M. MCCARTHY TRAVELS FIVE DAYS, 4 NIGHTS TO SKATE FOR TITLE

O'Neill Farrell Also Reaches City—Championships to Open With Triple Flag Raising Ceremony—City Whistles Will Blow if Races are On.

TRAVELLING five days and four nights by train for the world's championship meet here on January 26, 27 and 28, Marion McCarthy, aged 21, arrived here yesterday from Edmonton, Alberta, and had his first workout on the Victoria rink last evening. McCarthy's long journey is considered a record here as probably never before has an amateur speed-skating meet in the east attracted a entry nearly 3,000 miles away. The Edmonton Eskimo Club is sponsoring McCarthy's trip here, which he started last Monday. Having got this far, the young westerner, who is the pilot of the speed-skaters of the prairie provinces, plans to attend the other major meets before returning home. Speed-skating, he says, does not attain the vogue it enjoys down east, but McCarthy is keen to make a good showing here. He said he made the long trip mainly to secure experience. He has often read of the doings of Charlie Gorman and other speed-skating stars, and when he saw that the Saint John Skating Association was bringing out Clas Thunberg, Olympic champion, for a world's meet, he set to work and with the help of his club and some good friends, the thing was accomplished. Following the meet here, he will go to Birmingham.

OPENING CEREMONIES

The City Cornet Band has been engaged to play for the opening ceremonies next Tuesday afternoon at the Lake with Lieutenant Governor Todd, Premier J. B. M. Baxter and Mayor J. H. Frank officiating. It is planned to first raise the Union Jack when the band plays the National Anthem. This will be followed by the raising of the Stars and Stripes, the band playing the Star-Spangled Banner. The Finnish national anthem will be played as the flag of Finland runs to the top of the mast and to keep the performance, Canada will be played. Then the first heat of the 200 yards will be called and the greatest and fastest field of spectators ever gathered together on this continent will be started on a three-day meet for fame and glory with a world's championship at stake.

ONELL FARRELL HERE

Onell Farrell, brilliant skater, who has won most of his races for the world's championship title to be decided here on January 26, 27 and 28, arrived here at noon today and will workout this afternoon on Lily Lake. The other Chicago skaters are due here tomorrow or Monday, Farrell said. The Chicago lad has been going great in the trials this year, leading such fast men as Reel, Murphy, McWhirter and Kaskey in several meets. Farrell is a member of the Willie Logan staged several great duels which will be renewed now in the senior classes. Farrell is in good condition and should show up well. Those who are going to the lake in autos are again advised that Mount Pleasant avenue will be a one-way street for skating and that while passengers can be taken to the head of the lake, autos must go back by way of Seely street.

WHISTLES TO BLOW

Arrangements have been completed by the committee to broadcast definite information regarding the holding of the meet each day. If they are postponed, the whistles will not blow. In this way, all the citizens will be informed in plenty of time regarding the day's events. The city is now getting out its gala attire for the occasion. The "welcome" sign has been erected at the head of King street, while the N. B. Power Co. Ltd. have an illuminated sign in front of their imported Civic Power Commission is in charge of the lighting arrangements in King Square.

PROMINENT MEN COME TO CITY

Lord Willingdon on Way to China on Imperial Mission

Montreal Doctor Tells of Developments in Cancer Research in England

En route to China as head of a commission appointed by the British government to deal with matters arising out of the proposed abolition of indemnity payments which China incurred as a result of the Boxer uprising several years ago, Lord Willingdon, former governor of Bombay and Madras, India, arrived here today on the C. P. R. liner Montrose and left at 1 o'clock by private car over the C. N. R. for Ottawa, where he will be guest for a few days of Baron Byng, Governor-General of Canada.

First Visit Here. In an interview this morning with a Times-Star reporter, Lord Willingdon said this was his first visit to Canada. He did not know how long a period his mission would require, as his instructions were largely of a general nature. The Chinese government, he said, has been paying a yearly indemnity for losses caused to Great Britain by the Boxer uprising, and it was in connection with the doing away of this annual payment that this commission had been appointed.

Three Chinese would be on the commission, as well as two other people from Great Britain, James Adelside Anderson, D. B. E., and Professor Southall, professor of Chinese at Oxford University. They will join Lord Willingdon at Shanghai. His Lordship said he planned to return to England by way of Canada.

Questioned regarding reports that his name was being mentioned as the next Governor-General of Canada, His Lordship said it was news to him.

Hungarian Count. Among the passengers who arrived on the Montrose was Count Szapary of Hungary, son of the late Count Alex. Szapary, who was one of the richest men in his country before the great war. He is en route to the Canadian west, where he plans to purchase land and go in for general farming and cattle raising.

Brought 438. The Montrose arrived early this morning from Liverpool with 110 cabins and 822 third-class, including 19 immigrants coming on the new certificate scheme. The liner also brought 2,000 tons of general cargo and approximately 8,500 packages of mail and parcel post. There were 18 unaccompanied children who were destined to various points in Canada.

Dr. J. R. Fraser of Montreal brought word that important research to combat cancer was being conducted in that important development. Dr. Fraser is of the Royal Victoria Hospital staff. Included among the passengers were several buyers representing large Canadian firms, who are returning home. They were unanimous in the opinion that conditions in England showed a trend upward although there was no marked improvement over last year.

Prices Today in Country Market. In the country market today prices were a little lower in many cases. In the meat shops beef sold for from 14-18 cents; pork 20-22; real 14-20; lamb 20-25; sausage 25-30; rabbits 40c per pair; tongue 80c per lb; ham 40-50c and bacon 40-50c. Poultry supplies while not plentiful were 25-30c for the demand and turkeys brought 40-50c per lb; chickens 40-50c; geese 50-60; and fowl 30-40c.

There was a large supply of vegetables, mostly imported varieties, at good prices. Potatoes sold for 5c a lb; turnips 8c, carrots 8-10c, onions 7c, cabbage 5c, squash 4-6c, spinach 8c, Brussels sprouts 5c, tomatoes 4c, and mushrooms \$1.00 per lb. Lettuce sold for 10c, and iceberg lettuce for 20-25c. Celery brought 25-30c, cauliflower 50-60c each, cucumbers 35-40c, radishes 10c per bunch, apples 20-70c per peck, and artichokes 60c per peck.

20 In Hospital; Some May Succumb

Continued from Page 1. the hotel, many of the guests, the exact number of which could not be determined, jumped to the streets. A number of those who jumped were injured, some severely. At 3:40 a. m. the fire had been brought well under control, but firemen continued to play between 15 and 20 streams of water into the ruins. The old fashioned walls of the front part of the hotel remained standing, but about half of the building at the rear, and where it was only three stories in height, had caved in, the debris falling to the cellar. The "All out" signal was blown at 5:45 a. m.

Can be Quickly Banished With Baby's Own Tablets. The ailments of childhood are many but nine-tenths of them are due to one cause and one cause only—a disordered condition of the stomach and bowels. To quickly banish any of the minor ailments of babyhood and childhood the bowels must be made to work regular and the stomach must be sweetened.

No other medicine for little ones has had such success as Baby's Own Tablets. They banish constipation and indigestion; break up colds and simple fevers; correct diarrhoea and colic and promote healthy sleep by regulating the functions of the stomach and bowels. Concerning them Mrs. L. M. Brown, Walton, N. S., writes: "I cannot speak too highly of Baby's Own Tablets as I have found them excellent for childhood ailments."

Baby's Own Tablets can be had at medicine dealers, or by mail at 25c. Write to The Dr. Williams Medicine Co., Brockville, Ont.

TROUBLE IN BEER SHOP. Hugh McIntyre was charged, by Thomas Murphy, in the police court this morning with having caused a disturbance in a beer-shop owned by John Holoohan at 27 Sydney street yesterday afternoon. The charge was changed, in the case of McIntyre, to assault on Joseph Irvine and Murphy was charged with assaulting Dodge Garnett. McIntyre was adjudged guilty and fined \$20, and Murphy was allowed his liberty on depositing \$20 for his appearance in court on Monday at 10 a. m. Evidence was that there was quite a mix-up.

SHEIKS WON. The Arena Shells defeated the Stags 6 to 6 to score this morning at the Arena. Stevens started for the winners. The sheiks are out with a challenge to any junior in the city.

THREE TODAY. Three men pleaded guilty today to being drunk last night and were given a fine of \$8 today or two months in jail by Magistrate Henderson in the Police Court this morning.

TWO GIVEN SIX YEARS IN "PEN"

George Robbins and Leo Ruba Sentenced to D-chester. Mr. Justice LeBlanc in the Circuit Court this morning imposed sentences of six years in Dorchester Penitentiary on George Robbins and Leo Ruba, convicted yesterday on two counts of robbery with threats of violence in the North End on December 27. They were sentenced to six years on each count, sentences to run concurrently. They were charged with holding up and robbing J. McGuire and Edward Sealey. Besides the complainants, Steve Zadrosky, Frank Podhorny, Sergeant Thomas Sullivan and Police Constable Garnett gave evidence for the Crown. The accused and Louis Thompson gave evidence for the defence. The jury found them guilty after deliberating 20 minutes. The verdict was returned a little before eleven o'clock. J. Starr Tait appeared for the crown and H. D. Hopkins was assigned by the court to defend.

Did Not Tell Police There Was Hold-Up

A man giving his name as Frank Irvine said in the North End this morning that he had been held up in St. David street last night and robbed of \$8. He said that he had been hit and cut over both eyes and had come to in the snow with a \$10 and a \$20 bill clutched in his hand and found that out of \$36.00 which he had, he had lost \$6. The police, when inquiry was made by The Times-Star, said that a man had telephoned that there was a person hanging around his house on St. David street, Policemen were sent to investigate and found Irvine, who told them that he was unable to find his way home. He had been staying at the Salvation Army Home since the evening trial where he was a witness for the defence who contradicted Steele's story that he had not been in the Institute before 11:45 p. m. on Dec. 31.

Use the Want Ad. Way

Refurnish By Trade-In Way. It's a secret everybody knows that people who bought their Furniture years ago are replacing certain suites with new ones. They don't intend to let all the good things go to the younger couples who are fortunate enough to be starting out when Furniture selections are so far advanced over their were.

They want to live in surroundings of a standard becoming to their station. They want comfort plus. They believe in the well being of beautiful things. So these few days they are taking advantage of the Marcus offer to accept old suites in part payment for new. Phone for details.

HYDRO GETS 1,000 NEW SUBSCRIBERS AND USES 30 P. C. MORE CURRENT

Report Submitted at Meeting Last Night Shows City Buying 10,000,000 K.W.H. Annually For Distribution, Being an Increase of 2,000,000.

One thousand new subscribers were added to the Saint John Civic Hydro Commission lists during the year and thirty per cent. more current sold, according to the report, covering the last six months, submitted at the Commission meeting last night by Roy A. Willet, secretary and accountant.

The financial results in the last six months were not encouraging than in the same period the previous year, which showed a deficit of \$19,597.18. This had been cut down by nearly \$18,000 to \$1,597.18. In December there was a surplus of \$4,247.31. The coming six months were the best of the year as regards supply of current, and it was expected that the commission would have a further profit to set against the deficit.

Table with columns: This month, Year to date, This month last year. Rows include Domestic Lighting, Commercial Lighting, Total Dom. & Com'l., Power, Municipal St. Lighting, Total Consumption, REVENUE, DEBT AND ADMINISTRATION.

CITIES AND TAXES.

Ottawa reports a civic surplus of \$40,996 for 1925, and the Board of Control has indicated that there is prospect of some taxation relief this year.

"CINDERELLA."

An amusing picture of recent events at Ottawa is presented by the Toronto Star, which describes the fashion in which both the old parties have been wooing the Progressives of late.

"Cinderella is, indeed, the belle of the ball at Ottawa. Prince of every sort and size are offering her wine to drink out of her slippers and their own silk hats."

"There has never been anything like it in the young life of the Progressive party. The world is at its feet kissing its toes and murmuring words for nobody else to hear."

"It is an intoxicating, head-turning business for a modest and inexperienced Cinderella, and only the soundest native instinct can bring her safely through."

But not even native instinct can save the Progressives. They might be getting a lot of fun out of the situation if they were convinced that it could last, but they know it cannot last.

In the last House, Mr. Forke had more than sixty followers. Indeed at one time there were sixty-five Progressives or near Progressives in the Commons, but in October last they were reduced to twenty-four, nearly all representing constituencies west of the Lakes.

"Our neighbors to the South are gradually becoming civilized," says the Hamilton Herald. Last year there were only sixteen lynchings in the United States."

In 1919 Toronto had 26,187 automobiles, and in that year fifty-two people were killed by them. Last year it had 65,871, and forty-nine people were killed. The safety first campaign is really making progress there."

Vancouver newspapers announce that during 1925 the number of vessels entering that port was 19,668, compared with 6,959 at San Francisco and 3,312 at Montreal. The freight gets the tonnage. The rates get the freight."

For ten days past the Toronto Star, the Ottawa Citizen, the Quebec Chronicle Telegraph and other newspapers here and there have been discussing the question: Are our Canadian winters becoming milder? And now you see what comes of that sort of thing."

Sir Robert Borden told the New York Canadian Society last night that if he had remained Premier of Canada, by this time we should have had a minister at Washington. Sir Esme Howard, British Ambassador at Washington, said to the same audience that the appointment of a representative at Washington would be a step further in the direction of Canada settling its own affairs, and he did not think this would in any way tend to disintegrate the British Empire.

which views the proposal as either dangerous, or unjustifiable because they cannot see that any real benefit will arise from it.

There has been a great deal of talk in and out of Parliament about tariff changes and their effect upon trade, but the Dominion Bureau of Statistics presents figures showing how little real change there has been in the tariff on imports in recent years. Thus it is stated that the average ad valorem rate on all imports was 15.2 per cent. in 1920, was slightly lower in 1921, rose to 17.3 per cent. in 1922, fell to 15.1 per cent. in 1923. The country's total trade last year was greater by \$295,000,000 than in 1924. The favorable trade balance last year was \$393,000,000, the greatest in our history with one exception, 1917, when we were at the full tide of war production. In that year the favorable balance was \$387,000,000.

As to the situation at Ottawa, there is at least one public man who says he knows what is going to happen. He is Hon. George Bolvin, Minister of Customs. In a speech before the Young Liberals' Association in Montreal on Wednesday, Mr. Bolvin said: "I can now say with all confidence that the crisis, the biggest since Confederation, has passed. Parliament is as normal as it was before election and the galleries are half empty. At least three of the Progressives who voted against us have since declared, privately and publicly, that they voted for the largest group, but that from now on, with the Government sustained, we can count upon them." The Conservative view is that Mr. Bolvin's confidence is not justified. The debate continues, and it seems probable now that a vote will not be reached until the end of next week.

Odds and Ends

The Pessimist

(Ben King.) Nothing to do but work, Nothing to eat but food, Nothing to wear but clothes, To keep one from going nude. Nothing to breathe but air, Quick as a flash 'tis gone! Nowhere to stand but off, Nowhere to fall but on. Nothing to comb but hair, Nowhere to sleep but in bed, Nothing to weep but tears, Nothing to bury but dead. Nothing to sing but songs, Ah, well, alas! alack! Nowhere to go but out, Nowhere to come but back. Nothing to see but sights, Nothing to quench but thirst, Nothing to have but what we've got, Thus through life we are cursed.

Nothing to strike but a gait; Everything moves that goes. Nothing at all but common sense Can ever withstand these woes.

Radio in Hospitals. (Hamilton Herald.) Wireless has revolutionized hospitals, declared Lord Riddell, when, as president of the Royal Free Hospital, in the Old Country, he acknowledged a wireless installation, with 240 pairs of headphones and three loud speakers, provided from the fund raised by a London daily.

Only those who had to care for the sick were aware of the long, weary hours patients have to pass, and wireless helps to relieve the monotony of illness. Lord Riddell had not the slightest doubt that wireless will have good curative effects. When he heard of the movement to equip hospitals with wireless, he could not help thinking what delight Charles Dickens would have had in it, for the great author took a keen interest in hospital work.

Husband Wanted—The Value of the Iron Cross. (Glasgow Herald.) "Christmas wish" advertisements fill German newspapers again. The dominant Christmas wish thus revealed (wires the Berlin correspondent of the Daily News) is for a husband or a wife, with communal housekeeping to begin at latest on New Year's Day.

In the able mood marking Christmas matrimonial contact is often established in Germany. In Berlin alone, it is estimated, 2,000 marriages will be celebrated on Christmas Eve. Last Sunday 226 appeals for husbands or wives figured in a single Berlin newspaper.

Exact conditions invest the fulfilment of these Christmas wishes. As the following advertisement reveals, there is a demand for patriots: "A distinguished lady of noble nature, belonging to a family Teutonic to the core, in whose soul life has caused deep wounds, wants to find this Christmaside a husband thoroughly German, too. Soldiers or war cripples, provided their uniforms are attractive and can be worn at social gatherings, get 50 per cent. preference; wearers of the Iron Cross (first class), 75 per cent."

Over-dressed. (Detroit Free Press.) A German professor recently weighed the clothes of his assistant and of his assistant's wife, with the result that he found that the man's shoes alone were heavier than all the woman had on. He might have got about the same result if he had weighed the man's bedroom slippers.

Dinner Stories

IN A LITTLE country village there is a cottage, the door of which must be raised a little to be opened, and for this purpose a hatchet is generally used.

One night a knock came to the door, and a youngster was sent to see who was there.

"Who is it?" inquired the boy.

"It's me," said a voice outside.

The youngster recognizing the voice, shouted back—"It's Mrs. Giles; get the hatchet."

Mrs. Giles didn't wait.

TO THE EVENING STAR.

Star that bringest home the bee, And set'st the weary laborer free! If any star shed peace, 'tis thou That send'st it from above. Appearing when heaven's breath and brow Are sweet as hers we love.

Come to the luxuriant skies, Whilst the landscape's odors rise, Whilst far-off loving hearts are heard And songs when toll'st is done, From cottages whose smoke unstrid'd Curis yellow in the sun.

Star of love's soft interviews, Parted lovers on the muse; Their remembrance in heaven It is the thrills you give, Too delicious to be given By absence from the heart.

The Best of Advice

—BY CLARK KINNAIRD

THE SECRET SPRINGS.

IN A POND of still water, lying like a mirror, or in the little stream that trickles from it, rippling its way to a larger one, there is no sign of the roar and thunder with which it can leap from the precipice, and yet remain what it is; or again rise high in the air as a fountain.

When water is as cold as ice, you can have the idea of the warmth contained in it.

It is the same with humans; no one knows what capacities for doing and suffering a man has in himself until something comes to rouse them to activity.

IT IS observed that, "According as a man's mental energy is exerted or relaxed, his life appears to him either so short and petty, which is an illusion, or as possibly happening over which it is worth his while to spend emotion."

"That nothing really matters, whether it is pleasure or riches or even fame, and that in whatever way a man may have failed he cannot have lost much—"

"On the other hand, life will seem so long, so important, so momentous and so full of difficulty, that we have to plunge into it with our whole soul if we are to obtain a share of its goods, make sure of its prizes, and carry out our plans."

"A man is great or small according as he leans to one or the other of these views of life."

THE great majority of men take the limits of their own field of vision for the limits of the world. For this reason, everyone measures us with his own yardstick and standard.

And thus it is that the practical principle which guides people in their opinions on the regulation of human conduct is the feeling in each person's mind that everybody should be required to act as he, and those with whom he sympathizes, would like them to act.

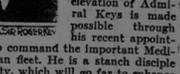

Who's Who IN THE DAY'S NEWS.

SIR ROGER KEYES

RUMORS persist in London that Sir Roger Keyes who conceived the Zebruggie raid during the war and brought the Dover patrol to the highest state of efficiency against the submarines, is shortly to succeed Earl Beatty as First Sea Lord of the British Admiralty.

It has always been an accepted rule that First Sea Lord should previously have commanded one of the major fleets. The elevation of Admiral Keyes is made possible through his recent appointment to command the important Mediterranean fleet. He is a staunch disciple of Beatty, which will go far to enhance the popularity of his selection.

Admiral Keyes has served continuously in the British navy for 41 years. He was married in 1906.

VICARAGE MORTGAGE

Timely Views On World Topics

"CAPITALISM has made a criminal mess in England. The waste is appalling. There are thousands of shoe workers idle there today, receiving doles, while their own children and thousands of others run about bare-foot." This is a statement given out by Lady Cynthia Mosley, Socialist candidate for a seat in the British parliament, wife of Oswald Mosley, former labor M. P. and now in the United States. Lady Cynthia, the daughter of the late Marquis of Curzon and an American mother, formerly Mary Leiter, of Chicago, has deserted society for the masses, she says.

"We need nothing so much as building. Yet building workers are doing nothing and drawing doles. There are 1,500,000 men out of work.

SAYS SOCIALISM IS REMEDY.

"Socialism will avert this waste and make Great Britain the most efficient Commonwealth on earth. Mines, factories, banks must be nationalized. It will come by swift evolution instead of revolution. We do not advocate force in any way. Under national operation mines and factories will not curtail production to create prices.

"America seems to be in the same prosperous state that obtained in England under Victoria. Consequently you are conservative. Gradually capital will become concentrated there as it is in England today, and you will have a period of adversity that will eliminate some such change as is being effected among us now.

It may be that the efficiency of the British Commonwealth under Socialistic rule will make our countries such wretched competitors in the world markets that reforms will be instituted in the United States and elsewhere by external economic pressure."

BRITISH SOLDIERS AGAINST WAR.

Lady Cynthia says two-thirds of the British soldiers have joined the Labor Party and the youth of England is fast enrolling.

"Would they go to war again as before?" she was asked.

"No, they would not," she said with flashing eyes. "I tell you war is a filthy thing. Society as it now exists will not avoid war, but Socialism will help to prevent it."

Films and Pictures.

(Youth's Companion.)

American films are more popular in England than those that the British producers offer. Whether that popularity is likely to reflect credit on the United States, and whether American parents have any excuse for allowing their children to attend moving picture theatres in this country without first finding out what the offering is to be may find a pertinent answer in the opening sentence of an English schoolboy's composition. "America," he wrote, "is a place where you can shoot as many people as you like without getting into trouble."

Hydro Making Money

People who got behind Hydro saved themselves Over Four Hundred Thousand Dollars in Reduced Rates and forced competing Rates down almost to One-Third

All Pull Together Now for STILL LOWER Rates!

CITIZENS — Your Own Hydro is making good. Right now it is paying its own way and better. But it needs your interest and understanding. Hydro's business is your business. It is your investment—ALL the Profits are yours—returned to you in reduced rates.

That is the character of Hydro — all through — light and power AT COST.

The great majority of our Citizens patronized Hydro-at-Cost. In the past 18 months alone they have saved on their meter bills the enormous total of \$442,569.85.

And that is not all. Even those who have delayed patronizing their own business gained by the efforts of those who did. Those who did stand in with their own Hydro enabled Hydro to quote prices that forced down competing prices to nearly one-third of what we all had to pay before Hydro-at-Cost arrived.

There is this other distinction about Your Own Hydro. Its rates are down to stay down — they are not down for the present only, not with the idea of being put up later on. You are running Your Own Hydro and you are running it to deliver electric current AT COST. And the sooner the rest of you line up on your own proposition the sooner your meter bills go down lower and lower again.

The situation is such that if only 25 per cent. of those not yet using Hydro acted in their own best interests they and every other Hydro user would gain still lower rates. How much more would they all gain if this entire tardy minority speeded up their awakening to a duty to their City and their Pocket Books.

Hydro-at-cost means more than the cheapest current you can buy—growing cheaper as more buy it. Hydro growing cheaper means more encouragement to Industries. It means more than a rescue from old exorbitant prices. It means Permanent Protection.

SCHOOL ASSESSMENT SHOWS INCREASE OF \$67,000 FOR YEAR 1926

Appropriations for This Year in Various City Departments are Taken Up— Will Be Gone Into Monday.

An increase of nearly \$67,000 in the assessment for school purposes in excess of last year was forecast in figures given the committee of the whole this morning by H. E. Wardrop, Common Clerk. Estimates of the various city departments were also under discussion this morning. The Common Clerk said he had received a copy of the assessment required by the school board and they were asking for \$221,344.80 on the general assessment, as compared with \$204,483.18 for 1925, and \$40,000 for the vocational school, making the total \$261,344.80 for this year. This made an increase of \$17,000 in the general assessment and the new assessment of \$40,000 for vocational brought it up to nearly \$67,000.

OTHER INCREASES

The public works department are asking for nearly \$11,000 more this year, the increase being in an addition of over \$5,000 to the interest charges and \$6,000 in the snow removal account. There is an increase of over \$1,100 in the appropriation for lights this year, but this may be reduced by the elimination of \$1,200 for new lights. The police appropriation is about \$1,600 more than last year, made up of the addition of one patrolman and the allowance to Mrs. McCavour. The fire department appropriation is about the same as last year, and includes provision for a new bell battery and tower and bell in West Saint John.

The water department estimates are \$12,000 less than last year. The amount which it will be necessary to assess this year for over and under-expended account of \$6,669.27. Last year \$37,402.38 was required to recoup this account, and this year only \$30,983.08 will be required.

WATER AND SEWERAGE

The estimates for the water and sewerage department were taken up first. Commissioner Wigmore said that last year his estimate for water mains was \$280,156.80. Of this there had been expended \$277,260.00. The receipts had been \$279,447.58, leaving an unexpended balance of \$1,897.32. For this year the estimate of expenditure was \$278,000, and the estimate of receipts the same.

Commissioner Bullock asked what about bond issues for 1926, and Commissioner Wigmore said he was preparing recommendations for bond issues for water mains and sewers, including \$38,318.47 for the Carleton mill pond sewer, was about \$77,000

FAMED BELGIAN CARDINAL DEAD

Continued from Page 1.

world, to give him peace, the prelate inclined his head as a token of peaceful leave of those around him. When the mass ended he turned toward the company at the bedside with a significant look of farewell. The mass was celebrated by a nephew, the Rev. Jos. Mercier, assisted by another nephew, the Rev. Charles Jean Mercier, professor of Philosophy at Notre Dame, South Bend, Indiana. The Cardinal's sister-in-law and a physician also were present. After mass his physicians felt the prelate's pulse, which was gradually growing weaker, and decided that the Cardinal could hardly last beyond midday.

HAPPY IN SUFFERING.

The prelate refused all medicine, but retained complete lucidity as life ebbed slowly away. "There is nothing to do but wait," he remarked to his physician. Dr. Van See, the Cardinal's physician, described his patient as a model of patience, modesty and Christian self-denial. "Far from complaining when he has been suffering long," the physician said, "his Eminence has been happy to endure physical pain, as he then has said to himself that he feels nearer Christ, whose suffering he always has been present in his mind."

Desire Mercier, Cardinal of Malines, Prince of the Church and "Apostle of Peace," was one of the most striking figures brought prominently before the world by the most ruthless war of all times.

KNOWN WORLD OVER.

Little known outside of Vatican circles or beyond the borders of Belgium prior to 1914, this modest, unassuming prelate was as famous before the world on Armistice Day as were the royal heads of belligerent states or the illustrious generals who led the Allied armies to victory. The role played by Cardinal Mercier was one of the outstanding features of the World War. Although hailed as the "Apostle of Peace" throughout the civilized world, he demonstrated early in the great struggle that he also was a fighter of the first magnitude when

the German Empire were at their disposal to get it. Still, no apology ever came from Malines.

STUDIED SURGERY.

A little village not far from Waterloo-Briane d'Alleur—was the birthplace of Cardinal Mercier in 1851. The family was distinguished and religious ones, several other members having received high honors from the Catholic church. Believing that he was destined for a career other than secular, the future Cardinal prepared for the medical profession, and upon his graduation from College studied surgery under Professor Charcot at Paris. Inborn love of the priesthood, however, soon caused him to abandon his medical studies and seek seclusion in a seminary, where he prepared himself to take the cloth.

CLASH WITH HOLY SEE.

Before he was referred to as "the Great Cardinal," the Abbe Mercier was known to Belgians as "the tall priest" as he stood well over six feet in height. His mental endowments proved to be on a par with his physical appearance, hence it was not long before he attracted the attention of influential persons in the hierarchy of the church. Eventually, when it was decided to create an institute of philosophy in connection with the University of Louvain, Pope Leo XIII recognized the capabilities of the young Abbe Mercier and had him placed in charge of the organization work. Great surprise was occasioned later, however, when it was noted that the priest's teachings were in direct opposition to the doctrine of the more conservative element in the Holy See. He taught that Catholic dogma "did not constitute an ideal which was forbidden to attempt to surpass, or a frontier defining the activities and limits of the mind."

BACKED BY POPE.

Summoned to Rome by his adversaries, then constituting a majority in the College of Cardinals, he argued his case so convincingly that Pope Leo decided the controversy in his favor and soon afterward appointed him Bishop of Malines. He was made a Cardinal in 1907 by Pope Pius X., and then dropped from sight, so far as the world at large was concerned, until the Germans entered Belgium in 1914. Modest, humble, seeking no personal honors, the Prelate of Belgium spent the declining years of his life as he had spent the years before the war—listening his priests and congregations, discussing their troubles, consoling them in sorrow, and preaching to them humility in success.

Following the war, in September, 1919, Cardinal Mercier returned to the United States. As his ship docked in New York he was met by General Pershing, who welcomed him in the name of the American government, and throughout his tour of the country he received many honors and degrees. Cardinal Mercier, in the past few years, has been active in the restoration of Belgium. Particularly has his interest been manifested in the restoration of Louvain University, where he once taught, and in relief work on behalf of suffering children in Central Europe. He participated, also, at the Papal Consistory in 1920.

In 1886 Pope Leo XIII appointed him a domestic prelate, with the title of Monsignor. In 1907, he was given the Cardinal's hat.

DIED IN NATION.

Word has been received here of the death of Natick, Mass., of Thomas Henderson on January 16 last after a few days' illness. He is survived by his wife, a daughter, Mrs. Robert Boyle, Natick; one son, Arthur, also of Natick; six sisters, Mrs. Thomas Hosford, Mrs. Elias Shaw, Saint John; Mrs. Jane Wright and Mrs. Thomas Boyle, Upper Golden Grove; Mrs. Sarah Kechn, Norton, N. B.; Mrs. Marshall Stephenson, Whitman, Mass.; and one brother, Rufus, Saint John. He was formerly a resident of Golden Grove here.

AMOUR BUSINESS.

It was said this morning by the trustee of the Amdur's Ltd. estate that the stock had been sold and would be offered to the general public at once. It is understood that arrangements have been completed by which the firm of Amdur's Ltd. will remain in business here and carry on at their present stand.

CONDITION SERIOUS.

The condition of J. J. Holy was said this morning to be serious. He is a patient at the General Public Hospital and it is understood a specialist arrived from Montreal today to consult with the local physicians who are treating the case.

FIRE THIS AFTERNOON.

An alarm from Box 145 called the North End firemen to the home of James LeClair, 681 Main street, about 2 o'clock this afternoon. The fire was around the grate and mantle and was soon put out by the chemical engine.

ON SAD MISSION.

Mr. and Mrs. George Groat of Chatham, have been called to the city on account of the death of Mrs. Groat's brother, Sydney G. Harding, Charles Harding's son. Mr. Groat, therefore, also came to the city for the funeral.

Backache is Now a Thing of the Past

SO SAYING MRS. A. LAWES AFTER TAKING DODD'S KIDNEY PILLS.

Ontario Lady Suffered With Headache for Two Years, But Was Promptly Relieved by Dodd's Kidney Pills. FRANKFORD, Ont., Jan. 22.—(Special)—"I cannot praise your Dodd's Kidney Pills enough for what they have done for me," states Mrs. Albert Lawes, a well-known and highly respected resident of this place. "About two years ago I had a bad pain in my back and could hardly do my household work. I thought it was my kidneys and tried many things for it without any success. I saw Dodd's Kidney Pills advertised in the papers and decided to give them a trial. Two boxes relieved me and I had no more backaches."

It is statements like the above that have made Dodd's Kidney Pills a household remedy throughout Canada. Dodd's Kidney Pills can be obtained from druggists everywhere, or The Dodds Medicine Co., Ltd., Toronto 2, upon receipt of price, 50c. per box.

LODGE CENTENARY IS WELL OBSERVED

Albion, of Masonic Fraternity, Has Opera House on 100th Anniversary.

Albion, Lodge, F. & A. M., held open house to the members of the craft, last evening, on the occasion of the 100th anniversary of the institution of the lodge.

The evening was opened by Dr. F. A. Godose, worshipful master of the lodge, who announced the occasion of the ceremonies. Following this William Nonnenman presented a beautiful mosaic representation of Solomon's Temple to the craft, through Albion Lodge. On the entrance of Most Worshipful Grand Master George D. Ellis of the Grand Lodge of New Brunswick, the mosaic was presented to and accepted by him on behalf of the Grand Lodge of New Brunswick.

The Most Worshipful Grand Master then delivered an address, after which historical sketches were given by R. W. Brother Archdeacon Crofoot, R. W. Brother LeBaron Wilson and V. W. Brother Hugh Miller.

The C. G. I. members gave a very amusing comedy sketch which greatly delighted the audience, and a motion picture entitled "Up at the Farm" was also much enjoyed.

JOHN F. MORRISON VISITS NATIVE CITY

John F. Morrison, a former well-known resident of Saint John, is a visitor in the old home city, at the home of his brother-in-law, Fred E. Driscoll, 114 Elliot row. Mr. Morrison and family removed to Winnipeg some 10 years ago and this is his first visit here since then.

He arrived on Thursday and has been enjoying renewal of friendships, and they are very many and very warm. All have been glad to see him looking remarkably well.

LAUD CHOR.

The choir of St. Andrew's Kirk was very pleasantly entertained after choir practice last night by the ladies of the choir committee of the church who served delicious refreshments. In short speeches Alex. Wilson, chairman of the music committee, and Rev. J. S. Bonnell, the minister, who were present at the gathering, spoke most appreciatively of the high standard to which the choir had attained in leading the service of praise under the direction of the choir leader, Miss Blanche Thomson, and highly commended the finished organ playing of Mrs. F. J. Hodgson. A very pleasant evening was spent with music and social enjoyment.

THE WEATHER didn't agree with him so the weather man left town.

LAUNCH DRIVE FOR WOMEN'S MEMORIAL

Organizations Aim at \$100,000; Government to Provide Balance of \$250,000

Canadian Press OTTAWA, Ont., Jan. 23.—Representative of 83 women's organizations, both French and English in Ottawa and two Manitoba societies at a meeting here last night, endorsed plans for a \$100,000 drive which is to be launched among the women of Canada for the erection of a national memorial building in Ottawa to Canada's womanhood. Mrs. Asa Gordon, the chairman outlined the project and said that the government had promised to make up a fund of \$250,000, the proposed cost of the memorial, if the women themselves would raise \$100,000 of this amount. Major J. Balharrie expresses the hope that the cornerstone of the proposed building could be laid during the Ottawa centenary celebration week.

BOY SCOUTS AND CUBS HAVE GOOD WEEK FEATURES

Two Lectures on Practical Subjects Prove of Keen Interest

WHAT FIRST CLASS SCOUT MUST DO

Activities of Troops and Packs During Week Are Detailed

Plenty of action marked the meetings of the Scouts and Cubs during the last week. Several of the groups indulged in various games and other features which are always so popular.

Then came a tour of the museum with its varied assortment of wonders. Dr. McIntosh was kept busy answering a multitude of questions from the boys.

FIRST CLASS SCOUTS. In previous articles the Tenderfoot and Second Class tests for Scouts have been outlined. Following are the tests required for a first class Scout.

HOW WEAK GIRLS MAY GROW INTO STRONG WOMEN

The Blood Supply Must Be Kept Rich and Pure—Good Blood Means Good Health—Dr. Williams' Pink Pills Makes Good Blood.

Healthy girlhood is the only path to healthy womanhood. The merging of girlhood into womanhood lays a new tax upon the blood. It is the overhauling of the scanty blood supply that makes growing girls suffer from all those headaches, dizziness, and backaches—all that paleness, weakness and weariness—all that languor, despondency and constant ill-health.

Always Weak and Tired. Anemia is simply a lack of blood. It is one of the most common ailments at the same time most dangerous troubles from which growing girls suffer. It is common because the blood so often becomes impoverished during development, when girls often overwork and overstudy. It is dangerous because of the slow and insidious way in which it tends to grow steadily worse.

Was Terribly Run Down. In almost every neighborhood you will find some formerly ailing girl who has a good reason for it. Dr. Williams' Pink Pills. Among them is Ida M. Withrow, Hardwood, Maine.

Pass an advanced test in first aid. 6. Pass an advanced test in camp cooking. 7. Read and draw a rough sketch map. 8. With an axe fell a rough log.

Many of the city Scouts are working hard to complete their first class tests; this requires time and application as the tests imply and the Scout who finally completes this test is a real Scout and one who will remember his training many years after he has severed his connection with his troop.

NO. 19—ST. JUDE'S TROOP. Twenty-two Cubs were present at last Thursday's meeting. After the opening ceremonies, the usual program of games and instruction was followed.

NO. 5—ST. JUDE'S TROOP. Meeting opened at 7 o'clock, with A. S. M. Wm. Edwards and S. M. T. A. Linton in charge. Games were enjoyed with the Kiki Scouts, who were our guests for the evening.

I. O. D. E. Offering Prizes For Various Writing Competitions

The National I. O. D. E. prizes for a short story, a one-act play and for a Christmas card competition, have just been announced. A prize of \$200 is being offered by Mrs. R. M. Wood, of Vancouver, for a short story of not less than 2,000 and not more than 6,000 words, preferable dealing with Canadian life. Competitors must be British subjects resident in Canada, and the story may be written either in French or English and typewritten. A prize of \$100 is offered by Preble MacIntosh, of Montreal, for a one-act play the presentation of which should not occupy less than 20 or more than 40 minutes. The same regulations govern the competition for the one-act play as are given for the short story. PARTICULARS OF ENTRIES. Entries should be marked "I. O. D. E. Art Competition" and should be addressed to the National Educational secretary, 238 Bloor street East, Toronto 5, Ontario. A competitor may submit more than one design but each entry should be sent in separately. MUSIC FROM AIR. Mrs. S. T. Creet, of Beamsville, Ont., is offering \$100 for a Christmas card design and the competition is being broadcasted from airplane. LONDON, Jan. 23.—London artists open to all British subjects resident in Canada and the design is to include a sketch in color for the outside of the card, and words of greeting for the inside. This competition will close on Feb. 1, 1926.

Women Dispose. Of this new hygienic pad as easily as tissue—no laundry. COUNTLESS women have discarded old-time "sanitary" pads for a new and better way. A way that offers far greater protection. A way, too, that banishes the old-time problem of disposal. Eight in 10 better-class women now use "KOTEX". Discards as easily as a piece of tissue. No laundry. No embarrassment. Five times as absorbent as ordinary cotton pads. Deodorizes, thus ending ALL danger of offending. Obtainable at all drug and department stores simply by saying "KOTEX". You ask for it without hesitancy. Package of 12 costs only a few cents. Proves old ways a needless risk. In fairness to yourself, try it.

FORKE-KING PACT TO BE NEEDED SOON Cabinet's Durability is Held Unpromising if Effort Fails

OTTAWA, Jan. 22.—A conference this morning between the executive of the Progressive party and the government is regarded as further proof of a movement toward closer co-operation between the Liberals and the Progressives, and the view is now more widely held that unless some such understanding or agreement is effected within the next three or four weeks, the durability of the King ministry will not be promising.

Liberals now claim that the government will be sustained on the division

which will conclude the debate on the Speech from the Throne, as it is understood that two or three of the five Progressives who supported the Conservatives on the initial division will vote with the Liberals.

The boy had been strangled with a blanket and his body was found upon the floor.

The husband was at his work in a local machine shop.

Famous Old Recipe for Cough Syrup

Thousands of housewives have found that they can save two-thirds of the money usually spent for cough preparations, by using this well-known old recipe for making cough syrup at home. It is simple and cheap but it has no equal for prompt results.

Get 2 1/2 ounces of Pinex from any druggist, pour it into a 16-oz. bottle and add plain granulated sugar syrup to make 16 ounces.

If you prefer, use clarified molasses, honey or corn syrup, instead of sugar syrup.

NEW CAPE BRETON MINE PACT SOUGHT

Workers Meet Feb. 1 to Talk of Parley and Report of Royal Commission

Canadian Press Despatch. HALIFAX, Jan. 22.—The United Mine Workers of America, District 26, comprising practically all the 12,000 coal miners in Cape Breton, will hold a convention at Glace Bay beginning next Thursday, at which they will study the report of the Royal Commission which recently concluded an investigation into the Nova Scotia coal mining industry, and will also arrange to enter into negotiations Feb. 1 with Vice-President McLaughlin and other officials of the corporation looking toward a new wage and working agreement for 1926.

Since August last the miners have been working under an interim wage agreement entered into through mediation of the Nova Scotia Government following a strike that had lasted from the previous March.

Too Tired To Go Out Nights? Beware of Chronic Fatigue

Thousands of men and women think that it is because they work too hard that they are "all-in" every evening—too tired to go out to a show, or to play with their children—when in the great majority of cases the real cause of their weak, worn-out feeling is that they are victims of chronic fatigue.

Don't confuse chronic fatigue with the "healthy" fatigue you feel after vigorous exercise. Chronic fatigue comes from within. Your organs and muscles have become debilitated due to lack of sufficient organic iron in your blood.

To conquer chronic fatigue you must strengthen your system by restoring this organic iron to your blood.

Don't take the older mineral iron medicines which many doctors now say do little good. Take organic iron—Nuxated Iron—like that in spinach and lentils. Unlike ordinary mineral iron it will not injure the teeth or disturb the stomach, but is promptly assimilated.

Take Nuxated Iron for just 2 weeks and you'll be astonished how that miserable, tired feeling vanishes, and you feel stronger and better in every way. Money back if not improved. At all good druggists.

A fine fellow he looked in peruke, ruffes and a sword," she comments. "But in this democratic era, man is shorn of his plumage and has but one sombre uniform left to fall back on—dress clothes."

FLATS TOO SMALL FOR TALL HUSBANDS

Consequent Demands For Short, Compact Men, London Actress Asserts

LONDON, Jan. 23.—In these days of small houses and cramped flat tenement are not as much in demand as husbands as in the more spacious days of the Victorian era.

At least Eleanore Terris, among the leading English actresses, says she has made this discovery and contends that the short, compact husband is better suited to the new scheme of things in which brevity and compactness are so desirable.

She feels she is competent to deliver an opinion on this subject, since her husband, Seymour Hicks, also well known on the London stage, is "between" and between.

Miss Terris says that the tall man, the type of well over six feet, reached the heyday of his popularity in the decorative days of the eighteenth century.

"A fine fellow he looked in peruke, ruffes and a sword," she comments. "But in this democratic era, man is shorn of his plumage and has but one sombre uniform left to fall back on—dress clothes."

SICK ABED EIGHT MONTHS

After Taking Lydia E. Pinkham's Vegetable Compound Could Do All Her Work and Gain in Weight

Melfort, Saskatchewan.—"I had inward troubles, headaches and severe pains in my back and legs. I was so sick generally that I could not sit up and I was in bed most of the time for eight months. An aunt came to visit and help me as I was unable to attend to my baby and could not do my work. She told me to try Lydia E. Pinkham's Vegetable Compound, and after taking two bottles I could get up and dress myself. I also took Lydia E. Pinkham's Blood-Medicine. When I first took the medicine I only weighed seventy-eight pounds. Now I weigh twice as much. If I get out of sorts or weary and can't sleep I always take another bottle of the Vegetable Compound. I find it wonderfully good for female troubles, and have recommended it to my neighbors. I will be only too glad to answer any letters receive asking about it."—Mrs. W. M. CURTIS, Box 486, Melfort, Saskatchewan.

Still Enjoying Life at 84

Thanks To That Wonderful Remedy MILBURN'S HEART NERVE PILLS

Mrs. F. E. Miller, 1843-11th Ave. East, Vancouver, B.C., writes:—"Five years ago my husband suffered terribly with severe attacks of palpitation of the heart and smothering spells, and two doctors stated that he could not possibly live six months."

A friend recommended Milburn's Heart and Nerve Pills, with the result that my husband is still enjoying life at the age of 84 years.

He has improved so wonderfully that he can now climb the stairs without having those awful pains in his heart."

MAN IN LIFE FIGHT WITH SEA CREATURE

Attacked While Fishing Near Prince Rupert Harbor Entrance

Canadian Press Despatch. PRINCE RUPERT, B. C., Jan. 22.—Attacked by a strange sea creature while fishing in the vicinity of the harbor entrance, Louis Stephens had the fight of his life to beat it off when it attempted to get into his boat.

Stephens declared that he was compelled to use his utmost strength and any weapon that lay handy to force the creature back into the water where it finally vanished.

NORTON MAN GETS FAREWELL GIFT

NORTON, Jan. 22.—Friends of Preston J. Wilcox met at the station Thursday to bid him farewell as he was leaving for Boston to take a course in a university there. Before leaving Mr. Wilcox was presented an address and a purse of money by the members of the United Baptist church, where he had been assistant organist and superintendent of the Sabbath school.

IN OLD CAVES.

PARIS, Jan. 23.—Cave dwellers once lived in the interior of Mt. Valerien under the spot where several thousand American soldiers are now buried, workmen discovered recently while laying a water pipe. Various inscriptions, including "The year 1037" were found. The abbey there was a favorite place of refuge in the days of Henry I.

Peter The Great Drank Much English Beer

How Peter the Great at one time could not obtain enough British beer was told by Sir William B. Peat, chairman of the directors of Allsopp & Sons, at the annual meeting of shareholders in London recently, according to the London Post.

In the earliest years of their brewing, he said, it was found expedient to continue to send beer to London by account of highwaymen and foot-pads. A great trade was later done with the Baltic ports, and Peter the Great, Czar of Russia, and his Queen, Catherine, became customers of their "and drinkers of our best beer." On one occasion a complaint came from St. Petersburg that not sufficient supplies were being received. A reply was sent pointing out that 600 hogsheads had been delivered and that no more could be supplied.

MEN ADOPT "WAIST LINE"

LONDON, Jan. 22.—The "waist line" in dress is not only being revived for women, but men are adopting the idea, which up to the present has been in vogue among the more smartly dressed army officers. Youths about town are now wearing double-breasted reefer coats with a sharp waist line, and the latest dress and dinner jackets are cut on the same lines.

\$1000 Prize About To Be Awarded

Who is the Clever Winner of the Name Contest Now Before Judges? Who Gets \$1000 Presented By Consumers Coal Co.?

Somebody in Saint John is going to get the surprise of his or her life next week. A certified check for One Thousand Dollars is to be thrust into a certain hand with the compliments of the Consumers Coal Co., Ltd.

Who it is will soon be known. Imagine—a whole thousand dollars just for a name.

It will need to be a wonderful name, for it surely is a wonderful coal. A name to guide the public in ordering a special quality of Welsh Hard Coal. A quality so particular that merely asking for Welsh Coal would not guarantee your getting this exact sort.

Hotter, Longer Lasting

There is quite a Coal Romance behind this \$1,000 Award which is now before the independent judges. Four years ago the Consumers Coal Co., Ltd. believed the world famous Welsh mines contained the finest coal in the world. They obtained thousands and thousands of tons, testing one type after another; gathering a wealth of facts from customer reports in confirmation of scientific analysis. Finally they had every proof that a certain Welsh Hard Coal delivered better satisfaction than any other—freer burning and longer lasting than any other Welsh, Scotch or American anthracite.

This hottest of all Hard Coals showed the tiniest of ash content. So little ash in fact that it ran from one quarter to a half that of other highly regarded coals. In other words it had so much more actual coal than ash that it produces up to \$3 more heat value per ton. And the city cash price is but \$16.50 sluiced.

At first this Welsh coal was sold as received, a mixture of sizes and some slack caused in shipping over a long, rough voyage. Today we have a better Welsh coal, hand picked, sized and screened by the most modern equipment in the East. Naturally it is far more efficient than ever.

Names of independent judges and further particulars of \$1,000 award will be published Monday.

Real Estate Mortgage Bonds

Mortgages on well-located city land and buildings are a popular form of investment, because of the stable nature of the security.

Real estate mortgage bonds enable the investor of moderate means to participate in loans on large business and residential properties.

These bonds have several advantages and additional safeguards as compared with individual mortgages. They are readily negotiable, interest is collected at your bank on presentation of maturing coupons, and sinking funds steadily reduce the amount of bonds outstanding.

Upon request, we will submit particulars of current offerings of this type.

FRED BAILEY WON ALL HIS 14 RACES

"Mike" Walsh a Whirlwind—One Member Now is Priest.

Pressure of space in Friday's skating edition caused an oversight of some of the more than local note were not more than mentioned with the others. These included Wilson Breen, brother of the former champion, Fred Breen; Fred M. Bailey, Mike Walsh, the pride of West Saint John for several seasons, "Joe" McLaughlin whose skating career was cut short by his theological studies; Roy Lawson, a lad who broke into speed a few seasons ago, but discontinued racing; Elmer Ingraham, now a postal clerk, and others.

FRED M. BAILEY

One of the old time skaters in Saint John who never lost a race was Fred M. Bailey, repeater chief of the Western Union Telegram here. All his racing was done in the year 1885 and in that year he skated 14 races, coming in ahead in all of them.

His first race was in the Victoria rink, where he defeated a field of eight, among them Charles Whippley. The other thirteen races were all skated on the Lansdowne Rink, now St. Andrew's curling rink.

His big race was a two mile match with G. Wilford Campbell and it took the judges 45 minutes to settle who had won, so close was the finish. The race started from opposite sides of the rink and at the start Mr. Campbell had everything his own way, being half a lap to the good at the end of the first mile. From that time on the skaters of Bailey began to tell and he gradually drew up on his rival. When they crossed the line at the end of the second mile it seemed as though they had skated a tie but after due deliberation the judges decided that Bailey had won by six inches.

Mr. Bailey skated the first mile in this race in 3:38 and the second in 3:28, making the time for the two miles 7 minutes flat. The following year Mr. Bailey retired from the skating game.

MIKE WALSH'S CAREER.

Conspicuous among the skaters for steady campaigning all over the Maritime Provinces, was Mike Walsh, of West Saint John. He was a regular whirlwind and it was always an open question in his prime days if he was not the fastest man on skates in this section of the Dominion. Away back in 1892 Walsh won the Maritime championship on the Victoria rink, when only a lad of 14 years, defeating grown men. As Mike says, he never was a boy.

Throughout the nineties Walsh was in every important meet defending his title, his special rivals being Bart Duffy, Billy Merritt, Ned Dalton and later on Fen Parker. In fact when going among this group, and after a career punctuated with periods of rail-roading in the State of Maine, in Nova Scotia, and in South Africa, and finally laid off by serious physical injuries, the West End flyer retired in 1908.

SOME WALSH FIGURES.

In his skating year Mike Walsh is credited with the unofficial mark of 17:45 sec. for 200 on Victoria rink with a genuine official record of 19:15 also with having paced Joe Donohue of New York when he made the Victoria circle in 2:23. In fact when in his prime Walsh's skating simply sparkled with fast time. He toured eastern Canada with Joe Donohue giving amateur exhibitions and at one time Davidson, Canadian amateur champion backed out of his contract to skate him in Sydney.

WILSON BREEN.

Wilson Breen is still believed by many to have been faster than his champion brother, Fred, although they never put it to the test. He was a professional and his most notable match was when he defeated Laidlaw, Nova Scotia ace. It was arranged that he should meet Joe Donohue, American champion. Donohue is said to have wiggled out of the arrangement. Mike Walsh says Wilson Breen would have beaten him and Donohue knew it. Mike also said that Breen was the fastest all-round skater Saint John ever had, but he didn't race often enough to prove it to the world. Wilson Breen is now a building contractor in Massachusetts.

OTHER OLD TIMERS.

Upon reflection, other names of fast skaters in this locality bob up. There was Ernie Wright of the younger generation who had the mark of championship in his performance about 18 years ago. Away back in the old days were Billy Lamb and Joe Wallace. And who can remember far enough to recall George Beverly, juvenile champion? Also "Mungo" Higgins, a plump little youngster who traveled near and far and made a cleanup everywhere as a boy wonder? Higgins met death in a burning accident years ago. Robert (Kit) Carson, who passed away in North End two months ago, was another by-word skating personality in the old days. He had more than 150 trophies.

REV. JOSEPH McLAUGHLIN.

Joe McLaughlin, now Rev. Jos. L. McLaughlin, C. S. S. R., of London, Ont., was one of the boy sensations over 20 years ago. As a High School lad he showed his heels to most of the seasoned skaters, then doing most of the winning, and had it not been that his sporting career was interrupted by preparatory studies, he might have climbed to the top of the list. Indeed, during vacation periods, when he would be home from college, he took delight in administering friendly defeats to his former rivals.

ELMER INGRAHAM.

Elmer Ingraham won the boy's championship of Canada and the

Saint John Actor In \$2,000 Week Class; Moncton Girl Is Dancing In Broadway Bill

A recent theatrical magazine states that Walter Pidgeon, Saint John, who has graduated from musical comedy hero roles into the status of a moving picture leading man, started in the pictures at a salary of \$1,500 a week, with the promise of \$500 extra upon the completion of his second picture. After appearing in "Mannequin" for the Famous Players Lasky Corporation, Mr. Pidgeon played opposite Corinne Griffith for First National, and is now taking a picture with Norma Talmadge as his leading lady.

NOW ON BROADWAY.

Margaret Thompson, daughter of Mr. and Mrs. F. L. Thompson of Moncton, who will be remembered by

Saint John people as having done professional dancing in the Imperial Theatre last winter, is meeting with much success in the U. S. centres. After a demonstration of her art she became attached to the solo dancing staff of the Broadway production, "Lady Be Good," and later went on tour with that organization. The last engagement of this popular musical comedy was a month at the Colonial Theatre in Boston, ending in December. Miss Thompson is now appearing in the Broadway production of "Rose Marie," which position she gained after a single rehearsal. It would appear from these first experiences that the little Moncton lady is destined to go far in her profession.

SIXTY-SEVENTH BIRTHDAY

Very Rev. F. L. Carney, V. G., rector of St. Dunstan's, Fredericton and former pastor of St. John's, Thursday celebrated his sixty-seventh birthday.

TRANSFERRED TO HALIFAX

Major T. Raban Vince, of headquarters staff, Military District, No. 7, has been transferred to Halifax and with Mrs. Vince and family will leave Saint John about May 1 to reside there.

CARDS ENJOYED.

The Ladies' Auxiliary of the A. O. H. held a very successful card party in their rooms at Union street last evening. The following were the prize winners: Ladies, first, Miss Mary O'Brien; second, Miss Laura Walsh; gentlemen, first, Clement Donovan; second, Mr. Miller.

BIBLE SOCIETY WORK.

Miss Henderson, Bible woman in Saint John, gave an interesting address on her work and the work of the Bible Society before the members of the C. G. I. T. of the Main Street Baptist Church last night. Her audience was most appreciative and hearty thanks was extended to Miss Henderson.

MISS BEATTY ENTERS.

Through an oversight the name of Miss Sybil Beatty of West Saint John, was omitted from the list of entries for the ladies' skating meet. She will skate under number 149 and being in good form is looked to, to keep the name of Saint John to the fore. Miss Beatty is Maritime champion.

FOR ORGAN FUND.

The Ladies' Needlework Society of Saint John (Valley) Church held a successful rummage sale in the Sunday school yesterday afternoon. Miss Mabel Sidney Smith, the president, was general convener and was assisted by members of the society. The sum of \$95 was realized for the organ fund of the church.

IN HONOR OF BIRTHDAY

About 50 friends of Mrs. L. A. Stevenson, 145 Prince Edward street, gathered at her home to honor her birthday. The evening was a lovely shower. The evening was pleasantly spent in dancing and games. Refreshments were served by the hostess, assisted by Mrs. G. Hanson and her daughter, Mrs. J. Walker. All wished Mrs. Stevenson many more such happy birthdays.

MOVES TO SPRINGFIELD

Fred W. Girvan, until recently district manager of the Crown Life Insurance Co., left last week for Massachusetts, taking his son, Master Donald, to his school at Northampton. Mr. Girvan will make his home in Springfield, where he will be associated with The City Life Insurance Co. He will be much missed among his many friends here.

HAD SLEIGH DRIVE

About twenty members of the Pioneer Club of Victoria street Baptist church and lady friends, held a very successful sleigh drive last evening despite the zero weather. After a drive of four miles they returned to the church hall, where the remainder of the evening was enjoyable spent in games and music, following which delicious refreshments were served by the ladies of the church.

CLOTHING WAS AFIRE

Yesterday afternoon at 4 o'clock the fire department responded to an alarm from box 15, Prince Edward street near the Victoria street foundry, for a slight fire in a tenement owned by the Eastern Trust Company. The fire was among some clothing hanging behind a door on the second floor, and is supposed to have been started by children playing with matches. The blaze was quickly extinguished by the chemical.

AUXILIARY ENTERTAINED.

Eleven members of the Auxiliary of the Loyal True Blue Association were entertained last evening at the home of Mrs. O. C. Ward, Duke street. Mrs. Harry Brown, the president, presided. Sewing and quilting were accomplished and a social half hour enjoyed. The hostess, assisted by Mrs. G. Reed, served dainty refreshment. The auxiliary will meet on next Friday evening at the home of Mrs. Lillian Clark, Dorchester street.

United States at a big Montreal meet between 15 and 20 years ago. At that time, he was one of the most formidable youngsters Saint John ever turned out at the skating game and had it not been that he, too, concentrated on preparation for his workday life, he might have kept well to the front amongst the topnotchers. At this time Mr. Ingraham is one of the prime movers and workers in sporting matters pertaining to Saint John and his valuable help is always appreciated.

BART DUFFY'S RECORD

The skating section carried a report that Charlie Gorman had broken Bart Duffy's half mile record for the Victoria rink last year. This is declared incorrect and Duffy's record, 1:21 1/2 seconds still stands.

NICE WINTER DAY AFTER MERCURY DIP

Twelve Below Early This Morning But Above This Afternoon—Elsewhere

The change in weather since yesterday brought the mercury down to 12 below here early this morning, but this afternoon it had climbed above the cipher again and it was a nice winter day, with bright sunshine. The probabilities are for continued fine cold weather, D. L. Hutchinson, of the Meteorological Bureau, said this morning. This cold snap did not reach the low record achieved last winter, when the mercury dropped to 19 degrees below on Jan. 18.

STORIES DIFFER AS TO TROUBLE IN MILL

Police Court Matter Goes Over Till Monday For More Evidence

Jerry Chapman was charged in the Police Court this morning with having assaulted Jerry Finnegan yesterday in the cotton mill. Finnegan told his Honor that Chapman had ordered him to do something and the witness had refused, remarking that Chapman was not his boss. He said Chapman then caught him by the throat and struck him with a bat.

Chapman vigorously denied all this and said that the complainant had used obscene and insulting language to him and he had made him withdraw it. He did not go to the court with Finnegan. His Honor allowed the case to stand until witnesses could be called to court. The case was set over until Monday at 10:30 a.m.

WORK FOR MISSIONS

Fairville Baptist, Wideawake Band Realizes \$25 at Sale and Tea

The Wideawake Mission Band of the Fairville Baptist church under the direction of Mrs. William Harris, held a delightful afternoon tea and sale yesterday afternoon in the church school-room. Red geraniums and green foliage made an effective decoration. The tables were well patronized. Members of the W. M. A. S. assisted the children. Thomas Kerrigan and Mrs. Joseph Maxwell presided over the tea and coffee urns, and Mrs. W. Harris, Mrs. Harry Carr and Mrs. C. H. Bevelidge replenished. The Wideawake band members who served were Misses Ruth Kerrigan, Mary Clark, Lella Makepeace, Marion Maxwell, Zena Laidlaw, Edna Reed, Myrtle Laidlaw and Margaret Patterson. A fancy work booth was in charge of Miss Alice Finley and Miss Minnie Parker; a booth in charge of the following boys: Kerr Smith, Winfield Allingham, Burton Huestis and Ralph Finley. The sum of \$25 was realized for missions.

Mrs. A. White Left Relatives Here

Mrs. Arthur White, who died on January 19, at her home in Ormococt after a brief illness, is survived by her husband, an infant ten days old, also her mother, Mrs. Margaret Mitchell, of Armstrong's Corner, three sisters, Mrs. Fred Davis, of Armstrong's Corner, and Mrs. Vernon McCumber, of Fairville, and five brothers, Thomas and George, of Saint John, Fred and John, of Detroit, Mich., and James, of Armstrong's Corner.

Mrs. White was formerly Miss Myrtle Isabelle Mitchell, of Armstrong's Corner. Her death came as a shock to many friends. She was a member of the choir of the United Church at Ormococt, an earnest worker in the church and Sunday school, and beloved by all who knew her.

Her funeral took place from the church on Thursday afternoon, and was attended by many relatives and friends. Rev. M. Chapman, pastor of the church, conducted service and the choir sang the hymns "Rock of Ages," "Nearer My God to Thee" and "Abide With Me." There were many beautiful floral tributes expressing sympathy to the bereaved family. Interment took place in the cemetery at Ormococt.

Mr. and Mrs. McCumber and daughter, Hazel, had returned home from Ormococt after attending the funeral.

ALUMO SKATES

Lighter! Stronger! Faster!

ALUMNOS are lighter because of their scientific construction. The steel runner and aluminum body are moulded together in one operation. No rivets or joints to collect rust, loosen or come apart.

ALUMNOS are stronger—practically indestructible because of the selected material and extremely accurate patented construction.

ALUMNOS are faster because they are lighter. You'll note the difference the moment you take an Alumo in your hand. Lighter weight makes skating faster, easier and less tiring. Made in Racing, Hockey and Arena models for men and women.

Satin Finish, \$6.00. Polished, \$7.00.
