

**To the Electors of the County
of Queens:**

We have been selected at a Convention as candidates to represent the interests of the Local Opposition in the coming contest.

Owing to the short time elapsing before polling day, and the usual state of the roads at this time of the year, it is not probable that we will be able to visit every part of the constituency.

We are in favor of an economical administration of the limited finances of our Province, and will if elected support any and every act which we think conducive to the interests of its people, and especially in the interests of the County.

Soliciting your suffrages, we remain,
Yours Truly,
A. F. CAMP,
H. W. WOODS.

Music will be given by an orchestra from Moncton, by Dr. Archibald's orchestra, and there will be vocal and piano numbers. The topic cards are to be something quite unique and extremely pretty.

The Burial Society of the University already spoken to issue a handbook of the names of the deceased, which will give out of all the institutions and much interesting information about Mt. Allison, past and present.

The Hon. W. C. Halliday, formerly a Mt. Allison student, now colonial surveyor of Bermuda, has been here visiting his son and daughter at the institution. He presented the University Library with a copy of the "Bermuda in two volumes, and the museum with some fine specimens of true coral and sea urchins." WOODSTOCK, N. B., Feb. 12.—The various signs, preceding a storm, in the family circle were truly indicative, and by the governor's declaration held here today. It was rumored that there would be a split and a split of no narrow dimensions there in. There was a fair attendance considering the state of the roads. Mr. Tweedie arrived to see if he could pour some oil on the troubled waters to cause the government ship to sail smoothly, but the supply was evidently not sufficient. The more oil poured the more turbulent the waters. After a deal of shouting and a committee was finally named, and they retired to present their report. The committee returned to be hall and announced that they had nominated Frank Shaw, Wendell P. Jones and Major Wm. P. Good. Previous to the election, the committee had been elected positively to run, however, and this was the first demand on the ticket as announced by the committee.

On being called on Mr. Appleby announced that a scheme had been worked to keep him off the ticket by the body of the party. He was kept off the ticket, but he would run as a supporter of the government, no matter what happened.

Hon. Mr. Tweedie made an address in which he spoke of Mr. Appleby as one of the best representatives in the legislature Carleton ever had. He was sorry that he had not been put on the ticket, but of course the party would support the ticket as elected by the convention.

The meeting was very stormy generally, and the Appleby supporters swear they will cast no vote for the ticket as named.

The opposition convention will be held tomorrow. There is scarcely any doubt that Fleming, Smith and Hartley will be nominated. Three strong in the county it would be difficult to select.

FREDERICTON, Feb. 12.—The government convention at Burton, New Brunswick, this afternoon was attended by 48 electors. Three of the electors were unrepresented. Harry Harrison and Dr. James Peake were nominated. There was not the least semblance of enthusiasm. The candidates made brief addresses accepting the nomination. The principal speaker was Dr. H. McAlpine of St. John, who spoke for an hour. He was very eloquent in the province. Albert Grass amused the audience about half past eight, after which the gathering broke up. After the meeting Mr. Harrison tried to make up a list of what he called a campaign committee, but it did not do much good, so many former members in the party were apologetic by their absence. The convention was utterly lacking in spirit.

He leaves a widow, three daughters—Misses Mary, Helen and Myrtle Colpitts, and three sons, Wm. P., Samuel and E. C. Starratt. The remains will be taken to Elgin for burial on Thursday.
