HUMAN TIGRESS SITS APPALLED

Toledo Murderess Has Collapsed After Her Outbreak of Fury.

Story of Her Bloody Deeds Reveals a Most Perverse of Unrestrained Passion.

Toledo Ohio, June 20.—Lucy Wheeler's mangled body lies in a cheap coffin, in her father's blood-stained home. Mrs. Willard Wheeler, the aged mother of the dead girl, lies weakly in bed awaiting the result of an awful gash in her hand; Dora Lightner, author of all this woe, lies in the city jail in a state of collapse from horror and remorse at the result of her fury. When she gave herself up she said she had butchered Lucy Wheeler in self-defense. Now there are said to be indications that the deed was more or less premeditated. Mrs. Lightner has seen a lawyer and will not talk. The Blade says: Mrs. Lightner is in a state of collapse and is still dressed in the cheap dress which she is covered with blood of the victim of her fury. She is a pitiful spectacle. She is a woman about five feet tall, weighs 80 pounds, says she is 26 years of age, and looks 40.

The knife with which the cutting was done is a wicked-looking instrument although it is not very sharp. It is a cheap tool with a plain wooden handle and a blade six and five-eighths inches long. It is such a tool as is used by shoemakers, and much of the blade has been ground away by repeated sharpening. In the jail with the murderess are her two children, a girl aged 2 and a boy aged 6 years—too young to know the horror that has come to them. The news gives this version of the slaughter of Lucy Wheeler: The Lightner woman, it is alleged, accused the Wheeler girl of intimacy with one Cyril Goulet, and the girl charged her enemy with being the mistress of Shoemaker John Wilson, who boarded the Lightner home in defiance of the laws which bound her to her husband. The argument waxed hot and blows followed. Lucy Wheeler weighed 147 pounds and was a raw-boned creature, much larger than Mrs. Lightner. A blow from the Wheeler girl left a slight gash on Mrs. Lightner's face.

The smaller woman held the fatal knife in her hand. It was but the answer to a murderous thought for the keen blade to spin through a half circle and bury itself in the right breast of the Wheeler girl. With a cry of pain she fell backward. The warm blood falling on the hands of the Lightner woman seemed to fill her with a tiger-like rage. She was no longer a reasoning woman, but a fiend. Miss Wheeler raised her hands and attempted to evade the rain of blows. Each time the sharp blade flashed it cut her. The victim was struck perhaps 21 times. Ten of these blows were light ones, scarcely penetrating the light covering of the girl's breast, but leaving scratches. The other 11 knife cuts penetrated, each leaving gaping and deep wounds. One cut chipped away a portion of the flesh of her nose. Two caught full on the right shoulder, and the knife went in to the hilt. Mrs. Wheeler, mother of the dead girl, rushed down stairs while the stabbing was in progress. She trapped with the frenzied woman, and in turn was stabbed through the hand. It was alleged by Wheeler, father of the girl, that when the shoe-maker had sharpened the knife which he used in his business, and given it to Mrs. Lightner, saying: "Defend yourself with this." Wheeler heard when sharpening the knife. Those living in the same house with Wheeler deny that he and Mrs. Lightner lived together.

C. O. I. NOTES

The school is quite proud of the baseball club this season. It has been victor over everything in sight in the city. Catcher R. M. Campbell and Pitcher Joseph Robert make a good battery, and are well supported by Roy Miller, Marshall Taylor, Roy Hansen, Fred Adams (Captain), W. R. Wheeler, Bert Liddy, and Morley Williamson. Photographs of the various forms of the Institute are being taken by Clarence Barfoot, of the Commercial Class. They are quite creditable to the young artist and his new kodak. It is Mr. Mowbray's turn to act as associate examiner at the departmental examinations. He goes to Toronto about the middle of July, to read the English papers of the senior leaving candidates.

The bi-monthly examinations of the C. C. I. will be held on Wednesday, Friday, and Monday, June 25, 27th and 29th. All pupils who do not take a "Government" examination are required to write on these exams. The C. C. I. Literary Society intends to treat the citizens of Chatham next season to three evenings of oratory. The best available bureau talent will be engaged.

The British Columbia Legislature is expected to prorogue to-night.

GUilty!

Slayer of Heywood is Sent to Marquet for Life-Solitary Confinement His Lot.

Special to The Planet.

Detroit, June 21.—William M. Jones was this morning found guilty of the murder of George Heywood and sentenced to life imprisonment at Marquette.

At 10:23 the jury returned a verdict of "Guilty" against Jones, 11 minutes after they had retired. Eight minutes after the jury retired there was a knock on the door of the jury room. Lieut. Sullivan entered and a moment later came out and whispered to Judge Murphy that the jury had agreed.

Jones was then in one of the retiring rooms and there was a wait of three minutes before he appeared.

Jones was placed in the witness box and told that the jury was coming. He bowed his head in acknowledgement of the information.

The jury filed in and stood before the clerk.

"Have you agreed upon your verdict, and if so, what was it?" asked the clerk. "Yes; we find him guilty as charged," announced Juror Newkirk, who had been chosen foreman.

Jones had been watching the jurors intently as they marched in and leaned slightly forward to catch the words. He did not finish and the color in his face did not change.

Attorney Monaghan asked that the jury be polled and this was done, each agreeing that his verdict was guilty. "William Jones, stand up," commanded the court.

Jones quickly obeyed.

"Have you anything to say why the sentence of the court should not now be passed on you?" continued the court. "Nothing, except that I am not guilty," Jones answered in a firm voice. After further questioning the judge continued:

"I will send you as far away from the scene of your crime as possible. The sentence of the court is that you be confined in the branch of the state prison at Marquette in solitary confinement for life."

He Addresses Apt Words to the Citizen Soldiers Ere Leaving S. Africa.

The New Viscount Described as the Man Who Won the Republic's Freedom.

Johannesburg, June 20.—Gen. Kitchener delivered a farewell speech at a banquet here last night that was attended by seven hundred citizens. Lord Milner was present as the civic head of the new State. Lord Milner, in proposing a health to Gen. Kitchener, paid a tribute to his will of steel, unswerving energy and military skill.

General Kitchener, replying to a toast describing him as the man who had won their freedom, said the army had done its best to do its duty. He praised Johannesburg for the part its men had played in the war. The regulars, both officers and men, admired the Johannesburg corps, which had stood staunch in danger, and held what they had gained. They had tasted the salt of life, and its savor would never leave them. They should keep their horses and rifles ready, and their bodies physically fit, but should settle down and work for the Empire. Their opponents had shown the abilities and tenacity of purpose of a virile race, and they should be welcomed into the Empire. They would constitute an asset of considerable importance to the Empire. The chief lesson of the war was the knowledge that all Britons fought shoulder to shoulder. Those who had helped them knew the war, and other Johannesburg corps were reviewed by General Kitchener.

Earlier in the day, the Imperial Light Horse, which was prominent throughout the war, and other Johannesburg corps were reviewed by General Kitchener.

Speech by Gen. French. Cape Town, June 20.—Gen. French has sailed hence for England. In a speech upon leaving Middleburg, Cape Colony, he said he hoped the rebels would be met half-way in a friendly spirit, as much must be allowed for ties of blood and sympathy.

CORONATION DAY

The suggestion has been made—and The Planet believes it is a happy one—to utilize the magnificent illuminations, pyrotechnics and bonfires, prepared for the McKeeough school picnic for the civic coronation demonstration next Thursday evening.

The Regiment and Bands, City Council and citizens purpose attending service in Holy Trinity church this evening.

Why not have a grand citizens' coronation and peace celebration on the McKeeough school grounds at the conclusion of the service?

Twenty-five or thirty dollars will cover the total expense—and Chatham will have a worthy celebration. Didn't several aldermen volunteer to donate \$5 apiece at the last council meeting. Perhaps they meant it. Here's an opportunity to see.

Again, if necessary, a civic grant of ten or fifteen dollars is different from a grant of three hundred—isn't it?

It would be a real treat for the citizens Thursday night and the occasion warrants the doing of something.

How about it? The Planet would like to see Mayor Sulman, Colonel Rankin, Principal Brackin and other citizens interested "get together" and consider the situation.

Meanwhile—how does the idea of such a celebration strike the citizens?

IT FAILED TO SPOIL PICNIC

Weather Man was Mean But Rain Did not Mar the McKeeough School Outing.

Delightful Trip on the Boat for the Little Folks—Pyrotechnic Display Postponed.

The annual McKeeough School picnic was held yesterday under fairly favorable auspices. The weather was slightly cold, but everything went off smoothly and successfully until the evening, when the speeches, bonfires and fireworks were prevented by the rain, which was not heavy but incessant. It has been suggested, and it is a good idea, too, that the fireworks speeches and school illumination should come off on Thursday night after the church services and also that the band be secured.

In the afternoon five hundred children of the school, headed by the 24th Regiment Band, made a pretty sight marching down to the boat, upon which the children had a delightful trip and a great treat, while the band discoursed music. On leaving the boat the children gave three rousing cheers for the Captain and Miss Pearl Cornett.

At night the school was very brightly and prettily illuminated. On the windows were the white stars for peace, the crowns for the King, the ships for the navy and the soldiers for the soldiers of the King. This was some of the handiwork of the children. From without no more pleasing spectacle could be imagined. In the play-sheds the 24th Regiment Band rendered excellent music, while many couples tripped the light fantastic.

PRIZE WINNERS.

1—Running Race, Boys' Division—Fred Vandusen, Ross Duncan, Grover Gregg, Willie Marshall, John Walker. 2—Running Race, Girls' Division—May Watt, Emma Burleigh, Iota Blackburn, Bessie McKeeough, Margaret Ardagh, Margaret Ardagh. 3—Dog race—Herb Wardell, Jno. McLean, Stanley Merritt, Gregg Merritt and McLeod, 4th, equal; John Walker, John Walker. 4—Wheelbarrow Race—Drivers, Reggie Martin, Willie Marshall, Frank Walker, John Walker, John Walker, Harold Wilkinson, John Walker. 5—Three-legged Race—Ross Duncan and Ed. Key, Grover Gregg and Frank Walker, Harry Campbell and Jack Wilson, Orville Moore and Harold Williamson, Willie Roberts and Harry Goodwin. 6—Foot and Shoe Race—Reggie Martin, Grover Gregg, Willie Marshall, Roy Ross, Willie Roberts. 7—Falgate Race—Jno. McLean and Ed. Key, 2, 3, 4 and 5, Grover Gregg and Frank Walker. Team Races (drivers)—1 Harvey Burleigh, 2 Edward Key, 3 Orville Link, 4 Stuart French, 5 John Walker, 6 Willie Roberts. Hurdle Races—1 Ross Duncan, 2 Grover Gregg, 3 Fergus Duncan, 4 John Walker, 5 Harry Goodwin, 6 Margaret Ardagh, 7 Mabel Cartier. Obstacle Races—1 Jack McLean, 2 Grover Gregg, 3 Ross Duncan, 4 J. Walker, 5 W. Roberts. Sack Races—Morley Ticknor, Morley Matthews, Morley Ticknor, Morley Ticknor, Willie Roberts. Dog and Cart Race—Both bests, Ray Pake.

ON STRIKE

Toronto's Street Car System is at a Standstill—This Morning Was Wet and Many Walked.

Special to The Planet.

Toronto, June 21.—The street railway employees in the city went out on strike this morning.

The morning was wet and pedestrians found the situation anything but pleasant.

Not a car is running and about 1,000 men are involved in the strike. The decision was reached as a result of the meeting last night.

Daniel Dillworth, chairman of the national executive committee of the car men's union, is in the city.

PASSED AWAY.

Adaline Mounteer, daughter of Mr. and Mrs. John Mounteer, Park Ave., died to-day at her father's residence from tumor on the brain. Deceased has been ill for only three weeks and her death was very sudden and unexpected. It has come as a sad blow to the family who have the sympathy of a large circle of friends. Ald. E. Charles and Anson Mounteer are brothers and Miss Mounteer, teacher in the Central School, is a sister of deceased. The funeral will take place on Monday at 3 o'clock, to the Maple Leaf cemetery.

The Sons of England and several other of the fraternal societies of Chatham, headed by the Bugle Band, will march to Christ Church and attend the Coronation services to be held in that church on Thursday morning next at half past ten. The form and order of service will be the same as that used in Westminster Abbey and will be unique and very bright and attractive. Printed forms will be distributed through the church. The declaration of the King's coronation will be made with a flourish of trumpets and the worshippers will shout "God Save the King." Over fifty of the best musicians in Chatham will take part in the musical portion of the service. Numerous others will be present and every effort will be made to provide comfortable seats for all. A silver collection will be made to meet the somewhat heavy expenses. The service will be delivered by Rev. R. McCosh, rector. All are invited.

The shareholdings of the Binder Twine Company are again in session at the Oddfellows' Auditorium. One unique feature to-day is that, although a large throng is present, as usual, the meeting so far has been of a most orderly, quiet and matter-of-fact character.

After waiting the 15 minutes subsequent to the hour of convening, according to statute, and there being present no representative head of the Odd Board, on motion ex-Warden Arthur Leverton, of Zone, was unanimously elected chairman, and J. J. Ross, of Chatham, secretary.

Mr. Leverton briefly addressed the gathering. He regretted exceedingly that so much difficulty, cost and agitation had arisen, for he feared that many stockholders would be losing faith in the institution unless it were forthwith placed upon a business basis. Individually he was glad to say he could not shoulder any of the blame. He was willing to see anyone carry on the work so long as the business was done in a proper way.

Mr. Leverton said he had one request to make of the meeting: He would try and treat every man with respect and fairness and asked the same privilege for himself. He would not attempt to bore or bulldoze anyone, but he did not wish to preside over a rabble—Applause.

"We have met for business," concluded Mr. Leverton, "and to do business we must maintain order. Let us conduct ourselves so that when we return home and our neighbor asks us what has been done, we can tell him and not be ashamed of it."—Applause.

The shareholders present then registered.

Continued on Page 4.

PROCEEDINGS AT THE SYNOD

Much Important Business was Transacted at the Anglican Gathering.

Chatham Delegates Take an Influential Part in the Proceedings at London.

Another Anglican Synod has met and closed at London. The Bishop, as usual, opened the assembly with a powerful charge. He dwelt particularly upon the missionary work and marked progress that had been made during the past century, and especially during the past year in spreading the gospel amongst the heathen abroad and establishing churches and supplying services in the newly settled parts of our own land. A number of Dioceses, and amongst them Huron, had since they met one year ago, almost doubled what had been contributed in any prior year for missionary work. In addition to that, many church debts had been paid off, and the deficit that formerly existed in the Synod's funds was so greatly reduced that there is every hope that two years at most would entirely wipe it out. The various trusts had been so well administered that the loan and other societies had met with losses. The Synod's finances were never in a more satisfactory condition. It has been truly a growing time for the Anglicans in Western Ontario.

Mr. McWhinney, the efficient secretary-treasurer, has been given a more remunerative position with a trust company, and Mr. J. H. A. Beattie, the finance minister of the London Council, has been appointed to that office. This diocese has shown its determination that the church at large in British North America shall so widen its powers and influence as to cope with the ever increasing needs of the Synod. With this object in view, the Synod, on motion of Matthew Wilson, K. C., determined upon pressing, at the next general Synod in September, for the immediate merging of the Domestic and Foreign Missionary Society of Eastern Canada into the General Missionary Society for all the Dominion, from the Atlantic to the Pacific, and made also for such reciprocity and co-operation of the various Dioceses in regard to their beneficiary funds (such as Widows and Orphans and Superannuation) as will enable a financial sacrifice to remove from any one parish to any other in Canada, with the consent of the Bishop and congregation, to which be given; and for a distinctly Canadian prayer book containing all the prayers and services applicable to this colony; and for increasing membership in and meetings of the General Synod, so as to bring about greater uniformity in church laws and church action throughout the Dominion; and for the taking of a necessary step to remove from the Canadian clergy the present disabilities or irritating "red-tapeism" existing in England pertaining to colonial clergymen, taking services in the motherland, having been in the past been foremost in this expansive and progressive policy and the church at large, while moving slowly, will, no doubt, show its appreciation in the near future of the measures mentioned as well as others adopted by the Synod.

In the matter of temperance the Synod pronounced in favor of a more strict enforcement of the license system. And the Synod declared emphatically against making female members of the vestries for management of the affairs of the church. It is with pleasure that we notice how the Synod of Huron has shown its estimation of the merits of the representatives from Chatham. In the vote for the Executive committee of management (which is chosen by ballot) the Rev. R. McCosh stood at the head of the clergy, while Matthew Wilson, K. C., was elected at the head of the lay members; and Mr. Wilson also stood first in the election of representatives to the General Synod for the Dominion. His Honor Judge Woods was also placed upon the Executive committee. In addition to these we notice that the Rev. Mr. McCosh is upon the Sunday School and Corresponding committee of the Mission Board; and Mr. Wilson is a member of the General Missionary Board for the Dominion, and of the Domestic and Foreign Mission Board, and a member of the Provincial Reorganization committee, and the committee of Inter-Diocesan Reciprocity of Clergy; and he was elected a Senator of the Western University and member of Huron College Council; and was also placed upon a Special committee to investigate the whole management of the church trusts to ascertain if it would be economical and advisable to place these trust estates under the care and control of some one of the several Trust Companies in Ontario.

Before separating the members of the Synod presented a complimentary address to Mr. McWhinney, their retiring secretary-treasurer, and with it a purse of about \$800 in gold subscribed privately as a token of esteem for him. The Grand Lodge of the Independent Order of Good Templars, elected Mr. George Spence, Toronto, Grand Chief Templar, and closed its meeting at Hamilton.

The Grand Lodge of the Independent Order of Good Templars, elected Mr. George Spence, Toronto, Grand Chief Templar, and closed its meeting at Hamilton.

SATURDAY, JUNE 21.

WHO'S WHO?

How many apples did Adam and Eve eat? Some say that Eve 8 and Adam 2—a total of 10 only. Now we figure the thing out far differently. Eve 8 and Adam 8 also—total 16.—Watford Guide.

We think the above figures are entirely wrong. If Eve 8 and Adam 82, certainly the total will be 90. Scientific men, however, on the strength of the theory that the antediluvians were a race of giants, reason something like this—Eve 81 and Adam 82—total 163.—Galt Reporter.

Wrong again. What could be clearer than if Eve 81 and Adam 812, the total was 893.—Mt. Forest Reporter.

We believe the following to be the true solution: Eve 814 Adam and Adam 8124—Eve—8,938. Dundas Herald.

Still another calculation is as follows: If Eve 814 Adam, Adam 8124 oblige Eve—total, 82,056.—Toronto Star.

It is strange that none of you can strike the exact number. The Tribune believes that if Eve 8142 that Adam 8, then Adam 821424 oblige Eve—total 8,366,378.—Harrison Tribune.

It is very strange indeed with the thought given this matter, that the correct number has so far not been arrived at. Now it is quite plain that if Eve 88428 by Adam and Adam 8241242 show Eve he could do it, then the total must be 32,964,968.—Wallaceburg Herald.

Rubbish! Didn't they tell us in the first place that Eve 884882 by Adam, and doubtless Adam just 884882242 show her that his digestive organs were unimpaired. Now The Planet's mathematical specialist figures all this up to a total of 176,976,344—nothing more and nothing less. Next?

FALSEHOOD AND FALLACY.

The United States' contention that the Alaskan boundary should not be referred to arbitration, is based upon a falsehood and a fallacy.

The falsehood is that the Canadian claim was not made until after the discovery of gold in the Yukon district. As a matter of fact, the Canadian claim was made at least ten years before the discovery of gold in the Yukon district. It was made very shortly after the completion of the Canadian Pacific railway to the coast, when Canadians began to take an interest in their Pacific possessions. Before then that portion of the Dominion west of the Rocky mountains was virtually a terra incognita to the vast majority of Canadians, and they took little interest in it. But so soon as they were brought into close communication with British Columbia, Canadian interests on the Pacific coast commanded attention, and investigation brought to light the important fact that the Americans were claiming more than they were entitled to by the sale of Alaska to the United States.

The fallacy we have referred to is found in the argument that, as the Russo-British treaty of 1825, has remained unchallenged for 77 years, it would be absurd to refer the matter to arbitration at this late date. This is a mere evasion of the question. Nobody in Canada denies that the boundary between Alaska and Canada is fixed by the treaty in question. The treaty is all right. What Canadians object to is the American interpretation of the treaty. We hold that that interpretation is wrong and will not bear investigation.

Until recently the boundary question was not important, because the time had not come to mark the boundary lines. It was not necessary to do that, because the disputed territory was uninhabited and until a recent period there was no immediate prospect of white settlements being established

Difficult Digestion

That is dyspepsia. It makes life miserable. Its sufferers eat not because they want to—but simply because they must.

Their complaint of a bad taste in the mouth, a tenderness at the pit of the stomach, a feeling of puffy fullness, headache, heartburn and what not.

Hood's Sarsaparilla cured Joseph F. Laine, Nanagan, Ky., who writes: "I was troubled with dyspepsia for a number of years and medicine that did me no good. I was advised by friends to try Hood's Sarsaparilla and I did and it put my bowels in perfect condition, gave me strength and energy and made me feel like a new person."

Hood's Sarsaparilla Promises to cure and keeps the promise. Beware of substitutes. Buy Hood's and only Hood's.

There the discussion passed from the academic stage to the practical and acute stage when the time came for sending out surveyors to mark the boundary. As it is dangerous to allow the question of the possession of a large stretch of territory which is being gradually occupied by Canadians and Americans to remain in doubt, the prudence and wisdom of having the question once for all decided by a disinterested tribunal should be plain even to the most prejudiced mind.

If the United States' contention is clearly just and the Canadian contention is palpably absurd, as American newspapers assert, why this apparently invincible disinclination to permit disinterested and intelligent arbitrators to settle the question on its merits?—Hamilton Herald.

The Chatham Planet has gone so far as to call the North Grey account, "an outrage." It is to be hoped for The Planet's sake, the cool weather will continue a while longer.—Windsor Record.

The weather may not be affecting the Record, but, really, The Planet didn't call the account anything of the kind. This great home journal alluded to the manipulations of the Liberal machine, which the Record so persistently defends.

THE ALASKAN BOUNDARY.

The premier of Canada says that the situation is dangerous; but the New York newspaper men will not do him the honor to admit that there is a situation at all.

It is trifling eccentricities of this sort in the character of our big neighbor which give us in Canada a feeling of special gratitude every time we remember that we have had the common sense to remain a member of the British Empire. When the American republic declines to recognize an earnest Canadian protest against the location of the boundary line between the two countries, it is comforting to re-

Think It Over

This is a deep subject, this question of economy in buying. We want you to consider it well. We'll tell you some things about real value and real economy. Don't just look at the surface of saving. See that you get real worth when you buy. We regard your interests and tell you of them.

Our \$5.00 and \$10.00 Suits which we are making a run on are causing a sensation.

Suits as high as \$8.50 for \$5.00, suits as high as \$15 for \$10.00.

You must see them. Lustrous coats from \$7.15 up. White with black strap pants. **White Pants, Summer Vests, Summer Underwear.**

MEYNELL'S
The Up-to-date Clothier
Three Doors West from Market,
King St. Chatham

It is not mere assertion or conjecture; the Oaledonia Springs Waters and Baths have for a century demonstrated their efficacy over all others. Guides on application.

Minard's Liniment Cures LaGrippe.

call that behind that protest lies in the last resort the British power. This Alaskan dispute will be settled one of these days; and, when that happens, certain New York journals may manage to find out that there has been a dispute after all, and that the United States did have something to arbitrate.

MEDICAL FRANCHISE HOLDERS.

The medical profession belongs to the class of public franchise-holders, and, like the holders of all public franchises, come necessarily under legislative scrutiny. The sick of the province are consigned to the members of the medical profession. There is a medical corporation having legislative rights over the sick of the province, of a nature as exclusive as the rights as the Toronto street railway to carry our citizens by electric cars within the limits of the city. And one of the usual consequences of such legislative rights over the public is that there shall be some other limit to the charge that the sweet will of the persons into whose hands we are consigned.

HOW TO WATER LAWNS.

London Free Press.
If those who desire fine green lawns and thrifty shrubbery or flower beds, and who are in the habit of sprinkling them every day, would sink some two-inch drain pipes about three feet below the surface about two rods apart, and turn the same amount of water into these pipes that they now use on the surface, they would probably obtain much better results, and would not have the lawns wet and unfit to walk upon. In fact, much less water would be sufficient, as the evaporation would not be so rapid. It would also tend to send grass and other plant roots deeper, thus making a stronger growth. The best irrigation is to put the water below the surface and allow the plants to pump it up, instead of putting it on the surface to soak down into the soil. Those who use their lawn services in this way need not worry over the rule limiting the use of hose.

Browning's Care For Health.

Browning never passed a day without taking one or more long walks. Indeed, his panacea for most ills was exercise, and the exercise he chiefly advocated was walking. He wrote: "I get as nearly angry as it is in me to become with people I love when they trifle with their health—that is, with their life-like children playing with jewels over a bridge side, jewels which once in the water how can we, the poor lookers on, hope to recover? You don't know how absolutely well I am after my walking, not on the mountains merely, but on the beloved Lido. Go there, if only to stand and be blown about by the sea wind."

A Queer Japanese Marriage Custom.

Wild geese are considered the best emblem of conjugal felicity in the animal world. Thus the Japanese groom sends the bride a pair of these birds, and she in turn presents them to her parents. To further emphasize the matter the groom brings another pair to the wedding, and they roost in the room during the ceremony. Their conduct is watched with care, for they must not struggle to escape during the proceedings. Fortunately the bridegroom and must be content to substitute toy imitations of the birds, for the bride has no anxiety lest the wild propensity assert itself during the marriage rites and thus prove an ill omen to the household.—Woman's Home Companion.

How to Live on Love.

The girl was having a private conference with her father on the subject of marriage. "The young man hasn't enough to support you on," urged the father. "But you will give us something," she said.

"Not a great deal, my dear," "Then we shall live on love," "Ugh," sniffed the father. "Don't you think we can't?" asked the girl with the beautiful confidence of youth.

"Yes, if you both stay single." And the father declined to discuss the matter further.

Finding For the Lawyer.

Sometimes the jury returns a verdict for the lawyer, of which the following is a good instance: Mr. John Jones, a barrister of great influence and ability, was a leading counsel practicing in the Welsh circuit. Upon one occasion after a felicitous speech on behalf of his client in a criminal case the jury as the judge had summed up, without waiting for the officer to take their verdict, called out, "My lord, we are all for John Jones, with costs!"

At Home.

"Can you talk on your feet?" said the young man who was thinking ruefully of the time he tried to make an after dinner speech.

"I can," was the answer, accompanied by the pale smile of a person who is about to make a deliberate joke, as used to lecture on chirpology."

Figured.

"What's the matter with grandfathers?" "He's insulted. You see, he's nearly ninety, and he happened to hear you remark that the good die young."

Orchards in France are valued at \$400 an acre, vineyards at \$240 and pasture at \$90.

A REMARKABLE CASE

TOLD BY MR. ORLIN POST, OF GRUMIDGE, MANITOBA.

Suffered Greatly for Five Years From Rheumatism—Doctors and Many Medicines Failed to Help Him, But He Got the Right Medicine at Last.

From the Echo, Dominion City, Man. Recently while chatting with a reporter of the Echo, Mr. Orlin Post, a well known farmer of Grumidge, Man., gave the following story of five years of great suffering from that most painful of diseases—rheumatism. Mr. Post said:—"There are few people, unless they have been similarly suffered during those five years from the pains of rheumatism. There were times when I was wholly unable to do any work, and to merely attempt to move my limbs caused the greatest agony. I tried several doctors but they seemed quite unable to cure me. Then I tried several different medicines, but I was not fully cured. I then failed to bring the longed for release from pain. As these medicines failed me one after the other, I began to look upon the trouble as incurable, and was almost in despair. At this time some friends asked me why I did not try Dr. Williams' Pink Pills, and I decided to make at least one more effort to obtain a cure. I knew my case was not only a severe one, but from the failure of other medicines a stubborn one, and I determined that the pills should have a fair trial, so I bought a dozen boxes I took them according to directions, and before they were gone there was a great improvement in my condition, but I was not fully cured. I then got another half dozen boxes, and by the time the third of them were emptied I had not an ache or a pain left, and was able to do a good hard day's work without feeling any of the torture that had for five years made my life miserable. You may say for me that I do not think there is any medicine in the world can equal Dr. Williams' Pink Pills as a cure for rheumatism. It is several years since my cure was effected, and as I have never since had the least sign of the trouble, I think I can speak with authority."

When such severe cases as this are entirely cured it is not surprising that Dr. Williams' Pink Pills have made such a great reputation throughout the world for the cure of other diseases due to poor or watery blood. Paralysis, St. Vitus' dance, anæmia, consumption, dyspepsia, palpitation of the heart, nervous headache, female ailments and neuralgia are among the other troubles they have cured. Only the genuine pill will cure—substitutes never cure anything—and to avoid substitutes you must see that the full name, "Dr. Williams' Pink Pills for Pale People," is on the wrapper around every box. These pills are sold by all dealers in medicine, or will be sent free at 50 cents a box or six for \$2.50 by addressing the Dr. Williams' Medicine Co., Brockville, Ont.

Where He Got His Name.

General Sir William Olpherts, K. O.B., V.C., whose death in London is announced, earned the nickname "Hellfire Dick," and his Victoria Cross by a daring deed at Lucknow. A gun badly mired in action had threatened to burst, and the servers were afraid to fire another shell. Olpherts, then captain, leaped ashore, the smoking gun and fired: "Arrah, ye devils! Will ye fire now?" Encouraged by their leader's confidence, the gunners fired, and Captain Olpherts descended a hero.

THE WORLD'S BEST SUMMER MEDICINE.

Paine's Celery Compound Has Made People Well When Every Other Remedy Has Failed.

Paine's Celery Compound cures thousands of sufferers who have made the most of strong, vigorous and happy. Paine's Celery Compound purifies the blood and builds up the nervous system as nothing else can do; it is pre-eminently the great life-saver and health-giver.

Overworked and tired women stand in urgent need of this health-giving prescription to make them and keep them well. All women should take advantage of the remarkable power of this best of medicines for restoring vigor to the blood and strength to the nervous system. The all-important thing for nervous, rundown and sleepless women is that Paine's Celery Compound fortifies the whole physical system, and by correcting digestion and regulating the nerves it ensures sound, refreshing sleep. In every case of sickness Paine's Celery Compound completely and permanently brings back health. Mrs. W. Allen, Jr., of Almonte, Ont., says:

"Through the pleadings of a friend I tried Paine's Celery Compound for nervousness and loss of sleep, and it did for me more for me than any other medicine I ever used; it is certainly the best of all medicines. After using but two bottles of Paine's Celery Compound, I find myself as well and strong as ever before. I recommend the Compound at every opportunity."

It is reported that the French have purchased a promontory of Katal from the Chinese Government. The part commands part of Hong Kong harbor, and the report adds that the English at Hong Kong have entered a protest against the sale.

Minard's Liniment Cures Distemper.

Boys' Wash Suits

22 only, galatia, crash and duck suits, smart styles, prettily trimmed, fast colors, size 3 to 10 years, regular \$1.25 Saturday at.....99c

Oxford shirts, imported direct from the English mills, 30 choice patterns, warranted fast dyes, special at per yard 8c, 10c, 12 1/2c, and 15c.

Dress gingham—40 pieces fine Scotch and American gingham in pretty corded stripes, checks, plaids and plain colors, warranted dyes, regular 12 1/2c and 15c a yard, clearing Saturday at 10c and 12 1/2c.

Millinery at half price—Even at the kind of millinery sold in some stores would be undesirable. Not so with what you find here. No matter how low the price, you are sure of getting the very latest and best possible at the price. See these for Saturday—beautiful trimmed hats, clearing at each 98c, \$1.25, \$1.48, \$1.69, \$1.89, \$2.48, \$3.69 and \$4.48.

50c, 40c, and 35c sailors for 23c each—About 10 dozen to select from, all this season's best shapes, black or white, with silk and satin bands, your choice at 23c.

Lace Curtains—22 pair rich Nottingham lace curtains, 7 yards to the pair, extra wide, in handsome designs, overlock edges, regular \$1.75 to \$2 a pair, special Saturday at \$1.39.

Hosiery bargains—22 dozen pair extra fine elastic rib cotton hose, 25c.

SPECIALS

FOR TO-NIGHT

Our policy of advertising admits of nothing sensational. We aim to tell of our merchandise in direct, clear, concise terms that no one shall be misled, but that all shall know the advantages which large capital and experienced management continue to place at your command. Cash buyers will do well to look up the goods these prices represent. There's a substantial saving on every purchase you make here Saturday.

Dress Goods Remnants—Nearly 100 of them—ends of the best selling lines of the season, blacks and colors in all the leading weaves and shades, 1 1/2 to six yards each, suitable for waists, skirts, or children's dresses, clearing Saturday at almost half price.

Ribbon Bargains—We have given some wonderful values in ribbons during the past year, but this lot for Saturday will eclipse them all, here are the particulars—

Nearly 1000 yards rich Taffeta, grisha, moir, glaze, lustrous gros grain, fancy stripes, fancy satin, and fine roman satin ribbons, 4 in. to 8 in. wide, large range of desirable colorings, beautiful qualities, regular prices would be 50c, 65c, 75c and \$1 a yard, your choice Saturday at 25c.

Lace Curtains—22 pair rich Nottingham lace curtains, 7 yards to the pair, extra wide, in handsome designs, overlock edges, regular \$1.75 to \$2 a pair, special Saturday at \$1.39.

Hosiery bargains—22 dozen pair extra fine elastic rib cotton hose, 25c.

50c, 40c, and 35c sailors for 23c each—About 10 dozen to select from, all this season's best shapes, black or white, with silk and satin bands, your choice at 23c.

Lace Curtains—22 pair rich Nottingham lace curtains, 7 yards to the pair, extra wide, in handsome designs, overlock edges, regular \$1.75 to \$2 a pair, special Saturday at \$1.39.

Hosiery bargains—22 dozen pair extra fine elastic rib cotton hose, 25c.

50c, 40c, and 35c sailors for 23c each—About 10 dozen to select from, all this season's best shapes, black or white, with silk and satin bands, your choice at 23c.

Lace Curtains—22 pair rich Nottingham lace curtains, 7 yards to the pair, extra wide, in handsome designs, overlock edges, regular \$1.75 to \$2 a pair, special Saturday at \$1.39.

Hosiery bargains—22 dozen pair extra fine elastic rib cotton hose, 25c.

50c, 40c, and 35c sailors for 23c each—About 10 dozen to select from, all this season's best shapes, black or white, with silk and satin bands, your choice at 23c.

Lace Curtains—22 pair rich Nottingham lace curtains, 7 yards to the pair, extra wide, in handsome designs, overlock edges, regular \$1.75 to \$2 a pair, special Saturday at \$1.39.

Hosiery bargains—22 dozen pair extra fine elastic rib cotton hose, 25c.

50c, 40c, and 35c sailors for 23c each—About 10 dozen to select from, all this season's best shapes, black or white, with silk and satin bands, your choice at 23c.

Lace Curtains—22 pair rich Nottingham lace curtains, 7 yards to the pair, extra wide, in handsome designs, overlock edges, regular \$1.75 to \$2 a pair, special Saturday at \$1.39.

Hosiery bargains—22 dozen pair extra fine elastic rib cotton hose, 25c.

Lace Curtains—22 pair

SOWING AND REAPING

Results of Wrongdoing Forcibly Described.

THE ONLY WAY OF ESCAPE.

The Sower of the Flesh Always Reaps the Corruption of the Flesh—Though a Man May Repent of His Sin He Must Up to His Death Suffer for His Seeds.

Entered According to Act of Parliament of Canada in the year 1902 by William Bailey, of Toronto, at the Dept. of Agriculture, Ottawa.

Chicago, June 15.—The inevitable results of wrongdoing are forcibly described in the following sermon by Rev. Frank De Witt Thalman, from the text, Galatians vi. 8, "He that soweth to his flesh shall of the flesh reap corruption."

Some familiar texts are like powerful tonics. They have a snap and strength which we do not always find in the water of life when it is held in strange and peculiarly labeled bottles. They are like the lullabies with which we were sung to sleep in childhood. They have been repeated over and over again by the lips of our departed loved ones, so that each word is made sacred by holy associations. Every time we speak them it seems as though these words were the ushers welcoming us into the vestibule of the church in which the service was held when we gave our hearts to God.

But though many great preachers have spoken from this text and though many holy associations gather around its words yet I would fain speak upon it for two reasons: First, because I am passionately fond of the country.

The second reason why I speak from this text to-day is because the spring-time of the year, when the American sower went forth to sow, is only a few weeks past. The plow only a short time ago had the rust of many months rubbed. The sharp noses of the harrow's teeth are yet white from chewing and breaking the sods. And the sower, with his bag of seed hanging upon one arm and his handful of seed swinging at the end of the other arm, only a short time ago, with measured tread, went across the fields, scattering the seeds to the right and to the left. May God help us to do right in the spring-time of the year.

The seeds of the flesh by the inexorable law of the fields can only produce the harvest of the flesh. This statement is an axiom, a self-evident fact.

As there is a spiritual law in the natural world so there is a natural law in the spiritual world. And the sower to the flesh has no more right to expect to reap the harvest of the sower to the spirit than a farmer has a right to expect to gather a crop of barley from wheat seeds or a crop of rice from cotton seeds or a crop of potatoes from musk-melon seeds. Any sinner who is trying to argue himself into a different spiritual belief is not only denying God, but making himself ridiculous.

Go where you will you will find that the sower to the flesh always reaps a harvest of corruption. Sit with the judge upon the bench, and he will tell you that the young man standing before him for sentence did not think that the seeds of sin which he planted in secret would ever take root and begin to sprout. He did not think that his sowing a few "wild oats" would ever cause his downfall. Yet God was watching him sow those seeds. His employers were watching him. And some day the young man who spent his Sundays at the races, the one whose companions were not what they ought to have been, they naturally came to that young man and put the hands of the law upon his shoulder, saying: "Come, young man. The convict's cell awaits you. Come!"

The physician in the sickroom will teach you that the sower of the flesh always reaps the corruption of the flesh. Upon the bed of suffering lies an invalid. He may pray, he may groan, he may promise to do right in the future, but the physician says: "No, my friend; good intentions do not eradicate the physical wrongs of the past. You must reap the seeds sown in the wine cup, the seeds of late hours, the seeds of the defiance of moral laws. Dying man, you must reap the harvest of the sins of the flesh which you have sown."

Stand with the minister in his pulpit, and he will teach you that though a man may repent of his sins he must still reap the harvest of his past misdeeds. God may forgive the sinner and all the results of the past evil may cease when the sinner robes himself in the white garments of the redeemed, but all through the remainder of the sinner's earthly career he must suffer for the evil which he has done. The minister will tell you that one of the saddest sights of Christian work is to see an old man who has been converted at the eleventh hour hobbling along upon his cane through the harvest of corruption which surrounded him everywhere, which came from the seeds of his own planting.

The seeds of the flesh by the inexorable laws of the fields are expected to produce more of a harvest than the original seeds which have been sown. It would be folly for the farmer to sow 500 kernels of corn if he could only receive in return half a dozen ears of corn; to plant twenty or thirty peas if he could gather in return but a few pods, or to labor at all if for every planted seed there would come up only one kernel in return. But when the farmer has a small bag of wheat seed he says to himself: "Now, if I properly plow and harrow the ground and plant

"I wrote to Dr. Pierce for his advice."

The lady, from whose letter we quote, got what she wrote for, and is a well woman to-day as a result of following Dr. Pierce's advice and using Dr. Pierce's Favorite Prescription, the medicine which makes weak women strong and sick women well. "Favorite Prescription" establishes regularity, dries weakening drains, heals inflammation and ulceration and cures female weakness. Sick women, especially those suffering from diseases of long standing, are in-

vited to consult Dr. Pierce by letter, free. All correspondence is held as strictly private and secretly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

I can truthfully say that Dr. Pierce's Favorite Prescription is a wonderful medicine and deserves the praise given it," writes Mrs. Emma Spooner, of Lakeview, Montclair, Mich. Box 28. "I was sick four months, and the medicine prescribed by the doctors did me no good. Finally I wrote to Dr. Pierce for his advice. He answered in a very kind letter instructing me what to do. I followed his advice and today am a well woman, thanks to Dr. Pierce."

Dr. Pierce's Pleasant Pellets should be used with "Favorite Prescription" whenever a laxative is required.

those seeds right I will be able to gather a whole field of golden grain. One of my seeds will be able to produce itself many, many times." Benjamin Franklin once said that the reproductive power, the prolificness of vegetable life, is simply inconceivable and without limit. We all remember Daniel De Foe's story of the shipwrecked sailor. He found half a dozen small wheat seeds. From those few seeds he was able to develop all the wheat he wanted both for himself and his negro servant.

It would be a happy solution to the sinner if when he sowed one evil seed he should get back only one evil result. But that is not the way the harvests of the flesh grow. One evil seed will become the parent of many evil seeds, the grandparent of a host of evil seeds, and the great-grandparent of a lifetime of evil harvests. A sower unto the flesh always reaps more corruption than he expected to gather.

And if the evil results of sowing are so awful in reference to our own lives how much more awful must be the results when we plant those seeds in the lives of other people against their neighbors once went to a priest for confession. After she told the priest the evil she had done her neighbors she asked him what she could do to undo the wrong. The priest gave her a handful of nettle seeds and bade her go and scatter those nettle seeds over a field and then come back to him. After the woman had done as she was told she came back to the priest. "Now," said the priest, "go and gather those nettle seeds up again." "Oh," said the woman, "I cannot." "Neither," answered the priest, "can you ever undo the wrongs which you have done against your neighbors." Awful must be the remorse when a converted man realizes that by his sin he has developed a harvest of corruption in the hearts of his neighbors. If he has planted there the evil seeds, some of them will come up. The moral and spiritual laws are the same.

The seeds of the flesh do not necessarily produce the harvests of the flesh instantly. A long time may intervene between the time of planting

year the farmer goes forth to sow. There is the spring planting. Then the rye, the barley, the oat seed is scattered. Then the corn seed is planted in the ground. Then the timothy seed is thrown over the field, so that the farm stock can have hay during the winter months. Hardly are the spring showers made the little tender sprouts come up. Then the fields everywhere are carpeted with green.

But there is a fall planting as well as a spring planting. Just before the summer birds migrate to the south in order to escape the blizzards and the howling of the winter storms the farmer goes forth and sows his wheat seed. These seeds lie dormant under the snows during the long December, January, February and March months. But when spring comes those wheat seeds which have lain dormant for so long are roused by the blast of the spring's resurrection. And a wonderful fact about nature's laws is that the deeper the snows, the longer the winter and the longer those wheat seeds lie dormant the stronger and more virile is the grain when it begins to grow.

So some of the tares or the sins of the flesh which we have shown in the past may seem to take a very long time in developing. We may think because we have sinned and never yet been punished and have kept on sinning five hundred, a thousand, ten thousand times that we never will be punished, that we never shall have to gather our harvest of corruption. But we will. As the Lord God Omnipotent liveth we will!

The parable of the tares explicitly states this fact. As the householder he bade his servants let the tares continue to grow by the side of the wheat, but when the reapers came they went and gathered the tares into bundles and destroyed them. Sinner, do not deceive yourself. God is not mocked. Do not think because the day of retribution has been postponed that the seeds of the flesh are dead when they are merely dormant. As the long delayed wheat harvest is the strongest harvest, so the longer the punishment of the sinner of the flesh is postponed the greater and the more awful will be the harvests of corruption.

The seeds of the flesh always produce such great harvests that many pairs of hands instead of one pair, must be employed in the reaping. One man can plant in a day what it will take a score of men the same time to reap. The sower would be helpless if he himself had to gather in all the results of his sowing. So every farmer has to look ahead to prepare for the harvest time. And if he is the owner of a large farm, he hires laborers for the reaping. When the wheat is ripe it must be cut and carried into the barns right away, else the grain will fall off and the farmer will have no results from his planting but straw, which he uses for stall bedding. Six, seven, eight months of the year you may find unemployed men in the country. But during harvest time every healthy man can find work and big wages, if he is only willing to work and knows how to wield a scythe or how to tie up the sheaves of grain.

Who are the reapers engaged beforehand to help the sower to the flesh gather in the greatest harvest, which is to be gathered at the brink of the open grave? They are the demonic reapers. They are Satan and his evil spirits. They are the demons that live in the impenetrable darkness of a lower world. They are the demons who will gather only the most corrupt of harvests. A convicted of his past sins, "what am I to do? I fully realize my evil past. Must I die an eternal death? Is there no hope for me? Yes, my brother, there is hope for you if you repent of your sins and throw yourself upon Christ's mercy, as wide as the forgiveness of God. I only quoted one-half of the verse from which my text was taken. The last half of the verse reads thus, "But he that soweth to the spirit shall of the spirit reap life everlasting." The first half is a red light of warning, flashed far out over the troubled sea of sin. The second half is the harbor of peace.

First, my brother, you must get your heart right for the spiritual seed planting. In the far east, that ancient plot was made out of wood and not from iron. You must let the beam of the cross plow your sinful heart. Then, having prepared the ground for the spiritual seed planting, you must go to work for God with ten times, one hundred times—aye, with a thousand times—the zeal you have ever felt as a disciple of sin. You must enlist your self, body, mind and soul, for the gospel planting. As I said before, you cannot change the past. The past is dead. But, oh, by the power of the Holy Spirit, you can spiritualize the future! You can make your last earthly days honored days in heaven and on earth, because they have been lived for God and to help your sinful fellow man. "Whoever will, let him come and take of the water of life freely." That means you; that means me. We can all come.

"No," you answer, "I will not. I cannot. I dare not come to Christ now. I have had too black a past. I have sown too many evil seeds to the flesh. I feel a great deal like that young college boy who was dying from an accident in Edinburgh. When the chaplain knelt by his bedside and said, 'My lad, will you repent of your sins and look to Christ?' He answered: 'No, sir, I have served the devil all my life, and I have served him well, and now at this last moment I would not be so mean as to ask Christ to take my broken body and my wreck of a life. No, sir, I would not be so mean.'"

But, my sinful friend, even with your sinful past, is that right? Is that what Christ would have you do? If you had a wayward boy, and he had run away from home and trampled upon your bleeding heart for many years, would you want him to stay away and die hardened

Why

You should use

Bee Starch next ironing.

SAVES WORK.—Bee Starch requires no boiling but only mixing in either hot or cold water.

Bee Starch gives a fine finish with less ironing than with any other starch.

Bee Starch prevents the iron sticking to the linen—the laundress knows what this means.

DOES BEST WORK.—None of the old favorites give so lasting and elastic a finish as does Bee Starch—the product of modern thought and methods.

"BEE" Starch

Old time bothersome, work making starches were good enough for other days—when time and work counted for little.—But Bee Starch is the Starch of TO-DAY.

In every Box of Bee Starch (and also of Bee Soda and Bee Borax) is one coupon, SAVE IT. We give free, in exchange for 100 of the coupons, from any of these boxes, a set of three Patent Flat Irons, Highly Nickled, complete with handle.—These Irons would cost, retail between \$1.25 to \$1.50 for the set;—for 20 coupons more an extra handle will be given.

BEE STARCH CO., 449 St. Paul St., Montreal.

N.B.—If your grocer does not sell Bee Starch, send us acc. and his name, and we will send you, by return all charges prepaid one package Bee Starch soc. one package Bee Baking Soda gc. one package Bee Borax gc.

This set of Patent Flat Irons—FREE—see below.

This set of Patent Flat Irons—FREE—see below.

PROBABILITIES.

Special to The Planet.
Toronto, June 21.—10 a. m.—Strong
winds and moderate gales from west
and northwest; fair and cooler. Sun-
day, fresh, northwesterly, fine, but
quite cool.

The following figures were register-
ed to-day at 7 a. m. at Turner &
Platt's Weather Bureau:
Thermometer 58.
Highest yesterday 72.
Lowest yesterday 54.
Direction of wind, west.

THE LOCAL BUDGET

Mrs. C. J. O'Neill, of Toronto, is
visiting in the city.

M. S. Kennedy, of Wallaceburg, was
in the city yesterday.

Detective Camp, of Windsor, was
in the city yesterday.

John Graham, of Tupperville, was
a visitor in the city yesterday.

Miss Ella Perry, of Pontiac, Mich.,
is the guest of Miss Hazel J. Fielder,
Head Street.

The Canada Flour Mills Co. are
putting new gravel roofs on six of
their buildings.

A flute and a vocal solo will be
given at the Park street bible class
meeting, to-morrow afternoon.

Fred Jordan received a severe
bite on the leg from a cross dog,
while returning from the post office.

County Commissioners John Crow-
der, of Ridgeway, and J. N. McCoy,
of Wallaceburg, are spending the day
in town.

John Cousineau, Fishery Inspector
for North Essex, is in the city attend-
ing the meeting of the Chatham Bind-
er Twine Co.

If the weather should be unfavor-
able, the strawberry festival to be
held on St. Andrew's Church lawn will
be held in the Sunday school hall.

A great attraction at St. Joseph's
Hall will be, Master Thomas Hurme,
the violinist, Tuesday evening,
June 24th.

Mr. and Mrs. N. H. Stevens enter-
tained a number of their friends to
a garden party yesterday in honor
of Mrs. (Dr.) Stevens, of Detroit.

"The Ark" is ready for the 26th
with lots of flags, all sizes, also
Chinese lanterns for home decorating,
and a choice assortment of Cornish
China.

L. B. Bock, expert piano tuner, and
regulator, of Berlin, has taken up his
residence in the city. Orders left at
Tschirhart's music store, or Box 64,
will receive prompt attention. \$2.00
will receive prompt attention.

A large genuine Scotch thistle is
growing on Lansdowne avenue. It
stands 4 feet 2 inches high, and evi-
dently started from a stray seed
dropped by a pedestrian.

The President of the Chatham Min-
eral Baths Co. got off a joke this
morning. He remarked that those
who went to Erieau last night had a
fly time. Asked for an explanation
he merely murmured "June Bugs."

SHAREHOLDERS IN SESSION

Continued From First Page.

tered their names with the secretary,
J. N. McCoy asked on what author-
ity they occupied their positions to-
day.

Chairman Leverton replied, on the
authority of the requisitionists.

Mr. Rankin was asked to explain
the desirability of the injunction, which
he did to their satisfaction, and ended
by saying that the meeting to-day
was called on the direct decision of
Chief Justice Meredith.

Secretary Ross explained the rea-
son of the calling of the meeting.

Mr. McCoy—Then you must have
held your present offices on June 9,
according to that.

Mr. Leverton—Yes we did, on the
authority of the requisitionists.

Mr. Edwards—I think Mr. McCoy is
just here to kill the time of the meet-
ing, and is just mad because he did not
get an office.

F. F. Jones—I have posed as a friend
of the old Board, and for the past
three months have tried to get them
to resign, but I have not succeeded.

I want to see an election.

Mr. Leverton—If this is not a legal
meeting, then the shareholders have
no redress against wrong and we have
just got to be rods over and skinned
alive.

The by-law to repeal certain by-
laws of the directors, was read for the
first time and on motion of Hutchison
and Hayward, was adopted.

It was taken as read the second
time on motion of Hutchison and Hay-
land.

On the third reading it was taken
up clause by clause and at the noon
adjournment the first clause and let-
ters A. B. and C. of second had passed
the gathering.

DIRECTORS ELECTED.

On the meeting resuming at 1.15 p.
m., clauses D, E, F, G and H of the
By-law were passed, and the By-law
was read the third and last time. On
motion of John Piggott, seconded by
Harry Gillett, the By-law was adopt-
ed.

Secretary Ross then applied the
Company's seal to the By-law.

The nomination of new directors
then took place as follows:—

Arthur Leverton, nominated by A.
H. White, seconded by Henry Gillett,
and A. B. Hutchison.

D. A. Hutchison, moved by John
Vester, seconded by Wm. Henderson,
J. A. Coulter, by J. Piggott and
Thos. Robinson.

J. J. Ross by Messrs. Parrott and
Houston.

J. B. Cousineau, by Henry Gillett
and A. B. Hutchison.

Thos. Robinson, by J. B. Cousineau
and W. J. Tiney.

J. N. McCoy, by Chas. Baker and J.
J. Ross.

Mr. McCoy said he had only four
shares, and, under the circumstances,
he would not accept and wouldn't
under any circumstances.

Mr. Ross said he would transfer one
of his shares to Mr. McCoy and would
resign in his favor.

Mr. McCoy declined and dropped
out.

Mr. Robinson also dropped out.

The election of directors was unan-
imous and resulted as follows:—

A. Leverton.
J. A. Hutchison.
J. A. Coulter.
J. J. Ross.
J. B. Cousineau.

The new directors, after adjourn-
ment for a few minutes, elected Ar-
thur Leverton as President and J. J.
Ross as Secretary-Treasurer.

POLICE COMS.

The Police Commissioners met this
morning in the City Clerk's office,
Herioton Hall. Chairman M. Hous-
ton, Judge Bell, Mayor Sulman, Chief
Holmes, City Clerk Merritt and City
Engineer Macnab were present.

The following accounts were passed:
G. N. W. Telegraph Co., 75c.; Central
Drug Store, 75c.; and stationery, \$1.
P. C. Dezella wrote, asking for an
increase in salary.

Judge Bell asked if Officer Dezella
was the oldest man on the force.

Judge Houston—Darr, I believe, has
been on longer.

Judge Bell—Yes, it will place us in
an unpleasant predicament, but yet I
don't say that it's not fair. With
our workmen we pay the man the best
whom we think does the greatest ser-
vice.

Judge Houston suggested that the
matter be laid to rest at the next
meeting.

The City Engineer was instructed
to prepare estimates of the cost of
the sanitary repairs to the police
station.

"DUKE," THE INTELLIGENT

Herb Clements' Splendid Span-
iel Takes a Toboggan
Slide.

Was a Little Nervous at First
But The Presence of His
Owner was Reassuring.

The accompanying cut is a likeness
of Herb Clements' little English Field
Spaniel, "Duke," who was recently so
unfortunate in breaking his leg, but
who is now on a fair way to recovery.

As was mentioned before in these
columns, "Duke" is without doubt the
most intelligent dog in Chatham and
is the only dog in the city who will
ride alone down hill on a toboggan.

In describing how he taught his dog
this feat, Mr. Clements said:—

"It was very amusing to watch him
the first time he went down a tobog-
gan slide with me. You know I once
had a long slide in the rear of my
house on Water street which ran out
on the river. There was a great
shoot at the bottom which would send

"DUKE."

the toboggan all the way across the
river. The first time "Duke" went
down with me he didn't know what to
make of it. When we got started
down the hill he looked around and
saw that I was on; then he braced
himself for the ride. After we passed
the shoot and commenced the slide
across the ice on the river he looked
around at me and wagged his tail, as
much as to say, "This is all right."

After that first ride "Duke" seemed
to enjoy the sport and it was
no difficulty to get him to go down
alone.

"Since he has been sick he has been
the very best kind of a patient. I
made a sling for his leg yesterday and
when I fixed it on him and put his
leg in it he seemed greatly relieved.

Shortly after I put it on he moved
around and his foot came out. I
watched him to see what he would do
and you would have been surprised had
you seen him. He carefully lifted up
his injured leg placed it in the sling,
then sat up on his haunches, looked
at me and wagged his tail.

"There have been more callers at the
house to ask for 'Duke' than there
would have been if I myself had brok-
en my leg. I am glad to know that he
is getting better and I don't think it
will be long before he is well again."

WAS SPLENDID

Social and Program of the
Christ Church Guild Much
Enjoyed.

A very enjoyable and successful
strawberry social was given at Christ
Church, Thursday evening. A large
number were present and an exceed-
ingly pleasant time was spent by
everyone. The gathering first assem-
bled in the Sunday school room, where
they were treated with a short but
delightful program. On this program
was a solo by D. E. Russell, "Then
you will remember me"; vocal solo,
"Husken"; by Miss Kathleen O'Hara;
vocal solo, "The Mission of Rome," by
Horace Davis; vocal solo, "Angels
Serenade," by Miss Florence Stephen-
son; with flute obligato by J. W.
Wilson.

Miss Marie Brackin played the ac-
companiments of the evening with
the exception of Miss Stephenson's
solo. Her accompaniment was played
by her mother, Mrs. S. Stephenson.

Each number on the program was
excellently well rendered and thor-
oughly enjoyed by everyone.

After the program the social part of
the evening was managed on the lawn.
The ladies who conducted the social
were favored with a very pleasant
evening, and everything passed off
very creditably.

Mr. and Mrs. Thomas Maisonneville
are rejoicing over the advent of a
daughter, which arrived this morn-
ing.

A musicale will be given in the I.
O. O. F. Auditorium on the evening
of Friday, June 27th, 1902, by vocal
students of Miss Ursula Archer, as-
sisted by Miss Mabel Cowan and Miss
Annie Bogart, piano students of R.
Victor Carter. Invitation program
may be had by calling at Krause Con-
servatory of Music on or after Tues-
day next.

THE KIDNEYS AND THE SKIN.

In the spring, the kidneys have
much to do. If they are weak or tor-
pid, they will not do their work, and
the skin will be simply or blotchy. That
is telling the story in a few words.

Hood's Sarsaparilla strengthens and
stimulates the kidneys, cures and pre-
vents pimples, blotches and all out-
standing eruptions.

Don't fail to take it.
Buy a bottle to-day.

SENTENCE ON SALISBURY

Extreme Penalty in Imprison-
ment Allotted the
Fiend.

Takes his Sentence Nonchal-
antly—Suffered Previously
for Similar Offense.

"The sentence of the Court on you
is that you be imprisoned in the Pro-
vincial Penitentiary for the rest of
the term of your natural life."

"Such was the penalty imposed on
John Salisbury, convicted of commit-
ting an unmentionable offense and
dismissing a little girl at Northwood.

The prisoner took the sentence as in-
differently as he had listened to the
evidence in the case. The evidence
was disgusting in the extreme and
proved Salisbury one of the vilest of
the vile. The only touch of sympathy
that the prisoner aroused was be-
cause he was not represented by coun-
sel.

Asked if he had anything to say,
the prisoner said that he was not
guilty and asked Judge Houston to be
as lenient as possible.

Judge Houston, in sentencing the
prisoner, said,—"I don't think that it
is safe for the public or children that
you should be at large. If I err in
giving you too long a sentence, you
always can by application lay the mat-
ter before the Minister of Justice; I
don't think that a man who assaults
a child a second time is fit to have
his liberty."

Salisbury was convicted of a similar
attempt six years ago and sentenced
to three months in jail and 30 lashes
by Judge Bell. Salisbury served his
sentence on that occasion.

THE MARKETS

There was a very poor market this
morning. Strawberries, which have
been coming in quite freely of late,
were very scarce, and a very small
quantity being offered. What was offered,
sold very rapidly at three boxes
for 25 cents, so that by half past
eleven there were no berries on the
market at all.

Fred Collins, in conversation with
The Planet this morning, said:
"The strawberry crop is almost an
entire failure. The farmers have just
got on an average of a quarter of a
crop. Around here we have less,
while along the lake it is a little bet-
ter. The reason of it is the severe
cold weather we had when the straw-
berries were in blossom."

Following is the full price list:

IN THE SHEDS.

Eggs, 12c to 13c per doz.
Butter, 15c to 16c per lb.
Chickens, each, 20c to 25c.

VEGETABLES.

Rhubarb, 2 bunches for 5c.
Lettuce, per bunch, 5c.
Green onions, 2 bunches for 5c.
Radishes, 3 bunches for 5c.
Sage, a bunch, 5c.
Cauliflower plants per 100, 75c.
Green currants, per quart, 10c.
Carrots, per bunch, 5c.
Potatoes, per bag, \$1.25 to \$1.50.

Summer savory, 5c. bunch.
Pepper plants, 10c. doz.
Tomato plants, 12c. a dozen.
Cabbage plants, 10c. a doz.
Tobacco plants, per 100, 50c.
Celery plants, per 100, 35c.
Strawberries, 3 boxes for 25c. and
\$1.50 a crate.

WORLD OF SPORT

CRICKET.

THE FIRST VICTORY.

Chatham won at cricket yesterday for the first time this season, from the Detroit team, by a score of 300 to 95.

The day was a little cool, but the grounds were in excellent condition, hence the fielding was fast and batting heavy.

Detroit went to bat first and were all out for what looked to be the big score of 95 runs, 53 of which were made by Jenner before Miller had taken his centre stump. Jenner was the only one for Detroit who made double figures, although Geo. Perrin and F. Bamford secured 9 each, and Johnson made 8.

Aitken secured four of the wickets and Miller and Kenny three each. Miller had the best average in the bowling.

Sam Mercer and Jos. Kenny went to bat for Chatham first, and were just getting settled down when Mercer got out on a hard luck fly. Fred Dowsley was the next man in and made a pretty good stand until Kenny followed, and started to pile up a score by good heavy batting, such as has not been seen here for a long time. Dowsley was bowled by Bamford, and Dr. Nichols, who followed, was caught outside his area and stumped. W. G. Richards came next, and he and Miller just kept themselves busy walking from one end to the other on three's. Richards made 33 before he was bowled by Jenner.

A. Dowsley, Aitken, Hutchison, and Brundage, made good scores, Aitken having 17 to his credit, and Hutchison 16, not out.

Miller was bowled by Bamford after he had totalled up the fine score of 72 runs. The score was as follows:—

Detroit.

F. Bamford, str., b. Kenny 9

R. B. Miller 53

H. Johnson, b. Kenny 9

G. Perrin, b. Aitken 9

F. Hewitt, b. Aitken 0

F. Chittenden, b. Aitken 0

F. Flaves, b. Miller 0

J. Roach, b. Miller 0

D. R. Bamford, str. b. Robert, b. Aitken 0

R. B. Miller, b. Kenny 1

J. J. Dods, not out 1

Extras 95

Bowling Analysis—

Kenny—12 overs, 4 maidens, 3 wickets, for 32 runs; average 10.2.

Aitken—24 overs, 7 maidens, 4 wickets for 46 runs; average 10.8.

S. Mercer, 4 overs, 2 maidens, no wickets for 6 runs.

Miller—5 overs, 3 maidens, 4 runs for 3 wickets; average 1.1.

Chatham.

S. Mercer, c. Dods, b. Jenner 18

J. Kenny, c. Johnson, b. Mercer 15

R. B. Miller, b. Bamford 72

R. Miller, b. Bamford 33

W. G. Richards, b. Jenner 33

A. Dowsley, b. Bamford 17

J. W. Nichols, b. Hewitt 16

R. Hutchison, not out 16

C. Brundage, c. b. Bamford 7

Extras 200

Bowling Analysis—

H. Johnson—6 overs, 20 runs, for no wickets.

T. Jenner—17 runs, 2 maidens, 51 wickets for 3 wickets.

F. Bamford—15.3 overs, 3 maidens, 79 runs for 6 wickets.

Ridgely—1 over for 14 runs.

Hewitt—3 overs, 24 runs, for 1 wicket.

Extras 200

FOOTBALL

A CLOSE GAME.

Wallaceburg seems to be very unfortunate in sport this year. They have already lost two league games of lacrosse and last night they lost their second game of football with the C. B. C's. The game was played on Tecumseh Park, the C. B. C's scoring the only goal, made, and this one, too, was questionable. The last part of it was played in the rain, which made it far harder for the players. The two teams were very evenly matched and the game was a very interesting one, both sides fighting hard for the victory. One very commendable feature was that the playing on both sides very fair and clean, and was free from unpleasant feeling and quarrels, which are so exasperating to the spectators.

Sheldon and Mercer held up the left wing for the C. B. C. Mercer played well and made some very fine drops on goal from the outer left. Benson in the forward line, also showed up to good advantage.

Taylor—also a lacrosse player—was on hand, and played on the left wing for Wallaceburg. He made some swift rushes on the Chatham goal, but experienced considerable difficulty in passing the C. B. C. backs. Bennie, at half-back for Wallaceburg, played his position well.

The following were the players:—

C. B. C.

Goal—Jinks.

Backs—Boulton and Coerner.

Half-backs—Lynch, Bedford and McNaughton.

Forwards—Mercer, Sheldon, Benson, Ainsworth and Smith.

Wallaceburg.

Goal—Newey.

Backs—Jackson and Stevens.

Half-backs—McCosh, Bennie and Hunter.

Forwards—Johnson, Harrison, Taylor, Knight, and Baughmann.

3. The non-commissioned officers (including staff-sergeants) will meet for drill on Tuesday and Wednesday nights at 8 o'clock.

By Order,
WM. MOWBRAY, Capt.
Acting Adjutant.

LOST FIFTY POUNDS

The Terrible Experience of an Old Lady Through the Starvation of Dyspepsia—A Very Aggravated Case

There is no more highly respected family in the neighborhood of Lochaber, N. S., than that of Mrs. M. Sears.

The good lady, who is now over seventy years of age, had enjoyed good health up to a few years ago, when her stomach went wrong.

Acute indigestion came upon her in her old age and so badly that she could eat nothing.

She lost weight and lost over fifty pounds in weight before she found out about Dodd's Dyspepsia Tablets and was cured.

In her letter on the subject Mrs. Sears makes the following very strong statements:

"I was a great sufferer from Dyspepsia, experiencing fearful pains in the rest of my stomach. I lost about fifty pounds in weight because of my not being able to eat anything; indeed I was almost starved. My case was a very acute one. I tried all kinds of medicine but got no relief whatever."

"I used a stomach pump several times and did everything I could to get better."

"I went away to Newfoundland for some months hoping that the change might do me good, but I came home no better and quite hopeless."

"I saw Dodd's Dyspepsia Tablets advertised, but as I had tried the doctors and almost everything else without any good results I had little faith that they would help me."

"I had failed from 186 pounds until I weighed less than 136 pounds before I commenced to use Dodd's Dyspepsia Tablets."

"I got a box in Antigonish and they gave such relief that I sent for four more, which I used. Now I am cured. I gained in weight, health and strength from the very first, and am today well and strong."

"Dodd's Dyspepsia Tablets are the best doctor for Dyspepsia or Stomach Trouble."

Less Dust.

Last Friday morning in the death of Mr. John Teetzel there passed away one of the oldest and most respected of Blenheim's residents.

The deceased had been ailing for some months past with kidney trouble, and it was only the wonderful vitality of the rest of the body which protracted his life to the advanced age of nearly 83 years.

The funeral took place on Sunday afternoon, service being conducted at the house, Rev. Mr. Sinclair, of St. Thomas, officiated, and Revs. Rice and Gilmore also took part.—Blenheim News.

Miss Webster will sing at the opening of St. Joseph's Hall, Tuesday evening, June 24th, at 8 p. m.

The United States Senate passed the Spooner Amendment to the Nicaragua Canal bill, which will leave the President to choose the Panama route should the title be considered satisfactory.

THIBODEAU & JACQUES

VARICOCELE

TO YOUNG WOMEN

A Denver, Colorado, Young Woman recently Wrote a Letter to Mrs. Pinkham, which Aptly Pictures the Condition of a Great Many Young Women. Read What She Says:

"DEAR MRS. PINKHAM:—This is the first opportunity I have found to write and thank you for the good your Vegetable Compound has done me. I feel better than I have for years. It seems a 'seven days' wonder' to my friends. Where I used to be pitted, everything is the opposite now, and there is not a day but some one wants to know what I have done to make myself look so well."

"Before taking Lydia E. Pinkham's Vegetable Compound I had constant headaches, was constipated, bloated, eyes weak and watery, bearing-down pains, pains in the small of my back and right side; took cold very easily, which always caused intense pain in the ovaries, and I did not want to go anywhere or see any one. I was called cross, but I could not help it. feeling as I did. I could not lift anything or do any hard work without suffering for days afterwards. Menstruation lasted for eight or ten days, the first three or four days being almost constant pain day and night."

Nothing in this wide world has relieved so much female suffering as has Lydia E. Pinkham's Vegetable Compound; no medicine can produce such positive proof of cures and good results; therefore, no other medicine can be "just as good."

Office women are frequently afflicted with sickness brought on by constant work in one position. Perhaps in going to the office, they get their feet wet and sit all day long with damp shoes and stockings.

Nothing in the world is so injurious. Wet feet, hard work, and confined positions have made invalids of a great many robust and ambitious young women.

A Richmond Girl's Experience.

"DEAR MRS. PINKHAM:—I have just purchased a bottle of Lydia E. Pinkham's Vegetable Compound but am advised to write you before trying it myself."

"I hardly know how to express myself. At times I feel well, and in less than ten minutes I am actually writhed with headache, and tired feeling, and so nervous that the sound of a door bell will make me start. I cannot walk two blocks without feeling fatigued. Menstruation has never been regular, have a slight discharge of leucorrhoea. I would like your advice, and sincerely hope I may find relief in your medicine."—Miss CLARA FORTWELL, Richmond, Va. (Oct. 26, 1921.)

Statement No. 2.

"DEAR MRS. PINKHAM:—It gives me great pleasure to thank you for the benefit I received from your Vegetable Compound."

"When I wrote to you I could not go upstairs or walk a hundred yards without being completely fatigued out, but to-day I can easily walk two miles. I was also very nervous and suffered from a misery in my back but these troubles are all a thing of the past. I was at a loss to describe my feelings, but now thanks to your Vegetable Compound I am a well woman."

"I advise all suffering women to write to Mrs. Pinkham, and I shall never fail to recommend your remedies to my friends."—Miss CLARA FORTWELL, Richmond, Va. (March 26, 1921.)

Miss Thompson's Pains are Cured.

"DEAR MRS. PINKHAM:—I want to tell you what Lydia E. Pinkham's Vegetable Compound has done for me. For several years I had suffered with loss of appetite, nausea, vomiting, constipation, palpitation of the heart, headache, pains in nearly all parts of the body. My physician said it was indigestion, but his medicine did not help me any. I began the use of your Vegetable Compound. I have taken four bottles and now those troubles are cured. I cannot praise it enough."—Miss BELLE S. THOMPSON, Box 14, Acushnet, Mass.

\$5000 REWARD.—We have deposited with the National City Bank of Lynn, \$5000, which will be paid to any person who can find that the above testimonial letters are not genuine, or were published before obtaining the writer's special permission. Lydia E. Pinkham Medicine Co., Lynn, Mass.

Wood's Peppermint Cure. The Great English Remedy. Sorely recommended by all druggists in Canada. Only reliable remedy for all ailments of the throat, chest, and lungs. Cures Croup, Whooping Cough, Sore Throat, Bronchitis, Asthma, Hay Fever, and all other ailments of the respiratory system. It is a true brain food. Ferrozene is sold by C. H. Gunn & Co., Central Drug Store.

He told her I should kiss her every time she giggled. She—What was the result? Why, she giggled the whole evening.

Pain in the Back

makes life miserable. Can it be cured? Yes, in one night. Polson's Nervine gives a complete knockout to pain in the back, for it penetrates through the tissues, takes out the soreness and pain, invigorates tired muscles, and makes you feel like a new man. Nervine cures quickly because it is stronger, more penetrating, more highly pain-killing than any other remedy. Don't suffer another minute, get Nervine quick, and rub it in, for sure as you were born it will cure you. 25c.

You mustn't associate with chickens, said Mother Duck to her ducklings. Why not, mamma? Because they are not in the swim.

A True Brain Food

must replace the feeling of lassitude and mental tiredness by clearness and strength of mind. Not that it goes directly to the brain, that were foolish. The true brain food must be carried by rich, red blood. If mental fatigue worries and alarms you, look not to the brain but the stomach and assimilative organs. No remedy yet discovered possesses the marvelous brain strengthening power that Ferrozene has demonstrated in thousands of cases. Ferrozene does not stimulate the brain into a fitful glow, but by improving digestion, strengthening the nervous system, stimulating assimilation, giving new strength to the heart, it sends a stream of red vitalizing blood to the brain. This is a true brain food. Ferrozene is sold by McCall & Co.

Don't hit a man when he is down unless you are sure he can't get up again.

"DRINK GRANO, CEREAL COFFEE"

A kind thought is like a blossom. It always has the potential fruit of a good at its heart.

—Humors of all kinds are prolific of worse troubles. They may be entirely expelled by a thorough course of Hood's Sarsaparilla.

CLIMATE OF THE YUKON.

Weather Report Based on Scientific Observations of Seven Years.

So many conflicting statements as to the severity of the climate of Dawson City and the Yukon have been in circulation during the past few years that a true statement of it will doubtless be of interest. Such a statement has been prepared by the Weather Bureau and is based on nearly as scientific observations can make it.

The statement is as follows: A somewhat broken series of observations at Dawson and various other places in Yukon Territory between 1895 and 1898 and a continuous series at Dawson during the past three years, afford data for estimating with a fair degree of accuracy the average climatic conditions of the Klondike. The average annual mean temperature is about 22 degrees; the mean of the three summer months is about 57 degrees; the mean of the three winter months is 16 degrees below zero, with January 23 degrees below zero. Spring may be said to be open towards the end of April, the last zero temperature of the winter usually occurring about the 5th of this month. May, with an average temperature of 44 degrees, is by no means an unpleasant month, and the 23rd is the average date of the last frost of spring. Daily observations during five summers indicate that on the average the temperature rises to 70 degrees or higher on 46 days, and to 80 degrees on 14 days; 90 degrees was recorded in Dawson in June, 1899, and 95 degrees in July of the same year. These temperatures, with much bright sunshine and an absence of frost during three months together with the long days of a latitude within a few degrees of the Arctic Circle amply account for the success so far achieved by market gardeners near Dawson in growing a large variety of garden produce including lettuce, radish, cabbage, cauliflower and potatoes. The wheat and barley harvests are also successful crops both in parts of Yukon Territory and in the far northern districts of the Mackenzie River Basin. August 23rd would appear to be the average date of the first autumnal frost, the temperature rapidly declining towards the close of the month. Although night frosts do not frequent in September, the month as a whole is mild with a mean temperature of 42 degrees. October may be fairly termed a winter month, the mean temperature being 22.5 degrees below zero, and the first zero of winter recorded on the average about the 18th. Ice usually begins to run in the Yukon about the second week but it is not until quite the end of the month or early in November that the river is frozen fast. The temperature on the average during a winter falls to 30 degrees below zero or lower on 72 days, to 40 degrees below zero on 21 days, to 50 degrees below zero or lower on 7 days, and to 60 degrees below zero or lower on two days. In January, 1896, 65 degrees below was registered at Fort Constant 22.5 degrees below, and in January, 1901, 68 degrees below was recorded at Dawson.

Observations of rain and snow have until the close of last summer been very fragmentary, but it is probable that the summer rainfall near Dawson is usually between seven and nine inches, and that the total snowfall of the autumn and winter is between 50 and 60 inches.

Dawson being situated near the river with high hills or mountains on all sides, is well protected from the winds and a few of the neighboring country is the long periods of calm weather which occur.

A Forgotten Friend of Canada.

On April 9, 1841, died "Lieut.-Col. Joseph Douchette," the able topographer who indicated what should have been the line of the Maine boundary. Born in Canada in 1774, he was the son of the naval officer who had been captured by the British and made the perilous trip from Montreal to Quebec during Montgomery's invasion. At a very early age he entered the office of his uncle, the Surveyor-General of the Province, and then he entered the Provincial navy and served for some years as a naval officer. Next he joined a Provincial military corps, and finally, in 1804, he became Surveyor-General of the Province.

His success in the war of 1812 rendered valuable services, some of his reconnoissances being particularly daring and successful. In August, 1814, he sailed for England to superintend the publication of his topographical and geographical exhibit and description of Canada. While he was in England, he was nominated Surveyor-General, under the treaty of Ghent, to establish the boundary between the British possessions and the United States. His work in ascertaining the position of the several ridges of highlands stretching westward from the exploring line, which he laid out due north from the mouth of the St. Croix River, was most arduous and was highly commended by the commissioners under the treaty. The line, which he indicated as the correct boundary, has long been known to have been the true one; the dishonest means by which the boundary was advanced to within a few miles of the St. Lawrence are well known. Later in life, in 1831, he published "The British Dominion in North America," a statistical report of Lower Canada, enriched with excellent maps.

Setting the Judge Right.

A middle-aged judge was in the police court at Harrisburg recently on a charge of larceny, chickens being the articles of value he was accused of purloining. When placed on the stand the judge said: "You are the defendant, are you not?"

"No, sir," replied Sam. "I am the defendant," exclaimed his honor. "Then, who is the defendant, and who are you?"

"Dat's de defendant," said Sam, pointing to his secretary. "Then, gentlemen dat stole de chickens," Canadian Law Review.

Bent Double With Backache

A SEVERE CASE OF BACKACHE, URINARY TROUBLE, DIZZINESS AND HEADACHE, WHICH DR. PITCHER'S BACKACHE KIDNEY TABLETS CURED COMPLETELY.

Another Lindsay Gentleman Who Has Reason to Thank Dr. Pitcher for His Splendid Remedy.

Not long ago we published in this paper an account of the remarkable recovery of Mr. Jas. Murdoch, of Lindsay, Ont., who was cured of a very severe attack of kidney and bladder trouble by Dr. Pitcher's Backache Kidney Tablets, after two prominent Lindsay doctors were unable to help him.

It was through hearing of Mr. Murdoch's case that Mr. George Duke, a well-known and highly respectable Lindsay young man, in the employ of Mr. W. S. Braund, of that town, to try Dr. Pitcher's remedy for the distressing backache and kidney complaints with which he was afflicted, and for which he could find no relief in ordinary treatment.

What Mr. Duke Says: I feel it my duty to add my few words in praise of a remedy that has such merit as Dr. Pitcher's Backache Kidney Tablets.

"For some months I had been troubled with severe pain in the back and at times that I was bent nearly double, and the urine was scanty and of a high color. In addition to this, I was troubled with headache, dizziness and a general feeling of sickness. In the region of the kidneys there was considerable tenderness, and I could not bear to be touched on account of the pain. I noticed in the papers a testimonial of Mr. Jas. Murdoch, of Lindsay, and made up my mind to try the tablets. I am thankful I did. They worked wonders. They gave me relief and helped me after the first half box, and when I had used them a time I was completely cured. I am feeling splendid now—not a pain or ache. Dr. Pitcher's Backache Kidney Tablets positively cured me, and I am glad to have this opportunity of telling what the tablets have done for me."

(Signed) "GEO. DUKE." Mr. Braund's Confirmation.

"I met Mr. George Duke, who is a clerk in my employ, and was for a time in the condition above stated by himself. I noticed that he had been taking Dr. Pitcher's Backache Kidney Tablets, and that he is now well and working every day. He says he was cured by those tablets and I believe him. (Signed) "W. S. BRAUND." Dr. Pitcher's Backache Kidney Tablets are entirely different from the common kidney pills you hear about. They are prepared by the eminent kidney specialist, Dr. Zina Pitcher, and are the newest and most up-to-date treatment for backache, lame or weak back, swelling of the feet and legs, bloating and dropsical conditions, pain and distress in urination, sediment in the urine, too frequent calls during day or night, rheumatism, dragging pain in the loins, mist before the eyes, persistent headaches, dizzy spells, kidney troubles of women, kidney weakness of children and old people, and all forms of kidney, bladder and urinary difficulties.

Price fifty cents a bottle, or three bottles for \$1.25, at all druggists, or sent by mail. The Dr. Zina Pitcher Company, Toronto, Ont.

Greatness is not as much ability to plan masterpieces as in persistency in pursuing them.

"DRINK GRANO, CEREAL COFFEE." Some people are so unfeeling that they never feel their own insignificance.

"DRINK GRANO, CEREAL COFFEE." The oculist knows that experience is the best teacher where pupils are concerned.

"DRINK GRANO, CEREAL COFFEE." Somehow, the narrow-minded people are often those who have the big heads.

"DRINK GRANO, CEREAL COFFEE." Discretion is an old-fashioned virtue, perhaps, but it has made many women beloved and many men successful.

"DRINK GRANO, CEREAL COFFEE." The only advice worth taking is the kind you pay for.

Minard's Liniment for Sale Every where.

District Dashes

Mrs. Donald Cameron, of Chatham, is the guest of Mrs. J. S. Laird this week.—Blenheim News.

On June 11th at 12 o'clock, noon, a happy event took place at the residence of Hiram Willson, Florence, it being the marriage of his eldest daughter, Maude Louise, to Walter P. McCarty, of the same place.—Ridgeway Dominion.

County Constable Geo. Peters, last Saturday received the \$100 reward offered by the Wallaceburg Sugar Company for the arrest and conviction of the men who had the trouble with the Belgians some weeks ago. He arrested nine and five were convicted.—Dresden Standard.

Allen S. Bond, son of Rev. S. Bond, formerly a student in the office of Willson, Kerr & Phipps of Chatham, has passed his second intermediate examination at Osgoode Hall. Mr. Bond is at present a student in the office of McLaren, McDonald, Shepley and Middleton.—Dresden Standard.

Announcement is made that a Chinaman from Chatham is coming to town and will start up a laundry in the old Moore bakery shop about the end of the month. A Chinese laundry is not a new thing in Blenheim, but Blenheim citizens seem to prefer giving their work to Canadians.—Blenheim News.

Messrs. Rankin and Wilson, the latest firm to be added to Wallaceburg's list of business men, held a very successful opening on Saturday last. The store was thronged all day by delighted buyers and visitors, each of whom was surprised at the up-to-date stock shown. Music was furnished by a talented quartet. The store itself is one of the most modern in the west.—Wallaceburg Herald-Record.

The funeral of Jeremiah Lewis, who died Saturday at his residence, River Road, Harwich, at the age of 71 years and nine months, took place on Monday afternoon, at two o'clock, at Bethel cemetery. Mr. Lewis was a well known Kent resident and the remains were followed by a very large number of friends and relatives. He was a member of the Methodist Church, and was a devoted husband and father. His funeral was held at 2 o'clock, and was attended by a large number of friends. The remains were interred in the Bethel cemetery. Mr. Lewis was a well known Kent resident and the remains were followed by a very large number of friends and relatives. He was a member of the Methodist Church, and was a devoted husband and father. His funeral was held at 2 o'clock, and was attended by a large number of friends. The remains were interred in the Bethel cemetery.

A MISTAKE. The people of Wallaceburg were greatly surprised a week or so ago to learn that Mrs. Thomas O'Mara, of Dover, was charged with stealing about \$55 from Mr. D. MacKenzie, of East Wallaceburg. To those who knew Mrs. O'Mara it was evident that a most distressing blunder had been made.

The case came up for trial before Mr. McDougall, Esq., Police Magistrate, on Tuesday, June 17, at 10.30 a. m. Mr. E. Bell, of Chatham, appeared for the Crown and the defence. Before the evidence for the prosecution was all in it became very clear that Mrs. O'Mara was entirely innocent of the charge and the private prosecutor very frankly expressed his regret that he had laid the information and he was convinced that Mrs. O'Mara knew nothing of the loss of the money, and that in fact she could not have taken it. Mrs. O'Mara's many friends are jubilant on account of her ample acquittal.—Wallaceburg Herald-Record.

To Broil Bacon. Broiled bacon is a dish which in few households deserves the adjective, because it is seldom broiled, the fat is fried out of it and again soaked into it by long sputtering in a spider full of grease.

The only way to cook bacon—both for the matter of appearance and for digestive qualities—is to broil it, not over a bed of coals, it is too fat for that, but in a very hot oven. Cut the bacon in the most delicately thin slices possible, rejecting the rind. Lay the pieces close together in a fine wire broiler. Place it over a dripping pan and set in a hot oven. It requires to be turned just once. The fat which falls into the pan makes excellent drippings for frying potatoes.

Drain the bacon on brown paper. If you wish to serve calf's liver with this, sprinkle the liver with pepper and salt, roll it in flour and fry brown in the bacon drippings. Serve with a curled morsel of bacon on top of each plate of liver. Bacon as served by the average cook, well soaked in grease, is the most indigestible of food; when broiled crisp in the oven, it is a dish that may be served even for a child of two years with impunity. Among all the fats delicately crisped bacon ranks next to cream in ease of digestion.

Indian Prayer Sticks. Those acquainted with Indian customs know of the prominence that feathers hold in the religious and social ceremonies of the red men. Particularly among the Navajoes and Pueblos are the plume emblems believed to have the utmost efficacy for good or bad.

All about any Pueblo town may be seen carefully whittled sticks, each with a tuft of downy feathers, generally white ones, bound at the top of it. They are prayer sticks and are quite as curious as the prayer wheels of Burma and the paper prayers of the Chinese. The feathers, stick and manner of tying the feathers vary according to the nature of the prayer. The Indian who wishes to ask a favor of the "Great Spirit" prepares his feather prayer with great secrecy. Then, taking it to a proper spot, he prays to those above, and, planting his stick, leaves it to continue his petition.

Weymouth.

FOR YOUNG WOMEN

Honest Words of Advice From one who Knows.

Algonia Young Lady Speaks Strong Plain Counsel to her Suffering Sisters—Tells Them Her Own Experience as Proof.

Blind River, Ont., June 20.—(Special).—Anyone who might to-day see Miss Emily Liddell of this place for the first time would find it hard to believe that only a few months ago she was an invalid.

Miss Liddell suffered with Female Weakness and Backache and for months was so ill as to be unable to attend to her household duties, the slightest task being too much for her in her weakened condition.

She was terribly run down, and nothing seemed to do her any good or afford her the slightest relief till she tried Dodd's Kidney Pills. From the very beginning they seemed to help her, and although at first the improvement was slow she preserved and gradually grew stronger, till to-day she is in better health than she has ever known before.

Miss Liddell is very grateful for her remarkable deliverance, and strongly recommends Dodd's Kidney Pills to all her lady acquaintances who need help. She has given for publication a very strong letter of recommendation in which she says:

"I would most heartily and conscientiously advise all young women troubled with Female Weakness in any form, to try the remedy that cured me after everything else had failed, and that remedy is Dodd's Kidney Pills."

"For months at a time I was so low and weak that I found it impossible to attend to my household duties, my back used to ache something dreadful. Now I feel strong and better than I ever did, and Dodd's Kidney Pills did it all. They are worth their weight in gold to any young woman suffering as I used to suffer."

"They built me up wonderfully and I cannot speak too highly of Dodd's Kidney Pills as a medicine for sick women."

Some Famous Families.

In A.D. 450 famine prevailed all over the south of Europe, raging worst in Italy, where parents ate their children, and in 739 England, Scotland and Wales were ravaged, also in 823, when thousands starved, and in 954, when the crops failed for four successive years.

awful famines raged throughout all Europe and again from 1193 to 1195, when crop failures caused terrible suffering. In England and France the people ate the dead dogs and rats, and many cases of cannibalism were recorded.

Hot Weather Breakfasts

Malt Breakfast Food IS RECOMMENDED BY THE BEST PHYSICIANS.

It Does Not Heat the Blood or Hamper Digestion.

Heavy, rich and starchy foods cause digestive disturbances and stomach derangements in hot weather.

Delicious Malt Breakfast Food, a concentrated and nourishing breakfast cereal food is easily digested, soothes the irritated and inflamed stomach, and keeps the blood cool and pure in the hot weather. This most delicious of grain foods is sold by all grocers.

Truth is the golden chain which links the terrestrial with the celestial which sets the seal of heaven on the things of this earth and stamps them with immortality.

"Cleanliness is next to godliness." Dirt and depravity go hand in hand. This is just as true of the inside of the body as the outside. Constipation clogs the body and clogs the mind.

Constipation means that corruption is breeding in the body, poisoning the blood with its foul emanations, and belonging the brain with its tainted exhalations. Constipation is the beginning of more diseases than perhaps any other single disorder. The consequences of constipation are legion.

Headache, pain in the side, shortness of breath, undue fullness after eating, coldness of the extremities, nervousness, indigestion, lassitude, dizziness, sallowness, flatulence, and a score of other ailments are directly caused by constipation. Cure constipation and you cure its consequences. The quickest cure of this evil is obtained by the use of Dr. Pierce's Pleasant Pellets.

They are small in size but wonderful in result. They cure permanently. They contain no injurious ingredients. The use of them does not bog the "pill habit." Ask your druggist for them.

Send 31 one-cent stamps, the expense of mailing and customs, and receive Dr. Pierce's Common Sense Medical Adviser, in paper covers. This work contains 1008 pages and 700 illustrations. For 50 stamps it can be had in substantial cloth binding. Address Dr. R. V. Pierce, Buffalo, N. Y.

Kneeler—Do you practice at ping-pong? Rucker—Yes; I open a soft boiled egg for breakfast every morning.

WIRE WOUNDS. My wife, a very valuable one, was badly bruised and cut by being caught in a wire fence. Some of the wounds would not heal, although I tried many different medicines. Dr. Bell advised me to use MINARD'S LINIMENT, diluted at first, then stronger as the sores began to look better, until, after three weeks, the sores have healed, and best of all, the hair is growing well, and is not white, as is most always the case in horse wounds.

WANTED

Tenders will be received by the undersigned up till 4 p.m. on Wednesday next, for lots of land in different sections of the city for the purpose of using earth therefrom for city purposes.
W. G. MERRITT, City Clerk.

SACHEL OF THE SATELLITE

This is a berry nice season of the year.

These are the days when the people eat strawberries.

Is it the city solicitor's bill or the small-pox that is going to make the tax rate high this year.

It is because they hear so many say that the Yankees are so good at spinning stories.

I wonder what the Library Board are going to do with that site now they own it.

The Finance committee has given half a promise that when they strike the rate, they will land heavy.

I wonder if Aid. Moutter will dock those corporation employees for the day they are away, excurting to Erieau.

One would think that ex-Bor leader Colonel Arthur Lynch, M. P., would soon reach the end of his rope.

It was a Scotch professor who said "the way to know a country is to walk through it. The way to know a book is to think through it."

I guess that bill of the city solicitor's was an 11 to 9 shot and, betting on its payment in its entirety, I would play the bill for the favorite at the odds of 11 to 9.

If, as Finance Minister McCoig says, the rate to be struck this year will put the citizens out of business, I would advise the Finance committee to hit the rate very easy when they strike it.

A press despatch tells of a man 70 years old who rode from Boston to Montreal on a bicycle. It fails, however, to tell us whether the man uses tobacco and whiskey or not. If we only knew that he did we would at once feel a certain sense of relief and realize that the people who advise us to reform or die young, don't know it all.

A sailor always tells the direction the wind is blowing by wetting his finger in his mouth and then holding it up. (That is he holds the finger up.) Once when I was out sailing, a young lady undertook to tell how to find out the quarter the wind was blowing from. She, with the usual clear and concise language peculiar to young ladies, said, "Spit on your finger and put it in your mouth."

HAD NO MONEY TO BURN.
The Maple City Council not believing in burning the city's money, objected to a grant for a fireworks display.

A QUESTION OF COLOR.
Never judge by appearances. This G. H. J. is read but has nothing to do with the Liberal party.

DISTRICT DOINGS.

DRESDEN
The Masons will attend Divine service in the Presbyterian church tomorrow, (Sunday) morning, June 22, at 11 o'clock.

BABIES WITH WORMS
A Grateful Mother Tells How Her Little Boy was cured.

Mrs. A. Souve, Rowanston, Que., is another happy mother who thanks Baby's Own Tablets for the health of her boy. The little fellow became the prey of worms that cause of childhood. His rosy cheeks lost their color; his little legs and arms became skinny; his eyes lost their sparkle and he became sickly and nervous. His sleep was restless and feverish, and his food seemed to do him no good. His anxious mother almost despaired of seeing him back again in good health. However, she heard of Baby's Own Tablets, and gave them to her child, and now she says:—"The Tablets made a wonderful change in my little boy. All signs of worms have disappeared, and he is now in the best of health. I can honestly say that Baby's Own Tablets have no equal as a cure for worms."

Baby's Own Tablets are a certain cure for all the minor ailments of little ones such as constipation, colic, sour stomach, indigestion, diarrhoea, simple fever and the irritation accompanying the putting of teeth. Guaranteed to subdue worms of the poisonous opiate found in the so-called "worming" medicines. They are safe for children of all ages, and dissolved in water can be given with absolute safety to a new-born babe. Sold by druggists at 25 cents a box, or sent postpaid on receipt of price, by addressing the Dr. Williams Medicine Co., Brockville, Ont.

BLENHEIM
June 20.—A very interesting lacrosse match between Rodney and Blenheim this afternoon resulted in favor of the home team. Score 14-2.

J. W. Baird has returned home after very pleasant two months' trip to Winnipeg.

The strawberry social given by the Ladies' Aid of Trinity Church, at the residence of Miss Boushall was a decided success.

Rev. J. E. Rice preaches his farewell sermon Sunday June 22nd. He leaves Monday for Cleveland, to visit relatives before taking charge of his work in Toronto.

The Blenheim band furnished the music at the Union point at 7 o'clock, and a platform meeting in the evening, at which addresses will be given by Rev. J. B. Kennedy, Rev. J. H. Osterhout,

and Rev. Chas. Kennedy. Special music will be furnished by the choir. Learnington baseball club will play here next Friday afternoon against the Tilbury club.

W. T. STRONG, Manufacturing Chemist, London, Ontario.

Pastors and others who contribute news items to this department of Saturday's Planet will confer a favor by seeing to it that their "copy" reaches this office not later than Friday noon of each week. Matter received later than that hour cannot be guaranteed insertion.

International Bible Lesson for Tomorrow—Temperance Lesson—Rom. xiii, 8-14.

Golden Text—"Let us therefore cast off the works of darkness, and let us put on the armor of light."

The use of strong drink is not only a promoter of the works of darkness but of worldly friendship (sociality) which is enmity with God. "Whoever would be a friend of the world maketh himself an enemy of God," and therefore an enemy of his fellowman also. As between man and God faith is the medium of intercourse, so between man and man love should take the place of law. The love of God and man shed abroad in the heart by the Holy Spirit produces the fruits of the Spirit (as the sap from the vine to its branches) and we will not be drinkers ourselves or give strong drink to others. "Love worketh no ill to neighbor, therefore love is the fulfilling of the law." But put ye on the Lord Jesus Christ, and make no provision for the flesh, to fulfill the lusts thereof. If we are clothed in Christ's divinity He will clothe Himself in our humanity. Were this lesson read and studied by all men and did God make it their experience, what a happy lot of people there would be in this earth. Every one "owing no man anything but to love one another."

Church Notes.
Rev. W. E. Knowles, pastor, will occupy the pulpit in the First Presbyterian Church on both occasions tomorrow.

As Dr. Battisby is to preach for the Masons of London next Sabbath, the Rev. Mr. Wilson, of London, will conduct the services in St. Andrew's here.

Rev. A. K. Griffin, of Dresden, will conduct the services and preach in Holy Trinity Church tomorrow morning and evening.

Christ Church—Fourth Sunday after Trinity—Rev. R. McCosh will conduct the services and preach on both occasions tomorrow.

The pastor, Rev. Dr. T. George, will preach both morning and evening in Victoria Ave. Methodist Church tomorrow.

The William St. Baptist Church will be re-opened tomorrow, when Prof. A. L. McGrimmon, a young man of marked ability, the President of Woodstock College, will preach upon both occasions. Be sure and hear him, in the afternoon at three o'clock there will be a special service held in the Sunday School Hall, when Mr. A. L. McGrimmon and Rev. W. E. Knowles will give short addresses. At all the services there will be special offerings. The seats are all free and the public is invited to attend all the services. Come!

Services will be held in the Saints' Auditorium, near Aberdeen Bridge, at the usual hours tomorrow.

Salvation Army, Union Depot—Knee drill at 7 a.m., meeting for promotion tomorrow at 8 p.m., and a winning set of holiness at 11 a.m. Christian service at 7.30 p.m. All services for citizens and soldiers.

The Robertson Home M. Society, which has taken the place of the O. E. Society, and meets on the last Friday of each month, meets next Friday evening at 8.

Services will be held in the A. U. M. Church tomorrow, as usual.

Services will be held in the First Baptist Church tomorrow as follows: Rev. A. J. Cromwell, pastor, at 10.45 a.m., preaching a subject, "The Location of the Home of Sin." At 3.30 p.m. a sermon will be preached to the Sabbath School and to the ladies of the Sewing Circle. At 7.45 p.m. a grand program will be rendered by the Sabbath School and other trs. The superintendents and Sabbath schools of the city are invited to take part with us.

The pastor, Rev. T. H. Henderson, B. A., will preach in the Campbell A. M. E. Church on both occasions tomorrow.

Weekly prayer meeting in St. Andrew's Church, lecture hall on Wednesday evening at 8 o'clock.

St. Andrew's Church, Sunday School and Bible Class, to be held tomorrow afternoon at three o'clock.

Christ Church Sunday School will be held in the morning during the hot months. Teachers and scholars are expected to be in their places tomorrow morning at five minutes to ten.

MUSICAL SERVICE.
The following program of music will be rendered at the William St. Baptist Church tomorrow:

Morning.
Anthem, "Hail on in H. Jesu," E. S. Lorenz—Choir.
Anthem, "Anthem of Praise," R. H. Philpott—Choir.

Evening.
Anthem, "I Will Not Leave You Comfortless," Armstrong—Choir.
Anthem, "Praise the Lord, O My Soul," Watson—Choir.
Solo, "Voices of the Angels," Miss Hayne.

CARD OF THANKS.
The relatives of the late Dr. Lorenzo Backus desire to express their gratitude to the members of the Workmen, Sons of England, Sisters of St. Joseph's Hospital, and those kind friends who paid their last tribute of respect to his memory.

Pronounced prudery often is only the hand maiden of pronounced pretension.

Why Catarrh is Fatal
Because it pours a flood of poisons into the circulation that says strength and digestion so materially as to render the body incapable of resisting disease, and consumption is the result. Catarrh is quickly cured by Catarrh-ozone, a fragrant germ destroying vapor that goes to the root of the disease. It soothes and heals the inflamed mucous surfaces, clears the throat, and positively never fails to perfectly cure Bronchitis, Asthma or Catarrh. Nothing is so good for diseases of the respiratory organs as Catarrh-ozone. Large outfit \$1. Small size 25c. Druggists or by mail from Polson & Co., Kingston, Ont.

Has Paid \$75,000 in Dividends at the Rate of 2 per cent, Monthly on the Investment.

Boys' Wash Suits

Here's where we claim your peculiar approval, busy mother of five or six. Approval is the word, our careful work is fit in every way to take the place of yours. Every stitch as firm and sure as you'd take yourself; finish and style likely finer than yours would be, because you might make half a dozen suits in a season, whereas these skilled workers of ours make thousands and have learned to do every detail in the prettiest as well as the swiftest way.

Aid these garments are safe. Here you take no sweat shop chances—risk no lurking fever germs. Everything made by respectable men and women, in wholesome, airy rooms.

Blue with white stripe, with large sailor collar—sizes 4 to 9 years.....\$5.00

Fawn colored linen with white trimmings—large sailor collar—sizes 4 to 10 years.....75c

Navy stripe Galathea with plain navy trimmings, deep cuffs and large collar—sizes 4 to 8 years.....\$1.00

Fancy check Galathea with white pique trimmings, large collar and fancy navy figured vestee.....\$1.50

Thornton & Douglas In Liquidation

Solo.—Mr. J. Reeve.
Solo.—"Thou in the Morn My Voice Shall Hear"—Miss Hayne.

Evening.
Anthem, "I Will Not Leave You Comfortless," Armstrong—Choir.
Anthem, "Praise the Lord, O My Soul," Watson—Choir.
Solo, "Voices of the Angels," Miss Hayne.

CARD OF THANKS.
The relatives of the late Dr. Lorenzo Backus desire to express their gratitude to the members of the Workmen, Sons of England, Sisters of St. Joseph's Hospital, and those kind friends who paid their last tribute of respect to his memory.

Pronounced prudery often is only the hand maiden of pronounced pretension.

Why Catarrh is Fatal
Because it pours a flood of poisons into the circulation that says strength and digestion so materially as to render the body incapable of resisting disease, and consumption is the result. Catarrh is quickly cured by Catarrh-ozone, a fragrant germ destroying vapor that goes to the root of the disease. It soothes and heals the inflamed mucous surfaces, clears the throat, and positively never fails to perfectly cure Bronchitis, Asthma or Catarrh. Nothing is so good for diseases of the respiratory organs as Catarrh-ozone. Large outfit \$1. Small size 25c. Druggists or by mail from Polson & Co., Kingston, Ont.

Has Paid \$75,000 in Dividends at the Rate of 2 per cent, Monthly on the Investment.

42% Advance in Price June 30

4 Days More

50c A Share in One Week

FACTS

It is a fact that those who buy Eastern Consolidated Oil Co. stock this week will make a shrewd and profitable investment, for it positively advances to 50c a share Monday, June 30.

Every dollar put in this week will be worth \$1.42 in six days.

It is a fact that those who bought this stock when it was selling for 25c a share are now receiving nearly 3 per cent. monthly in dividends, and now, because of advance to 50c a share, are about to double their money.

Not a speculation but a certainty. Enormous oil production from 97 active oil wells; thousands of barrels of oil sold monthly to the Standard Oil Co. for cash; 2,000 acres of rich oil lands, scarcely one hundredth part developed.

Eternal Vigilance
Is the price of safety, so it is said. If you want good Portrait work that will last without fading and that will never have the sting of "crudeness" in it to spoil its value for future generations get

Vestlake Brothers Fotoz
These are thoroughly up-to-date, made and finished by experienced workmen and are "money-back" Portraits. We skimp no work. Nothing is allowed to leave our office unless it is absolutely up to the mark. Call and see our samples.
