

BRITISH GAIN EAST OF ANCRE RIVER

Success Won by British and French in Two Days Offensive Being Systematically Followed Up--British Heavy

UNDER A MID-SUMMER SUN BRITISH AND FRENCH DROVE FORWARD AGAINST GERMANS

Strategic Points on Highway Between Arras and Peronne Taken by the Allies, and Terrible Artillery Fire of British Crippled Enemy Defence.

Indications are Attackers Will Maintain a Steady, Methodical Pounding of German Positions.

take one under midsummer

By Special Wire to the Courier.

New York, July 3.—The Herald publishes the following cable:

London, Monday, July 3.—Under a blazing sun and in midsummer heat the men of the British and French armies yesterday continued their drive into the German front on the twenty-five mile line from above Hebuterne to below Fay. By early yesterday morning the Germans had brought all their available reserves up to the threatened district, and had begun a series of desperately fought counter-attacks. Except at two or three points the violence of the British artillery fire was so great that the enemy's demonstrations were literally smothered under a rain of projectiles and were able to offer only perfunctory opposition to the allied advance.

Fricourt Taken.

While the battle raged all yesterday with undiminished fury along every mile of the line, it reached its greatest intensity in the vicinity of Fricourt, Commeucourt and Contalmaison, and along the River Somme, in the neighborhood of Cudlu. The Germans caught in their formidable defensive works at Fricourt held out all Saturday and until two o'clock yesterday afternoon when they abandoned their works, and the British entered the village. This served to straighten the new front somewhat and permit more active cooperation with the French, who were fighting through Carlu and into the woods east of that village.

Important Captures.

The German struggle to retain Commeucourt, Fricourt and Contalmaison is explained by the fact that the three settlements are strategic points of unusual importance and stand as sentinels on the highway from Arras to Bapaume and Peronne. This highway has been one of the principal arteries of automobile and horse transport in the western theatre and has been used by both armies, since it diagonally crosses the fighting line.

Will Have to Retire

In the River Ancre sector, the resistance of the Germans has been so stubborn and so well conducted behind their concrete machine emplacements, their steel and concrete field works and their skillfully constructed trench system, that they still retain parts of their first line in spite of the ferocity of the British attack. The development of the Somme, the further south toward the clearing, is regarded as almost certain to compel a retirement here, however, for not only are they being hard pressed on the front, but their Commeucourt position has been exposed to a three-sided fire. With the British pushing forward from Fricourt, the French, who link up with them two or three miles to the south, continued their advance in the Somme marshes and on the left of the river. They occupied Frise yesterday, completing the occupation of Carlu, and east and southeast of Dompiere, made a net gain of more than a mile on a three mile front.

10,000 Prisoners.

The day's operations brought the number of prisoners up to well above 7,000, and may reach 10,000 by the time they all pass to the clearing stations in the rear. Of these, the French have taken more than 5,000. The prisoners so far interviewed, have commented on the extreme violence of the bombardment which preceded Saturday's attack, and on the skill with which the artillery contributed to the advance, once the

British infantry was in action. Prisoners taken in the raids all last week but especially on Thursday and Friday, told of the barrier of fire erected between the first line trenches and the supporting positions, which for more than three days had prevented supplies and reinforcements being moved up to the front. It develops now that not only was the food service seriously crippled, but the munitions was impeded to such an extent that the light batteries posted well toward the front were left virtually without shells.

Terrible Artillery Fire

To the effectiveness of the British fire on these posts is attributed the feeble answer returned by the Germans to the prefatory bombardment. The aerial service has its share of credit for this situation, for the aviators early obtained complete domination of the air, and in their raids on the German bases destroyed ammunition convoys, depots and trains, and aided materially in disrupting the entire supply organization.

Confident in London

While London remained keenly interested in the developments across the Channel yesterday, the enthusiasm manifested on the first news of the drive, gave place to a feeling of confidence and determination less loudly expressed, but none the less unmistakable. The nation has learned it is unwise to underestimate the German army and the defences it has constructed and perfected through nearly two years of occupation of northern France. No great advance like that carried out by General Brusiloff's Russian army is even hoped for. It is thoroughly understood now that the British army is engaged in an undertaking similar in many respects to that of the Germans at Verdun. At no time has there been contemplated or even considered possible a sudden advance which would carry through and breach the German front.

Steady, Relentless Pressure.

On the contrary, the schemes of the Anglo-French leaders provide for a steady pressure backed by all the great resources of the British army in guns and ammunition to slowly and methodically push back the front until the allied forces are within striking distance of one of the many important railway centres in northern France on which the German field organization is based. Campaign directed, is one of the most important of these, Douai, Lens and Valenciennes are similarly important points.

K's New Armies

Once anyone of these cities is reached and held, a complete realignment of the German front in France, and France to the left of the Meuse and the Scheldt, will be forced. To accomplish this task Britain has Lord Kitchener's new armies, numbering 1,000,000. This vast force has replaced almost entirely the original expeditionary force which won fame in the retreat from Mons and in the battle at the Marne. Backing this on the continent, is the enormous output of British ammunition and armament plants, and a large part of the output for the last year of the American arms industry.

Co-operation Among Entire Forces

But observers here find even more encouragement in the evidence of Entente co-operation. For the first time since the war began a general offensive is being carried out on all fronts and under a well organized, co-ordinated allied strategy. There is the greatest accord between London, Paris, Petrograd and Rome, and the results of that accord are becoming increasingly apparent.

Guns Now Outclass German 42 Centimetre Kind

British Bombarding Thiepval and Have Gained Ground of a Higher Elevation to the North of Fricourt--The Number of Prisoners Taken Exceeds 4000 Men

By Special Wire to the Courier.

BRITISH HEADQUARTERS IN FRANCE, July 23.—(via London)—A further advance has been made by the British forces to the east of the Ancre River. To the north of the town of Fricourt the British have pushed forward and have gained ground at a higher elevation.

Fighting continues intense on virtually the whole British front. Above the Ancre there has been no important change.

The British have heavily bombarded Thiepval. At La Boisselle severe fighting is proceeding.

North of Fricourt the British have pushed their positions forward to higher ground.

The situation here is promising for the British.

A heavy shelling of Montauban by the Germans continues. The British appear to be well established in the town.

The number of German prisoners taken in the south so far exceeds 4,000. The weather continues favorable.

FOLLOWING UP THE SUCCESSES.

LONDON, July 3.—The marked successes won by the British and French in initiating their great offensive along the western front are being systematically and successfully followed up.

Heavily pounding the German second line south of the Somme, the French have captured two lines of trenches along a three-mile front and taken the village of Herbecourt, two miles northeast of Dompiere.

ON THE ROAD TO PERONNE.

The captured village is on the road to Peronne, which town is apparently the immediate objective of the French forces in this sector. It is five miles distant from the furthest thrust of the French advance.

To the north the British are pressing for Bapaume, where numerous main highways join. Having taken Fricourt, which formed a salient desperately held by the Germans to check the British advance on either side, General Haig's forces now command the terrain toward Bapaume.

FIERCER FIGHTING ON THE ANCRE.

North of the River Ancre the British have met the most determined German resistance, and their advances here have not been so marked as between that stream and the Somme. Nevertheless they are declared to have maintained, in conjunction with the French, the initiative all along the line of the grand offensive.

GREAT BRITISH GUNS NOW.

LONDON, July 3.—(New York Times cable).—The correspondent of the Daily Telegraph at Paris says:

"I am credibly informed that the British heavy guns now absolutely outclass the German or Austrian famous 42-centimetre guns which the German command sprang as a surprise at the outbreak of the war.

"The British supplies of munitions are so great in the present offensive the question of economy of shells does not enter into account.

"The French people have heard with pardonable satisfaction that the British asphyxiating gas has proved deadlier than any the Germans have invented."

PROGRESS OF THE ANGLO-FRENCH FORCES

Paris, July 3.—The reserves which the Germans rushed up to the Somme region to check the Franco-British offensive began to make themselves felt yesterday afternoon and last night, according to latest reports received here.

The fighting reaching a pitch of exceptional desperation, but nevertheless the German efforts to check the allied advance failed. The Franco-British allies, these reports say, retain the initiative unimpaired, and, as the result of the day's fighting have materially advanced their line and strengthened their hold on what they had previously won.

Peronne the Next Objective.

The capture of Carlu, especially in view of the rapid progress made south of the Somme, represents a great step forward for the village bars the road leading to the only point where the river can be passed. The French troops have now before them on their road to Peronne, their goal, a serious of hummocks, each of which is crowned by a village, ending in a narrow plateau. The British on their part have made steady progress towards Bapaume, which is an important centre on account of the intersection there of the main highways which apparently are their objective.

News Coming in Slowly.

London, July 3.—News of the Anglo-French offensive came in very slowly to-day, but while people were

anxious for information, they showed no disappointment at the delay.

The authorities and the press gave warning that patience would be necessary, as the advance must be slow, owing to the nature of the fortifications erected by the Germans in the twenty months they have been in possession of the territory attacked. Places such as Montauban, Fricourt, La Boisselle, Serre and Mametz, which the British took, and like the villages further south captured by the French, bristled with machine guns. There are many other similar positions which must be overwhelmed if the French and British infantrymen are to continue to push forward.

Remain in Dug Outs

The artillery, it is true, demolishes most of the defence works, but the Germans remain in dugouts during bombardments and come out with machine guns to meet the attackers. Consequently much hand-to-hand fighting occurs. Furthermore, there is activity in the North.

Meanwhile the troops on the northern end of the western front are not inactive. On the Belgian coast, British monitors are throwing shells across the sand dunes to keep the Germans in their trenches. The French captured heavy artillery and took more prisoners. The statement says 39 German battalions participated in the fighting and that 31 of heavy gunfire and the raids of infantry detachments, the Germans are kept busy from one end of the line to the other and threatened attacks at every point warn them against sending reinforcements to the Somme region.

Jaris, July 3.—The French offensive south of the Somme, in conjunction with the British drive, continued last night with complete success, the war office announced to-day.

The French occupied two lines of trenches of the second German position on a front of five kilometres (three miles).

The French have captured the village of Herbecourt.

East of the Meuse on the Verdun front, the Germans captured Damouloup redoubt, but the French soon after regained possession of it.

The trenches of the second German position captured by the French extend from Maricourt wood, which is in possession of the French, as far as the edge of Asevilleux. The village of Herbecourt, taken by the French, lies between these two points. Further south the French made progress towards Asevilleux and Estrees.

North of the Somme the Germans made no attack on the positions previously taken by the French. The French captured heavy artillery and took more prisoners. The statement says 39 German battalions participated in the fighting and that 31 of

Russians Holding Grimly to Lines on the Styr, While Bukowina is Over-Run

German Forces Push Back Muscovites Five Miles at the Most, But in South, Russians Put Enemy Back to the Carpathians.

By Special Wire to the Courier.

London, July 3.—As the result of one week of most costly on slaughts on the Russian lines between the Styr and the Styr Rivers, the Austro-German forces have advanced their battle front at the most five miles eastward to wards the Styr, and that only in some sectors, says a Reuter's despatch from Petrograd.

Military authorities, the correspondent adds, are confident that the Russians are firmly holding the enemy on this front, pending the development of General Letchitzky's sweep through Bukowina, notwithstanding that strong German reinforcements are entering the field.

Meanwhile the Russians have progressed fifteen miles southwestward of Kolomea and the Austrians there are hard pressed to cover their retreat to the Carpathian Mountains.

MURDER COMMITTED NEAR SIMCOE; A BERNARDO BOY SHOOT A FARM HELPER

Upon Returning From Church Both Went Away From the House and a Quarrel Ensued; in the Struggle Rifle Which the Boy Was Carrying Went Off, Killing the Man Instantly

Simcoe, July 2.—Robert Henry Beecher, a clever young Barnardo boy, aged 15, who has lived for some seven years with Miss Ada Barr, on her farm near Forestville, and has attended Port Rowan High school for two years, lies in goal here charged with the murder of John Simons, who was engaged to work the Carr farm. The tragedy took place at 4 o'clock at Miss Carr's home, and exactly five hours later High Constable Murphy of St. Williams handed the youth over to turnkey McNally at the goal, on a remand from John Cope, J. I., of St. Williams. Squire Cope, after warning the boy and explaining to him the serious nature of his position, received what was virtually an admission of shooting Simons. On returning from church the two went out with a 22 rifle, for some target practice. Miss Carr is reported to have said that they got into a quarrel about something and Simons attempted to take the loaded rifle from the boy. The gun was broken in the struggle and discharged. Simons got the charge and died instantly. Squire Cope informs your correspondent that the boy said: "I shot him." On arrival here Beecher was in a state of physical and nervous collapse. The tragedy occurred in South Walsingham, a few miles south of the scene of the Shoup murder, which occurred on May 12th, 1915. Constable Murphy informed the authorities at the goal that Beecher took an interest in church work and taught a Sunday school class. Dr. Meek of Port Rowan will hold an inquest to-morrow. Beecher is slated for a hearing before the magistrate at St. Williams on Friday, unless the date is changed on account of the presentation of the colors to the 133rd on that day. Your correspondent called Squire Cope's attention to the matter but he thought there would be no conflicting interests. Forestville is the first stop out of Pt. Rowan on the Grand trunk branch line from Simcoe to the lake.

GETTING READY FOR CAMP BORDEN

Advance Party of 125th Left Saturday for That Point.

HAVE ARRIVED THERE SAFELY

Impressed With Camp and Care Taken of the Men.

The advance party from the 125th battalion, under Capt. Sager and Lt. Oxtoby, and accompanied by Buglers Gus Hogan and W. Hockley, left Brantford in good order Saturday morning, entraining quietly at the G. T. R. station. A night letter telegram was received this morning from Capt. Sager by Lt. Col. Cotcliffe, reading "This is some camp. No black flies. All the kitchens are built with wire netting."

All preparations are meanwhile being made for the departure of the battalion proper to-morrow morning when a special train of 20 passenger coaches will be on hand, with the necessary freight and baggage cars. Lt. M. E. Verity, together with one man detailed from each company, will remain in the city for a few weeks in order to continue recruiting

215th All Showed up After Holiday

Friday Was Pay Day, Yet All the Men Remained Good Soldiers.

Illustrative of the splendid morale of the soldiers of Brantford, it was pointed out this morning at 215th headquarters that during the two holidays following immediately upon Friday, which was pay day, not a single member of the battalion had been arrested, a fact reflecting great credit upon the unit.

Capt. Duff Slemin left to-day for Winnipeg, accompanying his parents, Chief and Mrs. Slemin, and his brother Lieut. Cliff Slemin of the 25th. No less than four applications for the presence of the 215th band at entertainments in the near future were received this morning by Capt. W. N. Andrews, chairman of the band committee, following upon the success achieved by the band at Port Dover on Saturday.

HONOR ROLL IS UNVEILED OF HEROES' NAMES

Riverdale Baptist Church Cherishes Records of the Khaki-clad Members.

COL. COLQUHOUN APPEALED FOR MEN

Captain Sweet Spoke of Glowing Future of Dominion of Canada.

Solemnized by an impressive service, as befitting the occasion, an honor roll of 31 names, members of the Riverdale Baptist church, who have enlisted for active service, was unveiled last evening at that church by Lt.-Col. Colquhoun of the 4th battalion. The attendance at the service was exceptionally large, all being imbued with the spirit of the event, and special music was rendered by the choir, including the most acceptable singing of the anthem, "The Lord Jehovah Reigns."

The names enrolled upon the roll of honor were read by the pastor, Rev. Mr. Richards, following which Lt. Col. Colquhoun in a brief address paid high tribute to the patriotism of Riverdale church, and to the heroes who had gone from there to battle for the right. He also noticed the appreciation experienced by the men at the front of the excellent work being done for them by the various women's patriotic associations, making at the same time, an appeal for more letters to the front, as these men value above any other gifts from home.

Lt.-Col. Colquhoun then unveiled the tablet containing the honor roll, after which Capt. Sweet, adjutant of the 215th battalion, delivered an interesting and forceful address, which contained an appeal for recruits immediately. Capt. Sweet outlined briefly the history of Canada, since Confederation, expressing confidence that in the future our Dominion would lead the continent of America. The speaker also touched upon the present day creed of the German nation, pointing out wherein it defied the tenets of Christianity.

The names contained upon the roll of honor are:—Albert Lewis, Henry Miller, Wm. Cressler, Harold Vasey, Geo. Ralph, Jno. Pennell, Ernest Walsh, Thos. Butler, Lawrence Neill, Carl Harp, Harold Madgwick, Jno. Dickie, Leo O'Heron, Ernest Aitken, Jno. Cook, Gordon Dean, Jno. Emmitt, Robert Vasey, Daniel Lane, Howard Pinnell, Herb. Nordlife, Bartley Fulcher, Jr., Geo. Dichie, Pat. Moore, Arthur Butler, Gordon O'Heron, Jas. Brown, Ber. Colwell, Ben Northie, Bartley Fulcher, Sr., Joe. Hurst.

CAPT. JEAKINS COMING HOME

Chaplain of 58th Battalion to Resume Again Duties in the City.

Word was received on Saturday by Rev. T. B. Jeakins, acting rector of St. Jude's Anglican church, that his son, Rev. Capt. C. E. Jeakins would return to Brantford in September, resuming his duties as rector of St. Jude's. Capt. Jeakins left Brantford last June, as chaplain of the 58th Battalion, which unit he accompanied to the front, being later drafted to England, where he was engaged in hospital work at the Epsom Military Hospital. His countless friends throughout the city will hear with great pleasure of Capt. Jeakins' impending return, and will unite in welcoming him back to Brantford.

The Situation. The French and the British have alike demonstrated that they can take the offensive with a first-class "punch." As the net result of several hours' fighting they have pushed back the German front along a distance of 25 miles, and for the most part to a depth of five miles.

More than passing interest centres in the bye-election in the above riding for the Provincial House. Mr. Torrance (Conservative), who had represented the riding for years, sent in his resignation in order to accept the position of Collector of Customs at Stratford, and it seemed to have been quite generally felt that there would not be any contest.

NOTES AND COMMENTS. It is officially recorded that rain fell on 24 days in June. The old soak. The Guelph Herald has an editorial on "Cut the Weeds," but a perusal of the article does not make it appear whether the reference is due to the whiskers of the aldermen or the grass on the streets.

HYDRO PERMITS
During the month of June, a total of 132 electric permits were issued by Hydro Inspector Mowatt. This number is a great increase over the average, as a number were issued to Simcoe, Watford, Hagersville, St. George and other localities.

NOT OPPOSING IT
A rumor is quite persistent that the T. H. and B. and the Massey-Harris Co. are holding up the Erie Avenue Pavement. Ald. Ward stated this morning to the Courier that the rumor was not true. The T. H. and B. have said nothing about the matter, while the Massey-Harris Co. show every disposition to help the matter along, even to agreeing to transfer to the city a strip of land necessary for the accomplishment of the work.

EVERYBODY WELCOME.
The directors of the Brant Sanitarium extend a cordial invitation to the residents of Brantford and Brant County to the garden party at the Sanitarium next Wednesday. It is our institution and you should see

BIG STORM
A terrific electric storm, accompanied by a deluge of rain and hail, burst over Niagara Falls, N.Y., yesterday afternoon. The hailstones were very large, while it is said the rain fell so heavily that the streets became running rivers in a very short time. An aftermath of the storm was that the lights in the city went out for some time during the night.

DOMINION DAY SERVICES
Rev. Lloyd Smith, financial secretary of Victoria College, took charge of the services at Brant Avenue church yesterday. His effort in the morning in particular, being a splendid sermon appropriate to Dominion Day. Miss Irene Symons of Trinity Methodist church, Toronto, sang solos at both services, and easily main-

tained her reputation as being the best solo singer in Canada.

WINDOW DEDICATED
The new east window, donated by Mr. James T. Whittaker, in memory of his father, the late Mr. James William Whittaker, was dedicated yesterday morning at St. Paul's church. The unveiling ceremony took place at 11 o'clock, Mr. A. K. Bunnell, for Archdeacon Mackenzie, paying a kindly tribute to the good work of the deceased, who was for many years a warden at St. Paul's. The window was dedicated at 8 o'clock in the morning, as was also the new oak altar given by the St. Paul's Church Girls' Friendly Society.

THROWN FROM BUGGY.
An accident which might have had even more serious results than those which actually followed it, took place on Saturday morning near the entrance to Mohawk Park, when a horse, frightened at the whistle of a street car, shied and threw out one of the occupants of the buggy, Miss Bailey. The young lady fell rather heavily, being knocked unconscious. Assistance was immediately summoned, and she was conveyed to her home at No. 5 Norwich St. Her in-

juries were fortunately comparatively slight consisting mainly of a shaking up and a number of bruises.

GIVEN WRIST WATCH.
Howard J. Lloyd, Messenger for the Customs, and a well known baseball and hockey player, was presented by the Customs' employees with a wrist watch on Friday evening. The occasion was his leaving the employ of the government to take another position in the 215th battalion.

PRISONER OF WAR.
Trooper Albert Victor Stuart, 4th C.M.R., is a prisoner in Germany, according to a post card received today from him by his mother, 142 Alfred street. Trooper Stuart was officially reported missing a few days ago, as from June 2nd. His address, as far as can be made out from the card, is Dillmen (West) 77 Komp, Gruffe III. "West" probably stands for Westphalia, a portion of Germany which embraces the industrial centres, including Essen, the city of the great Krupp works.

UNFORTUNATE FIRE.
Harry Dunsdon, the well known market gardener, had the misfortune to have his barn totally destroyed by fire on Saturday morning. Two horses

Mr. Geo. Goodwin Given Signet Ring

First Baptist Church Honored Departing Y.M.C.A. Secretary

Sunday was observed at the First Baptist church as "Children's and Flower Day." For the first time this summer, the Sunday school met in the morning. There was a satisfactory attendance at 9.45. The session took the form of an open school, and Mr. Geo. L. Goodwin made the address upon "Footprints." He began by Robinson Crusoe's impression of the first impress of a human footprint he saw upon his lonely island home, and then went on to draw practical and helpful lessons from the influence one life may have upon another.

After his address he was taken quite by surprise when the pastor stepped to the platform and presented him, on behalf of the friends of the school and the church, with a beautiful signet ring suitably engraved. The pastor emphasized the great help both Mr. Goodwin and his devoted wife had been in the work of the church and of the school. Mr. Goodwin made a fitting reply.

At the morning service the pastor spoke on "Saved by a Child's Love," and based his remarks to the boys and girls on the story in II Kings, 5th chap., of the healing of Naaman. Five from the Bible school were baptized during the morning service. The Communion service was largely attended. In the afternoon the Superintendent of the Sunday School, Mr. J. F. Schultz accompanied by the Assistant Superintendent, Mr. J. W. Widdup, and the pastor, visited the church and of the school. Mr. Goodwin made a fitting reply.

RUSSIAN DELEGATION WHICH HELD IMPORTANT CONFERENCES IN ENGLAND

MEMBERS OF THE RUSSIAN DUMA ON A VISIT TO ENGLAND

These members of the Russian parliamentary delegation visited England at the invitation of the British government for the purpose of promoting a closer understanding between the two countries. Included in the delegation is M. A. D. Prottopoff, the energetic vice president of the Duma. During their visit they held many important conferences with the British officials.

"Further to the south we made progress in the direction of Assevillers, the northern and western boundaries of which are in our hands. "To the north of the village of Estrees, and between Estrees and Assevillers, our troops have made perceptible progress.

Many Battalions Disorganized. "More prisoners and more pieces of heavy artillery, the counting of which has not yet been completed, were captured by us during these operations. According to information at hand, it has been established that more than 39 German battalions participated in the attack along the French front on July 1. According to the statements of prisoners, 31 of these battalions suffered very heavy losses, and are at present completely disorganized. Most of the prisoners taken by us July 1 and July 2 are very young. As a result of the questioning of these men in our hands, it has been learned that the preparatory fire of our artillery was very efficacious, not only in annihilating defensive organizations, but in rendering impossible all lateral communication behind the lines and in preventing the bringing up of provisions. At the same time our artillery fire made it impossible for the enemy to transmit orders to the troops engaged in the operations."

Balloons Burned. "During the preparatory offensive fire of our artillery, French aviators set fire to thirteen captive German balloons. Two others were set on fire the first of July. During the attack our aeroplanes scouts were masters of the front. During this time only nine aeroplanes of the enemy showed themselves and not one crossed our lines. Of these nine machines, one was destroyed.

Successful Raids. "South of the River Avre, in the region of Dancourt and in the vicinity of the wood Des Loges, French reconnoitering parties penetrated the German trenches, and cleaned them out with hand grenades. In the region of Lassigny a surprise attack against a trench of the enemy was successful at Verlot wood, near Manx-sur-Mathe. Another French Patrol made some prisoners in the region of Moulin-Sous-Toutvent. In the Champagne district one of our patrols took some prisoners not far from Prunay, and brought back a rapid fire gun.

Quiet in the Meuse. "On the left bank of the River Meuse, the night passed in relative quiet with the exception of the bombardment of our positions to the west of Hill 304. On the right bank of the river this morning at about half past three o'clock, after a violent bombardment, the Germans delivered a strong attack upon our Dancourt work. They took possession of it, but our counter attacks delivered shortly after resulted in driving them completely out of and recapturing the work, which is now in our possession."

Grand Picnic Held Saturday at Mohawk Park Catholic Societies of Brantford and Hamilton Had Outing. Despite the large numbers of Brantfordites who spent the holiday in Port Dover, Simcoe, Niagara Falls and other centres of attraction, Mohawk Park was on Saturday the rendezvous of thousands of holiday seekers who enjoyed in abundance the delights of picnicking. The big event of the day was the Roman Catholic excursion and picnic, organized under the auspices of the local Catholic societies and attended by a gathering estimated at not over 2,000 heads. A most enjoyable afternoon of sports and athletic contests was enjoyed, followed by lunch.

One of the features of the afternoon was a softball encounter between teams representing the Brantford and Hamilton Knights of Columbus, the visitors emerging victorious by a score of 18-12. The battery work and the speed exhibited by B. A. Harris in left field featured the visitors' playing, while the local star players were Mr. Galvin, who hit for the circuit, and their first baseman, who emulated the eminent Tyrus Raymond Cobb in the matter of purloining bases. MEETING OF WOMEN'S PATRIOTIC LEAGUE

The regular meeting of the Women's Patriotic League was held on Friday afternoon in the Y. M. C. A., Mrs. Livingston presiding. The meeting was opened as usual with prayer for soldiers and sailors.

The report of shipments made during June was as follows: To the Secours National: 79 bundles surgical supplies, 285 hospital garments, 57 dozen bandages, three dozen hospital socks, 294 pairs day socks, 27 pad pillows, 153 dozen chesecloth handkerchiefs. To Canadian Red Cross Society: 18 bundles of surgical supplies.

The treasurer reported that owing to June accounts being not all paid, the balance on hand could not be stated, but it will be satisfactory.

The finance committee reported that the returns for the field day amounted to \$2,400, with expenses approximating \$500. An order has been forwarded for a field kitchen for the 125th Battalion, and the sum remaining is to be placed at the disposal of the battalion.

The finance committee was empowered to pay accounts during July and August.

Mrs. Livingston reported that "Newspaper Day" had been well organized under Mrs. Sutherland's direction, with splendid results. Votes of thanks were passed unanimously to all who helped, including the Daughters of the Empire, all citizens who loaned motors for the collection of papers, all soldiers who assisted and others.

A vote of thanks was passed also to the Brantford Laundry Company for work done for the league free of charge.

Plans regarding the sending of jam to the Canadian soldiers came up for discussion, and it was decided to ask all members and friends and everyone who can, to set aside as many pint sealers of jam as possible for our military hospitals and our men on the front. Further announcements regarding collecting, shipping, etc., will be made shortly.

The cap and bag raffled on Field Day have not been claimed. Holders of winning tickets, No. 89 for the cap and No. 46 for the bag, please call at 42 Wellington street.

TIRED MOTHERS—It's hard work to take care of children and to cook, sweep, wash, sew and mend besides. Tired mothers should take Hood's Sarsaparilla—it refreshes the blood, improves the appetite, assures restful sleep, and helps in many ways.

Alex. McLellan, of the Commercial Hotel, Seaforth, was convicted of second breach of the C. T. A. Sentence was deferred for a month. Law now provides four months in jail for second offence.

THE BANTAMS HAVE GONE

Little Fellows, 29 Strong, Left This Morning for Toronto.

Twenty-nine strong, the local detail of the Bantam battalion assembled at their headquarters this morning for the last time before their departure for Toronto. At 11.15 city time the march to the station was commenced, the brass band of the 125th battalion leading the way, followed by the Bantams, in full marching array, and a detail from the 125th, under Lieuts. Hamilton and Waterous.

No parades have been held by the Bantams since Friday last, the men being allowed home on leave to say farewell, all assembling this morning at the fixed time.

The despatch of the squadron does not mean that the Bantams are gone for good from Brantford. The lusty crowing of the fighting birds will still continue to be heard for a time at least, for Ptes. Maurice and Haley will return to the city for a few days, or possibly weeks, in order to continue the work of recruiting. Lt. McKissock will not return, as the 216th goes to camp on Thursday next.

W. K. Kellogg's Canadian Factory for the Manufacture of Kellogg's Cereals in Waxtite Packages Two years ago the W. K. Kellogg Cereal Co. of Battle Creek, Michigan, put on the Canadian market their all-wheat cereal food—KRUMBLES. The demand for KRUMBLES and their other wheat foods has grown to the building just completed, while only a single unit of the proposed plant to be erected, has a capacity sufficient to manufacture 36,000 packages of ready-to-eat cereal foods each working day.

such dimensions that they have found it necessary to erect a factory in Toronto to supply the Canadian trade. The new factory at Toronto, an illustration of which is given herewith, is now in full operation. Benefitting by the experience gained in the parent industry at Battle Creek, the new factory in Toronto has been equipped with the most approved style of machinery for the preparation of their entire line of Cereal foods, some fifteen different varieties. There are 100,000,000 packages of W. K. Kellogg's cereals wrapped Waxtite sold annually in the United States and Canada. The erection of this factory in Toronto will relieve the pressure on the Battle Creek factory, and avoid the usual customs delay, so that the Canadian trade can look for prompt delivery of KRUMBLES and their other lines of wheat cereals, as well as several new lines to be introduced later.

GALA DAY AND GRAND MILITARY TATTOO HELD ON DOMINION DAY IN SIMCOE

Crowds From all the Country Round Gathered in Norfolk's County Town and Made the First of July a Day to be Remembered For Years and Years to Come.

(By a Staff Reporter)
Simcoe, July 3.—To the thousands of visitors who flocked from far and near, in honor of the occasion, as well as to the thousands of her loyal citizens, Simcoe July 1 was a truly fitting and patriotic day. The celebration of Dominion Day in that little town, which has already made ample demonstration of her patriotism and loyalty, and visitors enabled to—and did—enjoy to the full the pleasure of a patriotic carnival and field day in full swing.

Weather Ideal
For days and weeks past, preparations for the big day had been made, and countless were the prayers breathed for fair weather on July 1; prayers which were answered most satisfactorily to all. Early in the morning the immigration of visitors commenced despite a break-down upon the Lake Erie and Northern Railway, which for a very brief time menaced the success of Simcoe's gala day.

Steam-Drawn Cars
It was not for long, however, for while work upon the broken power wire was rushed, an engine was rapidly secured to draw the cars, and a steam service furnished in place of electric, with such good results that the first contingent of holiday makers from Brantford and adjacent points reached Simcoe at 9 a.m. standard time.

125th Band There
Among the arrivals were the two bands of the 125th Battalion, guests of honor during the day, which were met at the station by a deputation from the 133rd Norfolk Battalion, and escorted proudly and triumphantly along Robinson street to the armory.

Rushing Business Done
No regular programme was presented during the morning, the bands of the 133rd and 125th rendering a series of concerts in Lynn Park, which attracted many to the scene. Crowds were also in evidence about Main street, Robinson and Norfolk. The majority of the stores of the town remained open at least for the morning, many for the whole day, and a rushing business was of course done in the cafes, ice cream parlors and similar establishments.

Movies Drew Many
Large numbers also were in attendance at the 125th Battalion, where the pictures of the Willard-Moran fight were shown continuously, eliciting much deserved applause. The performance of both bands in Lynn Park also won favorable comment from all, their music being of the highest class of excellence, and the bandmasters John Sutton, of the 133rd and Bertram of the 125th, uniting in their well rewarded efforts.

Illustrative of the facilities afforded by the electric line, the jivery stables of the town reported business but very little more business than upon an ordinary Saturday, the great majority of the day's visitors coming either by rail or by motor.

The Military Parade
By noon the companies of the 133rd and 125th, and by one o'clock the principal streets of the town were crowded with spectators awaiting the details from the 125th Battalion, together with the 133rd, played upon a diamond by no means perfect.

The Parade Order
Leading, the 133rd signaller, accompanied by a detail from the signal section from the 125th Battalion, under Lt. Thorburn. The 125th band, led by Bandmaster Bertram, and the bugle band, in charge of Bugle-Major Mellor. At the head of the 133rd Battalion there came

Lt.-Col. Pratt, C.O. and Capt. Durdard, adjutant, followed by A company, under Major Jackson; B company, under Major Burch; C company, under Capt. McDowell and D company, under Capt. Heath. In the rear marched the machine gun section of the 133rd, followed by the brass band, led by Bandmaster John Sutton, and the bugle band, with the field kitchen of the Norfolk Battalion, bringing up the rear of the procession.

Tableau Canada
Proceeding down Robinson Street, a halt was made at the corner of Norfolk Street. Here upon the roof of Fall's new four-story store, Miss Henderson stood; dressed in patriotic colors and representing Canada, the whole forming an entrancingly pretty and attractive tableau. While the parade halted here, patriotic music was rendered by the bands, after which the march was resumed along Norfolk street, and thence, via Colborne and John streets to the Fair Grounds, where all was a scene of bustle and activity. With laudable quickness the program was proceeded with, no time being lost in preparations, all of which had been perfectly made before hand.

The March Past
Opening the afternoon was of course the march past, executed with most enviable precision, by the 125th Battalion, as it paraded in various formations past the saluting base and the grand stand, amid the strains of patriotic music in which the blare of the trumpet bands blended with the less harsh tones of the brass bands. Company drill and physical drill was next engaged in by the 125th Battalion, followed by an exceedingly interesting and instructive exhibition by the signallers and the machine gun section together, giving an exhibition of extended electric cable, and of the greatest interest to all was a practical exhibition of trench warfare, presenting a bagonet charge also.

Sports of every nature and classification were indulged in during the afternoon, entries being made from all parts of the county, including the 133rd and 125th, 205th and 180th respectively. A distinguished athlete of the last named was man Sert, Wood, who was in attendance during the afternoon, competing in many of the events, but with poor success, being more than once outclassed by his fellow-sportsmen. The events included in the sports' programme:

100 yard dash; 150 yard dash; 200 yard dash; 440 yards; half mile; mile race; three mile race; three-legged race; half mile bicycle race; high jump, standing; high jump, running; standing hop step and jump; running hop step and jump; shot put; half mile relay race; bomb throwing; pick a back wrestling; boxing, 115 pounds, 125 pounds, 135 pounds, 145 pounds, heavy-weight class; pole climbing; company competition (won by D company of the 133rd).

215th Team Lost
The closing event of the afternoon was a baseball game between the 215th and a team from C company of the 133rd, played upon a diamond by no means perfect. Record went into the box for the 215th, but was fallen upon and smitten hip and thigh by his adversary until he was replaced in the lineup by Burkholder. The game went on to a full nine innings, ending with a top-sided score of 15 to 4. In the home team's favor, and with hearty cheers given by each side for their opponents.

The Midway
The midway, in full swing during the afternoon, attracted large numbers continually, being liberally patronized by all and sundry, particularly the children, who were well high delighted ere night. Ladies and girls also circulated through the crowds which thronged the bleachers erected especially for the occasion, as well as the grand stand, and the military dance, held in the armory, offering for sale refreshments and badges of the 133rd Battalion.

Concert at Night
An impromptu concert of the most delightful nature, and thoroughly appreciated by all who heard it, was rendered by the brass band of the 125th shortly after supper, when the members assembled in front of the Battersby Hotel and delighted a large gathering with a number of admirable played musical selections. The principal event of the evening was the military dance, held in the armory, which was made gay by an abundance of luxuriant evergreens and foliage and beautifully illuminated by countless colored electric globes strung from the ceiling. Here assembled young and old alike, the light fantastic being tripped by large numbers until a late hour, bringing to a happy conclusion a day memorable in the history of Simcoe and Norfolk County.

THE STORY OF THE STRUGGLE YESTERDAY

How the British Fought Tenaciously and Gained Fricourt.

TOOK IT AT TWO P.M.

The French Troops to the South Were in Valiant Co-operation.

London, July 2.—Fricourt, a town three miles east of Albert, the scene of desperate fighting between the British and Germans since the Entente allied offensive was begun yesterday morning, has been captured by the British, according to an official statement issued this evening.

The text of the official announcement says: "Substantial progress has been made in the vicinity of Fricourt, which was captured by us at 2 p.m. today."

"Up to noon to-day some 800 more prisoners had been taken in the operations between the Ancre and the Somme, bringing the total up to 3,509, including those captured in other parts of the front last night."

1,000 Yards Advance
London, July 2.—1.14 a.m.—The British troops in their great drive in France have captured a German labyrinth of trenches to a depth of 1,000 yards, and the villages of Montauban and Mametz.

North of the Ancre Valley, according to the official statement, the British have not been able to hold sections of the ground gained in their first attacks. Two thousand Germans have been taken.

The text reads: "Heavy fighting continued all day between the Rivers Somme and Ancre inclusive. The fight on the whole of this front still continues with intensity."

"On the right of our attack we have captured a German labyrinth of trenches to a depth of 1,000 yards, and have stormed and occupied the strongly fortified villages of Montauban and Mametz."

"In the centre of our attack on a front of four miles, we have gained many strong points, while at others the enemy is still holding out, and the struggle on this front is still severe."

"North of the Ancre Valley to the Commecourt, inclusive, the battle is equally violent and in this area we have been unable to retain portions of the ground gained in our first attacks, while portions remain in our possession."

The French Share
Paris, July 2, 12.45 p.m.—In the fighting south of Arras yesterday the French took prisoner five thousand Germans, according to the official statement issued to-day by the French War Department.

In the course of the night French troops captured the village of Albert, about seven miles northeast of Albert. A heavy German counter-attack upon the village of Herbecourt, ten miles southeast of Albert, was repulsed, the statement adds. After repeated assaults the Germans were obliged to retreat there in disorder.

On the right bank of the Meuse, in the region north of the fortress of Verdun, Thiaumont, the official says, was re-taken by the French yesterday, after changing hands five times. The position was heavily attacked by the Germans in the night, it is added, but without success.

A MAN WHO HAS TAUGHT FOR 50 YEARS HONORED BY HIS FORMER PUPILS

Mr. W. H. Smith, Principal of the Port Dover School, Given a Beautiful Illuminated Address and Purse of Gold on Saturday, While Old Pupils of His School Stood by With Heads Bared While Address Was Read.

Port Dover, July 1.—Dominion Day was celebrated here to-day by the largest influx of holiday visitors that ever came to the port. The Grand Trunk, east and north, brought the usual traffic of years, when the weather is at its best, but the opening of temporary service for the day over the Lake Erie and Northern on a two hour schedule, brought crowds till three o'clock, from Galt, Berlin, Paris, Brantford, Waterford and Simcoe, and hundreds of autos from Simcoe and other points swelled the throng.

Lake Was Calm
The Erie Yacht Club came over as usual with weather so calm that the sailing vessels, which weighed anchor at midnight with a twelve-hour limit, for the race across, were becalmed in midlake and did not arrive till two o'clock.

Lost and Won
During the morning the local baseball team lost to a team from the 133rd Norfolk Battalion, and won from Nanticooke. While this was in progress matters were living up at Orchard Beach, and the tempting bathing from the front was early promulgated. The management found accommodation taxed everywhere except in the matter of swimming.

Apart from the usual holiday people, there was to-day a re-union of the old school boys and girls of 49 years ago, and these gathered after dinner on the school campus to honor their former teacher Principal W. H. Smith. The public school cadets were present in uniform. Short addresses, appropriate to the occasion, were delivered by the chairman, J. S. Martin, B.A.; Rev. Lawrence Skey, of St. Anne's Anglican church, Toronto; W. E. Kelly, K. C., and Rev. Michael, of Simcoe; Postmaster W. J. Tibbets and P. S. Inspector H. F. Cook, B. A.

Some Distinguished Scholars
Letters of regret to the number of perhaps 200 were exhibited, and cables or telegrams of a like nature were received from Mr. P. D. Scott, Toronto; A. W. D. Riddle, of San Francisco; Geo. F. Allen, of Halifax; J. B. Ross, and Lee Stringer, of Winnipeg; Lily Vasey Sawtell of England. Meanwhile a register was filled up page by page, and we gleaned the following names of parties home from a distance:

Some of the Visitors
A. D. Bowley, Windsor; Eva Fleck Bayley, Buffalo; Orpha Cooper, Rochester; H. H. Hoffman, Redlands, Cal.; L. Ida Alderson, Toronto; Margaret Beaufort-Landman, Flint, Mich.; James Cullen, Buffalo, N. Y.; Minniehaha Copway Passmore, Brantford; Jean Davis Hopkins, Mt. Holyoke, N. Y.

Read an Address
Mr. Smith sat through it all, with mixed feelings of gratitude and deep concern. The chairman then read the following most elaborately illustrated address, dextrously engrossed and showing a sketch of the new school at the top, while the audience under the shady trees stood with bared heads.

To William Henry Smith, Esquire
Dear Mr. Smith: After the lapse of half a century spent by you in one of the noblest callings it is given to man to pursue, we, your pupils, ex-pupils and friends desire to voice our admiration of your achievements in the field of education. No man can succeed in the profession of teaching whose personality is not one to be admired and respected. The classical attainments of a public school teacher may be such as are required in the higher branches of education, but being wider in their scope are infinitely more useful.

The twelve or fifteen hundred pupils who have passed through your hands were, at a critical time of their lives influenced for good not only by your precept but by your example. Of you it could never be said that you were merely a sign post, pointing the way. Rather were you a leader, showing the way to live a life of prudence and good citizenship.

You are remembered with affection by all who came into contact with you. Your first pupils are now elderly men. From them, as a foundation, year by year, step by step, down to the boys of the present class, your influence has helped to create a structure of human character of which you have every reason to be proud. Your broad-mindedness, your honesty and sincerity, the correctness of your ideals and the practical utility of the learning you imparted, have all been apparent to your boys for more than fifty years.

In our hearts you are associated with our happiest days, and we can assure you that we shall always cherish grateful feelings of respect and esteem for one who has done so much for us. That you may long be spared

to continue your life of usefulness is our earnest wish and prayer.

Signed on behalf of the committee, John S. Martin, Chairman; E. P. Bailey, Vice-Chairman; S. L. Butler, Secretary; C. C. Vasey, Treasurer.

The Reply
"It is with mingled feelings of sorrow and pleasure that I greet such a large number of former pupils and personal friends, who have gathered from far and near to attend the reunion, which marks for me over half a century of teaching in this district; sorrow because to me has come during the week the saddest blow that can come to anyone—the loss of a life's companion. If any measure of success has come to me during the past 44 years of service, much of it has come through the counsel and sympathetic assistance of her who has passed on before. The week has brought to me much consolation and gladness in letter and in telegram from former pupils and friends now scattered far and wide. To-day will add to that pleasure in clasping hands with so many former students at the high and public schools who are now filling responsible positions."

The Teacher's Influence
I have followed with much delight the "firework" of tributes of these days, and have found prevailing in so many of the law of human helplessness which has enabled them so to carry themselves as to bless and not blight, to make and not mar, their fellows. If you, old schoolmaster has in any degree kindled in the hearts of any of these his divine impulse he feels that his life has not been a failure; strongly impressed with the responsibility of working on divine material, the rapidly developing mind of the Science cannot tell us how the a-lcorn becomes the oak, or the infant becomes the orator that sways the nation, yet the faithful teacher has some of the magic power of nature in influencing the mental growth of his boys and girls.

The Teacher's Responsibility
The more delicate and complex machinery becomes the more easily it may be ruined. A single grain of sand may make the most perfect machine more sensitive than the most delicate mechanism and a single angry word or look may mar the influence of a noble teacher. The responsibility of the honest teacher must feel. The evil we do, as well as the good we do, lives after us, and sorry indeed it is after years in this world's strife.

**THE CENTENARY OF THE
BATTLE OF SEVEN OAKS**

One Hundred Years Ago in Western Canada.

(From the Edmonton Journal, June 23).
A hundred years ago last Monday the battle of Seven Oaks was fought just outside of what is now Winnipeg. It was a small affair when one considers the number of men engaged, but full of import to the future of this country, and despite the fact that so stupendous a conflict is now engaging our attention and energies. It is worth recalling what this engagement signified. At a ceremony held on the battlefield on Monday, Prof. Chester Martin of the University of Manitoba declared that he doubted if "another single event compared with Seven Oaks in its fundamental influence in the history of government not only to recognition but to tardy recognition and vindication of settlement of the district."
The story of the battle and of what led up to it is not as well known, even to native Canadians, as it should be. It was the culmination of the struggle between the rival fur-trading companies, the Hudson's Bay and the Nor' Westers. Lord Selkirk, having conceived the project of establishing a colony in this country, secured a large proportion of the Hudson's Bay stock and after much opposition had a grant made to him in 1811 of 116,000 square miles of the territory which it held under the charter given to Prince Rupert in 1670. This area, which he was to open up to settlement, was given to

him for the nominal sum of ten shillings. His friends told him he was a mad dreamer. One of them said to him: "If you are bent on doing something futile why do you not sow taras at home in order to reap wheat or plough the desert of Sahara?" This indicated what the general opinion was a century ago of the land which in 1915 raised 350,000,000 bushels of wheat.
But Selkirk persisted in the face of immense difficulties. His colony suffered terrible hardships. The antagonism of the Nor' Westers, the purely fur-trading element, resolved itself finally into a deliberate attempt to uproot the settlement. When their party approached Fort Douglas on the Red River, Governor Semple went out to meet them, and the Seven Oaks battle followed. Seventy and twenty-two others were killed. The Nor' Westers had only one dead and one wounded.
They took charge of the fort. Selkirk endeavored to have the Nor' West leaders punished, but died before he succeeded. The encounter, however, had the effect of putting an end to the anarchic condition that prevailed in Ruperts Land, and in 1822 the two companies were united by Act of Parliament under the name of the Hudson's Bay.
From that time on till the purchase by Canada in 1870, the Hudson's Bay Company's authority was well established, and in the era of western expansion it undoubtedly was the means of keeping Rupert's Land British territory.

**HICKS-BEACH IS
AGAIN IN HOUSE**

For 42 Years His Brother
Sat in the Mother of

SIR MICHAEL
WAS "SAFE"

Aloof, Dignified and Up-
right, Was True Type
of Statesman.

The return of F. W. Hicks-Beach for the Tewkesbury division of Gloucestershire, restores to the British House an honored name. For 42 years his brother, Earl St. Aldwyn, then Sir Michael Hicks-Beach, sat in the House, for 21 years as the representative of East Gloucestershire and, after the reform bill in 1885, as member for West Bristol. The name of Hicks-Beach stands for political qualities not held in too great respect, unfortunately, by those who love to find national problems resolved for them with a conjurers facile dexterity by the editorial writers of some British papers. To-day is the day of "ginger" groups, of the men of push and go, which, as interpreted by a shrewd critic after an examination of its leading exponents, is the quality of courage and judgment or judgment. Earl St. Aldwyn was never guilty of slapdash. It is the exact antithesis of that combination of qualities which made Sir Michael Hicks-Beach the safest statesman of his time, which made him, in later years, the solid rock of Conservatism against the onrushing waters of Tory Democracy. Dignified, aloof, unimpassioned, suspicious of emotion, of the most utter integrity, preferring always the path of adjustment and compromise and of slow but sure progress, he was the true type of English statesman.

Sir Michael Hicks-Beach, as a matter of fact, was born to the purple. He was an Englishman of Englishmen, the roots of whose family history entwined in the very beginnings of the English people. The first baronet, Sir William Hicks—the second name was added a century ago—was one of the first members of the order when it was founded by James I. For hundreds of years Sir Michael's ancestors had been in the shire squire, and when only 17 he became head of his house in his turn. From Eton he went to Christ Church, Oxford, where he graduated in 1855, taking a first-class in law and modern history. In 1864 he became member of Parliament for East Gloucestershire in the Conservative interest, and represented it until 1885, when he went to Bristol. In all that time he was not once opposed. On his retirement after representing Bristol for a further 21 years he was raised to the peerage as Viscount St. Aldwyn. Last year the veteran statesman was created an Earl.

destruction could be traced that showed fury, discord and friction.

Happiness only in Helpfulness.
On the other hand happy is the one whose words and acts have left a path easier and brighter for those who follow. Happiness is found only in the path of helpfulness. You are learning the lesson that as the traveler tells us that the owners of the date palm gardens, when the trees are in flower, gather the blossoms, even to the wild palm and wave them over the trees in the garden so that the Gods may secure a bountiful crop of dates. The horticulturist tells us what they do not understand—the wild blossoms give of their pollen to ensure a rich harvest of delicious fruit.

Changes in Education.
Since I commenced teaching here half a century ago there have been radical changes in the educational system of Ontario. District certificates were then common throughout the Province and our inspectors were only appointed for the lesser municipalities. They were frequently men who were engaged in other work as well, and it is only recently that the inspector has become a permanent official of the Department of Education having charge of counties. During my experience five different sets of authorized textbooks have been used in the schools.

From Pounds to Dollars.
Perhaps the most interesting phase of development has been in the copy-books. In the early days the copy was written by the teacher with a quill and unconsciously the pupil developed the teacher's characteristics of handwriting. To-day the printed copy in three provinces copy, makes for uniformity and militates against individuality. Another interesting change was in the departure from pounds, shillings and pence, which prevailed here when I commenced teaching, to the decimal system of dollars and cents now in use.

Helped Fight the Fenians.
In the second year of my teaching, Canada was invaded by Fenian rebels and with a number of the young men of this section I joined the corps for the defence of our country. To-day it gives me great satisfaction to know that a hundred former pupils are wearing the King's uniform and doing their patriotic part in this great struggle. It is gratifying to see young Canada taking such a large part in Empire-building.

The Development of His School.
From a three-roomed school with three teachers and 120 pupils, our school has developed until now we have the largest and most modern building in Norfolk county, with five teachers and three hundred pupils. Much of our success is due to the sympathetic co-operation of the Board of Education, with the members of which I have not had the slightest friction. The valuable help and counsel of my assistants also contributed to whatever success we have achieved. They faithfully laid the foundation on which the higher classes built. Mr. McNally for forty years directed our primary work and will be gratefully remembered by many of the old visitors.

To Help the Community.
In looking over the registers of former years one notices the names of many of the happy girls who sat with us in the shade of "Old Hickory" and of the care-free boys who haunted the old swimming hole at "The Stamp".

May we all return to our various spheres of life to carry out our high ideals and become a blessing in our new communities.

A Fine Tribute
Following this the Rev. gentleman who has been for years a member of the Board of Education, launched the "out" of his own accord, and if "Lary" Skey's address was a masterpiece of reminiscent humor savored with sim-

North Toronto Station

(1) New C.P.R. North Toronto Station. (2) Ticket Offices. (3) Train Platforms. (4) Ladies' Waiting Room

THE opening of the North Toronto Station of the Canadian Pacific Railway a few days ago marked a red letter day in the history of the Queen City of the West. The banquet given by the Mayor and Aldermen of Toronto to Mr. A. D. MacTavish, the general manager of the C.P.R., showed distinctly the amicable relations which exist between the city and the railway. The new station was turned over into the hands of the city and under skilful hands was supplied with a profusion of decorations, at which Mr. MacTavish formally declared the station open for business was attended by every part of the station. Mayor Church paid a great tribute to the Canadian Pacific and rejoiced in the extremely happy relations which existed between them.

Mr. A. D. MacTavish in replying, commended the good feeling existing between the city and the railway. The design of the new station is free adaptation of the Italian Renaissance to the requirements of the present day. It is a single story building, faced externally with Tyndall limestone; the choice of this Canadian stone has been justified by the excellent color effect of the masonry in the mass, an effect equal to any that could be obtained by the importation of the better kind of building stones from the States. A large and spacious waiting room 70 feet by 50 feet, of which the main entrance is centrally placed, is the main feature of the building. It is a vestibule, centrally placed on the South side of the station, and is reached by a wide staircase leading up to the main entrance. To the East and West of this vestibule are two subsidiary wings, the South elevation of the building being three large semi-circular headed windows. It faces the South with the main entrance centrally placed on the front. clock tower rising to the height of 140 feet, and four large clock dials, 8 feet in diameter, which will be a great convenience to entire neighborhood. The vestibule under the tower leads to the concourse. A sidewalk (protected by a marquee) is laid along the southwest sides of the station so that patrons may enter there or at main entrance, centrally on the South side or at the lower vestibule, the expectation being that the latter entrance will be used by those passengers who have already secured tickets and only requires to pass directly to the waiting room of much of the congestion that might otherwise occur. A private driveway also runs along the west side of the station so that vehicles may drive up to either entrance and pass through under the track to the baggage and express rooms and out on Yonge Street to the North of the station. Internally the waiting room, lower vestibule and concourse are lined with marble for their entire height, the architectural effect being obtained by the use of different colored marbles all set in practically the

same plane so as to avoid as far as possible all offsets and other distracting projections. The plaster ceilings are treated in a broad manner, with large panels. The midway is lined with glazed brick for its full height as are the stairs leading up to the platform. At night the main waiting room will be illuminated by four large bronze standards each topped with a cluster of frosted bulbs and a large reflector. A complete system of electric clocks of British manufacture—have been installed; of this large clock in the tower forms a part. All ornamental iron work, plastering, marble work, heating, ventilating, plumbing, electric work, etc., have all been carried out by Toronto firms. Wherever possible, and there are but few exceptions, all materials and labor employed in the construction of the building are of Canadian or British origin and Canadian timber has been used for all woodwork where this being one of the requirements of the C.P.R. in connection with all their work under construction.

WOMEN'S INSTITUTE

The Alford and Park Road Women's Institute held a very successful meeting on June 28, at the home of Mrs. Warren Turnbull, with about fifty ladies in attendance. The meeting was opened by singing and reciting the motto in unison. The roll was called and answered by favorite quotations, followed by a beautiful violin solo by Mrs. Simpson. Business matters were then discussed. Duet by Lena Kenney and Gracie Turnbull entitled "Knitting." Mrs. Gillen gave a report of the Box Social in aid of Red Cross. Solo by Mrs. Herb Clark. Miss Guest, the Government Delegate gave a most interesting address on "Things and their forces; man and their ways," which was much appreciated by all. Violin solo, Mrs. Simpson. It was decided to visit Cainsville Institute on July 4th, at Mrs. Russell Fonger's home. The next meeting will be held at

Mrs. S. Marshall's

The meeting was closed by singing the old and new National Anthems.
TO BE MANAGER NEW G.T.P. HOTEL AT EDMONTON
Montreal, July 1.—Mr. J. V. Henderson, of the Windsor Hotel, Montreal, has been appointed resident manager of the Macdonald Hotel, Edmonton. The Macdonald is the latest addition to the chain of Grand Trunk hotels. Opened last summer, it occupies a magnificent site in the centre of the city of Edmonton, and overlooks the North Saskatchewan River. Mr. Henderson has been connected with the management of large Canadian hotel organizations for the past twelve years, and is well known throughout Western Canada, coming East to join the staff of the Windsor Hotel in Montreal last year. The only munitions factory in Roumania was reported destroyed. Premier Asquith denied that any amnesty had been promised to Irish rebels.

Simcoe, July 1.—Lt. Dr. A. C. Burt, cabled from England that he had been ordered to Egypt, and he is doubtless now en route.
Archie Turner, messenger boy for E. H. Jackson, was knocked off his wheel and the latter was smashed by an automobile driven by Lloyd Hutchinson and owned by Mr. Sluifer. The accident took place on the new roadway on Colborne street between the feed barns. There were but two cars, one going each way, and Turner on the wheel, and he refused to observe the conventionalities of passing as laid down by statute.

Not Yet a Policeman
Sid Smith was about to be sworn in as a member of the police force when it was ascertained that he is an American citizen. His Worship had advice from his Honor Judge Boles, the town solicitor being temporarily out of town, to the effect that while county constables must be naturalized citizens, it might not be strictly necessary in case of a town constable, but Chief Constable got into the statute and preferred naturalization. Smith says he wants to go south if there is to be trouble with Mexico and the matter stands. Soldier Gets Soldier's Place

COUNCIL**

A special meeting of the council was held in the Town Hall at 1.30 p.m. Reeve Rose and Councillors Barton and Walker were present. Several communications were read and filed. A communication from the Ancaster Township Council regarding care of the road on Town Line at the request of the Reeve was laid over till the regular meeting on August 7, at Middleport.
The Council took recess for a short time to again inspect the bridge at the mouth of Fairchild's Creek. When the Council resumed business it was decided to authorize R. Dougherty to furnish 8 posts, also several stringers and repair the bridge, making it suitable for ordinary traffic. The Howell bridge is expected to be refloated this week.
The following accounts were ordered paid, namely Stratford Corrugated Pipe Co. two culverts \$23.30, Sarnia Bridge Co. freight charges, 68c., Middleport Improvement society per Mr. Hager, Treasurer \$190; I. Inksater's Paris Rink Wins Consolation; Harris Finals To-day

Seventh Annual Brant County Bowling Tournament, Favored by Beautiful Weather, a Splendid Success—Two Pastime Rinks Play Harris Finals To-day.

Favored by ideal weather, though rather warm, the seventh annual Brant County Bowling Tournament got off to a splendid start on Saturday and if the weather permits, all the contests will be concluded to-day.

The Harris Trophy will be played for this afternoon, by two Pastime rinks, skipped by Dr. Wiley, and Bert Inglis, all the other rinks having fallen by the wayside. This final contest is scheduled for 4 o'clock at the Brantford Club.

There are seven or eight rinks still in the running in the Telephone City Trophy, and play for this prize will continue this afternoon and evening.

The consolation was fought to a finish Saturday night on the Brantford Club green between A. F. Wicks of the Dufferins and R. J. Inksater's rink of Paris, the latter winning out by four shots.

There were 34 rinks entered, 8 from Heathers, 8 from the Dufferins, 7 from the Pastimes, 3 from the Brantford Club, 4 from Paris, and one each from Mt. Pleasant, St. George, Echo Place and Sydenham. The day was one of much enjoyment, made more so by the announcement to each of the greens by telephone, from the Courier, of British successes in the drive against the Germans.

KAWARTHA LAKES.

The north of Lindsay and Peterborough, comprises some of the most attractive summer resorts in Canada. The Indians call the territory "Bright Waters and Happy Lands."

The air is pure and invigorating and there is magnificent sailing, canoeing and fishing, and excellent tourist accommodation. In common with the Highlands of Ontario, Kawarttha Lakes are reached by the Grand Trunk system.

For particulars and illustrated descriptive matter write to T. J. Nelson, C. P. A., Brantford, or C. E. Horning, D.P.A., Union Station, Toronto, Ont.

BRANTFORD BEAT TORONTO BANTAMS

Local Cricketers Scored Holiday Victory by 3 Runs and 3 Wickets

The cricket match on the O. I. B. grounds on Saturday last between Brantford C. C. and Toronto Bantams was played in ideal weather, and resulted in a win for the Brantford Club by 3 wickets and 3 runs. Special mention should be made of Paris, of Toronto, who made some splendid hits and was a valuable player to the visiting team, especially in the first innings. Also of G. Elliott of Brantford, who batted well in the second.

LEAFS AND HUSTLERS

DIVIDE DOUBLE BILL

At Toronto on the Island on Saturday before big crowds in the morning and afternoon Toronto and Rochester split even on the holiday bill, the former taking the first game 4 to 2, while the Leafs annexed the afternoon affair with a 3 to 2 victory. The Hustlers won the game in the first innings on three bases on balls from McFigue and two infield hits.

The second game was a scrappy contest and was only won in the ninth inning by the Leafs, who were engaged in a sterling pitching battle, both allowing only six hits.

At Baltimore—The Orioles crept up a little closer on the league leaders on Saturday when they took a doubleheader from Richmond, while the Clams were losing twice to Newark. The scores were 4 to 3 and 5 to 0, the initial contest going ten innings. Both Morrisette and Tippie hurled superbly for the locals, while Crane, Kopf and Russell fielded sensationally. In the second game Twombly made two home runs over the left field fence.

At Newark—Newark climbed back into the first division by defeating Providence twice, Saturday afternoon, 5 to 4, and 5 to 2. Both games were marked by hard batting. Newark was out-hit in the second, but both Enright and Smallwood kept the Providence blows well scattered.

At Montreal—Dominion Day proved to be a festive holiday for Pat Donovan's Bisons. The champions of the International League celebrated the occasion by fattening their percentage with two decisions over Dan Howley's Royals.

COLLECTION OF PAPER.

As a result of the collection of paper made during the past few days under the supervision of the Women's Patriotic League, two carloads of old paper were shipped to Toronto. The whole of the city has now been practically covered, and if any districts have been missed, they will be visited at the next collection which will take place in about a month's time. A meeting of the W. P. L. was held this afternoon in order to discuss the subject.
