THRIFT ADVISED AT BIG MEETING

Dependents of Patriotic Fund Packed Massey Hall Yesterday.

UNIQUE IN ITS HISTORY

Mothers, Wives and Children of Soldiers Display Their Loyalty.

Massey Hall presented a spectacle yesterday never before witnessed in its history. Nearly 4000 women and children gathered at the invitation of the Toronto and York County Patriotic Fund to hear addresses by the fund's leaders...

Wives, children and mothers who have been left behind, who have given their all for King and country, were there, and the voices of the little children could be heard at all times.

Sir William Mulock presided. "Never before in the history of Canada has there been such an assemblage as this," he said.

"I am sure, as you applaud this observation," he continued, "you thought of your right to do so with husbands and sons fighting for freedom in France."

"I take it you have been well treated by the fund," said Sir Herbert. "but we still want men. Some of you are keeping your men back. Tell your sisters how well the fund is taking care of them at the front."

WIFE ENTITLED TO MONEY LEFT TO HER DAUGHTER

Court Reverses Bequest of Late J. J. Clarke, Police Constable. At Osgoode Hall yesterday Mr. Justice Lennox handed out judgment holding that the widow of the late Police Constable J. J. Clarke is entitled to the \$1582 paid into court by the Police Benefit Fund. The testator had left \$100 to his widow, \$100 to Mrs. Durkin, and the remainder of his property, of whatever nature, to be held in trust for his daughter, Miss Dorothy Clarke.

FORTY WOMEN'S HATS IN QUEENSTON WRECK DEBRIS

Coroner Releases to Relatives the Articles Which Were Picked Up. N. F. Davidson, K.C. crown counsel attending to the investigation into the Queenston accident, states that the inquest will be resumed on July 23 at 3.30 a.m. at Niagara-on-the-Lake, but that it is not likely that a verdict will be reached until some later sitting. The number of witnesses will depend on the nature of the evidence as it is submitted, and it is expected that the railroad concerned will make some admissions in order to expedite matters. Relics of the accident were released by the coroner at the first hearing on the 11 o'clock boat. They are now in charge of T. G. Matheson at the warehouse at the foot of Yonge street, where friends of those who were in the accident may find them. The articles range from a child's tennis racket to a bottle of soothing syrup. A sock half-knitted felt, a story of thoughtfulness.

INFANTILE PARALYSIS—CURED

Sensational Recovery Effected by the British Wonder-Medicine. DR. CASSELL'S TABLETS. Restored from Helplessness to Health and Vigor. The sensational cure of little Joseph Goody is another instance of the unexampled power of Dr. Cassell's Tablets. They restore strength to the disordered nervous system whether the sufferer be old or young. Seen recently, Mrs. Goody, who lives at 15 Bevington road, Aston, Birmingham, England, said: "I never saw such a change in my life as Dr. Cassell's Tablets effected in my little boy Joseph, when he was suffering from what I thought was Infantile Paralysis. He was quite helpless, an wastel to a mere skeleton of a child. He was even deformed to some extent, for one shoulder had drawn up and his back was curved. Nothing could be done for his stomach. It was terrible. I sat up with him at night, did everything I could to save him, but there seemed no hope till I got Dr. Cassell's Tablets. Then it was quite wonderful how he improved and went on improving, till now at 5 years old he is a fine, strong little boy, quite straight and active."

HYDRO ARBITRATION PROCEEDS AT CITY HALL

Employers and Representatives of Men Questioned Regarding Wage Rates. At the resumed session of the Hydro-Electric Commission's arbitration yesterday in the city hall the question of calling experts to see what should be done in respect to the safety of the men was considered. No decision was reached, and Judge Costerworth ventured the remark that the parties seemingly did not want to agree.

THE PROSPECTS IN ONTARIO

While the wheat crop of Ontario is only a drop in the bucket compared to the millions of bushels being produced this year, it is still interesting to note that reports state it is the only bumper crop in the province this year. In Essex County it is already beginning to ripen, while in Middlesex none has been winter-killed. From other western counties it is said to be the best crop in years, although from Sarnia district and Kent correspondents report that it does not seem to be filling properly.

WHY NOT HAVE CURLY, WAVY HAIR?

While abroad last year, a matron much envied for her youthful looks, generously confided to me several little beauty secrets which I prize highly. One of the best of these is that straight hair can be made wavy and curly over night by merely applying a little liquid alginate. Some peculiar attribute of this harmless liquid causes the hair to dry in the most exquisite curls and waves, having all the appearance of true naturalness. My friends who have tried this are simply delighted. I find that pure liquid alginate can be procured from any drug store here, and a few ounces will keep the hair in curl for several weeks. There's no curly gummy, greasy or messy about it; on the contrary, it is quite pleasant to use. I'm sure if you will try this to-day, and look into your mirror tomorrow morning you will give up a most agreeable surprise.—Anita Amber's "Beauty Talks."

HOMESEKERS LEAVE

Over three hundred people left on the Homeseekers' Special at 10.45 last night, going via C.P.R. to Winnipeg. Most of the passengers were married men, accompanied by their families. They were a jolly lot and did not show any reluctance in leaving, but seemed anxious to get away and make a new start in the big west.

TO OVERCOME SUNBURN, TAN, FRECKLES, WRINKLES

If your skin is unduly reddened, freckled or tanned, dab a liberal amount of ordinary mercurized wax on the face and allow it to remain over night. When you wash off the wax in the morning, the flaky, almost invisible particles of cuticle come with it. Repeating this daily, the entire outer skin is absorbed, but so gradually there's not the slightest hurt or inconvenience. Even the stubbornest freckles are affected. The underlying skin which forms the new complexion is so fresh and youthful-looking you'll marvel at the transformation. It's the only thing known to actually discard an aged, faded, muddily or blotchy complexion. One ounce of mercurized wax, procurable at any drug store, is sufficient in most cases. If sun and wind make you squint and trow, you're bound to cultivate wrinkles and crow's feet. To overcome these quickly, bathe the face in a solution made by dissolving an ounce of powdered castile in a half-pint witch hazel.

PAINT POINTERS

Never paint over a dirty or greasy surface. Before painting any surface, be sure to remove all dust or dirt. Before applying the second coat of paint carefully put all nail holes, cracks, etc. Do not add dryers or japs to hasten the drying. They are injurious to the paint. The last coat should be thinned, if any thinning is necessary, with pure raw linseed oil only. Never paint in frosty weather or over

DRUM BEARS STORY OF SEVERE FIGHT

Record of Highlanders Will Be Shown at Canadian National Exhibition. Assistant City Architect Price yesterday received an interesting relic from his son, C. K. Price, who is "somewhere in France" with the Highlanders, in the shape of the head of the only drum left in the company after the famous fight at Ypres on April 23 and 24. The record of the 48th from the time they were in camp at Long Branch until the skin was rendered useless by shrapnel during the fact is recorded that the instrument was shattered by shrapnel during the fierce shelling on April 23.

LARGER WAGES IN MERCHANT SERVICE

Big Newcastle Firm Decide to Increase Pay of Officers. Amongst a large number of other shipwrecking firms who have informed the Imperial Merchant Service Guild of increased remuneration of their captains and officers, it is now intimated to them that the Prince Line of Newcastle-on-Tyne, a firm owning something approaching 50 steamers, have now, in addition to increases previously made during the war, decided upon a further increase of 20 per cent. in the case of the whole of the officers of their fleet for the duration of the war.

### The Railway Revolution in Canada

Post, Sydney, N.S.: Hon. Frank Cochrane, minister of railways and canals, has made special preparation for the transportation of the enormous grain crop, which, it is confidently anticipated, will be harvested in the prairie provinces this season. The railway department has taken a lease of the Grand Trunk Pacific branch line from Fort William to Graham, in order to give an outlet to the western crop the government will requisition the surplus rolling stock of the Intercolonial. This is being implemented by the addition of twenty locomotives and one thousand box cars, for which Mr. Cochrane has placed orders with Canadian firms. The department is also making arrangements for a superior winter service from Winnipeg to St. John for the transportation of grain shipments by sea to the old country.  
 This is a new departure. For the first time in Canada's history, the western harvest will be carried to the ports of shipment over a government-owned and managed railway system.

Our people are only beginning to realize how much has been done in the past few days toward government ownership in Canada—the Intercolonial lines with the Transcontinental cover four thousand miles between Halifax and Winnipeg. The farmers' grain will be hauled into Winnipeg over either the Canadian Northern or the Grand Trunk Pacific before being put on the government system; otherwise, as The Post says, it will be all on the state-owned rails. The Canadian Northern and the Grand Trunk Pacific, incorporated with the government system, would extend from ocean to ocean and pass thru all the provinces and all the towns and cities of Canada.

### Buy What You Need

The Owen Sound Advertiser deals in a vigorous way with the talk of retrenchment that has been going around of late. It says:  
 On every hand these days is heard talk of retrenchment. By governments, the press, the public is advised to economize, and to cut out all unnecessary expenditures and extravagance.  
 It appears to us that this advice is at once sensible and dangerous. It is like a loaded shotgun, it may be all right if properly and carefully handled, but dangerous in the hands of a fool, or if applied as not intended.  
 No person should live beyond his means either in war or peace. No doubt there are many persons just now who find it necessary to economize severely. Our governments and big corporations find their revenues diminishing and their ability to borrow almost exhausted. Quite properly they cut down expenses as far as possible. But why should a person who has the money hesitate to spend it freely?

A contemporary the other day argued that a man ought not to buy an automobile because to create a demand for these vehicles was to divert Canadian workmen from the manufacture of war munitions. The reader was almost given to understand that for a similar reason he should not purchase many other articles. Yet while we have a number of men employed in the manufacture of munitions we have a big surplus of labor in this country for other purposes. We are in more danger of an unemployment problem than a scarcity of labor problem.

We would like to see our manufacturers in every line business than they have been; our merchants selling more goods; our transportation companies carrying more passengers and freight. We see no reason why our people should not spend the money they can afford not only for necessities but for comforts and innocent recreation.

We are not overlooking the unusual demands that are now being made upon us on account of the war. Every call made by the Patriotic Fund, or any similar fund, should and will meet with a generous response. If those who are preaching thrift merely cau-

tion our people against wasteful extravagance they are preaching a sound gospel. But we would like to see every one spend as freely as he can and help out rather than discourage our merchants and mechanics. Mere hoarding never benefited a community.

### What About Canadian Factories?

If there are strikes in the States among the workers in the ammunition factories, why not put more of the work in our Canadian factories?  
 It seems to us the government at Ottawa ought to be more active in this respect.  
 What are the two commissions at Ottawa doing?  
 There is a belief here that more Canadian factories and workmen could be employed in making ammunition and supplies for Britain and the allies.

### Are We Marking Time?

Against the Manitoba scandal various suggestions are made for purifying the public life of Canada. Many of these have considerable merit and may hereafter engage our attention. Just now the people are absorbed in the war and in those great domestic problems which we conditions have made acute. We have the railway question which will tax the resources of our statesmanship; the financial question to which so far we have given, as a people, little or no attention and the settlement of the northwest, which will become perhaps the biggest of all questions as soon as the war is over.

As they are all interlaced one with another. Rumor has it that the government will soon announce a forward policy on the railway question. But how much will be accomplished at the last session of a dying parliament with both parties circling on their armor for a general election and with the government held in check by a hostile senate?  
 The financial question might well be taken up by a monetary commission in case the government is not already prepared to revise the banking and currency laws which have been in existence almost without change since confederation. The settlement question is so vast and intricate that it has not even been approached except by the appointment of a royal commission.  
 We seem just now to be marking time in this country. Troops are being recruited and sent overseas, and there are big problems to be solved by the government and the people of Canada which are not being discussed to the extent they should be by our public men or in the press.

### Rather Face the Enemy Than the Future

A citizen remarked to The World the other day that he was ashamed to be seen with some of the young men of his acquaintance. They had no ties, he said, nothing to hold them at home—no one depending upon them; they were in excellent health and condition; they were young and able, but they were unwilling.  
 "What?" they said, when he urged them to enlist. "Go and get shot? Not much!"  
 These young men are called British, but the British spirit is evidently very far back in them. To account for such a frame of mind in the young men of Canada, in any young man under the British flag, raises a number of problems.  
 No such thing, we are told, would be possible in the United States. It would only be necessary to say that the Stars and Stripes were in danger, and that Uncle Sam had gone to war, to urge all the men that could be used. Are we less patriotic than the people of the United States? Have we lost the eager loyalty that used to burn in every British breast? Do our schools not cultivate the ardent spirit of love of country and heartfelt admiration for the national ideals and traditions which have made men of British breed willing to shed their blood for the British cause for centuries?

### EXAGGERATED STORY OF SON OF SOLDIER

A story which appeared in The Toronto World yesterday morning in which it was stated that the father of a 13-year-old Albert Drake of 128 East 1st avenue had enlisted for overseas service over eight months ago and the family of the soldier had not received any assistance from the patriotic fund and we now in dire need was denied by the sworn evidence of Mrs. Drake in the juvenile court yesterday.  
 Her statement was that her husband had only joined the soldiers some two weeks ago and she had a family of seven, and one boy brought in \$4.50 a week and the father gave \$4 last week. Their interests will be looked after by the officers of the patriotic fund immediately.

These young men must be affected by some one or another of these conditions, or they would not hang back as they do when the fate, not only of Britain, but of free institutions and democratic government is at stake; when even civilization itself, as we have been taught to regard it, awaits the decision which may distinguish all its humbler elements and change the whole character of its development from the free and vital activities which distinguish British and American institutions, to a form of social organization which at the best can only be an uninspiring and soulless machine, and at the worst an

### CAVALRY REGIMENT SECURES RECRUITS

Mississauga Horse Completes Formation of Three Full Companies.  
 Enlistments to Live Organization Enable Rapid Filling of Ranks.  
 Within a few days the 9th Mississauga Horse will have that battalion complete. The menparaded yesterday with three complete companies and nearly a hundred men in the fourth company. These figures are not estimates but the actual number of men who answered the roll-call. As the present rate of increase is about a hundred a day, it will not take long to secure the remainder of the fourth company. The regiment swore in 127 sound and fit recruits on Monday. The 75th will be the first Canadian battalion since the commencement of the war which has been entirely recruited by a single regiment, and officers of the regiment are talking of applying to the militia department for permission to designate the new battalion by some name which will identify it as a Mississauga organization.

To Raise Another Unit.  
 It is also felt that it would be a serious mistake for the regiment to content itself with raising the battalion now that the recruiting organization is running smoothly and effectively. Accordingly it is proposed as soon as the battalion is complete to offer the services of the Mississauga "machine" to the staff of the 8th C.M.R., which is in the city looking for reinforcements. The Mounted Rifles do not require more than 200 men, and the Mississauga Horse expect to raise that number for them in a few days.  
 Get Fine Soldier.  
 The Mississauga find that they have a find in A. E. Zealey, whom they have secured as lieutenant of their battalion. He was for years a soldier in the Coldstream Guards and under the command of the late conductor Amour, Bandmaster Slater of the Highlanders is assisting Mr. Zealey in selecting his bandmen. Promises of instruments have been secured from various friends of the Mississauga Regiment, and the drums are already on hand.

### GARDENERS DO WELL IN CULTIVATING LOTS

Among the recent letters received by the Rotary Club Cultivation Committee, one from Henry B. Ashdale avenue.  
 His letter stated that he had been out of work for some time and was very grateful to receive a vacant lot for cultivation. When he started to cultivate his lot it was covered with broken bricks and gravel. A little hard work and shovels, has made a wonderful showing and the vegetables are coming along nicely.

At a meeting of the Parks and Exhibition Committee, Ald. Several members took exception to this, as they declared they did not see why they should be bulldozed by any faction, especially when they were serving the best interests of the city.

 Provincial Officers Will Take Summary Action if Thieves Are Caught.

Relief hunters of something worse carried away many personal belongings to wreck victims after the trolley smash at Queenston two weeks ago. Superintendent of Provincial Police Joseph Rogers does not know whether what has been taken is valuable or just such stuff as misers covet, and such articles sought by souvenir hunters.  
 The provincial police have a couple of trunks full of goods at their office and are talking of applying to the department for permission to designate the new battalion by some name which will identify it as a Mississauga organization.

### THE BASEBALL KALEIDOSCOPE.

**NEW YORK, July 20.**—Edward Barney, outfielder of the Jersey City team of the International League, was purchased by the New York Americans today. Barney's report to Manager Donovan in Chicago tomorrow. It is stated that he will replace Roy Hartzell, the veteran left fielder, Ray Demmitt, formerly of the Toronto club, will take Barney's old position with Jersey City.  
Larry McLeagan, the veteran catcher of the Giants, who was serving a sixty-day suspension for misconduct in St. Louis, was unconditionally released today by President Hempstead.  
It was stated that McLean was released so Manager McGraw could play Babington, an outfielder of Brown University, who joined the team a few days ago, but was unable to get in the game because of the player limit. ### DETROIT'S BLUE RIBBON MEET OPENS MONDAY

DETROIT, July 19.—Never has the outlook for fast and hard racing at a Blue Ribbon meeting been as bright as it is this year. This annual carnival of speed opens at the Detroit mile track on Monday, July 26, and continues thru five afternoons, during which 20 races will be decided, the purse and stake list aggregating \$40,000.  
Not content with the classics which have made the Blue Ribbon meetings most famous in the country, the Detroit Driving Club has an additional feature this year in the shape of the championship free-for-all pacing race, in which the four world's champions and another fast one will meet for \$5000.  
Such is the arrangement of the program that features are spread thru the meeting, every day having one or more. On Monday the Hotel Griswold Stakes for 2.10 pacers promises to be notable and the 2.08 trotters will put up a hard race. There are 25 in the slow trot that day.  
Tuesday is set apart for the Chamber of Commerce Stakes for 2.07 pacers and no less than 25 still are eligible, representing the very limit of speed in the class.  
The Merchants' and Manufacturers' Stakes is the Wednesday attraction. This is the greatest race of the year and 25 are in it, among them a wonderful lot of trotters, one of which has worked in 2.05 and many which have as much speed. Never has this field been so large and so swift.  
The free-for-all pace for \$5000 is on Thursday and in its field are Director 1, 1.58; Frank Bogash, Jr., 1.55 1/2; William, 2.00; Anna Bradford, 2.00 1/2, and Flower Direct, 2.01, the greatest field in the history of racing.  
On Friday the 2.03 pacers and 2.05 trotters divide honors with the 2.12 trotters in the Hotel Fontchartrain Stakes, an

### PANZARETA AND RANCHER WIN WINDSOR FEATURES

WINDSOR, July 20.—The Windsor Jockey Club were again favored with a fast track for the next to the last day of the meeting here this afternoon.  
The Windsor Cup purse, the fourth event at 1-1/2 miles, and the Wolverine Handicap, the third race, at 6 furlongs, were the chief attractions.  
In the handicap Pan Zareta added another link to her already long chain of victories. She took the lead in the first furlong and romped along in front of the rest of the journey, winning with considerable ease. Her only competitor, Robert Bradley, chucked it up after chasing the winner to the stretch, and Comonada dropped into second place unopposed. Ed Howard and Reoel fought it out for the length of the stretch for third, the former getting the decision by a nod.  
In the club purse Rancher raced with vigor and drew away with a fast opening. Expectation closed up fast on the inside rounding the last bend, and easily displaced the leader. The latter tired after racing with Celso and Phillegre the first six furlongs. Martlan was outgun throughout the struggle. Summary:

### G. S. Lyon at Cleveland Beaten in First Round

CLEVELAND, July 20.—When the smoke of battle had cleared away late this afternoon on the Mayfield golf course, where the western amateur golf champion had been decided, several bright stars of the western field had fallen, among them George S. Lyon of Toronto, Canadian champion, who, after qualifying with a card of 154, went down to defeat in the first round of the match play at the hands of Joe K. Bole of Cleveland, 2 up and 1 to play. Other losers to fall were H. K. B. Davis of San Francisco, Panama Pacific champion; Mason Phelps, Chicago, former western champion, and E. M. Byers, Pittsburg, former national champion. Phelps and Davis failed to qualify, and Byers was defeated in the first round of match play by Ned Sawyer of Chicago, 5 and 4.  
W. C. Fowkes, who made the course in 72 in the last 18 holes of the qualifying round, set a record for the Mayfield course as it stands today.  
The former amateur record was 71, held by Joe K. Bole of Cleveland, but the Irish Canadian never moved back, increasing the par from 72 to 73.

### DETROIT'S BLUE RIBBON MEET OPENS MONDAY

DETROIT, July 19.—Never has the outlook for fast and hard racing at a Blue Ribbon meeting been as bright as it is this year. This annual carnival of speed opens at the Detroit mile track on Monday, July 26, and continues thru five afternoons, during which 20 races will be decided, the purse and stake list aggregating \$40,000.  
Not content with the classics which have made the Blue Ribbon meetings most famous in the country, the Detroit Driving Club has an additional feature this year in the shape of the championship free-for-all pacing race, in which the four world's champions and another fast one will meet for \$5000.  
Such is the arrangement of the program that features are spread thru the meeting, every day having one or more. On Monday the Hotel Griswold Stakes for 2.10 pacers promises to be notable and the 2.08 trotters will put up a hard race. There are 25 in the slow trot that day.  
Tuesday is set apart for the Chamber of Commerce Stakes for 2.07 pacers and no less than 25 still are eligible, representing the very limit of speed in the class.  
The Merchants' and Manufacturers' Stakes is the Wednesday attraction. This is the greatest race of the year and 25 are in it, among them a wonderful lot of trotters, one of which has worked in 2.05 and many which have as much speed. Never has this field been so large and so swift.  
The free-for-all pace for \$5000 is on Thursday and in its field are Director 1, 1.58; Frank Bogash, Jr., 1.55 1/2; William, 2.00; Anna Bradford, 2.00 1/2, and Flower Direct, 2.01, the greatest field in the history of racing.  
On Friday the 2.03 pacers and 2.05 trotters divide honors with the 2.12 trotters in the Hotel Fontchartrain Stakes, an
