SIXTEEN PAGES—ONE CENT

THE MARRIAGE QUESTION IN THE BISHOP'S CHARGE

Church of England Synod Is Opened Here

Large Attendance of Delegates—Recent Decision of Privy Council is Referred to—Other Matters of Interest in Address to Synod.

In the presence of nearly a hundred clergy and lay delegates the 25th annual synod of Fredericton was opened this morning in Trinity church...

Repeated reference has been made to the death of one who although not a member of the synod, played a most important part in the life of the church...

Within the previous ten years only eight Canadians had been ordained for work in this province. There are at King's College, in preparation for Holy Orders, twelve young men belonging to the diocese...

There were two matters concerning marriage about which he wished to speak. The executive of the Social Service Council of the General Synod decided that it is desirable that legislation should be sought, making it legal necessary for those intending marriage to give public notice thereof for at least one week in advance of the ceremony...

By resignation and removal, His Lordship continued we have lost the services of the following—The Rev. J. R. de Wolfe Cowie, the Rev. H. E. Bennett, the Rev. P. Gaudet, the Rev. G. H. Elliot, the Rev. D. H. Lovett, the Rev. John Rees-Jones, the Rev. G. W. Fisher, whose resignation has been received, and will shortly take effect...

Fields actually without regular ministrations are Gordon and Lorne, New Brandon, and Musquoddy and Lepreau. St. Mary's Co. will be added within the next few weeks. The diocese will soon lose the valuable services of the Rev. G. A. McR. Kihring, who has for so many years been the respected Rector of the "Stone Church," St. John.

All Night Sitting of Commons at Ottawa

Marine Minister Tries to Get Big Shipbuilding Item Through and Opposition Resists—Some Lively Passages During the Night.

LOSS OF CAR IF ANY LIQUOR THERE

New York, April 12—New York police have been ordered to seize all automobiles which contain liquor, with or without the owners' knowledge.

THE DOLLAR TODAY.

New York, April 12—Sterling exchange easy. Demand, 89 1/2. Cables, 89 1/2. Canadian dollars 1 1/2 per cent discount.

The third point upon which I want to speak in connection with this subject is the need of religion in the home. I urge the fathers and mothers of the Church to revive in their own homes the practice of family prayers.

One of the great points of emphasis in connection with the Forward Movement is the pressing need of more candidates for Holy Orders.

Other members called out for facts, but the chairman interposed, saying that he hoped that the member for Muskochea would respect the rules.

At 10 o'clock, Dr. Peter McGibbon, (Lunenburg) charged William Duff, (Lunenburg) and Frank Cahill, (Pon-tiac) with being unsympathetic to returned soldiers.

"The second point," he said, "is that of mixed marriages, as unions contracted between Protestants and Roman Catholics are usually called."

"When, however, the marriage is not solemnized by Roman Catholic sanction, the issues are still more serious, for then the legal and moral status of the contracting parties is at once called in question and denounced in the most authoritative and formal manner."

As Hiram Sees It

"Hiram," said the Times reporter to Mr. Hiram Hornbeam, "I was almost painfully impressed yesterday with the fact that I am growing old. It never occurs to you and me who meet so often that there is much change in our respective appearances."

"Lots of young fellows think that," said Hiram—"even when it costs ten dollars a bottle. That ain't no sign of old age. You're just getting on in years. You're just getting on in years. You're just getting on in years."

Other members called out for facts, but the chairman interposed, saying that he hoped that the member for Muskochea would respect the rules.

At 10 o'clock, Dr. Peter McGibbon, (Lunenburg) charged William Duff, (Lunenburg) and Frank Cahill, (Pon-tiac) with being unsympathetic to returned soldiers.

Premier Hears Both Sides of Controversy

Mine Owners First, Then the Workers—Prospects Favorable But Not Sure that Trouble Will be Averted.

MT. ALLISON AND ST. JOSEPH'S FOR GRANTS

Representatives in Fredericton and It Is Said Will Make Application to Government.

Fredericton, N. B., April 12—(Canadian Press)—Mount Allison University and St. Joseph's College are both to make formal applications for provincial grants, so it became known today.

Dr. Borden, president of Mount Allison, and Rev. Father Tessler, president of St. Joseph's, have both arrived here and will, it is understood, make application to the provincial government for assistance from the provincial treasury for their institutions.

The applications, it is understood, result from the activities that have lately become very pronounced in favor of more adequate assistance from the government to the state university, the University of New Brunswick, which evidently is about to bear fruit in the shape of an additional annual grant. It is said that the government's decision to increase the grant to the U. N. B. from \$200 to a more adequate sum is pretty well decided upon and that no provincial grants will be made to denominational institutions.

Fredericton, N. B., April 12—Formal notification of a strike of teachers in western Canada was received this morning by S. McFarlane, secretary of the New Brunswick Teachers' Association, in a telegram from H. R. Arbuthnot, secretary of the Canadian Federation of Teachers.

The New Brunswick Teachers' Association is said to be the only provincial organization not included in the Canadian Federation during the afternoon on a charge of striking letters containing money from the Fredericton post office, where he was employed as a clerk, addressed the congregation.

FERGUSON MAKES STATEMENT AT CHURCH SERVICE

Fredericton Postal Clerk Who Was Arrested Says Rum and Cards Responsible for His Position—Charge is Stealing Letters, and He is Out on Bail of \$8,000.

Fredericton, April 12—A sensation was created in the George street United Baptist church last night by Rev. E. W. Kenyon, an evangelist from Massachusetts, when George Ferguson, arrested during the afternoon on a charge of stealing letters containing money from the Fredericton post office, where he was employed as a clerk, addressed the congregation.

RESTIGOUCHE CASE OFF TILL NEXT WEEK

Fredericton, N. B., April 12—An agreement was reached this morning by the Restigouche county election case to postpone argument until next week.

WEATHER REPORT

Issued by authority of the Department of Marine and Fisheries, R. P. Stupart, director of meteorological service.

Synopsis—The Atlantic disturbance has proved unimportant. A shallow trough of low pressure now extends northwest and southwest across the Great Lakes. The weather is cool and showery in the maritime provinces; elsewhere drier and warmer.

McKnight to Alex. and Sophia Cumming, property in Havelock; Mary E. Macgowan to Joseph Macgowan, property in Upham and St. Martin's; M. L. Roberts to Grace Fairweather, property in Hampton; F. Sprague to E. L. Sprague, property in Sussex; W. D. Turner to F. L. Sprague, property in Sussex.

SHIPPING TROUBLE AT BUENOS AIRES

Buenos Aires, April 12—Port authorities in this city were requested by the U. S. Shipping Board yesterday to give preference for non-union laborers to unload the steamer Martha Washington, which has been tied up here because of a boycott of union port workers; also to protect any men employed in the vessel of taking the cargo out of the vessel's hold.

A SAD STATE

Westfall, Mass., April 12—Parents have threatened their children bodily harm and even death if they give school authorities further information on ether drugging that now has become popular among many residents here, according to investigations by School Superintendent Chester Stiles.

SUPPORT MINISTER

Ottawa, April 12—Complete approval of the actions of Senator Robertson, minister of labor, in refusing to recognize the National (Catholic) Unions and severe criticism of Dr. J. E. Lafontaine, M. P., for his speech in condemning the minister of labor over his stand, featured a meeting of the Hull Trades and Labor Council last night.

TEACHERS READY FOR ARBITRATION

Moose Jaw, Sask., April 12—The situation between the teachers' alliance and the school board remained at a deadlock today. If the request of the teachers refuse to act it is regarded certain that a sharp protest will be made to the Argentine government through the United States embassy.

PREMIER MEIGHEN AN HONORARY ROTARIAN

Ottawa, April 12—Premier Meighen, was yesterday made an honorary member of their club by the Ottawa Rotarians. The president announced him as a "cabinet maker."

SENSATION IN FRONT OF THE HIPPODROME

New York Tale of a Woman's Revenge

Struggle for Pistol But Shot is Fired and Woman By-stander is Hit in Hand—Letters Point to Cause of Shooting.

New York, April 12—A shot and a woman's scream brought hundreds running into West 42nd street, across from the Hippodrome, just at the threshold of the theatre time last night, to witness the climax of a woman's plot for revenge on a young man some year her junior, for whom she admitted an unconquerable infatuation.

The young man's cool-headed gameness as he struggled with the woman for possession of a pistol, and later a policeman's quick-wittedness prevented anything more than the accidental and slight injury of a by-stander, though letters left by the woman in her hotel room broadly intimated that she intended to murder the object of her affections and destroy herself.

The first arrivals from fashionable clubs and big hotels in the block between 5th and 6th avenues and from the crowds on their way to the playgrounds found George Robbins, a drugist, 26 years of age, of 556 Chauncey street, Brooklyn, standing on the north sidewalk just west of the Hotel Algonquin, white and shaking, a smoking pistol in his hand. Across the street in front of the Hippodrome stood Mrs. Lillian Walker of 169 Newton avenue, Long Island city, her right hand clutching her left while blood flowed from the lacerated palm a bullet had struck before it lodged, breaking a middle finger.

Near Robbins, gasping almost dazedly at the woman, was Mrs. Estelle Matley, 32 years of age, an occupation whose home is in Oakland, Cal., and who until recently had conducted a studio of elocution in Los Angeles.

Mrs. Matley, well-gowned and attractive of face and figure, had only slightly lost her composure, as she too stared at the woman who had muttered over and over: "I did not mean to shoot anyone; I did not mean to shoot anyone."

EX-EMPRESS TO BE BURIED SATURDAY

Berlin, April 12—The funeral of former Empress Augusta Victoria will be held in Potsdam on Saturday morning. The body will be taken to the Wild Park railway station there, and in the afternoon will be taken to the reception room there until Saturday morning under an honorary guard of honor. The body will be taken to the reception room there until Saturday morning under an honorary guard of honor.

FUNERAL IN POTSDAM—VARIED TREATMENT OF NEWS OF DEATH BY GERMAN PAPERS.

The monarchists are not expected to seize the occasion for agitation and it is believed the radicals, approaching the solemnity of the event, will not protest against such simple services, said a government official yesterday.

"While the radicals objected to the Reichstag adopting a resolution of sympathy, declaring it would be a premature demonstration, the former Kaiser personally has not been attached, for she did not mix in politics, and was known as a good mother and a good woman."

U. S. SHIPPING BOARD TAKES A HAND AND DEVELOPMENTS MAY BE INTERESTING.

Buenos Aires, April 12—Port authorities in this city were requested by the U. S. Shipping Board yesterday to give preference for non-union laborers to unload the steamer Martha Washington, which has been tied up here because of a boycott of union port workers; also to protect any men employed in the vessel of taking the cargo out of the vessel's hold.

BLACKHAND LETTER FOR A QUEBEC MAYOR

Three Rivers, Que. April 12—A letter received by Mayor Montplaisir of Cap de la Madeleine, under date of April 5, 1921, is signed "The Blackhand" and says: "Everybody is against you. Beware. If you do not get up and get out, something serious will happen to you. I will give you eight days to decide, and if you do not do so you will be forcibly killed out, and will have cause to regret. You are advised to be careful after dark."

LINDSAY CRAWFORD CANNOT HAVE REGINA CITY HALL

Regina, April 12—Lindsay Crawford, president of the Irish Self-Determination League, is denied use of the city hall here tonight by unanimous decision of the city council.

CHICAGO GRAIN MARKET.

Chicago, April 12—Opening: Wheat, May, 1.20 1/2; June, 1.08. Corn, May, 57 1/4; July, 61 1/4. Oats, May, 38 3/4; July, 37 1/4.

GOOD THINGS COMING TO THEATRES OF ST. JOHN.

WORLD FAMOUS MAGICAL ACT AT OPERA HOUSE

Widow of "Herman the Great" Will Have Feature Attraction for Mid-Week—Other Good Acts.

The feature offering of the new programme at the Opera House tonight will be that of Adelaide Hermon, widow of the famous "Herman the Great," who was conceded to be one of the greatest magicians of modern times.

There will be four other good acts on the new bill, as follows: Kelly and Drake, in comedy songs and snappy dancing; Mile. Welda, in a sensational aerial and rope act; Bob Tenney and Freda Short, in a riotous comedy musical novelty teeming with hearty laughs; Billy Daval and Bee Little, in an original comedy skit, "Their First Quarrel."

SASKATCHEWAN PLEBISCITE. Saskatoon, Sask., April 12.—That a plebiscite on the liquor question will be held in Alberta, probably in the month of September, is the information received

NO FEDERAL DAYLIGHT TIME LEGISLATION

Proceedings in Parliament at Ottawa Yesterday—Some Resolutions Withdrawn.

Ottawa, April 12.—(Canadian Press.)—Yesterday in the House of Commons it was announced that the government does not intend to bring down a bill providing for uniform daylight saving time.

Hon. W. S. Fielding's resolution providing for 11 o'clock adjournments of the house, unless exceptional circumstances required a long sitting, took up most of the afternoon.

Premier Melchin announced the personnel of the special standing committee to investigate national railways and shipping.

J. A. Campbell (Nelson) withdrew his motion to have the Hudson Bay Railway completed as soon as financial conditions permitted.

H. C. Hocken (Toronto W.) withdrew his resolution asking government loans for housing purposes.

That the government, in addition to other amendments to the criminal code "three card monte" illegal was stated by Hon. C. J. Doherty, minister of justice.

Resolution by Ernest Lapointe (Quebec East), providing for amendment to the immigration act with respect to deportations, brought an announcement from Hon. Mr. Calder, minister of immigration, that the amendment in question was being covered in a bill under preparation by his department.

In supply on estimates of the department of marine, an item of \$3,330,000 for government shipbuilding programme was under fire.

Serves the purpose of fresh milk and cream, for its simply pure country milk. With the cream left in.

LaTOUR Terms, \$8 per day. Special rates, permanent guests. Excellent dining room, meals 60c; ten tickets \$5.50. King Square, St. John, N. B.

BANFF HAS COUNCIL

Banff, Alta., April 12.—For the first time in its history, the town of Banff now has a town council. However, it will not function in the ordinary way of a town council, but will merely be an advisory board to Dominion Parks Superintendent Haklin, who, as representative of the Dominion government, is dictator of the town. The town being in the heart of the Rocky Mountain National Park, thus is governed only from Ottawa.

Upon examination of the injuries of Mrs. William Heathfield of 138 Main street, who fell from a chair on Sunday, Dr. W. F. Roberts, ascertained that she sustained a fractured hip and her condition was reported to be still serious last night.

Sixty-two soldiers who arrived here yesterday morning on the R. M. S. P. Carriquet from the West Indies in charge of Captain Thomson, D. S. O., will sail on the C. P. O. S. liner Victorian on Friday for Liverpool. They are all British regulars whose time has expired and they are being returned to their homes in England.

William H. Robertson, of Helena, Montana, arrived in the city on Saturday after an absence of thirty-five years. Mr. Robertson is the son of the late John Robertson, who conducted a crockery store at Breezy's corner before and after the fire of 1877. While in the city he will be the guest of W. S. Vaughan, of 148 Orange street.

In the police court, yesterday afternoon, Thomas Jones was charged with using abusive and insulting language to Frank McKel. The complainant in his evidence told of the language used, but the accused denied it. A fine of \$8 was imposed, but allowed to stand. J. D. P. Lewis appeared for McKel, and J. A. Barry for the accused.

Justinian Oxenham, secretary of the postal service of Australia, and Mrs. Oxenham arrived here yesterday on the C. P. O. S. liner Corsican. Mr. Oxenham is in Canada for the purpose of handling postal conditions, and from Ottawa he will go to Washington and will sail for his home in Melbourne on July 1. He was met yesterday by John Emerson, assistant post office inspector, who took him to the office of the post office inspector, H. W. Woods. Mr. Oxenham was a delegate to the postal conference in Madrid last year, at which Hon. P. E. Bloudin, postmaster general, and R. M. Coulter, deputy postmaster general, were present.

The Centenary Methodist church Epworth League was entertained last evening by the Epworth League of Exmouth street church in the Exmouth street school room. Fred. Myles, president of the Exmouth street league, opened the meeting and W. Grant Smith, president of the Centenary league, replied. Refreshments were served by the Exmouth street league and a pleasing programme was rendered by Centenary, in which the following took part: The Misses Brittain, Miss Annie Tait, Harrison Morgan, Miss Bessie Holder, Miss Lillian Clark and Mrs. C. A. Morgan.

The Ladies' Aid of the Carmarthen street Methodist church met last evening at the home of Mrs. Hutchings, 188 Carmarthen street. After the business of the meeting had been disposed of the president, Mrs. Henry Penna, on behalf of the ladies, presented to Mrs. C. L. Heffer, in recognition of her faithfulness in the various departments of the church, a traveling bag and a gold piece. Mrs. Heffer feebly replied to the ef-

P. A. B. FAIR IN WEST END OPENS

A large crowd attended the opening night of the fair which is being held by the P. A. B. in their hall on Guilford street, West End. The fair, which began last night and will be continued throughout the week, is being held to raise money for the refurbishing and remodeling of the lodge rooms. The prize winners last night were: Mrs. Charles Campbell, door prize, sterling silver bicentennial jar; E. Clarke, catching glove, tenpins; W. Luneragan, safety razor, ring toss; D. A. Duffy, fancy clock, miniature bowling alley; Frederick Wilson, silver bonbon dish, footgates; W. Connors, silver pickle dish, bent toss; Ross Perry, shaving set, air guns and Frederick Hersey, bronze clock, bagatelle. Those in charge of the games and amusements were Roy Seelye, Frederick Wilson, Percy Nicholas, C. Hersey, W. Price, C. Belyea, E. Craft, D. A. Duffy, J. P. Moore, W. H. Smith, H. Pitt, C. Dykeman and A. L. Belyea. The general supervision of the fair is in the hands of Clifford Price, who is assisted by L. E. Rolston and W. Donahue.

ANOTHER FATALITY AT CAMP BORDEN

Ottawa, April 11—The Canadian Air Board tonight announced that Squadron Leader Keith Talbot, A. F. C., Canadian air force, was killed at Camp Borden today. A full report has not been received, but at the time of the accident to his machine he was at a height of 1500 feet.

KEEN INTEREST IN ORANGE WEEK

Merchants of St. John are evidencing keen interest in the six-day celebration of "orange week" to be held in this city next week. Recent advices from California confirm the announcement that special shipment of the fruit would be received on the local markets and record sales are looked for by dealers. "Orange weeks" are being celebrated in all larger cities in the United States and are conducted under the direction of representatives of the California Fruit Growers' Exchange, the non-profit agency through which the crops of 10,500 California orange and lemon growers are shipped. The purpose of the celebration is to remind the public of the health and food properties of the fruit. Scientific study has revealed numerous new facts regarding the fruit and these will be shown by placards, banners and special window displays during the week. The fact that oranges are protected from germs and foreign substances by a thick outer layer of skin is pointed out as a reason for their purity. Physicians are recognizing the importance of the fruit in the diet and many are advocating them as a tonic and regulator to the system.

RETIREMENT OF CIVIL SERVANTS

Report in Commons on the Operations Under the Calder Act.

Ottawa, April 12—(Canadian Press)—Since the coming into effect of the Calder act, for the superannuation and retirement of aged members of the civil service, on July 1 of last year, 1,599 employees of sixty-five years and over have been reported upon by the various department heads.

Of those superannuated, 211 appealed and practically all of these protested against the retiring allowance which was awarded them.

This information was given in a return brought down in the house yesterday.

At the close of the calendar year ninety-four retirements had been completed and the civil service commission, which had the work in hand, was hearing appeals as rapidly as possible.

Four employees under sixty-five were retired under the provisions of the order-in-council covering retirement, which was approved in last July. There were reports on seventy-nine employees under sixty-five who were employed in the various government departments.

FREDERICK POST OFFICE MAN UNDER ARREST

Fredrick, April 11—George F. Ferguson, a clerk at the Fredrick post office, was arrested shortly before 2:30 o'clock this afternoon by Patrolman Murray of the police department on a warrant sworn out by post office department officials. The clerk was later admitted to bail in \$400.

The arrest followed Ferguson's suspension on Saturday night after he had been grilled for some time by Post Office Inspector H. W. Woods.

Local post office officials declined to make any statement regarding the case. Postmaster Cameron referring reporters to higher authority. Inspector Woods went to St. John today and all he would say when reached over the telephone this afternoon was that "Ferguson did wrong and was caught."

It was learned, however, that the suspended clerk had made a complete denial of the charges and during the questioning on Saturday night it is said to have refused all advice from his inquirers that he should make a confession.

MOCK TRIAL AND ENTERTAINMENT

The Young People's Society of the Mission church held an entertainment and mock trial, in the church school room last evening, which proved a great success. The mock trial resulted in the prisoner, who was accused of stealing a radish from a wedding cake, being convicted and sentenced to twenty years in the penitentiary, during which time he was to be served with wedding cake, minus the radish, three times a day. The entertainment consisted of vocal solos, instrumental selections, Scottish dances and a playlet. Those taking part were as follows: Solo, Miss Margaret; recitation, Miss Thelma MacBeth; solo, Willard Smith, highland fling, Mr. MacDonald, accompanied by Mr. Ross on the bagpipes; violin solo, Master Harry Ross, accompanied by Miss Edna Ross; piano solo, Miss Irene Brown; shadow play, the Misses Steeves and the Misses Lingley. In the mock trial James Brown was the presiding judge, M. McLaughlin, clerk of the court; Percy Logan, counsel for the prosecution; Fred Hamilton, counsel for the defence; Edward Parks was the prisoner.

RETURNS FROM EUROPEAN TRIP

Among the passengers who arrived here yesterday afternoon on the C. P. O. S. liner Victorian was J. J. McGowan, of this city, who has been in France and Belgium in connection with the C. P. O. S. work of educating their officials there to issue through tickets to any place in Canada or the United States.

Mr. McGowan left here early this winter, accompanied by three other C. P. O. S. representatives. These officials visited the company's offices in Glasgow, London, Liverpool, Birmingham, Manchester, Southampton, Antwerp, Brussels, Paris and Havre, and changed the old form of issuing to a passenger a ticket to his or her port of disembarkation and a voucher for a railway ticket to the final destination. Officials in these offices will now issue the entire ticket to all passengers, thus doing away with a delay at the port of disembarkation. G. E. Carter, of this party, also returned yesterday on the steamer Corsican, while F. M. Donald is en route to this port on the Tunisian and L. O. DeLisle will return on the Minnedosa on that liner's initial trip to Montreal the first of next month.

CIVIL SERVANTS WANT MORE PAY

(Canadian Press Despatch) Ottawa, April 11—Members of the house of commons and the senate were memorialized today by representatives of civil servants all over Canada with a statement of the under-paid condition of the public service and the necessity for correcting a state of affairs which they said must affect the business of Canada as a nation.

The memorial contains a table of the charge in the cost of living since 1908. To keep pace with the increased cost since the salary schedules were based would require a fifty per cent increase in salaries this year and \$600 per annum, in addition, according to the memorial.

The cost of living though on a downward trend was still 2 1/2 per cent higher than when the scale of bonuses in effect for the last two years was voted.

CHARITABLE WORK OF ST. MONICA'S

Reports of Many Generous Gifts Submitted at Meeting of the Society.

Reports of many generous gifts to needy families were given at the postponed meeting of St. Monica's society, held yesterday afternoon in the Knights of Columbus Hall with the president, Mrs. D. P. Chisholm, in the chair.

W. E. Scully, secretary of the charity committee, told of the distribution of four orders of groceries, an order of provisions and four pairs of boots.

John Stack, reporting for the Emma Skinner Fiske Memorial scholarship fund and asked the support of the society in furthering this fund.

At the conclusion of the meeting Mrs. Richard O'Brien was appointed convener. The date was fixed for next week. A bridge for the members, to be held later, was also planned and Mrs. J. H. Doody was appointed convener for the refreshments and Mrs. C. Kane, convener for the bridge and games.

Mrs. George Carvill speaking of the Emma Skinner Fiske Memorial scholarship fund and asked the support of the society in furthering this fund.

WHAT CANADA WANTS

Winnipeg, Man. April 12—"What Canada needs is population," declared General Bramwell Booth, chief of the Salvation Army, here recently on his way home after an extended tour of Canada and the United States.

So far the thousands of men who are lonely, the Salvation Army has plans afoot to bring thousands of British girls to western Canada to become "prairie housewives."

WRECKED CREW AWAY

The fifty-six Lascares and Chinese, members of the crew of the wrecked steamer, City of Colombo, were transported from here in bond last evening through to the United States via Montreal. Arrangements for their transportation were made by J. T. Knight and Company, local agents for the vessel. The men were paid off here in American currency, were placed in a special car, under guard and in charge of John Richards.

Many of the Lascares are going straight through to Calcutta while others will join the crews of other vessels.

Approved Spring Styles in Suits and Overcoats

—And they are the right clothes too! The best the best makers in Canada have produced to sell at moderate cost.

The Suits are made from a variety of materials, such as fine worsteds, blue serges and novelty weaves, in green, brown and grey colorings. Young men's models, single and double breasted and more conservative styles.

Members of The Railway Committee

Ottawa, April 11—Before the dinner recess this evening, the Prime Minister announced the personnel of the special committee to investigate railways and shipping appointed in accordance with his resolution of the 8th inst. The members are:

Messrs. G. W. Allan, Ballantyne, Bureau, Cahill, Casgrain, Chaplin, Copp, Crear, Davidson, Duff, Hocken, Long, MacLean (Halifax), MacLean (York, Ont.), McLean (Koyah Manion, Fapineau, D. Y. Reid, (Granville), Reid, (MacKenzie), Stevens, Stewart, (Lanark), White, (Victoria, Alta.), Tweedie, Mewburn, Murphy and Nicholson, (Algonia).

BIBLE READING IN SCHOOLS APPROVED

An unusual and interesting programme was enjoyed by those who attended the B. Y. P. U. in Victoria street Baptist church last night, when Master James E. Flewelling, a lad of twelve, gave, without the use of notes, an extended synopsis of every book of the Old Testament.

It was an edifying and instructive lesson to hear this lad of tender years recite in well chosen language the incidents and historical lessons of those thirty-nine books.

Messrs. J. S. Flewelling, the mother of James E., gave a splendid though brief synopsis of the books of the New Testament.

After the addresses several persons expressed their appreciation of the lessons of the evening and the following resolution was passed: "Resolved, that the Young People's Society of this church put itself on record as approving of the greater use of the Bible as literature to be read and memorized in our public schools."

As the result of a fall on the leg pavement at the Dufferin corner last evening about 9 o'clock, Isaac "Patchell," of 101 Exmouth street, suffered a slight concussion of the brain. Dr. F. H. Hoyt was called and after giving first aid to the unfortunate man ordered him removed to his home in an automobile.

The Evening Times and Star

ST. JOHN, N. B., APRIL 12, 1921.

The St. John Evening Times is printed at 27 and 29 Canterbury Street, every day (Sunday excepted), by The St. John Times Printing and Publishing Co., Ltd., a company incorporated under the Joint Stock Companies Act, 1887.

THE MINERS STRIKE

The British miners want the rest of the country to ignore the fact that there is any economic depression, or that war-time conditions for labor have ceased to exist. Whatever the rest of the country may suffer as a result of the change in industrial conditions they insist that the war-time advantages to them be continued. A disinterested observer, the New York Evening Post, puts the case thus: "The Miners' Federation has been trying for the past two years to discover a formula which will enable the coal industry to evade the laws of supply and demand. When the national need was great they enjoyed high wages and the great they skilled workers in a depleted labor market. Now demand has fallen off, unemployment is rife, and wages and prices have declined, but the miners are unwilling to draw from these circumstances the only possible conclusion under present economic conditions. They believe that the government should provide an artificial substitute for the 'good times'. Contrary to what is to be expected, the wealthy miners are to be obliged to make good the deficiencies of the poorer. Instead of receiving wages graded according to areas, the miners suggest that profits should be pooled so as to enable a national wage scale to be established. The government subsidy is to be replaced by subsidies from one mining company to another. The owners have refused this, just as the government has refused to continue its subsidy after it was refused to continue its subsidy as a scale of wages based upon the capacity of each coal area, with a share of the profits wherever they exceed a legitimate return on capital. The task of the British government is to find a way of reconciling these conflicting proposals short of nationalization."

The mines at present are not yielding enough to pay the present rate of wages. If the government comes to the rescue of the miners it can do otherwise in the case of other industries, for the workers would have quite as strong a case. Sooner or later this question must be settled, and the Ottawa Journal rightly says that if any considerable majority of the British people are in favor of the miners' contention then Britain has arrived at communism. The outlook for a settlement of the strike is rather more favorable today, though by no means bright. Both sides of the controversy were presented separately to Mr. Lloyd George, and this will be followed by a conference between the miners and mine owners. The prime minister has made it clear that the government will not consent to a policy which would continuously tax the country to keep up a wage scale, but appears to have intimated that some concession may be made to meet an emergency. One of today's cables says there are rumors that the miners would accept a wage reduction on a sliding scale based on the cost of living, and no further attempts are being made to prevent pumping in the mines. The present breathing space may lead to an agreement that will end the strike on a basis of compromise, and with some assistance from the government, but the counter proposals of the conflicting parties have yet to be debated, and there is still the possibility of a rupture.

THERE IS A LESSON

Idleness breeds worse afflictions. The daily papers are filled with stories of thefts, bold robberies, the operations of bandits and other criminals. This is one of the unpleasant features of the readjustment period. It does not mean, as some pessimistic persons assert, that the world is going to the devil, but that many persons who under normal conditions would probably be at work are free to listen to the promptings of the evil side of their nature, and to follow the leadership of rascals who ought to be in jail. There is, however, a lesson to be learned. It is that each community should train a deeper interest in the care and training of its younger members. A religious leader in this city recently lamented the fact that it was extremely difficult to keep the working boys associated with Sunday School and church, and it is equally true that they are not found in evening classes, or in large numbers in organizations that would be helpful to them. They are running wild in their leisure time. Many of them left school too soon, and are therefore lacking in education and ambition. They are too easily made the victims of loose companions, and later are themselves to be classed in that category. A more general interest by the elder people in such organizations as the Boy Scouts, boys' clubs, playgrounds, and generally helpful activities, by young people would exercise a restraining and helpful influence. After all our chief concern is with the young, for where they are neglected the future is dark indeed.

Lord Mayor O'Callaghan of Cork has been ordered to leave the United States, and Mr. Lindsay Crawford has been refused the use of Regina city hall for a meeting. President's first message to congress was delivered today. It is of far more than national interest.

VIVIANI AND FRANCE

Addressing a great meeting in New York last evening, the French envoy, M. Viviani, made out an unanswerable case for France as against Germany. France he said, did not ask Germany to pay the cost of the war, but to repair the damage done by wanton destruction of lives and property, even when defeat stared her in the face. In reply to the suggestion, "Look at Germany," M. Viviani replies, "Look at France," and he pointedly adds: "Did Germany look at France in 1870?" The speaker reminded his American hearers that France had long stood for democracy, as opposed to imperialistic rule; that she had been four times invaded within a century, and that twice the city of Paris was in alien hands. Now that her greatest enemy has been defeated she will guard her rights though she stand alone. At the same time M. Viviani made a strong plea for solidarity among the Allies, pointing out the harmful effect if Germany were led to believe there were differences among them. His mission to the United States should bear good fruit.

No definite steps have yet been taken to call a joint meeting of the executives of the Board of Trade, Commercial Club and other organizations to back up the city council and take action to protect the navigation of the falls and at the same time to do away with a level crossing at Douglas Avenue. Who is afraid, and what is the matter with St. John? The provincial government has apparently taken as much or more interest in this matter than those whose interests are directly affected. Although the facts of the case have been set forth over and over again for six months past there are alleged champions of the rights of St. John who today confess they know nothing about it and must be enlightened before they can express an opinion.

The visit of Hon. R. E. Fournier, a member of the Nova Scotia government, to Fredericton in connection with an effort to secure united action by the maritime provinces to protest against discrimination in freight rates, is indicative of a new spirit that is rising in these provinces. The feeling grows that they have not been getting a square deal, and that the pledges of confederation have not been and are not being fulfilled. Ottawa will have a maritime province problem on its hands if things go on as they have been going for years past. Things are warming up in the capital. The fight over the merchant marine led to an all night session and a somewhat bitter exchange of personalities. The government is having far from a happy time this session. Its shipping programme is now under heavy fire.

STEALS ENGINE AND DERAILS IT

Young Man Has Thrilling Adventure With Big Mogul—Comes Through Unhurt

Youngwood, La., April 12.—To steal a big Pennsylvania Railroad locomotive, make a wild run of several miles with it, and, after derailing the big engine, get away unscathed, is some feat, but it was easily accomplished by a young man aged about twenty-one years. It was about 9:30 o'clock when a clean-cut young fellow, wearing dark clothes, stepped into the cab of the big Mogul engine which was lying on a siding near this place. In ten minutes, when the big engine began to move down the sliding toward the main track, and it reached the switch, a yardman, thinking everything all right, obligingly threw the switch, and the locomotive, running smoothly, sped onto the main track and toward Greensburg at a speed which increased every second. The engine finally jumped the tracks at a switch several miles below here. Plowing into a bank of gravel and clay, the locomotive remained upright, and its driver was apparently unhurt. Several people who saw the engine leave the tracks hurried toward the scene in time to see the daring young engineer stop a passing auto, get aboard and disappear. He was not again seen until the auto reached Yukon, where he informed several people that "he was on his way to Pittsburg to blow up the court house."

LADY APPOINTED

Winnipeg, April 12.—Miss Mary P. McCallum has been appointed assistant secretary of the Canadian Council of Agriculture, of which the secretary is Norman Lambert. For four years Miss McCallum has been associate editor of the Grain Growers' Guide and before that was on the staff of the Regina Post. She is a native of Manitoba. It is understood that Miss McCallum's appointment will mean that a woman's department corresponding to those of the following provincial organizations will be established in the federal body.

ONE COPPER CAMP WORKING Anyox, B. C., April 12.—It is said here that Anyox is the only copper camp on the entire western hemisphere operating at anything like full capacity. More than eleven hundred men are employed. Wages have been decreased in accordance with the sliding scale agreement. Fluctuation of copper prices determine the rise and fall of wages.

PREMONITION

These wide, rain-sweetened meadows in the sun Are still with musings that we know not of, As hushed as evening when all sounds are done. And dreamy-minded as a girl in love. Some recit, swift assurances are theirs. Some fecth of whispered prophecies made plain. Moving above them in these first warm days, These shining, silver certainties of rain. We see no ghosts. . . . but midnight and the moon, Divining dreams that haunt the thoughtful earth, witness many a gallant, green platoon, And many a bannered staff of April mirth. Where all the splendid pageanties to be. Go by like ghosts. . . . had we but eyes to see. —David Morton in N. Y. Evening Post.

IN LIGHTER VEIN

The street car was very full, and passengers were struggling backward and forward and up and down the centre aisle. They all stumbled over a big black thing about midway between the conductor and the rear door. Presently the conductor came along to collect the fares. He, too, stumbled over the big black thing and located as its owner an old man sitting just near it. "Gordon me air," said the conductor, "would you mind putting your suitcase a little more under the seat?" "Conductor," cried the infuriated old man, "that isn't my suitcase; that's my foot!" Young Miss Mary Gee reported to her parents the visit of a guest who called while they were away. "He said I was the smartest little girl he had ever met, and he gave me a penny." "O," said mother, "that pleases me so much. Did you get all the nice pieces you know for him?" "No," explained Mary. "I told him I knew a lot of pieces and then I didn't recite any."

Father was giving the fair young daughter a lecture about her hair. He exclaimed, "Does he know who pays the light bills? Doesn't he know enough to go home at the right time?" The daughter replied, "Yes, he knows enough to go, but he was sick last night." With that the father started in again. "Don't let me see that big husky fellow like him was sick. What on earth was the matter with him?" As the fair young daughter started for the door, she sang back, "He has heart trouble."

Judging From Results. "What'll be in that last garage besides gasoline, father?" "Besides, my son? You mean instead of—Life."

NOTABLE POLITICAL CAMPAIGN IN ITALY

Nation's Greatest Battle For Votes Since 1848—Feature Will Be Attempt to Reduce Socialists' Strength.

Rome, April 12.—Italy's general elections, which will be held on May 15, will mark the termination of a political campaign which will be the greatest political campaign in this country since 1848, when the Constitution was granted. All political organizations are entering the arena with enthusiasm, and the issuance of a decree dissolving the Chamber of Deputies and fixing the date for the general elections yesterday is considered the official opening of the contest. One of the main features of the campaign will be an attempt to reduce the strength of the Socialist Deputies to something like a real proportion to the strength of that party in Italy. At the last general election, which was held in November, 1919, there were 186 Socialists returned, that being at least one-third more than the strength of the party just now. The Socialists will come before the electors divided into three sections. The smallest section is made up of Communists, led by Signor Bonaccini. The largest faction consists of Unionists, who are led by Signor Serrati. The remainder of the party is made up of Moderates, who have Signor Turati as their chief. The Catholics, at the last general elections, participated for the first time as a party and seated 101 Deputies, but this representation was a sort of political rainbow, including all shades of political colors and held together merely by the common denominator of Catholicism. Even the Catholics are split, the Right Wing having as the chief item of its programme the solution of the "Roman question." The Left Wing of the party comprises the Catholic Extremists, but the bulk of the Catholics have formed an organization under the name of the Popular party. Coalition Majority Sought. The Constitutional parties are making strenuous efforts to conciliate so that they may be able to form a large majority in the next Chamber and be independent alike of the Socialists and Catholics. Premier Nitti and his friends represent the Constitutional opposition, will be bitterly attacked by the followers of Premier Giolitti, who will present in Signor Nitti's constituency a list of candidates headed by the Reformist Socialist Ettore Cicotti. Signor Nitti declares he is sure of re-election, although some of his friends may fall. "I would be more certain of my election," he said yesterday, "if two-thirds of my faithful followers in the province of Potenza had not emigrated to New York."

A new characteristic of the campaign will be the participation of the Extreme Nationalists and the former legionaries at Fiume, who were led by Gabriele d'Annunzio. The attitude of d'Annunzio is as yet not defined. He has issued the following message to his supporters: "The legionaries must await my orders, and must not consider them valid unless they bear my signature and my seal, as too many intriguers have posed as interpreters of my thoughts."

PLANS OF ARCHBISHOP MANNIX. Rome, April 12.—Archbishop Mannix of Australia will leave Rome for Paris today. From Paris he will proceed to London on Saturday, and will sail for Australia on May 12.

A GENUINE MOTHER IS VERA GORDON

Noted Star at the Imperial in "The Greatest Love"—A Charming Picture.

Vera Gordon, the Jewish star, again demonstrated by large crowds of Imperial patrons that she is indeed the most natural and impressive mother in picturedom. As Mama Lantini in the Selznick super-feature "The Greatest Love" she awayed her watchers from smiles to tears and then back to smiles, as a great orator might stir his audience. "The Greatest Love" proves again that behind every great or noble man or woman there stands the mother, that motherhood has the immortal things of earth and that just so far as the women of an age recognize the high and sacred responsibilities of motherhood, in so far will the fruits of that age make for immortality. It is altogether a rare and unusual entertainment something for every man, woman and child, and it speaks the language of humanity that all can understand, and through its humanizing touch it makes for better manhood and womanhood. Although Vera Gordon was the real if not the advertised star of the screen version of Fannie Hurst's story, "Humoresque," and also in the Rex Beach photoplay, "The North Wind's Malice," it is in this picture, "The Greatest Love," that she truly achieves stellar honors, and is rightfully heralded as the star. A comparatively newcomer to the silent art, Miss Gordon has had the most spectacular and phenomenal success of any player now before the public. But behind her recent rise to stardom are many years of training and experience on the speaking stage, where she is the acknowledged peer in her particular brand of character portraiture. Theatregoers everywhere know Vera Gordon, and to know her is to admire her wonderful work. "The Greatest Love" will be concluded at the Imperial tonight. Tomorrow May Allison will be the star.

BRILLIANT CAREER OF REV. CANON CODY

Special Preacher at the Anglican Synod in St. John This Week.

Seldom is there found such a brilliant combination of statesman, preacher and public orator as is found in the Rev. Canon Cody, the special preacher at the Anglican Synod of the Diocese of Fredericton in this city this week. Canon Cody is a man whose reputation is not simply local or national, but has spread throughout the empire and in the United States of America. As a young man at college, Canon Cody stood head and shoulders above his fellows, for he carried off the highest honors in English literature at the University of Toronto, and did work which has never been equaled since by any student attending that great university. He was a graduate of many universities and colleges, but he took his Arts course at Toronto, where he graduated with special honors, two gold medals, and many other prizes and distinctions. After obtaining his degree as a Bachelor of Arts he decided to enter the Anglican church, and with this end in view studied theology at Wycliffe College, Toronto, graduating from that institution in the year 1893. He then became curate of St. Paul's church in Toronto, and the late rector, Rev. T. C. DesBarres, and six years later, on the retirement of Mr. DesBarres, was unanimously elected rector. Since that time Canon Cody has been the outstanding preacher in the Anglican church in Toronto, and has the largest and wealthiest church in the Dominion of Canada. The present building has seating accommodation for some 2,400 people, and often it is so crowded that extra seats have to be carried in and worshippers turned away through lack of room. It is well known that Canon Cody has been approached on numerous occasions with a view to his becoming a bishop in the Anglican church in Canada and in the U. S. A., but his heart is in the great work at St. Paul's, so that he has sorrowfully, yet gladly, declined all offers. During the war, Canon Cody did a work of very great moment by his influence, stirring words and organizing ability in connection with recruiting Red Cross and other patriotic efforts. He was also member of the legislature for Ontario, and minister of education under the late government. As minister of education he did a work which has left its mark on the whole educational system of the province. A significant fact at the recent election was that Canon Cody was returned without opposition. It is as a preacher, however, that Canon Cody stands out in greatest power. His erudition is second only to his rhetorical gifts and spiritual insight. As one listens to him one is impressed with the wideness of his reading and the vastness and clearness of his vision. He is a man of large Christian charity, and while it is recognized that his interests are deeply centered in his own great parish and in his Alma Mater, Wycliffe College, yet he has time to set as chairman of the Universities Commission in connection with the Rockefeller Foundation, which affects the whole of our Canadian universities, besides being on the senate of the University of Toronto and filling many other positions of leadership in education, etc., throughout the Dominion.

The Rev. Canon H. J. Cody, M. A. (Toronto), D. D. (Queen's, Trinity, Knox, Wycliffe), LL.D. (Toronto, Manitoba).

TEA AND OLIVES GROWN IN CANADA. Federal Minister of Agriculture Tells of Vancouver Island.

Ottawa, April 12.—That there are now being successfully grown in Vancouver Island, and for the first time in Canada, both tea and olives was the information given here tonight to a banquet of local horticulturists by Hon. Dr. Tolmie, federal minister of agriculture.

This year, too, on Vancouver Island there will be a good big crop. Filbert and almond trees are in full bloom, and the bamboo crop is large enough to harvest for baskets and fishing poles. "This is an astonishing statement to those without our borders who are prone to think of Canada as a land of snow-banks and wild country," he said. Dr. Tolmie also thought it would be only a matter of time until Canada is able to buy its roses from Pacific coast towns and cities within her borders.

S. A. WOMEN IN PRISON IN RUSSIA, THE TIMES HEARS

London, April 12.—The London Times says it learns that some women belonging to the Salvation Army are in prison in Petrograd and Moscow, and that they are suffering great hardships. All access to dress this season and will set a high mark for any member to surpass.

DUFF HAS SPEECH RECORD OF SESSION

Ottawa, April 12.—To William Duff (Lunenburg) belongs the distinction of making the longest speech in the House of Commons this session. On the government owned merchant marine the Nova Scotia Liberal member spoke for over four hours, and was apparently disappointed because he could not say more. It is by far the longest address this session and will set a high mark for any member to surpass.

FOLEY'S PREPARED FIRE CLAY

"A New Roofing," Art-Craft. Made especially to go over OLD CEDAR SHINGLES. This roofing is decorated in such a way as to imitate Neponset Twin Shingles. Its color is permanent, (either red or green) and as it is manufactured by the makers of Neponset products, its durability is assured. Ask for ART-CRAFT ROOFING. Now is the time to repair that chimney, that "blows down." We can supply a Windguard Top that will stop this nuisance and danger. We have a full stock of Builders' Supplies, and will be glad to quote lowest prices. GANDY & ALLISON 3 & 4 North Wharf, St. John. 4-18

MASTER MASON. It's the characteristic fragrant aroma of MASTER MASON that has made it so popular with discriminating smokers. But it has other qualities: it burns longer, holds its fire better and is sweeter than most pipe tobaccos. Smoke Master Mason It's good tobacco. MASTER MASON—ready rubbed—for those who like it that way is the same good plug tobacco cut and rubbed ready for the pipe—It is put up in tin foils and paper packages.

FUNERAL OF HON. SYDNEY FISHER

(Canadian Press Despatch)
Ottawa, April 11.—The remains of the late Hon. Sydney Fisher left Ottawa at 8:30 today over the Grand Trunk Railway for Interment tomorrow in Montreal. A short funeral service was held at 2 o'clock in his residence, conducted by Rev. G. G. Hepburn of All Saints' church.
The chief mourners were immediate relatives, Messrs. R. E. Fisher and Philip S. Fisher, nephews, and F. E. Ritchie and Murray England, cousins. His Excellency the Governor-General was represented by Lieut.-Colonel Edwards, A. D. C., and the Lieutenant-Governor of Quebec by Lieut.-Colonel Roy, A. D. C.
The pall-bearers were Hon. W. L. Mackenzie King, Hon. Senator Hewitt, Hon. W. S. Fielding, Hon. Rodolphe Lemieux, Hon. Senator Edwards, Hon. W. F. Vilas, M. L. C., A. H. McMaster, M. P., and J. A. Robb, M. P.
In attendance were Right Hon. Arthur Meighen, the prime minister, and practically the entire cabinet, Hon. T. A. Crerar, Right Hon. R. L. Borden and a large number of members of the house of commons.
Montreal, April 12.—(Canadian Press.)—The body of Hon. Sydney Fisher was brought here last night from Ottawa accompanied by close relatives of the ex-minister of agriculture. The casket was met at the Grand Trunk station by a number of old friends, who escorted his body to its last resting place until it is removed to Christ Church Cathedral, where the funeral service will be held.

RECENT WEDDINGS

Sussex, April 11.—A marriage of much interest was solemnized at 7 o'clock this evening in Trinity church when Miss Frances Curwen Willis was united in marriage to Joseph Howe Knox, of St. John. Canon Sheven performed the ceremony. The bride presented a charming appearance in a handsome tailored suit of grey broadcloth with grey squirrel furs. She carried a shower bouquet of pale pink roses. Immediately after the ceremony the young couple left on the evening train for Halifax and other points in Nova Scotia. On their return they will reside in Sussex. The bride is one of Sussex' most popular young ladies and received many beautiful gifts. The groom is well known here and will be gladly welcomed as a citizen.

RECENT DEATHS

Mrs. A. Elisabeth Ludlam, widow of Joseph S. Ludlam, for many years agent of the Merrimack Mills, and at that time residing in Lower St. John, died last Friday at her home at Chestnut Hill (Mass.) Mrs. Ludlam was a native of St. Andrews (N. B.) and the daughter of Alexander Grant, who was collector of the port of St. John, and who later took up his residence in St. Andrews. Mrs. Ludlam had been a resident of the Chestnut Hill section for thirteen years.
She is survived by two daughters, Mrs. R. D. Ware, of Amherst (N. H.) and

RESOLVED TO MAKE GERMANY PAY THE BILLS

Viviani Declares, Even if All World Forsake Her, France is Able to Win Point.

New York, April 12.—A plea for moral solidarity among the Allies in facing post-war problems was made by Rene Viviani, former premier of France, in Carnegie Hall last night. "One of the greatest dangers today," he said, "is that there are differences among the Allies." Speaking of France's claims for German reparations, Mr. Viviani said: "France is resolved to make Germany pay, and if all the world should forsake us in that demand, France is still capable of coming out of this difficulty alone."

SUGARING PIES WITH PULVERIZED GLASS

Man Arrested in Detroit on Complaint of Restaurant Keeper.

Detroit, April 12.—Boris Slotnick, forty-eight, was taken into custody here, following a complaint of a restaurant proprietor that the man had entered his place and thrown what appeared to be a handful of pulverized sugar over the pies.

JAPAN MAY SEND ENVOY TO UNITED STATES

Tokyo, April 12.—Plans for sending to Washington a distinguished Japanese who would take up the entire range of the so-called Pacific problems, including mandates, California, China, Siberia, immigration and armaments, are understood to be in the process of formulation by the Japanese government.

TRIES TO UPSET MANITOBA VOTE ON IMPORTATION

Winnipeg, April 12.—An action to have declared invalid the provincial referendum of Oct. 25 last, by which importation of intoxicating liquors into Manitoba was forbidden, is being planned by E. A. Fletcher, counsel for F. A. Johns of this city. Infractions of the Canada Temperance act in the taking of the vote are alleged. Action has to be taken within six months of the polling, or by April 28.

CHAIN GROCERY STORE COMPANY GOES INTO VOLUNTARY BANKRUPTCY

St. Louis, April 12.—The Industrial Transportation Company, which operates about 150 retail grocery stores in Missouri, Arkansas, Louisiana and Texas, filed a voluntary petition in bankruptcy yesterday in the U. S. district court here.

SWOLLEN GLANDS

Wens, Cysts, Soft Bunches Reduced by "ABSORBINE JR." "ABSORBINE JR." is a vegetable germicide and antiseptic liniment. It is opposed to unhealthy, unnatural growths. Enlarged glands, wens, cysts, soft bunches are unnatural conditions that "ABSORBINE JR." will materially benefit.
A prominent physician writes: "I have used ABSORBINE JR. on stiff joints and found it all right. Does the work nicely and I cheerfully recommend it."
"ABSORBINE JR." should be in every home in case of accidents—boils, cuts, burns, lacerations—swabs, sprains, strains and bruises—relieves pain and reduces inflammation.

TWO STEAMERS IN.
Two C. P. O. S. liners the Victorian and Comman arrived in port yesterday and docked at Sand Point during the afternoon. The Corsican encountered a bad storm enroute from Liverpool. The Victorian came from Southampton and Antwerp and met severe weather conditions enroute.
Among the passengers on the Corsican were the following for the Maritime Provinces: B. R. Butler and Mrs. E. L. Butler of Rothesay, and G. E. Carter of Fair Vale.
Maritime passengers on the Victorian were: J. J. McGowan and L. B. Simon of this city, and Mrs. R. W. Howes of Halifax. Other prominent passengers were: Lord and Lady Hartington, the railway workers' unions.

CITIZENS BROKE ENGLAND'S TRANSPORT STRIKE IN 1919
Great Britain menaced today by a general strike, faced a similar situation in the fall of 1919, when the railway strike was called on September 26. The Government then issued a call for volunteer workers; and thousands responded, including some railway servants not on strike and even some members of the

The Government has great numbers of army motor trucks available; and about 80,000 private motor cars were reported offered for service by their owners. The citizens, men and women, trained to voluntary service during the war, enrolled from all classes. De mobilization of war organizations was suspended, adding greatly to the body of trained helpers. The public felt that the railwaymen, despite just grievances, had not played fair; and the citizens' volunteer service practically broke the strike. The Government continued efforts on keeping railway routes open for food supplies. Three days after the strike services were in operation from London to Birmingham, Manchester, Liverpool, Yarmouth, the east coast, Hull, Southampton, Plymouth and Dover.

THOUGHT HER TIME HAD COME SAYS MRS. DEGRE

Three Rivers Woman Almost a Confirmed Invalid—Is Enjoying Best of Health Since Taking Tanlac.

Mrs. Henri Degre of 112 Duplessis-Bochar street, Three Rivers, P.Q., is still another who is so gratified over the results she has obtained from Tanlac that she comes forward with an unqualified endorsement of the medicine.

It was to eat a good meal without having to suffer almost unbearable pain and distress afterwards. I was terribly nauseated at times, and my heart palpitated dreadfully. My liver was out of order, and I had such fearful headaches and dizzy spells that many times I could hardly stay on my feet.

IRISH DOMINION LEAGUE STRIVES FOR EARLY PEACE

(Canadian Press Despatch)

Dublin, April 11.—At a meeting of the Dominion League and representatives of the moderate home rule element held here today, presided over by Sir Horace Plunkett, resolutions were passed suggesting as a solution of the Irish problem that the members of the two legislatures be named in the approaching elections in the home rule act be regarded as a constituent assembly.

C. G. M. STAFF'S FAREWELL BANQUET

The staff of the Canadian Government Merchant Marine, numbering about fifty, held a farewell banquet last evening at Bond's restaurant, preliminary to the departure of the winter port staff for Montreal.

A WONDERFUL WAY TO GUARD AGAINST FAILURE AND WANT!

How—How Do They Do It. It's Easy Enough To Talk About It But The Thing Is—To Do It

How much are you making? Yes, you are! It is three dollars and fifty cents a day? Or is it five dollars, six dollars, seven dollars, ten dollars or fifteen dollars? Are you satisfied with it? Or do you continually grumble—without doing anything to make it more? But maybe this isn't your fault. Maybe you don't know how to GO ABOUT making it more. Lots of people are that way. Millions of them. Yes, millions. And they're not to blame either. They'd do more, they'd earn more, if they only KNEW HOW—right down in their hearts they're willing enough. They're just as anxious and ambitious, and thrifty, and hopeful, and earnest as they can be. Only they just don't seem to understand the knack of making more wages.

SEIZURE OF SCHOOL SITES AS AUTHORIZED

The purchase of the site for a school in the North End at a cost of \$6,000 and ten per cent. was authorized at the meeting of the school board last evening and authority was also given to have the board's solicitor take steps for the appropriation of the property to the southwest of the Albert school in West St. John, for a school site in that locality.

"Fruit-a-lives" Conquered Nervous Prostration

R. R. No. 4, Gilbert Plains, Man. In the year 1910, I had Nervous Prostration in its worst form; dropping from 170 to 115 pounds.

WESTERDAY IN THE LEGISLATURE

(Canadian Press Despatch)

Fredericton, April 11.—Several private bills were advanced through the committee stage, and the game act was further considered by the legislature this evening.

Figure It Out For Yourself

Honestly now! Could you get for 60c. any other prescription which would give the same all-round service and satisfaction that a box of Zam-Buk does?

HARDING WILL APPEAR BEFORE CONGRESS TODAY

Still Fighting Shy of League of Nations — Peace With Germany — Speaker Gillett Re-elected 298 to 122.

(Canadian Press Despatch) Washington, April 11.—President Harding's first message to congress will be delivered by him in person at 1 p. m. tomorrow. This was definitely settled late today, the house adopting a resolution providing for a joint session at that hour.

KI-MOIDS (TABLETS or GRANULES) FOR INDIGESTION

Take dry on tongue or with hot or cold water. QUICK RELIEF! Price, 25-50-75¢

MADE BY SCOTT & BOWNE MAKERS OF SCOTT'S EMULSION

New Method Nujol is a lubricant, not a laxative.

Without forcing or irritating, Nujol softens the food waste. The many tiny muscles in the intestines can then remove it regularly. Absolutely harmless—try it.

DRIVE AWAY HEADACHE Rub Musterole on Forehead and Temples

A headache remedy without the dangers of "headache medicine." Relieves headache and that miserable feeling from colds or congestion. And it acts at once! Musterole is a clean, white ointment, made with oil of mustard. Better than a mustard plaster and does not blister. Used only externally, and in no way can it affect stomach and heart, as some internal medicines do.

Young proposed the toast to the Ladies, to which E. J. Armstrong and W. R. Roberts responded.

The following programme also was given: Solo, L. E. Martin, reading, J. R. McCloskey's mandolin solo, Lawrence McGinty; step dance, John Young; solo, W. R. Roberts; violin solo, B. Holder; musical number, J. McQuade; solo, McQuade; anecdotes, stories and vocal solo, Mr. Craig; solo, Mr. Potts of the Canadian Rancher; Auld Lang Syne.

The final reports of the Y. W. C. A. rummage sale showed that \$302 had been realized by that event. The sum is a very welcome addition to the funds of the association.

The report of the secretary showed 6,285 pupils belonging, 4,055 boys and 4,190 girls, and \$939 per cent. daily attendance. The 192 enrolled but not belonging were accounted for as follows: Died, 4; sick, 84; at work, 83; left city, 21; transferred, 1; kept at home, 45.

The health report showed thirteen cases of scarlet fever, six of diphtheria, two of measles and three of chicken pox, making a total of twenty-four cases. West End Site.

The committee on the west side site recommended the appropriation of the property to the southwest of the Albert school, three lots in Duke street and four in Guilford street.

Mr. Smith said the choice of the second site was a necessary rearrangement of the school district and an expenditure of \$10,000 for leveling, etc. Mr. Nagle also said that the idea was to make the new building a nucleus for a larger school after the Albert school became unfit for use. Dr. Bridges said the suggestion was to use the site of King square as a playground. He thought manual training and domestic science classes and grade nine classes should be accommodated in a building there. He said unhesitatingly that it was the proper site. Mrs. Taylor questioned the right to call public property a school playground. She thought the congestion of scholars in one district would be a bad feature and the climb up the hill bad for the children. Mr. McIntyre said he believed that the board could secure the King square site if it made a determined effort, as the opposition against the site was not as strong as the board of trade was not, he thought representative of the feeling of the majority of the citizens in West St. John.

On the motion of Mr. Ingraham, seconded by Mr. Smith, the west side site committee with the chairman as an added member was given authority to have the board's solicitor take up expropriation proceedings to acquire the land specified in the recommendation. Mr. Day alone opposed the motion.

The finance committee in a report recommended increases of salary dating from Jan. 1, 1921, as follows: \$45 per annum to Mr. E. G. Callaghan, \$200 to the Misses M. C. Sullivan, M. A. Dolan, H. McL. Corbett, K. O'Neill, Mary E. Lingley, F. C. Estabrook, Marguerite Adams, Miss P. R. Veitch, Miss B. Hickson, \$100 to the Misses B. Myles, M. M. Black and A. V. Parks, and \$50 per annum to Miss A. K. Lingley and Miss P. R. Veitch. These teachers were members of the high school staff whose former salaries, it was felt, were not fair in comparison with those of the grade school staff.

Mr. Day spoke of the wish of the North End Improvement League to have the use of one of the school assembly halls in the North End for a public meeting. The board thought this a desirable use of the assembly hall and that application should be made by the league through the proper channels, the chairman and the superintendent of schools being the committee appointed in that regard.

Summer Playgrounds. On Mr. Day's motion the use of the school grounds was granted to the Playgrounds Association under the usual conditions to be used for summer playgrounds. Dr. Bridges and Mr. Green told of complaints that the Centennial grounds were not properly supervised and Mr. Day said he would bring the matter to the attention of the Playgrounds Association.

The buildings committee was asked to take note of a request of Garnet Wilson, architect, that he have consideration when the board contemplated building two new schools and of the offer of H. C. Mott, architect, to alter any of the three sets of plans which the board has for school buildings so that they would suit the requirements of the board. Mr. Mott asked for no remuneration other than the two per cent supervising fee.

Dr. Bridges said that the Partridge Island school was closed because of quarantine which had been put on during the Easter holidays. Mr. Day thought the school should remain closed until a larger school population on the island justified the expense. Dr. Bridges said the board was under contract to keep the school open until the end of June. Mr. Day's motion that the school remain closed until the superintendent gave authority to reopen it was carried.

Mr. Green said he would report at the next meeting regarding the attitude of the Y. M. C. A. as it concerned the high school property.

The finance committee was given power to issue redemption certificates for \$15,000 worth of bonds which expired on Sept. 1 last, \$6,500 which expired on March 1 and \$16,500 which would expire on Aug. 1, 1921. Legislation authorizing these issues is now before the provincial house.

The report of the trust officer showed nine trusts and thirty-seven irregulars. Six trusts had returned to school; forty-five visits had been made in eighteen schools and the trust officer had taken one case to court.

HEADACHES Make Life Miserable

Headaches are one of the most aggravating troubles one can have, and it is hard to struggle along with a head that aches and pains all the time.

The fact that Burdock Blood Bitters keep the stomach, liver and bowels toned up is proof enough to show that it will eliminate the cause of the headaches.

Mrs. Harold Lanain, Owen Sound, Ont., writes:—"My system was run down after a bout with influenza. I suffered a great deal from severe pains in my head, which made me feel very miserable. After having tried other remedies I purchased a bottle of Burdock Blood Bitters, and was very glad to notice a decided improvement in my health. I took it until I was able to say that it has done me an enormous amount of good. I have recommended it to my friends, who were in a similar condition, and they all say it is a wonderful remedy."

B. B. is put up only by The T. M. Burns Co., Limited, Toronto, Ont.

Dorothy Dalton's Beauty Chat

Miss Dorothy Dalton, the actress famous the world over for her beautiful complexion, says: "Any girl or woman can have a beautiful, rosy-white complexion and smooth unlined skin like mine if they will follow my advice and use Derwille, a simple toilet preparation, which is easy to apply, absolutely harmless and has a marvelous effect upon the skin. One application proves it. Be sure to use Miss Dalton's interesting story of how to quickly acquire a beautiful complexion, soon to appear in this paper. In the meantime get Derwille at any toilet counter and try it today; you will be delightfully surprised."

No Trouble to Keep Skin Free From Hairs

(The Modern Beauty.) There is no need for any woman to countenance superfluous hairs, because with a paste made by mixing some powdered delatone with water it is easy to get rid of them. The paste is applied for 2 or 3 minutes, then rubbed off and the skin washed. This treatment will rid the skin of hair without leaving a blemish, but care should be taken to see that you get real delatone. Mix fresh as wanted.

The Ideal Laxative for Children

Mothers, give the little ones Dr. Caldwell's Laxative Syrup Pepsin for constipation. Acts mildly and gently. Formula on the package.

THE alert mother, ever anxious to find something better for her children's health, will interest herself in learning what is best to give them when they are constipated, have a headache, cold or fever, are bilious or dyspeptic. It stands to reason that the remedy that might be suitable for you, at your age, might be too drastic for a child.

By all means do what you can to regulate the diet, giving preference to the light, easily digested foods. But when diet fails you will have to help Nature with medicine. It is well for you to avoid the harsher cathartics and physics, castor oil, calomel and such, which are apt to irritate the bowels and weaken the child and make it irritable.

A better plan is to give half a teaspoonful of Dr. Caldwell's Laxative Syrup Pepsin, which is a combination of simple laxative herbs with pepsin. It acts mildly and gently and does not gripe or weaken. It has the

Women of Middle Age

THE critical stage of a woman's life usually comes between the years of 45 and 55, and is often beset with annoying symptoms such as nervousness, irritability, melancholia, heat flashes which produce headache and dizziness, and a sense of suffocation. Guard your health carefully, for if this period be passed over safely, many years of perfect health may be enjoyed.

Lydia E. Pinkham's Vegetable Compound is especially adapted to help women through this crisis. It exercises a restorative influence, tones and strengthens the system, and assists nature in the long weeks and months covering this period. It is prepared from medicinal roots and herbs, and contains no harmful drugs or narcotics. Its value is proven by many such letters as these:

Regina, Sask.—"I was going through Change of Life and suffered for two years with headache, nervousness, sleepless nights and general weakness. Some days I felt tired and unfit to do my work. I gave Lydia E. Pinkham's Vegetable Compound a trial and found good results, and I also find it a very helpful Spring tonic and useful for constipation from which I suffer much. I have recommended Vegetable Compound to several friends, and am willing you should publish this."—Mrs. MARTHA W. LINDSAY, 810 Robinson St., Regina, Sask.

Lascelles, P.Q.—"During the Change of Life I felt so weak and run down I could hardly do my work. The perspiration would pour over my face so that I couldn't see what I was doing. We live on a farm, so there is lots to do, but many who felt as I did would have been in bed. I took Lydia E. Pinkham's Vegetable Compound and it did me a world of good. I tried other things but I put Vegetable Compound at the head of the parade, and I tell every one I know how much good it has done me."—Mrs. DUNCAN BROWN, Lascelles, Prov. Quebec.

Letters like the above do influence women to try Lydia E. Pinkham's Vegetable Compound

To the Electors of the City of St. John.

GENTLEMEN,—

HAVE had the honor of calling for the past three years as Mayor.

MAYOR.

If my course of action for that time, which is before you, has given you confidence in again serving me your support, I shall be glad to receive your votes.

I do, therefore, now offer myself as a candidate for the office at the ensuing election on the 1st May next. Should I be so fortunate as to be elected, I will exert my best abilities to promote the general interests of the City.

Respectfully,
J. WOODWARD.

COLUMBIA GRAPHOPHONE COMPANY, TORONTO

J. CLARK & SON, Limited
17 GERMAIN STREET

"DINTY" A HUGE SUCCESS

The initial showing of "Dinty" at the Unique yesterday was distinctly successful, the theatre being crowded both afternoon and evening. "Dinty" is doubtless Wesley Barry's most attractive vehicle to date and Marshall Neilan's most popular success. Mr. Neilan has surrounded Wesley Barry with an excellent cast of players, including Colleen Moore, J. Barney Sherry, Majorie Daw, Pat O'Malley, Kate Price and others. As "Dinty" is a fighting San Francisco newsboy, young Barry, under the masterful direction of Neilan, has completely captivated his audiences. In his own inimitable way he brings out the tears and laughs at will. There is a touch of tender pathos in Neilan's fascinating story when "Dinty" loses his old Irish mother, but for the most part it is brimming over with humor, a pretty romance and thrilling adventure constituting the backbone of the plot. "Dinty" becomes king of the Newsboys' Trust, works his way into the good graces of the District Attorney, aids in the recovery of his fiancée, who has been kidnapped by a gang of Malay half-breeds, all goes to make up a story which includes comedy, melodrama, pathos and humor. "Dinty" will be shown at the Unique four times daily all this week. To invite competitive comparison between the engaging freckle faced personality of Wesley Barry and local small boy competitors a prize of \$5.00 will be given Saturday afternoon to the boy patron who most nearly resembles "Dinty."

MORNING NEWS OVER THE WIRES

"Pussyfoot" Johnson was not permitted to speak in Windsor, Ont., last night, on the subject "What I Can See Through My Glass Eye," but he was obliged to take the ferry across the border, and in order to escape the crowd a bodyguard of police escorted him to the dock. Several missiles aimed at him struck the officers, but none were injured severely. Hon. G. H. Murray, premier of Nova Scotia, was accorded a reception in the house of assembly yesterday on his recovery from a serious illness. He will leave tomorrow for Battle Creek, Mich., where he will enter a sanatorium. The theological convocation at Mount Allison University was held last evening at Sackville and was very largely attended. The principal speaker of the evening was Rev. Dr. John W. Alkens of Ottawa. Certificates were granted to Norman Coll, C. W. Kierstead, A. G. Pentz, G. E. Roach and C. Windsor. Among the prizes awarded was one to Chester Brown of St. John who received the John Sealy prize for the highest standing in church history and history of doctrine.

W. H. Price, chairman of the board of assessors of Moncton, was appointed general manager of the Central Trust Company at a meeting of the directors held yesterday. The appointment takes effect on April 15. A labor meeting in the interests of mill men and longshoremen of the Miramichi district was held in Chatham last evening, Mayor Gaynor presiding.

Among the speakers were J. E. Tighe of this city; William Varley of Toronto, and John S. Martin, M. L. A. The position of the employers was presented by W. B. Snowball, George McDade and

E. W. Jarvis. The meeting was harmonious throughout. Rev. J. V. Young and Mrs. Young will leave St. John on Friday for a

visit to England. They expect to return to St. John in July.

USE The Want Ad Way

Send No Money

Just mail the coupon for this 10-day test. Then watch your teeth improve.

Quit for 10 Days
Your old methods of teeth cleaning

See what this new way does. Watch your teeth whiten—note how clean they feel. Millions have learned in this way how much film removal means. It is something that you should know.

You must fight film

Your teeth are coated with a viscous film. It clings to the teeth unless you combat it, gets between the teeth and stays.

It forms a dingy coat which dims the luster of the teeth. It is the basis of tartar. It holds food substance which ferments and forms acid. It holds the acid in contact with the teeth to cause decay.

Millions of germs breed in it. They, with tartar, are the chief cause of pyorrhea. Thus most tooth troubles are now traced to film. And, despite the daily brushing, very few escape them. The old brushing methods do not effectively fight film.

New ways to combat it

Dental science has now found ways to combat film. The methods are embodied in a dentifrice called Pepsodent. It has proved so effective that leading dentists everywhere are now advising it. And millions of people have already adopted it.

Pepsodent, with every use, brings five desired effects. It attacks the film in two efficient ways. It keeps teeth highly polished. It stimulates the salivary flow—Nature's great tooth-protecting agent.

It multiplies the starch digestant in the saliva. That to digest the starch deposits which cling to teeth and often form acid. It multiplies the alkalinity of the saliva. That to neutralize the acids which cause tooth decay.

Modern authorities regard these effects as essential aids to Nature, in view of the average diet. To bring those effects twice daily means such protection as you have not known before.

See and feel them

The results can be seen and felt. They are delightful, and this 10-day test will bring them 20 times.

Send the coupon for it. Note how clean the teeth feel after using. Mark the absence of the viscous film. See how teeth whiten as the film-coats disappear. Watch the other good effects, and the book we send you will tell you what they mean.

Do this now in justice to yourself. Learn how much this new-day method means to you and yours.

LOCAL NEWS

TO COMMISSION MEETING
Martin McGuire of this city and A. F. Bentley of St. Martins will leave this afternoon for Fredericton to meet Hon. J. F. Tweedie, chairman of the New Brunswick Prohibition Commission for legislation meeting this evening.

TO TAKE UP MISSION WORK.
Rev. J. B. Daggett, who has resigned as pastor of the Main street Baptist church, Maryville, on account of ill health, will take up home mission work, mostly in parishes where there is no United Baptist pastor.

APRIL STORM.
During the storm which swept over this city yesterday afternoon and last night one and a half inches of snow fell. The lowest temperature registered was twenty-eight degrees above zero. The wind blew from the north and north-east and reached a maximum velocity of thirty miles an hour.

COONEE OPENS SEASON.
The steamer Coonee opened the river traffic yesterday, going up to Westport and returning to Moncton this morning. She encountered a good deal of ice near Oak Point, but arrived on time this morning and went up again this afternoon at three o'clock.

DUMPING ON SQUARE.
Once again the street superintendent has reported to the commissioner of public works that residents in the vicinity of Victoria square have been using that space as a public dump. Consequently a great deal of work will be necessary before the square is in good order for the summer season. He said that there were two public dumps in the north end, one in rear of St. Louis' church and the other out the Adelaide road.

A CLOSE MATCH.
In the Girls' League feature on the G. W. V. A. alleys last Saturday night the N. B. Telephone Company's team and that of the Corona Company each took two points. The game was one of the most keenly contested this season. The scores follow:

N. B. Telephone Co.		Total	Ave.
McCavour	82	67	76
Morrison	66	68	65

HE IDENTIFIED CLOTHES THEY WORE

Musquash Shopkeeper Witness
in Case of Six St. John
Youths.

On suspicion of acting together, breaking and entering the barn of James McCarthy, corner of Queen and Germain streets, and stealing a horse and carriage valued at \$250, also breaking and entering the store of Samuel Malatzy, Musquash, and stealing articles valued at \$50, James Levine, Henry Collins, Albert Cameron, Charles Crawford, Harold Miller and Ronald Owens appeared in the police court this morning. They did not plead, as the magistrate told them it was not necessary, since they would have to go to a higher court for trial.

Mr. Malatzy told of being awakened on Saturday morning about two miles from his home, as belonging to him, was a double-seated carriage about to start in the direction of Chance Harbor. He said he demanded of them to stop, and when they refused he said he threw a rubber and struck Owens, but they proceeded on their way, and the witness said he followed them about two miles. On going back to his store, he said he found a window broken and the stock upset, also several articles, such as cigarettes, pens, and odd gloves and some pipes, missing. From his covered sled, which was near the store, several shirts, three sweaters and a pair of lumbermen's rubbers, that the accused wore, as belonging to him, were accused were all brought out of the dock, and the witness identified shirts, sweaters and lumbermen's rubbers, that the accused wore, as belonging to him. The case was postponed and the accused remanded to Jail. J. A. Barry appeared for Miller.

A case against John C. Gardner, charged with not supporting his wife, was amply settled, and the accused allowed to go on condition that he would go to work.

One man charged with drunkenness pleaded guilty and was remanded to jail.

ANNOUNCEMENT OF OPENING OF THE MEMORIAL SHOP

Mayor Schofield issued the following announcement today regarding the memorial shop:—

The memorial shops are now open for business on the second floor of the building recently occupied by T. McAvity & Sons as a warehouse on Water street, immediately opposite the rear of the custom house.

Phone No. Main 8684.

Operation has already commenced in the making of a few common articles of furniture.

The men are available to go out on small jobs, fixing doors, windows, building shelves, small repair work of all kinds, storm sashes removed, etc., etc.

Furniture may be repaired, and will be called for and returned if the people will phone the office.

Window screens may be made to measure.

In addition to the above, very shortly provision will be made for the washing and repair of automobiles, as an excellent chance is available for handling several cars on the ground floor of this same building.

THE MARRIAGE QUESTION IN THE BISHOP'S CHARGE

(Continued from page 1)

world that they have been living in unconscionable sin, or, in lieu of that degradation, of suffering the dissolution of their marriage; whilst little children are sent out into the world with the brand of illegitimacy upon their lives. Could there be a more unwarranted interference with civil and religious liberties. And could there be, in any country, a more gratuitous insult to the non-Roman Catholic Churches?

Happily, by the judgment of the Privy Council, this interference with established rights has been pronounced illegal, and, whatever annulments the Roman Catholic Church may see fit to declare through its own ecclesiastical courts, such annulments will carry with them no liberty in civil law. I take this opportunity of offering my grateful thanks to the Orange Order, to whose courage and pertinacity we largely owe this splendid vindication of our rights.

It may be objected that this case, to which reference has been made, together with all its implications, is peculiar to the Province of Quebec, and does not concern us, therefore, in New Brunswick. But, that is not strictly true. Apart altogether from the apostrophes of the principle laid down by St. Paul, that "if one member suffer, all the members suffer with it," it must never be forgotten that the Church of Rome is not one Church in the Province of Quebec, and another Church in New Brunswick. It is the same Church all the world over,—the same in principle, the same in policy, and the same in practice.

To Future Brides and Grooms

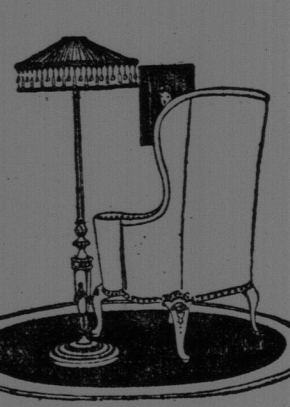

There is hardly a week passes in this store but that at least one young couple comes in here—sometimes the girl alone and sometimes the man alone—pick out a piece or two of furniture and commence paying on it.

Naturally it costs more to furnish a home these days. While furniture did not advance, proportionately, as much as other commodities, still so much must be bought, if the home is to be properly furnished, that the sum total might run into a fair sum.

If you will take a walk through the store your eye may rest on some nice piece that you will want to start to buy right away. You are welcome to look around all you like, and no obligation entailed naturally; and you need not have a salesman accompany you, unless you wish one.

RESTAURANTS MATTER UP AT FREDERICTON

Commissioner Thornton Supports Bill; H. A. Powell, K. C., in Opposition—Grand Falls Bill With Amendments Agreed To.

(Official Report)
 Fredericton, N. B., April 12.—The corporation committee this morning considered a bill to incorporate the New Brunswick Oil Co. Ltd. and after hearing W. G. Pugsley and J. H. Friel in regard to the rights of several companies in shale, natural gas and oil in Albert and Westmorland left several sections of the bill for the persons to make some arrangements.

The committee considered a bill relating to the extension of time to be given the Grand Falls Co. Ltd., and agreed to certain amendments. Several sections of an act to regulate the practice of optometry in the province are also considered.

The committee on municipalities this morning agreed to amendments to a bill authorizing the municipality of Carleton County to give an annual grant to Agricultural Society No. 41, a bill to authorize Woodstock the same and a bill exempt bonds of the society from taxation. Obligation to exempt from school assessment was made in connection with the last bill, and an amendment in that connection was made.

F. R. Taylor, K. C., appeared on behalf of telegraph and express companies in relation to a bill of Woodstock relative to assessment. He said his clients had had no opportunity to learn the provision of the bill. It was arranged to have a hearing on Friday, St. John Restaurant Matters.

Commissioner Thornton appeared in support of a bill relating to restaurants in St. John. He explained the desirability of having screens and stalls removed in restaurants of a certain class.

H. A. Powell, K. C., appeared in opposition to the bill representing restaurant proprietors, one of whom a Chinese appeared in person. The committee decided to consider the matter in private session.

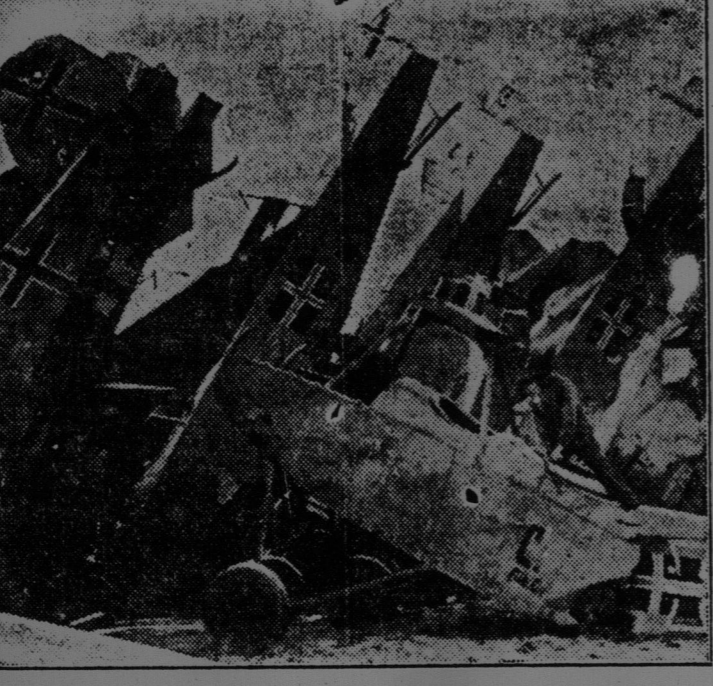

The committee also agreed, with amendments, to bills relating to the St. Andrew's almshouse and water works relating to the Wesley Memorial Methodist Church, Moncton; to empower the Roman Catholic bishop of Chatham to sell certain lands in Gloucester; relating to the bastardy act in Kings county; relating to the town of Edmunston. Delegation From Moncton.

A delegation was heard in connection with bills relating to Moncton. Hon. Mr. Robinson said that a delegation supporting the bills would arrive tonight. Premier Foster said that if notification were given to him after the arrival of the train, arrangements would be made for the committee to hold a night session and hear both sides.

The committee took up consideration of a bill relating to the issue of debentures by Moncton, which was agreed to with amendments.

Fredericton, April 12.—(Canadian Press)—The Grand Falls company, under the terms of the amendments, are granted two years extension under condition that by May 1, 1923, they shall have expended \$160,000 on actual construction work, and a provision will be given consumers in New Brunswick desiring electric energy from the Grand Falls and the matter of rates to be charged, will be under the control of the Public Utilities Commission.

THE GERMAN AIR FLEET

This is the last batch of planes to be destroyed in accordance with the terms of the armistice.

SRD N. B. HEAVY BRIGADE, C.G.A. The annual qualification examination for N. C. O.'s of the brigade will be held this week. All members of the 10th Heavy Battery and 6th Siege Battery wishing to qualify for N. C. O.'s will be present at Tuesday night's parade. Members of 4th Siege Battery at Wednesday night's parade. All members of 18th Heavy Battery must be on parade on Tuesday night, as it is necessary to select the firing detachment for Petawawa camp. E. M. Slader, Adjutant SRD N. B. Heavy Brigade, C. G. A.

FOR FRENCH SCHOLARSHIP PRIZES. Bishop LeBlanc has contributed \$20 to the Emma Skinner Pike Memorial Fund, and a contribution of \$10 has been received from J. A. Marven & Co., of Moncton.

IN WALL STREET. New York, April 12.—(10:30)—The usual mixture of gains and losses, the former predominating, marked the opening of today's stock exchange. Dealings were very light, traders evidently holding back in anticipation of the publication of the president's message to congress.

Utilities were the strongest feature, Western Union soon gaining 21-1/2 points and Consolidated Gas 13-1/4. Mexican Petroleum, Utah Copper and Keystone Tire also averaged one point advances. Business was shown by the minor steels, especially Sloss-Sheffield and Midvale. Cuban-American Sugar and Food Products also were heavy.

Noon Report. Independent steels continued under pressure during the afternoon. Republic lost 1/8, Lackawanna 1/8, and Sloss-Sheffield extended its decline to four points. Sugars again reflected unfavorable financial conditions in Cuba, falling one to three points, and chemicals also were heavy. Contrary movements were Tuesday night's type represented by merchandise issues, particularly Sears Roebuck and May Department Stores, gains in these diversified groups from one to four points. Rails figured only slightly in the moderate turnover.

Call money opened at 7 per cent and exchange on London was fractionally lower.

WIFE AND CHILDREN. GONE WITH THE SALOON. Greatest Problem of the Salvation Army Eliminated by Prohibition, Says Commander Evangeline Booth — Plans Boarding Homes and Clubs.

New York, April 11.—Prohibition has eliminated the Salvation Army's greatest problem, Commander Evangeline Booth reports in a statement of industrial conditions made as a result of four-point wide investigations. Henceforth the activities of the Army will be directed toward special amusements, recreation and providing proper home and school influences for boys and girls. The future work will be the prevention of evil, including the opening of boarding homes and clubs in all cities.

ARMSTRONG—In loving memory of Harold Ernest Armstrong, who died April 12, 1906.

FATHER, MOTHER AND BROTHERS.

LOCAL NEWS

AWAY THIS MORNING. The steamer passengers from the C. P. O. S. liner Victoria, numbering 899, left Sand Point this morning in two special trains en route to their destinations throughout the Dominion. The cabin passengers went forward last night in a special train.

MORE UP RIVER. The river steamers Majestic and Champlain left Indian town this morning on their first trip of the season. The former went to Upper James and the latter to Perry's Point on the Washademoak. Both had fair sized cargoes.

CHEAP POTATOES. There is said to be a surplus of potatoes throughout the province and in one section of Queens county farmers were reported to be selling them at \$1.35 a barrel. They are said to be anxious to dispose of the old stock.

DEATH AT DIPPER HARBOR. Friends will regret to hear of the death of Joseph Kane, Dipper Harbor, yesterday. He was the eldest son of John and Ellen Kane and besides his parents leaves four sisters. Mrs. Martinson of St. John, and the Misses Ellen, May and Agatha of Dipper Harbor, and three brothers, Edward, John and Aubrey, all of Dipper Harbor. The funeral will take place tomorrow from his parents' residence.

DEATH OF R. S. ROBERTS. The death of Robert Simpson Roberts took place yesterday at the residence of John H. Simpson, 102 Dorchester street, after a lingering illness. He was in the seventy-ninth year of his age and was born in St. John, but for many years lived in the Indian State. He was well known in the city and conducted a harness shop before he moved away. A large circle of friends will regret to hear of his death and extend sympathy to the bereaved ones, of whom Miss Jane E. Roberts of this city is a sister. The funeral will take place on Wednesday afternoon at 2:30 from his late residence.

BURIED TODAY. The funeral of Mrs. Charlotte Segee was held this afternoon from her late residence, 318 Rockland Road, to Fernhill. Service was conducted by Rev. G. D. Hudson. Members of Sapphire Rebekah Lodge, No. 87, I. O. O. F., attended the funeral of their late member.

GOES TO AUSTRALIA. A Shidlaw rider says "Shidlaw friends have further this week been pleased to learn of the promotion which has recently been awarded Andrew Gillespie, of the Anglo-Persian Oil Company, New Guinea. Mr. Gillespie, who has been managing the oil interests of the Anglo-Persian Oil Co. and Australia since leaving Moncton some little time ago, has now been made manager for the oil interests of the company in Australia, in the east, with headquarters in Melbourne, Australia, where, together with Mrs. Gillespie, Mr. Gillespie will take up his residence. Mr. George, also of the Anglo-Persian Oil Company, who left Moncton at more recent date than Mr. Gillespie, is succeeding Mr. Gillespie in New Guinea."

BOYS CLUB BENEFIT. In the hall in Victoria Rink last evening the Bonnie Doon Club of Knox church gave their delightful entertainment, "Twelve Old Maids," for the benefit of the boys club. There was a large audience, which greatly enjoyed the presentation. During an interlude Miss Foster and Leonard Roberts sang a duet, and Miss Catherine Cox gave a fine exhibition of club swinging. The old maids took liberties with the names of a number of eligible gentlemen, to the great delight of the audience, and also executed a grand march and song from the stage through the hall. The gathering which concluded the entertainment were heartily applauded. A. M. Belding expressed the thanks of the Playground Association, and the audience gave three cheers for the Bonnie Doon Club. Those who took part were:—Mrs. Wm. Foster and Miss Edith Swetka, Jean McAfee, Willis MacLaren, Ethel Armstrong, Eva Swetka, Martha Murray, Edith Nixon, Annie Heane, Annie Slocum, Helen Dales, Hilda Carpenter, Vera Mitchell, Myrtle Casford, Cathers Cox, Nan Parsons, Marjorie Shannon, Margaret Edgar, Greta Wetmore, Eleanor Smith, Florence French and Marjorie McCallum. Mr. Gordon looked after the stage properties.

J. L. Robinson of Adelaide Station was in the city last week and left on Friday evening for Regina, Sask. While here he was the guest of the Misses Hughes, Queen street.

A Polar Bear's Part. (Pittsburgh Chronicle-Telegraph.) Mr. Merrington had been invited to the circus's party to help annul the small guests.

"Must do something really funny," he reflected. "I know; I'll go as a bear. That'll make the little ones roar with laughter."

So he procured a bear's skin, wrapped himself up in it and set off in a taxicab. When the vehicle pulled up he sprang out, ran up the steps of the house and rang the bell. The moment the door was opened he darted into the hall and bounded into the drawing-room on all fours, growling fiercely. But, instead of the roar of laughter he had expected, a rigid silence greeted him. He looked up. No children were there. Instead, two very prim ladies were regarding him with icy amazement. He had gone to the wrong house.

600 WEDDING RINGS. Workhouse Sales of Relics of Once Happy Days.

London, April 12.—Untold paths lay hidden in the sale at the old Manchester Workhouse of paupers' unclaimed keepsakes and heirlooms. They represented some cases by inmates who died fifty years ago. Listed among the medley of pauper possessions, too, were sets of false teeth.

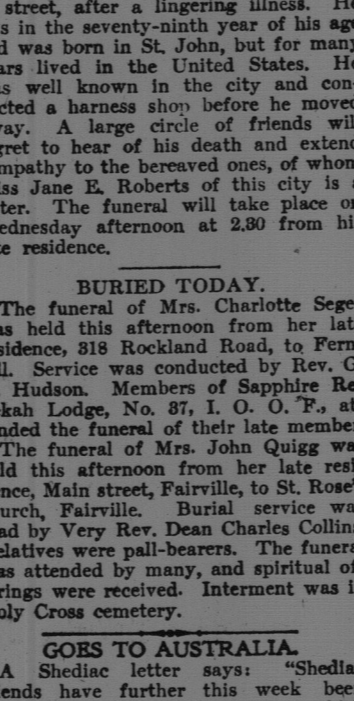

Digging It Up. (Toronto Star.) A Toronto policeman was shot when he interrupted the internment of three bags of stolen liquor in St. Joseph's convent grounds. If this sort of thing goes on, is there any end to the places where "buried treasure" may be sought? A year or two of alcoholic death, and "digging parties" may become as popular in this city as whit drives. Invitations will be engraved on B. Y. O. S., R. S. V. P., and "Bring Your Own Spade. The whole surface of Toronto will be gone over foot by foot, even as the Island of Grand Manan has been combed and honey-combed for the treasure of Captain Kidd.

A special breed of dog will be evolved by the exigencies of the situation. Roundabouts which can smell the staff over through a bottle will rush hither and thither in great excitement—baying roundabouts, but not bay roundabouts by any means. The men with a dividing rod will make a fortune. If the thing will dip for aqua pura, why not for aqua vitae?

But the poor suburbanite, who already has troubles enough of his own, is likely to be in sore straits this spring. In vain his labors of an evening, his spading, his plantings, his raking, his hoeings. For he will be observed. He will wake up to a scene of devastation. Where his little garden smiled, a waste of tilled and sputtered earth will meet his view.

It may be that some of the canny ones will get their gardens dug in that very way. It will only be necessary to have little Johnny spread the rumor that papa has a secret there.

CHARLIE CHAPLIN TO WED AGAIN? May Collins, Star of Broadway and Screen, Said to be Bride-Elect.

Los Angeles, Cal., April 12.—Charlie Chaplin has picked another wife, according to well authenticated rumors going the rounds at Hollywood. She is May Collins, seventeen, star of Broadway and of the screen.

Neither Chaplin nor Miss Collins would deny or affirm the report today. Miss Collins is said to resemble Chaplin's former wife in many ways. Both she and Mildred Harris have brown hair and blue eyes and both are petite in stature. Chaplin and Mildred Harris were recently divorced. Miss Harris also was seventeen when she and the comedian were married.

Miss Collins appeared on Broadway in "The Betrothal," "At 9.45," and "She Would and She Did." She has played on the silent drama with Universal and Maple Leaf.

FUR AUCTION IN NEW YORK
 New York, April 12.—(Canadian Press)—Prices obtained for Russian sable, Canadian marten, beaver marten, and other furs for summer and early fall use, featured the opening sessions of the sixth annual spring fur sale here yesterday.

Despite the comparative lateness of the wholesale season for the furs mentioned yesterday brought higher prices than those obtained for similar furs at the January sale here. The actual percentages of increase were Wolverine, 25; Sable, 15; Russian sable, 13; Canadian marten, 20; beaver marten, 8; stone marten, 15; Alaska seal, dressed and dyed, 10.

Northern wildcat dropped 25 per cent and southern wildcat declined fifty per cent. The drop in otter amounted to 71-1/2 per cent in northern skins and ten per cent in southern. Total sales for the day exceeded \$500,000.

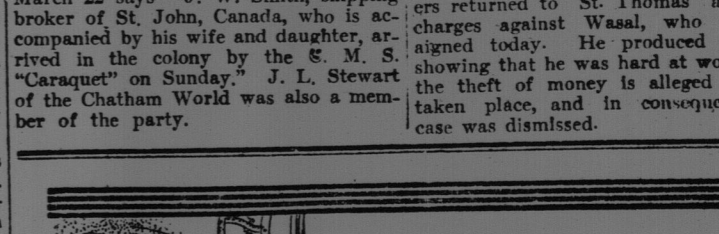

PERSONAL
 Hon. Frank Sweeney, Hon. Dr. J. B. M. Baxter, and R. T. Hayes, M. P., after spending the week-end in St. John, left last evening for Fredericton.

DO BETTER THAN BUILD GREAT SHIPS FOR NAVY

Admiral Scott Would Divert Proposed Naval Expenditure to Provide Newer Weapons of Warfare

London, March 26—(Associated Press by mail)—Admiral Sir Percy Scott, commander of the aerial defense of London in the world war, has no use for battleships. He believes the British navy would be better off if it spent the £10,000,000 intended for battleship construction in research and providing newer weapons of warfare.

The Pure, Fresh Flavor of the genuine

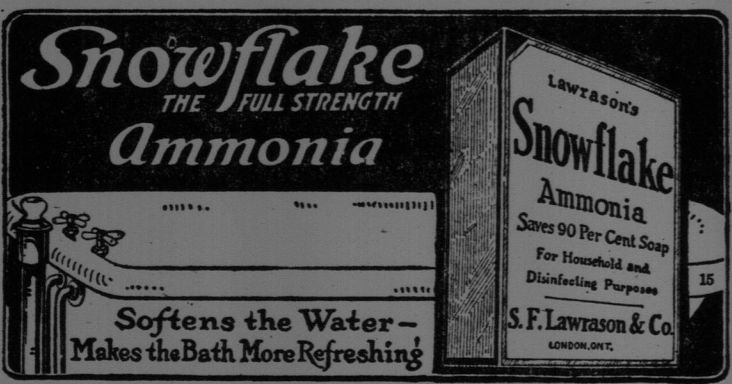

"SALADA" TEA

has been responsible for its enormous sale, which eclipses that of any other tea.

go to war now with France I do not think our battleships will be safe unless we construct a harbor to contain them in Iceland.

that if we built new battleships we should also have to provide new bases at great cost at Halifax, Bermuda and Jamaica, on the West Coast of Canada, in New Guinea and at Singapore.

Speaking of the latest developments in death dealing instruments, Sir Percy explained the principles of the new Davis gun, which fires from both ends and with which he said all American airplanes were to be armed. It would be possible for an airplane to carry a 12-inch gun and fire at battleships from 10,000 feet up. Battleships could have no protection against such weapons.

Mothers! Figure it out at the "price-per-day's-wear"!

Trueman, 20 Dufferin Row.

Serve with Oatmeal

- To bring the rose tint to women's and children's cheeks. -To increase men's energy and vim.

Do this, madam, for tomorrow's breakfast: Stew some raisins according to the recipe printed here, and mix with the oatmeal that you serve tomorrow morning. Do it for the added flavor—to make oatmeal more attractive. But do it mainly for the food-iron that raisins send into the blood, and for the raisin's mildly laxative effect.

The bloom of youth

The tonic food-iron of raisins helps to bring the bloom of youth to cheeks that perhaps are paler than they should be. Then the nutriment of raisins—1560 calories per pound—gives men and children the energy they need. For regulating, tonic and nutritious properties combined, one can find no other food that's so effective. The luscious flavor makes it easy to serve stewed raisins frequently, so there's every argument in favor of their daily use. Try it for a month and see. Look in your pantry now. Begin tomorrow. Send for free book, "100 Raisin Recipes." But first try the recipe printed here.

SUN-MAID RAISINS

Use Sun-Maid Raisins in all your cooking, for they are the finest grown. Made from tender, juicy, thin-skinned California table grapes. Packed in an immaculate plant in California. Clean, sweet, wholesome, American raisins—the kind you know are good.

Three varieties: Sun-Maid Seeded (seeds removed); Sun-Maid Seedless (grown without seeds); Sun-Maid Clusters (on the stem). All dealers insist upon the Sun-Maid Brand. Send for free book, "Sun-Maid Recipes," describing scores of ways to use.

CALIFORNIA ASSOCIATED RAISIN CO., Fresno, California Membership 10,000 Growers

Try These

Stewed Raisins. Cover Sun-Maid Raisins with cold water and add a slice of lemon or orange to each half pound. Place on fire; bring to a boil and allow to simmer for one hour. Sugar may be added, but is not necessary, as Sun-Maid Seeded Raisins contain 75 per cent natural fruit sugar. Serve with or without cream.

Raisin Rice Pudding. 1/2 cup Sun-Maid Seeded Raisins, 1/4 cup rice, 3 cups milk, 2 eggs, 1/4 teaspoon nutmeg (May omit).

Wash rice and place in double boiler with 1 cup water. Cook until water is absorbed. Add 2 cups milk, cook until rice is tender. To the remaining 1 cup milk add the sugar, spice and well-beaten eggs, combine with rice and raisins, pour into pudding dish, set in pan of hot water and bake until custard is set.

Raisin Pie. 2 cups Sun-Maid Seeded Raisins, 2 cups cold water, 4 tablespoons corn starch, 1/4 teaspoon salt, 2 tablespoons sugar, 2 tablespoons lemon juice, 1/2 teaspoon grated lemon rind. Cover raisins with one cup water and bring slowly to boiling point. Mix corn starch, salt and sugar with remaining cup water and add to boiling raisins, stirring constantly. Allow to boil ten minutes. Add lemon juice and rind and pour into pastry lined pie pan. Cover with pastry. Put into very hot oven, decreasing the heat after ten minutes of baking. Bake until brown.

Cut This Out and Send It

Form for requesting Sun-Maid Raisin Recipes, including fields for Name, Address, and City/State.

AIRPLANES FOR ALBERTA FORESTRY OPERATIONS

Calgary, Alta., April 12—Six air-planes will be used in this district by the Dominion Forestry branch to fight forest fires during this year. The planes will be operated from the aero-

drome at High River, and two main flights in ordinary weather are to be made daily, one north and the other south. There will also be a sufficient staff and equipment to make extra flights when there is greater fire danger. A minimum fire loss on the reserves is expected to follow the inauguration of this air service.

A special meeting of the International Longshoremen's Association, Local 278, was held last evening in the association's hall, Water street. Matters of a routine nature only were transacted.

**DO NOT EXPECT
STAMPEDE INTO
THE OIL FIELDS**

Transportation Companies
Will be Able to Handle All
the Traffic Offering

Edmonton, Alta., April 12. — There will be ample accommodation for all persons seeking transportation to the northern oil fields, according to local officials of the three northern transportation companies who are now completing arrangements for the carrying of passengers and freight north. Reports to the contrary are incorrect and the transportation companies declare there will be no trouble in the way of moving all the

men and supplies to offer. It is estimated that 5000 passengers, or even more, can be carried by the three companies — the Hudson's Bay Company, Northern Trading Company, and the Alberta and Arctic Transportation Company—operating on the Mackenzie and Peace river routes.
Just what proportion the trek into the north will assume cannot yet be determined, but to this date there are no signs, according to information from the steamboat offices, of a stampede. That there will be a far larger travel list on

the Mackenzie route than ever before is certain, but the stories of "thousands of brave men feverishly preparing for their northward dash" are being taken here at a fairly heavy discount. Opinions among those interested in the northern development differ as to the number of men who will probably be going north this summer, but a fair estimate, based on reports and on bookings with the steamer companies and inquiries already on their lists, puts the season's total at about one thousand.

Some eighteen or twenty round trips to the Fort Norman oil fields can be made by the combined services of the three companies, it is stated, if there is sufficient business offering. Few or many trips will be made, according to the number of passengers wanting to go. In all cases, it is understood, the Mounted Police will insist upon return tickets being purchased, and the estimated capacity of the three lines is based upon their ability to move the passengers back before the close of navigation.

The federal government's geologists and field workers in the north will be taken north by the river route and not by airplane, the air board having, it is stated in the interest of economy, abandoned its plans of transporting five government geological survey parties from Peace River. It has now been decided to build barges and to move the men and their supplies in that slower but much more economical way. The route followed by the barges will probably be the Peace, Slave and Mackenzie rivers, most of the work under prospect being in the vicinity of the Fort Norman and Windy Point oil fields.

To make larger loaves from the same quantity of flour, and more loaves per barrel, use Purity Flour, the flour with the full strength of Western Canada Wheat.
Just as good for cakes and pastry as it is for bread.

PURITY FLOUR

Advertisements**

THE publishers of this paper draw your attention to the advertising columns, and particularly to the advertisements of the local merchants.

These merchants have invested their money in goods to satisfy the needs and desires of us all.

Their enterprise is a distinct service to our community. For this reason we should buy from them to the best of our ability and in so far as our needs and judgment of value dictate.

Then, too, the general commodities advertised in our columns are worthy of consideration. It is desirable that readers should ask merchants to supply advertised goods wherever possible. By doing so the cycle of trade is kept alive and inter-community commerce stimulated. We repeat—read the advertisements.

**B. C. FIGHTING
DRUG TRAFFIC**

Airplanes Assist in Preventing Landing of Packages of "Dope" at Vancouver

Vancouver, B. C., April 11.—Alarmed by the spread of the drug evil, federal, provincial and civic forces are redoubling their efforts to put an end to the traffic. Special precautions have been taken to prevent smuggling of the various forms of "dope" into this port. Airplanes have taken a prominent part in this work, accompanying liners from Victoria to Vancouver so that any dropping of packages to be picked up by small craft will not go unobserved.
Lieutenant-Colonel A. R. Carey, collector of customs, in an interview, said: "The drug traffic has been engaging the closest attention of the department for a number of months. It is being made progressively hard to smuggle drugs ashore from the boats which come directly to Vancouver harbor, but we have found that members of the crews of boats, longshoremen, women relatives of waterfront employes, and visitors to the boats, are all attempting to profit by the opportunity to make large sums and until such time as those who are proven guilty are adequately punished no real headway in the suppression of this traffic will be made."

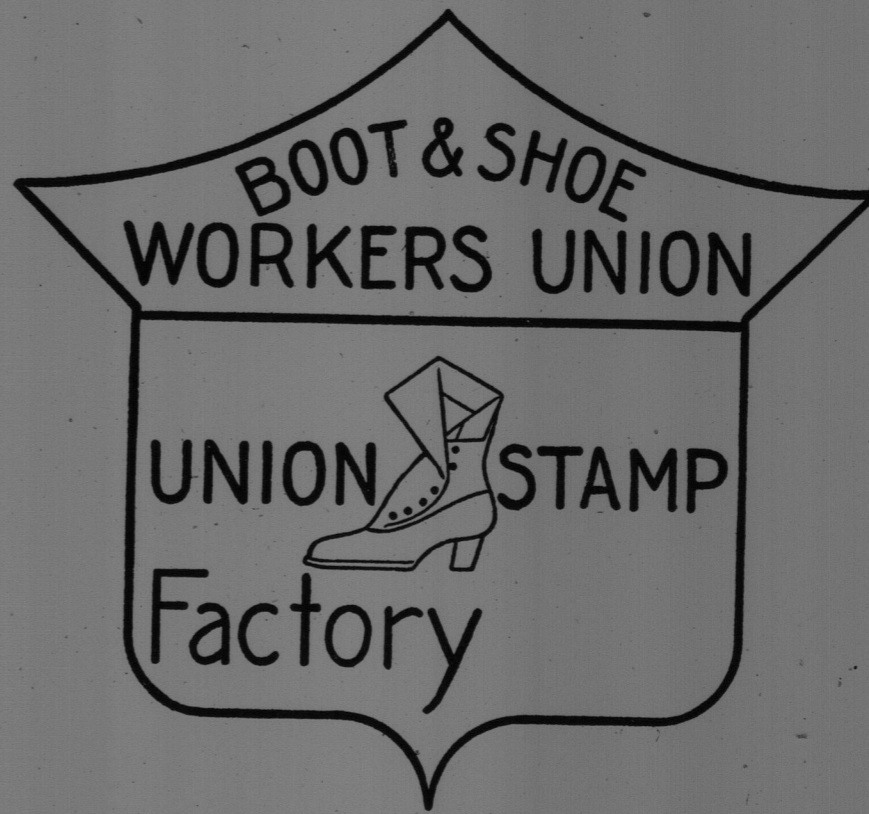

"An initial effective step that must be taken in a campaign against drug importations is the close scrutiny of the past records of the various police magistrates who deal with these cases, and where they are shown to have been erratic in their sentences, unduly influenced by pleas for sympathy from clever lawyers, or where they are shown to have no real appreciation of the true results of permitting offenders who are making large sums to escape with nominal fines, they should be removed."
"Another step would be to attempt to create in the minds of certain clever lawyers who regularly defend these criminals a sense of shame for resorting to every legal technicality possible to protect those who they know are engaged in this loathsome business."

**EXPECT MANY
SETTLERS ON
THE PRAIRIES**

Brandon, Man., April 12.—In addressing the Canadian Club here recently M. A. Brown, vice-president of the Western Canada Colonization Association, said that organization would bring thousands of settlers to the prairie country and that the governments of the day might well be expected to co-operate heartily in the great task. Just as a wide-awake merchant spent money in attracting new business to his store, so governments should expend reasonable sums in promoting agricultural colonization, he said. Without more people on the land, Canada could not carry its huge national debt, eliminate the deficit on the national railways, or get back to a prosperous business basis. If the national railways would expend two per cent. of their annual deficit for the next five years on the settlement of vacant lands along their lines, the serious transportation problem, which now confronts the country, would soon be solved. If the national and western provincial governments would expend one-half of one per cent. of their annual budgets on the encouragement of land settlement the country would speedily overcome its grave financial difficulties, he declared.

There was no difference between selling merchandise and selling the resources of the country. He was thankful to say that the association was now assured of the fullest co-operation from both the governments and the railways. The speaker said that under the driving force of Major-General McRae's personality, the Western Canada Colonization Association was certain of achieving the object for which it was organized.

SAVE LIVES OF INTERNATIONAL CHAMPION'S MEN

(Canadian Press Despatch)
Halifax, April 11—Calvin Ringger and Harry Hirtle, members of the crew of the American schooner Esperanto, which won the international schooner race last year, were rescued from drowning today at Liverpool (N. S.), by Michael Collins, second engineer of the dredge No. 1, and George Lytle, of the government tug Ligat. The Esperanto, was anchored off Liverpool and the two fishermen in a dory with sail set started to go up the Mersey river.
When some distance from the shore a heavy squall struck and capsized the dory which filled with water. The men clung to the upturned craft and were almost helpless from the cold when Collins and Lytle put out in a boat and rescued them.

TENDERS

Tenders will be received by the undersigned up to 12 o'clock noon, 14th April, (all trades), for ALTERATIONS to and ADDITIONAL STORY to BOYS INDUSTRIAL HOME, East St. John, according to plans and specifications prepared by H. Claire Mott, Architect, at whose office the plans, etc., may be seen.
A certified check guarantee deposit equal to 10 per cent of amount of tender to accompany each tender.
H. CLAIRE MOTT, Architect, 13 Germain Street, P.S.—The lowest or any tender not necessarily accepted.

SAYS U. S. RAILWAY MEN HELD PISTOLS AT BOARD HEADS

(Canadian Press Despatch)
Victoria, B. C., April 11—Solution of Canada's railway problem can be found only in a business discussion between business men who run railways and business representatives of employees. Hon. F. B. Carroll told the Canadian Club today.
He believed the solution would come in a year or two and expressed the hope that before long railway matters in the Dominion would be handled by Canadians.
Discussion of railway problems while traveling in his official capacity the chairman explained by saying the board's award of increased freight rates had evoked criticism. "Consequently," he said, "we are going to give the public the truth about the railway situation."
The McAdoo award, he said, was given to Canadian railway workers, not because it affected Canada, but because Canadian workers. It was difficult to imagine anything, he thought, more humiliating than that labor leaders in the United States should be able to hold a pistol to our heads.
Cost \$40,000,000.
The McAdoo award added more than \$40,000,000 a year to Canada's railway expenditures. The railway commission was forced to grant increased freight rates to prevent the Canadian National Railway from going to the wall. It had been suggested that the Canadian Pacific Railway should have paid the extra wages out of its reserve. It was proved, however, that if they did, there would have been no reserve in four years and the Canadian Pacific Railway would be in the same position as the Canadian National and the Grand Trunk Railway is today.

"A TUMBLE DOWN SHACK IN ATHLONE"

May be all right, but, for the man who takes pride in his home, a house in good repair has more attractions. It is cheaper to keep the house in repair. It looks better, and if he rents part of it, will pay better.

EASIER MONEY?

London, April 11—Sir Robert S. Horns, Chancellor of the Exchequer, announced in the house of commons the resumption of the issue of treasury bills by the tender of such bills on April 21 limited to 50,000 pounds sterling for each tender.
This is a departure from the practice prevailing since the armistice, when the treasury issued bills at a fixed price.
In market circles the opinion was ex-

BOY CASHIER OF BANK SENTENCED

(Canadian Press Despatch)
Chicago, April 11—James Garcey, the nineteen-year-old bank cashier, of Ottawa (Ill.), whose theft of \$96,000 last November was followed by criticism of Judge Landis when the latter permitted the youthful culprit to return home pending sentence, was today sentenced by Judge Landis to serve one year in the National Training School for Boys at Washington (D. C.).

BONAR LAW FAVORS FIRE, NOT FIREWORKS

Contrary to a popular idea, nowhere does fluency of speech count for less than in England's House of Commons, according to Andrew Bonar Law, who for twenty years has been a member of parliament and until his recent resignation was the government leader in the House. Bonar Law was speaking of the qualities that make for success in public life.

"In parliament it is not the set speech but the debating speech which is effective," he said in the course of his inaugural address as Lord Rector of Glasgow University. "As in war the guns which may secure victory are not necessarily the biggest, but those which are placed in the best position, so in parliament the heavier the calibre of the guns the better, but at all costs they must be quick firing."
"There have always been, and there are now in parliament, men whose speaking when they began seemed hopelessly bad, but who, nevertheless, have taken their place in the front rank of statesmen."
"In parliament also there have always

Ring Up The Curtain On 1921 Baseball Season

FIRST BALL PITCHED IN BIG LEAGUE SERIES TOMORROW—
INTERESTING FACTS OF THE MAJORS,
THE PAST AND PRESENT

(By the Associated Press.)
New York, April 12.—Amid ceremonies and decorations which have become a fixed feature of the annual event, the major league baseball season of 1921 will open tomorrow afternoon on the circuits of the National and American Leagues. Incomparable by the blare of the bands, the snapping of flags and the wined toos by city or government officials selected to throw out the first ball of the year, the players of sixteen teams will flash away on their six month pursuit of pennants the winning of which entitles the visitors to battle in the world's series, the pinnacle of baseball.

Weather permitting, the schedules will bring together in the National League Brooklyn at Boston; New York at Philadelphia; Pittsburgh at Cincinnati, and St. Louis at Chicago; while in the American League Cleveland plays at St. Louis, Chicago at Detroit, Philadelphia at New York, and Boston at Washington.

Each April within the memory of the past four generations similar scenes have been enacted without losing any part of their thrill attractiveness, and tomorrow's baseball parks will be thronged with the same type of enthusiastic fans who have witnessed the opening games of past years. Following the world war the popularity of baseball appeared to leap forward with a fervor little antici-

senting eastern cities still identified with the organization have won twenty-three championships, while western clubs have captured seventeen. Chicago leads with eleven pennants. Boston is second with nine, and New York third with eight. In the American League, Boston and Philadelphia have each won six pennants, giving the east a total of twelve, while the western clubs have accumulated nine, five for Chicago, three for Detroit and one for Cleveland.

The following compilations show the dates and places of the opening games; pennant winners of previous seasons; managers of the sixteen clubs; and other interesting baseball data:

LAUNCH NEW CRAFT FOR POLAR VOYAGE

Novel Features in Schooner
Built to Carry MacMillan
Party to the Arctic—To
Explore Baffin Land.

East Boothbay, Me., April 12.—The schooner Bowdoin, built to carry Donald B. MacMillan, the explorer, on his next Arctic voyage, starting in July, was launched last week from the shipyard of Hodgdon Brothers here.

In design and construction the Bowdoin embodies all elements of special provision for the work ahead of her suggested by the long experience of MacMillan, who was the chief lieutenant of Peary in his successful expedition to the North Pole. Her hull is described by the explorer as egg-shaped, with nothing to which ice can cling. Under sufficient pressure from the ice floes, the Bowdoin instead of being crushed, should life out of the water and be carried along with it to which ice can cling. Under sufficient pressure from the ice floes, the Bowdoin should life out of the water and be carried along with it to which ice can cling.

So confident is MacMillan of the schooner's ability to cope with the frozen channels of the Far North that he plans to pass through the dangerous Fury and Hecla Strait, on the west side of Baffin Land, where former expeditions have been lost or turned back. His plans include also a return by the strait or the circumnavigation of Baffin Land after exploring a stretch of 1,000 miles of its western shore, on which it is believed no white man has ever set foot. It is said to be the longest strip of unexplored coast in the world.

Studies made by Dr. MacMillan of the narrow strait on previous visits to the north figured somewhat in fixing the size of the new vessel, as there appears to be only a rift in the ice there even at the most favorable season.

The Bowdoin is of about the size of the Discovery, William Baffin's ship, which in 1616 was the first to reach Baffin Land. She is eighty feet ten inches in length, nineteen feet seven inches beam and nine feet six inches draft, with a total displacement of 115 tons. She is of the knockabout auxiliary schooner type, equipped with a forty-five horsepower crude oil burning engine, an installation which the explorer will insure a cruising radius virtually unlimited by the use of whale oil to supplement the regular fuel supply. If the plan to use whale oil proves practical, he says, the expedition will have a clear advantage over former ones, as the fuel supply has always presented a serious problem in Arctic exploration plans. The schooner will have a generous spread of canvas to enable her to sail home when clear of ice, should the fuel supply give out.

The staunchness of the hull is assured by a heavy frame planked with three-inch white oak, to which has been added at the waterline a five-foot belt of greenheart or ironwood. This armor is said to withstand the grinding action of ice better than steel or any other material as the ice merely polishes its hard surface. When winter sets in, a three-foot covering of snow and ice will be placed over the entire ship, with snow houses after the Eskimo style to cover the hatchways.

The expedition is planned to cover two years, but may be prolonged if it is desired to carry the explorations and scientific investigations further. It will go under the auspices of the MacMillan Arctic Association, largely composed of alumni from Bowdoin College, from which MacMillan and Peary were graduated. The ship has cost \$25,000 and her equipment will add \$15,000 to this amount. The party will consist beside Dr. MacMillan, of an engineer, three scientists and a cook, all of whom will be carefully selected.

ists and a cook, all of whom will be carefully selected.

The Bowdoin will remain at East Boothbay through May and a part of June for the finishing touches. She is to be completely stocked and provisioned by the last of June and will start north the first week in July.

TO BAN THE SPITE FENCE.

Albany, N. Y., April 12.—Bills designed to prevent the erection of "spite fences" are before the State legislature. They declare that such structures are a private nuisance and may be enjoined.

HIGH HONOR FOR CURLER.

Winnipeg, April 12.—R. J. McLeod, of Duluth, who lately visited Scotland as a member of the Canadian curling team, has been recommended as life-member of the Manitoba Curling Association to which the Duluth club is affiliated. This is the highest honor in the first of the curling fraternity.

The permanent appointment of Frank Arthur Scott, account clerk, port of St. John, department of customs and inland revenue, dating from April 1, has been gazetted.

Handicap Match.
In a handicap bowling match between Joe Harrington and H. Clark in the Y. M. C. I. alleys yesterday afternoon, in which Harrington spotted Clark sixty pins, Harrington was unable to overcome the advantage he had given his opponent and finished only one point ahead in the ten-string match. Harrington rolled 924 and Clark 923. Harrington's strings were: 90, 90, 91, 102, 89, 87, 78, 108, 80; total 924. Clark's strings were: 84, 84, 92, 103, 88, 85, 106, 77, 88, 119; total 923.

West End Plans.
The baseball situation in Carleton will be discussed at a meeting of the West End Improvement League, which is scheduled for next Monday evening. It is reported that there will be a west side league with three or four teams entered.

For the Opening.
Boston, April 12—The Boston Americans, in the opening game of the season at Washington tomorrow, probably will play with their \$250,000 infield—Pratt, McInnis, Vitt and Scott. Manager Duffy, it was reported, had selected Sam Jones and Muddy Ruel as the Sox battery.

Scottish League.
Glasgow, April 11—Scottish League soccer games played today resulted as follows:
Dundee 2, Clyde Bank 0.
Clyde 1, Motherwell 0.
Hearts 4, Dumbarton 0.

English Matches.
London, April 11—English football games played today resulted as follows:
Second division—Wednesday 6, Wolverhampton 0; Cardiff 1, Rotherham 0.
In a Northern Union rugby game Oldham defeated Leeds by 14 to 8.

THE RING.
Kramer Defeats White.
Philadelphia, April 11—Danny Kramer, of Philadelphia, defeated James White of Albany, in an eight round bout here tonight.

Joe Burman, of Chicago, defeated Dick Leadman of Buffalo.

A Draw.
Pittsburg, April 12—Jimmy Ray of Pittsburg and Johnny Dundee of New York, lightweights, boxed a draw in a ten-round bout here last night, according to a majority of the sport writers at the ringside.

Knockouts in Toronto.
Toronto, April 12—Harry Greb of Pittsburg knocked out "Soldier" Jones of Toronto, in the fourth round here last night. Jones weighed 176 pounds and Greb 165 1/2. Greb was much too clever for Jones, whose whole outfit consisted of a right swing.

Frankie Fleming of Montreal won from "Beard" Fulton of New York, also in the fourth round and by a knockout. Fleming weighed 185 and Fulton a pound and a half more.

Phil Murray of Hamilton won from Joe Baker of Montreal, receiving the decision after six rounds. Murray weighed 131 pounds and Baker three pounds more.

BASKETBALL.
To Decide Championship.
The Y. M. C. I. and Y. M. C. A. intermediate basketball teams will meet in the Y. M. C. A. Thursday in an elimination contest to decide the intermediate championship of the city. These two teams and High School tied for honors in the league and in drawing for the play-off High School drew a bye. The winners of the first game will then play High School to decide the championship.

Fairville Baptist Girls Wins.
A lively game of basketball was played in the Knox church gym last evening between the girls of the Knox church and Queens of Avalon of the Fairville Baptist church, which ended in a score of 11 to 1 in favor of the Fairville Baptist.

The line up was as follows:
Fairville. Forwards. Knox. L. Finley. (Capt.) M. Sewell. I. Schofield. J. Babcock. Centre. G. Clayton. I. Howard. Defence. E. Sime. J. Sewell. E. Carvel. Spares. A. French.

Pearl Kierstead
SASKATCHEWAN'S SUCCESS WITH ITS AIR BOARD

Regina, Sask., April 12—An executive of seven comprising three civilian and four military aviators, has been formed to carry on the work of the air board in this province for the ensuing year. The first term of the provincial board, which covered a period from July, 1920, to March 31 of this year, was very successful. During the term 80 mechanics and 80 officers were sent from Saskatchewan to Camp Borden. Something in the nature of a record was made during this period as the board was able to purchase its own office equipment out of the balance of the government grant. It is believed that this is the only provincial organization in the Dominion which has been able to handle its finances with that degree of success.

Various resolutions dealing with aviation regulations and administration have been forwarded to Ottawa. One of them asks for a general convention representative of aviation over the entire Dominion, to discuss the question of sea-

CARUSO ABLE TO WALK BUT NOT YET TO SING

(N. Y. Times)
Caruso's convalescence has been so rapid that he is able to walk around his suite in the Hotel Vanderbilt most of the day, and could take an automobile ride occasionally if he wished. He has not yet chosen to leave the hotel, although it is probable that he may go out some day this week.

Despite this rapid improvement there is no truth in the reports that he has been able to sing a few bars of his favorite operas. Bruno Zitrato, his secretary, and officials of the Metropolitan authority for the statement that he has not sung a note since he was stricken with pleurisy in December.

Although Mrs. Caruso and other members of the family had planned early in Caruso's convalescence to take him to Atlantic City or Lakewood until he had recovered sufficient strength to make the journey to Italy, they have decided to remain in the Vanderbilt until the physicians decide that the tenor is strong enough to take the ocean voyage. That may be early in May, but no definite plans have been made.

MONTE CARLO'S ROOMS

MARY stood on the threshold of an enormous room, magnificently proportioned, hung with lustrous chandeliers, and divided by an archway in two sections. The farther part was much larger than that which she had entered, and more sumptuous in decoration; but the whole was flooded with a peculiar radiance which turned everything to gold. It was far mellowed than the light of the atrium, or the splendid rooms of the hotel. It had actual color like honey, or the pinky-golden skin of apricots. It was bright, yet the impression it made on the mind was of softness rather than brilliance; and the shining atmosphere of the room, instead of being clear, seemed charged with infinitesimal particles of floating gold, like motes in rays of sunshine. The tables, under darkly shaded, low hanging lamps, gave the effect of sending a yellow smoke, like incense, up to the height of the great dazzling chandeliers. It was almost as if the hands of players in fingering gold pieces day after day, year after year for generations, had rubbed off minute flakes which hung like a golden haze in the air. The air was not offensively dead, but it was languorously asleep. Many different perfumes haunted and weighed it down; but there was some undying, distinctive odor which excited the nerves mysteriously, and sent the blood racing through the veins.

COLOR SIGNALS FOR MOTORISTS ON ROADS
Installation of a National System Similar to Railways is Advocated.
Trenton, N. J., April 12—Installation of a national system of color signals for the control of motor traffic on national and State highways similar to the standardized use of red, yellow, and green in railroad systems is suggested by highway officials of New Jersey, who have approved a bill for adoption of the plan in this State. The bill, which contains measures approved by the committee on standards of the American Association of State Highway Officials, would have red signs to indicate first degree danger, such as railroad crossings, dead ends of roads, or lift bridges; yellow, indicating second degree danger at curves or grades, and green, showing moving or traffic danger, and which is only to be used at road intersections. Many national organizations interested in the move to reduce the annual automobile toll have expressed their indorsement of the bill's proposals. Two hundred American cities and towns are reported already to have adopted this color signal project.

IS BOIVIN TO JOIN MEIGHEN?

Latest Quebec Liberal to be Talked of For Cabinet Has Had a Fine Career.

IS DEPUTY SPEAKER Slated for Solicitor-Generalship By Laurier—Offered Portfolio by Borden.

By M. GRATTAN O'LEARY. R. GEORGE HENRY BOIVIN, deputy speaker of the Commons, who, according to semi-official reports, will shortly accept a portfolio in the Meighen ministry as a Liberal representative from Quebec, is a young man who has had a somewhat lengthy and brilliant political career. Although but 39 years of age he has had the distinction of a seat in the commons for ten years, achieved front bench rank after being two years in the house, was marked out by Sir Wilfrid Laurier as a future Liberal solicitor-general and in 1919 was offered a portfolio in the Union government by Sir Robert Borden. Born of an Irish mother and a French-Canadian father, Boivin inherited a Gallic-Celtic aptitude for politics, and at the age of 22, when he was president of the Liberal Law Students' Association...

TRAGEDY OF VISCOUNT GREY'S FIRST MARRIAGE

A NEWS despatch in the Toronto papers a few days ago "whispered" that Viscount Grey of Fallodon, former foreign secretary of Great Britain, was to marry again after fifteen years of widowhood. With Viscount Milner getting married for the first time at 67 and our own Sir George Foster taking the plunge again at 72 there is nothing in Viscount Grey's 59 years to deter him. But all the same the "whisper" is never likely to develop into anything louder, for the tragedy of Grey's first marriage has cut too deeply into his life for this cold, austere, seemingly passionless man to be likely to try another venture. In 1885 on entering parliament, he married. It was a wonderful marriage, a beautiful union of comradeship and love. She was a woman of fascination and charm, and yet with an unusual brain for politics and affairs. They were perfect "pals." They would go off for weeks and live in solitude on sardines and canned meat, fishing and forgetting the world in the most beautiful of solitudes. Lady Grey acted as her husband's secretary. One general election, when he was too busy to visit his constituency during the early part of the campaign, she attended all his opponent's meetings, and took full notes of all he said, and that Grey was able to reply to them later in the same places where they were delivered. Then one day shortly after he became foreign secretary in 1905 Lady Grey was out driving when the horses, talking, fright, threw her out of the dogcart and dashed her against a tree. Grey, who was in London, chartered a special train and rushed through the

Deputy-Speaker Boivin.

dition at Laval University, took an active part in an election in his native county. Sir Lomer Gouin recognized his ability by appointing him crown prosecutor for the district of Bedford while he was still 25, and four years later, when Quebec Liberal veterans were going down like nine pins before the Nationalist assault, Boivin carried the Laurier standard to victory in Shefford by a majority of 25. In parliament, where for several years he was the "baby of the house," Boivin achieved early distinction. In the storm tossed days of the naval debate he took a prominent part, and his attack on closure was regarded among the most effective speeches that parliament had heard in years. His eloquence was not of the florid, ardent Gallic kind, but rather of spare sentences that cut cleanly and told of an acute, well-ordered mind. His style, in fact, very much resembled that of Mr. Meighen, and the two men, both rising figures in their respective parties, frequently crossed swords.

Could Have Joined Borden

In 1919 he could have entered the Union cabinet. Sir Robert Borden was then engaged in one of his many attempts to secure French-Canadian representation in his ministry, and offered Boivin a post. There were negotiations extending over several days but they came to naught, current rumor having it that Boivin had asked undertakings on behalf of his province which Borden at that time was not in a position to grant. Whether Premier Meighen is prepared to give those undertakings now is, of course, not known. It may be that he is, or it may be that Mr. Boivin has become less exacting in his demands but at any rate, negotiations are proceeding between the two men, and the entry of the young French Canadian into the cabinet is confidently expected.

Regarded from a government standpoint, the move would be a good one. Mr. Boivin, unlike Mr. Gauthier, has no past to defend. He has youth, ambition, capacity and parliamentary experience, and what is equally essential to a cabinet prospective, a riding not hopeless to carry. No one not even the government's most ardent friend would claim that he would bring to the ministry as much strength and prestige as would men of the Lemieux, Bland or Bureaux type, but, on the other hand, his legal record has not been undistinguished.

THEIR GRANDCHILDREN.

SOME women are willing to admit that they are getting along in years for the pleasure it given them to boast of the cuteness of their grandchildren. "Oh, indeed!" Mr. Chesterton replied. "You must have been reading some of your yourself, judging by what you said last night about the police news being the truest part of the daily journals."

A PAGE ABOUT PEOPLE YOU KNOW

Roosevelt Follows Father's Footsteps

Is Filling Same Positions One After the Other.

THE appointment of Lieutenant-Colonel Theodore Roosevelt, son of the famous "Teddy," as assistant secretary of the United States Navy Department, is the continuation of a sentimental journey Young Roosevelt fought in the last war, winning the rank of lieutenant-colonel, which was his father's rank when he charged up San Juan Hill. Returning from the war, he sought and won election to the New York legislature, where his father's political career began. Now he is to go into the navy department, in which position his father made possible Dewey's victory at Manila Bay. It is interesting to note that during the Harding campaign for election Colonel Roosevelt straddled a mule and rode through the mountains of Kentucky making speeches on behalf of the Republican candidate in towns and settlements where his father, also riding a mule, had spoken years before.

Theodore Roosevelt

LORD MILNER QUILTS BACHELORHOOD AT 67

WHEN Viscount Milner got married a few days ago to Lady Edward Cecil, a widow, it was almost as surprising as if the late Lord Kitchener had got married suddenly. For both were most notable bachelors as well as having some what similar careers. And it is only a few weeks ago that we were reading the memoirs that he seemed to have a kind of hankering after her. She will have been surprised! Milner is only three years short of seventy. Perhaps Margo's other friend, Arthur James Balfour, may yet take the plunge himself.

KNOWLES RETIRES

HON W E KNOWLES, the long-lean Westerner, who has just retired from the Saskatchewan cabinet, is like many other successful Westerners, including the prime minister of Canada himself, really an Ontario man. He was born not quite fifty years ago at Allison, Ont., the son of an Irish clergyman and his Irish wife. After attending Pembroke High School he went on to McGill and later to Osgoode Hall. At the time of the formation of Union government he had been a member of the House of Commons for Moose Jaw since 1906. He was one of the few western Liberals to oppose the move. In view of his stand it excited much comment at the time why Premier Martin should take him into his cabinet after he had been refused the Moose Jaw federal nomination by his former supporters. But untidily observers declared that Mr. Knowles was going on a tour of independent rumpage which would weaken the provincial Liberal party. So he decided that a great deal more easily inside rather than outside the cabinet, it is interesting to conjecture how long such a positive political character as Mr. Knowles will be satisfied with the comparative serenity of his Moose Jaw law practice. Perhaps he but for the temporary retirement of the European war broke out. He then held the rank of lieutenant-colonel in the Royal Military College, Kingston, he went to the Boer war with the 1st Canadian contingent. He later served with the South African Constabulary in the restoring of peace and order. He not only won the King's and Queen's service medals, but was twice mentioned in despatches. His big opportunity came after years of peace soldiering in Canada, when the European war broke out. He then held the rank of lieutenant-colonel. He was made brigadier-general and placed in command of the artillery of the 1st Canadian Division. Later he succeeded Sir Richard Turner as major-general commanding the Second Division. Now he is a lieutenant-general. He is a double "knight," holding not only the K.C.B.

BURSTALL'S CAREER

LEUT.-GEN. SIR HENRY EDWARD BURSTALL, inspector-general of Canadian forces, has been a professional soldier since he was 20 years old. Hardened by over a year's service with the Yukon force shortly after graduating from the Royal Military College, Kingston, he went to the Boer war with the 1st Canadian contingent. He later served with the South African Constabulary in the restoring of peace and order. He not only won the King's and Queen's service medals, but was twice mentioned in despatches. His big opportunity came after years of peace soldiering in Canada, when the European war broke out. He then held the rank of lieutenant-colonel. He was made brigadier-general and placed in command of the artillery of the 1st Canadian Division. Later he succeeded Sir Richard Turner as major-general commanding the Second Division. Now he is a lieutenant-general. He is a double "knight," holding not only the K.C.B.

TIME WORKS CHANGES

THE French Premier, Aristide Briand, who figures so largely in the despatches these days in the imposing of the peace terms on Germany, has been after the fashion of leading French statesmen premier at intervals since 1909. He was the first Socialist premier of France. Eight years before that date he was making extremely radical speeches and urging the workers to arm themselves and overthrow the capitalist system by force. At 35 years of age he was unknown, practically a failure, half lawyer, half journalist. As a young lawyer he had contributed to the People, a paper of such white-hot passion that it was not so much socialistic as anarchistic. In these days the Briand of those days would have been dubbed a Bolsheviki of at least the parlor variety. Later he was on the staff of The Standard. From that he flitted to the Little Republic, only to desert it and join the famous paper Humanity, edited by the famous Socialist James. Such was Briand in earlier life; today he is regarded, as he has been for years, as a bulwark of conservative tradition, habits and customs in France. He is often confronted with his youthful utterances, but he makes no apology for them. He declares that he himself has not changed, only his surroundings. Which just goes to show that what a man will say on a soap box and what he will say from the shelter of a parliamentary desk are vastly different matters.

COP SOUGHT A HOME

THE Minister of Health, Dr. Addison, whose house-building scheme has recently evoked much hostile criticism, was seen laughing heartily a few days ago at a story of the House of Commons by a colleague of his. In one of the London police courts said the teller of the yarn a man was sentenced to six months' imprisonment. As he was on the point of disappearing below, the policeman in charge of him pulled his sleeve and whispered in his ear in a pleading and perfectly respectful tone: "You don't want to let your house while you're away, do you sir?"

His Concern

FARMER'S WIFE (tipping into the house): "That brindle cow kicked me, John, while I was milking her, and I'm afraid my leg is broken." Farmer: "Ding that critter! Is the milk spilt?"

New Secretary of U.S. Treasury Is One of Nation's Richest Men

Secretary of War and Secretary of Navy Both Opposed to League of Nations — Secretary of Agriculture Has Decidedly Novel Views Concerning Farming.

ANDREW W. MELLON, secretary of U. S. treasury, is one of the richest men in Pennsylvania, and stands among the fifty wealthiest citizens in the country; but despite his wealth and his connections with industry he has his intimate say, a strong interest in the welfare of wage-earners, and frequently, when capital has attempted to put the iron heel on those, he has interfered to the advantage of the employes.

Weeks Came From Farm

THE career of John W. Weeks, secretary of war, has been many-sided. He was born on a farm, and attended the little red schoolhouse. Then he taught school at the country crossroads. Next came a distinct opportunity—a kindly senator appointed him to the Naval Academy. From this institution he was graduated in the class of 1881. After a two years' service, he, with a number of others of that class, was mustered out of service because of lack of ships. For the next half dozen years he turned his talents to the engineering fields, serving as a land commissioner for the Florida Southern Railroad. Later he formed the banking firm of Hornbrook and Weeks, in Boston, which he remained a member until 1912. His first political office was that of alderman of his home town, Newton, Mass. Then he became its mayor and thereafter was elected to the lower house of congress. After serving eight years in the House of Representatives, he was elected United States Senator from Massachusetts, serving from 1913 to 1919. He was defeated for re-election because of a factional fight in his party.

Denby an Ex-Private

EDWIN DENBY of Michigan, secretary of the Navy, is 51 years old, the son of Charles Denby, who was Cleveland's Minister to China. Mr. Denby was graduated from the University of Michigan in 1887. As a member of the bar in Detroit he soon attracted attention, and in 1904 was elected a member of "Weekly Journal," a newspaper, which he remained until 1911. While a member of that body, he interested in naval affairs. Senator Cannon appointed him chairman of the House Naval Affairs committee. Mr. Denby enlisted in the navy as a private, and it is said he will be the only private to have risen to be secretary of the navy. His first service in the Marine Corps was in the Spanish-American war, when he was enlisted in Germany. He was 47.

Wallace on Farming

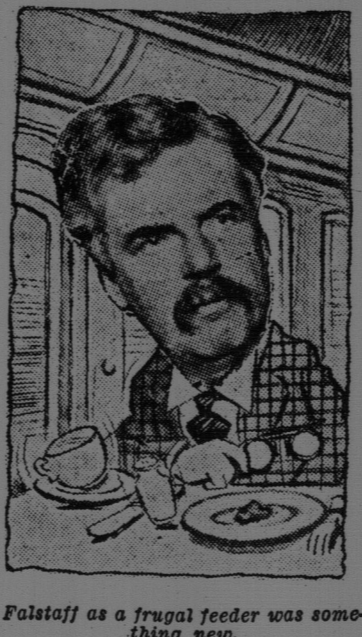

HENRY C. WALLACE, secretary of agriculture, has been in close touch for many years with the actual day-by-day problems of the farmers of the country. As one of the editors of Wallace's Farmer, a "Weekly Journal" for "thinking farmers," published in Des Moines, he appreciates the point of view of the man who produces in contrast with that of the city consumer. In a recent article from Wallace's Farmer on "Sacredness of Food Production," he says: "Let us assume that the city point of view in this matter is right. Let us concede for the moment that there is an obligation to produce food without limit. Let us agree as to the importance of the farmer's task. Then should we not B. C. Wallace make it certain that the farmer is assured of fair pay for his work? If his task is not necessary to the life of the nation, why should the nation make special effort to see that a reasonably profitable task to him, and that he be made producer to consumer in an efficient manner and with the least possible waste is as certainly a 'sacred obligation' as the obligation to produce? Mr. Wallace then suggests that the farmer's risks, due to rainfall, sunshine, temperature to changing seasons, which such a large part of farm work, should not fall upon the farmer's shoulders alone, and that the risks 'against hail and drought and bad weather generally should be assumed as a part of the cost the nation should pay for food.'"

THE CONFSSIONAL: Uncensored Talks With Big Men About Themselves

No. 25—G. K. CHESTERTON

By Emil Longue Beau

"All right," he said gaily, "what's the first?" "How do you get your paradoxes and quips? Is it easy to reduce them to copy?" "The easiest thing in the world," he said. "I have a strange mind, which sometimes does not seem to belong to me at all. Oh! I'm not intermittenly insane as from your look, you seem to suspect. Things occur to me in the most casual fashion. Ideas come, and awen so fast that I can scarcely keep them on the wing. Nobody in this world ever understood what or whence ideas are. You have that; that's all; just as you have mumps or measles. Inside here," he tapped his head—"there's a regular Clapham Junction of opposites, which come together as if there's going to be a head-on collision, but they're on the same track of their own free will. Perhaps you don't know Clapham Junction?" "Oh, yes, I used to travel to Waterloo from Wimbledon every day." "How interesting! Well, one day as I was returning from a visit to George Meredith at Box Hill, and was passing through the Junction a lady in the compartment said to her daughter: 'Isn't it wonderful how the engine driver knows just which of the conflicting facts and ideas converge in this head of mine, just like trains at Clapham Junction. They sort themselves together because somewhere there is an invisible signalman who knows more than I do of what's some before and what's coming after. All I do is to write what occurs. I have found that what strikes me in the newspaper is in the public the same way, and that's how it is to have to pay income tax.' "Of course," he went on, "there has to be a background to all this, mostly of reading. I am a very omnivorous reader. I don't exist like most people who live their lives in a narrow groove. My liveliest intimates are nearly all dead. I dwell largely among the literary tombs, where there is incessant resurrection. I find in Dickens and Thackeray things that some of my brother craftsmen do not appear to observe. Everything I read furnishes humor or paradox, or fancy, or fact or other commodity for which publishers say they famis. When I began to write after leaving college I was sometimes turned down by stupid editors, of whom there are enough and to spare in a long-suffering world. But it didn't take long to make a living. Editorial wisdom

Falstaff as a frugal feeder was something new.
