It is sufficient that they know him to be the trusted friend and associate of Sir Hugh Allan, on whom the latter relied to assist him in procuring money to forward his designs. The two friends quarrel and Mr. McMullen reveals the plot, expessing to the gaze of the public the corruption of their rulers in all its hideousness. MAKES THE WEAK STRONG.

The Peruvian Syrup, a Protected Solution of the Protoxide of Iron, is so combined as to have the character of an aliment, as easily digested and assimilated with the blood as the simplest food. It increases the quantity of Nature's Own Vitalizing Agent, Iron in the blood, and cures "athousand ills," simply by Toning up, Invigorating and Vitalizing the System. The enriched and vitalized blood permeates every part of the body, repairing damages and waste, searching out morbid secretions, and leaving nothing for disease to feed upon.

This is the secret of the wonderful success of this remedy in curing Dyspepsia, Liver Complaint, Dropsy, Chronic Diarrhea, Boils, Nervous Affections, rhea, Boils, Nervous Affections, Chills and Fevers, Humors, Chills and Fevers, Humors, Loss of Constitutional Vigor, Diseases of the Kidneys and Bladder, Female Complaints, and all diseases originating in a bad state of the blood, or accompanied by debitty or a tow state of the system. Being free from Alcohol, in any form, its energising effects are not followed by corresponding reaction, but are permanent, infusing strength, vigor, and now life into all parts of the system, and building up an Iron Constitution.

WHILE thanking our former agents and customers for their liberal patronage and confidence for the past year [and which we still hope to retain, I we would respectfully call their attention to our style No, 61. This Organ being a 6 octave, Double Reed [C Scale] is a very desirable instrument for advanced players, Pianists or parties educating themselves for the pianoferte: and as a parlor Instrument, it meets every requirement.— Our No. 30 is the same as 61, but differ ent style, and more expensive. Our No. 32 is pronounced by all who have seen it to be the finest Instrument in the world for the price; this organ has tw complete setts same as No 30, with two additional half setts, viz, Hautboy and Vox Celeste, making four setts from middle C up and also 13 octaves of Bass Profundo. We are the first and only parties who make this line of Instrurents, and the universal satisfaction

they have given, and the immense sale of these Organs, show that they are appreciated and encourages us to make hem a speciality.
