## HARD BLOW STRUCK AT RACING BY DOMINION GOVERNMENT Legislature Prorogues After Rejecting Railway Fares Measure

### TIGHT CHECK PLACED ON RACETRACK PROFITS BY FEDERAL MEASURE

**Percentage to Be Taken on Money Bet on Races is Not to Exceed Seven Per Cent. and May Drop to Three Per Cent. if Amount Wagered Runs Sufficiently High—Only Pari-Mutuels to Be Allowed.**

Ottawa, May 28.—(By Canadian Press.) Profits of racing operations are limited according to the amount bet on each race, by a provision of the amendments to the criminal code introduced in the commons this afternoon by Hon. C. J. Doherty. These amendments provide that betting shall be by the pari-mutuel system only, and that profits of racetrack owners shall be limited to 7 per cent. of the amount bet on each race, where that amount is up to \$20,000, and on all amounts over \$20,000 and under \$50,000, the percentage is restricted to 6 per cent. Amounts over \$50,000 and under \$100,000 are limited to 5 per cent., and all amounts over \$100,000, the limit is 3 per cent. In each case the percentage of the racing club or association is to be gauged by the total amount of money bet on the race by the pari-mutuel system. There is also a change in regard to the "breaks," which the association is allowed to retain. Provision is made for the racing association retaining the odd cents, which are less than any multiple of five cents.

### Immigrants for Canada Tax Ship Accommodation

Winnipeg, May 28.—That the prosperity of Canada will be assured when the country is filled with workers from Europe, people who will devote all they possess to the exploiting of Canada's resources, was the substance of a statement made today by W. L. Griffith, permanent secretary of the office of the High Commissioner for Canada, in London, who is visiting here. The facilities for immigrants are insufficient to cope with the demand for accommodation on steamers sailing for Canada, he said.

### LICENSE AFFAIRS TO BE INQUIRED INTO BY SPECIAL BODY

Premier Announces Name of His Promised Investigating Committee.  
**BOARD TOP HEAVY**

U.F.O., Liberal, Conservative and Labor all have representatives on the committee, named in the legislature yesterday by Premier Drury, which will inquire into the workings of the Ontario Temperance Act. The committee will sit during the recess and consider the act in all its phases. The government thought that such a committee would be more desirable than holding lengthy debates in the house. It would have more time at its disposal and its recommendations would be considered at the next session.

### BRITAIN AND CANADA SETTLE UP ACCOUNTS

Hundreds of Millions of Dollars Involved in the Transactions.  
 Ottawa, May 28.—(Special.)—It is understood that the long and intricate accounts, as between the British and Canadian governments, in connection with the war, have been about all adjusted and receipts exchanged. It was suspected here that it might take two years more to get such a settlement, but as a matter of fact the representatives of the two governments that had the matter in hand have been at work at it for months and have cleared it all up. Hundreds of millions of dollars were involved. The final statement of the settlement, as made out by the official auditors, covers a sheet the size of a newspaper page. It may be presented to parliament this session. This settlement will facilitate the presentation of Canada's claims for war damages against Germany.

### WARM CRITICISM OF THIRD PARTY BY W. COCKSHUTT

In Federal Budget Debate, Nicknames Progressives the "Levites."  
**CRERER SPEAKS NEXT**

Ottawa, May 28.—(By Canadian Press.)—With the exception of a speech by W. F. Cockshutt of Brantford, the budget debate in the house today drifted in the doldrums. Mr. Cockshutt was militant as ever. He gave to the third party a new name, "Levites," he called them, after Levi Thompson of Q. Appelle, the Progressive chief whip. Their policy he characterized as the most destructive which had ever threatened the peace of Canada. It should be "nipped in the bud," and to levy financial charges from the third party, he exhorted the "Levites" to consult the rest of the country before launching their platform as that of a national progressive party. Farmers should consider themselves citizens, and not try to further the interests of the Canadian Council of Agriculture.

### RAILWAY FARES BILL MEETS ITS DEATH IN ONTARIO LEGISLATURE

#### Fatal Attack on Irish Barracks

Dublin, May 28.—The police barracks at Kilmallock, 19 miles south of Limerick, were destroyed by fire last night, after an attack by armed men. Late news from the scene of the fire says the men who attacked the barracks numbered more than one hundred. They were armed with revolvers and bombs. The policemen defending the barracks replied with bombs and rifles. An official report of the incident says it lasted for more than five hours, when the attacking party withdrew, leaving the barracks in flames. Sergeant Kane and Constable Martin, the report says, were killed. Their bodies are in the wreckage. Constable Hoey was seriously injured, while Sergeant O'Sullivan and Constables Holmes, Sullivan and Barry and Hall received minor injuries. It is unofficially reported that one of the raiders was killed.

#### Opponents Take Ground That Its Passage Was Prohibited by Reason of Rules of Parliamentary Procedure—For Same Reason W. H. Price's Railway Franchise Measure Stands Over.

The McCrea bill, or rather the bill suggested by the Ontario Railway Board appearing in his name, to amend the Ontario Railway act by putting it up to city councils to say whether street railways may increase their fares, has been rejected by the legislature. Its rejection was also responsible for the throwing out of another eleven-hour measure, introduced by W. H. Price, (Parkdale), which provided that no change may be made in a street railway franchise without a vote of the people. Parliamentary rules were the reasons why the two measures were not proceeded with, and incidentally, the house sidestepped two ticklish questions. When the house went into committee on the McCrea bill, W. H. Price promptly objected to it being proceeded with on the ground that the original bill had not been amended, but that a new bill had been substituted for which constituted a breach of parliamentary procedure. The bill, therefore, should not be proceeded with. The ground was also taken by Mr. Price that the bill could not be advanced a further stage except by the unanimous consent of the house. The premier agreed with Mr. Price's contention.

### DEATH TO RACING IF OTTAWA CUTS MUTUEL TAKE-OFF

Racing Men Declare That It Will Be Impossible Even to Pay Expenses.  
**HOW IT WILL OPERATE**

"It's the last straw that breaks the camel's back—if it goes thru, racing is done—all we can do is lock the door to the tracks and throw away the key." This was the consensus of opinion expressed by Toronto racing men last night regarding the government measure at Ottawa for the regulation of pari-mutuel betting machines. The situation was easily explained, they said. It takes a certain amount of money to carry a race track, just as it does to run a commercial enterprise. When the Ontario government tax of \$7500 a day on mile tracks and \$3500 a day on the half-mile was imposed, track owners and shareholders' profits were materially decreased, but by taking a little more percentage on the mutuels they found they would be able to carry on. Even at that it has been just touch-and-go, they say, only the abnormal crowds attending the races making up some of the difference. "It is just like this," said one well-known racing man, who had expressed the opinion that the new regulations would be a death blow. "To pay expenses only (wages to mutuel operators)"

### RATHER ALL DIE THAN BE MUZZLED, IS SYNOD FEELING

Resolution to Abstain From Political and Social Sermons Withdrawn.  
**STIPEND MINIMUM**

"That this synod expresses a hope that the clergy of the Church of England in Canada will always maintain the best traditions of the church by scrupulously keeping their pulpits sacred to the cause of religion and free from social and political propaganda." The foregoing resolution, when introduced by Rev. J. Heaton, a lay member, before the meeting of the Toronto Anglican Synod yesterday afternoon, precipitated a storm of protest from both His Lordship Bishop Sweeney and several of the clergy. The former took a decided stand in opposition, declaring that the resolution, if adopted, could have no other effect than to "muzzle the clergy."

### LOYD GEORGE BACK IN DOWNING STREET

London, May 28.—Premier Lloyd George, much improved in health, returned unexpectedly to Downing street today from his residence at Walton. He met several of his cabinet colleagues in the morning, concerning his discussions with the ministers was given out, but it is concluded that among other matters, the Russian situation and the visit to London of Gregory Krassin, Russian Bolshevik minister of trade and commerce, were taken up.

### MRS. BRUCE QUILTS I.O.D.E. PRESIDENCY

Factional Troubles Again Emphasized—Toronto the Next Place of Meeting.  
 Calgary, May 28.—Mrs. John Bruce resigned from the presidency of the national I.O.D.E. this afternoon, in a letter which frankly states since the faction which had caused all the trouble in the order for the past two years has been elected to representation on the national committee, she could not serve with them. Her career as president has been a trying one and she had no desire to continue. Toronto was selected as the next place of meeting. The election of officers was postponed until Saturday morning.

### TORTURER OF DAUGHTER IS LET OFF EASILY

New York, May 28.—The jury in the case of John Gallander of Brooklyn, a vaudeville sculptor, charged with assaulting his 19-year-old daughter, Missie, by striking her with a stick from which a nail protruded, tonight returned a verdict of guilty of assault in the third degree. Evidence also was introduced that a red hot knife was plunged into the girl's arm, that needles were driven into her flesh, and that dishes and other missiles were thrown at her by her father.

### Legislature is Prorogued Leaders' Indemnity Raised

Eventful Session Speeds Up and Finishes Business, After Showing Its Appreciation of Services of Group Leaders—Formal Prorogation Next Friday.

The legislature concluded its business at midnight last night. Formal prorogation will take place at three o'clock on Friday afternoon, June 4th. The closing proceedings were marked with the usual pleasantries and expressions of appreciation of the Speaker's services. Probably the most unique feature of the affair was the tribute paid by all groups—U.F.O., Liberal, Conservative, and Labor—to the services of H. H. Dewar.

### THE POOR MAN'S MEDICINE

The druggists and doctors are pointing out that the new excise tax on patent and proprietary medicines will come out of the poor mainly, and be to the cost even of the hospitals. They certainly should be modified.

### DINEEN'S HATS

Mean a lot of style and a great saving in price. Today the Dineen Co. shows some special values in men's straws and panamas. Many orders are placed with the manufacturers very early in the season and are all specially made and are of the highest standards. The Dineen Co. expects a record day's selling, so come in as early as you can. The store closes at 6.

### SAY CANADA TO ABOLISH OFFICE OF KING'S PRINTER

Ottawa, May 28.—(Special.)—When Mr. Tache, King's Printer, assumes his new duties as parliamentary librarian, it is understood that the office of King's Printer will be abolished and a director of public printing appointed. P. M. Draper, the well-known labor man, will probably be offered the appointment. He has been superintendent of the Printing Bureau for some years.

### WHY IN SUCH A HURRY?

Premier Drury and his party should have kept the legislature in session a few more days and finished up the business in a business way. The recognition of opposition leaders by a money grant does not help toward efficiency. The World makes the prediction that there will be a demand for a fall session in less than four months.

### WHY IN SUCH A HURRY?

The recognition of opposition leaders by a money grant does not help toward efficiency. The World makes the prediction that there will be a demand for a fall session in less than four months.

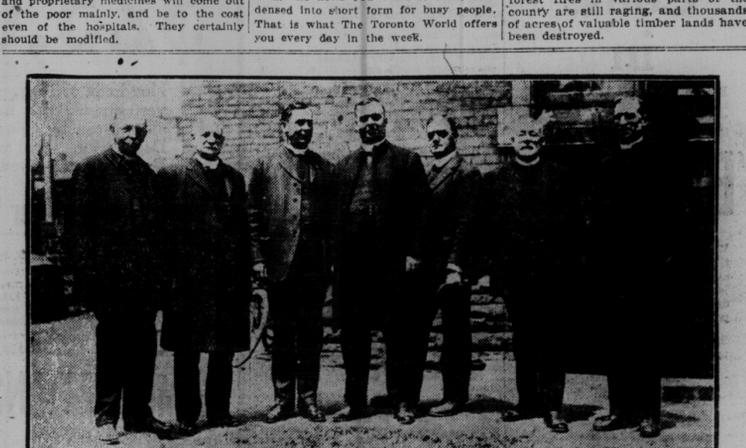

### MEMBERS HAVE KICK

W. E. N. Sinclair, the Liberal member for South Ontario, complained in the legislature last night about the newspaper reports of the prorogation of the house. For one thing, he said, he frequently spoke and was ignored. He was entitled, he thought, and so were his constituents, to better treatment. But in the same breath he added that newspaper reports were "no good, anyway." The Liberal leader, H. H. Dewar, had previously suggested to the government the advisability of furnishing a synoptical report of the proceedings of the house. Newspaper reports were not sufficient and were besides, sometimes inaccurate, as many members could testify. Nothing was done regarding Mr. Dewar's suggestion.

### Toronto Hydro Rates Fixed on Present Basis

Hydro Commission Considering Request From Toronto System for Slight Increase in Rates Later to Offset Enlarged Costs—Rates to Twenty Municipalities Are Lowered.

The following statement was given out by the Hydro-Electric Commission last night: At a meeting of the Hydro-Electric Power Commission, held on Thursday, May 27, 1920, the annual adjustment of rates for the supply of power to the municipalities on the various systems for the present fiscal year was considered. In the Niagara district the rates to 47 municipalities were revised; 20 municipalities received decreased rates, reducing the revenue of the commission by \$53,459, while 27 of the smaller municipalities received increased rates, augmenting the revenue of the commission by \$15,562, the total reduction in revenue amounting to \$17,897. It is gratifying to note that there are so many municipalities receiving lower rates, especially in view of the fact that there has been a considerable increase in the cost of materials and labor during the past few years. The commission arrived at the above conclusions after a thorough investigation of all items of cost entering into the supply of power to the municipalities, and in accordance with the act providing that an annual adjustment of rates shall be made, including the cost of power, interest, and other charges in connection with the generation and distribution of electrical energy. No change has been made in the Toronto rates, which will continue as at present on the basis of \$14.50 per H.P. The commission is, however, considering a request from the Toronto Hydro-Electric System for a slight increase in the rates to consumers, due to the increased cost of operation and maintenance of their system, and in order to provide for the increased demands of their employees at this time.

# YORK COUNTY AND SUBURBS

## SHOULD PUT IN OWN WATER AND SEWERS

### Says Deputation to Woodbine Heights Ratepayers—Withdraw From Central Body.

A well-attended meeting of the Woodbine Heights Ratepayers' Association was held last night in Savoy Avenue Mission Hall. The live question of water and sewers for the eastern section was discussed at some length, and the views of a deputation from the Danforth Park and Eastdale Ratepayers, consisting of W. C. Curtis, R. J. Wood, W. Moore and J. Walters, were put before the meeting and discussed.

W. C. Curtis, convener of the deputation, expressed the opinion that York Township Council should install their own water and sewer service, which is favored by the majority of residents, and is considered more favorable than the suggestion to purchase water from the neighboring township of Scarborough.

**Urges Public Ownership.**  
W. Miller strongly urged public ownership in all utilities for the township, and endorsed the delegates' proposal. It was decided to appoint a deputation to visit York Township Council and lay the views of the joint association regarding the installation of sewers and water before the council and council.

The amalgamated Ratepayers' Council came in for some criticism regarding their methods of conducting ratepayers' associations' business. W. Miller censured their lack of expediency in matters of importance to the ratepayers brought up at their regular meetings by the different delegates.

**Want Further Grant.**  
After considerable discussion, it was resolved on the motion of W. Miller, that Woodbine Heights Ratepayers' Association withdraw from the central body unless some progress is made along the line of general business and more live interest shown by the organization.

The matter of district nurses under the auspices of the Canadian Red Cross Association was discussed, and it was decided to interview York Township Council regarding a further grant. R. J. Thompson was appointed a delegate to represent the association.

The annual picnic was discussed and a committee appointed to make arrangements. The date was fixed for July 17 at Woodbine Heights.

## NEW TECHNICAL SCHOOL TO COST NEARLY HALF MILLION

The proposed new east end technical school building for which the site has already been secured on Greenwood avenue north of Danforth avenue, will cost, it is estimated, in the neighborhood of \$400,000.

## DAY NURSERY CARES FOR FOUR THOUSAND CHILDREN

According to the sixth annual report of the Danforth Day Nursery, 4,137 children were cared for in the institution during the past year. The treasurer's report showed a balance on hand of \$426.

## DRILL AND PARADE

Under the direction of Assistant Instructor D. Lawson, the 51st Troop of Boy Scouts held a parade and drill on the Stewart Manor estate last evening, in preparation for the gathering to take place in St. Aiden's Church on Tuesday evening when a batch of new members will be sworn in.

## CULTIVATING PLOTS

Under the supervision of J. Moore, principal, and teaching staff of School No. 12, Danforth avenue, the pupils are cultivating a plot of ground adjoining the building in connection with the Rotary Club scheme of greater production. Prizes will be awarded to the successful growers at the forthcoming fall fair to be held in the district.

## EARLS COURT TO CELEBRATE JUTLAND

At a joint meeting of the executive committees of the British Imperial Association and Navy League held at the Royal George theatre last night, final arrangements were made for the great anniversary meeting in commemoration of the Jutland battle, to be held at the Oakwood theatre, on Sunday evening next.

The Earls Court boys scout 250 naval cadets and veterans, who will meet at the corner of Lansdowne and St. Clair avenues on Sunday evening at 7 p.m., and march, headed by the B.I.A. boys' brass band and the bugle band of the navy league.

## BAPTIST SUNDAY SCHOOL MEETS

The 32nd annual meeting of the Toronto Baptist Sunday School Association was held in the Waverly Road Baptist Church last night, a large number of Earls Court people being present. Mrs. J. G. Brown, president, was in the chair, and an address was given by Rev. Andrew Inrie, Boon Avenue Baptist Church, who was strongly represented at the meeting.

### Suggests Separate Board of Education for Semi-Suburbs.

The work of York township council yesterday afternoon was one dealing largely with school accommodation troubles. S. S. No. 29 appealed for advice and assistance regarding the Harwood district, which adds 150 pupils to the already overcrowded King George and George Syme Schools, which are themselves giving only half time to juniors. The trustees of No. 29 were informed that it is responsible for the children's duty was plainly to build a portable school.

A letter was sent to Inspector Campbell asking him to co-operate in making matters plain, as no measure can be taken toward the forming of a new section for Harwood this year. The trustees stated that 80 per cent. of the ratepayers were opposed to building for Harwood, and that they were already the highest assessed section but one in the township.

The difficulty of finding an appropriate site in S. S. No. 14 was solved by making the proposed site central by reason of a section from the north being given to S. S. No. 15, and a section from the south going to S. S. No. 20, by-laws to this effect being drafted for approval. Inspector Jordan suggests a board of education for the east and west of Yonge street for those areas that are semi-suburban, thus eliminating sections.

## FLANDERS POST, G.A.U.V.

Flanders Post, G.A.U.V., No. 32, held a meeting last night in Moose Hall, Dundas street, West Toronto.

## MANCHESTER UNITY BANQUET

Manchester Unity, I.O.O.F. Loyal James Mitchell Lodge, No. 6578, held a banquet in Young's Cafe last night for their returned soldier members, with 180 present. A good program was given by P. G. Bro. Brown, D.P.S.M., Bro. Heathfield and P.P.G.M. Bro. Tilly were visitors.

## MOUNT TWO GUNS

In connection with the new memorial school at present in course of erection in Fairbank, North York, the court Avenue Fairbank Ratepayers' Association has applied to the military authorities at Ottawa for two guns to be mounted in front of the building.

## HAMILTON

Hamilton, May 28.—A resolution protesting against the ruling of the inland revenue department obliging merchants to supply the department with a copy of the sales check of every article taxable under the luxury tax, was passed unanimously at a largely attended forum meeting of the board of trade tonight. Stuart Lees, who moved the resolution, said that paper was scarce and the printers would be swamped with orders from every merchant.

That it was not improbable that the city council, at its next meeting, would demand an apology from E. H. Gray, city engineer, for having designated Controller Hutchinson as lying at Thursday's board meeting, was learned at the city hall today.

Under the auspices of Loreto Alumnae, Rev. Father James B. Doland of Toronto, delivered an interesting lecture on poetry at Loreto Convent this evening.

A newly-formed musical organization, which bids fair to reach the front rank, is the Ladies' Choral Society, which gave its first concert at the Normal School this evening, under the baton of H. A. Stares, Mus. Bac. The Brotherhood of Electrical Workers, by an almost unanimous vote, has decided to reject the award of the board of conciliation which heard the dispute between the union and the Dominion Power and Transmission Company.

## START AIR SERVICE TORONTO TO HAMILTON

Hamilton, May 28.—The first Toronto to Hamilton airmail service was inaugurated this afternoon. Pilot A. K. Colley of the Colley Aerial Service, swooping gracefully to terra firma at Eastwood Park, after a 40-minute run from the Queen City, embarking at 4:05, Adam Brown, postmaster, and J. L. Woolner, assistant, being among the reception committee. A sealed canvas bag, addressed to Postmaster Brown, was delivered by Pilot Colley, and received a bag addressed to the Toronto postmaster. Fifteen minutes after arrival the plane started on the return trip, scooting due to Toronto.

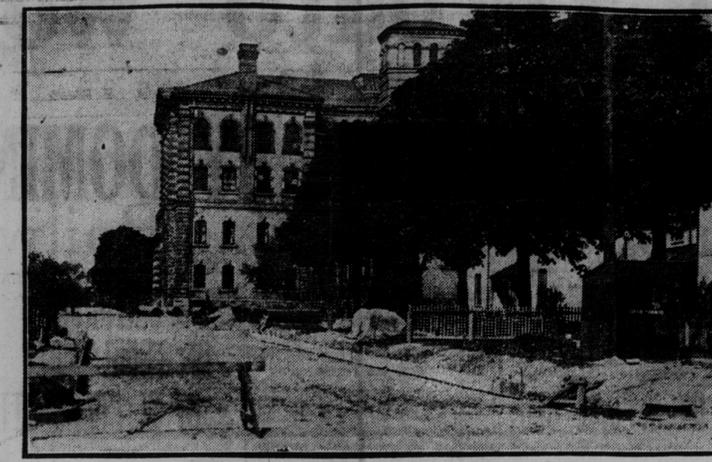

## GREAT LAKES STEAMSHIP SERVICE

Commencing on Wednesday, June 2, and each Saturday and Wednesday thereafter, the Canadian Pacific Railway will operate steamship express, leaving Toronto at 1 p.m., eastern standard, for Port McNicoll, making connection with steamships Kewatin and Assiniboia for Sault Ste. Marie, Port Arthur and Port William. This train carries coaches and parlor cars.

## LITHUANIANS MAY ATTACK POLISH ARMY IN REAR

London, May 28.—Negotiations are proceeding between the Lithuanian minister of war and the Russian soviet government, says a Central News despatch from Berlin, whereby Lithuania would attack Vilna and Grodno. Thus, it is pointed out, the Lithuanians would be attacking the Polish army from the rear, while the Russian soviet forces would attack Dvinsk.

It is reported that the soviet government, in return, would cede Vilna and Grodno to Lithuania, and the despatch adds, if Germany does not cede the Memel district, the Bolsheviks are planning to march on East Prussia with the aid of the Lithuanians.

## FAIL TO OVERRIDE PRESIDENT'S VETO ON PEACE RESOLUTION

### U. S. Senate Lacked Twenty-Nine Votes of Two-Thirds Needed to Carry.

## RESULT WAS EXPECTED

Washington, May 28.—Lacking 29 votes of the necessary two thirds, the house failed today to pass the Knox resolution, ending the war with Germany and Austria, over President Wilson's veto.

The result was not unexpected. The vote was 220 to 152, seven Democrats joining with Republicans in attempting to override the veto, while two Republicans voted with the Democrats to sustain it. Before starting the fight on the floor Republican leaders predicted that the veto would stand by a margin of ten, but nevertheless, announced their determination to make the fight just the same and let the record go before the people.

Preceding final action, which again ended efforts to establish peace, there was an hour of debate which the president's position was assailed by Republicans and defended by Democrats. Attacking the Republican leadership of congress, representative Connally, democrat of Texas, challenged the party in control to present a straight-out resolution for repeal of all war-time legislation, and promised Democratic support in an effort to pass it in the event of a presidential veto.

Later in the day, however, Mr. Connally, without comment, threw into the house hopper a joint resolution providing for repeal of every bit of war-time legislation, effective on the date of the resolution's passage. Soon after representative Ackerman, Republican, New Jersey, presented a similar resolution. Neither resolution is expected to be called up before the summer recess or adjournment. The Connally resolution calls for repeal of all acts and resolutions passed since April 8, 1917, and which by their terms are to be effective only during and for a specified period, after such war or such present or existing emergency.

## RAILWAY FARES BILLS KILLED

### (Continued From Page 1).

powers as the Dominion body and he insisted on a further reading. His bill did not deal with renewal of franchises or anything else other than the placing in the hands of the railway board authority to deal with street car fares.

Cries of "Lost," "Lost" followed and the measure received its death blow. **Proved a Boomerang.**  
But Mr. Price's triumph proved a boomerang. The McCrae bill disposed of his bill, which he had introduced at the morning's session of the house, providing that no change may be made in a street railway franchise without a vote of the people.

McCrae was promptly on his feet. The bill he said, related directly to street railways and it's effect would be to deprive the city of London of the right to increase fares without first taking a vote of the people. There, too, the measure was out of order for the same reason as the North Electric bill, it could not receive a further reading by the unanimous consent of the house.

Mr. Price insisted that the house unanimously consented to giving his bill a first, second and third reading when he introduced it in the morning. Mr. Dewar pointed out he had objected to the bill being read a second time, and had asked that it be left over until the afternoon. Furthermore Mr. Price's bill was designed to override the courts of the province.

## What the Rules Are

Hon. G. S. Henry—The rules of this house provide that a bill shall only receive one reading at anyone's session unless by the unanimous consent of the house.

The Speaker ruled that a second reading could not be given unless the house unanimously agreed, and as this permission was not forthcoming, Mr. Price's bill met the same fate as Mr. McCrae's.

## What Bill Means

At the morning session of the house, Mr. Price introduced his bill and caused a great deal of discussion. The measure is a resolution to amend the street railway act in that no modification or alteration of a franchise shall be made without a vote of the electors, repeals subsection 3 of section 3 of the municipal franchise act, and substitutes hereof:

"No renewal or extension of any franchise for a street railway, tramway, or other means of public utility shall be made without the approval of the municipal council in the manner provided by the municipal act with respect to bylaws requiring the assent of the electors."

## Would Clear the Air

"This bill is intended to clear up a misapprehension," said Col. Price. "The intention of the bill of 1909 was to make private and public utility corporations to give or change a franchise without submitting the matter to the ratepayers. Recently a decision was given in our courts in Ontario saying municipal councils could change a franchise without a vote of electors, the reason being that they could modify the franchise."

"This is a very far-reaching matter. It is only by this bill that we can know the specific object of the bill," said Attorney-General Raney. "The situation is a general one," said Col. Price, "but it particularly affects the case of Joyce v. City of London. There, the city changed the rates and certain small points in connection with the franchise. If such a material change as a change of rates is to be called a modification, then the Beck act is really defective."

Mr. Raney: "It takes it that it would affect the present situation in Toronto." Col. Price assented.

John O'Neill (Southeast Toronto) thought the bill would improve the situation. The old measure was not sufficiently tight and the present one would tighten things up.

Purpose is Apparent.  
H. H. Dewar: "It's rather a striking thing to say that minor changes can be made without a vote of the electors. The clause is a very ingeniously drawn amendment, but its purpose is quite apparent. I can quite understand renewal and extensions going to the people, but it is startling to see that the elected representatives of the people should not be allowed to pass on minor changes. I do not think the bill should be given its three readings today, if the bill should be introduced at all."

Mr. Dewar complained that the Price amendment was to be retroactive. "What does it cover?" asked Mr. Raney. Col. Price: "It is intended to cover the London case."

Mr. Dewar: "Is this bill introduced at the request of the city of London?" Col. Price: "It is done at the request of the Hydro-Electric Commission."

Mr. Dewar: "I am going to vote for the bill, but I prefer to leave the second reading until this afternoon."

But when the afternoon came the bill fell a victim to parliamentary rules.

## DEATH BLOW TO RACING FEARED

### (Continued From Page 1).

run from \$18 to \$25 a day), we must take in at the least \$200,000 a day. At ten per cent, as we now take, a revenue of \$20,000 is derived. Now, in the aggregate, the mutuels take in \$50,000 or more on a race, which means that we can take only three per cent. Thus, on a day when we take in \$200,000, we will only get \$6,000. Yet in the face of that the government tax is \$7,500, which means that we lose \$1,500 a day, exclusive of any expenses of any kind, which have to be paid. The conclusion is obvious."

There is another angle to be considered. Some races (usually the first seven of each day), see comparatively little betting. On these, possibly the average per cent. might be taken. But then again, to make the thing pay at all, the succeeding races of the day must take in large amounts. This means that on all but first or second races more than \$50,000 must be taken in. When it is averaged up, it is thought that possibly four per cent. on the money passing thru the mutuels might be taken. Even at that they would only break even with the tax, exclusive of expenses of maintenance.

## Ridiculous Proposition

"It's ridiculous—unheard of," said Controller Sam McBride. "Also I cannot see what purpose there lies behind it, any more than an indirect attempt to kill racing. The government is not deriving any revenue thereby, and the public are quite content to pay the existing ten per cent. This fact is evidenced by the crowds betting at the Woodbine. If their idea is to kill racing, why don't they come out and say so. It simply means that racing must go and when it does, the horse-breeding industry must go with it."

In my opinion it is a contemptible trick. The public want racing, and are willing to pay for it. Of course, if they want to make it a sport that only rich men can attend, by boosting admission prices to \$10 or \$15, let them go ahead.

### TIMBER CUT DOWN, BUT NO RETURNS MADE DEPARTMENT

#### More Disclosures Made at Crown Timber Investigation.

#### UNUSUAL STATE OF AFFAIRS

More irregularities and unbusinesslike methods were brought to light yesterday at the judicial commission which is inquiring into the affairs of the lands and forests department. It was shown that cutters' returns of logs cut, as shown by the Spanish River Company's books, have not been filed with the government, nor has the government been paid what it should have received in the Spanish River.

#### RATHER ALL DIE THAN BE MUZZLED

Mr. Lawless replied affirmatively, explaining figures which he had compiled, showing that the average size log cut was 48.5 feet, as shown by the mill cut, whereas an average of 38.5 feet only was reported to the government, an over-run of 64.7 per cent.

It was brought out by Mr. McEvoy that from 1916 to 1918 the proportion of Nos. 1, 2 and 3 cuts to the total merchantable timber cut increased very materially. In the former year, 27,736,375 feet of merchantable timber was cut, the three classifications of cuts totaling 7,747,825 feet. In the latter year the total cut was 13,248,145 feet, while the three classes of cuts totaled 11,890,895 feet.

Mr. McEvoy, from figures put in, argued that the company on limits cut by its own men got a very much larger percentage of logs 8 inches in diameter than the jobs got on lots operated by them.

Justice Lachford also questioned Mr. Grigg as to the practice once adopted of reporting tall logs on 11 inches diameter and under as 8. His lordship wished to know if that worked to the advantage of the company or of the government.

Mr. Grigg will make investigations and report.

#### JARVIS STREET CADET RECEPTION.

The annual reception of the cadets at the Jarvis Street Collegiate tended each year to the cadets by the fair sex in attendance at the institution, was held yesterday afternoon at the school grounds with about two hundred ex-pupils and friends of the institution in attendance.

#### STRUCK BY STREET CAR.

James McCarty, 365 Jones avenue, received a fractured skull last night when he was struck by an eastbound Queen car at Queen and Niagara streets. McCarty was crossing the street, when he is alleged to have walked in front of the street car. He was removed to the Western Hospital. The car was in charge of Motorman Wm. Manning, 5 Clifford street, and George Roche, 568 Wellington street.

### "FRAGMENTS" ROUSE POPULAR SYMPATHY

#### Today Bids Fair to Be Most Enthusiastic Tag Day Yet Held.

Everybody connected with the "Fragments from France" tribute tag day—and that's today—was as busy as a bee at the Maple Leaf Club, 7 College street yesterday and none left for home until everything was complete and in readiness for the tag. Several hundred women have volunteered to spend today on the city streets and many will be out before seven o'clock this morning.

Those who have been working for the past few weeks in preparation for the "Fragments from France" tribute tag day—were today—were as busy as a bee at the Maple Leaf Club, 7 College street yesterday and none left for home until everything was complete and in readiness for the tag.

"The work is progressing splendidly," said Miss Church, convener of the Women's Committee last night. "We ordered more tags and they just came in yesterday. Every one must be sold by tomorrow night for this will be the biggest tag day Toronto has ever had."

#### NEW AIR FORCE WANTS ALL AVIATORS

Air Commodore A. K. Tylee, returned from Ottawa this morning with plans for the organization of the Canadian Air Force, and flying will be commenced within the next few weeks. Most of the flying officers who have applied in the C.A.F. have been physically fit men, but the Air-Commodore points out that all flying men are wanted to make up the deficiency of the Imperial service may assume staff and administrative duties. There are 140 service machines, land and sea planes, already in the country with 9 airships. A number of these machines have already been rigged and are ready for immediate use.

#### ANOTHER HOLD-UP

Cecil Wapshott, 35 Balmoral avenue, complained to the police yesterday that he had been held up on Maitland street on Thursday night and robbed of \$3.

#### LAKEVIEW LODGE

Lakeview Lodge, No. 272, I.O.O.F., at their meeting last night in St. James' Hall, West Toronto, chose the following officers: Noble Grand, G. Schofield; vice grand, P. Scorer; recording secretary, J. H. Nichols; financial secretary, J. Baird; treasurer, W. J. Gordon. It was decided to hold the annual picnic on June 26th at High Park.

#### METHODISTS FAVOR DIVORCE

The Methodist general conference special committee, at a meeting yesterday afternoon, endorsed a resolution urging that there be no relaxation in the attitude towards divorce, but that divorce courts be permitted in the two provinces now without them. The resolution further demands that divorce be granted only on Scriptural grounds, as set forth in the discipline of the Methodist church.

#### LOCOMOTIVE AUXILIARY PRACTISES

The Ladies' Auxiliary of the Brotherhood of Locomotive Engineers held a practice last night in Colvin Hall, West Toronto.

### ANOTHER VICTIM OF RHEUMATISM

#### Entirely Well After Six Weeks' Treatment With "FRUIT-A-TIVES"

MR. AMÉDÉE GARCEAU

82 Hickory St., Ottawa, Ont. "I was for many years a victim of that terrible disease, Rheumatism. In 1912, I was laid up for four months with Rheumatism in the joints of the knees, hips and shoulders and was prevented from following my work, that of Electrician.

I tried many remedies and was under the care of a physician; but nothing did me any good. Then I began to take 'Fruit-a-tives' and in a week I was easier, and in six weeks I was so well I went to work again.

I look upon this fruit medicine, 'Fruit-a-tives', as simply marvellous in the cure of Rheumatism, and strongly advise everyone suffering with Rheumatism to give 'Fruit-a-tives' a trial."

### IMPORTANT STEP IN LIBRARY WORK

#### Drury Government Recognizes It is Essential Part of Education.

One of the most important steps in public library development was taken by the legislature yesterday, when it passed a bill which provides that the public library of a community shall be supported at the rate of 50 cents per head of the population. In other words, in a city of 100,000 people, the city council will levy \$50,000 as a rate necessary to support adequately the institution known as the public library. No matter what bill the present government passes it is likely that any will provoke as favorable comment as this action in regard to public libraries. It will be very interesting to watch the press in the United States and the men in that country who are interested in the attitude of a Farmer-Labor government towards education.

#### Y.W.C.A. REPORTS

Financial Statements Show Increasing Interest in Association's Activities.

At the annual public meeting of the Young Women's Christian Association held at their hall, 21 McGill street last evening, the opening devotional exercises were led by Rev. C. A. Williams, the presiding officer being Mrs. C. T. Stark. The treasurer's report showed that during the past year receipts from the boarding houses conducted by the organization, and from the cafeteria, were \$138,756.32; expenses of same \$138,688.39; balance on hand from same \$67.93. Other figures reported were: rentals, \$10,929; camp fund, \$10,000; salaries, \$10,695; repairs on houses, \$4,000.

Among the activities chronicled were those of the Travellers Aid, which had assisted 24,826 persons. In connection with the Home Department, 302 girls found rooms through the organization, and 200 provided with temporary accommodation. The sum of \$1,083 had been raised for the support of a secretary in India.

#### WON EMPLOYEES' RESPECT

E. W. Lee, manager and director of the George Coleman Bread Company, was presented by the employees with a handsome grandfather's clock on his retirement from active management. Mrs. Lee was given a bouquet. Mr. Lee has been associated with the firm since its foundation, and has won the undying respect of both his associates and those under his employ. He will confine himself to the presidency of Estelle's Limited.

#### HEAVY CLAIM FOR DAMAGES

Action has been entered at Osgoode Hall by Pearl and Isaac Waldron, of Port Perry, against Robert Archer of the same place in which the female plaintiff sues for \$20,000 damages for malpractice, and the male plaintiff \$5,000 for personal loss.

#### MANSLAUGHTER CHARGED

In the police court yesterday, Harry Miller, president of the Miller Manufacturing Company, who was arrested a week ago on a charge of manslaughter, was released on bail of \$10,000. It is alleged that Miller's auto, driven by his son, ran down Edward Kettlewell, who was killed.

### PROFESSOR NEISH STRONG CANADIAN

#### Advocates Patronage of Home Industries, Especially Industrial Chemistry.

"Champion Canadian home industry." This was the ringing message sent out to the people of the Dominion by Professor Neish, Queen's University, at last night's delightful banquet held at Hart House, under the auspices of the Ontario Society for Industrial Chemistry. "Why should a Canadian have to pay 50 per cent more for an article than he would pay in the United States? And yet this is just representing the facts of the case," said the speaker. Before the war Canada bought too much from overseas, and today we buy too much from across the line. I know of one case in which a woman sold American toothpaste at twice its cost to her, after paying the duty."

Professor Neish further expressed the hope that the term chemist would be legislated out of the windows of drug stores and industry would be permitted only to class themselves as druggists or pharmacists. Other speakers were Professors Kenrick and Ardagh, Dr. Shutt, Wardlaw and Dr. McLaurin. Felicitations between Professor Van der Linde, newly elected president of the Canadian Society for Industrial Chemistry, Queen's University, former president, coupled with complimentary references to Hart House, its founder and Societies, Massey, and Toronto hosts generally, concluded a right royal evening at the festive board. The next annual convention will be held at Montreal.

#### BY WHAT LAW, ASKS REV. DR. W. H. HINCKS

#### Does Roman Catholic Church Usurp Right to Review Legal Marriage?

"The Roman Catholic Church, or any other church, has no right to review a legal marriage, recognized as such by the law of the Dominion of Canada, and put a thorn of unrest in a happy home," declared Rev. Dr. W. H. Hincks in replying to Archbishop McNeil of the Roman Catholic Archdiocese of Toronto.

"The archbishop says," continued Rev. Dr. Hincks, "that during seven and a half years, too many cases of mixed marriages have come before him in Toronto, including cases of legal marriages not yet ratified by the Roman Catholic Church. By what law does the Roman Catholic Church usurp the right in any respect to ratify, or call in question, any way among themselves, a legal marriage recognized as such by the civil law? No creed has the right to review what the civil law with all the world's support has made so in Ontario is not so in Quebec. Any such action in Ontario has been taken in Quebec would bring the press and the public into Canada. The British preference, he said, had worked out in this way, at least so far as European countries were concerned. Indeed it would be hard to prevent some such a result were free trade with the mother country adopted. "Take an item like orange marmalade, which imported from England

#### FIGHTING SOCIAL EVIL

Arrangements have been made by the National Council for Combating Vice, Division of the Y. W. C. A., for the subject to deliver an appropriate address at each showing of "The End of the Road" at Massey Hall. Last night Dr. Gordon Bates of Toronto spoke on the great necessity of every effort being put forward to check the growth of these diseases, and urged his listeners to help in the work by becoming active members of the council. Dr. Watson was to have spoken last night, but in his unavoidable absence Dr. Bates agreed to take his place.

#### ALLEGED TO HAVE STOLEN WATCH.

Fred Allen, 48 St. Clarens avenue, was arrested last night by Acting Detective Johns, charged with stealing a gold watch from Thomas McGill, 400 Dundas street, and wearing a workman's cap. Both men were working together, and accused is alleged to have taken the watch from McGill's pocket.

#### WILL ASK FOR ENQUIRY

The minister of public works will be asked by Mayor Church to investigate the statement made in the press recently over the signature of H. Dicken, that 88.75 a yard for concrete cap, and 100 a yard for harbor improvement work was an excessive price. The matter will receive the attention of the harbor board at its next meeting.

#### DAMAGES FOR ILLEGAL SEARCH

After a protracted trial, a jury under Mr. Justice Rose, in the assizes yesterday, awarded J. M. Hicks \$200 in his action for \$5000 damages, which he claimed from F. N. McCune and the Dominion Artificial Limb Company, in respect of alleged illegal search of his dwelling house.

#### MANSLAUGHTER CHARGED

In the police court yesterday, Harry Miller, president of the Miller Manufacturing Company, who was arrested a week ago on a charge of manslaughter, was released on bail of \$10,000. It is alleged that Miller's auto, driven by his son, ran down Edward Kettlewell, who was killed.

## Personal Banking Service

Sterling Bank Service is simply a personal effort on our part to promote, in every way possible, the steady growth of our clients' business.

We realized that if our own business was to expand, we must aid in the expansion of our clients' business also.

To do this, we instituted a better banking service. A personal service—requiring the personal effort of each officer in our institution.

The result of this personal application to each client's business is shown again and again in increased returns to the client—and in the rapid growth of our own institution.

We want to meet the man who needs this kind of Service. A Service which means something—and shows results. We will be glad to talk things over at his office or ours—when-ever convenient.

## THE STERLING BANK OF CANADA

### The Day at Ottawa

Ottawa, May 28.—(Special).—The budget debate somewhat resembles a game of tag. The government has been anxious to tag the Liberals as equally anxious to find some term to describe the government as top-heavy protectionists. Hence many supporters of the government are at pains to say that they only favor a moderate tariff, while many Liberals go to a lot of trouble to prove that they only want a revision of the tariff which would benefit the consumer without injustice to the manufacturer. Even the farmers are not willing to be called free traders, but the Unionist members of the House of Commons, Mr. Brantford, tagged them pretty nearly in the budget debate this afternoon. Mr. Cocksbutt read from the platform of the National Council of Agriculture to prove that the Farmers' party favored free trade with Great Britain, and this, he said, meant free trade with all the world. The French, German and American manufacturer would ship his goods into England free of duty and they would then again find their way duty free into Canada. The British preference, he said, had worked out in this way, at least so far as European countries were concerned. Indeed it would be hard to prevent some such a result were free trade with the mother country adopted. "Take an item like orange marmalade, which imported from England

# Rinso

Not a cake soap—not a washing powder—a new form of soap in granules.

No need to "rub away" the life and fibres of your clothes on wash day.

No need even to take the time to boil them!

There's really a better way to wash them snowy white—even the hardest, dirt-ground-in garments. Let Rinso do it.

Its vigorous purity loosens all the dirt—after a few hours' soaking in the rich, cleansing Rinso suds.

Rinso is not a "Washing Powder" The fine granules of Rinso look much like a washing powder, but make this test: Use a heaping teaspoonful to a glass of boiling water.

Try Rinso next Monday

No need to dread wash day any more. Rinso—not a cake soap—not a washing powder—a new form of soap in granules, will do all the hard work. This is easily proved. One package of Rinso will do it.

### COMMITTEE FAVORS WOODBINE GRADING

Cost Will Be Over Quarter Million, With Eighty Per Cent. Against the City.

#### GOES TO CONTROLLERS

The works committee yesterday approved the recommendation of the commissioner of works that Woodbine avenue be graded from Kingston road to Gerrard street at an approximate cost of \$285,000, 80 per cent of which is to be contributed by the city and the balance paid by local assessment.

Several other small improvement works were endorsed and sent along to the board of control.

On recommendation of the commissioner of streets cleaning, the committee agreed to the purchase of 4 tanks to store oil for use on the streets. The cost he said would be about \$20,000.

E. Nurse renewed his application for the right to build on a 23-foot street on the eastern city limits and the committee decided to go out and view the situation.

It was explained that the owner of the property on the east side which is in the township of Scarborough refuses to contribute an equal portion of land to make this a 66-foot street.

Round Kingston Road Corner. The committee called for a report from the assessment commissioner on the request of the Imperial Oil Co. to be paid \$2,000 for the land necessary to round off the northeast corner of Kingston road and a Queen street.

John Brass was granted permission to erect a fire escape on the Adelaide street flankage at 116 Yonge street.

A dozen residents of Clinton street and Manning avenue appeared before the committee and asked for the opening of a lane north from Marbord street, between Clinton and Manning, to a lane running east off Clifton, one block south of Bloor. It was contended that the original subdivision plans showed a 10-foot lane here, but it had been fenced up. A report from the works commissioner was asked for.

At the request of Mr. W. J. Moore the committee decided to recommend that a 200-foot strip of Indian grade south of Bloor be paved this year.

W. J. Cole, 65 Alberta avenue, asked for permission to construct a driveway across the boulevard which would necessitate a deep cut in the bank. The committee consented.

The King Edward Hotel asked for the right to use space for three taxicabs on Victoria street, adjoining the hotel. It was stated that when King Edward or yellow cabs were called the independent cabs crowded into the space and took the passengers.

The committee decided to send on a recommendation to the police commission that the request be granted, on a three weeks' trial.

Mr. Harris, commissioner of works, was asked for a report on a new night and day sign, labeling streets at intersections.

Permission was granted to G. Cole & Co., Ltd., to build a passage over the lane running off Hayden street in connection with their bakery on Hayden, near Yonge street.

The committee again sent on a recommendation that a brick block pavement be laid on Walmer road from Bridgman to Davenport road.

#### FOUND NOT GUILTY

In the sessions yesterday, David Kipman, 1302 West St. Clair avenue, who was charged with obtaining \$1302 from an insurance company by false pretences, was, after a lengthy trial, found not guilty by a jury under Judge Coatsworth. T. J. Agan was counsel for the defence.

#### NEURALGIA AND SCIATICA

Caused by Starved Nerves Due to Weak, Watery Blood.

People generally think of neuralgia as a pain in the head or face, but neuralgia may affect any nerve of the body. Different names are given to it when it affects certain nerves. Thus neuralgia of the sciatic nerve is called sciatica, but the character of the pain and the nature of the disease is the same. The cause is the same, and the remedy, to be effective, must be the same. The pain of neuralgia, whether it takes the form of sciatica, or whether it affects the face and head, is caused by starved nerves. The blood, which normally carries nourishment to the nerves, for some reason no longer does so, and the excruciating pain you feel is the cry of the starved nerves for food. The reason why the blood fails to properly nourish the nerves is usually because the blood itself is weak and thin.

When you build up the thin blood with Dr. Williams' Pink Pills, you are attacking neuralgia, sciatica and kindred diseases at the root. As proof of the value of these pills in cases of this kind, we give the statement of Mrs. Thomas McGuire, North Malden, Ont., who says: "I have been a severe sufferer from sciatica, which attacked the sciatic nerve in the left leg. At times the pain was most excruciating, and as a result of the trouble, there was a distinct shrivelling of the leg. I could only hobble about by using a cane, and if I attempted to walk to the fields I would have to sit down every little while to ease the agony. I felt I was under medical treatment, but as there was no improvement shown, I was getting very despondent, and as the trouble was affecting my general health, finally, a friend advised me to try Dr. Williams' Pink Pills, and I decided to do so. I took the pills faithfully for several months, finding a gradual and increasing improvement in my case, until finally every vestige of the trouble had gone, and I was again enjoying the blessing of good health and freedom from pain. What Dr. Williams' Pink Pills did for me seems almost a miracle, and I hope that my experience may benefit some other sufferer."

If you are suffering from any ailment due to weak blood, avail yourself at once of the splendid home treatment which Dr. Williams' Pink Pills so easily afford, and you will be among those who rejoice in regained health. These pills are sold by all dealers in medicine, or may be had by mail at 50 cents a box or six boxes for \$2.50 by writing The Dr. Williams' Pink Pills Co., Lowell, Mass., U.S.A.

Fine Hotels at Hamilton and Niagara Falls to Accommodate Motorists.

Few trips offer to the motorist such keen delight as the run from Toronto to Niagara Falls. This is true at any season of the year, but particularly so just now, when the trees in "The Orchard of Ontario" are in bloom.

The Niagara Peninsula, in the blossom season, is recognized by world travelers to be one of nature's rarest works of art, presenting horticultural beauties in a manner not found in any other part of the world. The millions of fruit trees for which this section is so widely famed, clothed in their floral splendor, give the entire peninsula the appearance of an endless range of tiny mountains of snow, reaching for miles in breadth on either side, to which the delicate pinks of some of the blossoms and the light greens of the new-coming foliage lend a pleasing variety.

It is a beautiful, undulating country for the whole extent of the way, crossed and re-crossed with a network of innumerable small water streams.

From Hamilton to the south the picture is framed on the right by the crest of Burlington Heights, and as occasional hills are topped one sees glimpses of the deep blue of Lake Ontario far to the left.

The trip is a revelation to those who have not seen it and it loses none of its appeal to those who have. The journey borders on historic places, and every town and village en route is worthy of inspection.

The road for the entire trip is such a road as motorists delight to travel. The Toronto-Hamilton highway forms the first section of the trip—a ribbon of concrete pavement—and an excellent running surface, which is at all seasons a good motor highway, completes the run from the Ambitious City to the border.

A stop-over at Hamilton is recommended if only to permit of a stay at Hamilton's new million dollar hotel, the Royal Connaught, one of the finest hotels on the American continent, and at the journey's end the traveler will find a visit at "The Clifton, adjoining the famous Victoria Park, Niagara Falls, Canada, and overlooking the falls, not least of the pleasures the trip affords. This modern hotel offers also the privileges of a country club, affording the pleasures of golf, tennis, riding and bowling for devotees of those sports.

The Royal Connaught and The Clifton are under the management of the United Hotels Company of America, as is also the King Edward Hotel, of Toronto.

NO INCREASES FOR INDUSTRIAL SCHOOLS

No salary increases have this year been granted for the officials and employees of the industrial schools of the Toronto district. The municipalities have been in arrears in payment the past three months, and the allotments expected from the government have not yet materialized. At the same time full disbursements have not been made to various creditors, and the industrial school board has been forced to overdraft upon the Imperial Bank to the extent of \$18,000. The situation, then, according to financial statements made by Superintendent Ferrier and other members of the board, is just this, that the board is owed several thousand dollars by various bodies, but at the same time, because proper payment has not been made, the board finds itself so much in debt that it is not in a position to pass recommendations for salary increases.

Great Lakes Steamship Service. Commencing Saturday, May 29, at 2 p.m., eastern standard, and each Wednesday and Saturday thereafter at 1 p.m., eastern standard, the Canadian Pacific Railway will operate a steamship express for Port McNicoll, making direct connection with steamships "Kewatin" and "Assiniboia" for Saint Ste. Marie, Port Arthur and Fort William. This train carries parlor cars and coaches.

REAL ESTATE MAN ACQUITTED. The real estate man, Beach Dennis, who was charged two days ago in the police court in connection with the theft of \$150 from a war widow named Mrs. Gillespie, in connection with the purchase of a house for the lady, came up again before the magistrate for sentence. He had lodged a cheque for the \$150 with the court, which had been duly honored, and the crown attorney suggested that the accused had received a lesson.

WIFE CLAIMS ALIMONY. Claiming alimony of \$50 a week, in an action entered at Osgoode Hall, Mrs. Rachel Hirschhorn avers that her husband, whom she is suing, makes \$150 a week as junk dealer and liquor merchant. The defendant pleads that he is only earning \$20 a week, and that his wife, from whom he has been separated for three years, carries on a peddling business on her own account, which is very profitable, and that their 16-year-old son hands over all his

### BROTHERHOOD IDEA IS FORGING AHEAD

Dominion Joint Conference Acts as Advisory and Legislative Body.

Toronto Joint Industrial Council, comprised of representatives from the building trades council and the builders' exchange has practically set the pace for the Dominion, and as an indirect result of its good offices to cause both of the labor and industry a Dominion Joint Conference Board of the building trade comprising practically the same two branches of the trade, the employer and the worker has been formed. This Dominion board has been formed primarily with the object of harmonizing these two elements in the trade, and officials represent both an advisory and a legislative body.

The two parties to this Dominion Board are the association of Canadian Building and Construction Industries and its associates on the one hand and the international unions of the building trades on the other. Five representatives from each faction comprise the board, and the chairman is an appointee of the employers having absolutely no power to vote.

According to interviews held with prominent labor men the ultimate result of this new amalgamation of interests will be the extension in Canada of the ideal of the joint industrial council as consummated in Toronto, and if carried out will forge one of the links between labor and capital which will finally evolve the scheme of co-operativism now advocated by many advanced thinkers in the movement.

At the close of a largely attended mass-meeting of the Glass-Bevelers' Union, held at the Labor Temple last night, it was unanimously decided to modify the demands of the men respecting the wage schedule, to meet the employers' half way. This action has been decided upon in view of the recent developments following the budget of Sir Harry Drayton, which the leaders of the union stated had seriously affected their trade, among many others.

The companies involved in the matter are the Consolidated Glass Company, the Toronto Plate Glass Co., the Queen City Company and the Excelsior Plate Glass Company.

The men present demanded a ninety cent wage minimum.

INSPECTOR ROFF'S NEWS QUESTIONED

Robert Browning, president of the Letter Carriers' Association, in an interview last night with The World denied any knowledge of the immediate payment of back pay as reported in the press from day to day. The letter carriers would like the public to not be misled regarding this retroactive pay. They have received no word whatever of its immediate payment. It amuses them to see the reports published daily, and we would say this, that if Mr. Roff, the chief inspector, has the real facts, that payment is to be made immediately, why doesn't he let the letter carriers know, especially as the men are so anxious to know? They are in great need of the money.

Continuing, Mr. Browning pointed out that in the opinion of the rank and file of the employees of the post-office department, the government would be better employed giving due attention to the payment of its debts to its employees than in expending vital energies upon the franchise bill.

BRASSMEN RETURN TO WORK. Men at the Keating's Foundry who have been on strike for several weeks have returned to work. They have been granted a five cents increase upon the wages they were receiving a few weeks ago. The increase is retroactive to May 1 and a further increase of five cents to be granted on August 1. Agreements have also been signed with the brass workers at the Monarch and Standard Sanitary Foundries. Other firms are still negotiating with the Machinists' Union respecting increases.

RACE TRACK SPECIAL. For the convenience of those wishing to attend the Spring Meeting at Thorncliffe Park, May 31 to June 7, the Canadian Pacific Railway will operate special trains leaving "Yonge street" station, North Toronto, 1:00 p.m. and 1:15 p.m., daily. Eastern Standard.

Tickets should be purchased at Toronto city office, corner King and Yonge streets, or "Yonge street" station, North Toronto.

Magistrates Have Drastic Powers, Says Lennox. "They have very drastic and very dangerous powers, much more than I would give them, if I were the authority. But some discretion must be left to the magistrate, and he must be permitted to exercise it, even though his discretion is bad," remarked Mr. Justice Lennox yesterday when he refused to quash the conviction of Alexander Clive, of Massey, Ont., who was fined \$200 and costs for selling liquor. The appellant contended that he had not received a fair trial, as his counsel was not permitted to cross-examine witnesses at length.

### HEALTH DEPARTMENT OFFICIAL RESIGNS

M.O.H. Urges Need of More Isolation Hospital Accommodation.

At the meeting of the board of health yesterday, Dr. Hastings, M.H.O., again emphasized the need of more isolation hospital accommodation, and suggested that the matter be taken up with the board of control at its next meeting. Dr. Hastings continued:

"There has been no increase in isolation hospital accommodation for nine years. The overcrowding in the homes has aggravated the situation. We need 10,000 more homes in Toronto at once, with 5,000 a year more for several years. We can't hope for that at the present high prices. The only thing possible, therefore, is to relieve the other situation. All over the continent in the past twelve months there has been an increase in communicable diseases because of the universal housing scarcity."

Dr. Hastings also urged that a police census of the city be taken. He believed the population was nearer 600,000 than 500,000.

It is understood that Dr. M. B. Whyte, director of medical services in the department of public health, has tendered his resignation, effective September 1st. He has been with the department since 1915, mostly as head of the Isolation Hospital, at a salary of \$4,000, with free residence and domestic service. He proposes to establish a private practice.

SALE OF RESIDENCE. The property at 119 Wellesley street W. has been purchased from the C. A. Komp estate by Charles E. Bailey for about \$25,000.

### For the Maimed and Blind

THE Amputations' Association will hold a "Tag Day" today, May 29th. At least \$25,000 is required for the maintenance of Club Rooms and for the installation of special appliances for physical exercises required by maimed and blind Veterans of the Great War, of whom there are over one thousand in Toronto.

Subscriptions may be addressed to Mr. N. L. Martin, Honorary Treasurer of the Fund Committee, 78 King Street West.

### YOUTH RECEIVES DAMAGES FROM THREE COMPANIES

At Osgoode Hall yesterday Mr. Justice Orde gave judgment against the Bonner-Worth Company, the Peterboro Railway Co., and the Hydro-Electric Power Commission in favor of Claude Gray, a twelve year old boy of Peterboro, for \$600, and to his father \$100, damages in respect of injuries sustained by the boy, who was riding on the running board of one of the Bonner-Worth Company's trucks with the permission of one of their chauffeurs.

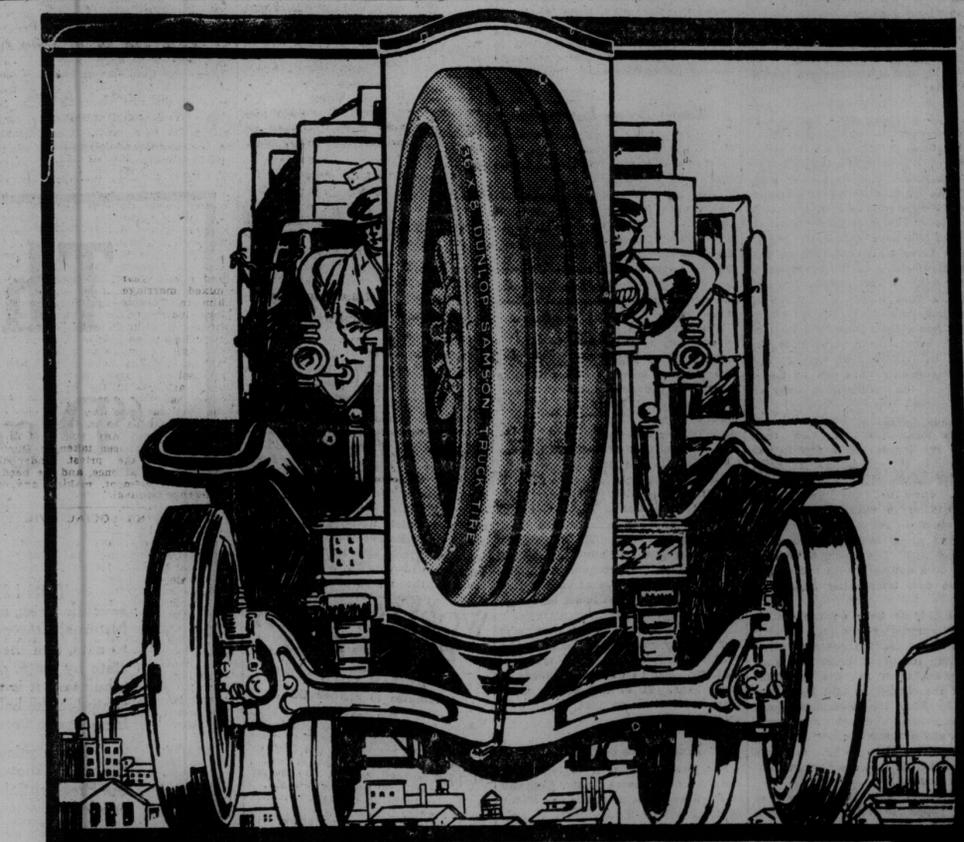

The truck, driven by the employee of the Bonner-Worth Company came into collision with a car of the Peterboro Electric Railway, which is operated by the Hydro-Electric Commission, with the result that the boy, Gray, received injuries which have rendered him permanently lame.

### STOLE FROM GRAND TRUNK

A fine of \$500 was imposed on William H. Stewart, yard foreman with the G.T.R., who pleaded guilty to having stolen a barrel of gasoline, sundry oils and grease, from the Canadian Oil Co.

**DUNLOP TRUCK TIRES**

Motor Trucks are, in respect to overloading, at the mercy of circumstance. To-day this practice is even more pronounced than ever. To minimize the effects of this evil, as far as humanly possible, **DUNLOP "SAMSON" Motor Truck Tire** was developed.

Every Dunlop Truck Tire is an over-size tire, and contains more cubic inches of rubber per foot than the corresponding size of any other Truck Tire made in Canada.

Dunlop "SAMSON" is constructed to take up a big portion of road shocks that ordinarily play havoc with the mechanism of the truck or its load.

As already stated, Dunlop Truck Tires contain an extra volume of wear-resisting, load-absorbing rubber. It is this resilient, well-nigh indestructible rubber, also, that means better value to you in Dunlop "SAMSON."

A call from one of our salesmen puts you under no obligation to buy. Drop a line or phone to the Dunlop Branch nearest you.

**Dunlop Motor Truck Tires absolutely will not split nor come loose from the steel base. You cannot chisel them off.**

Government's Winnipeg Signal?

The exposition of the revised policy about the deportation of British-born immigrants given to the senate by the minister of labor, suggests the question, whether the government is inviting labor to take new ground with regard to the Winnipeg strike.

The minister of labor said, first, that the deportation authority "was adopted during the Winnipeg strike when it was found that there was no machinery provided by the criminal code to deal with the situation"; second, that the machinery provided by the amendment to the immigration act "had caused unrest, was anti-British in spirit, according to the collective and considered opinion of the cabinet."

These three statements are of profound significance to the operation of what we call British justice. The first intimates that after the Winnipeg strike had existed for several weeks it was found that there was no machinery, within the criminal code, for dealing with it.

Can the second statement of the minister mean anything else than that if the legislation is anti-British in spirit as it now stands, it must have been anti-British when it was passed. Does not the anti-British spirit consist in making a criminal code operate retrospectively against the conditions which had developed without illegality? The spirit of British justice does not vary with the temper of those who temporarily administer it.

Thirdly, if to keep on the statute book a criminal code which is anti-British will have the contrary effect of making for peace, order and good government, must not the perpetuation of the conditions that have produced by what the government calls an anti-British and arbitrary measure, be against peace, order and good government? Then why maintain those conditions that are against public contentment?

In short, is it in the interests of public policy to keep leaders of a large and organized section of the community in jail under sentences which were the direct consequences of an expansion of the criminal code which is now admitted by the government to be arbitrary and un-British?

This, as The World understands it, is the position that is broadly taken by the units of organized labor that are calling for release of the imprisoned Winnipeg leaders. After what Senator Robertson declares to be "the collective and considered opinion of the cabinet," is it not time for the government to find an outlet in Stony Mountain penitentiary—a dungeon of oblivion in which admitted mistakes of labor leaders, as well as those of the government, might find everlasting interment?

Everything that has happened during the last year has tended to convince most at least of the advanced labor men that such talk of revolution that undoubtedly was indulged in by some of the men now in jail, was and is so foolish that to imprison them for it can only make the constituted authority look ridiculous and supply to its critics such phrases as "anti-British, arbitrary," and so forth, as are now used by a minister of the crown to express "the collective and considered opinion of the cabinet."

The question has ceased to be primarily one of ignominious punishment of leaders of opinion who went too far. If a revolutionary spirit is being propagated, it is the government's business to refuse to play its game, and to give common sense and largeness of mind a chance.

The Winnipeg strike was distinguished for practically all of its course by extraordinarily peaceful behavior by the strikers. No one paid warmer tribute to this than Mr. Allan, a Winnipeg M.P., who was dead against the strike and all its leaders.

MR. PUBLIC: "There's a hard, cold winter coming, Mr. Drury. Can't you do something to fix up some kind of coal supply?"

A considerable section of the community was and is in sympathy with the labor position—as the Winnipeg municipal elections proved. Nothing will retard the growth of good will in Winnipeg so much as a continuance of the feeling that has prevailed for too long. If the minister of labor's declaration in the senate does not mean that the government is looking for an outlet to the government is surely not as shrewd and statesman-like as its friends would like to believe.

Gospel Before Institution.

The Rev. Dr. Cayley does well to give the Anglican Synod his views of the harmlessness of racing and of the dangers of prohibition. There cannot be too much fearless expression of views, even if they are not always popular. Canada's life has been terribly constricted by the inarticulation that has grown upon her citizens, for fear of unpopularity for merely saying what they think. Unhappily the age of punishment for mere opinion is not past.

The prohibition question should not be affected, as Dr. Cayley seems to think it should, by the dread that some of the "best" laymen will leave the church if it is prohibitionist. Men as a rule don't leave their political parties because they do not entirely agree with their policies and champions. They look beyond the passing discomfort to the ultimate goal.

There is danger of excellent churchmen forgetting that the church is founded to preach a gospel, not to magnify an institution. The year before last, when the Methodist general conference took advanced ground on social life and economics, it was threatened by the loss of sundry rich men—perhaps the healthiest sign that could be vouchsafed.

Feudal Foe of Movies.

For faithful devotion to feudalism, the attack on movies by Mr. Casgrain in the house of commons is one of the choicest things disclosed for a long time. He thanks Heaven that there is not a picture show in his county of Charlevoix, formerly represented by his father-in-law, whose railway on the St. Lawrence shore, thru that county, was not promoted in an odor of financial sanctity. Mr. Casgrain finds in moving pictures "an invitation to the people of the poorer classes to revolt, and they bring disorder into the country."

The idea that the poorer people should not learn anything more than is necessary to enable them to serve the rich is old and hoary with the suffering of the poor. Moving pictures give the populace a knowledge of the world and its ways that they are as entitled to know as the practitioners of those ways are to practise them.

Mr. Casgrain's attack on the movies, and his dread that the poorer people will "revolt"—this fear of revolt be-

tokens a singular conception of Canada in the twentieth century—reminds one of what was said to his father by a friend when the first attempt at national education began in England. Just fifty years ago, "Why," said the indignant feudalist, "it will soon be that you can't leave a letter on the dining-room table but what your parlormaid will be able to read it." That man wasn't named Casgrain, but he was a near mental relation of the member for Charlevoix.

Wilson's Veto.

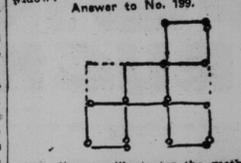

Both houses of congress seem bent on continuing to make their country an international laughing stock and a source of mourning for historians by their treatment of the results of the war in which they sacrificed a hundred thousand American lives. Here is the greatest republic in the world entering an appalling war under great provocation; professing a sacrificial devotion to world-wide freedom and democracy; sending across the ocean the greatest army that ever sailed the seas; believing that its intervention saved civilization from the greatest disaster of all time—this country, by the two branches of its great council, decides that it will end the war which cost it so much by simply saying no more about it—neither making friends with, nor exacting retribution from, the common enemies of mankind.

It is the most pitiable spectacle in the history of international peace-making Congress deserves every word of the rebuke administered to it by President Wilson in his message vetoing the resolutions which would end the war merely by calling it off.

the two-thirds majority may not be secured, and the year-old answer to the conundrum propounded by "open" diplomacy will still stand. When is there peace without peace? When a war has been won by the United States.

During his first presidency, when they were reluctant to pass his progressive policies, Mr. Wilson brought his congressional majorities into line by appealing to public opinion. He wrote a splendid chapter in the history of democratic government; but as time went on he ran what he calls his single track mind more and more within its own orbit. Unnecessarily he challenged and ignored the senate in peace-making until now it seems impossible for him to rally even his

THE GIRL WHO SMILED THRU

BY MARION RUBINCAM.

LAWRENCE GOES AWAY.

CHAPTER IV. Yet it was natural that Alice should feel a little regret that Lawrence turned so soon to find consolation in another girl. But she did not resent the fact that a real affection was springing up between Lawrence and Clara. It would have been properly romantic if Lawrence had stayed heartbroken a little longer—or perhaps his love had not been very deep after all.

"I think," she remarked, suddenly, to her mother, after a brief period of contemplation, "that I'm not the sort of woman that inspires a great love in a man."

"Why not?" Mrs. Fairbanks asked, only half-understanding, yet ready to defend Alice against any sort of slur, even one cast by the girl herself.

"Well, Lois didn't have much trouble getting David away from me," Alice answered. "And now Lawrence is beginning to fall in love with Clara. A month or so ago he was quite heart-broken."

"Men never stay heartbroken long," Mrs. Fairbanks remarked, with the pessimism of age. "I remember when I was real young, there was a man kept courting me, and I wouldn't have him. I was making eyes at your father then. Anyway, he threatened to shoot himself or go away forever if I wouldn't marry him. But, bless you, two months after I refused him he was married to another girl."

The little old lady leaned back in her rocker, darning a white sock of Berenice, and smiling a little as she recalled the far-off days of her own youth.

Alice giggled. Her mother's gentle discouragement, and her habitual pessimism always roused the fun in her own healthy young soul.

"I'm not heartbroken about it," she said. "I love Lawrence dearly, but not enough to marry—that is, not enough when I know that David still does care."

The smile died from her eyes. Unconsciously she looked down the street in the direction from which the mail man came.

"Aren't you going over to Shantytown?" Mrs. Fairbanks asked. She always changed the subject when David was mentioned. She did not feel kindly toward him at all.

"Not this afternoon," Alice answered. "I've arranged to be there this

evening, instead. Lawrence is coming around this afternoon to see me." Lawrence came a few minutes afterwards, and in accord with Alice's own suggestion, he left his car in front of the house and the two started off for a walk into the country. Dexter street was within a short distance of real country farmland, and the spring was getting past the tantalizing state. It was warm and sunny, the trees were fresh and green, and there were early flowers to be found in the woods.

"This is like old times," Lawrence said, after a while. Alice nodded. "I came around today because I wanted to see you, and also because I wanted to tell you something," he went on.

"Perhaps I can guess what it is," Alice turned to him with her ready smile.

"Can you? I wanted to tell you that I am going to the city for a few months; in fact, for the summer. This was not the news Alice had expected to hear, but she waited for more details.

"New York end of father's business," he said. "The man he had left, and I'm to be there for the summer to learn the ropes, and, if I want, I can become New York manager."

"How fine!" Alice answered. "Yes, father had planned that anyway, as you remember," he turned with his warm smile and looked at her. "Only you were going to marry me then, and we were to live in the city while you finished your college course."

"What a mess I've made of everything!" Alice answered, all the joy gone from her face. "I didn't finish the course; perhaps I never will; I'm home earning money now. I'm doing social settlement work, when my ambition was to be one of the teachers on the Model Farm. And I nearly made a wreck of your life, too—but not quite, did I?"

"Not quite," Lawrence agreed. "You gave me ambition and you made me prefer the worth-while type of girl, like yourself, to the little, empty-headed butterflies I had known before. And when you refused me, you gave me Clara as a good friend."

"And that was all Alice could find out about the 'romance' she imagined existed there.

"You'll hunt up Christine?" she begged. "She likes you so much."

"Oh, yes, I had forgotten her. All right, since you ask me, I will look her up."

And Alice little dreamed the important developments that would come from that chance remark of hers.

Monday—A Letter.

These Men Lead IN THE "Digest's" 11,000,000 Poll WOOD JOHNSON HOOVER McADOO WILSON EDWARDS THE LITERARY DIGEST'S national presidential poll of 11,000,000 voters is now in its seventh week, and the results are of more than usual interest as the date for the Republican National Convention approaches. More than a million and a half votes have been counted up to date, and they sound the depths of political feeling in every part of the nation. The votes, state by state, of thirty-five candidates are tabulated in this week's DIGEST. In scanning this tabulation it is noticeable that since the Southern states have become more adequately represented in the balloting, the disproportion between the total number of declared Republican and Democratic voters is not so great. Don't miss reading THE LITERARY DIGEST this week, May 29th, not only because of the article showing how more than one million and a half voters have declared their choices for the Presidential nomination, but for the additional satisfaction you will derive from reading these articles: The Collapse of High Prices in Sight The Meaning of the Wave of Price-Slashing That Has Swept Over Clothing and Dry Goods Stores. 67TH ANNIVERSARY SALE—MURRAY-KAY COMPANY, LIMITED—67TH ANNIVERSARY SALE  
**The Second Page of Our Great Anniversary Sale Specials**

**Magic Sixty-Seven**

In celebration of our Sixty-Seventh Anniversary in business, special Anniversary sales of new, desirable, worth-while merchandise will be held all next week. For the past few days I have been looking here and taking a peep there at some of the lovely offerings. There seems to be so many good things that it is a regular embarrassment of riches and I hardly know where or what to start to tell you about, but this I must say, every member of the family can participate in the sales. There are scores of useful things, such as: Delicate lace-trimmed white envelope chemise, for \$1.67; a real wearable petticoat, double panel, back and front scalloped edge, \$2.25; and just adorable white nighties with yokes and sleeves entirely of lace insertion, \$2.67. What an opportunity to get a goodly supply at small outlay? Right near were some wonderful values in corsets—"Gossards," in pink broche, plaid, and a few satin ones for \$2.67, \$3.67 and \$4.67. I feel I must tell you the prices. Several other well-known makes were noticed and lovely bandeaux and brassieres. Here are some piums for the early shoppers. And as for the silk gowns—such heavy silk ones in black, white and colors, good ones at 67 cents and upwards. Equally interesting were the silk stockings, the fashionable drop stitch to be had in black, white, for \$1.67; others have lace stripe at the same price; exquisite quality in plain ones, \$2.67. When I looked at the hats I was amazed that such individual models could be had for \$5.67. They are truly unique as to styles and values. This is an opportunity to get the new hat you have been promising yourself. Something just short of a sensation are the lovely six-dollar-a-yard foulard silks that will be sold for \$2.67 a yard but I will have to tell you about them on Monday, as well as the spectacle in housefurnishings that are included in our Anniversary Sale Celebration.

**Piling Up the Savings in Wash Goods**

Wonderful money-savers every one, both for their splendid qualities and their greatly lowered prices. Each one timed to meet urgent summer need, each one carrying direct and practical appeal.

## HITTING CARNIVAL BY SHAG'S TRIBE

### Have a Large Time With Two Battle Creek Pitchers.

At Hamilton (Mint League)—It was a tedious game the Battle Creek and Tiger Club put on yesterday. The last man wasn't retired until 6:35 p.m., exactly two hours after starting time. Hamilton hammered the offerings of Gene Krapp all over the enclosure, Horn, the Clusters' best right-hander, was sent into the straits, but he was also subjected to a drubbing. In all, the Hamiltons made 18 hits, for a total of 24 bases. The score: R.H.E. Battle Creek.....A.B.R.H.O.A.E. Battle Creek.....5 1 2 0 0 0 0 0 0 11 0 Hamilton.....5 1 2 0 0 0 0 0 0 11 0 Batteries—Krapp and Horn; Horn and Krapp.

Wise stable money was on Verity in the closing event, and the mare won at every post, the Almino made it a close finish. Towell was third all round.

Five claims were put in for Kama after the seventh race, and the winner was in the drawing. W. Smith secured the horse for \$1,350. This morning he sold the horse back to his former owner, W. J. McInerney, at an advance of \$1,000.

Another petition is being circulated by W. Walker, looking to the alteration of the apprentice rule. The five-pound weight allowance will be given all apprentice boys on all mounts until one year after they have ridden the first winner.

There will be a meeting of the stewards on Monday, May 31, at 10 a.m.

wards of the Canadian Racing Associations at the Woodbine today for the purpose of considering several matters of importance incident to the current meeting. Among the cases expected to come up are those of J. B. Crawford and J. W. Graver, owner and trainer, respectively, of the horse, Uncle John. Graver is reported to have refused to bring Uncle John to the paddock recently although he had been denied permission to scratch. Steeplechase Jockey Archibald is an arrival from New York.

INAUGURAL HANDICAP WEIGHTS. The weights for the Thornecliffe Inaugural Handicap, \$1500 added, six furlongs, are as follows:

Back Bay, 111; Billie B., 100; Lord Hamilton, 89; Louisa V., 84; Dotted, 85; Dr. Joe, 108; Dotted Vandiver, 102; Etahbe, 108; Lord Hamilton, 89; Louisa V., 84; Mook Orange, 104; Mayor House, 80; Piedra, 108; St. Quentin, 108; W. Ward, 85.

Declarations must be made by 3:45 a.m. today.

BIG WIND IN WEST. Saskatchewan, May 28.—The heaviest snowfall of the season is doing considerable damage to the wheat crop today particularly on light land. Grain in many places is now sufficiently well advanced to avoid damage but there is no doubt that today's wind will do considerable damage.

Dr. Hickman, outrun first part, slipped thru on rail at head of stretch; drew away into an easy lead, and won well in hand. Charlie Leydecker, shuffled back going to turn, came around field and made determined challenge, but hung right at the end. My Boots went wide straightening out, but came again and finished gamely. Marmite and Back Bay tired badly making pace. Overweight: Charlie Leydecker, 2, My Boots, 4.

NO MORE TEN PER CENT. FOR THE JOCKEY CLUBS

There is one official that a certain race track west of Toronto, in Ontario, must do away with, viz., the man who picks up a handful of \$20 tickets in 40 minutes after the race is over. The new Dominion government bill provides for government supervision of tracks, must bet setting only, and the clubs are to take percentage of the total amounts.

MORE HORSES ARRIVE AT THORNCLIFFE PARK

Everything is in readiness at Thorncliffe Park, which will open on Monday, and a successful meeting is promised. Another shipment of horses arrived yesterday from Baltimore, and it is expected that more will arrive today. The association are doing all in their power to overcome the transportation difficulties and have made arrangements with the C.P.R. to sell the tickets at the King and Yonge office as well as in North Toronto. The train will arrive at 2 o'clock, and the fare will be 25 cents return.

FLEMING AND KILBANE HERE, BUT NO FIGHT

Frankie Fleming came to Toronto yesterday in time for his bout with Johnnie Kilbane that was scheduled for tonight, but called off yesterday. He places the onus of failure on the promoters and because the club neglected to do the same as per schedule, they did so and weighed in yesterday at 128 lbs. and was at the exhibition grounds with Kilbane ready to go on and was also willing to take over the weight forfeit.

WANDERER SEES BORDEN

AN OLD RECIPE TO DARKEN HAIR

Sage Tea and Sulphur Turns Grey, Faded Hair Dark and Glossy.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago of other ingredients, at very little cost. Everybody uses this preparation now, because no one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, thick and glossy and you look younger.

CLOSE BRANTFORD BUREAU.

Brantford, Ont., May 28.—(Special.) The announcement was made today that the soldiers' government employment service office here would be closed June 30, completing the work at that date of placing men in employment.

WORKMAN BREAKS LEG.

Kitchener, May 28.—(Special.)—While excavating for a drain in the Boehmer Coal Yard here, Fred Ellerman had his leg broken when the trench caved in. The break was between the knee and hip.

## EIGHT

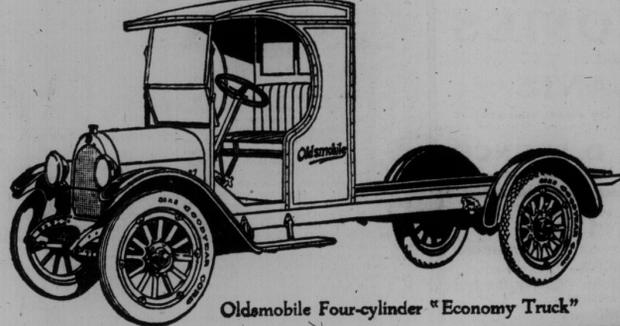

### Now Made in Canada

"Thorobred" Eight-cylinder Seven-passenger Oldsmobile

"Pacemaker" Eight-cylinder Oldsmobile, Speedster Model

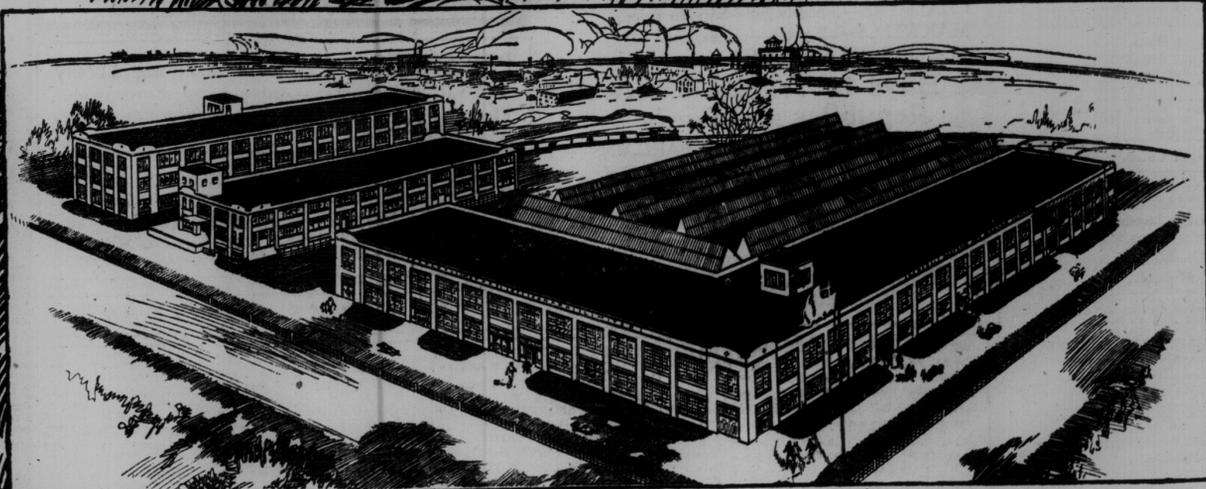

Oldsmobile Four-cylinder "Economy Truck"

THE new Canadian Oldsmobile establishes new standards of refinement and efficiency in Canadian motor cars. The eight-cylinder Oldsmobile motor develops surplus power, and delivers it to the rear axle with the smoothness possible only in an "Eight."

The body appointments of the Oldsmobile are extremely refined, and show the result of painstaking effort on the part of master craftsmen. The long, sweeping lines and its beautiful finish make the new Canadian-built Oldsmobile a car to be admired wherever seen.

The mammoth new plants in Oshawa have commenced on a large production schedule to satisfy an existing demand for a high-class Canadian built car. Sample cars are now being sent to Oldsmobile dealers all over Canada, and from first reports the demand for this new Canadian quality car will far exceed the supply.

THE GUMPS—VISITORS. WELL I PUT OVER A BIG DEAL THAT MADE ME INDEPENDENT. EVERY TIME THE CLOCK GOES AROUND I'VE MADE A YEAR'S SALARY FOR SOME FELLOWS—I'M OVER 50,000 BUCKS TO THE GOOD—STARTED WITH \$10,000—I'VE PYRAMIDED—SO EVERY TIME SHE GOES UP A POINT I'M \$4,000 TO THE GOOD.

YOU'RE A CONSERVATIVE FELLOW AND I DON'T ASK YOU TO GAMBLE—THIS ISN'T A WIDELY ADVERTISED PROPOSITION—JUST A FEW GOOD PALS RIDING ALONG AND RIDING EASY THAT'S ALL A LITTLE FAMILY STUFF—YOU SHOW ME A GUY THAT'S GOT DOUGH AND I'LL SHOW YOU A FELLOW THAT TOOK A CHANCE.

NOW THINK THAT I OVER-GO DOWN TO THE BANK AND DRAW OUT \$10,000—OF THAT I'VE GOT 3% MONEY YOU'VE GOT—TAKE IT DOWN TO MY BROKER AND COME BACK IN THE AFTERNOON AND GET YOURSELF \$5,000. THIS IS SOFTER THAN MARSH-MALLOW.

WELL I WOULDN'T LET MY HUSBAND GAMBLE—HE WORKS TOO HARD FOR HIS MONEY—EVERY PENNY THAT HE EARNS WE LAY AWAY—WE'VE SCRAMPED AND SAVED TOO LONG TO BE FOOLISH.

THERE'S A WOMAN THAT HAS SOME CONTROL OVER HER HUSBAND—THEY MAY NOT MAKE IT SO FAST BUT THEY'LL HAVE IT IN THE END. THAT BABY DON'T KNOW WHAT IT'S ALL ABOUT—THE ONLY THING THAT EVER MADE HIM WAKE UP WAS AN ALARM CLOCK.
