LEVEL CROSSINGS PROTECTED.

**Government Will Not Negotiate
With U. S. A. re Duties in
Wood and Paper.**

In the House of Commons last week, in reply to an inquiry by Mr. R. L. Borden, the Prime Minister stated that the Dominion Government had had no negotiations with the United States Government in regard to the duties on pulp wood, paper and lumber, and did not intend to have any such negotiations.

In reply to a question by Dr. Chisholm, of Huron, the Minister of the Interior stated that the area of land still undisposed of by the Dominion Government in the Prairie Provinces on January 1, 1909, was as follows: Manitoba, 17,802,210 acres; Saskatchewan, 104,878,150 acres, and Alberta, 117,300,230 acres. Altogether 375,171 square miles.

The Hon. Geo. P. Graham moved the following resolution:—
That it is expedient to provide that the sum of \$200,000 each year for five consecutive years from the first day of April, 1909, be appropriated and set apart from the consolidated revenue fund of Canada for the purpose of aiding in the providing of protection, safety and convenience of the public in respect of existing highway crossings of railways at rail level, and that the said sums be placed to the credit of a special account to be known as "The Railway Grade Crossing Fund," and be applied under the authority of the Board of Railway Commissioners for Canada.

Mr. Graham dealt with his proposals in detail, summarizing the most important as follows:—
(1) Not more than twenty percent of the cost of any crossing will be contributed from the Federal fund, and in no case will a sum in excess of five thousand dollars be given.
(2) The power of apportioning the cost will rest with the Railway Board.
(3) No limit is fixed as to the amount which a municipality may be called upon to contribute.

(4) A "crossing" will be defined as a work not including more than four tracks, the bill not applying to terminals or railway yards where there are a large number of tracks.
(5) The act will apply only to crossings now in existence; crossings constructed hereafter shall be protected at the expense of the railways.

(6) In the case of highways constructed hereafter, the Railway Board will have the power to apportion the cost as between the municipalities and the railways.

THE DEAR LITTLE, SWEET LITTLE SHAMROCK OF IRELAND.

Our stock of Shamrock cards needs only to be seen to be appreciated. We can supply these in lots of one dozen upward at special prices. Secure an assortment before stock becomes depleted.

Government Ownership of Telephone Lines

Demanded by N. B. Municipalities. Highway Act and Other Measures Dealt With.

The Union of N. B. Municipalities held its third annual session in Moncton on the 10th and 11th instant. A. I. Todd of St. Stephen in the chair. The next meeting will be at Campbellton.

Ald. E. A. Reilly of Moncton read a paper on "The Issue of Debenture Forms and How to Provide for the safety of issue." He was strongly in favor of the use of steel plate method of printing.

Mayor McDonald, Shediac, brought up the matter of granting more powers to municipalities to grant exemption to industries. It should rest in the hands of the municipalities, he contended, and they should not be compelled to appeal to the provincial government for permission to grant these exemptions.

The telephone question under the head of "Government Ownership, Telephone Company and New Brunswick Telephone Company's Rates," was the first matter to be considered at the Wednesday evening session.

Dr. A. W. McKee, K.C., of St. John, defended the N.B. Telephone Company, said it was worth about \$1,380,000, and that the most that arbitrators should make the province pay for it was \$1,510,000, that there was no "water" in the stock, and that on the whole, he favored government ownership of the system as a private company, intent only on clearing dividends, could not be expected to extend the service into thinly settled districts as would the government.

Col. R. L. Maltby of Newcastle spoke strongly on the subject, citing instances which had come under his personal observation of the manner in which tolls are charged and which he exclaimed were outrageous. He declared that the company was paying dividends on watered stock, which, he said, had been given away to prominent men. He thought the union should fight against the present system.

Mayor McDonald of Shediac, favored a commission practically controlled by the government and with the government dictating the rates. He thought it would be a little unfair to expropriate the system.

Ward Branscombe of Kings Co., and Coun. Ackerley, of York, urged strongly in favor of government ownership both citing instances of high charges by the New Brunswick Company.

On motion of Wardens Maltby and Branscombe, it was resolved to ask the legislature to take over and operate all the telephone lines in the province. It was carried by a standing vote, 22 delegates rising in favor and none of the rest voting nay.

Thursday morning the committee on resolutions reported as follows:—

"That we memorialize the provincial legislature to amend the Towns and Municipalities Incorporation Act so as to provide that Councils may exempt from taxation new industries, after a plebiscite of the electors has been taken, a majority of said electors being favorable to said exemption. Carried.

The matter of the maintenance of pauper lunatics, left over from last evening, was next brought up, the following resolution being introduced:—

"That this convention do urge again upon the government of New Brunswick the necessity of carefully considering the question of maintenance of harmless pauper lunatics, who have not gained a

ST. PATRICK DAY CONCERT.

Thrilling Irish Drama Being Presented By an Able Company of Amateurs

IN OPERA HOUSE

Tuesday and Wednesday Nights,
March 16th And
17th.

Tonight (Tuesday) as we go to press, a company of our best amateur actors and musicians, composed of St. Mary's Church choir and friends, are putting upon the Opera House stage the famous drama of Dion Boucicault, "The Colleen Bawn," or the "Brides of Garry Owen."

If the performance is patronized as liberally as the previous entertainments have been, standing room will be at a premium. St. Mary's choir always exhibits superior talents, and has always had the happy faculty of choosing assistants of the highest ability. The two performances on the 16th and 17th instant may be depended upon as sure to be up to the usual high standard. No children will be admitted on Wednesday night.

CAST OF CHARACTERS:

Hardress Dwyer	D. S. Creaghan

ORE STRUCK IN GLOUCESTER CO

Deposit Contains a Large Percentage of Copper

Word was received here that iron ore has been struck in the Ellis mine, near Boreford, Gloucester County, at a distance of 215 feet. The ore contains a large percentage of copper and a drill has gone four feet eight inches in the vein but has not yet revealed its full diameter. The mine is owned by a syndicate of Bathurst and Miramichi men and the proprietors are jubilant.

Wm. Cliff of Upper Derby, hurt his shoulder yesterday by a fall on the ice.

Mr. MacKenzie of Pictou is painting and decorating the interior of St. Mary's convent.

The Presbyterian pulpit here Sunday evening, was occupied by Rev. E. E. Mowatt of Red Bank.

Ald. C. J. Morrissey is erecting a fine residence on Pleasant street between the houses owned by J. W. Miller and Mrs. George Brown.

Charles Call, who has long conducted a restaurant on Castle street, has enlarged his business and removed to the Waverley Hotel.

Rev. H. A. Brown is assisting Rev. Samuel Howard in holding evangelistic services in the Exmouth street Methodist Church, St. John.

The proposed issue of \$10,000 bonds at the instance of the School Trustees to erect a new school as an annex to Harkins Academy, will be discussed at a public meeting in the Town Hall tomorrow (Thursday) night. No ratepayer should fail to be present.

HEREDITARY THE CAUSE OF CONSUMPTION

I have followed with interest all thoughts given in ink on consumption, its affect, treatment and cure. All the doctors and chemists unitedly search for the destroyer of life, and with a hope that they may discover a remedy and wall of defence. As yet this disease continues to strike terror to the hearts of the brave, as it drags to earth the dwellers in snow-lands and those living among the scenes of summer and heat. We witness with sadness the lamp of life darken, and in time go out, when it should be burning bright gilded with happiness and hope. Unconquered and unchained the reptile has already wound its coils of death.

But turning to those having the disease, caused by hardships, exposure, poor and unsufficient nourishing food, we can easily see in such cases the cure when the patient is put in comfortable quarters and given good food and rest. But we can look and see many persons with consumption, who always had all that was required in comfort, good food and good air. Can we turn and say to them "All you require is rest, food and air and your recovery is sure?" May we not be allowed to think that those taking part to try and cure the disease are putting too much stress on air and food as a sure cure for tuberculosis.

It would almost appear to one as if good air was a very scarce substance, and is weighed out to each person with a balance like tea and coffee, or measured off to us from the yard stick. Man with his cramped and envious nature is apt to judge things though it be air in a limited way, overlooking the fact that nature does not give her gifts in that way, but spreads them about us without end, and forces very atom of space full and plenty. We rarely discuss the subtle forces interwoven in the great space around us that are doing so much for the life of man as well as for the herbs of the field. Admiring that good food and air with favorable surroundings will help, and in some cases seem to cure, hereditary tuberculosis, but will not the person so cured, if put under another curable disease, take consumption again? Nay; with much more serious results than before. Can we expect good air and food to cure tuberculosis? when it did not do so in childhood and youth, at a time when it played day after day and month after month on the grassy and moss-cushioned hills when every pulsation was life, and every move of the body meant health. Will the same conditions cure the same persons after the disease has started and made headway, and the patient reduced and weak, I do not mean that these persons always had the disease, but I do say that the cause, they always had. The germs do not cause the disease but the disease starts the germs and if it was not for them the patient would live but a few months instead of years. No germs can bind health and its power; no sparrows can stop the morning shower. As I gradually went along the untrodden paths of thought I have often got lost on the sea of mystery. But I now claim that I know the cause of consumption and the cure. Blindly we turn towards nature's magic and mysteries in life. We do not see the swift flying snakes of the universe because they are hidden from our sight, but we can see the finished goods with the shades of beauty, spread through the distance around us, perfect in workmanship and life.—E.K.

The bird's admirer grows. Constant is their increase. The first official act of Nebraska's new labor commissioner was a formal appreciation of this pillar of society. According to Mr. Maupin this fowl brought \$3,000,000 worth of eggs to market in Nebraska last year. The commissioner is unprepared to estimate the value of her offspring in the way of fried chicken. She laid 1,200,000,000 eggs in 1908. Placed end to end these eggs would reach around the earth and overlap 12,000 miles.

Rheumatism

I have found a tried and tested cure for Rheumatism! Not a remedy that will straighten the distorted limbs of chronic cripples, nor turn bony growths back to flesh again. That is impossible. But I can now surely kill the pains and pangs of this deplorable disease.

In Germany—with a Chemist in the City of Darmstadt—I found the last ingredient with which Dr. Shoop's Rheumatic Remedy was made, a perfected, dependable prescription. With this last ingredient, I successfully treated many, many cases of Rheumatism; but now, at last, I can form a cure for all cases of this heretofore much dreaded disease. Those sand-like granular wastes, found in Rheumatic Blood, seem to dissolve and pass away under the action of this remedy as freely as does sugar when added to pure water. And then, when dissolved, these poisonous wastes freely pass from the system, and the cause of Rheumatism is gone forever. There is now no real need—no actual excuse to suffer longer without help. We sell, and in confidence recommend

RHEUMATISM RECEIPE

Directions To Prepare Simple. Yet Remarkable Home Mixture.

A well-known authority on Rheumatism gives the following valuable, though simple and harmless, prescription, which any one can easily prepare at home:

Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces.

Mix by shaking well in a bottle, and take a spoonful after each meal and at bedtime.

He states that the ingredients can be obtained from any good prescription pharmacy at small cost, and that the use of vegetable extraction, are harmless to take.

This pleasant mixture, if taken regularly for a few days, is said to overcome almost any case of Rheumatism. The pain and swelling, if any, diminishes with each dose, until permanent results are obtained, and without injuring the stomach. While there are many so-called Rheumatism remedies, patent medicines, etc., some of which do give relief, few really give permanent results, and the above will, no doubt, be greatly appreciated by many sufferers here at this time.

Inquiry at the drug stores of this neighborhood elicits the information that these drugs are harmless and can be bought separately, or the druggists here will mix the prescription for our readers if asked to.

MARCH HOME JOURNAL

The HOME JOURNAL for March contains a most startling article on the "White Slave Traffic," by Hon. E.T. Sims of Chicago, in which the inner working of this nefarious trade in young girls is laid bare. "Western Women and the Dope" is the subject of a most interesting discussion by Lillian K. Beynon of Winnipeg, and this with a quaint description of the life of a Prairie Settler by an Englishman, gives an insight into conditions in the Great West. The March number is of course Irish in tone and contains in addition to two of Thomas Moore's Irish Melodies, an historical reference to St. Patrick, Ireland's patron saint. There is the usual amount of story matter with interesting departments on Fashions, Fancy Work, Sick Room, Women's Institutes, Household, etc. For the boys some interesting coin tricks are explained. An increase in size and an advance in subscription price is announced for June 1st, but in the meantime subscriptions are being taken at the old rate of fifty cents. The HOME JOURNAL has developed wonderfully and is a credit to Canadian journalism.

Nothing in the way of a cough is quite so annoying as a tickling, teasing, wheezing, bronchial cough. The quickest relief comes perhaps from a prescription known to Druggists everywhere as Dr. Shoop's Cough Remedy. And besides, it is so thoroughly harmless that mothers give it with perfect safety even to the youngest babies. The tender leaves of a simple mountain shrub, give to Dr. Shoop's Cough Remedy its remarkable curative effect. A few days' test will tell. Sold by all dealers.

The Connecticut farmer who with eggs at 43 cents a dozen, killed 100 hens to recover a \$150 diamond is likely to drive out of the books the fellow who killed the goose that laid the golden eggs.

A failing tiny nerve—no larger than the finest silver thread—takes from the heart its impulse, its power, its regularity. The stomach also has its hidden or inside nerve. It was Dr. Shoop who first told us it was wrong to drug a weak or a failing stomach, heart or kidneys. His prescription—Dr. Shoop's Restorative—is directed straight for the cause of these ailments—these weak and faltering inside nerves. This, no doubt, clearly explains why the Restorative has of late grown so rapidly in popularity. Druggists say that those who test the Restorative even for a few days soon become fully convinced of its wonderful merit. Anyway, don't drug the organ. Treating the cause of sickness is the only sensible and successful way. Sold by all dealers.

WHERE OLD AGE IS REWARDED

That longevity is deserving of reward in China is proved by the following curious imperial edict from Peking: "The sons of those people who are over seventy years of age are to be exempted from the service of the government; the brevet button of the ninth rank is to be given to those who are over eighty years of age; the brevet button of the eighth rank is to be given to those who are over ninety years of age; the brevet button of the seventh rank is to be given to those who are over one hundred years of age; the brevet button of the sixth rank is to be given to those who are over one hundred and twenty years of age, and monuments are also to be erected for those who are one hundred years of age and over."

STOMACH DISTRESS.

And all Misery from Indigestion Vanishes Five Minutes Later.

Every family here ought to keep some Diapiesin in the house, as any one of you may have an attack of Indigestion or Stomach trouble at any time, day or night.

This harmless preparation will digest anything you eat and overcome a sour stomach five minutes afterwards. If your meals don't tempt you, or what little you do eat seems to fill you, or lies like a lump of lead in your stomach, or if you have heartburn, that is a sign of indigestion.

Ask your Pharmacist for a 50-cent case of Pape's Diapiesin and take one triangle after supper tonight. There will be no sour risings, no belching of undigested food mixed with acid, no stomach gas or heartburn, fullness or heavy feeling in the stomach, Nausea, Debilitating Headaches, Dizziness or Intestinal griping. This will all go, and besides there will be no sour food left over in the stomach to poison your breath with nauseous odors.

Pape's Diapiesin is a certain cure for all stomach misery, because it will take hold of your food and digest it just the same as if your stomach wasn't there.

Actual, prompt relief for all your stomach misery is at your Pharmacist, waiting for you.

These large 50-cent cases contain more than sufficient to cure a case of Dyspepsia or Indigestion.

In San Francisco and Pittsburg they are still sending municipal granaries to jail. Like other habits, once acquired, it is hard to break.

Have you a pain—of any kind, anywhere? Stop just a minute and think! It matters not whether it be wondrously pains, head pains, or any kind of a pain, one of Dr. Shoop's little Pink Pain Tablets will surely stop it in 20 minutes. Formula plainly printed on the 25c box. Sold by all dealers.

It is said that the ocean cables are used by less than one per cent of the world's population.

Group positively stopped in 20 minutes, with Dr. Shoop's Group Remedy. One test alone will surely prove this truth. No vomiting, no distress. A safe and pleasing syrup—50c. Sold by all dealers.

Minard's Liniment Cures Burns, etc.

WOULD ANNEX BRANCH LINES

Emmerson Makes Strong Plea For Their Absorption by the Intercolonial.

Ottawa, March 9.—The Intercolonial railway was yesterday discussed by the House of Commons on the basis of expansion, under government ownership.

The discussion arose on a motion by Hon. H. R. Emmerson favoring the government acquiring the branch railways of the maritime provinces which are tributary to the Intercolonial. The debate was a long one.

Hon. Mr. Emmerson asked the house to concur in the following resolution:

"That in the opinion of this house it is desirable in furtherance of the transportation interests of this dominion that the sphere of influence of the Intercolonial Railway, as a government-operated railway, should be widened and extended by securing by lease or otherwise such of the branch lines of railway now connecting with the Intercolonial as will serve as direct and profitable feeders to the traffic of said railway."

Hon. Mr. Emmerson made a comprehensive speech, in which the whole proposition was elaborately reviewed and facts and figures given in support of his contention. He was attentively listened to by a large number of members on both sides of the chamber, and he was frequently applauded.

Mr. Emmerson was followed by a number of speakers, all members from New Brunswick or Nova Scotia. Not a dissenting voice was raised against the resolution, and not a member spoke from the Conservative side of the chamber.

Mr. Emmerson called upon the government for an announcement of policy in regard to the Intercolonial branch lines. However, Mr. Graham, who adjourned the debate, stated that he would reserve his statement until he moved the house into supply on the Intercolonial estimates. It is understood that he will then have something interesting to say. As Mr. Graham is the minister who speaks officially for the government on all railroad matters, there was no speech from any member of the cabinet on the resolution.

FREDERICTON'S RACE PROGRAMME

Racing Season will Have Grand Opening on June 30.

The Fredericton horse races, this year, will open on Wednesday, June 30 and close on July 2nd, giving horsemen chance to attend the fourth of July races in Maine.

The complete programme follows:

First Day—June 30.
2.15 Class—Trot and pace—Purse \$300.
1.19 Class—Trot and pace—Purse \$200.
Second Day—July 1st.
2.21 Class—Trot and pace—Purse \$300.
2.27 Stake—Trot and pace—Purse \$100.
Third Day—July 2nd.
Free-for-All Stake—Trot and pace—Purse \$100.
2.17 Class—Trot and pace—Purse \$200.
2.25 Stake—Trot—Purse \$100.

NELSON.

A large quantity of wood has been loaded at cars at Sutton Road Crossing this season. The greater portion of this was firewood for the Chatham market. The pulpwood was shipped to N. B. Pulp & Paper Co. at Millerton. A siding is needed at Ivory's crossing. The people living in the upper part of the Nowlan Settlement, when they wish to ship wood by rail, have to haul to Sutton Crossing. In many cases this adds a mile or more to the hauling. There is assurance that this will be remedied before the next season.

Mr. and Mrs. M. Donagher and family have removed to Chatham.

A number of people have been prostrated with a gripe during the past month. It is pleasant to be enabled to state that they are now recovering.

Mr. M. Woods, who has been logging on Barnaby river this winter, has returned home.

Mr. B. Reynolds and son Frank have secured the privilege of cutting ice on the mill pond and are now busily engaged at that work.

REDEBANK.

Not seeing any notes I thought I would send you a few.

Miss Frankie Sutherland and Miss Minnie were visiting Mrs. Melvin Sutherland last week.

Mr. George Hubbard got hurt very bad while breaking a road with a merry widow snow plough from Otto Jozer's landing to Payne's corner.

Mr. Dannie Easty has returned from the woods, looking fine.

Miss Abbey Matchett was visiting in Hallowell last week.

Mr. S. Russell passed through here on March 3rd taking orders for the Wig Co. in Lytleton.

Mr. Dave Blackmore is doing good work portashing for the Americans.

It is being demonstrated that the actual cost of making and distributing gas in New York city is above 45 cents a thousand feet so that there is no danger of the Consolidated Gas Company going into bankruptcy in being compelled to sell it at 50 cents.

The Bishop who said that people who would not fast willingly during Lent sooner or later will be compelled to fast whether they will or no, was not only uttering any theological threat but only reminding the people that their stomachs needed a rest.

HOW'S THIS:

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure.

F. J. CHENEY & CO., Toledo, O.
We the undersigned have known F. J. Cheney for the last 15 years, and believe him perfectly honorable in all business transactions and financially able to carry out any obligations made by him.

WALDO, KENNAN & MARVIN,
Wholesale Druggists Toledo, O.
Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system. Testimonials sent free. Price 75 cents per bottle. Sold by all Druggists.
Take Hall's Family Pills for constipation.

On the day of Lucky Baldwin's funeral the races of Los Angeles were suspended. The bookmakers from whom he won his twenty-five millions wanted to show the genuineness of their mourning.

Fortify now against the Grip—for it comes every season sure! Preventives—the little Candy Cold Cure Tablets—offer in this respect a most certain and dependable safeguard. Preventives, at the "onset stage" will, as well, also surely head off all common colds. But promptness is all-important. Keep Preventives in the pocket or purse, for instant use. Box of 48 for 25c. Sold by all dealers.

"Father Morrissey's No. 10"

Cures Coughs, Colds and Lung Troubles.

Father Morrissey's remedies have been known for years throughout the Maritime Provinces, and thousands testify to the remarkable cures they have wrought.

The very same remedies, with all their healing virtues, are now being prepared from the late priest's prescriptions.

The "Lung Tonic," commonly known as "Father Morrissey's No. 10," is one of the best remedies ever put up for Coughs, Colds, Bronchitis and lung troubles of all kinds. It removes the mucus, quickly drives away the inflammation and congestion and heals the membranes, leaving them stronger than before and better able to resist disease.

"No. 10" is absolutely free from Opium, Morphine or any harmful drug, and is perfectly safe even for babies.

Trial size 25c. per bottle. Regular size 50c.

NEWCASTLE, MARCH, 17th, 1909.

TAKE OVER THE TELEPHONES.

The public ownership and operation of the telephones of New Brunswick, as advocated by the Union of N. B. Municipalities, is a good idea and should be put into effect by the local government without unnecessary delay. The province could give a better service to outlying thinly-populated districts, and better long distance service. Before purchasing, the government should find out the exact market value of the telephone plants, as if the stock is as much "watered" as some stocks are, the province would waste a lot of money in buying them at par.

BRING THEM TO NEW BRUNSWICK.

Mr. C. A. Duff-Miller, agent-general of New Brunswick at London, is in New Brunswick to consult with the government the promotion of immigration into this province. New Brunswick should offer as great inducements to settlers as the West. There are few, if any, countries better for mixed farming, the lumber industry is capable of much further development, if the government should stop the export of pulpwood cut on crown lands paper mills would spring up much more rapidly than they are doing at present, and our mineral resources bid fair to soon require more men to work them. A wide-awake local government could do much for this province in the way of drawing immigrants to our shores.

A MATTER FOR THE GOVERNMENT.

We trust that the granting by the Dominion Government of a Conciliation Board, at the request of the Cape Breton members of the United Mine Workers of America who claim that the Dominion Coal Company is discriminating against them and favoring the Provincial Workmen's Association, will bring peace to the Cape Breton county and prevent further industrial war. Already 700 of the United Mine Workers of Cape Breton are out of work and many families are on the verge of starvation. The Dominion Coal Company seem determined to stamp out the new union in their midst and compel the miners to return to the P. W. A., which is a purely provincial union, the heads of which are in complete accord with the company. It is suicidal for workmen to fight each other; and unwise for a country to allow a company power of life and death over its employees. The case is clearly one for government intervention, and we are glad that the Government has taken the matter in hand.

ONE PROVINCE FREE FROM DEBT.

The debt of Prince Edward Island is reported by its govern-

ment to be \$850,611, against which it is claimed, here are assets at Ottawa of \$893,000, which leaves the province with a net surplus of over \$40,000.

Other provinces, especially New Brunswick, with its 331,000 people and debt of almost \$3,000,000, are not so fortunate in this regard as the little island in the Gulf of St. Lawrence.

Prince Edward Island should keep clear of debt and all governments—municipal, provincial and National—should get clear of their creditors as soon as possible. Public debts are of no use to anybody except to the money lender, who receives the amount of his loan back in interest two or three times during his lifetime and transmits to his children the same privilege of living off his neighbors without having to perform any useful labor. Any government is extremely foolish to borrow money and thus become liable not only for its repayment in full, but for an endless tribute in the form of interest.

RESOLUTION OF CONDOLENCE.

Douglasville, March, 1909. To Sister Gertrude Vye of Caledonia Division, No. 126, S. of T.

Dear Sister,—We the officers and members of Caledonia Division do hereby extend to you our heartfelt sympathy at this time of your bereavement in the loss of your dearly beloved sister whom God in His Infinite wisdom, has seen fit to call unto himself. While we sincerely sympathize with you in this your hour of affliction. We feel that you will realize that your loss is their gain, and they who have only "gone before," and that in the bright beyond you shall meet where partings are unknown and where the family circle will be once again unbroken. We desire also to convey our sympathy to the other members of the family.

Signed on behalf of the Division,
Emma Morrison
Maude H. Wood
William Moar.

SEEKING INCORPORATION

Messrs. George Eddy, T. M. Burns, ex M. P. P., Chesley Eddy; Miss Johanna Burns and Mrs. Jane Eddy of Bathurst, are applying for incorporation as George Eddy Company, Limited, to take over and conduct the milling and lumber business of Mr. George Eddy and Mr. Burns at Bathurst and conduct the same. The proposed capital is \$24,000.

"My youngest boy, 3 years old, was sick with fever last June, and when he got better the doctor prescribed Scott's Emulsion, and he liked it so well that he drank it out of the bottle, and is now just as plump and strong as any child of his age anywhere... two bottles fixed him O.K."—MR. JOHN F. TEDDER, Box 263, Teague-Freestone Co., Texas.

SCOTT'S EMULSION

is the greatest help for babies and young children there is. It just fits their need; it just suits their delicate, sensitive natures; they thrive on it. Just a little does them so much good and saves you so much worry. You owe it to them and yourself to make them as strong and healthy as possible. Scott's Emulsion will help you better than anything else; but be sure to get Scott's. It's the best, and there are so many worthless imitations.

ALL DRUGGISTS
Mr. Tedder has just written me another letter about his brother-in-law's children. Let me send you his letter and other information on the subject. A Post Card, mentioning this paper, is sufficient.

LOGGIE WANTS MORE RAILWAYS.

I. R. C. Branches to Tabusintac and Redbank.

TRAFFIC DEMANDS THEM.

Heartily in Agreement With Emerson on Branch line Question.

In the House of Commons March 8th, Mr. W. S. Loggie spoke as follows to Hon. H. R. Emmerson's motion in favor of the Intercolonial absorbed the branch lines:—"At this late hour I shall not intrude for long on the patience of the House. Let me first of all extend my very hearty congratulations to the mover of this resolution (Mr. Emmerson) who supported his proposition by such a very logical and very eloquent speech. It gives me very great pleasure to endorse everything the hon. gentleman has said on this subject with which he is so familiar. In his opening remarks he carried us back to the days when the people of the maritime provinces were dealing with the New England states, and I can recollect very well that when I started housekeeping myself in the town of Chatham my furniture was bought in the city of Boston and brought around by schooner. Compare the conditions of trade in those days with the conditions of today and what a vast difference you will find. Instead of the merchandise which we use coming from the New England states it comes from Ontario and Quebec, to the great advantage of the industries in these manufacturing provinces. I agree also with what the hon. gentleman (Mr. Emmerson) said, that if there be low rates on the Intercolonial Railway, it is not only the consuming population of the maritime provinces that enjoys the benefit, but that benefit is shared in by the producers of Ontario, so that there is a mutual advantage. I wish to place myself on record as being in favour of this resolution, and I endorse very strongly the sentiments expressed by the hon. member for Guysborough (Mr. Sinclair) who was not only in favour of taking over and operating the branch lines but who was in favour of developing those parts of the maritime provinces which have no railways, and which if they had would contribute greatly to the traffic on the Intercolonial. I want specially to point out that there are two sections in my county which have been settled for 100 years and which would be splendid freight producing sections but which are still without any railway facilities whatever. I ask the Minister of Railways to bear in mind the petition that has been in his department for some time asking the government to favourably consider the extending of a branch line from a point near the town of Newcastle to Tabusintac. It is well known to every one who is acquainted with the Miramichi river that this is a very rich part of the country and that a very valuable catch of fish is taken at the lower end of the river, which is at present from 15 to 20 miles from the railway point. I wish also to draw the attention of the minister to another petition which has been in his department for a long time, asking for the extension of the Intercolonial Railway from Indian town to Redbank a distance of 8 miles across the peninsula, between the two branches of the main river where there is at present a large saw-mill and a rich agricultural district. That district has also been settled for the last 100 years and they are still without railway facilities. I would point out that when you have these branch lines operated by the Intercolonial you can get the long haul on the freight. I might mention that there are 200 carloads of fish originating at the stations of Chatham and Loggieville, and when the Canada Eastern was owned by a private corporation this freight was hauled to Fredericton and then delivered to the Canadian Pacific Railway. But now, the Intercolonial Railway instead of carrying that freight at 10 cents per 100 pounds from Chatham to Fredericton, as was the case with the private corporation, they charge 13 cents per 100 for the same mileage and they have such control over the freight that if you do not give them the long haul they charge so much extra for the short haul, consequently, it is that the freight originating at Chatham and Loggieville now goes round the long haul on the Intercolonial Railway instead of going to Fredericton and thence over the Canadian Pacific Railway. This simply illustrates that every branch railway has a great deal to do with the routing of the freight that originates on it. For example, on the Kent Northern Railway the freight that originates at Hexton and Richibucto will go to Kent Junction and thence to St. John where it is handed over to the Canadian Pacific Railway, whereas if that branch was owned by the Intercolonial Railway and they could route the traffic originating on it they could divert it by way of Montreal and get the long haul. I heartily endorse what has been said by the mover of the resolution and I hope the day is not far distant when the financial conditions of the country will enable us to properly equip and maintain the branch lines of the Intercolonial, and to build such other branch lines that now in existence as will develop the traffic of that country and encourage industry and enterprise there."

Large consignments of mill machinery and a gasoline engine passed through here this week and is being hauled to Holmes Lake at the head of the Little South West Miramichi, for Arthur Robinson, who is having built for himself a complete machine shop, where blacksmithing, carpenter work and all necessary repairs can be done on the premises. John Robinson, Jr., general manager for Arthur Robinson is in charge of the transportation.

New Spring Goods.

We have just opened up a lot of real nice spring top coats. We have them both short and long.

Price from \$7.00 to \$14.00.

Also a lot of soft and stiff hats. There is nothing nicer on the market than a KING HAT. We have a lot of Boys' Oxford all-wool Pants

Price \$1.00. All sizes.

L. B. McMURDO, NEWCASTLE

OBITUARY.

JOHN SINCLAIR.

The death occurred at Chatham Sunday night at nine o'clock of John Sinclair, a prominent resident and at one time assessor of the town. Deceased was sixty-two years of age. He is survived by a wife, three children, Lillian, Lucinda and John, all at present residing in Chatham. A brother, Robert, and two sisters, Mrs. Alex. Jack, of Peterhead, Scotland, and Mrs. Hoyt, of Jamaica Plain, Mass., Newcastle, he had filled the Treadwell position since 1885. His salary was \$1,000.

CHARLES McKEL.

On March the 8th the sad news was received of the death of Charles McKel, who died in Bangor, Maine, March 1st of consumption. He was born in Upper Nelson, January 27th, 1870. He was a clever young man and well liked by all who had the pleasure of knowing him. He leaves four brothers: John, William and Herbert McKel of Upper Nelson and Douglas of Bangor, Me., and one sister Mrs. Allan Clark, of Upper Nelson, and his father also survives him. His remains are expected home for burial in a few days.

SLEEPLESS BABIES ARE SICKLY BABIES.

When babies are restless, sleepless and cross it is the surest possible sign that they are not well. Well babies sleep soundly and wake up brightly. Sleeplessness is generally due to some ailment of the stomach or bowels, or cutting teeth. A few doses of Baby's Own Tablets will put the little one right, and give it sound, natural sleep. Mrs. Jos. Gonnell, St. Evariste, Que., says: "I have found Baby's Own Tablets a splendid medicine for constipation and stomach troubles. I give them to my little girl and they keep her lively and well." Sold by medicine dealers or by mail at 25 cents a box from the Dr. Williams' Medicine Co., Brockville, Ont.

CASSILLS

We wish to let the world know Cassills still lives. We extend our sincerest regrets to Mrs. Allan McTavish and family in their recent bereavement. Mrs. Thomas Keys, of Red Bank, has gone to Chatham to attend St. Patrick's concert.

Miss Minnie Sutherland and Mr. Joseph Chaplin paid a flying visit to Millerton Sunday.

Many of the young people are planning to attend the St. Patrick's concert. We hope the night will prove favorable.

Mr. Robert Burns and Mr. David Blackmore have returned from the woods. Many pleasant smiles greeted their return.

Mr. James Keys has returned home. Miss Savoy, our school teacher, spent Tuesday evening with Mrs. Robert Chaplin.

A number of our young men paid a visit to Allison Settlement Sunday evening.

Mr. Perley Sutherland called at Mr. John McTavish's Sunday evening. From the Clouds.

DR. A. C. SMITH DEAD.

The funeral of the late Dr. A. C. Smith, head of the Lazaretto at Tracadie, took place Sunday afternoon at 2:30 at Tracadie and was very largely attended. Dr. Smith was 68 years old and leaves a wife, one daughter, Annie, living in Tracadie, and a son in New York. He married Miss Young, sister of late John Young, M. P. P., for Gloucester, and Hon. Robert Young, who occupied a seat in the council of a former provincial government. Dr. Smith formerly lived at

The Anderson Furniture Co., will locate at Halifax. They have met the requirements of the city as to the payment of living wages to their future employees.

Synopsis of Canadian Northwest Land Regulations.

Any person who is the sole head of a family, or any male over 18 years old, may homestead by a section of available Dominion land in Manitoba, Saskatchewan or Alberta. The applicant must appear in person at the Dominion Lands Agency or Sub-Agency for the district. Entry by proxy may be made at any agency, on certain conditions, by father, mother, son, daughter, brother or sister of intending homesteader.

Duties. Six months' residence upon and cultivation of the land in each of three years. A homesteader may live within nine miles of his homestead on a farm of at least 80 acres wholly owned and occupied by him or by his father, mother, son, daughter, brother, or sister.

In certain districts a homesteader in good standing may pre-empt a quarter-section alongside his homestead. Price \$3.00 per acre. Duties. Must reside six months in each of six years from date of homestead entry (including the time required to earn homestead patent) and cultivate fifty acres extra.

A homesteader who has exhausted his homestead right and cannot obtain a pre-emption may take a purchased homestead in certain districts. Price \$3.00 per acre. Duties. Must reside six months in each of three years, cultivate fifty acres and erect a house worth \$300.00.

W. W. CORY, Deputy of the Minister of the Interior.

N. B. Unauthorized publication of this advertisement will not be paid for. 11-37.

SAINT PATRICK

A Eulogy of Ireland's Patron Saint,
Written Especially for the
Union Advocate.

The name "Patrick" means in our own language, noble. I shall endeavor in these few lines to prove that St. Patrick, the zealous and self-sacrificing apostle of Ireland, was ever faithful, during his long and saintly life, to such a glorious name. For was it not for Ireland's conversion from Paganism to the faith of Christ, that this great apostle lived and died? In this short essay the different periods of his life will be presented to you, sons of St. Patrick, in a mirror, reflecting his eminent virtues, as a saint and apostle; in childhood, manhood and old age, crowning such a saintly life by a holy death.

According to the most reliable historians, St. Patrick was born A. D. 387, at Boulogne, in the north of France. Moreover, we read that his mother was a niece of St. Martin, Bishop of Tours, France.

Many miracles marked even the childhood of St. Patrick, among which is the healing of his own little sister by the single sign of the cross. From remote tradition, we learn that up to the age of sixteen he occupied his mind with study; but, specially, his heart with the culture of all Christian virtue.

Now came the days of trial. The apostle of Ireland, as all great and saintly men, was to be tried by God as gold in a furnace. It was in those days that he was carried away as a captive to the pagan shores of Ireland, and sold as a slave to Milcho, then a ruler in Ireland. We all know that he spent six years there, occupying himself solely with the singing of hymns and watching herds of sheep. One night, while on the watch, he was favored with a vision, and at the same time, he heard a heavenly voice, saying: "Go back to your native land." Patrick, obedient to this celestial voice, found at last, after many obstacles, a ship to carry him back to sweet France. On his arrival there, he returned to the celebrated monastery of St. Martin, of Tours, being then in the 22nd year of his age, A. D. 409. While in this holy abode, he was favored again with another vision. A dignified person appeared to him, bearing many letters from Ireland and handed to the saint one, on which were written the following words: "Holy youth, we implore you to come and walk still amongst us."

Up to now St. Patrick has appeared to us as a saint and a student, as we go on he will appear to us, in manhood, as an apostle, doubting no more he was called by God, to become the apostle of Ireland.

In order to prepare himself for such a noble vocation he placed himself under the guidance of St. Germain, Bishop of Auxerre, France. This holy bishop sent Patrick to a famous seminary on an island near Toulon, France,

where he spent nine years in retirement and study. It was there, that, as a reward, he received, according to tradition, his celebrated crozier—called the staff of Jesus,—which afterwards he always carried during his apostolic visitation through Ireland; and it was there also, on that very island, that he was later ordained a Priest of God. Shortly after his ordination he returned to live with his former friend, St. Germain, where he spent several years, in the work of the ministry, combating the enemies of the church.

In the year A. D. 430, St. Germain sent him to Rome, with high and honorable testimonials, to Pope Celestin the First, the worthy successor of St. Peter, as well as the predecessor of the now gloriously reigning Pius the Tenth. Pope Celestin received him kindly and issued Bulls, authorizing this consecration as Bishop. Having received the Apostolic Benediction from Pope Celestin he returned to France; and then, on his arrival was raised to the Episcopal Dignity.

Now, more than ever, the heavenly invitation of past years, from his Irish children rang in his ears, and moved his Apostolic heart. "Come, holy youth, and walk still amongst us" Bidding adieu to home and kindred he set out for Ireland with twenty well-tried co-laborers, A. D. 432. After a perilous voyage he finally landed on the historical coast of Down.

It is not my intention to narrate to you all the wonders he wrought in Ireland, they are too familiar to the true sons of St. Patrick; but I will draw your kind attention to a few.

The first Mass celebrated by St. Patrick, in Ireland, was in a barn, called to this day, St. Patrick's barn, although later a church was built on the very spot. Dicho, ruler of the district, where St. Patrick first landed was his first convert to Holy Faith. At Tara resided King Neill, he was not only a ruler, but was at that time, the supreme monarch of Ireland. St. Patrick decided to go there and plant the cross on the far-famed Hill of Tara, the then citadel of Ireland. In this noble battle he came out victorious; but strange to say King Neill himself did not become a convert, but always showed himself favorable to the noble work of St. Patrick. The preaching of Patrick at Tara, reminds one of the preaching of Paul at Athens, preaching the unknown God.

In 435 he held the first synod in Ireland; and during Lent of the same year he spent the forty days in fasting and praying God to make of Ireland, an island of saints. In this aim, he succeeded, for his evangelical march through Ireland was a continual and lasting conquest. In 445 he baptized another ruler in Ireland, whose name was Angus. During, or rather at the beginning of the ceremony, St. Patrick unintentionally pierced Angus' foot with his staff. The new convert thinking this a part of the ceremony, never murmured; and when asked why he had remained silent, he made this noble

answer: "I was ready, if necessary, to shed the very last drop of my blood for the faith of Christ. Noble answer indeed, well worthy of a true son of St. Patrick. This was, let it be written, to the honor of the Irish race, the only shedding of blood in Ireland, during the preaching of the gospel by St. Patrick, which lasted about 25 years, and brought the greater part of Ireland to the knowledge of Christ. In the same year A. D. 445, Patrick goes back to Rome; the Pope confirms all his labors; appoints him his legate; blesses him and gives him the most precious gifts. Filled with heavenly consolation, fortified by the Pope's blessing, Patrick returns to Ireland to continue with renewed energy and zeal his Apostolic labors, until A. D. 455, ten years before his death. Only then in the beginning of old age, third period of his saintly life, he resigned the Primacy over Ireland, and retired to Patrick's barn.

Was it not there that he made his first convert; said his first Mass; and built his first church?

Could he choose a sweeter spot? It was there also that he wrote the beautiful book called "His Confession"; and also drew the disciplinary rulers of the Catholic church in Ireland. His wish was to die in Armagh; and even started for there; but, on his way, an angel appeared to him and told him, that he was to die at "Saul Patrick" or Patrick's barn. Obedient as ever to God's voice he returned; and at the age of 78 years, on the 17th of March, A. D. 465, St. Patrick passed away from the scene of this life. Subsequently solemn obsequies were held, amidst the regret and tears of his spiritual children; and he was buried at Downpatrick, in the County of Down where later St. Bridget and St. Columbkille's sacred remains were laid. Hence the following verses of an Irish Poet:

"In Down three saints one grave fill"
"Patrick, Bridget and Columbkille."

That the life of St. Patrick was the life of a man of work, penance and prayer, yes, words and deeds prove it, for to the very last hour he preached the Gospel of Christ; he prayed a hundred times and more a day; fasted; and slept but little, using a stone for his pillow. He wore always a plain monastic habit; but his bearing and speech won all who approached him. Force and simplicity marked all his sermons. Tradition tells us that he was master of the Irish, French and Latin languages; and even knew some of the Greek. During

A LONDON DOCTOR.

Tells How to Cure Stomach and
Liver Troubles.

A distinguished London physician during the course of a recent lecture on stomach and liver troubles, gives the following advice:—

"Be moderate in the use of heavy, rich foods. Do not eat hurriedly, and thoroughly masticate the food. If your habits are sedentary, take a moderate amount of exercise before retiring and immediately upon arising. Do not use strong cathartic pills, many of which are advertised as 'sure cures,' but in reality do injury by weakening the system. If you find it necessary to use any laxative, stick to the old-fashioned vegetable mixture, viz:—

Fluid Extract Cascara 1-2 oz.
Syrup Rhubarb 1 oz.
Carruba Compound 1 oz.
Compound Syrup Sarsaparilla 5 oz.

Take one teaspoonful after meals and at bedtime.

This acts in a gentle, natural way, and is free from the weakening effects of strong purgatives.

The ingredients can be bought separately, and anyone can mix them at home. This information will be of benefit to our readers and is worth keeping.

A meeting of the guides of the North Shore will be held at the hotel Miramichi on Friday afternoon, March 19th. This meeting is called for the purpose of organizing a Guides' Association here. All registered guides are requested to be present.

BRYNTON.

The needs are very good conditions in this vicinity, and most of the young folks are taking advantage of them.

Surprise parties seem to be the order of the day. A number of the young folks gathered at the home of Mrs. Bell on Wednesday evening last. A very enjoyable evening was spent, games and other amusements were indulged in.

We are glad to hear that Mrs. R. G. Garmann is convalescent after a recent attack of la grippe.

Mr. and Mrs. Allan Brynton have arrived here from Houlton, Maine, to take up their abode with the former's parents, Mr. and Mrs. John Brynton.

Mr. David Manderville has returned from a very pleasant trip to New York where he attended the Sportsman's Show in Madison Square Garden.

Mr. Newton Brynton spent Thursday evening the guest of Mr. David Brynton.

Miss Lena Kelley is about to return home from Orinda, Maine, where she has been a patient in the hospital.

Miss Frankie Brown is visiting Mrs. David Manderville.

We are sorry to hear of the serious accident which happened to one of our prominent citizens one day last week.

Miss Lizzie Pet is has been called to her home in Blakely, owing to the illness of her mother.

Messrs. Everett and Ernest Brynton paid a flying visit to Black River one evening last week.

Mr. Arthur Lescroche is about to take his departure for P. E. Island.

Miss Jessie Mountain spent Saturday evening the guest of Mrs. Percy Brynton.

Miss Ethel Manderville intends opening up a dress making establishment the first of April.

Miss Ursula Craker of Villerville spent Tuesday with Miss Mary and Margaret Brynton.

Musical Wonders Coming

MAJOR AND MRS. TOM PLANT.

Major and Mrs. Tom Plant, of London, the musical wonders who have visited every part of the English speaking world and also a large part of Europe, will be in Newcastle, on Thursday next week, March 25th, when they will give the unique Musical Demonstration, entitled "Round the World in a Chariot of Music and Song." A dozen instruments will be used, and tickets will cost only 10 cents.

his Apostolic life he built many churches; consecrated Bishops; ordained priests; and raised to life many dead. After such a wonderful and saintly life, is it astonishing that St. Patrick stands today, after fifteen centuries, greater than ever, a living monument to his immortal glory?

In conclusion, let me repeat to you, dear Irish readers, the following sweet verses on this the Feast Day of St. Patrick:

"There is not a saint in the high courts of Heaven,
More faithful than He to the land of his choice;
Oh! well may the Nation, to whom he was given,
In the Feast of this Saint and Apostle rejoice."

AMICUS.

WHITNEYVILLE.

Mr. E. Harvey Whitney, who for the past week has been visiting his mother, Mrs. Lydia Whitney, intends leaving this evening for his home in West Superior. Mr. Whitney's many friends were all very pleased to meet him again after an absence of nearly sixteen years. Mr. Hiram Whitney of this place is his brother and Mrs. Jas. Mullin his sister.

Rev. W. E. McIntyre, D. D., Supt. of missions, visited the Whitneyville-Lyttelton field on Sunday. He delivered a most excellent discourse Sunday evening in the F. R. church.

Mr. Ernest Allison and his sister Miss Reta, of Newcastle, spent Saturday and Sunday with Mr. and Mrs. H. F. Whitney.

Miss Katie Menzies has returned home after spending the past month with her sister, Mrs. Catherine Donald of Upper Riville.

Messrs. Frank and Stanley Menzies are home again from the woods.

Mr. Mark Sinclair has returned home after spending the winter in Maine.

Mr. William Allison of this place, is suffering from an attack of La Grippe.

The Messrs. Agatha and M. Lillias Forsythe entertained a number of friends Saturday evening. Among the number were Messrs. Weldon McFavish and Andy Blackman, of Cassilis and Mr. Ernest Allison and his sister Miss Reta of Newcastle.

Mr. and Mrs. Benj. McFavish are receiving congratulations upon the arrival of a daughter.

Mr. and Mrs. P. A. Forsythe and daughter Millie, spent Sunday in Chatham with Mr. and Mrs. Walter Stapleton. Mrs. Stapleton is a nee of Mrs. P. A. Forsythe.

Mrs. Howard Whitney who has been very ill for the past few weeks is improving slowly in health.

Hon. J. D. Hazen has received a cablegram from Mr. C. A. Duff-Miller, agent general for New Brunswick in London, informing him that he is coming out to St. John in the S.S. Virginian.

Mr. Duff-Miller is coming to New Brunswick for the purpose of interviewing the government and Mr. Allan B. Wilmet, superintendent of immigration, regarding a vigorous policy of immigration which is to be inaugurated.

BROTHER TOLD BROTHER

One Suffered for Fifteen Years, the Other for Thirteen.

The convincing powers of a testimonial were never more clearly shown than in the case of Mr. Hugh Brown, a brother, Lemuel Brown, of Acadia, N.B., read in the paper about 1891. John Costigan being cured by "Fruit-a-lives." Knowing the Senator would only endorse a medicine which had cured him, Mr. Lemuel Brown tried "Fruit-a-lives." They cured him of chronic indigestion and constipation, and he urged his brother to try them.

Hartland, N.B., Oct. 28th, 1907.

"Three doctors told me that I had Liver Disease and serious Stomach Trouble. My stomach was very weak. I took their medicines for thirteen years and grew worse. My brother who was cured of terrible indigestion by 'Fruit-a-lives' after suffering for 15 years, recommended me to try these wonderful tablets. I bought half a dozen boxes and have just finished the sixth. I eat all kinds of hearty foods without distress and am greatly improved in every way. 'Fruit-a-lives' also cured the chronic constipation which was so distressing in my case."

(Signed) HUGH BROWN.

50c a box, 6 for \$2.50; a trial box, 25c. At dealers or from Fruit-a-lives, Limited, Ottawa.

Think of little, thin squares, sweet as honey, and coated with purest of smooth, rich chocolate, and you'll have a slight idea of the delicious confection known as Moir's Chocolate Chips. Buy a box and introduce yourself to them in reality.

CURBING PROVINCIAL CORPORATIONS.

As promised in the Speech from the Throne, Attorney-General Pipes of Nova Scotia, has introduced into the Nova Scotian Assembly a bill providing for the creation of a Board of Public Utility Commissioners which shall control all Nova Scotian corporations engaged in the operation of telephone lines and in the production of heat, light, water or power. Section 5 of the bill enacts that "Every public utility is required to furnish reasonably adequate service and facilities. The charge made by any public utility for any heat, light, water or power produced, transmitted, delivered or furnished or for any telephone message conveyed, or for any service rendered or to be rendered in connection therewith, shall be reasonable and just, and every unjust or unreasonable charge for such service is prohibited and declared unlawful."

The bill in general is summed up by the Halifax Chronicle as follows:

"The Public Utility Commission will consist of three members to be appointed by the Governor-in-council. The expenses of the board, including the salaries, shall be borne by the several public utilities, according to their gross earnings. The board shall have general supervision over all public utilities operating within the province, and is empowered to enforce compliance with the law and with such regulations and orders as it may from time to time make."

"Every public utility will be required to make an annual sworn return to the commission setting forth the amount of its authorized and paid-up capital, liabilities and assets, receipts and expenditures, dividends and such other statements showing its financial condition as the commission may require. It shall also file with the board its schedule of rates, tolls and charges, and no change therein shall be made except upon thirty days notice to the Public Utility Commission. The rates named in the schedule shall be the lawful rates, and public utilities are prohibited from charging any other rates or making any other charges than those specified in the schedule. Stringent provision is made against discrimination and the granting and receiving of rebates or special concessions, the penalty for violation of this prohibition ranging from \$50 minimum to \$500 maximum."

"The board is empowered to investigate complaints affecting the charges and operation of public utilities and to make such changes as the justice of the case under investigation may demand. Ample machinery is provided for the enforcement of the provisions and non-compliance with the regulations or orders of the board."

"The act will place the public utilities of the province under the supervision of an independent tribunal to which the public may appeal for redress of any wrong or relief from any injustice, exaction or hardship imposed by corporations serving the public. More particularly, it will be welcomed by the people of Nova Scotia as providing an easy and effective method of dealing with the matter of tolls for electric lighting and telephones, concerning which there has been complaint of late."

The lowest priced tea is not the cheapest. "Brown Label" "Salada" Tea at 25c per pound makes many more cups than any tea sold at 25c per pound. It is therefore not only more economical to use, but it is infinitely more delicious.

They are going to dam the Petitcodiac river and so give Moncton a harbor 20 miles long and one mile wide—all of which recalls a certain homely saw about a dam by a millite.

Don't lie awake nights, nervous and feverish. Ten to one your sleeplessness is caused by a torpid liver. A few days' treatment with 'Celery King' the tonic-laxative, will make your nights restful and strengthen your health.

25 cents at dealers or by mail. S. C. Wells & Co., Toronto, 250

Ten to One

WORTH ITS WEIGHT IN GOLD.

Mi-o-na Has Reached a Gold Standard, says Harry Ellis of Fergus, for Stomach Trouble.

Harry Ellis of Fergus, Ont., says: "I believe that Mi-o-na for the cure of stomach trouble, is worth its weight in gold. It cured me from a stomach difficulty that seemed to puzzle all other prescriptions and remedies. I was unable to eat, the food would ferment and form gas and make a serious pressure on my heart. There were terrible pains in the pit of my stomach, I became weak, drowsy, discouraged and later I got nervous and could not sleep or rest. This disease makes one feel like not wanting to see any human being and produces melancholia and forebodings. I was told to try Mi-o-na, and when I commenced on the first box I had hardly any food, but the first two days' treatment made the pain in my stomach cease, and to make a long story short, the upshot of my using Mi-o-na was that it cured me wholly, and I now can eat what I like and what I am hungry. I am an ardent advocate of the use of Mi-o-na."

T. J. Durick sells Mi-o-na Tablets, the dyspepsia remedy that is making such surprising cures throughout Canada, for 50 cents a box, guarantees them to cure, or money back.

The campaign against the great white plague goes bravely on. The Boston authorities have recently taken a step in opening on a public library roof a school for tuberculosis pupils; which is both educational and exemplary. In Providence there is a school which has sliding doors for walls, but even better results than those obtained there, may be expected from the Boston experiment.

CURE IT IN ONE DAY.

Coughs and Colds Disappear Like Magic When Hyomei is Used.

If the thousands of people who suffer from hacking and agonizing colds would arouse themselves sufficiently to follow this advice, they would cease to complain within 24 hours.

Here is the advice, if you take it and you afterwards say that you did, it won't cost you a penny.

Go to Durick the druggist, and purchase from him a Hyomei (pronounced High-o-mei) outfit. It will only cost you \$1.00. Take it home, use it according to directions and if it does not cure your cough or cold, take it back and Durick will refund the purchase price.

Mrs. I. Coon, of John Street, Acton, Ont., says: "I had a swelling come near my eyes which was caused by the catarrh condition. I had to cough up the bad impurities that dropped into my throat, and it felt as if a hard ball had attacked my right eye in my head, nose and glands near. A week's treatment of Hyomei overcame my trouble. I am glad to endorse Hyomei."

"When you use Hyomei you don't swallow nauseating drugs. You simply breathe in the soothing, pleasant and antiseptic Hyomei air through the little pocket inhaler, that comes with each outfit. As this medicated air passes over the inflamed parts, relief comes almost at once and cure follows."

Hyomei is also guaranteed by T. J. Durick to cure Catarrh, croup, grip and asthma.

A flood in Port Hope swept two fish into the office of the Port Hope Times where they were caught by the fisherman, Mr. J. G. Elliott. Thus is fish truth stranger than all the inventions of fishermen.

The wheels of activity are beginning to turn around once more with their former activity. Coincident with the announcement by the Railways Department has ordered that the dead-end of the Intercolonial comes the word that the big industrial shops in London are also to get on their feet. The recovery from the industrial paralysis has been slow, but it looks as if it were sure.

A TRAGEDY AND ITS LESSON

Upon a very large number of Italians and other foreigners who are employed in this province at present the lesson of the Plaster Rock tragedy will not be lost. One of the men sentenced to death at Andover on Saturday is said to have told an acquaintance that he understood the penalty for murder in this country was fifteen years' imprisonment. It is death.

The orderly but speedy course of justice here cannot fail to impress all outsiders who have been entertaining false ideas upon our methods of dealing with criminals. The prisoners in this case had no lawyer. The Crown pays one to protect them. The judge rules out evidence which was injurious to them but which he regards as having been obtained improperly. In a word, the state gives these men the full protection of the law; their rights are fully recognized. Conviction, however, was certain. The judge's brief charge shows what he thinks of the evidence. It admits of no doubt about the guilt of both men. The murder was the most serious. Honest fellow countrymen of the prisoners will recognize that they deserve death, and will note that, deserving it they do not escape. Telegraph.

PRESBYTERY MET AT NEWCASTLE.

Increase in Membership Last Year Over Two Hundred—Amounts Raised For All Purposes.

NEXT MEETING IN JUNE.

Important Recommendations on Sunday School and Young People's Work.

The annual gathering of the Miramichi Presbytery met here on the 9th instant. Moderator MacArthur in the chair.

There were present Revs. Dr. A. F. Carr, Campbellton; C. A. Hardy, Flatlands; J. H. Kirke, Dalhousie; Geo. P. Tatterle, New Carlisle; J. M. MacLeod, secretary, New Mills; J. R. MacKay, Tabusintac; A. D. Fraser, Blackville; J. G. A. Colquhoun, Millerton; E. E. Mowat, Redbank; H. J. Fraser, Loggieville; A. J. W. Myers, Black River; Geo. Wood, D. Henderson and J. M. MacLean, Chatham; R. H. Staver, Harcourt; A. D. Archibald, Rexton; F. C. Simpson, Douglastown; and S. J. MacArthur, Newcastle; and Elders John Robertson, Newcastle; John Sinclair, Chatham; and Joan Menzies, Redbank.

Rev. Clarence MacKinnon of Winnipeg was nominated for the Principals of Pine Hill Theological School. Rev. Dr. A. J. Mowat of Montreal, was nominated for the Moderatorship of the General Assembly.

The following were appointed commissioners to the General Assembly: Revs. MacKay; Kirk; Staver and H. J. Fraser; and Elders Sinclair, Menzies; Joseph Henderson of Bathurst; and W. R. McMillan of New Mills.

The following were appointed convener of standing committees:

Moral and Social Reform—Rev. F. C. Simpson.

Home Missions—Rev. J. M. MacLean.

Augmentation—Rev. Geo. Wood.

Foreign Missions—Rev. A. D. Archibald.

Sunday Schools—Rev. A. J. W. Myers.

Young People's Societies—Rev. H. J. Fraser.

Church Life and Work—Rev. Jas. Wheeler, Bathurst.

Systematic Giving—Rev. J. H. Kirk.

Evangelism—Rev. S. J. MacArthur.

French Evangelization—Rev. C. A. Hardy.

College—Rev. A. J. W. Myers.

Rev. Mr. Myers presented the report on Sunday School Work. The following recommendations were passed by the Presbytery:

(1)—That an adult Bible Class be organized wherever possible.

(2)—That hearty co-operation be given to the N. B. and P. E. I. Association.

(3)—That a Cradle Roll and Home Department be organized in every school.

(4)—That a series of Institutes be held in parts of Presbytery untouched last year.

(5)—That every school contribute to Missions setting aside, if possible, the contributions of the first Sunday of each month.

Rev. H. J. Fraser presented report on Young People's societies. The Presbytery recommended:

(1)—That ministers in all congregations where societies do not now exist make an earnest effort to organize some form of young people's work during 1909.

(2)—That an hour's conference of this department be held at next quarterly session of Presbytery.

The statistical report of Rev. J. M. McLean, secretary, showed that there are in the Presbytery 17 self-supporting congregations; 5 augmented congregations; 3 mission charges; 21 mission fields; and 23 ministers on the Presbytery roll. The gain in membership during the year 1908 was over 200. The total sum raised for mission purposes was \$9,000 of which Campbellton raised \$1,295 and New

CASTORIA

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of *Dr. J. C. Fitch* and has been made under his personal supervision since its infancy. Allow no one to give you in this. All Counterfeits, Imitations and "Just-as-good" are but experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is Pleasant. It contains neither Opium, Morphine nor other Narcotic substance. Its age is its guarantee. It destroys Worms and allays Feverishness. It cures Diarrhoea, Wind Colic. It relieves Teething Troubles, cures Constipation and Flatulency. It assimilates the Food, regulates the Stomach and Bowels, giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

GENUINE CASTORIA ALWAYS Bears the Signature of

Dr. J. C. Fitch

The Kind You Have Always Bought

In Use For Over 30 Years.

THE CENTAUR COMPANY, 27 MURRAY STREET, NEW YORK CITY.

Mills, \$1,029; Newcastle raised for all purposes \$4,633; Campbellton, \$4,222.

The Women's Foreign Missionary Society raised \$2,315, of which the Campbellton section collected \$364; New Mills \$326; and Flatlands \$249.

Rev. S. J. MacArthur reported on Church Life and Work; Rev. A. D. Archibald on Systematic Giving and Rev. F. C. Simpson on Moral and Social Reform.

Next quarterly meeting will be in Campbellton on fourth Wednesday in June. Adjourned.

NINETEEN MILES COVERED IN TWO AERIAL FLIGHTS

At Height of Forty-five Feet Aviator McCurdy was in Air Thirteen Minutes in 'Silver Dart.'

RADDECK, N. S. Mar. 11—Douglas McCurdy made two flights yesterday morning in the aerodrome 'Silver Dart' aggregating about nineteen miles in measured course in a straight line of four miles. This route is marked at half mile intervals by spruce trees planted in the ice and passes through the harbor at Raddeck. The engine was removed yesterday afternoon from McCurdy's 'Silver Dart,' and experiments will now be resumed with Dr. Bell's tetrahedral aerodrome Cygnet second, the fifth aerodrome built by the Aerial Experiment Association. Another despatch says:

The Aerial Experiment Association continued experiments this morning with drome number four, Mr. McCurdy's 'Silver Dart.' A course of four miles having been previously measured off in a straight line over the ice on the Bras d'Or Lakes from Dr. Bell's Laboratory, past the town of Raddeck to a point beyond Stony Island in St. Patrick's Channel.

Douglas McCurdy made two successful flights over the measured course, remaining in the air twenty minutes in the first flight, and thirteen minutes in the second, keeping at an elevation of about twenty five feet throughout the first flight, arising to forty five feet in the second, making graceful turns and landings and covering a distance including turns of a little over nineteen miles.

INHALED TOO MUCH GAS.

TORONTO, March 9—Unconscious from inhaling illuminating gas, which had poured into her room all night, Miss Lydia Duncan, of Campbellton, New Brunswick, was discovered at ten o'clock this morning in a room at the Palmer House. As soon as possible, aid was rendered her, and Dr. Bruce Riordan had her taken to Grace Hospital, where she is recovering.

Miss Duncan is here to attend the convention of 'Home Circle.' In turning the gas off she accidentally turned the jet half on again.

Miss Duncan is a daughter of Mr. Geo. Duncan of Campbellton and her many friends trust that her recovery will be complete.

It's nothing to a man's credit if no one will trust him.

He isn't much of a baker who eats all the bread he kneads.

literally glazes any floor—yet isn't slippery to walk on—wears wonderfully—and keeps the room practically free from dust. Any woman can apply Floorglaze easily—it dries hard overnight—it will never crackle nor flake. Water won't affect it—so Floorglaze is good for outdoor woodwork (steps, verandas, etc.) as well as ideal for house floors. Comes in ten beautiful shades—a gallon coats 500 square feet. Ask at the paint store for Floorglaze, or let us send valuable FREE booklet. IMPERIAL VARNISH & CO. LTD., LIMITED, OF TORONTO.

RESTIGOUCHE

CIRCUIT COURT.

Campbellton, Mar. 12 The Circuit Court concluded its sitting at Dalhousie Thursday afternoon.

There were three criminal cases.

The King vs. McDonald.

The King vs. Kerr.

The King vs. Chinnour.

Much interest was taken in the case of the King vs. McDonald. This was for indecent assault. The defendant, it was alleged, had for some time been in the habit of waylaying young girls, chasing them and taking hold of them. He was arrested and at the magistrate's court sufficient evidence was submitted to warrant his being sent up for trial. At the court trial only one witness, besides the chief of police was examined and the material evidence, in the opinion of the jury, was not sufficient to convict. A. E. G. McKenzies, Esq., was for the defence.

The King vs. Kerr—This was for theft. The accused was charged with taking \$95 from a passenger on the Maritime Express some time ago. He was arrested, and practically admitted his guilt. The jury found him guilty but recommended him to the mercy of the judge. Mr. A. E. G. McKenzies, his lawyer, who handled the case very cleverly, produced letters and telegrams from Chatham parties, where Kerr belongs, stating that he always bore a good character and under these circumstances the judge sentenced him to five months in the Dalhousie jail, with hard labor.

In the case of the King vs. Chinnour the jury acquitted him. A. T. LeBlanc for defendant.

JUSTICE MISARRIED

(Campbellton Graphic)

The acquittal of Jack the Huggon, is certainly a miscarriage of justice.

That Jack was guilty of serious offences against several young ladies in town, there is not a shadow of doubt, and nothing should have been spared to prove the charges against him. At the examination before the magistrate a number of witnesses positively identified McDonald, and the evidence was sufficient to justify the magistrate in sending him up for trial.

In conducting the trial the crown seems to have made a serious mistake. Instead of making the complaint against McDonald appear to have been arrested on the information of one young girl only, and she was the only witness called. At the trial this witness was not able to positively identify the defendant, and it appeared that he had not treated her as roughly as he had done some others.

Why this young lady was singled out of a number we are not in a position to state, but from the surface it seems that it was done to spare the feelings of several worthy daughters of worthy Campbellton families. While this is natural, yet we think that it is the duty of every right thinking citizen to uphold the law, even though it be a somewhat unpleasant duty.

One thing is clear, a rogue has been allowed his liberty, and we would suggest, much as we regret to have to do so, that the fathers of the abused girls form themselves into a committee and give the villain a severe horse-whipping if he ever shows his face in Campbellton again.

PARISH OFFICERS

FOR 1909.

ROGERSVILLE.

Parish Clerk—Fidele Richard.

Collector of Rates—Andrew F. Arsenault, Thos. Chaisson.

Overseers of the Poor—Alphe Petre, Andrew L. Doucette, Wm. Aubain.

OBITUARY

MRS. CLIFFORD MCKAY.

On the evening of Thursday, March 11th, Mrs. Clifford McKay, of Moncton, passed peacefully away at the early age of 22 years.

The circumstances of her death are particularly sad. Only a little over nine months ago Mrs. McKay was a bride, and already death has claimed her. She leaves an infant child and an almost heart-broken husband.

On Friday morning a service was held in Mr. McKay's home, Moncton. This service was conducted by Revs. S. D. McDermid and R. H. Staver.

The remains were brought to Harcourt on the noon train on Friday.

On Saturday at 2 p.m. the funeral service was held at the home of Mrs. McKay's father, Mr. Jonathan Gail, Trout Brook. The service was conducted by Rev. R. H. Staver.

The funeral was one of the largest ever seen in that section of the country. Interment was in the Mill Branch Presbyterian cemetery.

Deceased was a young woman of very estimable character, well educated, a school teacher before marriage, and on the threshold of a promising career, when death called her up higher. The bereaved husband and family have the sympathy of all who know her.

Owing to the town's account at the Bank of Nova Scotia being overdrawn to a large extent, the mayor and treasurer of Chatham have been authorized to borrow \$25,000 for use until the taxes come in, that money may be had for the town's financing.

Legislation will be asked at the coming session of the New Brunswick Legislature to permit Daniel Donohue of Newcastle, to assume and adopt the name of Bryan Hennessy.

SIGNALS OF DISTRESS.

Newcastle People Should Know
How to Read and Heed Them.

Sick kidneys give many signals of distress.

The secretions are dark, contain a sediment.

Passages are frequent, scanty, painful.

Backache is constant day and night.

Headaches and dizzy spells are frequent.

The weakened kidneys need quick help.

Don't delay! Use a special kidney remedy.

Booth's Kidney Pills cure sick kidneys, backache, and urinary disorders. Newcastle evidence proves this statement.

Mrs. Archie Wright of Green St., Newcastle, N. B., says:

"My back was so sore and painful that I could not stoop to lace my shoes and I suffered constantly with dull, sickening headaches. A dull, bearing down pain had settled across the kidneys and caused me so much suffering that I could not sleep or rest anytime. I became weak and run down and my eyes were sore and felt as though they were filled with particles of sand. I tried Booth's Kidney Pills on recommendation of a neighbor and they cured me of each and every symptom of kidney trouble. I used Booth's Kidney Pills also and I have never had to use a cathartic of any kind since. I had used many different constipation remedies but had not found other than temporary relief. My son, Robert, had suffered all over the country for kidney trouble but found no relief until he had used Booth's Kidney Pills. He is stronger and better in every way. Booth's Kidney Pills have certainly been a blessing to our home and I am glad to tell other sufferers what they did for me."

HAR COURT.

HAR COURT, March 13.—Miss M. K. Stevens's many friends will regret to hear of a painful accident she met with on Sunday evening last. When coming from church she slipped on the icy sidewalk, and fell, breaking the thigh bone.

On the same day, Mrs. Wilson of Malden, Mass., who has been spending the winter with relatives in this vicinity, met with a like accident. Mrs. Wilson is at present visiting at the home of her nephew, Bedford Black, Trout Brook.

Miss Pauline Lennox of Rexton, was a guest this week of the Misses Wathen.

W. W. P. is gone to Boston on a business trip.

Mrs. D. J. Buckley and daughter, Yvonne, spent part of the week with relatives in the village.

Miss Lizzie O'Connor, teacher at Harley Road, went to Coal Branch today to spend Sunday with Miss Kate Swift.

Rev. R. H. Staver was in Chatham this week attending the meetings of the Miramichi Presbytery.

Mr. and Mrs. Frank McWilliam, accompanied by Messrs. Russell and Emmerson Call, left on Thursday night for Sackville, where they have taken a homestead.

HAR COURT, Mar. 15.—Miss Robertson of Bathurst, spent Friday afternoon and Saturday with Mr. John and Miss Margaret Robertson.

Mr. Robert Smallwood of Moncton, spent Saturday and Sunday at his old home here.

Mr. Leslie Gail of Guilford, Me., came home on Saturday to attend the funeral of his sister, Mrs. Clifford McKay.

Rev. R. H. Staver attended a meeting of the Moral and Social Reform Council in St. John on Wednesday last.

Mr. Rupert Lewis of New Mills, is visiting at the home of his uncle, Mr. J. W. Lutes.

Suggestive Questions on the Sunday School

Lesson by Rev. Dr. Linscott for the

International Newspaper Bible Study Club.

March 21st, 1909.

Review.

Golden Text. They that were scattered abroad went everywhere preaching the word. Acts viii.

The following review scheme can be used with profit by all the newspaper clubs who are taking up the Bible studies, whether having actually studied the eleven lessons here reviewed, or only one of them, or whether this is the first lesson which has captured a reader's attention for while it is a "review," it is also complete in itself.

The date and title of each lesson and where found, the Golden Text, and one question on each lesson follow.

Jan. 3. Acts i:1-11. The Ascension of Our Lord. Golden Text: Luke xxiv: 51. It came to pass while he blessed them, he was parted from them, and carried up into heaven.

Ver. 10, 11. Would the coming of the Spirit of Jesus on the day of Pentecost, be the return of Jesus as these two men meant?

LOCAL NEWS.

Boy's stockings 20 cents per pair at McMurdo's.

Canada is the third silver-producing country of the world.

Farmers of Grand Digue, Shediac and Botsford have decided to erect a co-operative grist mill.

MIRAMICHI MAN

DIES AT BANGOR.
Charles McKell, of Chelmsford is dead in Bangor Me., after a lingering illness, aged 39 years.

Boy's caps, boy's suits, boy's shirts, all new, all prices at McMurdo's.

EYE SPECIALIST COMING.

O. J. McCully, M. D. M. R. C. S. and Specialist in diseases of the eye, ear, nose and throat, will be at the Robertson House, Bathurst, Thursday, March 18th, where he may be consulted.
P. No. 21-2 wks.

Chatham has adopted a new tax schedule for non-residents doing business in the town:

Doctors, dentists, etc., \$20 per year; fortune tellers, etc., \$20; veterinary surgeons, \$10; laborers, \$5; other employments, \$8.

At the last meeting of Northumberland Lodge, No. 17, A. F. & A. M., Tuesday evening, Mayor Miller, G. F. Ward and Randolph Crocker were appointed a committee to make arrangements to hold a ball in Newcastle the week following Lent.

A. H. Fryers, I. R. C. driver, who had his leg so badly scalded in the mail train wreck near Campbellton about six weeks ago, is still confined to his bed. The burn on his leg are healing slowly, but it will be some time before he will be able to be around.—Times.

If you wanted a horse shoe would you go to a shoe maker? Not likely. You would go to the man who made it his business shoeing horses. Furnishing and clothing is our only business. We give special care in buying. Our stock is clean, reliable and up-to-date.
L. B. MCMURDO.

A syndicate composed of Miramichi and Bathurst people have taken over the Allison mine which is situated at Nigado, Gloucester County, about twenty miles from the Drummond mine. They have bored down two hundred and fifty feet and have gone through five feet of ore. This ore is considered to be of a very high grade, and is equal, if not superior, to any discovered.

Wednesday afternoon at 1 o'clock there will be a business session of the Newcastle parish Sunday School Association, presided over by Rev. S. J. MacArthur, president. The field secretary, Rev. J. B. Ganong, will be present, and a full attendance of Sunday school workers will be requested. In the evening, a public meeting will be held at which addresses will be delivered by Mr. Ganong and others. The public are cordially invited. Both meetings will be held in St. James Hall. Collection in the evening for Sunday school work.

Sav. Jim, McMurdo always carries the best clothing in Newcastle but this new spring stock he is blowing about is the slickest lot of suits ever saw.

MINARD'S LINIMENT CO., LIMITED, Have used MINARD'S LINIMENT for Group found nothing equal to it, sure cure.
CHAS. E. SHARP, Hawshaw, N. B., Sept. 1st, 1905.

The railroad companies of Canada are co-operating with the committee in charge of the National Missionary Congress to be held in Toronto, March 21st to April 1th, and have granted a rate of a single fare for the round trip. On account of the annual meeting of the Women's Home Missionary Society of the Presbyterian church, a large number of ladies will take advantage of the special rates. An extension of time will be allowed by the Western roads, so that delegates from a long distance may remain East till the last of April. It is expected that about 5,000 persons will be in attendance at the two meetings.

Boy's cashmere sweaters just arrived at McMurdo's.

The United Baptist pulpit will be occupied next Sunday by Rev. Dr. Jos. McLeod, one of the Editors of the Maritime Baptist.

Mr. Patrick Perry went to Moncton last week to enter the City hospital, where he will receive treatment for stomach trouble from Dr. Ferguson. His son, Frank, accompanied him.

Everything a man could desire for Easter can be found at the men's furnishing store, McMurdo's. New Easter ties, Easter shirts, Easter gloves.

Guides John Connell, David Manderville and Ed. Menzies, who were in New Brunswick sportsmen's exhibit, returned home Wednesday night. They express themselves as being well pleased with their trip and feel confident that a greater number of American sports will come to the Miramichi next year than ever before.

Say, boys, McMurdo has opened up 200 mens and youths suits. They are all the newest creations in colors. Made from the very latest English worsted.

A SUCCESSFUL MIRAMICHI MAN

E. H. Whitney of Whitney Bros., West Superior, Wis., leaves for home to-day, after a short visit to his home in Whitneyville from which he has been absent sixteen years. His mother, Mrs. Lydia Whitney, and brother, Hiram, live in Whitneyville. Mr. Whitney has prospered greatly since going West. Whitney Bros. are in the contracting business, in which they have had much success.

HEWSON UNSHRINKABLE UNDERWEAR IS BEST.

The contract for building the stone annex to Harkins Academy has been awarded to Henry Ingram of Newcastle, and John MacDonald of Chatham. The contract price is \$37,000.

John White, the negro who assaulted the station master at Harcourt, a few days ago, was arrested Friday evening, at Roxton, by Provincial Constable Ferguson and lodged in the county jail at Richibucto. Preliminary examination will be held as soon as witnesses can be got from Harcourt.

SERMON ON SAINT PATRICK.

In the Methodist Church Sunday night, Rev. H. C. Rice preached on the life of Ireland's great Missionary, St. Patrick, according to the preacher, was a native of Banaven, on the Clyde in Scotland, and a son of a deacon in the Scottish Church. He was carried away to Ireland in a Military raid, and later returning to Scotland decided to go back to Ireland and evangelize the people. He had great success being the means of Christianizing the whole island. He was born about the close of the fourth century and died in the latter half of the fifth.

At Chatham the North Shore Automobile Association has been formed. F. M. Tweedie, P. A. Snowball, A. McLennan, W. L. T. Weldon, J. D. Irving, Dr. McNichol and J. W. Miller were elected an executive committee. The Fundy Tidal Power Co., through James Friel, Dorchester, are applying for incorporation and power to construct dams across the Petitcodiac river, between Moncton and Fort Folly Point, across the mouth of the Memacook river, and also across Shepody, Tantramar, Anlae, Missiquash, La Plante, Macan, Nappan, Hebert, Axon, Shubenacadie and Stewiacke rivers and the head of Cumberland Basin and Basin of Minas, and thus develop electric power.

A man who never accomplishes anything always looks the part.
Ever notice how much happier you are when you render others happy?
The more money a man has the more he is abused—and the less he cares.
It's awfully hard to find your confidence after it has been misplaced.
When you are expecting an opportunity it usually misses the train.
