WITNESSES FROM MONCTON IN THE McDUGALL CASE

Several Will Come Here Tomorrow—Homeless Lad In the Railway Town—Three Officers Elected by the Trainmen

MONCTON, N. B., Aug. 26.—There will be witnesses from Moncton to attend the primary examination of Bruce McDougall in the St. John court. Already summoned to be present are Postmaster Crandall, Canadian Express Manager Newman and Chief Rice, who will go to St. John tomorrow morning.

Apparently having no near friends or relatives, thirteen year old Harry York, of Amherst, is in the police station, having arrived here last evening on a train of picnic cars. The boy had been attending a picnic at Pt. DuRoi and fell asleep on the train. He is the same lad who arrived here in December last on the blind baggage of the early morning express.

Rather reluctant but somewhat eager was the school children to get back to study this morning. Over three hundred permits have been issued and the classes are well crowded.

Only three officers were elected at this morning's session of the Canadian Brotherhood Railway Employes holding their convention here this week. A. R. Mosher, of Halifax, was re-elected to the Grand Presidency. G. N. Palmer of Moncton, Vice Grand President and Grand Vice President for Quebec, J. Lamontagne. Two reports were received and adopted. Election of officers will continue this afternoon and the convention will close this evening.

CHARLOTTETOWN JOINS FREE SPEECH CRUSADE

Correspondents May be Prosecuted—Police Ordered to Seize the Paper and Arrest Vendors—Schooner Ashore

CHARLOTTETOWN, P. E. I., Aug. 25.—The hundred ton schooner, J. V. owned by George Wightman, of Montserrat, is ashore thirty miles north of St. John's. The boat was blown from Green Bay to Bonaville Bay to load lumber for Sydney.

Acting on the advice of the Attorney General, Mayor Frowde has instructed Marshall Cameron to seize any copies of Free Speech offered for sale and to arrest any vendors. The names of correspondents are in possession of the authorities who are contemplating action.

ANOTHER ADDITION TO THE HARBOR FLEET

The hull of a new tugboat was brought down river last night and is now at Indiantown. It will be christened the "St. John" and is being built at the Grassie on Grand Lake by Lewis McLellan for Capt. W. H. W. The engine of the old Frederick A. is being transferred to her and a new boiler is being supplied by the St. John Iron Works. The tug is intended for use in the harbor during the coming winter season.

FREDERICTON LEAPS IN CRICKET MATCH

With only three wickets down, Fredericton cricketers ran up a score of 50 runs, while St. John's total for 11 wickets was only 28 runs. The individual scores of St. John's team for the first inning was: Bogart, b. Burdett . . . 0; Huxford, b. Burdett . . . 0; Rev. Hibbert, run out . . . 1; Patterson, b. Dwyer . . . 1; Sturges, b. Burdett . . . 1; Armstrong, b. Burdett . . . 1; Poplin, c. Deedes, b. Burdett . . . 1; McRoriey, c. Deedes, b. Burdett . . . 1; Ramsden, c. Bingham, b. Burdett . . . 1; Byss . . . 1. Total . . . 28.

The match is being continued this afternoon.

PERSONAL

L. C. Macnutt of Fredericton reached the city this morning. C. B. Lockhart left on the Halifax express at noon. Col Ogilvie left on the C. P. R. express at noon today. Geo. W. Fowler returned to Sussex on the C. P. R. express today.

SCHOOLS REOPEN; SMALL ATTENDANCE

Many Changes Made in the Teaching Staff. Several Hundred Permits Issued—Winter St. Annex is Not Quite Ready—Fire Escapes Almost Finished.

The city schools reopened this morning after the summer vacation. The organization of the various classes occupied the chief portion of the morning. The attendance in many of the schools was noticeably small.

At the High School building, the organization of the classes occupied a considerable time. The scholars who successfully passed the entrance examinations, assembled in the large exhibition hall where they were assigned to their rooms. St. Joseph's and St. Peter's girls attended St. Vincent's High School.

The number of new scholars will be larger than heretofore. About seven hundred permits have been issued at the school board office by Secretary Manning and his assistants. Several children secured the necessary certificates this morning.

Dr. H. B. Bridge today announced the changes in the teaching staff. There have been several transfers and appointments since the past term.

MAY HAVE TO RUN THE ELECTION OVER AGAIN

Returning Officer's Bawling Compliments Matters in the P. E. Island

CHARLOTTETOWN, Aug. 25.—There is another legal tangle re the P. E. Island election in the fourth district of Prince. Monday last was fixed as declaration day, but the court adjourned till yesterday after objection had been made to one vote by Read and two by Delaney.

Yesterday another adjournment was made till the 31st, but no business was done. It is said that the sheriff's duty was to hold court at some date not less than eleven days and not exceeding sixteen days but he failed the time from nomination day instead of the day of the polling. When attention was called he further adjourned the court until the 31st to obtain independent advice on the matter. When court reassembled the returning officer will again cast the votes and hear objections to votes being polled in the wrong poll and ignore all done on the 31st, as being void. All this will still leave undetermined the question as to whether the court is properly adjourned to the 31st, or not and whether he can legally transact business thereafter. It is expected that cannot declare Mr. Delaney elected. Delaney's majority was two on the 31st.

FINED TEN DOLLARS FOR CRUELTY TO HIS CAT

FREDERICTON, N. B., Aug. 26.—The city schools re-opened today after the summer vacation. There were some two hundred new pupils, being about the same as last year. There are several changes in the teaching staff. Miss Edith Davis is leaving for St. John's. Miss McFarlane, recently appointed to the Normal School staff, Miss McDougall, succeeding Miss Richardson, at the Model School, and Miss Sterling, supplying for Miss Kirkhorn at Morrison's Mills.

A colored man named Hudita was this morning fined \$10 at the police court for brutal treatment to a cat. The case was prosecuted by the S. P. C. A.

The Hassam having between Regent and Carlton streets on Queen street was finished this morning and the pavement is now being laid along Carlton to the bridge.

The Normal School will open here next Wednesday with the largest attendance in its history.

AVIATORS AT RHEIMS ARE TRYING TO BREAK RECORDS

The Wrights Do Not Seem to be Among the Leaders—Frenchmen Meet With Great Success—Big Contest Tomorrow

BETWEEN AVIATION FIELDS, Rheims, Aug. 25.—The fifth day of aviation week was ushered in with ideal weather conditions. The light airs and overcast sky brought the flyers out early and before noon no less than a dozen machines, like huge gulls were circling above the plain.

The programme today includes the continuation of the trials for the Grand Prix de la Champagne, the endurance test, the lap event, the speed event, a race between dirigible balloons, and a landing competition for spherical balloons.

Latham, in a beautiful monoplane, was the first aviator to get away. He announced his intention to make a genuine effort to beat F. L. Blarney's record for the endurance prize made yesterday. 2 hours, 51 minutes and 24 seconds. Latham started flying at a great height, 5000 feet, and after 10 minutes, and a landing competition for spherical balloons.

Curly's purpose was to improve his record in the speed contest, and to classify for one of the six prizes in the endurance contest. He accomplished three rounds in an impossible manner, but his speed was disappointing. His total time was 25 minutes, 23.4 seconds. By rounds his showing was as follows: First minute, 12.5 seconds; 2 minutes, 52.5 seconds; and 3 minutes, 35.5 seconds.

J. WILLARD SMITH HEARS OF HIS MOTHER'S DEATH

Mrs. Sydney Smith, of Advocate Harbor, Died Today—Had Been Upgraded on in St. John.

J. Willard Smith received this morning the sad news of the death of his mother, which took place at her home in Advocate Harbor, Cumberland Co., N. S. The deceased, who was in her 72nd year, was the widow of the late Sydney Smith, who predeceased her last September. Mrs. Smith has been ailing for about a year and was brought to St. John last spring to receive treatment. She was operated on at the private hospital and it was expected she would recover. She was removed to her home in Advocate Harbor about five weeks ago, but suffered a relapse recently and died this morning.

J. Willard Smith spent last week with his mother, and his brother, R. Duncan Smith, was with her at the time of her death. Other survivors are: Geo. W. and Fred L. of Bridgeport, Conn., and A. Percy of Advocate Harbor. One daughter, Mrs. G. Stewart Maxwell, also resides at Advocate Harbor.

Mrs. Smith was a lifelong resident of Advocate Harbor and has always been an active member of the Methodist Church. She was very highly respected by all who knew her and her loss will be keenly regretted.

PATRICK ASKS MR. ARNOLD TO OVERLOOK HIS FAULTS

More Property Being Recovered—A Picture Sent to Yarmouth.

Further evidence against Walter Patrick charged with stealing articles from Arnold's departmental store is being secured by the police daily. This afternoon Patrick sent a note to G. H. Arnold stating that he was very sorry for what he had done, and begging Mr. Arnold to forgive his actions.

In this morning's mail Mr. Arnold received a package containing a small picture in an oval frame valued at about \$1. An unsigned letter enclosed stated that Patrick had given it to the sender as a present.

Yesterday to Detective Killen, Patrick admitted sending a set of dishes to a friend in Yarmouth, N. S., and efforts will be made to recover these goods. With the addition of these latest facts the value of stolen articles will be close to \$300.

The tugboat Victoria owned by G. D. Grimmer of St. Andrews, is now at Indiantown being fitted with new engines by J. Fred. Williamson. The job is a somewhat difficult one and it will be three weeks before it will be ready to resume its work of towing dredging scoops at St. Andrews.

WIFE BEATER WAS GIVEN 12 LASHES

Proper Punishment Ordered by Winnipeg Magistrate

PORT ARTHUR STRIKERS SENTENCED TO JAIL—Post Office Clerk Arrested for Theft—The Duty on Yachts.

WINNIPEG, Aug. 26.—Hon. T. A. Daly, police magistrate, has often advocated the lash for wife-beaters, but yesterday was the first time he imposed it. He sentenced P. Rich to twelve lashes and three months in jail.

PORT ARTHUR, Aug. 25.—Four strikers were sentenced yesterday for riotous conduct during the recent strike. They were convicted on the evidence of the police. The sentences were: Tom Panagrotos, 7 months; John Forbes, 7 months; Chas. Arank, 2 months; Tom Timber, 7 months.

FOUR STRIKERS SENTENCED TO JAIL—Post Office Clerk Arrested for Theft—The Duty on Yachts.

FELL DEAD WHILE ON HIS WAY TO WORK

Death Came Suddenly to Charles H. McGow of 23 Murray Street.

Charles H. McGow, of 23 Murray street, fell dead on the street on his way to work this morning. Mr. McGow was fifty-three years of age, worked for many years in the Portland Rolling Mills, but left about a year ago and since then he has been working in Thos. McCready and Son's vinegar factory on Portland street. He was not well last week, but started to work again on Monday. This morning he left the house to go to work a little before seven o'clock, apparently in his usual health, but was taken ill before he reached the foot of the street and swooned on the sidewalk. He was placed in a carriage but expired before he reached his home, which was only a few rods away.

Coroner Roberts was summoned but pronounced the death to be due to natural causes, apparently from heart failure, and gave permission for burial. The deceased is a native of Whitehead, Kings County, but has resided in this city for over thirty years. He is survived by his widow, one son, Master Raymond, and two step-sons, George and Tom Powell, who reside with him. He is also survived by three brothers and two sisters.

Deceased was a member of Loyal Orange Lodge No. 141, and was well known throughout the North End. The remains will be taken to Whitehead tomorrow for interment.

CORONER HAS DECIDED TO HOLD INQUEST

On Death of Hugh McLaughlin at Brookville—Jury Not Yet Selected.

Coroner Berryman has decided to hold an inquest tonight at Brookville to enquire into the drowning of Hugh McLaughlin, who jumped into Lawler's Lake yesterday morning. The jury has not yet been empaneled and the coroner will select residents of Brookville and the surrounding district this afternoon.

BRAKEMAN DEAD FROM APPENDICITIS

AMHERST, N. S., Aug. 25.—Diasos Comesa, a brakeman on the shunter of the I.C.R. at this station died following an operation for appendicitis. He was operated on day or two ago, but it was then seen by the doctors that there was no hope for him. Deceased was a young married man belonging to Moncton, and is survived by his wife and one child. The remains will be taken to Moncton for burial.

Deafness Cannot be Cured by local application, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflammation of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free. F. J. CHENEY, CO., Toledo, O. Sold by Druggists, 75c.

Steamer Sincennes was able to make a stop yesterday at the Perryville wharf for the first time in a month. John McKee has been awarded the contract for the repairs to the wharf, which had partially collapsed, and commenced work a day or two ago.

The liquor license commissioners on Tuesday consented to the transfer of the license of F. J. Coughlin to Hazen Campbell. The latter yesterday took charge of the place at business hours on Union street and will conduct it in the future.

Oscar Donaldson and Miss Kathleen Bent, daughter of John Bent, were married at the Cathedral yesterday morning by Rev. A. W. Meahan. The bride was attended by her sister, Miss Ida Bent. She carried a bouquet of pink and white roses, while the bridesmaid carried white carnations. Mr. and Mrs. Donaldson will reside on Smythe street.

Judge Wilbur, United States consul at Halifax, was in the city yesterday for the purpose of making an inspection of the local United States consular office. Judge Wilbur is on one of his regular tours of inspection, it being part of his duty to inspect the various American consulates in the Maritime Provinces. Today he goes to St. Stephen, and from that town to Fredericton. He will then return to Halifax and afterward will complete his tour.

Capt. L. A. Demers of the department of marine and fisheries, wreck commissioner and examiner for masters and mates, was at the Royal yesterday. He leaves today for Charlottetown, where he has been called by the grounding of a steamer. The steamer was successfully hoisted yesterday. Capt. Demers returns to Ottawa at the last of the week and will act on inquiries on wrecks on the St. Lawrence between Montreal and Quebec.

The old fire bell which for twenty odd years graced the gas house with its presence, and which the past fifteen years has been lying mute and inglorious in a junk heap at No. 1 Hook and Ladden Street, King street east, arrived at Renforth yesterday, there to be placed in the Chapel of Saint James the Less—perhaps. The residents of Renforth are very indignant over the fact that that old rusty bell should be placed in the nice little chapel of St. James the Less, which is highly prized by the residents of that district. Not only do they object to the appearance of the bell, but many of the older residents, who lived in the city when the bell was in commission—and even some who lived very handy to it—protest against its being installed in the church on account of its unsightly tone, and they are strongly of the opinion that its tone has not become any sweeter during the fifteen years it was in obsecration. It is a question, now, whether the residents of Renforth will allow a bell with such unsightly notes to be placed in their church.

RENFORTH SUBURBANITES FORM AN OUTING CLUB

Alexander Patterson Elected President—A Large Pavilion Will be Erected

At a meeting of the residents of Renforth held last evening an outing club similar to the one at Westfield was formed. Those present were unanimous in favor of forming such an association. About thirty of the residents attended the meeting. The club was christened "The Renforth Athletic and Outing Association." All suburbanites of Renforth are eligible for membership besides the residents of Renforth. It was also decided that the aims and objects of the club be for the purpose of furthering the interests of sports, both aquatic and land sports, among the people and for the general "esprit de corps" of the suburbanites of that vicinity. It was also decided that the club build a pavilion for the purpose of conducting dances, holding general entertainments, etc.

Alexander P. Patterson was elected president of the club and Harry Lyman was elected secretary.

A committee was formed to draft a constitution and set of by-laws. The following were appointed members of the committee: F. A. Dykeman (committee), George A. Haggard, Alderman Elkin, J. A. Lipsett and Harry Lyman.

The next meeting will probably be held about the first of next week, when the movement will be further discussed.

The Riverside-Rothsary-Brookville-Renforth people are evidently going to be in the swim as well as their suburbanites, the Westfield people, who have already accomplished many successes in the sporting line. The Renforth coming sportsmen every success.

EASTERN MEN TAKE PRIZES

Lieut. Smith Captures the Difficult Walker Match.

OTTAWA, Ont., Aug. 25.—The marksmen at the D. R. A. meet, favored by good weather, continue to put on big scores with monotonous regularity. Russell of Ottawa today put on thirty-six successive bulls eyes at long range, and others made shooting little less remarkable. The Maritime Provincers are showing up better. A Woodstock man today won the difficult Walker match, and a Halifax man took second place.

The team match in the Harold Borden was taken by the 8th Rifles of Quebec with a score of 173. The match was shot at six hundred yards. Four men put on possible and divided the first money. This is regarded as remarkably high for a match of this nature. The target fired at is a difficult one, representing a man, and no aids to the sight in the form of orthographic characters are allowed. Fourteen men came within one point of a possible.

The estate prize money was: Sgt. Noble, 60th, Annapolis; Sgt. Stock, 78th, Truro; Sergt. McInnis, Charlottetown; Captain Blair, Truro; Mr. Hassard, Summerside. Each won \$5 with scores of 32. Major Jones, Charlottetown; Bomb. Messervy, Halifax; Mr. Smythe, Springfield, N. S.; Private MacNab, 78th Truro; Captain Crowe, won \$4 each with points. N. Morrison, St. John, N. B., won \$4 with 31.

In the contest team match the 78th Truro, put on the same score, 54, but the Ontario regiment showed more even shooting and counted in first. Truro took second and got \$45.

Two eastern men won the blue ribbon in the Walker match shot at five and nine hundred yards. Lieut. Smith of Woodstock and Lieut. Col. Flowers of Halifax each came within one of a possible, but Lieut. Smith counted in first and \$25 with 92 points and Col. Flowers took \$20 and second place with the same number of points.

\$5 with 85 points—Lieut. Murray, 78th, Truro; Sergt. Stock, 78th. \$4 with 84—Private Haystead, 63rd Halifax; Private MacLean, 78th. \$4 with 84—Corp. Armstrong, 66th Bomb. Messervy, 1st artillery, Halifax.

At the president's luncheon today Colonel Sam Hughes had among his guests Sir Wilfrid Laurier, Hon. Rodolphe Lemieux and Hon. Frank Oliver. The toast by President Hughes, Sir Wilfrid said that he agreed with Col. Hughes that Canadians should be ready to defend their country. He believed in training men to shoot and was always ready and willing to give his best attention to the militia questions which arose. "While I am a man of peace," said Sir Wilfrid, "and do not think that we should have war, yet at the same time I think that the best way to prevent war is to prepare for it."

HAMBURG BELLE SETS A NEW WORLD'S RECORD FOR TROTTING RACE---2:01 1-4

CLEVELAND, Ohio, Aug. 25.—Hamburg Belle defeated Ulian in two straight heats in their match race at North Randall today and also set a new world's record for a trotting race and for the fastest two heats ever trotted. The new record for a mile is 2:01.14, and was made in the first heat of the race. The former record of 2:04 was held by Crepus, the stallion made the record in a match race with The Abbot at Brighton Beach in August, 1907. Sweet Marie formerly held the record for the fastest two heats trotted, having made a mile in 2:04.4 and 2:04.4. Hamburg Belle's time is 2:01.14 and 2:01.14. Immediately after the first heat, Hamburg Belle was sold to H. M. Hannah of this city for \$50,000, by Edward and Joseph Madden, owners of the mare, sons of John E. Madden, Mr. Hannah will permit the mare to finish her season, including the series of races of two heats in three between Cleveland and Chicago, played at 4 to 4 in the 9th and 10th. The race today counts as one of the races, the record will be run at Readville, Mass., Sept. 3, and it is necessary that Hamburg Belle, the meeting place will be selected later.

The weather was ideal and the new track was lightning fast. The betting at first was at even-money with Ulian backed score and then the odds dropped to 25 to 10. Hamburg Belle drew the pole and got away with a head advantage of the start. The bay mare drew away from Ulian until she was a length ahead at the quarter pole. Ulian showed a remarkable burst of speed in the next quarter, forcing Hamburg Belle to use every bit of her strength to prevent him from going ahead of her. The bay mare led by less than a head when the half mile post was reached in 1:10. Down the track the horses sped to the three quarter pole in 1:31, and when they headed into the home stretch they were neck and neck.

Hamburg Belle appeared to be tiring and a mighty shout "Ulian wins" went up from many parts of the grandstand. Driver Proctor urged Ulian to exert himself to his best; and for a moment it seemed he would race under the wire a winner. Then Driver Andrews, behind Hamburg Belle, waved his whip sharply above the back of the lagging mare. As though electrified by the swing of the whip, the mare took down the course away from Ulian, winning by a head and establishing the new mark of 2:01.14. In the second heat Hamburg Belle got away a neck ahead and lengthened her lead to a length in the first quarter, which she made in 30 1/2. Ulian spurred at the turn, but a few feet from the half pole, a quarter body slipped down, causing him to break. After losing 100 yards, driver Proctor got the horse on his feet when the slippered further down, caught in Ulian's shoe and pulled it off, causing the horse to come limping home. Ulian, bk g, by Birgeon Broode, by Sir Walter, was the favorite in the match race, but was only shown in harness. Swept Stake Trotting for Record. BOSTON AND CHICAGO PLAY A TIE GAME

CHICAGO, Aug. 25.—(American)—Boston and Chicago played a 4 to 4 tie in 9 innings today. The game was called on account of darkness, after 7 sporting line. The Sox won the coming single by Donohue, who batted for Wood, tied the score in the 9th. Score: Boston..... 4-4-0-0-0-0-0-0-4-10-25 Chicago..... 4-4-0-0-0-0-0-0-4-10-25 Umpires: Egan and O'Loughlin. Attendance, 12,000. Aug. 25.—First game: Waterbury, 4; Springfield, 4. Second game: Waterbury, 4; Springfield, 4.

ALF LYNCH PREPARES TO MEET BILLY ALLEN

Alf Lynch, who at present is working as a checker in Quebec, is booked to meet Billy Allen in Montreal about the middle of next month. Lynch is in great shape and is expected to give Allen the battle of his life. Lynch is perfectly ready to meet Kid Dufresne and prefers to have the bout take place in St. John. There is a hitch about getting a license for the bout and until this is overcome there does not seem to be any likelihood of the match taking place here.

IT'S UP TO ARTHUR

A strange despatch comes out of the west to the effect that Art Burns, the Marathon runner, is before the amateur union on charges of professionalism. Burns professes to have a perfectly clean record, and lays great stress on his desire to compete in the next Olympic Marathon, and is greatly horrified to think that he should be charged with professionalism. REINSTATEMENTS ARE NOW BEING SOUGHT

The rapid approach of the end of the baseball season is bringing the usual crop of applications for reinstatement from those ball players who have fallen under the ban of the M. P. A. A. and who desire to take part in other sports which are on a distinctly amateur basis. Present indications point to a very unyielding attitude on the part of the M. P. A. A. The annual meeting of that association takes place in Halifax on September 11, and the applications of those who have been professionalized which are not likely to be taken up for a year.

MITCHELL'S FINGER SPLIT IN MONTREAL

TORONTO, Aug. 25.—Manager Kelley and the Toronto Ball Club have returned from Montreal, where they won three out of four games.

Infielder Vaughan reported to the Toronto team on Saturday. He is a shortstop, and played on the Princeton University team for four seasons. He is said to be a good water, at the bat. He played second base for the New York Americans, but shortstop is his regular position.

Fred Mitchell made his first appearance behind the bat on Saturday since his collision with Ben House at Baltimore on Friday.

DR. CHAS. E. BARKER, OF MADISON, Wis., has developed another "phenomenon" in the puristic world. The latest celebrity is President William Howard Taft. Dr. Barker is President Taft's physical director. The President has been put through all of the gymnastic stunts known to the doctor, who has qualified as an expert. Now the President is teaching his tutor and giving him the tim of his life for six hours each day.

The new champion tips the beam at not for a bulk in front would have a remarkable reach. His boxing partner, Dr. Barker, is a middleweight of 135 pounds. He stands five feet 10 1/2 inches in his stocking feet, and wears an elegant moustache to be aimed at.

PILES Dr. Chase's Ointment is a certain and permanent cure for all cases of PILES, whether internal or external, and is the only medicine that will cure them. It is sold by all druggists, and is the only one that will cure them. It is the only one that will cure them. It is the only one that will cure them.

DR. CHASE'S OINTMENT.

OTTAWA

SCULPTURAL COMPETITION OF DESIGNS FOR TWO MONUMENTS.

Competitive designs are invited for two monuments, one to the memory of the late Honourable George Brown and the other to the memory of the late Honourable Thomas D'Arcy McGee. Each monument to be not more than ten thousand dollars, including pedestal from the level of the ground. The competition is open only to artists resident in Canada, and artists of Canadian birth residing elsewhere. The site will be at a point in the Government property at Ottawa, to be hereafter decided. Designs shall be in the form of sketch-models, in plaster, made at a uniform scale of one and one-half inches to the foot. A description of the design shall accompany each model. No name motto or other distinctive device to be attached to the models or description. The competitor shall send his name in a sealed envelope, with distinctive mark thereon. The author of the best designs will be awarded the sum of \$500.00, the work the best \$300.00. The models and all communications regarding this matter shall be addressed to: Advisory Art Council, Care Department of Public Works, Ottawa, Canada. The designs must be delivered before the 1st day of February, 1910. They will be kept from public view until the award has been made. All expenses of delivering descriptions shall be paid by the competitor. Sketch-models will, after the award at the expense of the department be returned upon the request of the competitor. Notice of the award will be sent to each competitor. The award will only be binding provided the successful competitor is prepared to furnish the sum paid for this advertisement if they insert it without authority from the Department. By order, NAPOLEON, TESSIER, Secretary, Department of Public Works, Ottawa, August 17, 1909.

Boots For the BOY

One of the hardest propositions a dealer has to contend with is to combine style, Comfort and Service in a Boy's Boot.

We have given the matter a great deal of serious consideration and feel convinced that we have succeeded in producing a Boy's Boot at a reasonable price that combines these three essentials.

BOY'S BOY CALF LACED BOOT, BLUCHER CUT PATTERN, SEAMLESS QUARTERS, SCOTCH BACK STRAPS, BLACK STITCHED EDGE, EXTENSION EDGES, HEAVY DOUBLE SOLES.

This line is made expressly for us. We know how they are made and what they are made of, and can strongly recommend them for wear.

CANADIAN NEWS TOLD IN BRIEF PARAGRAPHS

OTTAWA, Aug. 25 — Sir Wilfrid Laurier will not be able to accept the invitation of Alberta and Saskatchewan and go west this autumn to lay the cornerstone of the capitol buildings of the two new provinces. He will be engaged at Ottawa until the opening of the session preparing for the event.

LONDON, Ont., Aug. 25 — The funeral of the late Robert Reid, one of the Transcontinental Railway Commissioners, took place from his brother's residence at 2:30 o'clock this afternoon. A very large number of prominent and representative people, including the Minister of Railways, Hon. George Graham, followed the remains to Woodland Cemetery. The pallbearers were: The four brothers of the deceased, James, George, Thomas and Edward, and Railway Commissioners Messrs. Colin McLeod and C. N. Young.

LONDON, Ont., Aug. 25 — The five-month-old son of Mr. and Mrs. F. H. Scott, of 78 Richmond street, died suddenly yesterday at noon. Death was due to suffocation. The child was lying in its buggy on the veranda and the mother left it for a short time to go into the house. When she returned it was lying over on its face. It is thought that while lying in the buggy the child rolled over on its face. Its head became buried in the pillow, where it was unable to turn back, and smothered to death before it was rescued.

PORT ARTHUR, Ont., Aug. 25 — It is understood that the Canadian Northern Railway will increase the pay of its freight handlers, profiting by the experience of the Canadian Pacific, and forestalling the report of the conciliation board. It is understood the finding is favorable to the men and in all probability will be accepted by the company.

HUNT FOR FASHIONS AT NOTED RESORTS

English Costume Makers Seek Ideas Abroad for Autumn Wear.

LONDON, Aug. 25 — A summer's incessant rain has proved disastrous to the wearing of elaborate toilettes out of doors, and the dictators of fashion have therefore devoted even more intensity than usual to designing the beautiful gowns which may be worn in safety amid the flowers and palms of the coast. The toilettes worn at the fashionable continental watering places during the brief but brilliant August season are the fashions of the autumn in embryo, and are consequently an invaluable help to the great army of dressmakers and milliners not in the privileged inner circles of fashion.

This is Desauville race week, for instance, and Desauville and Trouville are the happy hunting grounds of dressmakers in search of the novelties of autumn. Mingling among the crowd these astute observers quickly note a new method of draping, an original color combination, the cut of a sleeve, or the fold of a lapel, all of which are eloquent of fashions to come.

Several valuable hints have already been received in London. Fashion effects, tentatively introduced in the spring, are now regarded as a certainty of the autumn. Though they will probably not amount to more than a graceful skirt drape, a vogue of rich brocades and satins will be one of the results of the influence of the Louis XVI. period in dress.

The use of tulle de Lyon as a trimming for costume hats and for coat facings has suggested a new trimming for autumn underskirts, which will be embellished with the floral design of the cretonne, cut out, and applied to the fringes. Another innovation is the insertion of a pocket among the flounces of the underskirt. British enterprisers is responsible for this.

Milliners anticipate that hats will be smaller and toques larger. High crests, still in vogue, which will be trimmed with a broad band of silk velvet swathed around the crown. A novelty likely to be seen on the early autumn hats will be clusters of waltz hats and the red berries of the rowan tree.

SHOOT SWEETHEART, THEN ENDS OWN LIFE

Girl Seriously Wounded by Man in the Presence of Her Mother.

LONDON, Aug. 25 — A tragedy in which a young man fired two shots at his sweetheart, and then shot himself, occurred early yesterday morning at Wolverhampton.

The young man, a cycle tuner named Frederick Leighton, living at 28 Darlington street, took his sweetheart, Emma Jane Cook, out shopping on Thursday night and returned home with her. Subsequently there was a disturbance outside the house, and on going outside he found that his mother had been locked out of her house. He obtained admission for her and, after running upstairs to his own bedroom, he returned to his sweetheart's house.

Miss Cook was then in the back kitchen, and when Leighton entered, he had his hands in his pockets. He made a remark concerning his parents, and then suddenly producing a revolver he shot his sweetheart twice in the breast, one bullet lodging above and the other below the heart. The next moment he placed the weapon in his right temple and fired, falling dead at the woman's feet.

The tragedy was witnessed by a friend of the girl's mother, but she was so horrified

MONTRÉAL, Aug. 25 — Announcement is made in connection with the big cement merger which includes all the important cement plants in Canada, that the underwriting, which was in charge of Mr. Rodolph Forget, M. P., has been a great success, and that a public issue of a portion will be made shortly. The board of directors and the officials will be announced as soon as the organization is completed.

WINNIPEG, Aug. 25 — Twelve hundred to fifteen hundred men are on strike at Winnipeg this morning. It is said that nine firms out of about sixty have signed the agreement presented by the union for a ten per cent. increase.

MONTRÉAL, Aug. 25 — The Star's London correspondent says: It is stated here that the Argentine Government is pressing the British Government to remove the embargo on Argentine cattle. They point to the decreasing live cattle supplies from Canada and the United States, which fell from 85,824 head in 1905, to 31,745 head in 1908, and to the increased prices to British consumers.

Moreover, the Argentine interests are causing British representatives to investigate on the spot the contention that no disease now exists among the Argentine herds to justify the embargo measures, the evidence of disease from all exporting districts having succeeded completely.

The radical members of the British parliament, representing the working class districts, would favor the removal of the embargo or any other measure to cheapen meat, but Earl Cairington, minister of agriculture, is immovably opposed to this, and could not support the entire Unionist support in favor of closed ports, even though the disease is proved to be only a pretext to cover protection of British farmers.

WEDDING OF VICAR STOPPED BY BISHOP

Divorced From First Wife, Clergymen Seeks Second, But Superior Steps In

MANCHESTER, Aug. 25 — The marriage of the Rev. A. E. Foster, the vicar of St. Luke's, Manchester, which was to have taken place yesterday morning, has been postponed indefinitely in consequence of the action of the Bishop of Manchester.

Mr. Foster, who used to be vicar of Christ Church, Richmond, exchanged living last January with the Rev. W. Heblen, and a few weeks after his arrival he told the parishioners of St. Luke's that he intended to be married during the summer. Then rumors arose through the parish, and Mr. Foster took the members of his Bible classes into his confidence and told them that he had been compelled to divorce his first wife.

Mr. Foster told the facts before the Bishop of Manchester, who refused to give his sanction to a second marriage. A few weeks ago, however, Mr. Foster, who considered that he was justified in marrying again, gave the necessary notice to the registers at Preston and at Bournemouth, where the prospective bride lives.

The marriage was fixed to take place at St. Luke's yesterday morning, and the Rev. W. Heblen, the former vicar, was promised to perform the ceremony.

The Bishop of Manchester, becoming aware of this, took steps to prevent the ceremony. Yesterday morning Mr. Foster stated that the marriage had been postponed indefinitely in the interests of the work at St. Luke's.

The Rev. W. Heblen had been announced as the preacher at St. Luke's on Tuesday evening in connection with the Jubilee celebrations, but the Bishop of Manchester forbade him to take part in the service, and Mr. Foster was unable to be present on account of indisposition. A brief service was conducted by the class readers. There is no curate, as the bishop refuses to license one.

Mr. Foster has worked hard and gained wide esteem in the parish. The strain, combined with the present unpleasant situation, has told on his health and compelled him to take a long rest.

at the spectacle that she was powerless to move or to prevent the act of self-destruction.

Notwithstanding her wounds, the girl walked to the general hospital, where she partially collapsed. Even then she expressed a wish to go home again, but the doctors persuaded her to stay. Her condition was yesterday stated to be so critical that the surgeons did not deem it prudent to probe for the bullet.

With the exception of the fact that Leighton's parents did not approve of his keeping company with the girl there is no apparent reason for the terrible act. Leighton is described as a very steady young fellow, and before her admission to the hospital Miss Cook told the sergeant in charge of the case that she and Leighton had always been on the best of terms.

Opening Fur Sale

Our Fur season is now well under way. Purchasers who appreciate the advantage of placing early orders to assure first selection and the advantage of special Summer Prices are placing substantial orders for immediate and future delivery. One order received now is worth more to us than two in the busy season, because our labor cost is only one-half as much as it will be later on. We are making these special price reductions to encourage early buying and to have lower cost of making up at this season.

Our Fur opening this year will be marked by special inducements never before offered by us at this season. We want to impress you with the important fact, that although Dunlap-Cooke Furs are high class, they are not necessarily high priced — in fact the securing of our supply of raw skins direct from the trappers, manufacturing on a large scale for our four by six stores in the fashionable centres, and supplying the requirements of particular people, enables us to produce finer furs at the lowest possible wholesale costs; then our method of selling direct from the trapper to wearer, avoiding middlemen's profits, gives us an advantage in the Fur trade that we could not possibly have if we did business on a smaller scale and the multiplied profits under the old methods of the general dealer.

The whole tendency through out the manufacturing world today, as well as in the profession is to specialize — to concentrate all one's forces to the mastering of one line. Our business is Furs — from the raw material to the finished article. We devote all our time, skill and experience to the buying and manufacturing of Furs on a large scale. Our Boston House looks to the designing of our Furs and you may rely upon getting the best. If quality and price count with you here are examples of how the specializing in our business works out. Compare these prices and values and remember the price Furs brought last season. This sale opens Monday, Aug. 23rd.

In order to secure your Furs in advance of requirements and to take advantage of special Summer Prices without investing the money till goods are needed, a deposit of 10 per cent. of the value will entitle you to have furs laid aside for delivery when required.

TRIMMED SHEPPARD.

Italian Champion Put it Over Famous New Yorker.

NEW YORK, Aug. 25 — There were several Olympic and national champions among the athletes who contested the track and field games at Coney Island, N. Y., Sunday.

Chief interest lay in the meeting of Melvin W. Sheppard, of the Irish-American Athletic Club, and Langst, the Italian middle distance runner, both of whom started in the 600 yard race. Langst won easily in 1:13 1-2.

J. F. Crowley, the Marathon crack, of the Irish-American Athletic Club, after a splendid spurt in the last hundred yards, won the three mile handicap by ten yards from his clubmate, T. J. Collins, the scratch man, in 16:07.

Ahearn, the world's champion hop, step and jump expert, did 49 feet, 11 3-4 inches in the events. Martin J. Sheahan gave liberal handouts, but won out in the discus throw, with 134 feet 3-4 inches, and John J. Flanagan of the Irish-American Athletic Club, took the gold medals in two handicap events from scratch, the 15-pound hammer throw, with 171 feet 11 inches, and putting the 56-pound weight 38 feet 5 inches.

DETROIT CAPTURES SECOND GAME FROM PHILADELPHIA

DETROIT, Mich., Aug. 25. — In a 60-40 contest Detroit took the second game of the Philadelphia series by a score of 4 to 3. The winning run was made in Detroit's half of the ninth, after the visitors had tied it up in the first inning. Moriarty's single and Jones' infield out, and Starnes' line hit to centre sent in the deciding score. Plank was steady throughout, while Donovan was wild, but strong in the pinches. None of the errors figured in any way in the scoring.

Mac's men had the bases filled with one out in the fifth, but could not count, a double play started by Tom Jones on Banker's grounder, killing the first chance, while a pop fly by Collins and an easy grounder by Baker lost the other.

FRENCH TRADERS ARE WORRIED BY NEW TARIFF

Delegation Waits on Minister of Commerce
Pressing Against Date of New Arrangement With U. S.

PARIS, Aug. 25 — M. Dupuy, minister of commerce, today received the officers of a commission from the French Traders Council who called attention to the grave apprehensions existing in the commercial world on account of the new American tariff. The delegates insisted that serious injury was likely to result to French traders in certain articles by the terms of its application to France. M. Dupuy replied that the government was keenly solicited regarding the question and that his department was giving it the closest attention.

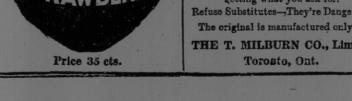

NOT THE CHAMPION.
NEW YORK, Aug. 25 — The national championship committee of the A. T. U. have reported that F. C. Steffen, of Brooklyn, who was recently awarded the all around gymnastic championship, is deprived of his title by a mistake in addition of the points scored. Not all the records were in and the committee questioned the accuracy of some of those it had. The registration committee took the matter of awarding the title under advisement, reserving decision.

ST. JOHN CIRCUITS TO HAVE MISSIONARY COMMITTEES

The financial meeting of the Methodist churches of the St. John district was held yesterday. The closing session was held in Centenary church and took the form of a meeting on behalf of the laymen's missionary movement. The business sessions of the morning and evening were held in Exmouth street church.

Last evening's meeting at Centenary was addressed by Judge Wilbur, United States consul at Halifax, by J. N. Harvey, by Rev. Thomas Marshall, superintendent of missions, and others. Rev. J. J. Rogers, D. D., or successor was in the chair.

Judge Wilbur dealt particularly with conditions in Nova Scotia, where the laymen's missionary movement was making satisfactory progress. One result which was expected from the movement was that circuits which in the past had drawn upon the missionary funds, would be independent in the future. The speaker deplored the indifference displayed by the laity in all parts of the country. The laymen must be aroused from their lethargy and the laymen's missionary movement seemed to be the means by which they would be aroused.

The movement seemed sure of bringing about a healthier state in Christian churches.

J. N. HARVEY FOLLOWS. J. N. Harvey followed Judge Wilbur. He mentioned the fact that the strongest point about Methodism in the past had been the activity of its lay members as displayed by the lay-preacher and the class leader. However there had been a marked decrease in that activity, and in Canada with-

in the past year there had been a marked decrease in the numbers of laymen of the classes mentioned. The laymen's missionary movement was calculated to revive interest among the laity. Its organization was world-wide. Canada had had a good start and was in an excellent position as far as the movement was concerned.

Mr. Harvey went into details and mentioned the increase in contributions to missions which would be necessary to complete the campaign which had been planned. According to that plan the St. John district would have to raise \$15,000 a year instead of \$7,000, the amount now contributed. He suggested that each church in the district appoint a committee for missionary purposes and asked that the contributions for missions be put upon a weekly basis.

Rev. Thos. Marshall also spoke in favor of the Laymen's Missionary Movement. Better management in church affairs was needed. The laymen should be taught to put their best work on church business. In New Brunswick, as far as contributing to the support of missions was concerned, the church was not doing its duty.

Dr. Rogers declared the meeting open for discussion, and Rev. G. M. Campbell, United States Consul Moorehead, and Rev. Neil J. McLaughlin, acting as secretary.

PRESENT LEADER OF THE LORDS

In view of the threatened active campaign to be shortly waged against the House of Lords, the following sketch of the leader of hereditary house is of interest at the present time.

The Earl of Creve, Robert Orfley Ashburton Creve-Milnes, P.C., M.A., F.R.S., is fifty-one years of age. He is the son of Richard Monckton Milnes, the poet, who was described in Disraeli's novel "Tancred" as "Mr. Yvaine". He was educated at Harrow and Trinity College, Cambridge.

The hereditary influence was strongly marked, and he quickly showed literary leanings. He was a good deal of verse, and his volume of poems, called "Stray Verses," remains an indication of his tastes.

MISS ALMA CARTER WEDES DR. JAKEMAN

Popular Richibucto Girl is United to Halifax Doctor. MONCTON, Aug. 25.—At Richibucto, Kent county, this morning a very pretty and interesting event took place in the person of Miss Alma Carter, daughter of William D. Carter, a well known barrister, was united in matrimony to Dr. J. H. Jakeman of Halifax. The ceremony was performed by Rev. A. C. LeBlond, pastor of the Methodist church at Richibucto. The bride was given away by her father. She was dressed in a travelling suit of old rose trimmed with Irish point lace with picture hat to match.

The groom's present to the bride was a set of Hudson Bay furs and a white linen suit. The bride's gift was given to the groom's sister.

WINNIPEG, Aug. 25.—The twenty-ninth annual meeting of the British Association for the Advancement of Science opened today. Committees meetings were held this morning and various sections organized and drew up their programmes during the afternoon. A mass meeting was held in the Walker Theatre. Sir John Thompson, president, gave his inaugural address. Premier Roblin, Mayor Evans and Lord Strathcona welcomed the association.

DETROIT BALL PLAYER MAKES RECORD THROW

WASHINGTON, Aug. 25.—Schmidt of the Detroit baseball team, threw a ninety-foot ball from Vermont avenue, in front of the Arlington, over the light-story Showham Hotel, which faces on Fifteenth street. He took a run, and the ball went up until it disappeared over the roof line of the hotel. It was later found in Fifteenth street. Whether it cleared the building or not is not known, but it was a record throw, for the distance from here Schmidt stood on Fifteenth street is nearly 100 feet.

Uncle Walt The Poetic Philosopher

The world isn't fond of the kicker who kicks regardless of reason or rhyme, who grumbles and fusses and puts in his kicks at knocking, the whole blessed time. He's growing too frequent and fierce in this land, with his wild, indiscriminate kicks; and people agree that he ought to be canned, or pelted with vitriol bricks. The kicker who kicks with no judgment and 'aste, does good as he moseys along; he knows that a kick is too precious to waste, and waste, in all countries, is wrong. He kicks at injustice and folly and sham, wherever he finds them. In force, he goes to the show and he kicks at the ham whose acting is tiresome and coarse; he kicks at the author whose novels are rank, he kicks at the singer who squawks; he kicks at the statesman unloading his junk in congress, and drawing the rocks. He kicks at the cheap and the tawdry and state, wherever they're to be found; he kicks that so many good men are in jail, and so many toiling-raters are out.

THE I. C. R. AUTHORITIES ARE CONSIDERING MOVE AT MONCTON

MONCTON, Aug. 25.—Today's sessions of the Canadian Brotherhood of Railway Employees were taken up with hearing reports of committees amending the constitution, etc. Officers will be elected for the year at tomorrow morning's session, and this will probably conclude the business.

The I. C. R. authorities are considering the advisability of tunnelling Woodlot's main street at the railway crossing instead of erecting crossing gates as asked by the city. The matter will be discussed at a meeting of the I. C. R. and city representatives at a meeting to be held shortly. The meeting will be held at the coast.

To Connect With Minto Mines, Which the Company Will Purchase. The projected railroad line from Minto to Gibson has been merged from the position which it has occupied for years past as a might-have-been section of the Central, and is now so much of a probability that surveying is shortly to commence.

MINERS KILLED

MEXICO CITY, Aug. 25.—A special despatch from Matzahuala says that thirteen miners were killed and thirty injured by the dropping of a cage into the La Paz mine there last night. The cable parted through failure of the breaks and the men dropped to their deaths. The cage was sent to the raters of the shaft house and the strain snapped the cables.

BAT NELSON ABOUT TO TAKE LONG LAY-OFF

Back to the woods! That's Batting Nelson's dope. He says (strange as it may seem) that notoriety bores him and that he is about to take a long lay-off, hitting Yellowstone Park, Indian villages and his ranch at O-Bar. "They won't have a word to say about me for a couple of months," says Bat. "Let these other fellows get the boots and knockers for a while. I've been busy with my book and real estate deals for the past three months, and I think that if I beat it away from the noise and bustle and rampus of the big towns for a while they might find some new things to write about. Some people say I'm making a free lunch of the papers, and get more notices than Bill Tatt and Evans Tumbo together. "Well, you fellows can have a rest now. The next time you see me I may have a full beard or I may be in China. On the level, I won't write a letter nor send a telegram for months. I'll be off for awhile. After that I'll come back, and the best lightweight in the world at that time can have a chance at the title and a \$5,000 side bet to boot."

WHY SCHWAB VISITED SYDNEY

Mr. Charles M. Schwab's recent visit to the Dominion Steel plant at Sydney excited a great deal of interest on the "street," and many conjectures were made as to the real object of his visit. A director of the company told the Star the other day that Mr. Schwab's curiosity in regard to the plant had been excited owing to the fact that it had recently introduced the duplex process of steel making, a process now coming into use in Germany. Mr. Schwab wrote the management and asked if he and his engineers could inspect the process, and he was told that he would be welcome.

Mr. Schwab is a blunt out-spoken gentleman, and while he praised the plant, he also had some criticism to make. Mr. Merick's report on the company's ore area impressed him greatly. He said that he used to hear about the company's 100,000,000 to 200,000,000 tons of ore at Wabana, and thought that somebody was romancing. He was awakened to the facts, he said, by Mr. Merick's report.

FINANCIAL AND COMMERCIAL

FINANCIAL BRIEFS.

Speaking of the chances of a dividend on Converter's stocks, McCue Bros. and Co. say:
 "While the directors will, no doubt, exercise considerable caution before recommending dividends, in view of the great improvement that has taken place in the company's business, as is evidenced by its apparent difficulty in getting a sufficient number of operatives, it seems reasonable to expect that action will be taken by February next."

The London Stock Exchange closed on Saturday, owing to the annual breakfast of the waters. This is the limit.

When the Steel-Steel case was before the Privy Council, Mr. D. Lorne Mc Gibson, who held 11,000 or 12,000 shares of Steel, sent an able lawyer to London to report on the case, keep him thoroughly posted by cable, and give his impressions of the outcome.

Incidentally, Mr. Mc Gibson insured his stock at Lloyd's against a possible adverse decision. He felt sure Steel would win, but was prepared for a surprise.

A prominent Wall Street house, through a representative on shipboard the other day to keep it posted by wireless on the health of E. H. Harriman.

Internal vigilance is the price of safety. An accident at Harriman would knock the stock market silly.

The Dominion Steel Company has already been obliged to import about 28,000 tons of American coal, and there is another cargo on the way from Philadelphia.

The coal strike is the only try in the continent at the Sydney works.

The company has orders enough on hand to keep the plant in full operation for the balance of the present year, and has a large number of orders booked for 1926 delivery.

The Twentieth Century Club of Sydney is tendering a banquet to Mr. Hammer early next month.

It is estimated that 20,000 auto-vehicles of all classes will be built in 1926 in the United States and Canada, as compared with 18,000 in 1925.

This means 80,000 new tires and a replacement of between 75 and 80 per cent of the 350,000 tires in the 1925 output, and 90 per cent of the 280,000 tires turned out in 1924.

As a consequence of the expected demand, the price of rubber increased largely, not only because of the progression in the building of automobiles, but the new supply of the product is being applied.

In one year the price has gone from 25 cents a pound to \$1.50, now reduced to \$1.75.

The visible supply of crude rubber is smaller today than it has been at any time in the history of the industry, it is said.

TO ESTABLISH A GRAIN CLEARING HOUSE.
 It was stated last week by a Winnipeg grain dealer that a project is nearing consummation to establish a grain clearing house at Fort William and Port Arthur, which will have a far-reaching effect in obviating many of the difficulties which present exist in connection with the shipment of grain. The matter has been under discussion for the past year and a half and it is hoped to have it in operation this fall. At the present time if a company has 20,000 bushels of wheat stored in each of five different elevators and wishes to ship 100,000 bushels, it is necessary for the boat which is to transport the grain to call at each of the five elevators and receive 20,000 bushels. This necessitates long waits while in loading, as all other boats have to do the same thing. Through a grain clearing house it would only be necessary for the boat to call at one of these elevators to receive the whole

Would You Forget to Open a Registered Letter--if You Received One?

You would open a registered letter or a telegram, of course!

But are you not, just the same, somewhat careless about other things that should have almost equal personal interest to you?

Perhaps once a week--perhaps once a day--a classified ad. is printed that touches your personal interest as surely and as keenly as the letter or telegram would--but are you SURE to see it, to answer it, to consider it, to profit by it?

Of course the want ad. is delivered to you as one of a bunch--and you have to pick out the one that is "FOR YOU."

ONLY TWO MORE DAYS FOR WILLING WORKERS

Results, It is Hoped, Will be Announced Wednesday Next--No Transfers Allowed.

With only three days more to work in before the close of the SUN and STAR'S Prize Contest, candidates and their friends are making the most minute necessary to win the prize on Saturday night.

ALMOST AT AN END.

The battle of the ballots is almost at an end. The great question "Who will win the Race?" is being asked. It will soon be answered. Don't neglect to do your duty in adding your voice to those who are voting. The most popular lady, man or boy. Don't be a rank outsider. Get in the game now and enjoy the fun.

AN EXCITING CONTEST.

The pace in the contest has been piling up so at the end that much delay is made, any certificate showing that it was tampered with or changed in any respect will be thrown out and not accounted for. This is final and conclusive. No votes will be transferred from one contestant to another under any circumstances.

BRING SUBSCRIPTIONS NOW.

Do not delay until the last hour to bring in subscriptions. The work will pile up so at the end that much delay is made, any certificate showing that it was tampered with or changed in any respect will be thrown out and not accounted for. This is final and conclusive. No votes will be transferred from one contestant to another under any circumstances.

RESULT PUBLISHED AS SOON AS POSSIBLE.

The result of the contest will be published as soon as the committee can make the official canvass of the votes. We hope to announce the result of the contest in the SUN and STAR. See that your name is high up on the list of prize winners.

VOYES NOT TRANSFERABLE.

Every certificate issued by the Contest Department has "NOT TRANSFERABLE" printed on it. This should be sufficient evidence that they cannot be sold, and if when the final accounting is made, any certificate showing that it was tampered with or changed in any respect will be thrown out and not accounted for. This is final and conclusive. No votes will be transferred from one contestant to another under any circumstances.

MEXICAN ISLAND HAS DISAPPEARED

Warship Sent to Investigate Circumstances—Company of Soldiers Thrown

MEXICO CITY, Aug. 26.—A despatch from Acapulco says that the Government warship General Gago has left there to investigate the fate of the Mexican island which is reported to have disappeared as a result of the recent earthquake shocks. The island is claimed by both France and Mexico, and the question of possession is in the hands of arbitration between the two Governments. The island was inhabited by the Governor, Ramon and his family, a company of soldiers, with the officers and employees of a guano shipping company. The island is surrounded with reefs, and it can only be approached in fair weather by the ships which convey the guano produced on the island. The island is, in fact, the peak of an island in the center of the island is a deep basin.

DIVIDED HIS FORTUNE AS IF HE WERE DEAD

30 Charges James B. Hammond Against Directors of Company.

NEW YORK, Aug. 26.—James B. Hammond, president of the Hammond Typewriter Company, applied to Supreme Court Justice Gleason today for an injunction restraining John B. Bancroft, secretary of the company, and the other officers and directors, from recognizing any officers or employees of the company except himself as the owner of 25 shares of the capital stock of the company. Mr. Hammond, who has been in feeble health for several years, went to court and a heavy can and a nurse.

AVIATORS AT REIMS ARE TRYING TO BEAT ALL RECORDS

(Continued from page one)

(Latham after covering 60 kilometers (43.47 miles) was obliged to descend because of trouble with his ignition, but ten minutes later he was in the air again racing with another machine.

Curtis declares that he does not push his machine this morning in the continuation of the speed lap trials, but doubts whether he can beat his time of yesterday. Bleriot, therefore, will be the winner on form if he can get the distance.

The Wright machine has been made an effort to wear the endurance prize from Pauhan and capture the height and weight-carrying events. Lefebvre in a "Wright" machine, which he today carrying a passenger, will make a try this afternoon.

Bleriot made his first appearance in the contest for the prize of 100,000 francs. He negotiated a trial round in 8 minutes, 38 seconds.

A representative of the Aero Club of Italy arrived here today and is making arrangements to take the aviation trials on special trains to Brescia, next Tuesday. He is particularly anxious that Curtis go to Italy, and probably will offer special conditions to secure the American.

Fournier was about with a broken nose this morning. He received many congratulations on his narrow escape of yesterday when he had turned from his machine, that had been turned turtle, saved him from being mangled by the whirling propeller. The official measurement of Fournier's record-breaking flight of yesterday gives him a distance of 135.67 meters (48.07 miles) in the contest for the international cup which takes place Saturday, Cockburn, the English flyer, and Curtis will compete against three or four men, Lefebvre, Bleriot and Latham.

The regulations provide that the racers start between 10 a. m. and 5 p. m. and finish not later than 4.30. In the case of bad weather the contests will be postponed until Sunday.

Latham's fast time of this morning gives him a splendid chance in both the international cup and the speed contest. His time for the first three rounds was 25 minutes, 59.25 seconds and 2 minutes and 13 seconds less than the best record by the Wright models.

At a meeting of the congregation of the Tabernacle Church, last evening at the request of Rev. J. V. Kierstead's resignation was reluctantly accepted. A committee of the officers and pastor of the church was appointed to fill his position. Mr. Kierstead will not leave the city for some time. At the congregational meeting house was granted to Mr. Kierstead to become a divinity student Mr. Stackhouse, on finishing his High School course, will take a course in Acadia College. He is a brother of Rev. Perry J. Stackhouse, B. D. now at Campbellton.

TENNIS CHAMPIONS ARE PLAYING TODAY

NEWPORT, R. I., Aug. 26.—Under bright skies and before an enormous gallery the final match in the 29th all-comers tournament for tennis championship of the United States, was started this morning on the specially prepared court at the famous Casino, the contenders being William J. Claxton, of Philadelphia, a former champion, and Maurice F. McLaughlin, the young champion of the Pacific coast, and national intercollegiate champion. Tennis experts were about equally divided as to the probable outcome when the match between the two cracks started.

One section seemed certain that the steadiness, coolness and experience of the eastern player would bring him through a winner, while the other group was equally sure that the western youngster's speed, aggressiveness and brilliant volley would give him the right to challenge the national champion, William A. Larned for his laurels on Friday.

EXCURSIONISTS FIND NEW GLACIER IN ALASKA

CORDOVA, Alaska, Aug. 25.—The George W. Perkins Excursion Party, while cruising along a vast stretch of Alaskan coast, discovered on the west coast of Knight's Island a new glacier, which Miss Perkins, daughter of the financier, christened Princeton, smashing a bottle of champagne on the face of the ice mountain. Mr. Perkins will ask the United States Government to place the location and name on the official maps.

The E. H. Harriman Alaska excursion several years ago discovered and named the Yale, Harvard and Harriman glaciers.

The Perkins party sailed in the Yukatan last night for Seattle, via Sitka. The Alaskan cruise has lasted two months.

BEGINS SUIT TO OBTAIN MOTOR RACING TROPHY

INDIANAPOLIS, Ind., Aug. 25.—The Indianapolis Motor Company of Jackson, Miss., yesterday filed suit against the Indianapolis Motor Speedway Company for possession of the 10,000 trophy cup offered by the latter's company to the winner of the 200-mile automobile race on the speedway last Saturday. The race was called off after 25 miles on account of the accidental killing of three men.

A Jackson car was in the lead when the race was stopped. The plaintiff demands, on this ground, the cup, and also says for \$100,000 in which amount it alleges it has been damaged by the withholding of the prize.

CONDITIONS IN CONGO

Boat Doyle Trying to Arouse England in Aid of Natives.

LONDON, Aug. 25.—Sir Arthur Conan Doyle has taken up the task of arousing the conscience of England in regard to the Congo question, which he calls "the greatest crime ever committed in the history of the world." In a long letter to the London Times Sir Doyle has written that the fact that Belgium has taken over the Congo Free State has made no change in the methods by which 3,000,000 natives have already been "amalgamated out of the world."

"There were hopes that the methods would be changed," the creator of Sherlock Holmes proceeds, "but they have not been changed. Mr. Renkin, the colonial minister of Belgium, has frankly said that he has been a fervent defender of the system in Parliament. As well send Rockefeller to report on the Congo situation, as to send Mr. Renkin to report on the Congo situation."

"Are we children to be deluded by such devices as these? Do we not know that the Congo situation is a disgrace to the British name? Mr. Renkin will return about Christmas. Six more months for that. Then there is legislation. Time must be allowed for that. Then that legislation must be gradually enforced, and so on and so on through the time-honored road, and all the time more mutilations, more murders, more extortions in order that a rich king may be richer and a poor man poorer."

Doyle says that he has written the letter to the London Times in the hope that it will arouse the conscience of the British people, and that it will lead to a change in the Congo situation.

A FIGHT WITH AN EEL

Three Men With Poles and Nets Fought Slimy and Poisonous Monster.

DETROIT, Mich., Aug. 25.—The Aqueduct on Belle Isle was the scene of a thrilling life-and-death struggle early this morning between Geraldine, a huge Moray eel, which had escaped from its temporary quarters in the Fish Commission's car, and three anglers in its tank, who attempted to force the seven-foot monster into the tank which had been made ready for it.

Shortly after 2 a. m. it was discovered that Geraldine had succeeded in breaking through the heavy netting which had been used to keep her in the tank, and was loose in the car. The attendants immediately decided to remove her to the aquarium tank, but they did not then realize what a dangerous job was ahead of them.

With its immense head raised high and its great fish resembling body, it was as much as a huge booby contractor. To touch the eel, which is highly poisonous, is to court a painful, if not a fatal, death. So the men fought the battle with long poles and nets, and it was not until 4 a. m. that they were able to get her into the tank.

The Moray eel is noted for its pugnaciousness and voraciousness, particularly those coming from the coral reefs of Bermuda. Its greatest defensive weapon is its natural poison.

AMUSEMENTS.

COMING TO THE OPERA HOUSE.

The Great Clivette and his company of European entertainers will be at the Opera House Monday and Tuesday, Aug. 30-31. The London Star has the following to say about this magic-lit Clivette, the new entertainer at the Empire, secured an extremely favorable verdict from his first English audience, his performance being received with enthusiastic approval. He is not only graceful and clever with his past work, but also a wonderful in some of his elaborate feats.

AIN'T MARY.
 Another large audience greeted May Robson in the "Rejuvenation of Aunt Mary" at the Opera House last evening. Miss Robson and her company more than delighted all present with their mirth provoking play. With the exception of the excellent Miss Faye Clivette, the new entertainer at the Empire, secured an extremely favorable verdict from his first English audience, his performance being received with enthusiastic approval. He is not only graceful and clever with his past work, but also a wonderful in some of his elaborate feats.

Aunt Mary's wayward nephew, who also goes Harry Cowley, John McMahon, Arthur Dering, and Jack Storey, as the four chums, supply the mirth. The sudden transitions from mirth to pathos and from pathos back to mirth, are striking in the freedom from far.
