CANADIANS HIGHLY PRAISED IN OFFICIAL REPORT TALIANIANS CONTINUE TO REPULSE AUSTRIAN ASSAULTS Verdun Triumph for French, Sir Douglas Haig Reports

BRITISH FORCES HELD READY TO PLUNGE INTO VERDUN FIGHT

French Asked Merely for Relief of Troops on Portion of Front—Sir Douglas Haig Reviews Recent Operations Along the British Front.

LONDON, May 29.—Gen. Sir Douglas Haig, commander of the British forces in France and Belgium in a despatch covering the operations of the British army in that territory from Dec. 19 last, when he took over the command, until May 19, says high praise is due to the French defense of Verdun and reviews in detail the actions in which the British have taken part.

"During this period," he says, "the only offensive effort made by the enemy on a great scale was directed against our French allies near Verdun. The fighting in that area has been prolonged and severe. The results have been worthy of the traditions of the French army, and of great service to the cause of the allies.

"The efforts made by the enemy have caused him heavy losses both in men and in prestige, and he has made these attacks without gaining any advantage to counterbalance them.

"British Ready to Aid. "During this struggle my troops have been in readiness to co-operate as they might be needed, but the only assistance asked for by our allies was of an indirect nature, namely, the relief of the French troops on a portion of their defensive front. This relief I was glad to be able to afford. The execution of a considerable front, everywhere in close touch with the enemy, was a somewhat delicate operation, but it

STATUS OF VON IGEL DIFFICULT TO DEFINE Trial of Alleged Welland Canal Plotter Has Been Postponed.

NEW YORK, May 29.—Because Secretary of State Lansing has not yet decided the status of Wolf von Igel, indicted on charges connecting him with an alleged conspiracy to destroy the Welland Canal, Von Igel's hearing was further adjourned today until June 12. It is claimed that Von Igel was a member of Ambassador Von Bernstorff's staff, and therefore was immune from prosecution under international law.

ATTACKS ON CONVOYS BEATEN BY RUSSIANS Hundred and Fifty Kurds Killed by One Cossack Patrol.

SPECIAL CABLE TO THE TORONTO WORLD. LONDON, May 29.—The Russians advancing on Mosul report that fighting continues in the Rivandouza region where Kurds who attempted to attack the Russian convoys have been dispersed by successful actions. In one case a detachment of 44 Cossacks surprised a Kurdish bivouac near Zova Village, surrounded it and killed 150 Kurds. The Cossacks rejoined their regiment with a loss of only two killed and one missing.

MADRID, via Paris, May 29, 6.19 p.m.—A committee of Spanish ship-owners today protested to Count Romanones, the prime minister, against the torpedoing recently of the Spanish steamer Aurrera. The committee insisted that the Spanish Government demand of Berlin that Germany's submarine warfare be limited to cargoes which are considered contraband and that Germany take into account the fact that Spanish traffic with England is absolutely necessary in order to procure the coal which the Spanish merchant marine needs. The committee added that a continuation of the present German policy would mean the ruin of the Spanish merchant marine. Count Romanones promised to deal with the situation.

SPECIAL CABLE TO THE TORONTO WORLD. LONDON, May 29.—Two German attacks, launched with great violence against French positions on Hill 304, southwest of Mort Homme, and on the western bank of the Meuse, were repulsed by the French artillery fire this afternoon with great slaughter to the enemy. A strong German attack was also directed from Corbeaux Wood, and except at one point, where a footing was gained on a front of about 300 yards of French advanced trenches, the assault was broken by French gunfire.

HAD ARM FRACTURED. Seven-year-old Cecil Gibson, 115 Duchesse street, had his left arm broken when he fell on the railway tracks on the Esplanade yesterday afternoon while gathering coal. He was taken to St. Michael's Hospital.

WAR SUMMARY THE DAY'S EVENTS REVIEWED

ONE of the biggest puzzles of the day has been the sudden lavish display of shell firing by the Germans on the British front in Flanders, but the motive of the enemy in adopting the policy of wasting explosives in desultory bombardments remains obscure. This great employment of projectiles is not the drum fire which precedes an offensive, but it may have been designed to deceive, lay opinion and to create uneasiness in Britain about coming events at the front.

The verdict of Sir Douglas Haig on the Battle of Verdun, as given in his despatch from the front yesterday, is that the results have been worthy of the traditions of the French army, and of great service to the cause of the allies. The efforts made by the enemy, says Sir Douglas, have caused him heavy losses, both in men and prestige, and he has made these attacks without gaining any advantage to counter-balance them.

COUNCIL HAD SHORT SESSION YESTERDAY

Ninety Minutes All That Was Required to Dispose of Business.

TO BUY CIVIC CARS

Publicity Committee Recommendation Dropped—Install Fire Hydrants.

Ninety minutes was all that was necessary for the city council to transact its business yesterday afternoon. With the exception of the board of control's recommendation to strike out the amount of \$4700 recommended by the property committee for the installation of 25 fire hydrants and the cost of the water supply, there was practically no discussion.

Ald. Sam McBride, the chairman of the committee of the whole did not make any motion, but he did make a number of remarks of considerable importance were disposed of in a quick manner.

Little was said about daylight saving, but Ald. McBride and Ball were responsible for a motion requesting the mayor to telegraph the chief magistrates of all the towns and cities in Canada to ascertain whether they are in favor of the daylight saving plan to go into effect on June 15. This motion carried unanimously.

An important resolution was moved by Ald. McBride and referred to the board of control in connection with the appointment of a minister of municipalities. The alderman requests that the city council memorialize the Ontario Government with a view to having a minister of municipalities appointed for the Province and the jurisdiction of all municipalities masters of the board of control.

The board of control also considered a motion by Ald. Singer to the effect that the city solicitor be instructed to apply for a license authorizing the city treasurer, or a municipal agent for the purpose of receiving and repaying to the corporation any commissions payable on account of insurance premiums payable by any citizen.

Every member of the council supported the recommendation for the appropriation of \$100,000 on the account of the Nurse Cavell monument, which will be erected on University avenue, at a cost of \$120,000.

The recommendation in connection with the appointment of publicity and industrial committee for Toronto came up the mayor stated that he was not satisfied with the report of the committee suggested, and the clause was withdrawn.

A number of properties belonging to the city will be used for gardening purposes by the Rotary Club.

It was thought that some discussion would take place over the purchase of street cars for the civic service, but not a murmur was heard. Ald. McBride put the matter to rest.

According to the recommendation the works committee should purchase parts for 13 cars at a cost of \$12,000, and the sections will be assembled here.

Ald. Ball put a strong fight for the extension of Cleveland street, so that it would intersect Merton and Balliol streets and Davisville avenue. The alderman was successful, although

the controllers decided against the project on the ground, that it was against the economic policy being followed by the city. He pointed out that there were three-quarters of a mile from Mount Pleasant boulevard to Bayview avenue, and that there are no intersections at all in this distance.

New Fire Hydrants. The only contentious matter of the afternoon proved to be the recommendation of the property committee for an appropriation of \$4700 for new fire hydrants, which the board of control decided against.

The fire hydrants, which the board of control decided against, were the subject of a fight for the committee, maintaining that the recommendation had only been made after they had given the matter earnest consideration. It was of the opinion that the fire hydrants were absolutely necessary. "Fire Chief Smith has said so, and he should take his word," he said. "This cutting out of expenditures which are absolutely necessary by the board, is a very foolish policy."

In view of the present financial situation, Mayor Church wanted the extension of the property committee for the amount of \$4700 to be asked for similar departments.

Get Another Chief. "If this money cannot be obtained, then we will have to submit to the board's recommendation," declared Ald. McBride. "I don't see it that way, however. We are not opening the flood gates, as the mayor has said, by authorizing this expenditure. Chief Smith has stated that the installation of these hydrants is absolutely necessary, and if we cannot take his word, let us get another chief."

Considerable discussion followed in which the controllers spoke in favor of their recommendation, but the board lost the day and the hydrants will be installed.

The mayor thought that the members have had for some time come when Ald. Plewman moved a resolution that the fire chief should be given a free hand. He accordingly pointed out that it was his intention to withdraw the motion, but Ald. MacGregor had seconded it so that he (Ald. Plewman) might air his views on the matter.

Ald. MacGregor hastened to assure the council that he was only a member of the board, and that he was not to be withdrawn.

"I do not want to censure the board," began the alderman in a convenient little sneeze by Ald. McBride and Controller Cameron's exclamation, "Go ahead with the censure," embarrassed the alderman and he hesitated.

"Go ahead, we don't blame you; we blame Ald. MacGregor," remarked Controller Thompson.

"I wish I were," remarked the alderman after this encouraging remark the Ward Five alderman declared that the board had been very unwise in interfering with the heads of departments.

He said that the board would have to take warning so that there would be no more such incidents.

Controller O'Neill, thoroughly aroused, went at the alderman with what Ald. McBride described as "Irish ire," and the alderman showed the members of the council a number of papers.

At the opening of the meeting the mayor announced that the members attending the celebration of the fiftieth anniversary of the battle of Ridgeway will be held in that town by the veterans of the battle of Ridgeway. He asked that flags be flown in honor of the occasion.

CHINAMEN WERE PINCHED. Chin Fat, Ching Lee and Wong Boy came up in the police court yesterday on a charge of keeping an open house at 10 1/2 Elizabeth street. Thirteen Chinamen "found in" were also remanded for the same period.

WHAT THE COUNCIL DID

Decided to allow \$4700 for the installation of fire hydrants. Donated \$500 towards the erection of a monument to Nurse Edith Cavell.

Passed resolution asking the mayor to get opinions of mayors of other towns and cities regarding daylight saving.

Sent Ald. McBride's motion regarding the appointment of a minister of municipalities to the board of control.

Withdrew the board's recommendation in connection with the appointment of a publicity committee.

Recommended purchase of thirteen civic cars at a cost of \$12,000.

Allowed the extension of Cleveland street to intersect Merton and Balliol streets and Davisville avenue.

SEVERAL GOOD FEATURES AND CLEVER BURLESQUE

Former Toronto Lad Sings and Dances Well at the Star Theatre.

"The Pig Wallow" is the name of the burlesque show that started a week's engagement at the Star Theatre yesterday and was received with great favor by two good houses. The first act, entitled "The Toast of Paris" was replete with clever comedy and good singing. Bert Saunders and Lew Golden are the funmakers, and while they have possession of the stage keep the house in a roar of laughter by their witticisms. The chorus is large and decidedly pleasing to the eye, and the music is well arranged.

Another feature found in the second act was the singing and dancing of Miss Lyons, a former Toronto boy. Three art studies with living models representing "The Slave Market," "Diana," and "The Surge" were "brilliantly" brought to a close a decidedly pleasing entertainment.

Large Audience Greeted Presentation of "Robin Hood" Last Night.

AUDIENCE ENJOYED IT

Story Centres Around Home of American Governor at Gibraltar.

"Inside the Lines" has not the British grip that "The White Feather" had, nor does it develop such British enthusiasm as that wonderful for its day, "The White Feather" had, and the plot is not at all bad. The American flavor of the piece does not extend all the way and Mr. Amory slips up on Chi-na-wo, which is the way a true Illinoisan from New-Have would pronounce it. This is about the worst that could be said about the piece, and the audience enjoyed the play. The scene is the rock of Gibraltar, the dramatic license being an extensive one, and we are introduced to the governor of the island, and his American lady, and into his house and into a great deal about the interior economy of the island, which is a very interesting feature of an American dramatist. Devoites of light opera are given a treat this week in the De Koven Opera Company's presentation of "Robin Hood," which opened its first night before an unusually large and enthusiastic first-night audience.

That it is by far the best musical entertainment furnished by the company in many months was clearly indicated in the decided impression which the efforts of the company made in its initial production. The chorus is a singing organization which revealed much in excellence of harmony and volume of tone. The respective choruses were sung with admirable regard for ensemble effects, frequently lacking suggestion of deviating from some interpretative results. The sternest critics noted with gratification that the lot of forgotten details was given attention and the scenic vestitures, especially in the second act, were of a high order of merit.

The commendation which found expression in frequent and prolonged applause, which was given attention and the scenic vestitures, especially in the second act, were of a high order of merit.

Most Comfortable for Summer Wear is the Panama Hat

THERE'S ENJOYABLE HEAD COMFORT in the soft, light-weight, shady Panama. Made to cling comfortably to the head and fit and touch correctly all around. It holds its shape almost indefinitely and has great wearing qualities.

Particularly noticeable in the new display of panamas on the Main Floor is one extremely smart looking hat called the Astor. It is New York's favorite among the young men this season; has a 4-inch semi-telescope crown, flat brim with pencil edge and a 2-inch black silk band with bow on side. Made of a clear white, finely woven panama, with inside, soft conforming leather sweat band, it is most reasonably priced at6.00

Another New York designed panama hat has 4-inch semi-telescope crown and cable edge brim with black silk ribbon and comfortable fitting sweat band. Priced at5.00

The Broadway is one of the smartest looking panamas in the display. It has a fedora shaped crown and rolled brim and is made of a clean, evenly woven bleached fibre with black silk trimming and leather sweat band. Price5.00

The Negligee is a panama hat very becoming to the middle-aged man. It is made of a soft, extra fine white fibre with black silk band. The crown is 4 inches high and the brim very flexible. It's a hat that can be folded up or crushed without injury. Very suitable for vacations or outings, etc. Price7.50

The lowest priced panama in the display is called the Dover. It is an English made negligee style hat in a good white bleach. Has 4-inch crown and a very flexible brim that can be turned up or down. It's a hat that can be conveniently folded up and tucked in a club bag without injury. Price3.95

BRITISH FORCES READY TO HELP

But French Only Required Indirect Aid in Great Verdun Fight.

OPERATIONS REVIEWED Sir Douglas Haig Says Incessant Strain is Well Borne.

While no action comparable with that at Verdun has been fought on the British front, Gen. Haig says the struggle has been continuous and that there have been many sharp local actions.

There were 60 local actions during the period under review, some of which, says Gen. Haig, "alho individually insignificant in a war on such an immense scale would have been considered worthy of a separate despatch under different conditions."

The British commander makes special mention of raids, or "cutting out parties," which have been made at least two or three times a week against the enemy lines.

"They consist," he says, "of a brief attack, with some special object, on a section of the opposing trenches, and are usually carried out at night by a small body of men."

The strength of the opposing force give peculiar scope to gallantry, dash and quickness of decision of the troops engaged, and much skill and daring are frequently displayed in these operations.

"The initiative in these minor operations has been taken and on the whole has been held by us, but the Germans recently has attempted some bold and well conceived raids against our lines, many of which have been driven back, also some succeeded in penetrating."

Gen. Haig mentions the arrival of the Anzac and South African and additional Canadian forces in France, and says that this made possible the taking over of a greater extent of front. He

then tells of the improvement in the dirt roads of the army and in the health of the troops.

"The sick rate has been consistently low. There has been no serious epidemic and enteric fever, the ban of which has been lifted."

CANADIAN WOMEN ARE A SURPLUS IN ENGLAND

Could Serve the Empire Best by Staying Away Under Present Conditions.

ASKED TO RETURN Young Wives Follow Husbands Under Mistaken Idea They Will Be of Assistance.

Canadian women are a surplus in England at this moment and the note has been sounded for their return. The motherland is not willing to hurt the wives and daughters of the soldiers who have gone overseas to fight in behalf of the empire, yet the state of things has become so pressing that a message has been sent out hinting to put it lightly—that there are more Canadian women in England than can well be accommodated either with work or lodging and that it would be better for the men and for themselves if they were back in the land from whence they came.

It is said to be a fact that there are women who went to England at the beginning of hostilities thinking they could be of use and who were willing to take a position, who are still on the waiting list, still seeking employment.

For such it seems useless to prolong the agony, for such it really has become, and wisdom would dictate a return before their funds are altogether exhausted.

This does not in any way minimize the work of the Canadian women and girls who have found openings for their ability and good will in the work of the army and in the work of the government.

While there is no special shortage of food in the old land there is a campaign of thrift, which has been going on for some time. Strangers who wish the country well would serve it best by remaining away from it under such circumstances. Women need have no fear that their husbands or brothers will not get as good treatment in the hospitals as it is possible for them to have, so that altogether there seems to be no reasonable excuse for the majority of them to remain at home, and even if they are not fitted for any particular line of patriotic service, they will have satisfaction of knowing that "they also serve who only stand and wait."

There were 60 local actions during the period under review, some of which, says Gen. Haig, "alho individually insignificant in a war on such an immense scale would have been considered worthy of a separate despatch under different conditions."

The British commander makes special mention of raids, or "cutting out parties," which have been made at least two or three times a week against the enemy lines.

GEARY'S POSITION FOR CONTROLLERS TO DECIDE

Mayor Church Thinks Board Should Settle the Matter.

When it was learned that Corporation Counsel Geary had been appointed as acting staff captain at Shorncliffe Camp, many inquiries were made at the city hall regarding his position with the city.

The mayor stated it was a matter for the board of control. Controller Foster, when asked what he would propose to be done, stated that he would write Capt. Geary and ask him for a reply to the city clerk's letter of April 25, in which he was asked to procure his discharge and return to his duties in the city if this could be done.

Up to yesterday morning no reply had been received from Capt. Geary. Mayor Church said that he had received a newspaper report of a meeting of the board of control, in which article it was stated that it was decided to reduce the salary of Capt. Geary from \$9,000 to \$1,600 per year.

Since then a cablegram has been received from him stating that he was present when the Yonge street railway committee was held, and the judicial committee of the privy council.

Travel from one to two years free in your Ford on your saving in one year's depreciation. Other cars in the \$1000 or less class, after one year of service, are worth from \$250 to \$400 less than their purchase price. That's their depreciation. Ford cars, after a year's hard work, sell on an average for only \$125 less than they cost brand new. That's Ford depreciation. The difference in depreciation of these year-old cars ranges from \$125 in the one case to \$275 in the other—both considerable savings for Ford owners. Thousands of owners tell us that it costs .024 per mile on an average to drive a Ford—paying for gasoline, oil, tires and repairs. So, if your saving in depreciation for a year is \$125 you pay all your expenses for 5,208 miles—while if it is \$275, you have kept enough money in your pocket to pay for driving your Ford 11,458 miles. Buying a Ford in preference to other less than \$1,000 cars, lets you save in one year's time a difference in depreciation that pays all your motoring bills for from one to two years. Think it over. Ford Motor Company OF CANADA, LIMITED. TORONTO, ONTARIO.

How You May Throw Away Your Glasses. The statement is made that thousands wear eyeglasses who do not really need them. If you are one of these unfortunate ones, then these glasses may be ruining your eyes instead of helping them. Thousands who wear these "windmills" may prove for themselves that they can dispense with glasses if they will get the following prescription filled at once: Go to T. Eaton Co., Ltd., 67 Tambling or any active drug store and get a bottle of Bon-Opto tablets. Dissolve one Bon-Opto tablet in 8 oz. of water. With this harmless liquid solution wash the eyes two to four times daily, and you are likely to be established at the results right from the start. Many who have been told that they have astigmatism, cataracts, strabismus, eye strain, conjunctivitis and other eye disorders report wonderful results from the use of this prescription. Get this prescription filled and use it; you may not remember your eyes, but your glasses might never have required them. If you have cared for their eyes in time. Save your eyes before it is too late. Do not become one of these victims of neglect. Eyeglasses are only like crutches and every few years they must be changed to fit the ever-increasing weakened condition, so better invest your money in others, get clear, healthy, strong magnetic eyes through the prescription here. The Veterans Eye Co. of Toronto will fill the above prescription by mail, if you desire it.

James J. Hill was a great American in the broadest sense of the term. A native of Canada he became one of the empire builders of the United States...

Mr. Hill was a good deal more than a mere railway builder. He saw with clearer vision and clearer imagination than his fellows the part the later Mississippi valley was destined to play as an economic factor...

Only one phase of Mr. Hill's grasp of things in America was his conviction that if the Mississippi valley was possessed of a marvelous fertility it was absolutely necessary in the achievement of that fertility to have the very best class of seeds and the very best kind of live stock for breeding...

James J. Hill not only grasped the immediate greatness of the Mississippi valley but also the coming greatness of the Canadian west. He was the pioneer to bring the railways up the valley of the Red River and later on connected up his railway systems with Saskatchewan and British Columbia...

His one disappointment was the Orient, but he demonstrated to his own satisfaction that the oriental trade was largely a chimera and applied himself with redoubled vigor to developing the great trade routes of this continent.

OBJECTING TO HIS "BAG"

that the weakness of the Germans has been over-estimated. This view will at least serve to explain a good deal of the censorship proceedings. The facts are plain enough, however. Anyone who wishes to take a safe view of the situation can consult the various maps. The report to this is that the map of the sea should also be consulted.

Are we then to acquiesce in a decision which would outrage every principle for which we have striven, and because we have put our faith in the test, refuse to put it to the ultimate? The worst traitor is the traitor who betrays his cause in the eye of the fiercest conflict, and we must make our minds up that if we are to win we have fiercer struggles ahead of us than we have had yet.

Something like this on the gigantic scale of a world-war is taking place in France and Flanders. But some day the clutch must weaken, the iron hold will loosen, the grip will relax, and the allies will get a decision. Not till then should we talk of peace. Not till then should we cease to think of the duty he has towards his land and race. He who can fight should fight. He who can work should work. He who can contribute should do what he can. There is no other way to victory.

In 1872 Hill went into partnership with Norman W. Kitson of the Hudson Bay Company, and together they operated steamboats between Moose Smith and George Stephen to Neil him, and in 1879 the road was reconstituted under the name of the St. Paul, Minneapolis, and Manitoba Railroad.

Hill became known as the "king of the northwest." His railroad hauls the greater portion of the 50,000,000 bushels of wheat raised annually in Minnesota, the 97,000,000 bushels contributed to the market by the Dakotas, and the 24,000,000 bushels from Oregon.

Hill was a man of great energy and business ability. He was a member of the Board of Directors of the Northern Pacific Railway, and in 1901, with Edward B. Harriman and associates, he acquired a majority of the stock of the Northern Pacific Railway.

She and Russia Agreed Not to Press Serb Claims Then to Rupture.

GERMANY TO BLAME

If She Had Acted Likewise, Catastrophe Would Have Been Averted.

LONDON, May 29, 8:27 p.m.—The foreign office issued a statement to the House of Commons on Wednesday...

The statement is chiefly of historic interest, but shows that Sir Edward Grey, writing to the British Ambassador in Vienna on February 27, 1909, declared that no territorial concessions could be obtained for Serbia without a successful war...

The statement adds: "records of the period leave the impression that war was avoided because both Russia and Great Britain were reluctant to press the Serbian claims against Austria to the point of intervention."

UP OUT OF CELLAR SHOCKER DID IT

Only Three Blows Registered off Leaf Pitcher at Rochester.

Special to The Toronto World. ROCHESTER, N.Y., May 29.—Shoving Rochester into last place, to the tune of a whitewash, today, was the trick played by the Maple Leafs this afternoon before a crowd of 700 fans. It was a case of altogether too much Shocker and too much Blowers. Leaf's hurlers were limp before him. Ritter was as simple as the 3-2's to the Birmingham hurlers.

TWO GAMES TODAY IN ALL YANKEE CITIES

This is Decoration Day across the line and games will be played morning and afternoon in all leagues. Shocker pitched grand ball at Rochester yesterday. He had the Hustlers at his mercy throughout. The win lifted the Leafs up out of the cellar.

The Red Sox had to unearth Mays to stop their losing streak. Making his first start of the year, Mays let the Yankees down with three hits and shut them out.

Zimmerman failed to report at Rochester in time to play yesterday. He will likely get into the game today.

Manor & Rice employees had a ball game on Saturday. The sales staff defeated the Office 14 to 13.

The Reds hammered Jacobs for four runs in the ninth and beat the Pirates.

Red Murray had a timely double at Rochester yesterday. Burch also hit at the needed time. Zimmerman is coming.

The Phillies tossed away a game yesterday. Errors helped the Dodgers to win.

Montreal had a large innings at Buffalo and walked away from the Bisons. The second round netted the Royals eight runs.

Old Matty is along way from being done. He pitched with his head yesterday and tied the Braves up into knots.

The Providence Grays started batting ballies in the eighth and ninth and beat Shultz's Richmond outfit.

A despatch from Detroit yesterday said that the St. Louis Americans have sold pitcher Earl Hamilton to Detroit.

Giants' 17th Straight Matty Beat Rudolph

MATHEWSON HERO OF SEVENTEENTH STRAIGHT

Interesting Story of How Old Master Saved the Twelfth—Leaf's Also on the Climb.

Mathewson won the seventeenth straight for the Giants yesterday from the Braves at Boston, and over four former Dick Rudolph on the slab. Matty only allowed four hits, but he has had other wonderful performances and even in this series of 17. The story of the twelfth straight had Matty triumphant as pinch hitter in the last game, where things sometimes do happen, and it was all but lost.

Benny Kauff has not made a body of work in the past few days. He is in the same lowly position occupied by the Yankees in the international.

Starting west for the opening game in Pittsburgh, Sad, sore and aching, he is in a position to be a disappointment.

At Washington (American)—Washington and Philadelphia played a desperately fought 6 to 5 tie, the game being called in the 11th to let the home team catch a train for Boston.

At Detroit (American)—St. Louis and Detroit divided a double-header here yesterday, the visitors taking the first game, 8 to 2, while the Tigers pounded out a 17 to 6 victory in the second.

At Boston (National)—The Giants continued on their unbeaten way yesterday, shutting out Boston, 3 to 0. Mathewson pitched for the Saturday, June 3, the Braves to four singles. The veteran did not waste his strength, seldom using his slow ones outside the diamond.

At Philadelphia (National)—Errors played a big part in the game, which Brooklyn won here, 3 to 2. The only serious run was when Myers scored in the eighth on his single, Daubert's sacrifice and Wheat's double.

At Pittsburgh (National)—Cincinnati won from Pittsburgh by a score of 6 to 1 here. The game was close up to the ninth inning when the visitors hammered through by Baird, sent in four runs.

At Newark (International)—Baltimore had little trouble defeating Newark, 10 to 3. Getting off to a good start the visitors scored in the first and second innings, the visitors scoring four runs and made two more runs in the sixth way in the eighth.

At Providence (International)—Providence and Philadelphia played a game yesterday, the visitors taking the first game, 8 to 2, while the Tigers pounded out a 17 to 6 victory in the second.

At Buffalo (International)—Montreal defeated Buffalo, 10 to 6. The visitors scored in the first and second innings, the visitors scoring four runs and made two more runs in the sixth way in the eighth.

Better Tailoring

PROBABLY my system of tailoring has done more toward placing properly-fitting clothes on the backs of critical men than any other reform in the line of good tailoring. The 'stitching' and 'shaping' and 'draping' are three of the strong factors in our 'better tailoring.'

CANADIAN SOCCER TEAM WILL PLAY IN CHICAGO

Red Cross Game Sanctioned by U.S. Association—Officers Elected at Annual Meeting.

Special to The Toronto World. PHILADELPHIA, May 29.—The third annual general meeting of the United States Football Association was held here today before a full attendance of delegates who came from all parts of the States, several coming from as far west as Chicago and St. Louis.

The feature business of the meeting was the election of officers for the coming year, which resulted as follows: President, John A. Hart, Ithaca, N.Y.; Vice-President, Douglas Stewart, Philadelphia; Second Vice-President, Geo. Healy, Detroit; Third Vice-President, Geo. M. Collins, Boston, Mass.; Treasurer, Arthur W. Cahill, 128 Nassau street, New York.

Permitting was granted to Peter J. Peet, chairman of the sports committee of the Canadian Red Cross Society, to arrange an international soccer match against a picked team of Canadians in Chicago on July 1.

The annual dinner of the association was held afterwards at the Hotel Waldorf, where, during the evening, the national challenge cup will be presented to the Canadian Red Cross Society, who won the cup in 1914 and 1915.

James G. Lawrence, secretary of the Coney Island Jockey Club, framed conditions that insured the best horses in the land. The weights were announced in time to allow of writing the handicap at the time that open gambling was not frowned upon.

Owing to the closing of the gates at Sheepshead Bay as a result of the anti-racing legislation in 1910, there were no races in 1911, 1912 and 1914. In 1913 it was run by the Westchester Racing Association at Belmont Park and last year the Empire City Racing Association took the privilege of giving the event. It, too, was run at Belmont Park, their own course in the Bronx not being available.

Arrangements were made then by August Belmont, president of the Westchester Racing Association, to transfer the Coney Island Jockey Club's great features, the Suburban and Futurity, to the Westchester Racing Association, and to doubt they will bring as rich associations to Belmont Park as they did to Sheepshead Bay.

In the list of Suburban winners are the names of horses that were champions in the highest sense of the term. In the past the names of the winners have been: Redoubt, Selator, Henry of Navarre, Ben Rush, Imp, Kinley Mack, Hermis, Bedlam, Ballot, Fitz Herbert and Whisker.

Stromboli won last year and there are good judges who regard his chances tomorrow as second to none. As he has the benefit of the hard run, the little champion will have the mount instead of weight, and the little champion will have the mount instead of weight.

The Newest Things in the Men's Store

These are the Summer Suits in the new pinch-back style. They are cut single-breasted, with patch pockets, and with cuffs on both sleeves and trousers.

They are graceful, well-fitting suits, giving the effect of a Norfolk jacket where the back is "pinched-in" to a belt without the bulkiness of a Norfolk with its many pleats, and are very suitable for either city or country wear. The fabrics are English tweeds in small grey patterns. Sizes 33 to 36. Price 12.50

The First Long-Trousered Suit for Your Boy

When he puts off his Knickers you can't find a better, more youthful looking suit than these English tweed suits at \$8.50. The colors are light grey and brown mixtures—the cut, a smart, single-breasted saque, with well-cut vest and trousers. In sizes 33 to 36. Price 8.50

New Brown Suits

New Brown Suits—English tweeds in broken check patterns, cut in single-breasted saque style, and well-tailored. Sizes 33 to 36, are 15.00

Of brown worsted cloth in subdued patterns are some smart American-made suits, cut single-breasted and close-fitting. Sizes 33 to 37. Price 25.00
