GREAT MAJORITY AGAINST ELECTION

New Brunswick Mayors Express Their Opinions

Six to Three in Proportion in Those Heard From—206 Out of 242 All Over Canada

That the overwhelming weight of opinion among the representative men of Canada is strongly opposed to a general election at this time is shown by the response to an inquiry sent by the Toronto Star to mayors and reveres all over the Dominion. The question asked was: "Should federal elections be put off as long as possible during progress of the war?"

Of 242 answers received up to last Friday 206 were for postponement and most of them were couched in the most vigorous terms. Of the thirty-six remaining only a very small number declared unequivocally for an early election and others merely say that they are content to leave the matter in the hands of Sir Robert Borden and his government.

Nine replies from New Brunswick mayors were published on Friday. Of these six declare emphatically against elections at this time and three others say that they are willing to leave it to the government. Their replies are:

Sussex. Reply to your telegram of this date re federal elections, British, Canadian, and overseas national life being at stake, a political division in Canada at present would, in my opinion, be nothing short of criminal. The present Canadian parliament can last without election for a period considerably in excess of a year. And in a national crisis its life could be readily prolonged. We are willing to do anything today except fight with ourselves.

Bathurst. Federal elections should be put off as long as possible, even until war is over. Give our heroes at the front a rest. They cannot vote properly in the trenches.

Sackville. Federal elections should be put off as long as possible during progress of the war.

Newcastle. Yes, put off as long as possible.

Woodstock. I have full confidence in the judgment of His Majesty's representatives at Ottawa in regard to what ought to be done regarding an election.

Chatham. If Borden administration consider present time for election opportune, in the best interests of the country, I see no valid reason for postponement.

St. Stephen. Think it would be presumption on my part to offer any suggestion to the government in such an important matter.

Marystown. In my opinion federal election should be put off as long as possible while war is in progress.

St. George. Federal elections should be put off until the war is over or good prospects of peace in sight. Election now would be detrimental to country.

More Square Riggers. Eight square riggers are expected in Pictou harbor this season to load feed for the old country. The lumber, which is of the cut of Reed & MacGregor, is being shipped for a St. John firm.

A Brockton man who usually goes to work early in the mornings was not required to get in until about eight o'clock last week, so he took a walk to work with his wife. This had happened four successive days when his wife received an anonymous letter telling her that her husband had been walking with some strange woman every morning for the last four days.

FOLEY—In Providence, R. I., on May 1, Edna, daughter of Mrs. Jennie Foley, aged twenty years, after a lengthy illness.

ROLEY—In this city, on the 4th inst., Hannah, widow of Patrick Foley, and daughter of the late Michael and Ellen Driscoll of Miramichi, leaving three sons and six daughters to mourn.

Funeral on Thursday morning at 8:30 o'clock from her late residence, 14 Drury Lane to the Cathedral of the Immaculate Conception for requiem high mass at nine. Friends invited to attend.

OBERTON—In Brighton Mass., on April 29, Agnes Gertrude (nee Rodgers), wife of Herbert William Oberton.

PINCH—In Everett, Mass., on April 29, John M. Finch, aged 48 years.

Ashman—In Beverly, Mass., on April 29, Amelia J., wife of Samuel Ashman, aged 69 years.

CRAWFORD—On Monday, May 3, Mrs. Ann Crawford, widow of the late Andrew Crawford, leaving four sons and one daughter.

(Boston papers please copy). Funeral to take place Wednesday at 2:30 o'clock from her son's residence, 86 Summer street.

IN MEMORIAM. SWEET—In memory of Roland William Charles Sweet, who departed from this life, May 4, 1911. Gone, but not forgotten.

COMMERCIAL HIGH SCHOOLS ARE URGED

Board of Trade Appoints Committee to Report on W. F. Hatheway's Suggestion

At the monthly meeting of the Board of Trade last evening W. F. Hatheway urged the need of a commercial high school in St. John to train young people for business careers. On his motion the chairman appointed a committee consisting of W. F. Hatheway, T. H. Estabrook, J. B. Cuddeback, H. Wetmore and J. Hunter White to investigate and report.

H. A. Powell, K. C., gave an address on Waste in public utilities confining himself chiefly to the railways of Canada. He said that Canada has spent more than \$300,000,000 of public money for railways and that the mileage per capita is greater in Canada than in any other part of the world. He thought that one of the worst features of the railway policy had been the willingness to co-operate in the excessive expenditures for unnecessary roads. He remarked that British Columbia had been brought to the verge of bankruptcy by their policy and added that the railway policy of the present government in New Brunswick was adding a far greater burden than the people should be asked to bear.

The council reported that they had conferred with Senator King about the advantages of the Valley and Chipman routes for connection between the N. T. R. and St. John and had secured from C. O. Post estimates of the cost of different routes. The traffic committee had dealt with bay steamer services and was accumulating information on assessment matters and a special committee has been securing data regarding the smoke nuisance.

BUILD WING FOR VICTORIA HOSPITAL

Two More Fredericton Boys Going to War—River Still Rising

Fredericton, May 4.—Victoria Hospital trustees last evening decided to erect a new wing for the hospital, of brick or concrete, at an estimated cost of \$10,000. Tenders will close on May 27. F. Neil Brodie of St. John has prepared the plans.

James S. Nell has received word that his youngest son, Ralph, a graduate of the U. N. B. and now with the Central Postal Directory, has been assigned to the 27th Battery for overseas service.

Jack Brooks, son of J. Brooks, manager of the Bank of British North America here has joined the 53rd Battalion. He was lately on the Bank of Montreal staff at Moncton.

The weather continues cloudy and wet and the river is steadily rising. All the wharves except one are inundated. Mrs. Edward McManimen died last evening.

The majority of the members of the legislature have returned and will meet this afternoon to consider the Valley railway bill.

Mrs. Edward McManimen died last evening aged seventy-four years. She leaves her husband, one daughter and seven sons. One of the latter, Frank, is at the front with the Dorset Regiment.

IMPROVEMENT IN GENERAL BUSINESS CONDITIONS IN STATES, SAYS WALL STREET EXPERT

New York, May 1.—Promises of general business improvement become more and more definite each day. Thus far progress in this direction has been much too slow to satisfy the impatient; nevertheless, there has been a steady forward movement which cannot be overlooked and the turn for the better has really come.

The monetary situation in New York is satisfactory. Rates are relatively easy, and the situation is such as to stimulate inflation rather than contraction of securities values. One good feature of the market has been the widening of the range of bonds and the steady advance in prices, in which the New York Central debentures proved a conspicuous example. The rapidly rising volume of \$40,000,000 short term Baltimore & Ohio values have now had a very considerable rise, especially in the so-called war group. Railroad shares have also had a very fair advance, and the stocks sent back from London were readily absorbed, showing a better buying capacity here than was supposed. Indications point to an active but irregular market. It is hardly prudent to discount embryonic property too rapidly, especially in view of the uncertainties of war.

HENRY CLEWS.

SHIPMENTS FROM NEW BRUNSWICK TO STATES

At the opening of the international bridge at Van Buren, Judge Theodosius Botkin, U. S. Consul at Campbellton, furnished some interesting figures relative to the shipments from his section.

"The resources of that part of northern New Brunswick lying within my consular district, and finding markets in the United States, are quite large," writes Judge Botkin, "and are annually increasing in volume. In 1913 Reaginche and Gloucester counties sent 2,160 American shipments. In 1914 they made 2,337, about 3,200 of which were made by rail from one to six carload lots. It is safe to say that in 1914, 1,400 separate shipments went to New England requiring about 8,000 cars for their transportation. Lumber of all sorts, shingles, laths, poles and ties, fish and grindstones, are the chief products. Of the large potato crops now being shipped to American markets because of the embargo.

"It is impossible, of course, for me to make any estimate regarding the proportions of the 1,400 New England shipments which might have crossed the bridge at St. Leonard-Van Buren to connect with the Bangor & Aroostook R. R. en route to their destination.

"I hope to see a much larger number of American tourists and pleasure resort seekers thronging into this country during 1915 and following years. They will now have a direct line to the banks of the Restigouche at Campbellton and the numerous fishing resorts on the rivers and along the shores of Chaleur Bay. This is a promising region that Americans should visit and cultivate."

TO SAVE TROUBLE

When the housewife is preparing home made dishes, she tries to give a new relish to the dish by adding various kinds of spices and herbs. The result is a failure. Just a little too much pepper and the dish is too hot, or a slight error in the mixing, and one particular flavor drowns all the others.

The wise housewife has recently made up her mind to try the ideal way of saving all made-up dishes, soups, etc., is to have a bottle of the real H. P. Sauce as an aid for the express purpose of carrying out the recipe.

In each bottle there is a delicious blend of the choicest Oriental herbs and spices, and pure malt vinegar; it is not beyond the reach of the average housewife. H. P. is a crust in its quality. That's a spoonful added—that's all, and the success of the recipe. What trouble it saves! No wonder the best housewives always keep a bottle of H. P. Sauce handy, in the soup, or with just a few drops in the yeast, or with hot or cold meat, fish or even bread and butter. It is delicious and gives a new enjoyment to the meal.

CANADIAN NURSES TO BELGIUM; TEN MILES FROM FIRING LINE

Four Toronto nurses have joined the seventeen nurses in Montreal, who will serve in the La Panno Hospital in France. These are Misses Mary Kingston, Frances Harmon, Grace Brown and Elizabeth Jones. These twenty-one nurses are being sent by Sir Thos. Shaughnessy in answer to an urgent appeal from Dr. LeFevre of Belgium. They will go to the La Panno Hospital, which is within ten miles of the firing line, and their expenses are being paid by the Toronto Nurses as far as Montreal, and from Montreal to Toronto on their return. They will receive their uniforms in Montreal, including long blue cloths, tan gloves and shoes, similar to the University Hospital uniforms. Black buttons, however, replace the brass buttons of the military outfit. These nurses will serve for three months without remuneration, and may return at the end of that time or remain if able to endure the strain.

RUSSELL MOTOR STANDS TEST TRIP

Makes Rough Trip Without Repairs or Adjustment

From Toronto to Montreal by motor car at the speed of an express train averaging twenty-five miles an hour was a trip successfully terminated by a Russell Six "30" car on April 22. The trip was in the nature of a durability test to demonstrate the capability of this car of standing the strain of ambulance and transport work on heavy roads of France and Belgium. The car was one of the Russell Company's regular stock models.

Leaving the Queen City at 2:31 a. m. Thursday, the car crossed the boundary of Montreal at 8 o'clock in the evening and pulled up outside the Windsor station at 8:50 p. m. The 307 mile trip was made without stops except for gasoline. No adjustments or repairs were made throughout the entire journey. Nor was the motor ever stopped during the entire run.

Speaking of the trip, the Russell people stated that from Toronto to Kingston, the roads were in excellent condition with the result of the test. The type of car used on this trip is the same as supplied the government, and was fitted with the regular touring body.—From Toronto Mail and Empire.

**A BANGOR PAPER ROASTS GERMANS**

(Bangor Commercial)

The White Dove was driven screaming from its perch Friday at the Women's International Peace Congress at The Hague. One of the Belgian lady delegates to whom close proximity of the German and Austrian members appears to have been too much, rose and addressed the session, declaring that while she was for peace in the abstract she was not for a moment in favor of ending the present war until final justice had been done.

No one can blame this woman of a cultured land. She has seen the homes of her people despoiled, their lands overrun, industries destroyed, women and children shot down in the streets and the prosperity of a nation laid waste all because of "military necessity." Nothing will satisfy any Belgian woman or any Belgian man or child of the present generation or of generations to come but justice.

Justice means driving the Germans out of Belgium, and making them pay in so far as money can pay for the desolation they have wrought. But it means more than this. No justice can be secured for either Belgium or for the rest of Europe, or for the rest of the world so long as the German "Welt-politik" is expressed in terms of rapine and machine guns. German military power must be smashed first before the world can begin to expect the peace for which it longs. It is not only death to the military machine as it exists today, but death to the militaristic principles that must be accomplished.

F. P. Brady to West and R. Colclough Mentioned as Successor

(Montreal Transcript.)

F. P. Brady arrived in the city from Montreal by special train early on Sunday morning. It is learned that he expects to leave again this evening for Montreal, where he will spend some time prior to taking up his duties as N. T. R. superintendent at Cochrane, Ontario. It has been rumored for some time that Mr. Brady was to be appointed superintendent of the I. C. R. operated portion of the N. T. R., with headquarters at Cochrane or Winnipeg. He will be under Mr. Gutelius, who as general manager of government railways, will have general oversight of the government operated section of the N. T. R. It is reported that several officials of the I. C. R. will go to this section of the N. T. R., and that there will be numerous vacancies to be filled here.

W. E. Barnes, district master mechanic, left for Montreal and points west on Saturday night, and it is reported that he is to take a position as master mechanic at Transcona, Manitoba. Joseph Graham, superintendent of Moncton locomotive shop is said to be slated for a similar position at a point on the western lines of the N. T. R. Richard Colclough, formerly of Moncton, now superintendent at Lewis is mentioned as a probable successor to Mr. Brady, as general superintendent of the I. C. R.

**The Best Treatment For Constipation**

The Experience of One Who Knows and Places Dr. Chase's Kidney-Liver Pills First

It is not difficult to secure a medicine that will effect movement of the bowels. To cure Constipation and the complications which arise from it is another matter.

Constipation of the bowels is usually preceded by torpid action of the liver. Hence it follows that if Constipation is to be cured the liver must be set right. And here lies the secret of the success of Dr. Chase's Kidney-Liver Pills. They awaken the action of the liver and insure a good flow of bile, which is nature's cathartic. The liver, kidneys and bowels are invigorated and regulated, and the troubles with the digestive system disappear.

Mr. H. M. Bell, Inverfall, Alta., writes: "For some considerable time I have been using Dr. Chase's Kidney-Liver Pills, which I have obtained through your firm. I suppose during my life I will have used nearly all the best-known pills, as I have been subject to Constipation and digestive troubles. A friend recommended Dr. Chase's Kidney-Liver Pills, and I can honestly say that of all the pills I have tried nothing has suited me better—no griping—action always insured, and fine for the kidneys. This is how I have found them after a thorough test, and you may use this statement if you like."

This letter should convince you of the merits of Dr. Chase's Kidney-Liver Pills, but there is nothing like personal experience. If you do not feel like risking 25 cents for a box, write to us for a free sample box, mention where you saw this advertisement. Put this medicine to the test when you have indigestion, constipation, biliousness, backache or kidney derangements. The results will soon prove to you the superiority of Dr. Chase's Kidney-Liver Pills. One pill a dose, 25 cents a box, all dealers, or Edmondson, Bates & Co., Limited, Toronto.

CANADA'S HEROES

All Canada is thrilled by the story of the damnable courage of the Canadian soldiers, many of them for twenty-four hours without food or water, their ranks constantly thinned by the fire of the enemy, yet steadily fighting against enormous odds as long as a cartridge remained, against an enemy that enveloped them on three sides, and assailed them with poisonous gases as well as the ordinary weapons of war.

There is naturally a great deal of interest in the probable date of the great drive by the Allies against the Germans in Belgium and France.

relative position of the opposing forces for some months past. Both British and French commanders have been credited with saying they could break through the German lines whenever the opportune time arrived.

Among yesterday's rumors was one to the effect that Germany had decided if Italy entered the war to spring back again in due time.

There is nothing in the situation to discourage the Allies or to change the conviction of complete triumph in the end. We must be prepared, however, for a bitter fight, and for much sad news from the seat of war.

He says that with the advent at the front of the recruits now in training the Germans will have under arms their last available effective men. It is because of this, and because of his belief in the ability of the allied forces now arrayed against the Kaiser to continue to impose the past rate of wastage upon the enemy, that he makes his prediction.

NO EXCUSE FOR ELECTION.

(Financial Post) The Conservative politicians—not the statesmen—continue to search their brains for excuses for a general election. A few of their leading newspapers, which never express their own candid opinions on national affairs, are angling for support with poor bait. Hon. Mr. Rogers' claims that the present conditions can only be properly taken care of by putting more Conservatives in the senate—and incidentally provide more jobs for wealthy western ward heeler—have apparently been dropped.

IMPERIAL HIT IN MR. BARNES OF NEW YORK

Crowded Houses, in Spite of Weather, Enjoy Great Picture—New Vaudeville Very Humorous Act

Although it rained the proverbial pitchforks last night, usual crowds attended Imperial Theatre, attracted no doubt by the fine bill of fare provided. "Mr. Barnes of New York" as a novel, was the best seller of the early nineties being a story of A. Clavering Gunter's, dealing with the adventures of a rich American in an international tangle in which Italy, England and Arabia were involved.

Possibly no story screened at the Imperial of late months contained as much real story value as "Mr. Barnes of New York", and it could be readily seen that six reels of film were necessary to convey the plot intelligently to the onlooker. The story started with a quarrel between a British and an Italian naval officer, the swearing of a vendetta upon the Englishman and the following up of that direful pledge gave the author his cue for a most intense drama.

On Wednesday and Thursday Edward Ahlbes, noted American star, will be seen in another Broadway success entitled "The Million." This is classed as a melo-dramatic farce with tangles and intrigues so carefully intermingled that the audience is in varying moods every scene. For the week-end the new serial story, "The Black Box," will have its opening chapter.

NEW REVUE PROGRAMME VERY ENTERTAINING ONE

Fourth Week of Opera House Engagement is Well Opened

The fourth week of the engagement of Meek's Music Revue was opened at the Opera House last evening with a good-sized audience, and one which seemed to be of the pleasing variety of the programme offered. A new list of song successes was given, together with a bright musical and dramatic playlet "On the Rio Grande," which, though it had been given before in the city, received attentive reception. The musical sketch was entitled "The Auto Party," and permitted several pleasing bits of song, dance and music with a generous intermingling of laughter.

"THE CURSE OF GREED"

Five Reel Feature Production of Extraordinary Men at the "Sis"

This picture is a highly meritorious production in all its details cannot be denied. A mere slip of a boy essays the leading role and sustains it throughout the five reels amazingly. He is mentioned in the cast as "Little Adrian." Incidentally, Adrian is called upon to do many strenuous stunts in the plot's developments, and he does them naturally (just as a boy would). This is not a display of heroics or impossible stunts, which a mere boy could not accomplish.

The author of this photoplay has used discretion in this respect and throughout the entire production a pleasing continuity pertains. Adrian has inherited from his ancestors a love of the sea, and through this

MRS. BEIDEL TELLS WOMEN

How Lydia E. Pinkham's Vegetable Compound Kept Her in Health for 14 Years.

Shippensburg, Pa.—"It was several years ago that I started taking Lydia E. Pinkham's Vegetable Compound. I then suffered terribly every month. My husband bought me a bottle of it and it helped me right away. Then after my second child was born I had a female trouble very badly and I used Lydia E. Pinkham's Vegetable Compound and in a short time was cured and have been in excellent health since. I always praise the Compound whenever I have an opportunity as I know it helped me and will help others. I have given the Compound to my daughter and I wish all suffering women would take it and be convinced of its worth."

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotic or harmful drugs, and to-day holds the record of being the most successful remedy for female ills we know of, and thousands of voluntary testimonials on file in the Pinkham laboratory at Lynn, Mass., seem to prove this fact.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham, Medicine Company, 233 Central Street, Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.

natural born instinct, readily accedes to the schemes of his enemies, whose tools subject him to cruelties, and he experiences many thrilling adventures. The plot of this offering is very easy to follow, and it has been ably and carefully directed. Beautiful scenes (the one of a lightning storm is truly wonderful), backed by a strong and powerful cast, make it an exceptionally fine production. The utmost intensity is prevalent throughout, and the photography is perfect.

The Co-operative Motion Picture houses are screening some exceptionally fine features, and their future bookings appear to be even better. The fact that these cozy little houses are bringing five and six-reel productions to the very doors of the outlying districts, and are not raising the price of admission for the same, is greatly appreciated by their patrons.

Electric Flashlights are no longer a novelty, but a thoroughly practical and satisfactory medium for obtaining a quick, strong, safe light—useful in a thousand and one emergencies.

### The O. K. Electric Lantern

The Lantern that is rapidly displacing undesirable oil lanterns and lamps, as it is absolutely safe around gas, gasoline, oil or hay.

It is clean and convenient—no smell, heat or smoke; no fire risk; no danger of explosion. Ready for instant use anywhere and absolutely reliable where an oil lantern would be valueless.

The O. K. Lantern has no projecting parts, the handles press against the sides, permitting it to be carried in the pocket. Uses any ordinary No. 6 dry cell battery and gives from six months' to one year's service from one battery at a cost of 90c.

Size, 6 inches, 2-8 inches diameter.  
Pressed Steel, Black Rubber Finish, complete with Battery, Each.....\$2.25

### The Lightning Bug Electric Lantern

This Lantern takes any standard No. 6 dry cell battery, the same as the O. K. It is made on the same principle and has the same uses, the difference being in that the reflector is on the side and there is a top ball for convenient carrying and a side handle for snoothing into dark corners.

Size, 7-1-2 inches high, 8 inches diameter.  
Pressed Steel, Black Enamel Finish, Complete with Battery, Each.....\$1.75

### The Meteor Electric Lantern

This Lantern is designed to attach direct to any ordinary No. 6 dry cell battery, no case being required. It takes up very little room and is easily and quickly attached to binding posts of battery.

### Three Canadian Brigades Held Back 100,000 Germans

#### Official Story of One of Greatest Feats of Arms World Has Witnessed—Losses of Canadians Admitted to be Nearly 6,000—705 in Ranks Killed

Ottawa, May 3—An official statement dealing with the battle of Langemarck, near Ypres, Belgium, giving fuller details than the eye witness' report and relating the gallant conduct of the Canadian troops against overwhelming odds has been issued by the government.

It is the story of a desperate battle by three Canadian brigades against a German force of almost ten times their number, without support and without reinforcements for hours, while the German attack was repeatedly forced against them, only to be thrown back with tremendous losses.

The statement is made officially that the Canadian losses will be well up to 6,000. Of these the casualties among the officers, nearly 600, have been told; among the other ranks the losses were: Killed, 705; wounded, 2,162; missing, 2,536.

"The situation on the 22nd therefore appears to have been that the Canadians held the extreme left of the British line, covering a front of 5,000 yards, or about three miles. To their left were the French, and again to the left of the French were the Belgians. It is understood there was a main line of trenches, with a supporting line a short distance in the rear.

"The 1st Brigade, as stated, was some miles to the rear, in reserve. The guns were posted far to the rear. Four heavy Canadian guns, it seems, were some two or three miles in rear of the French line.

"In the afternoon of the 22nd, following a prolonged and terrific artillery fire, the enemy's trenches being on an average of about 200 yards from the allied lines, and the wind being from the enemy's direction towards the allied line, dense volumes of heavy gas were projected towards the allied line evidently by compression through tubing, and upon reaching the allied trenches were found to be asphyxiating.

"It is generally supposed chlorine was principally used. The fumes seemed to have enveloped all the French front, and part of the Highland Brigade, and in many instances proved immediately deadly, in other cases completely disabling the soldiers, while in others the effect was only temporary. Immediately thereafter the whole German force made up, it is estimated, of upwards of ten divisions, advanced.

"The French and Belgians, over a front of 9,000 yards, or upwards of five miles, gave way—indeed, many of them were completely prostrated and incapable of action. This portion of the line fell back beyond the canal, in some cases a distance of 10,000 yards, or about six miles.

"By the sudden retirement of the French, the heavy Canadian guns in their rear had not time to get away and consequently, for the time being, fell into the hands of the enemy. Meantime, the Highlanders being left without any protection on their flank, General Turner extended his force for about 2,500 yards, at right angles to his original front, to prevent, as far as possible, the German divisions, which were pouring in in overwhelming numbers, from completely cutting the Canadians off by enveloping them from the rear. Thus the Highlanders had to cover a rectangular of about 5,000 yards, the latter part of which was in the open.

"It appears this fight lasted through the afternoon and night. On Friday morning the Tenth Battalion, under the gallant Col. Boyle and Major McLaren, both of whom fell, and the Sixteenth Canadian Highlanders, made a desperate attack on the German position and recaptured the four guns. They were supported by the Second Eastern Battalion under Colonel David Watson, and the Queen's Own, under Colonel Rennie.

"This was the position up to the forenoon of Friday, the 23rd. With the Canadian Highlanders extended to double their normal trench front, one-half of it in the open, and assisted by the Tenth Battalion, from Southern Alberta, Manitoba and Saskatchewan, they not only held ten times their own number in check, but they actually retook the guns from the enemy and maintained their position, but the loss, as must have been expected, was appalling.

"However, the Germans had advanced six miles to the rear of the French position and there seemed nothing to prevent their getting in behind the Canadian line, greatly extended as it was and terribly diminished. Accordingly, another brilliant charge was carried out at some German trenches to the rear of the former French positions, under General Mercer, with the First and Fourth Battalions of the First Brigade, supported by the Second and Third, and the German trenches, temporarily erected, were recaptured. In this movement two British brigades also took part, as well as the remainder of the Canadians.

"Meantime the enemy concentrated able to hold firm against great odds, several divisions on the rectangle in the Highlander Brigade, that is, the extreme left of their original position.

"The troops in the trenches were but the scattered fragments holding the line, in the open, at right angles to the trenches, they were obliged to gradually fall back before vastly superior numbers.

"Thus large masses amounting, it is estimated, to three divisions, or about 60,000 Germans, got in the rear of the Highlanders, thus cutting them off, but they refused to surrender, and the firing was heard far into the night, the Germans being in front, on the left flank, and on the rear.

#### FOUGHT WHILE CARTRIDGE REMAINED.

"Whether the gallant Highlanders were annihilated or taken prisoners, is not known, but so long as a cartridge remained they fought.

"Thus, the fighting which began on Friday afternoon, raged throughout that evening and night, until daylight on Saturday, when the First Canadian Brigade arrived and reinforced.

"Early in that forenoon three British brigades came up also, and did valiant service in reinforcing and prolonging the lines to the left. During Saturday and Sunday the fighting continued by the Canadians and British and ably assisted by the French and Belgians, the line of defence was reformed.

"The Canadians have suffered severely, but their heroism is unquestioned. Many of them were without food or water for upwards of twenty-four hours, and some for much longer, but they unflinchingly held their positions."

### CANADA IN THE WAR

Word was received yesterday in Seattle that Major C. J. Murray, who had been wounded, is improving. Mrs. Margaret Osborne, of 27 Sydney street, received word yesterday that her son, Lance-Corporal James S. Osborne, of the 18th battalion, had been wounded at Ypres.

Lieut. Allan Swabey, of the Somerset Light Infantry, has been killed in action in France. He was a grandson of Rev. M. Swabey, formerly rector of St. Jude's church, West St. John.

Private J. Marr, formerly of 70 Brussels street, has been wounded in France, but it is not known to what extent.

Among the Nova Scotia men in the casualty list is Sergt. A. E. Rose, of Halifax, N. S., wounded.

### INQUIRY INTO DEATH OF WILLIAM BURROUGHS

The inquest into the death of William Burroughs, conducted by Coroner W. P. Roberts, was opened last evening in the court house. The witnesses were B. B. Bishop, proprietor; John P. Parry, George Cowie and Gordon F. McNeil, all soldiers who had been with Burroughs; Dr. F. T. Danson, who conducted the post mortem; Deputy Chief Jenkins, Detective Lucas and Patrolman Briggs, who told of the filthy condition of the house and of frequent disorder there. The deputy spoke of the proposal to license hotels and lodging houses and to compel them to keep registers of their boarders, expressing his approval of the idea, an opinion in which the coroner and jury concurred. The hearing will be continued this evening.

### WINNIPEG PROTESTS AGAINST ELECTION

At a public meeting, announced as non-partisan, and at which members of both parties spoke last evening, the citizens of Winnipeg went on record as

strongly protesting against an election at this time. The Ministerial Association also took the same stand at a meeting yesterday.

Broke His Leg. Alexander McManus, baggage master at Hampton station, fractured his leg yesterday when an overturned baggage truck fell on him.

## One eyelet missing

### the only fault in 5000 pairs of Invictus Army Boots

Publicity is a two-edged sword; however, as I have no apology to make, and, believing absolutely in the Canadian public's intelligent sense of fairness, I make the following statement:

I maintain that the public has the right, when its fathers, sons and brothers, are fighting to defend a principle of this nation, in a distant country, to know something about the way we have cared, and will care, for those men; therefore, it will be of interest to know that:

The firm of Geo. A. Slater, Limited, did not supply a single pair of boots for the members of the 1st Contingent, neither did we supply any boots to the Government, for use by the Militia previously. Late last October, however, we received an order for 5,000 pairs of army ankle boots, for which we were paid in full (\$20,000) without any hitch whatsoever. I admit that two pairs were returned to this factory; one pair because it was mismatched at Ottawa—the other because in some manner, an eyelet had been detached. Please bear this in mind, an unblemished record, except for one small eyelet.

I did appear before the Committee on Boot Enquiry, but solely in the capacity of a boot manufacturer desirous of rendering what service he could to the public, with information based on 39 years of experience.

Every one of the five thousand pairs made by us, was constructed with the finest of skilled workmanship and the best of material.

It is an unfortunate circumstance, that reflections have been cast in so general a manner, that a stigma has attached itself to the name of every boot and shoe manufacturer in Canada, regardless whether it was, or was not, deserved. In taking the public into my confidence, I desire to point out that this concern, its methods and its product, are based on honesty of purpose, and never, knowingly, has there been sent out from this factory, a boot that will not meet the high standard quality test, set by us in making Invictus Shoes.

I write this in defence of our own principle, which is to deal squarely with our customers, be they Government or individuals. The standard of quality is the same to all, although I regret to say this firm lost money on the business which we secured from the Government, solely because in upholding the same principle, we felt that it was absolutely essential to the soldiers' comfort, to have boots made on special patterns, which it was necessary for us to order specially, to properly fill our contract.

We still point with pride to the few army boots that we made, every pair of which carries the name "Invictus." They will not only redound to the credit of this organization, but will be, as well, a vindication of Canadian manufacturing superiority and square dealing.

### FIRST PEACE RIVER WHEAT TO MARKET

Grown in What Was Once Considered Barren North; Shipment Arouses Great Interest Among Grain Men

Montreal, May 3—Grand Trunk Pacific officials report that the first car of wheat shipped out of the Peace River country in northern Alberta has arrived at Winnipeg.

It was grown at Vanerna, but how the wheat got from Vanerna to Peace River landing is not known at the present time. From Peace River landing to Edmonton the trip was made by the Edmonton, Dunvegan and British Columbia line, and then west, the distance is close to 400 miles. From Edmonton to Winnipeg the distance is more than 800 miles, so that a trip of around 1,200 miles was made before this wheat reached Winnipeg to have government inspectors announce that a point so far north could produce No. 3 northern wheat.

Three-Cornered Fight in Saskatchewan. Saskatoon, May 3—In the Shellbrook by-election to fill the vacancy caused by the translation of S. J. Donaldson to the dominion house, three candidates were placed in the field today: E. S. Clinch, Liberal; T. A. Berthwick, Independent Liberal, opposing the temperance proposals of the Scott government; and S. Agnew, Conservative.

THEY DON'T LIKE US. One of the principal papers of Germany, the Hamburger Nachrichten, gives utterance to its sentiments as follows:—"The Englishman indeed is not to be classed among human beings. He is rather a bull, an ulcer on the body of mankind. May the coming of the day be hastened when the good Germanic sword may remove this monstrous parasite for so many centuries drained its arteries."

SPORT NEWS OF A DAY; HOME AND ABROAD

BOWLING

On the Victoria Alleys. In the final game for the honors and the supper, the I. C. R. defeated the C. P. R. on Monday night. It was a very close and interesting game and all the players bowled well.

Table with 2 columns: Name and Score. Includes Dever, Kane, McGovern, Howard, Cleary, etc.

In the five string competition which is held daily on the Victoria alleys, Wm. Davis won. He rolled 648 as follows: 114, 105, 107, 106, 117, 146—and received 85 for his efforts.

Two Men League. In the two men league on Victoria alleys last evening Coughlan and McKean won six points from Brittain and Boyer.

Table with 2 columns: Name and Score. Includes Coughlan, McKean, Brittain, Boyer, etc.

In a match game last night between the I. C. R. and the C. P. R. the former aggregation won three points, winning the game. The totals were: I. C. R.—489, 468, 404, 1811; C. P. R.—429, 417, 428, 1224.

BASEBALL. National League. In Philadelphia—New York, 8; Philadelphia, 2. Batteries—Fronne, Ritter and Myers; Chalmers and Burns.

In Chicago—Pittsburg, 1; Chicago, 5. Batteries—Cooper and Gibson; Pierce, Humphreys and Bresnahan.

In New York—Philadelphia, 4; New York, 8. Batteries—Bush, Bressler and Schang; Happi; Fisher and Sweeney.

Federal League

In Brooklyn—Pittsburg, 8; Brooklyn, 1. Batteries—Hearne and Berry; Upman, Marion and Hand.

Former Leading Bateman. Chicago, May 3.—Jacques Fournier of the White Sox, with an average of .468, tops the batters of the American League, according to averages published here on Saturday.

Others among the leaders are Lapp, Philadelphia, .417; Jacobson, Detroit, .401; Crawford, Detroit, .391; Strunk, Philadelphia, .378; Melins, Philadelphia, .378.

With nine thefts to his credit, Cobb leads the base stealers. The averages, which include games of last Wednesday, show that five pitchers in the league have two or more victories without a defeat.

Base stealing honors go to Snodgrass, New York, and Bescher, St. Louis, with five. Grover Alexander, with four straight victories, leads the National pitchers. Next the Philadelphia are Schneider, Cincinnati; Chalmers, Philadelphia; and Pierce, Chicago credited with two wins each, and, like Alexander, charged with no defeats.

Constitution Over Kauff. New York, May 3.—It is almost certain that Benny Kauff will not again attempt to play with the Giants, although Manager McGraw took him along to Philadelphia, and there is small question that he will soon report to the Brooklins.

Cubs Let Schorr Go. Chicago, May 3.—Pfecher Schorr, purchased by the Chicago Nationals from South Bend last year has been released under optional agreement to Fort Warren in the Central League.

Amateur Ran 3001. Clinton, Ill., May 3.—Wallace Phares, amateur billiard player, recently equaled the world's straight-ball billiard record when he ran 3001 without a miss. He kept playing because he was tired, Jake Schaffer held the old record, with 3001 billiards. This day Phares started a friendly contest and within 10 shots he had the ivory massed in the corner and from then on the cue ball traveled the same path of 14 inches on every shot. His opponent never had a chance.

WANTS THEM TO HAVE LACROSSE IN SASKATOON

Adam H. Bell, Formerly of St. John, Recalls This City's Days in Great Game. The Saskatoon Star of April 29 says: That there should be an endeavor to boom lacrosse in Saskatoon this summer is the desire of Adam H. Bell, an old admirer of the game. Bell is of the opinion that Mr. Bell no game is the equal of lacrosse, either from a player's or a spectator's point of view, and for that reason he does not see why it should not be taken up by school boys. He is willing to put up a handsome trophy if two or more teams can be found, and a schedule arranged. On account of the hold lacrosse has in the young and old alike, he realizes that lacrosse has a strong rival but he is firm in his belief that with lacrosse properly started it will not be easily put down.

Some years ago Mr. Bell was a player with the famous Frank Lally of Cornwall together they played with the old Dominion team from Montreal, which made a great reputation.

In 1888 Mr. Bell gave the first exhibition game of lacrosse in St. John, N. B., when he brought the "Cawganawaga Indians" and the "Orientals" an intermediate team from Montreal. They played two fast games which were the means of creating a certain amount of interest in lacrosse in the New Brunswick city. He formed the Y. M. C. A. and Union clubs in St. John and the following year the Union club, of which he was president, journeyed to Halifax and there on March 24, played the Victoria, N. S. team on the Wanderers grounds. This was the first exhibition of Canada's national sport ever seen in Halifax.

In 1888, to increase the interest in the game, Mr. Bell imported lacrosse sticks for the school boys, and for the time being the pastime became general. But since then, for lack of encouragement, lacrosse has practically died out in the maritime provinces.

Two-and-a-half years ago Mr. Bell's brother-in-law, H. H. Allingham, went to Vancouver and was the first to start lacrosse on the Pacific coast. Mr. Bell said that in 1887 there was only one French-Canadian playing lacrosse, Germain, of the Shamrocks and Montreal, but by degrees the game grew in popularity among them until some of the best players of the world today are French-Canadians. This was arrived at from a small beginning which was in the case of this city.

He suggested that Wm. Hopkins and a few of the other old timers get together and play an exhibition game against the youngsters just to start the ball rolling. He stated that professionals have killed the game wherever they have come in.

"You can't make lacrosse players out of beer drinkers and smokers. One must be in the pink of condition and for that reason I urge the school boys more than the older ones to take it up," was his final statement.

Mr. Bell, who is well remembered in St. John, moved to Saskatoon some years ago.

PUGILISTS WERE GUESTS AT THE BIDDLE WEDDING. There was an exceptionally large number of "things to talk over" after the Biddle-Duke wedding on last Wednesday at Philadelphia. The most important of these was the fact, now known to all good Philadelphians that prize fighters, prison wardens and mission workers were among the guests, that they had not only been invited, but actually rubbed elbows with the social leaders.

Jack O'Brien, who will be remembered as a former prize star, and "Tony" Biddle's sparring partner at many of Mr. Biddle's "boxing matinees" and his wife, occupied seats in the church directly across the aisle from Mr. and Mrs. E. T. Stotesbury.

The feature of Mrs. O'Brien's costume was a large black hat, with rust-colored ostrich feathers and a corsage of pink sweet peas. Nor did Mr. Biddle forget Warden "Bob" McKenty of the Eastern Penitentiary nor George Long, secretary of the Inasmuch Mission, who also were in the church and attended the reception at the Biddle home after the wedding.

Every one was interested to know before the reception just how far Mr. Biddle would impose his temperance views on his guests. It was said the Biddle Bible classes had poured all the contents of his costly cellar down the blind alley behind his home and taken the pledge. But these hopes and fears were not to be fulfilled, for there was champagne.

Speaking of the boxing match in Amherst on Saturday night, Saul Gallat said this morning that newspaper reports crediting him with only a draw were in error as the bout had been awarded to him in the second round by the referee. He says that during that round Sullivan's second, O'Neil, placed a chair in the ring and jumped in after it ordering his man to sit down. When asked for his reason he said that he wanted the men to use four ounce gloves, although this is against the law. As required by the rules, the referee awarded the bout to Gallat but the latter volunteered to go the whole distance to give the fans their money's worth. The bout proceeded and in the fifth, Gallat says, Sullivan fouled him and the referee again offered to give him the decision and the match but Gallat expressed his willingness to continue. Although Sullivan weighed in ten pounds heavier he left for his home bandaged up like wounded soldier while Gallat returns to St. John without a mark showing. From this distance it looks like Gallat's victory was without much room for questions.

One day my eye caught a billboard of 'Fruit-a-tives' and I said to myself, 'If Fruit-a-tives will build me up like that, it is good enough for me.' I bought some. After taking these wonderful tablets for only three weeks, I found myself wonderfully improved. In a short time longer, I cured myself entirely. My case was no light one, either. Gas would often form in my stomach and I was in daily fear that it would get around my heart and kill me. 'Fruit-a-tives' is the only remedy for indigestion."

People Told of Germans Throwing  
Wounded French Soldiers  
Into River

Mrs. H. H. Carr of Manawagonish  
road, Fairville, received a letter yester-  
day from her nephew W. C. Brooks, who  
is with the 48th Highlanders, 15th Bat-  
talion, first Canadian contingent. The  
letter was dated April 18, and was writ-  
ten from some part of Belgium. The  
writer formerly resided in Cobalt. He  
said they were enroute to the firing line  
in Belgium. On their travels they saw  
beautiful cities which had been prac-  
tically devastated by the Germans. He  
spoke in particular of one city they  
entered and told of a river into which  
the people said the Germans threw  
wounded French soldiers. He said when  
they were encamped on its banks they  
saw the body of a dead French soldier  
floating on the water. The boys, he said,  
were anxious to get into the fight and  
they did not seem to fear the consequen-  
ces.

with keeping an opium den in Mill street,  
and also against six Chinese as inmates,  
was continued in the police court this  
morning.  
Henry Willie testified that he went  
into Hop Lee's about ten o'clock on the  
night in question. As he entered the  
big room, Jeffrey, he said, caught him  
by the coat and took out two keys and  
three coppers. He said Jeffrey pointed  
his revolver at him and made him sit  
down in a chair, ordering him to keep  
quiet.  
Hum Hong said he went to Hop Lee's  
about eight o'clock on the night during  
which Policeman Jeffrey raided the shop.  
Hum Hong was sleeping in a room when  
he said, when Jeffrey came in. The witness  
said that when Jeffrey came in he caught  
Hop Lee by the throat and the money he  
wanted \$800 and if he had not the money  
he wanted opium. When Jeffrey fired  
the revolver the report woke Hum Hong.  
When he jumped up Jeffrey pointed the  
revolver at him and he fell back in the  
bed again. He said he saw Jeffrey with  
a black handkerchief and a fountain pen  
from Harry Willie. He said the pipes  
produced in court were Chinese tobacco  
pipes.  
E. Hoey said he is seventeen years old.  
He came to Canada when he was six  
years old and lived in Vancouver and  
Montreal. He came to St. John six years  
ago. He heard a noise in Hop Lee's  
and went in to see what was the matter.  
When he saw Jeffrey with the revolver  
he tried to get out again but the police-  
man would not let him. He corroborated  
the statements of the others regarding  
Jeffrey's actions.  
The case is being continued this after-  
noon.

Stanley Robertson was fined \$16 or  
four months in jail on a charge of  
drunkenness and using profane language.  
A man arrested last night on a drunken-  
ness charge was remanded.  
Morris Howard was again remanded  
on a vagrancy charge. Magistrate Rit-  
chie said arrangements should be made  
to send him back to Toronto.  
**FAIRVILLE NEWS**  
An event of much local interest will  
take place in the Church of the Good  
Shepherd on Wednesday evening at 8  
o'clock when John Wesley Cunningham,  
son of William Cunningham of Lorne-  
ville, and Miss Edie E. Seeley, niece of  
William Stevens of Main street, Fair-  
ville, will be united in matrimony by  
Rev. W. P. Dunham. After the cere-  
mony lunch will be served at the home  
of Mr. Stevens.  
At the service in memory of Rudolf  
F. McKiel on last Sunday in the Church  
of the Good Shepherd the Lancaster  
troop of Boy Scouts attended in a body  
under Scout Master G. H. Allan. The  
lads all wore uniforms and occupied a  
prominent place in the church. Im-  
mediately after the service the troop was  
lined up in front of the church and J. C.  
Maxwell of the Carleton Corset Band,  
played "The Last Post" and "Lights  
Out", the troop standing at the salute.  
This thoughtful ceremony was very  
well carried out and reflected credit, not  
only being a fitting close to the service  
of the late soldier but in the manner  
in which the troop executed their orders.  
A few men were at work this morn-  
ing on the new bridge but the inclement  
weather is expected to impede progress.  
A. R. C. Clark & Son, who have the  
contract to build the concrete roadway  
expect it will take about two months to  
complete the job.  
**TO TAKE DEGREES**

of B. C. L. at the convocation exercises on  
Thursday. The graduates are William  
H. Teed, R. A. Davidson, P. E. Mc-  
Laughlin, J. B. Dever, W. R. Scott, and  
J. J. Stohart.  
**BURIED TODAY**  
The funeral of John E. Earle took  
place this afternoon from his late resi-  
dence, Marble Cove. Rev. J. J. Mc-  
Caslin officiated at burial services and  
interment took place in Cedar Hill.

**ARE MORE ST. JOHN  
MEN AT FRONT?**

Joseph Lifford of 12th Battalion  
In Casualty List

**WOUNDED IN BELGIUM**

Officially Designated as of 12th  
Battalion and This May Mean  
That Those Left in England  
Have Since Gone to the Trenches

John Lifford, of the 55th Battalion,  
returned last night to this city, where  
he is quartered with his unit, after a  
visit over Sunday to his home in Freder-  
icton. Just before leaving his home  
there he received word that his brother,  
Private Joseph Lifford of the 12th Bat-  
talion had been wounded in Belgium  
and was now in hospital in France.  
It is possible that the infantry from  
St. John and other parts of the province,  
known formerly as the 12th Battalion,  
are now on the firing line. The suppo-  
sition is based on the fact that the of-  
ficial word received at the home of Pri-  
vate Lifford in Fredericton stated that  
his brother was listed as in the 12th Bat-  
talion. It will be remembered that in  
previous instances when men from this  
province were named in the casualty list,  
many of them had transferred from the  
12th to some other, and the number of  
the new Brunswick-Quebec unit was  
not given. The fact of the official list  
mentioning Lifford as in the 12th, causes  
question as to whether the men of the  
infantry from here are still as a unit  
in England, or whether they have been  
taken to the continent.  
**Two Moncton Men Wounded**  
Gordon A. Steeves of Moncton, son of  
R. A. Steeves, was wounded at Lang-  
emarck. He is twenty-six years of age,  
but has been working away from home  
for the past six years. When the war  
broke out he was engaged with the  
Northern Electric Company at Mon-  
cton, where he enlisted in what subse-  
quently became known as the 14th Bat-  
talion, a corps which suffered heavily  
at Langemarck. He was for two years  
employed in the business department of  
the Moncton Transcript.  
Michael Leahy, son of Mrs. Thomas  
Leahy of Moncton also was wounded. He  
had been employed for several years  
with the Canadian Pacific at Winnipeg,  
and when war broke out he enlisted at  
that city, with the 10th Battalion,  
otherwise known as the "Light Black  
Devils." According to London de-  
spatches, it was this tenth battalion,  
which led the charge and bore the brunt  
of the battle, which followed the cap-  
ture of four Canadian guns. Michael  
Leahy is twenty-seven years of age.  
J. Fred Edgett of Moncton has received  
a cable from his brother, Captain  
Edgett, a veterinary surgeon, advising  
him that he had come safely through the  
battle of Langemarck. Captain Edgett  
was the headmaster of the staff of the  
Canadian Division.  
**Chatham Man Wounded**  
Col. McCulley of Chatham has received  
word that his eldest son, Caleb, was  
wounded in France at the Ypres. He  
was in the 1st Grenadiers or Royal Mon-  
treal regiment, and since his arrival in  
France was in the 14th Battalion. He  
is now being cared for in a hospital in  
England. McCulley's son, Charles McCul-  
ley, is in the 5th Battalion or the 2nd  
Brigade, which is the one to which G. J.  
Merereau has been attached. The 5th  
Brigade has been heavily engaged. No word has  
as yet been received about him. Major  
Edgell, late of Chatham, and Andrew,  
son of W. H. Baldwin of Douglasford,  
are also members of the 5th Battalion.

**And Still The Urgent  
Call of Spring For  
Men's New Ideas and  
Men's New Clothes**

Now is the glorious time of the year, and  
nothing but the best should satisfy the man  
whose soul responds to the worlds summons for  
fresher, brighter, changed attire.  
And no man need be satisfied with less.  
Our Men's Clothing Store is ready to prove to  
any man's satisfaction that the best suits  
are here.  
We have never had a variety equal to what  
we are now showing. We have never seen  
suits in which tailoring has been brought so  
near to perfection.  
Betterment is chiefly a matter of detail.  
Certainly it is not a matter of talk.  
As a matter of good business, a man should  
buy his suit on its merit at the price. To all  
men who do, the quality of these suits can  
be trusted to make its own appeal.  
Models and styles for men between the  
first long trousers and the four score mark or  
thereabouts.
