ONE OF PANAMA'S CAPITALS HAS BEEN CAPTURED

Costa Rican Forces Have Taken Bocas Del Toro—Part of Province Overrun.

San Juan, Del Sur, March 5.—Bocas Del Toro, capital of the Panamanian province of the same name and situated at the southern end of Columbus island, off the east coast of Panama, has been taken by Costa Rican forces. Many casualties were inflicted upon the Panamanian troops, and the Costa Ricans took 150 prisoners, so it is said in reports reaching here.

General Volio is marching from San Jose, with 2,000 men to the vicinity of Coto, on the Pacific end of the frontier between Costa Rica and Panama.

Panama, March 5.—Costa Rican forces have crossed the Panama frontier and appear to have overrun the northeastern section of the province of Bocas Del Toro.

San Jose, Costa Rica, March 5.—Reports of fighting along the Panamanian frontier, and the announcement of the death of Colonel Obregon at Coto, have aroused the people of Costa Rica, and large numbers of men are volunteering for service in the army. It is said here that Col. Obregon's small detachment at Coto was overwhelmed by forces of 1,400 Panamanians.

There is some disposition to lay responsibility for the present situation on the United States government. It being declared that no pressure was brought to bear upon Panama to secure that country's assent to the frontier arbitration award handed down in 1914 by Chief Justice White.

REPORT WOUNDING OF GENERAL MACKREADY

Sinn Feiners say that as the result of a recent ambush they injured General Sir Neville Mackreedy, commander of the crown troops in Ireland, inflicting a bullet wound in the shoulder.

As Hiram Sees It

"Hiram," said the Times reporter to Mr. Hiram Hornbloom, "what do you make of President Harding's inaugural address?"

"Well," said Hiram, "we had an old fellow out to the Settlement one time that said the dictionary was mighty good readin'. I guess maybe he'd be tickled to death with Harding's speech."

"But I asked," said the reporter, "for your opinion."

"We had another fellow in them soviet countries," said Hiram, "last was awful fond o' readin' Hebrew. 'Down in them soviet countries,' said Hiram, 'they kin talk more an' say less than anywhere else in the world—an' it's ketchin'.' He might-a-knowned what 'ud happen. If he'd jist handed out the dictionary an' said 'Here, fellers—climans,—' he'd a-made a bigger hit—yer, sir."

Paired—Loggie.

AGED 20, IS 4 TIMES MARRIED IN THREE YEARS

Hammond Also Declared to Have Been Deserter From Navy and Army.

New York, March 5.—Married fourteen times in three years, a deserter from both the army and navy, and now serving a term in the naval prison at Portsmouth, N. H., comprises the alleged record of Harold Hammond, twenty years of age. This was revealed here yesterday in annual proceedings brought by the first and second wives.

The court was told that Hammond enlisted in the army in the fall of 1917, and soon afterwards deserted from Fort Eban-Alton, Va., and came to this city, where he married. On the following day he was arrested and sent back to his command. Then, it was said, he deserted the army and enlisted in the navy under an assumed name, and that once in the navy, he "had a sweetheart in every port," a good many of them he subsequently wedded.

Hammond's attorney said he "married girls all the way from Maine to Virginia," and declared "married twice on the same day."

Germans May Make New Proposals on Monday

Lloyd George Has Conference With Beatty on Naval Programme—German Officials Incensed but People Too Much Disheartened to Care.

London, March 5.—Germany's "real offer" will be forthcoming on Monday, when her delegates appear before the supreme allied council to deliver the answer of the Berlin cabinet to the allied ultimatum presented on Thursday, so it was said in some quarters here today.

It was declared that the German representatives were busy while formulating fresh proposals.

Lloyd George conferred yesterday with Admiral Sir David Beatty, commander of the fleet, on the situation which would arise should the allies decide to apply penalties to Germany.

Authoritative information was claimed by the Daily Sketch that in case of a blockade, both the North Sea and the Baltic would be the scenes of a naval demonstration and that Great Britain, in concert with France, had made preparations to establish a naval cordon along the German coast.

Some newspapers here today made the point that if Germany expected "crumbs of comfort" from President Harding's inaugural address, she was mistaken.

Berlin, March 5.—Germany's economic life will be seriously affected by the measures the Allies threaten to take if the government does agree to the terms laid down by the supreme council in Paris, but they cannot prevent the government from refusing to sign obligations which cannot be fulfilled, in the opinion prevailing in authoritative circles here.

A semi-official statement was issued yesterday showing the economic effect of the coercive measures threatened against Germany.

A committee of experts, under the presidency of Konstantine Feinbach, the chancellor.

Following the suspension of the sitting of the Reichstag yesterday, during which Independent Socialists and Communists caused considerable disorder, Paul Loebe, president of the chamber, disappeared.

When the time for resuming the session had come, none of the members knew what the next move would be, and finally the chamber adjourned, without fixing a date for the next meeting.

Berlin, March 5.—Though Lloyd George's answer did not come as a surprise, his angry tone has caused irritation in government circles here, but the masses of the people have grown too callous from the miseries of war and revolution, seem very little impressed by the penalties threatened by Lloyd George.

Many German newspapers cannot refrain from associating Harding's inauguration with the Entente's procedure in London, some expressing the idea that Briand and Lloyd George have arranged to face the new president with a fait accompli.

The Neue Berliner Zeitung says:—

"The Entente's ultimatum is directed not only against Germany, but also against America. The United States until recently refused to be concerned with the restoration of order in Europe, but it has a decided interest in the preservation of the German market, and therefore cannot approve the sanctions because these only increase the uncertainty and prevent a return of prosperity in finances, economics and buying power. America, therefore, faces the question of what is more profitable, to cancel completely or partly the Entente's debts or preserve the German market."

"Figures hardly suffice to solve this problem. Only a keen yet still somewhat risky, estimate of future chances may serve."

LEAPS TO STREET, SLASHES WOMAN WITH A RAZOR

New York, March 5.—Theatre crowds in Columbia Circle were thrown into a near panic last night when they saw an unidentified man spring from a doorway, seize a young woman and slash her face and throat with a razor. The man escaped, leaving the woman with a serious wound.

The woman, Mrs. Grace Adams, was a cigar clerk in a nearby cabaret. Her wounds were serious.

MAINE READY TO PAY HALF THE COST OF BRIDGE

Hon. J. E. Michaud Gets Word About Structure Across St. John at Edmundston.

Fredericton, N. B., March 5.—Hon. J. E. Michaud, of Fredericton, received word while attending a meeting of the provincial government here that the State of Maine had passed a bill providing for that state accepting responsibility for one half of the cost of the proposed new international bridge across the St. John River between Madawaska, Maine, and Edmundston, N. B., and that Governor Baxter had agreed to sign the bill as passed.

Some time ago the State of Maine passed \$25,000 towards the substructure of the bridge; the Dominion government had agreed to pay one half of the cost of the bridge and in fact the contract had been awarded to D. C. Burpee and Son of Devon at an estimated cost of \$250,000 for the entire structure, when the work, which was just getting underway, some months ago, was suddenly stopped.

Hon. Mr. Michaud expressed himself as confident upon receipt of the news from Maine, that this season would see the construction of the new international bridge and declared it would be a great boon to business on the Upper St. John, where it had been advocated as far back as 1869 and 70. "This new bridge," he said, "will connect the shortest direct route by highways for automobile traffic from Boston and New England points through to Quebec."

THE PAIRING GAME HELPED GOVERNMENT

Majority Would Have Been Cut to About 18

Ottawa, March 5.—The practice of pairing secured a further jolt in the division on the King amendment. The voting showed that every Liberal and every progressive member was in his place, ready to do his part. There were no absentees from the opposition side except from No Mans Land, and yet nine votes were given to the government because of this practice of pairing. Dr. Molloy, Liberal member for Frowencher, paired with Hon. P. S. Tolinic on compassionate grounds because the latter's brother was very seriously ill with the possibility of a fatal termination. In another year Dr. Molloy had been given a pair under similar circumstances when his wife was passing through the crisis of an illness that threatened a fatal termination, and he offered to pair on his own initiative. The pair terminated at 8:45 o'clock on Thursday night, but the chief Conservative whip asked him to continue it if he was done, but Dr. Molloy is off pairing for ever, no matter what his whips do. His name was omitted from the list of therefore, but for the fact that he spoke in the house, there would have been nothing to indicate his desire for a general election soon. That was ingratitude personified if it were not a mistake.

Hon. A. K. McLean paired with W. S. Loggie, member for Northumberland, who was too ill to be present. W. A. Buchanan, member for Lethbridge, paired with R. L. Richardson, member for Springfield, who is seriously ill. Deputy Speaker Bolvin paired with Hon. N. W. Rowell, who is understood to have asked the government not to pair him. He was paired, nevertheless, though the deputy speaker probably knew nothing of Hon. Mr. Rowell's wishes in the matter.

Then the progressives helped, Dr. Clark of Red Deer pairing with Sir Robert Borden, J. A. Maharg, member for Maple Creek, pairing with Hon. T. W. Crothers of West Elgin, and A. Knox of Prince Albert with Sir Sam Hughes.

In most of these cases the pairing did credit to the hearts of those concerned if not to their heads or their stern devotion to their belief that a general election is necessary soon. In the case of Deputy Speaker Bolvin especially it was not calculated unless it is the belief of Hon. Mr. Rowell that the government should continue in power for another year without an election. His resignation from the ministry, and his published declarations regarding his reason for not resigning his seat, do not support this view, and the belief of most here that the government had no authority from him to secure a pair.

If none of these pairs had been granted the government majority would have been only sixteen. If J. A. Campbell, member for Nelson, had not had to rush for a train just before the vote, after waiting for it all night, the majority would have been fifteen unless some of those absent had been carried into the chamber or assisted in as was Gus Porter, member for New Hastings.

There had been three or four Liberal absentees who were ill when the session commenced. The premier would not pair one of the No Man's Land group with Sir Herbert Ames, but he refused to accept such a pair. At the most, but for the practice of pairing, the government could not have had a majority of more than eighteen, and might have had fifteen, which is a stable majority. It would have been subject to considerable emancipation during the session. The government's place is none too secure, even with constant vigilance.

The question of discouraging pairing under all circumstances will now become a live question at Liberal and progressive caucus. One thing the government did not do was to pair Sir Thomas White. The opposition contention that his seat is vacant prevented that. He at least did not cancel an anti-government vote in the house.

REFUGEES IN PITTABLE PLIGHT

Forty Thousand Greeks and Russians at Saloniki—The Near East Problems.

Athens, March 5.—The conditions of some 40,000 Greek and Russian refugees who are quartered in tents, barracks and camps at Saloniki has been called to the attention of the Greek government by Colonel Robert Olds, of the Red Cross, who described the plight of the refugees as pitiable. He offered on behalf of his organization to save the 4,000 children of the camps, who were reported dying at the rate of forty a day, provided the Greek government would supply part of the funds for food.

These refugees are for the most part Greek subjects brought from the southern Caucasus for the purpose of colonizing Thrace.

London, March 5.—During the next few days members of the supreme council and representatives of the Turkish government of Constantinople and Ankara, and Greece, will hold private conferences for the purpose of finding a common basis for the discussion of problems arising out of the settlement of questions pertaining to the Near East.

A man who told the police he was John F. Berlin, proprietor of a Johns-town, Pa. hotel, was held for questioning. He had registered with the girl at the hotel on last Tuesday.

After last night's performance, Berlin said, Miss Woodward arrived at the hotel at two o'clock this morning, later than usual. Almost immediately afterwards, he said, she walked to the window and delivered an address in which she stated before he could reach her.

Another member of the chorus, Miss Steele, told police that Miss Woodward had a stepbrother in Ironton, Ohio. She also was known as Bonnie Stormas.

IMPORTANT WORKS IN THE HOLY LAND

Announcement Made by Sir Herbert Samuels—The Position of the Bedouins.

London, March 5.—Important government works will be begun in Palestine following the approval of Great Britain's mandate over that country by the League of Nations, said Sir Herbert Samuels, high commissioner for Palestine, in a speech at the House of Commons today.

He said a government for Palestine would be issued, and the proceeds would be utilized for developing railways, postal, telegraph and telephone services, highways, harbors, government buildings, water supply plants and other public institutions. A despatch received here reports these matters.

Sir Herbert, representing the Arab community of Beersheba, questioned the high commissioner whether the Bedouins would be called upon to pay the same taxes as the Fellahs, and whether, in accordance with the Bedouin custom, women would be exempt from appearing in court, or set aside any other of their recognized customs.

Sir Herbert replied that there was no intention of interfering with the ancient customs of the Bedouins and the administration recognized the different parts of Palestine would necessitate different methods of taxation.

New York, March 5.—A city wide police search was instituted today for Abraham Brown, 100 years of age, missing since yesterday. His seventy-five year old daughter, with whom he lived, said he was accustomed to taking long morning walks, was very active and seemed he had met with foul play.

CLOSING DAY OF ST. LOUIS FUR AUCTION

St. Louis, Mo., March 5.—The winter auction at the International Fur Exchange was winding up here today with nearly a million pelts scheduled for sale.

The last day of the sale was to be given over to Australian furs, the offerings being Australian red fox, wallaby, kangaroo, wombat, ring tail and opossum.

Fur men say that the prices at the present auction have been satisfactory. While ranging from ten to seventy per cent above the peak prevailing at the auction here last May, they have averaged about twenty-five per cent higher than the prices obtained in the January sales in Montreal and New York, and it is believed, have established the basis on which the fur industry will operate this year.

MORNING NEWS OVER THE WIRES

A reduced scale of wages for labor was approved by the General Contractors' Association at a meeting in Montreal yesterday.

Martin Dickie, manager of the Truro branch of the Royal Bank of Canada, yesterday completed fifty years of service with that institution. He is being warmly congratulated.

Ralph D. Beardsley, son of J. D. Beardsley of Chipman, was injured in a flying accident at Panama. Owing to engine trouble, the machine crashed. Mr. Beardsley received a cut under his arm and a companion had both legs broken.

As the result of a trailer attached to a motor car on the street railway in Toronto jumping the tracks yesterday and being side-swiped by a street car going in the opposite direction, John Evans, Jr., was fatally injured, and eighteen persons received more or less severe injuries.

The large railroads in New England have announced reductions in wages, effective April 4. The first reduction will apply to unskilled labor only. Conference with employes have been called by the Boston and Albany Railroad, the New York, New Haven and Hartford, and the Boston and Maine Railroad.

The inquest into the death of Captain George Perry, which was to have been postponed until Tuesday, will be resumed this evening. Manfred Ross and Miss Eleanor Perry have been exonerated, according to officials, as they have shown they were not near the scene of the tragedy at the time.

Lady Rhonda, one of the British women leaders, is employing ex-service officers to carry out housing experiments on her estate in Wales. The housing situation in England is acute.

IN THE POLICE COURT.

In the police court, yesterday afternoon, L. Cowan was charged with cruelty to a horse. A representative of the C. P. C. told of finding the horse in bad condition, and a report of Dr. Donovan showed that the horse was unfit for work. The defendant said he had bought the horse at an auction and thought he was buying one of the city horses, which he knew were sound. The case was postponed to call the auctioneer, J. King Kelley, K. C., represented the S. P. C. and J. A. Barry the accused.

Ernest Dixon, charged with theft on goods from the C.N.R. was before the police court yesterday afternoon and said he rented the room in question for himself and wife, and sub-let to the two girls mentioned in the case. He said the blankets did not belong to the

She Wants a Hoover For Spring Housecleaning

Hard, tiresome days for housekeepers are right at hand. Homes all over the country will be in general disorder and upheaval for days and perhaps weeks. No need of making such an awful lot of work out of—just housecleaning.

The Hoover makes "spring cleaning" possible every day. It removes the dust and dirt and keeps the carpets and rugs in such condition that regular spring housecleaning disorder is no longer necessary.

The world over happy housewives are using "The Hoover." The verdict of these housewives is that this machine is better made, simpler, easier to handle and longer-lived. They realize, too, that the Hoover, while cleaning thoroughly, acts gently, protecting the weaves and colors of their costliest rugs and hangings—and so prolongs their life.

The Hoover is the only Electric Suction Sweeper made that beats—as it sweeps—as it cleans.

COUNCIL TALKS OF LIQUOR THEFTS AT WEST SIDE DOCKS

A short but pithy session of the common council was held yesterday afternoon when that body met in an adjourned meeting. The report of the committee of the whole was adopted; the result of the daylight plebiscite confirmed; restaurant stalls considered; matters relating to the franchise discussed and, last but not least, the pilfering on the west side. The mayor presided and all commissioners were present.

The committee of the whole recommended that on the surrender of the lots Nos. 1072 and 1073, Brooks, Wawa, Mr. Jarvis Wilson, renewal lease be issued to J. Harry Robson and Mrs. John Robson for a term of seven years from May 1 next at \$10 per annum for each lot, they having purchased the improvements from Mr. Wilson.

That the application of S. J. Holder to place a 600 gallon gasoline tank with pump on his premises, No. 230 Main street, be referred to the commissioners of public works and public safety, and that the order with reference to his former application be rescinded.

That the application of the Ford Motor Company of Canada, Limited, to place a siding in Albion street be completed with; in the position place which may be agreed upon with or without financial remuneration for such privilege as the council may decide.

That the permission given to W. H. Gorman and R. S. Black to place a lunch wagon on the South Market Lot (so called) cease and determine on May 1, next.

That the communication of S. J. Aude complaining of a dangerous building at the end of Protection street be referred to the commissioners of public works and harbors, ferries and public lands, with power to act.

That the city accept the tender of the General Supply Company of Canada to supply a portable stone crusher bin for \$8,025.

That the commissioner of public works be authorized to purchase one Ford car for his department at a price not to exceed \$900.

After the report had been passed, the common clerk presented the result of the daylight saving plebiscite and a motion by Mr. Jones, seconded by Mr. Frink, that the time be from May 21 to September 9, was adopted.

It was moved that the report of the Free Public Library be received. A lengthy communication from the city solicitor was received in regard to stalls in restaurants was ordered passed to Mr. Thornton to confer with the solicitor.

A letter from the secretary of the Board of Trade, pertaining to voting rights of outside corporations having representatives in the city, was read. Mr. Frink asked that it be condensed. Mr. Bullock moved that it be received and laid on the table and A. H. Wetmore asked to appear to discuss the matter in committee. The mayor said it ought to be referred to the solicitor. The motion carried that it lie on the table and Mr. Wetmore be asked to appear.

LIFE SAVERS THE CANDY MINT WITH THE HOLE

The lasting goodness of Life Savers always fresh and crisp, is assured by the pure tinfoil package. It keeps the satisfying Life Saver flavors in and keeps out impurities.

When first opening a package, gently insert the thumb nail between the Life Savers. The tinfoil should not be torn off. After removing one or more Life Savers re-seal the package by folding back the tinfoil.

Then your Life Savers hold every bit of goodness till you need them again. Buy Life Savers wherever candies are sold.

Labor Delegate, Back From Third Internationale

Wife Killed by Hardships, Says Lenin-Trotsky Government Worse Autocracy Than Under the Czar.

On the eve of his departure for Washington, where he said he would confer with members of congress and government officials, M. Schwartz, western labor delegate, who attended the Third International Congress at Moscow and was imprisoned by the Soviet authorities, related details, not brought out in his arrival here last week, which he said had caused him to change his opinion of the Lenin-Trotsky regime.

Mr. Schwartz brought out three cakes of soap which he said illustrated what he meant. The Communist and highest government officials received highly scented, expensive soap, petty officials a cheap yellow make, while the rank and file of the people had to be content with a cake which resembled scouring soap.

"I found the churches and icons had not been disturbed and I had an idea that Lenin and Trotsky were not interfering with religion," he said. "Investigation brought out that the Soviet authorities while they did not stop any one from attending church, had an edict that a communist could not be a religiousist. Therefore, any one going into church was immediately under suspicion as a possible counter-revolutionist and was subject to constant harassment by the officials and even death."

Mr. Schwartz said that extensive plans were made at the Third Internationale and inquired how soon the revolution would take place. I replied that I expected the American workmen to be the last to join the Communist cause.

WAR 'VET' TELLS HIS EXPERIENCE

"I Just Feel Fine All the Time," Says McDougall, After Taking Tanlac.

Howard McDougall, well-known carpenter and life-long resident of Harcourt, N. B., is still another who has cause to be glad that he was induced to give Tanlac an honest trial.

"Ever since I returned from overseas about two years ago I have been in a mighty bad fix, that is until I got Tanlac recently. I suffered terribly with indigestion all the time, nothing fasted good to me and my appetite was so poor I couldn't eat half a meal. I suffered dreadfully from bloating, would wake up every morning with a severe headache and some days it wouldn't leave me at all. I had such awful pains in my back every morning it felt as if it would break in two when I stooped over, and it would be late in the day before the pain began to ease up. I didn't know what it was to get a good night's sleep and I simply felt miserable."

"One day one of the boys where I was working told me about the good Tanlac had done him, and got me started on the medicine also. Well, sir, it just knocked my troubles sky high and put me in the best of health. I'm eating great now, my stomach never troubles me, and I'm picking up in weight right along. I sleep good and sound every night, never have an ache or a pain and just feel fine all the time. I don't know what it is, but there's something about Tanlac that certainly does the work and I can't speak too highly of it for what it's done in my case."

Tanlac is sold by F. W. Munro, and the Ross Drug Co., L. C. Allingham, Campbell, N. B.; T. H. Wilson, Fairville, N. B. (Adv't.)

TRADES AND LABOR COUNCIL MEETS

At a regular meeting of the Trades and Labor Council, held in the O'Leary's Hall last evening with the president, F. A. Campbell, in the chair, reports of the various committees were received and the meeting was addressed by Organizer W. Varley.

Regarding the Boy Life Survey, the committee reported that the survey would be held on the last two days of March and that steps would be taken to secure workers. The organization committee reported that there was no prospect of a settlement in any of the labor disputes in this city.

The Tremendous Problems That Face Harding

"Of all the Presidents who succeeded war Presidents, Mr. Harding will face the most appalling mess," according to the New York Herald (Ind. Rep.), while the New York Nation avers that "with the single exception of Lincoln, probably no President in our national history has taken office with as pressing a burden of unsolved questions."

While the domestic problems of the incoming President are indeed formidable, peculiarly baffling and fateful, journalistic observers agree, are the problems of foreign policy that confront him. Europe, remarks the Outlook, turns to America "with mingled envy, fear, and hope," and "it is for the Republican Administration to justify that hope with assistance based upon an understanding of reality, and to sweep aside that fear and envy with justice and good will."

In the leading article in THE LITERARY DIGEST this week, March 5th, there is a careful presentation and explanation of the many problems that will confront President Harding both at home and abroad, together with opinions of leading newspapers of all political persuasions regarding them.

Twelve marriages were solemnized in the city during the week. There were also twenty-six births, fifteen boys and eleven girls.

POLICE COURT.
The police court docket this morning was composed of one man charged with drunkenness, who, after hearing a lecture from the magistrate, was remanded to jail.

DIED IN VANCOUVER.
Mrs. W. R. Fairville has received a telegram from Vancouver with the sad news that her niece, Ethel O. Ward, passed away on March 3 in that place.

BOY OPERATED ON.
Friends of Harold Crossley, aged fourteen, of 75 St. Patrick street, will be sorry to learn that he had to undergo a serious operation in the General Public Hospital yesterday but pleased to know that conditions were very satisfactory today.

IMPORTANT MATTERS.
At the board of trade meeting on Monday night, at 8 o'clock, in addition to a large number of membership applications, there will be taken on the Bankruptcy Act by Major Weyman, and on the hydro-electric project by C. O. Foss, engineers, with opportunities for discussion. Other subjects of importance will come up. All members are requested to attend.

IN THE MARKET.
In the city market this morning the following prices were quoted: Beef, 25c to 35c; lamb, 27 to 40c; veal, 17c to 25c; pork, 35c; ham and bacon, 45c; chickens, 65c; fowl, 60c; eggs, 85c to 95c; butter, 60c; potatoes, 55c; beets, 50c; carrots, 55c; parsnips, 60c; turnips, 25c; apples, 60c; a peck, lettuce, 8c; squash, 7c; cabbage, 7c; cranberries, 30c; rhubarb, 15c; and celery, 20c to 25c.

INSPECTORS HAVE TUSSEL.
While taking two alleged bootleggers to the police station, last night, Inspectors Henderson and Thompson had a tussle with them in the vicinity of the General Public Hospital. The men were at the rear of the building when the inspectors arrested them and seized three bottles of liquor from each, but as a result of the mixup only one bottle was saved. The inspectors and the "strangers" rolled down the bank during the struggle.

CITY TAXES.
Mayor Schofield said this morning that the schedules of 101 business houses, which were due on March 1, have not as yet been filed, and that a further extension had been granted. He said this would probably hold up the assessment chairman Oliver of the assessors, said that the failure of these business to file their statements was attributed to the fact that their fiscal year ends at the end of February, and that they were expected in the near future.

TWENTY-FIVE DEATHS.
There were twenty-five deaths in the city during the week, and the following causes: Senility, three; pneumonia, two; cerebral embolus, two; cancer of rectum, two; carcinoma of stomach, two; myocardial infarction, appendicitis, cholecystitis, endocarditis, heart block, heart disease, cardio-vascular disease, chronic nephritis, broncho-pneumonia, fracture of skull, carcinoma of breast, military tuberculosis, tuberculosis of lungs, one each.

NOVELTY SHOWER.
Miss Irene Vincent was pleasantly surprised last evening when members of the staff of G. E. Harbour Company, Limited, of which she is a member, assembled at her home, 28 Harrison street, and tendered her a novelty shower in honor of a happy event. The affair featured many beautiful gifts, including cut glass, silver, pyrex and linen, were received and the evening was spent in games and music. Refreshments were served.

HEARING BEGUN IN HAMPTON.
The preliminary hearing into the case against Wilfred Warren, Fred Shaffer, Kenneth Saben, Arthur J. Davis, Frank Williams, Percy Williams and Theodore Saben, on suspicion of breaking and entering several cottages in Kings county, along the St. John river, was taken up before Magistrate Fred M. Sprout at Hampton this morning and was continued this afternoon. The accused pleaded not guilty and the evidence of several witnesses was heard.

PROVINCIAL CONSTABLES. Robert Crawford, C. W. McLean, Andrew Garnett, A. M. Sherwood, detective Donahue and Thomas Corbett, told of the affair. The accused are also said to have broken into Mr. Corbett's store and when he attempted to chase them, it is said, fired a revolver. The charge of having a revolver and discharging it will likely be laid against one of the accused.

THE LATE MRS. MARY YEARWOOD.
Friends will regret to learn of the sudden death of Mrs. Mary Yearwood, aged twenty-four years, which occurred at the St. John Infirmary, on Sunday, February 20, after a short illness. She was a former resident of Petersville, Queens county, being Miss Mary Harkins. She leaves to mourn one child, Ella, aged four years; her mother, Mrs. Ella Harkins of St. John; two brothers, George W. Harkins, an employe of the St. John Railway, and Edward J. of Boston; four sisters, Mrs. P. Kane of Boston, Mrs. T. Shannon of Petersville, Mrs. W. J. Berry of Newburg, and Mrs. John Kane of Moncton. Mrs. Yearwood was a most estimable young woman, and her sudden death was greatly regretted.

The funeral was held from the home of her brother, George W. Harkins, Broad street, St. John, to St. John the Baptist church, where funeral services were conducted by Rev. A. W. Meahan, D. D., rector. Interment took place in Holy Cross cemetery.

Reed Furniture the Modern Home's Favorite

Reed Furniture is fastly securing its deserved position at the head of the list of practical, serviceable, beautiful and inexpensive furniture.

In a suite or as an odd piece proposition a Reed piece is ever acceptable and right in line with social usage.

We mention Reed today because we are just now putting Reed Furniture to the forefront—as instanced in our present window display.

There are three dominant color schemes here in Reed—Fumed, Ivory and Frosted Brown; any one of which will prove captivating.

One thing about the settee that goes with the suite is the length which permits one to lie down in ample comfort; chairs and settees have spring seats; and the lightness of the Reed idea is what draws so many to it.

FAMINE'S SWAY IN NORTH HONAN

45,000,000 Chinese Affected in Area of 100,000 Square Miles

Crop Failure and Drought—Field Workers Tell of Children Deserted, Sold and Drowned by Starving Parents.

In North Honan province, China, crop failure and stubborn drought for the last three years have wrought a catastrophe.

These are the facts filtering into the headquarters of the American Committee for China Famine Fund, Bible House, New York city.

It returned last evening from four days in the saddle, making a circuit through our field to ascertain the facts regarding famine conditions.

At the earliest this famine cannot be over until next harvest in June, 1921. The task, then, is to feed many millions of people everything they eat until then.

The representative of Reuters' News Agency, covering this phase of the famine, reported as follows:

They told me that the state chief, and that three-quarters of a pound of this had to be enough for six people for a day.

In another village those who had not left are giving their children away. I have seen a farmer carrying on his back the entire yield of six acres of corn.

These pictures of horror could be multiplied indefinitely, said the Reuters' representative, and give only an idea of conditions in the five northern provinces of China, where not only is there a lack of food, but of fuel, shelter and clothing.

For fuel, the northern Chinese use the stalks of the large millet; this year, there is none. For winter clothing, a wadded cotton garment is needed; the cotton crop has been a complete failure.

Doors of houses, even the huts holding up the roofs, were used while they lasted to cook the few fragments of food.

This year's acute distress can be understood only in the light of these two facts—partial or total crop failure in certain sections for one, two, three or four years past, and the extreme poverty of the masses in overcrowded Shantung even in a year of good crops.

Around Ling Hsien there was a half-year crop last year, and one-tenth of a crop this year; near here a number of wells have had their water polluted by water spilled by bathing children pushed into it by parents who could no longer move for fear of leaving a child behind.

From Pooting's comes this report of E. W. Galt:—The area of acute suffering comprises all the south of our Province of Chihli, Northeastern Shantung and Northern Honan, with some of Shansi thrown in—an area larger than Iowa, with an estimated population of 20,000,000 or more in dire distress.

Just what is happening this year? In the southern border of the area that I toured, and in a vast area stretching on the south, the hunger days are already here. Thousands upon thousands of men, women and children have already left their homes and gone, with a bundle of belongings on their backs and a forlorn but desperate hope in their hearts, to distant regions to look for sustenance through the winter.

I gazed upon fields and fields planted to corn, without a stalk over a foot high, and some boasted a tassel at that. Not one nubbin had set on. To the south and west whole communities of people already have, at their main subsistence sand-bull pulp, leaves from the trees and bits of elm bark made up into gruel or a kind of cake. The Chinese sand-bull is a wayside weed that, like 'goose-grass,' thrives on dry ground. I never heard of its being eaten until this year.

From G. E. Simmons, of the Honan Famine Relief Committee, comes this description:—After selling out all they had, many left on a long tramp for Shansi provinces where they had heard the crops were good, but soon the officials, fearing an inundation of these helpless people, sent soldiers to guard the mountain passes and turn them back, and so these poor

MT. ALLISON CO-EDS TRIM KING'S GIRLS Windsor, N. S., March 4.—In a fast and exciting basketball game here today the Mount Allison Co-eds defeated King's Co-eds 35-18. Three periods were played. In the first period Mount Allison led by four points, but the latter took the offensive in the second. The superior work of the Mount Allison team enabled them to increase their lead, and taking the offensive in the last period, they piled up a winning score. Miss Langtree, of Edgellville, refereed.

THE LESSON OF CRICKET. Melbourne Argus: The devotion to cricket by British people has been the wonder of many nations for many years. They have criticised the game because they think that it is too laborious and too costly to play. They fail to appreciate its beauties, which cannot be taught and are instinct in nearly all men of British ancestry.

MONTREAL WOMAN FINDS HUSBAND DEAD WITH BULLET IN HIS BRAIN Montreal, March 5.—With a bullet in his brain, the body of Henrik Sitarick, steamship agent, of 860 Hochelaga street, was found lying in his bedroom by his wife yesterday. He had suffered in health recently and had had business troubles. He had told his wife once or twice that he would take his life.

VARYING VIEWS OF EDITORS ON THE HARDING SPEECH

Some Bitter Criticism, Especially in Paris

Aloof, Self-Centred American, Declares London Express—British Labor Organ Adverse—"Pontius Pilate Policy," Says French Deputy.

London, March 5.—The advent of the Harding administration in the U. S. is welcomed by the Chronicle, which says: "We shall now be able once more to regard the United States policy as something definite and stable—a very great gain to everybody."

It is the opinion of the president's reference to disarmament was the principal foreign point in his speech, declaring that Great Britain certainly will do everything possible to support his practically conceived initiative.

The principles which Mr. Harding laid down, comments the Express, do not differ materially from those of George Washington. "Mr. Harding definitely repudiates the principle of the League of Nations," it adds. "So far as we can see, he is nothing but an aloof, self-centered American."

Deputy Ramell, socialist radical, declared he thought there were too many references to God in the speech. He declared: "If the United States engages in war with another power, it will have to rely upon other weapons."

Prosperous Year for King Edward. Big Toronto Hotel's Net Profits 14 Per Cent. on Capital—Outlook Bright.

A most satisfactory report was presented to the shareholders of the King Edward Hotel Company of Toronto at their annual meeting held on Tuesday. The profits shown for the year ended December 31, 1920, amounted to \$284,700, or over ninety-eight per cent. on the capital stock of the company, these figures being arrived at after providing for all costs of operation, taxes, salaries, maintenance and all other expenses, except the payment of interest and the setting aside of depreciation reserves and under the Income Tax Act. After payment of interest and setting aside depreciation reserves, the sum of \$188,887 remained applicable to dividends, nearly fourteen per cent. on the capital stock.

IS IT DOOM OF NATIONS' LEAGUE? The Daily Mail says President Harding is a man who may be trusted to make good use of his great power. "The Morning Post expresses the belief that the outlook for the present and on which the constant value in the world never returning and told the workers, with plenty of thunder, that the United States was no place for revolution."

The Daily Mail says President Harding is a man who may be trusted to make good use of his great power. "The Morning Post expresses the belief that the outlook for the present and on which the constant value in the world never returning and told the workers, with plenty of thunder, that the United States was no place for revolution."

The Daily Telegraph says Mr. Harding stands for the national craving for returns it may be, to the old tried ways in which the United States found prosperity, relative political tranquility and a general diffusion of happiness that were the envy of the world.

There is perplexity now at the attitude of the United States towards the League of Nations but no tendency to deny the people of the United States the right to decide for themselves the steps they shall take toward the realization of the great ideals which President Harding proclaimed. "His declaration implies some form of obligation, and people sharing these ideals will look forward with anxious hope to see by what action the president of the United States

DEVELOP TRADE WITHIN EMPIRE

Capt. Evan J. Edwards Explains Benefits of "All-Red" Plan—Calm Optimism Wins.

In the course of an address on "Trade and the Empire," at a meeting of the Toronto board of trade on Tuesday, Captain Evan J. Edwards, his majesty's senior trade commissioner in Canada and Newfoundland, said he was much pleased that the business outlook was a little brighter. Personally, he had not shared the pessimism which had prevailed, and he had always felt the darker days were purely temporary.

"It was the quiet, calm optimism which we want now in the time of peace. There was another lesson which the war had provided, namely, the brotherhood of the empire."

At the recent Canada-West Indies conference preferences were granted on both sides, but after it was over at least two of the dependencies, instead of ratifying the agreements they made, had said: "We are not giving Canada enough; we will increase the preference to here." They are getting nothing in return, remarked Capt. Edwards. "But they are increasing the preference. That is an instance of the brotherhood of the empire, very much assisted by the war."

Incidentally, the speaker mentioned that he is spending a good deal of time with Sir Henry Drayton in connection with the work he was trying to do as trade commissioner.

At Allies' Expense. His majesty's trade commissioners are not trying to secure business in the United Kingdom and all parts of the Canadian manufacturer. If that were so I can tell you right now I know of one man who would not be in the service, and he is standing in front of you now. The service exists to get business for the United Kingdom and all parts of the empire at the expense of the foreigner.

As an instance of what he is doing in this respect, he mentioned that he is placing at the disposal of the Indian government a large sample-room for the display of Indian products which are needed by Canadian manufacturers. This would not only help India, but would help the Canadian manufacturer who would be able to get into direct touch with the source of supply in India. It would be an instance of reciprocal trade between the two countries.

Benefits of All-British Plan. It was very often cheaper to buy goods in another part of the empire than in a foreign country. As an instance of this he mentioned a certain Toronto manufacturer who wanted steel for a certain purpose, and which steel could only be purchased in the United States, who approached him (Capt. Edwards), and as a result this manufacturer was able to purchase what he required in the United Kingdom at twenty-five per cent. less than the United States price.

He pointed out that the imperial government offered to any Canadian who cared to make use of them the services of the trade commissioners of the empire and their commercial diplomatic men in foreign countries. All over the world these men were ready to supply reports on trade; to recommend good agents, or to say what articles were being sold in particular districts. All was done free of charge.

WRITE LIKE THE DICKENS. An Oriental paper having an English section printed the following notice:—"The news of English we tell the latest. We print in perfectly style and most carefully. Do murder commit, we hear of and tell it. Do a mighty chief die, we publish it and in borders somber. Staff has each been collected and write like the Kipling and the Dickens. We circle every town and extortionate not for advertisements."

TENDERS FOR DEBENTURES. SEALED TENDERS, addressed to the undersigned, and marked on the envelope "Tenders for Debentures," will be received at the office of the Board of School Trustees of St. John until noon on Monday, the seventh day of March next, for Debentures to the amount of Fifty-four Thousand Dollars (\$54,000), issued for twenty-five years from March 1, 1921, for \$600 each, and bearing interest at six (6) per cent per annum, payable half yearly.

The highest or any tender not necessarily accepted. A. GORDON LEAVITT, Secretary, Board of School Trustees of St. John, St. John, N. B., Feb. 24, 1921.

\$700,000 TO STUDY WORLD FOOD NEEDS

Carnegie Corporation Creates Research Institute

Suggested by Hoover—One Aim is to Avert Waste, and Marketing and Distribution Will Be Studied.

A Food Research Institute for the study of all problems of production, distribution and consumption is to be established at Leland Stanford Jr. University at the suggestion of Herbert Hoover, with an endowment of \$700,000 provided by Carnegie Corporation.

"The need for such an institution was first suggested to Carnegie Corporation by Herbert Hoover," said the announcement. "and the selection of Leland Stanford Jr. University as its home was due in part to the fact that it is the point at which the great unique collection of documentary material relative to the economic side of the war, gathered by Mr. Hoover during the war, is deposited."

Efforts to Reduce Waste... "A special feature of the work of the institute will be the scientific study of the marketing and distribution of food products. The objects of the institute, however, are, thoroughly practical, and will, it is hoped, contribute to the welfare of the producer and consumer by eliminating present wastes in the process of marketing nearly all kinds of food.

PILFERING HITS OTHER PORTS AS WELL AS HERE

Estimated Loss of London Alone £3,500,000 a Year

Cost Australian Liner £2,000 to Replace Stolen Linen on one Voyage—On Same Trip Stewards Charged £2,382 for Overtime—Stewards Blame Souvenir Collectors for Loss.

London, Feb. 16—(Associated Press, by Mail)—A great outcry has arisen in the shipping world over the heavy losses that are incurred through the pilferings of thieves, many of whom it is suspected are in the employ of the companies that are the victims.

Lord Askwith states it has been estimated that in transport through the port of London alone, through pilfering in various forms, there is a loss of £3,500,000 a year.

One shipping company says that whereas, before the war its losses on cargo attributable to thefts amounted to one shilling and four pence per ton, it now amounts to 25 shillings and sixpence per ton.

Increases of wages, it is asserted, are regular for the war's losses on cargo.

Don't Use Drugs for Constipation

Bathe Internally—The One Natural Way

Did you ever know of any person who was permanently cured of constipation by taking drugs of any kind? Drugs simply force Nature, and larger doses are required from time to time until the trouble becomes chronic.

Internal Bathing with the J. B. L. Cascade is only permanent relief from Constipation. It keeps the Colon, or large lower intestine, free from all accumulation. Soon the system performs its regular functions, and there is no further trouble.

Mr. F. Babin, proprietor Alexandria Hotel, Ottawa, writes: "The J. B. L. Cascade has made a new man of me. I would not sell it for all the money in this world if I could not get another through my recommendation I know of a number of my friends who have been using it with the same satisfaction. For people troubled with Constipation, I say it is a godsend, and can heartily recommend it."

The J. B. L. Cascade is the only perfect appliance for Internal Bathing ever devised. It is endorsed by over half a million satisfied users. Ask to have it explained to you at Clinton E. Brown's, F. W. Munro, Druggists, St. John, N. B., or write for booklet to J. B. L. Cascade Institute, 188 College Street, Toronto.

CURED HIS PILES

Now 83 Years Old but Works at Trade of Blacksmith and Feels Younger Since Piles are Gone.

The oldest active blacksmith in Michigan is still pounding his anvil in the town of Homer—thanks to my internal method for treating piles.

Mr. Jacob Lyon, Homer, Mich.

I wish that you could hear him tell of his many experiences with ointments, salves, dilators, etc., before he tried my internal method. Here is a letter just received from him:

Dear Sir: I want you to know what your treatment has done for me. I had suffered with piles for many years and used suppositories and all kinds of treatments, but never got relief until I tried yours. An 88 year old man, and the oldest active blacksmith in Michigan, I feel years younger since the piles have left me. I will surely recommend it to all I know who suffer this way. You can use my letter any way you wish and I hope it will lead others to try this wonderful remedy.

Yours truly, J. L. LYON.

There are thousands of afflicted people suffering with piles who have never yet tried the one sensible way of treating them. Don't be cut. Don't waste money on foolish salves, ointments, dilators, etc., but send today for a Free Trial of my internal method for the healing of Piles. No matter whether your case is of long standing or recent development—whether it is occasional or permanent—you should send for this free trial treatment.

No matter where you live—no matter what your age or occupation—if you are troubled with piles, my method will relieve you promptly.

for no guarantee of greater trustworthiness. Rather the contrary. The average wages of stewards are said to be four times their pay for the work that is done in those departments on passenger liners with which stewards are most concerned. The regulations, it is declared, are most noticeable.

The manager of one line running to Australia said that recently he had to expend over £2,000 in replacing the linen stolen on one round voyage alone. On this same route the average charges for overtime amounted to £2,382.

Even the captain's boy charged £28 for overtime on the voyage, said the manager. "If the captain rang, the boy would bring him a drink, the boy charges one hour's overtime for fetching it, provided he had already done his eight hours."

Much plundering undoubtedly takes place before the goods are stowed on shipboard steamship men declare. Cases of machinery have been found to be full of stable manure and those supposed to contain and silver goods to be filled with shavings.

"The thing that is going on at sea and in docks is beyond anything in history," writes Lord Inchcape, chairman of the Peninsular and Oriental Company. "A man recently removed the clocks from the smoking and music rooms of one of our steamers, while the passengers were embarking at Tilbury Dock and they have never been traced. With the last few days a piano was removed from one of the steamers in dock and carried off to a cottage where, however, it was recovered."

Stewards, through their union officials, strongly resent Lord Inchcape's charge that much of the stealing that goes on in the ports is done by the stewards. The officials declare that the fondness of the passengers for collecting what they call "souvenirs" is responsible for far more "missing" articles than are the stewards.

How to Live on One Dollar a Week
A dollar a week living expenses for a man and his family would be a pretty good thing for a man to have. It is possible to live on one dollar a week in Poland, Mich. says it can be done in Poland. Mr. Parayza, who returned yesterday from Poland on the Empress of Britain, left last night for Detroit, says that an American dollar is now worth about five hundred Polish marks in the country. He says that a family can live in that part of Poland for what he came at the present time for about 100 Polish marks a week. Clothes and shoes are high, he says, but even at that for 1500 or 2000 marks, that is between three or four dollars, a man can get the best of shoes in Poland. Conditions are not good in Poland but when things settle down it will be a good country to live in, he said.

NO INQUESTS, AS BOTH DEATHS WERE ACCIDENTAL

Coroner F. L. Kenny, who examined the body of William Johnston, the fireman who fell into the hole of the steamer Corcoran and died shortly afterwards, said last evening that there would be no inquest. He said also that it would not be necessary to hold an inquest into the death of Thomas Stears, who died at the General Public hospital yesterday morning. Dr. Kenny, after inquiring into the circumstances of both deaths, has decided that they were purely accidental.

TO BE DYSPEPTIC IS TO BE MISERABLE

The poor dyspeptic suffers untold agony after every meal, and any one who has dyspepsia knows what joy it would give to eat three square meals a day and not be punished for it after. Nearly everything that enters the weak stomach acts as an irritant, and even the little that is eaten causes such torture and is digested so imperfectly that it does little good.

Before you eat heartily, and not pick and choose your food, you must put your stomach into such a condition that it will manufacture its own digestive ferments.

For over forty years Burdock Blood Purifiers has been restoring and restoring weak stomachs to a normal healthy condition so that the food no longer causes distress, but is thoroughly digested and assimilated, and enables one to partake of all the wholesome food required without any unpleasant after effects.

Burdock Blood Purifiers is a natural, and enables one to partake of all the wholesome food required without any unpleasant after effects. It is a natural, and enables one to partake of all the wholesome food required without any unpleasant after effects.

NO GERMAN OR AUSTRIAN SUBJECTS ADMISSIBLE

Barred From Naturalization Ten Years Unless Born in Allies' Territory.

Windsor, March 4—Before subjects of Germany and Austria are granted naturalization papers by Canadian courts they must produce proof that they were born in territory now controlled by the allies, according to law received by a local barrister from the Dominion government officials. Those who cannot furnish such proof will be barred from citizenship for ten years.

Twelve men whose applications for naturalization were accepted in Tuesday by Mr. Justice Lennox at Sandwich represented seven nationalities. Not a single German or German was among the successful applicants.

ST. PAUL'S CHURCH WOMEN'S AUXILIARY

Mrs. Andrew Jack was re-elected president of the Women's Auxiliary of St. Paul's church by acclamation at the annual meeting held last night in the school room. As a mark of the appreciation of the members of Mrs. Jack's faithful services and efficiency as president, the branch presented to her a letter of membership. The presentation was made by Mrs. G. A. Kahring who, at vice-president of the diocesan branch, was the honored guest at the meeting. In every department a successful and progressive year was reported and much satisfaction was felt that the branch was doing well and to increase its general pledge fund and its educational pledge.

In the morning the members attended a corporate celebration of the Holy Communion at which Archbishop A. H. Crowfoot, the rector, officiated and the address was delivered by Rev. J. Prescott, of Welsford. At the evening meeting the opening devotional exercises were led by Archdeacon Crowfoot. Mrs. Jack was in the chair. Mrs. Kahring gave an inspiring talk on the work of the Women's Auxiliary. The financial report of the association was given by Mrs. A. H. Crowfoot, president. Mrs. Andrew Jack's first vice, Mrs. J. K. McNeill, second vice, Mrs. Warwick, third vice, Mrs. Cochrane; corresponding secretary, Miss G. A. PARLOR CONCERT ENJOYED

The Inlandtown Circle of the Ladies' Aid Society of the Methodist church gave a delightful parlor concert on Thursday evening at the home of Mr. and Mrs. Duncan Lingley, in Bridge street. The spacious parlors and reception hall were filled by an appreciative audience of friends. The program was headed by Miss J. McNeill, Stanley Irvine, Miss Vera Roberts; solos by Irving Appleby, S. Holder, Miss Madeline Daley, Miss Edith Morrison and Mrs. Bayard Stillwell and a piano solo by Miss Vera Corbett, who was the accompanist of the evening. A vote of thanks was extended to Mr. and Mrs. Lingley and to those who took part in the programme. Mrs. Lingley served dainty refreshments and the singing of God Save the King closed a successful evening.

WANT ROCKWOOD PLAYGROUNDS OPENED

Playgrounds Association to Urge Completion of Athletic Field For Use This Season—Other Plans For Summer Discussed.

A committee was appointed by the Playgrounds Association, at its regular meeting yesterday afternoon, to wait upon Commissioner Frink and ascertain from him what the city proposes to do in regard to the running of the new athletic grounds at Rockwood Park which, it is expected, will be ready for use about June 1. The arrangements for the opening of the playgrounds in the summer were considered at the meeting, which was held in the Y. M. C. A. with W. K. Haley, the president, in the chair.

The report of the superintendent of the Boys' Club, Miss Heffer, showed that there had been an average of from fifty-five to seventy boys attendance and a maximum of 110 boys in one evening. A discussion took place relative to the desirability of having a male teacher for the three playgrounds, Carleton, Aberdeen and Alexandria. She thought that besides instructing the boys in games, a male teacher might take care of the grounds. On motion the ladies' committee, with Mrs. A. C. D. Wilson as convener, was authorized to make arrangements for the opening of the playgrounds and to appoint the teachers.

A. W. Corey spoke of the new grounds at Rockwood Park. He said they were now practically all filled in and only wanted a top dressing. With the East End grounds needed for the games of two baseball teams, he thought the Rockwood grounds would be used as practice grounds. Mr. Haley said he hoped that the Rockwood grounds would be opened with a big field day and would be in shape for sports for outside competitors as well as city competitors. He asked who was to be responsible for the running of the playgrounds when they opened, the city, the Commercial Club or the Playgrounds Association? G. F. Fisher suggested that it would require large expenditure to operate them in the beginning. A. M. Belding said that the playgrounds Association represented all interested organizations, and unless the city felt able to take care of the running and put a director in charge, the association should be responsible. Judge Hitchcock felt confident that, since the city felt able to take care of the running of the playgrounds, it would be reasonable to expect the various organizations represented in the association, if they took hold, could get sufficient money to put the whole of the grounds in order and to operate a suitable grand stand. A. W. Corey thought that the grounds should be self-supporting and could be made the home grounds of one of the three city teams. The most serious difficulty, he felt, would be the natural grand stand on the hill. On motion, Messrs. Corey Belding and Haley were appointed a committee to interview Commissioner Frink, regarding this matter.

Communications were received from Major Lawson, of the engineering department of the militia, to the effect that the former Y. M. C. A. building in the South End owned by the association might have to be moved or bought by the militia and that, in any case, encroachment

papers must be signed for the use of military land on which it stood. It was explained that verbal permission from the local military authorities had been secured to remove on the site of the building that many of the exhibition building had the use of the land on which the were situated on the same terms.

A vote of sympathy in her recent bereavement was extended to Mrs. W. C. Good.

Are You Weak, Worn or Worried? Is Your Blood Thin and Watery

so that it makes you nervous, sleepless or easily fatigued? Don't wait until you collapse but commence to fortify your starving blood with iron today. How to do it.

If you are undergoing STRAIN, STRESS OR TROUBLE, don't forget that it is probably sapping the iron from your blood and that your RED BLOOD CORPUSCLES are likely DYING BY THE MILLIONS.

WHEN YOU FEEL THE FIRST WARNING SYMPTOMS—when you commence to lose your strength or vitality, don't sleep well at night, are highly nervous or irritable, get the "blues" easily, when your eyes begin to lose their luster or brilliancy, the lids are pale inside (a most important symptom) then is the time you should act and not wait until you go down in a state of complete prostration or physical collapse.

A New York physician says that MORE THAN ONE-HALF THE POPULATION OF AMERICA PERISHES BEFORE MIDDLE AGE and that one of the chief contributory causes of this terrible waste of human life is the devastating weakness brought on by lack of iron in the blood.

There are 30,000,000,000,000 that one dose of it is estimated to be approximately equivalent (in organic content) to eating half a quart of spinach, one quart of green vegetables or half a dozen apples. It is like taking extract of beef instead of eating pounds of meat.

If you are not strong or well you owe it to yourself to make the following tests: See how long you can work or how far you can walk without becoming tired. Next take two iron-free tablets of ordinary Nuxated Iron three times per day after meals for two weeks. Then test your strength again and see how much you have gained.

Over 4,000,000 people annually are using NUXATED IRON. It will not injure the teeth nor disturb the stomach. Your money will be refunded by the manufacturer if you do not obtain perfectly satisfactory results. Beware of substitutes. Always look for the word NUXATED on every package and the letters N. I. on every tablet. Sold by all druggists.

THOUSANDS OF CHILDREN HOUSED IN FIRE TRAPS

National Committee For Chamber of Commerce Tells of Conditions in 429 Cities in the United States.

New York, March 5.—(Associated Press)—Tens of thousands of school children housed in fire traps and hundreds of thousands of them either on self-time or in makeshift buildings in the condition in 429 cities of the United States as disclosed in a report made today.

Data was received from 429 cities. The report says: "These facts, obtained from 75 per cent of all the cities report show that in these cities even extending those housed in annexes, where conditions may be normal, there are more than 450,000 children who are either in a half-time because of lack of building space or are housed in portables, rented buildings, attics, basements or corridors, would require an average of two 3000 sqm buildings in each of these cities to properly house these groups of children."

The report sets forth statistically the inadequacy of playground space. "It is clear that in many cities children are housed in buildings in which there is less space on the playground than is supplied in the classrooms in which they are taught," says Mr. Strayer in the introduction.

Three million six hundred thousand children are represented in this report on playgrounds. "It is stated," and the study discloses that one-half of them—1,000,000 children—have each a playground less than six by six feet per pupil and many of them have no playground at all. "These facts of limited playground space," says the report, "present one of the serious problems confronting those who are interested in the welfare of American school children."

The report directs attention to "the large number of children between the ages of 10 and 16 years who leave the public schools." "There is probably no more serious problem or one more difficult to solve now facing the people of this country," it says.

According to the reports from 290 cities, six per cent of the children have left school before their 10th year, 19 per cent before 14, 38 per cent before 15 and 64 per cent before they are 16 years old. "In the geographical groups," the report continues, "the highest per cent of these children remain in the western cities. Next in order are the southern, the Great Lakes, and lowest of all the eastern cities. In this last group only 29 per cent of the children 16 years of age, and 56 per cent of those from 14 to 16 years, inclusive, are in school."

Attention is directed to "a notable falling off in attendance" at evening schools during the last six years, a "period of unusually high wages."

NEW YORK GIANTS AT SAN ANTONIO

First Spring Practice Held Up by Thunder Storm—McGraw Has Thirty-one Aspirants for Positions.

San Antonio, Texas, March 2.—The roar of thunder and the drive of rain against the windows early this morning awoke the athletes who have gathered here, two score strong, to wage battle with one another for the honor of posts upon the New York National League baseball team for the season of 1921. It was a typical early spring storm of the semi-tropical region, and the players have staying qualities and persistence. The artillery of the heavens belied for only about an hour, but the down-pour continued until midway in the afternoon.

As the outcome of this visitation from the skies, the first scheduled day of spring practice for McGraw's squad became a bitterly resented holiday. Every last manjack of the outfit has erstwhile lethargy behind him and is eager to get to work. Their resentments, however, were lost in a resounding roar of joy from the natives, for Texas, with its freshly plowed fields, wanted and welcomed the rain. When the sun finally peered forth it was far too late for Hugh Jennings, in charge of the Giants' training, pending the arrival of Manager McGraw, to consider leading his charges forth from the Hotel Menger, and doubly inadvisable because of the drenched and sodden condition of the field. Weatherwise citizens of San Antonio predict, however, that tomorrow will be all that the heart of a baseball player could desire.

McGraw himself is expected to reach this city tomorrow morning in time to supervise the initial workout of his big squad, and with him will come George Burns, sterling denizen of the sun garden at the Polo Grounds, and Miguel Gonzalez, the Cuban catcher, who has much difficulty in explaining to the folks at home why his stately given name is converted in the multitudinous months of Manhattan into a short and snappy Mike.

Thirty-one Await McGraw.
The Giants' manager will find awaiting him the following aspirants for his team: Pitchers—Rube Benton, Jesse Barnes, Fred Toney, George Kelly, Dave Davenport, Harry E. Sallee, Jesse Winters, Oils Voigt, Phil Douglas, Claude Davenport, William D. Perritt, C. Raymond Evans, James C. Carlton, Arthur E. Neff, Bill Ryan, Pat Shea and Robert Grody. Catchers—B. Franklin Snyder, Leo Dixon, Alexander Gaston Frisch, Howard Burckett, Roy Grimes, Leo Kane, John A. Mow and Ewing King. Outfielders—Ross Young, Lee King, Vernon Spencer, Eddie Brown, Raymond Bancroft and Curtis Walker.

In addition to these men, two players are here to offer McGraw the surprise party of a tryout at their own expense. Jack White, an outfielder, who has been playing independent ball, and Herbert Hunter, coach of the Wake Forest University nine in Toledo, who has been tested twice by the Giants' manager for both infield and outfield positions.

Still among the missing, but expected to put in an appearance tomorrow, are Fred Toney, George Kelly, Dave Davenport, Earl Smith, Lance Richbourg and Goldie Rapp. The latter missed connections with the party at St. Louis, but is expected to be here today. There is still uncertainty about the probable time of arrival of Ben Kautz. Republican Kelly, a right-handed pitcher, brother of the stalwart first baseman, who was subjected to inspection by McGraw's critical eyes last spring, is expected to appear within a day or so for another try-out.

It is possible that the third base territory, through which Frank Frisch romped last season with such disarming results to adversaries, have the Giants will have a new monarch in the person of Rapp, the \$12,000 beauty, obtained from the American Association in 1920 and his work was in many respects well-edged.

from St. Louis to San Antonio was marred by an accident. About fifty miles from this city, while the train was running at high speed, the Pullman conductor, Charles Waldron, having opened a vestibule door for a breath of air, which as he says, seemed to compel him to leap from the train. He obeyed the impulse, and vanished into outer darkness.

Phil Douglas and Vernon Spencer happened to pass through the vestibule as Waldron was found beside the rails with surprisingly slight injuries. His face was badly bruised and his scalp torn, and there were also contusions on one leg. He was conscious when found, although he could not remember seeing the Katy Flier, which followed his own train within a few minutes, pass by him. He was brought to a San Antonio hospital, where he is on the road to rapid recovery.

And now, if the night shall be cold, across the sky Linnets and twites, in small flocks, helter-skelter, All the afternoon to the gardens fly, From thistle-down pastures hurrying to gain the shelter Of American rhododendron or cherry-laurel; And here and there, near chilly setting of sun, In an isolated tree a congregation Of starlings chatter and chide, Thicket as summer leaves, in garrulous guard; Softly they hush as one— The tree top springs— And off, with a whirr of wings, To the holly-thicket, and there with Myriads more Dispute for the roosts; and from the unseen nation A babble of tongues, like running water unceasing, Makes live the wood. STATE CARE OF CHILDREN.
Iowa's Sick and Crippled Thrive Better Than Under County Supervision.
Caring for sick or crippled children at state, rather than county, expense is a successful plan, according to Miss Amy L. Daniels, who gave an illustrated talk on the subject to the women attending the short course at the University of Wisconsin.
Miss Daniels is director of the Child Welfare Research Bureau of Iowa, the only one of its kind in the country. Before taking up the work there she was in charge of nutritional research work in home economics at the University of Wisconsin.

Girls! Girls!! Save Your Hair With Cuticura
More than 4,000 crippled or sick children have been cared for since 1910 when the Perkins bill went into effect in Iowa," she explained. "The original bill provided that any child under sixteen whose parents or guardian were unable to care for it could be sent for free treatment to the hospital of the medical college. The response to this offer of free treatment was astonishing. I did not realize that there were so many children in need of care; but I am sure

Understanding
If you consider Advertising in its modern development as a mere matter of space and words, and of "doing what the other fellow does" and do NOT regard it as LIFE—you do not understand the province of advertising.

Daily Newspaper advertising in your immediate community is a matter of necessity to every business; to every man who has anything to sell, be it merchandise or service.
Daily Newspaper advertising has developed from a casual matter, the spare-time care of a clerk or the principal, to a highly specialized business in itself.
It has become a definite, indispensable, firmly founded and soundly constituted Service to Business.

The problem is one that will repay your close study, and the daily newspapers of this community are willing that you should draw upon their experience and skill in working out a profitable solution of it.

who are interested in the welfare of American school children. Whatever the cost, adequate playground space should be provided for those school buildings already erected in congested districts. Public sentiment must become so strong that it will be considered a breach of trust for school authorities to erect a school building on a site that will not afford adequate playground space for all the pupils housed in the building."

On the subject of fire hazard in the schools, the report states: "Only five per cent of the total number of buildings are of the types of construction usually called fireproof elements to lessen the fire hazard to the children. At least twenty-five per cent of the two poorest types of buildings are of two or more stories and do not have a fire-escape. Thirty-nine per cent of these two types are without fire extinguishers, and less than ten per cent of them have automatic sprinkler equipment in any part of the buildings. Only 11 per cent have automatic fire alarms. Such facts as these demonstrate the existence of a real menace to the children of these cities."

One-half of present-day schools were built prior to 1897.
The report directs attention to "the large number of children between the ages of 10 and 16 years who leave the public schools." "There is probably no more serious problem or one more difficult to solve now facing the people of this country," it says.

According to the reports from 290 cities, six per cent of the children have left school before their 10th year, 19 per cent before 14, 38 per cent before 15 and 64 per cent before they are 16 years old. "In the geographical groups," the report continues, "the highest per cent of these children remain in the western cities. Next in order are the southern, the Great Lakes, and lowest of all the eastern cities. In this last group only 29 per cent of the children 16 years of age, and 56 per cent of those from 14 to 16 years, inclusive, are in school."

Attention is directed to "a notable falling off in attendance" at evening schools during the last six years, a "period of unusually high wages."

ENOCH ARDEN CASE STAGED IN DETROIT
Miladrowski Returns After War to Claim His Remarried Wife.
Detroit, Mich., March 4.—Another "Enoch Arden" romance was enacted here this week, but with a slightly unorthodox termination when Henry Miladrowski, given up by his wife and friends as a victim of German bullets, walked unannounced into the home of his wife, Helen, only to find that she had gone through a marriage ceremony with Burt Choiniski, a friend of Miladrowski and was living happily with him as his wife.
Three years ago Miladrowski answered the call to the colors, kissed his wife and marched away. Six months later came word that he had fallen in battle. For a year his wife mourned for him and then married Choiniski. When Miladrowski appeared today his wife threw herself in his arms, while Choiniski looked on.
"You can have her back, but you've got another guess if you think I'm going to pay for the divorce," magnanimously remarked Burt.

FORMER GERMAN VESSELS HIT SHIP MARKET VALUES
The disadvantages of "separation in kind" are being brought home to the British shipping community very forcibly by the "dumping" on the British market of at least a million and a half tons of ex-German shipping, and there is more to follow, is the comment of Donald MacLeod & Company of London. "These forced sales are bringing about a tremendous slump in shipping values; for instance, sister vessels, offered for sale by Lord Incheape, were recently sold within three weeks of each other at a drop of about £50,000. A remarkable sale also is that of a 7,000-tonner built in Europe in 1911 for British owners at a cost of about £3 10s. a ton, at that time considered a high price, but which today would cost anything between £30 and £40 a ton, has been sold at the extremely low price of £3 10s. at a 6,100-tonner, fifteen years old, is reported sold at 5 a ton, and older tonnage at £3 10s.

SHERIFF UPHOLDS "SPOONING" ON 'BUSES

Quotes Birds in Trees—"Have You No Human Sympathy?" He Demands, "Or Are You a Crabbed Bachelor?"

(New York Times.) Sheriff Knott made public yesterday correspondence between himself and a person writing on Hotel Pennsylvania note paper under the pen name of "Pro Bono Publico," relating to a matter concerning the public morals, which the correspondent thinks the sheriff should take up at once.

The writer has observed "spooning" by occupants of the upper decks of the Fifth avenue busses, and recommends that the sheriff's deputies, and possibly members of the three panels of his jury, including the most prominent men in the city, be delegated to the work of "stamping out the nuisance." The letter said:

"Dear Sheriff: I have read in the daily

papers that the Fifth Avenue Coach Company, which operates the busses on Fifth avenue, refuses to heed the objection made about the spooning on top of its vehicles. As a citizen, I wish to protest against a continuance of this public nuisance. If these young people must spoon, let them do so in the privacy of their own homes.

"It seems to me that this is a matter meriting public attention. There is no hope that the police will do anything about it, for the traffic policemen on Fifth avenue are witnesses to the public spooning that goes on, but take no action. I therefore write to you, as sheriff, and ask that you appoint deputies to take this urgent matter in hand."

The sheriff answered:

"Dear Sir: Since you continue to hide your identity, I am unable to address you as courtesy demands. I know you will accept my apology for addressing you through the newspapers, from which you gleaned the information which you make the subject of your letter.

"I cannot answer your objections about public spooning and the suggestion that I take official cognizance of it without also speaking as a private citizen. As such I wish to say that I do not sympathize with your complaint.

"Dear Pro Bono Publico, have you no

sentiment or human sympathy? Have you never been out in the country in the springtime and watched the birds in the tree-tops bill and coo? Of course, if you have not, there is not much use in pursuing this subject further. But apparently (I judge from your present address) New York is only your temporary domi-

were. Such observation, my dear sir, should have given you a more sympathetic view of life. It seems to me that a man must be either a crabbed old bachelor or has been disappointed in love, who seeks to invoke official aid in putting an end to a heritage of nature that is as old as the world. Certainly there is nothing clandestine in spooning atop of a 'bus. Perhaps you know the old proverb, 'Honi soit' etc. I

"My advice to men who cannot stand the sight of the loving meeting of minds and eyes—and in some cases lips—on a Fifth avenue bus, is that they ride in the subway. A trip or two in the rush hours there ought to cure them, for in the subway, men and women, boys and girls, are thrown together indiscriminately, and even without the formality of an introduction or acquaintance. They are compelled to occupy about the same proximity to each other that the lovers do on the busses, sometimes more so. The difference is that in the subway this attention is forced on them and instead of billing and cooing, one hears bickering and cussing. Let the spooners spoon. They always did. They always will.

"Now, talking to you as sheriff, I want to say that I must refuse to designate salutations; a heart to heart talk as it

stop what you call a nuisance. That statement by you, I think, represents only a conclusion—a state of mind."

CHILDREN GET A BIG BUILDING IN WINNIPEG

Winnipeg, March 5.—The McArthur building in Portage avenue has been sold to a New York syndicate, representing Child's restaurant, for a price estimated between \$800,000 and \$1,000,000. The building is twelve stories high, and has a frontage on Portage avenue of sixty-one feet, with a depth varying from 151 to 180 feet.

PLOWING IN ALBERTA.

Lethbridge, March 4.—Plowing commenced Monday at Cowley, and will be general this week if the present weather holds. Southern Alberta farmers will plant a considerable reduced acreage this year, but better farming methods will be in vogue.

It Lasts as Long as the Building

Once walls and ceilings are perfected with Beaver Board, you have finished with them for good. They will last as long as the building.

Joined with ease and simplicity of use and with beauty and charm of result, this quality makes Beaver Board the logical material for all walls and ceilings.

No more soiled wall paper. No more cracked and falling plaster. But walls and ceilings which meet the most modern ideas of home decoration.

Beaver Board is quickly nailed to old walls or to new partitions. No

muss or litter. No waiting for plaster to dry.

The result is sure—provided genuine Beaver Board is used with the Beaver Quality trade-mark plainly printed on the back of every panel. This trade-mark of good building material is also on Vulcanite Roofing—an insurance of better roofs. Beaver Board and Vulcanite Roofing are sold by lumber and building material dealers.
