

DRESS and MANTLE MAKING
The Fashionable West End.
To the Ladies:
 We have during the past two years contemplated the establishment of a Dress Making Department, in connection with our other branches. The difficulty of obtaining a suitable person to take charge, has, up to the present time, only prevented us from doing so.
 We have now great pleasure in informing you that we have secured the services of Miss Morrison of Toronto, a lady of first-class abilities, highly recommended to us, and we believe eminently qualified to give complete satisfaction in every respect. Miss Morrison has for the past ten years occupied the position of cutter and fitter in one of the leading Fashionable Dress-making Establishments in the City of Toronto.
 Miss Morrison is also an experienced Mantle maker, and all orders entrusted to her will be executed in a style equal to anything that can be obtained in the largest cities.
 Orders for these departments will be received on and after Monday next, the 27th of May.

A. O. BUCHAN,

RUNAWAY.—On Sunday afternoon, the horses attached to a carriage containing three women and a man, ran away near the new Baptist Church. The women were turned out and somewhat shaken and bruised, but not seriously. The carriage and harness were badly smashed and broken. We did not learn the names of the parties.

ACCIDENT TO A BRAKEMAN.—On Friday afternoon a brakeman belonging to the G. T. R. got his left hand badly crushed while coupling two cars at the freight depot here. Immediately after the accident happened he was taken to the passenger station, and thence to Dr. Herod, who found the hand so badly crushed that he had to amputate the two fore fingers. The hand was then dressed, and the poor fellow was taken to St. Joseph's Hospital where he now remains. The doctor this (Monday) morning reports that he is getting along well, and he states that he will be able to save the thumb and two last fingers. What makes the accident more painful in its nature is the fact that only the day before his brother, who was also a brakeman on the line, got his hand crushed in the same way, and both are now to a certain extent disabled for life.

POLICE COURT.
 Before T. W. Saunders, Esq., P. M.
 Monday, May 26.
 Robt. Keys and James Walters, arrested on Saturday on a charge of committing an outrage on the person of Catharine Ogilvie and remanded until to-day were brought up. The complainant refused to identify them. The prisoners stated they could prove their whereabouts on the night in question, and there being no prosecution the case was dismissed and the prisoners discharged.

Accidents at Clifford on the Queen's Birthday.
 Clifford, May 26.—About twelve persons were hurt here on Saturday. James Russell, of Clifford, got his leg broken by the bursting of a cannon. The others were hurt by being thrown out of vehicles, while running on the track, and coming in contact with others going in the opposite direction, but none were seriously hurt. Rev. Mr. Blain's daughter, W. G. Morrison's son, and Miss Sugg, of Clifford, and Mr. Coleyouth, wife and child, and Richard Gilmilly, of Harrison, were among the number who were most injured. The names of the other parties could not be obtained.

BASE BALL NOTES.
 At Boston, on Friday, the 23rd inst., the Boston defeated the Baltimore club by a score of 8 to 2.
 Ingersoll and Woodstock had a match game last week. Ingersoll was too much for their opponents, and now Woodstock is wrathy.
 The return match between Georgetown and Lockwood mines, took place last Friday, and was won by the former by one run.
 The Raymond factory nine defeated the Arms & Workship team, on the Fair Ground, on the 24th, by a score of 10 to 10.
 The Regulators gained a victory over the Mountain Rangers on Saturday.—Score, 46 to 18.

The Queen's Birthday in Guelph.
 The fifty-fourth anniversary of the natal day of Her Most Gracious Majesty Queen Victoria was ushered by the booming of twenty-one guns, which were fired much earlier than was anticipated. The day was one of the most beautiful of the season, the excessive heat being somewhat tempered by a stiff breeze from the west. This fact no doubt tended to bring into town who were halting between two opinions. However that may be, the crowd was immense—a fact observable when they were gathered together at the Regatta and Games. Flags were hoisted above the Town Hall and all the principal buildings in town not excepting the residence of Her Majesty's honorable tax-gatherer, and altogether Guelph assumed a very respectable holiday dress.

Early in the morning the Cricket Club assembled on their ground together with quite a number who, if not exactly devotees, were at least lovers of the manly game of Merry England. Sides were chosen and a very good game played. Several base ball matches were played between amateurs from the town and vicinity.

THE PRINTERS' MATCH
 between THE MERCURY and ADVERTISER Offices was one of the "greatest" events of the day. Game was called at 8:30 and ended at 10:30 a. m. Owing to a dispute the game was drawn on the 5th innings, and this closed one of the most remarkable matches of the season. The "Never-gives-ups" have proved too much for the "Invincibles" this time. The following is the score at the close of the game:—

THE SCHOOL CHILDREN.
 The first thing of real interest was the assembling of the school children. Provision had been made for 1,800, and there were no fragments left. At the appointed time they assembled at their respective schools, where each was served with candies and an orange. They then marched in procession, with banners flying, to the Market Square, at which point many—especially the boys—suddenly remembered that there was to be a tub race and set off for the river with all possible speed. Those who remained were gathered together around the band stand, where they sang the pieces selected in a very pleasing manner. These were "God Save the Queen" and "Hurrah for Canada." They were led by Mr. James Ferguson, whose services are always valuable on such occasions. The Rev. Mr. Torrance, the Inspector, and a number of the Trustees were present. Between the pieces the Inspector said a few appropriate words to the children, and Mr. Raymond also made a short but stirring speech. Three cheers were then given for the Queen and three for the Mayor and Town Council. The children were all dressed in their holiday attire, and looked and behaved remarkably well.

THE REGATTA.
 was in every respect a gratifying success though for two races, including the tub race, there were no entries. However in lieu of the latter a "scrub race" was substituted which was well contested. Crowds of people lined the banks of the river from an early hour so as to insure the best look out obtainable. There was a misunderstanding respecting the starting point, which led many to go to Allan's bridge, where they were not so good as along the river's banks. The course, which was about three-fourths of a mile in length was dotted over with boats filled with sight-seers, including Mr. Arms' trim little steamer. There was a high wind blowing from the west at this time, which seemed to have reached its height during the regatta and which made the rowing up the river have a somewhat near relationship to "hardwork." The best time made was 5:55.
 A little after the appointed time the first race was called. For double scull pleasure boats not exceeding 16 feet; 1st prize \$4, 2nd \$2; 4 entries. The *Dauntless* crew, W. Keeling, R. Shephard, and A. Keeling, coxswain; the *Minnie* crew, W. Pepper, —Todd, McCall, coxswain; the *Sallie* crew, J. Criddle, P. Sprague, J. Fressenger, coxswain; the *Mary Ann* crew, Wm. McAllister, H. Goodvee, A. Goodvee, coxswain. A good start was obtained but it was soon observed that the *Dauntless* and *Sallie* were ahead, they turned the buoys together and kept neck to neck till near the second buoy where the *Dauntless* got a length beyond the other and turned the buoy first followed close by the *Sallie*. After turning the last buoy the *Sallie* spurred and got ahead but a mishap occurred to the *Dauntless* rowlock which decided the race. 1st *Dauntless*, time 7:30, 2nd *Sallie*, 3rd *Minnie*, 4th *Mary Ann*.
SECOND RACE.—For single scull outriggers or pleasure boats, not exceeding 22 feet, prize \$6. The first race was foul and with changed crews it was again contested; 2 entries. The *Shannon* (T. Kay) and the *Sport* (P. Krebs). A good start was made but the *Shannon* took the lead and won the race easily, time 7:20.
 For the third race there were no entries.

FOURTH RACE.—For double scull pleasure boats not exceeding 20 feet, 1st prize \$8, 2nd \$4. 4 entries. *Mabel* crew (W. Taylor and —Turner, no coxswain). *Dauntless* crew (W. Keeling, R. Shephard, A. Keeling, coxswain). *Minnie* did not start. *Arrow* (J. Criddle, P. Sprague, J. Fressenger, coxswain). A very good start was obtained, but the *Mabel* being

lighter manned took the lead and won easily. There was some spurring between the *Dauntless* and *Arrow*, but the latter won second money by some lengths.
FIFTH RACE.—For single scull pleasure boats, 5 entries.—1st prize \$5, 2nd prize \$3. *Mary Ann* did not start; *Dauntless* (Hugh Turner) gave up after proceeding about 100 yards; *Mabel* (W. Turner), *Minnie* (Pepper), *Sallie* (P. Sprague). The *Sallie* rowed over the course, but was distanced, so that the race was between the *Mabel* and *Minnie*. Some good sport was witnessed, but the *Mabel* came in first, followed closely by the *Minnie*.
 There being no entries for the Tub Race a Scrub Race was substituted open to boats which had not won first money, single sculls, 1st prize \$4, 2nd \$2. There were 4 entries.—*Minnie*, T. Pepper, *Arrow*, J. Criddle, *Sallie*, J. Little, *Sport*, W. Kay.—The latter was distanced, the rest came in 1st *Minnie*; 2nd, *Arrow*; 3rd, *Sallie*. On the whole the regatta was very successful, and created much interest. Mr. C. Sharpe acted as starter and Messrs. Leonard and Grundy as Managers.

GAMES, ETC.
 Simultaneously with the regatta, the games came off on the Market Square, under the management of Messrs. M. Deady and D. Heffernan. The attractions of the regatta took away much of the interest in the games, and there were comparatively few spectators, though Lawrence's Silver Cornet Band discoursed sweet music during the time the games continued. The following are the names of the successful competitors:
 Standing jump (5 entries); 1st R. Rutherford, 11 feet 10 in.; 2nd P. Kelleher, 10 feet 10 in.; 3rd Three standing jumps (4 entries); 1st R. Rutherford, 32 feet; 2nd P. Kelleher, 32 feet. Running jump (4 entries); 1st J. Stewart, 17 feet 7 in.; 2nd P. Kelleher, 17 feet 5 in.; 3rd Running Hop, Step & Jump (4 entries); 1st J. Stewart, 37 feet 10 in.; 2nd P. Kelleher, 36 feet 10 in.; 3rd Foot Race, 300 yards (5 entries); 1st D. McCaig, \$3; 2nd G. Barber, \$2. Foot Race, 200 yards (5 entries); 1st J. Stewart, \$3; 2nd H. Howie, \$2. Three-legged Race, 100 yards, for cake worth \$4, given by Alex. McPhail & Co. (4 entries); 1st Barber & Watson. Married Men's Race, 160 yards for a cake worth \$5, given by W. J. Little, (4 entries); Geo. Watson. Throwing Hammer (6 entries); 1st M. Moore, 80 ft. 2 in.; 2nd M. McCaig, 86 ft. 8 in.; 3rd Catching the Jangler (6 entries); Thos. Gribbon, \$3.
 When the greased pig was started, quite a number went off in hot pursuit, but his pliship kept well ahead, and might have got altogether, but some party was so bold as to grab the pig, followed up till they had secured the pig, somewhere on the Catholic Hill. This mode of pursuit was not fair, as the rule was to chase the pig on foot.
The Rifle Match.
 The annual matches, under the auspices of the Guelph Rifle Association, came off at the rifle range, and created much interest among sportsmen. The shooting at all the matches was excellent, as may be seen by the scores.
 The first was the Association match, 200 and 400 yards, five shots at each range. There were a great many entries. The prizes were as follows:—
 1st, Sewing Machine, given by G. S. M. Company, \$12; 2nd, Silver Cup, given by G. M. Pringle, \$10; 3rd, Box of Tea, given by Messrs. Patterson & Co., \$8; 4th, pair of Boots, given by W. D. Hepburn & Co., \$5; 5th, Cash, given by Geo. Elliott, \$4; 6th, Bagatelle Board, given by J. Hunter, \$4; 7th, Jewellery, given by R. Crawford, \$3; 8th, lamp, given by John M. Bond & Co., \$2; 9th, cash \$1; 10th, cash \$1. The following is the score:—

THE CONCERT IN THE DRILL SHED.
 Vale's Ventil Horn Band gave a Promenade Concert in the evening, in the Drill Shed, which was well attended. The Band gave a choice selection of music, and the playing was marked by the beauty, precision and careful rendering of the music. A very pleasant time was spent, and the audience seemed highly pleased with the entertainment.
MR. MAITLAND'S CONCERT.
 Mr. Maitland's Concert came off in the evening in the Town Hall, and, considering the number of attractions outside, was very well attended, the Hall being comfortably filled. The ladies who assisted in the vocal part of the entertainment were Mrs. Oler, Miss Nolan and Miss Speirs. The first lady has sung before in Guelph, and well sustained her reputation as a talented vocalist. Her songs, "Molly Bawn" and the "Switzer's Farewell," were admirably sung, and heartily applauded. Miss Nolan sang a pleasing voice, and her rendering of "Eve's Lamentation" was loudly encored. The Misses Cossett played a couple of duets with spirit and expression. Mr. Maitland was, of course, the leading singer among the gentlemen, and his fine, clear tenor voice never showed to better advantage than in the rendering of "White Squall" and "A man's a man for that," was splendid, and in response to the latter he gave "Come give me my guld auld Harp" with a power and expression that were irresistible.—Mr. McWhirter and Mr. Aliehn sang a duet in a very creditable manner. The "Larboard Watch," by Messrs. Maitland and McWhirter, and the glee "Ye Shepherds tell me," by Messrs. Maitland, H. Walker and Aliehn, were two of the best sung pieces in the programme, and were heartily encored. Mr. Maitland closed the concert by a most appropriate piece, "Our Homes," which was admirably sung and well received. Mrs. Budd presided at the piano, and played the accompaniments with her usual good taste.

THE ILLUMINATION
 of the Market Buildings was a grand display, and united with the fireworks and bonfire, lighted up the entire town, and formed a fitting, though perhaps shabby, emblem of the light which England, under the rule of our beloved Sovereign, has cast abroad throughout the world. The fireworks were let off from the old St. George's Church site, and were witnessed by an immense crowd. They were very good, and delighted all, especially the young folks. The enjoyment was also heightened by the delightful music of Lawrence's Cornet Band, which was stationed in the balcony of the Wellington Hotel. Afterwards the bonfire was lit on the Market Square, and as the flames shot up, the whole square was lit up with a glare of light, which brought out the vast crowd in strong relief.
 Upon the whole, everything during the day was well planned and as well carried out. The success which attended every portion of the programme must be gratefully acknowledged to those who bore the burden, and will place Saturday's celebration among the most successful that has taken place in Guelph for some years. We cannot omit noticing the order which prevailed during the day, and which reflects great credit upon the citizens of the town and vicinity. The beneficial effect of closing the saloons and bars in the evening was quite apparent. No accident happened to mar the proceedings, and by 11 o'clock the town had assumed its wonted quiet.

Death from an Overdose of Morphine.
 (Special to The Evening Mercury).
 Stirling, May 24, 1873.
 Coroner Dr. Hamilton was yesterday called upon to hold an inquest on the body of one James Goodwin, from near Picton, Prince Edward Co., Ont. It seems the unfortunate man had been indulging too freely in strong drink for two or three days past, and finally fell in with a man by name of Napier Mabce, who styles himself an M.D., and who assisted Goodwin in finishing up his spree. Goodwin being restless and unable to sleep, the Dr. went to a drug store and purchased 30 grains of morphine, nearly two of which he gave to deceased, who, not finding the relief he was seeking, got hold of the paper and took about 6 grains more, according to the doctor's own statement. The result was death in the course of one or two hours. The doctor, who is in the habit of taking morphine and prima, asserts that he took the remaining 12 grains himself. As it was too late to hold the inquest last evening, Coroner Hamilton postponed the investigation until this morning, when after hearing evidence in the matter, the jury returned a verdict that deceased came to his death from an overdose of morphine partly administered by Napier Mabce, partly by himself, and that Mabce was deemed guilty of manslaughter. Mabce absconded during the night to parts unknown.

Normanby and Egremont Railway by-Laws Carried.
 Durham, May 23.—The Normanby and Egremont by-laws, in aid of the Clifford and Durham branch of the Wellington, Grey and Bruce Railway have been carried, by a majority of 45.

DOMINION PARLIAMENT.
 OTTAWA, May 23.
 Mr. Speaker reported that he had assessed the expenses of defending the petition against the member for Stormont, as \$160, charged against the sitting member.
PACIFIC RAILWAY.
 Sir John Macdonald moved: "That in the proceedings of the Select Committee appointed to investigate the statements made by the Hon. Mr. Huntington, relating to the charter granted to the Canadian Pacific Railway Company, all questions shall be decided by a majority of voices, including the voice of the Chairman, and whenever the voices are equal, the Chairman shall have a second or casting vote." He said this was in accordance with the practice in England in committees of five, and he quoted May on the subject.
 Mr. Mackenzie said the motion appeared to him to be very objectionable. The hon. gentleman had characterized the Committee as a judicial one, and he (Mr. Mackenzie) thought that was sufficient to prevent its passing. It was objectionable that the Chairman should have this double power. It was well known that the majority of the Committee had been chosen because they were strong men on the Ministerial side of the House, and because it was known their votes would be in favor of a certain view. By this motion it seemed to be intended to give the control of the Committee under certain circumstances to the chairman, and he thought it would be advisable to allow the matter to remain as the law placed it, namely, giving the Chairman simply the power of voting in the negative.
 After some discussion, Mr. Mackenzie moved that all the words after "Chairman" in the resolution be struck out, and the following words be added: "That the Chairman shall not have a second or casting vote."
 Sir John Macdonald accepted this amendment, and the motion as amended was adopted.
 Sir John Macdonald moved that the Government be authorized to enter into negotiations during the Parliamentary recess with some reliable association or company, for the transfer of the railway from Windsor to the trunk line from Halifax to Truro, upon condition that such association or company extend the railway from Annapolis to Yarmouth, subject to the approval of Parliament at its next session. He explained that this portion of the line was rather an expense than an advantage to the Government. Carried.
 Sir John A. Macdonald moved that an humble address be presented to His Excellency the Governor General, praying that he would be graciously pleased to give directions that the remains of the Hon. Sir George E. Cartier be interred at the public expense, and that a monument be erected to the memory of that excellent statesman, with an inscription expressive of the public sense of so great and irreparable a loss, and to assure His Excellency that this House will make good the expenses attending the same.
 Mr. Mackenzie expressed his extreme regret that the hon. gentleman had moved this motion. He had joined on a previous occasion in an expression regarding the deceased gentleman as a public man, but that they were asked to commemorate the loss by defraying the expenses of a public funeral and the erection of a monument. This was asking them to commemorate the political services given in a political party of which he was the political head, and these services were essentially hostile to another large political party of the country. On the occasion of the death of Mr. Pitt a similar motion was made, and the words used on that occasion appeared to have been used in the motion before the House. Mr. Fox, Mr. Wyndham, and many other members of the House of Commons took strong exception to the proposal. It was quite evident that the services of the late Sir George would be measured variously in accordance with the views of the survivors. Some would think that his political views were righteous and correct, while others regarded him as a man who had done nothing that gentleman advocated in his lifetime were not views for the benefit of the country. Serious charges had been made against the Ministry of which he was a member, and these charges were to be solemnly investigated by a Committee of that House. It seemed to him (Mr. Mackenzie) that it was a great mistake for the Premier to come forward with such a proposition. He felt if he voted for the motion he would be practically abnegating the views he had advocated ever since he had been opposed to that gentleman and his colleagues. As far as the hon. gentleman was personally concerned, he would be glad to give an expression to show the respect in which he was held personally, but when they were asked to defray the expenses of a public funeral, and the erection of a monument for public services which they could not agree with, by consenting to the passing of the motion they would inflict upon themselves a censure to which they would be justly liable if they glorified political actions which they had systematical opposed.
 The House then divided, when the resolution was carried by 41 to 25.
 A message was received from His Excellency requesting that a sum not exceeding \$5,000 be granted to Her Majesty to enable any party to appeal against the New Brunswick School Act; also, a sum not exceeding \$5,000 to enable skilled manufacturers to attend the exhibition at Vienna.
 Some conversation took place concerning the House taking copies of a Hansard preparation and offered to them by Mr. Jas. Costigan, Mr. Mackenzie and others having objected to it, and expressed themselves in favour of official reporting. Sir John Macdonald allowed the matter to drop, and promised the Government would favorably consider the question of official reporting by next session.
 Mr. Gibbs enquired whether the Government intend to pay over a guarantee of that portion of the "Land Improvement Fund" known by that designation under the regime of the old Canada, to those sections of Ontario interested, as in the case of the county of Bruce, and accruing from 1863 to 1867, for which the Government of that day was responsible, and which responsibility has been transferred through Confederation to the Government of the Dominion; and further, whether the Government will protect the interests in question in the event of a settlement being arrived at as at present contemplated by the Government regarding the indebtedness of Ontario and Quebec.
 Sir John Macdonald said this could

be done, and he would be glad to give an expression to show the respect in which he was held personally, but when they were asked to defray the expenses of a public funeral, and the erection of a monument for public services which they could not agree with, by consenting to the passing of the motion they would inflict upon themselves a censure to which they would be justly liable if they glorified political actions which they had systematical opposed.

Affairs in France--Resignation of President Thiers.

Paris has again become the central point of attraction to all France, and we may say throughout the world. The recent discussions in the Assembly, the differences in Thiers' Cabinet, and the excitement consequent thereon, have culminated in the resignation of President Thiers and his Ministry.

Last week a portion of the Assembly presented on interpellation, demanding the appointment of a Cabinet thoroughly Conservative. Another section of the Assembly on Saturday brought up a motion declaring in effect that the complexion of the Government was not under discussion, and rejecting the idea that the reconstruction of the Ministry did not afford Conservative guarantees. This was adopted by a vote of 360 to 344. The result caused the wildest excitement, and the assembly adjourned till night, when the Ministry announced that they had tendered their resignation, and immediately after President Thiers handed in his, which was promptly accepted. The Assembly without adjourning proceeded to elect his successor when the choice fell on Marshall McMahon, the friends of the late Government abstaining from voting. McMahon was at once notified of his election, and accepted the trust reposed on him.

Throughout Saturday night, and all Sunday the excitement in Paris was intense, but there were no signs of disorder, and matters may settle down quietly. The new President promises to respect the laws and institutions of the country, to help in the work of liberating the territory and restoring order, and to maintain the tranquility so necessary in bringing France up to the status she formerly occupied.

Attorney-General Clarke, of Manitoba, announces himself a candidate for Provencher, the constituency represented by the late Sir Geo. E. Cartier, and signifies his intention to contest it with any opponent who may offer himself.

A meeting of the Reformers of Minto and Harrison will be held at Collison's Hall, Harrison, on Saturday, 31st day of May, at 5 o'clock p. m., for the purpose of taking into consideration the means to be used in defending the seat of Col. Higginbotham in the House of Commons.

Several members of the Liberal party of Quebec intend to visit the western part of Ontario during recess, and have been assured of a right-hearty welcome by the Ontario Reformers. They will probably go as far as North Bruce, on the invitation of Mr. Gillies, M. P., who has done much this session to unite the Liberals of the two largest Provinces.

New York, May 25th.
 A cable despatch to the Herald from St. Petersburg, dated 25th, says:

It is believed the Russian Government assents to the proposition of Ferdinand and Dr. Jesseppe for the construction of a line of complete railway communication across Central Asia from St. Petersburg, connecting with English railways to India and Calcutta.

In Brooklyn, this evening, a quarrel took place between two young men named Roderick and Corcoran. Both drew pistols. Mrs. Roderick, the mother of the former, rushed between them, and in the struggle to prevent her son from firing, his pistol went off, the ball passing through his mother's eye into the brain, killing her instantly.

A son of Alderman Dudley, Jersey City, temporarily insane from over study, blew out his brains on Saturday night.

At a meeting of the Internationalists yesterday, Judge Davis' action in the Train case was severely denounced.

The World has a dispatch from Little Rock, Ark., which states that civil war is certain to follow in that State. A considerable body of Federal troops will be required to restore order.

THE LION! THE LION!

GREAT COMMOTION IN THE DRY GOODS TRADE

and a Tremendous Rush at our Mantle and Millinery Rooms.

On all hands we hear of dull trade: "Nothing doing," says Tom, Dick, and Harry, but it is not so at THE LION. Times better than ever. Still great bustle and activity at the leading house. The spring trade is opening beautifully, thus encouraging us to greater endeavors in the public weal; and the reason of our success is apparent. Our Goods are all direct from the manufactory, and none can do a successful business only those who buy from first hands, for which our Establishment has long been noted, and has raised the standard of our House (combined with the energy of the proprietors of the firm) to the present proud position, and more especially for the last two years, so that our daily sales are almost equal to the combined trade of the same character in the Town of Guelph.

OUR MILLINERY DEPARTMENT

Our Millinery is a complete success this spring, the taste inherent displayed by Miss McDonald is captivating all hearts, and places her high in the ranks of first-class Milliners. Combined with the genuine popularity of Miss Sutherland, thus making our rooms the centre of attraction.

5 cases New Hats and Bonnets, registered styles, secured only for our House; 3 cases, third lot, of those splendid Black Silk Parasols, supplied with the double sword--the only ones in Guelph.

\$4,000 WORTH of New Plain and Shot Silks, lovely shades, combining all the latest tints, amongst them will be found many of the new azorean green, real gems in color and brilliancy.

2 cases New Dress Goods this week from Bradford, Eng.; 2 cases New Fresh Black Goods.

Another arrival of 500 pieces more of the best Prints, light and dark, worth 16 cents: we will sell them off at 12 1/2 cents.

The Old Store formerly Occupied by A. B. Petrie, re-opened.

Herod & Co., Proprietors.

No expense has been spared in the fitting up so as to make it as a Retail Drug Establishment second to none in the Dominion.

Great care and attention has been paid to the purchasing of the stock, having only one aim in view: that every article selected should be pure and unadulterated, quality being esteemed of the first importance.

The stock of Hair Brushes, Toilet Articles and Perfumery, has been imported direct from England and France.

Dyes and Dye Stuffs, warranted, and guaranteed to be of the first quality.

None but the most reliable and leading Patent Medicines in stock, obtained direct from the Proprietors and Manufacturers.

A specialty in Cod Liver Oil, direct from Newfoundland. None kept in stock except No. 1, and of the finest quality.

A full assortment of Trusses, Shoulder Braces, Supporters, etc., etc., at the lowest rates.

The retail and dispensing department is under the direct superintendance of Mr. McLeod, Practical Pharmacist, who has been for many years engaged at the business in Quebec and Montreal.

Physicians and parties requiring prescriptions may depend on their being accurately and neatly compounded, and prepared from nothing but pure drugs and chemicals.

Meeting of Wellington County Temple, I. O. of G. T.

This Temple met in the Good Templar's hall, in Guelph, on the 24th inst., shortly after ten a. m. Bro. Moulton, W. C. T., in the chair. Very few members and officers were present at the opening of the meeting but shortly afterwards the members present numbered about one hundred. After doing considerable business in connection with the Temple, and discussing the various questions brought up, reports from the following subordinate Lodges were read:—"Beaver Temple," Guelph, members 212; initiated during this quarter 3, admitted by card 1, withdrawn 1, resigned 1. "Fountain," Elora, in a flourishing condition, and numbers 55 members; initiated during last quarter 19, admitted by card 1, withdrawn 2. "Life Boat," Elora, in a healthy state, members 164; initiated during last quarter 23, admitted 1, lost 4. "Day Spring," Fergus, membership 90; new members last quarter 13, lost 3. "Bellflower," Eramosa, members 40. "Ballinastar," Erin, doing very well, members 98; 19 joined last quarter. "Prince of Orange," Marsville, 53 members prospering. "Victoria," Rockwood, members 149. The following verbal reports were then received:—"Beacon Light," Erin, first report, organized last summer, members 70; 9 added last quarter. "Onstie," Eramosa, 56 members. "Tasmania," Eramosa, 40 members. "Fairview," 62 members. "Garafraza Champion," about 85 members. "Lilly Bank," Garafraza, 35 members. "Life Boat," Erin, 30 members. Ennottville, Cummoek, Douglas, Orangeville, and Oak Leaf, were not heard from. The forenoon session was brought to a close about 12 o'clock, to meet again at 2 o'clock p. m.

AFTERNOON SESSION. The afternoon meeting was called to order by Bro. P. Bish, P. D., soon after 2 o'clock, in the absence of the W. C. T., who came in shortly afterwards. The attendance was not so large as at the last County meeting held in Rockwood, no doubt the various other attractions in town keeping many away who otherwise would have been present. Bro. Parrott, G. W. Lecturer for the Dominion, and Bro. T. W. Lawless, of Hamilton, and Bro. Morton, of Toronto, were present, who were also present at the Halton County Temple, held at Oakville, on Friday last, the attendance at which meeting was very good, representing some ten Lodges. Bro. Parrott also stated that as soon as he was through with his present engagements made for lecturing in the County of Wentworth, which he expected would be in about three weeks time, he would be at liberty to visit the County of Wellington, and place his services at the disposal of the Good Templars. A Committee was appointed to confer with Bro. Parrott, who subsequently reported that they would recommend that the following places be canvassed by Bro. Parrott when he visits this County, at which places he will lecture:—Guelph, Rockwood, Ballinastar, "Beacon Light" Erin, "Life Boat" (Commingly P. O.) Erin, Osprey, "Bellflower," "Tasmania," Onstie, Mimos, Douglas, "Garafraza Champion" Craigholm P. O., "Lilly Bank" Fergus P. O., Fergus, "Primrose" Cummoek, Elora, Marsville, and Paisley Block, at such time as may be agreed on hereafter. It was then moved, seconded, and resolved that this County Temple expresses its thanks to those members of the Dominion and Provincial Legislatures who have so nobly advocated the prohibition of the liquor traffic in Canada, and it hopes that they will continue to do the same until the Prohibitory Law is passed, and that the editor of the Canada Courier be requested to insert this resolution in its columns. It was recommended that each subordinate Temple appoint a Committee to report at least once a month on the state of the Temperance question, particularly in its locality, to such subordinate Temple. A motion was also passed pledging the support of Good Templars only to such aspirants for Parliamentary honors as will pledge themselves to support Prohibition, irrespective of party. The place appointed for holding the next meeting is Fergus, on the 3rd Tuesday in September next, at ten a. m. There was quite a long discussion on a paper read by Bro. Hills of Ballinastar, on "the duty of young men on the temperance question," taken part in by Bros. Ryan and Groom of Guelph, Martin McLeary of Rockwood, and others, in a spirited and entertaining manner. The meeting was also addressed by Bros. Morton of Toronto, Farrow of Elora, and Brill of Guelph, who has just returned from England. Altogether from the tone of the meeting, and the addresses delivered, we think that the temperance question is steadily advancing and gaining the good opinion of the public. The meeting was brought to a close about six o'clock. Tea was provided for those who came from a distance.

PUBLIC MEETING. A meeting was held in the Good Templar's Hall in the evening, under the auspices of the County Temple of the I. O. of G. T. Bro Moulton, of Guelph, in the chair. There was a fair attendance but many of them had to return home by the 9:15 train which of necessity made the meeting short. Interesting and racy speeches were made by the chairman and Messrs. Hodgkinson, of Bellflower Temple, Eramosa; Parrott, G. W. L., Roy, of Brantford, and Cornwell of Elora. The Misses Smart of Elora, sang a piece which was encored. A very enjoyable time was passed, and at the close Mr. Parrott announced that he would lecture on temperance throughout the County of Wellington in a short time. He is a fluent and pleasing lecturer and we bespeak for him a hearty reception. UNPREJUDICED OPINION.—It is satisfactory to know that all the journals in the United States do not hold the opinion that Canada is such a bleak, ice-bound, hyperborean country as some of our prejudiced American contemporaries would make it out to be. The Cleveland Herald, a journal which does know something about Canada, speaks of it as follows:—"The season is rapidly approaching when tourists will be on the move, and when selections will be made of routes and stopping places. Canada offers a very favorite summer tour, as well for the bracing climate as for the novelty of getting into a country under monarchical rule. As a rule tourists are well treated in the Dominion, and we can hardly point out a more delightful trip in summer than in Canada, and among the pleasant places of resort, Hamilton, at the head of Lake Ontario, holds a conspicuous place as a delightful spot for a stay. We notice too, as a very essential matter connected with the pleasure and comfort of travellers, that Hamilton offers one of the best hotels—the Anglo American—along the entire chain of lakes. It would be well for tourists to make note of the Anglo American at Hamilton. The raids of the Mexicans on United States territory are represented as becoming more frequent. Lieut.-Governor Morris returned to Fort Garry on Friday, and was enthusiastically received.

not be answered at present as it involved a legal question, but it would receive the best attention of the Government, who would see that no wrong was done in the premises.

Hon. Mr. Tilley moved the second reading of the Bill for granting to Her Majesty certain sums of money required for defraying certain expenses of the public services. After some debate the motion was carried.

Sir John Macdonald, in answer to Mr. Beatty, said two Bills were reserved by the Ontario Legislature for the consideration of His Excellency. These Acts on being examined proved to be quite within the competence of the Local Legislature. The Government had advised, and would act in this sense in the future, that whatever Bills received that were within the competence of the Local Legislature would not be disallowed, but would be sent back.

The Governor-General came down to the House about three o'clock, and gave his assent to Bills passed during the session. The following are amongst the most important:—

To amend the Civil Service Superannuation Act.

To amend the Patent Act of 1872.

To incorporate the Canada and Detroit River Bridge Company.

An Act further to amend the Act relating to Banks and Banking.

For the better protection of navigable streams and rivers.

To extend the powers of the Montreal Telegraph Company, and for other purposes.

To amend the Act respecting the construction of the Intercolonial Railway.

To amend the Act incorporating the River St. Clair Railway Bridge and Tunnel Company.

To incorporate the Great Western and Lake Ontario Shore Junction Railway Company.

Respecting the ocean mail service.

To incorporate the Royal Canadian Insurance Company.

To make further provisions for the improvement of the River St. Lawrence, between Montreal and Quebec.

To make further provision as to the duties of Customs in Manitoba and the North-west Territories.

Respecting the Central Prison for the Province of Ontario.

To enable the Great Western Railway to further extend and improve its connections.

To incorporate the Canada Paper Company.

Respecting aliens and naturalization in the Provinces of British Columbia and Manitoba.

To amend the Act respecting offences against the person.

Respecting weights and measures.

To incorporate the Dominion Express Company.

To incorporate the Canadian Atlantic Cable Company.

To amend the Act respecting certain Savings Banks in the Provinces of Ontario and Quebec.

To enable the Buffalo & Lake Huron Railway to make arrangements respecting their bond debt.

To amend an Act respecting the Militia and defence of the Dominion of Canada.

To incorporate the Canadian and West Indian Royal Steamship Company.

To authorize Free Grants of Lands to certain original settlers and their descendants in the territory now forming the Province of Manitoba.

To amend the Act of the present session, entitled an Act to incorporate the Canada and Detroit River Bridge Company.

Respecting the admission of the Colony of Prince Edward Island as a Province of the Dominion.

To empower the Montreal Northern Colonization Railway Company to extend its line from Deep River to a point of intersection with the proposed Canadian Pacific Railway, and also to extend its line to Saint Marie, the Georgian Bay, and Lake Superior, or to unite this line with any line of railway extending to the points above mentioned.

Further to amend the Act to make further provision for the government of the North-west Territories.

To provide for the inspection of gas and gas meters.

To continue for a limited time the Import Act of 1869 and the Acts amending the same.

Respecting the administration of justice and for the establishment of a police force in the North-west Territories.

For the readjustment of the salaries and allowances of the judges and other public functionaries and officers, and of the remuneration to the members of the Senate and House of Commons.

To make temporary provision for the election of members to serve in the House of Commons.

To readjust the allowance payable to and chargeable against the several Provinces of Canada by the Dominion Government, so far as they depend upon the debt with which they respectively entered the Union.

To make better provision respecting election petitions and matters relating to the House of Commons.

To amend and consolidate, and to extend to the whole Dominion of Canada, the laws respecting the inspection of certain staple articles of Canadian produce.

RESERVED.

The following Bills were reserved:—

An Act for the relief of John Robert Martin.

Respecting the shipping of searoot.

To make further provision respecting the extradition of criminals.

The Supply Bill was then assented to.

The Commons then returned to their chamber.

Mr. Holton said before the adjournment was moved he thought an enquiry should be made as to the intention of the Government respecting the vacancies in the Government.

Sir John Macdonald said he intended to fill the vacancies. They did not intend to diminish the number of the Administrative Officers, and he thought they were not too many for the requirements of this extended country. It was the intention of the responsible Ministers of the Crown to recommend the filling up of these vacancies before the House met again.

Mr. Mackenzie asked the intention of the Government as to filling of the vacancy in the Senate caused by the death of Senator Burnham.

Sir John Macdonald said he had rigidly carried out the arrangement made previous to Confederation, every vacancy that had occurred having been filled by Legislative Councilors. With regard to the consideration of locality, he protested against the principle, as being opposed to the system established at the time of the Union. By arrangement it was understood that as vacancies took place in the Senate they should be filled by members of the Legislative Council who had not places in the original organization of the Senate, and there were only three of these gentlemen who were yet unprovided for, and he might say at once that it was the intention of the Government to appoint Hon. Geo. Alexander, the oldest of the three referred to, and the one who held his seat the longest as a representative of the people.

Mr. Mackenzie asked what would be the nature of the business when the House met on the 13th August.

Sir John Macdonald said the House would have been prorogued to-day if it had not been for the purpose of allowing the Committee to sit during the summer. The House would meet on the 13th of August simply to receive the report of the Committee on the subject of the proposed amendments to the Constitution.

Mr. Holton said it was quite possible the Hon. gentleman would not be in a position to advise the prorogation on the 13th of August.

The House then adjourned till the 13th of August.

BREAKFAST.—EPPE'S COCOA.—GRATEFUL AND COMFORTING.—By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well-selected cocoa, Mr. Eppe has provided our breakfast tables with a delicately flavoured beverage which will save us many heavy doctors' bills.

—Civil Service Gazette. Made simply with Boiling Water or Milk. Each packet is labelled—'James Eppe & Co., Homoeopathic Chemists, London.'

Men make steam engines of themselves from morning till night, and vice versa, dream of gold. The fearful strain upon the nervous system by thus taxing the mind produces not only Heart Disease, Dyspepsia and Lung Maladies, but is often the direct cause of Apoplexy, Insanity and Suicide. It is very remarkable that during the world's progress discoveries are made suitable to its times. Hardly had man become prepared for speedy transit when the railroad and steamboat were introduced, and the desire for rapid intelligence developed the telegraph.

Coals are usually discovered as wood becomes scarce, and now the steam engine is being taxed to its utmost in order to secure and enjoy the luxuries of an extravagant age. Fello's Hypochondriacs appear, that they may by artificial means keep up this mental strain to an indefinite extent.
