During the past fortnight a very great improvement has taken place in every branch of business. The amount of business done by many of our wholesale houses, is fully over the ordinary average. A good deal of caution has been exercised, so that the business done may be considered as safe as it can possibly be under any system of credit. At several of the auction sales held recently, fair prices have been realized. In Flour and Wheat, a brisk business has been done at advanced rates.

**FAILURE OF TWO CANADIAN BANKS.**—Rarely has such a calamity as a bank failure befallen this province. Throughout the crisis of last year, when the Banks of Great Britain and the United States were tottering and tumbling one after another, our banking institutions of this province were in the most secure and prosperous condition. The confidence of the public, which reigned almost universally in the two Banks, the International, and the Colonial, (head-quarters of both in Toronto,) whose doors have been closed during the past week, were of recent origin, and, yet the mischief they have occasioned will be considerable, and will have an injurious effect upon the currency of the country which has hitherto stood so high. The old established Banks will not be at all affected thereby, many of them having steadily refused the notes of both Banks. The circulation has been chiefly confined to Western Canada and the Western States, although a good many of their Bills have found their way eastward, and their unwelcome faces are seen in the coffers of many of our traders in this section of the province. Many of our business men have from the first considered that both Institutions were unsafe, and have invariably got rid as speedily as possible, of any notes that chanced to fall into their possession.

According to the Bank Returns, the circulation and deposits of these banks on the 30th September was as follows:—

	Circulation.	Deposits.
Colonial.....	\$75,300.	\$21,517
International.....	119,021	9,968
By the same Return, the paid-up capital of the Colonial is given at \$112,000, and that of the International at \$132,000. The Specie and Government Securities held by these banks at the same time was,		
	Specie.	Gov. Securities.
Colonial.....	\$20,030	\$13,200
International.....	18,769	15,000

The loss on their notes may be considerable yet it can not be told definitely at present. The Colonial Bank promises to resume payment in one month.

**PHOTOGRAPHED COUNTERFEITS.**—A rather cheaply executed \$5 bill on the Bank of Upper Canada has recently made its appearance. The word "five" is printed on the face of the bill in

Red Ink, and shews brighter on the back than on the face. Experience is sometimes necessary to distinguish between genuine and photographed counterfeits.
