ACADIA PROTESTS DISCRIMINATION

HALIFAX, FRIDAY, FEBRUARY 16, 1951

Mock Parliament.—Law School's Mock Parliament opened Tuesday evening in the Munro Room of the Forrest Building. Shown above, reading the Speech from the Throne is Governor General Donald McInness, K.C.

D-Day Plans are Underway, More Auditions To Be Held

D-Day, the twenty-four hours in which Dal takes over the running of Radio Station CJCH, is on its way. Already preparations are being made for the programs which will give the people of Nova Scotia an idea of what goes on at Dal.

Present Fine Show

the Black and Gold Review was a great success although the original cast was cut down by the current flu epidemic. The show was presented before a very appreciative audience. With stars like Teresa Monaghan and Jane Clow unable to appear the Rink Rats stayed on the job and came up with replacements.

The programme was made up house, Wilf Crouse and Mel Wadden, to a vocal solo by Diane Parker. The most outstanding feature of the show was the Dalhousie boys' chorus under the leadership of Brian Edwards. Dick Miller was the master of ceremonies singing "A Little Bit of Heaven" and "That Lucky Old Sun". Jim Brown opened the programme with a trombone solo accompanied by Jim Meating at the piano. Later on Jim contributed his own medley of numbers which he called "piano ramblings". The Sailors' Hornpipe was danced by Maxine Titford. In the way of drama a skit called the "Phantom of the Opera" was presented. The play was written by Robin MacNeil and George Tracy, who also took part in it along with several other members of the Glee Club. A duo consisting of Ramsay Keillor and Roy Kimball, which later turned into a quartet by adding Jim Bennet and Lorne White, who came to Halifax from Acadia for the show. They sang several enjoyable renditions of such songs as "Sometime" and "Chinese Honeymoon". Carolyn Shurman rounded out joining in on the second chorus.

The day before Munro Day Dal Rink Rats Beat Flu, students will produce, announce, direct and take part in a variety of programs which will give them The Rink Rats presentation of experience in radio and which should increase the interest of

> the public at Dal. The schedule will probably include the music of the Bunkhouse Boys and the Med Choir. Skits and an interview on the campus about current college topics are also planned.

Try-outs for the announcers, script-writers, producers and traf- functions. everything from the Bunk- fic managers who are needed were held in the Chem Theatre Wednesday night. Those who could not be there because of the many other activities going on at the same time will be given another chance to audition at a later date.

In Memoriam

The world lost a great teacher and this university a great Dalhousian with the death this morning of Professor Murray Macneill, M.A. LL.D., honorary president of the Alumni.

Professor M. Macneill graduated from Dalhousie in Arts in 1896. Dal Campus. He received his early education at Pictou Academy, and first came to Dalhousie in 1892.

After his graduation in Arts, at which time he was awarded the Sir William Young Medal, he went to Cornell. After that he spent a year in France, during which time he served as a professor at the Anglo-Saxon College while attending Sourbonne. He then went to Harvard University where he received his M.A.

He was awarded fellowships at both Cornell and Harvard.

Professor Macneill taught mathematics at McGill and returned to Dalhousie in 1907 where he became head of the Mathematics department.

He retained this post until 1942, during which time his untiring efforts on behalf of Dalhousie University earned him universal respect from both students and members of the teaching staff.

Professor Macneill served as Registrar of the university for 27 years.

During his stay at Dalhousie he was the prime mover of many projects for the advancement of learning and the betterment of the university. He was one of the founders of the Alumni Association and helped get the organizations under way.

He was very well liked by all of his students, and took a keen interest in all their activities.. He opened his home to them and was Dalhousie students recently. After a familiar figure at student social

Appleboys Charge Dal Made Students Pay Higher Prices

According to the latest issue of the Athenaeum, Dal has been guilty of discriminating against Acadia University student regarding admission to events-chiefly Athletic-on the

Details of the charges as they appeared in the Acadia publication follow:

REV. J. H. L. PUXLEY, M.A., LTh., will be the special speaker at the World Student Day of Prayer service Sunday evening at Saint Andrew's' Church.

Three Groups Discuss Student Health Plan

Representatives of the University administration, Students' All members of the GAZETTE Health Service and the Council of Students met with the Manager of Maritime Medical Care to discuss the possibility of negotiating taken. a Medical Services Contract for the details of the requirements, this year and a group picture of including annual physical exam- the publications complete force inations, surgery, etc., were can vassed, the manager expressed tion but they are not suitable for the opinion that the tentative rate the year book because for several quoted in last year's correspondreasons. ence could not now be offered. The whole question of the par- offer is being reexamined in the ticular services that the Students' light of plans that are now in Health Service organization should operation in other universities.

A letter has been sent to Sherman Zwicker, the president of the Dalhousie's Students' Union, protesting the discrimination against Acadia students in the admission prices charged them at Saturday's games at Dal. Turney Jones, Acadia Union president, was instructed to do this at a meeting of the S.R.C. last evening.

Up to this time, Dal students visiting Acadia have been paying the same prices as Acadia students, but if no statement is forthcoming from Dal, this may be stopped.

Acadia students in Halifax had to pay up to seventy-five cents to see their teams play at the rink and gym. In addition, Athenaeum press cards were not honored at either place.

It was stressed at the council meeting that the equal student rate is considered the best system, and will be continued at Acadia if Dal will do the same.

Gazette Staff Will Be Shot on Monday

The Council Bungles Again

According to reports, Acadia students were charged exorbitant prices for admission to Dal-Acadia games played here last weekend.

The Gate Receipts Committee apparently did not think it necessary to extend to Acadia students the courtesy which Dalhousie students receive at Acadia-that of admission at student rates.

Not only that, but members of the Acadia Athenaeum. the student publication at Acadia, were also charged for admission. This is perhaps due to the manner in which such matters are conducted at our university, where the Press is not extended special privileges, except in unusual cases. As the GAZETTE does not have a press card system so far this year, only those members of the staff who are known individually to the Gate Receipts Committee obtain admission free. The others pay, and gladly contribute to a worthy cause, the general student fund or the Rink or Bleacher Funds.

But there is no reason why visiting members of a college paper should be charged the general fee for outsiders.

Neither is there any justifiable reason why students of another college who come to Dalhousie to witness their teams playing against Dal should be charged as if they were outsiders, especially if Dalhousie students visiting their college are only charged student admission.

The Students' Council should have come to some decision about this matter before the game and instructed the Gate Receipts accordingly. In the absence of any Council ruling, the Gate Receipts Committee itself should have made a decision on this subject and followed the practice at other universities and admitted the 'Acadia cheering section at student rates

This whole embarrassing situation could have been avoided by a little careful consideration by either the Council or the Gate Receipts Committee. Occurances like this are not conducive to good relations between universities, which are already strained as a result of various ill-considered actions and remarks.

It was announced in the last edition of the Acadia Athenaeum that a letter of protest has been sent by the Acadia Student Union to the President of the Dalhousie Students' Council.

It is to be hoped that this unfortunate incident will make some impression on the Council, and that they will take more consideration in future about the impression visiting students will receive of Dalhousie.

Apathy Again

Student apathy or some reasonable facsimile has reared its ugly head at Dalhousie and the University of Kings College has managed to do something which Dalhousie has found it "impossible" to do.

Two Hart House debaters from the University of Toronto are touring the Martiime Provinces and debating all comers. They have held debates at other universities in Nova Scotia Leonard played a fine game on and sent an invitation or challenge to Sodales, the Dalhousie Debating Society, telling them of their trip.

Mock Parliment Trains For Future Leaders

The Mock Parliament at Dalhousie Law School is the only such in continuous operation in Canada. The Parliament is old, if not as old, as the Law School itself. The first session as recorded in the annals of the Law School dates from November 3, 1888, and at that time a Mr. A. J. McEachern was leader of a Liberal government. The records were written in long hand in a a leather bound ledger, and contain numerous references to the members of the different parties. Of late the records seem rather disorganized and very sketchy.

Following the long tradition established at Dalhousie the Mock Parliament keeps parliamentary decorum and procedure to give the law students a working knowledge of Canada's legislature. R. B. Bennett was Prime Minister of the Conservatives in the Parliament of 1892 and later led Canada in the same capacity during the dark years of depression. The Regina Daily Star of December 18, 1934 writes: "Prime Minister of Dalhousie Mock Parliament was undoubtedly an easier job."

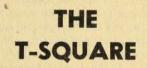

Many of Canada's leaders have been nurtured at this font of true parliamentary procedure. Notables among these men are C. D. Howe, J. L. Ilsley and Premier Angus L. Macdonald. The leaders of tomorrow are receiving their training today in one of North America's oldest Mock Parliaments.

Leader of the official opposition and head of the Progressive Conservative Party, Lorne Clarke rises to refute Liberal leader.

The Fall

By T. B. ROGERS

are a pleasing sight to see, especially to a London resident like myself. After stopping at Tunbridge Wells for lunch, I sped looked at the silent group standon through the green rolling hills ing by the doorway of the cell. of Sussex dotted with a few scattered flocks of sheep grazing and we all filed out of the little upon the lush grass. It was room and into the office of the afternoon when I reached the chief inspector. An inquest was little hamlet of Morton on the called for the next day and the Down, three miles south of Crow- jury returned an open verdict. borough. My immediate errand Jim Jackson was buried in the was to visit a friend in Morton I had not seen since two years ago. and the whole affair was dropped." Also being an antiquarian I wanted to visit the hetrogeneous assortments of small and primitive churches which presented an attractive study to a person of my interests.

Passing the local post office I drew up outside the residence of Doctor Martin; we were both at school together but branched off at the university. He took up medicine, and I arts. I rang the front bell and was ushered into his study. He came in and we shook hands, and until suppertime we talked of old times. His hobby was psychology, and after dinner over a cigar and a glass of port in the library, I asked him if anything of public interest had happened in Morton over the last two years.

"Not very much," he replied, "the usual concerts and outings. But there was the Jackson case that interested maybe not the public, but myself."

"Psychological?" I asked.

He nodded his head, "In a way yes, but let me tell you the whole story from the beginning." He made himself comfortable in his armchair, and this is the story he told.

"There was a man who lived in one of the back streets of town by the name of Jim Jackson. He was quite an ordinary man, and the only member of his family left was a black cat. He was a carpenter by trade, and in his back yard he had an old shed where he did his work. He went down to the pub across the road now and again, but had never been found drinking to excess. He led a good life and had never been inside the local jail once.

Mentally he was average, was quite well known at the Morton Natural History Society for his knowledge on trees and flowers, but otherwise his skill was in his hands. He was tall but slight, sallow complexion, with brown evies.

Lately, when he had been down He had just had his dream. landlord and some of the cushad noticed a change in be an expression of apprehension of fear. He was always fidgiting with his mug and it was certainly known of a few weeks ago.

The South Downs in Summer he had died from a broken neck. There was a hushed silence when I pronounced my verdict. I rose from beside the body and A sheet was put over the corpse churchyard the following Sunday "How extraordinary," I said, "Could it have been suicide, doctor ?"

> "I hardly think so, in fact it was much more complicated than that."

"This is the interesting part of the story," he replied, and offered

'Jackson used to have horrible how are you this beautiful day" man and he came to me asking if what these dreams were about. "He told you," I asked him.

continued, "Yes, and I had only heard of one other case before, that had the same result on the person in time, too."

"You mean the dream killed them," I asked the doctor.

in agreement.

"Well his dream was that he was standing on the balcony on the top of a lighthouse in the middle of a fierce storm. A gust of wind came and seemed to carry him over the side. He would look down and see the foaming waves breaking the jagged rocks below. Then he would start to fall, and just before he reached the bottom he tion and sometimes screaming. and heard the sobbing voice of Jackson at the other end imploring me to come over and see him.

BLACK AND GOLD PLAY ACADIA SA

Cage and Hockey Teams Close M.I.A.U. at Acadia

Tomorrow, the Dal Tigers will journey to Wolfville for a return engagement with the Acadia Tech Topples Tigers 2-1 Axemen.

The Black and Gold Hoopsters, who barely edged past the Axemen last weekend, are capable of than they showed on that occa-We hope that overconfision. dence was not responsible for that near loss as it has been for many actual defeats. Coach Vitalone has had the team hard at work all week in preparation for tomorrow's encounter.

The hockey team, with the return to the lineup of Steve Davis and "Lick" MacDonald, missing last week due to illness, should give the Axemen a much tougher run for their money. But make no mistake about it, the boys from Acadia are always hot on their home ice. We hope that Acadia's gentlemen hockey players will not find Dal's "villens" - the word comes from the Athenaeum, and may mean either villains or villeins — too uncouth. Acadia is very fortunate in producing so many gentlemen as there is apparently a dearth of scholars on the campus.

Arrangements are being made to secure transportation for those students wishing to make the pilgrimage to the shrine of "culture" in Wolfville in order to witness the aforementioned games. A list has been posted in the gym, and anyone intending to make the trip should sign it.

These games will complete Dal's participation in the M.I.A.U. league as only three Universities, Dal, Acadia and St. F. X., have entered teams. Unless a minor miracle is forthcoming it appears certain that the Xaverians will walk away with all the honours.

To Take Tame Ice Tilt

The Dal Tigers were edged out by a score of 2-1 by Nova Scotia playing much better basketball Tech in a slow moving game played at the Dal Memorial Rink last night.

> Dal took the lead early in the opening period on a goal by Wilson Parsons. However, the boys from Tech fought back and Jordan knotted the score at the fifteen minute mark of the second frame. Then shortly after D. Hall and Keddy had been given the gate for fighting, McCormick slammed Cameron's pass behind Evans in the Dal net for the winning goal. The Tigers fought back hard in the dying minutes of the game, but were unable to tie up the game.

> Goalie MacLean, in the Tech nets, turned in a sensational game as the Tigers went right in on him on quite a few occasions.

On the whole, the game was unexciting as both teams seemed unwilling to mix it up, with the result that the play was slow and ragged.

Summary

First Period: 1. Dal - Parsons (MacLeod) 4.40

Penalty: Keddy.

Second Period: 2. Tech-Jordan (Cullen, Reardon) 15.42

Penalties: D. Hall and Wells. Third Period:

3. Tech - McCormick (Cameron) 6.05 Penalties: D. Hall (major). Keddy (major) and Mac-Leod.

College Cagettes To Meet Here Fri & Sat

Dalhousie will play host to basketball teams from Mount Allison and Acadia this weekend for the Maritime Girls Intercollegiate Basketball Tournament. The tourney will be held in the form of a Round Robin. Dal and Acadia will start the meet off on Friday evening at 7 o'clock. Dal and Mount Allison will tangle at 10 o'clock, Saturday morning, and Mount A. and Acadia will play in the afternoon at 2 o'clock.

This will be a good series to watch as the teams should be pretty evenly matched. Last year's champions, the Acadia Axettes, will no doubt be gunning to take the title back to Wolfville with them again. In the matches last year, Dal downed Mount A. but fell to the Acadia Axe.

The Dal Intermediates have been doing exceptionally well in the City League, winning all their games, and for the most part piling up a sizeable score against their opponents. Let's hope that they can keep up their winning streak, and bring the Maritime Title to Dal.

TURN OUT AND CHEER FOR THE TIGRESSES THIS WEEK-END!!!
