Cynthia Grey's Mail-Box

Likes Hot Biscuits.
Dear Miss Grey—I take much pleasure in your page every day and indeed find many interesting and helpful hints in it, but there are a few things I have not seen yet which I would like to see some time soon:
1. A pattern for little boys' Oliver Twist suit.
2. A recipe for hot biscuits.
3. A recipe for patty cakes.
Yours truly,
MARION.

Ans.—1. I am sorry, but we have no pattern of this sort in the pattern department, or I should see that it was published at once.
2. An excellent buttermilk biscuit recipe, for hot biscuits, is: Sift 4 cups of flour, add ½ teaspoon salt and rub in 1 tablespoon lard and 1 of butter; dissolve 1 teaspoon soda in half a cup of buttermilk, or sour milk, stir in well, add enough of the milk to

make a soft dough, roll out, cut out, and bake quickly.
If you prefer baking powder biscuits use the same amount of shortening as above, rub into 2 cups of flour, add a level teaspoon of salt and 2 teaspoons baking powder, mix all well. Add a cup of sweet milk and enough more flour to make a soft dough. Roll out, cut in rounds and bake quickly.
3. Patty cakes—One egg well beaten, ½ cup granulated sugar, 1-3 cup shortening (half butter and half lard), 1 cup milk, 2 teaspoons baking powder, teaspoon lemon extract, grating of nutmeg; stir in flour enough to make a soft sponge, dip into small time, sprinkle a few currants on the top of each and bake quickly.

Did the Red Men Know?
Dear Miss Grey—I had a little girl cousin born on St. Patrick's Day, March 17. I would be very much pleased if you would mention a few nice names for her.
2. Could you tell me who invented making maple syrup?
3. I am 10 years old. What do you think of my writing?

HUMMING BIRD.
Ans.—1. A list of pretty girl names appeared in this column on Friday last; perhaps you noticed it. Patricia is a favorite name for girls born on March 17, as it is the feminine for Patrick. The Indians knew the secret of it, for certainly it was known to the earliest of Canadian settlers, who probably learned about the maple sweet from their red brothers.
2. Very good for your age.

Thanks the Readers.
Dear Miss Grey—I wrote to you before, and it brought such good results that I am tempted to write you again. Would you thank "Mrs. Homebird" for so kindly coming to the rescue about painting the carpet as I was able to

make a success of it through her instructions, and would also like to thank "Matron" for her washing fluid recipe which has saved me many a weary hour of labor, and the clothes wear better by not being rubbed to pieces and look nicer and brighter with less work.

I would like also to express my opinion as to "Star Trek Guides" and the "Wife of a Good Looking Man," as it is just those who form such high ideals and believe their men more than human that produce such disappointed wives like the latter. If we realize that our husbands are human like ourselves and are prepared to "bear and forbear," married life can be very happy, indeed, as I can prove, being 16 years married. I also disagree with her that a husband likes his mother best, although I can sympathize with "Much Trouble" for the mothers put on their best behavior when the son is at home and say the little stalling things when hubby is not there to take his wife's part.

Will inclose words of "My Dad's the Engineer."
Miss Grey, do you or any of the readers who so kindly come to our rescue know of a way to make homemade dustless mops?

WOULD-BE-HELPER.
Ans.—Some time ago a reader, whose name I have not kept, sent us the following practical suggestions for the dustless mop: One way is to get a mop handle from any hardware store; tear or cut into strips old flannel or cashmere stockings about an inch or an inch and a half width and about twenty inches long; fill mop head full of the strips, the fuller the better; take one cup of coal oil and about quarter cup of linseed oil (paint oil); dip the mop into the mixture; leave in for an hour or so; put a stone or flat iron on to press it in the mixture, then hang out in the open air for a day or so to evaporate the oil, and it is ready for use. The wash dish is a good thing to put the mixture in, as it does not injure it in the least. Have used one of these mops for over a year. It is excellent; one oiling will last for months, when it can be washed and oiled again.
Thanks for sending the song; our readers "Mrs. Homebird" and "Matron" hints helped.

Child's Hair Split.
Dear Miss Grey—Will you please tell me what to do with my little girl's hair, as it splits and will not grow and keeps to thin. I keep cutting the ends off and I have tried egg shampoo and also vasoline without success. Her age is five years.
JOSIE.
Ans.—This would indicate that the child is run down in health, I think, as that often affects the hair more than we realize.
I should suggest your taking her to a doctor. A good idea, too, is to cut the little one's hair very short, persist with the vasoline treatment, and each month clip a little bit off the ends of the hair.

Wednesday's Child.
Dear Miss Grey—As this is my first time in writing to you, will you please answer the following question for me:
1. What day of the week did March 13, 1895, come on, and what does the day mean?
2. Would you please give me a recipe for bean salad which is made from boiled mackerel? I have lost it somewhere and would like to have it again.
3. Please publish me a pattern of an infant's long dress, or tell me where I can locate one?
4. What do you think of my writing?
5. If any of the readers would like the song "My Johnnie Lies Over the Ocean," I would be glad to be a little help to the "Mail-Box." It's a soldier piece.
Yours truly,
BONNIE.

Ans.—1. Wednesday. The old rhyme has it, "Wednesday's child is loving and giving."
2. Use either fresh or canned green beans; simply drain as dry as possible, place in the salad bowl with some shredded lettuce, and pour over either a boiled dressing or mayonnaise.
3. Any of the local drygoods stores will be able to supply a pattern of this kind.
4. Not particularly good.
5. You do not mean "My Bonny Lies Over the Ocean," do you? If it is an old song send it along.

From "Bachelor Bob."
Dear Miss Grey—I like your page particularly for two reasons. One is for the comforting words the married women write for each other with regard to bringing up their "hubbies," as they call them; and the other is for the splendid advice you give those young girls of sixteen who are everlastingly (excuse the word) wanting to know if they are old enough to have a "fellow."
Now in the name of a respectable

NEW SLEEVELESS JACKET.

young bachelor, may I intrude on your page once. Have a fairly good education, but haven't acquired so much knowledge as yet but what I can come to Cynthia Grey for help.
1. Are the editors of those American papers and magazines that are condemning "Billy" Sunday so outrageously justified whatever in their criticism in Philadelphia and other places?
2. My cousin informs me that within the past few months she has posted three letters (all properly addressed and stamped) and none have reached their destination. She wishes me to investigate matters. Can you advise me how to go about it?

3. From what are toasted corn flakes made, and how are they made?
4. Do you think keeping back tends to make one "crustier" or in anyway discourteous in his manner? If so, what would you advise to counteract it?
5. What do you think of "S—" as a spring tonic?
6. Could you give me the name of some real good book suitable to send my mother for a birthday gift. She is a great reader and particularly fond of biography.
7. What causes those small growths—called "sists." I believe—that come on the scalp? I have one about the size of a small marble. Should I have it removed, or not, and if so, how?
Yours graciously and gratefully,
"BACHELOR BOB."

Ans.—I am afraid you have missed the Barney Stone, "Bachelor Bob," for really I feel more flattered than I can say to have an independent male creature like yourself seeking counsel from poor me. I only hope these answers come in time to be of use in selecting the birthday gift.
In regard to your first query, I have not read the criticisms you speak of, but should certainly say I do not think such condemnation deserved. I believe that Mr. Sunday, in his unique way, does a great deal of good and reaches many people who never enter a church.
2. Better visit the postoffice and consult the assistant postmaster.
3. Well, dear, I suppose "Bachelor Bob," as he is called, could set up a rival establishment and make my fortune.
4. I think for either men or women, the independent life tends to make them selfish. By "independent" I mean a life lived in the place of business and a boarding house, with no one to depend on. When a businessman or woman boards at home, there are other interests to occupy the mind. Of course it depends very much upon the character and disposition of the man or woman, whether "crustiness" results. If the subject causes you much anxiety, why not try the counteracting effects of married life?
5. Know nothing about it. Sorry.
6. Graham Balfour's "Life of Robert Louis Stevenson," Porter's "Life of Charles Dickens," "The Story of My Life" by Helen Keller, are all very interesting volumes that would be suitable.
7. I think...
I do not know what causes them; better have it removed by a surgeon. The operation will not be particularly painful.

Dear Miss Grey—I am sending you an old recitation I have known for years; maybe some one would like to read it. I often feel like writing when I read so many letters from unhappy wives; we could all be the same, but when we get married we must expect

MY DAD'S THE ENGINEER.
[Sent By "Would-Be-Helper."] We were none of us thinking of danger
As the train sped on in the night
Till the flames of a burning forest
Made the passengers wild with fright;
When a tiny maid near a window
With a smile said, "There's nothing to fear."
I'm sure that no harm can befall you,
My dad's the engineer!"

Chorus:
"Daddy's on the engine, don't be afraid,
Daddy knows what he is doing," said
The little maid, "and danger don't
We'll soon be out of danger don't you ever fear,
Everyone is safe, because my dad's the engineer!"

With the sparks falling closely about us,
Through the flames we sped on so fast,
And the brave, little maid's father brought us
Through the danger all safe at last;
And the proud, sweet face of his lassie
And the words of the calm, little dear
Will live in my memory forever,
"My dad's the engineer!"

Chorus:
Daddy's on the engine, etc.

"LUCKY PENNY" FOR RED CROSS NURSE
Local Council of Women Give Token to Miss McIntosh.
Prior to her departure for Toronto, and from thence to England, Miss McIntosh, the London Red Cross nurse, who leaves the city shortly, was presented yesterday with a \$10 gold piece from the Local Council of Women and a gift from Mrs. H. A. Boomer, the president. An appreciative letter accompanied the remembrance, as follows:
"Dear Miss McIntosh—Will you accept from us the enclosed gold piece and a personal offering for incidental uses from the sisters of the Local Council of Women. May it prove a little 'lucky penny' for you, for it conveys a great deal more than its mere monetary value. It stands for very

warm regard, a good deal of pride in the wise selection of the local branch of the Red Cross Society, and represents sincere prayers and warmest good wishes for a successful issue to your efforts on behalf of those to whom you will minister across the ocean.

"Your comrades on this side will always feel the deepest interest in your career and follow it step by step as the story may reach us from time to time. May God bless, prosper and protect you in the special message entrusted to me to give to you.
Yours sincere friend,
"MRS. H. A. BOOMER."

NOW THAT MR. JOHNSON HAS BEEN BEATEN ALL THE PORK AND BEAN FIGHTERS IN THE WORLD WILL BE WILLING TO FIGHT FOR THE HEAVYWEIGHT TITLE

Willard Leaves Cuba; Johnson Sees Him Off

New Champion Will Go Straight To New York, Where He Will Arrive On Friday—Crowd Gives Him A Big Farewell As Steamer Sails.

Havana, April 7.—Jess Willard, the new heavyweight champion pugilist of the world, left Havana with his party at 11 o'clock this morning for New York, where he is due to arrive on Friday evening. The party will travel via Key West, Jacksonville, Charleston, Richmond and Washington.

The crowd at the dock to say goodbye to the champion was so great that the sailing arrangements were somewhat interfered with, and the vessel, which should have departed at 9 o'clock did not get away until two hours later.

Jack Johnson, who came down to the steamer, shook hands with the conqueror, and said:

"I wish you all the luck you could wish for yourself. I hope you can make a heap of money. Be sure to save it."

Willard answered with his best wishes, and said:

"I will see you in Europe."

He appeared to be affected by the incident. Johnson was given a great reception by the crowd.

The Cuban rights for the moving pictures of the Johnson-Willard fight were sold today for \$10,000.

Jack Johnson is still here. He is preparing to go to Santiago, whence he will sail for Jamaica and then to France by way of Martinique. Although it was announced last night that the gate receipts of the fight were \$110,000, no one in Havana seems to have definite information on this point. Various stories have been given out, placing the amount at \$60,000 up to \$110,000. When the announcement was made that \$110,000 had been taken in, various stories were presented by persons who participated in the arrangements for the fight. Later the amount was named as \$60,000. Waterloo County League Needs 2 More Ball Teams

Berlin and Waterloo Clubs Have Been Forced To Drop Out.

[Special to The Advertiser.]

BERLIN, April 6.—There was no meeting of the Waterloo County Baseball League here tonight, when it was supposed to draft a schedule for the season, the meeting having been postponed for one week. It was intended at the annual meeting to have a six-club league composed of Galt, Preston, Hepler, Waterloo, Berlin and Elmira, but this plan has already fallen through. The Berlin Cubs decided to leave the league alone and stick to the city league stuff for another year. Waterloo is practically barred on account of the league going to be run on strictly amateur lines.

WINNIPEG CLUB LOSES APPEAL FROM BOARD

CINCINNATI, Ohio, April 6.—The National Baseball Commission today dismissed an appeal from a ruling of the National Board, brought up by the Winnipeg club of the Northern League, relative to the reorganization of that league. The National Board had ruled that a change in the ownership of a club was an internal affair of the league and was permissible if made for the benefit of the league and the benefit of baseball in general.

The Northern League reorganized last December by replacing Winnipeg in its circuit, and awarding the Winnipeg franchise to new owners. The Winnipeg club protested that such reorganization was irregular and illegal, and appealed the case.

The commission recommended that an amicable adjustment be made by the Winnipeg club and the Northern League, but if this cannot be done that the case be taken to the civil courts.

Red Sox Look Like Best Bet in American League

Carrigan Has Fine Ball Club That Shows Up Well in Every Department—Should Capture Pennant Easily Barring Accidents—Wagner and Hobbs Coming Back.

Here is the team! There is left among us one real ball club, and this is it.

It has the best outfield in the league. It has the best pitching staff of the day. It has a classy infield. It has speed. It has hitting power. It has steady and experienced catchers.

Besides that its nearest rivals have gone back, and those that are coming up have not yet reached the top class. The team is the Boston Red Sox.

It played the best ball of any team in the country after it got settled to its work last year. Its manager gained a year of experience, proved himself a stronger leader than was believed.

Barring a run of frightful luck against it, the injury of two or three star regulars and one or two pitchers at critical stages and it should gallop home with the American League pennant.

Let's look it over. It has not changed much. Carrigan has little need of recruits. He has three worries: First, will Heine Wagner come back? Second, will Joe Wood return to top form? Third, will Dick Hoblitzell play as he did last fall, or as he did last spring?

Two of these questions seem answered, according to the latest straight and authentic reports on Wagner and Hobbs. Wagner seems to have overcome his rheumatism, and is reported in great shape and going magnificently. Hobbs, according to reports, is going great guns again and it looks as if the slump at Cincinnati that let him out of the National League was merely temperamental.

One need study the team only briefly. Carrigan and Gaby are experienced catchers, and better, they are fitted well to their pitchers. Leonard need not live up to this great performance of last year to win for the team. With Leonard going well, Wood back in shape, Ray Collins better than ever and inspired with hope of world's series coin, the remaining pitchers will not have to do much. Carrigan can use Foster less frequently and make him more effective. Shore is one of the best corners in the business, and Bedient may be due to join the front ranks again.

That infield looks like a million dollars with Hoblitzell and Wagner.

MANAGER CARRIGAN.

In perfect shape, and if they are not Carrigan is remarkably well fortified with Del Gainer to play first in case of accident and Bill Sweeney likely to come back.

Willard suffered at Chicago from exactly the same trouble Hoblitzell had at Cincinnati, incoherence.

Carrigan is carrying an understudy for each infield position, and has plenty of outfield material to sub for Speaker, Hooper and Lewis.

There is scarcely a flaw in the ball club. It looks as if only accidents can beat it.

Movies of Fight Cannot Be Shown In United States

Federal Law Provides A Fine of \$1,000 and Imprisonment For Showing Films.

Washington, April 7.—Persons who had hoped to see the Willard-Johnson fight in motion pictures will be disappointed. It was recalled here today that a federal statute expressly forbids not only the interstate transportation of fight films, but the importation of such films from foreign countries. It provides a fine of \$1,000 and imprisonment for one year or both for each offence.

The law was passed by Congress July 31, 1910, 27 days after the Johnson-Jeffries fight at Reno, and resulted from fears on the part of many members of Congress, especially from the south, that race riots would follow attempts of the promoters to show the fight in the "movies."

HARRY PAYNE WHITNEY LOSES NOTED BROOD MARE

Bashti, by Adam, Valued at \$30,000, Dies.

New York, April 7.—The death of Bashti, one of the most prized brood mares at Harry Payne Whitney's famous farm, became known today. Bashti was the daughter of Adam, a French stallion.

Mr. Whitney paid \$20,000 for the mare at the disposal sale of the New castle stable at Saratoga Springs in 1910 in the hope of winning the future. She ran second to S. C. Hildreth's Novelt in that race, but later won the filly half of the matron stakes. She was ranked as one of the best fillies of her age.

The officers elected at a meeting held in Essex today are as follows: Honorary presidents, Dr. Park, Amherstburg, and Mayor Richardson, Tilbury; vice-president, A. Little, Leamington; executive committee, L. L. Odette, Tilbury; D. S. Bastene, Leamington; W. A. Clark, Essex; J. Adams, Harrow, and H. Y. Pickering, Amherstburg.

[BY DANNY MURPHY.]

Veteran Outfielder, Formerly Connie Mack's Chief Lieutenant.

Whenever anyone mentions funny things that have happened on a ball field I always think of Tim Hurst. When Tim was umpiring he pulled something funny every game, and the funniest I can recall one day in Philadelphia.

Poor old Ossie Schreck, whom no better catcher ever lived, was perhaps the fanciest fellow in handling a ball that ever stood up behind the bat.

He pulled a lot of back-handed catching, one-handed stuff, and all that sort of thing, but not when there was any chance of it coming run.

That day Eddie Waddell was pitching. If anyone ever had more smoke than Ruben when he was right, no one knows it. Hurst stood right behind the Schreck.

Waddell wound up and shot one of the fastest balls I ever saw pitched on the out corner of the plate.

Ossie made a fancy flourish with his mitt, turned it backward and caught the ball with a graceful little turn of the wrist.

Hurst never offered to decide whether it was a ball or a strike. He jerked off his mask, stepped out in front of Schreck, and in his mildest and most polite tones said:

"MISTER Schreck, are you PERFECTLY certain you are going to catch ALL of those?"

Nevada now wants to legalize poker, but it ought to provide a suitable penalty for fellows who draw three cards to an ace-jack and come up with a straight.

Joe Tinker intends to use his reversible outfield this season. The Feds are getting strong on reverses.

Three left-handed pitchers of the Chicago Cubs went out in an automobile at Tampa. You can imagine the rest of the story.

The Chicago Cubs drew \$250 for playing a game at Tampa. Was it them to save it, as they'll need it after a few games on the home grounds.

Johnson Refuses \$200,000 for Moving Picture Interest

Promoters Are Anxious To Buy His Fifty Per Cent Share of Picture Privileges—Big Negro Takes Defeat Keenly.

HAVANA, April 6.—Johnson came down town at noon. He was dressed with his customary brilliance and he tried to smile and be jolly as he went before the fight. It was evident, however, that the loss of the title cut deeply, and he frequently lapsed into moody spells. A big crowd followed him about, condescending with him and praising him for the game fight he put up.

The former champion had conferences today with promoters, who want to buy his fifty per cent interest in the moving pictures of the contest. The negro says he has been offered \$200,000. He insists his interest is worth more, and he says he will not sell. There are indications, however, that he will.

Johnson says he has no definite plans for the future. He will leave here before the end of the week. He talks of taking a long sea voyage, possibly to China. He says he wants to get away from crowds and forget the result of this fight. He offers no excuses for his defeat. He thought himself good, but it was the old story of age, and he was not there. He said Willard was a fine fellow, a powerful hitter, and game.

He is too big, Johnson declared, for the average sized heavyweight ever to defeat.

MARCONI CUBS LOSE THREE GAMES TO BRUNSWICK BABES

Second Series of Federal Bowling League Started Last Night With Big Surprise.

The Federal Bowling League has started a second series with the same old teams in the original division. In the opening game played last night the Brunswick Babes took three straight games from the Marconi Juniors, who were winners of the first series. The result was a surprise in bowling circles as the Marconis have a strong outfit. But Tommy Maher's Babes are some infants these days.

GIL FORGUE SIGNED BY ST. THOMAS CLUB

ST. THOMAS, April 6.—Manager "Dad" Stewart has signed Gil Forgue, former shortstop for the Saints and afterwards with the Brantford Club.

The "sun kissed" kid has been employed by the city as winter with the E. T. Wright Shoe Company, and later as a Peter Marquette brakeman, and was the class of the Canadian League the opening year around the short field. Severe injuries have impaired his work more or less the last couple of seasons.

CANADIANS LEAD NEW YORK TOURNEY

Canuck Pin Spillers Are Leading the List in Every Event in National Tournament.

New York, April 6.—Canadian bowlers headed the list today in every division of the championship tournament of the National Bowling Association. In the matches for individuals, two-men, and five-men teams the bowlers from Montreal had the highest scores of the tournament to their credit. J. B. Pelletier, of Montreal, topped the individual list with his score of 692, made in the first day of the individual matches. Pelletier rolled 183, 216 and 293, with only one break, that being a single pin missed spare in the first frame of the first game.

In the doubles the leaders are J. Cattaranich and N. Labelle, of Montreal, with 1,172, while their fellow-townsmen, R. J. Warner and V. Sparey, mustered 1,147 for second place.

Walker and Sparey found the luck considerably against them. Each man in the progress of the games slipped, allies fouled, and it so happened that at the time they were working on strings of strikes, it was estimated that the pins lost and also the moral effect of fouling meant at least 80 pins to the total. This number would have given them well over 1,200.

After the games in the five-men fixture it was found that the Canadians of Montreal lead, with 2,805, within nine pins of the score which won the first championship nine years ago.

The Nationals of Montreal retained second place, but the Broadway Palace combination of this city came into third with 2,730, and the Elks of Jersey City went into fourth, with 2,690.

The Strachans, Montreal, are now fifth with 2,653.

The tournament has two more weeks to run.

Major M. W. Gage, secretary of the National Bowling Association, commenting on the fact that in all the one hundred teams entered for the championship, there was not one that might be called an all-star combination. "This means," he said, "that the days of the all-star combinations are gone, and the man who rolls for the fun of the game has come into his own."

Tonight's schedule calls for a sweepstakes, open to all men who are not entered in the tournament or who have rolled their scheduled games. There will be few doubles and singles to-morrow, and no five-men games tonight.

NEW YORK, April 6.—Sam Langford, the Boston heavyweight, outpointed Battling Jim Johnson, of Galveston, Texas, in eight rounds of a ten-round bout here tonight.

GEORGE CHIP NEARLY KNOCKED OUT AL MCCOY

NEW YORK, April 6.—George Chip, of Newcastle, Pa., outpointed Al McCoy, of Brooklyn, tonight in every round except the first and tenth, which were even. In the ninth Chip twice dropped McCoy for the count, but, weary from his own exertions, could not follow up the advantage in the final round. The weights were: Chip, 157; McCoy, 157 pounds. McCoy knocked out Chip a year ago.

A WONDERFUL EXPOSITION IN A WONDERFUL LAND

The Panama-Pacific International Exposition in California. The imagination thrills and sparkles at such a conjunction of sight-seeing opportunities. A trip to California in itself has proved and always will prove most fascinating; the great exposition in itself will prove a most liberal education, but the opportunity of enjoying both in 1915 has attracted interest and attention throughout the world.

Whatever our love for our own province, it may be granted that the most of us wish to see California and test its claims for beauty, diversity, climate and opportunities. The thousands who have sought California's sunlit valleys, snow-capped mountains, golden beaches, and enjoyed its wonderful climate, have spread the story, and now a trip to this western state is the one desire held in common by every man, woman and child of the North American continent.

The commercial metropolis of the Pacific coast is San Francisco, and the grandeur of San Francisco Bay and harbor is prominent among California's attractions. It is particularly fitting that an exposition which celebrates an event of such significance to the Pacific area should be located at San Francisco. The site of the Panama-Pacific International Exposition is described as wonderfully well chosen, for natural beauty, accessibility and suitability for the purpose.

Imagine an amphitheatre some two miles long and about one-half mile wide, backed by low hills and fronting for its entire length on the blue waters of the famous bay. Across a mile or more of smiling blue water rise the picturesque Marin hills, topped by cloud-capped Mount Tamalpais. Beyond, to the west, is the famous Golden Gate. Beyond that, the broad Pacific.

On this site the greatest architects of America, with unlimited funds, assisted by the most prominent artists, sculptors and landscape gardeners of the world, are building an Exposition City which will live in the memory of those who see it as long as memory itself exists.

The products of every clime, the triumphs of every industry, and the best in every handicraft, will be placed in selective and competitive display to be viewed by the peoples of all nations. In its amusement district some three hundred of the country's most famous purveyors of fun will prepare their latest novelties for your recreation.

Make Your Travel Dreams Come True!

Over one hundred ladies in Canada and New England have the satisfaction of transforming their "Travel Dreams" into a reality, through their own enterprise and efficiency, this summer.

They will be the members of the party that the largest newspapers of the continent will send on a FREE TRIP to the Pacific coast; four of whom will go as the guests of The London Advertiser.

In all your dreams, have you ever outlined a more fascinating trip than The London Advertiser has announced for the itinerary of its party? Think of travelling in a most luxurious

manner for One Month, going westward to the Pacific Coast; of the visits to Toronto, Winnipeg, Calgary and Edmonton; of the splendid trip through the Canadian Rockies; of the magnificent ride down the Pacific coast to Vancouver; of the sight-seeing there and at Victoria and Seattle; of the five days to be spent at the Panama Exposition at San Francisco and drives about the Golden Gate. Think of the trip to Los Angeles and San Diego, and of the second exposition at the latter city; of the side trips over into Old Mexico and the return through the Royal Gorge Route, the finest scenic route in the world; the visits to Salt Lake City, Colorado Springs, Chicago and to Niagara Falls.

48TH HIGHLANDERS, TORONTO, WILL BREAK ENEMY'S LINES

Col. John A. Currie, M.P., An Officer in That Regiment, Writes From Front:

Some particularly interesting accounts of conditions in the trenches and other parts of France which are or have been the scenes of battles between the Germans and the Allies are contained in three letters from Canadian soldiers at the front, and a communication received by a Toronto woman from the wife of a French officer.

Col. John A. Currie, M.P., of the 48th Highlanders, writing to a friend in London, says his regiment has been in action for about three weeks in the trenches, fighting night and day under heavy rifle and machine gun fire. One man was killed up to the present, he states, although many have been wounded. He describes the shelling of the headquarters, during which one shell came within 150 feet of him, but without doing him any injury.

Bayonets Inferior. Col. Currie says he has heard that the bayonet is inferior to the sword, and is generally regarded as being a strong, bulky division. He declares the Canadian bayonets are much inferior to those of the Germans, French and English, being too short and thick.

Another Canadian, Charles Clark, who previously was employed by the Toronto Railway Company, and who now is serving with the 1st Lincoln Regiment, writes to his wife from a hospital in France, where he has been invalided as a result of rheumatism, says that the Germans are running short of food, giving as evidence of this the fact that German soldiers who have been captured tell of having been without food for three days at a time.

German Atrocities. The French officer's wife gives details of German atrocities which have been practiced in villages which they have occupied. She says that stories of terrible cruelty were brought back by men who returned to capture while they were being taken as prisoners from a village about thirty miles from Paris.

She also declares that the rabbi at Lunelville was burnt with his daughter in the cellar of his home, while his wife was kept close by, where she could hear their cries. Her husband, she says, tells her that the Germans are entirely lacking in honor, and she asks: "What would happen to Europe if they should be victorious?" but adds, "but fortunately the Allies are sure of putting them down."

Frenchmen Working. The writer says the women of France are all at work nursing wounded soldiers, or in other ways providing for their comfort.

In a letter to the pastor of the Church of the Good Shepherd at Mount Dennis, in which he was a chorister, Pte. J. W. Harvey, of the Royal Grenadiers, tells of having been in the thick of the fighting, and says he has had several narrow escapes from the bullets of snipers. He says the ground is drying up now, and soon will be in much better condition for marching.

LEVEL CROSSING MENACE MUST GO, SAYS MAYOR

"Subway Only Solution of Problem and Might as Well Start Now."

Subway recommendations and a thorough investigation of the level crossing menace, as it affects life and property in London, will result from the first meeting of the special subway committee of the council this evening. The meeting was opened at 7 o'clock but was afterwards changed to 8.

"We are going after subways in earnest, and we are going to get them," says Ald. Wilson.

Mayor H. A. Stevenson is another who is leading the van in the fight for the elimination of level crossings. "We have to go," he declares, "because the only solution of the problem that I can see, and we might as well make a start now as wait," declares the mayor.

WHO SOLD THE CHICKEN?

Bird Sent to Soldier Served Up in Restaurant.

The cook in a London restaurant, says Mr. Gossip in the London Sketch, when preparing a chicken for Christmas dinner, found the bird the following little note inclosed in a glass tube:

"To some poor soldier, I am sending you this to cheer you up. Christmas dinner. I would like if the person who gets this note would answer it. Wishing you a happy Christmas."

The letter is dated from an Ontario town, and is signed by a girl. It may be of course, that the chicken was sold by some philanthropic body and the money spent on such work, but I certainly think the matter should be inquired into.

LONDON NEUTRAL NEAR NEUVE CHAPELLE WHEN FIGHT WAS ON

Lieut. Chester Butler and Men Under Impression Dardanelles Ports Taken.

Lieut. Chester Butler, in a letter home, tells of the splendid victory of the Allies at Neuve Chapelle, and states that this battle scene was enacted just to the right of where he and his men are in trenches. He also enlarges on the great moral effect the feat of the Allies in breaking through the Dardanelles will have. The men at the front in France cheered lustily when the news of this splendid endeavor became known to them.

In the Trenches.

France, March 20, '15.

My Dear Mother:

Just another wee short line to let you know I am still well and enjoying myself.

Our battalion is now doing a turn of duty in the trenches. But are through tonight. There is practically no firing going on at all now. Everybody just sits on the sun behind high parapets (that is the name of the front part of the trench) about ten feet wide and eight feet high, and it is just being in a strong fortress.

There are very strong barbed wire entanglements out in front, and the Germans would have an almost impossible job to capture it.

Wasn't that a most marvellous feat of the Allies' feat in breaking through the Dardanelles last night? It will have a wonderful effect on this war, as it will no doubt cause the withdrawal of Turkish troops from Egypt and against Russia.

It will also enable supplies to get into Russia and allow their fleet to come out of the Black Sea and assist the Allies to win the German fleet.

Saw Airship.

We saw an airship this morning, and it was most interesting.

I don't know whether I told you before or not, but the splendid victory at Neuve Chapelle last night was just on our right; now then, look up the map. It is about five miles south of us. The English also had a good victory at Arras.

First came in. That place is just north of us.

When the news was received here last night regarding our victory in the Dardanelles, everybody cheered and sang Rule Britannia.

We had a show here night before last, but today is simply glorious. Everybody is lying around taking a bath, and they get a real hot sun when they are in the billets.

The signalling stations are all in dug-outs a long way to the rear, and the front line of trenches, and connected to all parts by telephone. You know there are trenches all over the place, one right after the other.

No more news now, but write again in a day or so.

Love to all,

CHESTER.

WEDDING BELLS

JAMES-WEIN.

A charming wedding was solemnized at the residence of Mrs. Louis Wein, of London, on Saturday, April 3, when her youngest daughter, Carrie, was united in marriage to Fred James, of London. The bride, who was charmingly attired in a dress of blue satin, carried a bouquet of beautiful flowers, and was attended by Miss Lillian James, sister of the groom.

The groom was attended by Sam Wein, brother of the bride. The Rev. Emil Becker, pastor of the Evangelical Church, Crediton, performed the ceremony.

After the ceremony the company adjourned to the dining-room, where a sumptuous repast had been prepared. The centre of attraction being a magnificent bride's cake, which was served in attendance and the presents were numerous.

On their return to the city Mr. and Mrs. James will reside at 246 Hill street.

A pretty wedding was solemnized at the home of the bride's parents at 7 p.m., March 30, when Katie May Campbell, only daughter of Archibald and Bella Campbell, of 157 Hill street, was united to John H. Laughton, of this city. The ceremony was performed by Rev. D. C. McGregor, pastor of St. Andrew's Presbyterian Church.

STEVENSON-McLEOD.

A pretty Easter wedding took place in Parkhill on Easter Monday, April 5, when Miss McLeod, daughter of Donald McLeod, of McGillivray, was united in marriage to Robert C. Stevenson, a prosperous young farmer of Bonquet.

MEN TURNED OVER TO MILITARY AUTHORITIES

Three Privates Captured Yesterday and Jailed After Escaping Chase.

Frank Armstrong and Sydney McEwen, of B. Co., 23rd Battalion, and W. G. Fitzpatrick, of the 18th Battalion, who were brought to police headquarters yesterday as the result of a disturbance they created in the guardhouse at the fair grounds, were today turned over to military authorities by Police Magistrate J. C. Budd.

In court the men were not asked to plead guilty or not guilty to a drunk and disorderly charge laid against them by a commanding officer. After answering to their names the trio was escorted out of the court room by a guard of four men and one officer.

The men, who were put in the "clink" for being drunk, escaped and were captured after a four-block chase.

A FRENCH WARSHIP IN TURKISH WATERS

This is the French battleship Gaulois, of 11,000 tons which was damaged in the recent fighting in the Straits, but is now supposed to be back in the fighting line.

The live hog market is decidedly unsettled throughout the country. The prevailing price in this city is \$8.50 per cwt. Chicago and Toronto prices vary greatly. Dressed hogs have been plentiful on the market recently, selling quite steadily at \$12 per cwt. According to the buyers, the supply of hogs has been used up to a great extent, causing the recent advance in prices. Packers have been so pressed for supplies that they have had shipped nearly 500,000 swine from the west. It is expected that the market will go higher. Other butchers' meats are unchanged in price.

Hay was the only offering on the market. Wheat is still plentiful and cheap. Several loads sold for 45 cents a bag, wholesale. Retail, the price remains at 50 cents a bag.

Wheat has taken a slight advance, selling now at \$1.30 to \$1.31 per bushel. Oats are firm at \$1.10 to \$1.14 per cwt.

DOCTOR SAID SHE HAD BRIGHT'S DISEASE

DOAN'S KIDNEY PILLS CURED HER.

Bright's disease is a term applied to one of the most serious of all diseases of the kidneys, the symptoms of which are often of a severe character.

Severe pains in the back appear at first and are followed by disturbances of the urinary organs, which show that the urine contains a large amount of albumen. Dropsy is also another forerunner of the dreaded Bright's disease.

On the first sign of any kidney trouble you should at once put the kidneys right by the use of Doan's Kidney Pills. The pills that cure kidney troubles only.

Mrs. C. A. Heistand, Moosewa, Alta., writes: "Last May I was taken down sick. The doctor told me I had Bright's disease. My kidneys got so bad I could not rest day or night. The doctor's medicine did not give me any relief. I used four boxes of Doan's Kidney Pills, and they put me in good shape again."

Doan's Kidney Pills are the original kidney pill, so when you ask for "Doan's" do not accept any others with similar names.

Price, 50 cents per box, or 3 boxes for \$1.25, at all dealers or mailed direct to receipt of price by The T. Milburn Company, Limited, Toronto, Ont.

When ordering direct, specify "Doan's."

CONSTIPATENTS

Read This—

It must be remembered that the bowels should move freely once a day to ensure perfect health. When such is not the case the poisonous waste material is absorbed into the system, thus producing a self blood poisoning.

The causes of Constipation are many and varied. Among the more common may be mentioned poor stomach digestion, a deficiency of bile in the intestines, a lack of secretion in the bowels, and a want of the natural muscular contraction of the intestines from above downward.

Abbey's Effervescent Salt, sold everywhere at 25c and 50c, stimulates and restores the stomach digestion, increases the flow of bile into the intestine, causes a flow from the intestinal glands, and restores the natural downward action of the bowels, rendering it easy to secure a free action of the bowels, which is one of the most important requisites to health.

Simple Way To End Dandruff

There is one sure way that has never failed to remove dandruff at once, and that is to dissolve it, then you destroy it entirely. To do this, just get about four ounces of plain, common liquid arvon from any drug store (this is all you will need), apply it at night when retiring, use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find all itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

EAST MUST HELP SELF IN WORK OF MISSIONS

West Can Only Equip Few Leaders, Says W. M. Auxiliary President.

One of the most inspiring meetings ever held in Wesley Hall, was the Easter meeting of the W. M. Auxiliary of the First Methodist Church, held Monday afternoon, with whom were assembled representatives from all the Methodist auxiliaries in the city. The chair was taken by Mrs. (Rev. Dr.) Flanders, the president. After the opening hymn, Mrs. Gordon Wright, president of the London branch, led in prayer. Miss Luta Laymon's vocal number, "God Shall Wipe Away All Tears," chosen from "The Light of the World," was most appropriate and impressive. Mrs. Gordon Wright read St. Mark's account of the Resurrection, and dwelt on Christ's first commission to humanity after He had risen from the dead. Mrs. Wyatt's solo, "I Know That My Redeemer Liveth," from the "Messiah," was greatly appreciated. Mrs. Jordan's accompaniment added greatly to the enjoyment of these solos.

Mrs. Ross, Dominion president of the society, was introduced by Mrs. Flanders, who referred to the speaker's diocese as extending from ocean to ocean. Mrs. Ross stated that she felt very much at home in London and was glad to return to the city. She felt sure that there has never been such a Passion season as this since the old days. Everything was so different from one's expectations and seemed a terrible and sad contradiction to a glorious Easter tide. But God was bringing about his purposes through pain and suffering. The women greater cause to bless God than they have today.

The speaker gave a review of the year's work of the society which she represents, as regards its operation in Japan, China and the Home-land. She stated that the schools in Japan had become contagious centres of fine social regeneration. Not only had the children by thousands been given the ideals common to Christianity; not only had the youth and middle-aged been led into the life and characteristics of the Christian West, but the aged women in great numbers had become possessed of the true Christian life. These activities are world-wide. In China as well as in Japan, the children are exerting an influence in changing the moral atmosphere for miles around and many centres have become for moral uplift and sobriety. In China, 12 of our students—Christian girls—are training in the Normal school. Mrs. Ross asked that these girls be remembered in prayer, that they may not only teach the Gospel, but live it. The speaker said that the East must be converted by the East. All the West can possibly do is to equip a few leaders. Many of these leaders have had marked success, and none more than Miss Estabrook, of the London branch, who she felt she could not eulogize too highly for her work in China.

Coming to the homeland, the speaker stated that in the coast cities the society had been able to mitigate the awful sorrows of the traffic in young girls, and in many cases to defeat its diabolical work. She referred also to the splendid work, which is being done in Fernie, Michel, Prince Rupert, Winnipeg, Edmonton, Sault Ste. Marie and Montreal.

The speaker closed her address, so replete with minute information with a strong appeal to sustain the board in its funds, and to reach up to and even transcend the loyalty of our Dominion for King George by standing by the "King of Kings" and to let him be not a substitute for, but an inspiration to, more earnest endeavor.

Mr. Harrison closed the meeting with prayer.

A very generous Easter offering was received.

A most enjoyable hour was spent at the parsonage, 512 Wellington street. Those present were the members of the branch executive, the members of the first church auxiliary executive, the presidents of the city Methodist auxiliaries, and the wives of the city Methodist ministers. Mrs. Flanders and her sister, Mrs. Deacon, received the guests, who enjoyed the privilege of shaking hands with Mrs. Ross, Mrs. A. Langford invited the ladies to the tea-room, which was presided over by Mrs. D. S. Perrin and Mrs. F. Yorkie. Mrs. Langford assisted by Mrs. Merton Kennedy, Mrs. H. E. Boomer and the Misses Flanders.

SYMPHONY ORCHESTRA IN PLEASING PROGRAM

Under Leadership of Roselle Pococke First Appearance of Artists is Greeted With Applause.

Most enthusiastic was the audience which gathered last evening in St. Andrew's Hall, when under the auspices of the St. Andrew's Sunday school, the London symphony orchestra of forty instruments, made its first appearance before the public. Roselle Pococke, the conductor and organizer, was congratulated upon the success, which she attended his efforts and training. Mr. Pococke always aims at a high standard of musical excellence, and the orchestra, under his direction, should accomplish much in promoting the more classical type of music in Western Ontario.

The assisting artists were Miss Merlyn Pococke, contralto; Miss Florence Dewey, leading violinist, and Wilkins Shum, tenor. Miss Edith Fetherstone, soprano, was also to have taken part, but was prevented through illness.

Two very beautiful selections by the orchestra were Weber's overture, "The Free Archer," and the "Fantasia Dream Picture," by Lumby. In Schubert's symphony, a difficult and most ambitious number, a brilliant and comprehensive rendering was given. Splendid attack and expressiveness marked many of the numbers.

Miss Merlyn Pococke received a most enthusiastic encore upon the rendition of her song, "My Heart at Thy Sweet Voice," a number happily displaying her excellent range of tone. A most charming selection was Miss Pococke's rendition of "The Swan Song," by Jean Wilkins Shuff, who possesses a tenor voice of pleasing qualities was heard to special advantage in songs of songs, including "Absen," by Metcalf. Miss Ella Angus acted very capably as accompanist. The complete program contained numbers: March, "Cornelius" (Mendelssohn); song, "Lead Me On" (McDonald-Wood); Wilkins Shuff, overture, "The Free Archer" (Weber); solo, "My Heart at Thy Sweet Voice" (St. Saens); Miss Merlyn Pococke; "Symphony," unfinished (Schubert); "Fantasia Dream Picture" (Lumby); songs, "Home Again" (Abent); "Salve Dimora" (Gounod); Mr. Shuff, overture, "Egmont"; Beethoven, "The condition of the program, the members of the orchestra were entertained by the Marian Keith Club, of St. Andrews.

MAKES MOVE TO LESSEN DANGER AT "MOVIES"

TORONTO, April 6.—To further lessen dangers from fire and accident at moving picture theatres, Hon. T. W. McGarry, provincial treasurer, has announced important changes in the provincial regulations. Hereafter, applicants will be required to serve a period of twelve months before an operator's certificate is granted. Where proficiency is demonstrated within the three months, the chief inspector may grant the certificate.

The regulations are also to be amended to recognize the certificates of other provinces or states where similar recognition is extended to Ontario operators.

In future, all moving picture licenses are to be issued by Chief Inspector Robert Newman, and not by the treasury department direct.
