KENTVILLE

The Hants Journal says — The fishing boats did well on Monday. Butt's boat gathered in some salmon and over 700 gaspereaux.

Take your pictures, and send the film to MARGESON'S, you can have it developed and printed in TWENTY-FOUR HOURS.

Mr. Percy Dakin, son of Mrs. Fraser W. Dakin, Windsor, has enlisted in the United States and is at present taking a course at Harvard. From there he goes to Plattsburg. Mr. Dakin was an illustrator on the Boston Post.

TO INSURE GOOD PICTURES this summer get your films from MARGESON'S, they can fit any camera made.

The case of the King vs. Fielding for assault on David Aalders of Canaan was heard before Stipendiary Oakes on Tuesday last and the case was sent up to the Supreme Court for trial.

Get that good picture you took yourself, enlarged free. See Margeson's Ad on page four.

Isaac Chipman and son of Chipman Corner have purchased a fine shorthorn bull from Mr. William Sharp, Windsor.

If you cannot get to town, write Margeson's, they pay postage on all camera supplies as well as drugs.

Application forms for farm laborers can be obtained from Mr. R. O. Harris, Upper Canard. 10-a

BROOKLYN CORNER

Miss Beatrice Porter is spending a few days at the home of her parents, Mr. and Mrs. Eldred Porter.

Measles have been very prevalent in this community. Mrs. G. L. Irvin is quite ill with the disease also Gerald Little son of Mr. and Mrs. A. P. Skinner.

A. A. Bligh of Brooklyn Nurseries made a flying business trip to Newport recently conferring with his local agent there.

As there is a growing scarcity of help more farm machinery than ever is being purchased. Four of the east Brooklyn farmers have bought an I.H.C. Seed Drill which is giving excellent satisfaction.

Arbor Day was observed in our school Miss Harvey and the pupils cleared up the yard, made flower beds putting in a variety of seeds, setting out pansies, etc. which adds much to the appearance of the grounds.

Miss Mary Dow accompanied by Miss Downie of the Kentville teaching staff, spent the week-end with Miss Dow's sister, Mrs. J. N. Chute.

Mrs. Wm. Brown, Greenwich, visited her sister, Mrs. G. L. Irvin last week. Karl B. Robinson has purchased a McKay six automobile.

Dr. Campbell, Dentist, will be at his office Canning on Friday and Saturday, June 1st and 2nd instead of the regular date, May 25th and 26th. 1a-o

Anyone wanting a good mountain farm of 170 acres with buildings. Apply to J. E. Ferguson, Long Beach Road, North Mountain or S. S. Strong, Kentville. a 21 x

2 YEARS AGO LUSITANIA WAS SUNK

This month is the second anniversary of a terrible event which stirred the whole world. It was the destruction by German submarines of the great R.M.S. Lusitania, one of the most graceful and best appointed steamships that ever sailed the ocean.

The gallant vessel had almost completed her voyage to England, and all on board were congratulating themselves on a pleasant trip, when suddenly the ship was waylaid off the south coast of Ireland by Hun Submarines, who torpedoed her without warning and scuttled off leaving the great ship to her doom.

Out of 1,902 passengers and crew only 772 were saved. Little wonder that a thrill of horror swept over the civilized world. Little wonder that the mighty U. S. nation who had hitherto regarded the great war as merely a European affair were awakened to the fact that it was one in which the rights of humanity were at stake.

Two years more of continued atrocities on the sea and on land has turned nearly the whole world against a nation, once thought highly civilized but now considered no better in civilization and acts of humanity than barbarians. In this war apart from the Armenian atrocities, "the unspeakable Turk" has earned more respect than the German "Hun."

U. S. AND CANADA TO CO-OPERATE.

FARGO, N. D., May 22—The first definite steps looking to a class co-operation of the United States and Canada in preparedness measures to insure the success of the war are expected to be taken here tomorrow, when representative farmers from both sides of the border will meet for a general conference. Crop marketing problems, the regulations of prices, and the prohibition of speculation in food products during the period of the war are among the matters scheduled to receive attention.

LETTERS FROM FRANCE

Canadian Corps, Y. M. C. A. France, March 3rd, 1917.

To Miss Ina Balsor, Canada Creek.

Dear Friend—You will be interested to know that C. R. Balsor attended the special evangelistic services conducted by the Rev. W. A. Cameron of Toronto under auspices of Y. M. C. A. and manifested his desire to be a loyal follower of the Lord Jesus Christ and to be more closely identified with the work of the Christian Church. At his own request I have great pleasure in forwarding this information to you. Permit me to express the hope that strength will be given him to live out in his life the resolution he has made and the further hope that he may return again in safety to you. Yours in Christian Service.

G. R. VERGE, Capt. Y. M. C. A.

Red Cross Society, London.
May 4th.

Mr. Guy Balsor,

Dear Sir—I beg to inform you that Private C. R. Balsor, 18th Battalion, who is now at the War Hospital, Huddersfield has been recently seen there by our Red Cross matron. He had been wounded by shrapnel in the head and right eye and our representative tells us he has had an operation to remove several small pieces of shrapnel and I am glad to be able to inform you that she says he feels much better now. She will visit him frequently and write to you from time to time. We shall send him every little comfort he may wish which are not provided by the hospital. With best wishes for his speedy recovery.

CONSTANCE SCOTT.

H. G. HARRIS, THE ADVERTISER, Editor and Publisher.

In the Court of Probate

PROVINCE OF NOVA SCOTIA, COUNTY OF LUNenburg, SS.

In the Estate of James W. Grant, deceased.

TO BE SOLD at Public Auction on Wednesday, the 30th day of May, A. D., 1917, at the hour of twelve o'clock noon at the County Court House, at Pictou, in the County of Pictou, pursuant to a licence to sell real property granted by the Court of Probate for said County of Lunenburg to the undersigned administrator on the 30th day of March, A. D., 1917, all the undivided one-half interest of the said James W. Grant, deceased, of, in and to the following lands and premises, namely: those certain lots, pieces or parcels of land situate, lying and being on the eastern side of Abercrombie Road in the town of New Glasgow in the County of Pictou and Province of Nova Scotia and bounded and described as follows:—

First:—All that certain lot, piece or parcel of land beginning where the southern boundary of Victoria Avenue intersects with the western boundary of Hollis Street as plotted on said plan; thence southerly along the western boundary of Hollis Street three hundred (300) feet, more or less, or until it comes to the northern boundary of the lands formerly owned by J. W. Fraser; thence westerly along the northern boundary line of the said lands of the said J. W. Fraser six hundred (600) feet, more or less, or until it comes to the western boundary of the town of New Glasgow as plotted on said plan; thence northerly along the western boundary of said Queen Street three hundred (300) feet more or less or until it comes to the southern boundary of Victoria Avenue; thence easterly along the southern boundary of Victoria Avenue six hundred (600) feet or to the place of beginning, containing 180,000 square feet more or less.

Second:—All that certain lot, piece or parcel of land beginning where the southern boundary of Dunbar Avenue intersects with the western boundary of Hollis Street; thence southerly along the western boundary of Hollis Street two hundred (200) feet more or less or to the northern boundary of Victoria Avenue; thence westerly along the northern boundary of Victoria Avenue five hundred and forty (540) feet or to the eastern boundary of Queen Street; thence northerly along the eastern boundary of Queen Street one hundred (100) feet thence easterly parallel to the northern boundary of Victoria Avenue two hundred and forty (240) feet more or less or to the western boundary of Hollis Street one hundred (100) feet or to the southern boundary of Dunbar Avenue; thence easterly along the southern boundary of Dunbar Avenue three hundred (300) feet more or less to the place of beginning. Containing eighty four thousand (84,000) square feet more or less. This description includes or is intended to include those lots numbered 66, 67, 69, 71, 73, 75, 77, 79, 81, 82, 84, 86, 88, 100 laid out on the said plan.

Third:—All that certain lot, piece or parcel of land beginning at a point on the eastern boundary of Hollis Street one hundred and eighty (180) feet, distant southerly from the southern boundary of Cameron Avenue; thence easterly along the eastern boundary of Hollis Street three hundred (300) feet thence easterly parallel to the southern boundary of Cameron Avenue one hundred (100) feet; thence northerly parallel to the eastern boundary of Hollis Street three hundred (300) feet; thence westerly one hundred (100) feet to the place of beginning containing thirty thousand (30,000) square feet, more or less. This description includes or is intended to include those lots numbered 125, 127, 129, 131, 133 on the said plan.

Fourth:—All that certain lot, piece or parcel of land beginning on the northern boundary of Dunbar Avenue at a point one hundred and twenty (120) feet distant easterly from the eastern boundary of Queen Street; thence easterly along the northern boundary of Dunbar Avenue two hundred and forty (240) feet; thence northerly parallel to the western boundary of Hollis Street one hundred (100) feet; thence westerly parallel to the northern boundary of Dunbar Avenue two hundred (200) feet; thence southerly parallel to the eastern boundary of Queen Street one hundred (100) feet to the place of beginning. Containing twenty four thousand (24,000) square feet more or less. This description includes or is intended to include those lots numbered 87, 89, 91, 93 on said plan.

Fifth:—All that certain lot, piece or parcel of land beginning where the western boundary of Queen Street intersects with the northern boundary of Dunbar Avenue; thence westerly along the northern boundary of Dunbar Avenue five hundred and forty (540) feet; thence northerly parallel to the western boundary of Queen Street fifty (50) feet thence easterly parallel with the northern boundary of Dunbar Avenue eighty four (84) feet or to the eastern boundary of Abercrombie Road; thence northerly along the eastern boundary of Abercrombie Road one hundred and fifty two (152) feet more or less or to the southern boundary of Cameron Avenue; thence easterly along the southern boundary of Cameron Avenue one hundred and eighty eight (188) feet or to the western boundary of lot No. 6 on said plan; thence southerly at right angles to the southern boundary of Cameron Avenue one hundred (100) feet thence westerly parallel with the northern boundary of Dunbar Avenue three hundred (300) feet or to the western boundary of lot No. 16 on said plan; thence northerly parallel to the western boundary of Queen Street one hundred (100) feet or to the southern boundary of Cameron Avenue; thence easterly one hundred and twenty (120) feet or to the western boundary of Queen Street; thence southerly along the western boundary of Queen Street two hundred (200) feet to the place of beginning. The above description includes those lots numbered 177, 178, 4, 16, 18, 19, 21, 23, 25, 27, 29, 31, 33, 35, 37 on said plan.

Sixth:—All that certain lot, piece or parcel of land beginning at a point on the northern boundary of Cameron Avenue where a projection of the western boundary of Queen Street would intersect said northern boundary; thence easterly along the northern boundary of Cameron Avenue five hundred and forty (540) feet; thence northerly along the western boundary of lot No. 17 on said plan one hundred (100) feet or to the southern boundary of lands now or formerly owned by McKenzie five hundred and forty (540) feet or to the eastern boundary of lot No. 17 on said plan; thence southerly one hundred (100) feet to the place of beginning containing fifty four thousand (54,000) square feet, more or less. Being lots numbered 63, 101, 103, 105, 107, 109, 111, 113, 115 on said plan.

Seventh:—Also all that other lot, piece or parcel of land beginning where the eastern boundary of lot No. 117 as plotted on said plan now or formerly owned by John Kennedy intersects with the northern boundary of Cameron Avenue one hundred and eighty (180) feet; thence northerly along the western boundary of lot No. 117 as plotted on said plan one hundred (100) feet or to the southern boundary of lands now or formerly owned by McKenzie one hundred and eighty (180) feet or to the eastern boundary of said lot No. 117; thence southerly along the eastern boundary of said lot No. 117 to the place of beginning, containing eighteen thousand (18,000) square feet more or less, being lots numbered 166, 167 and 168 as plotted on said plan.

Eighth:—Also all that certain tract of land marked Letter "A" on the plan annexed to the grant recorded in Book Letter "D" folio 1 dated 31st May, A. D., 1813, situate, lying and being in Kings County in the town of the township of Horton and beginning at the southwest corner of said township from thence to run north thirty degrees west along said rear line two hundred and twenty four chains, thence south sixty degrees west two hundred and twenty four chains, thence south thirty degrees east two hundred and twenty four chains, thence north sixty degrees east two hundred and twenty four chains until it meets the place of beginning, containing in the rear five thousand acres, being the lands conveyed to S. Percy Benjamin by The S. P. Benjamin Company, Limited, by deed bearing date the first day of August, A. D., 1914, and recorded at the Registry of Deeds for said County of Kings in Book 104, page 571 and being a portion of lands conveyed to the said S. P. Benjamin Company, Limited, by Stephen P. Benjamin and Emma C. Benjamin, his wife by deed bearing date the sixth day of February A. D., 1903, and recorded at the Registry of Deeds aforesaid in Book 76, pages 476 to 480 and being the lands described as conveyed to the said Stephen P. Benjamin by deed bearing date the fifth day of November, A. D. 1889, recorded in Book 76, page 483 of the Registry of Deeds aforesaid and being the lands conveyed to the said James V. Grant and one to Harry D. Reid by the said S. Percy Benjamin and wife by deed dated the seventh day of October, A. D., 1912, and recorded in the Registry of Deeds aforesaid Book 107, at page 44.

Ninth:—Also all those certain lots of land and premises, leases, leasehold interests and agreements, rights, easements, privileges and other properties and premises situate in the Counties of Kings, Hants and Lunenburg in the Province of Nova Scotia, as described in the said James W. Grant and Harry D. Reid by the said S. Percy Benjamin, Limited, by deed bearing date the seventh day of August, A. D., 1914, and recorded in the Registry of Deeds for the County of Kings in Book No. 113 at page 471, in the Registry of Deeds for the County of Hants in Book No. 118 at page 267 and in the Registry of Deeds for the County of Lunenburg in Book 1, page 69, together with the houses, buildings, easements, hereditaments and appurtenances to the said lands and premises belonging or appertaining. A full and complete description and other particulars of the said lands and premises can be obtained on application to McInnes, Melish, Fulton & Lenny, of Halifax, Nova Scotia, attorneys for the undersigned administrator of the estate of the said James W. Grant, or from I. V. Jenkinson of New Glasgow, aforesaid, Barrister-at-Law.

Terms: Ten per cent deposit at the time of sale, remainder on tender of deed.

Dated the 7th day of April, 1917.

CHRISTINA E. GRANT, of New Glasgow, N.S., administratrix of the estate of James W. Grant, deceased.

Tuesday afternoon the home of Mrs. B. F. Trask was the scene of a very pretty event, the occasion being a little farewell in honor of Mrs. D. H. Simpson. The parlors were prettily decorated with tulips and ferns, which were greatly admired by the friends present. A dainty five o'clock tea was served in Mrs. Trask's inimitable style, after which Miss Eudora Hilton paid a high tribute of appreciation and thanks to Mrs. Simpson in behalf of her many friends for her valuable services so willingly rendered in various ways in the church work during the past winter, not forgetting the splendid work she has done with the C. E. Society. Mrs. Simpson responded in a most fitting manner. She has been spending the winter with Mr. and Mrs. Trask and has made many friends, who wish her every prosperity. She left yesterday morning for Calgary, Alberta, to spend the summer with her daughter, Miss Marion Simpson.—Yarmouth Exchange.

PERFECT HEALTH DUE TO THE BLOOD No Girl or Woman Need be Constantly Ailing and Unhappy

Nature intended every girl and every woman to be happy, attractive, active and healthy. Yet too many of them find their lives saddened by suffering—nearly always because their blood is to blame. All those unhappy girls and women with colorless cheeks, dull skins and sunken, listless eyes, are in this condition because they have not enough blood; red blood in their veins to keep them well and in the charm of health. They suffer from depressing weariness and periodical headaches. Dark lines form under their eyes, their heart palpitates violently after the slightest exertion, and they are often attacked with fainting spells. These are only a few of the miseries of bloodlessness. Nothing can secure girls and women from the inevitable decline that follows anaemia except a generous supply of new, rich, red blood and nothing has ever proved so successful in creating red, good blood as Dr. Williams' Pink Pills for Pale People. Thousands and thousands of girls and women owe their good health and charming complexion to the use of this medicine. Here is one example of its power to cure. Miss Dorina Bastien, St. Jerome, Que., says: "For over a year my health was gradually failing, my blood had seemed almost to have turned to water, my cheeks were pale, my lips bloodless, and the slightest exertion left me breathless. I suffered frequently from severe headaches, my appetite failed, and my friends feared I was going into consumption. I had been doctoring but did not derive any benefit, and finally I had to give up my work and return home. It was at this stage that a friend brought me a box of Dr. Williams' Pink Pills and urged me to try them. By the time the box was used I thought they were helping me, and decided to continue using the pills. I took a half dozen boxes more, when my strength had completely returned, my appetite was restored, my color returned, headaches had disappeared and I was feeling better than I had been for years. I would urge every weak and ailing girl to give Dr. Williams' Pink Pills a fair trial."

These pills are sold by all medicine dealers or may be had by mail at 50 cents a box or six boxes for \$2.00 from The Dr. Williams' Medicine Co., Brockville, Ont.

A WARTIME SESSION

A young British naval officer, attached to the French and English commission, which lately met in Washington, D. C., attended a dinner, given in their honor, after which dancing was proposed, which he declined to join. When questioned as to his reason for doing so, he replied, "On account of the war." Are they dancing and making merry in England, think you. And how about France, Serbia, Russia and the others? Not to mention Germany and Austria. Is there much of that kind of thing going on in any of those countries do you suppose, or is it only in this country that people are celebrating and amusing themselves, while all the others are suffering from lack of food and are spending their time in sadness, doing all the good and helpful work that can and very hard work at that. May our eyes be opened that we may see.

THE CAMERONIA TORPEDOED AND SUNK

LONDON, May 17.—(Delayed)—The British Admiralty issues the following statement for newspapers of Saturday: "The British transport Cameronia, with troops, was torpedoed by an enemy submarine in the Eastern Mediterranean on April 15. One hundred and forty men are missing and are presumed to have been drowned." The British steamer Cameronia, of 10,963 gross tons, was one of the largest ships belonging to the Anchor Line, of Glasgow. She 515 feet long, 62 feet in beam and 33.7 in depth.

INCREASED PRODUCTION

The ready response given by farmers and town and city planters throughout the Dominion for the purpose of helping to win the war, has been the subject of much praise at the hands of the Committees in charge of this noble work, but it seems that few yet fully realize the gravity of the present food crisis. With flour selling as high as \$17.00 and potatoes at \$6.00 per barrel, and still soaring, one wonders what the food situation will be before the new crop is marketed.

The crop outlook, so far as can be ascertained at the present moment, has not been so poor in the past 35 or 40 years. The prospects in the United States are causing grave concern to the authorities, and a note of warning has been sounded to produce more and more, and more! The alarm is not confined to the United States and Canada. The allied nations all encourage increased production.

Professor Cumming has expressed the opinion that the farmers of this Province are in full sympathy with the movement for increased production and evidences of this is not lacking in the Annapolis Valley, where the soil is so particularly adapted to mixed farming. But more can and should be done.

The writer regrets to learn that some farmers fear a glut in the market if production should reach the proportions aimed at by the National Service Board. Bonar Law has recently given a decided answer that should satisfy the pessimist in this respect, when he said that at the present time, it was more important to produce food than to fight. Without food the men at the front can do very little.

If there should be an over production in Nova Scotia, there is a market in New England States within 24 hours from the heart of the Annapolis Valley, capable of taking all the surplus products of our farms and much more this year. Among the crops that can be raised very profitably for the New England markets, are turnips, carrots, beets, potatoes, etc. The Province of Ontario grows 30 millions bushels of turnips. Nova Scotia should raise as many.

Too much encouragement cannot be given to the necessity of growing vegetables. Every pound of fertilizer and every grain of seed available should be utilized during the ensuing seeding season. Wheat can be grown in the Valley and the rolling mills at Berwick and Meteghan can turn it into flour, thus keeping these local industries busy and performing the work for which they were established in this territory.

PRESENTATION TO PROF. MCKIE AND MISS HARRIS

A committee of the University Faculty waited on Professor McKie of the Science Faculty and Miss Harris of the Ladies College Faculty last night and presented with a purse of \$25 dollars. Professor McKie and Miss Harris are to be married on Monday at the bride's home in Pictou, from whence they will go to Ottawa where Professor McKie is to represent Mount Allison at the Conference of Canadian Universities to be held in that city on the 23rd inst. The best wishes of their many friends in the college and the town will go with them on their journey.—Sackville Tribune.

YOUNG WOMEN MAY AVOID PAIN

Need Only Trust to Lydia E. Pinkham's Vegetable Compound, says Mrs. Kurtzweg.

Buffalo, N. Y.—"My daughter, whose picture is herewith, was much troubled with pains in her back and sides every month and they would sometimes be so bad that it would seem like acute inflammation of some organ. She read your advertisement in the newspapers and tried Lydia E. Pinkham's Vegetable Compound, and it will be held in strictest confidence."

She praiseth it highly as she has been relieved of all these pains by its use. All mothers should know of this remedy, and all young girls who suffer should try it.—Mrs. MATILDA KURTZWEG, 529 High St., Buffalo, N. Y.

Young women who are troubled with painful or irregular periods, backache, headache, dragging-down sensations, fainting spells or indigestion, should take Lydia E. Pinkham's Vegetable Compound. Thousands have been restored to health by this root and herb remedy.

If you know of any young woman who is sick and needs helpful advice, ask her to write to the Lydia E. Pinkham Medicine Co., Lynn, Mass. Only women will receive her letters, and it will be held in strictest confidence.

BRITISH HOLD HINDENBURG LINE.

LONDON, May 21.—The British troops are now holding the entire Hindenburg line from the east of Bullecourt to Arras, with the exception of trench elements on the front of about 2,000 yards west of Bullecourt, according to the official communication issued tonight. The recent gains northwest of Bullecourt have been consolidated. The statement says: "Our new positions in the Hindenburg line northwest of Bullecourt have been secured during the day with little interference from the enemy. All information received confirms the severity of the German losses in the recent fighting in this area."

"With the exception of a sector about 2,000 yards long immediately west of Bullecourt we now hold the whole of the Hindenburg line from a point one mile east of Bullecourt to Arras. The hostile artillery has again shown considerable activity on the north bank of the Scarpe."

"There was great aerial activity yesterday. A number of successful bombing raids were carried out, and our airplanes co-operated excellently with our infantry in the attacks, engaging the enemy troops in the enemy's front line trenches with machine gun fire."

"In the air fighting seven German airplanes were downed, of which one fell inside our lines. Eight others were driven down out of control. Another hostile machine was a shot down out of control by our anti-aircraft guns. Four of our airplanes are missing."

Road-Conquering Power

Power—and plenty of reserve power—is ab-
solutely necessary in the car built for Canadian ser-
vice. Not merely "claimed" horse-power—but
actual, usable road horse-power.

In the Studebaker FOUR at \$1375 the owner
is sure of full forty horse-power, and in the SIX
at \$1685 full fifty horse-power—reserve power for
all the exigencies of crowded traffic, steep hills
and rough, heavy roads.

In ratio of power to weight the Studebaker is
probably the most powerful car on the market.

Because of the perfect balance of the chassis
it is a common occurrence for owners to get from
8,000 to 10,000 miles from a single set of tires.

Come in and see the new Series 18 Studebaker
cars. Examine them carefully—ride in them—
drive them. Let us convince you that to equal
the Studebaker in power—or any other essential
of good motor car construction—you have to pay
hundreds of dollars more.

THE CORRECT WAY
TO TREAT A COLD

A cough is not a distinct disease, it is the result of
inflammation caused by a cold. Therefore, the only
way to cure a cough is to allay the inflammation
which invades the delicate bronchial tubes. All of the
narcotics in the world will not correct the conditions
which cause a cough—they simply deaden the senses
and afford temporary relief.

Penslar White Pine and Spruce Balsam with Men-
thol will promptly soothe and heal the inflamed mem-
branes and overcome the nervous irritation. Price, 25c
and 50c the bottle.

CLARK'S
KENTVILLE Tel. 51

New York Sun: Consignments of
hay received in England from neutral
countries contain small steel two pronged
forks, which are very sharp. The
cattle swallow them readily and then
develop intestinal troubles of which
they die. It is believed German agents
are systematically trying to kill British
live stock. An investigation is under
way.

The many friends throughout the
Province of Capt. Arthur S. Burns,

Brigadier-General R. G. Edwards
Leckie, C. M. G., who was seriously
wounded in France last year, ar-
rived here yesterday in charge of a
numerous party of returned soldiers
and others. After spending a few
hours with relatives here he went on
to Victoria, B. C., where he is to take
a high military command. General
Leckie is a native of Halifax, and
has many associations with this
City and Province.

The Parker's Cove Correspondent
to Digby Courier says:—Sorry to
have to chronicle the death of one
of our residents, Miss Cora Graham
who died at the home of her sister,
Mrs. Joseph Rice. That dreadful
enemy consumption claimed Cora
as one of its victims. All that
medical aid and loving hands could
do for her was done but to no avail.
She leaves to mourn, four sisters
and one brother. The sisters are
Mrs. Minnie Publicover, of Kent-
ville; Mrs. Wm. Rafuse, of Lake
Brook; Mrs. G. Durkee, of Boston,
and Mrs. Joseph Rice, of Parker's
Cove. The brother, Mr. Howard
Graham, of Lake Brook. The ser-
vice was conducted by the Rev. H.
J. Indoe (Methodist) at the house
and grave.

Captain Aubrey Purchased for
Nova Scotia

The Nova Scotia department of
agriculture have purchased Cap-
tain Aubrey, 48050, record, 207 3/4,
the leading speed siring son of
Peter the Great, the leading har-
ness sire of the world. Captain
Aubrey was brought to the Mari-
time Provinces by Hon John Rich-
ards, P. E. I., since which time
his progeny have become quite fa-
mous on the American race tracks,
since the death of Mr. Richards, a
number of horsemen in the United
States and Canada have been en-
deavoring to secure him. Prof.
M. Cumming, secretary for Agri-
culture, was anxious that Nova
Scotia should have this sire, and
thru his efforts he has been pur-
chased by the local Government.
Captain Aubrey, besides being a
successful sire, is also a race horse,
his record of 3.07 3/4, having been
obtained in a race. His sire is the
emperor of trotting stallions, Peter
the Great, 2.07 1/4, sire of the trot-
ters, Peter Volo, 2.02, at 4 years;
Mabel Trask, 2.03 1/4; Margaret
Drulen, 2.03 1/4; Volga, 2.04 1/2, at
three years; Grace, 1.04 3/4; Peter
Scott, 2.05; and many others. His
dam, The May Fern, 2.11 1/2, was a
great trotting and a show mare. It
is also the dam of Lords Revel-
stoke, 3.2 1/2, a crack colt trot-
ter; Fern Go, 2.13 1/4, a constant
winner in 1916, and grand dam of
Straight Sail, 2.08 1/4, at three years.

Shortage of Swede Turnip Seed

Swede turnip growers are urged
this spring to endeavor to secure
and transplant a few sound roots to
produce seed for themselves and
their neighbours. Owing to the
abnormal conditions now prevailing
there will likely be very little swede
turnip growers make provision for
their own supplies by growing the
seed themselves. Canadian sup-
plies of swede and most other field
root and garden seeds formerly came
from Europe but this source is now
practically cut off. The prospects for
home grown seed have been re-
duced by the present price of swede
turnips for food purposes, as it
would now take nearly two hundred
dollars worth of full grown swede
turnips to transplant an acre for
seed purposes. This factor has had
the unfortunate effect of reducing
the area in the eastern provinces
that would otherwise have been
planted for the production of swede
seeds.

Seed Branch, Ottawa.

Canadians are Shelling Lens

Canadian Headquarters in France,
May 21, via London.—(By Stewart
Lyon, special correspondent of the
Canadian Press)—During the past
two days there have been no infantry
actions on the Canadian front ex-
cept trifling affairs between patrols.
The enemy's artillery has been
more active again. His observation
balloons, well back from the front
are having a hard time of it and the
British aviators often destroy them.
Another means of putting them out
business has been tried with success.
A long range gun was trained on a
balloon yesterday and its observers
were forced to descend hastily in
parachutes.

Huns Expected Attack

A large fire was seen in Lens early
this morning. Our guns were shell-
ing the enemy's positions throughout
yesterday and during the night, but
the origin of the fire is, of course, not
known. Its outbreak was followed
by a pyrotechnic display of rockets
from various parts of the German
front in the vicinity of Lens. The
rockets lit up the sky, and in a very
few minutes the enemy guns put up
a barrage along sectors on our front.
An attack was apparently expected.
The British guns to the north of us
joined in the reply to the bombard-
ment, which continued for some time
and sounded like that preceding an
important battle. It died down in
the vicinity of Lens, but continues
to the north.

People at home will learn with
pleasure that the daily average of
casualties in the Canadian corps has
been much lower recently than at
any time since the battle of Vimy
Ridge.

While holding the line the men are
having a quiet time, at least by
comparison with their great exertions
immediately before and after the
attack on the ridge. Meanwhile
our artillery steadily works away at
the task of destroying enemy gun
positions and defensive lines.

CANADA'S FINANCES

We all realize that Canada is making
great sacrifices and is taking on a huge
financial burden during this war. But
this is being done cheerfully. It is ev-
erywhere recognized that no sacrifice can
be too great nor any burden too heavy
in a cause that involves our nation's
life, and the freedom of the world from
military despotism.

The Finance Minister points out that
the war has already increased our pub-
lic debt to 900 million dollars; and he
estimates that it will be 1,200 millions
at the end of the current fiscal year.

It is gratifying to know that every
dollar of the debt has been approved
by unanimous vote of the representa-
tives in parliament of both political
parties. The amount looms large, but Can-
ada is a great country endowed with
magnificent resources and recuperative
powers; and when the war is ended we
will quickly remove the burden of debt.

For the government, however, Sir
paid sixty millions of our war expendi-
ture out of revenue. Mr. McLean
thought we should have done better, and
he demands more taxation and less bor-
rowing. But he did not follow up with
any practical suggestion that could be
made effective.

Fore the government, however, Sir
Thomas White announced that the busi-
ness profits war tax will be increased.
For the year, 1915, that tax has given
the government \$12,500,000. All of the
returns are not yet in. The total will
probably be \$15,000,000. For the year
1916 the government estimate to receive
\$20,000,000. And now the government
have decided to increase the tax in ad-
dition to levy already authorized by
the law of 1916 they will take one-half
of all profits in excess of fifteen and up
to twenty per cent, and three-fourths of
all profits in excess of twenty per cent.

The British Government are just now
making its maximum tax on excess pro-
fits eighty per cent. Ours in Canada will
be seventy-five per cent.

The Finance Minister's statement
shows that last year we had a record
breaking revenue. The total was \$232,
000,000. Out of this we defrayed for or-
dinary expenditures \$145,000,000; for
capital and subsidy payments \$27,000,
000; and we had \$60,000,000 to help pay
our war liabilities.

In this expenditure which I describe
as ordinary, there is included \$25,000,
000 paid for increased interest and pen-
sion charges due entirely to the war.

The government is exercising proper
economy in regard to controllable ex-
penditure, ordinary and capital. The
charges for pensions and interest on
war debt will of course increase. This
fiscal year, 1917-18, the estimates of cost
to us in this regard is \$66,095,000. Com-
paring ordinary expenditure of the year
1916-17 with ordinary expenditure for
1917-18 the government estimate to
making a saving of twenty-five millions;
and in regard to capital expenditure
they estimate a saving of sixteen mil-
lions. The government do not intend to
neglect local public works that are es-
sential in the country's development, but
in the meantime there is determination
to postpone expenditures that are not
immediately necessary until the burden
of the war is less compelling.

Our trade, Sir Thomas White shows,
has gone up by great leaps. Last fiscal
year it totalled the magnificent sum of
two billions forty-three million dol-
lars. In 1916 it was one billion three
hundred millions. In 1915 it was only
950 millions. And we have now turned
the balance of trade in our favor. Five
years ago the balance was against us
to the extent of \$309,000,000. In the
year ending December 31st, 1916, we
had a balance in our favor of \$325,000,
000

These facts shows that Canada has
made marvellous strides forward in fi-
nance and trade. The government are
surely to be congratulated on being able
to present such a statement of splendid
achievements.

GERMANY'S LOST COLONIES

Boston Transcript—Germany is still
talking about her colonies, which re-
minds us of John Sharp Williams' story
of the old lady of the Confederacy who
started in 1861 with a pair of silk stock-
ings and darned them so persistently
with yarn that by 1865 they were cot-
ton. But such was a force of habit that
she continued to refer to them as her
silk stockings.

The Bay of Fundy and Minas Basin
S.S. Co. have sold the S.S. Brunswick to
Mr. James H. Bagges of Newfoundland.
Mr. Bagges with his men are stopping
at Margarettville. They intend paint-
ing the steamer before starting for her
new route.

BACKACHE GONE!

Glennia, Man.
"I think GIN PILLS are the
best things for the Kidneys.
When first I came to Canada I
suffered with dreadful Pains in
my back, that made me quite ill.
A friend gave me six of your

GinPills

FOR THE KIDNEYS
and after I had taken one dose I
felt less pain. I then got myself
a box and before half of it was
gone I had lost all the backache.
"If any one tells me what a
pain they have in their back I
say 'You should try Gin Pills.'
Mrs. J. Pickwell."

KENTVILLE, FRIDAY, MAY 25, 1917.

POTATOLESS DAYS

The scarcity of the potato and the necessity of using as many as possible for seed for a future crop has brought about the potatoless days with us. This seems strange in this country where potatoes have been fed out promiscuously to all kinds of stocks.

In the study and practice of economy the British Royal family continue to set an example to others. No need of them exercising such saving for the Royal purse can buy all the potatoes the household requires. But the King is willing to meet privation with all his subjects. While others are in need of potatoes he has adopted five potatoless days and one meatless day a week.

It is now more than two years since the King and Queen banished alcoholic drinks from the table. All members of the Royal family of the household and the Royal servants have the same rules in force. None of the Royal guests are supplied with alcohol.

War or standard bread is eaten by the King and Queen, and, to prevent waste, no toast is now placed on the royal table. A good deal of porridge is eaten and herring are included in the dishes for the royal household.

Princess Mary has taken up a plot of ground in the Windsor Castle garden, where the royal family is now living, which she is personally digging and preparing for potatoes.

DELCO-LIGHT

--- Electricity for Every Farm ---

\$390 Brings You Electric Light

A self contained, compact, efficient Electric Plant for \$390 to \$465. That can be had in the Delco-Light Plant, safe, durable, reliable. A wonderfully simple equipment, a compact sturdy gasoline engine, generator, switchboard and storage batteries. Easy to understand, easy to operate. Children are looking after Delco-Light plants today.

You can rely on Delco-Light giving you the utmost services that electricity offers—brilliant, safe, clean electric light, convenient, cheap electric power.

It provides current that will flood with light every room in your house, the barns and sheds, outdoors. No more drudgery or time wasted in cleaning, filling and lighting smoky oil lamps.

It provides power that will do mechanically all the milking, separating, churning, washing, water-pumping, feed-cutting.

Small, compact, sturdy—it starts on the pressing of a lever. Stops automatically when batteries are fully charged. Engine is air cooled—cannot freeze any here.

DOMESTIC ENGINEERING COMPANY
DAYTON, OHIO

Economical Electricity

No complicated details about the Delco-Light plant—no big upkeep costs. Lights the average home for less than five cents a day. Saves hours of time spent on chores and house work because of the better, more convenient light it gives. Allowing only 10c an hour for labor on your farm, it will save you at least \$1,27.40 each year. It earns its way by saving hours of time and labor.

The Useful Powerful Stand

A portable, efficient sturdy motor can be had with the Delco-Light. Runs from nearest light socket. Carry it anywhere—it will drive all your light machinery. Uses up very little current.

FREE-- ALL ABOUT DELCO-LIGHT

A lot of literature has been prepared about Delco-Light. Send for it. Cost you nothing and will interest you intensely. Show how far life is made easier, more attractive by Delco-Light wonders.

Provincial Electric Light and Power Equipment Company

THE EXPERIMENTAL FARMS REPORT

The first volume of the Experimental Farms Report for the year ending March 31, 1916, contains much information of value to the farmers of Canada. At such a time as this when production means so much no farmer can afford to overlook such information as this report contains when it is understood that it is available for the asking. It represents the work accomplished on the Central Farm at Ottawa and the fifteen branch farms and stations distributed over Canada. Volume I contains the report of the Director, which is a general review of the work accomplished, also the reports of the Divisions of Chemistry, Field Husbandry, and Animal Husbandry. Volume II not yet ready for distribution, will contain the report of the Divisions of Horticulture, Cereals, Botany, Bees, Forage Plants, Poultry, Tobacco, Illustration Stations, and Extension and Publicity.

An interesting statement appears in the report of the Director, which deals with the cost of growing certain crops, as follows: Mangels, \$1.55 a ton; ensilage corn, \$1.45 a ton; oats \$9.39; cents a bushel and hay \$5.00 a ton. The system of farming represented in these experiments is explained in the report. It is also shown as a result of seven years' experiments that in fertilizing the soil a distinct advantage is shown in the use of barnyard manure alone over commercial fertilizer alone. The experiments suggest the possibility of combining the two profitably when barnyard manure is scarce or high priced. Referring to new strains of grain being produced it is stated that hullless and beardless barleys are receiving close attention with the promise of some exceptional results. Earlier and more productive varieties are being sought for, while new strains of oats, peas, beans, buckwheat and flax, are being tested.

These are but examples of the character of the information contained in the 598 pages of this first volume that can be received, without cost, on application to the Publications Branch of the Department of Agriculture at Ottawa.

FARM LABOUR EXCHANGE
Province of Nova Scotia

Mr. Farmer!

Do You Require Help to Enable You to Produce Larger Crops?

We desire to assist you as far as we can. The following kinds of labor are available:

- 1—Men for whole season (supply limited.)
- 2—Men from town, formerly accustomed to farm labor, who will work for two to four weeks—a few for longer period.
- 3—Men from town accustomed to manual labor other than farming, for two or four weeks.
- 4—Selected School Boys, thirteen years old up.

At present our supply under these heads is limited, but if you will let us know **IMMEDIATELY** whether you need help in your efforts to "produce Food" by any of these classes of labor, we will get in touch with "Local Labor Bureaus," and will also advertise your needs. We may be able to assist you.

IF WE ARE TO HELP YOU, HOWEVER, We must Know Your Needs AT ONCE

Write us immediately. State the wages you can pay for these various classes of labor. Address all letters to:
Secretary of INDUSTRIES & IMMIGRATION,
P. O. Box 680, Halifax, N. S.

CLOSING AT ACADIA SEMINARY

Next week the closing exercises of Acadia Seminary will take place as follows:

Sunday—Services in Baptist Church, morning and evening.

Monday, May 28—Class day exercises of the Seminary Senior Class at 2 p. m. in College Hall, 3.30 Art Exhibition; at 8 p. m. special reunion of Seminary Alumnae Association.

Tuesday—Tennis Tournament, etc. in afternoon.

Graduating exercises at 7.30 in College Hall. Reception in Alumnae Hall at 9 p. m.

NEGRO MURDERER BURNED

MEMPHIS, Tenn., May 22—Eli Parsons, a negro, confessed murderer of Antoinette Raphael several weeks ago, was burned to death north of the scene of the crime at nine o'clock today. A mob, estimated at from 2,000 to 3,000 saw the death of the negro.

Miss Ellen Rand of Port Williams was in town on Monday and with several others from Port Williams attended the funeral of Mrs. Congdon.

Mrs. Richmond of Wolfville was in Hantsport on Friday last guest of Mrs. Albert Lawrence.

Anyone wishing plain sewing done cheaply apply to P. O. Box 65, Gaspeaux, Kings County, N. S.

EMPIRE DAY IN KENTVILLE SCHOOLS

Wednesday, Empire Day was fully observed in the Kentville Public Schools and Academy. The afternoon in particular was a memorable day for the children. Through the kindness of Lt. Col. D. M. Grant, the officers and men with the two bands of the 122nd Battalion accepted an invitation from the teachers and scholars to visit the school grounds. At 3 o'clock about 500 men marched up the hill where the children awaited them and a program of music from the brass and bugle bands and patriotic songs by the children made a most pleasing occasion. The schools had supplied a quantity of choice home made candy and every soldier was supplied with the dainties until all were satisfied and yet there was candy left over.

The Cadets also participated in the drill of the afternoon.

This is but another evidence of the good will which our citizens and school children bear to the 122nd Battalion.

MRS. A. C. MORE
Manager

Why not get a camera to keep a re-
cord of your fun this summer. MAR-
GESON has them at all prices and
styles.

Mr. James McLeod seems to be resting
some easier now and has regained con-
sciousness most of the time. There
seems fairly good chances of his re-
covery.

Miss Dorothy Lloyd returned from
Halifax a week ago where she com-
pleted her course in stenography and
typewriting. She made a wonderful re-
cord completing all in 5½ months and
was recognized as an especially apt and
studious scholar in the business course
at the Halifax School of Shorthand.

The Christian Endeavor Socials of
St. Paul's Church are becoming quite
popular affairs. On Monday last, a large
crowd gathered in the school-room to
the meeting and social. A zoological
contest proved great fun, the best
drawn animal winning a prize, Music
and readings were enjoyed. Home-made
candy and refreshments served. The
evening closed with the national anthem
and God save our splendid men.

Mr. J. W. Hatchard of Canaan is in
line this year for increased production
He will plant about double the crop of
potatoes he has been planting for sev-
eral years and will grow as much grain
and other crops as possible. Mr. Hatch-
ard says he has many acres of good
cultivable land which anyone who
can fertilize same and grow a crop for
themselves can have the use of the land
free. Others in Canaan are willing to
give land for the same purpose to any-
one who has the desire to produce a
crop and the energy to cultivate the soil.

**RETURN OF ANOTHER WOUNDED
SOLDIER**

This week a large number of wounded
Canadians arrived at Halifax and made
their way to their former homes. Among
the number was Private Edward Blan-
chard son of Mrs. J. R. Blanchard of
Upper Dyke who arrived on the morn-
ing train Wednesday and was met at the
station by his two sisters and friends.
A number of the reception committee
of the town were also present to give
him a glad welcome home. Private
Blanchard looked exceedingly well as
he left the train and seemed very happy
at being surrounded by his relatives and
friends again.

Private Blanchard enlisted at Kent-
ville and went to Sussex and trained
with the 64th. He left Canada about a
year ago, and after his experience in
the trenches was wounded by shrapnel
in the leg on Sept. 27th, 1916. He has
now in hospital since that time and
now is invalided home.

Another soldier to return on the
same boat was Private McMillan who
lives north of Waterville.

HONORED BY KINGS COLLEGE

Prof. W. T. Hallam, M.A., D.D., of
Wycliffe College, Toronto University,
was among those who received degrees
at the recent Eucenia of Kings College,
Windsor. Dr. and Mrs. Hallam are both
Honour graduates of Dalhousie Univer-
sity, and while Dr. Hallam is an Eng-
lishman, Mrs. Hallam is a Nova Scotian.
Her maiden name was Lillian Gertrude
Best and as the daughter of the late
John Burbridge Best, Esq., J. P., of
Cornwallis, has the honor of being de-
scended from two of the oldest English
families of this Province. Mr. William
Best and Mr. John Burbridge came from
England to Halifax in 1750, and there
were prominent in church and state,
as Wardens of St. Paul's Church, the
oldest church in Canada, and as mem-
bers of the first Assembly, 1768, the
first parliament in Canada.

In Cornwallis, where they lived later,
they built the first church of St. John's,
1770, and by their wise and humane
acts, established friendly relations be-
tween the Indians and the white set-
tlers, nearly all of whom were New
Englanders.

Mr. Best returned to Halifax, but
Colonel Burbridge lived in Cornwallis
for fifty years, until his death in 1812,
at the age of 96. At his death he was
the oldest militia officer, the oldest Jus-
tice of the Court of Common Pleas, and
the oldest magistrate of the Province.
Dr. and Mrs. Hallam, though living far
away are closely associated with Nova
Scotia, and more so now as connected
with Kings', the oldest college estab-
lished by Royal Charter in 1789. Mrs.
Hallam is a sister of the Hon. Clarence
Woodworth Best of S. D. and is related
to the late Hon. George Wheelock Bur-
bridge, D. C. L., Judge of the Exchequer
Court of Canada.

**MAY BE FOOD CONTROLLER
FOR CANADA**

OTTAWA, May 22—Appointment of a
food controller for Canada, urged by
the heads of the Dominion Trades and
Labor Congress, is considered certain.
The matter will come before the cabin-
et on Thursday. The Canadian control-
ler would co-operate with the official
named by the United States government
for the same purpose. All sorts of rum-
ors as to Sir Wilfrid Laurier's stand on
the conscription issue are in circulation
even talk of his resignation of the lib-
eral leadership, but it is conceded that
it is purely speculation, though it is not
expected that Sir Wilfrid will support
the Borden measure as it shapes up at
present.

**A Harley Davidson Surprise
the New "Master 17"**

For 1917 the twin cylinder Harley-Davidson models
have a NEW MOTOR. We want you to see this new motor
PERFORM.

A giant in power, this motor has the "jump," "punch,"
"getaway" and that extra burst of speed that will make it
THE TALK OF THE TRADE.

"Pep" is the one word which best describes its per-
formance.

Such SNAP has never been built into a motor before.
Slowed down on a hill it will pull, AND KEEP ON
PULLING.

We believe this motor will out-
run and outpull any other stock
motor. We make this statement
because the Harley-Davidson has
won every big race of the past
season and each one of these con-
tests taught the Harley-Davidson
engineers something new about
motor performance, and all of this
experience has been built into the
1917 twin motor.

Relaxing the Tension with a Good Gillette Shave

A day a-wing over enemy lines—scouting, observing, fighting, dodging shells and machine-gun bullets—is a nervous strain that has no precedent and probably no equal. When our airmen alight at last, after flights an eagle might envy, they certainly do enjoy the refreshing relaxation of a cool, smooth Gillette shave.

Nor is this appreciation of the Gillette Safety Razor limited to our airmen, or even to our own British armies. Every service has its own tense moments, hours or days, with its welcome intervals of relaxation when the Gillette is a friend indeed. Keen, compact, always ready for action, the Gillette Safety Razor is treasured in tens of thousands of kits on every fighting line on land and sea—and by no means least in the land of its birth, with the forces of our newest Ally.

Nor does its service end here, for "the man behind the man behind the gun", who in the factory, the office or on the land is bending every energy towards production—he too gets solid comfort and satisfaction out of the Gillette Safety Razor and its wonderful three minute shave.

Spent a five dollar bill to send a Gillette to one of your defenders—and get one for yourself to see how much he'll appreciate it!

GOLDEN WEDDING

Mr. and Mrs. Edward Howell of North Kingston celebrated their 50th anniversary on Friday, May 11th. A number of their children, grandchildren and near relatives gathered and made them a grand surprise party. Some nice presents were presented

including silver and gold. Dainty refreshments were served and a very pleasant evening was spent by all. The party broke up late leaving many good wishes to Mr. and Mrs. Howell.

WANTED the end of May a good Cook, General. Apply Mrs. Ernest Taylor, Kent Lodge, Wolfville.

A fishing party, J. F. Masters, Albert Cain and William Goudey of Boston, arrived this morning to spend a short season.—Yarmouth Exch.

CAMBRIDGE

Mr. and Mrs. Claude Almond have been visiting Miss Abbie Webster. Mrs. Almond before her marriage was Miss Bessie Robinson only daughter of Mr. and Mrs. Lorenzo Robinson of Berwick. Mr. Almond's home is in the Canadian West where they will in future reside.

Miss Leona Pincio who has been in Cambridge for the past two years expects to leave the last of this month for New York to enter the Manhattan Eye and Ear Hospital as a Probationer.

Misses Frances and Mary Patriquin of Wolfville have been visiting their grandparents Mr. and Mrs. T. T. Craig.

Mrs. C. W. F. Webster is visiting relatives in Nicholsville. She has had as guest her sister Mrs. Elmer Dunn of Nietaux West, who accompanied her to Nicholsville.

Mrs. Orpin who has spent the winter in Wolfville with her daughter, Mrs. S. P. Benjamin has returned to Cambridge for the summer months.

Miss Mary Chipman of Middleton has been the guest of Mrs. F. W. Webster for a few days.

Special services of an evangelical nature have been held in Cambridge for several evenings during the past two weeks. Quite a number have come forward in these meetings and will unite with the Church in a short time. These services were conducted by the pastor of the Church, Rev. E. G. Dakin.

Mr. J. Howe Cox has returned from his annual fishing-trip. He very generously remembered his many friends with some really delicious trout.

VALUABLE FARM FOR SALE

Farm is finely situated at Sheffield Mills with a total of about 125 acres. A fine orchard of 7 acres, 5 acres now producing an average of 400 lbs. fruit; 40 acres cultivated land, 20 acres of pasture with 2 streams, 60 acres woodland (hardwood). Farm now cuts 20 ton hay, can be increased. House, good repair, 9 rooms, two barns, hog pen and fowl house. Farm is good location and soil good clay loam. This farm must be sold at a great bargain as owner cannot work it alone, son being absent and help scarce. If wanting a money making proposition in farming don't delay as first reasonable offer will be accepted.

Apply to H. G. HARRIS, Kentville, N. S.

A fishing party, J. F. Masters, Albert Cain and William Goudey of Boston, arrived this morning to spend a short season.—Yarmouth Exch.

BEE-KEEPING

Need For Increasing Honey Production

The high price of sugar has increased the demand for honey, and if an expected shortage of sugar in the United States materializes, honey will be still more sought after. The unusually large crop of honey produced in Ontario Quebec and Manitoba in 1916 was sold at prices averaging slightly above those of the previous season, and present indications point to a very good market for the new crop. By producing as much honey as possible this year, the bee-keepers of Canada will, therefore, not only increase their returns, but will be helping the Empire. The bulk of Canadian honey is sold direct by the producer to the consumer, or store-keeper. A wider public is discovering the good value of honey and it is important for the future welfare of the bee-keeping industry that the increased demand for it should be met. These remarks refer to extracted-honey. There is no present indication of an increased demand for comb-honey.

There are many apiaries in good locations for honey production more particularly in Eastern Canada, in which the colonies, now in box hives or in seldom-opened frame hives, producing from 20 to 40 pounds in an average season, would produce 80 to 100 pounds, or more if well managed in frame hives. If time cannot be spared to give these bees the attention they need, they might be handed to a member of the family who would take an interest in them, or they might be sold to a professional bee-keeper. But, bees, well cared for, often pay as well as, or better than the regular occupation, considering the amount of time spent with them. The different operations in modern apiculture are briefly described in "Bees and how to keep them." (Experimental Farms Bulletin No. 26, Second Series), obtainable from the Publications Branch of the Department of Agriculture, Ottawa. A good way to become acquainted with the improved methods of bee-keeping is to arrange to attend one of the apiculture demonstrations that will be held early in the summer under the auspices of several of the Provincial Bee-keepers' Association. A list of Bee-keepers' associations with the addresses of the secretaries is given in the above mentioned bulletin.

The expert apiarist in a good honey producing region whose time is not fully occupied with the bees should plan to increase to the utmost the number of his bees in time for the honey flow, so as to make the most of his valuable knowledge of bee management. The early replacing of unsatisfactory queens is important. Judicious feeding during the dearth that in many places immediately precedes the honey flow will help under some conditions. Dividing strong colonies not less than seven weeks before the middle of the main honey flow will further increase the population in good time, provided a fertile queen is on hand to be given to the queenless part. These queens may be procured from breeders in the Southern States at 80 cents to \$1.00 each. This procedure, which will also check swarming, is chiefly applicable to the fireweed and goldenrod districts; as a rule the clover honey flow comes too early for it. Two and three pound packages of bees with untested fertile queens obtained from the south by express in May or early June costing about \$3.00, will usually be found a paying investment, if they arrive in good condition and can be placed on combs.

There should be a sufficient supply of supers for extracted honey, with framed and foundation, or combs on hand to take a maximum crop, and this year it is more than ever necessary to order supplies and honey containers early. Two comb-honey supers may be used as a deep super for extracted honey production. Particulars of an attractive and inexpensive paper container for honey that has been designed to meet a possible difficulty in obtaining sufficient tin pails or glass jars will be supplied on application to the Apiarist, Central Experimental Farm, Ottawa. Beewax is scarce and all discarded combs and scraps of wax should be saved to be made up into foundation. It will be wise to retain some combs of clover honey for winter stores, in case it is difficult to obtain sugar.

F. W. L. SLADEN, Apiarist, Dom. Experimental Farms, Ottawa, May 11th, 1917.

TO BUILT AT HANTSFORT

A shipbuilding company of which E. E. Armstrong, F. W. Dimock, J. L. Sexton, T. B. Atkins, T. A. Mosher and A. B. Clarke are directors propose to acquire the old Churchill shipyard at Hantsport and start building wooden ships.

THE CHIEF CHARM OF LOVELY WOMAN

Soft, Clear, Smooth Skin Comes With The Use Of "FRUIT-A-TIVES".

NORAH WATSON, 86 Drayton Ave., Toronto, Nov. 10th, 1915.

A beautiful complexion is a handsome woman's chief glory and the envy of her less fortunate rivals. Yet a soft, clear skin—glowing with health—is only the natural result of pure blood.

"I was troubled for a considerable time with a very unpleasant, disfiguring Rash, which covered my face and for which I used applications and remedies without relief. After using 'Fruit-a-tives' for one week, the rash is completely gone. I am deeply thankful for the relief and in the future, I will not be without 'Fruit-a-tives'."

NORAH WATSON.

50c. a box, 6 for \$3.50, trial size, 25c. At dealers or sent postpaid on receipt of price by Fruit-a-tives Limited, Ottawa.

AYLESFORD

Mark Caldwell has improved very much after an operation performed on his throat.

Mrs. Laura Potter and sister Mrs. Cox of Canning have been visiting here. Miss Margaret Reid returned recently from the United States and has accepted a position in the West.

All will be pleased to welcome home Mr. Fred Crichton with the hope that he is permanently cured.

Mr. Roland died here recently after an illness of several weeks.

The corner stone of the new Methodist Church will be laid on May 24th. The new church will be a most up-to-date place of worship. Messrs. J. H. Hicks was the contractor and Mr. L. R. Fairn the architect.

KINGSTON

Mrs. Wilkins has returned having spent a few days with her daughter, Mrs. Hardy Ward, Tremont.

Mrs. Carrie Ross has been visiting her relatives here and left to visit at Wolfville.

Mr. and Mrs. Lester Beals of Aylesford have been visiting Mr. and Mrs. James McGinnis.

Mr. W. C. Smith is again in Halifax at the V. G. Hospital for treatment.

Mr. H. E. Roach has come home from the United States having spent the winter months there.

Dr. Frank Woodbury and Miss Gladys Woodbury have been visiting Mrs. M. E. Parrish.

Mrs. L. S. Tufts has had as a visitor Mrs. Goucher returning from Dalhousie.

Mrs. P. O. Foster has been guest of her relatives Mr. and Mrs. S. S. Stevens.

Telegrams brought the news here that two of our boys Earl DeMont and Charles McNally are both ill in hospital in England.

MILLION AND A HALF OF SALMON

Messrs. Gates and Heatley are having splendid success with the salmon at the fish hatchery. They have nearly a million and a half of fry which they have begun to distribute. They also have about 170,000 trout which we understand are to be kept at the hatchery till they reach the fingerling size.—Outlook.

EXHIBITION RACING

There will again be seven days' racing at the Nova Scotia Exhibition at Halifax, Sept. 12 to 20. The stake programme has been issued, with the events the same as last year, with the exception of the 2.17 pace being changed to the 2.19 pace, and the usual \$400 prizes. Nominations close June 16, and records made after May 22 will not be a bar.

Artificial Coloring of Sugar Prohibited by the Government

FOR many years the Canadian Public has been eating Artificially Colored Sugars. Government reports show that some refineries have used Ultramarine Blue to make their granulated sugar look better than it actually is. Others made use of Aniline and Vegetable Dyes to give a brilliant appearance to their soft or yellow sugars.

The use of dyes or coloring matter of any kind is unnecessary in refining Cane Sugar. This is emphasized in a notification sent to all refiners by the Dominion Government prohibiting the coloring of sugar, and in cases where it is found, prosecution proceedings will be entered under the Adulteration of Foods Act.

We Wish the Public to Know that we Have Never Used Coloring Matter in Lantic Pure Cane Sugar and Never Will

Lantic Pure Cane Sugar was first put on the market about two years ago. Since that time over 200,000,000 lbs. have been consumed by the Canadian Public, and we are now turning out 750,000 lbs. of Pure Cane Sugar each day.

The reason for this enormous business is not hard to explain. It means that the discriminating consumer has learned by actual use that Lantic Pure Cane Sugar is superior to all others.

Having erected the most modern sugar refinery in the world, costing over \$4,000,000, we steadfastly adhered to our original policy of making only absolutely Pure Cane Sugars of highest quality, in which

NO BEETS ARE USED
NO ULTRAMARINE BLUE IS USED
NO ANILINE DYES ARE USED
NO VEGETABLE DYES ARE USED

Look for the Red Ball Trade-mark

To be absolutely certain of getting Lantic Pure Cane Sugar, see that the Red Ball Trade-mark is on every bag or carton. It is our guaranty to you of Canada's Purest Sugar.

Your grocer has Lantic Sugar in stock or will get it for you if you insist.

Montreal, Que. Atlantic Sugar Refineries, Limited St. John, N.B.

KENTVILLE PLANING MILL.

ANSCO CAMERAS & SPEEDEX FILM

WATCH-LIKE in its accuracy and unusually attractive in appearance, the Anso Vest-Pocket Camera makes a distinctive gift.

It is so small and light you can carry it with you always, as you do your watch. It gets into action quickly and takes pictures that make fine enlargements.

Come in and let us tell you about the exclusive features of Anso Cameras which make picture taking so easy and so certain. Prices range from \$2 to \$55.

Clark's Drug Store

MONTREAL'S 275th BIRTHDAY

St. James' Catholic Cathedral, Montreal.

Dominion Square, Montreal, with the great C. P. R. Station in background.

MONTREAL is proud to celebrate its 275th birthday this year. On May 18th, 1642, Paul de Chomedey, Sieur de Maisonneuve, brought his little flat-bottomed pinnace to anchor close to the site selected by Samuel de Champlain thirty-one years previously, and the new settlement was formally dedicated by Pere Vimont.

To-day Montreal is a city of wide streets and stately buildings, with a population of nearly three-quarters of a million; headquarters of most of the great banking companies and of that world-wide enterprise, the Canadian Pacific Railway. But all this springs from the landing of Maisonneuve and his associates in May, 1642.

The island of Montreal was visited by Jacques Cartier in 1493, and nearly a hundred years passed before another white man came. On the 28th of May, 1611, Samuel de Champlain landed with another Frenchman and an Indian. He seems to have explored the shore line as far as the Rapids, but finally decided that the best place for a settlement was a little strip of meadowland, to which he gave the name of Place Royale. Incidentally, it was de Champlain who first advocated the cutting of what is now the Panama Canal, in 1600.

Thirty years later, plans were perfected for the founding of the settlement, which was called in advance, Ville-Marie de Montreal for Mount Royal. De Maisonneuve was appointed leader of the little party consisting of about a score of people. They set sail from France in a small pinnace, landing at Quebec on the 8th of May. Here they were warned by Montagny of the danger of annihilation by the Iroquois.

"It is my duty and my honor to found a colony at Mount Royal," said Maisonneuve, "and I would go if

every tree were an Iroquois." The long buffeting across the Atlantic in his cockleshell of a boat had not daunted his courage or that of his companions, nor did the almost equally perilous passage up the uncharted St. Lawrence, which occupied them ten days. He and his associates had their duty to do and they went on and did it.

It was a beautiful afternoon when they first sighted the island, with the forest-clad mountain rising steeply against the sky. The pinnace fetched up by the side of a rivulet running into the St. Lawrence. There was a stretch of meadowland along the shore, with patches of flowers growing amid the grass and brightly colored birds darting to and fro. Beyond the meadowland lay the forest with who knew what secrets hidden in its mysterious depths. De Champlain had told them of the palisaded town of Hochelaga which stood opposite the present McGill University.

De Maisonneuve was the first to spring ashore, followed by Governor Montagny from Quebec, Pere Vimont, Sidle, Jean Mance, Madame de la Peltrie and her servant, Charlotte

Barré, and about a dozen farmers, artisans and laborers. A guard was hurriedly set to watch the forest paths. Tents were landed and set up, and the baggage and stores were brought ashore. And then having provided for their immediate safety and comfort, an altar was raised and Divine Service was held.

The sun was sinking as Pere Vimont pronounced the last words of his solemn exhortation and the fires were twinkling in thousands about the meadow. The colonists caught them and hung them in phials about the altar, where they gazed for a little time and then faded one by one into the darkness. Whereupon the little company, having lighted watchfires and strengthened their guard, lay quietly down to sleep on the grassy slopes of what is now Place Royale. From the heroism of those early Canadians to the heroism of those who have immortalized the names of Ypres, Courcolette, Giverny and Vimy Ridge, is a long way as time goes, but it shows that the spirit of Maisonneuve and those who helped him to found the city of Montreal still survives.

ALL IRISH TO HAVE VOICE IN PLANNING NATION'S FUTURE.

LONDON, May 21—For the first time in modern history the destinies of Ireland are to be placed in the hands of Irishmen alone. The British Prime Minister, Mr. Lloyd George, announced to the House of Commons today that the Government will call a convention of Irishmen to frame a constitution for Ireland, and, if Irishmen are able to agree upon any scheme for the administration of their country, will attempt to enact it into legislation without delay. All sections, parties, creeds and factions, with clergymen and laymen, as well as politicians, and even revolutionists of the Sinn Fein Society, will be invited together. If this final attempt succeeds a political miracle will have been accomplished.

There is no great optimism respecting the success of the plan apparent, for Ulster stands where she has always stood. Sir John Lonsdale, Whip of the Irish Unionists, predicted the same deadlock, declaring that Ulster would not be driven into a Home Rule Parliament, and predicting that the Nationalists will not consent to the exclusion of six Ulster Counties.

But if the attempt fails, the failure will deprive the ancient charge that John Bull's greater island is "the oppressor" of much of its force, and it is pointed out that Ireland can hardly be haled before the European peace conference as another Poland, while America and the Colonies can no longer reproach Great Britain with having neglected to set her own house in order.

Both Houses of Parliament discussed Ireland today, with hardly a ripple of

the old animosities, and feuds disturbing their harmony.

"The patient must administer to himself," said Mr. Lloyd George, and a noteworthy feature of the discussion was an agreement that politicians must play a secondary part to the men from other walks of life. The Premier specified the Nationalist factions, of which John Redmond and William O'Brien are the leaders; the Ulster Unionists, the Southern Unionists and the Sinn Feiners, as the political bodies which should be represented in the convention, but said that the Government considered it most important that representatives of local governing bodies, the churches, trade unions and commercial and educational interests should participate.

FOR SALE

A small Farm situated in Steam Mill Village, Containing Thirty Acres Good House and Barn. Twelve acres cultivated, 3 acres in orchard. Remainder in wood and timber. Apply to Advertiser Office, Kentville.

Miss Muriel Taylor, daughter of Mrs. Ernest Taylor of Kent Lodge has been in the Victoria General Hospital, Halifax, for three months having undergone an operation on account of an accident and injury of one of her limbs. On Saturday Mrs. Taylor went to Kentville and met her daughter there on arrival of train and had her conveyed in an auto-ambulance to New Minas where she will be carefully nursed until she regains the use of her limb.

WOLFVILLE

The estate of the late W. S. Wallace is being settled in the Probate Court. Mr. Wallace left no will and half the estate goes to his sister Mrs. Halsey and another sister in the United States. The estate is valued at about \$15,000.00.

Mr. and Mrs. J. E. Furness of Halifax have been guests with Mrs. Taylor at Kent Lodge.

Mrs. W. M. Smallman and her daughter, Miss Evelyn returned last Tuesday from spending the winter in Florida.

Waldo B. Davidson and George Nowlan, of Wolfville, and Vernon McNeil, of Acadia Collegiate Academy, left on Wednesday morning for Halifax, where they expect to join No. 10 Siege Battery for overseas service. Pte Walter Johnson, of the same corps, who has been spending some days in town, accompanied them.—Acadian.

Mrs. T. E. Benjamin has had with her of late, her daughter, Mrs. Snel of Framingham, Mass.

On and after June 1st the stores in Wolfville will close on Wednesday at noon, giving merchants, clerks, etc., an opportunity to farm.

SAVING IN GOVERNMENT EXPENSES

A committee of five conservatives and four liberals will report in parliament soon on steps to be taken to curtail expenses of parliament. It is to be hoped that their report will include a reduction in the amount of sessional indemnity by at least \$500 for both members of Commons and Senate. This would

save nearly \$150,000.

Our local Legislature might be asked to also save. If the sessional indemnity is too small to reduce, then why not ask the Legislative Councilors to fulfill their pledges to the Premier and go out of business. The Province no longer suffers for their legislation but is now suffering by their holding up legislation such as the Temperance Bill, which should be strictly enforced during war time.

Another saving would be to demand that Premier Murray appoint no new executive to fill the two portfolios recently created. It would be a disgrace to increase expenses in this way when so many services are being starved for need of funds.

Mr. J. Hamilton Morris has sold a fine farm horse to Mr. Hawkins of Kentville.

HEALTHY CHILDREN

It is natural for little ones to be well, and with care every baby can be kept well. The main thing towards keeping little ones well is to keep their little stomach sweet and their bowels regular. Baby's Own Tablets will do this. Thousands of mothers keep the Tablets in the house as they find them an efficient guard against illness. Concerning them Mrs. Hilare Desmarais, St. Joseph de Sorel, Que., writes: "I believe Baby's Own Tablets are the best medicine in the world for children. My baby was terribly constipated but the Tablets promptly cured him and now he is a big healthy child." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

A STRIKING CONTRAST

Far away from home and friends, through sunshine and rain, mud and water, and untold discomforts of every description, Canadian soldiers are fighting, suffering, bleeding, dying for the safety of Canadian women, who, at the same time are entertaining, playing bridge, feasting and dancing. A terrible contrast truly! Women of Canada! Women of Nova Scotia! Women of Kentville! Use the time given to those things that are worse than useless, in doing your part towards making our boys comfortable while they are protecting you from a fate unutterably horrible; which would undoubtedly be yours; were it not for the noble and manly sacrifice they have made, oh! so willingly for you. In the same generous spirit, do your best to repay them, work for them, and be assured there is nothing else "worth while."

"ONE OF THE WOMEN."

Capt. D. W. Manoney of Parrsboro, who arrived home a few days ago from Liverpool, has been twice torpedoed and once boarded by hostile warships. He says that a Nova Scotia friend of his, Capt. George Purdy had been interned in Hamburg since the beginning of the war. He was at that port with his ship when war was declared and remaining there too long, was at length interned. Capt. Purdy states in his letters that barring the food difficulty he is quite decently treated. Canadian and British seamen have many staunch friends in Hamburg among those engaged in the shipping business.

The Most Luxurious Auto
Ever built was for the personal use of the Kaiser and was built in Germany. Just before the war broke out it was sent to England to be fitted with an English body. The car has been in the hands of the body-builders ever since it was finished, and recently was ordered sold by the courts to satisfy their charges. A Danish ship owner bought the car for thirty-five thousand dollars.

A Second Letter from a Lakeville Soldier in Hospital.

Letter from Barry Clarke to his mother Mrs. Marchant Clarke, Lakeville.

My Dear Mother:—

Will write a few lines to let you know I am getting along well, have not been out of bed yet, but hope to get up in a few days, the ankle is not so sore and does not pain me much now. Have not had a letter now for four weeks, so of course I am thinking of home, but hope you are all well. I have not heard from Keith.

Had a visit last Thursday from the lady representing the Canadian Red Cross, she took my name and sent me a bag of comforts, just got it this morning consists of shaving set, hair brush, tooth brush and powder, soap and some paper and envelopes, some of the latter are stamped so are very handy just at present.

Think I told you in my last letter about the lady visitor I had. She came again on Sunday and brought her daughter, although the latter is married, but they talked to me about an hour and left me a cake, a jar of home made currant jam, some eggs and apples and oranges, then again yesterday she sent me some oranges and apples, some were Ben Davis but they tasted good. So mother you see I am faring well so far, she has also invited me to her house when I am able to get about. They say I will be transferred to a Convalescent Hospital when I am able to move around, then perhaps to Canada. I am certainly living in hopes of the war being over before I have to go back.

Now mother I could write a lot about it, but it would not do any good, so will wait until I get back to tell you. It is enough to say that I am not so anxious to go over again as I was the first time.

There is nothing more to write this time, am so anxious to hear from you again, I wrote to the battalion for my mail to be sent over, so perhaps I will get some of it, I have plenty of books and papers to read, but that is not like a letter from home.

Will close for this time, hoping to hear from you soon.

Love to all from,
Barry.

Mr. Ernest Barrs, invalided home from Europe to Wolfville, was visiting at Hantsport last week.
