

HEAVY INCREASES IN THE AREAS OF GRAIN

The Official Estimate of Increase in Area of Grain in Alberta for 1910 is 24 per cent. It is the largest increase since 1896.

A budget of information on the crop situation in Alberta is contained in the spring bulletin of the Department of Agriculture, which was issued today. It deals with the condition and acreage of winter wheat, and with the acreage of other grains this season.

Table with 2 columns: Crop, 1910, 1909. Rows include Spring wheat, Winter wheat, Oats, Barley, Flax.

Condition of Winter Wheat

In view of the straggled condition of the wheat in this province, and the fact that the winter wheat is in a very poor condition at the present time, it is of particular interest to the public to know the condition of the crop.

Causes of Damage

The reports of the department's correspondents indicate that about 30 per cent of the winter wheat crop has been destroyed during the past winter and spring. It appears that the amount of destruction was below the average, except in a few districts.

Party Scandal

The Morning Leader has already published a long article on the scandal connected with the death of King Edward's brother, Prince Albert.

Privilege Trading

The Chicago board of directors has decided to declare a dividend of 10 per cent on the common stock of the company.

Spring Wheat Shows Big Gain

Spring wheat, about which comparatively little has been heard in Alberta, shows up well in the estimates. The indicated area for the present season is 51 per cent larger than that of last year.

The Course Grains

The area sown to oats shows an increase of 10 per cent, and this is larger than was expected. The grain last year was 61 per cent, compared with the acreage for 1909, and 128 per cent, as compared with that of 1907.

Wheat Aids Out in Two Provinces

It is now possible to form a fairly definite idea as to the acreage under the principal grains in the west for this season. With official figures available from Saskatchewan and Alberta it is found that the total area seeded to wheat in the two provinces is 5,263,263 acres, as compared with 4,711,639 last year, an increase of 11.7 per cent.

ALBERTA METHODISTS RAISED \$218,784.00

Statistics of the Conference show a gratifying increase over last year. Have One Hundred and Thirty Churches With Seventy-seven Parsonages in the Province.

Red Deer, June 8.—The statistical report for the Methodist Conference of Alberta showed a good increase in almost every department.

Sunday Schools

A splendid increase was shown in the Sunday school work. The number of scholars attending Methodist schools is 11,744, an increase of 2,299. The schools contributed 11,179 for missionary purposes.

Epworth League

The Epworth League committee brought in a somewhat radical report, recommending the dropping of the names of active and associated members of the league, and the doing away with the pledges as they are now in existence, and in their place submit a simple pledge to be taken by all which would contain a definite principle instead of a large number of promises.

Trained Japanese Navy

Celebrated British Admiral in America to Receive Degree from McGill. New York, June 8.—Admiral Sir Archie Douglas, of the British navy, retired, on his way to Canada, where he is to receive an honorary degree from McGill University, arrived here today on the liner Baltic from Liverpool.

English Soldier Dead

Sir William Francis Butler Had Very Distinguished Career. Toronto, June 8.—Sir Wm. Francis Butler, G.C.B., K.C.B., V.C., is dead. He was born in 1838. General Butler entered the army in 1858, and reached the rank of lieutenant-general in 1900. He served in Canada in the Fenian raid, for which he received the Victoria Cross. He was also a member of the House of Commons.

TERROR-STRICKEN ITALIANS REFUSE TO OCCUPY HOMES

Fully a Million People Sleep Out of Doors.—Prediction of Further Severe Shocks Causes Consternation.—Death Roll Will Run to 300 at Least.—Rings Actively Engaged in Directing Relief Work.

Naples, June 8.—Fresh tremors in Italy's earthquake stricken district threw the population into a panic as serious as that occasioned by the first shocks. At Cavellino King Victor Emmanuel and Queen Helena appeared before the people in an effort to check the fright but not even the presence of royalty could reassure the terrified. Fully a million people slept out of doors last night and refused to venture into their homes again even for cooking. Camps were pitched around all the towns in the affected districts. Army tents are in great demand because their tented roofs afford protection from the rain.

JAPAN AND CHINA ARE THREATENING A WAR

Both Claim Right to Tax Fishermen in the Gulf of Pechi Li.—Gunboats Sent by Both Nations to the Scene of the Dispute.

Victoria, B.C., June 7.—The recent trouble between China and Japan is due to the fact that six hundred fishing junks and schooners are operated by Chinese in the Gulf of Pechi Li, about half sailing from South Manchuria ports. China insists on collecting the taxes from these vessels, regarding the gulf as territorial waters. Japan insists that China cannot interfere with the fishermen, holding the Gulf of Pechi Li as "high seas."

THE HUMAN SIDE OF TWINE

When we drive home from the implement dealer with our little load of Sisal twine for the coming harvest, we do not often realize that we are giving that twine its final lift on the journey of many thousands miles which it has taken months to make. Scarcely do we appreciate when we give it its final rest place in the binder box that the first hands which touched it were those of a Maya boy or girl in far off tropical islands whose ancestors were a race of civilized people, with temples and literature, centuries before Columbus came to the first red velvet soil.

Or, if it is Manila twine, the first step in the long pilgrimage was under the guidance of the early state would send the fishermen against the Chinese. These men and several converted cruisers to seize these vessels whose owners refused to pay taxes and five were freed on and their crews arrested. The fishermen were taken to the Philippines and the Chinese were taken to the Gulf of Pechi Li as "high seas."

For easy draft the BAIN WAGON is the favorite. THE NEW FLAVOR MAPLEINE A flavor used the same as lemon or vanilla. By dissolving granulated sugar in water and adding Mapleine, a delicious syrup is made and a syrup better than maple. Mapleine is sold in 50c. for 2 oz. bottle and recipe book. Crescent Mfg. Co., Seattle, Wn.

ROBIN HOOD FLOUR IS DIFFERENT

Our Money-Back Guarantee Give Robin Hood Flour two fair trials and if you are not satisfied with them, your grocer will give you a dollar. What could be more? Will you try it?

Robinson's Flour is different. It is so the farmer's interest always to keep a weather eye on the future, and in the supply, whether it be Sisal or Manila, at as early a date as possible. Madrid, June 8.—At a meeting of the cabinet, presided over by King Alfonso today, Premier Canalejas demanded that the government should recognize the religious freedom of conscience through the abrogation of all laws which prohibited the public service of non-Catholic religious bodies.

COMMISSIONERS GET WIDE POWERS

City Council Give to Them the Complete Administrative Control of City

(Wednesday's Daily)

WILL ABOLISH POLL TAX IN CITY OF EDMONTON.

The obnoxious poll tax so much protested against during the past few years will be abolished by the city of Edmonton. The question has been under consideration for some time past and last night Ald. McInnis of the assessment committee, said it had to die a natural death.

THE CITY COUNCIL AT THEIR REGULAR MEETING LAST NIGHT ADOPTED THE RECOMMENDATIONS OF THE COMMISSIONERS WITH REFERENCE TO THE ENLARGEMENT OF THEIR DUTIES TO TAKE IN ALL THE ADMINISTRATIVE PORTION OF THE BUSINESS OF THE CITY.

The report was adopted unanimously after some discussion. Ald. Lundy and Hyndman were desirous of retaining the same view of the appointment of the heads of departments by making it necessary that their appointments should be confirmed by council. Eventually they waived their objections, however, and the report was adopted in toto.

AID GARIEPY IN ACCORD.

Aid. Gariepy expressed himself in complete accord with the report. The city was making changes in its administration and he thought the commissioners should have kept the aidmen informed.

COMMISSIONERS BUTCHART AND BOUTILLON MARKED THAT THE MONEY FOR PAYMENT OF THIS PAVING WAS NOT AVAILABLE UNTIL RECENTLY.

Commissioners Butchart and Boutillon remarked that the money for payment of this paving was not available until recently. The city of Edmonton is now paving its streets with asphalt.

FREE TICKETS FOR MILITIA.

It was agreed that the officers of the 191st and A.M.R. be granted \$100 worth of street car tickets for the use of the militia while going to and from their drills.

ALDERMAN HYNDMAN CALLED ATTENTION TO THE DANGER FROM THE EXISTING IN THE BANK EAST OF THE QUEEN'S HOTEL.

A number of residents had spoken to him on the matter. The city commissioners and city engineers were asked to bring in a report on the drainage of the broken bank.

ADDRESS TO THE WITLIFED.

On the suggestion of Alderman Gariepy, seconded by Alderman Hyndman, the Mayor was asked to deliver an address to the city on the occasion of his visit to Edmonton in August next, and if the reply was favorable that such be prepared.

TUBERCULOSIS CONFERENCE.

Opens in Montreal. Dr. Lafferty Reads Paper. Montreal, June 7.—At the opening session of the Canadian Association for the Prevention of Tuberculosis, the Rev. J. G. Adams, president association, acted as chairman. Dr. T. G. Roddick, after welcoming the visiting delegates to the city, congratulated the association on the progress made against tuberculosis throughout the Dominion. He said a great good had been accomplished by the Montreal convention at Ottawa when it had secured permission to organize local leagues in different small centres. An invitation was received from the Mayor of the city of London requesting the convention to convene there next year.

AMONG THOSE TO READ PAPERS WERE:

- Miss Fellows, of the Heather Club, Toronto; Dr. Archibald, Kamloops, B.C.; Dr. Lafferty, Calgary; Dr. Seymore, Saskatchewan; Dr. Shaffer, Winnipeg; Dr. Walker, St. John, N.B.; Dr. Miller, Kentville, N.S.; Dr. Stewart, Halifax; Dr. McNeil, Summerside, P.E.I.

A JAPANESE OFFICER PLANS POLAR TRIP.

- 1. Yokohama, June 7.—Lieut. Nahriss, of the army reserve, is organizing a south pole expedition and hopes to start at the end of July or the beginning of August in a 150-ton schooner, with auxiliary engine, loops, sleds, and other necessities. His proposed route is to Edward VII bay and thence by sledging toward the pole. He will take fifteen sleds and Manchurian ponies.

THE TRANSACTIONS OF THE COMMISSIONERS SHALL BE PUBLIC RECORDS AND INFORMATION CONCERNING ANY BUSINESS TRANSACTED SHALL BE AVAILABLE AT ALL TIMES.

A formal report of such business transactions to be made by the commissioners to the council periodically at the request of the council.

FEDERAL GOVERNMENT SAVES FORT FRANCES

Laurier Government Refuse Power Company Right to Export More Than Half of Power Now Developed—Whitney Government Agreed to Allow Company to Export the Whole Amount.

Ottawa, June 7.—An order-in-council was passed yesterday afternoon granting the Minnesota and Ontario Power company the right to export 3,500 horse power, or half of the total amount now developed on the Canadian side of the river at Fort Frances.

THE FEDERAL GOVERNMENT TAKES THE GROUND THAT THE COMPANY SHOULD LIVE UP TO ITS ORIGINAL CONTRACT TO EXPORT ONLY HALF THE POWER DEVELOPED, LEAVING THE BALANCE AVAILABLE FOR THE DEVELOPMENT OF INDUSTRIES AT FORT FRANCES AND VICINITY.

The Ontario government, which has hitherto, as protector of public interests against private power companies, agreed last week to the proposal that the Minnesota and Ontario Power company should export 6,000 horse power, thus leaving only 1,000 for the Canadian side.

THE FINAL PERMISSION TO EXPORT WAS TAKEN OUT THIS AFTERNOON BY A LICENSE TO EXPORT 3,500 HORSE POWER.

A license to export 3,500 horse power was taken out this afternoon by Liberal Association protests.

LIBERAL ASSOCIATION PROTESTS.

Fort Frances Objects. Strenuous objection from the town of Fort Frances to allowing the company to export most of the power developed thus militating against industrial development on the Canadian side influenced the government in this cutting down the power to be exported.

THE HEARING OF THE APPLICATION WILL TAKE PLACE AT OTTAWA BEFORE THE MINISTER OF RAILWAYS ON JUNE 15TH.

Bishop, Grant & Delvaux, acting for the Edmonton Stationery Co., wrote calling attention to a city by-law which, by its wording, prevented companies with established businesses in Edmonton from canvassing for books which they may have for sale.

INTERVIEW SATISFACTORY.

Alderman Gariepy reported of the interview with Premier Sifton with reference to the high-level bridge. It was most satisfactory and he hoped the matter would be finally settled at a conference before P. J. Peters, minister of the interior, in Ottawa.

FREE TICKETS FOR MILITIA.

It was agreed that the officers of the 191st and A.M.R. be granted \$100 worth of street car tickets for the use of the militia while going to and from their drills.

ALDERMAN HYNDMAN CALLED ATTENTION TO THE DANGER FROM THE EXISTING IN THE BANK EAST OF THE QUEEN'S HOTEL.

TROOPS REPULSE INDIANS. BAPTISTS SHOW GREAT PROGRESS IN ALBERTA

Resolutions Passed at Annual Convention Opposing State Aid to Religious Education and the Liquor Convention Next Year.

Lethbridge, June 10.—Alberta Baptist convention continued today. Resolutions were passed opposing state aid to religious education and the liquor traffic. The convention will meet next year in Calgary.

The members of the executive elected are as follows: Rev. J. Bergen, A. D. Baettig; R. W. Patterson, A. J. Prosser, J. C. Sycamore, J. C. Rowland, T. E. Miller, Messrs. E. Stockford, C. H. Grant, T. Underwood, A. C. Newcombe, C. Sanson, R. Ritchie, W. Colwell.

EDMONTON IS OFFERED CHEAP ELECTRIC POWER

Hydro-Electric Power Co. Submit Proposal to Supply Edmonton. In Connection With Plant at Saskatchewan—Offer to Supply 6,000 Horse Power at \$55 Per Horse Power Per Annum.

If the promises of the new company which are to establish a large hydro-electric plant on the Saskatchewan river are fulfilled, the day of cheap electric power for Edmonton is near at hand. If the new company, which is composed of local capitalists, and has just been incorporated with two million dollars capital stock, as the Edmonton and Power Co., Ltd., will be able to offer inducements to manufacturers in the way of cheap power when cannot be beaten in any part of Western Canada.

The new company, which has now available to supply 6,000 horse power in cash, ready for the new plant, have approached the City of Edmonton with a view to supplying the city with power which are claimed to be much below the present cost of production at the power house.

RAIN IS WORTH MILLIONS.

Brandon District Reaping Much Welcomed. Brandon, June 8.—The heaviest rain of the year fell yesterday and today throughout the Brandon district and the farmers declare the moisture is worth millions to Western Manitoba. With the recuperative qualities of the rich soil the rain will, in a day or two, make such a welcome change in conditions as was not dreamed of a few days ago.

OFFER MADE TO CITY.

In a letter just received by the commissioners the company offer to supply the city with 6,000 horse power per year at the rate of \$55 per horse power per annum and will also hold in reserve 4,000 additional horse power, which they will agree to supply at the rate of \$25 per horse power per annum. This is the substance of the offer which the city commissioners will come up for consideration at the evening session of the city council.

WHAT CITY NOW PAY.

At the present time, it is stated on the part of the company, that the city is using about 4,000 horse power per day, which costs over \$240,000 a year to produce, or over \$60 per horse power per annum.

LOCATED AT ROCKY RAPIDS.

The proposed plant, upon which work will be started shortly, and which is situated in the Rocky Rapids, some time ago, is located at Rocky Rapids, about 125 miles up the river by water and about sixty miles by direct transmission. All the necessary licenses and powers have been secured for the construction, work from the Dominion government, and with the incorporation of the company everything is ready for a start.

MAKING FINAL SURVEYS.

The drop of water which has been secured at a bend in the river where there are falls, will be about 35 feet and will give a 90,000 second foot flow of water. The capacity of the plant will be about 26,000 horse power.

OPPOSE DUAL LANGUAGES ACT.

Montreal, June 7.—Shipping men are strongly opposed to the Dual Languages Act passed by the Quebec legislature. It was stated today by a prominent official that directly any effort was made to enforce its provisions it will be contested on the grounds of being ultra vires. The trans-Atlantic and other companies state that it will not effect them at all but local companies complain that the act will interfere with their business.

FUNERAL OF GOLDWIN SMITH

To be Held on Saturday—Will be Public. Toronto, June 6.—The funeral of the late Dr. Goldwin Smith will be held Saturday afternoon at two-thirty from Convocation Hall. While the date of the funeral has been decided, the funeral his executors have decided, in view of the universal demand for opportunity to contribute, that a public funeral should be held. On Friday the remains will lie in state at the Grange, when the public will be admitted.

QUEBEC CROPS DAMAGED.

Montreal, June 8.—Reports from Macdonald College, St. Anne, and the other market gardens in the vicinity of Montreal, indicate considerable damage done by an over-abundance of rain and unseasonably cold weather. Strawberries, green peas, beans, and corn were entirely ruined by frost during the past few weeks. Strawberry plants were severely injured. The farmers state that grain, which is up, is at a standstill so far as growth is concerned and are looking anxiously for the belated warm weather. Unless this comes soon the forthcoming crops in the province of Quebec will be far below the average.

EDMONTON TORIES EXPECT AN ELECTION

At Meeting of Electors East of First Street Names Are Enrolled in Preparation For Expecting Voters List—B. Morgan and C. C. McCaul Speakers.

That the Conservatives of Edmonton expect a general provincial election in the near future was very apparent from the speeches of those who addressed the meeting of electors held last night. There were about forty present and the names were taken in preparation for the voters' lists that are expected shortly to be prepared.

The chair was occupied by W. H. Clegg, and in the absence of the president, W. A. Griesbach, by Messrs. J. D. Hyndman and A. F. Ewing. The principal speakers of the evening were J. Curt Morgan and C. C. McCaul. Both the chairman and Mr. Morgan spoke strongly in condemnation of the Lieutenant Governor in calling upon Premier Sifton to form a government without a general election being held.

THE ROLL OF DEAD MORE THAN DOUBLE

Property Damage in Italian Earthquake, However, Is Not Heavy, as Expected—Many Homes in Quebec Return From Afflicted Districts.

Rome, June 11.—While a more or less survey of the district affected by Tuesday's earthquake, shows that the damage was not as great as first reported, it has also increased the list of fatalities. The roll of dead will be more than double what was first believed. Calli, an early reporter indicated, suffered most, the section of the city which is situated on the edge of the sea being the old. The old castle, one of the sights of the town, is a mass of ruins. Forty persons were killed and many were injured. An equal number were injured in the child of two years was found unharmed in the ruins of its home in which its parents had been killed.

CANADA'S DELEGATE CHOSEN.

To Represent Dominion at Anti-Tuberculosis Conference.

Montreal, June 10.—The question of appointing delegates to attend the International Congress for the Prevention of Tuberculosis in Rome next year took up a great part of today's session of the Canadian Association for the prevention of tuberculosis at the Royal Edward Institution. Mr. Adam is president of the association was chosen as representative after who discussed arose as to what part of the expenses shall be borne by the government. It was finally decided to appoint a committee to wait on the government with a view to receiving a grant. Dr. Fagan of Victoria, B.C., took exception to the way Canada's delegates were treated at Washington during the last international congress. He said they had absolutely no voice in the congress through lack of organization. Dr. Monti gambet, health officer, Ottawa, who was the senior Canadian representative to Washington congress, said he was very regretted that there had been no discussion on account of the Canadian delegates.

EDMONTON TORIES EXPECT AN ELECTION

At Meeting of Electors East of First Street Names Are Enrolled in Preparation For Expecting Voters List—B. Morgan and C. C. McCaul Speakers.

That the Conservatives of Edmonton expect a general provincial election in the near future was very apparent from the speeches of those who addressed the meeting of electors held last night. There were about forty present and the names were taken in preparation for the voters' lists that are expected shortly to be prepared.

The chair was occupied by W. H. Clegg, and in the absence of the president, W. A. Griesbach, by Messrs. J. D. Hyndman and A. F. Ewing. The principal speakers of the evening were J. Curt Morgan and C. C. McCaul. Both the chairman and Mr. Morgan spoke strongly in condemnation of the Lieutenant Governor in calling upon Premier Sifton to form a government without a general election being held.

THE ROLL OF DEAD MORE THAN DOUBLE

Property Damage in Italian Earthquake, However, Is Not Heavy, as Expected—Many Homes in Quebec Return From Afflicted Districts.

Rome, June 11.—While a more or less survey of the district affected by Tuesday's earthquake, shows that the damage was not as great as first reported, it has also increased the list of fatalities. The roll of dead will be more than double what was first believed. Calli, an early reporter indicated, suffered most, the section of the city which is situated on the edge of the sea being the old. The old castle, one of the sights of the town, is a mass of ruins. Forty persons were killed and many were injured. An equal number were injured in the child of two years was found unharmed in the ruins of its home in which its parents had been killed.

RAIN IS WORTH MILLIONS.

Brandon District Reaping Much Welcomed. Brandon, June 8.—The heaviest rain of the year fell yesterday and today throughout the Brandon district and the farmers declare the moisture is worth millions to Western Manitoba. With the recuperative qualities of the rich soil the rain will, in a day or two, make such a welcome change in conditions as was not dreamed of a few days ago.

OFFER MADE TO CITY.

In a letter just received by the commissioners the company offer to supply the city with 6,000 horse power per year at the rate of \$55 per horse power per annum and will also hold in reserve 4,000 additional horse power, which they will agree to supply at the rate of \$25 per horse power per annum. This is the substance of the offer which the city commissioners will come up for consideration at the evening session of the city council.

WHAT CITY NOW PAY.

At the present time, it is stated on the part of the company, that the city is using about 4,000 horse power per day, which costs over \$240,000 a year to produce, or over \$60 per horse power per annum.

LOCATED AT ROCKY RAPIDS.

The proposed plant, upon which work will be started shortly, and which is situated in the Rocky Rapids, some time ago, is located at Rocky Rapids, about 125 miles up the river by water and about sixty miles by direct transmission. All the necessary licenses and powers have been secured for the construction, work from the Dominion government, and with the incorporation of the company everything is ready for a start.

MAKING FINAL SURVEYS.

The drop of water which has been secured at a bend in the river where there are falls, will be about 35 feet and will give a 90,000 second foot flow of water. The capacity of the plant will be about 26,000 horse power.

OPPOSE DUAL LANGUAGES ACT.

Montreal, June 7.—Shipping men are strongly opposed to the Dual Languages Act passed by the Quebec legislature. It was stated today by a prominent official that directly any effort was made to enforce its provisions it will be contested on the grounds of being ultra vires. The trans-Atlantic and other companies state that it will not effect them at all but local companies complain that the act will interfere with their business.

FUNERAL OF GOLDWIN SMITH

To be Held on Saturday—Will be Public. Toronto, June 6.—The funeral of the late Dr. Goldwin Smith will be held Saturday afternoon at two-thirty from Convocation Hall. While the date of the funeral has been decided, the funeral his executors have decided, in view of the universal demand for opportunity to contribute, that a public funeral should be held. On Friday the remains will lie in state at the Grange, when the public will be admitted.

QUEBEC CROPS DAMAGED.

Montreal, June 8.—Reports from Macdonald College, St. Anne, and the other market gardens in the vicinity of Montreal, indicate considerable damage done by an over-abundance of rain and unseasonably cold weather. Strawberries, green peas, beans, and corn were entirely ruined by frost during the past few weeks. Strawberry plants were severely injured. The farmers state that grain, which is up, is at a standstill so far as growth is concerned and are looking anxiously for the belated warm weather. Unless this comes soon the forthcoming crops in the province of Quebec will be far below the average.

CANADA'S DELEGATE CHOSEN.

To Represent Dominion at Anti-Tuberculosis Conference.

Montreal, June 10.—The question of appointing delegates to attend the International Congress for the Prevention of Tuberculosis in Rome next year took up a great part of today's session of the Canadian Association for the prevention of tuberculosis at the Royal Edward Institution. Mr. Adam is president of the association was chosen as representative after who discussed arose as to what part of the expenses shall be borne by the government. It was finally decided to appoint a committee to wait on the government with a view to receiving a grant. Dr. Fagan of Victoria, B.C., took exception to the way Canada's delegates were treated at Washington during the last international congress. He said they had absolutely no voice in the congress through lack of organization. Dr. Monti gambet, health officer, Ottawa, who was the senior Canadian representative to Washington congress, said he was very regretted that there had been no discussion on account of the Canadian delegates.

PREMIER PLEASED WITH HIS TRIP

Saw Valley of the Saskatchewan Clothed in Green. Progress in the Country Along C.N.R.

Premier Sifton returned Thursday morning's C.N.R. express from Vermillion, where Wednesday he was the unanimous choice of the Liberals of that constituency as their candidate in the coming bye-election, made necessary by the retirement of Mr. A. Campbell.

Another item in the future of these communities which at present is not counted on for much but which some day will be of importance, is the opportunity of creating summer resorts in the country around Banff, Inverness, and other places.

The survey from the car windows showed clearly that the valley of the Saskatchewan is a goodly land, which, if not literally flowing with milk and honey, is now green with growing crops, and rich pastures dotted here and there by bands of cattle and horses.

Improvement is noticeable in every town along the line. In all buildings are being erected and the usual signs of advancement in keeping with the development of the country are in view.

One splendid sign of progress was the large amount of breaking being done in every district, passed through farmers could be seen turning over the soil for the first time.

Residents of the district explain that this activity indicates the recovery of that section from the setback it received from depression a couple of years ago.

In a business way, the towns are feeling the bettered condition of the farmers substantially. Business is brisk and obligations are being met.

KING CONVICTED

(Continued from Page One.)

that there had been much gossip on the subject, the inference was that much of what they told was what they thought they had seen written down what had actually come under their notice.

Mr. Robertson pointed out that to bury the body where the human remains were found would necessitate passing through the camp where they would be met by the prosecution, and he questioned the likelihood of the body of a man murdered near Millet being carried so far as Clover Bar before being disposed of by the murderer.

Why Were Children Not Called. Further, Mrs. Parks had stated that she was afraid of King. Yet one of the witnesses for the prosecution, Michael, had stated that accused was very fond of her and treated her well.

After the conclusion of the summation by the prosecution, Justice Scott delivered a brief charge to the jury.

LAST SHIPMENT OF THE BUFFALO COMING

Pablo Will Shoot Those Which he Cannot Catch—At Present There are 3,000-3,500 in the Park Near Wainwright.

Wainwright, June 8.—The last of the buffalo from the plains of Montana, which the police have been hunting within the next few days. Word has been received here by the superintendent of the park, Michael Pablo that the round-up going on now for nearly three years is over.

Mr. Robertson asserted that there was no evidence that King murdered Joseph Hindahl, he merely produced the body and proved that it is the body of Hindahl.

Is Hindahl Dead? "Before you can justly convict the murderer of a charge of having murdered Joseph Hindahl," he said, "you must produce the body and prove that it is the body of Hindahl."

Mr. Hamilton Benn still presses for the removal of the embargo on the best means of fighting the beef trust, but the movement is now quite hopeless.

Increased Crop Area. This, of course, means that a much larger area will be under crop in the valley next year than is under crop this season.

In a business way, the towns are feeling the bettered condition of the farmers substantially. Business is brisk and obligations are being met.

Chatham, Ont., June 9.—A smash-up occurred on the Canadian Pacific railway at Tillbury yesterday afternoon in which the passengers on the east-bound express had a narrow escape from injury.

Chatham, Ont., June 9.—A smash-up occurred on the Canadian Pacific railway at Tillbury yesterday afternoon in which the passengers on the east-bound express had a narrow escape from injury.

RECEIVED LETTER FROM MINNESOTA

Subsequently he left for the United States. He denies this, but Mr. Parks declares that he received a letter from him, and though the letter was afterwards destroyed by accused, the assertion of Parks is corroborated by the books of the Edmonton post office, in which a record of the receipt of a letter by Parks from Bemidji, Minnesota, is found.

T. J. Miller identifies the accused as the man who at that time secured through him, by the forgery of Hindahl's signature, a loan of Hindahl's farm.

The witness Michael swore that accused turned over to him a black team answering to the description of the team owned by Hindahl, for which the accused received value in cash.

There is also evidence to show that the watch owned by Hindahl was given by the accused to Parks.

Equipment of Air Brakes. The trainmen scored a partial victory in having rule No. 1, respecting the equipment of trains with air brakes, made more definite.

Trains may not start unless 75 per cent of the cars are so equipped, and if there is a breakdown at any point the train must not proceed beyond the next station.

They also scored another victory in respect to yard engines. The rule as promulgated permitted an engine to be used for a maximum of five hours.

Mr. Robertson asserted that there was no evidence that King murdered Joseph Hindahl, he merely produced the body and proved that it is the body of Hindahl.

NEW REGULATIONS FOR CANADIAN RAILWAYS

Four of Nine Rules Discussed by Railway Commission—Chairman Mabee Wants a Complete Re-organization of Railway Men Get Some Concessions.

Ottawa, June 8.—"Is there any such thing as a railway dictionary?" This question was seriously put this afternoon by Chief Commissioner Mabee while the Dominion railway rules were being approved by the commission.

There was some dispute as to what was meant by the term "A double-track" in the regulations concerning that some trains were run with one engine in front and another engine behind.

Trains may not start unless 75 per cent of the cars are so equipped, and if there is a breakdown at any point the train must not proceed beyond the next station.

They also scored another victory in respect to yard engines. The rule as promulgated permitted an engine to be used for a maximum of five hours.

Mr. Robertson asserted that there was no evidence that King murdered Joseph Hindahl, he merely produced the body and proved that it is the body of Hindahl.

THE NEWFOUNDLAND DISPUTE.

Sir Robt. Finlay Argues Before The Hague Arbitration.

London, June 7.—At The Hague arbitration on the Newfoundland fisheries dispute between Canada and the United States, Sir Robert Finlay showed the matter for arbitration turned upon seven questions concerning the interpretation of the treaty of 1818.

He gave a long historical review of the question showing the United States itself was contrary in its present attitude and had considered as bays territorial waters, the entrance to which was more than six nautical miles in width.

Trains may not start unless 75 per cent of the cars are so equipped, and if there is a breakdown at any point the train must not proceed beyond the next station.

They also scored another victory in respect to yard engines. The rule as promulgated permitted an engine to be used for a maximum of five hours.

Mr. Robertson asserted that there was no evidence that King murdered Joseph Hindahl, he merely produced the body and proved that it is the body of Hindahl.

CANADIAN CRUISERS READY TO COME OUT

Rainbow Will Sail for Canada in July and the Niobe in August. Will be Fully Officered and Have Skeleton Crews—Preparations for Canadian Navy.

Ottawa, June 10.—The naval department announces that the Canadian Cruiser Rainbow will have repairs completed and be ready for inspection at Portsmouth on July 11 and soon after that date will sail for Canada under Commander Stewart.

He gave a long historical review of the question showing the United States itself was contrary in its present attitude and had considered as bays territorial waters, the entrance to which was more than six nautical miles in width.

Trains may not start unless 75 per cent of the cars are so equipped, and if there is a breakdown at any point the train must not proceed beyond the next station.

They also scored another victory in respect to yard engines. The rule as promulgated permitted an engine to be used for a maximum of five hours.

KING'S OATH NOW DOMINANT ISSUE

First Parliament Under King George Assembles. A Complex Situation

London, June 8.—The first parliament of King George V, which assembled today, is confronted by the gravest and most complex situation that ever faced a body at the beginning of a new reign.

Previous to the formalities of the opening, the cabinet met in Downing street, all the members being present.

Mr. Robertson asserted that there was no evidence that King murdered Joseph Hindahl, he merely produced the body and proved that it is the body of Hindahl.

Is Hindahl Dead? "Before you can justly convict the murderer of a charge of having murdered Joseph Hindahl," he said, "you must produce the body and prove that it is the body of Hindahl."
