear glasses can now discard them in a reasonable time and multitudes more will be able to strengthen their eyes so as to be spared the trouble and expense of ever getting glasses. Eye troubles of many descriptions may be wonderfully benefited by following the simple rules. Here is the prescription: Go to any active drug store and get a bottle of Bon-Opto tablets. Drop one Bon-Opto tablet in a fourth of a glass of water and allow to dissolve. With this liquid bathe the eyes two to four times daily. You should notice your eyes clear up perceptibly right from the start and inflammation will quickly disappear. If your eyes are bothering you, even a little, take steps to save them now before it is too late. Many hopelessly blind might have been saved if they had cared for their eyes in time.
NOTE—Another prominent physician to whom the above article was submitted, said: "Bon-Opto is a very remarkable remedy. Its constituent ingredients are well known to eminent eye specialists and widely prescribed by them. The manufacturers guarantee it to strengthen eyesight fifty per cent in one week's time in many instances or refund the money. It can be obtained from any good druggist and is the only one of the very few preparations I feel should be kept on hand for regular use in almost every family." It is sold in this city by all good druggists, including Watson's Drug stores.

"Be Sure You're Right"
Then Go Ahead—That's Mighty Sage Advice.
When you ask your druggist for a bottle of Syrup of Tar and Cod Liver Oil for that cough be sure you get
Dr. Wilson's Syrup of Tar and Cod Liver Oil

CASCARETS
For Constipated Bowels, Sick Headache, Sour Stomach, Bilious Liver
The nearest cathartic-laxative is the world to physic your liver and bowels when you have Dizzy Headache, Colds, Biliousness, Indigestion, or Upset, Acid Stomach, is candy-like Cascarets. One or two tonight will empty your bowels completely by morning, and you will feel splendid. They work while you sleep. Cascarets never stir you up, grip like Salts, Pills, Calomel, or Oil, and they cost only ten cents a box. Children love Cascarets too.

Grandma is Their Doctor

"ON an old-fashioned bureau in a house I know, lies a large-sized Testament with the binding well worn, and with it a much-used old copy of Dr. Chase's Receipt Book. When the calves have the colic or the neighbor's baby the earache, 'Grandma' hands out well-assimilated advice from the Dr. Chase Book. When 'Grandma' herself feels 'rui-down,' Dr. Chase's Nerve Food stands ready on the dining-room table among the salt and pepper shakers."
In these few simple words Mrs. Bert Smith, Way's Mills, Que., beautifully describes the way in which many a grandmother is a blessing to her family and to her neighbors as a guardian of health.
And what finer compliment can be paid to Dr. Chase's Receipt Book and Dr. Chase's Medicines than the approval of such mothers of experience as the one here described.
Just as in this home, Dr. Chase's Almanac hangs on the wall in the great majority of Canadian homes, and in the cupboard or medicine chest will be found one or more of Dr. Chase's Medicines ready for use in case of emergency.
If you did not receive a copy of Dr. Chase's Almanac it will be sent free by Edmanson, Bates & Co., Ltd., Toronto.

L. Bonnell. An exhibition of skill was given by some of the Y. M. A. members, with H. Canteliver referee. At the close of the evening refreshments were served by the hostess.
Mrs. Malcolm P. Woodley. Word was received in the city last night of the death of Mary Lillie, wife of Malcolm P. Woodley, at her home in Boston, Mass. She was the daughter of the late Henry and Amelia Welsford, of this city. She is survived by her husband, three daughters, one son, two brothers and one sister. The daughters are Mrs. A. May Downie, of this city; Lillian and Hazel, at home; the son is Malcolm W. C., of Florida; the brothers are Walter, of 111 Broad street, and William J., of Wolliston, and the sister is Mrs. Enoch W. Paul, of 48 Hazen street. Many friends in the city will regret to hear of the death of Mrs. Woodley.

Rheumatism Left Him As If By Magic!
Had Suffered Over 50 Years!
Now 83 Years, Yet A Big Surprise to Friends
Regains Strength Goes out Fishing, Back to Business, Relaxation, "URIC ACID"
How the "Inner Mysteries" Reveals Startling Facts Overlooked by Doctors and Scientists for Centuries
"I am eighty-three years old and I doctored for rheumatism ever since I came out of the army over fifty years ago," writes J. B. Ashelman. "Like many others, I spent money freely for so-called 'cures' and I have reached about 'URIC ACID' until I could almost taste it. I could not sleep nights or walk without pain; my hands were so sore and stiff I could not hold a pen. But now, after by magic, I am again in active business and can walk with ease or write all day with comfort. Friends are surprised at the change."
HOW IT HAPPENED.
Mr. Ashelman is only one of thousands who suffered for years, owing to the general belief in the old "URIC ACID" humbug. It took Mr. Ashelman fifty years to find out this truth. He learned how to get rid of the true cause of his rheumatism, other disorders, and recover his strength from "The Inner Mysteries," a remarkable book now being distributed free by an authority who devoted over twenty years to the scientific study of this particular trouble.
NOTE: If any reader of this paper wishes the book that reveals these facts regarding the true cause and cure of rheumatism, facts that were overlooked by doctors and scientists for centuries past, simply send a post card or letter to H. P. Clearwater, No. 235 N. Street, Hallowell, Maine, and it will be sent by return mail without any charge whatever. Cut out this notice and you forget! If not a sufferer yourself find this good news to some afflicted friend.

HOPE TO INCREASE ACCOMMODATION IN MEMORIAL HOME

A meeting of the board of management of the Provincial Memorial Home for children was held last evening in the president's office in Germain street. Arrangements were made at this meeting for a committee to be held this month. The committee, who were responsible

PITTABLE WRECK SAVED FROM EARLY GRAVE

"I couldn't sleep, my nerves were all unstrung, I was steadily losing weight."
"My husband is a mechanic and earns good wages," writes one woman. "We have six children between the ages of seven and fifteen. Both my husband and myself have denied ourselves actual necessities to give our children the best schooling we could afford. I have often stayed up all night making clothes for them or doing mending. Besides this, I have always done the washing and ironing for the night of us. I also do the scrubbing and the cooking. The outcome of this was that I was doing more than any human being could stand and so broke down. I became a complete nervous wreck. I was reduced to a skeleton. I was in such a nervous, high strung condition that the least excitement would start me on a crying fit which I couldn't control. This breakdown meant keeping my children from school to help in the housework, because I couldn't do anything as the least exertion left me a wreck. I was the finest example of a complete nervous breakdown that you ever saw. Every tried several preparations but none of them did me any good. One day my husband came in and said, 'I see a preparation in a drug store that might do you good. Why don't you get a bottle?' They say it doesn't do you any good they will refund your money." I believe that advice of my husband's saved my life because seven weeks after I started taking Carmel I was doing more work than I had ever done before and was feeling stronger than I ever felt in my life." Mrs. T.

Pains After Eating

Today thousands are afraid to eat because of the pains that follow even a light meal of good and wholesome food. Nether Seigle's Syrup, taken after meals, has helped tens of thousands to enjoy their food, and put an end to the pains and miseries of indigestion. Sold in 50c. and \$1.00 bottles at drug stores.

LABOR'S ATTITUDE ON HYDRO PROBLEM

The Trades and Labor Council meeting last night was well attended and was presided over by F. S. A. Mullin, the president. The report of the delegates who attended the New Brunswick Federation of Labor convention in Moncton was read. The hydro-electric power question was discussed and the council endorsed the petition being circulated by the citizens' committee asking the city council to take over and distribute the power. The daylight saving question was discussed, but as a plebiscite had been taken last year no action was taken in this matter by the council. President Mullin reported that he had attended a meeting where harbor commission was

Big Job for St. John Man

The appointment is announced of Otto R. Sharp as assistant general manager of the Bank of Montreal.
Mr. Sharp was born in St. John in 1883. He entered the service of the Bank of Montreal at Halifax when only sixteen years of age. Since that time he has steadily climbed the ladder to more important offices. As a junior clerk he served at various branches of the bank and had the benefit of five years experience in Winnipeg and the west.
Returning to the east he occupied the position of assistant manager at Quebec, afterwards being appointed inspector. Later on he spent two years as manager of the bank's important branch at Mexico City. He was recalled to Montreal in 1914 to take over the duties of secretary of the bank and was later promoted to the position of assistant to the general manager, a position which he has held until his present appointment as assistant general manager.

FITS

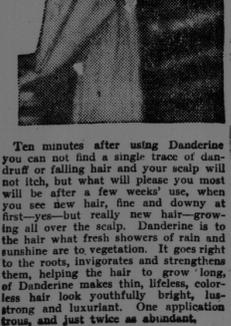

Send for free booklet. Fits of various kinds. Tremulousness of Trench's Nervine for Epilepsy. Fits—simple home treatment. Five years' experience. Over 30 years' success. Over 1000 in one year. Write to 307 St. James' Chambers, 74 Adelaide St. E., Toronto, Ontario.

A Bad Case Eczema All Over His Body—His Legs—His Arms Covered

John Clark of Pleasant Point, St. John County, N. B., writes a story of great interest into a few words.
"I was tormented beyond words. I could not sleep. I tried several doctors. They said I was scrofulous. Three dollar bottles of D. D. D. did all I need. I have had a sore for five months."
Each week we are selecting a letter from some Canadian sufferer to show what can be done to itching, burning skin. D. D. D. Stop that tick today. You are not asked to use D. D. D. for weeks before you receive results. If you don't get relief from the very first bottle we will refund your money back. It's a bottle. Try D. D. D. Soap, too.
D. D. D.
THE Lotion for Skin Diseases
For sale in St. John by E. Clinton Brown, druggist.
If you cannot come conveniently to our store, write to the D. D. D. Co., Dept. 58, 27 Lynn Ave., Toronto, and they will send you free trial bottle for 10c. which merely pays postage and packing.

"DANDERINE"

Grows Thick, Heavy Hair
35-cent Bottle Ends all Dandruff, Stops Hair Coming Out

Ten minutes after using Danderine you can not find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most will be after a few weeks' use, when you see new hair, fine and downy at first—but really new hair—growing all over the scalp. Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them, helping the hair to grow long. Danderine makes this, lifeless, colorless hair look youthfully bright, lustrous and luxuriant. One application treads, and just twice as abundant.

CHAMBERLAINS

The One Cough Remedy
That enjoys a world-wide reputation as a prompt and sure relief for coughs, cold and croup. It is good for the deep-seated cough of an adult. It is good for the persistent cough following grip or influenza. It is excellent for coughs, cold and croup in children. Keep Chamberlain's Cough Remedy by you—it is a friend in need.
35c and 65c
COUGH REMEDY

used and he was authorized to represent the council at any future meeting.
Lumber Operations.
Sussex has been quite brisk, giving work to a large number of men. The Harris mill has been running since October, employing about thirty hands, and Scott's mill at Upperton has also furnished work for a number of men. L. H. Reid expected to start his mill up again about the middle of March.

DOMINION C.B.Q. TABLETS
Stop Colds, Headaches, Neuralgia
You need not continually be inconvenienced by such ailments if you take proper precautions. A cold is quickly relieved by DOMINION C.B.Q. (Cascara, Bromide Quinine) Tablets—when it is merely a cold, but when more serious ill results from belittling its danger—the evil effects are sometimes incurable. DOMINION C.B.Q. Tablets are reliable and highly recommended; they relieve Headaches or Neuralgia in a few hours. Always keep a box with you.
At all druggists—in the Red Box.
NATIONAL DRUG AND CHEMICAL CO. OF CANADA, LIMITED

BAYER Aspirin
Genuine
WARNING! Say "Bayer" when you buy Aspirin. Unless you see the name "Bayer" on tablets, you are not getting Aspirin at all. Why take chances? Accept only an "unbroken package" of "Bayer Tablets of Aspirin," which contains directions and dose worked out by physicians during 22 years and proved safe by millions for
Colds Headache Rheumatism
Toothache Neuralgia Neuritis
Earache Lumbago Pain, Pain

Handy "Bayer" boxes of 12 tablets—Also bottles of 24 and 100—Druggists. Aspirin is the trade mark (registered in Canada) of Bayer Manufacture of Monocaceticacid of Salicylicacid. While it is well known that Aspirin means Bayer manufacture, to assist the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross."

"DANDERINE"

MOTHER! MOVE CHILD'S BOWELS WITH "CALIFORNIA FIG SYRUP"

Even Cross, Feverish, Sick Children Love its Fruity Taste and it cannot Injure Little Stomachs.

STOMACH TROUBLE

In five minutes "Pape's Diapepsin" ends Indigestion Gases Acidity Sourness Flatulence Palpitation
Take "Pape's Diapepsin" now! In five minutes your stomach feels fine. Don't bother what upset your stomach or which portion of the food did the damage. If your stomach is sour, gassy and upset, and what you just ate has fermented into stubborn lumps; head dizzy and aches; you belch gases and acids and eructate undigested food—just take a little Pape's Diapepsin and in five minutes you wonder what became of the indigestion and distress. A large case at drug stores.

FOR SALE REAL ESTATE

Strout's FARMS

New Catalog Illustrated, filled with government statistics and describing 1,200 farm bargains now offered by an organization which in the twenty-one years of its existence has sold over 30,000 improved farms throughout the thirty-eight states and Canadian provinces where it maintains branches. Farms on easy terms with stock, tools, furniture—ready for the spring's planting, offering pleasant self-supporting homes, steady jobs and bright futures. On page 11 you will find how \$300 gets a 60-acre farm on improved road, with cows, poultry, tools, furniture including 7 room house, barn, all only \$850. See page 31 for a 112-acre farm with house, 10 cattle, poultry, tools, crops, estimated 100,000 ft. timber; 200-bbl. apple orchard; 8-room house, 50-ft. barn, poultry house, only \$2,300, part cash. Page 21 describes a 240-acre farm secured with \$700; 110 room house, 8 barns, horses, 18 cows and calves, poultry, tools, etc., all \$3,800. Then on page 18 notice the 240-acre farm in famous farming district, cuts over 80 tons hay, grows alfalfa; lots fruit; equipped sugar bush 2 1/2 story brick house overlooking village, 100-ft. basement barn; stable, etc., horses, 18 cows and heifers, cream separator, full implements including 47,000 for all, only \$1,000 needed, fruit, truck, poultry, grain, cotton, stock, dairy and general farms to meet your requirements. The largest list ever offered for first payments of \$500 and less. This book has an enormous international circulation and you can't afford to buy without it. Get your free copy now. You can save time and money through our helpful coast-to-coast service. Write today. Strout Farm Agency, 284 E. J. Water St., Augusta, Me.

Decline in Eggs.

Montreal Gazette: A feature of the local egg trade yesterday was the much weaker feeling that developed in the market, and prices scored a decline of 2c. per dozen, which was attributed to the further weakness in the United States markets, and the continued liberal supplies coming forward here. At the lower level there was a fairly good demand for supplies to meet immediate requirements and sales of strictly fresh stock were made at 85c. per dozen.

WILL BE 117 YEARS OLD.

Toronto, March 3—Mrs. Sarah Maxwell, colored, a native of Pennsylvania, who has resided at Richmond Hill, Ont., for many years, says she will be 117 years of age on March 10.

LOCAL NEWS

The V. O. N. "well-baby" clinic was opened at West St. John yesterday afternoon, for the first time. Eighteen babies were in attendance. The emergency hospital at West St. John was used for the clinic, which was held in the surgical room, where the examinations were made by Dr. T. D. McGregor. Fourteen of the babies were given a thorough examination, while four others were weighed. Miss Hartling was the Victorian Order nurse in charge yesterday. Two members of the welfare committee, Mrs. R. J. Hooper and Mrs. S. E. Eikin, were present. The clinic will be held every Friday afternoon.

MONTEAL STOCK EXCHANGE.

Montreal, March 4. — (10.30). — The market was only moderately active during the first half hour this morning, but prices were steady. Brazilian strengthened a half to 86. Steamships preferred, one of yesterday's features in strength, sold unchanged today at 87 1/2. Power was unchanged at 87.

HEXATHLON SCORE HIGHER THIS YEAR

The St. John Y. M. C. A. Senior Hexathlon contest has been completed, and the final showing is one that the local association is proud of. The performances in each event were of an exceptionally high order. In the 160 yard potato race, all of the six high point winners scored more than ninety points each. In the fence vault, all of the six high point winners vaulted a bar well over six feet. Roy B. Cox vaulted 6 feet, 6 inches—just two inches below the Canadian record. In the running high jump five men jumped over 5 feet, the high scorer being George Hudson—5 feet, 3 inches. In the standing broad jump, 9 feet 1 inch was the lowest, with Lloyd Ryan high point winner—9 feet, 6 1/2 inches. In the 60 yard potato race, Leslie Kerr sprinted the distance in 14.8 seconds. In the 12 pound shot put, Andrew Malcolm touched the high spots in 40 feet, 6 1/2 inches. The total aggregation of points was 2,882, as against 2,947 last year—an increase of 385. The Canadian results of this contest will be awaited with interest in St. John. Last year more than 5,000 athletes in the North American Y. M. C. A. competed in this contest. Although the local association does not possess an outstanding star man, they have (which is infinitely better) a large group of high-average men. The star man will nose his way to the front as a matter of course; the group is what counts in the building of all-round athletic manhood.

160 Yard Potato Race: Points. Roy B. Cox, distance, 6 ft. 6 in. 93; F. Allan, distance, 6 ft. 4 in. 88; G. C. Cunningham, distance, 6 ft. 4 in. 87; R. B. Turner, distance, 6 ft. 3 in. 85; Lloyd Ryan, distance, 6 ft. 3 in. 85; W. Peters, distance, 6 ft. 2 in. 81.

1921 total, 568. Fence vault: Points. Roy B. Cox, distance, 6 ft. 6 in. 93; F. Allan, distance, 6 ft. 4 in. 88; G. C. Cunningham, distance, 6 ft. 4 in. 87; R. B. Turner, distance, 6 ft. 3 in. 85; Lloyd Ryan, distance, 6 ft. 3 in. 85; W. Peters, distance, 6 ft. 2 in. 81.

1921 total, 462. Running high jump: Points. George Hudson, distance, 5 ft. 3 in. 84; F. Allan, distance, 5 ft. 2 in. 83; E. Yeomans, distance, 5 ft. 2 in. 80; A. Malcolm, distance, 5 ft. 2 in. 80; A. Kerr, distance, 5 ft. 1 in. 76; Les Kerr, distance, 4 ft. 10 3/4 in. 67.

1921 total, 424. Standing broad jump: Points. Lloyd Ryan, distance, 9 ft. 6 1/2 in. 84; Roy B. Cox, distance, 9 ft. 4 in. 80; Andrew Malcolm, distance, 9 ft. 3 3/4 in. 79; R. B. Turner, distance, 9 ft. 2 in. 74; L. Kerr, distance, 9 ft. 1 in. 74; W. Wetmore, distance, 9 ft. 1 in. 67.

1921 total, 432. 60 yard Potato race: Points. L. Kerr, secs., 14.8 80; R. Patterson, secs., 15.2 75; A. Kerr, secs., 16. 70; C. Urquhart, secs., 15.1 70; E. Yeomans, secs., 15. 70; A. Malcolm, secs., 15.2 65.

1921 total, 345. 12 lb. shot-put: Points. A. Malcolm, distance, 40 ft. 6 1/2 in. 90; J. J. Murray, distance, 37 ft. 10 in. 89; S. Pinney, distance, 36 ft. 6 in. 69; A. Kerr, distance, 34 ft. 8 in. 66; R. B. Turner, distance, 34 ft. 7 in. 66; Lloyd Ryan, distance, 34 ft. 2 in. 64.

1921 total, 376. Totals: 1922, 1921. 160 yard potato race 556 508; Fence vault 519 462; Running high jump 470 424; Standing broad jump 467 432; 60 yard potato race 485 345; 12 lb. shot-put 435 376.

THE WRESTLING MEET.

Committee reports concerning preparations for the holding of the maritime wrestling meet will be presented at the regular monthly meeting of St. George's A. C. next week. Several answers have been received to the circulars sent out to all the clubs in the maritime provinces and these have been encouraging. St. Mary's A. C. of Halifax, announced its intention of sending several competitors, and other clubs have done as well. All the gold and silver medals have been donated and a cup will be offered for the best exhibition of the evening. Several boxing bouts will be staged to add variety to the programme.

TRENCH ITCH

Caused our Soldiers almost as much suffering as German Gas. Trench Itch did not stay in France but has spread over the whole country. Scores of persons everywhere, many in St. John, have this itching skin disease. TRENCH ITCH OINTMENT is the only known remedy. It gives instant relief. 50c and \$1.00 at all drug stores including Watson's 2 Stores.

GLADYS ROBINSON'S CASE ATTRACTING MORE ATTENTION

In connection with the case of Gladys Robinson the well-known Toronto lady skater, who was said to have defied the Maritime Provinces amateur skating authorities in St. John by giving exhibitions against their desire, Alderman Rubinstein, of Montreal, honorary secretary of the amateur skating association of Canada, when asked in Montreal yesterday what would be done by the officials of the skating association, refused to commit himself. He said: "Judging by the various and varying newspaper reports the case seems to be a very complicated one, and I must be excused from expressing my opinion until I hear the official reports from our representatives in the Lower Provinces." As the case involves a lady, we will have to doubtfully careful, the alderman finally added. Miss Robinson gave another exhibition in Sunny Brae rink, Moncton, last night. She received a report at a meeting next week. St. David's church has a large number of athletes in its congregation, and there promises to be a great future for the association when it is fully organized. It will stand for clean athletics and uphold the A. A. U. C. in its fight for strict amateurism.

ATHLETIC CLUB ORGANIZED

A proposal to organize an athletic association among the members of St. David's congregation was enthusiastically received at a meeting held last evening in the schoolroom of the church with Rev. J. A. MacKiegan presiding and a large number present. The decision to form an athletic association was unanimous. A committee consisting of Leslie Kerr, Allan MacGowan, and Jack MacGowan, was appointed to draft a plan for the proposed association's scope, constitution and aims, and to present a report at a meeting next week. St. David's church has a large number of athletes in its congregation, and there promises to be a great future for the association when it is fully organized. It will stand for clean athletics and uphold the A. A. U. C. in its fight for strict amateurism.

Great for Bad Coughs and Colds

MAKE YOUR OWN MEDICINE AND HAVE THE BEST THERE IS. You'll Say It's Good When All Mucus Disappears and Clean, Healthy Mucous Membrane is Your Reward. Here is an inexpensive home-made remedy that you can't beat and one that will quickly bring up that phlegm, stop the snuffling, relieve the clogged nostrils, make breathing easy and cause easy and persistent coughs to vacate—many times over night. Try it right away if you suffer from Catarrh, Chest Colds or any irritating nose throat troubles, and you'll be glad you run across this little bit of advice. Get from any druggist, one ounce of Parment (double strength) add to it a little sugar and enough water to make one-half pint. You can make it two minutes, and when it is mixed you can pride yourself on having a medicine that acts directly on the membrane of the nose and throat and acts so effectively that all phlegm, all tickling and inflammation speedily disappears.

DALHOUSIE PLAYS HERE TONIGHT

Final preparations have been made for the great struggle on the Y. M. C. A. floor this evening for the game between Dalhousie and the Trojans. The strong U. N. B. team stopped the variety group last evening in Fredericton and the fast-moving Trojans are out to duplicate U. N. B.'s feat. Dalhousie will arrive in the city on the Montreal train. The Trojan line-up will read, as follows: Urquhart and Fleming, forwards; Malcolm, centre; Kerr and McGowan, defences; Cross, Shaw and possibly Garrett, spares. Preceding this game, the Y. M. C. I. Intermediates and the Y. M. C. I. Intermediates will clash for the first time this season.

For Spanish Influenza

The Liniment That Relieves All Ailments. MINARD'S "KING OF PAIN" LINIMENT. ISOLATION SURRENDERED. Manchester Guardian on Royal Marriage Fealties. London, March 4.—The Manchester Guardian says editorially: "It must be confessed that during a large part of Queen Victoria's reign the English people watched with growing irritation the apparent boycot of almost all our eligible English bachelors in favor of Teutonic highness and serenity. In the centuries when the divine right of kings was still a dominant article of faith and so a moulding force in public affairs, the families of English kings married freely among their subjects. The school child of the Victorian reign found a strange contrast between the strictly controlled royal caste of his day and the apparent absence of any rigid bars in the centuries of less constitutional monarchy. The Guardian now welcomes as wholesome the return of the English practice that those sons and daughters of the sovereign on whom succession is extremely unlikely to fall should be allowed the happiness of marrying wherever their inclinations lead them."

TRENCH ITCH OINTMENT

St. Croix Courier—Miss Helen G. Mowatt, indefatigable worker in the interests of cottage craft which is carrying the fame of the women of Charlotte county far afield, held a winter picnic in the hall at Oak Bay one evening last week, where she was surrounded by about one hundred of her workers from Oak Bay, Levesville, Bayville, Rollingsdam and other sections. Miss Mowatt spoke interestingly of the work and, in the course of her remarks, called attention to the fact that more than \$12,000 was disbursed last year in this county in cottage craft work.

COULDN'T DO HOUSEWORK HEART WAS SO BAD

Many women get weak and run down and unable to look after their household duties owing to the heart action becoming impaired or the nervous system unstrung. Nature intended women to be strong, healthy and happy instead of sick and wretched. But how can a woman be strong and healthy when day in and day out she has to go through the same routine of work, sweeping, dusting, cooking, washing, etc. Is it any wonder that heart becomes affected and she gets irritable and nervous, has hot flashes, faint and dizzy spells, smothering and sinking spells and can't sleep at night. To all women whose heart is weak and whose nerves are unstrung we would recommend MILBURN'S HEART AND NERVE PILLS as the best remedy to tone up the system and strengthen the weakened organs. Mrs. Daniel Beanson, Loganville, N. S., writes: "As I was troubled with a weak heart for nearly two years I am writing to tell you what your great remedy, Milburn's Heart and Nerve Pills, has done for me. My heart was so bad at night I could not sleep, I would take smothering spells, and was so weak I could not do my housework. I tried two doctors, but got no relief. I used six boxes and am completely relieved. I think they are the best remedy for heart trouble there is. Price, 50c. a box at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont."

CUTICURA HEALS SCALES ON HEAD

Also Eruptions on Face. Very Disfiguring. "My trouble began with small patches of scales upon my scalp which spread and covered the top of my head. My hair became dry and lifeless and fell out. Soon the trouble appeared in circles on my face. The eruptions on my face were very disfiguring. A friend advised Cuticura Soap and Ointment. I sent for a free sample which helped me, so I bought more, and after using one box of Ointment, together with the Soap, I was healed." (Signed) George Best, Jr., Fall River, Wash. Give Cuticura Soap, Ointment and Talcum the care of your skin. Talcum Each Free by Mail. Address: "The Ointment Co., P. O. Box 103, St. Louis, Mo. Sold everywhere. Cuticura Soap always without charge."

Don't Let That Cold Turn Into "Flu"

Rub on Good Old Musterole. That cold may turn into "Flu," Grippe or, even worse, Pneumonia, unless you take care of it at once. Rub good old Musterole on the congested parts and see how quickly it brings relief. Colds are merely congestion. Musterole, made from pure oil of mustard, camphor, menthol and other simple ingredients, is a counter-irritant which restores circulation promptly and helps break up the cold. As effective as the messy old mustard plaster it does the work without the mustard plaster's sting and blister. During the "Flu" epidemic a few years ago Musterole was used in our training camps. The Y. M. C. A. War Board sent thousands of jars to France for our soldiers overseas. Doctors have been recommending it to their patients for years for colds, aches and pains. Just rub it on with your finger tips. You will feel a warm, tingling sensation that brings welcome relief. Avoid disappointment by asking your druggist for 2 1/2 ounces of Pinex with full directions and don't accept anything else. Your money is absolutely safe, satisfaction or money promptly refunded. The Pinex Co., Toronto, Ont.

WATERLOO

WATERLOO WILL NOT BLISTER. MAY EXCLUDE THREE PEERESSES. London, March 3.—Some confusion of opinion seems to prevail regarding the effect of Viscountess Rhonda's establishment of the claim of peeresses in their own right to sit in the house of lords. While most of the newspapers appear to be of the opinion that all bearing English or United Kingdom titles of peeresses are eligible to seats in the lords, the Daily Chronicle recalls a statement made by the solicitor-general, Sir Ernest Potter, in the house of commons that only nine, excluding Lady Rhonda, would be affected by the measure, as the remainder held peerages by special patent which would not confer the right to sit in the house of lords. If this dictum is correct, Princess Arthur of Connaught, who, as the Duchess of Fife, has been supposed to be eligible, Lady Roberts and Lady Wolsley will be excluded.

LIQUOR AND DRUG ADDICTS! ATTENTION!

Liquor and Drug habit positively cured by the Gatin treatment at your home or our private accommodation. For particulars Phone 36 1685, or address Gatin, P. O. Box 354, St. John, N. B. 1-7.

GIRLS! LEMONS WHITEN HANDS

Press the juice of two lemons into a bottle containing three ounces of Orchard White, which a few cents, shake well, and you have a quarter-pint of harmless, delightful lemon-bleach lotion to soften and whiten red, rough or chapped hands. This home-made lemon lotion is far superior to glycerine and rose water to smoothen the skin. Famous stage beauties use it to bleach and bring that soft, clear, rosy-white complexion, because it doesn't irritate.

JO-BEL The Wonder Salve

We invite all afflicted with piles, eczema, salt-rheum, itching, chafing, pimples, sores, boils, cuts, bleeding at the nose, cold in the head, to profit by the experience of those who have used our salve. It is far superior to glycerine and rose water to smoothen the skin. Famous stage beauties use it to bleach and bring that soft, clear, rosy-white complexion, because it doesn't irritate. Send for testimonial sheet. Sold by all leading wholesale and retail drug stores. Price 50c and \$1.00 per box.

CORNS

Lift Off with Fingers. Doesn't hurt a bit! Drop a little "Freezone" on an aching corn, instantly that corn stops hurting! Even shortly you lift it off with fingers. "Your druggists sell a tiny bottle of "Freezone" for a few cents, sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation. "Put one on—the pain is gone." They give immediate relief from the trouble in a short time. Coupon for Free sample. Take this coupon to any drug, shoe or department store and they will give you a free sample of Dr. Scholl's Zino-Pads. Name: Address: Note to dealers: Return this filled in coupon to Scholl Mfg. Co., Limited, 112 Adelaide St. East, Toronto.

HON. MR. COPP IN MONCTON.

(Moncton Transcript.) While in the city on Wednesday evening and previous to the public reception tendered him, Hon. A. B. Copp, M. P., secretary of state for Canada, was waited upon by Mayor J. Fred Edgett, and given a copy of the memorial to be presented to the federal cabinet of public works asking that the government have a new post office erected in Moncton in the immediate future and in a central part of the city. Hon. Mr. Copp spent a greater part of Wednesday afternoon with the Moncton and parish Liberal club members at their headquarters, Ferdinand Bourgeois, councillor for the parish, announced the conference of a private nature, but among questions discussed was the unemployment situation, and it is felt that this situation will shortly be remedied so far as the C. N. R. shops are concerned. The decrease in passengers carried and amount of revenue received from the ferry continues. In February the revenue from the ferry was \$2,986.04 from passengers and \$848.80 from teams. In February, 1921, it was \$2,146.66 from passengers and \$834.99 from teams. In the two months the decrease in passengers carried is 103,006, and in teams 462.

Co., Limited, 112 Adelaide St. East, Toronto.

Famous Old Recipe for Cough Syrup

Easily and cheaply made at home, but it beats them all for relief. Thousands of housewives have found that they can save two-thirds of the money usually spent for cough preparations, by using this well-known old recipe for making cough syrup at home. It is simple and cheap but it has no equal for prompt results. It takes right hold of a cough and gives immediate relief, usually stopping an ordinary cough in 24 hours or less. Get 2 1/2 ounces of Pinex from any druggist, pour it into a 16-oz. bottle, and add plain granulated sugar syrup to make 16 ounces. If you prefer, use clarified molasses, honey or corn syrup, instead of sugar syrup. Either way, it tastes good, keeps perfectly, and lasts a family a long time. It's truly astonishing how quickly it acts, penetrating through every airway, relieving the throat and lungs, loosens and raises the phlegm, soothes and heals the membranes, and grows and shrinks the inflamed tissues. It acts, penetrating through every airway, relieving the throat and lungs, loosens and raises the phlegm, soothes and heals the membranes, and grows and shrinks the inflamed tissues. It acts, penetrating through every airway, relieving the throat and lungs, loosens and raises the phlegm, soothes and heals the membranes, and grows and shrinks the inflamed tissues.

FIFTEEN BOILS ON NECK AT ONE TIME

Any one who has suffered from boils can sympathize with poor old Job. There was no Burdock Blood Bitters in those days, so Job had to suffer in silence. Now—a-days no one need endure the misery of boils. Boils are simply evidences of the bad blood within coming to the surface and just when you get rid of one, another seems ready to take its place and prolong your misery. All the poulticing and lancing you do will not stop more coming. What you have to do is take BURDOCK BLOOD BITTERS and the blood will be cleaned of all its impurities, and then every boil will disappear. Mr. Roy McSwain, High Bank, P. E. I., writes:—"I was troubled with boils for some time, and had as many as fifteen on my neck at once. After taking one bottle of Burdock Blood Bitters they commenced to get better, and after I had taken two bottles I was relieved of them and felt much better. I think B. B. B. is a grand blood medicine, and can recommend it highly." For the past forty-five years B. B. B. has been manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

MORNING NEWS OVER THE WIRES

Matthew Bullock, a negro for whose extradition the United States applied on a charge of attempted murder at Norfolk, N. C., was released yesterday at Hamilton by Judge Snider, extradition officer, and will not have to return to the United States. According to a despatch to La Presse, the Quebec provincial election will be held on May 11. A despatch from Quebec says that the election will more likely be held between June 12 and 24. Miss Hazel D. Montague, aged twenty-four, a native of Antigonish, N. S., was found dead in her room at Lynn, Mass., on Friday afternoon, with one of the gas jets open. It is thought that she committed suicide on account of homesickness. Harvey Church, convicted of killing two automobile salesmen, was hanged yesterday afternoon at 3:54 o'clock while still in the countess state as was seen in lately. Last minute attempts on the part of his attorneys failed to save him. Sir Donald MacMaster, a native of Williamstown, Ont., and a former member of the Canadian House of Commons and the British parliament, died last night in his home in London, Eng. He had an unusually brilliant legal and parliamentary career. A telegram was received at St. Andrews on Thursday announcing the death in New York of Sister St. Theda, formerly Miss Bessie Conkley of St. Andrews. A branch of the Protestant Federation of Patriotic Women has been started in Toronto, and it is hoped to make the movement an all-Canadian affair soon. Mrs. A. E. Gooderham, former president of the I. O. O. E., is the head of the new order. News has been received from Fiume, Italy, that the Fascist revolutionists have taken the city and set up a government. President Zanella and his followers have fled to Buceari, a town near Fiume.

CARMICHAEL QUILTS

Toronto, March 3.—Hon. D. Carmichael, representative of the Ontario government on the Ontario hydro-electric commission, this afternoon in the legislature announced his resignation from the commission. Mr. Carmichael declared that he did not see how any honest body of men could make such a commission estimates as that made by the commission in regard to the Chippewa power construction work.

PSYCHOLOGICAL TESTS SUCCESSFUL

New York University Instructors Say They Indicate the Ability of Students. Psychological and selective admission tests for college students have proved a success, according to an announcement yesterday by New York University. Nineteen men in the College of Arts and Pure Science were conditioned as a result of poor showings in the mid-year examinations just ended and of these only two had stood high in the admission tests. Even in these two tests there were extraordinary circumstances, Assistant Dean Percy L. Thorne said. New York University adopted psychological and selective admission tests for its College of Arts and Pure Science and College of Engineering three years ago, being the first of the universities to introduce this innovation, and found the experiment so satisfactory that the plan was last fall extended to the Day Division of the School of Commerce. These tests have proved, according to the university authorities, an almost infallible index of a student's ability to assimilate a college education. Applicants who fail in these tests are no longer admitted to the colleges of the university where such tests are required. While the plan was still in its experimental stage, however, carefully kept statistics showed that students who were admitted after making a poor showing in the psychological and selective examinations almost invariably flunked in their studies. In testing a student's qualifications for admission to the university he is first required to take a pledge of loyalty to the United States Government. Then follow personal and psychological tests to determine the candidate's qualifications for prosecuting the college course successfully. Each candidate must appear in person before the personnel board, accompanied by a parent or guardian, and the applicant is required to answer certain questions orally. Among these questions are: "What do you read?" "What are your hobbies?" "Why do you want to go to college?" "Did you select the course you intend to follow or did your parents select it for you?" "What is your favorite newspaper?" "How do you spend your spare time?" "Such questions may appear trivial," said Professor Philip O. Badger, Director of Commerce School of New York University, "but they are similar questions give us just the insight into a boy's character that we need. As a rule it is not the actual answer to the question that counts most with us but the manner in which the answer is given. Of course, we don't admit or reject a candidate because he reads or does not read a certain newspaper or has a certain magazine. What we are after is knowledge as to the candidate's ability to give an immediate and concrete answer to a question in regard to familiar things. The boy who doesn't read and think and have a definite method of spending his time is almost always the boy who has made a poor showing in preparatory school. Such tests have had a noticeable effect on the students admitted to New York University, members of the Faculty say. For one thing, the tests are declared to have a distinctly beneficial effect in impressing on the students the seriousness of college life. Students admitted since the tests were inaugurated appear to have a more definite purpose

BANG! Goes Bronchitis

Gone in quick time. Slaughtered! Swept right out of existence by Buckley's Bronchitis Mixture. Here is the most powerful of all remedies, and it's sure to give you complete relief quickly. You will realize its wonderful strength with the first dose. Just try it. And note that it may be given to children or adults with equal safety. You get 40 doses for 75c. With money back guarantee. Sold by all druggists, or by mail from W. K. BUCKLEY, LIMITED, 142 Mutual Street, Toronto. Sold in St. John by E. Clinton Brown, Crockett's Pharmacy, R. W. Hawker, The Modern Pharmacy, F. W. Munro, M. V. Padlock, Ross Drug Co., Limited, A. Chipman Smith & Co., Wassons, Druggists, W. C. Wilson, or by mail from us on receipt of 10c. than the mass of students of past years, they are more prompt and regular in their attendance on classes, they display greater interest in class activities and they appear to realize that in attending college they are not there for selfish reasons alone, but are contracting a debt to society that will have to be discharged in later years.

REV. W. D. WILSON IS SEVERELY ILL

Fredericton, March 3.—(Special)—His Honor the lieutenant-governor, Mr. W. P. H. Pugsley, accompanied by Lieut.-Col. Alexander McMillan, D.S.O., A.D.C., will leave on Monday next for Ottawa to attend the opening of the federal parliament. Rev. W. D. Wilson, field secretary of the New Brunswick Temperance Alliance, is ill at his home in George street, threatened with an attack of pneumonia. He returned Wednesday night from Westmorland and Albert counties, where he had been engaged in the duties of his office, and has been confined to his home ever since.

NEGRO EXECUTED

Moundsville, W. Va., March 3.—Terry Williams, a negro of Charleston, was hanged in the West Virginia penitentiary here today. He was convicted of attacking Mrs. W. H. Stephens.

To Help Put on Good Firm Flesh and Round Out Your Face and Figure. Genuine Yeast Vitamins Tablets Often Produce Most Surprising Results. Get a FREE \$1.00 Package Today as Explained Below—Try Them for Ten Days and Watch the Results. Science has at last shown how we sometimes grow weak, thin, and emaciated on an abundance of food (lacking in vitamins) while with a much smaller amount of food, rich in vitamins, we may quickly take on good firm flesh, increase in weight, and make a remarkable gain in strength, energy and endurance, provided your blood contains sufficient quantity of oxygenated iron to enable your body to assimilate your food properly. Without organic iron both food and vitamins are absolutely useless as your body cannot change lifeless inert food matter into living cells and tissue unless you have plenty of organic iron in your blood. For centuries scientists tried in vain to make organic iron. At last the problem was solved so that you may now obtain pure organic iron like the iron in your blood from any druggist under the name of "Nuxated Iron." It has been arranged to give every purchaser of Nuxated Iron, who wishes something to help put on flesh or increase weight, a large regular \$1.00 package of genuine Yeast Vitamins Tablets absolutely free. Be sure to take only Nuxated Brand Yeast Vitamins Tablets with Nuxated Iron. Do not be misled by imitations which contain drugs.

FREE \$1.00 COUPON

This coupon entitles you to one regular \$1.00 package of our Genuine Yeast Vitamins Tablets, absolutely free with each bottle of Nuxated Iron that you purchase.

ROBINS WIN SEMI-FINAL

Defeat Quintette of Sparrows by One Pin.

Game to Decide Leadership of First and Second Series in Y. M. C. I. League is Keenly Contested—Swans Take Four from Owls.

In one of the hardest fought battles seen on a bowling alley the Robins last night nosed out with a one pin victory over last year's champions in the semi-final roll off of the Y. M. C. I. League. The first string was a dead heat, each team having 429, and the second was won by the Sparrows, giving them a nine pin lead.

The third string started with a rush, Jenkins getting an 18 spare and Copp a spare and strike in their first two boxes. The Robins eased up slightly from the 4th to the 8th boxes, and the Sparrows made up most of the ground they had lost. Thurston, who was rolling in third place, brought his team well towards victory by landing a good spare in his tenth frame. Smith, the Robins' anchor, was left in the position that he needed nine in his last box to win. In spite of a bad break he cleared up the nine and victory perched on the shoulders of his team. The scores—

Sparrows—	Total Avg.
Copp	86 88 108 282 94
Posbay	100 82 88 268 82-3
Downey	68 95 85 248 84
Harrington	89 85 101 275 91-2-3
Brown	86 111 98 295 98-1-3
	429 461 480 1370
Robins—	Total Avg.
Jenkins	79 92 124 295 98-1-3
Stack	89 82 94 265 88
Thurston	84 88 102 274 90-2-3
Winchester	87 91 85 263 91
Smith	81 101 85 267 89
	429 482 480 1371

The other game between the Owls and Swans proved a four point win for the latter team, who distributed a lead of thirty-nine pins over the three strings to their advantage. Neither team was at full strength, and some of the seasoned players had a night off. The scores—

Swans—	Total Avg.
Wall	101 83 83 267 89
Stammers	80 85 106 271 90-1-3
Hennessey	78 88 78 234 79-2-3
Murphy	78 70 71 219 73
Ward	59 71 105 235 86
	416 412 448 1234
Owls—	Total Avg.
McCarthy	84 90 83 257 89
Scott	78 70 71 214 71-1-3
Witpatrick	76 77 80 233 81
Donald	88 77 81 246 89-2-3
Amerville	81 85 84 250 80
	407 409 429 1245

Shots at the King Pin. It is certainly a harbinger of spring to see the Robins coming back. To Jenkins, with his 124 at the critical point of the game, the premier honors belong.

Brown, with his average of 98-1-3, rolled his usual steady game and put up a good fight. Bowling fans, who were present in large numbers, expressed themselves as being well pleased with the game, especially the last string.

The presence of a number of the fair sex enlivened last night's games. They braved the smoke and din to root for their team. Each team competing in the league either won or lost four points this week.

Lions—	Total Avg.
Garvin	110 78 82 268 89-1-3
Henderson	102 97 92 291 87
Harrington	103 87 102 292 91-1-3
Wilson	84 85 88 259 89

The members of the St. Andrew's and the Thistle Curling Clubs belonging to the Westfield Curling Association, which still possesses plenty of life despite the devastating fire of last summer, played a friendly match last evening and the St. Andrew's men won. Afterwards, an enjoyable supper was served with one of the curlers as host.

Granites Win Again. Toronto, Ont., March 4.—The Granites won their second senior O. H. A. championship in three years last night, when they defeated Aura Lee by 10 to 3, making a total of 16 to 5 in the two-game series.

Calgary Victorious. Calgary, Alta., March 4.—Calgary defeated the Vancouver Towers here last night in the Allan Cup elimination series, winning the round of two games 5 to 2. Last night's score was 2 to 0.

Dalhousie Wins Championship. Dalhousie University won the inter-collegiate hockey championship of the maritime provinces by defeating Mount Allison.

If it's a Paramount Picture it's the Best Show in Town

PARAMOUNT'S 10th BIRTHDAY

THE Tenth Anniversary of the World's Greatest Photoplays—Paramount Pictures—will be celebrated every day of March, in every town of Canada.

Motion pictures are the spice and zest of life. They are the romance and adventure of a workaday world—the great medium of education, amusement and pleasure. Paramount knows this. Paramount knew it in 1912, when it made the first feature picture—And Paramount has made the vast majority of the best feature pictures every year since.

Enjoy Paramount's Birthday at Your Theatre

The Paramount showman in your town can lay all the romance, adventure, fun and excitement of life before your eyes. The greatest millionaire, the most restless traveller, can see no more of the spice and comedy of life, the love and adventure of humanity the world over, the snarls and plots of knaves, the triumphs of brave, resourceful men and beautiful women, than you can see in Paramount Pictures in your own town.

That's what Paramount Pictures disclose to you in the thousands of theatres in every town in Canada. That's what Paramount Anniversary means to you. For Paramount Pictures, new and old, run the entire gamut of human passions, desires and activities.

Some famous Paramount Pictures produced during the last ten years

- Sarah Bernhardt in "Queen Elizabeth"
- Mary Pickford in "Tess of the Storm Country"
- Gertrude Ederly in "Carnegie"
- "The Cheat"
- Marguerite Clark in "Miss George Washington"
- Masterlinck's "The Blue Bird"

SPORT NEWS OF A DAY; HOME AND ABROAD

Westfield Club Curlers. The members of the St. Andrew's and the Thistle Curling Clubs belonging to the Westfield Curling Association, which still possesses plenty of life despite the devastating fire of last summer, played a friendly match last evening and the St. Andrew's men won. Afterwards, an enjoyable supper was served with one of the curlers as host.

Granites Win Again. Toronto, Ont., March 4.—The Granites won their second senior O. H. A. championship in three years last night, when they defeated Aura Lee by 10 to 3, making a total of 16 to 5 in the two-game series.

Calgary Victorious. Calgary, Alta., March 4.—Calgary defeated the Vancouver Towers here last night in the Allan Cup elimination series, winning the round of two games 5 to 2. Last night's score was 2 to 0.

Dalhousie Wins Championship. Dalhousie University won the inter-collegiate hockey championship of the maritime provinces by defeating Mount Allison.

Allison University team in Amherst last evening by a score of 1 to 0. Four and a half minutes overtime was played.

BASKETBALL. St. John High Wins. The St. John High School basketball team defeated Fredericton High team in the capital yesterday by a score of 47 to 32, and incidentally tied with Normal School for the leadership of the league.

U. N. B. Team Wins. Basketball teams from the U. N. B. and Dalhousie University met in the former's gymnasium in Fredericton last evening in an exhibition game, which resulted in a win for the home team by a score of 89 to 27.

McAdam Defeats St. Stephen. McAdam second team defeated St. Stephen High School basketball team in McAdam on last Saturday by a score of 20 to 18. The game was keenly contested.

Deer Islanders Isolated. St. Croix Courier.—The residents of Deer Island are anxiously awaiting the arrival of the government cable steamer, the Tyrion. The telephone cable which connects the island with the mainland and which is the only medium for prompt communication with the outside world, has been out of commission for several weeks, and they have found this inconvenience a serious handicap. With the approach of the herring season, which may arrive before long, the need for the telephone service would be felt more keenly.

Why Is It

that nine people out of ten wear down their heels on one side? We don't know ourselves—but we do know how to straighten them out. Give us a trial. Our charges are reasonable.

DEATH CLAIMS A PROMINENT CITIZEN

William Shaw, former M.P.P. for St. John city, passed quietly to rest last evening at his residence, 137 Waterloo street, in his eighty-fourth year. Mr. Shaw's death was not unexpected as he had received a sudden shock when he accidentally fell very heavily in the office of his bakery last Saturday evening. His condition since then has been precarious and little hope was held out for recovery. The late Mr. Shaw was a citizen with wide interests in the welfare of his fellowmen, having served the public in the political arena for many years, first as alderman and then as member of the legislature. Due to advancing age, he had not taken such a leading part in public affairs in late years. He is survived by five sons, one daughter, nine grandchildren and one great-grandchild. The daughter is Miss Nellie West Shaw, at home, and the sons are: William L. and Allan B., at home; Edwin E., Sydney (N. S.); Leonard D., Montreal; and Harrison B., Washington (D.C.). The funeral will be held on Monday at 2:30 p.m. from his late residence.

on his father's farm, but in 1845 he came to the city and engaged in different occupations until 1868, when he joined his brother James in the establishment of the baking business in the Golden Grove road. In 1870 business grew to such an extent that it was found necessary to remove to the city, and a building in Charlotte street was engaged. In 1872 the establishment was removed to Waterloo street, and in the following year was burned out. The premises were rebuilt and occupied until in 1898 the modern brick block which now houses the business of J. & W. Shaw was erected on the opposite side of the street at the corner of Golden street.

For ten years Mr. Shaw served the city in the common council, as representative from Wellington ward, and from the time of the union of St. John and Portland until he resigned his seat in the council he was chairman of the board of public works.

In 1890 he was elected a member of the provincial legislature, and continued as a representative until defeated at the elections in 1903.

He was a member of the Knights of Pythias, was connected with the Grand Lodge and had occupied the office of past chancellor. In religion he was a Methodist and for some years was a trustee of Exmouth street church. He was a life member of the St. John Horticultural Society, and at the time of its organization served on the park committee.

GIRLS DEALT WITH.

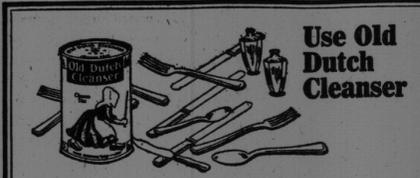

The magistrate disposed of the two girls yesterday afternoon who were charged with wandering about and not giving a satisfactory account of themselves. Laura Walsh was sent to the Home of the Good Shepherd and Alta McNulty was allowed to go on suspended sentence.

NAVY DEVICE MEASURES DEPTH OF OCEAN BY SOUND AND ECHO

Washington, March 4—A new device developed by the navy, which makes it possible to measure ocean depths hitherto unknown and for navigators to take soundings easily and as frequently as they wish, has proved effective in recent tests on the radio and sound experimental ship Ohio, Secretary Denby announced today.

The device, which is described as simple, employs sound apparatus similar to that developed for submarine detection during the war, the principle being the creation of a sound on shipboard and measuring the time between this sound and the return of its echo from the bottom of the sea. The time interval,

it was said, can be obtained within one one-thousandth of a second.

The device also makes it possible, it was added, to settle the question of the exact velocity of sound in water, which will have to be known in calculating depths measured with it, since it will be possible with it to measure the sound velocity in water over known ranges of considerable distance under varying conditions of temperature, depth and degrees of salinity.

PLAN A FEDERATION OF ALL PROTESTANT WOMEN IN CANADA

Toronto, March 3—An all-Canada federation of Protestant women has been started by women of this city, who have formed the Toronto branch of the Protestant Federation of Patriotic Women.

Mrs. A. E. Gooderham, former president of the Imperial Order of the Daughters of the Empire, is at the head of the new organization. The other officers are: Mrs. G. Allan Arthurs and Mrs. Donald McGillivray, convenors of sub-committees.

Among the objects of the federation are to promote the study of the fundamental principles of the Protestant faith and their relation to the development and maintenance of religious liberty; to foster a sound and intelligent tolerance of one another's conscientious religious convictions; to urge the singing of the National Anthem in all public meetings in Canada; to urge that every public school be required to keep the Union Jack flying during school hours and to encourage all Protestant women to exercise the franchise in the best interests of the country.

FOR CONSERVATIVE NATIONAL PARLEY

Winnipeg, Man., March 3—A communication from the recently organized Conservative Association of Winnipeg, calling for a dominion-wide Conservative convention, has been forwarded by the officials of that organization to all Conservative members and senators in the federal parliament, and to all defeated Conservative candidates in the last federal election.

The communication suggested that the proposed convention be held in Winnipeg, on the ground that it would encourage organization in the west, where the party is almost extinct so far as representation is concerned and that it would help eastern members of the party to a realization of the difficulties under which the western organization labors.

The Conservative Association of Winnipeg now numbers 1,000 members according to Col. Arthur Sullivan, president.

MISS BOOTH ILL

Long Beach, Cal., March 3—Evangelist Booth, United States commander of the Salvation Army, became ill with influenza and is confined to her bed here today.

It was announced that the commander's condition was not serious but she would be confined to her room for several days.

DOG SAVES FAMILY.

(Toronto Mail and Empire)

Mickey, a brown cocker spaniel belonging to Charles Smith, 11 Archer avenue, played a prominent part in saving Mr. and Mrs. Smith and their family of seven from being burned in their beds early yesterday morning, when fire broke out in the kitchen of the Smith home. The fire was due to some clothing which had been left hanging on a line over the stove, and which dropped upon the stove. The dog, imprisoned in the dining-room, smelled the smoke from the kitchen, and barked loudly. The family, all of whom were asleep on the ground floor, were awakened by the noise, and realizing their danger, fled from the place in their night attire. The family were accommodated in the homes of neighbors. Damage of \$400 was done to the Smith home, and \$100 to the home of Albert Crane, 13 Archer street.

Exide

MADE IN CANADA
BATTERIES

Only One Kind of Battery Economy

If ever there was a case of "penny wise, pound foolish," it is when a man goes price shopping for a battery.

There is only one way to economize on a battery for your car and that is by buying the best obtainable. The difference in original price between an Exide and the cheapest battery is nothing compared with what you save on the Exide in longer life and freedom from repairs.

You owe it to your temper and your pocketbook to have a rugged, long-lasting Exide in your car, and this is equally true whether you are buying a new car or replacing your present battery.

Insist on an Exide Battery. If you have any trouble in getting one write us or our nearest district distributor.

THE LONG LIFE BATTERY FOR YOUR CAR

Just a snack between meals

EVERY "Mother's Son" has a fairly hefty job on hand! That is—the business of "growing up." Building brain, brawn and muscle which will enable him to enter manhood in "Class A." No wonder his lordship makes frequent and telling raids on the bread box!

Mother—all he asks for is plenty of good bread and butter! See that his bread is wholesome—sweet—and nourishing. Wise old Nature gives your boy this "bread and butter" appetite. Don't cheat him out of his robust manhood by using inferior brands of flour.

You cannot afford anything but the best flour on the market for your boy—because nutrition is the first consideration for growing children.

Only "ROBIN HOOD" can give you those rich creamy loaves of fine, flaky texture, which is so much sought after by those who regard bread as the principal article of nutrition.

Notice our Guarantee—"Your money back if not completely satisfied"—what stronger evidence could you have of the supreme qualities of ROBIN HOOD FLOUR?

Robin Hood Flour

"Well worth the slight extra cost"
