What the Association Does for Its Members

Binds the Manufacturers of Canada together to preserve their common rights, to advance their various interests, and to build up the Dominion.

Furnishes an organization which can be called into action on a moment's notice to deal with any important question.

Offers the services of an experienced Transportation Expert to deal with all Freight difficulties.

Supplies expert advice and assistance in Insurance matters, including inspection of risks, examination of policies and adjustment of fire losses.

Endeavors to create a strong public sentiment in favor of adequate protection for Canadian Industries.

Keeps a close watch on all Legislation, Dominion and Provincial, in order to safeguard the rights of Manufacturers.

Conducts a vigorous campaign to promote the cause of Technical Education.

Furnishes Commercial Information of all kinds concerning the markets of the world, including Translations and Financial Reports on business houses.

Brings from Great Britain the Supply of Labor needed in any industry.

Distributes Specific Enquiries from other markets for Canadian goods and advertises Canadian Manufacturers in every market of the globe.

Secures representation for Canadian Manufacturers at leading Expositions at home and abroad.

Issues and distributes a monthly publication, "INDUSTRIAL CANADA," recognized as the leading journal of its kind in Canada.

Seeks at all times to encourage the purchase of goods "**Made in Canada,**" and by every praiseworthy means to build up Canadian Industries.

The Association is governed by an Executive Council, composed of one hundred and ninety-four Canadian business men, which meets regularly every month.

The work of its various Departments is performed by Standing Committees, whose time is freely given to the work without remuneration.
