## All Germany In Turmoil

### New Crisis More Grave Than Last

The Spartacans Outdone

### Syndicats Evidently Led by Terrorists From Dusseldorf—Strike All Over Country in the Making—People Killed in Riots

London, April 2—Describing the outlook in Germany, the correspondent of the Daily Mail says a crisis which is rapidly approaching seems certain to be graver than either the January or March outbreaks.

"One of the storm centres is Bavaria, especially Munich," he writes. "The situation in Southern Germany has completely changed during the last three weeks. Thousands of people, including many women, attend mass meetings at which unadorned Bolshevism is advocated and demands are made for the abolition of parliament. A political faction has arisen that is even stronger than the Spartacans. The members of this party call themselves syndicalists, and are apparently led or inspired by terrorists who escaped from Dusseldorf when government troops occupied that city after the last uprising.

### STRIKE ALL OVER GERMANY

Berlin, April 2—(via Copenhagen)—Almost all the labor forces in Germany are either striking or threatening to strike as a result of agitation carried on by independent Socialists and Spartacans, who are succeeding in their efforts to induce workers to join the "red" impossible demands. They have even partially demoralized "mine" guards, and in the Ruhr district to protect the strike against the Spartacans, to prevent the miners from descending. The situation everywhere is considered serious, and it is said that the aim of the Spartacans is purely political, having as its object the overturning of the present government and the establishment of Bolshevism.

Sanguinary engagements have occurred at Kestrop, in Westphalia. It is said that a procession of miners on its way to the office of the Kestrop Anzeiger clashed with public security guards and several were killed and wounded on both sides.

State of Siege in Stuttgart.  
Berlin, April 2—(via Copenhagen)—In a collision between strikers and government troops at Stuttgart on Tuesday three persons were killed and many others were wounded. The demonstrators were eventually dispersed and order restored. The labor leaders in Stuttgart have declared a general strike there.

Stuttgart, April 1—(via Copenhagen)—The government has proclaimed a state of siege in the city of Stuttgart and its environs. All shops, theatres and public places must close from 8 o'clock in the evening until 6 o'clock in the morning, and all street traffic is forbidden after 9 p. m.

A counter strike called as a protest against the general walk-out of workmen has been joined by tradesmen, merchants, manufacturers, state and municipal officials, doctors and chemists. No local papers are issued and postal and tram cars have been suspended.

### ELEVEN KILLED IN FRANKFORT RIOTS

Paris, April 2—Havas Agency—A despatch from Zurich states that in riots at Frankfurt on Monday there were eleven persons killed, twenty-five wounded. It is said the police have made 400 arrests. In the Ruhr Basin the number of strikers is estimated at 190,000. There have been riots in Wurttemberg, according to reports. A general strike is said to be going on in Berlin, being as serious as the one recently called in that city.

### N. B. FOREST STAFF IN SESSION IN FREDERICTON

Fredricton, April 2—The first meeting of the forest service staff of the crown land department was held this morning at 10 a. m. in the presence of Mr. H. H. Prince, provincial forester, presiding.

Col. T. G. Loggie, deputy minister of lands and mines, gave an address of welcome to the rangers and inspectors. Wm. Kerr, one of the inspectors, gave an address on the "Personal qualifications of a scaler to be successful."

R. A. McFadden, chief scaler for the New Brunswick Railway Company, gave an instructive paper on "A Business System of Scaling." A. C. McElvyn, I. Fletcher and Geo. F. Burden, inspectors, made interesting remarks.

## C.P.R. Have Handled 32,727 Passengers

### An Idea of the Work at Sand Point This Winter, 118 Special Trains of More Than 1,500 Cars Engaged

During the winter port season the C. P. O. S. and C. P. R. have handled no fewer than 32,727 passengers through the port of St. John. Of this large number 7,780 were cabin passengers, 1,728 belonging to military parties and the remainder number mostly soldiers dependents. There were 24,988 stevedore passengers of which number 19,910 were soldiers and the remaining number dependents.

The C. P. R. found it necessary to send out 118 special trains, which were composed of 600 sleeping cars, 175 colonist cars, 100 first class cars, 150 baggage cars and 160 dining cars. Figuring that each car is seventy feet long this would make twenty-two miles of cars alone.

Most of this work is not apparent on the surface and only those who have to see that equipment is on hand when steamers arrive, and look after the many other details are in a position to judge the great work of the officials in charge. As there is another month to go before the close of the winter season these figures will undoubtedly be greatly augmented.

## THE DANZIG QUESTION

### Important Meeting in Berlin Tomorrow—French to Get Deal From Sarre-Valley—Peace Delegates to Devastated Regions

Paris, April 1—It has been decided to raise the blockade of Poland, Estonia, German-Austria, Turkey, Bulgaria, Czechoslovakia and the territories occupied by Rumania and Serbia. With respect to German-Austria prohibition is maintained against trade in a few articles chiefly of German propaganda service.

The German cabinet has decided together with chiefs of all parties of the national assembly at Berlin tomorrow to reach an agreement as to the policy that is to be followed, according to an announcement by the German propaganda service.

Washington, April 1—Any solution by the peace conference of territorial troubles in Eastern Europe which fail to provide for the control of Danzig by Poland will result in the collapse of the Paderewski government and will lead inevitably to future wars, according to a statement today by John F. Sniulko, president of the National Polish Department and representative of the Polish national committee.

Paris, April 2—(Havas Agency)—Germany will not persist in her opposition to the use of Danzig by Polish troops on the way from Danzig to Poland, according to advices reaching newspapers here.

Messiah, Poles will leave Paris tonight for Spa to attend the peace conference to discuss the Danzig question.

Paris, April 2—(By The Associated Press)—It was stated authoritatively last night that the great majority of the premiers and President Wilson that the prospects for an accord were more hopeful.

Distinct progress was made at the meeting particularly regarding the Sarre Valley. The indications are that the French will get out of the Sarre Valley, which will be charged against their share in the reparations. There was some discussion of the advisability of leaving the eventual disposition of the Sarre Valley to a plebiscite.

## Daylight Saving in Schools on Monday

### Decision Arrived At Today

At a conference held this morning by Dr. H. Bridges, superintendent of schools, and Dr. A. F. Emery, chairman of the Board of School Trustees, supplemented by a telephone canvass of the other members of the school board, it was decided to change the public school hours to daylight time, commencing next Monday, not tomorrow, as erroneously stated in a morning paper.

The arguments which prompted this decision were the same that have obtained in other circles, and chiefly that which pleads for a uniform clock to avoid confusion.

Again today the greatest confusion existed over the varied reading of timepieces. With places of business employing their employees into the streets at twelve and one o'clock, and public clocks like Trinity showing it was only eleven or twelve o'clock, the situation takes on a sort of serio-comic aspect.

The theatres content they are forced into adhering to the old local time so as to accommodate both classes of clock enthusiasts. As all of them give several programmes each day, the earlier hour has no other effect than that of adding to the respite people have before going to the shows. However, it is said the theatres will conform to the daylight plan so soon as it is made locally universal.

The city council yesterday afternoon at its regular meeting decided to take up the question of daylight saving time tomorrow at its committee meeting.

The police force is still running on the old time, although the police court has adopted the daylight saving.

The military headquarters and departments of the city are still on the old time, although the police court has adopted the daylight saving.

## CORN GOES UP

### Action Re Wheat and the Chicago Election Have Effect on Market

Chicago, April 2—Sensational upturns in the value of corn took place today and were accompanied by an excited rush to the bull side of the market.

Notice that exports of wheat had been stopped by the food administration was chiefly responsible, as corn would therefore be expected to come into greater request for shipment to Europe as a substitute. Besides, the election outcome in Chicago—a victory for the wets—was held to imply an increased demand for rye and barley by interests that still looked for the defeat of prohibition.

Opening prices for corn showed a jump of 1/4 cents to 6 cents, with May \$1.14-1/4 to \$1.44 and July \$1.25 to \$1.82. July made an advance of another cent, but then the market eased back somewhat as a result of profit-taking.

Oats rose with corn. After opening 5-8 cent to 17-8 cent higher, with May 65 to 66 1/2, the market continued to harden.

Provisions ascended to the maximum limit for one day. Strength in the hog market together with the sensational bulge in grain furnished the reason.

## WHEAT PRICE QUESTION IN STATES

### New York, April 2—While there now exists no "effective control of the maximum price of wheat or wheat flour," the United States food administration grain corporation intends to do everything in its power to reduce prices to the government buying level, which necessarily must be reached when "the new enormous crop begins to move into the markets within ninety days," according to a statement here last night by Julius H. Barnes, president of the corporation.

Mr. Barnes said that should all factors fail to control the price of wheat in the United States at a reasonable level, he shall relax import restrictions and allow wheat and wheat flour to enter the United States from Canada, Argentina and Australia.

### Police Force on Old Time, Police Court on New—Military Headquarters Adopts the Saving Schedule

## THE LONG ARM OF THE SOLDIERS' AID COMMISSION

### Matter of Canadian Soldier Reported in Framingham, Mass. Taken up by Chas. Robinson

That the Returned Soldiers' Aid Commission of Canada is far-reaching in its efforts to care for the battle-scarred boys who reach this side of the ocean was brought to light today by a rather roundabout but especially convincing manner.

Yesterday a letter was received by H. P. Robinson, general manager of the N. B. Telephone Co., from a business card which was evidently suffering from a shell shock, giving the name of George Drew. The Boston man asked his St. John friends to make enquiries as to whether or not he was in the Canadian military authorities would appreciate being informed about him.

Charles Robinson, local secretary of the R. S. A. Commission, after being informed of the case at once instituted enquiries among the numerous convalescent hospitals throughout the eastern section of Canada, and the young soldier's case is being looked into.

Secretary Robinson says he has repatriated quite a number of Canadian soldiers since demobilization commenced. One got as far as Savannah, another to Princeton in New York, and a third, being invalid, they were transported back to Canada at government expense and are now being nursed to a recovery in a hospital.

## NEW COMPANIES

(Special to Times).  
Fredericton, April 2—The Maritime Foundry Co., Ltd., has been incorporated under provincial statute with capital stock of \$45,000 and head office at Charlottetown.

Those incorporated are Arthur S. Freighton and Henry A. Powell of St. John and Charles O. Morris of Lancaster.

The New Brunswick Contracting & Building Co., Ltd., with head office at St. John and capital stock of \$24,000, has been incorporated. Those incorporated are Thomas Cosentino of Sydney, N. S., Parker H. Corrier of Upper Gasquetown, and William J. Mahoney of St. John.

The following provincial appointments is gazetted: J. Charles Roberts, to be member of and chairman of the school board of Shediac.

Resignations of provincial appointments have been accepted as follows: Chas. W. Mitchell, sr., as justice of the peace for Northumberland; F. S. Inglis as member and chairman of the school board of Shediac.

Rev. George Nelson Somers of Berouze, P. E. I., has been appointed to solemnize marriages in New Brunswick, that authority to date back to Oct. 16, 1918, and to include the marriage of Ernest Kay and Ethel G. Anderson of McKee's Mills, Kent county, which is made valid.

Supplementary letters patent have been issued whereby the capital stock of the Provincial Line Company, Limited, has been increased from \$10,000 to \$49,900.

But one survivor.  
Norfolk, Va., April 2—Eleven persons, including Captain and Mrs. Miguel Ampere, and their three children, were drowned in the foundering of the Cuban schooner Lucia on Saturday, 400 miles off the North Carolina coast, according to wireless reports from a steamer which is bringing the only survivor of the Lucia to port.

## THE CIVIL SERVICE

### Ottawa Amends Regulations in Interest of Soldiers

Ottawa, April 2—The civil service regulations have been amended by the addition of the following provisions: Persons who have been on active overseas service in the military or naval forces of His Majesty or of any of the Allies during the great war, who have left such service with an honorable record or who have been honorably discharged, shall not be required to have had three years office experience in order to be admitted to the examination, but military or naval service shall be given to such candidates who obtain the required percentage in all other subjects.

A return tabled in parliament shows that since the passing of the civil service act in 1918, 1,672 permanent employees and 14,870 temporary employees have been appointed by the civil service commission. The great majority of these temporary employees, it is explained, were women appointed to positions which returned soldiers would not consider. Of the appointments made, 1,884 were returned soldiers. There is nothing on record, says the return, to show how many of these soldiers served in an actual theatre of war.

Fewer Influenza Deaths  
Washington, April 2—Continued decline of deaths from influenza noted in the country during March is emphasized by the weekly health report. The deaths from influenza for each of the four weeks ended March 29, were respectively 946, 892, 737 and 655.

TO SEE THE FILMS  
E. A. Schofield and several others are going to Fredericton tonight to see the films to be shown here of scenes, resources and industries of other provinces by a representative of the dominion department of trade and commerce.

## BRITISH MOVE IN TRADE INTEREST

### Large Sums to be Spent on Consular Service and Commercial Attaches

London, April 2—(British Wireless Service)—The new department of overseas trade is ready with a plan for the reform of the consular service and the establishment of commercial attaches. It is proposed to spend at least £1,000,000 annually on the consular service and nearly £250,000 on the commercial attachés.

Several associations of British manufacturers intend to take advantage of this new activity on the part of the government. The largest of these reports directly, or through Allied organizations, nearly 20,000 firms with a capital of £4,000,000,000.

IN WALL STREET  
New York, April 2—Speculative sentiment was again favorably influenced at the opening of today's stock market by foreign and domestic developments, popular peace shares adding substantially to yesterday's gains. Shipings, tea, leathers, tobacco and copper led the movers, but Industrials, Alcohol retained its place as the most conspicuous specialty, extending yesterday's material advance by almost three points. Investment shares adding substantially to their long prevailing apathy, and motors and oils joined in the broader dealings of the first half hour.

Noon Report  
Steamship shares continued to feature the more extensive dealings, oils, metals and the distilling division coming next in the order named. The strength of so-called spirits stocks was attributed in part to the result of yesterday's election in Chicago. Equipments were chiefly represented by Harvester, General Electric, Baldwin Locomotive and Arvo, grain locomotive and the paper group was most prominent among inactive specialties. United States Steel increased its gain to a fraction over a point. Independent steels also showed a stronger tone at midday. Bonds were firm.

SHIRT WORKERS IN A MONTREAL HOUSE STRIKE  
Montreal, April 2—The newest strike to affect Montreal is that of shirt-makers employed by the John W. Peck Company, Ltd., more than 100 of whom have refused to go to work. The trouble has arisen out of concession of a forty-four hour week to clothing workers by the local members of the Clothing Manufacturers' Association. The new time scale went into effect today. The Peck Company is principally engaged in the manufacture of clothing, but it also manufactures shirts, employing about 160 workers in that line, who are not considered to come under the description of clothing workers.

The shirt workers demanded a forty-four hour week, together with the other employees. This, officials say, they were willing to give, but the shirt workers also demanded an increase in wages, which would bring their weekly pay up to the same figure as under a forty-eight to fifty-two hour week. This the company was unwilling to grant.

## DECIDE ON LEAGUE OF FOUR BALL TEAMS

### Fairville, Carleton, City and North End for Summer Games

The St. John Baseball League was formed last evening at a meeting held in the Great War Veterans' rooms. The league will be composed of four teams—on from Fairville, one from Carleton, the Y. M. C. A. representing the city and St. Peter's Y. M. C. A. representing the North End. It was decided to play the games on Queen Square, West St. John, as no grounds are available in the city proper.

C. A. Morris was elected president of the new league, Joseph Dever, vice-president, and Mr. Joyce, secretary-treasurer. It was unanimously decided to have Captain G. E. Logan honorary president. A committee of one representative of each team and the president was appointed to meet in the Y. M. C. A. to arrange a schedule and draw up rules and regulations to govern the new league and submit their findings to a meeting of the executive and representatives of the four teams to be held at a later date.

Interned French Chief

BROWN-MURRAY

At the Highfield street Baptist parsonage, Moncton, Monday afternoon, Edgar James Brown, of Penobscot, was united in marriage with Mary Scott Murray, of the same place.

FROM THE RECORDS

(Fredericton Mail) That false and misleading answers were given to inquiries during the session of 1916 is shown by the following, taken from the records of that session: Hon. Mr. Murray, in reply to Mr. Pelletier's inquiry, said: 1. At what dates were the books of the province closed for the fiscal year ending Oct. 31, 1915?

Answer—The books of the province were closed on Nov. 10, 1915, with the exception of the amount due for the sale of potatoes, which was pending final settlement. This amount, viz., \$82,861.38, as indicated by statements in the hands of the public accounts committee, was paid into the provincial treasurer's office on Dec. 22, 1915, and credited to the fiscal year 1916.

When Hon. Mr. Murray stood up in the house and made the above reply to Mr. Pelletier's inquiry he well knew that the sum of \$82,861.38 had not been paid into the provincial treasury at all, but that instead an accommodation note for the amount, was given by A. C. Smith & Co., a firm which shortly afterwards went into bankruptcy, and was dissolved by the government committee, and the note was afterwards borrowed from F. W. Sumner of Moncton, and when Tennant made his advance \$5000, take-off on the Valley Railway the money was returned to Mr. Sumner.

BAXTER AND FOSTER

(Fredericton Mail) Mr. Baxter in his speech on the McQueen report, boasted that he had "stood by his friends" when it was decided to keep the potato transaction. That was a strange position for a man to take who at the time was chief law officer of the crown in this province. He evidently labored under the belief that he was not a servant of the public, sworn to protect their interests, but merely a guardian angel for colleagues who did not see fit to do the right thing.

MR. DAGGETT'S "STANDARDS"

(Fredericton Mail) We feel sure that had the editor of our religious contemporary (the Maritime Baptist) taken notice of some of the bouquets which the commissioner handed out to Rev. Mr. Daggett, he would have spent less time moralizing on the "perverted standards" which prevail in our political life and the ever present and far-reaching curse of partisanship, and would have given expression to his views on the propriety of a minister of the gospel preparing false statements to deceive the public and signing a fictitious name to a banking document.

CONDENSED NEWS

The Consolidated Railway Act was taken up by a special committee of the commons at Ottawa today. Measures have been taken at Ottawa to prevent the destruction of the gannet and other birds on Bonaventure Island, Pelee Rock and the great bird rocks group in the Gulf of St. Lawrence. The U. S. naval supply ship Culgoon, carrying casualty troops, recently returned in distress southeast of Halifax, arrived at New York today from Brazil. London has a report that a republic has been proclaimed in Belgrade, the capital of Serbia and Jugoslavia.

BURIED TODAY

The funeral of Mrs. Elizabeth Kierwan took place from 176 Main street, St. Peter's church this morning. Requiem high mass was celebrated by Rev. Father Hogan, with Rev. Father Allan, deacon, and Rev. Father Wood, subdeacon, and interment was made in the new Catholic cemetery. Many spiritual and floral tributes were received. Relatives acted as pall-bearers.

G. W. V. A. OF WINNIEPEG DEAL WITH DEPORTATIONS

Winnipeg, April 2—At the annual meeting of the Great War Veterans last night a resolution was passed urging legislation to examine, all undesirable citizens as to their desirability as citizens, and if found undesirable they be deported. It is also asked that a closer censorship be kept on the immigration of religious sects. Another resolution is to the effect that all men of Bolshevist tendencies, whether English, Irish, or fish, or any other nationality, should also be deported.

There is always a depleted condition of the blood, that extreme tired feeling, nervousness and digestive weakness from which recovery is slow unless a good medicine is taken. The lack of red corpuscles in the blood makes it too thin properly to nourish the body, and the general prostration, annoying humors, boils, loss of appetite and poor digestion prevent progress towards health.

IMPERIAL REMAINS ON LOCAL TIME

Obligated to Retain Usual Schedule Until Things Settled One Way or Another. Imperial Theatre, because it has two performances per night, is in the fortunate position of being able to cater to both the daylight saving folks and those who are not yet included in its scope. For instance, people leaving work at 5 and 6 o'clock daylight will have plenty of opportunity to get supper and be on hand at the opening of the theatre at 7. Then again those who leave work at the usual local time will not be any worse off than before as far as the Imperial is concerned, for its hours are not changed. Of course, if the town goes "daylight" entirely the theatres will all be forced into line too. Imperial Theatre desires the convenience of all patrons and feels that adhering to its present hours will accommodate everybody and disturb nobody.

ADOPTED DAYLIGHT SAVING TIME

Beginning today, April 2, all Manchester Robertson Allison Ltd. stores will observe daylight saving time and will open 9.30 a. m. close 6 p. m.; Saturday 10 p. m.

PROPOSED AMENDMENTS TO INLAND REVENUE ACT

Ottawa April 2—Notice of important amendments to the inland revenue act has been given by Hon. J. D. Reid, acting minister of customs. It is proposed to enact new provisions governing the manufacture and sale of alcohol in Canada with the administration of any denaturants, and denatured alcohol, intended for use in the arts and industries or for fuel, light and power purposes, with restrictions as to the place of manufacture, sale, delivery and transport.

MISS ALICE KELLY

The death of Miss Alice Kelly took place this morning at the residence of her father, William Kelly, 51 Murray street. She was a member of the teaching staff of St. Peter's boys' school, also a member of St. Peter's choir, and was an active worker in St. Peter's church. Besides her father she leaves two brothers, William and Alexander, of this city and one sister, Miss May, at home.

**C. P. R. AND DAYLIGHT SAVING.**  
Owing to the decision reached by the large wholesale and retail merchants of the city to adopt daylight saving time, the times of arrival and departure of C. P. R. trains will revert to their original schedules. This will become effective Wednesday, April 2.

It means that the early morning train from Fredericton will arrive at 5:55 a. m. Atlantic daylight time. This train has been running one hour behind schedule. The afternoon local for Fredericton will depart at 8:10 p. m. and will make all the local stops. Suburbanites will now be able to use this train instead of going on the Boston and making special stops. All the other trains, that is the incoming and outgoing Montreal trains and the regular express trains for Boston, and all other C. P. R. trains in and out of the city will revert to original schedules. The same thing applies to the S. S. Empress between St. John and Digby.

REPORT FROM HUNGARY MORE REASSURING.

Paris, April 2—(By the Associated Press)—M. Alliso, former French minister to Holland, has been sent on a special mission to Vienna.

Reports received by the French foreign office are that the Bolshevik movement in German-Austria has, as a general thing, been unsuccessful. The railroad strike at Vienna was ended after a few hours and the insurrection which started at Graz has been put down.

Reassuring reports from Hungary have also been received by the French authorities, and officials now believe that it will be possible to resume diplomatic relations with Hungary soon.

**HENRY WATTERSON, NOTED EDITOR, IS PASSING OUT OF NEWSPAPER LIFE**

Louisville, Ky., April 2—The Louisville Courier Journal last night announced that Henry Watterson, editor since 1868, and editor emeritus since last August, had requested his retirement. Mr. Watterson recently passed his 79th birthday.

The newspaper said the editor's action was partly due to his variance with the Courier-Journal officials on the proposed league of nations, he, the paper says, being against the proposal, while the officials favor the issue.

Through Mr. Watterson's writings on national questions he has become one of the most widely known writers in the country.

He spoke of death in the midst of many tokens of life. His address was brightened with many incidents of his own mission work in Glasgow, showing how many have found life through death to the lower future of self.

The church school room was filled last evening and several made a start in the Christian life. Mr. MacArthur has

NOW BOOST THE PLAYGROUNDS

If daylight-saving prevails in St. John, as now seems assured, there should be an immediate organization throughout the city to utilize every playground to the fullest extent under proper supervision.

While it is desirable that there should be unified control, there should also be behind each playground a local organization, such as the South End Improvement League.

What available playgrounds are there in St. John? In the south end is that provided by the South End Improvement League, which will be enlarged and improved as soon as the frost is out of the ground. In the west end there is Queen square. In the north end there is Victoria square. Possibly several smaller ones could be found in different parts of the city for the use of the smaller children.

But there is still the east end, which needs a playground just beyond the Marsh Bridge. Mr. K. J. MacRae, representing the owners of what is called the old shipyard, and which has been used as a dump, has informed Com. Fisher that this ground may be used. All that is necessary is to dump some more ashes in the hollows and level the surface, roll it lightly, and a very large playground would be available. An East End Improvement League would make a playground there in a much shorter time than it took the South End League to do a much heavier task.

With a fairly large neighborhood playground in each of four sections of the city, each with its baseball leagues and athletic games, and a few smaller grounds for smaller children, a great work could be done for both boys and girls. Let the west, north and east end people form their Improvement Leagues and get busy.

As this paper has pointed out, the best results can only be obtained by unified control, and the Times-Star begs to submit to the Playgrounds Association, the Improvement Leagues, the Y. M. C. A., the Y. M. C. I. and the churches a practical suggestion. Let enough money be raised to engage for the next four or five months a recreation expert. Place him under the control of the Playgrounds Association. Place upon the executive of that association a representative of each of the other organizations concerned, and thus co-ordinate the work of all the playgrounds. This expert would plan a general scheme for all the playgrounds, and behind each would be a strong local organization to provide assistance and equipment.

It might be quite possible for the general executive to arrange baseball games for young men as well as the games and exercises for the boys and girls. Once popular enthusiasm for clean sport is aroused there is no telling what would be accomplished.

The salary of an expert for four or five months—and it should be high enough to get the right man—would be a trifle compared with the value of the work he would be able to do in a city where we must begin at the very A. B. C. of recreational development along right lines.

Every man who ever played baseball, or took any part in athletic sports, or enjoyed looking at athletes in competition should get behind this movement. It means much in health, in discipline and in good citizenship to all the young people.

And if we are to have daylight saving we must have means of healthful recreation or see our boys and girls without healthy interests and inspiring leadership for a large part of the summer season.

Bolshevism is said by a correspondent of the London Daily Mail to be making rapid headway in Germany, and in Bavaria a group more powerful than the Spartacists is now active. There are demands for the abolition of parliament, and every effort is made to stop work and bring about a reign of terror. This madness must burn itself out, and it must be confined to the countries of Central and Eastern Europe. Today's news from Germany is of a most disquieting nature.

Raising the blockade of a large portion of Central Europe will probably help the people who will be less disposed to riotous disturbances—Germany is not included, nor Austro-Hungary.

THE BUDGET DEBATE.

The budget debate in the legislature is useful to the extent that it enables members on the government side, like Mr. Magee, Mr. Burchill and others to direct attention to business-like methods of the government and the difficulties which confront heads of departments who are asked to do far more than the funds at their disposal will permit. So far as opposition criticism is concerned, it is of the mildest sort, and over it hangs the black shadow of the old government's record, and the recent censure of their own leaders by the members of the present opposition in the amendment they offered in relation to the McQueen report. Until the opposition takes the advice of the Frederick Glenier and gets new leaders its criticisms will not be taken seriously by the people. The budget debate has lasted long enough. The house should now get down to business, as there is still much to do and the season is wearing on. The opposition is far weaker in public estimation than when the old government was defeated, and the government proportionately stronger, for it has made good. Any mistakes it may have made since it came into power were not open to the suspicion of a desire to pursue a policy of extravagance or graft. Each session of the legislature is now marked by progressive legislation of great benefit to the province.

HENRY WATTERSON.

"Marse" Henry Watterson, whose editorial writings for thirty years made the Louisville Courier-Journal a power in the United States, is retiring at the age of seventy-eight years. He is said to be retiring because he is against the League of Nations, which the officials of the Courier-Journal support. Col. Watterson's delightful reminiscences in recent issues of the Saturday Evening Post have greatly enlarged his circle of readers. His phrase early in the great war: "To hell with the Hohenzollerns and Hapsburgs" endeared him to a great many people in the United States who were very reticent at that time. All were a striking personality and a man of strong opinions, fearless in expression and with a power of invective that made his opponents sit up and take notice, he was a doughty champion of whatever cause he espoused. It may be hoped that in spite of his years he will be able to do some further literary work before his pen is laid to rest. He is a representative of a type of journalists who in their generation wielded a powerful influence in the moulding of public opinion in the United States, and whose personality impressed itself very strongly upon the nation.

We are told that "George Lansbury, editor of the English Labor organ, The Daily Herald, and former Labor M. P., when asked if there was any Bolshevism in England, replied: "So little that it counts for nothing." One can truly say that there is no Bolshevism in England now, and that there will be none, no matter how the rest of the world may go."

It is fitting that all the delegates to the peace conference should see the devastated areas in France. They will then be the better able to pass judgment on the Hun. And there are some things it would be very unwise—even criminal—to forget.

So many clocks in St. John are now showing daylight time that universal adoption of the change is assured, unless the railroads go back to the old time, which is highly improbable.

The foreign element in Chicago evidently wants its beer. Even 124,731 women voted to keep the saloons. They have not honored their sex.

The United States food administration says the price of wheat must come down if they have to import the grain. That sounds good.

The next big fight before the legislature will be that over the proposed legislation relating to St. John and the New Brunswick Power Company.

"But, my dear," said his wife, after he had complained about the food the new cook had brought in, "you know during these terrible times it is absolutely necessary that we make great sacrifices."

"O, of course, but what I object to is that cook's making here in the form of a burnt offering."—Indianapolis Star.

Canada's Largest Factories Use Dominion Friction Surface Belting

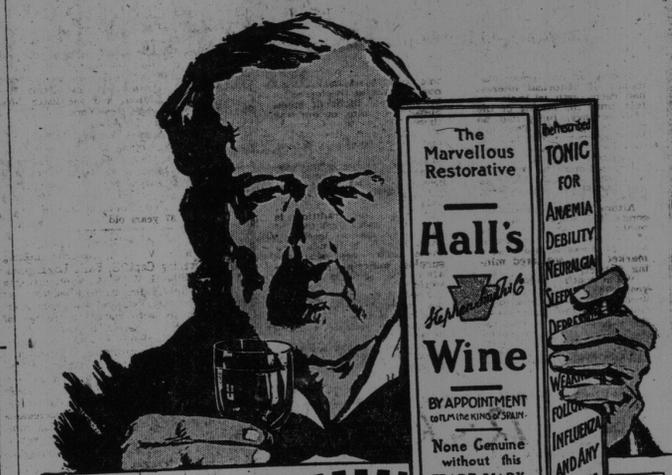

In practically every first class factory in Canadian industry, Dominion Friction Surface Belting is a satisfactory and efficient part of its equipment. Some of the largest users of transmission belting specify it exclusively. The reason for this preference is obvious—it will out-serve at lower cost per horse power any belt made. It will conserve power and labor and speed up production. A broad statement, yes, but our belting experts are ready to convince you that it is more than a statement. The knowledge and experience of these experts are largely responsible for the "plus service" rendered by Dominion Friction Surface Belting because it is their business to see that the correct type of belt is specified for a given purpose. Many of Canada's largest manufacturers have found this service so profitable that they have made our experts responsible for the efficiency of all belting equipment in their plants. This same service of efficiency is open to you, without charge, through any of our Service Branches. Services Branches: Halifax, St. John, Quebec, Montreal, Ottawa, Toronto, Hamilton, London, Eichenor, North Bay, Fort William, Windsor, Brandon, Regina, Saskatoon, Edmonton, Calgary, Lethbridge, Vancouver, Victoria.

After Spanish Influenza Build Up. If you've been a victim of the Influenza Epidemic, what you now need is a good tonic to restore your vitality and bring your strength and vim up to normal again. Hall's Wine does just that by purifying the blood and strengthening the nerves. Without the aid of such a tonic at this time, you will go through the Winter weak, debilitated and subject to colds. Start yourself on the road to robust health to-day by taking Hall's Wine and later, when the severe weather sets in, you will have the fortification of a good constitution to tide you through. The following extract from one of many letters proves that Hall's Wine will renew your energy and make you feel like a different person. "Influenza and internal trouble left me weak and depressed. The doctor ordered me Hall's Wine and to my surprise I felt better after one dose." (The originals of all testimonials published for Hall's Wine are on our file for reference). ## The Story of the Diamond

Chapter 7.—The Mines of India.

Nearly all the great diamonds of historical interest had their birth in India—in fact, until the middle of the 18th century, India had no rival in the field. They are found in river-gravel and old sandstones and sand derived from them.

At one mine in India, as far back as A.D. 1650, no less than 60,000 natives were employed.

Although the name Golconda is associated in the public mind with diamonds, it was really not important as a producer so much as a market for a scattered mining district.

When visiting India a few years ago, stopping at Secunderabad and hearing of Golconda a few miles away, we had a desire to visit the place and were accompanied by the proprietor of the leading hotel, a rather intelligent fellow. In the olden times,

this was an important fortress situated at the top of an impenetrable flight of steps. Speaking to him, on our way there, about the Golconda diamonds, our guide said he had never heard of them, but drew our attention to passing to a very large mass of huge cube-like stones covering acres and a crescent "These," he said, "are the only stones I ever heard of here, and the tradition is that the Great Architect of the universe completed his work here at Golconda, and these stones represent the surplus material left over after the creation of the world."

Needless to say, we will not vouch for the correctness of the theory, although accepted by the natives there in perfectly good faith. Tomorrow we'll touch upon the mines of Brazil, in South America.

Write for our Year Book—It illustrates our Diamond Rings.

### RECENT DEATHS

**Mrs. Ann Miller.**  
 Mrs. Ann Miller, widow of William Miller, passed away yesterday at the Mater Misericordiae Home. Mrs. Miller is survived by two brothers—Thomas McGuire, of this city, and Denis McGuire, of Boston; and one sister, Mrs. Kate Murray of New York.

**August Belmont, Jr.**  
 August Belmont, Jr., son of Major August Belmont, New York banker, who was a member of his father's firm and connected with other important enterprises, died at the General Memorial Hospital, New York, on last Saturday. He was 37 years old.

**Y. W. P. A. EXECUTIVE.**  
 At a Y. W. P. A. executive meeting last evening Capt. G. Earle Logan, president of the members for services rendered on behalf of the Vets and also making arrangements with regard to the use of the G. W. V. A. hall by the Y. W. P. A. Mrs. Lawrence, for the Red Cross, expressed appreciation for a gift of furnishings for the nurses' rest room in the St. James street hospital. Miss Nan Brock, president, wrote that she would be here by May 1. Donations to the Society for the Prevention of Tuberculosis and also to the soldiers' reception committee will be confirmed at a regular meeting. Miss Deinstadt and Miss de Soyres were appointed representatives of the Y. W. P. A. on the soldiers' reception committee with Miss Eileen Keefe and Miss Marion T. as substitutes. Miss Alice Fairweather presided.

### Economically clean

She saved work—Sunlight Soap washed the clothes without rubbing. She saved time—she did other work while Sunlight did the wash. She saved money—Sunlight is an absolutely pure soap, therefore there is less soap used for washing than with ordinary soap, and less wear and tear of the clothes.

Sunlight is a two-time soap—it's so economical.

## A Fascinating Display Presenting the New Season's Authoritative Fashions in Charming Afternoon Dresses and Dinner Frocks

Modes in Taffeta, Crepe de Chine and Georgette, cleverly achieve the straight silhouette with long tapering skirt, draperies, new neck styles and soft girdles and sashes. Below are mentioned a few of the very attractive new models:

**Dress of White Georgette,** with overskirt trimmed with wide bands of ivory satin. Waist and skirt are heavily beaded in turquoise and pearl. Sleeves are tight to the elbow and have new loose envelope cuff. Girdle is of white satin terminating under arm in a soft rosette.

**Another Effective Combination** is in pale grey georgette over pink. Overdress is draped and is heavily beaded in turquoise blue.

**Crepe-de-Chine Dress** in combination of taupe and stone blue. Front of dress is heavily embroidered in white, grey and blue floss. Long stole reaches from shoulder to bottom of skirt. Neck is round and is finished with edge of filet lace. Belt is trimmed with buttons to match.

**Navy Blue Taffeta Gown** with overdress of georgette crepe to match. This is in popular loose belted style. Overdress is richly beaded and embroidered. Sleeves have new box cuffs and are tucked at elbow. Waist has a veiled band of rich brocaded ribbon. Hem is finished with smart cuff.

SHOWING IN COSTUME SECTION—SECOND FLOOR

Printed Georgette with sand ground, and pattern of coral and blue, is used in another frock. Waist is in surplice style with tucked front trimmed with small butterfly buttons. The girdle is of sand silk.

Orchid Georgette over pink supplies the material for a very handsome gown. This has wide shawl shaped collar of cream "De Lierre" lace. Overdress is richly and profusely beaded to match. Wide girdle is of dull blue silk.

A Smart Model in Navy Blue Taffeta has four narrow frills on overskirt. Sleeves flare at wrist. Neck is V shaped. Skirt and neck are both trimmed with heavy silver embroidery.

Other Dresses of interest are developed in pink georgette, heavily beaded in ivory and piped with blue.

Taupe Crepe-de-Chine embroidered to match in effective eyelet pattern.

Navy Crepe-de-Chine, trimmed with self-colored buttons and embroidery.

Black Dresses are also showing in many artistic designs.

25c THE HOME REMEDY FOR Burns, Scalds, Blood Poison, Boils, Old Sores, Cuts and Skin Diseases. Try it. For Sale By The Ross Drug Co. Ltd. The Retail Store 100 King St. St. John, N. B.

Start Tomorrow and Keep It Up Every Morning. Get in the habit of drinking a glass of hot water before breakfast.

We're not here long, so let's make our stay agreeable. Let us live well, eat well, digest well, work well, sleep well, and look well. What a glorious condition to attain, and yet, how very easy it is to do. You will only adopt this morning and evening ritual.

Folks who are accustomed to feel dull and heavy when they arise, splitting headache, stuffy from a cold, foul tongue, nasty breath, acid stomach, can, instead, feel as fresh as a daisy by opening the sluices of the system each morning and flushing out the whole of the internal poisonous stagnant matter.

Everyone, whether ailing, sick or well, should, each morning, before breakfast, drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver and bowels the previous day's indigestible waste, sour bile and poisonous toxins, thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach.

The action of hot water and limestone phosphate in it to wash from the stomach, liver and bowels the previous day's indigestible waste, sour bile and poisonous toxins, thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach.

Everyone, whether ailing, sick or well, should, each morning, before breakfast, drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver and bowels the previous day's indigestible waste, sour bile and poisonous toxins, thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach.

The millions of people who are both ailing and suffering from indigestion, stomach trouble, and others who have salivary glands, blood disorders and sickly complexions are urged to get a quarter pound of limestone phosphate from the drug store. This will cost very little, but is sufficient to make anyone a pronounced crank on the subject of indigestion before breakfast.

NOTICE. The Department of Marine and Fisheries of Canada is desirous of ascertaining the whereabouts of relatives of the late D. Hamel (D. O'Mal) who lost his life on the C. G. S. "Simcoe" on December 7, 1917. A considerable compassionate allowance is awaiting payment.

The late D. Hamel (D. O'Mal) left the C. G. S. "Dollard" in May and re-joined in September, 1917; later was transferred to the C. G. S. "Simcoe". Any information respecting his relatives will be appreciated by the undersigned.

THE GROCERY MARKET

The following comment on the market situation as regards food stuffs appeared in Canadian Grocer last week:—

There appears to be a generally improved feeling among the trade, business generally showing a better improvement. There are some lines that have been brought startingly to the front during the week. Notably is the case in butter, where there have been advances of upwards of five cents a pound, with no indication of any tendency toward recession.

On the Canadian market replenishing their stocks, and this substantial buying movement in the face of general stocks already none too ample has forced the market upward rapidly. Beef and lard and shortening are also showing advances as a result of strong export buying.

CURED OF DYSPESIA BY USING BURDOCK BLOOD BITTERS

The symptoms of dyspepsia are so numerous and diversified in different individuals that probably no description could exactly represent them as they occur in any given case, but a few of the most prominent are a rising and souring of food, pain, flatulence and distention of the abdomen, a sensation of discomfort after every meal, which is sometimes followed by sickness and vomiting.

To get rid of dyspepsia a careful arrangement of the diet is necessary and due time must be given for the digestion of the meal.

You will find that Burdock Blood Bitters will help with this digestion. It does this by toning up the stomach in such a way that the dyspepsia soon disappears.

Mr. Robt. Baldwin, Winnifred, Alta., writes: "I cannot speak too highly of Burdock Blood Bitters for curing dyspepsia of which I have been a sufferer for years. I have tried many doctors and proprietary medicines, so one day I thought I would try some of the results, as I got better right away. I will always recommend it to other sufferers."

Manufactured only by The T. Millburn Co., Limited, Toronto, Ont.

TRY MAGNESIA FOR STOMACH TROUBLE

It Neutralizes Stomach Acidity, Prevents Fermentation, Sour, Gassy Stomach and Acid Indigestion.

Doubtless, if you are a sufferer from indigestion, you have already tried pepsin, bismuth, soda charcoal, drugs and various digestive acids and you know these things will not cure your trouble—in some cases do not even give relief.

But before giving up hope and deciding you are a chronic dyspeptic just try the effect of a little magnesia—not the ordinary carbonate, citrate, oxide or milk but the pure bismuth magnesia which you can obtain from practically any druggist in either powdered or tablet form. Take a teaspoonful of the powder or two compressed tablets with a little water after your next meal, and see what a difference this makes. It will instantly neutralize the dangerous acids in your stomach, and you know these acids cause your food to ferment and sour, making gas, wind, flatulence, heartburn and the bloated or heavy lumpy feeling that seems to follow most everything you eat.

You will find that, provided you take a little bismuth magnesia immediately after a meal, you can eat almost anything and enjoy it without any danger of pain or discomfort to follow and moreover the continued use of the bismuth magnesia cannot injure the stomach in any way so long as there are any symptoms of acid indigestion.

THE CHARGE AGAINST SENATOR C. HUMBERT

Paris, April 2.—Only a few persons were present in the court room today, the continued reading of the indictment against Senator Charles Humbert and his alleged accomplices, on trial charged with having carried on commerce with the enemy.

That part of the indictment referring to M. Humbert ended as follows:—"The relations of Humbert with Pierre Leprie and William Desouches on the one hand, and with Bolo Pasha on the other hand, and his acceptance of millions of francs from these agents of Germany, and his partnership with them, constitute money relations with them. While it is possible that he ignored the source from which the money by which he benefited originated, these facts constitute the crime of commerce with the enemy, although they seem insufficient for an accusation of the graver charge of intelligence with the enemy."

HAD WEAK AND FAINTING SPELLS

These feelings of faintness, those weak, "all gone" sinking sensations, which come over some people from time to time, are warnings that must not go unheeded. They mean an extremely weakened condition of the heart and a disordered nervous system.

When the system is in this condition there is no time for delay. One fainting spell may be recovered from—will the next? One dizzy spell may pass off, but the next may be more serious.

Those who are wise will start taking Milburn's Heart and Nerve Pills, before their case becomes deep rooted and perhaps hopeless.

They will set directly on the disordered heart and weakened nervous system and restore them to full strength and vigor.

Miss Mary McCoy, Algoma Mills, Ont., writes—"I was awfully troubled with fainting and weak spells, and I could never get any doctor's medicines to help me. One day a friend of mine was at the house when I took one of those spells, and she got me a box of Milburn's Heart and Nerve Pills. That was six years ago, and from that day to this I have never had any of those spells. I would not be without your pills for any money, and can highly recommend them to any one."

Milburn's Heart and Nerve Pills are sold at all dealers, or mailed direct on receipt of price by The T. Millburn Co., Limited, Toronto, Ont.

WOMAN SAVED MUCH SUFFERING

By taking Friend's Advice and Lydia E. Pinkham's Vegetable Compound.

West Plains, Mo.—"I was all run down in health, had indigestion and terrible cramps every month so I was unable to do anything. I had tried every doctor in West Plains, also every remedy I could think of, without relief. One day when I was suffering greatly a friend was at my house and said, 'Why don't you try Lydia E. Pinkham's Vegetable Compound?' So I did, and through it I found relief from my suffering and I really believe it saved my life. It does not seem as though I can say enough in praise of this wonderful medicine for the health it has brought me."—Miss CORA LEE HALL, West Plains, Mo.

Perhaps it may seem an extravagant statement to say that this remedy saved a life; but women like Mrs. Hall, to whom it has brought health, appreciate the danger and suffering they have escaped too well to doubt it! All who suffer should try it. Why risk life and health without it?

For special advice write Lydia E. Pinkham Medicine Co., Lynn, Mass.

MISS DOROTHY JONES, regent, was in the chair at a meeting of the I. O. E. Chapter yesterday. Miss Alice Wilson, returned Y. A. D. worker, was given a hearty welcome. She gave an informal address.

Plans were completed for a rummage sale to be held soon, and a tea to be held after Easter at the residence of Miss Audrey Cross, and it was decided to take part in the work of the G. W. Y. A. Tea Day and to help serve afternoon tea at the Y. W. C. A. cafeteria in order that the proceeds of the tea may be given to the funds of the G. W. Y. A.

The Windsor Chapter of the I. O. E. met last evening at the residence of Miss Leah Bisset in Duke street, West. Y. A. D. worker, Miss Gertrude Lawson presiding. Future activities that were planned for included the holding of a rummage sale at some date in the near future and assisting with the tagging for the G. W. Y. A. on the Vimy Ridge memorial day, to be observed on April 12. Two donations were voted at the meeting, one of \$10 to the Animal Rescue League and the other of \$25 to the St. John Association for the Prevention of Tuberculosis.

The chapter acknowledged with most grateful thanks the gift of \$5 from G. M. Hayes which is to go toward a fund for providing a standard for the chapter.

Valcartier Chapter, I. O. E., held a regular meeting last night at the residence of Miss Dorothy Anderson, Queen square, and the regent, Mrs. D. W. McLaren, occupied the chair. Three worthy causes were voted donations of money as follows: Society for the Prevention of Cruelty to Animals, \$10; St. John Association for the Prevention of Tuberculosis, \$50; the Boy Scouts Association, a three year annual donation of \$25.

Further plans were made for the dance which the chapter will hold on Easter Monday and it was decided to help with the serving of afternoon teas at the Y. W. C. A. cafeteria as a means of adding to the funds of that association.

The monthly meeting of the Standard Chapter, I. O. E., was held last evening in the chair. A gratifying report was received from the committee in charge of the recent exhibition of war pictures. The receipts were \$79.06. When the expenses are paid this will be forwarded to Ottawa.

The ladies voiced their hearty appreciation of the courtesy of the mayor and commissioners in placing the Eastern Steamship building at their disposal for the exhibition, particularly as it was the only available building in the city. They also expressed grateful thanks to Manchester, Robertson Allison Ltd., Mr. Webb, the city electrician, Captain Mulcahy, to the McClary Company for the use of a stove, the Street Railway Company and all others who had assisted in any way to make the exhibition so successful.

Miss Frances Travers and Mrs. H. Fielding were named to consider the result of the German ill-treatment of the exhibition, particularly as it was the only available building in the city. They also expressed grateful thanks to Manchester, Robertson Allison Ltd., Mr. Webb, the city electrician, Captain Mulcahy, to the McClary Company for the use of a stove, the Street Railway Company and all others who had assisted in any way to make the exhibition so successful.

The following amounts were voted at the meeting: \$200 to the returned soldiers' welfare committee; \$25 to the Boy Scouts Association; \$25 to the free dispensary to aid in the prevention of tuberculosis; \$10 to the Animal Rescue League; and \$10 for prizes for essays to be written by children in Grade VIII, on the subject of "What our Navy has done in the war."

GIRLS! ACT NOW! HAIR COMING OUT MEANS DANDRUFF. "Danderine" Will Save Your Hair and Double Its Beauty at Once. Try This! Your Hair Gets Soft, Wavy, Abundant and Glossy at Once.

Save your hair! Beautify it! It is only a matter of using a little Danderine occasionally to have a head of heavy, beautiful hair; soft, lustrous, wavy and free from dandruff. It is easy and inexpensive to have pretty, charming hair and lots of it. Just send a few cents for a small bottle of Knowlton's Danderine now—all drug stores recommend it—apply a little as directed and within ten minutes there will be an appearance of abundance, freshness, fullness and an incomparable gloss and lustre, and try as you will, you can not find a trace of dandruff or falling hair; but your hair will be after about two weeks a surprise when you will see new hair—wavy and downy at first—yet—so really new hair—sprouting out all over your scalp—Danderine, we believe, the only hair grower, destroyer of dandruff and cure for itchy scalp, that never fails to stop falling hair at once.

A CREAMY LOTION MADE WITH LEMONS. Prepare a quartar pint at about the cost of a small jar of common, cold cream. When this home-made lemon lotion gently massaged into the face, neck, hands and arms daily, the skin naturally should become soft, clear and white, and the complexion dainty and attractive. What girl or woman hasn't heard of lemon juice to remove complexion blemishes; to bleach the skin and to bring out the roses, the freshness and the hidden beauty? But lemon juice alone is acid, therefore irritating, and should be mixed with orchard white in just strain through a fine cloth the juice of two fresh lemons into a bottle containing about three ounces of orchard white then shake well and you have a quarter pint of skin and complexion lotion at about the cost one usually pay for a small jar of ordinary cold cream. Be sure to strain the lemon juice so it will remain pure and fresh for months. When applied daily to the face, neck, arms and hands it naturally should help to whiten, clear, smoothen and beautify. Any druggist will supply three ounces of orchard white at very little cost as the grocer has the lemons. It is a sweetly fragrant lemon lotion which easily prepares and have an instantaneous effect which perfectly satisfies the natural desire for a beautiful soft skin.

**BRITAIN'S WARSHIPS**

(London Chronicle.)  
The figures given in the White Paper of the navy estimates caused surprise of some interest to people who anticipated great reductions of expenditure.  
The net total is no less than £149,000 as compared with what was considered the enormous total of £51,550,000 in the estimates of 1914-15. But that as is the increase, the expenditure will be far less than in the war period. There is a vast amount of work to be done in repair, re-settlement and construction.  
Not for five years have the details of naval expenditure been given, and the result of the first year is awaited with extraordinary interest. The German fleet, which has been the principal reason for the progressive growth of British expenditure on the navy in the past, is utterly disappeared. Where now is the common factor for the solution of the naval problem?  
The peace conference has not arrived at its conclusions. The United States has entered upon a policy of maritime expansion which is to make the American navy "second to none." On the other hand, the smaller nations are in a dilemma, and the Dutch minister of marine recently resigned, mainly in protest against an outcry for scrapping the shepherds navy altogether.  
The policy of the British admiralty is yet to be declared, but on the whole it is fairly clear. We never can disarm sea.  
There is not likely to be any new ship-building programme of any importance. The big battleship Hood, the most powerful in the world, will be completed on the Clyde, but probably her three sisters—Anson, Rodney and Howe—will not be carried forward. They may be stopped, like the four big ships stopped by France and Italy.  
There is also the Eagle, now well advanced by Messrs. Armstrong, on the Tyne. Perhaps Mr. Long may be induced to say something about this vessel, and he might explain what are, or have been, the ideas of the Royal Air Force with regard to her. She will certainly be completed.  
A new feature in the estimates is the inclusion of aviation in the naval armaments vote of £18,000,000 (£5,667,550 in 1914-15). We have heard of the building of four giant airships for the navy, and work cannot cease in enabling the navy to use the agency of the air. The present arrangement, which gives it ships and makes it dependent on a sep-

The real joy of living is best known to those who keep the blood pure and the system toned by the use of Dr. Hamilton's Pills, a soothing tonic laxative that puts health, vim, and spirits into those who lack these qualities.  
You will be stronger, better nourished, in better spirits, and sleep better after Dr. Hamilton's Pills.  
This wonderful medicine will do you good in a hundred ways. It will put spring in your step, and attractive brightness in your eyes, and on your cheeks will be stamped the glow and blush of a June rose. All this is possible because Dr. Hamilton's Pills bring about vigorous digestion, perfect assimilation, pure blood, and a proper working of all the organs.  
The benefits from Dr. Hamilton's Pills come about in a natural, soothing, easy way, and girls and women of all ages are advised to try this old-time family remedy, which is sold by all dealers in 25c. boxes.

**TURKEY HAS FOOD, BUT PRICES HIGH**  
No Higher, However, Than in Other Parts of Europe

Constantinople, April 2.—Contrary to reports Turkey is well supplied with food, and while prices are unusually high, they are much lower than those prevailing in the Balkan States and in some other countries of Europe.  
The following list of current prices which the consumer is called upon to pay shows the actual condition.  
Flour, 26 cents pound; potatoes, 11 cents; beans, 20 cents; meat, 50 cents, and eggs, 90 cents a dozen.  
Vegetables of all kinds are not only abundant but relatively cheap. Clothing and shoes also may be had, but generally the prices charged are so high as to take them far beyond the purses of the poor. Hotel rates are lower than in most European cities, and the service is as good as could be expected in a country just emerging from a long war.  
In order that foodstuffs may be placed within range of the poor, the American food administration is now selling white flour at ten cents a pound, which is expected to bring down other prices as far as the actual necessities are concerned. The work of the Americans is attracting wide attention, and much interest. Drugs, and in fact all medicines, are very scarce and expensive. Most large centres in Turkey and Asia Minor need medical assistance.  
The shortage of physicians is pronounced. Armenian, Syrian and Greek refugees in the Caucasus and throughout Asia Minor presents a most serious problem. It is estimated that there are in these countries no less than half a million fatherless children, whose condition demands immediate relief. The American committee for relief in the Near

**IN THE LEGISLATURE**

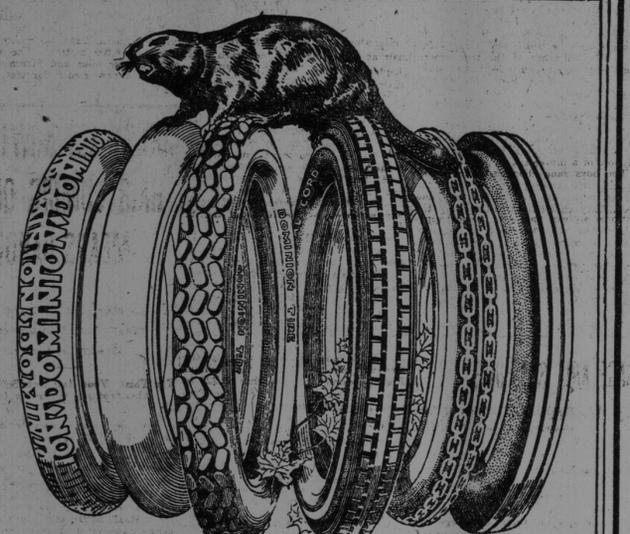

Fredericton, April 1.—Honors were with the government today in the budget debate which still continues. Excellent speeches were delivered by Hon. J. P. Burchill and Hon. Dr. Smith, minister of lands and mines, in which they dealt effectively with what little opposition criticism there was to respond to and in comparison with the achievements of this administration and the last showed how the province had profited by the exchange.  
Hon. Dr. Smith made an especially telling speech dealing chiefly with his own department.  
For the opposition Messrs. Guptill, Hunter and Dickson were heard.  
Mr. King presented a petition of Dr. Simons and others for the passage of an act incorporating the New Brunswick Veterinary Association.  
Mr. Mercereau introduced a bill entitled an act relating to the New Brunswick Power Company. He explained that the bill was based on a report of a commission named by the premier and the leader of the opposition, to inquire into matters relating to the said power company.  
Hon. Mr. Smith introduced a bill to amend the act relating to the crown and timber lands. He explained that the act of 1918, which provided for the classification of timber lands contained a provision where in case it was found that a license held more lands than were needed to supply their mills, a portion of the same could be taken from them. The original act prevented action from being taken until the classification had been completed. It was proposed by the amendment to change that feature of the act.  
Frenzied Oratory.  
He was a very much excited orator and discoursed at length on what he considered to be the principles of his opponents. After a voluminous display of words he wound up with:  
"Believe me, friends, if it were possible to place these men on an uninhabited island where human foot had never trod, it would not be five minutes before they had their hands in the pockets of the naked savages."—Pittsburg Chronicle Telegraph.

**Four Good Lessons to Remember**

First—Once your kidneys are affected, chronic complaints are sure to follow—if you don't remove the cause immediately.  
Second—You can't neglect kidney or bladder derangements and stay healthy. Putting off will never cure. You must assist Nature.  
Third—The symptoms of kidney or bladder trouble—the commonest symptoms—are: Pains in the back and sides, swollen joints, painful urination, brick dust deposits, and constant headaches or dizziness.  
Fourth—The sure and safe remedy for all afflictions caused by weak or deranged kidneys is Gin Pills.  
Gin Pills have been the means of restoring thousands of chronic sufferers to health and strength again. If you suffer from kidney or bladder trouble—use Gin Pills. They seldom fail to bring relief.  
Read what Gin Pills did for Mr. James Stackhouse, of Toronto. Mr. Stackhouse became convinced that he was in for an attack of kidney trouble. Although subjected to X-ray treatment, the cause could not be located. Finally he was forced to leave his work and go to a hospital. His place was filled by another, so he never expected to go to work again.  
Five boxes of Gin Pills put him on his feet again, and to-day he is physically fit again and ready for work.  
Sold everywhere for 60c a box. A free sample on request by writing to The National Drug & Chemical Co. of Canada, Limited, Toronto, Ontario. U.S. residents should address Nat. Drug Co., Inc., 302 Main St., Buffalo, N.Y. 10

**MARK WORKMAN, HOME FROM EUROPE, SPEAKS OF CONDITIONS OVERSEAS**

Montreal, April 2.—President Mark Workman of the Dominion Steel Corporation returned yesterday after a two months' trip to Great Britain and France. He said he was impressed with the possibilities of future Canadian trade relations with Great Britain, France and Belgium, although for the time being the uncertainty of conditions, brought about by the lack of definite news in regard to peace terms, had created a want of confidence on the part of buyers who

are in a position to place large contracts. "The signing of the peace treaty, which it is hoped will take place within the next few weeks, will undoubtedly stimulate business in Europe," said Mr. Workman. "And it is expected that Canada will be able to obtain her rightful share of this business on a competitive basis. In this connection it is pointed out that the increasing demands of British labor, particularly in the coal mining industry, has resulted in a tremendous increase in the operating costs of the mills, and that Britain has undoubtedly lost some of her former advantage in the world's markets, for the time being. Consequently, Canada is in a much more favorable position than formerly to reach out for export trade, which is an absolute necessity today, in order to permit the dominion to provide for her war debt.

**THE NAVY LEAGUE**

At a meeting of the executive of the New Brunswick branch of the Navy League yesterday afternoon with Lieut.-Colonel E. T. Sturdee, S. S. D., presiding, it was resolved that the Navy League of Canada is in favor of a naval policy for Canada which will have regard to the needs of the whole British Empire and on deciding on such a policy political exigencies should be disregarded and the opinion alone of the most eminent naval strategists considered. Lieut.-Colonel E. T. Sturdee was recently awarded the distinction of special service decoration by the Navy League and he read at yesterday's meeting the letter that had accompanied the decoration which was heard with much applause. The decoration is a high honor and a well merited one. It was decided that the annual meeting of the provincial branch should be held in May of each year and that May 1 should be the date on which yearly dues became payable. The matter of obtaining more money for sailors, widows and dependents was discussed and it was decided to take it before the pensions committee. The secretary, C. B. Allan, having expressed his wish to retire from office the following committee was appointed to deal with the matter: Lieut.-Colonel Sturdee, H. C. Schofield and R. E. Armstrong.

**St. Thomas Resident Finds That Housing Situation is Really Serious**

St. Thomas, April 2.—It is practically impossible to rent residences here, and in consequence many families are purchasing houses. One resident who disposed of his house last fall, with the understanding that he was to vacate this month, bought the building back last week at an advance of \$300 on his selling price, owing to his inability to locate a place to live in. There is not a vacant apartment in the city, and efforts are being made to induce property owners in Talbot street to renovate their stores and offices into attractive flats. The city council will undoubtedly deal with the municipal housing scheme at its next meeting, as a large number of requests have been made that the corporation take some action to provide moderate-priced houses for the working classes. It is estimated that at least 100 houses would be contracted for if the provincial government scheme were adopted.

**WANT 20,000 VOLUNTEERS FOR SERVICE IN EUROPE**

Washington, April 2.—An immediate call for 20,000 volunteers for service in Europe has been prepared by the war department and probably will be published on Saturday. As an incentive to enlistment the men will be offered early duty in France as a relief for men in the expeditionary forces who expect to return home. Enlistment in this special force will be for three years. The men will be concentrated at Camp Mead, Maryland, and probably will be sent overseas in contingents of 1,000 strong.

**IN THE SENATE**

Ottawa, April 2.—The senate yesterday adopted a resolution presented by Hon. Geo. W. Fowler for the appointment of a committee to report upon the fishery resources of Hudson Bay and Straits, and the character of Hudson Bay ports with regard to their fitness as railway terminals. Senator Fowler said there should be further inquiry before further expenditure is made upon port development at Fort Nelson. The time had come when expenditure must be watched. SPORT NEWS OF THE DAY; HOME AND ABROAD

BOWLING. City League Match. In the City League on Black's bowling alleys last evening the Weasles took three points from the Speds. The winners totaled 1412 and the losers 1049.

BASEBALL. International Umpires. New York, April 1—President David L. Fultz, of the International League, today announced his list of umpires for the coming season. The staff will consist of eight arbiters as follows: Joseph O'Brien, W. B. Carpenter, Scott E. Chestnutt, Thomas V. Corcoran, Frank Wilson, M. J. Stockdale, W. A. McGowan and H. A. Wagner.

THE RING. Throw Up Sponge. Youngstown, Ohio, April 1—The scheduled eight-round boxing match tonight between Jack Wolfe of Cleveland and Billy Hill of Newcastle, Pa., terminated in the fourth round when Hill's seconds tossed the sponge into the ring.

Pal Moore Victor. Akron, Ohio, April 1—Pal Moore of Memphis was given the newspaper decision over Willie Dever of Akron after twelve rounds of fast boxing here tonight.

Bantam Contest. Hot Springs, April 1—Young Sandow of Cincinnati won a newspaper decision over the Zulu Kid of Brooklyn in a ten-round bout here tonight. The men are bantams.

Ready to Meet Wilde. New Orleans, April 1—Pete Herman, American bantamweight champion, prior to his departure tonight from New Orleans on a boxing tour, announced his willingness to meet Jimmie Wilde, British flyweight champion, for the championship of the world.

An Important Omission. Albany, N. Y., April 1—The Gibbs boxing bill was on the order of final passage in the senate today when the attention of the introducer was called to the fact that no appropriation to pay for the expenses of the proposed boxing commissions and his deputies or for the enforcement of laws governing boxing was contained in the measure. Senator Gibbs accordingly announced that he would submit amendments to provide for funds. If enacted, the bill would be effective on July 1.

News of Boxers. The less fortunate exponents of boxing and wrestling will in future be provided with the necessities of life through the medium of a benevolent and if success attends the plans of Rick Curley, wrestling promoter, Curley has started a campaign to create a relief fund. The money would be expended for emergencies, such as sickness expenses, temporarily down and out characters, funeral bills, and financial provision for widows and children.

Charles J. Harvey, manager of Ted (Kid) Lewis, former welterweight champion, is confident Lewis will regain his crown when the English boxer is restored to health. Lewis, according to Harvey, was ill and in no condition to box up to his best form when he was knocked out by Jack Britton in Canton, Ohio.

Ralph Brady of Syracuse and Joe Welling of Chicago, two aspirants for the lightweight championship, have been matched for a ten-round bout in Syracuse on April 14.

Mike of St. Paul will oppose Brennan of Chicago in a twelve-round bout in Tulsa, Okla., on April 12. Jim Coffey, popular Irish heavy eight, and Jack Clifford of Brooklyn will clash in a ten-round bout in Williamsport, Pa., on April 7.

Match Wilde for Bigger Game. London, April 1—Jimmie Wilde, the British flyweight champion, who last night defeated Joe Lynch, an American boxer, on points, today signed a contract with C. B. Cochrane, the British theatrical manager, to box Pal Moore of the United States, former bantamweight champion, for the world and a purse of \$25,000. Friends of Wilde are prepared to back him for \$100,000. Wilde will issue a challenge to Moore and Herman under the conditions.

Ted Lewis in Hospital. New York, March 31—Ted Lewis, who recently was stopped by Jack Britton in a ten-round bout, has gone to St. Vincent's hospital for treatment. For several months past the boxer has been suffering from jaundice and as his condition was owing worse instead of improving, he turned to the advice of his physician and agreed to a course of treatment. The boxer's complexion is decidedly yellow, and he lacks strength. Lewis attributes an unexpected defeat by Britton to his poor health.

CURLING. St. Andrew's Closing. St. Andrew's Curling Club brought its season to a happy close last night with a grand wind-up meeting. Supper was served at the club at 6.20 o'clock, after which a meeting was held. F. C. MacNeill, president, occupying the chair. The Jones Cup was presented to the winner, E. G. Goodspeed, but no other trophies were awarded because the events were not completed. Following the meeting the members spent a social time together.

BASEBALL. Harry Hooper Captain. Tampa, Fla., March 31—Harry Hooper will be captain of the Red Sox this year. Jack Barry is playing second base in training games, and Hooper is showing up well in batting. "Babe" Ruth developed a sore shoulder during a pitching test and was forced to leave the box. It is believed he will play in the outfield until his arm is in good condition. Yesterday the only Billy Sunday jumped into uniform and gave an exhibition that proved he has not lost his old pep at the game.

Leonard May Not Report. Jacksonville, Fla., March 31—Members of the Yankees and Robins wound up a week of hard practice here when they met in the first of a series of exhibition games. Duffy Lewis, an outfielder secured by New York in a big deal with the Boston Red Sox, was in the line-up having reported to Manager Huggins from Hot Springs, Ark., yesterday. Lewis is in good condition. He says he does not believe "Dutch" Leonard will report to the Yankees. Leonard, he says, has a large ranch in California and is busy there.

Kramer Back Again. Newark, March 31—Frank L. Kramer, champion bicycle rider of America, is 88 years old, and will start on his nineteenth year as a professional cyclist when the bike season opens at the Velodrome next Sunday, April 6.

Ready to Meet Wilde. New Orleans, April 1—Pete Herman, American bantamweight champion, prior to his departure tonight from New Orleans on a boxing tour, announced his willingness to meet Jimmie Wilde, British flyweight champion, for the championship of the world.

### LOCAL NEWS

#### POLICE COURT

Two men were in the police court this morning charged with drunkenness. They were fined \$8 each.

#### GARAGE COMPLETED

The military garage at the armories has been completed and when the road-way leading to it is finished, the garage will be occupied.

#### TO RECOVERATE

Rev. George Scott, who has not been sparing himself in his work as agent of the Children's Aid Society here, finds that a rest from his labors is necessary and today he left for Hampton, N. B. to spend some days.

#### THE SHOE DEALERS

In the list of officers of the new Wholesale Shoe Dealers' Association elsewhere published it should read as follows: Percy Humphrey vice-president for New Brunswick, and Robert Taylor for Nova Scotia.

#### PRESENTATION TO SOLDIER

The home of H. P. Gardner, 12 First street, was the scene of a happy gathering last evening when friends called in the form of a surprise party and presented to his son Freeman, who was overseas for nearly four years, a beautiful gold ring. The presentation was made by R. A. Brown. Games and music were enjoyed and refreshments served.

#### THE COURT HOUSE

The building committee of the municipal council met last evening and considered the report of a sub-committee appointed to investigate the court house fire. The question of rebuilding the matter of insurance and other phases were also considered. No decision was arrived at nor is one likely until another report of the sub-committee has been received.

#### THE ASSESSMENT

The time allotted to delinquents who failed to file their statements with the city assessors, has expired and the officials at city hall are busy checking up those who complied with their obligations and also finding out those who refused even to do so within the hours of grace. It will be a day or so before the number who have failed to file statements will be known.

#### ASKS SUPPORT

R. E. Armstrong, secretary of the board of trade, has received a communication from the Winnipeg board embodying a resolution asking the local board to support the westerners for all British around the world in wireless service and urging their aid in promoting it. The resolution declares that Canada should possess such wireless services, as well as calling for their establishment and maintenance.

#### THE PAVING

Commissioner Fisher has a report which he will submit to the common council tomorrow relative to the objection raised by the abutments in three sections of the four localities proposed to be paved under the local improvement act. While there have been some objections heard from Prince William street, the commissioner has not yet seen any petition from that section.

#### FOR THE SOLDIERS

The department of soldiers civil re-establishment has established a garage in Fredericton for the vocational training of returned soldiers. A complete equipment has been installed and the training is under the supervision of Captain Boyd, who is assisted by an expert instructor. Excellent work has already been done and a thorough course is being given to those who are being trained.

#### MILL STREET GATES

Abraham Levine was in the police court this morning charged with driving under the gates in Mill street crossing at 5:20 p.m. on March 24, when they were being closed. D. L. Irvine, who was in charge of the gates, said that the defendant drove up to the gates and was signalled to stop, but he made some motions with his hands and drove under. The explanation was that the traffic policeman gave the defendant the signal to go ahead. The case was postponed until that afternoon to give evidence, on Friday at eleven o'clock.

#### THE FOUNTAIN SITE

The new site for the Market square fountain, due west of its present location and on the grass plot, was decided upon at Monday's meeting of the common council. Commissioner Fisher said this morning that the mayor and he had opposed the location as they were of the opinion that at some future day a shelter would in all probability be erected for those waiting for street cars at the foot of King street and the only possible place for it would be the very spot decided upon by the majority of the council for the fountain. The work in changing the fountain will be commenced soon as the frost is out of the ground.

### MAKE OWN REPAIRS TO CITY WATER AND SEWERAGE CARS

The water and sewerage automobile department have just completed a very busy winter's work in overhauling and painting of trucks and cars, which have now been placed on the road daily and are now being placed on the road daily to meet with the increasing amount of work on hand for the coming season. The two ton truck belonging to the department has been stripped and rebuilt, after giving nearly three years of constant never failing day and night service, and is now on the road again looking and running equal to new. The other trucks and cars in the department's service have all received their equal share of repairs and necessary adjustments. The mechanical and painting work has all been carried out by Charles Raycroft, who has been for some time mechanic in charge, and who is an automobile expert of wide experience. All the repairs to the trucks and cars are made in the department's own garage, which has been found a great benefit and saving where immediate repairs are required in cases of trouble or break-down.

### NEWCASTLE MAYOR DEAD

#### John H. Troy III But Short Time With Pneumonia

#### Successful in Business, Prominent in Fraternal Societies and Mentioned for Nominations to Legislature

(Special to Times)—Newcastle, N. B., April 2—Mayor John H. Troy died of pneumonia about half-past five o'clock this morning. He developed pneumonia last Friday, having taken cold on top of blood-poisoning, with which he had been ill for seven days but from which he appeared to be recovering. Mayor Troy's death removes one of Newcastle's most popular and successful business men. He was only about thirty years of age but had for nine years, along with C. M. Dickson, been a member of the firm of Dickson & Troy, druggists and opticians, and had built up a large and increasing business which they had lately extended to Blackville. Two years ago Mr. Troy was elected alderman and a year ago mayor and had lately been offered a nomination for the next election to the local legislature. He was a prominent Freemason, Oddfellows member and was considered one of the coming men, financially and politically. He leaves his wife, formerly Miss Isabel Helen Cole of Newcastle, and three little daughters; also his aged father, Postmaster James M. Troy, of Newcastle, and the following brothers and sisters: Garfield of Newcastle, Allen of Campbellton and Sherman of Boston, Charlotte, widow of Col. A. E. G. McKenzie, Edith, Mrs. Charles Sargeant of Newcastle, and Kate, Mrs. Hamby of Moose Jaw, Saskatchewan.

### SOLDIER'S IN FROM HALIFAX THIS MORNING

A large number of New Brunswick returned soldiers arrived in the city this morning, having arrived in Halifax on the S. S. Canada. They were met by Charles Robinson, secretary of the New Brunswick Returned Soldiers' Commission, and Lieut. Louis Ritchie, who represented the military authorities. There was no reception committee or band, after the long and tiresome trip on the train the men had to march down to the armories for their breakfast. The soldiers were allowed to go to their homes and report to the dispersal station at nine o'clock. It has been suggested that if it could be arranged there would be automobiles meet the trains and take the men to the armories. Among those arriving this morning was Gunner Nicholson, son of Osborne Nicholson, of the firm of D. and J. Ritchie, Newcastle. Gunner Nicholson enlisted with the siege battery in Woodstock in 1915.

### SHIPS WITH DEPENDENTS TO COME HERE IN SUMMER

Information was received at local headquarters that when the winter port is closed all ships will not be diverted from this port. Ships bringing dependents will come here from time to time during the summer in order to relieve congestion at Montreal and Quebec. It is not the intention to decrease the military port staff.

### NEW EXPRESS OFFICIAL

Frank DeBoo, who for years has been a popular and familiar figure in express circles has been promoted to a newly established office in the employ of the Canadian Express Co. The new office has been created to trace and locate lost packages of express matter, such as go astray through box labelling, detached tags, etc. Mr. DeBoo will be required to keep moving all over the line, but as he is very familiar with the details and geography of the business this will be in the nature of an open book to him. The new official of late has been running on the Sussex train but previously was on the longer Montreal run. His home is in Sussex, where he is a member of the town council.

### PROMINENT MILITARY VISITORS

Col. W. H. Land, V. D., who has been commanding officer of the East Yorks regiment doing garrison duty in Bermuda, arrived in St. John on the S. S. Chignecto with two warrant officers on his staff. Col. Land was formerly colonel of the Duke of Wellington's regiment and was senior military officer for two years in Bermuda garrison. He expects to sail for his home on the S. S. Scotian. Major Kirkpatrick-Crockett, of Victoria, B. C., who has, since the outbreak of the war, been in command of the Royal Canadian Garrison Artillery, stationed at St. Lucia, West Indies, arrived in St. John on the S. S. Chignecto. He expects to leave for his home in a short time. Lt. Boyd, Smith Falls, Ontario, and also of the Canadian Field Artillery; Lt. Morrison, Halifax, of the R. C. R., and Lt. Doe, Calgary, of the R. A. F., who have been convalescing in Bermuda, arrived on the S. S. Chignecto and will return to St. John shortly for duty in M. D. No. 7.

### PIPE FOR SOLDIER

Private W. D. Cody, who recently returned to Canada, having served for considerable time with the Forestry battalion in France, was pleasantly surprised on last Thursday evening by a large number of his friends at his home in Metcalf street. There were about thirty young people present and the evening was enjoyed in games and music, after which Private Cody was made recipient of a fine pipe on which his initials were nicely engraved. Refreshments were served.

### Have You Seen the Leather Den Set Now In Our Window?

They say every person has two countries—his own and France.

Same with regard to taste in Den Furnishings. No matter what style of suite is chosen, in wood or tapestry, an all leather set is always attractive.

The set now showing consists of three-piece—lounge, chair and rocker—and is of the over-stuffed style with spring back and sides.

Leather, while stout and highly durable, is soft and very appealing to eye and inviting to body.

A "close-up" inspection costs nothing and will serve in good stead when you do buy a set of this kind, even if this isn't the set.

Not overly expensive either.
