

Courier's Classified and Real Estate Advertisements

Let The Courier Rent or Sell Your Property

If you have any property you wish to rent or sell, why not have THE COURIER tell its many readers about it. It stands to reason that you can more quickly acquire the home-seeker of your proposition than by simply waiting for some one to turn up and make inquiry about it.

THE COURIER has the reputation of being the medium in Brantford for Real Estate advertising.

CITY NEWS

PROBS
 TORONTO May 30.—The disturbance which was off the New England Coast yesterday has developed into an unusually heavy storm, and now covers the Maritime Provinces, attended by very heavy rains and gales. In the West the fine warm weather continues.

FORECASTS:
 Moderate variable winds, mostly fair and moderately warm, but showers in some localities to-night and on Saturday.

Italian Dead.
 The death took place at the hospital this morning of Joe Luca, an Italian. The deceased is not known to have any relatives here. The funeral is taking place this afternoon.

Correct Amount.
 The correct amount the Water Commissioners are to receive from the L. E. and N. Ry. Co. for the right of way through the Waterworks property is \$6,500.

Building Permits.
 Building permits at the City Engineers' office have been granted to the Misses Beer for the erection of a brick residence on Peel street to cost \$2,000. To Hannah Fitness for the erection of a brick bungalow on St. Paul's avenue costing \$1,000.

Small Fire.
 The fire department were called out at 3 o'clock this morning to extinguish a blaze in a shed at the rear of a Wellington St. residence near Market street. The blaze was put out with chemicals. It was stated that a man had been sleeping in the shed the past few nights.

Teachers Explain.
 The teachers of King Edward school to-day handed out the following explanation of their statement in the Courier yesterday, which confirms the Courier version of the matter in the first place: "The only reason the statement was signed by the majority of the teachers at all was that, while 'harmony' had not existed, still we resented its publication in connection with the case against Principal White."

Laid at Rest

The late Thomas Callis. The funeral of the late Thomas Callis took place yesterday afternoon from the residence of his sister, 82 Albion St., to Greenwood cemetery. Rev. Llewellyn Brown conducted appropriate services at the house, and the Oddfellows had charge of the services at the grave. The deceased had been a member of Gore Lodge Oddfellows for over 25 years. The pallbearers were the following: brother Oddfellows: Messrs. C. Coles, W. H. Hammond, Frank Blain, J. W. Peirce, Walter Brooks and W. D. Schultze. Many floral tributes testified to the high esteem in which the deceased was held.

WHICH IS THE MORE MANLY?

"So far as we are concerned, we believe that when half of the forces of the Empire which would uphold the flag in all the oceans and upon all the seas, have been withdrawn to protect the heart of the Empire, when even the Mediterranean itself has been left very largely unguarded, THE TIME HAS COME WHEN IN A SPIRIT OF SELF-RESPECT CANADA OUGHT NOT TO QUIBBLE ABOUT THESE MATTERS, BUT OUGHT TO COME FORWARD AND DO SOMETHING IMMEDIATE AND EFFECTIVE, AND THAT IS WHAT WE PROPOSE BY THE MEASURE WHICH WE HAVE PLACED BEFORE THE HOUSE."—Rt. Hon. R. L. Borden in the House of Commons, May 15, 1913.

BOUNDARY EXTENSION

The Expositor says that the inference that City Engineer Jones' report on boundary extension was unfavorable is not justified by the facts related in the report.

It requires but less than average intelligence to note that for an additional population of 4150 this city cannot afford to increase its acreage by 50 per cent. These figures are gathered from the report.

Ratepayers of Brantford know right well that this city is facing the financial burden of many greatly-needed public works, which are needed not without but within the present boundaries. If 50 per cent. acreage is to be added, what then?

The City Engineer proposes to deal with the financial aspect of the boundary extension problem in a later report. With the figures he has already adduced it is hardly necessary, if the Expositor, in its own inflation, desires to put this city on the road to financial ruin, and destroy a civic credit said to be the best in the Dominion, all well and good, but the "cupola corner" sheet will find that there are a sufficient number of serious-minded ratepayers who regard civic credit as their own, and who will stop any such procedure. The present liabilities of Brantford, along with essential needs of the city, make the proposal to extend boundaries look worse than a gamble.

It will be interesting to hear what City Engineer Jones says it will cost to extend waterworks, sewers, sidewalks, Hydro-Electric, flood prevention, police, schools, fire protection, etc., to these remote portions of the suburbs, which The Expositor desires to load upon the city at this inopportune period.

AN UNFORTUNATE RECORD

It is unfortunate, but nevertheless the fact, that on three memorable occasions the Liberal leaders have failed to act in a manner to help conserve the British Empire.

The first occasion was in connection with the proposal of Commercial Union with the States. That insidious scheme of which Wiman was the chief sponsor, was framed for the purpose of so entangling Canada with Washington as to make the ultimate interests of the two countries identical. That it practically tended to union was very apparent. Hon. Mr. Blake, at one time Liberal leader, saw that, and boldly proclaimed that he could not stand for the proposal, while Sir John Macdonald, then the Conservative Premier, rallied Canadians round the old flag with the clarion battle cry, "A British subject I was born; a British subject I will die!"

The next reprehensible move

SIR GEORGE ROSS IN 1913.

"Now I am going to state why I am opposed to the present Bill. First, because it is unnecessary and of no possible use. Second, because it establishes a cleavage in defence between the two parties. Third, because it does not provide for the defence of Canada directly. Fourth, because if passed it might lead to friction with Great Britain. Fifth, because we have no evidence that it meets with public approval. Sixth, because it introduces a new practice in legislation not sanctioned by the usages of this constitution. Seventh, because it removes from the free control of Canada one of its effective elements of national defence—the three battleships proposed."—Sir Geo. W. Ross in the Senate, May 27, 1913.

SIR GEORGE ROSS IN 1910.

"While I am not much impressed with what is called the German scare, I think the duty of England is plain: for the conquest of England means the conquest of Canada. Let the British throne totter. Let London be in possession of the enemies, let her ports be filled with foreign seamen and men-of-war, and Canada would be blotted from the map as an English dependency, and her autonomy would be forever destroyed. And although I do not think the emergency is great, still I THINK IT IS SUFFICIENTLY GREAT FOR US TO BE GUIDED BY THE JUDGMENT OF THE ADMIRALTY OF ENGLAND TO prepare ourselves for all possible contingencies."—Sir Geo. W. Ross, in the Senate, April 29, 1910.

Socialism Must Triumph

(Continued from Page 1)

Real Estate. "Without going so far from home, we can find a sample in the business of real estate. I do not mean legitimate business of buying for one's needs and the like. Why not put a tax on land values, such as will tax from unearned increment and put the money into improving the housing accommodation for workmen. Keen-eyed students from abroad say our lowest classes are as bad as the poorest of foreign lands. Nothing but a great spiritual uplift can make the church equal to her responsibilities."

In conclusion I offer two practical suggestions. First, there must be no abatement in our doctrine of regeneration. Second, we must Christianize conditions in which the individual lives. We must close the barrooms and Christianize economic conditions. Rev. Dr. A. Carman, general superintendent, was promptly on his feet. He said: "Allow a man whose heart is beating in sympathy with these doctrines for years just to say this word. Our dear brother struck the foundations. He took the right view of the gospel of Jesus Christ in its profundity, its universality, its absolute and glorious application to all the sons of men. And my brethren, what we will take to do, look over the earth to-day. Canada is a glorious country, but I don't know that to-day I could say semi-Christianized, especially along the lines the brother has been speaking of. As I listened to the address my soul was lifted up with hope. Great economic problems must come within the scope and power of the Gospel ministry somehow or other. It will bring you and me into trouble, but we cannot preach Jesus unless we preach his whole Gospel."

NOTES AND COMMENTS

Now then for an actual reform of the Senate.

It's the ashamed man-impertinent Ross ought to feel himself this day.

Laurier has absolutely lost his grip in the matter of gauging the feeling of Canadians.

Instead of a case of "the lost Charlie Ross" it now reads "The lost George Ross."

The term "Senatorial dignity" will have to be obliterated as far as Ross and his hatchet brigade are concerned.

That increased boundary scheme is already as dead as the late Queen Anne, and she defunct in 1741.

Fifteen of the nurses in the Moosejaw hospital have gone out on strike. Wonder if the last part of the name of that place had anything to do with it.

They say that Laurier, instead of the "white plumed knight" motto, is going to use that of "I am not who makes the country's laws as long as I have a Senate axe to smash 'em."

In the Upper Chamber that grand old man, Sir Mackenzie Bowell, although over ninety years of age, made a forcible speech in opposition to the slaughter of the Navy Bill. It's not the first time, by any means, that he has fought for the cause of Empire.

Wireless messages from a vessel in distress have once more served to save many lives. No greater benefactor ever lived than Marconi, and the pity of it is that this grand discovery should be the centre of one of the biggest scandals Great Britain has ever known.

Surely there's nothing wrong in declaring that the people must decide on the naval question.—Guelph Mercury.

They decided when they accepted Mr. Borden's proposed course on the subject prior to the general election of 1911, and they will so decide again when the time comes. Here's a query for our esteemed cotem. Under the present Senate conditions, what would prevent those easy-money old gentlemen from the throwing out measure again?

Some men even go to church for a change.

TO HELP SMALL BREEDERS

The prize list of the Canadian National Exhibition, Toronto, August 28th to Sept. 6th, is being distributed and it shows that the Management have given special attention to the Agricultural department generally, and to the encouragement of the smaller exhibitor in particular. In cattle, more money is given to both the beef and dairy classes, and the list has been extended so that in some classes, as many as eight prizes are given. Thus the small breeder, with a good animal is practically sure of recouping, at least a part of the expense of shipping to Toronto. More money is also given to Horticulture, Floriculture and Poultry. The entire list totals \$55,000, and as no prizes are given for Manufactures, every dollar of this goes to the products of the home, the school, the farm and the garden. The special attractions this year are featured by three high-class bands—the Irish Guards, and one other from England, and Conway's band from Chicago, while of the spectacle "The Burning of Rome" is enough to say that it will be staged by John Henderson, of England, who has put on all the big spectacles of recent years in Britain.

Case Enlarged A St. Catharines exchange says—The charge of assault preferred against Conductor Schwab of the G. T. R. by Mr. J. O'Reilly of Brantford, was heard by Magistrate Campbell this morning. Evidence was heard both pro and con, the magistrate reserving judgment until Friday morning, in order to permit Mr. Peterson, counsel for Schwab, to cite similar cases of justification for such an assault as charged.

De. J. A. MacMahon told of the injured condition of the plaintiff early in the morning of the day on which the assault is alleged to have taken place at the G. T. R. station, while Schwab's train was stopped there. The complainant and John Perdue, night operator at the station, and Charles O'Brien, who was waiting to board the train on the way to Perth, testified on behalf of the conductor. O'Reilly four times struck with his lantern, smashing the lamp in so doing. Both witnesses testified they saw O'Reilly struck twice, at least and that the complainant was under the influence of liquor.

A Brantford Action TORONTO, May 30.—In the single court before Judge Middleton request was made for the removal by consent of the executor of the estate of Emmeline Alice Bennett and for the vesting of the property in the two executives who were represented by A. E. Watts of Brantford, while E. G. Long appeared for the executor and F. W. Harcourt for the infant. The order was made as asked with costs out of the estate.

With The Police

A Victoria Park idyll was recounted at the police court this morning. It seems that Geo. Symington, whose name is on the Indian list went to Hamilton, and returned with just enough intoxicating liquor concealed inside his person to make him feel good. Presumably he felt very good indeed, for when Martin Rowley, the champion coat-trader of Brantford, came upon he bought two pencils off him, then gave him half a dollar of which Rowley says he returned a quarter (as trade for Symington's coat with his own coat to boot), and then \$1 to buy whiskey. A little later P. C. Blanchard happened along; and deeming them better and safer in the Police Station than in the park, he gathered them in. Martin Rowley was wearing Symington's coat in the usual way, but Symington's hat was stuffed into the trouser of Rowley's wooden leg, when these boon companions (for the time being) were arrested.

"Great odds from" little accretion," and Mr. Rowley faced a charge of carrying (the coat, hat and \$9), and another for supplying a billed person with intoxicating liquor, while Mr. Symington received the usual attention accorded to a billed man who is found intoxicated by the police. In answer to the first charge Mr. Rowley said that he had counted Mr. Symington's money for him (nine dollars), and the latter had put his money in his pants pocket and his purse in his coat pocket. Two other men had taken their seats beside Mr. Symington and relieved him of his cash, which as to the coat, Mr. Rowley had traded his for Mr. Symington's and given him 25 cents to boot, the said quarter being part of the 50 cents already given to him by Mr. Symington.

With reference to Mr. Rowley's coat trading abilities, P. C. Felker gave evidence that that gentleman was locked up in company with another, not so long ago. When he was released, he walked off with the other man's coat. He said it was a trade, but the other man denied it, so Mr. Rowley was forced to "trade" it. Rowley said that he had given Mr. Symington a drink as assessed \$25 or one month, while Mr. Symington admitting he was drunk was fined \$10 and costs.

On the third charge, Mr. Rowley was remanded. John Enghon, drunk the day after he received notice that he was billed, was also assessed \$10 and costs. Three foreign restaurant proprietors were fined \$5 and costs each for selling cigars and cigarettes on Sunday.

Junior Ball

Two scheduled junior baseball games were played last night at Agricultural Park. Climbers Beat Y. M. C. A. 12 to 8. In a good game, the Climbers won from the Y. M. C. A. 12 to 8. The batteries were:

- Climbers:—Moses and Sutherland; Y. M. C. A.: Van Buskard, Leonard, John and Simpson. By innings—12 Climbers 00143—8 Y. M. C. A. 00094—12
- Red Sox Beat Royals 9 to 7. In the Red Sox-Royals game the Red Sox team got away with the game to the tune of 9 to 7. Buntzen pitched for the Royals and Slattery for the Red Sox crowd. By innings:—Red Sox 11412—9 Royals 02041—7

Canada's Growth.

Chicago Journal: Canada is growing at a pace that few Americans realize. In the year ending March 31, 1913, more than 100,000 immigrants arrived in the northern do-gans. Of these, 139,000 came from the United States. These American emigrants are of a sort that not even our own rich country can afford to lose. They are nearly all farmers, and all of them have money. They took millions to Canada, and they have left the high priced lands of our own middle west and are taking their knowledge, energy and wealth to the cheap prairie farms of Manitoba Alberta and Saskatchewan.

It is not strange that Canada should be building more railroads just now than the United States. The chief cause of this amazing development is the discovery that splendid crops of wheat can be raised 500 miles north of the line once supposed to be the limit of successful farming. But a large contributing cause is the orderly and yet progressive government which Canada maintains.

The "Lady of the Snows" has fairly won her prosperity.

Obituary

Death of Mrs. J. J. Galvin A very sad event occurred last Saturday morning when Mrs. John James Galvin passed away at the early age of twenty-four years. Mrs. Galvin who was an adopted daughter of Mr. John Hosie, of the Scotch Line, was married a little over one year ago and settled in Smiths Falls. Last Friday she gave birth to a beautiful little baby girl, but the mother never rallied, and early on Sunday morning she went home. The funeral took place on Sunday morning, Rev. D. T. Cummings, B. D., being in charge. The Moulders' Union turned out to show sympathy with their fellow workman, a most kind and thoughtful act on their part. The body was taken to her old home and laid away in the Scotch Line cemetery, Rev. Mr. Reynolds of Perth officiating. Latest accounts say that the baby girl is doing splendidly, and is being mothered by her grandmother, Mrs. (Serg.) P. Galvin. The sympathy of all who know him will go out to Mr. J. J. Galvin in his terrible sorrow.—Smiths Falls Exchange. The above refers to Jean M. Hosie, who was at one time a nurse in the John H. Stratford Hospital in this city.

NEW YORK, May 30.—Do you hark back to the peek-a-boo shirt waists that made—well, that shocked everybody? That was four years ago.

This summer they haven't got peek-a-boos in them, but as a merchant describes one he had seen in a fashionable New York hotel: "It's just one peek-a-boo—and all-over peek-a-boo," and so it is.

In other words the summer girl will wear the sheerest of chiffon blouses, and the most fashionable color will be the flesh pink, which, on youthful, rounded arms and necks, looks as if there was nothing over the skin at all!

While they are a mere trifle in weight they will cost their weight in gold, ranging from \$40 to \$60. There will, of course, be the usual cheap imitations.

PRESENTATION TO MISS DALTON

A most unexpected and delightful surprise was given by the employees of E. B. Crompton & Co. last evening, when about thirty-five of them took possession of the house of Mr. and Mrs. Joseph Ogle, 73 Richmond street, to present to Miss Dalton, who is severing her connection with the above firm (with whom she has been a valued employee for many years) a complete dinner and tea set of Limoges china, together with

esteem in which Miss Dalton is held by all those associated, with her, Miss Steele reading the address and Mr. Vair replying for the recipient.

Miss Dalton leaves for the West with her sister, Mrs. James Benwell, early next week, for a complete rest and change. In the near future her marriage to Mr. Vair, whose ordination takes place this summer, will be solemnized.

No man or woman can choose their duties, any more than they can choose their birthplace or their father or mother.

Ouch! But

Red Sox Couldn't Keenan

The flying Dutchmen from headed by J. J. Keenan and Phillips, son of George O. Phillips arrived in the city of Whitewash. Yes; six to was the count. The Dutchmen "six" and Brantford drew. That hoodoo or jinx which following and hovering over Sox came back and the tea the Baby City held a wake Nelson, Andy Kane and being the chief mourners.

"The German foot goes back." Alas too true. This case yesterday. The Red Sox not and did not hit. There one consolation. "Every clo silver lining." Brantford will them out as long. It has been either a feast or with the Red Sox as far as concerned. It's a long lane no turn and it will not be lo Brantford makes the turn they do it will be all clear. If the Red Sox come to hitting, woe be unto the pi the Brants vent their wra

Manager Keenan of the gregation pitched on Auld, pitching for his initial 1913 Brantford. And as far as Sox were concerned it was "Lang-Syne." He came, he conquered, Great Caesar pitched. His offerings were the Brants. They could n life of them translate his. For seven long innings, h Red Sox hitless. There only one. "One hit and n was the "Greys" cleary w "Once upon a time co grounds."

The attendance was very very slim, and it is a quest riel had blown his trumpet people could fill a hand car the park to fill a hand car The Game.

Kane sent Collins to th and the Germans took fr friendship sake, even if Lo was starting them in the f walked. Dinsmore was an Sweeney singled and t scored.

Things got along smoo sixth when the visitors m made it two to nothing. After Sweeney had bee of thanks to Coose and l doubled. Keenan flew out age. Miller laced the ball two bases and his Irish-G mate scored.

The Seventh.
Lucky horse shoes! But Bramble! Oh, didn't he rambled all around! He stole second with Chief S in the bleachers. Auld pu fly. Burns got a dead ball flew out to Tesch. BRANTFORD, CANADA, FRIDAY, MAY 30, 1913

Ouch! But it Hurts And Berlin Did It

Red Sox Couldn't Hit a Balloon Yesterday and Keenan's Bunch Won Game 6-0

The flying Dutchmen from Berlin, headed by J. J. Keenan and "Tim" Phillips, son of George O. (Pop) Phillips arrived in the city yesterday...

The German foot goes seldom and did not hit. There is still one consolation. "Every cloud has a silver lining". Brantford will be hitting them out ere long...

Manager Keenan of the Berlin aggregation pitched on Auld to do the pitching for his initial 1913 visit to Brantford. And as far as the Red Sox were concerned it was "Lang-Sync".

The attendance was very slim, very slim, and it is a question if Gabriel had blown his trumpet if enough people could have been summoned in the park to fill a hand car.

The Seventh. Lucky, horse shoes! But not for us. Bramble! Oh, didn't he ramble! He rambled all around! He singled and stole second with Chief Slemm sitting in the bleachers.

The Eighth. Two more came the visitors way in eighth. Keenan walked and took a passed ball. Miller was hit by a bunt, sending the manizer to the field.

The Ninth. The crowd at the park for the opening of the game yesterday was the slimmest since 1911, which shows that the public likes a winner.

field out. Ivers scratched a single, but Slemm fled to left. It looked hopeless for the Sox.

The old base on balls to the first man up happened again yesterday. Collins pitched six balls before he got a strike over.

Coose's bad throw to Ivers cost a run in the seventh. He should have held the ball. Tesch came later with a throw to Ivers which pulled him off the base and another run scored.

Lamond threw to second in the first and drew an error. Tesch tried to cover and it looked like a better throw for Wagner.

Canadian League Ottawa Lost. LONDON, May 30—Londos defeated the Ottawa team yesterday by the score of 9 to 3.

Courier Dope Expert Writes About Game

Various Features of Baseball as it is Played are Discussed—Some Interesting Facts

The Kicker

Every sport hates the chronic knocker, but the moderate knocker is a help to the game. He shows he has an interest in the work of the home boys, and though he will call a player a duff for making a rank misplay, he will be the first to throw his hat in the air when this same player pulls off an ordinary play. Just watch your neighbors at the next game, and near the finish, if it is close at all, you will see those you heard kicking down by the fence encouraging the home boys to rally and working harder than the players themselves to pull out a victory.

Scoring Notes

It is amusing to take in any ball game and notice the number of fans attending, who have out their little note book or a score card, marking down the runs, hits and errors. Some of these fans, when they read the published account of the game which contains the official score, compare notes and if the two scores differ in any particular, have the idea there is the correct one, and class the official scorer as being not up to much. Others go farther and declare the scorer is partial, that he boosts his friends and knocks those he does not like.

It is reasonable to believe that every club owner engages the best man to fill the position of official scorer, and having him placed in a position where he can see every play as it is handled on any part of the field. His rulings are more likely to be correct than those of the amateur scorers sitting in different parts of the ground viewing the plays from all sorts of angles.

It was stated as a fact last year that the official scorer at Ottawa gave an assist to the first baseman each time he fielded a batted ball, and made the out unassisted by reaching the ball before the base runner, taking as his authority the following part of section 7 of the scoring rules: "An assist should be given to each player who handles the ball in aiding in a run-out or any other play of the kind, except the one who completes it." Figure this out yourself, and if you can by any way of reasoning, come to the same conclusion.

With the Canadian League battle well on the way for championship

honors, the Brantford fans have little to kick about the showing of the Red Sox. Although not in a prominent position in the league standings, none of the teams that have shown here so far have anything on our team, and when real baseball weather arrives, we may look for an advancement in their percentage. With the extra base hitters on their line-up, they will hit better than the averages will show. Amby Kane looks to be more effective as a bench manager than when he is playing a position himself and guiding the other players in their work. On the bench he is in a better position to see how the pitcher is working, and send in relief when it looks like a blow up.

The catching staff, with Lamond as first choice, supported by English, is in good shape. Lamond is the best receiving catcher in the League, and at the bat seems to have cured himself of his bad habit of hitting up on the ball.

The pitching outfit will cause little worry to the management, as Smith, Collins, Donovan, Coose and Clermont all have a fair share of the goods, and when rounded into shape will look very formidable.

Wagner, on second, is a reliable fielder, fast on his feet and can lay a lunt down as well as the rest of them. Yet he will not secure as good a batting average as he did last season. It is noticeable that when he comes to bat, the outfield close in, and balls that went as hits before are made into put outs, and his ground hits do not have the snap to get by the infielders. If he would cross the opposing players once in a while by taking a healthy swing at the ball, it would keep them guessing and add to effectiveness.

Tesch, while not an ideal leader for the batting order, is improving, and there are worse short stops in the Canadian League.

With Coose playing on third, the only real weak spot on the team will be filled in good style, both at bat and in the field, if he shows the same ability with a regular as when acting as a substitute.

"SHAG" GETS AFTER FOUR NEW PLAYERS

Ottawa Leader Is Determined To Give Team a Shake-Up Since Recent Bad Showing.

LONDON, May 30.—After losing four straight games since going on the road, Manager Shaughnessy of the Ottawas, sees that his club is sorely in need of a shaking up, and by the time he returns to the capital on Monday he expects to have secured a new third baseman and second baseman, besides two steady experienced pitchers. In a message from Fort Wayne yesterday the Ottawa leader learned that Pitcher Goldrich would join the Senators as soon as President Varnell had sized up the twirler, who had been sent to Fort Wayne by the Providence club.

Seventeen Players Used by McGraw to Beat Philadelphia

NEW YORK, May 30.—The Giants broke the Philadelphia winning streak yesterday, the locals capturing an exciting fourteen-inning game by 7 to 6. Fletcher's long hit over Magee's head in the fourteenth drove in Shafer with the winning run. Shafer had singled, with one out. These were the only hits made off Seaton, who pitched the last six innings for Philadelphia. The defeat was Seaton's first this season, the score being a tie when he went in.

The Phils threw away many chances in the early innings by reckless base-running, apparently calculating they had the game won. McGraw used seventeen players, including five pitchers, one used as a pinch runner. McGraw and Snodgrass were both put off the field in the eleventh for protesting a decision. Score: Phila. 6, New York 3. Alexander, Seaton and Killier; Demaree, Crandall, Marquard, Tesreau and Meyers, Wilson.

SALONIKI, May 30.—A despatch from a trust worthy source says that the Bulgarian troops have destroyed the village of Hadji, between Saloniki and Serres and have massacred the Mussulman population.

Many Battles End Fatally

The death of McCarty adds another fatality to a long list of fighters killed in prize ring battles. Following is a list of boxers who lost their lives in the ring:—
Bob Fitzsimmons knocked out Con Reardon in an exhibition bout at Syracuse, N.Y. some years ago and Reardon died.
Owen Moran, the English lightweight killed Thomas McCarthy with a blow in a bout at San Francisco in 1910. Other deaths in San Francisco include:—
Harry Tenney, who died after a clash with Frankie Neil in 1906; Jimmy Franey, who died from the result of the blows of Jimmy O'Connell in 1900; "Ginger" Williams, who was victim of "Kid" Kennith's punch ten years later.
Max Landry collapsed and died after a bout with Joe O'Brien at Brockton, Mass., in 1910.
Frank Cole, a Philadelphia negro boxer, was killed in a bout with Stanley Rogers in Philadelphia the same year.
Billy Vernon, known as the "Haystack Brickmaker," collapsed in a Philadelphia bout in the early 90s and died the next day.
Walter Croot, an English bantamweight, died from the result of blows delivered by Jimmy Barry, the American champion, in a bout before the National Sporting Club of London on Dec. 6, 1897.
Recent deaths include those of "Joe" Ketchell, who died after a bout with "Bill" Walters at Waukegan, Ill. in 1912, and a French pugilist named Pelli who collapsed in a Paris ring during a bout with an English boxer fighting under the name of Exerden.

CAUSE OF BOILS EXPLAINED

Even in health there is a large accumulation of matter in the system, which if not destroyed, breaks through the skin in the form of pimples and boils. Arrested in Seattle

SEATTLE, Wash., May 29.—J. R. Moore, formerly connected with the Bankers' Trust Corporation, Limited, of Victoria, B.C., was arrested here on a warrant issued in that city, charging conspiracy to defraud. Moore, who is said to be wealthy, was engaged in selling stock in the corporation through the use of a trust which investors, it is alleged, have lost between \$200,000 and \$300,000.

\$100 REWARD \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. WATCH REPAIRING

A modern watch movement is composed of about 150 distinct parts, and correct time-keeping depends upon unity of action of all these parts, the balance wheel of your watch vibrates one hundred and fifty-seven million times in two months.

Do not frown because it asks a drop of oil once a year. Ordinarily at the end of six months the oil begins to deteriorate, then changes occur. A watch should be cleaned and re-oiled at suitable intervals, say twelve or eighteen months at farthest. Can we be of service to you?

Big Results From Little Causes

By RUTH CAMERON

TWO young girls stood on the sidewalk outside my window this morning talking earnestly with each other. Almost every one of the people who were passing on their way to work threw interested glances at one of the girls; the other was scarcely noticed. Why was it?

Because of several of the tiniest reasons possible to imagine: namely, the first girl's eyelashes were perhaps an eighth of an inch longer than the second girl's; her nose was about a quarter of an inch shorter; her lips a trifle fuller; her cheeks a wee bit pinker; her hair curly instead of straight.

In short, one girl was very pretty, the other was homely. It didn't take an instant to realize that. And yet when I stopped to think about the matter and analyze it, there were only the infinitesimal differences which I have named to separate the two faces so widely.

What tiny, tiny differences and yet what a very different world these two girls will live in because of them! Everywhere people will look at one of these two girls and ignore the other. The one will always be admired, courted and praised without any effort on her part whenever she shows her face. The other will have to laboriously earn whatever admiration and praise she receives by her character or her brains.

The one will find all doors quick to open to her because she is that exquisite thing we all enjoy—a pretty girl. The other will have to open her own doors because she is that commonplace thing we are all inclined to ignore—a homely girl.

The beauty will be continually exposed to all sorts of objectionable attentions, to unwelcome admiration and possibly to temptations; the other will have none of these disadvantages. The beauty will be in danger of neglecting everything but her beauty; the homely girl will be forced to cultivate her wits and her good disposition because they are her only tools with which to work for love.

And all this difference in their lives just because of an eighth of an inch of eyelash, a quarter of an inch of nose and a few other differences just as tiny!

Isn't it really remarkable when you stop to think about it? If beauty were a matter of some tremendous facial difference it wouldn't seem quite so strange.

And what a queer thing this quality we call beauty is anyhow. Why should a certain length of nose and a certain color of cheek please us all so much? If you had to tell why in a court of law you never could. And yet you know it is so.

After all beauty is a very queer, senseless, unreasonable thing, isn't it? And yet, queer and senseless and unreasonable as it is, I think Diogenes would have a harder time than he did if he were to hunt for a plain woman who wouldn't give almost anything on earth to be beautiful.

SPORTING COMMENT

By FREE LANCE

There is absolute gloom in this city over the showing to date of the Brantford Baseball Club. Truly it is most distressing. "No old man" of nags who ever galloped at the Woodbine could be worse in and outers than the Red Sox. Our one consolation to-day is that we are at least tied with two other teams for last place.

When a club cannot hit a boy pitcher like Auld there must be something wrong. The punch is not there. The club has been fielding pretty fair, but in the last four games has been woefully weak at bat. Our three hundred hitters have been looking like duce spots.

While Brantford is in gloom, what must be like in Ottawa. The Senators have dropped something like seven straight games, and Shaughnessy is sending out a C.O.D. Somehow or other local fans believe that Red Sox are a good club, and that it is simply a case of their inability to get going which is the trouble. One is apt to come to this conclusion from the couple of false starts which the Sox have made.

There was a mix-up at the O. I. B. grounds last night when a juvenile league ball game and a football game conflicted. The result was that the big fellows chased the boys although they were appealed to by Mr. Joseph Ruddy to give the little fellows ten minutes longer wherewith to finish the game. These mix-ups are inevitable and the parks board has a duty to perform in the matter. It is entirely one of arrangement. Primarily, one thinks open parks are for the boys, but the little fellow can start this game early in the evening. With proper supervision, fairness will be meted out to everyone. Last night, from what we have been told, the juveniles might have been permitted to wind up their game in ten minutes.

Asked as to the truth of the claim often put forth by agriculturalists that automobiles destroy good roads, Mr. Lloyd Harris the other evening declared emphatically from his experience as a motorist in a dozen or so different countries of the world, that the claim was ridiculous. In Europe automobiles do not even raise dust following another car. The automobile traffic was not as damaging as that of this iron tired rigs. Moreover the claim that it would cost \$10,000 per mile to construct a decent road east out of the county is ridiculous by the motorists who remark and there is nothing objectionable in following another car. Cricket

Four Clubs in City League—Schedule Now Complete.

Four clubs have now officially been entered in the Brantford City cricket league, for the championship of which Messrs. Roberts and Van-Lane, the well known shoe men, have donated a trophy. This trophy is now held by the Paris team, they being champions for last season. The four teams entered this year are as follows: Paris, Capt. Mr. R. England; Grace church, captain, Mr. F. Usher; St. George's, captain, Mr. F. W. Derbyshire; Trinity, captain, Br. C. Bowden.

The schedule of games is as follows: May 31—Trinity vs. Paris in Paris. June 7—Grace church vs. St. George's, Brantford. June 14—St. George's v. Trinity, Brantford. June 21—Grace church v. Paris, Brantford. June 28—St. George's v. Grace church.

July 26—Grace church v. Paris in Paris; Trinity v. St. George's. Aug. 2—Grace church v. Trinity. Aug. 30—Paris v. Trinity, here. Sept. 20—St. George's v. Paris, in Paris; Grace church v. Trinity.

One game has already been played that of Paris v. St. Georges, and which resulted in a win for the St. George's team.

PURE BLOOD MAKES HEALTH

Disorders of the Blood are Cured by Dr. Williams' Pink Pills

If people would realize the importance of keeping the blood rich and pure there would be less sickness. The blood is the medium through which the nourishment gained from the food reaches the different parts of the body. If the blood is impure the nourishment that reaches nerves, bone and muscle is faint with poison and disease follows. The blood is also the medium by which the body fights off disease. If the blood is thin and watery this power of resistance to disease is weakened. Dr. Williams' Pink Pills for Pale People build up the blood. They increase the ability of the body to resist disease caused by thin and impure blood, and that embraces such diseases as anaemia, indigestion, neuralgia, nerve exhaustion, rheumatism and many others. Every claim made for this medicine is amply proved by the grateful testimony of those who have been cured. Here is one instance. Mr. Jas. Sanger, Peterboro, Ont. says: "I began to be troubled with dizzy spells. These were especially noticeable in the morning on rising and were accompanied by a feeling as if my body had taken on two or three times its weight during the night. When I went out of doors everything would suddenly seem to get topsy-turvy for a few moments, and I would apparently see specks floating in front of me, and for a while I could hardly drag myself along. This feeling at first only lasted for a few minutes, but as time went on the duration of the spells seemed to increase. Whilst during the day I would be suddenly attacked with dizziness, compelling me to hold on to the something until the feeling passed. I had in the meantime been taking various blood tonics as I was convinced my condition was due to my blood being out of order. None of these however seemed to have any permanent effect. For a little while I would be fairly well, but as soon as I quit using them the attacks used to come back with renewed vigor. One day I came across an advertisement of Dr. Williams' Pink Pills and decided to try them. I soon noticed a more decided improvement than I had felt before. The dizzy spells were becoming less frequent and less violent, and by the time I had taken six boxes I was well again. From former experience I had some fears that the trouble might return, but now four months after, after discontinuing the use of the pills, I have had no return of the trouble. In fact I never felt better than I do now, and I think nothing can equal the Pills as a blood medicine."

The Pills are sold by all medicine dealers or can be had by mail of 50 cents a box or six boxes for \$2.50 from the Dr. Williams' Medicine Co., Brockville, Ont.

SYNOPSIS OF CANADIAN NORTH-WEST LAND REGULATIONS

ANY PERSON who is the sole head of a family, or any male over 18 years old, may homestead a quarter section available Dominion land in Manitoba, Saskatchewan or Alberta. The applicant must be present in person at the Dominion Land Agency or Sub-Agent for the District, agency on certain conditions, by father, mother, son, daughter, brother or sister of intending homesteader.

Duties—Six months' residence upon and cultivation of the land in each of three years. A homesteader may live within one mile of his homestead on a farm of at least 80 acres, solely owned and occupied by him or by his father, mother, son, daughter, brother or sister.

In certain districts a homesteader in section standing may pre-empt a quarter section alongside his homestead. Price \$3.00 per acre. Duties—Must reside upon the homestead or pre-emption six months in each of six years from date of homestead entry (including the time required to earn homestead patent), and cultivate 30 acres extra.

A homesteader who has exhausted his homestead right, and cannot obtain a pre-emption may enter for a purchased homestead in certain districts, price \$3.00 per acre. Duties—Must reside six months in each of three years, cultivate 30 acres and erect a house worth \$300.

The Little Green Tents

By WALT MASON

The little green tents where the soldiers sleep, and the sunbeams play and the women weep, are covered with flowers to-day; and between the tents walk the weary few, who were young and stalwart in 'sixty-two, when they went to the war away.

FOUR NELSON LETTERS NOT BEFORE PUBLISHED

What the Famous Admiral Wrote to Countess Spencer in 1797 and 1798

The London Times published through the courtesy of Lord Spencer, four hitherto unpublished letters that Countess Spencer, wife of the second Earl, who was then First Lord of the Admiralty. The letters were lately discovered at Aithorp, and appear to be the sole extent of the remnant of voluminous correspondence, which the second Earl destroyed shortly before his death, to bear witness to the friendly relations between Nelson and Lady Spencer.

the women of Canada make the law for the deserter, we men haven't much to be proud of in this connection. "A dollar and costs or thirty days is not the same or 20th century treatment for the inebriate. Protection and care rather than punishment should be the thought. The hospital is more needed than the cell. Every muscle, every tissue, every brain cell of the inebriate is sick. Instead of the cell put him on an industrial farm in the country where with work, food, sleep and God's fresh air and sunlight he will rebuild mentally and physically. You thus save dollars and you save a man to the community and to his family. Some glad day the State will stop creating inebriates and then treating them as criminals."

PROTECT THE HOME

The Advisability of Caring For Unfortunate Mothers and Children

J. O. McCarthy, Toronto, in addressing the Canadian Club, Kingston, said in part: "No mother left with her little family to support should have to leave them uncared for while she goes out to earn bread for them. The neglected child on the street soon becomes a delinquent. Let the childless mansion help care for the state's fatherless children. It would be a wise policy for the government to spend some of the money spent in getting emigrants from the world over in caring for the orphans who are generally speaking born of the best and will make the best citizens in the days to come."

"Wife desertion is nine times out of ten child desertion also. I wish I could find some place hot enough for the despicable wretch that deserts wife and children, and yet in this country the State must share the blame. Under the present law the family must be in want, paupers, before the deserter can be punished. The law should be changed and deserter made a criminal offence. Let

The Infant Terrible Little Tommy was taken to a picture show and there he saw a film depicting a tribe of Indians painting their faces, and so forth. "Why do they do that?" he asked his mother.

"Oh," replied the latter, "Indians always paint their faces before going on the warpath. To do so is one of their customs."

Little Tommy made no comment, but on the next day, when his mother was entertaining her daughter's young man, he rushed into the drawing room in a state of great excitement.

"Mother—mother!" he cried. "Let's get out of this as quickly as we can. Sissie's going on the warpath!"

The Artistic Foot-Rite Arch. The makers of Foot-rite Shoes are scientific, artistic shoe-makers. They know the human foot and its requirements. They know how to make every point count for LOOKS as well as wear. Take the arch in a Foot-rite Shoe for instance. Here is the same curve; the same shapely mould, that you find in the swiftest London custom boots. While the arch is high and properly curved it is at the same time a PERFECT fit for comfort, and does not call for a high heel. The more we see of Foot-rite Shoes and the closer we examine them, the prouder we are to be sole agents for this fine "Custom Made" Shoe that sells at a ready-made price. Foot-rite Shoes have a dozen points of advantage over any other shoe we ever saw at the price. In fit, finish and construction, they are the ideal shoe for men. See Styles in our Windows. \$5.00 and \$6.00 per pair. Mr. Joseph Broadbent. 168 Colborne and 4 Market Street.
