The Saskatchewan Election and Its Meaning

Unmistakably the people of Saskatchewan desire freer access to the markets of the United States...

The people of Canada are unalterably opposed to any commercial or political union between Canada and the United States...

The great reforms of the west, however, must be dealt with at once, and that grievance is connected with the problems of transportation and communication...

These great reforms and the principles underlying them were not presented in the last campaign to the voters of Saskatchewan...

In short, the big issue which would have challenged their attention was not really submitted to the people...

We imagine that Mr. Haultain's unfortunate change in regard to reciprocity, which he espoused when it was first announced...

The result in Saskatchewan, therefore, leaves that province Liberal. The adjoining province to the west is also more or less Liberal...

On the whole, it is a pretty good thing that the issue should be thus divided, and it puts a new impetus on the party...

ROCITY REVIVED BY SCOTT'S BIG SWEEP IS CLAIM OF LIBERALS

Only Four Seats Are Conceded to Conservatives in Saskatchewan, While Liberals Assert They Have Forty—Haultain's Riding Still in Doubt.

REGINA, July 12.—(Special.)—With Conservatives hoping at best to secure only eight or ten seats, Liberals only conceding four to their opponents...

The Liberal sweep is so great as shown in practically complete returns to-day that it staggers not only Conservatives but Scott's supporters themselves...

Saskatchewan Extends Glad Hand to Republic Despite Indignation in East Over Taft Letter, Says La Patrie—Serious Menace to Confederation.

MONTREAL, July 12.—(Can. O. Henry's Stories

The first of a series of short stories by O. Henry appears in this week's Sunday World. It is entitled "The Octopus Married" and is considered by many critics to be one of his best.

The late Mr. Henry was one of the best American short story writers, and his books have been numbered amongst the "good sellers."

FIGHT IN BOARDING HOUSE RESULTED IN MAN'S DEATH MANSLAUGHTER CHARGED

John Biglow, Proprietor of Parliament St. House, Tried to Stop a Quarrel Among Boarders Who Were Drunk, and Struck Walter Collier a Blow Which Later Caused His Death.

Twelve hours after he was struck in a quarrel in John Biglow's restaurant at 499 1-2 Parliament-street on Thursday night, Walter Collier, 30 years old, died in St. Michael's Hospital yesterday.

The quarrel followed a drunken brawl in Biglow's rooming house, which is located above the restaurant. At midnight Thursday Collier got into a fight with a room-mate and Biglow interfered. He struck Collier behind the ear, rendering him unconscious and causing a concussion of the brain.

SANDFORD FLEMING FARM PURCHASED FOR \$140,000

Sir Henry Pellatt Has Bought the Property Near Weston Which Was Divided into Building Lots Between 1850 and 1860.

In 1856 Sanford Fleming, since Sir Sandford, bought the 200 acres at the northwest corner of Keele and Eglinton-avenue, two miles north of where the city extends to now, subdivided it, laid out streets lined with trees, and sold some of the lots. How many records do not tell.

The property was originally owned by George T. Denison, father of the magistrate. He secured it from the crown in 1840. The west half, 100 acres, he sold to George Madill in 1848 for \$628. Madill sold to George Evans in 1863 for \$1665, and the latter turned it over to Sandford Fleming in 1856 for \$2000.

JUDGE MAHAFFY DIED IN ENGLAND

Was a Strong Imperialist and Orangeman—Appointed to Bench in Muskoka in 1886.

BRACEBRIDGE, July 12.—(Special.)—Word has been received of the death in London, Eng., of Judge William Mahaffy, in his 65th year. Flags were at half mast on public buildings and members of the Orange order, of which he was a member, marched with badges reversed and banners draped.

He was born at Bondhead in 1848, and practiced law in Toronto for some years, coming to Bracebridge about 25 years ago, and building up a large practice. He was elevated to the bench in the Muskoka district by Sir John A. Macdonald in 1888. Judge Mahaffy was a strong imperialist and highly respected. He leaves a widow, two sons and one daughter, Arthur Mahaffy, K.C., M.L.A., Bracebridge, and Thos. Mahaffy, Saskatchewan, are brothers, and Mrs. Proctor of Toronto is a sister.

COLONEL COMES TO COPPER'S DEFENCE

Magistrate Denison Deplores the Criticism Hurlled at Policemen, and Speaks in Their Favor at Banquet Tendered to the Police Chiefs.

"Too much criticism is hurled at the policeman," declared Col. Denison last night, when proposing the toast to the International Association of Chiefs of Police at a banquet tendered to the visiting chiefs in the King Edward Hotel by the Toronto Police Athletic Association.

"The policeman does not always get fair treatment in the newspapers. When an emergency arises he has no law-books to consult. He must use his own judgment, and he cannot know all the law. I tell you that many of the judges do not know all the law."

Rich Men Complain. "Rich men are inclined to complain because we bother them about the speed of their automobiles and sometimes treat them harshly. I do not care for a man's riches. I am only thankful that I no longer have to concern myself with the misdeeds of the wealthy. The speeders of automobiles are petty criminals. It is with the murderers and the burglars, the very aristocracy of crime that I am called upon to deal."

An Honest Force. "We have labored to make our force honest. I believe that there is no policeman in Toronto to-day who would discredit the force by taking a tip. We have also tried to keep politics out of the force, and I think we have succeeded."

Wiser and Broader. Chief Sylvester of Washington, president of the association, responded to the toast. Many of the visitors had come to Canada, knowing nothing of the country. They would return to their States wiser and broader for the experience. All were engaged in a common cause, whether it was to the north or to the south of the border line. Chief Sylvester paid a glowing tribute to the worth of Commissioner Sherwood of the Dominion police, as also to Chief Graesset and Deputy Chief Stark of Toronto.

The ball room of the King Edward was gay with flowers and lights on the occasion of the banquet, and there was no lack of good-fellowship. Many of the chiefs' wives were present, and all the notables in Toronto police circles were on hand. Chief Graesset was toastmaster and proposed the toasts to the King and to President Taft. Topical music rendered by the orchestra was greeted with cheers and applause by the visitors.

FAULTY ORDERS FATAL

Despatching System on Brantford-Hamilton Line Blamed.

BRANTFORD, July 12.—(Special.)—The coroner's jury empaneled to enquire into the circumstances surrounding the death of George Williams, conductor on the Brantford and Hamilton express car, who was killed in a collision a week ago, with a work car, near Cainsville, returned a verdict here that the accident was due to the faulty system of despatching on the road.

It was pointed out that crews of cars should not be left to look after themselves, which order Despatcher Foster said he had given. Foster's story was denied, however, by both conductor and motorman on the work car.

ANOTHER GRAIN GROWERS' INVASION?

THE NUMBER FORTY MUST HAVE MEANING
Strange Coincidence That This Number Should Occur So Many Times Without Special Reason.

Have you ever noticed anything peculiar about the number forty? These figures seem to have had an unusual bearing on events, both past and present.
We all know the story of the "forty" thieves, and the old verse of the "forty" flags. Then there are the members of the French Academy known as the "forty" immortals; and the old slang for "going some" was "going like forty."
But the most interesting list of occurrences in which this mysterious "forty" is to be found is in the Bible, as shown in the following:
The rain that produced the flood fell for "forty" days and "forty" nights, and after it ceased it was "forty" days before Noah opened the ark. Moses was "forty" days on the mountain fasting and the spies spent "forty" days investigating matters in Canaan before making their report. Elijah fasted "forty" days in the wilderness, and Jonah gave the people of Nineveh "forty" days in which to re-

The Bible is always interesting, but the one distributed by The World has an added feature of interest in its magnificent illustrations. Besides these which are printed with the text matter and which were prepared at an expense of \$50,000, there are numerous full page color plates from the world famous Tissot collection. All of these "eye-teaching" pictures have a direct reference to the verses which they accompany, which cannot be said of any other Bible.

WILL TOUR NORTH TO ASCERTAIN ITS NEEDS

How Government Will Spend \$5,000,000 in New Ontario Will Be Decided by Hon. W. H. Hearst, Who Leaves Shortly to Look Over the Territory.

Hon. W. H. Hearst, minister of lands, forests and mines, leaves Toronto in a day or two for a short tour of inspection thru the north country. Mr. Hearst, on this occasion, will go over the Timiskaming district only, and will cover the rest of New Ontario during the summer.
While in Timiskaming he will carefully inspect the work of building colonization roads in the vicinity of Cochrane, which is under the supervision of J. F. Whitson, chief highway engineer in the north.
How the government will expend the \$5,000,000 grant which was appropriated by the last parliament, to develop and colonize New Ontario will be revealed undoubtedly at the end of the summer when Mr. Hearst has found out all the needs of the various districts up north. The minister of lands will spend more than a month during the summer in New Ontario looking over the ground and finding out thru personal observation the needs of the new and undeveloped territory from the Quebec boundary to Rainy River.
A record has been made this year in colonization work. The north country has received more publicity during the past few months than ever before with the result that the country is being settled with greater rapidity. Even Mr. Hearst, himself, is surprised at the great progress. Already this year it is stated by authorities that six times more settlers have taken up land in New Ontario than in the corresponding periods of preceding years.

SPEED MEETING NEXT SATURDAY

Disbrow and Other Motor Car Racers Will Try for Records on the Exhibition Track.

Next Saturday, July 20, will see the invasion of the National Circuit Automobile Race into Canada when the first big professional automobile speed meet opens here at Exhibition Park. The track is to be specially treated for the races, and everything will be provided for the staging of contests similar to those recently run at Old Orchard Beach and Montreal. Disbrow will try for the half-mile track mark here and will also take part in four big open races with other noted daredevils.
Disbrow first began racing in 1904 and since then has been a prominent figure in practically all the big races run on both road and track. At Jacksonville, Fla., last year he beat a field of drivers said to be the best that ever faced a starter, but to annex a victory he had to establish new world's records for distances of 150, 200, 250 and 300 miles. Last winter, while touring the Pacific Coast with his 200-horse-power Jay-Eye-See Flat racer, he lowered the world's mile mark on a two-mile dirt track to 33 2/5 seconds. A couple of weeks later he added three more world's records to his list of achievements and then finished his trip at Los Angeles by lowering the world's mark for 600-cubic-inch cars for five miles, and won three out of five races in which he started.
Disbrow drove the first American car across the line at Savannah, Ga., in the grand prize race last fall, and won the Fairmount Park race in a National. With the other drivers he will arrive in

Be Very Careful Where You Buy Your Outing Suit!

You can see two-piece suits every day that look and hang like a rag. Remember there is only one thing that will compel thin suits to keep their shape—that is real HAND TAILORING. Summer fabrics are too light weight to stand up of their own accord. Most of them are as expressionless as a brass image. From our own modes and materials we tailor you garments that faithfully represent the very last minute in fashionable "Outing Suits." They have those spirited lines of life that almost show the muscles through the cloth. Avoid the oafish garments that have no style and the "tawdry" kinds that "burlesque" true style.

Our Fall Style Book Is Ready. Sent Free On Request.

Saturday & Monday SPECIALS

- Just now we are making a big feature of the two-piece fabrics. They are smart, fashionable, and classy; light in weight, toneful in color and pattern.
\$13.50 Choose from the real Halifax homespuns and fancy tweed effects. Tans, greys, cream. A nice range of striped grey flannels included. Coats partly lined, patch or inside pockets, cut two or three buttons, rounded corners, natural or padded shoulders. Trousers with belt loops and turn-up cuffs.
- \$17.50** Some real rich fabrics in striped blue and black flannel on cream and white backgrounds. Distinctive fabrics, also the "Islay" tweeds and homespuns in the new color tones of tan, drab, and mixtures. Made in two pieces, American or English style coats, trousers with belt loops and cuffs.
- \$22.50** The lightest material woven. "English Mohair," so light that the entire suit weighs but a few pounds. Faithfully construes the very underbreath whisper of fashion in New York and Paris. We have the materials in the new browns, greys, drabs, and Oxfords. Dressy men will appreciate these high-class materials. They are in a class by themselves.
- \$19.75** Coronation, University, and Killarney Serges. These are standard brands, pure dye, all wool, in deep blues and blacks, fine and coarse weaves. Suit of three pieces. Also, plain and fancy tweeds, worsteds, and chevits in medium weights. A special showing for Saturday and Monday of finely woven grey worsteds in light weight.
- "Odd Suit Ends" We are clearing the balance of all "odd" suit ends. Just enough in each for a pair of trousers. Includes serges, worsteds, tweeds, etc., that sold as high as \$6, \$7, and 8. Saturday and Monday, \$3.95.

Fall Lines on Display

According to our usual custom in July, we desire to announce the complete arrival of our fall lines in suitings and overcoatings. The assortment is larger than at any previous season, and wise buyers will take advantage of early selection while the stock is at its best and practically unbroken. Come in and see what the new styles and patterns are for fall.

These horses were purchased for the purpose of the Dominion Government at the Military Training Camp at Petawawa, Ont., and they are very fine types of horses. The highest prices were paid in their purchase, and each and every horse was passed upon by a government veterinarian, and a number branded upon its hoof. It has been freely stated by the officers in charge at Petawawa that a better lot of horses were never sent to camp. In purchasing the horses were selected very carefully, and they represent the best of good young country stock. There are 84 suitable for express, wagon and delivery purposes, and 114 of the heavy type, weighing 1350 lbs. each and upwards. Many fine saddle horses are in the lot.

FIFTY MARES AND FIFTY GELDINGS will be sold on TUESDAY, and FIFTY MARES and FORTY-EIGHT GELDINGS will be sold on WEDNESDAY.

There is not a penny reserve on any of the horses, and each and every one of them will find new owners if there's a bid at all.

The equestrian dog with Gentry Bros. Shows, at Dufferin Park next week.

Early to-morrow morning Gentry Brothers' shows will arrive in Toronto. They will immediately be despatched to the grounds at Dufferin Park, there to remain all next week. The Gentry shows cater expressly to ladies and children. The little ones who attend the performances are permitted to ride ponies or elephants, according to the desire of the youngsters. Every morning during their stay in this city the Gentry shows will present their unique street parade. Monday it will take the following route: Leave Dufferin Park at 10 o'clock, Brook-avenue to College-street, to Spadina-avenue, to Queen-street, to Simcoe-street, to Wellington-street, to Front-street, to Jarvis-street, to Bloor-street, to Dufferin Park.

For the Toronto engagement the price of admission is reduced to 25c and 50c. Every day next week there will be two performances, the first at 2 o'clock and the second at 8 o'clock in the evening. The doors will open one hour earlier.

GRAND RAPIDS RACES CLOSE

GRAND RAPIDS, Mich., July 12.—Only a bad break in the third heat prevented Chimes Hal from taking the Northrup Purse, \$2000, for 217 pacers, in straight heats to-day. The event was the feature of the final day of the Grand Circuit meet here. Queenworthy won the 216 class, trotting, in straight heats. Mary G. had things pretty much her own way in the 212 class, trotting, winning in straight heats. Country Jay went a mile to beat 212, trotting under the saddle, and made it in 2:18. Reaney Macey was the rider. The summary:

212 class, trotting, three in five: Mary G. br.m., by Walnut Hill (Coc) 1 1 1 Helen H. Connor, b.m. (Floyd) 2 2 2 Phil Bars, blk.g. (Shively) 3 3 3 Onward Todd, b.h. (Dean) 4 4 4 Time—2:19, 2:18, 2:18.

Baron Todd, Wayside and Kingston Belle also started. The Northrup Purse, \$2000, 217 class, pacers, three in five: The Spy (Murphy) 1 1 1 Denver Jay, b.g. (Mace) 2 2 2 Wy-drad, blk.h. (Vestime) 3 3 3 Bradmont, b.g. (Fleming) 4 4 4 Time—2:04, 2:04, 2:04.

Hal B. Jr. Wins The Free-for-All

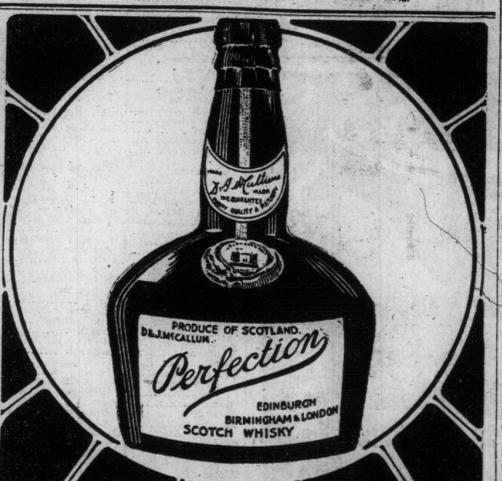

The Eel is Batten in Feature Race on Closing Day of Circuit Races at London.

LONDON, July 12.—(Staff Correspondence.)—This was the final day of the London Driving Club races. There were three on the card, with the extra attraction of the two fastest horses in Canada battling for supremacy—The Eel (2:04) and Hal B. Jr. (2:08). Mistle Hall (2:14) and St. Anthony (2:11). The time made in the first heat was very slow. Hal B. Jr. won it, but was placed last for interference with The Eel. Hal B. eventually won the race, and was cheered to the echo by his many friends from Stratford, the driver, Jas. Eason, being presented with a beautiful silver cup. The Eel went a good race, but Hal B. seems to have the Indian sign on him. Billie Simmons won his race in straight heats, with Nettle Ethon a good second. This closed one of the most successful meetings yet held by the London Club. The summary:

First race—2 1/2 mile class, pacing, purse \$400: Billie Simmons, br.g.; Lomas Bros., Eganov (Eason) 1 1 1 Nettle Ethon, br.m.; R. J. McBride, Toronto (McBride) 2 3 2 Silver Joe, gr.g.; F. MAHER'S HORSE EXCHANGE

16 to 28 HAYDEN STREET Canada's Leading Horse Market

Two Auction Sales NEXT WEEK 300 HORSES

MONDAY JULY 15th at 11 a.m. THURSDAY JULY 18th at 11 a.m.

175 HORSES 125 HORSES
Several of our shippers have advised us of their intention to send in their regular consignments for Monday's sale, most of which will be carload shipments. There is no doubt, therefore, that there will be any lack of stock for our trade next week, but rather more than will fill the demand. The quality of horses arriving on the market lately has been of a good standard, and next week's lots will be a trifle above, rather than below, the average. Prices are lower than they have been for some time, and are expected to be a month from now and for an indefinite period thereafter. Therefore, prospective buyers will do well to secure the horses they require now rather than later on. Our consignments next week will cover all classes of horses, and we have also special lots, one of which is being

CONSIGNED BY A CITY GENTLEMAN, a dark bay thoroughbred mare, 4 years old, 15 hands high and sound, sired by "Pontiac" (imp), out of "Golden Valley," registered in the United States and Canada, and papers guaranteed. She is perfectly broken to saddle, and is a nice jumper. This mare is consigned to us for unreserved sale.

EVERY MONDAY AND THURSDAY we also sell a number of serviceably sound workers and drivers consigned to us by city people who have no further use for them, also new and second-hand harness and vehicles of every description. DO YOU WANT to put some of your horses on grass for the summer months? Write us or Phone North 3920 for particulars and rates.

ALL HORSES sold with a warranty are returnable by ROND, Belt Line or Church cars will bring you to within half a block of our stables.

P. MAHER, Proprietor. GEO. JACKSON and GEO. FITCH, Auctioneers.

walsh's team are Mitchell, Jaffray, Brewer, Miller, Goss, Williams, Mori, Armstrong, Henry, Webster, Caruthers, Featherstone, McKie, Spence, Dewsbury, Gillespie.

Davenport Albions' game against Baracas is postponed till later date. Intermediate game against Salopians will be played on Trimos grounds, Lambton. The team will be: Riley, Murray, Tilley, Dana, Ellis, Blackman, Howitt, Snelling, Beading, Fidler, Armstrong. All reserves to attend. Meet this afternoon at 2:45 o'clock, corner Keeler and Dundas-streets. Take special car to Lambton. Game commences 3:30 o'clock.
The Old-Country F. C. meet the West-end in a T. & D. League game to-day on the Queen Alexandra School grounds, Broadview-avenue. The following players are requested to meet at the grounds at 4 o'clock, viz.: Kerrison, Smith, Colquhoun (capt.), Small, Hay, Nesbit, Donnell, Easons, Hunter, Cooper, Storry, H. Donnell. The O. C. C. are playing two new half-backs, G. Small, late of Thistles, having signed, and he will greatly strengthen the half-back line. The other new man is Nesbit, late of Kilsyth, Scotland. Christies v. Easons at Estons' grounds this afternoon will be picked from Williams, Foxton, Bannister, Gent, Finlay, Whips, Spence, Proudfoot, Hanna, Butcher, Rogers, Freeman and Carey.
Don't forget the Leazes Picnic Wednesday next at Jackson's Point. Special train leaves Union 9:30 a.m. Return fare \$1.15.

Reinhardt's of Toronto. Feeling The Heat? There's no reason why you should go about with a parched palate and thirsty throat. Just call for a bottle of sparkling, invigorating, thirst-quenching STERLING ALE. It is a most delightful beverage for this sultry, summer weather. Keep a supply of it in your own home—it is absolutely chill-proof and pours out clear as crystal with no sediment. STERLING ALE has just hit the public taste because of its absolute purity—no thing but the choicest hops, selected malt and pure sterilized water is used in brewing STERLING ALE. INSPECTION INVITED. Brewed and bottled at the Brewery.

Kuntz's ORIGINAL LAGER. Famous for 60 Years for its high quality and matchless flavor. A sparkling, vigorous, spring-water lager that goes right to the dry spot, quenches your thirst and greatly refreshes you. Often imitated, so look for the word "Waterloo" on the label. Brewed from the finest ingredients, including pure, crystal-clear water from the famous Kuntz Springs. The analysis of this water shows that it is equal, if not superior, to the water used in brewing famous English ales. It requires an exceptional water for a high-class ale. That's why Kuntz's Fine Sparkling Ale is superior to ales brewed from ordinary water. That's why it has a brisker, more vigorous flavor and is more refreshing. The next time you drink a glass of ale fill it from a bottle of Kuntz's Fine Sparkling Ale and enjoy the latest brewing triumph of the famous old House of Kuntz. Kuntz Brewery, Ltd., Waterloo, Ont.

Heard About "Fruit-a-tives" and After Taking a Few Boxes Was Cured—Another Triumph For This Wonderful Medicine Made of Fruit.

"Fruit-a-tives" will cure Constipation just as surely as quinine will cure chills and fever. "Fruit-a-tives" is a cathartic for all liver troubles because "Fruit-a-tives" is the one remedy that acts directly on the liver.

The cause of Constipation is that there is not enough bile poured out by the liver to make the bowels move regularly. When the bowels do not move every day, poisonous matter is absorbed by the blood. This is why those who suffer with chronic Constipation also suffer from Indigestion, Sick Stomach, Headaches, Pain in the Back, and often Skin Diseases.

Fruit is the only true liver stimulant. Fruit causes more bile to flow into the bowels and bile is nature's laxative.

"Fruit-a-tives" is the only medicine in the world made of fruit juices and tastes, will always cure Chronic Constipation. The letter of Miss Goodall, printed below, confirms the truth of this strong statement.

MISS E. A. GOODALL.

Edmonton, Alta., November 20th, 1911.

"I have been a sufferer ever since babyhood with that terrible complaint, Chronic Constipation. I have been treated by physicians and have taken every medicine that I could hear of, but without the slightest benefit. I concluded that there was no remedy in the world which would cure that horrible Constipation. At this time, I heard about 'Fruit-a-tives' and decided to try them, and I beg to state that the effect was marvelous. The first box gave me relief and after using a few boxes, I was entirely well of a complaint from which I had suffered for so many years. 'Fruit-a-tives' is the only medicine that ever did me any good for chronic Constipation, and I want to say to all who suffer as I did—why suffer when there is a perfect cure in 'Fruit-a-tives'."

MISS E. A. GOODALL.

If you suffer with constipation, torpid liver or biliousness, take "Fruit-a-tives." 50c a box, 6 for \$2.50, trial size 25c. If for any reason you are unable to obtain "Fruit-a-tives" in your neighborhood, they will be sent postpaid on receipt of price by Fruit-a-tives, Limited, Ottawa.

RECIPES.

- Rhubarb Marmalade.**
Peel five pounds of rhubarb and cut in one-inch pieces. Put in a preserving-kettle, add six pounds of sugar, cover and let stand overnight. In the morning, bring to the boiling point, and let boil twenty minutes; then add one pound of figs, chopped very fine, and the grated rind and juice of three lemons. Stir until well mixed, again bring to the boiling point, and let simmer three hours. Turn into marmalade jars or jelly tumblers and seal.
- To Serve With Salad.**
A novel way to serve midge pickles, either with afternoon or evening refreshments, is to make a plain lemon-jelly and pour a little in a shallow pan. When this begins to harden, place the midge pickles and small pieces of pimento in rows and cover with more of the lemon-jelly. When the gelatin has hardened, cut in small rectangular pieces in such a way that each piece contains a pickle and a bit of pimento.
- A New Sandwich.**
Mix boiled salad-dressing thick with walnut-meats cut fine and add one half cupful of chopped mint leaves to one half cupful of dressing. Spread between thin slices of bread. Fine for Sunday night tea.
- To Stone Cherries.**
A good way to stone cherries is to use a common steel writing-pen, turning the point into a new pen-holder, thus making a little scoop so that it fits the stone and removes it without bruising the fruit at all.

IS NOT AWAKE TO NEEDS OF TORONTO

G. Frank Beer, Retiring Chairman of Local Branch of Canadian Manufacturers' Association, Criticized the City Council and Pointed Out the Necessity of Better Facilities

G. Frank Beer, retiring chairman of the Toronto Branch of the Canadian Manufacturers' Association, delivered an interesting address at the annual meeting at the R.C.Y.C. Centre Island, Thursday, during which he pointed out many problems facing the city council. There was a large crowd of members in attendance.

Mr. Beer deplored the lack of foresight in the city council, and made many valuable suggestions. He said that town planning, better housing conditions, the purchase of parks and playgrounds, better suburban and city passenger services were some of the most important problems to be solved. Speaking about the effect of the defeat of reciprocity, he said that it would be useless to try to disguise the fact that the west (Alberta and Saskatchewan) is keenly disappointed over its failure to obtain access to the larger markets of the United States. So long as this feeling prevailed, it cannot be said that reciprocity is dead. He advocated the building of branch factories all thru the west in the event conditions made it possible to do so.

How to Get Industries.
Reverting to the matter of town planning, he said that all manufacturers in Toronto were heartily in sympathy with the movement. Proper town planning would not fail to help in establishing new industries and expanding of old ones. Ashbridge's Bay, valuable as it may ultimately prove to be with its 800 acres of redeemed land, cannot alone supply suitable sites for all the factories that will seek location in Toronto. The land immediately joining railway lines in the suburbs should be planned for industrial and not for housing development. Such would mean a rational development of workshops and warehouses near railway lines, with the residential districts removed from the dangers and discomforts of a steadily increasing traffic.

Probably nothing would advance Toronto's industrial development more surely or more speedily than an available supply of trackage at a reasonable price, coupled with residential districts nearby, so that the worker could lose little time in going to or returning from work. The working day under present conditions is unduly prolonged by the distance between the home and the factory and the lack of any provision for rapid transportation.

More Foreign Trade.
He touched upon the true and false economy in municipal expenditures, in which he said that to meet all requirements Toronto must increase the amount of money from an increasing year. Less attention should be paid to the tax and more attention to the way city revenues are expended. "I need only refer to the filtration plant, just completed, and to the recent collapse of the conduit on St. Clair-ave. as showing the need for the exercise of more foresight in civic undertakings," he said.

Better Housing.
In the course of his remarks Mr. Beer strongly urged the need of a new assessment act, so that present discrimination among land owners would be eliminated.

Respecting the necessity of better housing, he said that manufacturers were coming to realize that the basis of efficiency was the home life. The recent movement inaugurated, he hoped, would lead to an organized effort to cope with the situation on an extensive scale.

Toronto, he said, was far behind other cities of equal size in regard to suburban passenger service and to rapid transportation. "We hope that our reasonable expectation may be met in the near future by a service of subways, of radials operating in conjunction with the street railway and of steam transportation, that will not only benefit our industries but afford a large measure of relief from overcrowding and other evils in the business centre of the city."

"The Bloo-st. viaduct will, it is hoped, soon be constructed, and once it is disposed of the board of control should give attention to the matter of diagonal thoroughfares, east and west," he concluded.

ROMAN CATHOLICS PROTEST

Archbishop's Ban on College at St. Johns, Que., Resented.

ST. JOHN'S, Que., July 12.—(Can. Press.)—Many Roman Catholics here are indignant over the action taken by Archbishop Bruchesi against the College of St. Marie de Mannoir and a meeting of protest will be held.

Several prominent clergymen, including Judge Menet, have notified the college that they will send their children and make a test case at Rome if they are excommunicated. The brothers have been forbidden to reopen the college in September and Roman Catholics have been warned by Archbishop Bruchesi that it will be considered a grievous sin to send their children to the college if the brothers should reopen it despite the orders of the head of the diocese.

HIT BY A BRICK

Edward Devitt is Badly Injured With Fractured Skull.

Edward Devitt, a bricklayer's laborer, of Davisville, was struck on the head by a falling brick at 90 Sherbourne street yesterday and sustained a fractured skull. Devitt was mixing mortar when the brick fell. Dr. J. Ball was summoned when the accident happened. He ordered the man to be taken to St. Michael's Hospital immediately. He was taken there, and the delicate operation of trepanning was made. It was successful. Devitt will survive.

Belleville's Downtown Station.

Toronto people who go to Belleville over the Canadian Northern Ontario are keenly appreciative of the fact that the station of this line is located down on the waterfront, easily within five minutes' walk of the business and residential districts and of the principal hotels of the old city. From Trenton, where closest connection is made for Picton, Wellington-on-the-Lake, and all other Central Ontario Railway points, the C. N. O. skirts the shore of the Bay of Quinte, and its trains enter Belleville at the loveliest spot in the city. The station is cutting across the fine old waterfront park, just before they reach the depot.

The passenger steps from his train to a platform where the cool lake breezes sweep—no dust, no heat and all the discomforts usual to a railway station are absent. The walk up town is a matter of pleasure.

There is a Canadian Northern Ontario train of superior equipment which leaves the Union Station for Belleville and intermediate points, at 9:30 a.m., and another at 5:40 in the evening, splendid hours for the business man and the regular traveler. Returning in the morning, there is a train leaving Belleville 7:30 a.m., and another at 8:15 p.m., the most convenient hours which the passenger department could select. On Saturdays a train departs from Toronto at 2 p.m., returning to the city Sunday night. This Saturday and Sunday service affords a splendid opportunity to visit relatives or friends in Prince Edward County without loss of time, and connections are effected at Trenton to all points along the Central Ontario line.

HOW WEST YORK CELEBRATED TWELFTH

Orange Association Paid Great Tribute of Respect and Loyalty to the Late Clarke Wallace at Anniversary of the Boyne Victory in the Town of Woodbridge.

No more striking tribute to the memory of the late Clarke Wallace, no more eloquent evidence of the loyalty which fills the breast of every Orangeman, could have been expressed than that of yesterday, when within sight of his final resting place in Christ Church Cemetery, the late Clarke Wallace's brethren of his old Orange County of West York celebrated the 22nd anniversary of the Battle of the Boyne.

Always powerful in numbers and influence, West York's turnout yesterday showed in a striking manner the wonderful growth of the Orange Association. Compared with the good old days when the late Hon. Clarke Wallace championed the cause of Protestantism by occupying the master's chair in the county lodge of West York, the membership has increased ten-fold, while no limits can be placed on its power and influence. The electoral district of West York that elected him with a majority that was the greatest ever given a Canadian public man up to that date was practically identical with the Orange County of West York to-day. When the issue involved is Protestantism, West York votes solid.

Scene in Ward Seven. Heavily laden trains brought enthusiastic Orangemen and their friends from the north and south yesterday. Woodbridge was the mecca of all West York and his wife, and the crowds from Toronto, Junction district and the southern end of the county were unusually large. The majority of the lodges of Toronto Junction district assembled at St. James' Hall, at the corner of Pacific-avenue and Dundas-street, and marched in procession to the C.P.R. station to the triumphant accompaniment of the big pipes.

At the head of the procession was the Carlin Purple Star L.O.L. No. 892, led by pipers, while the Golden Star L.O.L. No. 900, which has a membership exceeding 200, and is considered the largest in the jurisdiction of British America, made an exceptionally brave display. Runnymede L.O.L. was headed by its own fife and drum band, and following it were the Lambton, Hunter and New Toronto lodges. The parade was marshalled by Charles Yeatman sr., the county director of ceremonies. At the station the procession was swelled by the Eglington L.O.L. No. 292, under the superintendence of W. R. Fenwick, W.M.; W. Bro. W. J. Douglas, county master of West York, and R.V. Bro. C. A. B. Jennings, grand director of ceremonies of "Castro" West.

East and North York. East York was headed by Coronation L.O.L. No. 215 of East Toronto, and they were attached to the lodges from Aurora and North York. Fairbairn Lodge, under the guidance of W. and Rev. Bro. A. J. Spencer, W.M., and the St. John's Lodge of East Toronto, with their respective members, also swelled the throng. Veterans like George Scime, J. J. Fenwick, "Tommy" Thompson, Frank Reeves, and Robert Allen declared that the parade beat all previous records.

When the visitors arrived at Woodbridge they were welcomed by the reception committee, M.W. Bro. T. G. Wallace, M.P.; "Len" Wallace, Clarke Wallace, A. T. Secord, and R. L. McRide. After lunch a procession was formed with the park as its objective. There the crowd listened to speeches by prominent Orangemen, and afterwards witnessed the football matches and other sports.

At Grand Master's Grave. During the day there was a constant stream of visitors to the grave of the late grand master of the Orange Association. Marked by a monument of plain design with a simple inscription, it simply sets forth to the present and future generations of loyal Orangemen the date of the birth of Nathaniel Clarke Wallace, and states that he died in his native village of Woodbridge. His great achievements as a publicist and a Protestant. Above the inscription are the royal arch symbols of the association, the whole forming a simple yet eloquent reminder of a life well lived.

LEVIED 78 FINES IN YORK COUNTY

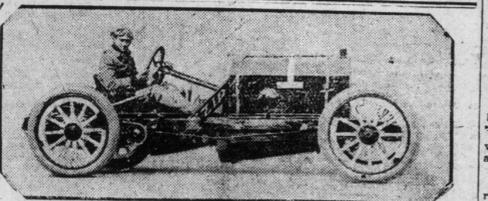

Great Many Convictions for Minor Offences by J.P.'s—Engineer Getting Estimates for Hydro at Uxbridge.

The schedule of returns of convictions before the justices of the peace for the County of York, shows that there were 78 cases heard by county J.P.'s during the quarter ending May 31. None of the cases were of a very serious nature, the majority being auto and motor cycle speeding, or autos

without lights. There were cases of assault, nine disorderly conduct, one drunk and disorderly, one drunk, three cases of trespass, two of keeping a disorderly house, two of cruelty to animals, one of ill-treating a child, and two of breaking jail. The fines levied amounted to \$165.

Mr. Caster, one of the engineers of the hydro-electric commission, visited Uxbridge in the early part of the week for the purpose of making an estimate of the amount of power which the town would require if the lines were constructed thru there. The commission has found that it is impossible to obtain correct estimates from municipalities, and hence has adopted the course of sending out its own engineers. The other towns along the proposed line will be visited, and similar estimates prepared.

Richmond Hill. The annual excursion of the Richmond Hill fire department took place on Wednesday last, when an enthusiastic party proceeded by way of Port Dalhousie and St. Catharines to Niagara Falls. The return was made about 11 p.m., after a most enjoyable day, minus a few hats and a hand bag

Wife Missing.

Chief Constable McIntosh has been requested by Mr. Wm. Moulds of 53 Sherwood-ave., to try to locate his wife, who was last seen at Mr. O. Moulds' house in Darville on Tuesday afternoon at 4 o'clock. On enquiry at Aurora, where her daughter resides, the police could gain no information, and her relatives and friends are very anxious as to her welfare. The chief constable is that, unknown to her husband, Mrs. Moulds took with her a supply of clothing as if she contemplated a visit of some duration.

Interviewed by a World reporter yesterday, Chief Constable McIntosh of North Toronto stated that the unwelcome Hungarians are living, had given the tenant a month's notice to quit.

Over fifteen hundred members of the Orange Order assembled at St. James' Hall, Dundas-st., yesterday morning and marched down Dundas-st. to the Joyce-ave. C.P.R. station, where they took the special train for Woodbridge. Lodges from all over the city, York, and Peel Counties were represented. The local lodges returned at 8 o'clock last night and paraded from the station to St. James' Hall.

Yesterday afternoon at 1 o'clock, B. Padilla, a driver for the Canadian Swift Co., had his left foot badly crushed. He was loading a barrel of oil on to the wagon on Dupont-st., when he lost his grip on it, and it fell, crushing his foot badly. He was driven to Dr. Gilmour, at the corner of Keele and Annette-sts., where his injury was attended to. He will be unable to resume work for a couple of weeks.

Bert Woodley, a 14 year old boy, residing at 481 Salem-ave., had a very severe fall yesterday afternoon at 8 o'clock, when a horse which he was watching on St. Clair-ave., stepped on him. Dr. Gilmour attended to his injury, which though not serious, is rather painful, and will necessitate his using crutches for a week or so.

The West Toronto Chapter of the Sons of England will hold their annual church parade to St. Mark's Church, Ford-st., next Sunday afternoon at 3.30.

AGRICULTURE NEWS AND CROPS LIFTED WHEAT MARKET

Reports of Deterioration in American West and Fears of Crop Scarcity Turned Drift of Prices Upward - Corn and Oats Higher.

OHIO, July 12.—Rust reports from two states to-day against two counties heretofore gave the wheat market a decided upward slant. There was a nervous close with prices 1-2c to 1-4c over last night. Final trades in corn ranged from unchanged to 1-2c advance, and oats showed a rise of 2-3c to 1-4c. Provisions were strung out from 15c off to the same level as 24 hours back.

Table with 2 columns: Commodity and Price. Includes items like Peas, Hay, Straw, Potatoes, Cabbage, Dairy products, and various meats.

It was on news that black rust had appeared in the northern part of South Dakota that the wheat market touched the high point. Despite considerable primary receipts, the majority of speculators seemed determined not to become excited until word of serious spread of the plague was confirmed. A third county in Minnesota was added to-day to the two mentioned previously as affected by rust. There was also talk of damage northwest by Hessian fly and the blight and the prospect of a strengthening effect on corn. Early in the day, however, prices were easy on account of selling by prominent houses.

The wheat bulge and the prospect of rain where not needed counted later against the bears. Oats worked higher owing to uneasiness of July shorts, who were uncomfortable as a result of smallness of stocks in Chicago. Country offerings from the new crop were mostly for deferred shipment.

Signs of a falling off in European demand for hard acted as a drag on the provision market. The average steack back compared with last night was about 1-2c.

Receipts of wheat at northwest primary points, with usual comparisons, are as follows: Week Year Chicago 5 6,000 Duluth 15 59,116 Winnipeg 20 10,000

European Markets. The Liverpool market closed to-day 1/4 higher to 1/2 lower on wheat, and 1/2 higher to 1/2 lower on corn. Wheat at Berlin closed 1/2 higher, Buda-Pest 1/2 higher and at Antwerp unchanged.

Argentine Shipments. The weekly Argentine estimated shipments follow: This wk. Last wk. Last yr. Wheat, 1,500,000 1,500,000 1,500,000 Corn, 2,000,000 2,000,000 2,000,000

Broomhills Cables. India—Shipments: Wheat, 2,622,000 bushels this week, against 2,900,000 last week and 1,800,000 the week before. Estimate next week 2,622,000 bushels.

World's Estimates. Broomhills estimates: Wheat and flour shipments for the week, exclusive of North America, 2,700,000 bushels, against 10,283,000 last week. Of this Europe will take about 8,000,000 bushels. From indications now at hand the supply at the produce market to-day will be very ample, in spite of the recent warm weather. Butter alone, it is said, has suffered except where farmers are well prepared to keep it cool.

Eggs, butter, cheese etc., were easy yesterday on the produce market, with no changes recorded. Wheat, fall bushel, \$1.05 to \$1.06. Oats, bushel, 80c. Corn, bushel, 70c. Potatoes, bushel, 1.00. Cabbage, bushel, 1.00. Apples, bushel, 1.00. Peas, bushel, 1.00. Beans, bushel, 1.00. Chickens, per lb., 10c. Turkeys, per lb., 10c. Eggs, per dozen, 1.00. Butter, per lb., 1.00. Cheese, per lb., 1.00.

ST. LAWRENCE MARKET. Although the price of fowl and chickens for this season of the year is considered to be very strong for live weight, wholesalers report that there is a scarcity on the market. Live weight fowls are quoted at 10c to 12c a pound, with spring chickens at 12c and 14c.

Only three loads of hay reached the market yesterday and the No. 1 quotations remained the same. From indications now at hand the supply at the produce market to-day will be very ample, in spite of the recent warm weather. Butter alone, it is said, has suffered except where farmers are well prepared to keep it cool.

Eggs, butter, cheese etc., were easy yesterday on the produce market, with no changes recorded. Wheat, fall bushel, \$1.05 to \$1.06. Oats, bushel, 80c. Corn, bushel, 70c. Potatoes, bushel, 1.00. Cabbage, bushel, 1.00. Apples, bushel, 1.00. Peas, bushel, 1.00. Beans, bushel, 1.00. Chickens, per lb., 10c. Turkeys, per lb., 10c. Eggs, per dozen, 1.00. Butter, per lb., 1.00. Cheese, per lb., 1.00.

Bell, Collector Ward No. 3; Samuel Blair, Assistant Collector Ward No. 4; S. H. McComb, Collector Ward No. 5; J. D. Woods, Collector Ward No. 6; T. Jackson, Collector Ward No. 7.

The City Hall will be open from 9 o'clock a.m. to 5 o'clock p.m. for the first four of the special days of collection, and from 9 o'clock a.m. to 7 o'clock p.m. on the last-mentioned special days, viz. 25th July, 10th September, 11th November.

First instalment payable from Saturday, 26th July, to Thursday, 25th of July, both days inclusive. Notice is hereby given, pursuant to Bylaw No. 6045, passed on the 13th day of May, that provision is therein made for the payment of taxes for the current year in the manner following:

Divisible Payments. The amount of general taxes may be divided into two instalments, and on the payment of such instalment a reduction of one one-half per cent. on or before the 25th day of July, and not otherwise, an extension of time shall be given for the payment of the second instalment to the 10th day of September, and on the payment of the second instalment a further reduction of one one-half per cent. shall be given for the payment of school rates to the 11th day of November.

Allowance for Payments in Advance. Ratepayers who prefer paying their taxes in full on or before the 25th day of July shall be entitled to a reduction of one one-half per cent. on the payment of the second instalment and the school rates, which might be deferred to the 10th of September and the 11th of November, respectively; but if only the second instalment is paid, a reduction of one per cent. only will be allowed on the second instalment.

Percentage. An addition of five per cent. shall be made to every tax rate or assessment or any part or instalment thereof remaining unpaid after any of the dates of payment specified in this bylaw, and the actual instalment or instalments then in default, and it shall be the duty of the collector of taxes to collect, by distress or otherwise, all such taxes or instalments of taxes as remain unpaid, together with the said percentage charge of five per cent. provided, however, that upon any taxes payable before the 11th day of November, and not paid on or before the day or days herein fixed for payment, the following percentages only shall be charged and payable:

On taxes payable on the 25th of July, if paid before the 25th of August, one-half of one per cent. After 25th of August, five per cent. will be added. On taxes payable on or before the 10th of September, five per cent. will be added. On taxes payable on or before the 11th of November, five per cent. will be added.

Failure to pay such instalments or tax as it becomes due not only forfeits the right of settlement by instalments, but brings the parties under the penalty of the Assessment Law, which enacts that, in case any party shall REFUSE OR NEGLECT to pay the taxes due, after demand, the Collector shall levy the same, with costs, by distress, and sale of the goods and chattels of the party who ought to pay the same. Do not put off payment to cover your payment. Cheques tenders for payment of taxes must be "marked" and made payable to the order of the City Treasurer. Addressed envelopes should be enclosed to ensure the prompt return of receipts.

R. T. COADY, City Treasurer. City Treasurer's Office, Toronto, July 3rd, 1912.

Chicago Gossip

J. P. Bickell & Co. from Logan & Bryan at the close: Wheat—Only for a minute at the opening was there any activity, and then the market followed the morning, the trade followed the selling in the morning. The market was a later swell, the buying was helped by black rust report from a county in South Dakota. In a general way the trade regarded the conditions over the northwest as favorable this morning, because it was cloudy and temperatures were much of the spring when conditions were wired that sunshine is needed for the big wheat crop. At the same time there was evidence of too much rain for the winter wheat harvest.

Dated July 6, 1912. 666 appointing American cables yesterday caused some profit-taking at the opening and values were unchanged to 1/2 lower, with the near week ending the decline. Following the opening the market was irregular and generally steady on the light Argentine shipments and expectations of smaller world's shipments this week. Spot markets were generally firm with few favorable reports from Russia and cargoes held at 1/2 to 1/4 advance. The strength in corn and the firmness of country markets helped the steadiness. Closing prices were 1/2 higher to 1/4 lower than yesterday.

ANOTHER SUDDEN RAID ON DOME EXTENSION AT HIGH RANGE

Porcupine Stock Drops to a New Low Record Price — General List Shows Sympathetic Action — Nothing Doing in Cobalt Issues.

World Closing, Friday Evening, July 12.

A sudden collapse in Dome Extension, which broke thru to a new low record at 15 1/2 and a sympathetic weakness in some of the other lesser porcupines, were the features of a rather dull session of the mining exchange to-day. Trading was nervous, the majority of the listed issues being quiet in only to the extent of a couple of board lots.

For some days there has been a large stock of Dome Extension overhanging this exchange and the burdensome selling which it has occasioned caught the market in the vulnerable position. The buying demand was undoubtedly very limited to-day, and in all probability the decline was due to the fact that the operations of the bearishly inclined interests, who saw in the financial situation of the company a good basis for putting out short the stock. After the low price had been reached the stock rallied a bit and the close at 17 bid represented a decline of little more than a point.

The general list did not come in for any voluminous trading and in the main prices held comparatively steady. Hallinger was off at \$11.10 all day and the close represented no alteration in the quotations. Pearl Lake dropped back to 27, the setting being inspired by the announcement that the big shareholders were asked to enter a pool. The Cobalt list moved entirely in the up direction, the active issues being right on a par with those of the preceding day.

RAND OUTPUT AT HIGH RANGE

South African Gold Fields Reach New Record for Production in Half Year—The June Output.

LONDON, July 11.—In June the mines of the Rand produced 73,888 fine ounces of gold, compared with 69,697 ounces in June, 1911, and 62,181 in the corresponding month of 1910. The output was valued at \$2,202,517, against \$2,907,854 in the same month last year and \$2,565,922 in June, 1910.

WEEK'S REVIEW ON LOCAL MARKET CHANGES

Intense heat gripped the live stock markets this week and buying tapered to a comatose state. Consumers are taking about 50 per cent less of meats than during the cooler weather.

The supply of cattle, although considerably reduced from that of one year ago, is very large bulk of it coming in the form of calves. The demand, however, is very light and good butcher cattle were offered. In the small stock, fat sheep, calves and lambs, the grades were generally poorer than one week ago.

Exporters decreased in price from 20c to 30c on the grass offered and were down from 80c to 60c below the quotations of two weeks ago. No well-fed cattle were brought in.

Butcher steers and heifers suffered a depreciation of 50c a hundred on the good quality, and the on the poorer grades. The following table shows the quotations fluctuated from 17.50 for the good of one week ago, to 17.25 to 17.40, and from 80c to 60c below the quotations of two weeks ago. No well-fed cattle were brought in.

Butchers Down 5¢.

Old hay is practically off the market and dealers have ceased to quote in wholesale lots. Several loads of new hay came in during the week and the price was 10¢.

Hay and Grains.

Old hay is practically off the market and dealers have ceased to quote in wholesale lots. Several loads of new hay came in during the week and the price was 10¢.

Vegetable—Berries.

New potatoes fell 2¢ on a barrel during the week, with the market well supplied. There was no change in price on small vegetables.

Berries dropped to a very low quotation the first of the week and closed low with no dealer being willing to make a price on the perishable stuff.

In general the local berry market was dull and heavy during the week.

Poultry (Alive and Dressed).

In union with the fall in the live stock, spring chickens and fowls went down in price. At retail spring chickens were quoted 10 cents a pound lower, dressed. The wholesale price ranged for the dressed articles from 20c to 20c; alive, from 18c to 22c.

Eggs, owing to the scarcity, stiffened to firm quotation, but remain at the old figures of 30c to 30c.

Stackers of a fair average held strong during the week and closed more firm than any other offering on the market. The buying was strong during the week, many farmers picking up cows and yearlings to take back to the farm. Several hundred head were returned to the grass. The stock quality averaged from 45.75 to 45.75, which was considered high, as compared with the price of beef cattle.

Mild showers were firm during the week and closed within the range of 40 to 45. The offerings were good and the sales rather brisk for this season.

Bull Market Up.

But few heavy bulls were received, which added in keeping the market up several notches higher, with less slump than on cows. The good class fell only one-half cent, while scrubby ones decreased a full cent. The close was from \$2.90 to \$3.20.

Hogs, under the influence of a very large offering with the market confined mostly to a local scope, no shipments to the west being made, fell from 17.50, 17.50, and 18¢ fed and watered, to 17.50 flat, 17.50, and 17.50 fed and watered.

Hay and Grains.

WEEK'S REVIEW ON LOCAL MARKET CHANGES

Hides and wool remain as quoted last week, with the offerings on the market. Prime beef did not change, but the cheaper grades slackened one-half cent a pound.

Total Receipts.

The total receipts of live stock at the City and Union Stock Yards for the week ending July 12, were as follows:

GOOD RESULTS AT THE HUGHES

Working on the 300 foot level has started at the Hughes mine in Northern Ontario. The new steam plan and compressor having been put in motion this week. Thirty feet had already been made by hand from the 150 foot level. Present indications are that the vein is either coming back into the shaft or that stringers of quartz show the values to extend over a larger extent of territory.

Frequently stringers are cut as the shaft work proceeds, and it may be that the shaft will be the main vein which showed up very strongly at the first level. At the 300 foot level, a crosscut was run 25 feet into the vein, where a body of ore 40 feet in width was cut. It is figured that the vein at the 300 foot depth may lie near to the surface of the 150 foot level. Considerable surface improvements have been made. In addition to the new power house, a larger water tank, that holds enough water to not only supply the boilers, but also to furnish a fire fighting supply, has been built.

BIG DAILY PROFIT AT MOTHERLODE

MONTREAL, July 12.—John McKerrin of the Motherlode, Shiner Creek Gold Mining Company, who is at the Windsor, has information from Manager Watson that the mine is making a daily profit of \$700. As the mill runs seven days a week, this represents a profit of \$4,900 a month. Some slight alterations are necessary to the mill, but these are of a very minor nature. The whole plant is running in a manner which gives every satisfaction to the management.

VIPOND MANAGER WILL STEP OUT

Chas. Polier, manager and engineer of the Porcupine Gold Mines (Vipond) has tendered his resignation as the active head of the mine and will continue as consulting engineer, a work which Mr. Polier is interested in, being in partnership with Eng. Howard and Polion of New York. Mr. Polier has made a most excellent record in his porcupine work and has been a step out from under the detail management of running a mine to take up in a broader way the consulting work. No announcement has been made as to his successor.

SECOND PAYMENT ON THE MCINTYRE

The second payment of \$50,000 has been made by the holders of the McIntyre Porcupine Mines to the owners and only one more payment remains, the amount being much smaller than the one just turned over. This comes due on Oct. 1.

Owners who participated in the \$50,000 are Arthur Ferland, Weldon Young, G. A. Barshaw, A. J. Young and Chas. Richardson. Two others who hold interests are not known outside.

ELK LAKE PROPERTY ENJOYS GOOD LUCK

The Silver Lake Mining Co., which property five miles north of Elk City, reports that five new veins of calcite and niccolite have been discovered during the spring and summer. On one vein five test pits have been put down and in one instance the stringer of calcite extended to 20 inches. In every pit silver values were secured, while in one instance very rich ore was encountered. The company expects to start work again on a much larger scale.

WANT HELP OF MOTOR OWNERS

Miss McNab Will Entertain Old Folks Who Cannot Walk From Cars to Her Home.

Miss Jessie McNab, who is conducting a series of open air talks on her estates Dundas Heights, at 360 St. Clair-ave., is giving a Scotch night on Tuesday next, and is anxious that men and women from some of the homes in Toronto should attend. As her home is too far from the cars for the old folks to walk there, she is anxious to have the assistance of owners of motor cars to get the people to and from her estate. Anyone who is willing to assist in the work is requested to call Miss McNab at Hillcrest 223, 400 St. George St.

The most successful meeting of the series was that which was held Thursday evening when men and women from all parts of the city were present. Mr. Brown of ward seven, was chairman, and Rev. W. A. Macgregor gave an especially interesting address of the work of the Christian Endeavor Society. The Alexander Choir, under the leadership of Mr. Palmer, again rendered many beautiful songs. Miss McNab sang two solos, one "Some One is Waiting for You," being especially appreciated by the large audience.

On Sunday afternoon, the Rev. S. Craig will be the speaker, and Miss Herob also will give an address. Mr. Craig's address will be based on the second and seventh chapters of Daniel, and the thirteenth chapter of Revelation.

Tuesday evening will be "Scotch Night," and Miss McNab intends to have old folks from some of the city homes present. She also will serve refreshments for them, and is anxious to have the assistance of those who own motor cars.

Flogging Dead Horse To Discuss Hell-fire

Canon Henson of Westminster Abbey Surprised That America Hasn't Long Discarded Belief.

NEW YORK, July 12.—(Can. Press.)—A London cable says: Commenting upon the "decision" that hell is a myth, arrived at by the International Bible Students' Association in session at Washington this week, coupled with requests that every minister in the United States publish his views, Canon Hensley Henson of Westminster Abbey, one of the foremost divines of the Anglican Church, said: "I think the American religious public is generations behind us, although I do not say that individual American divines are not the equals of ours on any question. Such discussion as this is inconceivable in a serious representative body here. People would say you were 'flogging a dead horse.' My predecessor, Dean (formerly Canon) Farrer, on publishing his book, 'Eternal Hope,' raised the controversy, but even the serious opposition was insignificant."

The Rev. R. J. Campbell, representing the Non-conformist feeling, took the same view, saying: "This seems to me a very belated pronouncement. I do not know any clergyman here who believes in eternal punishment; nor do I think any educated clergyman has done so for many years."

FLORIANIZING BORDEN

Many Engagements Will Include Lunch at Buckingham Palace.

LONDON, July 12.—(C.A.P.)—The next meeting of the Imperial Defence Committee takes place tomorrow, after which the Canadians have lunch with the King and Queen at Buckingham Palace. Next week they attend a garden party at Windsor, to be followed by a state ball at Buckingham Palace Friday.

It was decided to-day that the ministerial contingent will go to Paris July 27, remaining there four days. Mr. Doherty will accompany Mr. Borden to the Duke of Norfolk's country seat for the week-end. Mr. Haza remains in London.

Prospective engagements include an imperial government dinner on July 24 and a dinner in honor of the premier, who is an honorary member of the Carlton Club, Aug. 2. The ladies' party is leading a butterfly existence, and being inundated with invitations. Most of them, including Mrs. Borden, received an invitation to attend a suffrage demonstration in Hyde Park on Sunday, but successfully escaped by "being out of town."

HARD AND CONVINCING FACTS:
The oil industry has made more wealth for investors than any other industry in America. MILLIONAIRES HAVE BEEN MADE OVER NIGHT by fortunate investments in oil. THOUSANDS OF CONSERVATIVE INVESTORS ARE DERIVING BIG INCOMES from their dividends from oil securities. MANY HAVE OIL INVESTMENTS WHICH ARE INDEPENDENT FORTUNES. There can be no more desirable investment than a good, clean oil security, possessing assets of unquestioned PRODUCTIVE AND PROSPECTIVE VALUE.

THE DOMINION OIL COMPANY, WITH ITS 240 ACRES OF PROVEN OIL LANDS SITUATED IN COALINGA, THE RICHEST OF ALL THE CALIFORNIA OIL FIELDS, WHICH ARE ADMITTED TO BE THE GREATEST IN THE WORLD, OFFERS THE IDEAL OIL INVESTMENT.

The following telegram, under date of July 11th, was received from the President, and reads as follows:

COALINGA, Cal., July 11, 1912.

J. A. MORDEN & CO.,
239 Confederation Life Chambers, Toronto, Canada.

"Taking no chances. Shut well down for ten days to put in heavy cables and machinery before drilling to big sands. Resumed drilling yesterday. Though one hundred and fifty feet from sands, according to geologist, the gas is forcing the oil up through twenty-six hundred feet of water. Superintendent says more oil now than at any time to date. Indications are for big well. Expect to complete same in sixty days."
"Signed) WM. GRAY."

NOW, MR. INVESTOR, WHAT DOES THIS LOOK LIKE TO YOU? There is nothing that pays like a GOOD PRODUCING OIL WELL, and it is confidently expected that the DOMINION OIL COMPANY will shortly have a well of HIGH GRAVITY OIL, equally as good as ANYTHING IN THE COUNTRY. Your stock, which you can purchase to-day at \$1.00 per share, will rapidly advance. Less than three months ago the shares of the Canadian Coalinga Company were selling under \$1.00. To-day \$20.00 per share, is being bid for these same shares, with very little stock offering.

The directors of the DOMINION OIL COMPANY are all well-known and highly-respected, successful Canadian business men, and would not be connected with a company that was not sound, or allow statements to be made regarding their company which were not true. If you do not know these men personally, or doubt what we say regarding their standing, ask R. G. Dun's, Bradstreet's, or, better still, your own banker, regarding them.

The price of these shares is shortly going to be advanced. Send your applications to us at once: Illustrated Prospectus and full particulars will be mailed to you upon request without any expense or obligation on your part.

Rio and Sao Paulo Higher -- Weak Spasm in N. Y. Market

SAO PAULO AT A NEW RECORD

Sharp Upbidding of Brazilian Tractions -- Trading in Toronto Stock Market on More Active Basis.

A sharp upturn in Sao Paulo, inspired by the more favorable basis upon which the company is to be taken into the big Brazilian traction merger, wiped out the apparent discrepancy between the indicated valuation of the new stock of the holding company as measured by Rio and Sao Paulo in the Toronto market yesterday. The buying was of an especially responsible nature, and a good deal of it was understood to be reflective of purchases by parties who had already taken positions on the stock, and who saw in the more favorable terms an opportunity to duplicate their success along that line. Rio at the same time scored a sharp fraction, but profit-taking on the budget wiped out a large portion of its advance later in the session.

At its top price for the day Sao Paulo stood at 255, a new high record in the history of the market, and a net gain of 5 points from the preceding day's high figure. On the afternoon board considerable liquidation came into play, and as the buying demand had slackened, the price was carried back in short order. The close at 252 7/8 bid, however, represented a gain of a full 5 points over Thursday's close. Rio's top was 150 and the close at 147 1/2 bid was a net gain of 2 points. Based on the market valuations the common stock of the holding company worked out at 92 1/2, figured from Rio at 148, and at 92 when based on Sao Paulo at 258.

While trading was more active than usual it was so confined to the Brazilian tractions that the general list recorded nothing of interest. Toronto Railway recovered a portion of its reaction, the shares rising 2 points to 146 1/2, but the close was lower, the shares being offered at 143. General Electric was off to 113, a loss of a small fraction.

CANADIAN GOVERNMENT MUNICIPAL AND CORPORATION BONDS

MARCONI ON OUTLOOK FOR WIRELESS CO.

At the annual meeting of the Marconi Wireless Telegraph Co., Guglielmo Marconi, chairman of the board, predicted an enormous expansion of the business, particularly that of the Marconi Wireless Telegraph Co. of America, one of the subsidiary concerns. He said: "Of all the associated companies, by far the greatest and most important development has been that of your American company, of which the capital has been increased to \$10,000,000, over \$7,000,000 of which is now a liquid cash asset, the balance being represented by valuable assets in the shape of eighty important telegraph stations, situated upon the Atlantic and Pacific Coasts and the Great Lakes. Direct wireless telegraphy between New York and London across the Pacific with the east, and south to many South American States, which we hope, in time will be extended, will be one of the most extensive, if not the most extensive telegraph service in the world, and I will leave it to the shareholders to form their own appreciation as to what is likely to be its worth."

"By reason of the agreement which we have entered into with the Western Union Telegraph Co. and with the Great Northwestern Telegraph Co., our service will be fed by the twenty thousand telegraph stations which those companies possess."

"The whole atmosphere has been cleared, not only as regards the patent situation, but also, largely as a result of our New York visit, the United States Government has notified its adherence to the Berlin Radio-Telegraphic Convention, thus insuring to the future this badly needed authority and regulation."

POWER UP TO NEW RECORD IN MONTREAL

MONTREAL, July 12.—New high records for Montreal Power and Sao Paulo were attained to-day. Dealings were on a larger scale than on any day of the week, movements were broader and net results were very much on the bull side of the market. The five stocks which ranked as the most active of the day, Montreal Power, Sao Paulo, Rio, Detroit and Toronto Rattle closed with substantial gains ranging from 2 to 4 1/2 points. The largest gain was shown by Sao Paulo, which resumed its upward course of the previous day to a new high record of 255 1/2, an advance of 5 1/2 points, of which it retained all but one point. Rio opened stronger on higher cables, and a more optimistic view, as to the suggested change in the terms of the merger. It advanced to 150 in the morning, but reacted to 148 1/2 in the afternoon, with trading on the dull side.

Montreal Power's spectacular advance on heavy trading was the feature of the afternoon. The advance was carried from 216 3/8 at the close Thursday to a new high record of 224 1/2, with last sale and final bid only 1 1/4 point off the best. Shawinigan at 147 1/2, with last sale and final bid only 1 1/4 point off the best. Shawinigan at 147 1/2, with last sale and final bid only 1 1/4 point off the best. Shawinigan at 147 1/2, with last sale and final bid only 1 1/4 point off the best.

NEW YORK LIST TURNED HEAVY

St. Paul Dropped to Lowest Level in Five Years—Prominent Issues Were Heaviest.

NEW YORK, July 12.—Heaviness, which subsequently verged on weakness in certain issues, was the dominant note of to-day's dull and rather perfunctory stock market session. Prices were inclined to improve at the outset, but selling orders soon appeared in Amalgamated Copper, Union Pacific and St. Paul, the latter declining to its lowest quotations in almost five years of rumors affecting the crops in its territory. Later Chicago and Northwestern declined for similar reasons.

As a matter of fact the weakness in St. Paul, which was far more active than usual, probably arose from the belief that the road has not earned half of its reduced dividend requirements for the fiscal year. This statement might be no less favorable than last week's, which uncovered a deficit in the actual cash reserves. The known movements of money point to a small cash gain by the road, but hardly enough to restore the reserves.

Lowest prices of the day were made in the last hour when the list seemed to sag of its own weight. Efforts to bring St. Paul to par were ineffective, and later a slight upward movement was noticeable.

Call money did not touch yesterday's high figure, despite increased demand. Time rates were without appreciable change, and bankers are now hopeful of greater ease.

CHINA TURNS DOWN HUNDRED MILLION LOAN

New York bankers interested in the six-power group negotiating the Chinese loan have received definite word that the Chinese government has rejected the proposition, but this does not mean that subsequent negotiations may not be "successfully" concluded. There seems to be little hope, however, that an agreement can be reached with China until after further prolonged negotiations, in any event, banks of the six banking groups involved has a representative at Peking who is looking after their interests.

China's rejection of the loan hereafter generally public opinion here. The loan involves \$100,000,000 instead of \$200,000,000. China first asked for a loan of \$200,000,000, but concluded that \$100,000,000 would meet present requirements, the proceeds to go toward paying off the army, clearing up the balance of the Boxer indemnity, etc. The bankers, therefore, understandly, provide \$100,000,000 on the understanding that they should provide any additional amounts needed, whether they reached \$300,000,000 or \$500,000,000. So far, the international group has advanced about \$2,000,000 to China on temporary loans, and further advances will be discontinued now that China has rejected the terms proposed for the big loan. The Belgium syndicate, acting independently of the other powers, has loaned China about \$4,000,000.

BIG HOLDERS OF OUR BANK STOCKS

OTTAWA, July 12.—According to the annual blue book, issued by the department of finance, giving the list of bank shareholders in Canada, Sir William Macdonald of Montreal is the largest individual owner of bank stock in Canada. He has 5555 shares of Bank of Montreal stock, which, at the present selling price, are worth about \$1,400,000. In addition he holds 4140 shares of Bank of Commerce stock, worth \$200,000. Others of the larger shareholders include Hon. George A. Cox, who has 4524 shares in the Bank of Commerce; Sir Edmund Osler, who has 1499 Dominion Bank shares, and Lord Strathcona, who has 2777 shares of the Bank of Montreal.

ST. PAUL IN LEAD

Erickson Perkins & Co. (J. G. Beatty) wired: Stocks sank still lower to-day, with the grangers under pressure. St. Paul touched par, under heavy selling. Northwestern, the Hill issues and Union also showed much weakness. Steel and Reading were steady as anything on the list. We do not think so much long stock was dislodged by the bears. The fall to St. Paul attracted a great deal of attention because it classed as a so-called Standard Oil issue and its movements are supposed to reflect the views of the head financiers. But the general view was that this stock was attacked chiefly for its sentimental effect, with a view to shaking out other long stock. Outlook for further recovery in stocks and then irregular movements for a time.

NEW BASIS OF TRACTION DEAL

Announcement Expected Within Few Days -- Only Two Changes in Basis of Merger.

The new plans for the merger of Rio, Sao Paulo and Sao Paulo Electric Companies have been drawn up, and an announcement of the terms will be made simultaneously in Toronto, Montreal, London, Brussels and Amsterdam within the next few days. Only two changes in the terms will be made. The four basic points of the announcement will be as follows:

1. The \$120,000,000 capitalization of the holding company will be \$100,000,000 in common and \$20,000,000 preferred stock at \$100 par.
2. Sao Paulo will be taken in on a basis of 2 3/4 shares of old (instead of 1 1/4 each of common and preferred).
3. Rio will be taken in on a basis of 1 3/8 shares of new stock for one share of old (first proposal was 8-10ths each of common and preferred).
4. Sao Paulo Electric will be taken in on a basis of 1 1/4 shares for one share of common stock.

New Stock Worth Par.

Under the new plan Sao Paulo shareholders will receive a quarter of a share of new stock more than was allowed in the first proposal. This will be equivalent to taking the shares in on a basis of 2 3/8 and Rio on a basis of 1 1/4.

The change in the stock issue of the holding company, i.e., making all the securities common stock, will meet with the approval of the shareholders and the street at large. There will then be a strengthening of the ordinary shares, and at the same time the holdings allotted in place of existing scrip will possess a greater speculative value. On a six per cent basis, where it is anticipated the shares will be put from the outset, the new stock should be worth par from the start, and in all likelihood will work higher, likely to around 110, within a very few months.

STANDARD OIL STOCKS REACH NEW RECORDS

When the stock market history of the year 1912 comes to be written, much will be made of the boom in the Standard Oil stocks on the New York curb. Ever since the dissolution of the trust the subsidiary concerns have been increasing in market value, so that now in the aggregate they run into figures considerably in excess of the record of last year. The appreciation has been due, in part, of course, to the "melon-cuttings" which have already taken place or are in prospect.

During the past week several of the subsidiaries of the oil trust have made spectacular upturns on the curb. Standard Oil of Kansas advanced from \$20 to \$30 in anticipation of a forthcoming capital increase. This company has not paid a dividend since the dissolution of the trust, but in 1908, the last year for which statistics are available, it paid 125 per cent on its one million capital.

The following table shows the market advances which have taken place in some of the Standard Oil stocks:

Stock	Before	After
Standard Oil (Cal.)	125	150
Standard Oil (Ind.)	1400	1600
Standard Oil (Ky.)	200	250
Standard Oil (Nebr.)	125	150
Standard Oil (N.Y.)	50	60

Some spectacular upturns have been made by issues which could not be included in the above owing to the fact that recent quotations were not obtainable. The record up to the end of May, however, speaks for itself:

Stock	Before	After
Atlantic Refining	150	175
Continental Oil	500	600
Standard Oil of Ohio	200	250
Solar Refining	150	175
South Penn Oil	300	375
Waters-Pierce	375	450

MONEY IS TIGHT IN LONDON MARKET

LONDON, July 12.—Money was scarce and in good demand to-day. Discount rates were marked up in the open market owing to fears of a further stringency of money. The settlement was concluded without trouble on the stock exchange, but new business was light. New York quotations weakened, and the lead of consols, which lost five sixteenth on realizing, Mexican rails a better tone in the afternoon. American securities opened steady and during the forenoon prices advanced a fraction on light covering. The rest of the list fluctuated narrowly and the market closed uncertain.

NO RESILIENCY

Charles Head & Co. to J. E. Osborne: There was no life to the speculation and after hanging on doggedly for an hour or two, quotations weakened, and the rest of the day witnessed the same old dragging, driving market that had oppressed spirits and discouraged trading for the past two weeks. Copper metal is dead; there is nothing doing, probably because the producers are not so much quoted as yesterday. Business in the exchange was only about half that of yesterday. Banks have gained about \$1,000,000 cash, and a better bank statement is anticipated Saturday. Closing was dull and heavy with market showing about as much life and resiliency as a wet sponge. The outlook would appear to favor lower prices, and we would not buy except upon weak spots for turns.

MONEY MARKETS.

Bank of England discount rate, 3 1/2 per cent. Open market discount rate in London for short bills, 3-1/8 per cent. New York call money, highest 2 1/2 per cent, lowest 2 per cent, ruling rate 2 1/2 per cent. Call money in Toronto, 2 1/2 per cent.

Subscription List Opens on Saturday, July 13th, and Closes on Wednesday, July 24th, 1912

THERE IS NOW OFFERED FOR SUBSCRIPTION: 20,000 Shares (\$200,000) of Stock at Par, with 25% Bonus

THE UNION BRICK CO., Limited

(Incorporated Under the Laws of the Province of Ontario)

CAPITALIZATION, \$350,000.00. - All Ordinary Stock Shares par value \$10.00 each.

Subscriptions are payable as follows: 10% with application. 15% on allotment. 25% on August 15th, 1912. 25% on September 15th, 1912. And balance 25% on October 15th, 1912.

DIRECTORS: J. W. McREYNOLDS, Esq., Public Works Contractor, of Cleveland. G. W. MONK, Esq., Capitalist, Toronto, Vice-President Canada Permanent Mortgage Corporation.

Bankers—The Canadian Bank of Commerce. Solicitors—Watson, Smoke, Chisholm & Smith, Toronto.

PROPERTY: The Company is purchasing 100 acres at Streetsville, close to the C.P.R., with practically an unlimited supply of the finest quality of Shale Clay, which will make the highest grade of bricks.

PLANT: It is intended to erect a plant capable of turning out 100,000 bricks daily, with building and power equipment for increasing output to 125,000 daily.

CHARACTER OF OUTPUT: The plant, equipment and clay will enable the Company to supply a very superior high-class common brick and the very best quality of face brick.

MANAGEMENT: The Company has in view for Manager a man of long and successful experience, who has made good in the highest sense.

Mr. J. W. McReynolds, one of the Directors, is a public works contractor of wide experience, and is thoroughly conversant with the requirements necessary to turn out the very best product in the way of brick, at the minimum of cost.

Mr. McReynolds organized one of the largest brickmaking plants in the United States, which plant has never obtained a price higher than \$8.00 per 1,000 for its brick, and yet has never paid less than 25% per annum dividend since its origin, some twenty years ago.

With brick at \$12.00 to \$18.00 per 1,000 delivered as obtained in Toronto, a plant of this capacity should return unusually large dividends to shareholders.

ESTIMATED EARNINGS: Based upon only 5 days per week and 40 weeks per annum, and basing the average price to be obtained for the Company's output at the conservative price of \$10.00 per 1,000, the estimated earnings will be as follows:

100,000 bricks per day for 5 days per week equal 500,000 per week. 500,000 bricks per week for 40 weeks per annum equal 20,000,000 per annum.

Which, averaged at \$10.00 per 1,000 equal \$200,000 per annum. Less cost of manufacture, selling and management expenses equal \$100,000 per annum.

Leaving for surplus \$100,000 per annum. Which would pay over 25% upon the entire capital.

OFFERING: The shares offered for sale, together with bonus, are all ordinary shares, and not limited as to dividends.

Shares will be allotted in order as received, and as far as possible all applications for 25 shares and under will be allotted in full.

The right is reserved, however, to allot only such subscriptions or for only such amounts as may be approved.

The directors' intention is to list the Company's stock on the Toronto Exchange as soon as progress warrants such.

PROSPECTUS AND SUBSCRIPTION BLANKS may be obtained by mail from the Company or from E. C. Hill, Financial Broker, at 43 Victoria Street, Toronto, or by filling in the coupon application below, and forwarding same, together with cheque for 10% of the subscription, to E. C. Hill at above address.

APPLICATION FOR SHARES form with fields for Name, Address, and subscription details.

CANADA MOVING PICTURES LIMITED

INCORPORATED UNDER THE LAWS OF ONTARIO

CAPITAL \$40,000 PAR VALUE OF SHARES \$1.00 EACH

OFFER AN EXCEPTIONAL OPPORTUNITY

The Moving Picture Industry is one which shows larger profits than any other amusement enterprise, and apparently has not reached its height.

Public sentiment is changing from the regular playhouses to the picture houses, as a result of which bigger returns on the investment are being enjoyed by these institutions than in any other form of amusement.

Our Proposition: The Canada Moving Pictures, Limited, incorporated under the laws of Ontario, capitalized at \$40,000, par value of stock \$1.00 per share, offers for public subscription 25,000 shares of stock at \$1.00 per share.

This Company was formed for the purpose of establishing a circuit of picture playhouses in Toronto and in the leading towns of Canada. The circuit will include only theatres doing an established business and earning profits.

The playhouses held under option to purchase are situated in the busiest shopping downtown district, while others are situated in the north, east and west end sections of this city. It is expected that within a few days the circuit of theatres will be completed, with playhouses in operation in a number of the leading towns within a radius of 200 miles of Toronto.

Earnings and Dividends: The Moving Picture Industry has made millions for syndicates who operate a circuit of theatres, and the Canada Moving Pictures, Limited, will likely do the same for its stockholders within the next few years.

Film Exchange: The Canada Moving Pictures, Limited, expects to operate its own FILM EXCHANGE, which in itself should net the Company handsome profits, as well as materially lessen the overhead expenses and provide an opportunity of declaring bonuses every three months in addition to the monthly dividends.

The Board of Directors are: F. A. REID, Wholesale Manufacturer. R. W. NORRINGTON, Broker. H. H. EVANS, Wholesale and Retail Tobacconist. N. H. TRUETT, Vice-president Cafeterias.
