STIFF FIGHT NEAR BELFAST

The Rioting Was Renewed Last Night

Burning of Nationalist Property in Lisburn Kept Up Till After Midnight

Belfast, Aug. 24.—Rioting was renewed here last night. The most menacing disorder was a collision between Unionists and Sinn Feiners in Ballymacarrett on the east side of the River Lagan.

Police forces, later reinforced by soldiers, also dispersed crowds which attacked two shops in Montrose street.

Many of the Nationalists have left town in view of the loyalist reprisals for the murder of Police Inspector Swaney on Sunday.

Reprisals proceeded last night every house still occupied, with the exception of the one in which the body of Inspector Swaney, flew the Union Jack, word having gone forth that failure to exhibit the flag would be taken as evidence of disloyalty.

Many of the Nationalist property were destroyed until after last midnight. Among the buildings destroyed was the Catholic parochial hall.

Police forces, later reinforced by soldiers, also dispersed crowds which attacked two shops in Montrose street.

PADDEREWSKI SUPPORTS REVOLT IN POLAND

Virtual Ultimatum to Moscow

Clause Inserted After Statement in London That Nothing Important Would Be Added—Result of Conference of Lloyd George and Italian Premier.

Lucerne, Switzerland, Aug. 24.—An official statement regarding the conference yesterday between Premier Lloyd George and Giolitti says that they agreed as to the vital need of the re-establishment of the peace of the world at the earliest possible moment and that the first guarantee of such a peace was to be found in the various treaties already concluded.

It is added that until peace is fully established between Russia and the rest of the world an atmosphere of disturbance and unsettlement will continue to menace the world.

Therefore, the British and Italian governments have been taking steps, in the face of much misrepresentation, to place the world in a position of peace and order.

Brunswick Hotel In Moncton In Grip Of Flames; Much Damaged

Upper Two Stories Are Destroyed

Rest of Structure Suffers—Insurance About \$180,000—Building Was Estimated to Be Worth \$400,000—No One Injured.

(Canadian Press.) Moncton, N. B., Aug. 24.—Fire which started this morning in the Brunswick Hotel here completely destroyed the upper two stories of the structure and resulted in considerable damage to the remainder of the building.

The building replaced the old Brunswick Hotel, known for many years as one of the best known hotels in the maritime provinces.

The loss is covered by insurance. The property was insured for about \$180,000 by the Commercial Union Assurance Co. of Montreal.

A boy who fell in the street was rescued by a passerby and taken to a hospital.

The fire, it is reported, started in the kitchen and shot up through a dust flue to the upper part of the building.

The Brunswick was a handsome brick structure, 200 feet high, and included the basement. It was built by Contractor James Reid and was completed May 24, 1918.

MAYS SHUTS OUT DETROIT TEAM

New York Fans Cheer Yankees' Pitcher

Twice He Shouts Warning to Batter as Ball Breaks Close—Yesterday's Results in Big Leagues.

New York, Aug. 24.—Carl Mays pitched for the New York Yankees against Detroit yesterday and shut out the Tigers ten to nothing. Mays pitched a steady game and, while the Tigers got ten hits they were so well scattered that they counted for naught.

The Yankees pitcher passed three men to first, but failed to strike out a Detroit batter. Twice when his curves broke close to batters, Mays shouted, "Look out as he saw where the curve was going to break."

The Old "Dime Flop" Is Passing — More Have Bank Accounts Now — Increased Prosperity.

Chicago, Aug. 24.—Demand for private rooms, with sunbath and hot and cold running water, has supplanted that for a "dime flop" among working men according to the observations of the Salvation Army.

Lieutenant Colonel Emil Marcusen, head of the Industrial Department of the Army or the states west of the Mississippi, said today:

"The day of the dormitory, or, more accurately, the 'dime flop' has passed. The kind of men who used to come to us for a dime, now ask for private rooms. Since prohibition became effective, I have closed several of our working men's hotels, including one in Chicago and another in Kansas City.

"There is real need for good, modern hotels for men at reasonable prices, those which we have are run along such lines as the Working Men's Palace in Chicago has 871 beds. Three years ago, we would have found ten such hotels in the Palace with bank accounts. Last month, there were 112 men in that hotel who carried bank books.

"As for the industrial homes, they used to contain many young men, who ceased to be producers and who had to be maintained, sometimes by a long and painstaking process, into good citizens and wage earners. Today there is hardly an able-bodied man in any industrial home in the United States.

"The men who are there are all permanently disabled to some degree, or they are convalescent from hospital work. These men are not only able to take care of themselves but even to save a little from their earnings.

"There is room in every industrial home. The Chicago home is not half full. That is why the Salvation Army is able this year, through its home service program, to extend an offer of the facilities of these homes to every small community in the U. S.

The confining of the piece to from London outdoor scenic settings especially painted and there will be special instrumental novelties to give the show Oriental atmosphere. The sale of seats starts Friday at the Imperial, and mail orders are coming in now. The advertisement gives the price scale.

ALCOHOLIC WARDS FILLING UP AGAIN

New York Charities Commissioner Reports Big Gain at Bellevue and Kings County Hospitals.

(N. Y. Times.) An increase in the sale of intoxicating liquors in New York City is indicated by the report of the Commissioner of Public Charities, that the number of persons treated in the alcoholic wards of Bellevue and Kings County Hospitals, to which institutions virtually all alcoholic cases of the city are sent, are approaching the number carried for before the advent of prohibition. In the last few weeks, the number of patients in these institutions greatly increased, the commissioner said.

Commissioner Coler said the alcoholic cases in the institutions are now being treated at a very unusual rate. "They are getting something," the commissioner said, "but this is not out of business in a few minutes, from the reports made to our institutions. It is something like the so-called 'knock out drops.' The victim goes down in a hurry, without warning, but recovers quickly. At all events, we have had a number of such cases recently."

The lid is off," said a physician at Bellevue Hospital, as an explanation for the big increase in the number of alcoholic cases being treated there. He said there was every indication that New York was rapidly approaching the wide-open days of the legalized saloon. He reported a big decrease in the number of women patients. Virtually no women are received for treatment now, whereas formerly they were almost equal in number to the men. There are comparatively few cases of delirium tremens now. Nearly all persons taken to the institution are able to leave the next morning. "The staff gets quite a little, but an attendant said, 'In nearly every case it is found that the person has had only one or two drinks, after which his mind becomes blank. He knows nothing until he awakens in the institution the next morning.'"

It was said that at Bellevue the number of alcoholic cases treated will exceed 100 a month.

Joseph Goldberg of 140 Charlton street, Newark, N. J., was held yesterday in \$2,000 bail on a charge of obtaining money under false pretense. It is alleged he sold what he represented to be two barrels of whisky to Isadore Schwartz of 192 Springfield street. Schwartz alleges that he paid \$1,800 for the barrels and their contents, and that after tapping the barrels he found that they contained water.

PICTURES UNDER X-RAYS SHOW MANY 'RESTORATIONS'

(London Times.) The X-rays are used for a multiplicity of purposes in sciences and industry, from tracing the course of a bullet in the body to detecting the fault by construction of a golf ball.

Dr. L. G. Heilbron, of Amsterdam, has now applied radiography to art. Some pictures, which were under the suspicion of not being quite what they seem, have been subjected to the rays. The result in several instances has been to discover that part of the painting has been superimposed on a still earlier layer.

In a picture of the "Crucifixion," painted about 1,500, many "restorations" were exposed, among them the portrait of the figure of a monk over which a woman had been painted, probably some 400 years ago.

Massachusetts has a law framed for the purpose of giving assistance to widows, orphans, and all unmarried persons who hold but \$1,000 worth of property or under, whereby these persons are exempted from paying any tax to the state. As a result, a woman in Lowell, a mill operative, unmarried, who has an automobile in which she goes pleasure riding, is exempted from paying any tax on it because she says it is the only property she has, and its value is only \$500.

MARINE NOTES.

The steamer Kanawha is expected to arrive here tomorrow from London with general cargo. Furness Withy & Co. are the local agents.

The steamer Kanawha is expected to sail from this port for London via Halifax on Saturday and planned to leave on Sunday by automobile for Canada. The New York Times says that Lord Beaverbrook delivered a speech at a ship's concert on the subject of Anglo-American relations, and said that the greatest thing in the world today was the maintaining of the unity and cooperation of the United States and Great Britain. Any person, he said, whether he is an American or a Briton, who tries to create discord between them is a traitor to his own country.

Myron T. Herrick, former United States Ambassador to France, also made a speech at the concert, confirming the remarks of Lord Beaverbrook.

RACING CARD FOR MOOSEPATH FIXED

2:20 Trot Replaces 2:14 Class on Opening Programme for Thursday.

The Maritime Racing Association this morning completed the re-arrangement of the programme of their opening races at Moosepath Park this week so as to allow the horses to start upon dates which will be more satisfactory to the various owners.

The new arrangement of the 2:14 trot and pace has been set back to Friday, the second day, and the 2:20 trot has been brought forward to Thursday, the opening day. This will make the 2:20 trot, the 2:21 trot and pace and the 2:30 trot the card for Thursday. The 2:20 trot will have a real acquisition to the first day's programme and will bring together a fine field of trotters, including Mayor Todd, 2:15%; Blagen Worthy, 2:14%; Patty Felix, 2:20%; Dolly Duran, 2nd, 2:14%; and Roy Miller, 2:14%.

More horses arrived this morning at Moosepath Park and the work of getting the track in shape for the first Maritime & Maine Circuit race at that venue by A. Faulkner of Montreal, who came in from Springfield, N. S., last night with his driver, the twenty-six year old son of information received here, winner of the free for all last week, arriving today. The Woodstock Driving Club's string of three horses also arrived this morning and today and tomorrow several other stables are expected to arrive here.

The accommodations at Moosepath Park are now about all taken, there being about forty horses to stay here already.

ARGENTINA AND PROHIBITION

Buenos Aires, July 12.—(Associated Press Correspondence)—President Irigoyen's administration has just announced that it will oppose the prohibition bill recently introduced into the Argentine Congress. The bill, an official move in favor of the restriction of the liquor traffic is seen in the terms of the agreement between the United States and Argentina.

This treaty, which will probably be drawn up and signed in Washington during Ambassador Stimson's visit on leave, will provide for a single federal license for American salesmen in Argentina, instead of licenses for each province, but will exclude them from selling alcoholic beverages under the prohibition clause. It is learned that it was accepted by the United States government notwithstanding the fact that no such clause appears in other commercial travelers' treaties negotiated by the United States. The Argentine policy of uniformity for treaties of this sort has thus been waived in favor of Argentina.

These alcoholic liquors can be legally exported from the United States, American salesmen naturally will not be affected by Argentina, but its significance lies with Argentina, in that it establishes a precedent in the direction of prohibition. It is pointed out that if this treaty with the United States is ratified, other nations who may desire to negotiate a treaty with Argentina providing for a single federal salesmen's license would, by virtue of this precedent, have to accept a similar clause against the sale of intoxicating liquors. Otherwise other salesmen must continue to pay a separate license in each of the fourteen provinces. These vary and run as high as a thousand pesos.

Irigoyen is known to be strongly in sympathy with restricting the liquor traffic, it is said that he feels that Argentina is not yet ready for total prohibition. One entire province, Mendoza, thrives upon the wine industry and the use of light native wines, especially in the rural districts, is almost general.

The introduction of the prohibition measure in congress was followed by a strong protest from the Mendoza wine growers. They were told by Minister Salaberry that, "although he had not consulted Irigoyen, it was necessary, he could assure them that the executive power of the nation will not oppose this reform, and it is necessary, will oppose against it all the legal resources upon which it can lay hand."

ORGANIZATION BEING PERFECTED.

An executive meeting of the St. John branch of the Self-Determination for Ireland League of Canada, was held last evening in the Y. M. C. I. The business was heard and reported by Miss Katherine Greasy, provisional provincial secretary, who has just returned from the western half of the province. She reported organization well perfected at Chatham, New-Castle, Campbellton, Dalhousie, etc., so much so that these branches have been entrusted with the further organization of their respective countries. Northumberland county has set as its objective 2,000 members. Miss Greasy will now visit the western half of the province and it is expected that the work of organization will have been completed in about two weeks time so that the provincial convention may be held, preparatory to the national convention. It is announced that Hon. H. A. Powell is to address a public meeting under the league auspices.

SAW THRILLING DAYS IN RUSSIA

Capt. Vanwart of Fredericton Here Today on His Return Home.

One of the most graphic and thrilling experiences during hostilities in the various countries in Europe and Asia were related this morning to a Times reporter by Captain H. H. Vanwart of Fredericton, who recently returned from Siberia and is now in the city, at the Dufferin. He was very reluctant at first about telling of his experiences while serving with the British military mission among the Czechoslovaks in Siberia, but finally consented to say a little.

Captain Vanwart was present at the surrender of Admiral Kolchak and at the identification of his body after he was shot. He was at the investigation of the Czar's death and saw the house where the ruler was said to have been killed. He also was through the region where typhus was taking thousands of lives. He also was at the capture of Vladivostok by the Japanese.

Captain Vanwart, besides serving with the British army in Siberia, saw much service in France at the outbreak of the war and after such a varied experience and a long stay away from his native province he will be warmly greeted by a host of friends in this city and throughout the province.

Lachute, Que. 25th Sept. 1908. Minard's Liniment Co., Limited. Gentlemen—Ever since coming home from the Boer war I have been bothered with running fever sores on my legs. I tried many salves and liniments; also doctored continuously for the sores, but got no permanent relief, till last winter when my mother got me to try MINARD'S LINIMENT. The effect of which was most magical. After two bottles the sores completely disappeared and I have worked every working day since.

Yours gratefully, JOHN WALSH.

Fabrikoid Saves Money and Labor for the Woman of the House

IT'S economy to buy furniture covered with Fabrikoid—it's money saved in first cost and upkeep, and it's labor saved in the care of the furniture.

For these reasons, insist that your furniture dealer supply you with Fabrikoid upholstery—insist that he re-cover old furniture with Fabrikoid. The long life and low cost of Fabrikoid save money. The fact that Fabrikoid does not stretch, tear or rot, that it does not absorb water or grease, saves money.

The care of Fabrikoid-upholstered furniture is a simple part of household duties. No beating, whisking or brushing—a damp cloth—just something to remove surface dust—and Fabrikoid is as clean as ever.

And Fabrikoid gives the home an atmosphere that is only obtained otherwise by expensive leather upholstery. For the living room, the library, the den or smoking room, there is nothing that will equal Fabrikoid for furniture covering.

Insist that your dealer supply you with this upholstery when buying new furniture or having the old re-upholstered.

Luxurious Furs at Economy Prices

HUGE coats, magnificent capes and shawl collars, smart coats, chic chokers and a wonderful array of miscellaneous smaller pieces of unsurpassed beauty and luxuriousness. Dozens of distinctive designs representing the latest creations of the Fur Garment world are now offered at prices far below what we will have to ask later in the season.

One glance at our wonderful display will quickly convince the most skeptical of the unusual opportunity offered in

Our August Fur Sale

Never before have conditions equalled the present. Every Fur trading center reports a scarcity of skins, while an increasing demand makes the situation still more complex.

Such acute conditions are what make rigid economy vitally important with all of us. An appreciation of these facts is the chief reason for the present unusual offer of our entire line of Fur Garments at Pre-Season prices.

The saving we realize on overhead costs is passed along to you in sharp price reductions you cannot afford to overlook.

CANADA AND LYNCHING.

The authorities in Ontario are investigating the recent riot at Thorold, where the town hall was set on fire and a prisoner charged with an atrocious murder narrowly escaped lynching at the hands of a frenzied mob. The attorney general of Ontario is giving support to the local officials with the intention of punishing and punishing those responsible for the outbreak. While the crime in question was one likely to excite the greatest possible public indignation, the prisoner had been already held for trial by the court and there was no reason to believe that he would escape execution if the evidence to prove his guilt was forthcoming. It has been said that a speech delivered by the accused man, after he had been severely injured by the mob, led to his escape from death, but while his plea had some effect it appears more likely that the crowd, when they saw the court house in flames and heard the statements of officers of the law who defended the prisoner, suddenly realized what they were trying to do and decided to take the wiser course of leaving punishment to the law.

NEW ZEALAND'S LOAD.

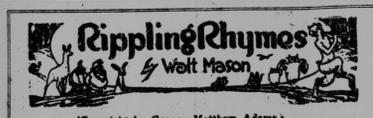

Canada's debt is heavy and the country faces a long period of severe taxation, direct and indirect. When we look at New Zealand, however, we may well ask ourselves how we should feel if Canada were facing that country's financial obligations, which are roughly three times as great per head as our own. New Zealand has a population of about a million. Premier Massey's recent budget shows that the net debt per head of population is now \$800, as compared with approximately \$275 in Canada. The war loans total \$400,000,000 of which \$265,000,000 was raised in New Zealand, and the annual debt charges now amount to \$36,250,000. For the coming financial year the revenue is estimated at \$136,000,000, and the expenditure at \$131,000,000, but it will be necessary to provide for loans totalling \$124,000,000, including \$50,000,000 for renewals. Premier Massey announced that authority would be sought for a compulsory levy for certain loans, in case this course should be found to be necessary. "Compulsory levy" has a sufficiently ominous sound in connection with loans. The New Zealand government, notwithstanding the terrific burden of debt and taxation, proposes new measures which will further increase the public expenditure. Among these are maternity homes, more nurses for remote rural districts, more money for education, and the inception of a bureau of infant welfare.

BIG BERTHA GOES TO MT. KISCO

Distribution of French War Trophies in New York—German Tank for Washington. (Associated Press Correspondence.) New York, Aug. 19.—Thousands of war trophies brought from the battle fields of France for use during the Liberty Loan and other drives are being distributed at the warehouse of the French mission here. The material includes guns of all kinds used by the French, British and German cavalry, swords, cuirasses, shells and soldier equipment. Large demands for trophies have come from inland cities, according to Major Jean Malje, director of the Bureau of Information, Director General Des Services Francais Aux Etats Unis, now in this city. One of the largest single collections, with the exception of that given to Washington for the National Museum, was presented to the Army and Navy Club of America. The trophies will be preserved in a suitable environment to be included in the plans for the new \$200,000 clubhouse that is to be erected in honor of the officers killed in the war. The collection of fifty trophies, trench mortars, machine guns, bayonets, rifles, swords, cuirasses, wire cutting machines, trench stoves, brasses, marmites, shells and shell baskets, marine signal flags and other interesting and valuable trophies. The selection was made by Captain Adrian Duane Doty, U. S. Signal Corps, representing the club. Tanks and German field pieces weighing from one ton to ten recently have been given to cities like Chicago, St. Louis, Chattanooga and others as far away as Texas. A huge German listening post has been given to Springfield, N. J. Montclair received a whippet tank, while the National Museum at Washington was awarded a large sixteen-man tank. Other valuable pieces were sent to Washington including an airplane, sample pieces of all the foreign artillery used during the war, uniforms and field kitchens. The prize of the collection, a Big Bertha, was claimed by Mt. Kisco, N. Y., and will be placed in a prominent position there. The State University of Baton Rouge, La., has requested the immediate shipment of a German machine gun, a German 150 millimeter gun weighing three tons. The Chicago collection was chosen by Colonel E. M. Marr. It will be shipped to that city within the next few days. Sergeant Fred Ameth, French Army, who has been in charge of the material for two years announced. An idea of the demands made for trophies, he said, could be gained from the fact that more than 3,000 French helmets and an equal number of uniforms had been disposed of.

NO DUCK SHOOTING UNTIL SEPT. 15

Local Sportsmen Notified That Opening Date is Later This Year. Duck shooting in New Brunswick does not begin until Sept. 15. There has been a mistaken impression in some quarters that the duck season opened on Sept. 1, but such is not the case. In former years the duck season began earlier, because that Canada is a party to the migratory bird law duck shooting in this province and Nova Scotia is limited to Sept. 15, and that from that date until Dec. 31. The season for woodcock, Wilson snipe or jacksnipe also opens on Sept. 15, but closes on Nov. 30. There is no partridge shooting in New Brunswick this year. Local sportsmen regard it as important that the proper dates be known. There is a stiff penalty for shooting before the legal opening of the season. A St. John man who wrote to Ottawa concerning these matters had an official letter yesterday in reply definitely fixing the opening for duck shooting as Sept. 15 and not Sept. 1 as in former years. ROCHESTER MAN KILLED. Heavy Tearing Car Sank in Roadside and Turned Over. Danville, Ont., Aug. 22.—As the result of a motor accident last week on the Rainham road a mile west of Selkirk, Arthur P. O'Leary, a contractor of the Hamilton Soldiers' War Memorial Hospital here, suffering from serious injuries. The party were coming east in a big touring car owned by B. G. Little, of the City Hall staff, Buffalo, when the heavy car broke down the sloping of the road and skidded into the ditch. When being righted it struck a rough spot, the steering pinion broke and the car went over twice, the five occupants being pinned beneath. Mr. O'Leary died en route to the hospital four hours after the accident without having recovered consciousness. Bernier had a broken collar bone, broken ribs and is badly shocked. A splinter went through the lower part of a leg of Mr. Wood and carried away a portion of the large bone. Little was shocked but not seriously, and G. C. Andrews of Buffalo, escaped injury. FIRE ON WIGGINS' WHARF. A fire broke out about 11:30 last night in a scowmen's shanty on Wiggins' wharf, West St. John. The shanty contained rope and other stores for the use of the scowmen and a considerable quantity of these supplies were destroyed, the damage being estimated at about \$800. The shanty is the property of George McKean & Co. An alarm was rung in from box 116 and the fire department, from No. 7 responded, putting out the fire about 12:15, but not until a considerable portion of the shanty and the supplies it contained had been destroyed. This shanty caught fire about a year ago but very little damage was done at that time. KING EDWARD PLANTED IT. Toronto, Aug. 24.—A sugar maple tree which the late King Edward planted in Allen Gardens here in 1860, when he visited Toronto, was removed yesterday, as it was dead. Old age apparently ended the famous tree.

Rippling Rhymes by Walt Mason. Copyright by George Matthew Adams.

THE LOAFERS. I ply my lire the whole day long, and have since long ago, and ship out bales of deathless song at fifty cents a throw. And if I faltered in my zeal, the sheriff would appear, and promptly place his large red seal on all my worldly gear. And when my harp gets smoking hot, its cooling system clogged, to some calm park or kindred spot I oftentimes have jogged and there the loafers always sit on benches, day by day; they do not toil, they do not knit, they never strive for pay. I see the same old dusty groups by day and after dark; barred out from all the city's coops, their home is in the park. They seem to think there's nothing wrong, they burble and they laugh, until some preler comes along and prods them with his staff. How doth the seely little shirk still find existence when we who work and struggle, we who tucke down and work can barely raise the price? How doth the boozey little bum contrive to stay on earth, when we must toil and make things hum, to gain our board and berth? It is a mystery, I wd. that needs solution, mugs; and when my air cooled harp gets hot, I muse, to beat the Dutch.

GOOSE CREEK FIGHT.

Late in July, 1918, two United States vessels—the British and the American—were then at war with the battles being fought in Canadian territory—were sent from Sackett's Harbor on a cruise to cut off ships carrying supplies to the British forces. Concealing themselves among the "Chama" Islands they surprised a British convoy of fifteen boats laden with 200 barrels of pork, 300 bags of biscuits and other stores, bound from Montreal to Kingston under escort of a small boat with one gun. Sixty-seven prisoners, mostly Canadian boatmen, were captured. When the news of this foray reached Kingston it was determined at once to capture these vessels before they could return to Sackett's Harbor. Three gunboats were sent out on the mission, only to learn quickly that the American had tied up Goose Creek, a little stream about twelve miles from Gananoque. The two ships had slipped up the small stream as far as they could and then cut trees to block the stream against any assaults. The British sent three vessels to the attack—a fourth came up in the night previous to the engagement—but it was soon discovered that the American were lying so as to command the stream which was so narrow that a steaming vessel could not turn to port or starboard. The enemy poured a severe fire upon the British who could not bring their guns to bear on the American with any success. So in the end they were compelled to withdraw with the loss of sixteen wounded men. Among the mortally wounded was Captain Milnes, an aide of the governor. The expedition was progressing and had arrived just in time for the fight. The British were with great enthusiasm and received wounds from which he died in a few days.

SPRUCE LAKE EXTENSION IS DISPOSED OF

Contract with Lock Joint Pipe Co., and Agreement with Pulp Mill Approved. At yesterday's meeting of the common council it was decided to approve the agreement between the city and the Canada Lock Joint Pipe Company, Ltd., for a 22,000 foot extension of the water main from Manchester's corner to Spruce Lake. The agreement between the city and the Nashuaik Pulp and Paper Company was also approved. Under the contract with the Lock Joint Pipe Company, the city is safeguarded for the completion and maintenance of the work for five years. The contract calls for the employment of local labor as far as possible. The contract price is \$15.50 a lineal foot for the pipe.

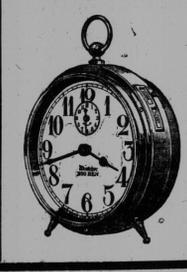

LOCAL NEWS

New was reported that William R. McLeod, formerly of this city but now with the C. P. R. at Lethbridge, Alberta, was in the recent train robbery near Cross Nest. He lost \$10. The Life Saving Girl Guides camp, held at Sussex, broke up yesterday after an enjoyable outing under the leadership of Evelyn Hildreth and Mrs. Moore being in charge. Fifteen members from St. John attended the camp. On Sunday afternoon and evening service was held at the camp grounds and the morning meeting was held in Sussex. At a meeting of the Lancaster Highway Board last evening T. H. McCauley, manager of the St. John Street Railway Company, was expected that a franchise that permission be granted to build a loop line at the terminus of the Fairview line. The matter was left over for another meeting but during the meeting Councilman Murray Campbell spoke of a possible service given by the railway company.

MORNING NEWS OVER THE WIRES

Retaliation for the murder of Irishman, James Swansy, in Ireland, was in full swing yesterday. Houses were looted and burned and several persons were seriously injured in the rioting which took place. In most of the business establishments yesterday the workers were required to sign a pledge declaring their loyalty to king and country. Further rioting occurred during an attempt to the death of Inspector Swansy. A scheme is on foot to co-ordinate all returned soldier and sailor organizations within the British empire and allied nations. A communication has been received from Harry J. Flynn proposing the amalgamation of the Great War Veterans and the Grand Army of United Veterans in Canada. Representatives have been made by the American Legion officials and they have asked that Canada send delegates to their convention to be held in Cleveland in September. France will send representatives who are expected that the other allied nations will be represented. Field Marshal Haig will attend. Another loan of \$500,000 has been floated by the city of Halifax bearing interest at six per cent. and redeemable in ten years. MR. O'CONNELL'S PICNIC. It was announced last evening by J. D. O'Connell, the orphans' friend, who arrived in the city recently from Hattay, Canada, that the annual picnic for the orphans in the city this year will be held on Tuesday and the invitation will not only include the orphans but all the children in the city, rich and poor. The picnic will be held at Rockwood Park and automobiles will be provided for the transportation of the orphans and the Rotary Club and other organizations will provide all the cars that will be taken to the picnic. It is hoped to increase this to 100 cities within the next few years. Motion pictures will be taken at the picnic and 1,000 feet will be presented to the city. Each child will receive a flag and thirty cents instead of a quarter as in former years. WHY LIPTON "USES SAUCER." New York, Aug. 24.—"You know," said Sir Thomas Lipton, as he was being entertained at a tea by the National League for Women's Service Convalescent Home for Soldiers and Sailors, "you know, they say I can't lift the cup, or saucer because I can't lift the cup."

VILLA WINS.

Mexico, it now appears, is going to pay General Francisco Villa a very handsome price for being shot. At the time of his surrender the man is about having him shot, and outside of Mexico if not in that country there was a multitude of opinion to the opinion that it was a case of "better dead." But the Huerta government, it appears, not only considered it unsafe to shoot the famous bandit but decided that it would be well to deal most generously not with him but with his extraordinary army, the remnant of which contained a striking percentage of officers of high rank. Villa had nine generals and colonels galore. It is now announced from Mexico that Villa is to have an estate and the right to maintain a bodyguard of sixty officers during the remainder of his life. The life of an adventurous spirit in Mexico is generally short, but Villa is an exception to that rule and may live long to enjoy his country's wonderful bounty. Each of his followers is to have a grant of land and a year's pay according to rank. It appears that when Villa surrendered he had at his back less than 600 non-commissioned officers and privates. Evidently the mortality in the ranks was much greater than among the officers, for the surviving officers include no fewer than nine generals, thirty-three colonels, twenty-five lieutenant-colonels, eighty-five captains, thirty-four lieutenants and forty-one sub-lieutenants. It is figured that the cash payments to Villa and his followers will cost troubled Mexico \$1,500,000 in gold. One danger attaching to such a settlement is the temptation it may offer to others to make war upon the government. Perhaps Villa comforts himself with the thought that there is not soon likely to

TAX GRAVES IN CHICAGO.

Chicago, Aug. 23.—A 10-cent tax on every grave dug in Chicago will be charged to help provide the additional \$1,000,000 just decided upon by the Council committee on licenses and revenues. "We have placed a tax even on graves because conducting a cemetery is a business and we are going to tax every business in Chicago," said Alderman Cornak. FOREST FIRES STILL RAVAGING B. C. WOODS Vancouver, B. C., Aug. 23.—Although the forest fire situation is said to be easing somewhat, there are literally hundreds of fires still ablaze in the coast districts of the mainland, and Vancouver Island. The worst is in the Stillwater vicinity where miles of forest are a vast sea of flames.

RECENT DEATHS

The death of Miss M. Louise Stewart, only sister of J. L. Stewart, proprietor of the Chatham Hotel, occurred at Calais on Saturday last, where Miss Stewart had been visiting her niece, Mrs. Fred S. Groves. Miss Stewart became suddenly ill on Wednesday of last week and sank rapidly. Mr. Stewart, who was summoned from Chatham, went to Calais on Friday and was with his sister at the end.

Miss Stewart, who was sixty-three years of age, was born at Upper Mills, St. Stephen. She lived in St. John for a time as a girl, attending the high school here, and afterwards removing to Chatham, where she had since lived with her brother. She was a very talented woman and at times practically took charge of the Chatham World during Mr. Stewart's absence on business. Many friends in St. John and in other parts of the province will hear of her death with keen regret and will extend sincere sympathy.

The funeral will take place in Chatham today.

The death took place Sunday night of Mrs. W. J. O'Leary, 234 Grosvenor avenue, Westmount, Quebec. The sad news came to St. John in a telegram addressed to her brother-in-law, A. E. O'Leary, St. John. The late Mrs. O'Leary, who was formerly Miss Marguerite McIntyre, of Chatham, leaves four children, besides her husband, an electrician, carrying on an extensive business at Montreal. Bishop Henry J. O'Leary, of Charlottetown, and Bishop I. J. O'Leary, of Chatham, are brothers of the bereaved husband.

The death occurred on Saturday morning at the Parker Hospital, Dartmouth (N. S.), of Daniel McCarthy, aged 39 years. Mr. McCarthy resided in Halifax for several years since removing from St. John.

Ottawa, Ont., Aug. 23—William James Wilson, prominent Canadian scientist and for many years paleontologist with the geological survey, mines branch, Dominion government, died here Saturday afternoon after a prolonged illness. He was born May 9, 1851, in Peterborough (N.B.).

William James Wilson, formerly a school teacher in the High School in this city, died at Ottawa on Saturday after a long illness. He was a prominent Canadian scientist and for many years paleontologist with the Geological Survey, Mines Branch, Dominion Government. He was born May 9, 1851 at Peterborough, Queens county.

As a result of a fractured skull received by falling down stairs when he was going to get a drink of water for his sick wife, D. A. McEnderick, a former C. P. R. conductor, died at his home in Woodstock Sunday night, at the age of seventy years. He leaves his wife, two sons, two daughters and five grandchildren.

William Brown, a retired C. N. R. employe, died at his home in Moncton last evening after a lingering illness. He was seventy years old and leaves his wife and one sister, Mrs. Hugh McLeod of this city.

Announcing Our Initial Showing of Autumn Modes

On Wednesday and Following Days

After a long sunny summer people's thoughts naturally turn to smart attire for autumn. Well groomed men and women attend to the detail of the new season's wardrobe early—that is why we have prepared to lend a helping hand before the autumn actually sets in.

Men, women and children, alike, have been provided for in this early showing of what is new, and the displays will undoubtedly be of interest to all.

IN THE MEN'S SHOPS—Among the newest fashions here are the Pencil Stripe and Club Check Suits. These are in models to meet the demands of men and young men, and you will find them possessing that fit, finish, fabric and workmanship you so much admire. All other kinds of clothing and furnishings of keen fashions also await your approval.

WHAT WOMEN WILL WEAR—The importance of maidly being smartly attired this autumn resolves itself into possessing a Cosy Suit of Duvelyn or Velour—a Warm Cloth or Fur Coat and a Separate Neck Piece—a Skirt of striking Plaid—some smart Over-Blouses—a Hat of draped fabric—and a Frock or two of Satin or Taffeta.

FOR GROWING GIRLS—Mothers will be as well pleased as the girls when they see the practical and pretty Serge Frocks,—the Navy Reefers and the warm colors in Long Cloth Coats. Then for Little Tots there are all sorts of Dainty Rompers and Dresses, and the show case of "Gifts for Babies" has a lovely and fascinating collection of the daintiest Novelties one could imagine.

FALL COSTUMES DEMAND SMART ACCESSORIES—When buying your autumn wardrobe let us assist you in choosing crisp, new Neckwear, Gloves in the required colors, Hosiery to match and other trifles that go to make the outfit correctly completed.

Page 6 Will Tell You More About This Initial Showing.

Why Pearls Are Popular

Pearls are today the favorite neck ornament of womankind. Just why they are so popular is little understood. Here is an expert's opinion:

"Pearls—because of their peculiar sheen—are 'complementary' to every complexion. Blondes and Brunettes alike can wear them with equally good results. The roundness of the pearl and the soft drape of the string add to their charm. Any colors may be worn with them."

"We have made a close study of the pearl situation and have been successful in acquiring a stock of the best grades hard to duplicate as they are extremely scarce."

"Come in and let us show them"

Coats, Suits and Frocks

Stocks in these are as yet incomplete, however, the first arrivals are as charming as one could wish for, and correctly reveal the new style tendencies of the coming season.

INDISPENSIBLE TOP COAT

Women who are acquainted with the comforts of a soft, warm Top Coat will appreciate the practicability of these latest arrivals.

Coats are fashioned of Duvelyn, Velour, Silvertone, and other soft fabrics. Many have large capey collars shirred at back, and belts and buttons are used in charming and original ways. Among the new colors, owl, basnet and other variations of greys and browns predominate.

SUITS FOR FALL

Fashion indications point to longer suit coats. Smart models are seen with pleated backs or belted in with narrow bands. In these as well as in the Top Coats, buttons and large collars are distinguishing features, and the new shades are soft and rich and will be found to correspond nicely with the novel color combinations of the fall millinery.

FALL'S FASCINATING FROCKS

Satin and Taffeta are employed in their making. Models are in straight line effects or bouffant—simple or more elaborate. In many cases touches of rich metallic brocade are used for trimming in enlivening contrast to the material of the frock itself.

SEPARATE SKIRTS OF WOOL

The demand for these is great when the need for winter coats becomes apparent. Our present selections include some beautiful plaids in light or darker color combinations. Some are accordion or side pleated, while others are along tailored lines, trimmed with buttons and with soft belts.

(Costume Section—Second Floor)

Millinery Individualized for Every Need

Correct Millinery gives to your new apparel the finishing touch it needs, and our present assortments will please even the most particular person. Ready to wear Hats are mostly simply trimmed. Many are made of fabric such as Duvelyn or Taffeta. However, there are plenty of others in Felts, Velours, Velvets, etc. The shapes are original and becoming, and the colors will be found an enlivening contrast to the colors of suits and coats for fall wearing.

(Millinery Salon—Second Floor)

New Silk Covered Down Puffs

You Have Not Seen Any More Beautiful. Three sizes, for single, medium and double beds. One style has covering of Dresden Taffeta Silk, with wide plain colored border. The edges are finished with Cord and Tassels.

Another has Rich Satin Covering with Oriental Border and Corded Edges. Then there are fancy flowered Silk Coverings with double green and maize borders and a splendid assortment of colors in best quality English Saten and Cambrie Coverings.

(House Furnishings Section—Second Floor)

Late Arrivals in Our Dress Goods Section

Women who make their own clothes or have them made to order will do well to look over our stocks now while these attractions are showing.

Fall Coat Cloths are in Silvertone, Velours and Scotch and Canadian Tweeds.

Novelty Stripes and Plaids for Skirts in fascinating color blendings.

Ask to See Our Mannish Tweeds for Women's Suitings, 58 and 60 in. wide. Special \$2.90, \$3.90 and \$4.90 Yard.

The Initial Showing of Autumn Modes

Heralding many delightful and new fashions to be the vogue of autumn and winter. These early arrivals in fall apparel will be of interest to men, women, boys and girls—and inspection will show that models have been selected with an eye to the smart touches and verve desired by particular dressers.

In the Men's Shops Display of New Fall Styles for Men and Young Men

Clothing

We are now in a position to speak authoritatively on just what is correct for men to wear for fall and winter on all occasions.

For Practical Wear, Pencil Stripe and Club Check Suits promise to be among the favored, and are showing in suitable models for men of all ages.

"Burberry," "Society Brand" and other well known reliable makers have contributed their best efforts to our fall stocks, and we are ready with everything men will need, from the finest English Cheviot Dress Suit to the easy fitting, storm collared Top Coat.

We will be glad to show you the latest arrivals.

See Display in Our King Street Windows.

Furnishings

Discriminating men will find what they like here in all fashionable furnishings. These have been carefully selected to conform with the ideas of good dressers, and the assortments are very satisfying.

Among the newest things are: Silk and Negligee Shirts in White and colors. Pajamas in Silk, Cotton, mercerized and ceyonette. Half Hose in splendid qualities of Silk, Fibre, Lisle, Ribbed Wool and Cashmere. Gloves in Buck, Suede, Silk and Cape. Neck Wraps in soft brushed Wool or Fibre Silk. Neckties of latest design and color blending. Sweaters in all favorable weights—two tone effects and plain colors.

Men's Furnishings Section Ground Floor.

What the Kiddies and Young Girls will Wear

Just a glance at these small garments and mothers will instantly realize how charming and altogether practical they are. Among the most recent arrivals are:

Smartest little smocked Rompers, in pocketed styles or plain, cozy Coat and Pull-over Sweaters in all sorts of dainty as well as serviceable colors.

Separate Pleated Skirts of Serge, Gabardine and Flannel. These have waists to hold them in place. "Sailor Maid" Dresses and Middies, fashioned of Heavy White Duck, with Navy Serge Collar, Cuffs and Pockets trimmed with White Braid.

Serge Frocks in bolero and straight line belted effects. Some of the smartest models have accordion pleated skirts and trimmings of wool embroidery.

Silk Frocks of charming color and pretty childish styles, suitable for any occasion where a dressy frock is wanted.

Navy Serge Reefers, heavily lined and made with or without velvet collar. These have emblem on sleeve.

Heavy Winter Coats with big comfortable collars are developed in Silvertone and other warm materials in Brown, Navy, Burgundy, Grey, etc. Velvet Coats in Navy Blue are also popular.

Our Baby's Gift Show Case

Is Showing Such Dainty Novelties as: Hand Embroidered Bonnets and Bonnet Strings, White Poplin Slippers with a touch of embroidery, Pretty Rattles, Brushes and Combs, Bubble Sets, Sewing Sets, Beads to String, Cuddle Dolls, and other things just as charming.

Particular Women Will Find What They Want Here in Lovely Silk Undergarments

The very daintiest garments one could imagine are fashioned with as much care as to making as though to be worn outside.

Night Gowns, Envelope Chemises, Knickers, Camisoles, Underskirts, etc., are made of soft, sheer Crepe-de-Chines, Jap Silks and Wash Satins in White or very delicate shades, plain or elaborately trimmed as desired.

Fine White Undergarments of Nainsook, Batiste, etc., show much variety as to trimming and quality.

Early Showing of New Winter Underwear

This includes such well known makes as "Turnbull's," "Penman's," "Zenith," "Harvey," "Oxford" and others. Vests, Combinations and Drawers are in wanted weights and short or long lengths.

Some of the New Blouses

Over Blouses are at present in great demand. We are showing a fine assortment of these, and they are really delightful. Some are made of sheer Georgette, handsomely beaded or embroidered and in light or dark shades. Smart Tricotee Blouses are fashioned with short kimono sleeves and round low cut necks; they are pretty trimmed with touches of colored embroidery and are decidedly youthful and becoming.

There are many other blouse styles here too, something for every taste and at a price you want to pay.

The New Neckwear is Interesting

Among the very newest ideas in pretty things for the neck are:

Narrow Filled Tuxedo Collars in Sheer Organdy, Frillings and Pleatings in Net and French Organdy. Many of these are in two color effects.

Embroidered Voile Collars in new shapes for wearing with frocks or suits. Colored Organdy Vests and Sets.

Spanish Lace Scarfs for evening wear. Fibre Silk Scarfs, in plain colors, bordered effects and stripes. (Neckwear Section—Ground Floor)

Stockings and Gloves

The appearance of one's whole costume depends largely on the correct choosing of such things as these.

We are ready for fall with—Silk Stockings in "Venus," "Holeproof," "Radium," "Gotham," and other well known makes. Plenty of the new Brown and Beaver shades to correspond with the shades showing in costumes.

Cashmere Stockings are in Black, Grey and Navy.

Gloves—Sac Wrist, Washable Cape in Tan and Grey, Natural Chamois in One Dome and Sac Wrist style, French Kid in Grey, White and Black, Silk Gloves with Sac Wrist and Strap Fastener, in Black, White, Fawn and Grey. Washable Cape in Tan, Grey, Butter, Beaver, etc. "Jaeger Gloves" in an assortment of popular winter colors. (Glove Section—Ground Floor)

Beaded and Embroidered Hand Bags

Paris styles—and one of these will add a little distinguishing touch to any costume.

These are in very beautiful color combinations and are finished at the top with draw string or fitted into pretty tops of metal or tortoise shell. They are all attractively silk lined and fitted with small vanity mirror. (Ground Floor)

Many Dainty Handkerchiefs for Your Choosing

Made of Fine Linen or Lawn with Lace Edges of Duchess, Princess, Maltese and White or Colored Tinting. Plain initialed, hemstitched and embroidered kinds also for those who prefer them.

Furs Luxuriously Beautiful

Every luxury loving woman will find in our collection of furs the satisfaction of authoritative and distinctive styles for the coming season. Magnificent Coats, Wraps and Neck Pieces are cleverly designed and executed. The qualities can be depended upon and the varieties are particularly pleasing.

Your early inspection of these furs is invited.

Fur Coats are showing in various lengths, however the short coat is having a deserved popularity. Many of the newest models have large cape collars, flaring cuffs and broad band around the bottom of contrasting fur. Coats with smart girdles and belts are also strongly featured.

Among the most popular skins are: Hudson Seal, Electric Seal, Natural Muskrat, Sealine, Persian Lamb, Mink, Pony, Opossum, Australian Beaver, Kolinsky, and Mole Coney.

Neck Pieces—These are in stole and cape shapes, large and small. Made of Mink, Ermine, Fitch, Sable, Black Marten, Hudson Seal, Electric Seal, Raccoon, Black Lynx, Beaver and Fox or Wolf.

If the garment you would like to have is not in stock we will make to order any fur in any style, guaranteeing fit, finish and workmanship. (Fur Section—Second Floor)

"THE WALK-OFFS" A SCREEN TRIUMPH AT IMPERIAL

May Allison in the Part of Young Society Women She Does Best Work of Her Career.

The Walk-Offs, a picture by Screen Classics, Inc., of the successful stage play by Frederic and Fanny Hatton, is the most suitable vehicle for May Allison's beauty and dramatic talents which this rising star has had. Despite brilliancy of the background of fashionable life, alluring women in exquisite

they developed the story of the play in its occasionally satirical vein. John Holden designed the art interiors. The production was directed by Herbert Blanche, who has previously won distinction for his direction of Petrova and Nazimova productions. The same fine picture is on today and tonight. Tomorrow Will Rogers, the quaint comedian, will be seen in Almost a Husband.

WINNIPEG FARES HIGHER.

Winnipeg, Aug. 23.—Seven-cent cash fares on the city lines of the Winnipeg Electric Railway today were authorized by the public utilities commissioner of Manitoba, P. A. MacDonald. Four tickets will be sold for twenty-five cents. Workmen's tickets which have been good during limited hours and sold for five for twenty-five cents, are abolished.

CHILD KEPT NAKED.

London, Eng., Aug. 24.—George White and his wife, Mary, were sent to prison for a week because of cruelty to their children. They kept one child, a cripple, aged ten years, in a small room absolutely naked for months. He was found in a small back attic bitten head to feet by vermin.

INSTANT HIT BY MUSICAL REVUE

Hoyt's Company in "Hello Broadway" Warmly Welcomed by Crowded House—Pretty Girls and Good Comedians.

Pretty girls, gorgeous costumes, tuneful songs and some of the cleanest and most spontaneous mirth that any road show has offered St. John for the last few years served to give a capacity audience at the Queen Square Theatre last night more than two hours of really delightful entertainment. It was the opening performance of Hoyt's Musical Revue in "Hello Broadway" and served to give that aggregation a most satisfactory introduction to the lovers of musical comedy in the city.

There was a slight delay in getting under way, but from the rise of the curtain until the finale the large audience was kept in continuous raptures of mirth. The comedy was really good and some of it was entirely new. Perhaps one of the most interesting numbers on the bill was a piano and vocal duet by Miss Inez Hanley and Jack Sheehan. Miss Hanley's playing being exceptionally effective. Lew Brems made one of the most comical Hebrew comedians who has appeared before a St. John audience and displayed an agility in dancing that would add lustre to a Russian ballet dancer. Jack Cahill, as Souse, and Felix Martin, as Stew Bucks, were the other partners in a happy trio of comedians. Instant recognition was given Bonnie Rossley, the clever soubrette, who made so many friends in the city with the Lyric Musical Revue. She was heard in two solos and did effective work in the chorus. Miss Madeline Meredith and Wallace Melvin contributed much to the programme in their costume rendition of the "Dance of the Hours." Appreciative vocal numbers were also offered by Frank Wheeler, Miss Madeline Buckley and Miss Rose Emmett and were vociferously applauded.

A good male quartet is prominent in the bill and Shuman, Cahill, Brems and Wheeler offer some really good singing in a comedy setting that leaves little to be desired. Excellent support is offered the show by the "Vamp Chorus," which is composed of Misses Bernice Ring, Bertha White, Bonnie Rossley, Gertrude McManus, Agnes Somers, Agnes Berkley, Rita Miles, Mae Allan and Bobs Ackerman. Their dancing is good and the costumes are attractive.

AT THE UNIQUE "The Island of Regeneration" Is Different from Other Films—Leaves Lasting Impression.

In the opinion of many motion picture lovers who watched the new Mildred Harris feature production "Forbidden," at the Lyric Theatre last night, this renowned screen star, who became one of the most talked of women in America when she married Charlie Chaplin last October, has eclipsed in her latest picture anything she has done for the camera.

AT THE LYRIC Mildred Harris Scores New Triumph in "Forbidden"—Declared Her Rest.

There is an inexplicable something about "The Island of Regeneration" which was shown at the Unique Theatre yesterday that holds the spectator to the final close out and leaves a lasting impression in the memory. It is similar to hundreds of other stories dealing with shipwrecks and the South Sea Islands. Yet it is entirely different. It is peculiar to itself and so be appreciated it must be seen. The luxurious tropical backgrounds, the simplicity of the players, the naturalness of the action and the intense dramatic moments, offset by bright spots of character development or atmosphere make the film a screen classic.

KAFFIR COWPOX ON JAMAICA

Prince of Wales Sends Message of Sympathy for People.

Kingston, Aug. 24.—The Prince of Wales has sent a message to the Governor of Jamaica, expressing his distress over the outbreak of an epidemic on the island. The epidemic is not smallpox as was feared at first, but has been diagnosed as kaffir cowpox. Four hundred cases have been reported.

LAFAYETTE STATUE PRESENTED TO FRANCE. Metz, Alsace-Lorraine, Aug. 23 (By A. P.)—The statue of Lafayette presented to France by the Knights of Columbus of America was unveiled today by Supreme Knight James Flaherty, of Philadelphia. He also presented a haton to Marshall Foch.

DRAW LOTS FOR HOME. Luton, Eng., Aug. 24.—Luton's mayor conducted a lottery for homes in the presence of the police, who raised no objection. Couples, with families, living at present in lodgings, balloted for homes, some of which will not be ready for Christmas.

Fundamental Progress

We have made an exhaustive analysis of the Canadian pulp and paper industry. This foundation is based, first, upon the wonderful combination in Canada of immense areas of use pulpwood with abundant water-powers in close proximity; and, second, broad markets for pulp and paper products dependent for supply on Canada's production.

This information, plus the facts that we give you on production costs, selling prices and expanding domestic and foreign markets, should strengthen your confidence tremendously if you are a holder of pulp and paper securities.

It will please us to send you a copy of this analysis if you will write for it. We think it will please you equally to receive it. Address:

Is Plenty of Sleep a Waste of Time

WORK is pressing. Every man has about twice as much on hand as he ought to be asked to do.

Few men sleep long enough—or soundly enough. Even if there is nothing else to keep them awake, the average metal or wooden bed creaks just enough to prevent the nerves from complete relaxation.

No one can sleep deeply unless he is completely relaxed.

IT IS wonderful how the right kind of Bed Spring invites perfect relaxation and deep, sound sleep—and what a difference the right Bed, Mattress and Pillows can make.

The good spring is taut and flat, yet resilient. It supports the body at ease in any sleeping position—conforms to the contours—never weakens, humps or sags.

The sleep-inducing Spring is a Simmons "Waldorf," of specially tempered spring coils. Fine springs that fit the contour of the body and support the spine in a straight line, insuring perfect circulation and restoring the energy used up in the fatigue of the day.

Simmons Felt Mattresses are the result of twenty-five years' study of equipment for sound, natural sleep. Made of pure, new cotton in clean, sun-lit factories. Used in thousands of fastidious Canadian homes.

And Simmons Pillows, which rest the head and neck exactly as they need to be rested.

Simmons Limited is the maker of really noiseless Metal Beds—beds that stand sturdy and firm—not a shake, creak, or rattle anywhere.

IF YOU know only wooden beds, or ordinary metal beds and springs—ask the leading merchant in town about Simmons Metal Beds, Brass Beds, Springs, Mattresses, Pillows, Day Beds and Children's Cribs.

They are built for sleep—yet they cost little if any more than the casual merchandise of the ordinary store.

And when you are selecting your Simmons Beds with an eye to their appearance in the room, you will see that Simmons has for the first time established beautiful and authoritative design in Metal Beds.

The "CHATSWORTH" Design 1901—in Twin Pair

Made of Simmons new Square Steel Tubing—Seamless, smooth and beautifully finished. Exquisitely enameled in the accepted Decorative Colors.

Has the Simmons patented pressed steel noiseless Corner Locks. Easy rolling casters.

Your choice of Twin Pair and Double Width. Specially pleasing in Twin Pair.

Sleep is a big subject! Write us for the booklet, "What Leading Medical Journals and Health Magazines Say about Separate Beds and Sound Sleep." Free of charge.

YEARS ADDED TO HER LIFE, SAYS MRS. KEDDY

Friends Amazed at Wonderful Improvement in Halifax Woman Since She Began Taking Tanlac.

"My health and strength have returned so rapidly that all my friends are amazed," declared Mrs. T. B. Keddy of Cogswell street, Halifax, in relating her remarkable experience with Tanlac, recently.

"No one will ever know," said Mrs. Keddy, "how terribly I had suffered from indigestion for the past eight years, because I just can't fully describe it. Even the lightest food would upset my stomach and make me miserable for hours. The worst kind of pains would come in the pit of my stomach and I would breathe and my heart would palpitate at such a fearful rate that I had to sit down."

"I have often had headaches that kept me in bed and always left me as weak as a baby. I would roll and toss in my nervousness and misery at night until I had to get up and walk the floor."

fell off in weight until I was a mere shadow of what I used to be and lost strength until everything I tried to do was a burden to me. Nothing helped me and I became so discouraged and downhearted that I often felt like I would rather not live at all.

"But Tanlac helped me right from the start and I prize it above every medicine, even that which was prescribed for me. I can eat any kind of food now and never feel a touch of indigestion. I haven't had a headache for a long time and my sleep is so sound and restful at night that I get up every morning full of strength and energy. I have also gained a great deal in weight, for my clothes are getting too small for me. In fact I just feel like years have been added to my life and I am so thankful for what Tanlac has done for me that I feel it my duty to tell everybody I can about it."

Tanlac is sold in St. John by the Ross Drug Company and F. W. Munro; in G. W. McKay, Beaver Harbor; William J. Colwell, Evans; C. V. Parsons, Highland; John F. Meagher, Debec; O. D. Hanson, Lepreau; E. L. Conley, Leonardville; N. H. Johnson, Clarendon Station; and by the leading druggists in every town.—(Adv.)

SCHOOLS TO OPEN SEPT. 7

Decision Reached at School Board Meeting — West St. John School Site.

At a special meeting of the school board last night authority was given to the committee which is considering the purchase of a school site in West St. John to employ Edward Bates and James Myles as valuers of the properties which have been discussed in this regard and to call upon the board's architect, F. Neil Brodie, to submit a report in writing of all matters in connection with the proposed sites and the cost of buildings. These reports are to be submitted to another special meeting to be held at an early date. It was decided that the schools should reopen after the summer vacation on Sept. 7, the day following Labor Day, the board assuming responsibility for the payment of the government grant lost by the teachers in consequence.

Dr. Bridges brought to the attention of the meeting the fact that the High school would not be large enough to accommodate all the pupils this year, that the building would have to be utilized and that a heating system for the synagogue would have to be arranged for. Authority was given Dr. Bridges and the visitors to the High school to arrange for the heating system.

TEN KILLED ON GRADE CROSSING

TAKE PHOSPHATE WITH MEALS IN SUMMER TIME

Your Nerves Demand It, Your Blood Needs It, Say Physicians.

There's not enough phosphorus in modern foods to benefit nearly one-half of the men and women of America, scientists declare.

To overcome this lack of an element of your body that is necessary to your health, your happiness and even your success is to work, anemic, nervous, run-down people are advised to take Bitro-Phosphate as dispensed in leading drug stores in the original package.

Speaking of people who are easily fatigued, who lack ambition, nerve and are oftentimes thin, weak and sadly lacking in firm, healthy flesh, Joseph D. Hargan, formerly Visiting Specialist, North Eastern Dispensary, N. Y., says:

"Patients who were apparently physical wrecks, who foolishly thought they needed only a blood tonic to enrich the blood, have come for treatment trembling and shaking, their nerve force almost exhausted and in many such cases the administering of Bitro-Phosphate has produced seemingly magical results."

People who feel the heat of Summer, the easily and often become irritable and depressed, will find Bitro-Phosphate an expensive and helpful friend.

Druggists report a wonderful increase in the demand from men and women who are anxious to renew old-time ambition and who are making an honest effort to become vigorous and keen-minded with a power of endurance that denotes almost perfect health.

They ask for Bitro-Phosphate because they know they need an inexpensive organic phosphate.

HER CASE SEEMED HOPELESS

But "Fruit-a-lives" Brought Health and Strength

"I am writing you to tell you that I owe my life to 'Fruit-a-lives.' This medicine relieved me when I had given up hope of ever being well.

I was a terrible sufferer from Dyspepsia, had suffered for years; and nothing I took did me any good.

I read about 'Fruit-a-lives' and tried them. After taking a few boxes, of this wonderful medicine made from fruit juices, I am now entirely well."

MARINE NOTES.

Six gasoline schooners, the Pioneer, Sevanaka, Continental, Sylvia, W. Beal, Helen McCall and Muriel, got away yesterday for Eastport and Lubec with large catches of herring for the straddle canneries at these two ports.

The Manchester Division, Furness, Withy Company, which was in a collision on Aug. 15 with the C. P. O. S. liner 'Union', arrived at Montreal from Quebec last night after temporary repairs. She is expected to sail from Montreal on Friday for Manchester, where she will probably dry-dock.

End Your CATARRH Today

Catarrh sufferers, meaning those with colds, sore throat, bronchial trouble, etc., can all be cured right at home by taking "Catarrhosone."

In using Catarrhosone you don't take medicine into the stomach—you just breathe a healing piney vapor direct to the lungs and air passages.

The purest balsams and the greatest antiseptics are thus sent to every spot where catarrhal trouble exists—germs are killed, foul secretions are destroyed, and a new chance and cure comes quickly.

Colds and throat troubles can't last if the pure healing vapor of Catarrhosone is breathed—sneezing and coughing ceases at once, because irritation is removed.

Use Catarrhosone to prevent—use it to cure your winter ill—the pleasant, safe and guaranteed in every case.

SUGAR PRICES ARE WEAKENING

Retail merchants in the city dropped the price of sugar two cents a pound yesterday and were offering that precious commodity at twenty-five and twenty-four cents per pound. Retail grocers have not generally been regarded as philanthropists and yet some of them must belong to that class. The wholesale grocers quoted sugar at unchanged rates yesterday. They were offering sugar for \$24.10 per hundred pounds. The refineries gave their rates as twenty-four cents per pound for sugar in wholesale quantities. All this notwithstanding, there was at least one grocer who offered to sell a 100 pound bag of sugar at 82¢. Another grocer fixed his price for the same sized bag at \$24.00. The grocers are preparing for a drop in prices and are more anxious about the situation than the wholesalers and refineries appear to be.

FIGHTING IN EAST

Constantinople, Aug. 24.—British and Greek columns are advancing in the direction of Eskishehr, seventy-seven miles northeast of Bursa, from the Ismid area to put down a new nationalist offensive which last Saturday resulted in twenty persons killed, including one British officer and sixty wounded. The offensive against the Allies in that sector began on Saturday with a surprise attack on the Greeks, bivouacking at Baghchidagi fifty miles east of Bursa.

French troops are advancing from Amatah, sixty miles northeast of Aleppo, to the Marsh, ninety-five miles northwest of Aleppo. Hard fighting is reported.

MUST GO TO BED AT 6.30 P. M. FOR 30 DAYS

West Orange, N. J. Aug. 23.—Six boys, ranging in age from 10 to 15 years, found guilty of robbing neighbors' fruit trees, faced a court sentence to go to bed at 6.30 o'clock each evening for 30 days.

The parents who were ordered to accompany their children to the court, were given the punishment of casting oil on the cult.

HALIFAX'S DEATH RATE

Under the heading, "Halifax is Not a Healthy City," the Halifax Herald says: "The above is a serious statement to make, but its fact, and existing conditions are due largely to the lethargy of the people. Do you realize that the infant mortality rate in Halifax last year was 171.1 per thousand births, as compared with \$6.70 for Toronto; \$6.8 for Vancouver and \$8.9 for St. John and that the death rate for Halifax per thousand of estimated population was 24.2 as compared with 11.4 for Toronto; 14.0 for Vancouver; 15.2 for St. John."

TWO LOSE LIVES

Toledo, O., Aug. 23.—Two men are known to be dead, another is missing and two city firemen are in hospitals following a fire and explosion in the plant of the Toledo Seed and Oil Company, here late tonight. One of the dead is William Jensen, engineer.

ANY WOMAN'S STRUGGLE FOR GOOD HEALTH QUICKLY REWARDED

A SIMPLE HOME TREATMENT NOW ADVOCATED THAT GIVES FINE RESULTS.

When a woman's face grows haggard and pale, when she is tired all day and ready to cry when night comes, she ought to know something is wrong. The best advice we can give any sickly woman is to test out the following treatment:

At the close of every meal, with a sip or two of water, take two chocolate-coated Ferronose Tablets. This seems to be the best thing going for folks that are tired out, run-down and in need of a strengthening, building-up medicine. Ferronose's action aids the three principal functions of the body—digestion, assimilation, elimination.

By strengthening digestion it forms an abundance of rich, red blood—this gives good color.

By perfecting assimilation, Ferronose supplies nutrition—this gives strength, vim, stability.

Elimination is assured because Ferronose quickens the action of the liver, kidneys and bowels—this guarantees the maintenance of vigorous health.

Ferronose put you on the right road—the one that leads to health.

Not a man, woman or child needing blood, vigor, endurance—not a person who is weak, nervous or sickly, not a person in ill-health who won't receive immediate help from Ferronose.

As a tonic and restorative, as a health-bringer and body-builder, Ferronose is unrivaled. It cures because it feeds and nourishes, because it contains the elements that build up and strengthen. Try it yourself—sold everywhere in 50 cent boxes, 6 boxes for \$2.50, or by mail from The Catarrhosone Co., Kingston, Ont.

SAFETY "DIAMOND DYES"

Tartar on Teeth Shows You Leave the Film

All Statements Approved by High Dental Authorities

Remove the Film

Film is the basis of tartar. It is the source of discolored teeth and decay.

In brushing teeth you leave a slimy film. You can feel it with your tongue. It clings to teeth, enters crevices and stays. Your tooth paste cannot dissolve it. Most tooth troubles are now traced to that clinging film.

That film is what discolors—not the teeth. It holds food substance which ferments and forms acid. It holds the acid in contact with the teeth to cause decay.

Millions of germs breed in it. They, with tartar, are the chief cause of pyorrhea. So the one great object in cleaning teeth should be to end that film.

Dental science, after years of searching has found a way to do this. For home use the way is now embodied in a dentifrice called Pepsodent.

The results are known. Convincing, clinical and laboratory tests have proved them beyond question. Leading dentists everywhere now advocate its use.

A 10-Day Test Supplied

We now send a 10-Day Tube to anyone who asks. Thus we are starting countless people toward cleaner, safer teeth.

Pepsodent is based on pepsin, the digester of albumin. The film is albuminous matter. The object is to dissolve the film, then to day by day combat it.

The way seems simple, but pepsin must be activated. The usual method is an acid harmful to the teeth. It is the invention of a harmless activating method which makes pepsin possible. That, with other Pepsodent ingredients, is doing now what was never done before.

Send the coupon for a 10-Day Tube. Note how clean the teeth feel after using. Mark the absence of the slimy film. See how teeth whiten as the fixed film disappears.

Read the book we send you. Learn the reason for these things. Then judge for yourself if you want your teeth kept in that way always. Cut out the coupon now.
