3 P.M. EDITION

PRICE—TWO CENTS.

Overheated Stove Causes \$10000 Fire Loss in Thorold Last Saturday Afternoon

Building Occupied as a Pool Room, Barber Shop, Etc., Goes Up in Smoke; Victory Bond Was Also Burned.

THOROLD, Feb. 2.—At 2 p.m. on Saturday a fire totally destroyed the three-story building on Ormond St., which was occupied as a pool room, barber shop, restaurant, downstairs, and a dining house upstairs. The Osborne St. fire only a few feet away was extinguished.

The firemen's clothes were covered with ice and the temperature was near zero.

The total loss is about \$10,000, including Victory Bonds and money belonging to the roomers, who were former soldiers. An overheated stovepipe is thought to have started the blaze.

Peace Memorial Bridge Advocated

Welland County Council is in favor of jail farm with Lincoln.

WELLAND, Feb. 2.—At the closing session of the County Council it was decided that the Council will operate with a delegation from the Dominion Government relative to the erection of a Peace Memorial Bridge at or near Port Erie, and get the Government work in conjunction with the Commission from the United States Congress.

Deputy Reeve W. L. Horton of Lincoln has also urged a Jail Farm in the county. He claimed that jail confinement made criminals instead of curing them, and that for the general health and from a moral standpoint, and also as a better corrective school, Welland should have a Jail Farm. It was decided after the motion was carried unanimously, that the Council consider the advisability of jointing with Lincoln county in the establishment of the same, and that the question be laid before the Dominion Government to send an official to the Welland Council.

The question of a War Memorial building was turned down flat by the members, who opposed the scheme because the hall was to be erected in Welland. A grant of \$50,000 was asked for the purpose and the opinion was expressed that if the grant was given it should be divided equally between the municipalities represented on the council, and that the members be utterly opposed to centralizing.

George E. Howell, Toronto, a pioneer farmer of Ontario, died in his 87th year.

Richard Grey, Toronto street railway motorman, died of injuries sustained in a collision Saturday morning.

Two more students at Guelph have succumbed to pneumonia, Kathryn Sinclair, of Belleville, at Macdonald Hall, and Walter Dawson of North Monaghan, at the Ontario Agricultural College.

Referring to motion pictures Dr. Martain said, people look with composure on scenes on the screen which if enacted in a parlor would be offensive.

He also spoke of the good and evil influences women have exerted in the history of the world comparing the life of Cleopatra with the good of Queen Victoria and a good house-keeper.

Co-Operative Store Backed By Laborites

Plans Under Way For Its Early Establishment in Bridgeburg.

BRIDGEBURG, Feb. 2.—Bridgeburg is to have a co-operative store backed by the Trades and Labor Council, according to a decision just reached by the various crafts here composing the Council.

J. Keene of Brantford has just been here interviewing the local Trades and Labor Executive in regard to the project, and it is said that sufficient money will be available for the committee to allow the early starting of a co-operative store.

Mrs. Chamberlain Passed Away on Sunday Morning

The many friends will regret to hear of the passing away of Mrs. Emily Chamberlain, which occurred yesterday morning at the residence of her son, Walter Chamberlain, 43 Louisa St. The deceased was born near Reading, England, some 67 years ago, coming to Canada with her husband eight years ago, who predeceased her by about seven years. She is survived by four sons, Chas., Walter, William and Alfred, and one daughter, Mrs. F. Sutton, all of whom reside in this city. The funeral will take place tomorrow at 2.30 to Victoria Lawn Cemetery.

Thorold Mayor Tries To Prevent Swearing

THOROLD, Feb. 2.—Thorold is leading in the Forward Movement. The town has been placarded with the following:

"Attention! Cursing, swearing, blasphemy and obscene language are against the laws of God. It is also a violation of the laws of your country. It is the language of vulgarity. Do not forget yourself, but do all you can to prevent the use of profane talk."

(Signed) Edward P. Foley, Mayor

Two Scotland Yard detectives left for England yesterday with an Englishman, charged with embezzlement.

When Did the War End?

Complicated Condition Arise Out of the Many Agreements.

London, Feb. 2.—A committee of counsellors has been named to decide the official date of the ending of the world war. It is declared that thousands of pounds are involved in legal proceedings which have been held up pending an authoritative decision on the point.

Interviewed on the subject a prominent barrister said recently: "So many war measures were passed, such as the rents restrictions acts and the Orders-in-Council, that one must not trade with the enemy or do this or that and the other, that the legal profession, generally speaking, is looking for guidance."

"No one can possibly answer the question off-hand. Some contracts used the phrase, at the termination of hostilities, while others spoke of the 'duration of the war,' and in each case the parties probably intended the same thing."

Burial of Barnett Darby Took Place Sunday Morning

The funeral of Barnett Darby, was held yesterday afternoon from the residence of his son, Clarence R. Darby, Rev. A. H. Howitt, rector of St. Thomas Anglican Church, officiated at the house and grave side. The bearers were: George Hilsie, Stephen Darby, Richard E. Boyle, Joseph Darby, John Flynn and Bruce Hodgkins. The remains were interred in Victoria Lawn Cemetery.

The press took a trip over several of the lines this morning and learned from the men that nothing definite had been done by their union nor had the increase been discussed at a meeting, but there is a general feeling that they cannot meet their obligations at a scale of 55 cents an hour.

One motorman said: "I am going behind every day. With me it is 75 cents an hour or bust."

The leaders of the union will not discuss the matter, but they won't deny that there is talk about an increase.

"The present agreement expires in June, and it's a little too cold and too soon to talk much," was the opinion of one of the leaders.

Peter F. Hopkins, a pioneer of Norwich, died at his daughter's home in Woodstock, at the age of ninety.

Committees Report to the County Council, Printing and Building and Educational

Many Sinn Fein Leaders Gathered In By Authorities

DUBLIN, Feb. 2.—Many Sinn Fein leaders were arrested in the course of a big round up at 4 o'clock yesterday morning. They were taken to an un-revealed destination.

Seven of the newly elected members of the municipal council were among those arrested. The military alone carried out the raid.

Joseph McGrath, Sinn Fein member of the House of Commons for the St. James' division of Dublin, also was arrested.

The arrests caused great excitement in the city.

GIRLS REFUSE KISSES

Bound by Oath to Refrain While Influenza Grows.

NEW YORK, Feb. 2.—Influenza and the fear of spreading it has organized an anti-kissing club in Waverly, N. Y. Girls are forming themselves into these societies in effort to prevent the spread of the disease. "Promiscuous kissing, in fact kissing altogether, must be stopped for the time being," they say, "until the epidemic is past."

"It is in the soul-kiss the danger lies particularly," said the president of a local organization to the press, "but we are not taking any more chances. We won't allow the boys to even touch our cheeks with their lips. All the members are sworn to observe the rule she" said.

FORECASTS—Fair and mild today, becoming cold again during Tuesday.

A Number of Organizations Will Be Allowed Use of Grand Jury Room; Extra Accommodation at the Registry Office.

Some of the members of the County Council are here today doing committee work.

Two more reports were presented to the Council, those of the Printing and Building Committee and the Education Committee.

Printing and Building Committee

Your Committee on Printing and Building beg leave to submit this, their first report as follows:

Your Committee with other members of the Council visited the Jail, and found everything satisfactory. The work ordered on Jail at the November session is not yet completed, but is being proceeded with.

As the wiring at the Jail has been condemned by Inspector Smith, we recommend that steps be taken to have the same put in proper condition at once.

In view of the fact that the lighting in the Court House is mostly attached to the old gas fixtures, we recommend that the Council begin to replace the fixtures with proper ones and that those in the Clerk's and Treasurer's offices be replaced at once.

We recommend as follows:

That the use of the Grand Jury room be granted to the following Associations to hold meetings for 1920 provided they pay the caretaker for cleaning same.

The Board of Agriculture.

The Fair Managers' Association.

Niagara Peninsula Fruit Growers' Association.

Also, the Municipal Council of the Township of Grantham, to have the use of same room at \$15 per annum, and to pay the caretaker \$12 for his services.

Also, the Cold Storage Company \$1 per meeting, they to pay the caretaker \$1 per meeting for cleaning the same.

That meetings other than the afore mentioned be prohibited without the consent of the Chairman and the Warden and that no political meetings be allowed.

That all small accounts be paid on recommendation of the Chairman, when properly certified to.

That tenders for County printing

be asked for at once.

The attention of the Committee having been called to the crowded condition of the Registry Office, we recommend that the Committee be authorized to provide for increased accommodation with a view of future needs.

That in view of the fact that all or nearly all the local municipalities are raising or have raised funds for memorials to the men who gave up their lives in the late war, this committee believes that it would be wise and expedient for this Council to make a grant to each municipality for memorial purposes rather than erect a county memorial, and we therefore recommend that this be done, and would suggest \$300 as the amount, the final decision as to this being left to the Council.

The Education Committee.

Your Committee on Education beg leave to submit this their first report:

1—Mr. E. A. Carefoot, Public School Inspector, presented a very full and comprehensive report with merits its being printed in the minutes of this Council, and that copies be sent to the various School Boards of the County.

2—That whereas, Mr. Carefoot, Public School Inspector, reports that his travelling expenses exceed the amount of \$300 granted him, by some \$260, we therefore recommend that he be paid the sum of \$560 annually towards same.

3—We recommend that the grant of \$1 expended in Public School Libraries be continued.

4—We recommend that the Chairman and the Warden be delegates to the Provincial Trustees meeting to be held in Toronto, April 6th, 7th and 8th next, as per invitation received.

5—We recommend that the following accounts be paid:

Niagara Falls Collegiate Institute \$1,871.56.

G. A. Carefoot, Inspector \$260. (Reimbursement of excess expenses 1919-20.)

Samuel Barron of Chatham was found dead on the roof of his house where he had been cleaning snow.

Bear Saw His Shadow And So We'll Have Six Weeks More of Winter!

Well, the thing is settled once and for all. There is no let-up. The bear or woodchuck or ground-hog, saw his shadow today and though it seems a ridiculous thing for him to do on a springlike day like this, he went back to bed to sleep for another six weeks. So we'll have cold weather that long at least.

Saturday was the coldest day of the coldest month. The whole of Ontario shivered with St. Kitts. Toronto enjoyed 18 below zero.

January went out Saturday with the record of being the coldest day of the month—17.8 below zero. The temperature has kept below normal for all but about a half dozen days during

the month. The mean temperature is 12.7 which is 9.1 below the average.

This has been the coldest month back until 1857, and may be the coldest on record when Saturday's actual mean is secured.

In 1857 it was 12.8, and in 1920 12.7.

The snowfall was 23.6 inches, which is 16.3 inches above normal. There was no rain during the month and the average supply is listed at 2.14 inches. The total precipitation was 0.51 below the average.

The warmest day of the month was January 7th, with a temperature of 36.6 above, and Saturday was the coldest.

Scene from Avery Hopwood's gale of laughter "Fair and Warmer" at Grand Opera House Thursday night.

Would Not Care to See Some Motion Picture Scenes Re-Enacted in Your Parlor

Referring to motion pictures Dr. Martain said, people look with composure on scenes on the screen which if enacted in a parlor would be offensive.

He also spoke of the good and evil influences women have exerted in the history of the world comparing the life of Cleopatra with the good of Queen Victoria and a good house-keeper.

Commissioner Carvell of the Board has given a ruling regarding the use of telephone and express franks.

Specialists in Crown and Work which is a branch of dentistry that very often goes away with the necessity of getting teeth.

For example, let us explain often happens that broken or badly decayed teeth are not sufficiently sound in roots to permit a firm anchorage for crown work or a bridge.

In such cases we are able to make a complete bridge under conditions which when treated in ordinary way would be a plate.

Work is under the care of the leading specialists in New York State and the for their skilled services reasonable to an unsurpassed degree. Crown work at only \$5 is an example of our low prices.

Do not take advantage of our examination service and find out what attention you require?

Work, \$5 per tooth, X-rays 50c up.

Good Plates, \$8.

EDITORIAL NOTES

The January thaw seems to be a February frost.

Why did not the Public School Board have wit enough to remember that a new Board of Education was coming into office with W. B. Burgoyne on it? All matters of real importance should have been left over for him to settle; teachers' salaries among other things.

There should be a great deal more contentment and peace of mind in the Standard office this year. A Mayor has been elected upon whom the dictator of Queen Street can smile and will smile so long as he does what he is told to do. The happy condition should save the editor and his staff a lot of worry from trumping up excuses to be abusive.

It seems rather strange and unusual acknowledgment that a man should make to the public that the intelligence of the Public School Board of last year was not of a high enough order to properly deal with the question of teachers' salaries and other matters of the kind, and yet this is what the editor of The Standard, with his usual egotism, would ask people to understand. Now that a new Board is coming into office, with himself as a member, all real business matters will be handled in a business-like way, of course.

THE DAILY MISERY OF ILL-HEALTH

Three Years of Suffering Quickly Relieved by "FRUIT-A-LIVES"

MR. GASPARD DUBORD

109 Avenue Plus IX, Montreal.

"For three years, I was a terrible sufferer from Dyspepsia and my general health was very bad. I consulted a physician and took his medicine and faithfully carried out his instructions; but I did not improve and finally the doctor told me I could not be cured. At this time, a friend advised me to try 'Fruit-a-lives' and I did so. After taking two boxes of 'Fruit-a-lives', I was greatly relieved; and gradually this marvelous fruit medicine made me completely well. My digestion and general health are splendid—all of which I owe to 'Fruit-a-lives'."

GASPARD DUBORD.

50c a box, 6 for \$2.50, trial size, 25c. At all dealers or sent postpaid by Fruit-a-lives Limited, Ottawa, Ont.

CREAM FOR CATARRH OPENS UP NOSTRILS

Tells How to Get Quick Relief from Head-Colds. It's Splendid!

In one minute your clogged nostrils will open, the air passages of your head will clear and you can breathe freely. No more hawking, snuffling, blowing, headache, dryness. No struggling for breath at night; your cold or catarrh will be gone.

Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relieves you instantly.

It's just time! Don't stay stuffed-up with a cold or nasty catarrh—Relief comes so quickly.

Has "Divvied" Them Up

Appointments Made By Hon. W. E. Raney of Crown Counsels.

The assignments which have been made to date of Crown Counsel to the different assize courts, since the 1st of January comprise: right Conservatives, seven Liberals and one U. Y. O. lawyer, according to a statement by Hon. W. E. Raney, Attorney-General, this morning.

As will be seen in several cases the assignments have been to local counsel. The list is as follows:

- Barrie—Eric Armour, Toronto, Ont.
- Brampton—W. S. Morphy, Brampton, Con.
- Brantford—W. S. Brewster, K. C., Brantford, Con.
- Cayuga—H. Arrel, Cayuga, Con.
- Chatham—A. D. Smith, Chatham, Lib.
- Cornwall—J. G. Harkness, Cornwall, Con.
- Guelph—A. H. McDonald, K. C., Guelph, Con.
- Hamilton—O. L. Lewis, K. C., Chatham, Lib.
- Kingston—J. L. Whiting, K. C., Kingston, Lib.
- London—E. F. Day, Toronto, Lib.
- Napanee—U. M. Wilson, Napanee, Con.
- Ottawa—J. A. Ritchie, Ottawa, Lib.
- Peterboro—G. W. Hatton, Peterboro, Con.
- Sandwich—J. H. Rodd, Windsor, Lib.
- Stratford—G. G. McPherson, K. C., Stratford, Lib.
- Toronto—G. Waldron, Toronto, U. Y. O.

In addition to the foregoing appointments the Hamilton Court, Brantford Court and Barrie Court, all of which were important assignments, were in the first place offered to Mr. Hamilton Cassels, K. C., of Toronto, Con.; W. D. McPherson of Toronto, Con., and R. T. Harding of Toronto, Lib., respectively. These gentlemen not being in a position to act the assignments were changed as above indicated.

ANOTHER HALF MILLION

Niagara Falls, Jan. 31.—A deputation consisting of Mayor Stephens, John Logan, W. L. Wilkinson, and Rev. G. B. Gordon, waited on the Provincial Secretary on Thursday, asking for an additional appropriation of \$500,000 for the housing commission here. An allotment of \$300,000 is already used or promised. Hon. Mr. Nixon promised to give an answer soon. He pointed out that the Ontario Government is negotiating with the Dominion Government for an additional grant for housing.

BOOST FLOUR.

WINNIPEG, Feb. 2.—Effective from midnight on Saturday last and until further notice, the Canadian Wheat Board has ordered changes in the price of wheat and flour.

The price of British Columbia, Ontario and Quebec wheat to mills in Canada is now raised by 25 cents per bushel and the board also increases the maximum wholesale price of Government standard winter wheat flour, from \$10.10 per barrel to \$11.25 per barrel, basis of f.o.b. cars Montreal.

20 YEARS FOR TRAITOR

Quien, Believed to Have Betrayed Edith Cavell, is Sentenced.

PARIS, Feb. 2.—Georges Gaston Quien, who was sentenced last September to die for the betrayal of Edith Cavell to the Germans, and whose case was appealed to 20 years imprisonment for intelligence with the enemy. The charge of his betrayal of Miss Cavell was given up at his second trial.

"FLU" BEATS THE BAN

DETROIT, Feb. 2.—United States Marshal Henry Behrendt was authorized in a telegram from Washington to furnish, free of charge, to all reputable physicians whiskey to be used in the treatment of influenza cases. He will be required to keep a record of the quantity furnished each physician and the latter will report to the authorities the name of the patient for whom it is prescribed and the amount furnished.

LONDON, Feb. 2.—The Turkish Minister of War, according to reports from Constantinople, has secretly ordered the printing as quickly as possible of ten thousand copies of a proclamation for general mobilization of the Turkish forces, says a despatch to the Exchange Telegraph Company from Athens, dated January 29.

The report says the order shows that the War Ministry contemplates mobilization in Anatolia, preparatory to an attack on the Greek and other allied troops there.

THOMAS BOND'S SUICIDE

He Stepped off Box. After Tying Rope to Beam.

WOODSTOCK, Jan. 31.—The dead body of Thomas Bond, all-England resident of Woodstock, was found by a workman, hanging by a rope to a beam in a shack back of the Bond brick yards, near this city. On Tuesday morning Bond left his home here to go to London, but since then no trace has been found of him. The workman discovered a single track in the snow leading to the shack, and upon entering he found the dead man hanging from the ceiling. He had evidently stood up on a box, adjusted the rope and stepped off. The coroner,

HUNDRED FLU CASES REPORTED IN CITY

TORONTO, Jan. 31.—"There have been a hundred cases of influenza in Toronto so far," says Dr. Hastings, "and ten deaths. That does not include deaths from pneumonia. These reports are all from a certain number of physicians, which leads me to believe that all the doctors are not reporting the cases that come under their notice. It is most essential that this be done.

While he is convinced that there are more than a hundred cases in the city, as reported, the doctor expressed satisfaction that so far the disease was not of a virulent type. "Are those who had the flu last year likely to be immune this year?" the doctor was asked. "There is nothing to warrant the belief that they will," he replied.

BORDER LABORERS WILL SELL BREAD AT COST.

Windsor, Jan. 31.—Organized labor in the Border municipalities, backed by local men, will open bakeries in Windsor, Waterville and other border municipalities in an effort to cut the cost of bread, which has been increased twice within the last two months.

AUSTRIAN RELIEF IS NOT DETERMINED

OTTAWA, Jan. 29.—The Canadian Government will contribute toward the relief of Austria, but Sir George Foster stated yesterday that the amount of the contribution had not yet been determined. Washington despatches state that Canada's contribution is five million dollars, but the Government has not yet decided.

Scene from the Laugh Festival, "Fair and Warmer," at the Grand Opera House, Thursday night, Feb. 26th.

Peace Incomes and War Prices

TEN years ago a Canadian clergyman was forced by illness to retire from active work. The largest salary he had received in the forty years of his ministry was \$1000 and a furnished house. The average did not exceed \$800.

On this sum he had maintained and educated his family. He and his wife were given to frequent hospitality. They supported every good cause, and even contributed to the maintenance charges of the Church they served.

A Minister's Budget

By good management and economy they were able to carry an endowment insurance policy, pay an assessment to their Church Superannuation Fund, and accumulate some small savings. When that clergyman was superannuated in 1909, he bought a house. His income during the first year of retirement was as follows:

Table with 2 columns: Item and Amount. Items include: The retiring allowance from the Church (being \$10 for each year of active work) - \$400.00; Interest from investments - 100.00; Wedding fees and sundries - 75.00; Summer supply work - 100.00.

Against this total of \$675 stood the charge for taxes, insurance and maintenance of the house; say, \$75, leaving a net annual income of \$600.

The Shrinkage in Values

Before the war, the rise in the cost of living had necessitated careful management of this income. Today, the pressure is too great to be borne. If the statisticians are correct, the dollar of 1913 is worth now in purchasing power about 47c.

Therefore, the real income available to

maintain these people of refinement and culture is \$282 a year.

Do you say that this is an exceptional case? On the contrary, scores of retired clergymen are not so well situated as this one. Some are tasting the bitterness of destitution, since in a few instances no retiring allowances are provided for.

Veterans of the Cross

These men gave a lifetime of unselfish service for their Church, their country, their neighbors; visiting the sick, burying the dead, comforting the bereaved, preaching Christ crucified, and doing their part in making Canada "God's country." In a time when the payment of pensions to old employees is accepted as a reasonable thing by industrial firms, these veterans deserve more consideration than they have been getting from the Christian people of this Dominion.

The Forward Movements

The Superannuation, Beneficiary or pension funds of the five Communions co-operating in the United National Campaign must be largely increased to yield a reasonable and an adequate income for these old heroes of the pulpit.

They ARE heroes. They make no complaint. They still are found doing all that their strength will permit for the great and noble Cause to which they devoted their lives. They still are enduring hardness as good soldiers of Jesus Christ.

National Peace Thank-Offering

Simultaneous Every-Person Canvass by Each Communion

February 9-14

What Are You Going To Do About It?

This is not a question of Charity. It is a question of justice, of chivalry, of common honesty.

Your Church is seeking, through the Forward Movement, to do its full duty to the retired clergymen.

Your interest and your subscription are needed. Tell your Church leaders where you stand. Do it NOW.

The United National Campaign

Representing the Simultaneous but Independent Forward Movements of the Anglican, Baptist, Congregational, Methodist, and Presbyterian Communions in Canada

THE STABLE IN WINTER

Keep Your Dairy Cows Comfortable and Clean.

Spray the Place With White Wash. Add some Germ-Killer. Kill All Broken Window Panes. Provide Other Ventilation of Plants in Winter.

(Contributed by Ontario Department of Agriculture, Toronto.)

THE period of long winter is here. Of our talking cows, our special protection from cold, and at the same time made as comfortable as possible. The whole of the inside of the stable should have a thorough cleaning. The dust and cobwebs should be swept from the walls, ceiling, windows; the windows should be thoroughly cleaned, also the doors and stalls. Then spray with wash all over the inside, every window. To the white wash add disinfectant, such as a carbolic preparation, or a chloroform-mercuric iodine solution. This will kill germs lurking in dark, damp places, and maintain the health of the stock which is at the foundation of a profitable milk production.

The next step is to put in all the window lights, but when the owner thinks he cannot afford to buy glass at the present high price, a piece of coarse cloth, such as a sack, may be tacked over the window space. This will provide ventilation in a stable not otherwise ventilated.

Cow stables need ventilation in winter by having the foul air escape and fresh air introduced through a draft directly on the cows. The best way to do this is to have windows at the bottom and the top open inward, so as to draw the air toward the ceiling. A V-shaped board should be placed at the side or end of the window, to prevent the side-draft. Foul air should escape before the walls of the stable and preferably through inlets for foul air—one near the end one at the ceiling, as in this the foul air is removed without closing the top outlet. No special cheap ventilation works automatically. They all require some attention.

Other points in stable preparation are to have all the secure so that the cow may not get loose; remove manure and gutters should be so that they may be kept clean; sanitary without too much litter and feed-carriers are essential of labor in looking after the stock of milkers during the winter. In a word, make the cow comfortable and lessen the labor of stabling cows by having them stabled and convenient, with as much help as possible in the form of machinery.—Prof. H. H. Deas, O. College, Guelph.

Care of Plants in Winter. Water growing pot plants when they need it, then water thoroughly. When the soil begins to get dry and powdery on the surface, or when the pot is light, tap the knuckles of a knive handle to emit a ringing sound, the soil requires water. Give sufficient water so that it runs out through the bottom of the pot. Water plants in the morning in cold weather, or at night. Use tepid rain water, or water that has been exposed to air and water should be taken care to keep to 60 degrees F. in winter.

Humidity in the atmosphere is one of the main requirements for successful with plants indoors. Plants or saucers of water on the table or registers. A steaming pot or pot of water on the stove will give help in this respect. When the pots are watered, the roots or where the soil is porous, out or exhausted. Liquid fertilizer can be given plants. The soil should be moist, not dry, or very wet. The fertilizer is applied. There are several good plant foods sold at stores. "Sterling Worth Plant Food" or "Bonora" are both good. Half an ounce of nitrate of soda dissolved in a gallon of water, and cold water added to make a gallon, also makes a fairly good fertilizer for pot plants. Apply every week or ten days.

Spraying with water will help to keep down insect pests. A fine spray of this solution once or twice to the plant suffering from earth worms. Put frozen plants in a dark place at once, temperature about 45 degrees F. Do not touch the plants. Sprinkling with ice cold water is beneficial.—W. Hunt, O. A. College, Guelph.

A Chat About Chickens. In very cold weather to make a hen comfortable and to keep her in good condition feed her (in the time, but often in dry straw or other litter) some kind of mixed grain. Milk to drink, or about a quart of meat or its equivalent in scraps each day, is required to keep material for the making of the white for twenty hens.

Choice cut flowers, potted plants and floral designs, at all times. Walker's Florist 104 St. Paul Street Phone 768.

Children Cry

Fletcher's Castoria is strictly a Food. Foods are specially prepared as even more essential for babies for growth-ups are not interested in a remedy for the common ailments that brought Castoria before it and no claim has been made years has not proven.

What is Castoria?

Castoria is a harmless substance. Drops and Soothing Syrup, neither Opium, Morphine nor any other drug. Its age is its guarantee. For years it has been in constant use for the relief of Wind Colic and Diarrhoea; for the relief of Constipation; for the relief of the assimilation of Food; give the Children's Comfort—The

STABLE IN WINTER

Your Dairy Cows Comfortable and Clean.

the Place With White-washed Walls, Clean Windows, and Provide Other Ventilation of Plants in Winter.

tributed by Ontario Department of Agriculture, Toronto.

THE period of long winter is here. Of necessity, our milking cows must be given special protection from cold and at the same time must be as comfortable as possible.

whole of the inside of the stable should have a thorough cleaning.

The dust and cobwebs swept from the walls, ceiling and floor; the windows should be thoroughly cleaned, also the stalls.

Then spray with disinfectant, such as carbolic acid, or a similar germicide.

This will kill disease germs in dark, damp places, and will also help to maintain the health of the animals.

It is the foundation of good milk production.

The next step is to put in all window lights, but where the farmer thinks he cannot afford to do this at the present high price of glass, he may be ticked over the space.

This will provide ventilation in a stable not otherwise provided.

Established ventilation may be had by having the foul air pass through a window and fresh air introduced through a window at the bottom and allowed to open inward, so that the air toward the ceiling.

This should be a Y-shaped board at the end of the window, so that the side-draft. Foul air will extend both to the ceiling, and preferably have a hole for foul air—one near the ceiling, and another near the floor.

at the ceiling, as in this case, the foul air is removed without the stable too much by having the top outlet.

No system of ventilation works automatically. They all require some attention.

Other points in stable preparation to have all the hardware in good order, and gutters should be cleaned.

They may be kept clean by a daily without too much labor.

and feeders, and are good labor in looking after a milker during the winter.

In a word, make the cows comfortable and lessen the labor.

ing cows by having them clean and convenient, with as much as possible in the form of machinery.—Prof. H. H. Dean, O. A. College, Guelph.

Care of Plants in Winter.

Water growing pot plants when they need it, then water them roughly.

When the soil begins to dry and powdery on the surface, or when the pot is tipped and water runs out, or when it emits a ringing sound, the plant needs water.

Give sufficient water that it runs out through the bottom of the pot.

Water plants in a sunny place, in a warm room, or use tepid rain water, or water that has been exposed to air and sun a day or two, if possible.

Water should be lukewarm, about 60 degrees F. in winter.

Humidity in the atmosphere is one of the main requirements of successful with plants indoors.

Plants or saucers of water on the table, or registers.

A steam-heated radiator, or a "Bonaire" over the stove, will help in this respect.

When the pots become full of water, or where the soil is poor, or exhausted, liquid fertilizer should be given plants.

The soil should be moist, not dry, or very wet. There is a fertilizer is applied.

There are several good plant foods sold at nurseries.

"Stinging Warts" or "Bonaire" are both good if an ounce of nitrate of soda is dissolved in a little warm water and cold water added to make a solution, also makes a fairly good fertilizer for pot plants.

Apply every week or ten days.

Spraying with water will help to keep insect pests.

A fine spray of water applied to all parts of the plant is necessary.

Plants having very rough foliage, especially in winter, only plants having glossy, green leaves.

Insect pests increase and thrive in a dry, warm atmosphere.

White fly, green fly, white fly, spider and thrip.

"Sulpho-Tobacco" is a good remedy.

Black Tobacco is also a good remedy for insect pests on house plants.

Some use a solution of whole oil of tobacco water are beneficial to insects on plants.

Make about one-half pound of lime in a quart of water, allow to settle.

Give about a teaspoon of this solution once or twice to each plant suffering from earth-borne diseases.

Put frozen plants in a dark place, temperature about 45 degrees F.

Do not touch the leaves with water, or ice cold water.

Specialist.—W. Hunt, O. A. College, Guelph.

A Chat About Chickens.

In very cold weather to make them comfortable and to keep them on comfortable feed.

(a little or other feed, but often, in dry straw or other some kind of mixed grain.)

Water to drink, or about a quart of water or its equivalent in a bucket each day, is required to supply material for the building of the egg for twenty hens.

Choose cut flowers, potted plants, floral designs, at all times.

Floral Designer, 104 St. Paul Street, Phone 788.

Children Cry for Fletcher's

CASTORIA

Fletcher's Castoria is strictly a remedy for Infants and Children. Foods are specially prepared for babies. A baby's medicine is even more essential for Baby. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that its use for over 33 years has not proven.

What is CASTORIA?

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its base is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food, giving healthy and natural sleep. The Children's Comfort—The Mother's Friend.

GENUINE CASTORIA ALWAYS

Bears the Signature of

Chas. H. Fletcher

In Use For Over 30 Years.

"Seen' Things At Night"

TO MOTHERS! Guard your kiddies against torpid liver, sour stomach, constipated bowels which generate poisons. These "inside" poisons circulate to the brain, producing bad dreams, then a feverish head. Unless you "work" out these poisons you will have a real sick youngster shortly. Cascarets are a candy cathartic, ideal for children. Cost only 10 cents a box. Read below!

Children love Cascarets because they taste like candy. When your child has a white tongue, feverish breath, foul stomach, give Cascarets anytime to "work" the nasty bile, souring food and bowel poison from the dogged-up places. You needn't coax even cross, sick children to take these harmless candy "Cascarets." They never gripe—never injure. Cascarets never disappoint the worried mother. Each 10 cent box contains directions and dose for children aged one year old and upwards.

EMPLOYMENT SERVICE OF CANADA. EMPLOYERS. THE EMPLOYMENT SERVICE OF CANADA has been created to grade the various classes of workers—trained and untrained—and to place the best in the country at your disposal, through a system of Employment offices from Coast to Coast. THE PROFESSIONAL AND BUSINESS SECTION exists to place you in touch with Professional, Business and Technical workers. THE INFORMATION AND SERVICE BRANCH DEPARTMENT OF SOLDIERS' CIVIL RE-ESTABLISHMENT has a representative in each of these offices to render whatever special services may be required in the employment of the RETURNED SOLDIER.

BUILDING AN ICEHOUSE

Good Type for Use on the Average Farm.

Every Milk Producer Should Have One—The Work and Cost of Construction Light Compared With the Benefits.

(Contributed by Ontario Department of Agriculture, Toronto.)

EVERY Ontario farmer who produces milk—and most of the farmers do—should have a quantity of ice each winter, in order to make it easier for him to cool the milk down after the evening milking, and to keep it sweet for such short periods, week-ends for example, as he may be required to keep it before delivering it at the cheese factory or other point of disposal. In order to preserve the ice satisfactorily some form of ice-house or shelter is necessary. The purpose of this article is to describe in a few words a type of ice-house which will give good satisfaction.

The ice-house does not necessarily have to be expensive, but certain conditions in regard to it must obtain if the ice is to keep well. These I shall emphasize first and they are: protection of ice from sun's rays, and the wall, good drainage from the bottom of the house, either natural or artificial, free circulation of air through the top, air-tight foundation, plenty of good quality of dry sawdust on all sides of the mass of ice, and close packing of the ice. If these conditions can be secured in a rough bin built under a shed, or a lean-to on the shady side of a building, all well and good unless one has other good reasons for building a more expensive structure elsewhere. The matter of convenience is often a deciding factor in this case, and the type of ice-house I am about to describe is a good illustration of this fact. Only once have I seen it in use, but there is no reason why it could not be used quite as well.

This particular type consists of a lean-to structure of wood at one end of the barn which has the stable underneath. The size would vary with the amount of ice required, but probably a building 15 feet square and 12 feet high would be large enough for most farmers' needs. In this structure and at the side adjacent to the barn, or rather the basement wall, is built a concrete enclosure about 6 feet square and 6 or 6 1/2 feet high. A door in the basement wall admits one to it. In the side opposite to the doorway there is a row of 3 or 4-inch file near the bottom for letting in the cold air from the ice which is packed closely to the concrete storage on all three sides and over the top as well. Besides the concrete storage, the base of the structure is a narrow passage-way or flue for allowing the foul air used for the storage is provided for. In this particular case the farmer has his milk-room containing cream separator, etc., adjoining this storage and whenever he wishes to cool milk or cream or store it he puts it in this storage.

Other articles, such as butter and meat, are also stored at times but of course only for a few days at a time. Hence much handling of ice is saved as well as considerable time. The building is made of wood, the studding being boarded on both sides. It would be advisable to fill the space between the two boardings with planer shavings of good quality sawdust. The base is covered with shingles. The gables are left somewhat open for ventilation. Plenty of sawdust is used around the ice next to the walls, and also a good deal of sawdust is used however is used between the cakes of ice. If a few cakes of ice are required for household use they may be easily taken out of the sawdust in the top of ice-house or at one side if more convenient.

It will be seen, therefore, that this type of ice-house does double duty in a degree, namely, providing a small ice-cold storage room, and by the ice mass directly in addition to housing ice for various incidental uses in the summer-time. In a case of this kind there would not be much need for taking out ice except for supplying the household refrigerator as the storage-room would take care of the ordinary cooling and preserving of products. Believing this arrangement to be valuable, and in many cases practicable on Ontario farms, I have much pleasure in recommending it to farmers in general.—R. R. Graham, O. A. College, Guelph.

Still a Place for the Good Horse. Horses have not been meeting a keen demand in Canada since the war broke out and have increased about \$50,000 since 1914. However, a real good heavy draft horse is hard to find, and if Old Country markets are any criterion of the trend of affairs an awakening in the Canadian Draft Horse market should soon follow. Draft geldings are selling in England for from \$200 to \$500 and even up to \$1,000 each. A returned officer told me recently of seeing a number of Canadian geldings (military and transport horses) sold in Old London for £100 (\$500) each. About one-fifth of Great Britain's ordinary supply of work horses went to the war and a number of useful brood mares were also taken. France, Belgium, Russia and Germany, four of the great horse-producing countries, have lost a heavy percentage of their horse stock during the war. Already a shipment of Percherons has gone from Western Canada to France, and it would seem that during the period of reconstruction our horse supply will be East and not West. If it will pay to breed any horse on the Canadian farm the heavy draft of good quality should turn in most money to his owner.

Stops Backache In Few Minutes

RUB LUMBAGO, PAIN, SORENESS STIFFNESS RIGHT OUT WITH ST. JOCOE'S LINIMENT.

When your back is sore and lame or lumbago, sciatica or neuritis has you stiffened up, don't suffer! Get a small trial bottle of old, honest "St. Jacobs Liniment" at any drug store pour a little in your hand and rub it right into the pain or ache, and by the time you count fifty, the soreness and lameness is gone.

Don't stay crippled! This soothing, penetrating liniment takes the ache and pain right out and ends the misery. It is magical yet absolutely harmless and it does not burn or discolor the skin.

Nothing else stops lumbago, sciatica and lame-back misery so promptly and surely. It never disappoints.

The old directors were again returned to office and given the support and backing of the members. The directors are Messrs. J. B. Fairbairn, Wm. Kemp, E. A. Thompson, Wm. Boucher, Jas. Zimmerman, P. Merritt and Levi Moyer.

FORWARD MOVEMENT

Three hundred dollars towards \$4,000,000 will be the gift of a St. Catharines District minister in the Methodist National Campaign. This man has a \$1,200 salary. His salary has averaged \$300 per year during the last twenty-five years in the pulpit.

A Brantford layman laid aside for the same fund \$5,000 last November. Such facts are counted on to assist the Hamilton Conference towards a \$600,000 objective. Of this amount the Hamilton district is expected to raise one-quarter, or \$150,000, during the week commencing February 9th.

The London Conference objective is \$550,000. Greater wealth is counted on to result in an offering of at least \$1,100,000 by the Toronto Conference. Ontario's objective is \$2,800,000. Hamilton enters the drive with one advantage over the others, having more than one thousand minute men or speakers to make the appeal. Toronto and London have fallen hundreds short of this total of oratorical forces.

While the West has done splendidly in isolated cases, the East, aided on by Methodist leaders to furnish most of the needed funds for church enterprises. Saskatchewan, with serious crop failures, is struggling to raise \$300,000. Several Prairie congregations have already surpassed their objectives, the members drawing heavily on their bank credits and adding to their mortgages.

"What Shall I Do Then With Jesus, Who Is Called Christ?"

Pilate's Question Is Yours To-day

THE Church is not impersonal. It is a company of individuals, each of whom has expressed determination to acknowledge Jesus as Lord and God, to accept His teachings and follow His example.

The Active Christians

Those who persist in the Way find their lives radiant with hope. They have an object in living. They are not plunged into hopeless misery by bereavement. They develop character. They learn contentment. Being themselves men of hope and good-will, they are centres of hope and good-will in the world.

The Inactive Christians

Not all continue faithful. Many neglect to keep the Pattern before them. They cease to pray. They forego public worship. They become only nominal Christians. Their sympathies are on the side of Right, but they miss the full-orbed peace that comes from being obedient to the Heavenly vision.

Aiding the Enemy

Apart from their own loss, lukewarm Christians do positive harm to the Faith. Enemies never cite the lives of notable Chris-

tians as a proof of the inefficiency of the Church, or of the Gospel it proclaims. If, therefore, all lukewarmness should disappear the critics of Christianity would be confounded.

Where Do You Stand?

You are a Christian. Are you ardent or careless? Are you whole-hearted or half-hearted? Do you realize that the Church in Canada faces unprecedented responsibilities?

You believe that the Gospel of Christ is a perfect solvent of selfishness and class-hostility. Will you do your part to give it free course?

A Great Possibility

"Righteousness exalteth a nation, but sin is the reproach of any people." If all the Church Members of Canada would begin today to follow earnestly the principles enunciated by their Divine Master; if they would acknowledge their stewardship in full measure, the name of Canada would ring around the world. Therefore, the Question is to you:

"What shall I do then with Jesus, who is called Christ?"

National Peace Thank-Offering

Simultaneous Every-Person Canvass by Each Communion

February 9 to 14

A United Appeal

FIVE Christian Communions—Anglican, Baptist, Congregational, Methodist and Presbyterian—have in Canada ten thousand congregations, over one million communicants, and represent more than half of the population of the Dominion. Under the stimulus of five great Forward Movements, it is in the power of these people to root out the evils of materialism in Canada, and to conserve the spiritual values revealed by the chastisement of War. Are you ready for active service?

The Decision Is Yours

LET Christianity have a fair trial in your own life. Make Jesus Christ master in your home. Test the reality of prayer. It will give your life direction, purpose and power.

You can help to cure the ills of Canada and the world. Be prepared to serve. Begin NOW.

The United National Campaign

Representing the Simultaneous but Independent Forward Movements of the Anglican, Baptist, Congregational, Methodist and Presbyterian Communions in Canada.

All Tendencies Point to High Teas

Higher Prices Are Bound to Rule in the Near Future—London Market Has Opened at Strong Figures—Present Holdings Are Light.

From all sources in the trade, reports to 'Canadian Grocer' are to the effect that not only is the tea market under a continued strong undertone, but the possibility of higher prices is definitely hinted at. The London market has opened and prices there are exceptionally high. Just whether this will have definite effect upon the Canadian situation is not quite clear at the moment, but the trade feels that any effect would be that of firming the market.

Scarcity Prevails

The present holdings of tea by the Canadian trade, are said to be very light. This is true when better grade teas are taken into account and the high grades have been snapped up very quickly when offered. Not only is this true of the Canadian market, but the same situation prevails in the United States, where better grade teas are reported very scarce.

The situation looks as though no drop in price will be possible, and here is strong possibility or advances being made. No one has any tea for

sale, and any teas arriving from abroad are snapped up quickly on arrival. The foregoing statement, as expressed by a large factor in the trade operating throughout Canada, indicates clearly what the situation is with regard to quality teas. It bears out what 'Canadian Grocer' has already pointed out in previous articles on the tea situation, viz.: that importations of tea, and especially high-grade Japans, have been very quickly absorbed. This has made a situation which may be considered as unusual and has caused a smaller holding of tea stocks than has been recorded for a great many years.

Demands are Heavy

The demands for tea from all sources of the trade has been responsible, in a large measure, for the extensive absorption of tea stocks. Part of the increased demand is traceable to the prohibition legislation, which has been enacted in so many parts of the country. People have had to use something as a beverage, and the enactment of liquor laws has served to make the tea business ex-

ceedingly good. This is a condition that is reported from all sections of the trade and with the demand which if it has not exceeded the supply has at least kept pace with the offerings of quality tea. This demand is likely to continue, and with the high-grade teas produced in the East very well distributed, and in some cases, already cleaned up entirely, there seems to be little prospect of lower prices, obtaining of heavier stocks of tea being obtainable for a long while to come.

WINDOW WASHERS WANT \$48 for 44 HOUR WORK

CHICAGO, Jan. 31.—The window washers in Chicago have gone on strike demanding \$48 a week for experienced washers who work on extension ladders, and \$44 a week for apprentices—men who have served less than six months in the business. The washers demand pay for 44 hours a week, regardless of whether or not work is done.

MEN, MEN! TRY IT TO-NIGHT—FEEL FINE TOMORROW

Simple Way to Get "Pep," to be Put Right on Your Feet

When a man has lost ambition to "dig in" and stay at things—when he complains of headache, fullness in the right side, pains in the shoulder blade—it's purely a case of "Liver."

These symptoms invariably indicate a clogged inactive liver. The body can't get rid of its wastes, and the whole system is half paralyzed.

Dr. Hamilton's Pills stimulate the liver to activity in one night. Being a mild vegetable laxative they produce results in a few hours. The bilious headache and constipation are cured, spirits rise, complexion clears, animation returns. Nothing in the calendar so efficient for that tired, jazy feeling as Dr. Hamilton's Pills. Very mild, don't interfere with work, invariably do lots of good. Try a 25c box, all dealers.

DOCTOR WARD, The Specialist

SPECIALIST IN THE TREATMENT OF NERVOUS CONDITIONS, NERVE EXHAUSTION, BACKACHE, LUMBAGO, RHEUMATISM, STOMACH AND LIVER TROUBLES, ACNE, SKIN DISEASES, CATARRH, ASTHMA, RECTAL TROUBLES, PILES, FISTULA AND BLOOD CONDITIONS. The knowledge gained from many years' experience in treating diseases just like yours is of much benefit to you and assures the ailing man of prompt relief. When a man knows that he is again feeling well—that he is rid of his ailment—he feels that a heavy load has been lifted from his shoulders. I give every patient the benefit of the knowledge acquired through the long experience of a graduated, licensed and registered specialist, in order to bring about the most satisfactory results in the shortest possible time.

NERVE EXHAUSTION

A CONDITION AFFECTING MANY MEN—THE GREAT AMERICAN DISEASE—IT IS BROUGHT ON BY OUR MANNER OF LIVING—OUR WORRY AND HURRY—AMERICANS EXHAUST MORE NERVOUS ENERGY THAN ANY OTHER RACE OF PEOPLE.

There are a great many men who need treatment for their nervous system. These men do not know what is the reason they don't feel right—why they can't work like they used to—why they tire so easily and why they are irritable, nervous, despondent, weak, pale and lack ambition. These conditions require the expert knowledge and treatment of a specialist who has had many years' experience in just such ailments. A specialist learns by experience to know just the right treatment at the right time so that the patient can be dismissed at the earliest possible time. Men affected with nervous exhaustion have no endurance—no ambition—everything they attempt is an effort. Life to them appears as a long, gloomy future. Their appetite is poor and variable—they become irritable, cross and discouraged. They have pains and aches in various parts of the body and there is often indigestion and pains in the stomach. Sleepless, wakeful and restless nights follow.

RHEUMATIC AILMENTS

SCIATICA AND OTHER FORMS OF RHEUMATISM, LUMBAGO, PAINS IN BACK, SWELLING, ACHING, PAINFUL CONDITIONS IN ANY PART OF THE BODY—INFLAMED AND SWOLLEN JOINTS OF LEGS AND ARMS—MANY OTHER SYMPTOMS.

Hundreds of men are suffering with some form of Rheumatism. Many of these men go from day to day suffering untold agonies thinking they cannot be cured. They have tried liniments, rubbing, massage, salts and other treatments without experiencing any relief, and they are now going through life thinking they are martyrs to that burden called Rheumatism. If these men could only know how easy it is to get rid of many rheumatic conditions I know they would not suffer another single day. Then all sufferers of rheumatism would be strong and healthy if they could get rid of the condition. Rheumatic patients are nearly all strong and robust before being attacked by this ailment, and therefore it is so hard for the man to understand why he should suffer the agonies of such a condition. When a man gets rid of such a condition he feels that a heavy burden has been lifted from his life, and he starts right out to make up for lost time both in money and pleasure. When a man comes to my office suffering with the above condition he is given a most careful examination, and he is given treatment that he feels is giving him great benefit.

Quick and Lasting Results Assured the Ailing Man

BLOOD YOUR WHOLE HEALTH OF BODY AND MIND DEPENDS ON YOUR BLOOD. Any "building process" of the body and mind, of the muscle and tissue formations, of any of the various organs, can be accomplished only by working direct through the blood stream.

Four Good Reasons for a National Forward Movement

"For God so loved the world, that He gave His only begotten Son, that whosoever believeth on Him should not perish but have everlasting life."

DESPITE the four years' fury of War, and the year of uncertainty just ended, the people of Canada have prospered. Yet, spiritual glories revealed to us in the great Conflict are being clouded by drifts of class-hostility, mutual suspicion and cynical materialism.

The world is troubled. Old conceptions are giving place to new. Yet, the Kingdom of God remains, firmly grounded on the great principle of love. It has the one remedy for a world diseased:—"Believe on the Lord Jesus Christ and thou shalt be saved."

Five Christian Communions—Anglican, Baptist, Congregational, Methodist and Presbyterian—call their various constituencies and the whole nation to a livelier and more sacrificial Christianity. They are making a great financial appeal. It is fitting that the public should know the reasons.

1 The Decline of the Dollar The sharp rise in prices the world over has affected injuriously the position of every man working for a fixed salary. Missionaries are in this category. Stipends that were ample in 1900, and nearly adequate in 1912, are utterly insufficient in 1920. There has been no general increase in these stipends. There cannot be, until the Canadian people scale-up their giving to balance the decline in purchasing-power of the Canadian dollar.

International exchange has been unstable. Money for export has been subject to heavy discounts. In view also of the increased cost of materials and of labor, any new building programme abroad has been out of the question. But the need for new buildings is imperative. Some missionaries are living in clay-floored huts.

New Standards are Necessary The Anglican Synods, the Baptist Conventions, the Congregational Union, the Methodist Conferences, and the Presbyterian General Assembly, have set new standards for the salaries of Clergymen actively engaged in Canada. But, for the Missionaries, and for the Superannuated Ministers, no increases have been possible.

One of the aims of the Forward Movement is to show the fine-spirited, generous, Christian people of Canada that the old standards of giving for Missions must be revised. It is impossible to maintain existing stations, even on a pre-War basis, without more men and much more revenue.

2 The Call from Abroad Coincident with this financial difficulty, new and glorious opportunities for the extension of Christian teaching have appeared. In India, literally millions of "outcastes" are pleading for Missionary preachers and doctors. In China, a new National spirit has been born. Missionary teachers are urgently required to help formulate the National system of education. Hospitals, Missionary nurses, doctors and dentists, are heartily welcomed by the people. From Japan, Africa and the Islands of the Sea, comes the same story.

3 The Home Responsibility Here in Canada, the work of evangelizing Indians and Eskimos must now be undertaken wholly by the Canadian Church. The rapid growth of our cities, the expansion of the West, the great immigration of the last twenty years, and the depopulation of rural areas, make a four-fold problem which can be solved only by radical readjustments of policy and greatly increased resources of men and money.

4 The Pressure on the Colleges Finally, the decline of the dollar has created difficulties in financing the Colleges and Universities established and maintained for the training of the Clergy. Last year, one College which had been able before the War barely to subsist, faced an additional charge for coal alone of \$1600. All other expenditures have risen in like proportion. Christianity has been the mother of Higher Education. A thoroughly trained Ministry is the great need of the times.

The Unity of Faith and Prayer These are the facts. Faced with such conditions, the Church leaders, at first, were appalled. They went to their knees, first in separate denominational groups, then in company. Putting aside for the time being differences of religious temperament, considering only their common belief in the Everlasting Father, the Almighty Son, and the everpresent Holy Ghost, they prayed together. Then they arose, thrilled with a glimpse of the wonderful Missionary opportunity, to appeal together to the whole body of Christians in Canada.

The Greatest of All Gifts You are a believer in the Lord Jesus Christ, and in the Gospel He proclaimed. Your country has become great through Christianity. The hope and love of the Gospel have warmed your heart and illumined your life. Next week you will be asked by the representatives of your Church to show practical proof of your convictions. Be prepared—not to give a trifle out of your abundance, but to taste the full sweetness of Sacrifice.

Faces Trial For Murder

SIXTEEN-YEAR-OLD GIRL, EXONERATED FOR KILLING FATHER BEING TRIED FOR SLAYING STEPFATHER.

ST. LOUIS, Jan. 30.—The trial of Ursella Broderick, sixteen years old, Pine Lawn, St. Louis County, for the murder of her stepfather, Jos. Woodlock on April 14, last, has begun in circuit court before Judge Klene of the juvenile court. The girl killer her father, Thomas P. Broderick, October 16, 1916, but was exonerated by the coroner's jury on her testimony that she fired in defense of her mother.

The empanelling of a venire of thirty-six men from among whom the jury will be chosen has been completed. Charles F. Johnson, counsel for the defendant, announces that he will claim the privilege of taking twenty-four hours in which to study the panel with a view of making challenges for the defense. This was granted.

Woodlock was killed at the family home, which was then at 5042 Wells avenue. Her story is that she fired in self defence when he tried to attack her.

Mrs. Illian Woodlock, mother of the girl, is charged jointly with her daughter for the murder, but will be tried separately later. She is in court, but sits among the other spectators.

The girl appeared in court with her attorney and took a seat beside him at the counsel table. She wore a black three-quarter coat over a black dress trimmed with fur, a red and green tam o' shanter, black kid gloves and high tan boots and carried a muff.

She presented a childish appearance.

According to Ursella's story, told at the time of the shooting, she occupied the same room with her mother and stepfather. On account of Woodlock's advances, she said, she had armed herself with a revolver and intended to kill herself.

The morning of the killing, she said, after her mother had arisen, Woodlock picked her up and carried her to his bed. She carried the revolver in a wrapper, she said, and fired with her eyes closed.

Woodlock was found dead in bed. He had been shot twice above the right eye and once through the back of the head.

MAY GIVE ASSURANCE OF AMPLE POWER

HAMILTON, Jan. 30.—F. A. Gaby, Chief Engineer of the Provincial Hydro-Electric Commission, has asked Mayor Booker to see him or have the city representative go to Toronto, that he might give an assurance that the Hydro-radial lines will not be delayed through lack of power.

Religion Is Patriotism

It is the Root of Personal Righteousness, the Mainstay of Social Order, the Bulwark of International Peace

The Makers of Canada

The earliest settlers in Canada were roused by the Call of the Church to develop a noble and useful citizenship. Young and old were invited to turn their eyes from material things, and to regard the splendor of unseen realities. Knowing that Religion is the only true safeguard of stability in the State, they built Churches, Schools and Colleges, to train men for the Christian Ministry, and to spread abroad in the land the benefits of education. This they did in their poverty, and thus directed the course of history in Canada to this day.

The Testing of Canada

Because of such sacrifices, there arose in Canada a public spirit hostile towards all injustice, dishonesty and cruelty. The War tested the moral fibre of the Canadians of a later day. Would they choose material ease and wealth, or would they risk all in defence of freedom and the rights of the weak?

Over 400,000 men voluntarily offered their lives, and endured hardness as good soldiers for the defence of equity and fair dealing in all human relationships, and for the vindication of public right. Nor were the people at home less steadfast. Besides bearing the national cost of the War, they gave voluntarily for the help of the soldiers more than \$90,000,000. Canada nobly stood the great trial.

The Menace of To-day

That conflict is ended. Now comes another test. Not only in Canada, but all over the world, sectional and class struggles for material rewards and for mastery threaten the present basis of Society. The vision of spiritual values gained in the War is in peril of being forgotten. The supremacy of sacrifice, the nobility of service, the reality and glory of the Unseen and Eternal, the promises of Christ; these were the things by which we lived during the War. Now there is great danger that they may fade from view, giving place to selfishness and the love of ease.

The great non-Christian peoples of the world comprise two-thirds of the human race. They are mastering our modern scientific knowledge, and if they remain Pagan may yet turn it to our destruction. Paganism stands for the supremacy of Might, the very ideal

we fought and conquered in more than four years of war.

Victory only through Christ

How can we retain the heavenly vision? How can the world be guarded against another attempt to establish the Pagan ideal? Only through the Church of Jesus Christ. There is no other agency or society that has any possibility of hope of bringing about a full

The World's Need is Spiritual

I speak as one standing upon the watch-tower, and know what the need of the land is. It is not material, it is spiritual. Get the spiritual, and the material will follow. The wounds of the world are bleeding, and material things will never heal them. And that is why I hail any movement which brings the great spirit of brotherhood. The one need of England and France today is the healing and the brotherhood of the Cross of Christ.

—Rt. Hon. David Lloyd George, Before the Brotherhood Convention, London, September, 1919.

realization of the brotherhood of all mankind, and the reign of the Prince of Peace.

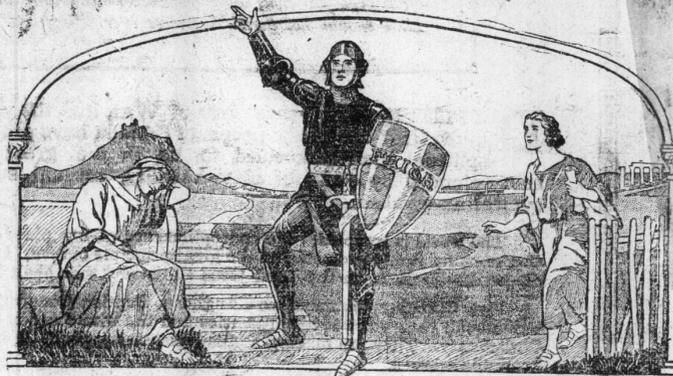

What the Church Has Done

All the progress of humanity in Civilization for the last 2000 years has been inspired, directly or indirectly, by the Gospel of Jesus Christ. It has ended slavery, protected life, ennobled women, educated the children and safeguarded their lives, sanctified the home, established schools, missions and charities.

Victory places upon the shoulders of the Allied Nations the responsibility for directing new conditions to right ends. Canada must do her share.

The Church must prepare to meet the needs of the new day. Old standards of life with old habits of thinking and of giving will be wholly inadequate. We must do in our day what our fathers did in theirs. The hope of the world is bound up with the strengthening and extension of the Church of Jesus Christ.

The Coming Era

Fight the Good Fight

The Forward Movements

FIVE Christian Communions, Anglican, Baptist, Congregational, Methodist, and Presbyterian, are convinced that the time has come to rouse all Christians to a clearer understanding of their calling and stewardship in Christ, their King. They believe that the Church should be equipped adequately with men and money to enable it to meet the needs and opportunities of the New Day.

These five separate Communions are of one mind as to their be-

lief in God, the Father Almighty, Maker of Heaven and Earth, and in Jesus Christ, His Son, Our Lord. They now

EACH of the Communions named is in the midst of a Forward Movement. Each is seeking by prayer and by earnest effort to accept all its responsibilities. Each is striving to extend its activities in Canada and in Foreign Lands.

Your Church needs your help, but, far more, you need the help of your Church to learn the difficult art of living wisely and well.

Consult your Clergyman. He serves you and your children. Ask him how and when you can serve in this day of national emergency. Give yourself to the task. Say: "Here am I, send me."

declare to their respective constituencies, and also unitedly, to the Canadian people, that the only effective method of making good citizens is by urging men to a more faithful practice of Christianity, by inculcating personal faith in Jesus Christ. They insist that there is no other dependable way of correcting evil tendencies in individual and national life. They call the people to repentance. To all Christians their message is, "Awake, Arise. Fight the Good Fight, For Canada and For the World."

THE BAPTIST FORWARD MOVEMENT

Like most of the other similar movements, the Baptist Forward Movement has two principal objects, the spiritual and the financial. As a matter of fact, however, this distinction of objects is solely for convenience of organization, since the whole movement in its beginnings, its progress, and its aims is spiritual. The Baptists of Canada are persuaded that for them any success that might be gained that should not be spiritual, would be failure.

The Baptist Forward Movement is the answer of faith to the call of the hour; it is recognition of the supreme opportunity created by the present world situation; it frankly recognizes the terrible dangers in the collapse of the old order of things, in the rampant and defiant materialism of the day, and in the sweeping away of the old moral standards; but it is the expression of the confident belief that the Church of God holds the solution of every world problem, and that the Baptists have a real contribution to make to the establishment of a new order of things; it is the consecration of a people to the continuation and completion of the sacrifice made by our soldiers in France and Flanders.

Six great spiritual aims have been set before the churches: (1) Personal Conversion, with the call for a fresh and more complete surrender to Christ; (2) Prevailing Prayer, with a stimulus to individual family and public prayer, in answer to which the local Baptist women are holding many "cottage" meetings each week; (3) Christian instruction, seeking more general practice of Bible reading and study, together with more intelligent general religious and denominational matters; (4) Personal Service, enlisting every member, so far as possible, in some form of Christian service, and especially seeking recruits for the ministry and for missionary service; (5) Intelligent Evangelism, using every wise means, both personal and public, to win others to faith in Christ, and especially stressing the aim that each Baptist will seek a commission from God to become His messenger of salvation to

KEEP HEALTHY DURING WINTER

COLDS AND DISEASES MAY BE AVOIDED IF THE BLOOD IS KEPT PURE.

Do not let your blood get thin this winter. For people who have a tendency towards anemia, or bloodlessness winter is a trying season. Lack of exercise and fresh air, and the more restricted diet, are among the many things that combine to lower the tone of the body and deplete the blood. As soon as you notice the tired feeling, lack of appetite and shortness of breath, that are warning symptoms of thin blood, like a short course of treatment with Dr. Williams' Pink Pills. Do not wait until the color has entirely left your lips and your eyes dull. It is so much easier to correct thinning of the blood in the earlier stages than later. This is well illustrated in the case of Mrs. E. Williams, Elk Lake, Ont., who says: "I take great pleasure in letting you know the benefit I have found in the use of Dr. Williams' Pink Pills. I was in an anemic condition, and was very weak and run down. The least exertion would leave me breathless and it was with difficulty that I did household work. I was advised to try Dr. Williams' Pink Pills, and after the use of four boxes I felt like a new person. In fact my system seemed filled with new energy and new life. I strongly recommend this medicine to all who feel weak or run-down."

The purpose of Dr. Williams' Pink Pills is to remedy diseases arising from iron, neutralizing after-effects of the "bad" or deficient blood, as rheumatism, neuralgia, after-effects of the "bad" or deficient blood, as rheumatism. They are for this reason an invaluable thing and they do it well. They are for this reason an invaluable thing and they do it well. They are for this reason an invaluable thing and they do it well.

You can procure Dr. Williams' Pink Pills through any dealer in medicine or they will be sent you by mail at 50 cents a box or six boxes for \$2.50 by writing direct to The Dr. Williams' Medicine Company, Brockville, Ont.

A local council of Women Workers of Canada was formed in Quebec city.

Childhood Constipation

Constipation, that disordered state of the digestive tract which is nearly always caused by improper feeding—can be readily regulated by the use of Baby's Own Tablets. These Tablets are a mild but thorough laxative. Concerning them Mrs. Joseph Dion, Ste. Petetue, Que., writes: "I have nothing but praise for Baby's Own Tablets. When my baby was three months old he was terribly constipated, but the Tablets soon set him right, and now at the age of fifteen months he is a big healthy boy and this good health I attribute entirely to the use of the Tablets." The year esold by medicine dealers or by mail at 25 cents a box, from The Dr. Williams' Medicine Co., of Brockville, Ont.

Hamilton manufacturers will ask the government to inquire into possibilities of more trade with the West Indies.

LOCAL NEWS

We buy everything you want to sell, McGuire & Co. Work on the two new public schools is being pushed forward.

The ice crop has been harvested and the ice houses are full.

Farmers report some of the country roads still snow blocked.

This present month of February has five Sundays but only four pay-days. The 29th comes on Sunday.

To-morrow night the lawn bowlers hold their ball in Prince of Wales hall.

There are at present over 2200 men employed on the Hydro Power, Chippawa-Queenston Power Canal.

Warden Garlett of Beamsville has recovered sufficiently to attend a committee here to-day.

The new Board of Education will organize on Wednesday night in the city council chamber.

"Fair and Warmer," a play that made everybody laugh returns to the Grand Thursday night.

There will be a big crowd at "A Night in Honolulu" at the Grand to-night.

One farmer who drove to town from Beamsville on Saturday declared it was the coldest drive he ever had.

The American discount on Canadian money to-day is thirteen per cent. The local banks are paying eight per cent. on American cheques they cash.

The Board of Works has had men digging snow trenches to prevent flooding, and the melted snow should be disposed of satisfactorily.

The January thaw is a few days late, but even with the slash most people were glad to see a break-up to-day after such a long siege of hard weather.

In police court today several delinquents were fined under the vehicle traffic laws and one man paid \$2 for allowing his dog to run at large.

Friends will deeply sympathize with Mr. and Mrs. Osmond Hill, 43 Henry street, in the death of their little daughter Mabel, who died this morning at the age of four. The burial will take place tomorrow afternoon.

"I believe that at least 2,000 cases of influenza is a conservative estimate of the number of people affected in Toronto from reports received from nurses and doctors on Saturday.

"Over 200 cases have been recorded at the City Hall; 95 fresh cases within past 24 hours, seven deaths ensuing, bringing the total to 17. As the medical practitioners of that city have been notified to record every case coming under their attention, the Health Department will keep an accurate touch with the progress of the epidemic.

LIFT OFF CORNS!

Doesn't hurt at all and costs only a few cents

Magie! Just drop a little Freezone on that tough corn, instantly it stops aching, then you lift the corn off with the fingers. Truly! No humbug! Try Freezone! Your druggist sells a tiny bottle for a few cents, sufficient to rid your feet of every hard corn, soft corn, or corn between the toes, and calluses, without one particle of pain, soreness or irritation. Freezone is the discovery of a noted Cincinnati genius.

Nearly Every Girl Can Make Herself Pretty and Attractive

SOME WHOLESOME TRUTHS EVERY GIRL SHOULD THINK ABOUT

Probably you know just such a girl.

Perhaps she is sixteen—good to look at, and pretty—quite interesting because she reflects the graces and charm that give promise of happiness to herself and to others. But she is not strong. The color in her cheeks, once so rosy, has faded away—her eyes are listless—the buoyancy of spirit and vigor she once possessed are sadly lacking. Parents, friends, this girl needs Ferrozone—needs it that her blood may be renewed—needs it to restore the nerve force that growth, study and the development of her fresh youth have exhausted. This girl will become a queen with Ferrozone—which will restore her color—bring back her old-time energy—give brightness to her eyes and vivacity to her spirits. In Ferrozone every girl finds strength—then she can do things. In Ferrozone there is endurance—that drives away morning tiredness and languor. For the girl or woman that wants to be happy, healthy, winning—who values rosy cheeks, laughing eyes and abundant good spirits, nothing can compare with Ferrozone. 50 cents per box or six for \$2.50. Get it today from any dealer in medicine, or by mail from The Catarrhozone Co., Kingston, Ont.

The American discount on Canadian money to-day is thirteen per cent. The local banks are paying eight per cent. on American cheques they cash.

Doesn't hurt at all and costs only a few cents

Magie! Just drop a little Freezone on that tough corn, instantly it stops aching, then you lift the corn off with the fingers. Truly! No humbug! Try Freezone! Your druggist sells a tiny bottle for a few cents, sufficient to rid your feet of every hard corn, soft corn, or corn between the toes, and calluses, without one particle of pain, soreness or irritation. Freezone is the discovery of a noted Cincinnati genius.

Notice to Creditors

IN THE MATTER of the Estate of St. Catharines in the County of Lincoln HOWARD HODGKINS of the city of coln, Contractor, Insolvent.

NOTICE is hereby given that the above named Howard Hodgkins, carrying on the business of a contractor, in the said city of St. Catharines, has made an assignment under the R.S.O. 1914 chapter 134, of all his estate, credits and effects to Henry O'Loughlin of the city of St. Catharines in the County of Lincoln, sheriff of the said County, for the general benefit of his creditors.

A meeting of creditors will be held at the office of the Assignee in the Court House in the city of St. Catharines on Friday the thirteenth day of February 1920 at the hour of two o'clock in the afternoon, to receive a statement of affairs, to appoint inspectors and for the ordering of the affairs of the estate generally.

Creditors are requested to file their claims with the Assignee with proofs and particulars as required by the said Act, on or before the day of such meeting.

And notice is further given that after the thirteenth day of February 1920 the Assignee will proceed to distribute the assets of the estate amongst the persons entitled thereto having regard only to the claims of which notice shall then have been given, and that he will not be liable for the assets or any claims he shall not then have had notice.

Dated at St. Catharines this second day of February 1920.
JAMES A. KEYES,
Solicitor for the Assignee.
Feb. 2-5-7-10.

BORN
BORN—On Monday, Feb. 2, 1920, to Dr. and Mrs. W. J. Loftus, 184 Ontario St., twin daughters.

DIED.
CHAMBERLAIN—At St. Catharines Ont., on Sunday morning, February 1, 1920, Emily, widow of the late Charles Chamberlain, aged 67 years.

The funeral will be held on Tuesday, February 3rd, at 2:30 p.m., from the residence of her son, Walter Chamberlain, 43 Louisa St., to Victoria Lawn Cemetery.

FROM OTHER PENS

THE RAILWAY SHOPS
Edmonton Journal: It is doubtful if there was ever much need to worry over the possibility that the main shops of the Canadian National Railways system between Winnipeg and the coast would be established anywhere else than in Edmonton. The claims of the city, both by virtue of its agreements with the C.N.R. and the Grand Trunk, and of the obvious advantages which this location affords were complete. Nevertheless the reports of the delegates who waited on the railway officials and on members of the Government are reassuring. It is certain to take some time to evolve the plans for the erection of the shops which are needed now, and will be very badly needed before very long. Obviously this is one of the things which must wait upon the consummation of the union of the C.N.R. and Grand Trunk systems. But, soon after his is effected, Edmonton should enter on a new era as a railway centre.

Bank of Commerce Acts For Italy

DELEGATED BY TREASURY TO RECEIVE SUBSCRIPTIONS TO THE LOAN.

The Italian Government is issuing a new 5 per cent. War Loan similar in all respects to the Fifth Italian Loan, in denominations of 100, 200, 500, 1,000, 2,000, 4,000, 10,000, and 20,000 lire. The issue price is 87 1/2 lire for every 100 lire of face value. Interest coupons payable 1st January and 1st July. The subscription list in Canada will close on the 10th March next.

The Canadian Bank of Commerce has been officially delegated by the Italian Treasury to receive subscriptions to the loan in Canada. The St. Catharines management of the Canadian Bank of Commerce will be pleased to receive enquiries from Italian residents and others who may be interested in this investment.

It Works Wonders On Catarrhal Colds

Simple As A, B, C. to Drive Away Colds With "Catarrhozone"

When your throat rattles, your lungs and chest are sore, your throat is stuffed with cold—don't fear consumption—use Catarrhozone and get well. It clears the throat, cures hacking in the bronchial tubes. To clear away Catarrh of the nose nothing could be better. Catarrhozone is nature's own remedy—it heals and soothes—cures every form of throat, lung and bronchial trouble. Prescribed by many specialists and used by thousands every day. Get the dollar outfit; it lasts two months and is guaranteed. Small size, 50c; trial size, 25c; at all dealers.

The Cabinet has refused to accept the textile men's protest, saying complaints must go to the Board of Commerce itself.

SHORTHAND MADE EASY AT HOME by the "wonder Manual" of McEwan's Easy Shorthand, \$1. For book or particulars write McEwan's Shorthand Correspondence, Edison Building, Chicago, United States. Teachers wanted Jan. 31.

LOCOMOTOR ATAXIA—IF YOU OR ANY FRIEND WISHES TO LEARN OF A SUCCESSFUL TREATMENT, address: 44 South, Gratiot Ave., Mount Clemens, Mich. Jan. 31.

\$5 DAILY THE YEAR AROUND send for yearly contract and sample case free. H. V. Martin, Windsor, Ontario. J-28-29-30-31, r-2.

FOR SALE OR RENT—NEW FOUR roomed cottage on York street; easy terms. Immediate possession. Apply 98 Henry or 13 Elm street. J 28,29,30

THE CANADIAN BANK OF COMMERCE
PAID-UP CAPITAL \$15,000,000
RESERVE FUND \$15,000,000
ST. CATHARINES BRANCH, R. G. W. Conolly, Manager.

Chief Commissioner Carvell of the Railway Board has given a ruling restricting greatly the use of telegraph, teleprinter, and express frank.

We are specialists in Crown and Bridge Work which is a branch of Dentistry that very often does away with the necessity of extracting teeth.

As an example, let us explain that it often happens that broken down or badly decayed teeth still remain sufficiently sound in the roots to permit a firm foundation for crown work or a secure anchorage for bridge work.

In some cases we are able to provide a complete bridge under conditions which when treated in an ordinary way would demand a plate.

This work is under the care of four of the leading specialists in new York State and the charges for their skilled services are reasonable to an unusual degree. Crown work at only \$1 a tooth is an example of our low charges.

Why not take advantage of our free examination service and determine what attention your teeth require?

Bridge work, \$5 per tooth, Fillings 50c up.

Very good Plates, \$8.

Number of graduates of the Grantham Academy, which afterwards became the present high school collegiate institute of this city is being planned, as a result of a suggestion made last night by E. F. Dwyer, a member of the collegiate board, who was not elected to the Board of Education.

Last night's meeting which was a closing meeting of the Collegiate Board as it now goes out of existence, Trustee A. H. Trapnell and W. Burgoyne extended the courtesies of the new Board of Education to members of the Collegiate Board who will not serve further.

Replying Trustee Dwyer gave a short resume of the St. Catharines Collegiate commencing with its in-

reunion of the graduates of the Grantham Academy, which afterwards became the present high school collegiate institute of this city is being planned, as a result of a suggestion made last night by E. F. Dwyer, a member of the collegiate board, who was not elected to the Board of Education.
