SAILOR VERY BADLY HURT ON METAGAMA

A serious accident occurred on the C. P. O. S. liner Metagama a little after 12 o'clock today when one of the sailors, John Kennedy of Liverpool, Eng., was caught in the windlass. He was badly crushed and lacerated and when extracted from the wire hawser was picked up for dead. An examination disclosed that he was still alive and a call was sent for the ambulance. He was rushed to the hospital and this afternoon was still alive although his condition is said to be serious.

COSTLY STORMS. Even with the strictest economy, the cost of the clearing of the streets of the results of the recent snow-storms will be more to the city than was allotted, or even anticipated, said Commissioner Fisher this morning. At the present time there are more than 800 men and teams on the payroll of the public works department. Besides cleaning the snow off the streets, a large number are at work today cleaning out the gutters and opening up catch basins.

OVER ALLOTMENT. The Diocese of Fredericton went over the top today in the Forward Movement with \$90,800, and expects to make it \$100,000 by the end of the week.

"FLU" IS INFECTIOUS

A Disease Easily Spread Through Close Association.

It passes in the form of minute germs from the coughs or sneezes of people who in the first stages mingle with others.

Therefore avoid exposure—this may be difficult, almost impossible.

But we can all keep our blood full of vitality and enable it to resist the attacks of disease germs, by taking Hood's Sarsaparilla, the pre-eminent blood-purifier and health builder. This good medicine promotes assimilation so as to secure for the body the greatest possible value of food. It aids digestion and "makes food taste good."

After influenza or any other blood-poisoning, prostrating disease, it is remarkable how it promotes convalescence and brings perfect restoration to health. A good cathartic like Hood's Pills helps greatly by keeping the bowels regular.

DO YOU NEED GLASSES?

If you are troubled in any way with poor eyesight or if you have any symptoms of eye trouble, you will find it a great comfort to know positively whether you need glasses or not.

Whether we sell you glasses depends entirely upon whether you need them. We will advise you honestly if there is actual need—and we know.

LOCAL REPORT ON INFLUENZA BETTER TODAY

The influenza situation over the week end seemed to be slightly improved, only seven new houses being reported as containing cases of the disease. On Saturday night a total of 171 cases had been reported since February 2nd, and with the two new reports this morning the total is now 173. Four quarantine cards were removed from houses this morning, and several other recoveries are expected within a few days.

Since the outbreak of the disease six deaths, attributed to influenza, have occurred, while fifteen recoveries have been reported. The emergency hospital is running in full swing, although the steady taxes to its capacity.

Inspector McConnell of the Board of Health visited this morning disinfecting houses, and with his five under-inspectors and one temporary inspector, had a busy time placarding houses and seeing that cases are being reported to the board.

IN NEED OF REPAIRS.

She received many useful and attractive remembrances. Refreshments were served and a pleasant time enjoyed by the gathering.

CABOTIA OUTSIDE.
The Anchor-Donaldson liner Cabotia arrived off Partridge Island last night about 10 o'clock from Glasgow, Scotland. She was several days behind her schedule time, but during the voyage encountered rough weather and as she has live stock on board, she came along slowly. From 10 o'clock last night until noon today she remained cruising between Partridge Island and Point Leux. She did not anchor or come into the harbor owing to the severe southwest gale which was blowing. She has 100 cattle, 30 sheep, and 17 horses, all well.

BURIED TODAY.
A large gathering attended the funeral of Rev. Brother Benedict, C. S. S. R., which took place this morning from St. Peter's church. Solemn high mass of requiem was sung at 9 o'clock by Rev. Edward Scully, C. S. S. R., as celebrant. Rev. W. M. Duke, deacon, and Rev. James Wood, C. S. S. R., sub-deacon. His Lordship Bishop LeBlanc, officiated at the altar and gave the final benediction. Rev. Simon Oram accompanied His Lordship. Interment was in St. Peter's private cemetery in the rear of the church.

The funeral of Mrs. Mary Lawrence took place this morning from Chamberlain's undertaking parlors. Service was conducted by Rev. Henry Penno, and interment took place in Cedar Hill.

The funeral of Miss Isabel Amos took place this afternoon from the residence of her father, Charles Amos, German street, West St. John. Service was conducted by Rev. J. A. Morison, D. D., and interment made in Cedar Hill.

The funeral of Mrs. Chloe Turnbull took place from her late residence, Market street, this afternoon. The service was conducted by Rev. Jacob Heune, and interment took place in Cedar Hill.

THE ROTARY CLUB.
Dr. H. J. Spangier will be the speaker at the Rotary Club luncheon on Sunday, Feb. 22, at 12 o'clock. His subject was Rotary. He dealt with it in such fashion as to gain frequent and prolonged applause. He was asked to send a copy of the address to the Rotarian. M. E. Agar presided.

Rotarian Russell Sturdee announced the arrangements for the anti-slavery programme for next week to end in Trinity church, at which Rotarian Rev. R. A. Armstrong will preach, and G. A. Margolis announce the anniversary of the anti-slavery movement with a theatre party.

Songs were sung as usual today, and the members of the anti-slavery committee gathered in much larger numbers than in previous weeks. The programme was given in accordance with the request of President Wilson that action be deterred until after a general conference of all anti-slavery committees on Feb. 28.

DIES IN CAPITAL

Fredericton, Feb. 16—Mrs. Martha E. Pyle, died on Sunday (By Canadian Press)—There were 474 cases of influenza reported to the city health authorities on Saturday with eleven deaths.

Dr. Bouvier, chief medical officer, says that so far the situation does not in his opinion warrant shutting the schools and other places were crowded together, but he advises every precaution.

The S. S. Durham of the Australian, New Zealand line is expected to arrive here Saturday with 2,009 tons of coal cleared this morning for Louisbourg. The S. S. Chan Shene left the Aces on February 12 for St. John direct. She is a Houston liner and will load for South America. McLean and Kennedy Ltd. are the local agents.

The Furness Withy liner Castellano sailed from river Tyne on February 13 for St. John direct with inward cargo. The Royal Mail Steam Packet liner is due here tomorrow from Bermuda and the British West Indies with 33 1st class, 7 2nd class and 13 3rd class passengers, in addition to 740 packages of mail and a large general cargo. The C. P. O. S. liner Scollan is expected to sail tomorrow with fifty-nine cabin and 458 stowage passengers for Antwerp.

WHY THE STEWARTS ARE SUPERIOR.
During the last week of trackless days the McGrath Harris Company, Ltd., have proven to their own satisfaction the quality and endurance of the Stewart Motor Truck, while demonstrating some to a few local firms. Their on-to-truck carrying thirty-two hundred weight and getting away with it as fast as though it were a day in June, and several other stunts which were considered impossible.

It would be to your advantage to pay them a visit before buying your next truck, and they would also like to explain to you the question which has been frequently asked, "What about these two hundred to five hundred needless parts, also why the Stewart are fool-proof?" A call at their place would be welcomed by them.—The McGrath Harris Co., Ltd., Cliff street, St. John, N. B.

HARBOR COMMISSION.

Any man who hints that there may be politics at the back of the opposition to the harbor commission act is himself thinking more about politics than about the welfare of the port of St. John.

The citizens must remember that it is the harbor commission act, and not any irresponsible remarks or assurances given by an individual member of parliament that will determine the future status of the port when the act is approved.

The act would place the port of St. John at a distinct disadvantage, and the citizens by approving it would have deprived themselves of any weapon of defence.

St. John is a national port. It must be so treated by the government. To have it fully equipped is essential to the success of the government railways, and the government must see that it is so equipped or its railways cannot get the maximum of traffic.

Edison at Work Despite Birthday—Is 73 Years Old.

Orange, N. J., Feb. 13.—Thomas A. Edison was seventy-three years old on Thursday. But he went to work in his laboratories a little before the usual time in order that he might finish his day's work in time to take part in the celebration which his friends had planned.

Edison took an hour off at noon to attend a luncheon at the Edison plant given by the Edison Pioneers composed of his associates prior to 1888.

At night Edison and his wife were guests of the Thomas A. Edison Association at the Orange armory.

RECENT DEATHS

Relatives in this city were shocked by a telegram received by Fred K. Hanington yesterday announcing the death of his brother, Bois C. Hanington, D.D.S., of Lansdowne, Pennsylvania, after a brief illness of pneumonia. Dr. Hanington had a host of friends in St. John, his old home, and the news of his death will be received with keen regret. He was always a hearty and welcome visitor here. A man of wide reading, Dr. Hanington was a particularly interesting conversationalist. He was a son of Thomas B. Hanington, formerly postmaster of St. John. Other relatives surviving are his daughter, Mrs. Thomas Wright, of Lansdowne; his brother, F. E. Hanington, of St. John, and four sisters, Mrs. James Manning and Mrs. H. C. Wetmore, of St. John; Miss Gertrude M. Hanington, of Wilton, New Hampshire, and Mrs. George A. Harper, of Winnipeg.

The many friends of Lloyd H. P. Anthony, will be very sorry to learn of his death, which occurred yesterday morning at the residence of his sister, Mrs. J. Fred Belyea, 100 Middle street, West St. John. The late Mr. Anthony had been in ill health for the last few years, but on Friday he contracted influenza which, in conjunction with his other illness, soon caused his death, in the twenty-ninth year of his age. He was a member of the Odd Fellows and Rebeccas lodges, and was also a member of the International Freight Checkers' Union. He leaves besides his mother, Mrs. Henry Anthony, of Red Head, two sisters, Mrs. J. Fred Belyea and Mrs. E. L. Stevens; also three brothers, J. William Opie and Leslie H. all of Red Head. The funeral will take place on Tuesday at 3 o'clock from the residence of his sister.

After an illness of five months, the death of Mrs. James Murray, widow of Pilot James Murray, of this city, occurred on Sunday afternoon at the residence of her son-in-law, Edward S. Treacart. She is survived by one daughter, Mrs. Edward S. Treacart, one step-daughter, Mrs. Edward Shortis, and two step-sons, Edward Murray and Pilot William Murray, all of this city.

The death occurred on Sunday evening at his parental residence, 100 Middle street, of Thomas, son of Richard and Margaret Walsh. He leaves besides his parents six brothers and two sisters to mourn. His brothers are James, Richard, Joseph, Clement, Harold and William and the sisters are Frances and Gertrude, all at home. The arrangements for the funeral have not yet been completed.

John K. Ring, a life long resident of West St. John, and who was identified with the ship-building industry here when it was at its height, passed away yesterday at the home of his son, Herbert J. Ring, 110 Portland street. Mr. Ring had been ill a long time. He was born seventy-five years ago. He is survived by his wife, five sons, four daughters, four

brothers, three sisters, twenty-five grandchildren and six great grandchildren--forty-seven descendants in all. The sons are Edward, Herbert, Wellington, Bernard T. and Frederick, all of this city. The daughters are Mrs. T. Williamson and Mrs. Nettie Oubhouse, of Boston, and Mrs. Garnett Ward and Mrs. Asa Reid, of this city. Alfred and Fred King of West St. John, are brothers and Mrs. James Slackhouse, of West St. John, is a sister. The funeral will be held at 3:30 o'clock tomorrow afternoon from the residence of Herbert Ring, 110 Portland street.

Montreal, Feb. 15--E. F. Slack, Canadian Press Limited, and general manager of the Montreal Gazette, died this evening at his residence, 638 Grosvenor avenue, Westmount.

He was taken ill with influenza several days ago and this developed into double pneumonia to which he succumbed tonight.

Mr. Slack would have completed his fifty-second year in 1920, having been born at Waterloo (Que.), in 1869. He was educated at the Waterloo Academy and joined the staff of the Montreal Gazette in 1888 as a reporter. He was successively telegraph editor, city editor, editorial writer and managing editor, finally becoming managing director of the Montreal Gazette. He organized the Canadian Press in 1910, of which he was later made president. He is survived by a widow and two daughters.

Joseph W. Chapman died at the home of his daughter, Mrs. James Urquhart, Everett, Mass., Feb. 14, in his seventy-eighth year. He leaves his wife, four sons, four daughters, three brothers and two sisters, several of whom reside in New Brunswick.

The death of Mrs. Charles W. Barlow, wife of Dr. Charles W. Barlow, late of St. John, took place at her home in Providence, R. I., on Jan. 10. Mrs. E. W. Ingraham of this city, sister of Dr. Barlow, is now in Providence.

David Marshall, M. P., of Aylmer, Ont., died in Vancouver on Feb. 14, after a short illness of pneumonia.

Guy B. Stewart of Rolling Dam, died at the East St. John County Hospital on Feb. 13 from tuberculosis contracted while overseas. He leaves his father, mother, eight brothers and one sister.

POOR DOCUMENT

1920 25

(THE EVENING TIMES AND STAR, ST. JOHN, N. B., MONDAY, FEBRUARY 16, 1920)

A Dash of Spice Made Thousands Stop.

It is known why you were late, Miss John Henry Jones. You've been down by Stone-Fisher's looking in that window; that's why you are late this evening! Tell me, John, was it as bad as the women's club said? I'm going to take a look tomorrow afternoon as I go down to get my correct.

That was the typical greeting for men who came home to cold dinners in Tacoma, Wash., recently. They had been reading the papers. One of the many novel windows arranged by Bert A. Smysler for the Stone-Fisher Co., a dry goods store in that city, had gotten him bad, as some would say, with the "over-the-hill" figure of the city. Bert said that his window had got across. To read the comments on it in the newspapers and to watch the crowds come out of their way to see "if it were as naughty as it was said to be" one would say that Bert was right.

It was the underwear window shown in the accompanying illustration. As can be seen, it shows a woman figure seated in a suit of underwear and nothing else. But what? One can see such figures, from life, too, in the women's magazines. But Bert had used the art of suggestion instead of directness, and that made his display seem the naughtier. He placed the figure behind draperies. Strong light in the back of the window threw the figure's silhouette against the draperies, and one with imagination might feel that she (and he, too) were gazing into some woman's boudoir as she tried on her latest underwear purchase before her dressing table.

And that was not all. At either side of the draperies draped fixture was placed a full-length mirror borrowed from the ready-to-wear department. In each of these two mirrors was thrown a reflection of the figure, one different from the other. It surely did display the underwear.

But it happened that among those who noticed the group looking at the display were some of the local club women who are interested in the betterment of commerce in Tacoma. Smysler was exceeding the speed limit for Tacoma, they felt. If he had shown the figure more direct it would not have been so bad, but it was a scandal the way he had set it stage! They made complaint to the store and asked that the display be removed. The newspapers got hold of the goodness knows how! That meant that the whole controversy had to be aired in the news columns, the firm in the meantime considering the matter and playing to a full sidewalk every evening.

Now, when Tacoma matrons think of underwear they think of Stone-Fisher's.

Did You Get Your Extra 13 Pennies?
Get out the old bank book, rummage around in your pockets, count your spare

change and find out if you have thirteen cents more than you had at this time last year.

If you haven't, there's something wrong for the treasury department has just announced that "per capita" speaking, everybody in the United States ought to have just thirteen pennies more than he had on January 23, 1919. But, hastily adds the currency shark who fixed up this statement, if any one finds that his personal balance sheet doesn't tally with this announcement from the government he ought not to be worried, for it is quite possible that his money is passing through his hands more rapidly than it did in the preceding year.

"Hendley" is right," mutters the average man as he vainly endeavors to catch a glimpse of the floating dollar, and even a five-spot doesn't linger long enough for him to know the color of the silk threads in the special process paper.

But the treasury statement is especially significant in that it announces that if all the money in the United States were divided up equally, each person would have exactly \$55.89, as against \$55.78 last year, not taking into consideration the figures of the new census, which are expected materially to reduce this amount. Of course, \$55.89 is an unobtainable figure to the average Socialist, who demands an equal division of wealth, but it wouldn't go far toward meeting the year's needs of the general run of people.

So even if you can't find all of the thirteen pennies which you should have saved during the last year, don't be discouraged. A little additional work will bring 'em back, with a flock of their brethren.

What to Do When Soda Trade Eases Up

In the summer when the fountain business is at its height the Joy Drug Store, Boise, Idaho, has three tables at the front of the store in front of the fountain and three more in the rear of the room.

But when the frosty blight that end of the business a change in scenery is made at the front by W. P. Dinsford, proprietor of the store, in the fall he brings up from the basement a platform made of two twelve-inch boards, laid together by two pieces nailed at each end. This platform is covered with green felt and is placed on top of the front tables. On it is displayed a large quantity and assortment of box candy. Does the change pay? Well, the impression of quick service. It will be well for a druggist to check his sales on these goods, for the winter season he can stock in packages to good advantage.

Introduction Necessary Before You Can Buy

What would you think if you went to a sports good store and asked for a revolver or rifle or shotgun and were told that you couldn't have it unless introduced by some responsible person?

That is exactly what would happen to you if you went into the W. P. Roberts Co., Washington, D. C., as an unknown individual.

C. B. Albee, manager of the store, explained that they felt it their solemn duty to protect first, the purchaser, the customer, and third, themselves.

If you and other stores sell firearms indiscriminately it would be long until states and municipalities will find it necessary to pass laws making it a criminal offense to own a gun without a permit or license, as is now used on automobiles.

A card form has been devised for keeping a man's name and address and interest. These cards are filed alphabetically under the sport in which he indulges. If he takes part in several sports, he will have several cards in his list. This reduces the waste of mailing matter to a minimum. Letters are sent out only to tennis players; those on fishing to fishermen, etc. And what is most important of all, no advertising is sent out without a reason. Sportsmen don't want generalities. They want facts and figures if necessary.

IRON, STEEL, METAL AND MACHINERY

In its summary of the iron, steel, metal and machinery markets for the week ended Feb. 12, Canadian Machinery and Manufacturing News, Toronto, makes the following comment:

"No person would care to predict the market situation of tomorrow. The producing ranks in the iron and steel markets have practically started a contest. These forces are about equally divided, one side desiring a further advance in prices, while the other side is attempting to curb this runaway tendency, claiming that in the long run it would be to the pecuniary advantage of all producers if prices are not advanced at the present time.

One concern adheres to its principle that steel prices should not be advanced above the March 21 price, while another concern claims that prices should be 87 cent higher than those in effect a few months ago.

Machine tool inquiries are still improving. During the last week the placing of orders has kept up at a good rate. Much of this business, however, can be ascribed to the scramble of prospective buyers to take advantage of a few days' grace accorded them by certain machine tool manufacturers who have advanced prices. Since the first of the year prices have been taken place within the last thirty days in machine tool circles. The feeling is an increasing demand of the automobile industries. Various concerns engaged in this line are at present in the market for equipment.

There is some talk that taps, carbon, drills, cutters, and other specialties are about due for an increase. While this is not official, it comes from very reliable sources, so that it would not be surprising to see this occur in the near future.

The scrap situation could be summed up in one word: "peculiar." No one seems to want to state exactly what is going to happen. The exchange rate has the market on red and yellows all tied up. Large shipments of copper are going from England to the States to take advantage of the exchange situation, but it is well known that the metal would bring more than that.

By "bring us the material and we will pay the price for it. There is practically no one coming in—and those having it are holding for about \$40 a ton. L. B. consumers' mill at Ontario point.

MORE HEAVY ADVANCES

(Hardware and Metal) Feb. 14
Heavy advances in prices have again taken place this week and many basic products have been affected. Among the most important advances are those on gasoline and coal oil, fuel oil, motor oil, pipe wrenches, fence pickers, step-ladders, wash boards, iron boiler rivets, refrigerator, bull rings, pump rod couplings, fence staples, sash cord, hand saws, cotton twine, weigh scales, wood pulps and tubs, metal roofing, annealed and bright wire, bale ties, sheets and plates, fittings, wrought pipe, corrugated sheets and lead pipe.

New mills are up 50c a leg. Furniture polish is higher. New retail prices are announced.

Notwithstanding the high prices current throughout the entire hardware line, business is reported brisk. Collections are coming in in good time and many are looking forward to a large spring turnover, provided the stocks are available.

The unsettled condition and high rate of exchange are to some extent the cause of recent advances in some commodities.

FREDERICTON MARKET.

(Gleaner, Saturday)

Potatoes were the feature of today's market, some farmers getting \$7 per barrel for their stock while others sold for \$6.50 per barrel.

The high price is due to the farmers not being able to get to market on account of the storms, although many are holding out for high prices. A general drop in price is predicted within the next few weeks, as in Maine potatoes are being brought for \$5 per barrel. The prevailing prices were:

Butter, 70 cents.
Veal, 10 to 22 cents.
Mutton, 12 to 15 cents.
Beef, 12 to 16 cents.
Eggs, per dozen, 80 to 90 cents.
Potatoes, per barrel, \$6.50 to \$7.
Turnips, \$1 to \$1.25.
Hay, per ton, \$25 to \$26.
Apples, \$4.50 to \$5.
Carrots, per pair, 25 cents.
Wood, per load, \$4 to \$12.

MRS. MARY T. WRIGHT.

(Bangor Commercial)

Mrs. Mary T. Wright of Eastport died Thursday at the home of her brother-in-law Calvin S. Knaside, on Division street, after a short illness, death resulting from the effects of a shock which she was stricken about ten days before. At that time Mrs. Wright was on her way to visit relatives in Massachusetts and while visiting at the Knaside home here she was taken ill. Mrs. Wright was a lifelong resident of Eastport and was a devout communicant of St. Joseph's Catholic church and her many friends will be grieved to learn of her death.

She is survived by two daughters, Mrs. Gertrude Greenlow and Mrs. Florence Chapman of Melrose, Mass.; a son, Howard Wright of Eastport, an adopted son, Charles Vincent of the U. S. navy, now on the battleship New York; two adopted daughters, Mrs. Willard Osgood of Charlestown, Mass., and Miss Agnes Wright of Medford, Mass. She also leaves two brothers and a sister, Hugh Galen of Eastport, Charles Galen of Fredericton, N. B., and Mrs. Phoebe Mahoney of Montana.

The remains were taken Friday morning to Eastport for burial.

Liberal Convention.
A Liberal convention will be held in the City Hall, Moncton, tomorrow afternoon. The object of this convention is to select a candidate for the House of Commons to contest the county in the interests of the Liberal party at the next general election. Other matters of importance will also be taken up.

A flock of wild geese were observed flying north over Fredericton on Saturday morning. This is taken as a sign that spring is at hand and the bulk of winter over.

Cherished Furniture—
You can Preserve its Beauty

The finer your furniture, the greater the need of giving it that attention which will preserve the charm of its beautiful finish.

YOU should not use ordinary polish—you want a polish you can trust. You can trust O-Cedar. Those who use it regularly will assure you it may even be used on your piano or motor car—and that it will renew the brilliance of any fine piece of furniture or woodwork. O-Cedar Polish thoroughly cleans the wood. It does not merely cover up the grime with a surface polish. It gets right down to the grain, removes the blue cloudiness and every particle of dust—after which a light rubbing with a dry cloth leaves the surface dry with a hard, brilliant lustre that lasts—the blended grain-beauty of the wood showing up in all its original richness.

How to make floors gleam as they never gleamed before.

A DAILY light rubbing with the O-Cedar Polish Mop is the answer to your floor problem. Thus you may keep either varnished hard wood or painted soft wood permanently beautiful. Use it on linoleum too—it prevents it from cracking and preserves the coloring. If you are looking for an easier, better way of dusting than the old back-breaking method, use the Mop on the woodwork as well as the floors. It does away with stooping, climbing and furniture-moving. Reaches all hard-to-get-at places.

O-Cedar Polish Mop (round or triangle) price \$1.50. The handle—54 inches long—is 25c. extra. O-Cedar Polish 25c. to \$3.00 sizes. Both at your Hardware or Grocery Shop.

OLD SOAKS TAKE TO TASTE OF CANDY
New York, Feb. 16.—Many of the old soaks of other days are now turning their noses to candy. Chocolates have been their favorites, but there's one particular brand of chocolate drop that out-distances all in savor and flavor. It comes bundled up in a neat little package bearing a bunch of lithographed grapes. When placed on the tongue it melts rapidly, throws off a choicest taste at first and then somehow it makes a home in the heart forever. The chocolate taste is necessary because it is merely a chocolate capsule in which anything from Three Star Hennessy to sauterne may find snug and secure abode. The "Little Chocolate Drop" appears as a child of deliverance.

WANTS LONDON DECORATED
London, Eng., Feb. 16.—There are many ways in which London might be made a brighter city, according to Crossley Davies, writing on the "Brightening of London." He suggested fountains on the Swiss pattern, flowers on the fountains, pavements of red brick and white stone, floral balconies on public buildings, gilt tiles and gilded porticoes.

Philadelphia at Brooklyn, Pittsburgh at St. Louis and Chicago at Cincinnati. The other half of the circuit will have the opening games on Thursday, April 22, with Cincinnati at Chicago, St. Louis at Pittsburgh, Brooklyn at Philadelphia and New York at Boston. In the five cities where baseball can be played on Sundays, the visiting clubs have been well taken care of in the distribution of games, while none of them have been overlooked in the allotment of Saturday and holiday plans. There are only four conflicting dates in the entire schedule. These are May 9, June 27, Sept. 5 and 26, on each of which the Chicago National and American League clubs will be playing at home.

Joggins Wins. Two rinks or St. Andrew's curlers, composed of commercial men, visited Joggins Mines, Wednesday evening, and were overwhelmed beaten by the local curlers. The veteran W. A. Stewart was beaten by Mr. Avar's rink by the score of 23 to 2, while Fred Stevens defeated Ralph Robertson, 20 to 11. Following the match the visitors were elaborately entertained by the ladies of the club at a turkey supper. The mayor, D. J. Clark, made an address and extended a royal welcome to the St. Andrew's men. He sympathized with them in their defeat. Savoches were also made by Messrs. Robertson, Stewart, Avar and Stevens. The affair was concluded in the small hours of Thursday morning and the visitors arrived home Friday evening.

ATHLETIC. Y. M. C. A. Events. In the indoor handicap athletic events Friday evening in the Y. M. C. A. Bill Swetka won the chip-up, pulling his body up fifteen times. Herb Morton won the 220 yards dash.

BASKETBALL. Y. M. C. A. Seniors. The Y. M. C. A. senior basketball team had its final workout Saturday afternoon before going to Fredericton to play the U. N. B. team on Tuesday night. Roy Willett is taking his full squad with him, prepared for a hard game, but the way the team is playing they will make U. N. B. hustle to win. The line up will be: forwards, Frank

Thorne, Roy Willett and Herbert Morton; center, George Margetts; defence, Murray Nixon and Lou Marshall. After the game on Tuesday, the team has a hard game to play again Saturday night of this week, when Moncton seniors come here to play the postponed game.

SECOND DEGREE K. OF C.

With a class of twenty-four candidates, the second degree of the order was exemplified in the Knights of Columbus rooms yesterday afternoon. The ceremony was conducted by W. M. Ryan, grand knight, assisted by members of the council, and the exemplification was distinctly successful.

FUNERAL TODAY.

The funeral of Mrs. Jane Campbell took place from her late residence, Campbell Settlement, this afternoon. In spite of the weather it was attended by many relatives and friends. Interment was made in the cemetery at Campbell Settlement.

MRS. MARY J. FRENCH

The death of Mrs. Mary J. French, wife of Joseph French, occurred on Saturday afternoon at 138 Broad street, aged sixty-six years. Her husband and other relatives have the sympathy of many friends in the city and elsewhere. Mrs. French is survived by her husband, two sisters, Mrs. Wesley Vanwart and Mrs. Wellington Urquhart, both of Kings county, and three brothers, John Scribner and William Scribner, both of Presque Isle, Maine, and Wilford Scribner of this city.

MRS. DAVID LONG

The death of Mrs. David Long took place at an early hour on Sunday morning after a lingering illness. She was aged sixty-three years and was formerly of Walton's Lake, Kings county, N. B. but had been residing at the home of her daughter, Mrs. Wm. Melanson, West St. John. She leaves to mourn her husband, three sons and five daughters. The sons are Harry P. and William J. of Boston and David L. of West St. John, and the daughters are Mrs. Wm. Melanson, Mrs. Myrtle of West St. John, Mrs. E. A. Parlee of Hartford, Conn., Miss Mollie, Charles S. and one sister, Mrs. John T. McBride, both of Montreal.

JAMES S. HARDING DIED THIS MORNING

Prominent in City's Life for
Years—Passed Away in
Montreal.

A wide circle of St. John people will hear with deep regret of the death of James Spurr Harding, which took place this morning in Montreal after an illness of some six weeks.

Mr. Harding, who was long one of St. John's prominent citizens, was seventy years of age. He was born at New castle, N. B., and was the eldest son of the late John H. Harding of the Department of Marine and Fisheries, and Miss Maie Irene Pines, formerly of Wolfville, N. S.; and one sister, Mrs. S. and one sister, Mrs. John T. McBride, both of Montreal.

Mr. Harding was formerly of the well known firm of Harding & Hatheway, wholesale grocers. Afterwards he was manager here for the Ogilvie Milling Company, and latterly he was in the underwriting business. The sincere sympathy of a large circle of friends and acquaintances will be extended to the bereaved relatives. The funeral will be held here at a date to be announced.

McAVITY'S GAVE ANNUAL SLEIGH DRIVE

The storm of Friday night did not in any way discourage the employees of T. McAvity & Sons—Ltd., King street, who went to the city to give a sleigh drive to the Manor House in four sleighs as guests of the company on a large circle of friends and acquaintances will be extended to the bereaved relatives. The funeral will be held here at a date to be announced.

FOUND DRESSED AS MAN; SHE IS BROUGHT HERE

Mrs. Laura Golding, alias Addison, colored, arrived in the city this morning on the Halifax train in the custody of the conductor, having been sent from Halifax by the chief of police there. She was met at the train by Detective Bid discombe and Donahue and escorted to the police station where she is now being held. A charge has been laid against her here by Frank Jackson, of 53 Chapel street, from whom, it is alleged, she stole an overcoat, a suit of clothes, a pair of boots and a hat. The case will come up in the court in a few days. It is said she left St. John on last Tuesday, having come from Fredericton where she says her home is. She got on the Halifax train in ladies' clothes, but soon after she changed into men's clothes and arrived in Halifax in that garb, and later was arrested.

VALENTINE TEA AND SALE IN CENTRAL BAPTIST CHURCH.

A very successful and enjoyable valentine tea and sale was conducted on Saturday in the schoolroom of Central Baptist church by the members of the "Willing Helpers" Band assisted by members of the choir. A large number of patrons attended and a tidy sum was realized in aid of the organ fund. The decorations were prettily arranged and tastefully carried out, the suggestion of the day with valentine hearts and cupid in prominence and flowers adding a delightful touch of attractiveness.

Members of the band and choir waited upon the supper table and at evening upon tables. Mrs. H. Downey was in charge of the tea table and Mrs. Z. Alward and Mrs. R. A. Belya powered. The candy table was in charge of Mrs. G. G. Walters and the apron table was presided over by Mrs. Bliss Smith.

WOULD TAKE OVER LANSDOWNE AVE.

Commissioner Fisher Recommends, But Would Not Undertake to Pave It—Grading Would Cost Nearly \$6,000.

Regarding the proposed taking over by the city of Lansdowne avenue, Commissioner Fisher, at this morning's committee meeting of the common council, presented a report in which he recommended that the city take over the street without entering into an undertaking to improve it. This view was not shared by all the commissioners and after some discussion it was decided to let the matter stand for further consideration.

The commissioner's report was as follows:

1. That the road engineer, without making an estimate of the cost of grading and surfacing the street as to place it in a condition to carry local traffic. The amount of the estimate is \$3,925.

2. That the recent report from the commissioner of water and sewerage indicates that an outlet for the Lansdowne avenue sewerage cannot be provided in the near future on account of the very great expense involved.

3. That the street is shown on the map of the town planning commission as forming a link in a future new line of road to the Kennebecasis, and that a portion of the street may at an earlier date form a link in a route to the main river at Indiantown.

Your commissioner therefore recommends that the city offer to take over the street without entering into any undertaking to improve it, leaving the work of filling and grading, and the cost of retaining walls, also avoiding doing anything to encourage close building in this vicinity until a sewerage outlet can be provided.

FINES OF \$500 IN GAMBLING CASE

After a period of comparative quietness in police court circles for the last few weeks, sixteen prisoners were arraigned before the magistrate this morning.

As the result of a raid at 54 Snythe street, on Sunday morning at 2:20 o'clock, by Policemen Dykeman, Coughlan and Spinney, eight Austrians were charged with being keepers of a gaming house, while George Berdson, Thomas Hatfield, Joseph Ramsey, Nick Cosmick, Renko Factoro and John Hollis were charged with being inmates of the same. The fines for the keepers \$100 each, and the inmates \$50 each, a total of \$900 in fines. The accused were sent to jail to await for their fines.

Harry Ingram was charged with assaulting his brother, Arthur. The complaint did not appear and the case was postponed until this afternoon.

Five men, charged with drunkenness, were charged with being out at 1:30 this morning, later than allowed by law. They were fined \$8 each or two months in jail for being drunk and \$8 each or two months for being out late.

THESE DAYS AND NIGHTS ARE HARD ON THE DOCTORS

A class of people suffering perhaps the greatest inconvenience from the storm conditions which have prevailed recently, is that group of men and women who dutifully call out at all hours of the day and night to attend the wants of the sick.

During the early part of the winter the doctors experienced no difficulty in operating their cars, although during the cold snaps they were not always comfortable. During the recent storms, however, the cars disappeared one by one from the streets until this morning practically every doctor in the city was making his rounds by rick, horse and foot. This condition, coming at a time when the doctor's workday is sometimes twenty-four hours long, includes calls to many out-of-the-way and exposed places, should make those who are able to enjoy a night's rest every night in the week feel that they have much to be thankful for.

FINE FOR VIOLATION OF HARBOR RULES

A 14-day case against Captain James Turnbull, master of the C. P. O. S. steamer Metagama, charged with allowing ashes to be improperly discharged from the vessel into the scows of J. A. Gregory, so that some of them slipped into the harbor, was taken up in the police court this morning. Assistant Harbor Master William A. Charlton said that on February 12 he saw the Metagama discharging ashes into a scow and the scow was filled so that the ashes were sliding into the harbor. He said he went on board to call the captain's attention to this, but he was not there, so he spoke to another officer, who informed the engineer and he had it stopped. The tarpaulin was stretched, but became bagged in the centre and ashes were going into the harbor. He said the scow should have been levelled off as there was plenty of room.

Captain Turnbull admitted that some of the ashes had fallen into the harbor, but said that on learning of it he had the matter adjusted.

Harbor Master E. D. Alward pressed for a conviction, saying that this matter has been going on for some time and should be stopped. A fine of \$40 under the by-laws was struck and paid. H. H. McLean appeared in the interests of the captain.

The Decorative Influence of The Artistic Lamp!

The floor lamp or table lamp has come to be more than an economic, convenient lighting medium. Its decorative possibilities have made it one of the most important factors in artistic home furnishing. It lends a variety of proportion which emphasizes the character of the furniture pieces with which it is associated, and the touch of color which is invariably provided in the shade—and frequently in the lamp itself—relieves what might otherwise be a sombre room.

It is very important, however, that the lamp and the shade both possess individuality and character, for with all its practical service these long winter evenings the desirability of the lamp depends on its artistic beauty.

Possibly we can serve you in this direction?
