27TH YEAR
UP TO PULLMAN'S
TO DEFEND
RATES

Inter-State Commission
Asks For Statement—
Immunity From Rail-
road Laws is
Claimed.

WASHINGTON, D.C., June 4.—(Special.)—The interstate commerce commission is after the Pullman Sleeping Car Company.
Recalling the discomforts its members suffered thru the occupation of upper berths on numerous trips they have been compelled to take, the commission has halted with satisfaction the complaint of George S. Loftus of St. Paul, Minn., against the company, both an account of the upper berth nuisance and the excessive charges imposed.

The complaint, it developed today, was referred to the company instantly upon its receipt and the company responded by June 15. Whether the company would or not, the commission will hold a hearing before its summer vacation at which the evidence will be taken from persons who have suffered discomfort and inconvenience thru climbing into the upper berths, and the company itself will be allowed to submit a statement if it desires to do so.

It is intended to make a ruling in regard to whether the company is a common carrier, and therefore subject to the provisions of the interstate commerce laws, whether it has a right to provide upper berths without an increase in rate, and whether the lower berth is occupied; and finally, whether the charges for the sleeping car companies are just and reasonable, and if not, what the maximum of those charges should be.

Will be a comprehensive campaign which is being planned against the sleeping car companies. Mr. Loftus has raised the question principally on behalf of the passenger berths, but it is not just to charge the same for an upper berth as for a lower berth, and the charges for the lower berth is not as desirable as the lower and that the charge should be considerably less than that for the lower.

The last year's opinion sleeping car charges, to use his own language, are "excessive, unreasonable, unjust, and in violation of the law." He submitted a charge of 10 cents for an upper berth, instead of \$2 as now charged. The distance between St. Paul and Superior, 150 miles, is made up of 150 miles, but in Mr. Loftus' view it should be only \$1 for a lower and 50 cents for an upper berth.

Pullman's Gross Earnings.
The commission in its report there is justification for Mr. Loftus' complaint in regard to discrimination and excessive charges, having personal knowledge of the fact that the sleeping car companies make their charges without reference to distance or anything else, save competition.

Mr. Loftus' complaint against the Pullman company which the commission has received is it worth while noting that the company does not officially report its gross earnings for 1906 to be \$24,785,730. This was almost three times as much as they were in 1885, ten years before, when they reported to be \$8,547,030.

Whole Country Interested.
In accordance with the practically universal opinion of the travelling public is interested in the action of the interstate commerce commission will take upon the Pullman company. Whether the company will make a detailed response to Mr. Loftus' allegations is a question. During the discussion of the railway bill in the senate, the Pullman company made a futile effort to prevent the incorporation in the measure of the provision making sleeping car companies subject to the interstate commerce laws.

Only Traveling Hotels?
Some months ago the commission, in accordance with the requirements of the law, called upon the sleeping car companies to file their tariffs. This same requirement had been met by the railroads and by other common carriers. The Pullman company submitted its tariff but with a reservation of its right to ignore the law. The company then let it be known that it might consider itself subject to federal regulation for the reason that it was not engaged in transporting passengers, but merely in providing them with accommodations in the way of chairs, beds, and food. In other words, the company claimed it was engaged in a hotel business on wheels. It is likely that will be the same argument advanced by the company in the answer to the commission's request.

This subject was before the last session of parliament upon consideration of a bill introduced by the member for South York (Mr. F. Maclean) to subject sleeping car companies to the railway acts, and it was then stated by the government that the railway commission already had full jurisdiction over sleeping car rates and accommodations.

Although the commission has this jurisdiction, it has taken no steps to exercise it, and the companies are running the sleepers to suit themselves.

PROBS: Senate Reading Room
June 4—2012
SENATE P.O.

RUNNING MATE
FOR MR. FOY
Manager Solman of the Ferry Co.
Said to Be a Likely Candidate
in South Toronto.

The announcement made last night by a well-known Conservative worker, that Lawrence Solman, manager of the Toronto Ferry Co., would probably be chosen as a running mate for Hon. J. J. Foy in South Toronto in the next provincial election, strengthens the belief that the policy of the government will be that of doubling the representation for each of the four local ridings.

Mr. Solman, while he has not been prominent as a platform speaker, is known as a staunch Conservative, who has interested himself largely in the management of the ferry. His friends believe that he would make a strong candidate.

Mr. Solman has lived all his life in Toronto, and he is well known and popular among business men. He is one of the promoters of the new Alexandra Theatre, and is interested in sports, being vice-president of the Toronto Baseball Club, and being at the helm of the Tecumseh Lacrosse Club.

BOND'S BELLIGERENCY
NOT SEEN IN BLUE BOOK
Spoke Out, but not Truculently—
Some Incidents of Conference
Debates.

(Canadian Associated Press Cable).
LONDON, June 4.—The blue book containing the report of the imperial conference is a bulky volume of 622 pages. It was issued late to-night.

It is noticeable that, according to the report, there is no ground for sensational description of the scene in which Premier Bond, after making his speech on the Newfoundland fisheries question, is reported to have declared that the treatment of Newfoundland had been a gross humiliation.

Mr. Bond's speech is of a temperate and local character, ending thus: "It has been suggested that the matters in dispute might properly be submitted to arbitration. I cannot see that there is any ground for this. It is intended to submit the treaty to arbitration, then I contend that its terms should be clear that privileges granted to inhabitants of the United States thereunder are not set forth in language that is ambiguous. It is intended to show that the charges ought to be pointing out, for example, that the journey between St. Paul and Chicago, 410 miles, is worth only \$1 for an upper berth, instead of \$2 as now charged. The distance between St. Paul and Superior, 150 miles, is made up of 150 miles, but in Mr. Loftus' view it should be only \$1 for a lower and 50 cents for an upper berth."

Occasionally one or other delegates made a neat home though at one time this was a matter that had been speaking eloquently against the restriction on the importation of Canadian cattle when Lloyd George remarked: "We are very hard when we were in opposition," and Laurier retorted: "Fight it hard then now you are in the government."

It appears Laurier was the mouth-piece of the opposition to Deakin's proposal for full publicity. Sir Whiteley Deakin's speech takes up a huge proportion of the debate on the preference question.

Interesting extracts from first brief speech of Laurier, who was described by Lloyd George as the "Father of Preference," are:
"This is Laurier altogether in the hands of the British people. I would have no hesitation at all in resenting any attempt made to force upon the Canadian people what they do not believe in, even for the broad idea of doing good to the whole empire. I think the best policy to serve the whole is by allowing every part to serve and recognize its own immediate interests."
"I never intended nor thought at the time that intermediate tariff could apply to the United States. We have said goodbye to that trade, and we have put all our hopes upon British trade now. But there are other nations."
"France is one and Italy another with which we could have better trade at the present time. France has a minimum tariff and we are prepared to exchange our intermediate tariff if they will exchange their minimum tariff with us, but while giving this intermediate preference we maintain a system of lower tariff to the mother country and to all our fellow British subjects all over the world."
"Dr. Jameson made the point that if we were to enter into such an agreement with foreign nations, we would deter the possibility of giving preference to the mother country; nothing of the kind, our tariff is not so constructed and cannot be so held."

Start the Belt Line Again.
Editor World: I see in Sunday World an article on reviving the old belt line. It certainly seems time to consider this. There is much to be said for a belt line working men, and there is plenty of cheap land east, west and north, and if the belt line were started, every working man could have his own home. There are already enough people both north and west to make it pay, and the new tracks at West Toronto Junction would use it largely. I believe it will pay the friend Trunk well.
F. J. S.

DEAD GOVERNOR'S
SON ON THE
STAND.

Was Witness in Hay-
wood Murder Trial—
Orchard Will Likely
Testify at To-Mor-
row's Session.

BOISE, Idaho, June 4.—Thru Attorney James H. Hawley, the State of Idaho today made the opening statement against William D. Haywood, who is charged with the murder of ex-Governor Frank Steunenberg. Testimony by which it hopes to prove the indictment laid against him was then begun.

The opening statement was a swaying arrangement of the leaders of the Federation of Miners, who were charged with plotting wholesale murder and hiring assassins, all in a grand conspiracy of vengeance upon those who obstructed their way; to destroy opposition by terrorism; to control of the political destinies of the communities covered by their organization, and to perpetuate their own powers within the organization.

It charged a widespread conspiracy, dating from the North Idaho disturbance fifteen years ago down to the murder of Steunenberg, and whose murdered victims, by bullet and bomb, numbered scores. Hawley declared that wherever in the mining sections of the coast states the federation had been in control there had been left a trail of blood to mark its operations. Of the hired assassins, he cried: "To them murder became a trade, and assassination a means of living."
Hawley spoke for nearly an hour and a half.

The Defence.
Counsel for the defence opened fire before the statement had proceeded five minutes, and the repetition of objections from them led to three or four sharp exchanges. They protested against the charge that the federation was guilty of "scores of murders," and the assertion that the conspiracy extended back to the first trouble in North Idaho, years before the accused was a member of the organization, and they insisted upon the necessity of arguing the case in an opening statement.

Judge Wood permitted the widest scope in the opening statement on the part of the defence. He allowed that the state could show the existence of the conspiracy which it charged, and make the necessary legal points before adjournment.
C. F. Wayne, who passed outward through the gate at the bank of Steunenberg was blown up, told of the explosion and the shocking condition of the victim when he, responding to Mrs. Steunenberg's request, at the railroad station at Caldwell, Idaho, and in direct Orchard about ten o'clock at various times before and after the explosion occurred.

Stunenberg's Son on Stand.
Julian Steunenberg, son of the dead governor, told of meeting Orchard, then known as Richard, at the railroad station at Caldwell, three days before the crime, and telling him in answer to his enquiry, that his father would be home on the following Friday. He said that he was following his way home with his uncle, and was two blocks behind his father when the explosion occurred.

The defence objected to practically all the day's testimony except that relating to the death of Steunenberg, in private and after the crime, and in no way connected with the defendant.
Judge Wood, however, permitted all of the testimony to stand, on the condition that the witness should make a statement of the prosecution to later show the connection.

It is expected that Orchard will be brought from the penitentiary to take the stand to-morrow.
DISTILLERY FOR WINNIPEG.
It Will Be the Biggest One in North-western America.

WINNIPEG, Man., June 4.—The great distillers of Canada, Gooderham and Worts of Toronto, Hiram Walker Co. of Walkerville, Seagram of Walkerville, and the Canadian Distillers Co., of Port Hope, are interested in the General Distillery Company of Toronto, and are completing arrangements to institute a great distillery plant in Winnipeg, which will make Winnipeg the greatest distilling centre of Western Canada and the Western States of the American Union.

Thirty-five acres will be required for the enormous plant, one of the largest on the continent, and twenty-five acres of cattle sheds, capable of housing from 8000 to 10000 head of cattle, for fattening purposes for the British market.
GETS LIFE SENTENCE.
Negro, Who Assaulted Little Girl, Is Sentenced.

CALGARY, June 4.—Thomas Rice, the Negro who brutally assaulted a little girl, after being held over until the hills, to-day received a fitting punishment for his crime. He was sentenced to a life term in the Edmonton Penitentiary.

ON WAY TO MEETING
FALLS DEAD ON CAR
W. H. Smith, Bank Manager, Expires Suddenly—Just Home From Holiday.

William Henry Smith, manager of the Wellington-street branch of the Bank of Montreal (formerly the Ontario Bank), dropped dead in a College-street car at 2.30 o'clock yesterday afternoon. Heart failure was the cause.

The body was carried into A. W. Miles' undertaking establishment, at 386 College-street, and the bank officials were notified. Mr. Smith was on his way to the bank to attend a conference of the executors of the late A. S. Irving at the time.

The deceased was a well-known and highly respected in banking circles, was reputed the best authority on commercial law relating to banks in the British Dominion. He joined the staff of the now-defunct Ontario Bank in February, 1883; was made inspector a few years later, and in 1887, which position he held up to the time of the liquidation of that bank last year. He was then made manager of the bank, and in 1904 took over the bank, which he had retained in the same capacity. He practically died in harness after 44 years' meritorious and honorable service.

He had been in poor health for the past two years. Overwork and worry was the cause, for he never spared himself. He was always at the post of duty. Arriving at the bank every morning at 9.30, he would remain until 5 p. m., and never quit his office, except for about half an hour at noon, when he went to the Toronto Club for lunch. So inflexible had he become at Christmas last, that he was ordered to take a rest and try a change of climate. He left Toronto in the first week of January for a trip to Europe, and only returned to the city last Friday.

Local feeling tanned, his friends noticed that he was much thinner than when he left, but no one anticipated his end was so near. He was generally known as a man of great reputation of probity and honor, his opinion and advice freely sought by those who knew him, was cherished for its sterling worth, simplicity, straightforwardness and honesty of purpose were the chief characteristics of his life and action.

The deceased never took an active part in public affairs, preferring a quiet domestic life. He was of a very charitable disposition, but had a great abhorrence of ostentation. His name never appeared on a public list, but his contribution to the city's most deserving institutions have lost a kind friend and generous supporter. He was a bachelor and lived with his two nieces at 163 Park-road, Rosedale, and was a member of the congregation of St. Simon's Anglican Church.

TRAIN CREW ARRESTED.
May Be Held Responsible For Loss of Brakeman's Life.
OTTAWA, June 4.—In connection with the freight train wreck at Beattys' station, wherein Alex. Roche of Hull was killed, the whole train crew of No. 1363, G. T. R., are under arrest excepting Engineer Champness, who cannot be located.
Local detectives took Conductor Fred Graham, Brakeman A. Looker, J. L. Light and Fireman Henry Gendreau. After examination by the railway commission, the men will be taken to Depot Harbor, when a prosecution will begin.

OSCAR HUDSON & COMPANY, Chartered Accountants, 5 King West. M. 4798

INGERSOLL IN LINE
TO OWN WATERWORKS
Council Accepts Proposition to Pay \$95,000 For the Plant.

INGERSOLL, June 4.—(Special.)—Municipal ownership of the waterworks plant was discussed at a session of the council, which was prolonged until 1.30 o'clock this morning. The company's offer to accept \$95,000 for the plant was taken and a bylaw will likely be submitted to the ratepayers in the near future. The council will also deal with the electric light and gas plants, as offers from both companies have been obtained.

LIBERALS NOMINATE CANDIDATES, WHO EACH ASK FOR TIME TO CONSIDER.
WHITBY, June 4.—(Special.)—About 150 delegates from all over South Ontario assembled in the town hall today to nominate candidates for the Dominion and local legislatures. President R. M. Holtby of Reach occupied the chair. William Ross, ex-M.P. of Port Perry in a short speech, before the voting intimated to his friends that owing to business reasons he could not become a candidate.

On the first ballot for the commons F. L. Powke, ex-mayor of Oshawa, received 147 out of 148 ballots. He was called to the platform and in a short speech begged leave of the convention for a few days to consider, because of business and personal reasons.
The result of the balloting for a candidate for the local house was not so conclusive. Big delegations were present from Reach, Port Perry, Oshawa and Pickering and the first ballot showed a wide range of possible candidates. J. H. Carnegie of Port Perry, R. R. Mowbray of Kinross, George Parker of Dumbarton, William Purvis of Columbus, R. M. Holtby of Manchester, Will Holliday of Brooklin and George McLaughlin of Oshawa received nominations.

Several of the parties began to decline with thanks. The second ballot resulted in J. H. Carnegie of Port Perry receiving 104 votes out of 150 possible. R. R. Mowbray having received the next highest immediately moved that the nomination be made unanimous, which was seconded by Will Holliday of Brooklin. Mr. Carnegie was afflicted with a severe cold and also wished time to consider the situation.
A motion was passed leaving the nominations in this uncertain manner. Considerable feeling was expressed by many of the delegates over the fact that a farmer was not chosen for the local house.

Addresses were also delivered by Fred Turbow, Liberal organizer, and Hon. G. P. Graham. The latter especially eulogized the work of the Hon. John Dryden in the department of agriculture.
ROOSEVELT AGREES THAT HE MUST ANSWER CERTAIN QUESTIONS.
WASHINGTON, June 4.—After a conference with President Roosevelt last night, Commissioner Lane of the interstate commerce commission announced that before July 1 legal proceedings will be instituted to compel E. H. Harriman to answer certain questions propounded to him by members of the commission already had full jurisdiction over sleeping car rates and accommodations.

MISSIONARY ATTACKED.
Rev. Mr. Pollard Mercilessly Beaten by Chinese at Chao-Tung.
LONDON, June 5.—A special despatch received here from Hongkong says that Mr. Pollard, a Methodist missionary at Chao-tungfu, has been mercilessly beaten by the Chinese. His lungs were pierced by a weapon, and the missionaries are flocking into Hongkong from the Swatow and Pak-hoi districts.
TO FORCE HARRIMAN.
Roosevelt Agrees That He Must Answer Certain Questions.

STRUCK A WRECK.
PORT WILLIAM, Ont., June 4.—The steamer Algonquin, on its way up, struck a submerged wreck or water-logged scow, off Whitefish Point. The steamer was not damaged.

ARREST 11 MEN FOR THEFTS OF SILVER

Sensational Round-Up at Cobalt—Workmen Stealing Specimens to Salt Wildcat Mines.

COBALT, June 4.—(Special.)—Detectives Kirkwood and McDonald of the Canadian Detective Bureau of Toronto rounded up, in arrests made last night and this morning, what is supposed to be a gang of thieves who, since Cobalt has been known as a mining centre, have committed thefts aggregating to about \$100,000.

Each theft was what might be called a petty one, but before their operations were stopped mine owners lost large sums. Detectives have been trying to locate the thieves for some time past, but could not prove anything against the many suspects, as it was difficult for any mine owner to swear that a particular piece of ore found on a suspect belonged to any particular person or mine.

Wild Cat Promoters.
Men have been known to remain in town without any visible means of support who were suspected of living on the sales of stolen silver. Wild-cat promoters have been known to pay as much as \$100 for an extra fine sample. Certain returns in Cobalt have long been watched and an occasional example has been made. Frequently samples are openly sold on the streets of Cobalt, and the purchasers must be well aware they were buying stolen samples.

The Capture.
Last night, however, Detectives Kirkwood and McDonald, disguising themselves as workmen, made the acquaintance and got the confidence of suspected parties, and as a result three men were arrested during the night, and eight this morning. Two of the men taken last night had twenty-seven pounds of lead silver, and the third one had about one hundred pounds of rock and ore.

Four houses were raided, including a boarding-house kept by one Phillips, where ore and rock were found to the extent of about four hundred pounds hidden in sacks and boxes under a staircase.
The Mipping bunkhouses were raided at 5 o'clock this morning. Every bunk and every trunk was searched and over one hundred and fifty pounds were found stowed away in trunks, mattresses and old socks. Eight men were arrested at the Mipping mines. Eleven men appeared this afternoon for trial before Magistrate Brown. John A. Walsh got one year in Central Jail, and Alexander MacRae a similar case. Two more were remanded until to-morrow and six were discharged. Barrister Rowland acted for the prosecution.

MISSIONARY ATTACKED.
Rev. Mr. Pollard Mercilessly Beaten by Chinese at Chao-Tung.
LONDON, June 5.—A special despatch received here from Hongkong says that Mr. Pollard, a Methodist missionary at Chao-tungfu, has been mercilessly beaten by the Chinese. His lungs were pierced by a weapon, and the missionaries are flocking into Hongkong from the Swatow and Pak-hoi districts.

TO FORCE HARRIMAN.
Roosevelt Agrees That He Must Answer Certain Questions.

THE WORLD'S LARGEST MAGAZINE FOR WOMEN READERS

JUNE WEDDINGS

St. Stephen's Church was the scene of a pretty wedding at 2:30 o'clock yesterday afternoon, when the marriage was solemnized by Miss E. M. H. Maule, daughter of Mr. and Mrs. F. J. Maule, to Mr. George Moray Anderson, son of Mr. and Mrs. T. O. Anderson of Glen-road, Rosedale.

The bride looked sweet and graceful in a princess gown of white liberty satin, with empire train, the deep lace embroidered with pearls and outlined with a border of rose point lace. The veil was arranged over a coronet of orange blossoms and white heather, and she carried a shower of lilacs of the valley and orchids.

She was attended by her sister, Miss Violet Maule, as maid of honor, and two bridesmaids, Miss Grace Anderson, sister of the groom, and Miss Madeline Smith.

T. W. Anderson, brother of the groom, was best man, and the ushers were Frank Allan, William Meland, W. O'Connell and Frank Spence.

Col. Sam Hughes, M.P., proposed the health of the bride at the reception which followed.

At 11 o'clock yesterday morning, at St. Michael's Cathedral, the marriage was solemnized of Miss Ethel Mary Doherty, daughter of Mrs. Chas. Doherty, to Mr. Frederick Joseph Foy, son of Mr. George J. Foy of St. Joseph-street.

The nuptial high mass was celebrated by Father George Doherty, brother of the bride, assisted by Father Fred Rohleder, Father M. Whalen and Father J. P. Tracey. The bride who was given away by her brother, Arthur T. Doherty, wore a gown of ivory satin, with an overspread of lace with deep satin fringe. Her long tulle veil was arranged over a wreath of orange blossoms, and she carried a bouquet of bridal roses, her only ornament being a diamond and emerald pendant, the gift of the groom.

The maid of honor, Mrs. Marie Foy, wore a lingerie gown of white embroidered muslin and pink hat, and the two bridesmaids, Miss Florence Foy, and Miss Olive Wheaton, were one in pink and one in blue, with pink and blue hats, with plumes, and carried pink roses and wore the gifts of the groom, lavender and white ribbon, and a chain. George Foy was best man, and the ushers, Geo. Doherty, Stanley Banks, William

Foley and D. Jamieson of Niagara Falls.

A quiet wedding was celebrated at All Saints' Church yesterday, when Crawford W. Powis, son of Mr. and Mrs. Alfred Powis of Hamilton, was married to Olive, only daughter of Mr. and Mrs. William Logan, Canon Baldwin performed the ceremony. The bride wore a white Limerick lace gown, with tulle veil and tulle of orange blossoms. Her only ornament was a pearl necklace, and she held a bouquet of white roses and lilacs of the valley. Miss Pearl Ramsey of Dunville was the only attendant, and her dress was of pink crepe de chine, with which she had a white hat with pink feather and posy of marguerites. John Sweetman was best man and Donald Bremner the usher. Afterwards Mrs. Logan held a reception at McConeky's, and later Mr. and Mrs. Powis left for New York.

At the home of G. A. Griffith, 318 Palmerston-boulevard, the marriage of this second daughter, Miss Emma J. Griffith, to Samuel H. Cutts of Toronto Junction, was celebrated yesterday by the bride's uncle, Rev. Dr. Griffith of St. Thomas. The ceremony was performed under a bower of palms and blossoms erected in the bay window of the drawing-room, Miss Cutts playing Mendelssohn's Wedding March, and Miss Lillian Kirby singing "Beloved, It Is Mine." Mr. Hugh Norman acted as best man, and the bride's sister, Miss Agnes Griffith, as bridesmaid. The bride was groomed in cream Chantilly lace over Brussels net and tulle, and wore a wreath of lilacs of the valley and carried a shower bouquet of lilacs and roses. The bridesmaid was in lavender chiffon over Brussels net and tulle, and carried pink carnations and white lilacs. Mrs. Griffith, the bride's mother, wore a costume of green crepe de chine, trimmed with lace and bands of Persian silk.

The marriage of Miss Adeline Myles, daughter of Robert Myles, to Dr. D. Kinz Smith, son of Dr. Andrew Kinz Smith, took place at 3:30 o'clock yesterday afternoon at St. James' Cathedral. The ceremony was performed by Canon Welch in the presence of only the immediate relatives of both families.

The bride, who was unattended, was given away by her father, and was wearing a traveling suit of dark blue cloth, with hat to match. Dr. Goldie was best man.

Orphan's Home.

was cared for by the home in his youth, has presented a number of games for the amusement of the children. The Orange Order, exhibition management, Automobile Club have also contributed generously towards the support and entertainment of the children. The gift of an organ from Mrs. Gerhardt Heintzman was much appreciated, as well as her kindness in training the children, whose singing of several choruses was a credit to their teacher. The treasurer's report, showed the financial standing of the home to be on a firm basis.

After the meeting tea was served in the boardroom, the tables being prettily decorated with carnations.

A Funny School Scene.

A laughable school scene, with pretty ponies as scholars and a droll donkey as the dunce, is one of the many novelties which make up the program presented by Prof. Crocker's trained animals, which are to play an engagement at the Grand Opera House next week for the benefit of the Toronto Graduate Nurses' Club. The pretty ponies count, tell colors, erase figures from a blackboard, pick out figures, steal the teacher's handkerchief and cut up other capers like regular school children. The donkeys seem to have a well-developed sense of the ridiculous, and to take keen delight in making the audience laugh. The troupe is composed of over a score of horses, ponies, donkeys and mules, all trained and educated to a degree little short of the marvellous.

Woman Elected

SYRACUSE, N. Y., June 4.—Dr. Florence O'Donohue of Syracuse was today elected president of the American Anti-Tubercular League.

LACK OF ENERGY

A Common Trouble Among Growing Boys—A New Blood Supply is Needed—Dr. Williams' Pink Pills Actually Make New Blood.

There are thousands of young men just approaching manhood who are weary, who feel fatigued, who feel that they have done their day's work as though the day were over. In some of these cases there is a further sign of warning in the pimples and decaying eruptions which break out on the face. These are certain signs that the blood is out of order, and unless it is promptly enriched, a complete breakdown, or perhaps consumption may be the result. All these young men should take Dr. Williams' Pink Pills. These pills actually make rich, red blood, clear the skin, pimples and eruptions, and bring health, strength and energy. Here is a bit of proof: Adolphus Root, St. Jerome, Que., is a young man of 19 years, who says: "For more than a year I suffered from general weakness, and I gradually grew so weak that I was forced to abandon my work as a clerk. My appetite failed me, I had occasional violent headaches, and I began to suffer from indigestion. I was falling so rapidly that I began to fear that consumption was fastening itself upon me. Our family doctor treated me, but I did not gain under his care. I was in a very discouraged state when a friend from Montreal came to see me. He strongly recommended Dr. Williams' Pink Pills. I did so, and in a few days I began to feel better, my appetite began to improve, and I started to enjoy the best of health. I continued the pills until I had taken ten boxes, and now I am enjoying the best of health. I never had. My cure surprised many of my friends, who began to regard me as 'incurable,' and I strongly advise other young men who are weak to follow my example and give Dr. Williams' Pink Pills a fair trial."

There is no mystery about the cure Dr. Williams' Pink Pills make. These pills actually make rich, red blood, which braced and strengthened every organ and every nerve in the body. That is why these pills cure all common ailments like anaemia, rheumatism, indigestion, neuritis, St. Vitus' dance, headaches and backaches, and the special ailments of women and traveling girls. You can get these pills from any druggist in medicine, or from the Dr. Williams' Medicine Co., Brockville, Ont., at 50 cents a box, or six boxes for \$2.50.

MACKAY GETS \$20,000.

Settlement Reached in Suit to Have Wife's Will Set Aside.

OTTAWA, June 4.—(Special.)—It is understood that a settlement has been reached in the action brought by Walter C. Mackay to have his late wife's will set aside. The chief beneficiary under the will was Miss Flood, a sister of the deceased.

Under the present settlement, it is understood that Mr. Mackay will get about \$20,000 in cash and will be given absolute possession of the house in which they lived and of its furniture. He also gets certain lands in the vicinity of Pembroke. Under the old will Mr. Mackay received none of these bequests. The house was willed to him simply for his use while he lived.

The money and property were originally his, but he had made them over to his wife.

ADELA VERNE'S CANADIAN TOUR

The Work of a Woman of Talent.

Adela Verne, who is often spoken of as the greatest woman pianist in the world, is on her way to the Pacific Coast, giving recitals at a number of points en route. A week since she was at Barrie, where she would appear to have completely hypnotized her audience. This audience was a particularly musical one, and we are told, that after the program proper was closed the people simply insisted on remaining as long as hearing further selections from this wonderfully clever woman artist. Orillia was the next town visited, where equal enthusiasm was created. At both these places she was at all points on the tour, a Boulder Grand Piano of the old firm of Heintzman & Co. is being used.

In the musical world of that town with the tone of the instrument used that she arranged there and then to become its owner. It is this richness and brilliancy of tone that marks all the pianos of this firm, that first captured the interest of Adela Verne a year or two ago, when she visited Canada in company with Madame Albani. One can quite understand that Albani could say of this famous Canadian-made piano that it exceeds any piano she has ever used. One of these same instruments will be used by Adela Verne at every point direct through to the coast.

Hopkins and Elliott on Bail.

In the police court yesterday morning the case of Cecil R. Hopkins and Albert and Norman Hopkins, charged with conspiracy, was remanded for a week, and they were granted bail, their parents giving bail bonds.

Western Masons Banquet.

REGINA, Sask., June 4.—The first session of the Grand Lodge, A. F. & A. M. for Saskatchewan will be held in Prince Albert on June 15.

The public are warned against a woman soliciting donations for the Nurses' Home. No donations are being solicited, and none should be given, except to the young ladies selling tickets for the entertainment at the Grand Opera House.

Not Soliciting Donations.

The public are warned against a woman soliciting donations for the Nurses' Home. No donations are being solicited, and none should be given, except to the young ladies selling tickets for the entertainment at the Grand Opera House.

Royal Golden Wedding.

King Oscar and Queen Sophia of Sweden will celebrate their golden wedding on Thursday. The gift of Sweden will be a collection to enable poor patients to gain admission to the sanitarium for consumption, founded on the 25th anniversary of King Oscar's reign. Many persons of royal rank will journey to Stockholm to offer their congratulations.

King Frederick and Queen Louise of Denmark will pay a visit to King Edward and Queen Alexandra at Buckingham Palace from June 8 to 13.

Personal.

The Alumnae Association of University College will give a tea in honor of the graduating year on Thursday, June 6, from 4 to 8 o'clock, at Queen's Hall, Queen's Park.

The fourth annual commencement of the Lillian Massey School of Household Science and Art was held yesterday in the Normal School. Prof. A. B. Macallum, L.L.B., F.R.S., occupied the chair. Addresses were given by W. Falconer, B.A., D.Phil., dean of the faculty of education, University of Toronto; Rev. President Burwash, LL.D., of Victoria, and President Maurice Hutton, M.A., LL.D.

The chairman, after giving a short address, presented diplomas to seventeen young lady graduates, already at the degree of B.A., and others of B.H.S., at the university convocation on Friday.

Edna May, the American actress, was married yesterday morning at the registered office at Windsor, London, England, to Oscar Lewishon, son of Adolph Lewishon of New York, in the presence of a few relatives and intimate friends. The honeymoon will be spent in a motoring tour on the continent.

Mr. and Mrs. Arthur Bolland announce the engagement of their only daughter, Margaret Evelyn, to William Macpherson, residing at 121 St. Andrew's Church, Carlton-street, at 7:30 o'clock. A reception will be held at 351 Berkeley-street.

Invitations are issued for the marriages of Miss Gerhardt, daughter of the late G. C. Fairbairn, Leadville, Colorado, and Mrs. Fairbairn, Toronto, and Mr. W. A. Wolden, B. A. The marriage is to take place on June 12.

Rev. John and Mrs. Somerville, 129 Bedford-road, announce the engagement of their daughter, Margaret, to John Walter McDonald, barrister, of Macleod, Alberta. The wedding will take place on June 23.

Mrs. J. Otty Sharp of St. John, N.

1903—Misses' Sailor Blouse. Shipped on shield and with removable shield and with or without Yoke-Pacing. Paris Pattern No. 1903. All Seams Allowed. Another development of the so-called Peter Thompson waist is shown in this pretty model of dark blue pongee. It is slipped on over the head, and has a removable shield. It may also be made with or without the yoke-facing. Although such a blouse is more suitable for flannel or any of the washable silks, the pattern is also adapted to plain linens and chambrays. The pattern is in three sizes—12 to 17 years. For a mist of 15 years, the blouse needs 43-8 yards of goods 27 inches wide, or 21-2 yards 36 inches wide, or 2-3 yards 42 inches wide, 11-2 yards of broad to trim. Price of pattern, 10 cents.

WON'T STAND FOR CRUELTY.

Two of Premier Stolypin's Laws Are Rejected.

ST. PETERSBURG, June 4.—The lower house of parliament to-day rejected two more of Premier Stolypin's temporary laws, one providing for increased punishment and trial exclusion before military and naval courts

THE LETHBRIDGE TROUBLE.

Question Now Is Who Will Be Arbitrator.

OTTAWA, June 4.—(Special.)—The situation, as to Lethbridge's coal trouble is unchanged.

If the Alberta Irrigation and Coal Co. do not persist in their objection to the presence on the board of Mr. Sherman, the president of the local branch of the United Mine Workers, the department will accept their nomination of W. D. L. Hardie, superintendent of mines, as the company's representative, but if the objection to Mr. Sherman is persisted in, then the company's nominee will be Frank Smith, inspector of mines.

LEGISLATION IS URGED.

Governor Hughes Sends Instructions to Legislature.

ALBANY, N. Y., June 4.—Governor Hughes sent to the legislature to-day a special message urging the necessity of the passage of the pending legislation for: Investigation of state departments; direct nominations; require publicity of campaign expenses; regulation of the water power resources of the state (the Fuller Bill, defeated last week in the senate); recommend the introduction of a constitutional classing as special franchises the crossings of highways.

Hon. Adam Beck Lands.

Hon. Adam Beck landed at Liverpool yesterday, and at once was met by Matheson, who had arrived and was waiting for him. This message has allayed the uneasiness among Mr. Beck's friends, caused by the news that he was returning on the way across the Atlantic.

A NEW RECORD

In all piano history it is doubtful if a record so unique or a success so conspicuous can parallel that furnished by the Gourlay Pianos.

The universal and hearty recognition of their pre-eminent excellence by musicians and music-lovers in every part of Canada is but the natural outcome of the realization of

A Higher Standard

than that hitherto attained in the manufacture of Pianos in Canada.

HEART TROUBLE CURED

In the rush, hurry and worry of modern times, we overwork the heart. It is it wonder then that there comes a breakdown of this wonderful little engine, when such a continued strain is placed upon it day after day. There are many forms of heart trouble and the slightest derangement of this important organ is extremely dangerous. To strengthen the weak heart it is necessary to use a remedy that will act upon the heart tissue, restore and revitalize it and at the same time tone up and invigorate the nervous system, we have such a combination in

MILBURN'S HEART AND NERVE PILLS

Mrs. Ella Dingman, Morganston, Ont., writes of her experience with them: "It is with the greatest of pleasure that I recommend Milburn's Heart and Nerve Pills. I was troubled for a long time with my heart; had weak and dizzy spells, could not rest at night, and I would have to sit up in bed the greater part of some nights, and it was absolutely impossible for me to lie on my left side. At last I got a box of Milburn's Heart and Nerve Pills and they did me so much good I got another box and they effected a complete cure. I have not been troubled with my heart since."

Price 50 cents per box or 3 boxes for \$1.25 all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

NEWARK BEAT TORONTO IN 11 INNINGS

WITH KELLEY AND FLOOD OUT OF GAME NEWARK HAD TO GO ELEVEN INNINGS

Score Was 3-2—Great Games in Eastern—Mack Pitches No Hit, No Run Game—Orioles, Grays and Sheeters Win

NEWARK, N.J., June 4.—(Special.)—In one of the most spectacular diamond battles ever fought between two ball teams, Newark defeated Toronto to-day in an eleven-innings contest, by the score of 3 to 2.

In expectation of seeing Larry Hostetter perform in the box against his old team, a crowd of 3,500 gathered to see what was the greatest contest of the season, but McGilghy was delegated to work on the slab, while Pardee, the veteran of the Newark pitching staff, was chosen to oppose him.

Jack Shanley, the heavy clothing extra-ordinary to Joe Kelly, whose bright and single leads by specifying the count of balls and strikes in his hand, in his opinion he gained a few extra bases but he was not great again, and Newark pitcher, who was in a very good position to win, when an amazing executed strike.

It was due to an error by Connors that Newark set its winning run across the plate in the seventh. The Toronto pitcher, who made a perfect throw, but Connors was not in the best of luck when he threw the ball.

HARNESS HORSE GOSSIP

DUFFERIN PARK TO-DAY

Four Class Races Down For Decision - Training Notes From Exhibition Track.

Many of the local horsemen are taking advantage of the track at the exhibition grounds and are stepping their horses' legs.

Yesterday morning Al. Sam McBride worked his trotter, King Bryson, in company with Chas. Hay's "Hercules"...

Hugh Scott worked his stallion, Fritz Blaine, several miles, the fastest in 2:25. The horse has a businesslike way of going...

James Noble sent his trotter, John H. J. in a mile in 2:27, which was done in a laundry fashion. It was the first fast mile he has had...

Bob McElroy was on hand with Sir Robert, giving the gelding a few pacing lessons. He is a very good horse...

Minie A. 2:04, the handsomest of the mare owned by the late Mr. J. J. McElroy, was shown at the exhibition track...

Frank G. Jones of Memphis, Tenn., will be the owner of Baron Grattan, a 2:03, a 2:04, a 2:05, a 2:06, a 2:07, a 2:08, a 2:09, a 2:10, a 2:11, a 2:12, a 2:13, a 2:14, a 2:15, a 2:16, a 2:17, a 2:18, a 2:19, a 2:20, a 2:21, a 2:22, a 2:23, a 2:24, a 2:25, a 2:26, a 2:27, a 2:28, a 2:29, a 2:30, a 2:31, a 2:32, a 2:33, a 2:34, a 2:35, a 2:36, a 2:37, a 2:38, a 2:39, a 2:40, a 2:41, a 2:42, a 2:43, a 2:44, a TWO CITIES AND A MORAL.

In a recent issue The Baltimore Sun drew an interesting parallel between the position of that city and the position of San Francisco, analogous as they are from the fact that each suffered from a disastrous conflagration. There the analogy stops, for where the record of the administration of the Californian city has been one of graft and corruption, that of the Maryland city has been conspicuous for its purity, energy and determination. Baltimore, after its great fire in 1904, declined all outside aid, and has on its own credit raised millions of dollars in perfect confidence that these would be expended for its good and on lines that would further the growth and development of the municipality.

"To-day," says The Sun, "Baltimore is engaged in carrying out one of the most stupendous schemes of municipal improvement known upon this continent. The men in whose hands the spending of millions of dollars is placed, are trustees. Baltimore is spending \$10,000,000 upon its sewers, \$1,000,000 for schools, a like amount for the fire department, to increase its efficiency; the park board is spending a million for improvements, including a great boulevard to connect the fine park system; millions are being spent on the docks and other millions unless all signs fail are to be spent within a few years upon street paving. No trouble is experienced in disposing of city stock, and the reason is plain. The city's credit is of the best, and her officials are men in whom confidence is placed."

Greater Baltimore to the citizens is "a substantial reality." So should greater Toronto be to its citizens. There is no reason to dread that the Queen City will achieve the unfortunate eminence of San Francisco, but it is not possible that instead of emulating the energy and foresight of Baltimore, it will continue to follow the fatal policy of hesitation and indecision which brings losses and tribulations little less disastrous than the grosser evils? The future lies with the people and the city that has faith in it and prepares for it. Baltimore has that faith, and is already reaping the profit in "an era of unexampled prosperity." Neither will Toronto, if it has similar faith, fail to obtain the reward.

REPRESENTATIVE GOVERNMENT. The alleged bargain between the leader of the organized opposition that there shall be no appeal to the county until after another session of parliament, to be complete, should carry pledges from both parties to the compact. If Sir Wilfrid Laurier is to give the opposition another year to line up before throwing down the gage of battle, then certainly the opposition is morally bound to give the government another year of power. It would be bad manners, if not bad faith, to turn the ministry out of power when it is agreed, all hands round, that his excellency must not dissolve the house until 1908.

The fact is that we are rapidly getting away from representative government. It is not the government which is called to account by the house; it is members of the house who are called to account by the government. There was at one time in the imperial parliament a "ministry of caretakers." It being physically impossible to have the general elections at once a government, without a real majority behind it, was helped through the session. But there is no such emergency in Canada.

COURSE FOR INSPECTORS PROPOSED BY FACULTY

Changes in Education of Teachers To Be Inaugurated at the University.

A course for school inspectors will be a feature in the program for the faculty of education of the university. The study for this course will include modern systems and tendencies in education, school economy, history of public education in Ontario, school administration and law, and school-inspection and supervision, including supervision of all subjects in the public school course.

Another change is that it will be possible for those in attendance to get certificates for teaching only in high schools. Another certificate will be valid in both high and public schools, with special attention to public school work. Until the model, high and public schools in connection with the university are ready, the city schools will be used for practice work. In addition, teachers wishing to teach in the public schools in Ontario, school administration and law, and school-inspection and supervision, including supervision of all subjects in the public school course.

The department of education has under consideration a plan whereby public school inspectors, in addition to attending, as they do now, the meetings of the course of the faculty in education, a year a public meeting in every township under their respective jurisdictions. Ratepayers, trustees and others interested will be invited to attend to discuss the particular needs and difficulties of the localities in regard to education.

OBITUARY.

Arthur Ingham. Arthur Ingham, organist of the Central Methodist Church, died in the General Hospital on Monday night of acute pneumonia, after an illness of less than 24 hours. He presided at the organ on Sunday night, and at 3 o'clock Monday morning was taken suddenly ill, and a physician ordered his removal to the hospital.

Mr. Ingham was 40 years of age. He was a native of Bradford, England, and came to Toronto, after studying under Best and Charles Halsey. His first Canadian position was as organist in the Central Methodist Church, Kingston. Then he became organist and choirmaster of the Church of the Redeemer, Avenue-road, Toronto, and in 1887, after this city, he came to Toronto, where he acted as conductor of the Central Methodist Church.

THE TWO-CENT FARE.

(Ohio State Journal). The 2-cent fare was the logical consequence of the railroad's fault. The people saw thousands of big, fat persons, followed traveling for nothing, while they had to pay 3 cents a mile. In Pennsylvania it would take ten great trains every day to carry the personal baggage of the railroad. The people reasoned that if a railroad charged some 2 cents and some nothing it could get along by charging everybody 2 cents. The railroad forced the logic on the people. There had been aroused universal disgust at rich people traveling for nothing and for poor people having to pay. The 2-cent fare is the result. It was not the high rate as such, but as the discrimination that resulted in a reduction.

ACTION DISMISSED. Justice Riddell has given judgment in the action of Alexander Lumsden against the Temiskaming Railway Commission, tried at the Ottawa non-jury sittings. His lordship dismissed the action with costs.

PLUMBING BILL. W. J. McGuire, Limited, is suing P. J. Brown of Beaverton to recover \$510 under a contract for the plumbing and heating of the residence at 848 West Queen-street, Toronto.

PARTNERSHIP TROUBLES. Walter Charles Bonnell has issued a writ making A. E. Ocker of Toronto defendant and asking to have an account taken of the partnership dealings between them, arising out of transactions under an agreement to share the expenses and profits.

WRONGFUL DISMISSAL. J. A. Williamson is claiming \$1400 from the Robert Ocker Co. for wages and damages for wrongful dismissal. He has issued a writ against the company to enforce his claim.

TRUST FUNDS. Thomas Long, executor of the last will and testament of John J. Long, deceased, has issued a writ against Mary Byrnes and a number of other parties residing in Collingwood, asking to be relieved of the trust funds under the will, in which the defendants are interested, and for an order transferring the trust funds to the Toronto General Trusts Corporation.

NORMAN GETS A NEW TRIAL. John Norman, who mistakenly severed the throat of a man, was sentenced to the eighth story of the Trades-Building and saved himself by catching a beam in his descent and holding on to it until he was rescued. He has asked a new trial of his action against the Hamilton Bride Co. Norman sued the company for \$10,000 damages for negligence, but the judge dismissed his action with costs. Upon appeal to the divisional court the former judgment has been set aside and a new trial ordered. The costs of the former trial and of the appeal are to be cost in the cause to Norman.

SUIT OVER FLOUR. The Seaford Milling Co. had an action pending against Foster & Tilston of Toronto, claiming \$955.59, for 410 bags of flour delivered to them. Upon trial ordered by the chambers, Cartwright has dismissed the action against Tobias Castor, without costs.

CHEQUE DISHONORED. The Trusts and Guarantees Co. are suing Howard C. Dunbar on a cheque for \$360 drawn by Dunbar on the Bank of Ottawa in favour of Cobalt Nepegan Bank, and endorsed by them to the plaintiffs, who are holders for value in due course. Master in chambers Cartwright has, on the application, granted summary judgment.

HIGH LICENSE A FAILURE. Does Abate Evils of Intemperance, Suggests Editor. Col. L. C. Kelly, editor of The Kentucky Issue, and a well-known advocate of prohibition, does not think that the Toronto system of high license and restricted sales is doing much to abate the evils of intemperance.

"Your system," he says, "of annexing your saloons with your hotels reduces the number of retail places very greatly below what we have in Louisville alone we have 1000 saloons; whereas you, I believe, have only about 150. This, of course, lessens the opportunity to make drunkards to some extent. Yet I see that the Ontario Medical Association has discussed the advisability of establishing an asylum for inebriates. This convinces one that high license and restricted sales do not prevent the creating of inebriates. We suspect that if the Medical Association were to turn its energies to repress and ultimately suppress the sale and manufacture of alcoholic drinks, it would some day crown itself with success and honors."

"Your system has its defects. It makes the liquor traffic more respectable and hence it is with respectability plus capital—a thing we do not have."

FREIGHT HANDLERS GET RAISE. An advance in wages of five cents a day has been granted to the men in the Grand Trunk freight sheds on Yonge-street. This brings the total day's wage up to \$1.50.

Mr. Ingham was 40 years of age.

DR. NOBLE GIVES REASON FOR OUSTING DR. SHEARD

Former Alderman Believes M.H.O. Hasn't Time to Attend to His Proper Duties.

The contention that Dr. Sheard has not sufficient time to discharge his duties as medical health officer in a manner to bring about the best results as regards the city's health standard, and that he has failed to improve the street cleaning and scavenging services are explanations Dr. John Noble gives for his motion to be submitted to the local board of health to-day, asking that Dr. Sheard be ousted upon re-liquishing the latter duties.

There will probably be one or two human interferences with the motion. The relations between ex-Ald. Noble and Dr. Sheard have never been noted for warm cordiality, and the bringing forward of the motion is something in the nature of a dramatic moment.

"My idea is that there are many things that the medical health officer should do that aren't done," said Dr. Noble last night. "He should, for instance, take some steps to relieve the house famine. There are houses in which three families are living, when there should be only one. The medical health officer might step in and put a stop to such conditions, as the law allows him to do almost anything in this regard."

"There are thousands of houses in Toronto in an unsanitary condition, particularly in St. John's Ward," he continued, adding as another count in his indictment: "Contagious diseases should be better looked after. There is no provision made at the hospitals for patients suffering from consumption, typhoid fever, measles, whooping cough, or chickenpox. These diseases are practically allowed to run at large, and doctors do not, as a rule, think of reporting such cases, because it is useless to do so."

"Dr. Noble considered that there was need for a more effective inspection of food, particularly canned goods, and instances cases where impurities in the quality had given rise to serious illness in consumers."

"Touching on Dr. Sheard's control over street cleaning, Dr. Noble said he had been disappointed in the results. "I thought that Dr. Sheard, as a scientific man, would have evolved some better system, but he has done nothing new to the department, nothing new has been produced. There have been no experiments, and things have generally gone on in the old way."

The members of the board are Ald. Church (chairman), Mayor Coatsworth, Ald. McGhie, Ald. J. G. Graham, ex-controller Shaw, Dr. Noble and Dr. Lynd.

For months past there have been rumors from time to time that an effort would be made in the city council to have Dr. Sheard's powers reduced, and the lines mentioned, and Ald. McGhie has announced that he will submit a motion making such provision.

Jumped Just in Time.

INGERSOLL, June 4.—(Special).—Near the C. P. R. depot to-day three sectionmen jumped from their handcar just in the nick of time to save themselves from being struck by a freight train. The train crashed into the handcar, which was carried on the pilot of the engine for some distance.

Some think water pure because it is carbonated—charged with carbonic acid gas.

That is wrong. Carbonating water doesn't purify it. Carbonic acid gas doesn't cleanse water. Plenty of carbonated waters are just ordinary city water, charged with gas. That gas is mostly made by the action of sulphuric acid on whitening (such as is used for calcimining), or from the fumes of burning coke. Pleasant, isn't it? Even spring waters that are naturally fizzy, carbonated far within the earth, are not always safe to drink. Natural carbonation is likely to load water with more lime or magnesia than the system ought to get. So a natural fizzy water may be wholesome and it may not. The safe way—doctors think the only safe way—for people who like carbonated water, either plain as a beverage, or as a diluent for spirits—is to get an ideally pure spring water, charged with purified carbonic acid gas, and Carbonated and bottled under absolutely safe, cleanly, and scrupulously sanitary conditions. Water like that is zesty, refreshing, wholesome, and enhances the flavor of whatever it dilutes—liquors especially. The water that surely meets every requirement is sold in your neighborhood by merchants who care for the custom of particular people, and in your city by the right kind of hotels, bars and clubs. It is worth asking for; and it is labelled

York Sparks

TOO VIGILANT AN OFFICER.

Arrests Entertaining Reporter For Staying Late on His Job.

GODERICH, June 4.—(Special).—To be arrested by the town constable and lodged all night in the court house was the unpleasant experience that befell Reporter Jack Pritchard of the Toronto Globe, who has been attending the Methodist conference here.

Last night the young man stayed until after midnight at the Victoria avenue Church, in order to learn the results of the stationing committee, whose session did not conclude until 1.30 a.m., and then started out to find the telephone office, in order to call up his paper.

In the famous maze which forms the "hub" of Goderich, he lost his way and his movements catching the eye of the local Dogberry the latter felt sure that he was on the trail of a law-breaker. The reporter, after considerable search, finally found the phone office, and, having sent in his message, returned to his hotel, which he found locked up and in darkness.

"What are you after?" came a rough voice suddenly, and the burly guardian of the peace snatched him up. "I've been watching you for some time, and I don't like your actions." "I'd like to get into my hotel," returned the reporter. "I've just come from the telephone office."

"Oh, you don't play any yarn like that on me," said the officer. "What are you doing out at this time of the night, anyway?"

"The sorbe assured him that he had just come from a meeting of preachers, which brought forth the retort that it was a new kind of preachers' meeting which was held at this time of the night. In the end his captor took him to the court house and locked him up in an office.

This morning the officer was considerably surprised when he learned of his mistake and apologized very humbly.

Fell From His Train. G. T. R. Fireman Frank Williams was found by his engineer immediately south of the North Parkdale station at 5 o'clock yesterday morning. He was taken to the Western Hospital.

Williams went on his engine at Simcoe-street to take out a freight train. The engineer mistook him at the Getta Pecha Rubber Company's works. He backed the train until he found the man.

Williams could not explain how he had fallen from the train. He had sustained severe scalp wounds.

A GREAT BUILDING YEAR

Thus Far Advance in Permit Values is Well On to Three Million Mark.

While citizens have become, in a sense, accustomed to figures that indicate that Toronto is in the flood-tide of building property, a statement issued yesterday afternoon by the city architect's department, reviewing the progress for the first five months of the year, as compared with a like period of 1906, is of particularly striking significance.

During the period mentioned, the advance in the total value of the permits is no less than \$2,736,887, or nearly 57 per cent. It is a noteworthy fact that the increase in the number of permits, 282, represents a shade less than 30 per cent. of an advance, making it clear that the capita strides in the value of new buildings are not the result of any mere building boom, but indicate substantial progress, and the springing up of factories.

Table with 2 columns: Date, Value. Rows for Jan, Feb, Mar, Apr, May 1907 and 1906.

That Penalty Claim. Whether or not the city should seek to collect \$600 from Contractor Frank Simpson as a penalty for not completing the work of laying a six-foot steel pipe across to the island within the time specified in the contract, is puzzling the board of control.

The work was finished nearly two years ago. The board will confer with Mr. Simpson's contention is that the delay was due to an error of an employee of the waterworks department in giving out the levels, and in discharging him a year ago, the city appears to have admitted that a mistake had been made.

It was agreed yesterday that no decision should be reached until the return of the controller from Vancouver, the location of the contract has been taken up with Ald. Church and Ald. Whytock, representatives of the city on the harbor board, before deciding whether to fight the case.

At the conference between the board of control and the railways, to be held in the near future, the matter of a bid for the extension grounds has been discussed in discussion of the whole problem of protection to the crossings between Bathurst-street and the Harbor. The board considers the whole problem should not be required to pay more than one-fourth of the estimated cost of \$1,100,000 for depressing the tracks.

Dr. Sheard, in his statement of Cont'oken, that the inspection of lodging-houses has not been strictly carried out. He says that since last winter, when 100 inspectors were prosecuted, there has been no need to proceed further.

The conference was to have taken place yesterday between City Engineer Rust and Manager Fleming of the street railway, regarding the former's demand that the street be opened at Mr. Fleming's request, that he may have time, he explains, to figure out the effect of the amendment.

The city architect is visiting Cincinnati and other United States cities to inspect different systems of automatic fire alarms, and also to look over roofing materials.

The friction among the carpenters employed on the horticultural building to the extension grounds has been moved, thru the non-union workmen joining the Carpenters' Union.

The governors of Toronto University have decided to allow the city to open Anderson-street into Queen's Park-avenue, and to allow the city to purchase the land that the university might refuse such opening. The governors have come to the conclusion that it is in the public interest that the street should be extended, but do not concede the city's right to make other openings into Queen's Park-avenue.

The city has at last come to terms with Elias Rogers for the purchase of property owned by him on Lansdowne-avenue and needed for the street. The cost to the city for the forty-six public land concessions to be held this year will be \$700.

Deputy City Engineer Howells has been notified by Manager Fleming that the error made by the company's employees in laying a concrete sidewalk over the street, at the intersection of Yonge and Richmond-streets has been rectified.

The permit for a \$12,000 steel and brick addition to their factory on West Adelaide-street has been taken out by the James Morrison Manufacturing Company.

Endorse C.N.R. Route. BELLEVILLE, June 4.—The Belleville City Council has endorsed the route of the Canadian Northern Railway, so far as it applies to its passage thru this city. This action was taken in reply to a communication from the railway commission.

It has been decided to extend the season at the Majestic another week, and for the closing attraction "As Told in the Bible" will be presented, opening with the matinee on Monday. Also interesting and extremely thrilling at all times, the play is not of the kind that depends on the strength of the cast, but on the strength of the plot, and a generous number of specialties are introduced with effect.

THE MAN WHO KNOWS IS THE MAN WHO WINS

Every person should know history—not only the history of their own country, but the history of every other country. Until most recently it was impossible to have the history of every nation in your possession without a vast expenditure of money. THE NATIONAL ALUMNI, an association of educators, representing the great Colleges and Universities of the world through publishing

THE GREAT EVENTS BY FAMOUS HISTORIANS

have made it possible for a person of the most moderate means to possess a UNIVERSAL HISTORY OF THE WORLD. THE CANADIAN NEWS PAPER ASSOCIATION by an arrangement with the National Alumni are enabled to offer THE GREAT EVENTS BY FAMOUS HISTORIANS a limited number of sets of THE GREAT EVENTS BY FAMOUS HISTORIANS for introductory purposes and now offer you the opportunity of securing this great work at one-third the publishers' price and on terms of less than six cents a day.

This monumental work has been pronounced by all scholars and students of history the marvel of the age, covering, as it does, the world's history from the beginning of the world to the present time in strict chronological order. It embraces the political, social and economical life of every nation of the world, each one of which has added its quota to the world's history.

A comprehensive and readable account of the world's history, emphasizing the important events and presenting these as complete stories in the master words of the most celebrated historians.

NON-SECTIONAL NON-PARTISAN NON-NEGATIVE

The Great Events by Famous Historians, published by The National Alumni, under the editorial supervision of a corps of distinguished scholars, complete in 20 handsome volumes, is the FIRST and ONLY history ever printed in the English language having an irrefragable claim to the epithet "Universal." It is the story of ALL human history, not a mere fragment of it. Superseding all other histories in giving first-hand information, it gives a continuous narrative, covering all topics, from ancient Egypt to modern Japan.

The only work which contains all the events of all nations, grouped and classified according to periods and edited by a distinguished expert.

The only world history in which Canadian subjects are treated with anything like the fairness and fairness which their importance demands.

Hand-painted reproductions of famous historical paintings done on Japanese vellum and signed by the artists, executed exclusively for this publication.

23 Thirty-three full page photographic reproductions of famous historical paintings, done on Imperial Japanese vellum.

3 Thirty-eight Remarkable Etchings on full-size illustration of the world's history.

4 Thirty-eight pen-and-ink sketches, reproductions, on Imperial Japanese vellum.

By the terms of our arrangement with the National Alumni Association we are enabled to offer THE GREAT EVENTS BY FAMOUS HISTORIANS, UNIVERSAL HISTORY OF THE WORLD at about one-third the publishers' price, and on payment of less than SIX CENTS A DAY.

Address all correspondence to: The Canadian Newspaper Association, Toronto.

Weight nearly 80 lbs. The Greatest The Most Profound The Most Scholarly The Most Colossal. The most complete and the only universal history ever published.

COBALT Mining Stocks Suffer From Further Liquidation --- COBALT

LIQUIDATION FORCED BY FURTHER REACTION

Foster and Trethewey Receive Drastic Treatment From Professional Operators.

World Office, Tuesday Evening, June 4. The demoralized state of the market for Cobalt stocks yesterday paved the way for heavy liquidation to-day. The local markets opened steady, but under the effect of a good deal of outside liquidation, together with short accounts put out by room traders a further break was facilitated with consummate ease. There was very little support evident for any of the active issues, the only buying emanating from the short interest. Outside holding are extremely perplexed, having no guide as to when the wave of liquidation will cease. The market is now considerably at the mercy of those interested in forcing lower prices. These are being aided in their efforts by all kinds of rumors, which, falling contrary to the position of the market, have the effect of increasing the confidence of the professional trader experienced in his position.

RUMORS ON FOSTER.

Big Holders Said To Be Largely Out of the Stock. The renewed break in Foster yesterday admitted of a sort of gossip among the trading element. One rumor which found some credence was that many of the principal large holders of the stock had sold out and that the market was stamped by the selling of these large holders. It was also stated that one of the biggest shareholders when the stock was introduced to the market last year had cleared up his entire investment in the company by selling to a European syndicate on a trip with a portion of the proceeds.

FACTS AS TO COBALT.

Am Not a Consideration in Present Speculation. Heron and Co., in their market letter of May 31, a very apathetic attitude is still maintained by the public toward Cobalt stocks, and trading as a result, continues largely prosaic. The market is being moved irregularly with firm spots only occasionally visible. About 200 properties are now shipping or have shipped ore, and are preparing to do so, some of the companies have distributed profits to their shareholders. Cobalt is but two and a half years old and is supporting 6000 people. All these facts should be borne in mind at this time, when prices are being depressed on the exchanges. It is considered the many favorable features surrounding the situation, and who will necessarily sooner or later have to pay the penalty.

MAY PICK UP VEIN.

The Hazel Jule Co. are putting a gang to work on their property on the north end of Sasagaua Lake, this week, and active development will be made. The work on this property will be eagerly watched by all Cobalt, as many mining men believe that the Hudson Bay vein will be picked up on this property.

VEINS OF THE COCHRANE.

Last week, as a result of systematic surface prospecting and trenching, two twin veins were discovered on the property of the Cochrane Cobalt Mining Co. Limited. The larger one of the two is almost two feet wide, well mineralized, and at present the ore has not been assayed, and it is impossible to say how rich it is. These veins are now being stripped and are not only very promising, but go to demonstrate the fact that the south end of Cochrane Township is one of the richest parts of the camp. The Cochrane adjoins the Temiskaming and Beaver mines, and in addition to the new discoveries above mentioned has a well defined vein 18 inches wide, stripped for 400 or 500 feet, and carrying on the surface as high as 2800 ounces of silver.

NEW YORK CURB.

PUBLIC HAS NO RIGHT OF ACCESS TO WHARVES

Startling Contention of E. Douglas Armour in Arguing the Bridge Case.

In continuing the argument for the railway at Osgoode Hall, in the appeal against Judge Anglin's decision...

Mr. Armour contended that that access can be got to the wharves only with the consent of the wharf owners...

Chief Justice Moss did not suppose it was ever thought that the waterfront was cut off...

Following Mr. Armour's argument the city's case was opened by Alfred H. Marsh...

The East Toronto Liberals meet on Friday night to appoint delegates to Saturday's convention.

WANTS TO FILL THRONE. Willing to Follow Old House of Braganza.

VIENNA, June 4.—Dom Miguel de Braganza, head of the line of the house of Braganza...

ALARM CLOCKS. Our Alarm Clocks do their duty faithfully. Our must-get-up line at \$1.50 each will rouse the drowsiest man you ever knew.

York County and Suburbs

TORONTO JUNCTION.

TORONTO JUNCTION, June 4.—The Toronto Junction Gun Club will hold their summer series shoot on Wednesday afternoon...

Among this year's graduating class in medicine are five Junction boys, who are well known to the citizens of the town...

Dr. Taylor leaves on Saturday for Washington Territory, where he will assist a medical practitioner.

No trace of the baby abducted from A. Tucker's home on Saturday has yet been found.

NORTH TORONTO, June 4.—About 11 o'clock Sunday night fire broke out in the barn of J. Reppen, McDougall-avenue, just outside of the town limits.

Fire destroyed the outhouse of Mr. Bottling, Merton-street, on Friday night, doing \$200 worth of damage.

At the council meeting to-night the resignation, after 30 years, of W. W. Edwards as caretaker of the town hall was accepted.

A petition was received from property owners on the south side of Kensington-avenue for a four-foot concrete sidewalk.

The council commended Police Chief Morris on his diligence in keeping order in the town.

Down Assessor Whaley's assessment figures are: Land \$52,615, buildings \$212,825, income \$237,900, business \$4,385; total \$1,413,578.

East Toronto, June 4.—The quarter-hour subway service which the Street Railway Company is now supplying to Balmby Beach is giving anything but satisfaction.

Mr. Patrick De Courcy, M.D., writes: "For some time I suffered from indigestion and was scarcely able to do anything at all."

Fairweather 84-86 YONGE STREET.

W. H. GRANT Possible Liberal Candidate in East York—Convention on Saturday.

Samuel Burkholder of Stoneville, undertaker, who died on May 28, left an estate valued at \$17,722.25.

Mr. Burkholder was married to Mrs. M. A. Burkholder, nee Stoneville, on May 14, 1911, at \$2500, and had \$22,172.25 in cash, \$1750 stock-in-trade, \$1500 in furniture, \$600 in book debts, and a mortgage worth \$1000.

Merreda Burkholder, the widow, receives realty and personal worth \$3800. John Neeson, her son, receives realty and personal worth \$10,000, and the share of May Lawson, daughter, totals \$5000.

Extension Allowed. An order has been issued by the Ontario railway and municipal board, allowing the Ontario Railway to open its extension from Newmarket to Jackson's Point.

A Metropolitan Complaint. Editor World: You have done a great deal for the residents of North Toronto in respect to the Metropolitan Railway, and can do more by keeping the public in the loop.

This morning the 9:30 Glen Grove car (No. 2) was met at the top of the hill as you enter the city by the north-bound private car with Mr. Moore and party of ladies on board.

We were backed up to the Deer Park switch, and, in going, lost about 5 minutes. The private car should not have left the city until we arrived, or it should have been timed to pass on a switch, but there is no such thing as a free lunch.

Mr. Moore and party on the line, are in such a disgraced condition. Their object is to give us the very worst of the best of the street, and let them double-track Yonge-street, but we'll hold out until the charter expires and then we shall dictate.

North Toronto, June 4, 1927.

Dear Park. DEER PARK, June 4.—John Keith of East St. Clair-avenue has purchased a house on Wood-avenue.

Stomach Troubles of Long Standing. Were Cured by Dr. Chase's Kidney-Liver Pills When Doctors' Treatment Failed.

Doctors failed to cure Mr. De Courcy of their diet and other pills a dose of Dr. Chase's Kidney-Liver Pills, and I did so to my great advantage, for my old trouble was completely cured, and though past middle age, I feel young and hearty again.

I have great confidence in Dr. Chase's Kidney-Liver Pills. Dr. Chase's Kidney-Liver Pills. Sold by all dealers, or Edmanston, Bates & Co., Toronto.

Kawartha Lakes. This is a magnificent district, reached by the Grand Trunk Railway System, and lies in the inland lake region situated on the "Highlands of Ontario."

Call at Grand Trunk ticket office, northwest corner of King and Yonge-streets, and ask for "Kawartha Lakes" folder, giving full description of this beautiful district, particulars of how to get there, maps and all information.

Banquet to Walter Scott. REGINA, Sask., June 4.—The banquet to be tendered to Hon. Walter Scott on his recovery and return has been definitely fixed for June 21.

YANKEES IN CONTROL OF ONTARIO FISHERIES

And the Bulk of the Catch Goes to American Markets, Says Provincial Report.

In the report of the provincial fisheries department for 1926, which has just been issued by Acting Deputy Commissioner Tinley, the attention of the government is drawn to the difficulty of enforcing the fishing laws of the province, owing to the fact that while the province owns the fish in its own waters the Dominion government has the power to legislate regarding close seasons and in other important respects.

Power Used Wrongly. "This power," the acting commissioner says, "is often used for purposes other than fish protection. In some districts under certain circumstances permission has been given to fish during part of the short close season for salmon trout and whitefish, without even consulting Ontario's fishery department until after such extensions of open seasons have been granted. I venture to hope the time is not far distant when the province will have full power to legislate on and regulate what common-sense has decided to be an exclusive provincial matter." The immense extent of the waters of the province, in which commercial fishing is allowed, cannot possibly be patrolled to the extent necessary to ensure strict compliance with the terms of which the licenses are issued. It is well understood that most fishermen have no other means of livelihood than their gill nets, which as a rule stretch out to several miles the amount their respective licenses empower them to use. To even partially compel the fishermen of the province to use no more nets or net than stated on their licenses would require at least two general inspectors to devote their whole time to the enforcing of the fishery regulations, and make fishermen in general realize that a thousand yards of net means a thousand yards. The inspectors should be authorized to have all or any gill nets at any time lifted for inspection. The inspectors should be authorized to make by fishermen, from which the yearly returns of catch and value are compiled, the inaccurate and unreliable far less than the number of the catch and value of same being returned for the alleged purpose of preventing the catch being increased to an extent commensurate with the value and amount of fish caught. These returns should be made, and correctness sworn to before a justice of the peace.

Should Have Home Market. The report strongly urges the importance of establishing a home market for Ontario fish. This, it says, can be done by the Dominion government prohibiting export or by the people of the province being persuaded to buy the products of Ontario fish which is realized in the United States. With American capitalists in control of the business the acting commissioner is emphatic in the opinion that the day has passed when fish can be purchased cheaply.

As to American control of the report says: "If American ownership and control prevailed in 1898, we may rest assured that such control prevails now to a far greater extent than in 1898. We have the most convincing proof of American control when we revert to the well-known fact that at least three-fourths of the fish caught in the great lakes by the licensed fishermen of the province reach the United States direct through the hands of the government inspectors. To devise means for effective inspection is urgently required, and no further proof of ownership is required than that of American fish companies, a fact already so well established. The fish of our lakes, rivers and streams is a natural heritage left us by nature to be used wisely for the benefit of all, and not for the purpose of being exterminated to supply the greed and rapacity of a few powerful and dominating alien fish companies."

The question of pollution of lakes and streams is dealt with at some length, and the acting deputy arrives at the conclusion that unless the local authorities co-operate with the government there is little prospect of checking this evil.

"When complaints are made," he says, "the authorities are held up, the factory or mill owners threatening to remove their establishments unless allowed to pollute the rivers and streams with impunity."

SEEDS. Simmers Seeds Grow—Can supply all varieties. Field, Garden and Flower Seeds in packets or in 10 lb. casks. These are well known for their superior germination, and can be relied upon.

Nasturtium, tall or climbing variety. Simmers Special Tall Mixture, pkt. 10c. 10c. Nasturtium Dwarf or Bedding varieties. Simmers Special Dwarf Mixture, pkt. 10c. Nasturtium Dwarf, 1 lb. 50c, pound, \$1.25.

BULBS. Dahlias, Gladiolus, Begonias, Tuberosus, Ficus, etc. Large variety. All at reasonable prices.

PLANTS. We can supply almost everything that a garden requires. Our plants are well grown, clean, healthy stock, and the variety is almost endless.

TOOLS. Lawn Mowers, Lawn Rollers, Steel Rakes, Garden Hoes, Etc., Etc. A full line of handy little tools to make work easy.
